

Dr. Miller Speaks

Relationship Between Government and Education. Dr. Miller said, "We are living in an age in which government and education are extraordinarily important. This is something which may have been always true, but as civilization becomes more and more complicated, government becomes more important; education becomes more important; and the relationship between them becomes more important."

ful that no other nation will dare to disturb the peace of the world. I believe some form of universal military training is necessary for the thing for which Communists hope more than anything else in the world is that the United States will become weak and impotent."

Peace is not a simple thing, he continued, but requires the active cooperation of all of us. Peace is not passive, he declared, but is constructive. A "pacifist," coming from the Latin "pax-facio," he pointed out, means a "peace-maker." This nation spent two billion dollars to develop the atomic bomb, but provides an equal amount for the United Nations or for education.

His second assumption in favor of human progress was: We can learn from experience. The United Nations may not be the best form of world organization obtainable, he admitted, which should be stronger than the League of Nations, for what was learned from the League should help with the United Nations.

Many people are making the same mistake today, he said, in not reading the two books by Joseph Stalin in which he tells of his plans for the Communist domination of the world. But now as a whole are beginning to learn that you cannot disregard the past in dealing with the future, and there is reason to believe that the mistakes which led to the second World War will not again be repeated.

The rights of the common man must be respected if we are to have peace and order throughout the world. Democracy's greatest single weapon in winning the peace, he declared, is to see to it that common people everywhere have enough to eat and wear. If this is not done, he said, the United States may find itself fighting alone in the next war against the common people of the world in the battle of the Century.

(1) Democracy is the best form of social organization. We have come to realize this by the very costly process of war. Dr. Miller pointed out, if we have learned this lesson as a result of war, then we should practice it in our daily lives and in our city, county and state governments, giving democracy real meaning to all our people.

(2) Education is a powerful force in the world today. Not so many years ago we did not look upon education as a weapon of war, he said, but today we realize that education is one of the most powerful weapons which can be used in the war against Communism. Propaganda, deceit, treachery, lies and fraud are the weapons which Communism most commonly used in its attack on western civilization, Dr. Miller emphasized. Education seeks the light, and strives for the truth. We in this country believe that the truth will prevail, he said; whereas those who are against us think that somehow their fraudulent practices, tricks and deception will come out on top.

The great battles of the world are no longer fought alone with the sword and bullet, he continued, but in terms of human experience, social forms, and education. Calling attention to the work which was done in the laboratories of the University of Florida on the proximity fuse, Dr. Miller declared that the last war was won in the scientific laboratories of the nation, and that there is no question but that the next war will be fought there.

He expressed belief that the tribute immensurably to the welfare and security of the nation, but he added that the educator is helpless without the support of the office holder, and "so I say that government and education must go hand in hand."

Mr. Galloway introduced Mrs. J. Hillis Miller who accompanied her husband to Sanford, and a committee of welcome composed of Mrs. J. C. Hutchison, Mrs. E. D. Brownlee, Mrs. Randall Chase and Mrs. R. L. Dean.

Candidates introduced by Mr. Galloway included Representatives M. B. Smith and J. Bralley Odham, J. R. Lyles, O. P. Herndon, E. C. Smith, S. F. Doudney, Karly's Housholder, John Leonard, James G. Sharon, Douglas Stenstrom, R. W. Ware, J. Ross Adams, E. E. Brady, Lewis Tate, E. E. Walker, Alex Johnson, T. W. Lawton, Mrs. Lourine Beal, W. H. Duncan, H. B. Pope and Boston Steele.

Colin English Talks To Orlando Jaycees

ORLANDO, Apr. 12 (Special)—Cooperation and co-ordination as the best means of putting the citrus industry back on its feet will be fostered if he wins Democratic nomination for Governor, State Supt. of Education Colin English yesterday told Junior Chamber of Commerce here.

Following the broadcast, at an informal meeting with citizen workers in the San Juan Hotel, English stressed economy of State operation. He said the transition from war to peace has entailed the removal from Florida the majority of armed forces and the end of military construction which was responsible for wartime prosperity.

Palestine Issue

Warren R. Austin of the United States, Andrei A. Gromyko of Russia, Alexander Parodi of France, Sir Alexander Cadogan of Britain and T. T. S. Chang of China were invited, along with Andre W. Cordier, Lie's executive assistant.

The meeting was scheduled to work out preliminary details of the emergency session of the General Assembly which opens Friday on the Palestine problem. Discussion of progress toward a UN-directed truce in the Holy Land, the new American plan for an interim UN trusteeship and consideration of candidates for such posts as president of the assembly probably will take place.

Meanwhile, Columbia's Alfonso Lopez planned conferences in his New York office in efforts to work out a truce plan acceptable to all 11 Security Council delegates.

The Security Council adjourned last night without reaching any decision on the Chilean demand for a UN investigation of Russia's role in the Communist coup in Czechoslovakia. The United States suggested the council appoint a five-nation committee to collect evidence and hear testimony but Gromyko indicated he would veto any move toward an inquiry.

Red Air Force

Chairman Gurney (R-BI) said the Senate Committee has reached no decision on the lower age limit. The administration has asked for registration of 18 years olds up for the draft and 17 year olds for UMT.

Gurney told reporters the committee has virtually abandoned hope of having any military bills ready for Senate action this week.

He said the delay is due to lack of a report from Defense Secretary Forrestal and the joint chiefs of staff regarding congressional demands for more fighting air power.

### Truman Asks 4 Billions To Operate ERP

#### General Bradley Says Ground Force Minimum Is 12 Divisions, 6 Reserve

WASHINGTON, Apr. 14 (AP)—Foreign aid funds and military preparedness made headlines on Capitol Hill today.

President Truman formally asked Congress to appropriate \$4,245,000,000 to operate the European Recovery Program during the next fiscal year which begins July 1.

His request went to House Speaker Martin (R-Mass) in a letter, along with the Budget Bureau's formal estimate of the funds needed.

Congress, in passing the ERP authorization bill, made \$1,000,000,000 available as a loan from the RFC to finance initial costs of the program.

Meanwhile General Omar N. Bradley, chief of staff, said the nation's minimum Army Ground Force requirement is 12 regular combat divisions, backed up by six more from the National Guard and the Organized Reserves.

In testimony before the House Armed Services Committee, Bradley said there is no relation between the 70-group Army Ground Force and the Organized Reserves. He said the army must be able to carry the Army position of a war for 18 months until mobilization can be effected.

Many other problems completed.

### 4 Year Old Girl Is Victim Of Rabies

ANN ARBOR, Mich., Apr. 14 (AP)—Death came at noon today to four-year-old Carol Munner, who was bitten Mar. 25 by a rabid dog while she played in her backyard. University hospital physicians were powerless to aid her because the "overwhelming infection" of seven bites about the face was too severe for the Pasteur treatment. The girl had been given the treatment only two hours after she was mauled by the animal.

### Longwood Voters Hear Candidates In Campaign Meet

#### Speeches Of Office Seekers Are Enlivened By Rebuttal

About 300 residents of Longwood and vicinity packed their automobiles in front of the Longwood Hotel last evening and heard appeals of candidates for election in the May 4 primary.

Jim Lee, county Democratic committee chairman, introduced the speakers. J. E. McAlexander had his sound truck parked about 25 feet from the hotel, and the only time the speakers paused was when the roar of the ACL trains nearly drowned them out.

First on the program were the candidates for constable in District No. 6. W. A. (Bill) Lewis, who told of his experience in this line of work, and Roy Reiser, present constable, who also outlined his experience in law enforcement.

The race of the four candidates for County Commissioner in District No. 3, showed some backfires and rebuttal and some gain. Bradley said there is no relation between the 70-group Army Ground Force and the Organized Reserves. He said the army must be able to carry the Army position of a war for 18 months until mobilization can be effected.

### Stassen Wins Top Rank Seat In GOP Race

#### Former Governor Has Sweeping Victory In Nebraska's Popularity Primary

OMAHA, Apr. 14 (AP)—Returns from 1,389 of 2,024 precincts for Republican presidential preference: Stassen 52,291, Dewey 38,566, Taft 14,181, Vandenberg 5,215, MacArthur 1,372, Warren 1,162, Martin 335.

This included 118 of 201 precincts in Douglas county (Omaha), which gave Dewey 8,678, Stassen 6,643, Taft 1,743, Vandenberg 892, MacArthur 763, Warren 206 and Martin 120.

OMAHA, Apr. 14 (AP)—Inless Harold E. Stassen lifted himself into the top rank of Republican presidential candidates today with a sweeping victory in Nebraska's GOP primary.

His clear-cut win clubbed Gov. Thomas E. Dewey of New York into a political submission for the second week in a row. Dewey was shut out in Apr. 6 Wisconsin primary when Stassen won 19 of the state's 27 nominating votes.

The former Minnesota governor's victory dashed the prestige of Senator Robert A. Taft. It built new fires under the good-but-can't-win theory that has dogged the Taft campaign.

It all but snuffed out the dying hopes of General Douglas MacArthur's supporters.

But it left intact the darkness possibilities of Senator Arthur Vandenberg, secure in fourth place in a race he apurned.

The count in yesterday's free-for-all primary from 1,192 of the state's 2,024 precincts was: Stassen 51,997, Dewey 29,640, Taft 10,474, Vandenberg 3,749, MacArthur 3,205, Governor Earl Warren of California 846, and House Speaker Joseph Martin of Ohio 371.

Along with his victory in the free-for-all popularity contest, Stassen wrapped up a 41st birthday present the almost certain support of the state's 18 counties.

### Flood Waters Inundating Lands In Florida, Ohio, North Dakota

CINCINNATI, Apr. 14 (AP)—A five-state Ohio River Valley area today was the focal point of widespread spring floods which also spilled into some Florida and North Dakota lowlands. Experienced its first major flood since March, 1945, the serpentine Ohio was 10 feet above flood stage in some areas and rising steadily throughout the 500-mile stretch. Tributaries swept over their banks throughout the watershed.

Florida's state capital, Tallahassee, was isolated from peninsula Florida except by air or land about routes through southern Georgia, Branford, Fla., was hardest hit when the meandering Suwannee River left its banks. There were no reports of flood deaths or injuries.

An estimated 1,000 families were evacuated in the Ohio River area—Kentucky, Pennsylvania, West Virginia, Indiana and Ohio. Nearly 100 families were forced from their homes in Grand Fork, N. D., and nearby East Grand Fork, Minn., when the Red River crested at 40.70 feet, 12.70 feet above flood level. National Guardsmen dynamited levees there to save bridges. Grand Fork's power plant was out of order.

Red Cross disaster workers said thousands in the Ohio Valley would be homeless unless streams crest swiftly. River experts refused to predict a crest until near-continuous rains, now in

### Armed Forces Said Needed In Palestine

#### Nation Group Says Troops Will Be Necessary Regardless Of Partition's Fate

NEW YORK, Apr. 14 (AP)—United Nations Security Council delegates were reported in virtual agreement today on a Palestine truce plan.

The 11 council delegates, meeting informally in the American delegation, said they were said to have completed a draft truce resolution with the exception of one paragraph.

The proposal would provide a cease-fire, a political and military standstill and a U. S. commission to supervise the truce.

By LARRY HUCK  
NEW YORK, Apr. 14 (AP)—Assignment of military forces to Palestine will be the first major topic facing the special United Nations assembly which opens today.

The International Palestine Commission, said last night in a report to the assembly that truce would be necessary after May 15, regardless of the retention or scrapping of the partition project.

The British must first give up their Holy Land rule on that date, leaving the problem of security in the hands of the U. N.

The assembly is scheduled to begin debate on the commission report immediately after electing officers.

Security Council delegates were called into informal sessions this morning in the New York office of the American delegation in efforts to agree on terms of a truce. Delegates believe if the U. N. can put through an effective cease-fire order the county problem will be minimized.

In a drive to clear its calendar before the assembly crash of business, the council arranged a formal meeting for tomorrow on Palestine and planned another one in Kashmir later in the week. U. N. officials estimate that the

### Lewis, UMW Plead Innocent To Court Contempt Charges

#### Mine Chief's Attorney Says Telegram To Mine Was In Obeyance To Order

WASHINGTON, Apr. 14 (AP)—John I. Lewis and the United Mine Workers today pleaded innocent of contempt of court in the coal strike.

Their formal plea of "not guilty" was made after District Judge T. Alan Goldhamer overruled a motion by Wally K. Hopkins, Lewis' attorney, to dismiss the contempt citation.

Hopkins urged the telegram Lewis sent to all miners Monday telling them to go back to work. He argued that showed Lewis had complied with a court order issued Apr. 11 to lift the strike.

Lewis has insisted that he never called a strike and that it was a voluntary cessation of work.

Immediately after Lewis pleaded "not guilty" the government began prosecuting evidence.

Government lawyers gave out a list of 16 witnesses, some of them obviously designed to show the seriousness of the coal strike during the last four weeks.

Two of the witnesses subpoenaed were John Deery, secretary treasurer of the UMW, and William L. Hoar, executive secretary of the National Bituminous Coal Operators Assn.

The witness list was the result of a dispute over payment of pensions from the welfare fund. The fund owes about \$100,000 to the coal miners and their families.

The other government witnesses were W. H. Young, chief of the bituminous coal section, Bituminous Coal Operators Assn.

### Colombian Minister Says No Decision Is Made On Soviet

By JOSEPH F. McEVY  
BOGOTA, Colombia, Apr. 14 (AP)—The newspaper El Liberal quoted Foreign Minister Eduardo Zuleta Angel today as saying the Colombian government up to now has taken no decision on the question of relations with the Soviet Union.

The opposition newspaper quoted the foreign minister as saying that as the result of an announcement by the government that relations with Russia had been broken, the radio's conservative director had been ousted. It said Alfonso Arevalo, a liberal, was appointed director of the national radio. Zuleta is a member of the Conservative Party.

The government radio made the announcement of a break with Russia Monday. It followed an announcement that two Russian agents had been arrested in connection with Friday's uprising in Bogota, scene of the 21-nation Pan-American Conference, which is being resumed today.

The conference was broken up five days ago by a bloody uprising which the Colombian government and U. S. Secretary of State George C. Marshall attributed to international communism. Delegates voted unanimously yesterday to resume sessions.

### Capt. R. C. Townsend To Speak In Daytona

Capt. Robert C. Townsend, secretary and treasurer of the Townsend National Recovery Plan, and son of the founder and leader of the Townsend Plan movement, will address Fifth Congressional District Townsends and their friends at a mass meeting in the Daytona Beach Band Shell on the ocean front at 8:00 P. M. next Tuesday.

Making a tour of several of the southern states, Mr. Townsend is speaking before five Florida rallies, bringing the latest developments on the progress of the proposed legislation pending in Congress.

He will be accompanied by Wayne R. Albers of West Palm Beach, state representative of the organization, who maintains headquarters in that city.

### \$1,000,000 Damage Suffered In Blaze Of Entire Block

LARAMIE, Wyo., Apr. 14 (AP)—A fast-spreading fire roared through a downtown business block today and damage was estimated officially at more than \$1,000,000.

No deaths or injuries were reported. The damage figure came from Fire Chief Blake Fanning. The flames destroyed seven buildings and damaged 10 others. Oddly, the only structure left standing in the block was the former town fire department building.

Fanning said 35 to 40 persons living in apartments in the fire area were left homeless.

Fire departments sped to Laramie from Cheyenne, Rawlins and Fort Francis E. Warren in Wyoming, and Fort Collins, Colo., to help overwhelm Laramie firemen and volunteers battle the blaze.

Troops from Fort Warren, 50 miles east of here at Cheyenne, National Guard members and Wyoming University ROTC students were pressed into service to prevent looting.

The cause of the fire was undetermined. The Holiday building, a Laramie landmark, housed a general merchandise establishment.

### Higgins Reports City Commission Membership Drive Is Progressing

#### Deficit On Account Of River Deepening Is Said To Loom

The membership drive of the Seminole County Chamber of Commerce is progressing satisfactorily with 154 members, including 32 new ones, contributing a total of \$1,652 to date, Manager Ed Higgins reported to the board of directors last night, but there is a danger of a \$3,260 deficit this year, he pointed out, on account of funds expended by the Chamber in connection with securing the right-of-way for the 12 foot St. Johns River channel which has cost the group nearly \$6,000 already.

Fred Williams, engineer in charge of securing the right-of-way, reported that all have been obtained except ten, eight of which are tied up in one family. The channel has now been completed in the late, he added, and the dredge ready to move into the lower river and the entire channel is expected to be finished within four months.

H. B. Pope, chairman of the board of County Commissioners, reported that papers on ownership data in connection with the Geneva bridge and fill have been forwarded to Tallahassee for execution and that work will probably begin in the near future as the necessary funds have already been provided. He also reported

### City Commission Okays Plans For Negro Skate Rink

#### Saver Is Instructed To Seek Bids For Goldsboro Project

The City Commission last evening approved plans submitted by City Engineer Ralph Lubinski for a new roller skating rink in Goldsboro, and instructed City Manager H. N. Saver to call for bids on the project.

The matter of a summer recreation program was discussed, and Mr. Saver was asked to contact Roy H. Hays, chairman of the Recreation Committee, for a report on activities last year, also to make recommendations for the recreation this summer, so that it may go into effect when school closes. Serving with Mr. Hays on the committee are J. L. Ingley, George A. Spreer, J. Jack Rangan, Eugene Tucker and Sam Mattina.

R. G. Duncan, vice president of the South Atlantic Gas Company, made further request for a rate increase, which on Mar. 19 the City denied. Action was deferred until the next meeting, said Mr. Saver.

Due to the fact that the new dog ordinance now being prepared by City Attorney Fred Williams will have to be rewritten, it will not be put into effect right away, he therefore advised, Mr. Saver announced. The period for dog vaccination has been extended to May 5, and Dr. E. L. Bass will be on hand at the City Hall to administer these on Apr. 21-24 and

### Italian Press Says Reds Forfeit Election Chances

#### Defeat Is Predicted As Due To Failure To Disarm Trieste

By AP Wire from Rome  
The Italian Communist press today today forecast a decisive defeat for the Western powers proposed to return Trieste to the Italians.

The Moscow radio announced rejection of the proposed partition of Trieste. The Russian also apparently ruled out a Yugoslav suggestion that Italy and Yugoslavia share the future of the Free Territory.

The Soviet announcement came as a blow to partitionists in Trieste. Some had a scheduled demonstration of 50,000 persons to move tonight to lead the Western proposal may turn into an anti-British show. Others said the Soviet move was an advance acknowledgment of a Communist defeat in the Italian elections Sunday and Monday.

It Messaggero, Rightist Rome newspaper which has been impatient with its own reporting on the election campaign, said "there is no doubt that Christian Democracy will defeat the front the Communist-dominated Popular Front by several lengths." This apparently was written before word was received of British rejection of the Trieste proposal. Other newspapers, commenting on the news from Moscow, said Russia's act was a blow to Italy's Communists.

The year of the Italian Communist League in the Italian campaign was sharpened by Communist blasts at U. S. Ambassadors James G. Hays.

Palmera Daghate, the Communist leader, filed a complaint with the foreign ministry against "some intervention of foreign ambassadors in the election campaign." The Communists, weary of opposing American aid for Italy, proposed that even if the U. N. cannot stop the partition of Trieste, the U. N. should be asked to bring a British-Bolshevik investigation commission to Trieste.

### Kiwianians Enjoy Singing Of Mixed Quartette At Meet

Kiwianians today enjoyed the singing of a mixed quartette which sang several old time favorites and were heartily applauded at the meeting at the Tourist Center. E. H. Loney introduced the singers Mrs. W. G. Fleming, Mrs. Eddy Loney, Mrs. Shubel and Mrs. R. G. Hays.

The initial number, "Seeing Nellie Home" was sung by Mrs. Fleming, Mrs. Loney and Mrs. Shubel. Mrs. Hays then sang "Ole Black Dog" and "I'm Lonesome for You." Mrs. Loney expressed thanks to Kiwianians for attendance and bid to the Mothers Shrine. Mrs. Hays sang "The Band for Uniforms." These will cost \$60 to \$65 each, he said, and the band has 40 members. He thanked Kiwianians and U. S. Bureau for the two beautiful floral displays that were placed on the stage.

John Lewis announced that the Kiwianian High School baseball team would play Angola on their own grounds opposite the school. He stated that they had beaten the Kiwianian High School team, 1-0, and will play the team on Tuesday.

### AFL Air Line Pilots Sue National Airlines

NEW YORK, Apr. 14 (AP)—The AFL Air Line Pilots Association has served notice of suit against National Airlines, asking more than \$1,000,000 for damages allegedly suffered during the current 11-week-old pilots' strike.

The union charges that the airline violated the Railway Labor Act, broke a company-union agreement, failed to cooperate with the national mediation board and violated the 1938 Civil Aeronautics Act.

A lawyer for the pilots' association said a summons was served on the airline yesterday, adding that actual papers in the suit have not yet been filed.

The union accused the airline of fomenting the strike and then blocking its settlement, the attorney said. There was no immediate comment from the company.

### Costa Rican Revolt Is Rumored To Be Ending In Rebel Victory

By ASSOCIATED PRESS  
Costa Rica's six-week-old civil war seemed to be boiling down to a finish—and a rebel victory—today. Reports were heard in Guatemala that the rebel chief, Jose Figueres, has set up a provisional government in Cartago, the country's second largest city, 30 miles southeast of San Jose, the capital.

The U. S. State Department in Washington was advised last night that San Jose is endangered by the rebels and that a house-to-house defense of the capital is expected. San Jose's population is about 68,000.

There are no dispatches direct from Costa Rica because of censorship.

A well-informed traveler from Costa Rica, who asked that his name be withheld, reported on his arrival in Panama last night that President Teodoro Picado Michal斯基 of Costa Rica has accepted peace terms dictated by Figueres which call for Picado to resign when congress meets May 1.

Reports from other sources said all peace terms submitted by

### British-Red Probe Of Crash Is Dropped

BERLIN, Apr. 14 (AP)—A British-Russian investigation of the fatal crash of a British and a Soviet plane Apr. 5 was abandoned today when Russians on the investigating commission failed to appear.

The investigation was deemed yesterday when the Russians refused to meet German and American witnesses.

After waiting 5 minutes for the Russians, the British proceeded with their own inquiry. The collision between a British transport and a Russian fighter plane, cost 15 lives. Two Americans were among the victims.

The Russians forecast today that a separate currency reform will be instituted soon for Western Germany. They blamed the Western allies for failure to reach a four-power agreement on this issue.

### House Okays Plan To Make Reds Register

WASHINGTON, Apr. 14 (AP)—A plan to require registration with the government of the Communist Party and all its members today was approved by the House Committee on un-American Activities.

Rep. Mundt (R-S.D.) told reporters the committee agreed unanimously to amend a bill designed to curb Reds by including the party registration provision.

The committee still has to approve additional sections of the bill before sending it to the House floor for a vote.

Mundt said Republican leaders are solidly behind efforts to get early action in the House.

### Lashing Rains And High Winds Batter 2 Southern States

NEW ORLEANS, Apr. 14 (AP)—Lashing rains and high winds battered Louisiana and Mississippi yesterday, damaging buildings and crops in various parts of the two states.

Forecaster Stephen Lightblau of the U. S. Weather Bureau said the passage of a cold mass of air caused the disturbances.

There were reports of serious injuries, despite the flattening of a number of farm buildings.

In Shreveport, La., boards ripped and fell by lightning. Fort night shirt off Henry Lee Humberleer a small boy, as he was asleep in bed. The child was unharmed.

Principal damage from the storm was reported at Greenville, in southwest Mississippi, and New Orleans in southern Louisiana.

Four airplanes at Greenville airport were damaged. Farm buildings were flattened or unroofed in the area where the storm hit hardest. An unoccupied home on the Greenville outskirts was unroofed.

### President To Open Bond Drive By Radio

WASHINGTON, Apr. 14 (AP)—The government, preparing to open a new drive for bond issues, still is taking in more money from E. bonds than is paid out to redeem them.

Treasury records showed E. bond sales totaled \$1,253,282,000 for the first three months this year while redemptions totaled \$892,245,000. The \$360,137,000 net is slightly less than the \$350,145,000 net for the same period last year.

However, the government cleared only \$155,298,000 on E. bond sales in all of 1947 since redemptions outstripped sales in later months.

President Truman will make a five-minute broadcast tonight (10:30 EST) over the four major networks to launch the security loan drive.

APPOINTMENTS OK'D  
WASHINGTON, Apr. 14 (AP)—The Senate today confirmed Herschel V. Johnson as ambassador to Brazil.

Johnson recently has been serving as the deputy United States representative to the United Nations.

The Senate also confirmed General Hoyt S. Vandenberg as chief of staff of the Air Force for a four-year term.

Action was by voice vote.

### Coal Strike Will Cost 1,400,000,000 Tons Of Steel, Says Trade Publication

NEW YORK, Apr. 14 (AP)—The coal strike will cost about 1,400,000 tons of steel, the Iron Age, a trade publication said today. The magazine based this estimate on the assumption the steel industry will get back to a pre-strike production rate in the next three weeks or so.

"Taking the most optimistic viewpoint possible," the publication stated, "there is no chance that the steel shortage will be eliminated this year.

"In a month or two it will be worse than it has been for two years. In the next 80 to 90 days the full effects of the coal strike will show up in finished steel shipments."

Adding up the effects of the coal miners' pension plan, an anticipated demand for higher wages from the miners, and the

## Senior Class Year Book Of Oviado High School Makes Its Appearance

By WILLARD CONNOLLY

The Oviadian, year book of the senior class of Oviado High School has made its appearance, attractively bound in blue, and is dedicated to Walter A. Teague, principal.

The dedication under Mr. Teague's picture reads: "In appreciation for your encouragement, your interest thru the years, and your Christian ideals and influence, we, the Senior Class of 1947-48, dedicate this, our annual to you teacher and principal, Mr. Walter A. Teague."

He received his A. B. at Newberry and Stetson, and teaches mathematics. Mrs. Teague received like degrees at the same institutions and teaches fourth grade.

Appreciation is also given to Supt. T. W. Lawton, and the following faculty members including grade school teachers: Paul Mikkler, A. B. University of Florida, social studies and coach; Mrs. Teague; Miss Thelma Lee, B. S., Florida Southern, M. S. Emory, science and commercial English; Mrs. Geraldine Gayan, A. B., High Point, sixth grade; Mrs. L. Jean Carlson, B. A. Allegheny, first grade; Mrs. Ruby Bauer, L. E., Florida State College for Women, fifth grade; Mrs. Annie Thompson, B. A. E., University of Florida, English and mathematics.

Also mentioned are: Mrs. Elaine Bauman, B. B., Winthrop, commercial and speech; Mrs. Frances Caldwell, B. S., Elmira, second and third grades and Glee Club and Mrs. Marion Stanke, Orlando Junior College, seventh and eighth grades and English. Local trustees named were: C. R. Cloutz, chairman, George Jakubcin and J. L. Malcolm.

"We appreciate the work of these local trustees who are retiring because of a change in the school law," it is stated. Charlene Weitman was editor-in-chief of the Annual Staff; Bennie Ward, business manager; Gene Gore, advertising manager; Marie Smith, artist and proof reader; Barbara Wheaton, typist; Johnnie Florian, joke editor; Carolyn Hardy, poet; Jeanne Chanoc, prophet; Milan Jakubcin, historian; Johnny Duda, literary editor; Earl Glenn, sports editor.

## Mrs. T. V. Moore Is Running For Office

Mrs. T. V. Moore of Miami has announced her candidacy for the office of National C. O. committee woman subject to the Democratic primary on May 4. She has been a resident of Miami for over 40 years and was one of the original organizers of the YWCA and the Parent Teachers Association.

She has served on the boards of the Community Chest and Red Cross and has been active in many other civic organizations. She is also a former head of the Miami public welfare department and has served on the State Democratic Executive Committee.

East Liverpool, about 40 miles downstream from Pittsburgh, reported a reading several feet above its 33-foot flood stage. Bus and auto traffic was halted over the East Liverpool-to-Steuenville highway.

Cincinnati prepared for a 60-foot stage, right above flood stage. The Red Cross estimated 6,170 persons would be affected in the immediate area if the Ohio reaches 60 feet. At Newport, Ky., across the river from here, pumps were installed to move sewage out of the city.

Flood conditions brought postponement of a strike against 76 Cincinnati produce houses serving an eight-state area within 300 miles of here. Drivers and helpers had scheduled a strike for 12:01 A. M. tomorrow, to support demands for 23-cents-an-hour increase. Samuel Batchler, business representative for the commission house drivers and helpers union (AFL), said members would "keep on working as long as the emergency lasts."

The Newport Rolling Mill and the Andrews Steel Co., Wilder, Ky., banked fires and suspended operations Monday. The International Detroit Co. at Cincinnati kept 2,500 employes on moving and salvage work.

## Costa Rica

but now appear to be taking things in their own hands, these informants said. This was largely borne out in dispatches to the U. S. State Department, which heard that communists in the Vanguard Party which has been supporting the government, are following an increasingly independent line.

In Mexico City, there was a report that the communists have a master plan to take over 21 key points in Costa Rica. These plans, reportedly, were stolen from Communist headquarters, and said that 600 men could control the capital. The key points in the reported plan include airports, gasoline storage tanks, railroads, water tanks, communications and other strategic places.

General Rene Picado Michalski, Costa Rican security (war) minister, said in San Antonio, Texas, he plans to go to Mexico City Thursday morning en route to Costa Rica. "as long as there is a loyal soldier with us we shall not give up."

Members of the diplomatic corps in San Jose, including U. S. Ambassador Nathaniel P. Davis are reported to be acting as intermediaries in the truce negotiations between Figueres and the Picado government.

## Stassen Poll

delegates on the first nominating ballot at Philadelphia. The delegates are not bound by the popular vote, but most of the candidates said before the election that they would abide by the voters' wishes.

These convention delegates were elected in a primary that saw the Democrats choose a 12-vote delegation and give President Truman a pat on the back.

Mr. Truman, running unopposed, polled 24,099 votes in 1,114 precincts in the Democratic popularity contest. Senator O'Mahoney (D-Wyo.), running so close to Mr. Truman for vice presidential endorsement, fell behind with 18,266 votes in 1,043 precincts.

Republicans renominated Senator Kenneth Wherry, acting GOP Senate leader, and Governor Val Peterson. Democrats gave a long lead to former Rep. Terry Carpenter for their senatorial nomination. Frank Borrell was unopposed for the Democratic gubernatorial nomination.

But it was Stassen, the untiring young fellow from Minnesota, who rode off with the political glory in a state where he himself had thought the outcome so doubtful he made only cautious pre-vote predictions of victory.

**SOUTHEASTERN WASHED OUT MONTGOMERY, Ala., Apr. 14.**—(AP)—Rain washed out the pre-inaugural state of the Southeastern League last night, and with exception of the Pensacola-Meridian game, on the latter's field, the teams switch sites for tonight.

## Lewis Trial

(Continued from Page One) reau of Mines; V. Lewis Basile, of the Commerce Department; Nelson Lee Smith, chairman of the Federal Power Commission; Arthur H. Gas, director of the Railway Transport Department of the Office of Defense Transportation.

Lewis' back-to-work order of Monday followed an agreement granting \$100 monthly pensions to miners over age 62. The miners were out for a week after the court order for Lewis to end the strike was served.

About half the 400,000 miners have gone back to work. Many were waiting to see how Lewis comes out in his second encounter with Goldborough.

It was Goldborough who fined Lewis \$10,000 personally and the union \$3,500,000 on Dec. 4, 1946, because they ignored a court order to end a strike. The Supreme Court later cut the union's fine to \$700,000.

A federal judge can impose almost any penalty, in fines or imprisonment, for contempt. There is no legal limit.

The government opened its case by introducing in evidence the various official documents in the coal strike.

First was President Truman's executive order setting up a board of inquiry under the national emergency provisions of the Taft-Hartley Law.

Assistant Attorney General H. Graham Morrison offered the inquiry board's report, which found that a letter from Lewis to the miners Mar. 12 had been the spark of the coal stoppage. Mar. 15, Hopkins objected to this document. He said the Taft-Hartley Act prohibits such reports from containing any recommendations.

Morrison countered that the report did not make any recommendations. Goldborough accepted the inquiry board's report. He commented that it would be considered only as indicating the President had taken the steps preliminary to seeking an injunction as set forth in the Taft-Hartley Act.

The government also offered Mr. Truman's letter of Apr. 5 directing the Justice Department to apply for a court order ending the strike.

The first witness was W. H. Young, chief of the bituminous coal section of the Bureau of Mines.

## Coal Strike Effect

(Continued from Page One) sent steel supply looks bad for the regular domestic steel user, and added:

"This has gray market brokers in a gleeful tizzy. A month ago they were looking round for business. Sales were off, prices had sagged and suckers were hard to find.

The coal strike, ERP and the defense talk have combined to breathe new life into what was rapidly becoming a corpse. The construction has been so rapid in the past week that sales are picking up and prices are once again at \$300 or more a ton for hard-to-get-rolled steel."

The magazine said operations this week will be at about 70 per cent of capacity—1.5 points below the rate in the week before the coal strike dropped output.

**DEPORT HEARING** MIAMI, Apr. 14, (AP)—Immigration authorities today continued a deportation hearing for Avak Hagopian, 20, Armenian faith healer, and his two servants.

The hearing began yesterday and officials said final action on the case will come from Washington after all records are sent to the office of U. S. Attorney General Tom C. Clark.

Hagopian and his two servants are at liberty under \$500 bond each. Officials said they overstayed their visas and are subject to deportation.

**ISSUE DEFEATED** TAMPA, Apr. 14, (AP)—Hillsborough county freeholders turned down an \$11,000,000 bond issue at the polls yesterday because enough persons didn't vote.

The bond election, which would have paved the way for repaving and adding to schools, required 19,673 freeholders to cast a ballot. Only 6,839 voted.

Of those who did vote, 5,726 favored the bonds with 877 opposing and 236 ballots were voided.

School officials said they probably would call for another issue.

**CARILLION PROGRAM** LAKE WALES, Apr. 14, (AP)—Carillonneur Anton Brees will play the following program on the bells of Mountain Lake sanatorium singing tower (Thursday) noon:

meries; "The Sunshine Of Your Smile." Bay; "La Borra-chita." South American Song; "The end Of A Perfect Day." Jacobs-Bond; "Andantino." Diabelli; "O, Worship The King." Haydn; "I Heard The Voice Of Jesus Say." Dykes; "No Night There." Danby; "Paganini." Pibel; The Star Spangled Banner.

## Air Service Slated Over Flood Section

The Civil Aeronautics Board has given Florida Airways authority, during the period of Flood Emergency in the Tallahassee area, to operate regular schedule service directly between Tallahassee and Jacksonville. It was announced here today.

Effective Apr. 15, Florida Airways will inaugurate this service with two round trips daily. These flights will be non-stop Jacksonville-Tallahassee, and will serve these two cities with airmail, air express and passenger service.

This official announcement was made today by Joseph L. Dyer, president of Florida Airways.

## Higgins Reports

(Continued from Page One) that Highway 46 from the Geneva bridge to the Miam bridge is being resurfaced, the Geneva-Oviado road is being reconstructed and the Goldenrod surfacing job will be completed in about 60 days.

A motion was adopted by the board at the request of Leonard Caselberry to seek necessary legislation for the construction of a road from the Seminole Driving Park near Longwood directly east to Oviado.

Arthur Beckwith, who has been handling the publicity on the Giants farm club for the Chamber of Commerce, reported that he has sent out daily stories averaging better than 200 words in 10 different states by wire and by mail since the training of a season started and will continue to do so until May 1, or the season ends. He said that the Minneapolis papers had their own sports writers here and they were telegraphing about 5,000 words daily to their home papers. He emphasized the value which this publicity means to Sanford.

Mr. Beckwith was highly commended by Manager Higgins for his work in publicizing Sanford. A motion was also adopted asking the County Commission to investigate a law passed by the last session of the Legislature authorizing the zoning of certain areas along state highways and contiguous thereto with a view to restricting such areas to certain types of construction.

George Touhy reported that as a result of the Babe Ruth benefit game a check for \$1,000 was turned over to the Fernald-Laughton Hospital Association. He

said 573 tickets were sold by the school children toward a total attendance of 1090. Total receipts including concessions, amounted to \$1,153 on which the tax amounted to \$180.20.

E. G. Kilpatrick, president of the Chamber of Commerce, presided over last night's meeting. J. L. Ingley read the treasurer's report, and Manager Higgins read the minutes of the last meeting which were approved by the directors. Joel Field, representing the American Legion, reported on plans for the state convention which will be held this Spring in Panama City and the progress being made toward securing a memorial headquarters building for Sanford.

Among those present were, B. L. Perkins, John Ivey, W. A. Morrison, Lind Weber, W. A. Patrick, J. A. Bistline, Arthur Beckwith, H. G. McIntosh, Jack Hill, J. L. Ingley, Jack Hatfield, Andrew Stine, George Stinson, Fred Williams, George Touhy, Joel Field, John Brautney, Clarence Redding, Leonard Caselberry, H. B. Pope and Roland Dean.

## ERP Costs

Meanwhile, the Senate prepared for debate on a housing measure and the House was set to vote on President Truman's veto of a bill which would cut some news vendors out of the Social Security Program.

The Senate was just about ready to start debating the Taft-Ellender-Wagner bill to encourage

Karlyle Housholder, a local candidate for County Judge for the County of Seminole in a speech over station WTRR, April 9th, made the following statements concerning the registration and voting laws, and the conduct of a judge in the execution of his duties.

### HOWDY FOLKS!

This is Karlyle Housholder, your candidate for County Judge on May 4th. Tonight we will discuss briefly the questions of registration and voting. Before we get started I want to say that I have an announcement to make at the end of the talk which I think will be of interest to you.

Before you can register to vote in Florida you must be 21 years old, a Citizen of the United States, a resident of Florida for 1 year and a resident of Seminole County for 6 months. Now, the registration books will be open at the Herald Office through April 17th and if you become 21 years old, or complete your legal residence after April 17, but before May 4th, you may go to the Herald Office before April 17, make an affidavit that you will be qualified before May 4th and register.

Now, I want to ask you a question—Are you sure you are registered properly? If you have registered at the City Hall, that does not qualify you for the State and County, but if you have at anytime registered with Mr. H. C. DuBoise, Mr. W. J. Thigpen or Mrs. Lourne Deal, you are registered in the proper books. If you aren't sure—check it at the Herald Office. Now, you ladies who have married since you registered, you should go to the registration office and have your name changed on the books. Those of you who have moved to a different precinct since you registered should have your certificate transferred to the precinct where you now reside; when you change your name or precinct you must present your certificate of registration to the supervisor so the necessary changes can be made thereon.

Now we come to the question of voting. The vast majority of us who vote here on Election Day merely have to go to the poll in the precinct wherein we are registered, give our name so it can be checked against the registration list for that precinct, and then proceed to vote for Karlyle Housholder for County Judge. Now, for those who are registered in Seminole County and are temporarily living in some other county; they can vote in the county where they are living by going to any of the polls in that county, presenting their registration certificate and paying 10 cents mailing fee. They must take a ballot for that county and write in the names of the candidates whom they wish to vote for in this county. That ballot will be mailed here by the

### County Judge

County Judge of that County. If you do not have a certificate of registration you can get a duplicate from the supervisor of registration before election. Next comes the absentee ballot: Any of you who expect to be out of the County on election day may cast an absentee ballot in the County Judge's office any time between April 19th and April 30th. To do this you should present your certificate of registration or some other proof that you are a qualified voter.

Folks, I want to give you several pertinent points of ethical governing the conduct of Judges in the Administration of their offices. First—Courts exist to promote Justice, and thus to serve the Public Interest. Their administration should be diligent and careful. Every judge should at all times be alert in his rulings and in the conduct of the business of the court, so far as he can, to make it useful to the litigants and to the community. He should avoid unconsciously falling into the attitude of mind that the litigants are made for the Courts instead of the Courts for the litigants.

Secondly—A Judge should organize the Court with a view to the prompt and convenient dispatch of its business and he should not tolerate abuses and neglects by clerks, and other assistants who are sometimes prone to presume too much upon his good nature. Thirdly—A Judge should be courteous to Counsel, especially to those who are young and inexperienced, and also to all those appearing or concerned in the administration of justice in the court. He should also require on the part of clerks, court officers and counsel, civility and courtesy to the Court, and to Jurors, Witnesses, Litigants and others having business in the Court.

Fourth—A Judge should not act in a controversy where a near relative is a party, and under the law they cannot practice law before him. Now, I want to announce that I have had printed a card which gives the schedule of home games of the Sanford Giants for this season. It is designed to fit the men's wallets and the ladies pocket books. I will have some available in every drug store in town tomorrow and will try to place same in every store in the near future, for your convenience. Boost your team and Housholder—You can make both winners!

Folks, In Closing, I want to say that when I become your County Judge, I PLEDGE ALLEGIANCE TO PEOPLE OF MY COUNTY and GUARANTEE: Equal Justice to All, Service without a Smile, and Courtesy without a Ceiling. Karlyle Housholder for County Judge. Your Vote will be appreciated. —Political Adv. Paid For by a Listening Friend

## Paula Jean Norwood Honored On Birthday

Mrs. D. E. Norwood entertained on Saturday afternoon with a birthday party honoring her daughter, Paula Jean, who celebrated her sixth birthday last week. A pink and white color scheme was carried out in the decorations with lovely arrangements of pink roses and sweet peas being placed about the rooms of the Norwood home in Lake Monroe.  
During the afternoon a fishing game and other games were played. At the conclusion of the games the young guests gathered in the dining room where the table was centered with a large pink and white birthday cake flanked with white tapers.  
Mrs. Norwood was assisted in serving the cake with ice cream by Mrs. A. C. Cleveland. Those invited to be with Paula were Bobby Hamilton, Orby Morris, Roy Reel, Ronnie Harrell, Nell Allen and Ronald Stafford, Gail Hamilton, Shirley Eber, Jane Osborne, Helen Pittard and Carol and Janet Cleveland. Also Mrs. Roy Reel, Mrs. Brownie Stafford, Mrs. Dave Eber and Mrs. William Harrell.

## Zuba Is Assigned To Class C Team, Club Takes Long Batting Session

Arthur Dunham, left handed pitcher for the Sioux City Sox, has been optioned to the Sanford Giants and will start the opening game against the Orlando Senators in Orlando tomorrow night, it was announced this afternoon by Manager Hal Gruber. Len Matile will probably start the starting assignment behind the plate.

By ARTHUR BECKWITH, JR. **Herald Sports Editor**  
Manager Hal Gruber of the Sanford Giants announced yesterday afternoon that Buddy Lake and Tim Tyler have come to terms with the Giants and have signed contracts to play for the 1948 season.

Martin Zuba, catcher for the 1947 edition of the Sanford Celery Feels, has been assigned outright to the Ogdensburg, N. Y. club of the Border League, a Class C circuit. Zuba left Sanford yesterday for his new assignment.

Gruber also announced that Johnny Bakelaar, lefthanded hurler who tossed a portion of the 16 to 1 victory over Palatka last Sunday, has been assigned outright to the Sanford club.

The team underwent a lengthy session in the batting cage yesterday morning and drilled on infield defensive work. A tapering off drill is on tap for today, the eve of the first Florida State League contest for the Giants.

The locals are scheduled to meet Manager Lou Bevil's Orlando Senators at 8:00 o'clock tomorrow evening on Tinker Field to open hostilities with the Celery Feels. The Florida State League's eight clubs take the field tomorrow night to begin their 140-game race to the pennant and further honors in Thursday night play-off series.

Unlike other years when they would meet the opening day foe on the following day to close out a two game home-and-home series, this year each team will meet a different foe every night for a week, thus giving players, managers, and fans a quick look at all opposition.

The same procedure will be followed during the last two weeks of the season, the objective being to avoid a club's perance floundering itself pitted against two weak clubs in a four-game stint, all to the advantage of the stronger, and perhaps at disadvantage of others in the "first division."

The new system is expected to mean larger attendances around the circuit during the first week or ten days, as baseball figures throughout the nation are looking at the Florida State League's experiment with interested attitudes.

Sanford will play games in the following order for the first two weeks:

- April 15 Orlando There
- 16 DeLand Here
- 17 Gainesville There
- 18 St. Augustine Here
- 19 Daytona There
- 20 Leesburg Here
- 21 Palatka Here
- 22 St. Augustine There
- 23 Gainesville Here
- 24 Orlando Here
- 25 DeLand There
- 26 Leesburg There
- 27 Daytona Here

## Training Camp Notes

HOUSTON, Tex. Apr. 14 (AP)—Pitcher Hank Wyse and catcher Clyde McCullough of the Chicago Cubs were on the injured list today. Wyse has an aching shoulder and McCullough has rib pains. Stan Musial notified Cardinal Manager Eddie Dyer that he will rejoin the club in Little Rock Thursday. He has been visiting his sick father in Danora, Pa.

BROOKLYN Apr. 14 (AP)—Leo Durocher made his first official appearance in a Brooklyn uniform at Ebbets Field today since the 1946 season as his Dodgers meet the Montreal Royals. The Dodgers have a two-game set with the Royals and then meet their first major league opposition of the Spring when the New York Yankees visit Friday and Saturday.

KANSAS CITY Apr. 14 (AP)—Manager Ted Lyons surveyed his Chicago White Sox today and observed that "The boys are in pretty good shape for the opener with the Tigers." Joe Haynes will probably be the opening pitcher. He won none and lost two against Detroit in 1947 and has a lifetime record of 6-8 against the club.

## Question Marks Are Everywhere On Eve of FSL Opening Games

SILVER SPRINGS, Apr. 14 (Special)—Few seasons in Florida State League history will get under way as will the ninth which tomorrow will be unveiled at Orlando, Deland, Gainesville and St. Augustine, it was indicated at headquarters here this morning.

Question marks are everywhere, with special emphasis on the teams representing St. Augustine, Palatka, Leesburg and Daytona. Don Anderson's Saints, defending champions, will be at home to Ray Ryan's young Palatka Azaleas in a tilt that is a toss-up despite the fact that only three Azaleas have had previous pro experience—Elwyn Danson, Al Pitille and Bill Loveys.

With the exception of Anderson, Lyle Judy, Johnny Pawlich, and Jim Ketcher, the starting lineup of the Saints are brand new, as are the Azaleas, and a record turnout of fans likely will see action plenty.

Eddie Liep and his Leesburg Pirates reached the Lake County field only on Monday and thus have had only three days of workouts on Venetian Island. The Pirates will travel to Gainesville to meet Myril Hoag's potentially powerful G-Men, which means that Leesburg fans will have to wait until Friday night for the first real look at the team they hope will finish in the first division by Labor Day, if not on top.

Liep is said to have had a free hand in selecting players from the big Pittsburgh Pirate camp at Bartow, and reports that his choices should not be discounted despite the large number of returnees assembled at Gainesville.

Teams change opponents on Friday night, with St. Augustine appearing at Leesburg, Gainesville at Palatka, Orlando at Daytona, and Deland at Sanford.

## COMMENTS from the SIDELINES

Palatka's Nelson Hayden, jovial sports scribe for the Palatka Daily News, says that the Azaleas are hard up for some power at the plate, and with the present crop of Azaleas it will be "Katy bar the door," as he put it.

However, the Palatkans have some bright spots. Johnny Toubert, manager for the A's last year, appeared in uniform Sunday, and it is believed the backstop will perform for the Azaleas during the coming season.

Toubert's appearance behind the plate will materially assist the young pitchers on Manager Ray Ryan's staff, unless we miss our guess.

Johnny should, if he stays, have a better year at the plate and behind the plate this year than he had last year. He has had his ailing appendix removed, and he has had a bone chip taken from his right arm.

We said before the spring practice that the A's would be lucky to stay in the League for the entire season, unless they were able to get assistance from some unsung source.

After witnessing the Sanford-Palatka game Sunday in which the locals posted a 16 to 1 victory over the hapless A's, someone told us that unless the Azaleas received immediate help they may not last a month in the circuit. We sincerely hope they get the help.

Turning from baseball players and baseball clubs for a while, we would like to remind the baseball fans of the Florida State League that we have a group of rookie umpires to staff the circuit this year.

Like rookie baseball players, rookie umpires have their weaker moments, and will get flustered, and we are sorry to see no "old heads" in the umpiring profession scattered through the staff to assist these young arbiters.

However, there are none of the men in blue who have donned the mask before, that is to any extent. Therefore we have a group of "greenhorn" arbiters throughout the staff.

In order to prevent some of the flaming incidents which have happened in the past, let us stop a few moments and look at the situation.

We know that we would not like to be out there, doing the best we could in a game, and be called everything under the sun. These fellows are young, and they are getting into one of the toughest rackets in baseball, umpiring.

Whichever way, let's give the fellows a fair trial before giving them "de woks." After they prove they are or are not what they should be, are then jump on them, if they deserve criticism.

We feel that the "wolves" around Sanford can be counted upon to do their part in cooperating with these fellows. They will be on a tough spot for quite a while.

## Carraway Tourney Matches Continue At Local Club

First round play in the Andrew Carraway Trophy tournament being held at the Seminole Country Club is continuing, but there are several matches in first round play to be completed this week.

The tournament is a handicap event with match play. Results of the first round found Hugh Greer defeating Dr. Wade Tucker, 7-6; Blalock, taking Earl Hergenbath, 4-2; Cleveland, Jr. defeating F. D. Scott, Dr. A. W. Epps, Jr. tripping Dr. T. F. McDaniel, Bill Herndon defeating K. W. Fite, Sr., John Stuck nipping F. Swankhouse, J. L. Ingley defeating Al Lyon, W. G. Fleming defeating John Herd and E. B. Smith taking H. C. Hetzel.

Remainder of the first round will be played this week and include G. W. Spencer vs. Hugh Whelchel, C. E. Spencer vs. E. B. Smith, Jr., Al Bryant vs. S. Harrington, John Herd vs. Pete Echols, Ercat Housholder vs. Bob Peltie, Dan Harper vs. Andrew Carraway and K. W. Fite, Jr. vs. Dr. Harry Woodruff.

## Five Nights Of Racing Are To Be Run At Oval

The only five more nights of racing to complete the 90-day season, a colorful Derby Eve program will be offered tonight at the Sanford-Orlando Kennel Club when another overflow throng is expected to jam the Longwood racing plant.

The 423th annual Derby will be staged tomorrow night and track officials said today they expected the largest crowd of the season would be on hand to witness the run for the 1948 greyhound championship.

Tonight's card features seven events over the popular five-six-teenths of a mile distance. In the headline ninth contest Heavy Heels, a fast router from J. E. Miller's kennel, will seek to repeat his "hot hot" triumph of last Monday night. Marching to post in this event, also, will be the odds-on favorite in Monday night's race, Lady's Shadow, which failed to break and ran out of the money.

It was announced that a souvenir Derby program will be issued for tomorrow night's spectacular card of events.

## Moultrie Came From Behind To Cop G-F Loop Opening Tiff

Moultrie came from behind in the closing innings to defeat Carolo 4-1, and successfully launch defense of his Georgia Florida League pennant last night as the teams lifted the curtain on the 1948 season.

The Packers fell behind, 1-0, in the second inning but tied the score in the seventh and added the winning cluster of three in the eighth. They got seven hits and the visitors collected six off Langemeyer.

Punk held Tallahassee to five blows. The visiting team chalked up a 3-0 victory, aided by five home team errors. Jody also went the route in allowing Thomasville six hits.

A slugging bee took place at Americus where the home club scored six times in the third inning to go ahead of Albany, 5-7. Americus went on to rack up a 12-8 triumph. The visitors sent four batters to the mound.

In the other game at Waycross, the home team staged a four-run rally in the ninth but it wasn't enough and Valdosta won, 7-6. Waycross went out front with a run in the second but Valdosta tied the score in the third and went ahead in the eighth, 2-1. Then they added five more in the top of the ninth, making it 7-1.

The teams meet again tonight in the same park.

It is estimated that the average U.S. industrial worker had twice as much free time for recreation in 1940 than in 1930.

California Has End To Power Brownout

SAN FRANCISCO, Apr. 13 (AP)—The power brownout in California and Nevada—washed away by abnormally high snow and rainfall.

Heno's giant street sign once again with its garish board "Biggest Little City in the World." Heno business men had complained the brownout cost them heavily in business. Gambling houses had resorted to gasoline lanterns and diesel engines to get light.

California's emergency power director, Robert P. O'Brien, yesterday lifted the mandatory 20 per cent cut in electrical consumption ordered Mar. 10. Affected were power consumers from manufacturers to irrigation farmers. A recent winter drought had caused the slash.

Murderer Sought By Hounds In England

FARNWORTH, England, Apr. 13 (AP)—Police using bloodhounds scoured the Leicestershire countryside today looking for a man in a zig-zag patterned suit who beat one boy to death yesterday and stabbed another.

The murderer wore the clothing from Jack Quentin Smith, 11, and took him to death as the child went home from school. Jack's companion, David Lee, nine, was found nearby by villagers. He had been stabbed in the chest and stomach.

David, in only fair condition today, described his assailant as a tall thin man wearing a suit with a zig-zag pattern.

## Truman Sure Of Return To White House

### President Says Conference Was Held With 2 New York Democratic Heads

ATLANTA, Apr. 15 (AP)—Governor Millard F. Caldwell of Florida said today that he does not believe Truman can be either nominated or elected. He believes the party's chances for success in the approaching presidential election depends, Caldwell said, on the nomination of someone who has the confidence of the people as a whole.

WASHINGTON, Apr. 15 (AP)—President Truman said today that he confidently expects to spend four more years in the White House.

In a breezy news conference, the President also told reporters that he had conferred this week with New York's Ed Flynn, Democratic national committeeman, and Paul Fitzpatrick, New York State party chairman.

He told reporters the two party leaders went away happy. "Was the picture rosy or gray?" a reporter asked.

Mr. Truman said the picture was all right.

A reporter remarked that none of the newsmen who regularly cover the White House had seen Flynn or Fitzpatrick come or go from the grounds.

Mr. Truman chuckled. He said he didn't intend for them to be seen.

## H. B. Pope Named By Governor To Child Committee

H. B. Pope, chairman of the Board of County Commissioners, has been selected by Governor Caldwell to represent the Board on the Seminole County Children's Committee.

The appointment was made following the recommendation of the Rev. E. D. Brownlee, retired Presbyterian minister, who after conference with County Judge W. Ware, Police Chief Roy G. Williams and heads of groups interested in child welfare, organized the committee at a meeting at the First Presbyterian Church two weeks ago.

The purpose of the committee is to study the situation in the county in relation to juvenile delinquency, but to have interested citizens who will assist the boys or girls in trouble. They can sit up on the situation, and make proper recommendations to the agency as what needs to be done if the situation warrants such action, said Dr. Brownlee.

Raymond Kader, chairman of the Kiwanis Boys and Girls Committee, who has also worked on this project, has been named as chairman of the County Children's Committee, said Dr. Brownlee. Mrs. H. D. Dague is secretary. Regular and advisory members include Judge R. W. Ware, Dr. Brownlee, Mr. and Mrs. Boy Holby, Douglas Stenstrom, Capt. Byrd Hudson, Dr. Frank Quintman, Mrs. Janice Colle, Herman E. Morris, Sheriff P. A. Mero, Police Chief Roy G. Williams, Miss Irene Hinton.

## Dead Man Menaces Peace In Bogota

By ASSOCIATED PRESS  
BOGOTA, Colombia, Apr. 15 (AP)—A dead man threatened political peace today in a riot-wrecked Colombia. He was Jorge Eliacer Gaitan, assassinated leader of the Liberal opposition to Conservative President Mariano Ospina Perez. His widow said yesterday—the day set for his state funeral—she would not let him be buried until the president resigned. The funeral was postponed. Gaitan's fatal shooting last Friday touched off a Colombian rebellion that ravaged this capital and interrupted the Pan American Conference here.

## Press Urges U. S. To Step Up News Fight With Reds

### Says Press Agencies Should Give News To State Department

WASHINGTON, Apr. 15 (AP)—A committee of the American Society of Newspaper Editors today urged the United States to step up its information battle against propaganda from Moscow.

The committee also told the annual ASNE meeting that the Associated Press and the United Press should make their news available to the State Department as long as the present crisis in world affairs lasts. The two news associations have declined to supply their news reports to the department.

The report was made by the ASNE committee on world dissemination of news. It is headed by Hamilton Owens, editor-in-chief of the Baltimore Sun papers. The committee commended the State Department's cultural and information program overseas. It added that the news report is the "bone and sinew" of the Office of Information and Education exchange (OIE).

N. R. Howard, retiring ASNE president, previously had opened the meeting with a call for "vigilance" at home against any "subversive menace" with news freedom in the government.

## 30 Perish As Plane Crashes, Burns In Fire

### 1 Survives As Pan-American Constellation Flies Into Ground On Landing

SHANNON AIRPORT, Eire, Apr. 15 (AP)—The "Empress of the Skies," a Pan American World Airways Constellation, crashed today for a landing here and 30 persons, including 19 Americans, died in the blazing wreckage.

Marc Worst, 38, of Burbank, Calif., was the sole survivor. He said the force of the crash threw him out through the baggage compartment. His wife, waiting at the airport to meet him, witnessed the tragedy. Worst is manager of Lockheed Aviation Corporation's base at Shannon. Lockheed builds the Constellation, four-engined craft costing about \$1,000,000 each.

There was no immediate explanation concerning the cause of the crash. Basil Warnock, American Overseas Airlines stationmaster at Shannon, said weather observers reported illu-minous visibility at the time of the crash—2:34 A. M. Other sources said the ceiling was about 400 feet.

Worst told reporters:

"We had come around once and we were making our second approach when the crash occurred. Up to this everything appeared to be normal. I was along out through the baggage compartment but I was only slightly injured on the right hand."

An announcement issued by Pan American's traffic manager, William Fitzgerald, said:

"Pan American Clipper NC 88858 Lockheed Constellation crashed and burned while landing at Shannon Airport at 2:34 A. M. Marc Worst, an employee of Lockheed Aircraft Corporation, was the sole survivor."

## Jaycees Open 1948 Membership Drive With Stag Party, Dinner

The Seminole County Junior Chamber of Commerce opened its 1948 membership drive with a fried chicken dinner at the San-Orlo Club on the Orlando Highway last night with over 100 present for the kickoff.

President Bailey Odham welcomed those present and extended an invitation to all men between 21 and 35 to become active members of the organization, and for all those over 35 to enroll as associate members.

"You know of the work we have done in the past year, and I feel it is useless to go over those accomplishments, but if you fellows want to get into a live wire organization, I ask you to join the Seminole County Junior Chamber of Commerce," Odham declared.

Many members began soliciting memberships in order to have an opportunity to be named as one of the Sanford delegates to the National Jaycee Convention to be held in Philadelphia in June. The man who receives the largest number of memberships will be given registration fees and \$100 for expenses to the convention.

## President's Plea For Housing Bill Hits Senate Snag

### Question Is Which Senators' Amendments Will Be Approved

WASHINGTON, Apr. 15 (AP)—President Truman's plea for fast action on the Taft-Ellender-Wagner long range housing bill clashed today with a hot Senate scrap over the measure.

The issue was this:

Should the Senate approve a batch of amendments sponsored by Senator Taft (R-Ohio)?

It is one of the sponsors of the T-E-W bill designed to encourage construction of 15,000,000 new homes by 1958.

Taft and his supporters contend there are few important differences between the two sets of proposals. But members of this group insist their amendments should be adopted because they have been approved by the Senate Banking Committee, while Mr. Carthy's amendments—there are 16 of them—actually represent a housing bill he introduced some time ago. The Senate Banking group gave no consideration. Instead it approved a series of T-E-W amendments drafted by Senator Flinders (R-Vt) for the Senate-House Committee on Housing.

President Truman repeatedly urged enactment of a housing program along the line of the T-E-W measure. Late yesterday as the Senate opened debate on the bill, he called Senate and House Democratic leaders to the White House, along with the minority members of the house and senate banking committees.

Johnson, Edward F. Lane, A. M. A. Jones, Joseph Mikler, T. P. Cason, John P. Bates, J. W. Hall, J. W. Cook, J. S. Clark, John L. Kader, C. W. Bellamy, W. P. Chapman, Melvin D. Dunn, D. L. Harper, Andrew Campbell, H. B. Ellis, R. R. Kelly, E. E. Denmark, Jess Cottingham, F. E. Halman, Jonathan D. Evans, Milton A. Lukas, A. W. Lee, E. L. Davis and Fletcher Bolls.

## A. L. Stacy Dies From Heart Attack

A. L. Stacy, 47, meter reader for the Florida Power and Light Company for the past six years, died suddenly of a heart attack at a local hospital shortly after 9:00 o'clock this morning. He had been ill for the past seven weeks.

Burial will be at the home of Mrs. A. L. Stacy of 818 Palmetto Avenue and two sons, Adrian, now living in Virginia, and Stanley, an employee of the Railway Express Company of Leesburg. Both were former employees of the Herald. Funeral arrangements will be announced later.

## U.S. Attorney Claims Lewis In Contempt

### Government Shows No Action Was Taken For 7 Days After Order Was Issued

By ASSOCIATED PRESS

Thousands of coal miners were still idle today as John L. Lewis awaited a court decision Monday on contempt charges.

WASHINGTON, Apr. 15 (AP)—The government told the district court here today that a "leaflet" use of contempt has been proven against John L. Lewis and the United Mine Workers.

Assistant Attorney General H. Graham Morrow summed up in the government's case in arguments to Judge F. Alan Goldborough.

He said Lewis and the UMW are in contempt of court "for their failure to obey the explicit terms" of an Apr. 4 court order to end the coal strike.

Lewis glumly scowled as Morrow made his argument.

The UMW chief said up to 10 minutes before court convened at 10 P. M. He seemed restless. He folded about in his chair before Goldborough took the bench. Finally, he went into a small room adjoining the courtroom and paced up and down.

Morrow told Goldborough a finding of guilt "is the only one consistent with the undisputed facts."

It has been shown, he said, that no action was taken by the union or its president on a court order for a resumption of work in the mine fields for seven days after it was issued.

The order was served on Lewis Apr. 5. Exactly one week later, he instructed the miners to go back to work. His instructions went out after he had agreed to a compromise plan providing \$2 to miners with 20 years service.

A dispute over pensions preceded the walkout Mar. 15.

## Jesse M. Elliott, Florida Newspaper Man, Dies At Home

JACKSONVILLE, Apr. 15 (AP)—Jesse M. Elliott, 69, general manager of the Florida Times-Union and widely known in Southern newspaper circles, died at his home here today of a heart attack.

He had been in declining health for the past three years and recently was confined to a hospital for a week. He had shown improvement, however, and returned to his duties at the daily newspaper.

Elliott succeeded the late Willis M. Ball, dean of Florida journalism, as president of the Florida Publishing Company in 1942.

He joined the Times-Union in 1919 as national advertising manager, and succeeded his brother, the late W. A. Elliott, as business manager in 1923.

Elliott had long been active in work of the Associated Dailies of Florida, having served as secretary of the organization for the past 10 years. He was a past president and a member of the board of directors.

He also played a leading role in activities of the Southern Newspaper Publishers Association and had served on numerous committees within the group.

The Times-Union expanded its plant and facilities under Elliott's guidance and only a few months ago began operation of new presses.

## House Votes More Funds To Increase Air Force Groups

### Taft Lays Plans To Halt Stassen In Ohio Voting

WASHINGTON, Apr. 15 (AP)—The House passed today a bill providing \$3,198,000,000 to start expanding the Air Force.

WASHINGTON, Apr. 15 (AP)—The House unanimously voted additional funds today to start expanding the nation's Air Force from 55 to 70 groups.

A 70-group Air Force has been urged by Air Secretary Symington, although Secretary of Defense Forrestal has recommended a smaller force.

President Truman said today he is supporting Forrestal's recommendations to the limit and does not know why Symington is differing with them.

"Asked whether he plans to 'punch' Symington, Mr. Truman said he will answer that later."

While original figures indicated that an extra \$22,000,000 would be needed to provide 70 groups, later estimates showed that \$22,000,000 would be adequate to "approach a 70-group force, thoroughly modernized."

Proposed savings and other factors, he explained, make the number amount adequate.

Rep. Gore (D-Tenn.) tried to put the bill but his amendment lost by a vote of 24 to 49.

Rep. Vinson (R-Ga.) told the House the extra \$22,000,000 is "merely the beginning" of a five-year program to build the Air Force up to 70 groups.

The total Air Force appropriation next year will have to be \$2,738,000,000, he said. The following year it will be \$3,305,000,000, he added, and every year thereafter \$3,200,000,000.

Air Secretary Symington had no direct comment on Mr. Truman's remarks at a news conference. But in answer to a reporter's question his public relations officer said:

## Rev. Louttit Raised To Bishop Rank In Episcopal Diocese

MIAMI BEACH, Apr. 15 (AP)—The South Florida Episcopal diocese closed its convention today with the election of officers. Those elected were Sidney G. Gray, Sanford, treasurer, re-elected for the 15th consecutive time; Rev. William S. Woodcock, Lakeland, secretary; Morton O. Nace, Tampa, assistant secretary; T. Picton Warburton, Orlando, actuary; and A. Eugene Carpenter, Orlando, chancellor.

## Husband Of Former Sanford Girl Is Dead

Friends of Mrs. Eugene W. Shepard, former Janet Chapman, will regret to learn of the death of her husband, Capt. Eugene W. Shepard, which occurred early Friday morning in a Miami hospital. Capt. Shepard had been ill for several months. Funeral services were held on Monday at 2:00 P. M. in Miami.

Capt. Shepard was 29 years old. He was born in Chesterfield, Ind., but had resided in Hollywood, Fla. for 26 years and was a member of the Methodist Church of that city.

During the war he was an instructor for the Army Air Corps at Arcadia and later served as an Army transport pilot. Since that time he has been employed with the Pan American World Airways in Miami.

He is survived by his wife and two-year-old daughter, Sandra, living at 1036 Adams Street, Hollywood; his parents Mr. and Mrs. W. E. Shepard of Hollywood; one sister and two nephews.

## 70 Group Proposal Is Unanimously Voted In Spite Of President's Disapproval
