Battleship Maintains Course Ahead Of Its Schedule Assuring Sunday Debarkation

Snappy Weather Is Encountered

President-Elect Will Autograph Picture To Hang In Warship

ABOARD U. S. UTAH (VIA ARLINGTON, VA. RADIO STATION) Jan. 4.—(INS)— Entering the home-stretch of her journey, the battleship Utah continued well ahead of her schedule today. She will arrive at Old Point Comfort, Va., at eight A. M. Sunday, enabling President-elect Hoover to reach Washington that afternoon.

At 10 o'clock this morning, the Utah was about 600 miles off the Georgia Coast and travelling at a rate which would bring her within the same distance of the Virginian Capes by noon. Mr. Hoover awoke this morning to find a brisk tang to the air. It was still warm enough, however, for the officers and crew of the ship to continue wearing white uniforms which they will doff to-morrow morning.

Last night many of the crew slept on deck. The weather continues fine and the sea is still running smoothly—although bad weather was reported off Cape Hatteras. This is not expected to delay the Utah's arrival at Old Point Comfort Sunday morning.

At midnight last night, the lighted-to-the-northbound ship seemed to have been run into. The ship acknowledged the Utah's signals from a distance but repeatedly declined to give its name or destination and soon passed from sight.

One of Mr. Hoover's last acts aboard the ship will be to autograph a photograph of himself which will be hung on the wall of the wardroom alongside pictures of Admiral George Dewey, General Pershing, President Harding and President Taft.

DeCottis Launches Another Action To Curb County Board

With the dismissal of a suit filed recently in the name of John F. Pearson, another action is seeking to restrain the County Commissioners from paying out money to employ special counsel for fighting the proposed collection of a one-cent tax for the Upper St. Johns River Navigation District, has been filed in the circuit court by George A. DeCottis who brought the suit in his own name.

The suit is similar to the one brought by Mr. DeCottis in the name of Mr. Pearson. The bill of complaint alleges that the County Board is without authority to hire special counsel to institute proceedings in the names of individuals further alleges that the legal action is not within its power in taking action in cases against individual persons.

Five County Commissioners—Vance E. Douglass, clerk board, are made defendants. A hearing on the paper temporary restraining will be held sometime during the week of Jan. 14.

Physicians appealed to volunteers through the newspapers to offer their blood, and workers have agreed to submit to the transfusion.

Funeral Services Will Be Held From Tabernacle Saturday At 3

While members of the family were making arrangements for the funeral of J. Spurling; real estate operator, who was fatally injured late Wednesday afternoon in an automobile accident, local authorities today had completed plans for holding a coroner's inquest and investigation of the wreck.

A coroner's jury was empannelled yesterday afternoon. After viewing the body, the jury took a recess until 3:30 o'clock this afternoon when several witnesses will be examined. The inquest was ordered upon the request of Chief of Police Ray G. Williams and members of the family of Miss Rosalie Pope, driver of the automobile which struck the machine driven by Mr. Spurling.

Witnesses to be examined this afternoon included L. E. Estridge, T. Jones, Roy G. Williams, C. H. Wynn, Carl Williams and Mr. McElroy. Members of the coroner's jury are: R. C. Howell, L. Greer, J. R. Forrest, T. H. Williams, L. W. Hastings and J. Smith.

Final rites for Mr. Spurling will be held Saturday afternoon at 3 o'clock from the Full Gospel Tabernacle, which the deceased established some months ago. Rev. W. P. Burham, pastor of the First Methodist Church, will have charge of the services which will be brief. Interment follows in the Lakeview Cemetery.

Pallbearers will include Ira E. Southward, H. N. Papworth, H. C. DuBois, Dr. J. N. Robison, Dr. H. D. Smith, Percy A. Mero, Emmett Hunt and Mr. Wiesboldt. The pallbearers are requested to meet at 2:30 o'clock at the Miller Erickson funeral parlor.

Mr. Spurling died Thursday morning at 6:45 o'clock at the Fernand-Lauhigan Hospital. He suffered a fractured skull when his car had crashed into a telephone pole. It was pitched headlong upon the curbstones of the northeast corner of Oak and Geneva Avenues. Neither Mr. Spurling nor Miss Pope is believed to have seen the other's car.

A resident of Sanford for 18 years, Mr. Spurling had been engaged in the realty business practically all of that time. He was a prominent figure in religious work in this city. He was 53 and was born at Pleasant Plain, O.

Beads his widow, Mrs. Flora H. Spurling, the deceased is survived by six daughters, Florence Mrs. George Wells, Mrs. J. T. Stringer and Mrs. Eddie Kent of Sanford, Mrs. Ralph T. Cowan of Quincy, and Mrs. Harold Danforth of Orlando. He also leaves two brothers, Harry of Taylorville, Ill., and Roy of Loveland, O., and four sisters, Miss Lillian Spurling of Loveland, Mrs. Clifford Chase of Rainborn, O., Mr. John Oswalt of Michigan and Mrs. Dolph Kelly of Foster, O.

Judge Says Those Planning Marriage Should Be Trained

ATLANTA, Ga., Dec. 29.—(INS)—Every person contemplating marriage should have special training; no human is perfect but if each member of the partnership is taught to be ready to make sacrifices and to compromise for the good of all concerned, matrimonial ventures would merit more success.

This is the opinion of Judge John D. Humphries, for the past 10 years of the Fulton County Superior Court.

"There is a cure for all evil," Judge Humphries said, "but we must remember that the truism is basic and people must re-establish the home life that once was the essence of existence."

"The family contains all the elements for the satisfaction of individual wants. It is the center of social and sacred affections of beautiful hopes and intense interests. The family is the most efficient and necessary form of society, and we must not forget that marriage is of divine origin. The family is not formed from society, it antedates it."

"There should be preparation and training for marriages as for other important ventures. Religious or moral training is essential in every home.

On the other hand, if he refuses to name the commission, counsel will rush back to New Orleans and seek a mandamus from the supreme court summoning Judge Simon before the court to show why a commission should not be appointed. The Full Dinner Pail

THE laborer's dinner pail has been consistently full for the last decade. It has not increased in size, but has had a high inconvenience for transportation purposes, but it has acquired a variety of contents that would astound the consumers of the almost inevitable thick sandwiches of former days. Today the true housewife has only to search her memory for the foods she has learned that her telephone likes best, and she can find most of them ready prepared in cans.

Canned soups, meats, fruits, eggs, bacon, jellies, marmalades, jams and even ready made dishes are all available today for the modern "dinner pail." This generally contains vacuum bottles in which appetizing hot or cold foods or drinks are kept at the proper temperature. Here are some suggestions for "dinner pail" meals which will provide sufficient calories and appeal to the appetite as well.

CHILDREN OFFER WORST PROBLEM INHALTING CRIME

Social Workers Urge Welfare Activities Among Youngsters

NEW YORK, Jan. 2.—(INS)—Instead of concentrating their efforts solely on the apprehension of known criminals, the police of America's big cities should "get at the source" by devoting a great deal of their time to preventing juvenile delinquents from continuing on the erroneous path of wrong doing.

This, in effect, is the collective opinion of more than 100 men and women social workers who gathered here recently to discuss ways and means of bettering the living conditions of urban children.

Revolted Conditions

The convention revealed through simple factual statements that thousands of city youngsters, particularly in New York, exist under sanitary and moral conditions which are revolting.

Case history accounts were given of children left to run the streets because they had nowhere else to go who became juvenile gangsters and eventually wound up their careers behind the bars of a prison or within the grimy silent walls of the executioner's chamber.

William Edward Hall, president of the Boys' Club Federation, who was present, disclosed that according to statistics every boy in the City of New York when he reaches the age of 16 has at least a 1 to 3 chance that his name will grace the police records before he reaches his majority. During the year 1927, Mr. Hall also said, exactly 37,505 boys were haled before the courts in New York for violations of the law.

Col. Arthur Woods, former police commissioner, was the chief adherent to the belief that the police force should exercise its powers to prevent boys from becoming criminally inclined.

Describe Experiments

He described an experiment in his administration in which the police took records of 1,200 boys who seemed in danger of going wrong and tried to keep them away from delinquency rather than arresting them after they had fallen into it.

"There is great animalistic power in the police force of every American city," Col. Woods said. "The police reach every quarter of the city, know every one, are experts in human nature because they can see much of it. It is a power practically untapped. Working in conjunction with benevolent organizations, the police could dam the great stream of boys drifting into crime."

Giant Mail Planes To Supplant Small Ones Now Operated

CHICAGO, Jan. 3—(INS)—A new chapter in the history of the air mail will soon be written, it was revealed here today by William R. Wilson, chairman of the board of the Great Lakes Aircraft Corporation of Cleveland, manufacturers of the famous Martin battle planes. Mr. Wilson announced that his company has completed plans for the production of giant mail planes capable of transporting up to three times the maximum load carried in present-day mail machines, with room and facilities for a clerk to sort letters enroute.

In effect the new planes will be flying railway mail cars, he said, permitting important time savings with consequent speeding up of the air mail.

The general plan of the ship will be similar to the all-metal mail-carrying torpedoes, bombing and gunnery planes being supplied the navy, with modifications for maximum mail carrying capacity, Mr. Wilson explained. Up to 2,000 pounds of mail will be carried, compared with the 500 to 1,000 pounds hauled by air mail planes now in use, he said. This is equivalent to a sorting clerk and two attendants and other necessary equipment. Mail will be sorted while the machine is under way, and the management for the cities on the route will be dropped at ports of call.

Fight Is Brewing In Illinois Over Race For Seat In Senate

SPRINGFIELD, Ill., Jan. 4—(INS)—A fight is brewing in Illinois which is expected to baffle the state legislature and reverberate through the senatorial halls at Washington. The open mail blow in the melee probably will be struck, if predictions of observers are correct, in advance of the primaries a year from next April.

Mrs. Ruth Hanna McCormick, who has shouldered her way into the ranks of congress and gained a seat, is believed to be cherishing senatorial aspirations and to have her eye on the position now held by U. S. Senator Charles S. Denen. Denen recently has swept to several victories in Cook county and is a friend of Gov. Elect Louis L. Emmerman.

Whether Gov. Emmerman will back up with Mrs. McCormick or Senator Denen or remain neutral depends which form when the

Georgia To Invoke Early Statute To Check Crime Wave

ATLANTA, Jan. 4.—(INS)—Determined to end its present "crime wave," Georgia plans to invoke an 1833 statute.

The old law, similar to the Baumes statute, has just been dis-

cussed by Georgia officials. Indications are that a test case will develop.

Solicitor General John A. Boykin of Fulton County said he would try to have the statute invoked to future felony trials.

FRENCH WOMEN HAVE NEW HOPE OF WINNING VOTE

Cabinet Of France Appears To Be Favorable To Suffrage

PARIS, Jan. 2.—(INS)—The women of France have a new hope of winning the ballot.

The attitude of the Soviet press and legal experts is expressed in the following article of Pansit Isra, Romanian refugee novelist, who lives in Russia:

Press Complaints

In doing a Soviet Russia is enacting the foreign white guard's plan. The barbarian Bolsheviks are robbing the people of their treasures. Yet these same white guardists when they were in power in Russia kept their treasures locked up away from the people.

The revolutionary government has a right to use everything for its needs—even the wood from Christ's cross. We need tractors more than these trifling art luxuries. The proletariat has deprived itself of many living rooms to house works of art, but now being in need of means for socialist construction, the proletariat gives us the savings in bourgeois' leverages.

Soviet Russia is efficient in communism its work of reconstruction may work unhampered.

Millions Starved

France, where 3,000,000 persons starved to death in the same time of 7 to 8 years ago, now is a museum with portraits of deformed generals and nobles displaying their charms. There is no museum to remind the generations of the suffering that went through during the famine. The display of this same material would be a furious denunciation of imperialists and interventionists who by attempting to break the Soviet regime caused the famine.

In general, these historical pieces of art (generals and nobles) are counter-revolutionary, old machines, schools, money, development of a new life—these have no right to exist. France has a choice between poverty and tractors.

Services Held

PARIS, Jan. 2.—(INS)—French services were continued here for Cobain. He died yesterday, a brief illness.

Native of Spain, born in 1875. At one time served as an engineer in several nations.

He was a member of the French Legion.

MAIL SERVICE TO BEGIN

PARIS, Jan. 4.—(INS)—The French government will begin New Year's mail service to-day.

Post Office officials today announced that the

New Train Service Is Inaugurated Between Middle West And Florida

JACKSONVILLE, Jan. 3.—With the placing into service Jan. 1 of the new Dixie Flyer and Dixie Limited trains, a new era of rail transportation between Chicago, St. Louis and other midwest Western points and Florida will be opened, according to an announcement by A. Rice King, Florida Passenger Agent of the Nashville, Chattanooga and St. Louis Railway.

The nationally known trains with new equipment and faster schedules will provide there passengers with service unsurpassed in the fast trains of the country, Mr. King stated. The comfort and convenience offered travellers by both trains is expected to materially increase the winter travel to Florida this year, he said.

On its trips from Chicago and St. Louis after Jan. 1, the Dixie Flyer will have entirely new equipment built especially for this train by the Pullman Company and rivaling the best in the country for elegance and luxury. The Dixie Limited, a modern train and traversing the same route, will, during the winter season, be operated on a delta all-pullman train, with club car, observation car, drawing-room and compartment sleeping cars.

The running time of both trains has been shortened with convenient hours of arrival and departure arranged from principal cities. Both will be sold thru trains to Florida with thru equipment from

Nine years ago the Chamber of Deputies voted us the right to take part in all elections, but its bill died in the Senate. Again in 1911, the Chamber gave us restricted rights, a veto in municipal elections. The Senate rejected coldly even such a slight concession.

The point is that a Premier has never made women suffrage a matter of confidence on which the government would be willing to stand or fall. The reason for this is that previous cabinets have never been in accord with our demands.

It seems improbable that a bid for Women's Vote, with the endorsement of the present cabinet, would fail to win a vote of confidence.

Oppose Militarism

But Frenchwomen must impress the ministers with the gravity and importance of their cause. I do not approve of militant suffragettes; nor the street demonstrations which were successful in England.

If we do not obtain satisfaction it is possible that a campaign to refuse to pay taxes will be undertaken. If Frenchwomen suddenly cease contributing financial aid to the government perhaps their voice will be heard.

In any case no matter what party or politics they favor, the women must do their utmost to remove the last resistance of blindfold traditionalists who still believe that the right to an equal franchise is a brace and a bit of satire.

in the following answer recently published in a New York newspaper: "What is the best way to open a can of sardines quickly?" addressed to "J. Seaside, Pres., Sardinefish League."

The answer read: "This is apparently a catch-question intended to trap you. Most readers will know that in order to open a can of sardines quickly, one must apparently use a knife. However, if you are a friend of mine, I can assure you that you can easily accomplish this task without a knife. All you have to do is to heat the sardines over a fire until they are thoroughly warm. Then, when you are ready to eat them, simply break the can open with your hands and serve them hot."

There are two good ways to make the sardines juice by whatever method you prefer the can:

First Sardine Juicer: Chill the can in the ice box, and serve it cold.

Second Juicer: Mix two tablespoonsfuls of water with one-half tablespoonful of sardine juice.

Wash the sardines in water and add one-half tablespoonful of sardine juice.

Add a small amount of salt to the sardines and mix well.

Boil the sardines for a few minutes, then drain off the water and add a
