Sanford Wheels Meal Plan May Be Dropped

Herald Staff Writer

Unless a source of funding is found by May 23 the program whereby one hot meal a day is delivered to the poor and elderly of Sanford will end.

"We will have to close shop," said Debborah Haynes, project director of "Meals on Wheels," administered by Seminole Community Action. On May 23, the federally-funded Comprehensive Employmen Training Act (CETA) will no longer pay salaries for Miss Haynes,

roordinator of volunteers, who manage the program. Robert Ellis, the county's director of administrative services, said today that the county commission had no other choice but to deny continued funding for the salaries of three personnel under the CETA program.

He explained the specific CETA program under which the women are employed expires May 23 and cannot be renewed because it is a one-year program according to federal guidelines. We checked with the federal office in Atlanta and received a ruling from there," said Ellis. Miss Haynes said officials of SCA are attempting to obtain

additional federal money from the Community Services Administration to continue the salaries.

The meals are prepared in the kitchen of SCA's Headstar Program at 6th and Palmetto. Meanwhile, the "Meals on Wheels" program in the south end of

"What is of the greatest concern to this office," said Mowbray "is the fact that such non-compliance prevails half-way through the grant program rather than at the 30-day mark." He said AAA and fiscal and program offices have "given unstintingly of their time and expertise in technical assistance."

Opposing New Tokyo Airport

TOKYO (UPI) - Police today swooped down on huts built by radical leftists near the new Tokyo International Airport at Narita in an attempt to head off new violence by op-ponents of the controversial \$2.6 billion facility.

The raid came only hours before the upper house of the Diet (parliament) began debate on an emergency bill that would empower the government to take further action against groups that have vowed to prevent the airport from opening.

Spain Monarchy Retained

MADRID, Spain (UPI) - The Spanish parliament has rejected a proposal by the opposition Socialists to abolish the monarchy of King Juan Carlos and revert to a republican form of government.

The vote came late Thursday as new violence erupted in the restive Basque region. In a gun battle in the Basque "holy town" of Guernica, paramilitary Civil Guards shot and killed two suspected separatist guerrillas.

Afghanistan is a landlocked piece of Moslem world that has never quite made it into the 20th

world, but for sophisticated Westerners, Afghanistan is virtually a code-word for a country that doesn't really count. That could change as the result of the recent

coup that wiped out President Mohammad Daud and his government and brought a new "revolutionary council" the power.

After days of uncertainty, it is now evident that the new man in charge is a Communist, Noor Mohammad Taraki, whose ideological sympathies fie with the Soviet Union.

President Daud was known for his skill in playing one power off against the other while trying modernize his country. Well he might have, since Afghanistan is

sandwiched between the more powerful states of Uran and Pakistan, on either side, with the Soviet Union bordering it on the north. But the Russians have supplied most of the arms and training for the country's 90,000-man

Most of Afghanistan's trade has been with the Soviet Union. While the late president had kept Moscow at arm's length in his foreign policy, the political background of the new leadership suggests those days may be over.

The prospect of Afghanistan marching in step with Soviet policy in South Asia can give no comfort to Iran and Pakistan.

Nor can Communist China, which maintained good relations with the former regime, look with satisfaction on the advent of a pro-Moscow

Postal Panel Recommends 15-Cent First-Class Stamp

WASHINGTON (UPI) - The Postal Rate Commission today rejected President Carter's proposal of a special "citizen's rate" for mail and recommended a 2 cents increase to 15 cents for all first class letters.

If approved by the Postal Service Board of Governors, the higher mail rate could go into effect within a month.

T h e administration had proposed increasing the first class rate from the present 13 cents to 16 cents for business mail while retaining the 13-cent rate for personal, or "citizen's" letters.

Panel Rolls Back SS Hikes

WASHINGTON (UPI) - Reacting to public pressure in an election year, the House Ways and Means Committee has voted 19-18 to roll back about half the Social Security tax increases voted last year for 1979 and 1980.

The vote, if it is affirmed by Congress, also sets a major new precedent by using general revenue funds for the first time to shore up the faltering Social Security trust fund. About \$14.5 billion would go into the system to make up for the loss of tax revenues.

Blast Ends Marriage

CARY, N.C. (UPI) - Investigators say they will probably never know whether the bomb strapped to Jerry lowers' waist went off accidentally, or on purpose Thursday, killing him and his wife in a lawyer's office

where they met to discuss a separation. Friends and members of the couple's family say they are equally baffled as to what motivated the 32-yearold mechanic and ex-Marine.

The explosion ripped through the second-floor suburban

law office at noon, about 15 minutes after police had agreed to Sowers's demands that he be left alone in the office to talk privately with his wife. "I just assumed they were the normal marital problems," said Royal Hayward, the brother of the vic-

tim. Anne. a 36-year-old nurse. Hayward, and other members of the victim's family, including Mrs. Sowers' 8-year-old daughter by a previous marriage, waited outside the law office during the two hours of negotiations between the lawyer, police and Sowers that preceded the explosion.

"We could do nothing," said Hayward. The couple had separated only two days earlier, and Mrs. Sowers and her daughter had moved in with Hayward. The couple had agreed to meet in the office of attorney Tom Earls Thursday morning to sign a separation agreement.

Sowers showed up at the office wearing the bomb and threatened to detonate it if he was not allowed to talk to his wife alone. After Earls spent about an hour talking to Sowers, he notified police and the office building was evacuated. A police negotiator spent about another 45 minutes with Sowers before he agreed to disarm the bomb if he was given an hour's privacy with his wife.

Earls also declined to discuss the Sowers' problems but said Mrs. Sowers "indicated he was in trouble but she thought they had worked it out as far as she could tell."

Vern Rapp: Ready To Move

NEW YORK (UPI) - Some people get fired from their job and the first thing they do is go out and get drunk. The next thing they

do is go home and brood. But Vern Rapp never felt he could find the answer to any problem of his in a bottle nor is he given to brooding if things don't always work out the way he wishes. Two weeks have gone by now since Rapp was replaced by Ken

in Lakewood, Colo., but he isn't brooding over what happened to him. He's not second-guessing himself, either.

"Trying to go back and saying to yourself this should've been this way and that should've been that way serves no real purpose," he says. "I've never been one for that."

Rapp, who reached 50 today, had spent 15 years in the minors as a manager before the Cards gave him a chance to handle their club in 1977. He came up utterly determined to make the most of Airred Bookhard, p.cf it, but in the end he fell victim to what only can be described as a Theodore Graham, 2b

difference in philosophy.

During all his time in baseball, Rapp was schooled to believe the manager was the bees of the team.

Under the tolerant, easygoing Red Schoendienst, who had managed them for 12 years before Rapp got there, the Cardinals Dean Hall, if did more or less as they chose and dressed the way they liked.

Schoendienst ran a losse ship and everybody was happy. The Cards won two pensants and one world championship during his first four years as manager but never were able to win again after that and after Schoendienst was let go, many of those he left noter hid, or noter hid, or behind agreed he was "too easy."

Compared with him, Vern Rapp looked like Captain Bligh. He was the authoritarian Schoondianst wasn't and whenever he issued an order he expected it to be obeyed. Rapp immediately established a code for the way the players should dress and wear their facial hair.

Only a few days after Rapp took ever last year, I detected some sense of trouble when I walked into the Cardinals' clubhouse in St. Petersburg, Fla., during spring training. I was wearing a sport shirt and jeans at the time and after looking me over, Garry Templeton, the Cards' young sheristop, said he couldn't talk to me.

"Because of what you're wearing," he said. "No jeans allowed

He was kidding, but he was telling me something at the same time. Vern Rapp wasn't hig on blue jouns. He wasn't very happy about his players wearing them and they, in turn, weren't very happy about that.

The late Joe McCarthy, one of the best managers in best

history, had essentially the same ideas as Rapp and lasted 36 years. He won nine pensants and seven world championships, but these are much different times. Before he died not long ago, McCarthy conceded he would have a lot more trouble handling

That Was The (Worst) Season That Ever Was

By JOAN HANAUER UPI Television Writer

NEW YORK (UPI) - Those who called the 1977-78 season the worst in tube history can quote the bible of the television industry — the Nielsen ratings — to back their blast.

More than half the shows on the ratings list are already off

the air or their imminent demise has been announced.

The A.C. Nielsen Co., ratings list for the season runs to 100 shows, including 13 slots for movies, specials and sports. That leaves % prime time programs for the television year, of which 45 either have been cancelled or officially have been pronounced dead when their current skein runs out. And

there are more cancellations to come.

Comedy is the name of the game this season, and the ABC dominance shows up clearly in the top 10.

They are: "Laverne & Shirley," "Happy Days," "Three's Company," "All in the Family," "Charlie's Angels," "60 Minutes," "Little House on the Prairie," "Alice," "M-A-SH"

and "One Day at a Time. Not one of those shows was a new entry last fall. The top three are ABC shows, with that network garnering four of the

top 10. CBS captured five positions, and NBC's lane winner was "Little House on the Prairie."

In the shows that accord in the 11-30 rankings, "Scap,"
"Lave Best," "How the West Was Wen" and "Fantasy
Island" were now shows that will return to ABC next year.
To show that statistics may not be gaspel, "Amazing
Spider-Man" and "Harvey Korman Show" were ranked 19th and 20th — both renking high because they were limited series whose initial ratings were not backed up by network

demagraphic research.
Although, as a personal note, how CBS could choose to give a return tichet to the innee, inept "Incredible Hulb" ever the traditional comic book qualities of "Spider-Man" beggies the mind. How do grown men make such Solomon-like decisions? And how do they explain a prooccupation with a red-outed crosp and the not-so-jolly green giant?

The lowest-ranked show of the season was NBC's "Muligan's Stew," one of the bigfamily dramas the rival net-

Jon Voight spent nine weeks in a wheelchair portraying a parapiegic Vietnam veteran in his intest film. Veight is actively promoting May 14-20 as the Easter Seal Society's National Handicapped Awareness week.

works came up with to cash in on the popularity of ABC's
"Eight Is Enough." It wasn't as had as all that — but
"Sayamh." was. And remember "San Pedro Beach Busse!"
And "Sam," that beautiful golden labrader whose scripts
showed how television could be a dog's life?
With the body count on new series astronomical, NBC and

CBS will have to turn to special programing in the upcoming series in their efforts to fight ABC's dominance. ABC, as befits the winner, will stick closer to regular programming No one knows what wonders Fred Silverman may unveil

when he takes over as head of NBC in June, but this week CBS announced some of its special programming for sent year—and there will be more of it than when CBS topped the Nielsen lists.

There will be items such as the Emmy and Grammy awards and specials for stars including Carol Burnett, Lily How do grown men make such

Solomon-like decisions? Tomlin, Tim Conway, Bob Newhart, Lucille Ball, Johnny Cash, Liberace, Shirley MacLaine and Goldie Hawn.

Cash, Liberace, Shirley MacLaine and Goldie Hawn.

More fascinsting in the entertainment line are "The 'Star Wars' Holiday Special," "Hollywood's Diamond Jubilee," "George Burns' 180th Birthday" and "The Beverly Hillbillies, Green Acres and Petticost Junction Thanksgiving Reunion." Don't you love sentimental holidays?

In its motion pictures for television (they used to be called movies made for television), CBS has leaned heavily on literature — "First You Cry," Betty Relline book about her breast cancer; "I Know Why the Caged Bird Sings" (with Eisther Rolle and Diahann Carroll); "Scruples," "Les Miserables," and Lavar Burten of "Rests" in "One in a Million," Detroit Tipers' Ron LeFlore's "as told to" autobio-Million," Detroit Tigers' Hon LeFlore's "as told to" autobio-

'Sam' showed how television could be a dog's life

bestseller by Brooke Heyward; "The Pirate," based on Harold Robbins' best-seller; and "Mr. Horn," the story of an army scout during the war against Geronimo. Somehow it sounds like NBC.

Among the drama specials are "Bogie," with CBS not ready to announce who will play Humphrey Bogart; a second chapter of its "Circle of Children," with Jane Alexander teaching troubled youngsters; still another chapter in "The Secret Life of John Chapman," and "Transplant," taken from the true story of a man with a heart transplant. All this in hopes of a ratings transplant.

Ask Dick Kleiner By DICK KLEINER

DEAR DICK: On our local TV, I recently saw a movie called "Bela Lugosi Meets a Brooklyn Gorills," made in 1952. The listing says the star was Sammy Petrillo, but he sounds, acts and looks like Jerry Lewis. Was it him using a different name? MIRIAM WHITE, Norristown, Pa.

No, it was Petrillo. He was a small-time comic and they teamed him with a small-time singer (whose name, I'm pleased to report, I can't recall) and they did a take-off of Martin and Lewis for a while. That picture, which was the made at a total cost of approximately \$6.98, was the result. If your local station is showing it, they have gone below the bottom of the barrel.

DEAR DICK: I'm in the third grade and our class has been asked to start a hobby. For mine I have chose autographs. The only problem is I don't know addresses of TV and movie stars. Can you help me? How do I get autographs? MONICA K. DAUGHTERY, Bergholz, Ohio

Not many big stars pass through Bergholz, imagine. You have to write to them, as you said, and write to them in care of the networks - NBC, ABC, CBS — or the studio that made their latest movie. Probably nine out of 10 won't answer, but if you keep sending out your letters, with return postage, you'll get a few autographs. It's hard, but keep plugging.

DEAR DICK: Last Christmas, Rona and Guy, Lawrence Welk's husband-and-wife singing team, showed a baby and said, "See what Santa dropped off at our house." Is the baby adopted or is it their own? ROBERTA WILSON, Stockton.

It's adopted, and so that makes it their own now. Her name is Julie. DEAR DICK: Can you set me straight - was

Betty White ever married before she wed Bill Ludden? I seem to recall reading she had been, but all my cohorts say no. MRS. D. PEDERSON. Canton, Mass. Fie on your cohorts. Betty was married - and

her present husband is Allen Ludden, not Bill.

DEAR DICK: Could you please give me the name and address of the owner of the mini-car used in CHIPs, driven by Jon Baker. That has to be one of the sharpest cars around. MICHAEL T. KUBIK, Manteca, Calif. Sharp enough. It's owned by MGM's own

transportation department. It's a Mini-Cooper and it was used first in Logan's Run. Producer Cy Chermak tells me, however, that if the series is picked up for another season, he won't use that car again. He's shopping around for something even racier.

DEAR DICK: My sister says that your last name is pronounced like Kliner, with a pronounced "I." I say the Kleiner is pronounced like "cleaner." How do YOU pronounce it? T. BEACH, Paw Paw, Mich.

I've always maintained that it rhymes with "finer," and that's only right. And did you know that Paw Paw backwards in Wap Wap?

DEAR DICK: I used to watch Good Times faithfully a few years ago, I just tuned back in recently and noticed the father was no longer in the show. I figure you must have "died him off." Then, I was surprised to notice that the mother is no longer on the show. My curiosity can stand no more. What happened to them? MISS S. THEROUS, Vancouver, B.C., Can.

John Amos, the father, left a few years ago to do other things. This year, Esther Rolle, the at how much I enjoyed doing mother left for reasons of health — at least, that "Was the story!" year

Disc Jockeys Vs. Bosses: **H** Fizzles

New Releases

FM (PG) Michael Brandon, Martin Mull, Eileen Brennen, Cassie Yates. Drama with music. Most of this is set in a radio station, where the disc jockeys are in a confrontation with management. There are some good performances, some good music, some interesting backgrounds. But the story fizzles where it should sizzle. GRADE: C.

I WANNA HOLD YOUR HAND (PG) Nancy Allen, Bobby Dicicco, Marc McClure, Susan Kendall Newman, Teresa Saldans, Wendie Jo Sperber. Comedy. Frothy escapades of six New Jersey teenagers who flock to New York City to crash the Beatles' first appearance on the Ed Sullivan Show. Like a Disney film, but amateurish and silly. Not recom-mended for anyone over 15. GRADE: C-minus. (Handler).

General Release

A HERO AIN'T NOTHIN' BUT A SANDWICH (PG) -Cicely Tysen, Paul Winfield, Larry B. Scott. Drama. The seamy story of a city kid and his introduction to, and battle with, drugs. A fine look at ghetto life, with some excellent

AMERICAN HOT WAX (PG) - Tim Melatire. Musical. The '50s, and the beginnings of rock 'n roll are the setting for this small-scale offering. It is supposed to be the story of disc jockey Alan Freed, who first made rock 'n' roll big. If you like the music, you'll like this, because there are many

musical numbers that really jump. GRADE: B
AN UNMARRIED WOMAN (R) — Jill Clayburgh, Alea Bates, Michael Murphy. Drama. The title is a misnomer, because the film is about a very-married woman and the trauma she goes through when her husband divorces her. A brilliant performance by Ms. Clayburgh in a film that would have been better had it been cut a little tighter. Caution: nudity reigns supreme. GRADE: A-minus.

CLOSE ENCOUNTERS OF THE THIRD KIND (PG) -Richard Dreyfusa, Teri Garr, Science-fiction. The celebrated Steven Spielberg look at U.F.O.s. This has some dumb touches and the actual story is primitive, but the special effects are so extraordinary that the rest is overlookable. A masterpiece of special effects wisardry, GRADE: A.

COMA (PG) — Michael Douglas, Genevieve Bjold.
Thriller. Somebody is killing patients in the hospital, and doing a thriving business in vital organs. It's all pretty ghoulish and will make you distrust hospitals even more, but this is one of those edge-of-the-seaters. Drags some, but still a good thriller. GRADE: B.

COMING HOME (R) — Jane Fonds, Jon Voight, Bruce Dera. Drama. One of the new wave of Vietnam war pictures,this is a strong, emotional story about a shattered man, the woman who waited for him, and another man. It is very

strong stuff, but will have you quivering. GitADE: A-misss. CROSSED SWORDS (PG) — Oliver Reed, Raquel Welch, Mark Lester, Romantic adventure. This is pure escapism, another version of "The Prince and the Pauper," with a fine

another version of "The Prince and the Pauper," with a fine cast and rousing action. Don't take it seriously, just relax and enjoy all the derring-do and derring-don't. GRADE: B. F.LS.T. (PG) — Sylveetc: Stallene, Red Steiger. Drama. Basically, this is the story of the rise and fall of a Hoffs-like labor leader. The early part — dealing with his start and the problems in organizing the men — is more fascinating than the second half. It's far too long, but contains some very strong scenes. GRADE: A.

Romantic comedy. Tony Richardson's long-awaited successor to "Tom Jones," this is a bawdy, frantic, funny look at merrie olde England. Excellent vignettes by some of England's great actors enliven this, and the evocation of a long-gone period is fascinating. GRADE: B.

PRETTY BABY (R) Keith Carradine, Susan Sarandon, Brooke Shields. Drama. Set in New Orleans' famous Storyville brothel area, this is a beautifully-photographed look at a family of prostitutes. The subject matter may be objectionable but director Louis Malle has handled it tastefully, or as tastefully as possible. Good performances all around. GRADE: B-plus.

RABBIT TEST (PG)-Billy Crystal. Comedy. This is Joan River's first shot at directing a movie, and there are many funny moments, as you would expect. It's about the world's first pregnant man, or something like that. Parts are wildy funny, but it is also undisciplined and some of it goes overboard. Caution; very suggestive. GRADE: B- misus.

STARWARS (PG) - Mark Hamill, Alec Guinness. Science fiction. Already a classic, this is a story of the space war and the heroics of a few to rout the bad guys. It's full of wonderful touches and everybody loves it, from kids to grandparents.GRADE: A.

STRAIGHT TIME (R) - Laurence Olivier, Robert Duvall, Katherine Ross. Ramance. This is taken from the Harold Robbins novel about love and intrigue among Detroit automoble manufacturers. It's all pretty shoddy and not really very interesting. Olivier is wasted, but does his best. THE BIG SLEEP (R) Robert Mitchum, Sarah Miles.

Mystery. Another try at Philip Marlow, the prototype private eye, but this one misses. The direction is heavy, the acting over- emotional and the plot so convoluted you'll need a road map to stay even. Still, Mitchum makes a fine Marlowe. GRADE: B. THE FURY (R) Kirk Douglas, John Cassavetes, Carrie Saedgress, Charles Duraing, Herror. This is an attempt to bring you another "Exorcist" - type of film, but it just doesn't

have the stuff. It's about two young people who have supernatural power, and what they do to others, and what others do to them. Some pretty gory scenes, so be warned. GRADE: C. THE MEDUSA TOUCH (PG) Richard Burton, Line Ventura, Lee Remick. Thriller. Detective investigates assault on a man who believes he has the power to trigger disaster.

Story is repetitous and neither it nor the characters stand up

to scrudiny, but it's a fairly effective scary evening. GRADE:

By LEONARD KRANSDORF

A \$1 million bond issue will be floated in Sanford during the next 90 days to pay for construction of 50 one-story duplexes to provide additional housing for low-income families by February, 1979.

Altamonte Springs developer Wick Austin has confirmed that once the bonds are sold, work can begin by August and the construction on the two and three-bedroom duplexes should take six months. The development, to be called Sanford Villas, will be located on the south side of Celery Avenue south of Locust Avenue. Austin's partner in the development is Joe Chapman who also is a member of Royal Management Corporation of Pensacola

For Austin this is his first attempt at multi-family housing in Sanford. However, he is not new to the city, having already developed single family housing in Lincoln Heights and Sanlanta, he noted.

The bonds for the development will be issued through Sanford Housing Development Inc., a nonprofit organization which was set up by the Sanford City Commission at its last meeting. At that meeting, Chapman stressed that although the city would be setting up the new corporation as required by the office of Housing and Urban Development (HUD) the city would have no liability for the bonds or responsibility in running the project.

he commission took the action after it had earlier been rejected by the Sanford Housing Authority (SHA).

The SHA rejected the housing project because the SHA would not be given the managerial authority according to SHA director Tom Wilson. "It seemed to the board that if we were going to float the bonds, then we should have control over the building," said

Additionally, Wilson noted there was some legal juestion as to whether the SHA had the authority under the law to set up the organisation. At the commission meeting, it was confirmed that the SHA according to HUD regulations could not set up the
