ABOUT PRICES

Below is the announced policy of one of Central Florida's leading retail Furniture Dealers—This Policy is instigated in the interest of all Central Florida residents, to prevent any further increase in the price of Home Furnishings, which may be caused by the President's action in removing price ceilings.

The Board of Directors of this corporation, realizing the danger of seriously inflated prices being foisted on the general public of Central Florida, have decided to throw the resources of this company into a concentrated effort to defeat any and all inflationary tendencies in this area. With this in mind, the Directors of Thorpe Furniture Company have unanimously passed the following resolution:

A Resolution

WHEREAS—Price ceilings on all home furnishings and appliances have now been removed and

WHEREAS—We believe that the removal of controls threatens to set off a temporary sharp increase in the scarcer items of home furnishings and appliances, and

WHEREAS—We believe that such increase would have a damaging effect on all dealers in home furnishings and appliances and the industry as a whole

THEN, WE the Directors of Thorpe Furniture Company hereby place into force and effect the following pricing methods:

a). HOME FURNISHINGS:

10% Less Than Old Ceiling Prices

Prices to be determined by deducting 10% of the retail price from all articles in the home furnishing lines—such retail price having originally been determined under Ceiling Price Regulations.

b). ELECTRIC & GAS APPLIANCES:

To Be Sold At O.P.A. Ceilings

TIME OF EFFECT—IMMEDIATELY

TIME OF TERMINATION OF ABOVE POLICY—

Until prices in the home furnishing and appliance field are stabilized and goods are in better supply.

(Signed) Virgil R. Austin, Pres.

Solemn Parisians Offer Tribute To French War Dead

PARIS, Nov. 12.—(AP)—Tens of thousands of solemn and silent Parisians yesterday watched interim French pay Armistice Day tribute to war dead. Bidault strove down the Champs Elysees to the Arch of Triumph and placed a wreath on the tomb of the Unknown Soldier. Then he stood bare-headed for one minute of silence honoring the dead of World War one. Many foreign diplomats joined in the ceremony. Throughout France, school children placed flowers on graves of American soldiers in battlefield cemeteries. A plaque honoring the late President Roosevelt was dedicated at a United States military cemetery near Toule, in eastern France, where soldiers of the United States Third Army are buried. France observed Armistice Day as a national holiday.

Admiral Says U. S. Defense Must Be Made On High Seas

ATLANTA, Nov. 12.—(AP)—The Chief of Navy Personnel, Vice Admiral Louis Denfeld, yesterday asserted that defense of the United States must be made on the high seas. He added the opinion that this country must keep its weapons ready and in good repair until the United Nations is able to build a lasting peace. In an Armistice Day address in Atlanta, Denfeld said that America's sea defenses should begin "at the very coast of any aggressor." He added, "As long as we control the seas, no enemy can carry a war against us to a successful conclusion." Denfeld said also that a powerful reserve strength will give the United States a stronger voice at international conference tables.

Another Coalition Government Is Likely In France

PARIS, Nov. 12.—(AP)—The outcome of the French election apparently is not all it appears to be, although the Communists came out of the balloting as the strongest party in France's new Fourth Republic. But the results of the voting yesterday in France and her colonies appear unlikely to bring forth a strictly left-wing government. On the basis of incomplete returns from the voting for a national assembly, some new coalition is probably in place of the combine of Popular Republicans, Communists and Socialists which runs the current provisional regime. According to interior ministry figures for 582 deputies elected, the Communists won 170 seats, the Popular Republicans 159, the Socialists 95, with smaller parties bringing up the rear. Returns from the colonies on 36 other seats are not expected to change the balance of power materially. While the Communists emerged as France's number one party, there seems little chance they can form a government anti-Marxist parties gained, too. As a result, President George Bidault's Popular Republican Party looms as the possible bulwark of a powerful anti-Communist bloc.

Russian Dirigible To Be Unveiled Soon

LONDON, Nov. 12.—(AP)—It won't be long 'till the unveiling of Russia's first new dirigible since the war. It's been built near Moscow. And the Moscow radio said today, it's going into transportation service soon carrying a one-man crew and ten to twelve passengers. The lighter-than-air craft is 150 feet long. It's top speed is 62 miles an hour. Its ceiling—16,400 feet. The Russians have named it "The Patriot."

Male bullbat rarely attains weight of more than fifty or sixty pounds. Females weigh over 800 pounds.

List Of Reasons Why Fire Alarms Are Turned In Is Varied

BROOKLYN, Nov. 12.—(AP)—The list of reasons why people turn in fire alarms is long and varied, but there's always room for improvement. Take the case of Mrs. Margaret Anderson of Brooklyn. Recently she was found waiting when the fire ladders came clanging up to an alarm box in answer to a call. Mrs. Anderson had turned in the alarm. The rest of the story came out in court—as you may imagine. Mrs. Anderson explained to the judge that she had an excellent reason for turning in this false alarm. She had quarreled with her husband, and was afraid he would take their child away from her. So she called the Fire Department for help.

Election Day Victim Dies In New York

NEW YORK, Nov. 12.—(AP)—The election day injuries suffered by Joseph Scottireggio have proved fatal to the 42-year-old Republican district captain. Scottireggio died yesterday at New York hospital. The election worker was slugged by unidentified assailants while on his way to a polling place early Tuesday morning. Investigators have been unable to establish a definite motive for the attack. Scottireggio was an election district captain for Frederick Bryan, the Republican candidate for Congress in New York's 18th district. Bryan was defeated by the American Labor party incumbent, Representative Vito Marcantonio.

Yonkers Man Knows How To Add 2 and 2

YONKERS, N. Y., Nov. 12.—(AP)—You can't say Jack Rucci, of Yonkers, doesn't know the meaning of two and two when he sees it. He put two and two together Saturday night very neatly indeed. First, Rucci noticed that his wallet, containing more than \$500, was missing. Then shortly afterward, Rucci found a certain jobless friend of his in a bar, generously buying drinks for the boys. Mr. Rucci approves of generosity. But just the same—where did this fellow get the money? No job. No private income. Rucci called police, who persuaded the generous friend to give back \$419 to Rucci. There were 16 bowl games on Jan. 1, 1946.

Anderson Reveals Need For Nurses By VA In South

PASS AGRICULTURE BEACH, Nov. 12.—(Special)—Some good-paying jobs at Veterans' Administration hospitals in Florida and four other southeastern states are awaiting interest, the V.A. announced today through its contact representative, George S. Anderson. Dr. Frank H. Brewer, medical director of VA Branch 5, told the contact representative that 250 are needed in the five southeastern states, with at least 45 wanted by VA Florida hospitals. The salary scale for nurses ranges from \$2,644 and \$5,000 per year. The VA hospital at Lake City needs 25 nurses and Miami Beach 20. Other hospitals and vacancies are: Lawson, Atlanta, 50; Augusta, Ga., 19; Thomasville, Ga., 10; Johnson City, Tenn., 10; Kennedy, Memphis, 40; VA hospital at 1044 Lamar Avenue, Memphis, 15; Murfreesboro, Tenn., 20; and Nashville, 15. Dr. Brewer said the campaign to recruit nurses was being intensified after a meeting of chief nurses from 15 hospitals at the Atlanta Branch office.

Find His Car, Loses His Love

OKLAHOMA CITY, (AP)—There was little joy for the owner in the recovery of an automobile he reported stolen. Detective found the auto parked in front of a bus station. Inside, pinned to the seat, was a note, saying: "I have gone to California. We never would have made it anyway. —Ann. —Ann, the officers theorized, 'You're kidding.'"

NO. 297

Ban Placed On Abattoirs In City Limits

Orlando Man Given Contract To Build Information Booth Near Municipal Zoo

The City Commission instructed City Attorney Fred Wilson last night to prepare an ordinance amendment prohibiting any slaughter house or abattoir within the city limits. This amendment is expected to be adopted at the next meeting of the Commission, City Manager H. N. Sayer said this morning.

This action followed a heated discussion in a crowded room between opponents and proponents of the proposed abattoir in connection with the Central Florida Quick Freeze plant at Thirteenth and Elm Avenue. Edman Shinholler, attorney at law, represented the opponents, and he reiterated a previous demand that the ordinance allowing abattoirs in the city be repealed. A. J. Johnson, owner of the now plant, submitted results of a local poll, which he said was taken in the area affected and showed 60 for and 40 against the abattoir.

Discussion became so heated, said Mr. Sayer, that the Commission retired for 30 minutes to deliberate before reconvening.

Section 10 of the City Ordinance adopted in 1911, prohibited slaughter houses in the city limits. On Sept. 9, 1946, following requests of Mr. Johnson and Forrest Gatchel to be allowed to operate a modern, sanitary abattoir in connection with the proposed quick freeze plant, the Commission amended the 1911 ordinance so as to permit within the city limits construction and operation of abattoirs, approved by the State Board of Health.

James E. Hudson, Orlando contractor, was awarded the contract to build a tourist information booth on the corner near the Zoo. His bid was \$4,162. Local bidders were Havel Construction Company and T. S. Crawley.

The Commission adopted an ordinance making it a misdemeanor with penalty up to \$200 to destroy written notices served by police. This includes traffic violation tickets.

City Attorney Fred Wilson was instructed to prepare a resolution condemning the St. Johns River Lumber Warehouse and dock as unsafe and an insanitary condition. The owners were notified three months ago to repair the structure, said Manager Sayer.

Approval was given to a plat extending Evergreen Cemetery west to the railroad tracks. Fire Chief Mack Cleveland was authorized to attend the conference of fire marshals in Tampa next week.

A letter from N. L. Bryan of the State Road Department was read. This was an answer to the city's request that French Avenue be repaired and widened by the State as a farm-to-market road. The reply was that the road department is not permitted to spend money on projects of this nature, and stated that the responsibility for the improvement is up to the City.

A letter from radio station operator James Rivers to the effect that he expects to secure favorable response to his application for FCC to operate a radio station in Sanford, was read. It was stated that he was ready to sign a 99 year lease and to locate his studio at the Mayfair Inn.

Poland Sets Date For General Election

WARSAW, Nov. 13. (AP)—The Polish government today announced a date for the long-planned general election. The date is Jan. 19, 1947. The President of Poland's National Council set the date under an election law passed in September despite opposition of the peasant party.

The peasant party charged the election statute will deprive thousands of Polish citizens of the ballot. Earlier, in August, both the United States and Britain had asked Poland to establish safeguards for a free election.

CORRECTION

The Herald regrets the omission of the donor of the first place award in the story in yesterday's paper concerning the pick the winner contest for last week. The Raymond Studio gave the three hand-colored in oil portraits awarded to Bill Ludwig. The Whole Bedding and Furniture Company are offering the prizes for this week's contest.

sometimes is called the "witch." This fifth Canadian paper mill was established in 1888.

MRP Draws Second Place In French Election

IT APPEARS THAT THE COMMUNIST PARTY IN FRANCE won a huge seat lead over its nearest rival, the Popular Republican Movement (MRP), in the nationwide election of deputies to the Fourth Republic's first National Assembly. Francisque Gay (right), leader of the Popular Republican Movement (MRP), is pictured as he addressed a group during the campaign. Provisional President of France Georges Bidault (left), is shown as he presided at the opening session of the National Press Conference in Paris. (International)

Reds Continue Fight Despite Chiang's Order

NANKING, Nov. 13. (AP)—The Chinese press claimed today that Communist troops are continuing their attack on government forces despite Chiang Kai Shek's order forbidding further military action.

Simultaneously, the official Central News Agency carried a strong warning to the Communists attributed to an unidentified high government official. The spokesman is quoted as saying that Nationalist forces are determined to maintain Communist positions with redoubled strength if the Red force refuse to come to terms through political channels.

Government Plans Offensive Unless Communists Yield

Government sources are described as reluctant to discuss Communist charges that Nationalist forces are closing in around Yenan Communist stronghold and party capital. Neutral observers believe the Communist claim is well-founded, and that the Communist capital of Yenan is the main objective of Chiang Kai Shek's troops.

Christmas Seal Chairmen Named By George Touhy

George Touhy, general chairman for the United States Christmas Seal sale in Seminole County announced his local chairman for the County as follows: Longwood, Mrs. H. B. Gray, Greenway, Mrs. J. W. Yarborough, Lake Mary, Mrs. R. E. True, Lake Monroe, Mrs. Mary Brand; Slavia, Rev. Stephen Touhy; Chuluota, Mrs. Sammy Long; Casselberry, Mrs. B. C. Gelseler; Orlando, C. R. Ginn; Paola, Mrs. M. G. Feagles; Altamonte Springs, Mrs. H. B. McIntosh; and Port St. Joe, Mrs. Fred Dorward. The Negro Seal sale chairman is Maggie Evans, supervisor of Negro schools in Seminole County.

100 Persons Die In Series Of Quakes

LIMA, Peru, Nov. 13. (AP)—At least 100 persons are now known to be dead in towns wrecked in the series of earthquakes which began last Sunday. These people are enthusiastic workers and will exceed last year's total, I know, especially since the work of the T. B. Association has grown to such tremendous proportions," Mr. Touhy declared.

REDS DEMOBILIZING GROUP MOSCOW

MOSCOW, Nov. 13. (AP)—Russia is demobilizing a large group of soldiers and non-commissioned officers. Red Star said the demobilization has already begun. It does not give exact figures, but said in the next two months thousands of Red Army men will return to peacetime jobs.

RAY FEEDS ORPHAN

A photograph of Capt. Frank S. Ray of this city appeared in a recent edition of the New York Times. Capt. Ray, a member of the U. S. Army Military Police Corps and currently serving as provost marshal of Trieste, was shown giving food to a youngster at an orphanage. Mrs. Ray resides in Sanford with her parents, Mr. and Mrs. Floyd Palmer.
