TRUMAN ASKS WALLACE TO RESIGN

Trieste Plans Upheld By Big Four Nations

Military Commission Sticks With Minister's Decisions On Bulgarian Powers

PARIS, Sept. 20, (AP)—Russia, as well as Britain, France and the United States, remained faithful to Big Four commitments at the Paris Peace Conference today in the voting on the boundaries of the future free state of Trieste.

The Italian Political and Territorial Commission balloted 21 times on various proposals to change the borders of Trieste previously fixed by the Big Four. Russia stood by her commitments, even though it meant voting against proposals by the Slav bloc, which she usually backs. Britain, France and the United States stuck to their commitments, even though that meant voting against Canada, Australia, New Zealand, South Africa, the Netherlands and Brazil. Of the 11 proposed changes, the commission voted down all but one, which it accepted by a 13 to 5 count.

The Military Commission was in session today, and it also stuck to a Big Four agreement. It rejected 10 to 6 a Greek amendment to reduce the naval base at Trieste to a Greek port.

Haifa Railway Shops Wrecked By Explosion

Officials Declare Jews Are Responsible For Blast In Which Part Of City Is Rocked

JERUSALEM, Sept. 20, (AP)—A train of explosives today blasted shops and the Palestine government building in Haifa, the work of four Jews.

The blast caused widespread property damage. Early dispatches from Haifa said the whole east end of the town was shaken. A two-story office building occupied by the railway company is said to have been demolished.

The government announcement said that the drum of explosives was dropped from a truck into the street at the entrance to the railway shops. Police immediately closed nearby buildings and roped off the area. The drum exploded after 20 minutes.

Police in Haifa speculated that the blasting was the work of underground resistance fighters.

In London, meanwhile, seven Arab League states have refused to reconsider their rejection of the British-American Experts' plan for a federalized Palestine. The Arab delegates called on Britain to end all Jewish immigration into the Holy Land immediately.

Sailplane Altitude Record Holder

Paul Tantland, who on Aug. 24, ascended to a record breaking height of 22,700 feet in a two place sailplane is shown grinning in the cockpit of his glider, the Screamin' Weiner, which is fittingly painted bright red. He has been attached to the Thunderbolt project for Army weather observation at Orlando and last Sunday was only a bit behind Ray Parker in the cross country race to Deland, and participated in glider stunts at the Municipal Airport.

Chinese Reds To Make Final Peace Effort

Communists Transfer 300,000 Troops To Kalgan To Prepare For City's Defense

SHANGHAI, Sept. 20, (AP)—A Chinese Communist spokesman declared today the party will make one final effort at peace.

The spokesman, Chen Chia-Kang, said if that effort fails the Chinese Communists will feel justified in publishing the full record of what has gone on at the Nanking negotiations. Chen said the Nanking talks have deteriorated into what he termed "a maneuver to camouflage the current civil war to exterminate the Communists and other Democratic groups within China."

It becomes increasingly evident that the Kuomintang government is determined to achieve military occupation of many Communist-held cities and railway lines.

In a dispatch from Peiping, Associated Press correspondent Tom Masterson reports the Chinese government is doing just that. Its victorious forces are advancing toward Kalgan, the Communist's big military base in Chahar province. Masterson says the government is prepared to launch its offensive against Kalgan from three directions.

According to Chinese news items, the Communists have moved 300,000 troops to Kalgan to defend the city.

President Reveals No Foreign Policy Change Planned

Fundamental Conflict In Wallace's And Byrnes' Attitude Toward Russia Is Cause Of President Truman's Demand

WASHINGTON—Henry Wallace will make a radio speech at 9:00 o'clock, Eastern Daylight Time tonight. Wallace will speak briefly over the Columbia Broadcasting System and possibly other networks.

PARIS—Secretary of State James Byrnes made no comment today on the ouster of Henry Wallace as Secretary of Commerce. An associate of Byrnes was asked whether the Secretary of State was surprised at the news. The associate replied, "Well, yes and no." Other persons close to Byrnes said "he did not look displeased."

Senator Pepper declared today that he believed the ouster of Henry Wallace as Secretary of Commerce will have a far reaching effect upon the country and probably upon the Democratic party. Pepper, an outspoken opponent of the Administration's foreign policy, said he did not wish to comment upon the President's action until he could set out the full facts surrounding it and can appreciate the significance. Senator Pepper added, however, the government in respect to our foreign policy—which means "I assume that President Truman's silencing of the members of war or peace—is not intended as an attempt to stifle freedom of speech in his country by members of Congress or by the people generally."

Wallace Asks Traffic Rules In School Areas Be Enforced

Lions Ask Traffic Rules In School Areas Be Enforced

The Sanford Lions Club today went on record as advocating that the police strictly enforce speed limits of 15 miles an hour when passing through school zones, especially on French Avenue at the high school and on Sanford Avenue at the Junior High School. This action followed a report by Harry Robson, chairman of the safety control committee, who urged that safety signs be placed at all school approaches.

The Lions also advocated that no buildings be removed from the Sanford Naval Air Station and appointed J. D. McNeill and Cliff Able as a committee to contact Chamber of Commerce Manager Edward Higgins on the matter. A letter to Ray Slaton, secretary of the Jaycees, approving the routing of trucks onto French Avenue, was approved.

A zone meeting with Lion officials from nearby cities will be held Friday evening at 8:00 o'clock at the Sanford Country Club. It was announced by King Lion Henry Witte. No noon luncheon meeting will be held Friday.

"Tail Twister" Dick Elsberry had a busy day and among those fired for wearing neckties were W. V. Hitting, Dr. Harry Sibley and W. R. Connolly, Herald reporter.

Clothing Expert To Hold Tailoring Classes In County

Miss Joyce Bevis, state extension clothing specialist, will be in Seminole County Monday and Tuesday, Sept. 23 and 24 to conduct tailoring classes. Clothing chairman of home demonstration clubs are to be at these classes.

The following clothing chairmen will meet at the office of Mrs. Ouida Wilson, county home demonstration agent, at 10:00 A. M. and 7:00 P. M.: Mrs. R. Gray of Longwood, Mrs. Lucille Behrens of Lake Monroe, Mrs. Grover LePils of Geneva, Mrs. J. P. LaRoche of Elder Springs and Miss Klarae Kirchoff of Sanford. Lunch will be served at the office.

Florida Fugitive Is Nabbed In New York

NEW YORK, Sept. 20, (AP)—A 23-year-old Florida chain gang fugitive was arrested in New York today for allegedly passing bad checks on hotels and department stores. Detectives identified the youth as Bernard Mendelson, Detroit, Mich., and said he had been serving a 38-year term for jolting out worthless checks in Palm Beach, Miami, and other Florida cities.

Police quoted Mendelson as saying he came to New York after fleeing a chain gang camp at Callahan, Fla. last September by hiding in a swamp.

Sanford Baseball Fans In Frenzy Over Final Tilt

Baseball was the chief topic of conversation today on the streets of Sanford and since last night's thrilling 4 to 3 victory over the Orlando Senators to tie up the series three games to three, there have been several important developments about here today.

Mayor H. James Gut issued a proclamation today urging as many Sanford fans to attend the game as possible to support Manager Ed Levy's club in their fight to capture the series and win the right to play the playoff champions of the Georgia-Florida League.

Also this afternoon, officials of the Sanford Merchants Association announced that most of the retail stores in the business district will close tomorrow evening at 6:00 o'clock in order to permit personnel of the firms to reach Orlando by game time.

General Manager John Gandel of the Orlando Senators said this afternoon when contacted by The Sanford Herald that Orlando officials were anticipating a sell out and that it would probably be the greatest crowd in the history of the Florida State League. Some 4,000 to 6,000 fans will probably be on hand for the game.

Meanwhile, in the Georgia-Florida League, Moultrie and Americus are engaged in the final playoff in that loop. The American Phils, league champions, are trailing Moultrie by two games to one. Last night, after dropping two straight to Moultrie, the Phils captured the third series contest by a score of 2 to 1.

An effort was made today by local merchants to sponsor a play-by-play commentary on the game over a public address system, but were unable to do so because of the shortage of telephone equipment in Orlando.

Lehman Expects New Record To Be Set During 1946-1947 Season

Six new dealers are locating at the Sanford market and business is expected to exceed the \$2,700,000 mark achieved last year and may pass the \$3,000,000 mark according to H. J. Lehman, market manager, who returned from vacation at Crown Point, Ind.

The new dealers will include Sanford-Ovitz-Turk, Growers, Inc.; Joe Corley Produce Co.; Bales Fruit Co.; Garner Produce Co.; Henry Longwell and John McCallister. In addition, Richard Packard and John Watson, who have been in the service, have returned to re-establish their business.

It is being asked to repair the surface of the paving at the market, and there will be an extension of 50 feet of paving to the rear of the main building, and paving will be extended along the railway spur adjoining Thirteenth Street. Bills are to be asked for the painting of the newly enlarged market restaurant. It is expected that the new market addition will be completed during the Fall and will be equipped with eye spouting, said Mr. Lehman.

In view of the increased trucking expected this year, Mr. Lehman stressed the need of widening and repaving French Avenue as a farm to market road, over which perhaps four million dollars worth of fruit and produce will roll this year.

Weather conditions permitting, the Patrick Fruit Company at French Avenue and Twelfth Street will be the first of the packing houses in the area to get into operation, and machinery is being readied for operation next week. The Sanford Fruit Company and Market Fruit Company are expected to be in operation on or before Oct. 1, also the Southward Fruit Company. Escarole and beans are expected to (Continued on Page Six)

Reds To Purge Farm, Political Officials

LONDON, Sept. 20, (AP)—The Russian government today ordered a country-wide purge of farm officials and local political leaders accused of plundering farmlands. A Moscow report said agricultural officials guilty of anti-government activity in pilfering property will be prosecuted as common criminals.

The Communist Paper Pravda declares that certain individual economic elements in Russia have seized communal lands for their own profit. Pravda described the purge as a move having a political significance of the first importance.

Work Begins Today On Old City Clock

Workers from the O. B. He-Clincock Company of Minnesota were busy this morning giving the City clock at First Street and Park Avenue a thorough "face lifting" and "operation."

New cables, secondary which operate the hands, hammers and constitute the clock are being installed, according to T. T. Chubrecht and Vern Speltz, company representatives who are in charge of operations.

The old clock is expected to be in fine working order by Monday and will henceforth be kept in operation by the company. The clock was installed by the city a number of years ago by A. H. Moses.

Sanford Baseball Party Able To Reach Wrecked Ship But Communications Nil

NEW YORK, Sept. 20, (AP)—The Coast Guard has announced officially that there are 18 survivors of the crash of a Belgian Airlines plane near Gander, Newfoundland. Some of the 18 survivors are said to be in "very bad condition."

GANDER AIRPORT, Newfoundland, Sept. 20, (AP)—There still is no definite information as to the number of survivors of the big Belgian Airlines plane which crashed in a wilderness near Gander, Newfoundland, Wednesday morning. It is believed that five to seven persons are alive.

The Coast Guard says it has been unable to renew communications with the rescue crews at the site of the wrecked plane so far today. Bad visibility in the area has forced the grounding of additional planes which were to be dispatched to the scene.

A rescue party from Ft. McAndrew reached the plane last night. Soon after the plane was reached, however, batteries in the rescue party's portable equipment burned out, and efforts are being made today to get batteries to the rescuers, as well as any needed supplies.

Jaycees To Sponsor Contest To Select Entries For Orange Bowl Queen

Officials of the Junior Chamber of Commerce announced today that the organization will sponsor a local contest to select several Sanford girls to be entered in a contest to pick Florida's most photogenic young lady to be the 1947 Orange Bowl Queen.

Local photographers Raymond Cox, Nichols and Wiehl, have been selected to judge the local contest. Individuals and organizations may enter the contest by sending eight by ten glossy print photos to the Junior Chamber of Commerce Photogenic Contest, P. O. Box 1242, this city. Three photos must be submitted, the Jaycees said. One must be a head portrait, another must be a full length photo of the young lady wearing a bathing suit and in the third the contestant must be wearing an evening dress, street dress or sports clothing.

Each contestant, it was revealed, must be unmarried, between the ages of 18 and 25 and must have been a resident of Florida since Jan. 1, 1946.

Name, address and the age of the contestant must be attached to each photograph and also pertinent measurements.

The local judges will choose from among the entries several winners and the Jaycees will forward them to Miami as entries in the state-wide contest. From the photographs the Orange Bowl committee will be able to judge the photogenic qualities of the contestants. The girl will then be interviewed and scored on the basis of her personality, poise, voice, personal appearance, character and background.

The Jaycees said that no tinted or colored photographs will be accepted and if all requirements are not met, the entry will be disqualified.

Bryant Will Address Local V. F. W. Post

L. A. Bryant, head of the Veterans Administration's sub-regional office in Orlando, will be the guest speaker at the meeting Monday night of the Veterans of Foreign Wars at the Legion Hut on Seminole Boulevard.

Mr. Bryant will discuss on-the-job training of other veterans affairs. Adjutant John L. Sauls said this morning. The meeting will begin at 7:00 o'clock. A supper will be served at that time.

Forrestal Becomes Dean Of Cabinet

WASHINGTON, Sept. 20, (AP)—Henry A. Wallace's departure from the Commerce Department leaves Secretary of the Navy James V. Forrestal the only Roosevelt-appointed member of the cabinet.

Since President Truman entered the White House he has made these other changes:

State — James F. Byrnes for Edward R. Stettinius, Jr.
Treasury — Fred M. Vinson for Henry Morgenthau, Jr.
and John W. Snyder for Vincent P. Padelford.

Agriculture — Charles W. Peterson for Henry L. Wallace.
Justice — Tom C. Clark for Francis Biddle.
Post Office — Robert E. Hannegan for Frank C. Walker.
Interior — Julius A. Krug for Harold L. Ickes.
Agriculture — Clinton P. Anderson for Charles W. Peterson.
Labor — Lewis B. Schwellenbach for Francis Perkins.

The late President Roosevelt appointed Forrestal Secretary of the Navy May 10, 1944, after the death of Col. Frank Knox. Thus Forrestal becomes Dean of the cabinet.

Wallace was Secretary of Agriculture in the original New Deal cabinet which took office in 1933.

Holler To Visit Canada

Roy Holler, who tonight aboard an Eastern Air Lines plane for Quebec, Canada, where he will attend the top club meeting of the New York Life Insurance Company of which he is a local representative. He will stop in Boston, New York and Philadelphia upon his return.

U. S. Denies Charges

WASHINGTON, Sept. 20, (AP)—The United States has told Yugoslavia that her charge of improper treatment of Yugoslav officers in the Anglo-American zone of Venezia Giulia is false and exaggerated. At the same time, the United States has demanded co-operation from Marshal Tito's government in efforts to halt what are described as terrorist activities of pro-Slav elements in the Anglo-American zone of the disputed region.

Number Of Plane Crash Survivors Is Still Unknown

NEW YORK, Sept. 20, (AP)—The Coast Guard has announced officially that there are 18 survivors of the crash of a Belgian Airlines plane near Gander, Newfoundland. Some of the 18 survivors are said to be in "very bad condition."

GANDER AIRPORT, Newfoundland, Sept. 20, (AP)—There still is no definite information as to the number of survivors of the big Belgian Airlines plane which crashed in a wilderness near Gander, Newfoundland, Wednesday morning. It is believed that five to seven persons are alive.

The Coast Guard says it has been unable to renew communications with the rescue crews at the site of the wrecked plane so far today. Bad visibility in the area has forced the grounding of additional planes which were to be dispatched to the scene.

A rescue party from Ft. McAndrew reached the plane last night. Soon after the plane was reached, however, batteries in the rescue party's portable equipment burned out, and efforts are being made today to get batteries to the rescuers, as well as any needed supplies.

CPHM Waits Returns To United States

CPHM James G. Waits, Jr., son of Mr. and Mrs. J. G. Waits, Sr., of this city, has returned to the United States after a tour of duty in China, it was announced today.

Chief Waits is currently serving at Camp Joseph H. Pendleton, Oceanide, Calif., with the Third Medical Battalion of the Third Marine Brigade.

A. K. Powers Issued Building Permit

A building permit has been issued at the City Hall to Capt. A. K. Powers, now on military duty in Germany, to erect a dwelling at Rose Court at a cost of \$8,000. Mrs. Onis Z. Bryd, mother of Capt. Powers, is directing the details of the building. P. M. Campbell is contractor.

Another recent permit is that issued to Ted Williams to erect a seven room home at estimated cost of \$9,000 on Sanford Avenue between Fourteenth and Fifteenth Streets.

Wallace Asks Traffic Rules In School Areas Be Enforced

The Sanford Lions Club today went on record as advocating that the police strictly enforce speed limits of 15 miles an hour when passing through school zones, especially on French Avenue at the high school and on Sanford Avenue at the Junior High School. This action followed a report by Harry Robson, chairman of the safety control committee, who urged that safety signs be placed at all school approaches.

The Lions also advocated that no buildings be removed from the Sanford Naval Air Station and appointed J. D. McNeill and Cliff Able as a committee to contact Chamber of Commerce Manager Edward Higgins on the matter. A letter to Ray Slaton, secretary of the Jaycees, approving the routing of trucks onto French Avenue, was approved.

A zone meeting with Lion officials from nearby cities will be held Friday evening at 8:00 o'clock at the Sanford Country Club. It was announced by King Lion Henry Witte. No noon luncheon meeting will be held Friday.

"Tail Twister" Dick Elsberry had a busy day and among those fired for wearing neckties were W. V. Hitting, Dr. Harry Sibley and W. R. Connolly, Herald reporter.

BIBLE VERSE FOR TODAY

UNLESS YOUR OBJECT IS
JUST TO CREATE THE ILLU-
SION OF GENEROSITY, TO IM-
PRESS OTHERS, YOU CAN'T
POOL YOURSELF NOR THE
MAKE. BETTER TO HAVE
COMBINATION OF YOUR
CONSCIENCE. But when thou
doest also let not thy left hand
know what thy right hand doeth.
—Matt. 6:3.

Autumn in the Fourteenth Year

(From The Washington Post)
How, with the shouting reds, the
gold like bugles,
the bronze leaves struck like bells,
the harsh maroons
crying departure on the reeling
bill I grieve for summer and
sweet moons?
No plaint for spring with its blun-
dering and ache,
no elegy for summer, will I
fashion,
but I shall riot with barbaric day
and climb the midnight's high
defile with passion
and watch the lean wedge of will
geese go over,
and while the sharp frost-silvered
wings depart
I shall exult with beauty nor care
how soon
the white snow drift and cover
this rowdy heart.
FRANCES BROST.

We see where the OPA has

decided to increase the price of
rice which you can't buy.

President Truman is said to be
planning to set up a special com-
mission for the purpose of rooting
reds out of government jobs. It
should begin with the higher-ups.

Are you still waiting for that
automobile you had on order
for the past year? Well, 6,000
Detroit auto workers are out on
strike again.

The Times-Union is interested
in knowing where Drew Pearcy
got his copy of Secretary Wal-
lace's letter if he didn't "filch"
it from Department of Commerce
files. May be one of the commu-
nists working there "filched" it
for him.

Secretary Wallace says he will
not resign from the cabinet "be-
cause he is an honest man". In
his July 23rd letter to President
Truman, he said: "There is a
school of military thinking...
which advocates a preventive
war (against Russia)". But the
Secretaries of the War and Navy
departments now write: "There
is no basis for this statement.
There is no such military think-
ing". Evidently someone isn't an
honest man.

Jimmy Roosevelt says he is
100 percent for Henry Wallace,
but Senator George of Georgia
says: "We cannot stabilize the
world if those in high positions
of responsibility are not willing
to support the government's
policy." and Democratic Majority
leader McCormack says: "Wallace
said Russia has the right to
socialize nations in its sphere of
influence, even though the people
in those nations, did not want
to be socialized. That's where we
disagree."

We have been hearing a good
deal about this so-called "Get
tough with Russia" policy of our
State Department. But that is
the name which the communists
give our foreign policy. And it
doesn't mean that we intend to
invade in the least on any of
Russia's rights, domestic or for-
eign, or that we will try in any
way to tell the Russians what
they can do about their own
affairs. It simply means that we
do not intend to back down be-
fore further acts of aggression
against other nations, as we made
the mistake of doing in the case
of Japan and Germany.

This column has frequently
pointed out that communists in-
side our government and some
of our labor organizations are at
the bottom of most of our for-
eign and domestic problems. Now
William Green of the
American Federation of Labor
says: "Communists in America are
trying to divide our people and
control every line of our foreign
policy. It is time to get
tough with them. We
must get a halt to the aggres-
sive tactics of Soviet Russia and
the communist propaganda. We
must get most strenuously to the
work of getting rid of the
communist methods of people of
aggression."

Good Food

The infinite possibilities of good food are clearly
shown by the amazing success of the Toll House, an in-
teresting little restaurant on the outskirts of Whitman,
Mass. Established early in the depression, this now famous
food emporium, not only survived the storms and strug-
gles of those troublous times, but despite recent food and
labor shortages and the ravages of wartime rationing has
grown into a thriving business institution.

Founded by a famous dietician and her husband in
1930, the Toll House opened for business with only seven
tables, one male assistant and a waitress. In three years
time, years which saw thousands of other restaurants and
businesses of every description closing their doors, the
number of tables had been increased to 64. At the present
time the Toll House employs over one hundred persons
and serves nearly two thousand guests a day.

Mrs. Wakefield attributes the success of her institu-
tion to the simple fact that she serves good food. "People
will drive a long way to get a good meal," she says. "The
secret of her food preparation is cooking in small quanti-
ties and using no substitutes for butter, cream, eggs,
fresh fruits and vegetables in preparing a fine meal," she
says. If you want a good pie, you have got to have the
ingredients.

Poor English

Professors at two large universities have been saying
that today's high school graduates are very badly trained
in the use of the English language and in the fundamen-
tals of grammar. One professor went so far as to say that
many freshman college students are unable to distinguish
between an adjective and an adverb.

These are hard words, but many parents will agree
with them. The letters written home by college students
are often horrible examples, in both grammar and spell-
ing. The college student needs a working knowledge of
English in order to express himself clearly and forcibly in
writing on many subjects, and this knowledge and ability
should be taken for granted in every high school gradu-
ate. Whether or not high school graduates go on to col-
lege, the ability to use English effectively will help them
in any work.

Some teachers advocate a return to the requirement
of Latin in high schools as a help in learning English
construction; but this seems unlikely to come to pass in
most high schools. The old-fashioned method of Mem-
orizing in the fundamentals by memory drills remains the
most effective as well as the simplest way to make gram-
mar stick.

The Printing Press

I am the printing press, born of the mother earth.
My heart is of steel, my limbs are of iron, and my fingers
are of brass.

I sing songs of the world, the oratorios of history,
the symphonies of all time.

I am the voice of today, the herald of tomorrow. I
weave into the warp of the past the woof of the future. I
tell the stories of peace and war alike.

I make the human heart beat with passion or tend-
erness. I stir the pulse of nations, and make brave men
do better deeds, and soldiers die.

I am the laughter and tears of the world, and I shall
never die until all things return to the immutable dust.

I am the printing press.

(Robert Hobart Davis (1869-1942))

Very truly yours,
Claude Pepper

MIAMI BEACH

Dear Friends:
When I wrote you last I was
in Seattle. After a week speak-
ing on the Pacific coast for
Democratic nominees for the
Senate and House of Representatives
I returned East to New York and
with Secretary Henry Wallace
spoke at a great rally in Madison
Square Garden opening the Demo-
cratic Campaign in New York on
behalf of Senator Head who op-
poses Governor Dewey for Gov-
ernor and former-governor Leh-
man who is Democratic nominee
for U. S. Senator.

That was the speech by Mr.
Wallace which caused the furor.
Mr. Wallace announced the Presi-
dent had read and approved his
speech on foreign policy. The
crowd quite out of sympathy
with the way things are going
Paris hissed and booed when
Mr. Wallace stated that some of
us have views as to the best
way to prosperity and peace
were also the views of President
Truman. The crowd simply did
not believe that those views could
be the views of the President
and our State Department and
our delegation abroad following
the course they are following.
But Mr. Wallace told the audience
of 20,000 in effect that they were
doing the President an injustice
and that he was not anti-British
nor anti-Russian; that he was
neither isolationist nor imperialist;
that he wanted to be fair
with the Russians and all other
nations and he was not tied up
with Britain or any other nation
but doing what he thought was

best for America. Secretary Wal-
lace was very much heartened
over the President's approval of
his speech, for he like me, has
felt we were being led towards
another and worse war and has
been deeply concerned.

Now the State Department and
the Republicans and anti-Roose-
velt Democrats have got hold of
the President and induced him to
say that he did not intend to ap-
prove Mr. Wallace's speech. I
do not now know what Mr. Wal-
lace is going to do but I do not
see how he can avoid resigning
his place in the Cabinet. It is
too bad that the President who
is charged under the Constitution
with the conduct of our foreign
policy does not feel sufficiently
sure of himself and enough mas-
ter of his own administration
that he can declare his views at
any time and his representatives
will follow him rather than at-
tempt to coerce him to repudiate
a speech which he must have ap-
proved as to content as Mr. Wal-
lace said he did. It is obvious
that Mr. Wallace did not submit
his speech to the President just
to get his permission to make
a speech but to get his approval
of what he said in the address
because he was a Cabinet officer
and the subject was very impor-
tant.

Mr. Wallace made very much
of the same kind of a speech
I made on the same occasion and
time will prove that his was a
great speech and sets out the
only policy for our country to
pursue if we are to have peace
and world-well-being in our time.

Republican War-
time leaders
are to be
seen in
other
places
you
will
see
all
the
time
in
the
news-
papers.

ANOTHER JUVENILE DELINQUENT

Mr. Wallace and I against great
odds and every kind of unjust
criticism and accusation are try-
ing to point out to our people a
course which is strictly an Ameri-
can policy—not British, not Rus-
sian, not anybody else—but
American. We don't want to see
any foreignism get a foothold
in this country and we know that
the best way to keep them out
is to keep American democracy
strong in America and to keep
this country and the world out
of a war which would destroy
our kind of democracy and the
hope of our kind of a world.

The people are being deceived
by propaganda and false infor-
mation. They do not get the facts.
The people will make the right
decision if they know the truth
for the Bible says that if the
people know the truth they shall
be free. Mr. Wallace and I having
better access to the truth than the
people usually get have tried to
give the people the facts and let
them make the decision. Yet
because we do this we are called
every name they think the people
hate. They do not want us to
talk about our foreign policy.

Well I am a member of the
Foreign Relations Committee of
the Senate and Mr. Wallace is
a Cabinet officer. Since when
can they muzzle with threats and
smears either a public officer or
a private citizen when he tries
to warn the people against a
future war which will steal their
substance and kill their sons and
daughters and maybe blast the
people themselves into nothing or
exterminate them in the agony
of some atomic disease?

I was hanged in effigy and
denounced up and down the land
for warning against the war that
would come to us if we did not do
something to stop it. Later my
enemies had to admit I was right
and I am right again and whatever

Alpha Tau Omega Honors Rushees With Hayride, Supper, Swim And Dance Party

The Alpha Tau Omega fraternity active, alumni members and guests honored the Sanford rushees and guests last evening with a hay ride, picnic, supper, swim and dance party at Sand Springs. The group started on the ride early in the evening and sang familiar fraternity songs enroute to the springs. Swimming was enjoyed after which a delicious picnic supper was served around a camp fire.

Group singing and dancing followed the outdoor picnic. Rushees present were Glenn Lingle, Jr., Kenneth Leffler, George Cox, Pete Brock, Hugh Wheelchel, Jr., Al Raburn, Alvin Kilpatrick, Billy Brumley, Billy Gray, Laurier Ward, Bobby Jones, Tommy Vaughan, Clarence McKee, Jr., Bill Branan, E. C. Harper, Jr., Kirby Fife, Jr. and Dale Scott, Jr.

Guests of the rushees were

Misses Catherine Clark, Janet Hitzel, Betty Sasser, Martha Perkins, Sylvia Meisch, Dorothy Crumley, Camilla Batten and Mrs. Dale Scott, Jr.

Active and alumni present were McKay Truluck, Mack Cleveland, Jr., Tony Huddleston, Leo Butler, Jr., Donald Jones and Earl Jeter, Jr. Guests included Misses Martha Wight, Jane Thigpen, Jean Whigham and Nancy Colton.

Other alumni members are Richard Brown, Jr., Hugh Wheelchel, Sr., Fred T. Williams, Jr., Donald Bishop, Jr., Douglas Stenstrom, Bruce Bolt, Capt. Jack Bolt, Karlisle Householder, Henry Wight II and Dr. G. S. Selman.

Also Dr. Ralph Tolar, Robert Newman, Jr., Roy Williamson, E. F. Householder, William White, H. M. W. Sturdivant and Judge Smith.

Social Calendar

MONDAY
The Womens Missionary Union officers of the First Baptist Church will hold an executive meeting at 3:00 P. M. followed by the annual business meeting at 5:30 P. M. when 1947 officers will be presented.

The Dependable Class of the First Methodist Church will meet at the home of Mrs. E. A. Lundberg on Brown Avenue at 8:00 P. M.

HAPPY BIRTHDAY
September 19
Gordon Frederick

Cold sliced turkey combines well with a leaf of fresh garden lettuce on which you have placed an appetizing mixture of whole freshly-cooked green string beans, finely shaved onions or chives, a touch of garlic salt, and enough curry powder to add an agreeable herb-like flavor.

DRY CLEANING

We will cut your annual clothing costs, through our Dry Cleaning. And keep you in the "Better Dressed Men" class. Good appearance is more than a business asset—it's an outright necessity. Socially, appearances make or break many a Man! Entrust your Good Appearance to us.

Les Souers Hold First Meet of Year

Les Souers held the first meeting of the new year on Tuesday evening with the original sponsor, Mrs. C. R. Dawson, speaking on the "Adopt A Family Plan".

The girls agreed to adopt a family in Belgium by the name of Emmanuel de Saedeleer, 25 Place Du Baquet, Waterloo, Belgium. There are two daughters in the family. Agnes was born in 1931 and Marie in 1936.

The members agreed to take turns corresponding with the family and sending in boxes. Mrs. Dawson announced that if anyone in the city was interested in assisting with this project to contact Miss Jean Sayer or Miss Joyce Goodspeed.

Miss Goodspeed presided over the meeting as the president. Miss Sayer was called upon to sponsor the club Mrs. Wayde Rucker, Mrs. H. C. Hezel and Mrs. C. R. Dawson were introduced. A round table discussion followed.

Those present were Jane Chapman, June Rose Dutton, Barbara Chapman, Louise Clark, Lyllian Boyle, Gloria Dampier, Kitty Odham, Caroline Lee, Shirley Moreland, Phyllis Bah, Betty Jane Copeland, Evelyn Ratliff, Jean Sayer, Lolo Lee, Myra Southward, Joyce Goodspeed and Nancy Williams.

There is a quick and easy dessert! Peel whole peaches, stud lightly with two or three cloves and place in a sugar syrup with a stick of cinnamon and poach lightly, covered until tender but not mushy. Serve well chilled.

While slip covers are still damp, iron just the flounces and then work the damp slip cover over the chair. This not only eliminates ironing the back and seat but produces a better fit, too.

Lovely Tea Given This Afternoon For Pi Beta Phi Sorority Rushees

A beautiful tea was given this afternoon by the active and alumnae members of Pi Beta Phi social sorority, at the home of Miss Martha Perkins on Magnolia Avenue between 4:00 and 5:00 o'clock honoring the Sanford girls who plan to enter college this year and who are being rushed by the sorority.

The sorority colors of wine and blue were carried out in the flowers, napkins, embossed individual cakes and song books. The dining room table was covered with a handmade lace cloth and centered with an artistic arrangement of Fall flowers flanked by silver candlesticks holding blue tapers.

Refreshments of punch, cakes, dainty sandwiches, fancy nuts and colorful mints were served by the sorority members. Sorority songs were sung by the group throughout the afternoon.

Rushees invited were Miss Daphne Connelly, Miss Betty Jo Brock, Miss Dorothy Crumley, Miss Nancy Jo Gonzalez, Miss Lillian Kirkland, Mrs. Henry Wight II, Mrs. Jane Stull and Mrs. Walter Sneed.

Also Mrs. John Bolt, Mrs. Charles Vodopich, Mrs. Hamilton Owen, Mrs. Richard Gillespie, Mrs. Nicholas Ashby, Mrs. Richard Brown, George Danglesman, Mrs. Lawrence Hartsfield and Mrs. William Bush.

Betty Colbert To Wed William Farik

Mrs. Edith L. Colbert of this city is announcing the engagement of her daughter Betty Floy Williams-Proctor Farik, son of Mr. and Mrs. William H. Farik of New York City. The wedding will be an event of the near future.

Miss Colbert attended the local schools having graduated from Seminole High in 1940 and the Sanford Vocational School in 1941. She was employed at the Sanford Naval Air Station from Sept. 1942 until April 1, 1946. She is now affiliated with Lido Beach Civil Service in New York City.

Mr. Farik attended the LaSalle Academy in New York City and joined the U. S. Naval Reserve in June 1941 and served until April 1946. He is also affiliated with the Lido Beach Civil Service in New York City.

The couple plan to make their home in Elmhurst, Long Island.

Miss Estelle Hurt Given Dinner Party

Miss Estelle Hurt, popular bride-elect, was honored on Wednesday evening with a lovely dinner party given at the Palms and Times by Mrs. Dale L. Scott, Jr. and Mrs. Richard Brown, Sumner House, centered the table and floral lace cards marked the seating arrangement of the guests.

Mrs. Brown presented the bride-elect with some of her classmate's old pattern and Mrs. Scott gave her attractive looking dress. Mrs. Hurt's wedding will be an event of Saturday morning at the All Souls Catholic Church.

Those present were Miss Estelle Hurt, Miss Sue St. Marie, Mrs. W. A. Leffler, Jr., Mrs. W. J. Davis, Mrs. Edward Higgins, Jr., Mrs. Charles Vodopich, Mr. Herbert Hill, Mrs. Richard Brown and Mrs. Dale Scott, Jr.

Tri-Delt Sorority Gives Coke Party

The Delta Delta Delta sorority members entertained at the home of Miss Lois Meriwether Wednesday afternoon with a Coke party for the Sanford rushees. Dainty sandwiches, cut in delta and crescent shapes were served throughout the afternoon.

Rushees were Miss Dorothy Crumley, Miss Daphne Connelly, Miss Lucille Altman and Miss Betty Jo Brock. Members were Miss Jean Whigham, Miss Eliza Smith, Miss Betty King, Miss Mildred Robson, Miss Sylvia Meisch and Miss Martha Wight.

THE LONE RANGER

LOOK OUT! DUCK! THE CABLE BROKE! GIT FROM UNDER! G-GOSH!

HEY, BOSS, ANOTHER ACCIDENT OLD PETE'S BEEN KILLED!

ANOTHER ACCIDENT! TONTO AND THIS TIME A MAN IS DEAD! THAT MAKES IT MURDER!

THE CABLE SNAPPED, AN' THE TIMBERS FELL AN' KILLED OLD PETE!

THAT'S ONE ACCIDENT TOO MANY! KIRK, YOU'RE FOREMAN TAKE CHARGE.

YOU PROVE THAT 'SNEAKER' HIND IS BACK OF THIS, AND I'LL DOUBLE YOUR PAY!

I'LL DO MORE THAN THAT I'LL GIT THAT MASKED MAN, TOO! THE FOREMAN HAS LEFT THE HOUSE, TONTO. NOW WE'LL GO BACK THERE AND GET SOME FACTS!

HELLO! YES, THIS IS THE TAXI SERVICE-- BUT, JEEPEERS... DINK HAS OUR JALOP OUT ON A CALL!

WOMAN WANTS YOU TO TAKE HER SHOPPING

YIPE! WHAT'LL I DO? I CAN'T KEEP HER WAITING TILL HE GETS BACK.

ETTA! WHERE'D MY CAR GO??

THIS TAXI BIZ IS OKAY-- BUT LONE SOME!

BUZZ BETTY HOME FIRST, STILTS!

IF I COULD GET HIM OUT FIRST, I'D HAVE HER TO MYSELF.

HEY! HOW'S THIS? IF I DUMP YOU NOW, I WON'T HAVE TO BRING YOU BACK-- THAT'D BE CHEAPER! I'VE GOT A BETTER IDEA! AFTER I TAKE BETT HOME-- I'M A WISE GUY!

HELLO! YES, THIS IS THE TAXI SERVICE-- BE RIGHT OVER.

JEEPEERS! STILTS IS OUT WITH THE JALOP--

GO AWAY! NOBODY CARES OUR CAR BUT ME!

OH, BUT GEE, REALLY-- THE BOYS DON'T WANT TO LOSE THIS FARE! TAXI! THIS IS THE LAST STRAW.

Seminole Tangles With Eustis Eleven In Contest Tonight

2,500 Fans Expected To Witness Battle Between Anderson, Gatch

By JULIAN STENSTROM
The 1946 edition of the Seminole High School Celery Feds will go on display for the initial time this season when Coach Goose Kettles' eleven will meet the Eustis High Panthers tonight at the High School Athletic Field before an anticipated crowd of 2,500 students and gridiron fans.

It should be a battle of backs since Eustis will sport their 220-pound fullback Ray Gatch and the Feds will have their 190-pound triple threat, Willis Anderson, in the Seminole backfield.

Thus far this week Kettles had planned to use Anderson for not more than a pair of periods but last night the mentor declared that Anderson is ready to go and would be in the starting lineup. This means that Jan Jenkinson, who has been training to handle Anderson's position, will go back to his tackle slot and will also be in the starting eleven.

"It's going to be a tough game," Kettles said last night. "They've got Gatch and on top of that they've got a pair of hefty tackles that may give us trouble," Kettles added.

It was also announced yesterday afternoon that Gwynn Reel, Fed center, and veteran end Harold Kastner will be the captains for the Seminole machine.

The first bad break to come the way of the Feds happened Friday afternoon when Clarence Grantham sprained an ankle on the final play of scrimmage. He was attempting to break up a pass when the misfortune took place. At Grantham's position tonight will be Gene Harper.

The starting lineup for the locals, as announced yesterday by Kettles, will be Kastner and Junior Vickery at ends, Carl Williams and Jan Jenkinson at the tackle slots, Nolly Trapp and Hill Ludwig at the guard posts and Reel at center.

In the backfield, Harper will be at quarter, Holley Percy at left half, Anderson at fullback and probably Clyde Hutt at right half.

Tampa Pitcher Is Suspended In Row Over Share Of Gate

TAMPA, Sept. 20. (AP)—A pitcher for the Tampa team of the Florida International League has been suspended for the remainder of the season as the result of an argument with club officials over the payment of proceeds from one of the league's play-off games.

State Officials Are Inspecting Blackwater Area

TALLAHASSEE, Sept. 20. (Special)—State Forester C. H. Coulter and Assistant State Forester Robert U. Titus are currently on an inspection tour of the Blackwater River State Forest located in Okaloosa and Santa Rosa counties.

The two foresters will study plans for opening the forest nursery which was closed during the war. The Forest Service has only one nursery at present and that is at Olustee.

Cutting operations, three sawing camps and one pulpwood sale will be observed by Coulter and Titus during their three day visit.

Blackwater River State Forest is the largest of the State's three forest preserves with a total of 42,000 acres. The State has three other forests, Pine Log State Forest in Nassau and Duval counties, and Myakka River State Forest east of Sarasota.

SPORTS ODDITY

The baseball experts call **Marion** of the St. Louis Cardinals the best shortstop in the league. Marion is recognized as one of the best shortstops in the history of the game.

But it was a quirk of fate that made Marion a shortstop in the first place. Marty was a third baseman in his prep school days.

RELIEF BY RETONGA ASTONISHES MINISTER

Rev. Mr. Way Says He Was Almost Past Going And Had To Give Up Ministerial Work. Now Works Hard On His Farm And Is Back In Pulpit

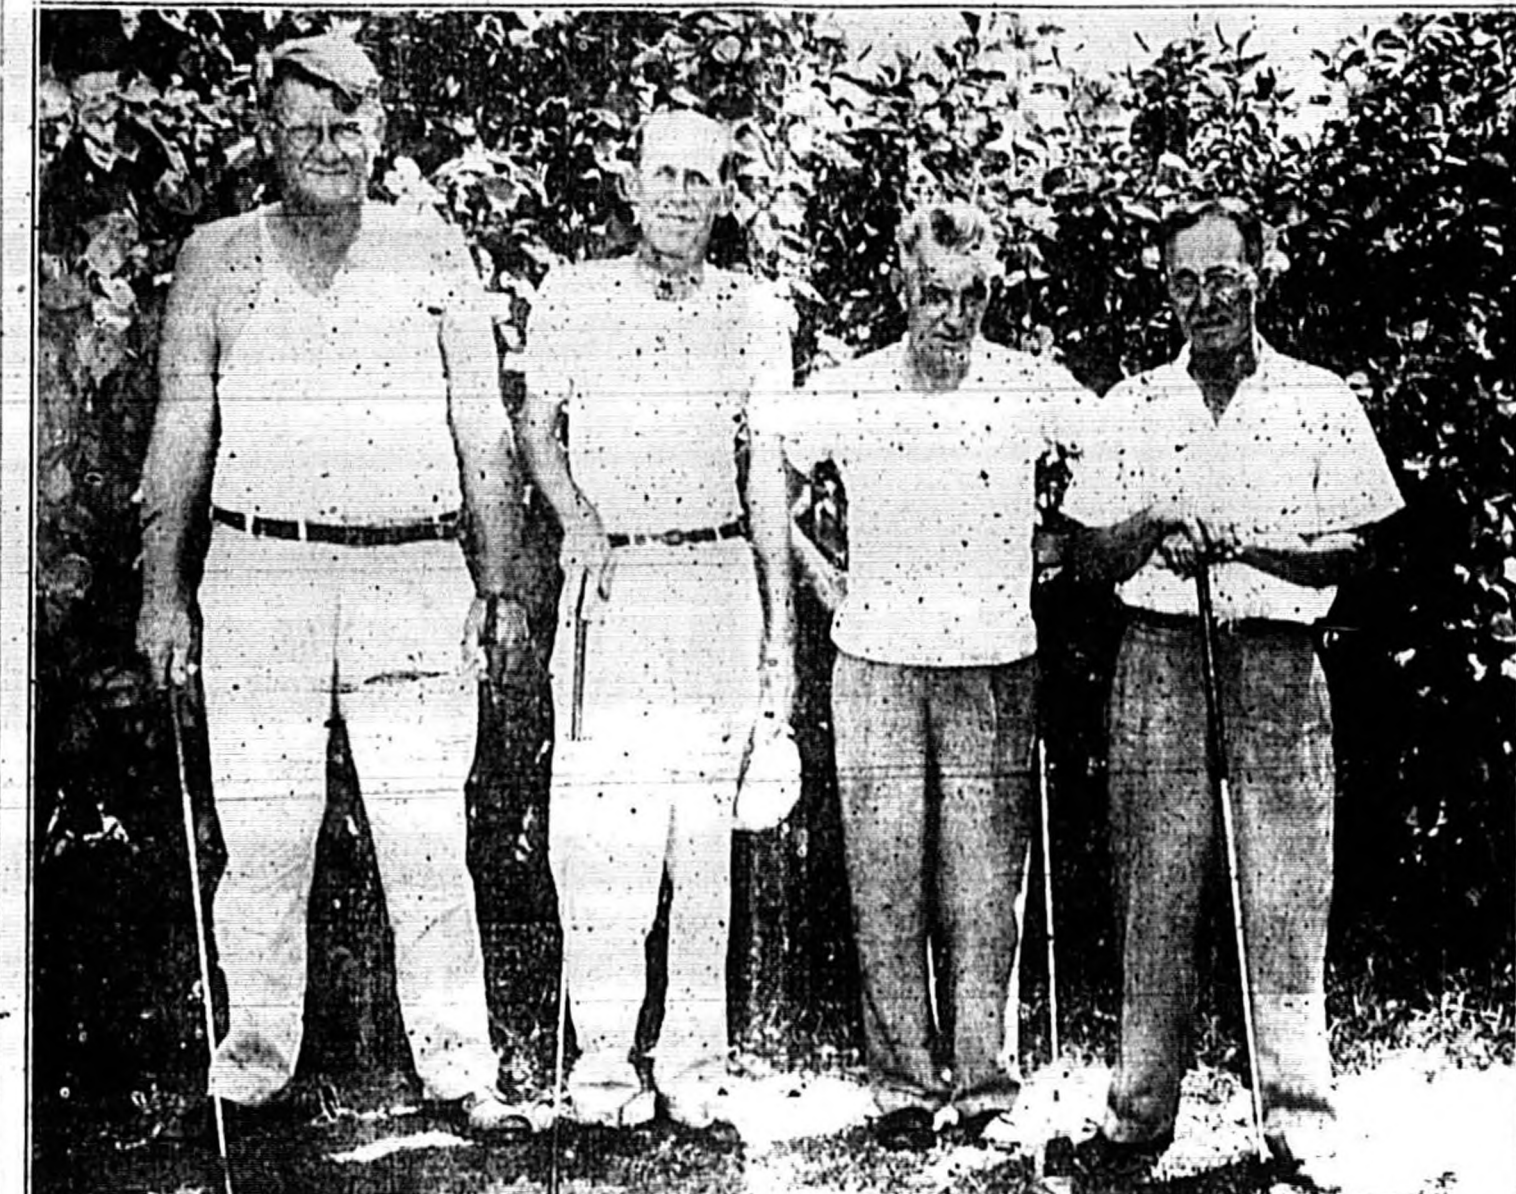

Rev. HIRAM WAY
my farm.

"I had to give up my ministerial work almost entirely and sometimes it was a task to get around the house, but thanks to Retonga I have regained ten pounds, and can do manual labor on my farm and again preach the gospel Sundays," declares Rev. Hiram Way, of Bloomington Springs, Tenn., a minister in the Church of Christ for forty years. Discussing Retonga he gratefully stated:

"The relief Retonga gave me seems almost miraculous. I eat heartily, sleep soundly, and I have regained ten pounds. Constipation also is relieved. I work hard on my farm week-days and preach the gospel on Sundays. Retonga is the best medicine in my whole experience."

Retonga is intended to relieve distress due to insufficient flow of gastric juices in the stomach, loss of appetite, vitamin B-1 deficiency, and constipation. Accept no substitute. Retonga may be obtained at Touch-Tone Drug Co., Ady.

Boom In Horseshoe Pitching Expected During Next Year

By ALICE PARTRIDGE
BUFFALO, N. Y.—Ted Allen, world's champion horseshoe pitcher, predicts a bigger boom for his favorite sport next year than it enjoyed before the war adding "and it was really booming then."

Horseshoe pitching, he says, began to come out of its back yard in a big way in the years from 1929 to 1933. Businessmen took it up as a pastime, most of which had clubs and industrial leanings, school clubs were formed and colleges held intercollegiate meets.

"In metropolitan New York there were over 1,000 members of horseshoe pitching clubs, with their own clubhouses and programs of social activities."

He says that regulations enforced by the National Horseshoe Pitchers' Association helped the game grow into a regulation sport.

"Of course the war put a quietus on most of the clubs, but they're coming back," he promised enthusiastically. "By next year they'll be bigger than ever."

One of the reasons he is so sure of this, he says, is that so many players became fond of the game while in service. A poll taken among soldiers in the European theater he added, indicated that horseshoe pitching was their most popular sport.

That, which means, says Allen, that the war has done more to popularize the game than any other factor.

Trailing by a 3 to 0 count as they entered the last of the ninth, the Feds took advantage of Cary's wildness. Cary blew out of control when he was hit by a double play and he could not take it.

Cary issued free passes to Al Bryant, Bob Tuttle, Dave Brice and Buddy Lake in succession, sending Bryant across with the first run. Ed Levy grounded to Percy who forced Lake out at second. Percy then hit Ermetz in a double play.

Cary issued free passes to Al Bryant, Bob Tuttle, Dave Brice and Buddy Lake in succession, sending Bryant across with the first run. Ed Levy grounded to Percy who forced Lake out at second. Percy then hit Ermetz in a double play.

With Ermetz on third and Levy on second, the Seminole pitcher attempted the play a double play. Levy grounded to second and Brice to first.

Ermetz struck out and Brice was out. The Seminole pitcher then pitched to Ermetz on third base and Cary in the third frame and Cary in the third frame and Cary in the third frame.

Ermetz struck out and Brice was out. The Seminole pitcher then pitched to Ermetz on third base and Cary in the third frame and Cary in the third frame.

INSIDE SPORTS REPORT

By ARTHUR BECKWITH, JR.

Hawking League

Edgar Jensen, the owner of the Hawking League, announced today that he is interested in starting a bowling league in Sanford. He is interested in this type of activity, and in the matter over with him at any time at his place of business.

Seminole Feds

The Seminole High School Celery Feds open their 1946 football season here tonight in a contest with the Eustis High Panthers.

Kettles said the Feds will be in there fighting from the very start tonight. The local boys are primed for a victory in the opening game.

The Eustis eleven will be a potent opponent this year, just as they are every season. The Panther backfield is one of the best in the state high school circles this year. He is a 220-pound fullback and according to pre-season information he can skirt the ends as well.

Smart Boys

The two "learned" players from an academic point of view on the 1946 University of Florida Fighting Gator squad are George Hills, Jr., of Jacksonville, and George (Jack) Sutherland of Bartow.

Both are graduate students and both are listed on the first squad. Hills is a former Navy V-12 player from Georgia Tech where he received his degree in mechanical engineering. Tipping the scales at 200 pounds and an even six feet, he is a promising candidate for left guard.

Jack Sutherland, a veteran of three years on Gator teams in 1940, '41 and '42, is a former line backer in the Marines, and a member of the varsity football team on two Jims. He received his degree in Summer School, is taking graduate work. He is a strong contender for fullback.

Army on the Air

For the first time in sports history, West Point's entire football schedule will be broadcast this fall, according to Major General Edward F. Witsell, the Adjutant General. All nine of the Academy's gridiron clashes will be on the air as part of a series of 21 football broadcasts sponsored by the War Department in

Hits Timely Blow

Byron Sharpe, above, connected on a three two pitch to send the ball back against the right field fence to drive Manager Ed Levy across the plate with the winning run in the ninth frame of the sixth game of the final series to name the champs of the Florida State League in the Shaughrissy play-off.

Sharpe, a nationally known Army Show.

Sports announcer Harry Wismer, Ted Hodges and Boss Hodges will give play-by-play descriptions of the games and among the many high ranking Army officers who will speak during the broadcasts are General Jonathan W. Wheeler, chief of the Air Corps, and General R. A. Wheeler, Chief, Corps of Engineers.

A pre-season football rally at West Point will start the scheduled Army football season on the night of September 19, one day before the opening Army season game.

Biggest Post War Month In Sports, September, Is Just Around Corner

By FRANK ECK'S
AP News Features Sports Editor

NEW YORK—The biggest post-war month in sports—September—is just around the corner. More championships will be decided in this one month than in the three following months put together.

The National League pennant race will be ended with either the Brooklyn Dodgers or St. Louis Cardinals on top. The Dodgers, though inferior on paper to the Cards, may hold the edge due to 20 home dates in the last 30 days. The Chicago Cubs seem outdistanced.

Things are humming along Jacoba Beach. Three boxing championships will put their titles on the (line) line in a ring pitched at second base in Yankee Stadium. The first of these is the welter-weight clash between champion Marty Servo and Ray Robinson, the Negro who has been after the crown for some five years. The bout is set for Friday, Sept. 6. Rerby will be the favorite since Servo was stopped by the heavier Rocky Graziano.

Rocky makes his bid in the third title fight of the month when he opposes middleweight champ Tony Zale on Friday, Sept. 27. Graziano, the tough-looking but good-natured West Side kid, is favored to dethrone the veteran Zale.

Coach Harding Is Taking Dim View Of Teams Chances

MEADE, Sept. 20. (AP)—Coach Harding of the University of Meade is taking a dim view of the chances of his team's chances for the coming season.

The football team of 1946 is being trained by Coach Harding. He is taking a dim view of the chances of his team's chances for the coming season.

Harding, commenting on the team's chances, said "There is a lot of talent on the team, but I can't find the football player."

Harding estimates the team will average 200 and the backfield for it is still leary that all the weight will be enough to match such opposition to one of the bowls.

SPORTS LAUGH

By Associated Press

Max Baucus' treatment of the king's English was much the same as his treatment of the king's English. Both are in the same line.

Boxing and baseball are not the only sports headed for a gala month. The Nationals at Forest Hills will feature one of the best years in tennis. With nine days of eliminations the final is set for Sept. 8. Ten foreign countries will make a bid to wrest the singles and doubles crowns now held by Americans.

Players are here from the Philippines, Canada, England, Australia, France, Belgium, Ecuador, Chile, Peru and Argentina. And from the 13th through the 15th, Sweden meets the U. S. at Forest Hills in the Davis Cup international final, the winner to face Australia down under in December.

Horse racing, too, has big days ahead. Three of the bigger money tests are the \$50,000 added Washington Park Handicap on Sept. 2, the \$35,000 added Narragansett Special of the 14th and the \$50,000 added Hildred for fillies and mares at Aqueduct on the 21st.

Harness racing used to be satisfied with newspaper space on just one race—the Harbort-Biscuit—but now the sulky people have two big prize events. The Little Brown Jug, a \$40,000 event at Delaware, O., on the 18th and the \$25,000 National Pacing Derby on the 12th at Roosevelt Racetrack, Westbury, Long Island.

U. S. Open king, and the PGA winner. In women's golf, the heavy swinging will take place at Tulsa, Okla., where the national amateur will be held from the 23rd through the 28th.

Game birds are apt to flush before a dog's edgely point. The same is true in a slydog approach.—Sports Afield.

What GIs Sing Around The World

NEW YORK, (AP)—The musical preferences of American servicemen stationed overseas are not necessarily the same as those of the folks back home. Through the Armed Forces radio stations around the world, bandleader Kay Kyser polled the top tunes in various areas, and found the following favorites:

NORWEGIANS SENTENCED

OSLO, Norway, Sept. 20, (AP)—Eleven Norwegians were sentenced to death today following the biggest mass trial of collaborators thus far held in Norway. Nineteen others were given prison terms. All were accused of Quisling activity during the German occupation. The leader of the group condemned to death was Henry Rinnan, who was convicted of torturing Norwegian patriots and aiding the German police.

More Citrus PROCESSING PLANTS for Florida!

Florida's golden output of processed citrus fruit is growing—processing jumped from less than six million boxes in 1935 to almost thirty million in 1945.

Growth of demand in this vitamin-hungry world indicates there is need for more and more processing of Florida's healthful citrus crops. Unlike fresh fruits, hampered by seasonal fluctuations, processed citrus can meet demand on a year-around basis, can be shipped to worldwide markets, can be sold as market conditions warrant.

Florida, world's citrus center, is the logical location for many new processing plants. This and many other industries face a bright and prosperous future in Florida.

U. S. Foreign Policy Lauded By Harriman

New Commerce Secretary Pledges Full Support To Chief Executive, Byrnes

By Associated Press
Senator Claude Pepper of Florida today endorsed Harriman's appointment as Commerce Secretary. The Florida Democrat, long a champion of New Deal views, declared today that Harriman has a very liberal and progressive attitude toward the public interest. The appointment, Senator Pepper observed, is "an excellent choice."

LONDON, Sept. 23.—The new Secretary of Commerce, W. Averell Harriman, today made his first public statement since his appointment. He told newsmen in London, "I fully support the foreign policy of Mr. Truman and Mr. Byrnes who are carrying on the high principles laid down by Mr. Roosevelt. This lies the road to peace."

Harriman went on to say that he looked forward to joining the Truman cabinet as Secretary of Commerce and felt that from previous experience in it he knew the department well. He also held a press and radio conference at 4:30 o'clock this afternoon, British time.

It is believed in the American embassy in London that Harriman plans to go to Paris shortly. His trip will give him a chance to talk things over with Secretary of State Byrnes so that any further mixup on foreign policy can be avoided.

Harriman, who was United States Ambassador to the Court of St. James until this appointment, was selected by President Truman.

Home Demonstration Clubs Are Organized

Two new Home Demonstration clubs were organized in Seminole County during the past week, one at Elder Springs on Wednesday, and the other at Paola on Friday, according to Mrs. Ouida Wilson, County home demonstration agent.

At Elder Springs, Mrs. Perry Wade was elected president of the new club, and at Paola, Mrs. V. C. Schley was selected to head the new group.

Other officials named for the Elder Springs Club were: Mrs. B. E. Norwood, vice president; Mrs. W. C. Bule, secretary; Mrs. J. D. Cassidy, Jr., treasurer, also the following chairman: Mrs. J. C. Price, health; Mrs. M. E. Balmes, food; Mrs. J. P. LaRoche, clothing; Mrs. Carl Bradbury, canning; Mrs. M. E. Nolan, improvement of home grounds, and Mrs. C. C. Hannah, improvement of home interiors.

Other officers present were Mrs. W. L. Johnson, Mrs. T. F. Geiger, Mrs. W. L. Bennett and Mrs. C. W. Brown. It was decided that meetings would be held at 2:00 P. M. on the third Tuesday of each month.

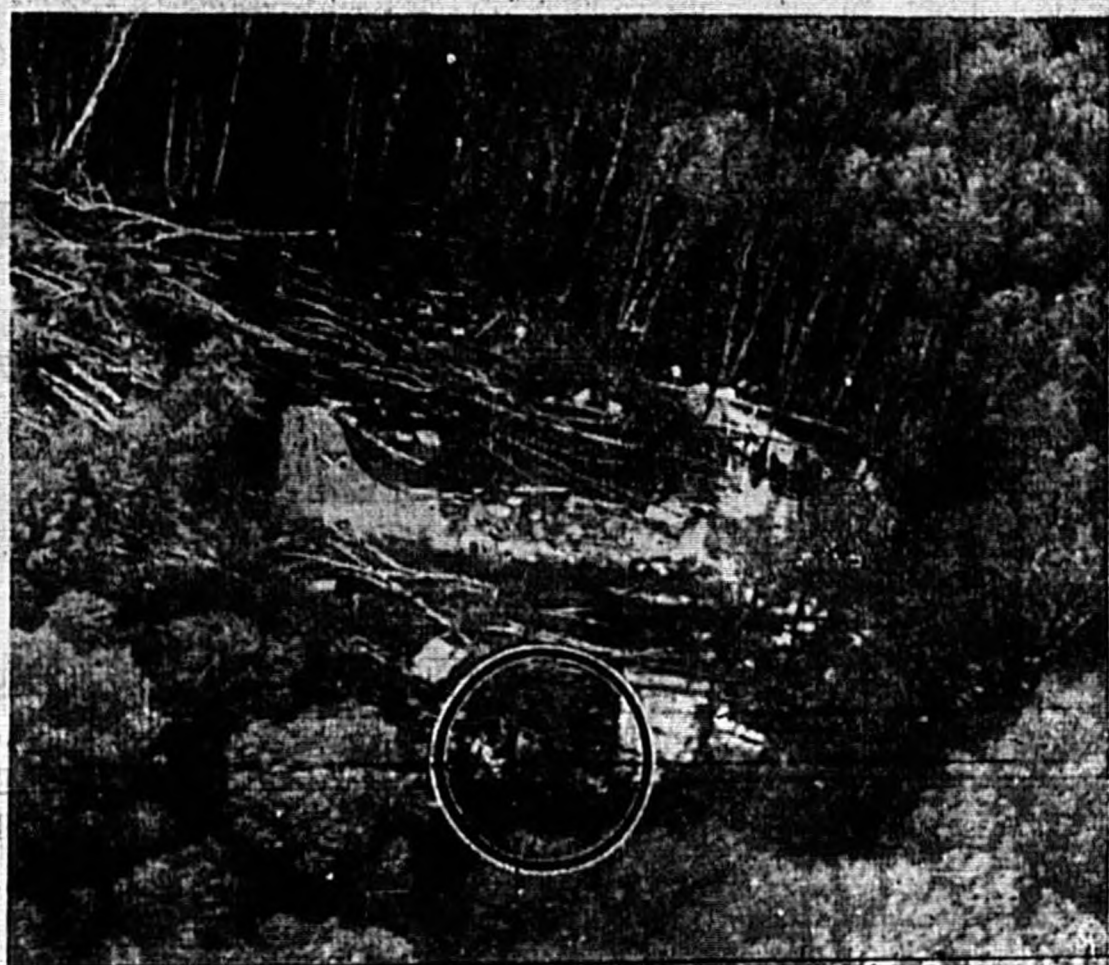

At Paola, where the club will meet on the third Friday evening of each month at 8:00 P. M., Mrs. J. E. Thomas was named as vice president, Mrs. Charles H. Ford as secretary and Mrs. Grace H. Cole as treasurer. Council delegates to Miss Catherine Fox, Mrs. J. W. Shaw was named clothing chairman. Present also were Miss Elizabeth Harris, Miss Ruth Pearson, Mrs. H. W. Spry, Mrs. E. E. Denmark, Mrs. J. B. Taylor, Mrs. M. E. Lee, Mrs. S. O. Fambro, Mrs. Pearl Bates, Mrs. B. H. Smith, and Mrs. Gus Michols.

Veterans Service

Any veteran in need of services (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below:

Coordinator — E. B. Carter
Allstate National Bank Building
Employment — U. S. Employment Service, 111 North First Avenue.

Poles Okey New Election Law In Stormy Session

All Amendments Proposed By Peasant Party Are Defeated

WARSAW, Sept. 23. (AP)—The Polish Parliament today approved a new electoral law after a stormy session. The measure, which had been hotly debated by Poland's rival political groups, will determine how the country's long-awaited general elections are to be conducted. Indications are that the elections will be held in the next few months. It is expected that the Polish government will announce the date within the next seven days, giving the voters at least 90 days notice.

The new election law had been stubbornly opposed by Poland's conservative opposition, the Peasant party of Premier Stanislaw Mikolajczyk.

The Peasant party argued that the law would make a free and fair election impossible. In a bitter debate which preceded adoption of the measure, Peasant party leaders charged that the law would rob thousands of Poles of the right to vote and would encourage fraud. They also charged fraud in the Polish referendum of June 30, in which the government claimed popular endorsement of its policies.

The parliament voted down all amendments proposed by the Peasant party. During the debate, a leader of the Communist Workers party accused Mikolajczyk of being anti-Russian and hoping for Anglo-Saxon intervention in Poland.

Siberia is almost twice as large as continental United States.

The flag of the United States was first used for the position of the white stars in 1818.

Staten Island Trip Request Throws U. N. Travel Branch Into Quandary

By JANE EADS
WASHINGTON, (AP)—Imagine the quandary the Travel and Transport Branch of the U. N. secretariate was thrown into when a delegate, straggling to New York City, asked the branch to arrange a trip to Staten Island.

He was handled with formality matching his position and was politely informed the borough was a mere two miles by ferry from the tip of Manhattan.

It is the special task of the Travel and Transport Branch to facilitate the travel of delegates and officials to and from headquarters in New York. It's no small problem, but there must be no delay.

Since early March, says the United Nations' weekly bulletin, more than 1,000 persons have been taken care of. Their total traveling covered about 2,000,000 miles, 50 percent of it by air.

Often the branch has been asked to get the plans in a fraction of the time normally required by an individual to go from one continent to another.

On short notice it recently pre-

Wilson Says Florida Farmers Should Begin Future Planning

On Way To Truman

JACKSONVILLE, Sept. 23. (Special)—"While demand continues to absorb production of farm products, or a large share of that production, at satisfactory prices, it is very hard for most of us to get down to serious thinking about what we will do when this condition ceases to exist, yet that is the thing we need to be thinking about in Florida and elsewhere throughout this country," said William L. Wilson, director of Florida State Farmers' Markets, today.

"Nationally, we have already had a taste of this problem with relation to potato production, which has reached the point where Federal officials are seeking to curtail the crop substantially."

"With millions of people around the world on a starvation diet, or near that point, I have to say production of my good crop reduced. However, we might as well recognize the fact that in the years ahead we may have to face drastic reduction in production of a variety of food items, unless some solution is found which is not now in visibly effective operation. The plan, sold facts are that American farmers have no improved the efficiency of their operations—through better machinery, fertilization, and general intelligence of their handling of operations of their production that they are producing increasing volumes of various crops on smaller acreages, and with reduced manpower."

"We don't know how long this efficiency-development may continue. If it does continue to outstrip the gain in population and export markets, as now appears possible, then we must face crop limitation—either by taking acreage out of production, or through substitution of new crops for old, or in some other way. This isn't just a problem for today's study—it is a continuing condition, which we must deal with, probably through many years ahead, and almost certainly it will have top priority among our agricultural worries, through the next decade. Every farmer who devotes thought to this problem now, and who reaches some sort of solution for his own acres, will be that much to the good, when the situation grows more critical."

"Variable conditions were reported affecting Florida production in reports received in my office this week-end. As I forecast a few days ago, the recently acute meat shortage, coupled with the normal seasonal trend, has been reflected in egg prices during the last few days. I note that receipts on our Dade City State Farmers' Market during the last week, while up substantially in volume, have drawn an overall increase of three cents per dozen for the three top sizes, and a one-cent rise for small eggs."

V. F. W. MEETS TONIGHT

The Veterans of Foreign Wars will meet tonight at 7:00 o'clock at the Legion Hut located on Seminole Boulevard. L. A. Bryant, Veterans Administration, official of the Orlando office, will be the guest speaker. A supper will be served before the meeting gets underway.

DRIVE SAFELY

Here are some of the things a person must undergo before being issued a drivers license:

The applicant must take a road sign test to determine if he is acquainted with the road signs used in Florida and most other states.

The applicant must undergo an eye test during which he is required to read standard letters from a chart. If the applicant's vision is less than 40 percent as sharp as the standard, he will not be passed. If glasses are required to pass the test, the applicant must wear glasses while driving should he be issued a license.

"Apply the Golden Rule to Your Driving."

Entire Indemnity Structure Of Peace Parley Is Upset

Activities Today At Major Ports Are Increasing

Dark Signs Of More Troubles Growing On Labor Fronts

NEW YORK, Sept. 23. (AP)—America's vast shipping industry is getting back to normal today after the worst maritime crisis in the nation's history. Dock workers and seamen are back on the job at east and west coast ports, and the ships tied up for 17 days—now are moving. But peace along the nation's waterfront may be only temporary. There are dark signs of new labor troubles in the not too distant future.

Three maritime unions have contracts which expire on Sept. 30, and they have threatened to walk out at the end of the month. Unless the operators sign their new contracts, involved in the three disputes are the west coast CIO longshoremen headed by Harry Bridges, CIO Marine Engineers Union, and the A. F. of L. Masters, Mate, and Pilots.

The federal department has assigned a mediator in the dispute between the west coast longshoremen and the operators. The Marine engineers are starting negotiations for a new contract today in New York City. The masters, mates and pilots will seek new contract terms in talks beginning tomorrow.

On top of these three controversies, there is a jurisdictional quarrel under way between A. F. of L. and CIO unions in Los Angeles. Despite the fact that the nationwide maritime strike is over, some 10 vessels still are tied up in Los Angeles because of a dispute involving A. F. of L. deck hands and CIO stewards.

Bankers Are Told Bonds And Savings Can Halt Inflation

Speaks Tonight

CHICAGO, Sept. 23. (AP)—The American Bankers Association was told today that savings deposits and the purchase of savings bonds are the main things that can stop inflation and bring up prosperity. Speaking at the 72nd annual convention of the Bankers Association, Myron F. Converse, the president of the association's savings division, said that savings deposits have shown a big increase. More than \$8,000,000,000 over the level of last December is now in savings accounts.

In another address to the convention, Fred J. Kent, director of Trust Company, said that only under free enterprise can the individuality of the people flourish. Without a return of free enterprise, Kent said it is inconceivable that there can be any lasting peace.

Lawton Transferred To Local Hospital

T. W. Lawton, superintendent of Public Instruction in Seminole County, has been transferred from Riverside Hospital in Jacksonville to the Fernald-Jacksonville Memorial Hospital.

Hospital officials this morning described Mr. Lawton's condition as improved but said that he is still not permitted to receive visitors.

There is no federal law forbidding the total destruction of coins by their owners.

The longest elephant tusk of which there is authentic record is 11 feet, five and a half inches long, and 18 inches in circumference.

Killings Reenacted For Police

ON THE PORCH OF HIS HOME, Billy Anderson, 16, (left) and Nathan James, 13 (right) demonstrate for Sheriff G. W. Carpenter, of Lake Oak, Cal., the manner in which they say they shot to death Billy's father, W. H. Anderson, and his stepmother, Bonnie Young Anderson, crooked to the spot from which he fired the shotgun blast that killed his father. James shows how he reloaded a rifle on the washing machine while aiming the rifle shot that killed Mrs. Anderson. (International Exclusive)

Unnamed Foreign Power Charged With Encouraging Revolt In South Persia

LONDON, Sept. 23. (AP)—An unnamed foreign power was charged by an Iranian government spokesman today with encouraging the revolt of fierce mount tribesmen in south Persia. As quoted by a London newspaper, the Daily Telegraph, the Iranian source declared that the insurgents were receiving guns and ammunition from a foreign power. The spokesman added that foreign warships had recently been seen near Iranian coastal waters.

The foreign power named in the accusation was not otherwise identified. But the London Office hastened to explain through a spokesman that Britain is not mixed up in the rebellion and is not supplying arms to the Persian tribesmen.

Said the British spokesman of the revolt: "It is a matter for the Persian government."

Dispatches from Tehran say that the insurgents may be aiming a knockout blow at the port of Bushahre, one of Iran's principal trade outlets on the Persian Gulf. Iranian army sources apparently are convinced, however, that the uprising will be crushed with the arrival of Army reinforcements.

Fuller Warren, prominent Floridian, will be the guest speaker tonight when members of Rotary Clubs of New Smyrna, Deland and Sanford meet at the Seminole Country Club. The meeting will get underway at 7:30 o'clock.

Admiral Blandy's wife declares Atomic Bomb Is "Way Beyond" Her

By JANE EADS
WASHINGTON—Mrs. William H. Blandy, attractive wife of the admiral who directed Operation Crossroads, says the atom bomb is "way beyond" her.

"I'd like to keep it that way—and beyond the rest of humanity too," she adds.

She says he is happy the tests at Bikini are over. Now she doesn't have to hug the radio hour after hour, chewing her fingernails.

She calls her husband "Spike" and says one of her greatest thrills was hearing him broadcast—safe and alive—over the radio after the awesome tests.

Mrs. Blandy was born in Washington. She was married here. Her two children were born here. She is Hope, now married to Comdr. John Marshall Lee, flag secretary to the commander-in-chief of the Pacific Fleet, and Bill, in his last year at the Naval Academy at Annapolis.

Mrs. Blandy is a talented pianist and was soloist at 16 with the Washington National Symphony Orchestra. She met her husband at Annapolis. He was a "blind date."

Mrs. Dwight D. Eisenhower became very fond of her apartment in Washington's elegant old Ward-

man Park hotel during the war years when the General was away. Though she is equally fond of the quarters of the Chief of Staff at Fort Myer, across the Potomac from the Capital, she gets a bit homesick now and then.

To overcome this, she goes back to the Wardman Park drug store and catches herself a soda, and sandwich now and then.

Dr. Carey D. Miller of the Hawaii Experiment Station, who has been making studies of typical Filipino family diets and an analysis of 22 widely used Filipino foods, says that Filipinos living in Hawaii should eat more sweet potatoes.

Dr. Miller says the Filipino eats a quantity of sweet potatoes in the Philippines, but unfortunately Filipinos in Hawaii have come to regard them as a mark of low financial standing.

He says education is necessary now to teach them the nutritive value of sweet potatoes and to "overcome the social stigma" attached to them.

"Unfortunately," says Dr. Miller, "Filipinos in Hawaii are inclined to adopt some of the worst American food habits rather than the best, among them the use of too much chandy, soft drinks and other concentrated sweets."

U. S., Russia Oppose Granting Compensation For Property Lost In Romania

PARIS, Sept. 23.—(AP)—The United States teamed up with Russia at the Paris Peace conference today in opposing a plan to grant Allied business firms full compensation for property they lost in Romania. The action viewed as having upset the whole indemnity structure of the conference.

The United States position was explained to conference delegates by Willard Thorp, economic expert for the State Department. He said the United States is now convinced that Romania can not meet all the reparations and compensation demands placed upon her in the first draft of the Romaniaia treaty.

Russia has been insisting from the start that Romania and the other defeated countries be required to pay only one-third compensation for property losses suffered by Allied corporations. Britain, on the other hand, has been holding out for 100 percent compensation. Indications are that the British, while admitting that the picture now has changed, will continue to demand full indemnities from Romania.

France, joined the United States last week in endorsing the principle of partial indemnification when the question arose in connection with the Italian treaty. The French said today, however, that they would reserve the right to modify their position.

The American move came as a surprise when it was outlined before members of the Balkan Council for Economic Collaboration. It was not forward as an amendment to a clause in the proposed Romaniaia treaty—a clause which has caused the commission during seven meetings.

The United States did not state when the question arose in connection with Romania in connection with the Italian treaty.

Elsewhere in Paris, British Foreign Secretary Ernest Bevin met today with President Georges Bidault of France and Premier Winston Churchill. Mr. Bevin's indications were that Bevin would call for a meeting of the big four Foreign Ministers within the next 48 hours. Bevin returned to Paris over the weekend, leaving the Foreign Minister's position for a brief absence for the first time since Moscow last Aug. 11.

Six More Students Make Solo Flights At Aviation School

Six more students have soloed last week at the Sanford School of Aviation at the Municipal Airport, which makes a total of seven students who have "won their wings" since the airport was turned over to the city.

Those who have taken the air for the first time and "flipped their wings" all alone are: Karl Voss, Robert Jeffels, Edwin Kennedy, R. E. O'Neill, Don Tyler and Vic Blackwelder. All of these men are former service men and are taking full advantage of the Bill of Rights to obtain free flight training.

New enrollments are being received daily, according to aviation school officials, who report that the total number of applicants to date are 27. Of this number, some are awaiting their papers of eligibility and will start flight training as soon as these papers are approved by the Veterans Administration at Passaicville. These include Howard A. Shyrnick, Benjamin L. Pearson, Jule E. Smith, C. A. McWhorter, William C. Davidson, Herman G. Echols, George Andrews, Andrew Carraway, Joseph H. Goodrich, Robert Meyer, Robert Sparkman, Murlin Turner, Richard Carl Kock, William A. Mikkila and Charles B. Sparks.

Additional ground school classroom facilities are being set up and additional equipment is being procured to take care of this increase in student interest. The staff of instruction will be enlarged soon, it was announced, in order to absorb this increased enrollment.

Richard Vernay, who is in charge of maintenance, stated that the repair facilities are now in a position to take care of both major and minor repairs to aircraft.

In 110 recordings it was discovered that mosquitoes have a language all their own—a note of danger, another for making a cry to express anger. None of these sounds is audible to the human ear. The buzzing that can be heard is made by the beating of mosquito wings.
