Old First National To Pay Its Sixth And Last Dividend

Over Fifty Thousand Dollars To Be Distributed Here By 4.3 Per Cent Dividend

Total Payment Is Over 3-4 Millions

Depositors Get Back Almost 60 Per Cent Of Their Deposits

The sixth and final dividend of the defunct First National Bank will be paid by the receiver here tomorrow and creditors of the bank will receive \$52,961, according to information released by the offices of H. G. McNair, receiver, which said that receipts were mailed today. The dividend is 4.3 per cent.

The announcement said that the dividend checks are here and that all creditors are urged to call at the receiver's office on the third floor of the Atlantic National Bank Building as soon as possible because all checks are being mailed prior to June 10.

The receiver of the currency in Washington and after that date they will have to be claimed from the Washington office.

Mr. McNair said: "I wish to urge everyone to obtain their checks here before our office closes. Those who live outside of Sanford or who cannot call at my office may mail their certificates to us. As quickly as possible we will forward the check to the address listed on the receipt."

The \$52,961 dividend payment tomorrow brings the total paid since the bank went into the hands of a receiver to \$753,775.17. The first dividend declared was 15 per cent, the second 20 per cent, the third 10 per cent, the fourth seven per cent and the fifth three per cent.

After closing its doors the bank was placed in the hands of A. E. Rawlings, the first receiver who served in that capacity until January, 1931, when he was replaced by J. W. Harwell. Mr. Harwell served until May, 1934, when Mr. McNair took office. At the present, Mr. McNair is also receiver for the St. Augustine First National Bank, the Putnam National Bank of Palatka and the DeLand First National Bank which has paid its final dividend.

STRIKE SETTLED
PARIS, June 8.—(AP)—The left French government announced early today that strikers and employers had come to terms, ending a greater part of France's strikes in which nearly 1,000,000 employees walked out.

Roger Salengro, minister of interior in the new government of Premier Leon Blum, declared the conditions include wage increases of from 7 to 15 per cent and recognition of the workers' right to join unions.

Labor leaders said they would order the strikers to begin negotiating immediately the factories they were occupying.

"White collar" workers who joined in the wholesale walkouts which originated in the metal industries were not included in the accord. Salengro said Premier Blum would preside at a conference of these employees today in an attempt to end the last strikes.

South China Lays Plans To Fight Japs

Resistance To Japan Invasion Is Seen As Only Means Of Preserving Freedom

CANTON, China, June 8.—(AP)—The South China government has decided to send an army against Japan in North China with or without assistance of the central Nanking government. General Li Chung Jen asserted today.

Commander of the Kwangsi forces urged officers and men throughout the republic to "shed blood freely for the cause of anti-Japanese national salvation."

General Li's statement was supported by Lo Wen Kan, a former foreign minister of the Nanking government, who declared "resistance is the only way to deal with Japan's invasive aggression."

Liu Lu-Yin, a member of the southwest Kuomintang (government party) and the central executive committee said the southern armies plan no invasion of the north with anti-Nanking objectives but "the present military and political moves are designed to bring armed anti-Japanese resistance at this hour of the national crisis."

We are merely urging Nanking to armed resistance against Japan, who has invaded Manchuria without regard to international treaty obligations and sent large bodies of troops to Tientsin and Peiping," he said.

Canton dispatches said there were rumors there Japan has vigorously protested to Nanking against southern troop movements and is likely to send gunboats to Canton to "protect nationals."

Meanwhile, it was said the advancing southern troops would keep at an appreciable distance from Nanking troops "pending clarification of the situation."

The Canton regime's determination to force the anti-Japanese issue was indicated in an official announcement June 15 was selected for the "oath taking ceremony," when a long list of grievances against Japan will be aired.

Walter D. Yowell, 62, formerly a resident of Sanford and a brother of Arthur E. Yowell of this city, died Saturday evening at 6:00 o'clock in the Halifax Hospital at Daytona Beach. He had been in ill health for several months.

One Time Resident, Walter Yowell, Is Buried In Orlando

Walter D. Yowell, 62, formerly a resident of Sanford and a brother of Arthur E. Yowell of this city, died Saturday evening at 6:00 o'clock in the Halifax Hospital at Daytona Beach. He had been in ill health for several months.

Funeral services were held this afternoon at 8:00 o'clock at Carey Hand's Chapel in Orlando and burial was made in the family plot in Greenwood Cemetery.

Mr. Yowell spent his early life in Orlando where he was engaged in the newspaper and printing business. At one time he was owner and publisher of the Evening Reporter-Star. Later he operated a printing shop in Sanford. At the time of his death he was living in Daytona Beach.

He is survived by his widow, six daughters, 13 grandchildren, one sister, Mrs. J. D. Barnes of Orlando, two brothers, Arthur E. Yowell of this city, and N. P. Yowell of Orlando.

Investigator Is Sent To Levy County To Probe Official Returns Which Varied

Late Report Puts Cone In Second Place As Official Count Is Talled

Fred P. Cone, Lake City, clung by a narrow margin to second place, after Hodges had led all day yesterday. Official figures from 53 counties and unofficial reports from 14 gave Cone 445 votes edge at noon today. The totals were Cone 46,728, Hodges 46,453.

At Bronson, County Judge J. C. Sale said he had requested the Governor to send an investigator into the county. Sheriff Whiddon kept the ballots and tally sheets under lock and key on orders of State's Attorney J. C. Adkins who sent Assistant Malnes into Levy to investigate. Malnes made no comment.

Figures released Saturday night and Sunday morning varied. Some gave Cone a plurality; others gave it to Hodges.

The set filed at Tallahassee by Chairman F. P. Davidson of the Levy county board who drove to Tallahassee to do so, showed Cone 739; Hodges 444. They had been included in the official count.

Adkins said he asked Malnes to get the facts and "if the crime has been violated, I will do my full duty and prosecute guilty parties."

Four additional counties, making official reports today, failed to alter their standings perceptibly. Counties still unreported officially are: Baker, Bradford, Brevard, Calhoun, Columbia, Gadsden, Hamilton, Indian River, Santa Rosa, St. Lucie, Seminole, Suwannee and Union.

North Carolina Race For Governor Tied
RALEIGH, N. C., June 8.—The Democratic nomination for candidate for governor of North Carolina was deadlocked Sunday, as returns at Saturday's primary were tabulated, between a 22-year-old college professor and a veteran political leader. The results of the voting probably will not be known for several days, when official returns will be posted.

With returns in from 1,335 of the state's 1,850 precincts, Dr. Ralph W. McDonald of Winston-Salem, a young professor with a doctor of philosophy degree, and Clyde R. Hoey of Shelby, former congressman from North Carolina, were slightly more than 1,000 votes apart. The two had estranged A. H. (Sandy) Graham, World War hero and present lieutenant governor, and John McRae, Charlotte lawyer, and will be picked into the runoff election which will be held by the party July 4.

The returns gave McDonald 129,525, Hoey 121,240.

Luciano Convicted On 62 Vice Counts; Jury Out All Night

NEW YORK, June 8.—(AP)—Charles Luciano, known to the underworld as "Lucky" ever since the time he came back alive from a gangland ride, was convicted on all 62 counts of a vice indictment by a jury early yesterday.

Eight co-defendants, indicted with Luciano as overlords of a \$19,000,000 compulsory prostitution syndicate in the nation's largest metropolis, were found guilty of the same counts.

The nine defendants, facing maximum prison terms of 1805 years, will be sentenced June 18. The verdict, reached after all-night deliberation, virtually eliminated the "big shot" of the vice according to the charges of Special Prosecutor Thomas E. Dewey.

It spelled the end of luck for the east side youth who testified that his worst fault had been selling narcotics when a youth, taking and making bets at the race track, and sometimes carrying a gun or two "to shoot phantasms in jail."

"Mr. Deeds Goes To Town" Is New Hit At Ritz Theatre

Frank Capra, that peer of directors, has taken Gary Cooper, Jean Arthur, an excellent supporting cast, a fine story by Clarence Budington Kelland, and a live, intelligent screen play by Robert Riskin and molded them all into a motion picture so superior that there are few superlatives worthy of it. Its title is "Mr. Deeds Goes To Town" and it came to town yesterday under the Columbia banner, settling down at the Ritz Theater

to get an enthusiastic reception from all hands. From under Mr. Capra's magic wand has sprung a new Gary Cooper, humorous, amiable, vibrant and winning. He seems to have been injected with the same mysterious fluid that electrified Clark Gable into giving the best performance of his life in "Mr. Deeds Goes To Town."

Miss Arthur, too, is revealed in all her glory. Her performance can only be described as irresistible. This lovely blonde young lady cast a spell over the audience yesterday. She should be considered an important star from this moment on.

"Mr Deeds Goes To Town" has to do with a young man from a small town who falls into a fortune of \$20,000,000. He is taken to New York against his will to receive the money. Crafters buzz around him like bees around honey. Newspapers give him the works, label him the "Cinderella Man." The town goes wild.

One of the reporters, a sob sister, anonymously strikes up his acquaintance to get exclusive stories, and remains to fall in love with him and, unconsciously, causes him so much love that he attempts to give his fortune away. This move succeeds in getting him arrested for insanity.

Superbly assisted by a cast that includes George Bancroft, Lionel Stander, Douglasa Dumbrell, Raymond Walburn, Mimi Margaret Matreaner, H. B. Warner, Warren Hymer, and many other favorites, Mr. Cooper and Miss Arthur, present a merry through the film, which, in the final analysis, is a completely enchanting production, a victory for all concerned.

an invitation was extended to the circle to meet during July at the home of Mrs. M. C. Mills, Magnolia Avenue, with Mrs. Mills and Mrs. R. H. Duncan as hostesses. Short Ballot Faces Voters On June 23rd

Candidates Prepare For Action While Lull In Politics Blankets County

Hand, McClelland Interest Looming

Petteway And Cone Ready For Runoff In Governor's Race

Seminole County voters, confronted on June 2 with ballot one yard long and containing approximately 150 names, may breathe easier today while contemplating the second primary on June 23 when less than 25 candidates will appear on the ticket.

Meanwhile, the aspirants to public offices—both county and state—who are in the runoff, quietly went about laying plans for their second and most important campaign of the election year.

It had not been determined today whether or not public speaking rallies will be held here by County candidates. A meeting of the office seekers scheduled in the near future to determine what course to pursue.

Perhaps the most interest in local races will be exhibited in the battle for sheriff where C. M. Hand, a former sheriff, headed J. F. McClelland, the incumbent by 67 votes. Seven men are in the first primary.

McClelland and Hand, drawing 875 and 808 votes respectively, polled a total of 1683 ballots where 9619 persons voted. There remains 1936 votes to be divided among the two nominees on June 23.

In the county judge's race where three men sought the nomination, R. W. Warb and O. W. Spencer are left to carry the battle for votes into the second primary. Spencer, who met the approval of 1172 voters, and Warb, favored by 1557 poll tax payers, attracted a total of 2729 ballots. Sidney J. Nix, the third man in the race, through elimination relinquishes his 831 supporters to Warb and Spencer.

The four-man fight for prosecuting attorney was reduced to a two-man conflict through the vote of 3571 voters. Ernest V. Housholder and W. Herbert Messer, who campaigned vigorously enough to pull 1345 and 1029 votes respectively, will afford voters an opportunity to divide the office.

Wilcox Introduces New Bankruptcy Bill

WASHINGTON, June 9.—(AP)—A new municipal bankruptcy bill was introduced Monday by Representative Wilcox of Florida.

The bill would press for enactment this session. Drafted in conformity with the Supreme Court's recent decision in the original Wilcox case, the bill would extend its provisions to municipal debts in cases at the time of its enactment.

The bill would clarify the act of 1934 which the court ruled was unconstitutional. It would also clarify the act of 1935 which the court ruled was unconstitutional. The bill would clarify the act of 1936 which the court ruled was unconstitutional.

Commission Accepts Only Tax Paid Plan

Sanford's City Commissioners last night established a new precedent in regard to the acceptance by the City of proposals when J. B. Little requested that the commission accept a "tax paid" plan.

After the city clerk pointed out that "tax paid" is not an official term, the commission accepted the plan. The commission accepted the plan.

Eighty-Eight Graduated At Seminole Exercises

Lehmann Urges Progressiveness As Means Of Repaying Money Spent On Educational Activities

The 1936 senior class of Seminole High School, numbering 88 students, last night received diplomas during graduation exercises held in the school auditorium.

Karl Lehmann, delivering the principal address, urged the graduates to do their utmost in repaying by progressive contributions rather than money the actual cash that was taken from taxes to give them an education.

He pointed out that an estimated sum of \$1000 to the school system is expended to bring a youth from the first grade through high school.

Before a packed auditorium, Prof. G. E. McKay, principal of the institution, presented diplomas. Girl graduates were clad in white gowns, and each carried a bouquet of Tallahassee roses, the class flower. Boys wore blue.

Following are the special awards which were presented: DAR citizenship medal, Charlotte Moughton; \$5 prize given by...

Six Men Accused Of Night Riding Are To Be Tried

Witness Testifies To Being Seized By A Masked Men Gang

DETROIT, June 9.—(AP)—Six men, accused of Black Legion night riding activities, were ordered held today for trial on charges of "seizing and confining" Robert Penland, a steel worker who was abducted on Oct. 5.

Penland testified at the examination of the six men that he was seized by three of them and taken before a meeting at which he was accused of "disobeying orders" and not attending meetings. But he said he was not flogged.

Frederick A. Guley, identified by Penland as the man who lured him into the automobile in which he was taken to the meeting, contradicted Penland's testimony at that point. He testified that Penland was lashed with a black snake whip.

The order holding Dayton Deas, confessed Black Legion "trigger man" and his 12 co-defendants for trial in the Poole execution, came yesterday after two hours of argument in which the defense held that the state had not linked all the group with the abduction or subsequent slaying of the young WPA worker.

Both Attorney General David H. Crowley and Prosecutor Duncan C. McCrea contended the evidence linked the entire group to the crime.

The men held are Deas, who told in court last week of firing eight shots into Poole's body; Harvey Davis, Black Legion officer from whom Deas said he took orders; Ervin D. Lee, Urban Lippe, Paul R. Edwards, Edgar Baldwin, Harold Gill, Lewis Bunting, Thomas R. Craig, John Bannerman, John S. Vincent, Virgil Morrow and Albert Stevens.

Six other men charged with participating in a Black Legion slaying case were brought into court for examination. They are Thomas F. Cox, Frederick A. Guley, Earl Angstadt, Charles King, Harold Lawrence and Wilbur Robinson. They are accused of abducting and beating Robert Penland, former steel worker, for nonattendance at meetings of the terrorist organization.

The new Eratz product in the manufacturer's suit appears indistinguishable from woolen cloth. The material can be made to simulate any textile, from rayon to wool. It is said. Unlike some cloth substitutes which lead to disintegration in a radiator, this new material is supposedly impervious to water. The inventor, Dr. Antonio Ferretti, is even advising the use of lanital in bath-tubs.

How long the example of lanital is expected to be followed by members of his family and of the embassy staff.

Travel Modes Are Advanced By Commission

City Votes To Employ Full-Time Aviator At Sanford Airport; M. Smith Is Named

Sanford was striding today toward a new era in transportation following the Monday night decision by the City Commission to employ a full-time operator at municipal airport.

Marvin Smith of Kissimmee was chosen for the job at \$25 per month, and the contract stipulates that he is to have concessions for gasoline, passenger flying, student instruction and other revenue producing means.

Because a "flying business" must be established here, the Commission believed it advisable to offer a small monthly cash compensation as an inducement for a competent aviator to base in Sanford.

The City legal department will be instructed to draw up Smith's contract which, among other things, requires that he service landing lights at the field, maintain an air-worthy plane at the municipal airport, provide a licensed transport pilot and charge no landing fee to visiting ships.

Authorized to serve on the municipal aviation committee are: R. B. Wight, chairman; G. W. Deeteh, Volle A. Williams and R. J. Reel.

At the request of fire Chief Cleveland and Police Chief Williams, the City governing body voted a two-weeks' summer vacation for each member of each department. An extra man to work for ten weeks will be employed as a substitute in the fire department.

Police probably will double-up on their patrols half of the time and employ a substitute the remainder.

Approval was written on a claim of Mrs. Rhoda B. Ewing who alleged that \$98 in damages was sustained by window and frame of her home during a fire which occurred while the City held custody of the residence.

The City temporarily delayed (Continued on Page Five)

Florida Exhibit Is Expected To Steal Show At Cleveland

CLEVELAND, June 9.—Every indication points to Florida's "stealing the show" at Cleveland's Great Lakes Exposition, just as she did at A Century of Progress in Chicago. Working day and night on 24 hour shifts, artisans and laborers have been working feverishly to put the Florida exhibit in shape for the opening scheduled for June 27.

Officials estimate an attendance of several millions as the exposition will draw from the thickly populated areas of Ohio, New York, Michigan, Illinois and Canada.

Florida annually draws a large tourist trade from this territory and it is believed that the Florida exhibit at Cleveland this summer will result in directing thousands of tourists to the state next fall and winter.

Florida has been favored with one of the choicest locations on the exposition grounds while mid-west newspapers have been generous with publicity concerning the Florida show.

Harold Cole, president of the Florida State Chamber of Commerce, has assumed direction of the campaign for funds to support the Florida exhibit and as the amount necessary is very nominal it is believed the money necessary will be raised without difficulty.

Florida's exhibit at Cleveland should return a tremendous investment in the form of increased tourist business in the coming season.

City Ready To Pay \$6180 On Bond Debt

The city government today was prepared to pay \$6180 to holders of Sanford municipal bonds, according to a report made last night by City Clerk F. S. Lammie before the commission.

An amount of slightly more than \$100 is available for insurance purposes, the report stated further.

The "salvation army" of Canton (South) Chinese government marched northward after an independent declaration of war against Japan. G. O. P. Convention Is Called To Order Amid Sunflowers

CONVENTION HALL, CLEVELAND, June 9.—(AP)—In a perfunctory session which brought none of the party strife to the surface, the Republican convention opened today amidst a profusion of London sunflowers.

The committees on platform and other questions were set up and members were called to meet in an endeavor to reconcile behind closed doors, if necessary, many disputes under way.

Under the forceful and diplomatic guiding of Chairman Henry P. Fletcher, routine matters were dispatched in less than an hour. Some delegates and many holders of gallery tickets did not even show up.

John M. Hamilton, manager for Gov. Alf M. Landon of Kansas was at the center of an eager group right beneath Fletcher's nose during a large part of the proceedings. He said, "all is well" and let it go at that.

Senator Borah who is not a delegate this year remained away but Senator Vandenberg of Michigan, himself a possibility for the nomination in event of a deadlock, visited party leaders on the platform. There were no demonstrations.

Causes of some delegations later in the day were considered more important for the ultimate outcome than the opening session itself, if decisions on whom to support were reached. Senator Frederick Steiwer, Oregon, was given an ovation when he was formally elected to the temporary chairmanship. The convention recessed at 11:33 A. M. until 8 P. M. when Steiwer delivers the keynote speech.

PORT'S WIDOW DIES

HEAFFORD JUNCTION, Wis., June 9.—(P)—Mrs. Julian Field, widow of Eugene Field, the poet, died of a heart attack at her home here Monday.

The 30-year-old woman was stricken at the estate which the action of her husband's fraternity saved for her two weeks ago when she was about to lose it through foreclosure.

State Board Will Meet To Decide Winner

With All But Six Counties Reporting Officially, Fred Cone Leads Hodges

Lake City Banker Starts 2nd Fight

Sholtz Orders Investigation Of Votes Cast In Levy County

Petteway 51,719
Cone 46,838
Hodges 46,477

TALLAHASSEE, June 9.—(AP)—All but six of Florida's 67 counties have reported officially to the state canvassing board on last Tuesday's Democratic primary. As soon as reports are received from Calhoun, Dade, Dixie, Hamilton, Polk and Palm Beach counties and tabulated in the office of Secretary of State Gray, the state board will meet to declare the result.

The Associated Press tabulation of official canvass figures in all counties gave an edge of 361 votes to Fred P. Cone, Lake City banker, over W. C. Hodges. The totals were: Cone, 46,838; Hodges, 46,477; Petteway, 51,719.

Cone opened headquarters for the second campaign and planned a statewide radio hookup tonight. The state canvassing board must officially declare the winner of second place, Secretary Gray who is a member of the board, said he had heard of no contests being prepared.

Sholtz, who was to have started today but the closeness of the ballot caused delay in some counties. Hillsborough started the absentee voting.

Gray said it is up to the county commissioners to prepare a ballot now or await the canvassing board's announcement. Hodges said he will abide by the board's decision.

Sholtz sent a telegram to State Attorney J. C. Adkins of Gainesville saying: "You are expected to use every power of your office to the end that fair and honest election results are returned in Levy county where County Judge Sale complained by telegram of irregularities and requested assistance."

Union services will begin at the First Baptist Church on July 5, according to a decision reached today by the Sanford Ministerial Association.

Daily vacation Bible School discussion will be one of the features of the first meeting.

Other union services scheduled by the association follow: July 12, Christian Church, with Captain F. S. Feren preaching; July 19, Congregational Church, with the Rev. Martin Brum, preaching; July 26, Episcopal Church, with the Rev. E. D. Brownlee preaching; Aug. 2, Methodist Church, with the Rev. A. H. Cole preaching; Aug. 16, Baptist Church, open; Aug. 23, Christian Church, with the Rev. J. B. Root preaching; Aug. 30, Congregational Church, for which the Christian Church will name a speaker.

Sanford Painter Accorded Praise And Prize For Art

Oke Nordgren's story reads like the Horatio Alger novels of the home town boy who made good elsewhere.

Elsewhere in this case was Washington, D. C., and to be more specific, the Corcoran School of Art.

Nordgren, for a long time a resident of Sanford, was graduated by the local high school. Interested in painting, he followed the trail of the easel and brush to national recognition by winning the Corcoran first prize of \$200 for the best portrait on exhibition in the school.

Beyond the cash prize—and probably of more value—is the national prestige and recognition which the former Sanfordite will be accorded through his achievement.

After leaving Sanford, Nordgren lived for some time in Boston which he left to enroll in the Corcoran school.

The local youth's work was surrounded by ample competition which included many pieces of art in the following classes: portrait, life, antique, still life, sculpture, composition, sketch and landscape.

Seminole Cypresses Will Appear On Map

Giant cypress trees of Seminole County will be among the illustrations being prepared for the cover of the State Road Department's new map of Florida.

Ralph Bagwell, secretary of the Seminole County Chamber of Commerce, today was preparing to forward the latest pictures of the huge trees to the H. and W. B. Drew Company of Jacksonville, contractors for map printing.

Geological estimates record that the Seminole cypresses are more than 8,000 years old.

Any person desiring additional information of the trees should contact Mr. Bagwell at the Chamber of Commerce.
