home of wealth and culture, according to Rev. Whitley who went on to explain that Dr. Gartenhaus was educated in the strictest Jewish schools, the cherished hope of his parents being that he become a rabbi. He came to America in his youth and received schooling at the Moody Bible Institute in Chicago and the Baptist Theological Seminary in Louisville. He has visited and spoken in 40 different states and a number of foreign countries. Rev. Whitley stated, and added that Dr. Gartenhaus has written several books including "The Rebirth of a Nation", "The Influence of the Jews upon Civilization", "The Jew and Jesus", "The Jewish Passover" and "The Ten Lost Tribes". He is the associate editor of the Spanish publication "Our Hope" and the English-Jewish publication "The Mediator".

Dr. Jacob Gartenhaus of Atlanta, Ga. who will be presented at the Central Baptist Church on Monday and Tuesday nights at 7:30 P. M. Rev. S. L. Whitley is pastor of the church.

THE FAMILY. The family is the basic unit of organized society. From it have grown the tribe, the nation, and the race. Its development marked man's first step from primitive to civilized life. In the protection of his family and the pursuit of its comfort and happiness, man has developed all of his arts, sciences, industries, and institutions. The home is the greatest factor in human progress. Nations grow strong and great as their family life improves, and they deteriorate and fall when the family breaks down. Our hope as a nation lies in restoring and strengthening the home life of our people. Influences which tend to undermine the family have crept in, so that today the American home is in serious jeopardy. The strength of the family is in its faith—faith in God, faith in the right, faith in each other. We must restore these. We must turn to the Church and the teachings of the Bible if our country is to survive.

Society Youth In Critical Condition After Suicide Try

HOUSTON, Oct. 24.—(AP)—Allen Thomas Sturges, youthful New York cafe society figure, was in a critical condition today from a bullet wound in the head which police said was self-inflicted.

The 26-year-old man was found late Saturday in the bedroom of a pretty airline employe. Police said he apparently broke into the room while Miss Marion Yurria, 23, was away.

Miss Yurria said she met Sturges only last Tuesday. Police said one of three notes written by Sturges and found on him was addressed to Miss Yurria. They said it expressed endearments and regrets.

Sturges was found shot at Brownsville, Tex., officers sought him on two felony warrants. He was slumped in a chair when Miss Yurria and two other young women entered the room.

Detectives J. D. Irvin and Frank Murray said it was an attempted suicide. A surgeon said the bullet was fired through the right temple. It struck the opposite side of the skull and glanced back into the brain.

Sturges was found shot at 5 P. M. Police said the bullet was fired "some time previously". Four hours previously the New York Journal-American called the Associated Press in New York and reported it had been tipped Sturges had tried suicide. The newspaper said the tip came from an anonymous telephone call.

Smather's Address

(Continued from Page One) Europe and Asia today just four short years after "dry-docking our Navy" and "grounding our Air Force" among the close of the most destructive war in human history.

"Although the United States had made the greatest and most generous offer any nation ever made to share with other nations all the secrets concerning atomic energy if only the interest of mankind could be protected by inspection privileges to guarantee against its destructive use," he said, "we find the same tyranny exalting itself on the left today that threatened us from the right ten years ago.

"We won the battle of bullets," he said, "but we have lost the battle of ideas and ideologies."

"The mind of man is vitally affected by his physical surroundings," he continued, "and wherever you find men who are hungry you find men who will listen eagerly to anyone who promises them food. Wherever you find men who are sick, you find men who are ready to believe any quack who promises to cure them. There is no use to talk to such men about liberty and democracy as long as their stomachs are empty or ailing."

Calling attention to the Marshall Plan, Mr. Smather said that Congress is doing what it can to fight these ill-fated elements abroad. "We don't know whether these measures will succeed or not," he said, "but we feel that it is better to try and fail than to do nothing."

With respect to socialized medicine, Mr. Smather mentioned a number of men who are qualified to introduce it, and to further the construction of hospitals and clinics throughout the country. In this way he said he believes that the country could do more to combat sickness and aid the sick than it can do by socialized medicine such as is today wrecking the financial structure of the government.

"The crux of this problem," he said, "is that we need more doctors, more doctors, and more doctors."

Pointing out that it is Congress' duty to pass the bill which he introduced during the present session, he said that the cost to the country has been upward of one billion dollars. Mr. Smather insisted that the resources of this country are not inexhaustible and cannot continue to pile up taxes and debts on debts.

Quoting from Bernard Baruch, he said that whenever the government of a nation are more than half bankrupt, the economy is in danger and it is on the brink of disaster. He disclosed that taxes on the United States are now 25 percent of the national income. Pointing out that necessity for maintenance of the profit motive is essential to the individual opportunity, he said that the crying need of the country is increased productivity, and that it is not possible to have an expanding and growing economy if everyone can be paid, but nothing better, no matter how hard he works.

George Touhy, Representative from Pennsylvania, Representative from Ohio and Mr. E. W. Ladd, Representative from Florida, were also present.

Tractor Drivers Compete In Indiana Pulling Contests

AP Newsfeatures SWAYZEE, Ind.—Those pesky tractors are threatening to take over another activity from old hobnob-weight pulling contests. Matching teams of horses to see which can pull the heaviest load has been a top notch country sport for many years, and still is. This year, however, a flurry of tractor-pulling contests has broken out over Indiana and more than a score were held.

They don't pull the crowds that the horses do, but the state championship contest held here recently attracted more than 4,000 people, to see the 140 tractors pull during a 14-hour program.

The state team pulling contest this year drew 10,000.

Tractor pulling lacks the animation of horses, straining and grunting to the shouts and commands of their drivers, but it has its fine points.

Some bands who boast of the prowess of their mechanical mounts are fast learning many things which will give more pull from their machines. There are several schools of thought along this line.

Some believe in weighing down the rear end of the tractor, arguing that gives more traction before the big rubber tired wheels begin to slip and spin.

Others believe it is best to weigh the front end with the idea that holding the front wheels on the ground gives more traction before the maximum is reached.

Tractors, when put into a hard pull, will lift their own front wheels into the air. That's one of the dangers of the business.

The stony farm boys use many gimmicks to get more traction. They load their tractors with sand bags, log chains, extra wheels and such devices.

One driver put two extra wheels on each side of his drivers. It didn't win him the championship, but it gave the tractor the wiled look that it might be a super-mechanical gadget.

Tractors pull in weight classes. The state championships were divided into four classes, under the following weights, 3,200, 4,500 and 6,000 pounds and the unlimited class, 6,000 pounds and over.

To qualify for the lighter weights a driver often will strip off fenders and all unnecessary parts, then put them back on for a higher weight and add still more for another heavier weight.

Any size tractor can win the grand championship—in fact a White-Right driven by Gene Ahlfield, 21-year-old farmer of Rosam, Ind., won the championship this year.

The rating is on the basis of percentage of weight pulled. Ahlfield pulled 7175 pounds of iron balls on a 22 inch wheel. This was 185 per cent efficiency based on the weight of his tractor.

Rural Common Sense By SPUDS JOHNSON

UNITED NATIONS NEEDS INDIVIDUAL'S SUPPORT

Now swinging into its fifth year of activity, the United Nations must have the support of the individual if it is to succeed. To support it effectively, the individual must be cognizant, at least to some extent, of its objectives, accomplishments, and its plans for the future.

Fundamentally, the UN means peace and good will. It means that representatives of more than 60 nations are making an earnest, continuous effort to prevent a repetition of those terrible conflicts that have gone down in history as World War I and World War II. Farmers know how terrible were those wars, for sons and friends of many of them were killed or maimed in them, and many young farmers growing crops peacefully today on Florida soil are veterans of World War II.

Unfortunately, there is war in the world today, but how much worse it could be had there been no United Nations! The UN was responsible for the end of war in Palestine and Indonesia, for withdrawal of Russian troops from Iran and withdrawal of British and French troops from Syria and Lebanon, and for settlement of the dispute between India and Pakistan over Kashmir.

Food is essential to life and peace, and the Food and Agriculture Organization of the UN is striving to bring about adequate production in the world. Tuberculosis remains a great scourge to humankind, but the UN, through the World Health Organization, is making tremendous contributions to the fight being waged on this disease in Europe and elsewhere.

Understanding is necessary for peace and progress, and the UN is providing understanding to the world.

The UN has many serious problems to solve, but it will solve them if every people supports it. The UN is a great effort by many nations to better their present and good will. It's very important to the farmers of the world, in all the corners of the earth, to overcome.

Try and Stop Me By BENNETT CURT

A BROADWAY columnist, reports Punch, visited England, and as is his custom, promptly claimed that all the funny stories in circulation there had been "originated" by himself.

Charles Allen Smart, author of R. F. D., was showing guests some Indian mounds near his home in Chillicothe, Ohio. On the way back, they had to jump over a deep hole. "Ah," observed one of the guests. "One of the Indians, I presume, was a Non-conformist."

A newlywed boasted to his bride, "I've always had a wonderful memory for faces." "How fortunate," she replied. "I've just dropped your shaving mirror."

Hints To Housewives By Anna Mae Sikes

PERFECT POACH There's more to poaching than dropping a shelled egg in water, specialists of the U. S. Department of Agriculture suggest to those who appreciate the best in food.

Perfection in poaching calls first for top quality eggs. The choice is either a Grade AA or Grade A egg, because most of its white is thick and stands up well around a firm high yolk.

Kidneys, along with liver, rank high in iron, one of the minerals we need for good health. Use both kidneys and liver frequently in menus.

It's not necessary to use a double boiler for making cream or white sauce. Just be sure you keep the heat low and stir constantly.

Fried bananas taste good with griddle cakes and thin slices of fried ham. Serve with maple syrup.

Plain tapioca cream is delicious with a little orange and folded into it. Then when ready to serve

garnish it with fresh orange sections. Or make a sauce for the pudding out of orange juice thickened with a little cornstarch.

If you want to keep the skin of baked potatoes soft just rub them with salad oil or some other suitable fat before baking.

Don't discard the bones when serving canned salmon; they contain valuable food nutrients.

Pilgrims To Jerusalem Welcomed Despite Unsettled Conditions

By FRED I. ZISY JERUSALEM, Oct. 21 (AP)—Despite unsettled conditions, religious leaders in the Holy City are going ahead with plans to house Holy Year pilgrims to Jerusalem.

The Rev. Ibrahim Avud, secretary and legal advisor of the Latin Patriarchate—representing Pope Pius XII in the Middle East—said it is hoped to provide housing for 3,000 to 4,000 pilgrims at any given time.

He told a reporter it is hoped to find room for about one-third that number in Jerusalem itself, and to place the others in hotels and private dwellings in nearby Jericho and Ramallah.

The Rev. Avud said that up to now Hashemite Jordan has refused to permit pilgrims to enter Jerusalem from the Israeli side, insisting that they come from Amman to the East.

As a compromise, Holy Year pilgrims have asked on the assumption that pilgrims either would have to fly in, or arrive by sea at Haifa in the Lebanon and proceed overland via Damascus, Amman and Jordan to Jerusalem.

The Rev. Avud said one proposal is to provide certified pilgrims with a special pass-part visa which would permit them to enter Arab Palestine or from Amman territory into Israel.

The majority of the holy places, including the main ones of the Holy Sepulchre, Mount Calvary,

the Garden of Gethsemane, the Mount of Olives, and Bethlehem are on the Arab side.

However, Nazareth, Galilee and Lake Tiberias, scenes of Christ's early life, first miracles and the famous sermon on the mount—are in Israeli territory.

King Abdullah said any such arrangement would extend only to tomfoolery pilgrims and would have to be approved by the security forces of both countries. He said he would exclude Communists, Fascists and Nazis from any agreement.

THE LONE RANGER

By Leon Striker

All American Backfield Four Is Hard Choice

Emil Sitko Is Likely Candidate For First Team With Galiffa

NEW YORK, Oct. 25—(AP)—Four guesses, now, who's going to make the 1949 All American backfield?

Three members of last year's honored quartet are trying to repeat—S. M. U.'s Donk Walker, North Carolina's Charlie Justice and Northwestern's Art Murokowski.

But none is a cinch for the 1949 nod. They're not dominating the season's touchdown parade. Other leads are running the ball best as far—even farther—and matching them with bull's eye passing.

This season's collection of talented backs seems to be one of the richest in several years. Notre Dame, the nation's no. 1 powerhouse, is bidding with Emil (Seven Yard) Sitko, Army's unbeaten Cadia have an outstanding candidate in rifle-armed Arnold Galiffa.

Penn's Frank (Reds) Hagell is cutting all sorts of fancy capers with his passing and elms. Running back San Francisco's 210-pound sophomore sensation, Olie Matson, has pro coaches drooling.

The South is high on Tulane's Eddie Price. Boston University followers are running out of superlatives for Hurricane Harry Aranni. Michigan's Chuck Orsman, after a slow start, is coming into his own.

Meanwhile, the defending All America stars are having their miseries. Walker is bedridden with influenza and is missing important mid-season games. Justice is being stopped occasionally, as Louisiana State did last week, but he's still perhaps the nation's outstanding triple-threat. Murokowski has been playing second fiddle at Northwestern to a fellow named Gasper Perricone.

This probably will go down as "Hubert's year" in college football. There have been enough to fill a dozen pies.

Tempers have been sharp and coaches have issued blasts at the drop of a white handkerchief. Coaches Paul (Boss) Brown of Kentucky and Johnny Vaught of Mississippi issued loud yelps against the officiating that resulted in losing southern ventures last week. Bryant said an "arbitrator" ruling resulted in his 20-7 loss to S.M.U. Vaught angrily said the officiating had odors.

The squabbles haven't been inter-sectional, strictly regional (Dutch) Meyer of Texas Christian lodged an official protest against Arkansas' toughness. He said the Razorbacks were too free with hands and arms.

Auburn Once Rated As Breather Scares Opponents With Power

By Associated Press
The Auburn Tigers are at the bottom of the Southeastern conference but perhaps none will deny them a bright spot in the football world.

Four times the Tigers from the plains have trotted out to play more highly rated foes and they will be undergoes again Saturday against Vanderbilt.

Yet, if ever a team found courage in adversity this one has. At the beginning of the season little Auburn was rated as a nothing, a breather, and when Mississippi won out 7 in the opening of the season could go around being wise.

But then Auburn tied Florida 14-14 and scared the daylight out of Georgia Tech which achieved only a 35-21 victory. Last Saturday, the little Plainsmen bottled a bigger Tulane team which barely could manage a 14-0 triumph.

But the record books, then, counted moral victories, the stout Plainsmen would rank high. And if you wonder how the students feel about a team which is consistent only in losing, please note that wherever Auburn goes, there is always a little hand around defiantly shouting the school's battle cry, "War Eagle."

As a reward for Auburn's hardfought game against Tulane, Coach Earl Brown passed out light duty to 20 of his regulars yesterday and wondered if the possible loss of three line backers wouldn't make his team even more of the underdog next week.

Frank Hayes was out with a light concussion. Center Bill Hobarth had a sprained knee. And guard Jim Brooks pulled several sides muscles, disappointed coach Bill Edwards put the Commodores through a stiff workout on fundamentals after the 7-0 loss to Arkansas. Edwards blamed the loss on poor blocking and tackling.

Kentucky came back from its 20-7 loss against Southern Methodist University to workout in Cincinnati for its brush with the Wildcats.

There is a strong possibility that Kentucky will go through the remainder of the season undefeated. The only major opponent rated capable of giving the Wildcats a struggle is Tennessee.

For just plain football perhaps the most outstanding game in the south this week will be Georgia Tech vs. Duke.

LSU Mentor Picked By Sports Writers As Coach Of Week

ATLANTA, Oct. 25—(AP)—Gaynell Tinsley received 19 of the 21 votes cast by southern sports writers to win the Atlanta Journal's poll as coach of the week in the Southeastern Conference.

Tinsley's LSU team upset North Carolina, 13-7, halting a regular season winning streak by the Tar Heels at 21 games.

Writers Ed Ashford and Sam Adams voted for Auburn's Earl Brown, whose team held the highly touted Tulane powerhouse to a 14-0 score.

Voting for Tinsley were Ed Danforth, Sterling Slaughter, Edwin Pope, Cecil Brownlow, Bob Phillips, Zipp Newman, Fred Russell, Raymond Johnson, Tom Slier, Arnold Finnefrock, Joe Livingston, Guy Butler, Bill Keefe, Larry Shropshire, Bud Montet, Dan Hardesty, Max Moseley, Harry Martinez and Carl Walters.

Players of the week, selected from nominations by the coaches, was Jimmy Southern, Georgia Tech's senior quarterback. The Atlanta Journal panel of writers Ed Danforth and staff writers Guy Tiller and Ed Miles picked Southern for his great performance against Florida.

Jimmy scored two touchdowns, tossed a lateral for another and completed eight of 11 passes for 151 yards as the Jackets romped, 43-14.

Honor roll players picked as the best on their respective teams included, besides Southern, Ray Collins, LSU tackle; Kayo Dottler, Ole Miss fullback; Jerry Taylor, Mississippi State center; Marion Campbell, Georgia tackle; Chuck Hunsinger, Florida halfback; Bill Leskovar, Kentucky fullback; Paul Len, Tulane tackle; Travis Tidwell, Auburn halfback; Bud Sherrod, Tennessee end; and Ed Salton, Alabama halfback.

No nomination was received from Coach Bill Edwards of Vanderbilt.

Baseball Preferred By Army's 'Mr. Outside'

WEST POINT, N. Y., Oct. 25—(AP)—Baseball, not professional football will get Lt. Glenn Davis if he decides to leave the Army next year when he is eligible for a discharge.

Former Ace Passers In Pro League Are Out-Shined By Lujack, Conerly

PHILADELPHIA, Oct. 25—(AP)—Two sophomore passers are taking over from the old guard as the "aces" of the national football league.

For years Sammy Baugh, Tommy Thompson, Sid Luckman and Bob Waterfield have had the top spots among NFL passers pretty much to themselves.

But league statistics released today showed the new NFL "aces" are Johnny Lujack and Charley Conerly. Two years ago Lujack and Conerly were wrecking college passing marks as they tossed Notre Dame and Mississippi to the top among undergraduate ranks.

Lujack is a scant point ahead of Conerly under the NFL's inverse grading system after the two dualed last Sunday.

Lujack, coming in after Luckman failed to connect for the Chicago Bears, tossed his club right back into the ball game against the New York Giants, but Conerly, flipping for the Giants, was equal to the task. The Giants won 38-28.

With 71 completions in 127 tries, Lujack has connected for 1,006 yards and eight touchdowns. His accuracy mark is 55.9 per cent. Conerly has tossed 109 times, hit his receiver 63 times and gained 808 yards and eight TD's. He has hit on 53.6 per cent of his tosses.

Washington's Baugh is third, Philadelphia's Thompson fourth.

MIAMI FROSH PLAY TULANE IN BOWL; GATORS DRILL LIGHT

CORAL GABLES, Oct. 25—While the University of Miami varsity football team drew its second successive day off Monday, Coach Ed Meyer's Freshmen were hard at work getting ready for the Friday night game with the Tulane Freshmen in the Orange Bowl.

The Hurricane Freshmen opened their season a month ago by beating a bigger and favored South Carolina Freshman eleven, 13 to 0 in Columbia. The game is the annual Quarterbacks club contest. It will be the only appearance of the Freshmen in Miami this year.

GAINESVILLE, Oct. 25—(AP)—Although none of Florida's players are injured seriously, some of them may take it easy through practice sessions this week. Jerry Jackson moved from half to quarterback. Jim Mathis went up to first string fullback to replace injured Julian Schamberger. Gene King and Kayo King will run from halfback spots. Offensive and defensive line assignments also were juggled.

TAMPA, Oct. 25—(AP)—Tampa coach Mike Gaddis shifted his lineup yesterday to try for a winning football combination against Eskine this week. Jerry Jackson moved from half to quarterback. Jim Mathis went up to first string fullback to replace injured Julian Schamberger. Gene King and Kayo King will run from halfback spots. Offensive and defensive line assignments also were juggled.

High School Coach Teaches The Girls About Football

TAMPA, Oct. 25—(AP)—Men give Plant High coach Cotton Clinton a snappy salute, he's making the menfolk's football burdens a lot easier.

Clinton has just wound up a course in which he told the girls high girls just what football is, why you are supposed to run this way rather than that way.

For a long time Clinton has heard groans from the male football fan species that they spent more of their time at a game explaining this and that about the game than in watching the play. Clinton put it up to the girls in his educational classes. How about learning something about the game?

The affable coach brought members of his team into the high school gymnasium and illustrated what clipping means and such things as illegal passes, interference, roughing the kicker.

He put on a regular show, demonstrating especially and defensive formations—and why.

The girls learned the difference between a safety and a touchback. The course lasted a week and a half. Some of the girls boast they now can tell their boy friends a thing or two about this game called football.

The boys at Plant High are joyous. No more time wasted explaining the rules and fundamentals.

The girls understand why a football player is a hero.

But—moaned one husky gridder: "If you're a bum now, they'll sure know it."

POWERS WIND TUNNEL
LONDON—(AP)—The air-sucking snout of a jet engine has been hooked to a wind tunnel to speed progress of British research into the problems of faster-than-sound flight. Private manufacturers were unable to finance the elaborate machinery necessary for producing artificial air currents near the speed of sound. And they couldn't test their new models without them.

Former Ace Passers In Pro League Are Out-Shined By Lujack, Conerly

Lee And Landon Remain Unbeaten In State Big Ten

JACKSONVILLE, Oct. 25—(AP)—Unbeaten Landon and Lee have their work cut out for them in future Big Ten high school conference football games this week.

Landon meets city rival Jax Jackson. The Jackson lads are looking for an upset. Bryant and his squad showed plenty of stuff in their last two games. Lee tangles with West Palm Beach, which may be back on the track after a shaky start.

Hillsborough and Orlando got together in another conference game that means nearly certain death of title hopes to the loser.

Thursday, St. Petersburg at Plant Edison vs. Miami Jackson Friday: Landon vs. Jax Jackson Lee at West Palm Beach Hillsborough at Orlando Fort Lauderdale at Jefferson Haines City at Lakeland Lakeland roared through Miami Jackson, 38-0, last week and kept its foot in the doorway leading to the title. Edison pulled an upset by beating Jefferson, 12-0. Orlando nipped St. Petersburg, 10-0. West Palm Beach came to life for a 38-7 romp over Plant.

In games outside the conference, Landon beat Chattanooga, 14-0; Lee trimmed Miami High, 27-0; Jax Jackson outscored Pensacola, 37-0, and Hillsborough lost to O'Keefe of Atlanta, 21-14.

Standings (conference games only):

Team	W	L	Tie	Opp
Landon	3	0	106	01
Lee	3	0	85	10
Hillsborough	3	1	54	20
Lakeland	3	1	27	28
Orlando	2	1	52	28
West Palm Beach	2	2	19	59
Edison	1	3	12	59
Miami Jackson	2	3	40	78
Jefferson	1	2	37	41
Jax Jackson	1	3	66	28
Fort Lauderdale	0	3	12	53
St. Petersburg	0	3	12	60
Plant	0	3	10	128

Sports In Brief

BOXING
New York—Middleweight Champion Jake LaMotta of New York agreed to defend his title against Marcel Cordeu of France in Madison Square Garden, Dec. 2.

BASEBALL
San Diego, Calif.—The San Diego baseball club of the Pacific coast league announced that Del Baker would be its next manager.

HOCKEY
Camden, N. J.—Jockeys Johnny Gilbert and Charlie Givens had contrasting luck at Garden State Park. Gilbert won both ends of a \$70.00 daily double on Archmere (187.20) and Star Gazeur (83.20) in addition to scoring on Val's Kid (\$20.60). Givens suffered a fractured collarbone when unseated at start of fifth race.

STEEPLECHASE
Salern, N. H.—Anthony Catalano, 18-year-old apprentice, won the last four races at Rockingham Park astride Little Rajah (\$30.20), Atom Rids (\$18.00), Crisis (\$13.60) and Middle Man (\$14.40).

NEW YORK—Scientist (187.50) registered by a length and a half in the Spur purse, feature of the Empire City-at-Jamaica program.

Hoston won eight National League pennants before 1900, but has been able to win only two since.

Hoston won eight National League pennants before 1900, but has been able to win only two since.

Bill Corum May Be New Derby Planner

LOUISVILLE, Ky., Oct. 25—(AP)—The name of Bill Corum, New York sports columnist, was moved to the head of the list today as the likely successor of the late Colonel Matt Winn as a planner of the Kentucky Derby.

One member of the Churchill Downs committee going over the list of prospects to carry on for Colonel Winn, who died this month, confirmed late last night that Corum had been interviewed by the committee.

The committee's selection will be submitted to the Downs' board of directors for final approval.

Corum was a close friend of Winn for many years and has been one of the biggest boosters of the Kentucky Derby among national writers.

Other names which have been mentioned as possible successors of Winn include Tom R. Underwood of Lexington, a congressman from Kentucky and former member of national racing.

Robinson's All-Stars Defeat Croles, 6-3

NEW ORLEANS, Oct. 25—(AP)—Jackie Robinson's all-star baseball team, with two victories in three of its out-of-town appearances, moved to Alexandria, La., for an exhibition tonight.

Don Newcombe went all the way for the Robinson team to defeat the New Orleans Croles all-stars 6 to 3 here last night. Newcombe's only hit, a double, brought in the first run.

The Croles got to Newcombe for eight hits. Rufus Lewis, Croles' batter, yielded 14 hits with Robinson's pitching. Three Larry Doby and Roy Campanella went hitless. Lewis fanned both of them.

The Croles team split its games here and at Baton Rouge Sunday.

Truman Signs 75 Cent Wage And Hour Law

President Deplores Provision Excluding Millions From Benefits Of Measure

WASHINGTON, Oct. 26—(AP)—President Truman today signed legislation raising the minimum wage from 40 to 75 cents an hour and called it "a major victory" for his Administration.

In a statement, Mr. Truman expressed "regret" that the legislation exempts some workers who previously had been covered by the Fair Labor Standards Law.

He added:

"But the improvements made by the new law will go far toward achieving our basic purpose of assuring minimum labor standards necessary for health, efficiency and general well-being of workers."

"The enactment of the Fair Labor Standards amendments of 1949 is a major victory in our fight to promote the general welfare of the people of the United States."

Florida To Have Vast New Lake Twice The Size Of Okeechobee

By ASSOCIATED PRESS

The face of Florida will look a lot different to a stratosphere plane flying over 10 years from now.

A vast new lake will stretch to the southwest of Lake Okeechobee and dwarf what is now Florida's largest inland body of water.

This man-made sea, sprawling 1,500 square miles over the Everglades, is planned as a part of the \$200,000,000 water conservation and flood control program which is just beginning. It will vary in depth from three to five feet and will be almost twice as large as Lake Okeechobee.

It will affect for the better Florida's business and, to some small degree, its climate, economists agree.

The big reservoir will catch water during the rainy season and feed it out to parched crops during the dry season.

Approximately 300,000 additional acres ultimately will be made available to growers, it is estimated, and the millions of dollars in vegetable products which are expected to be produced in every line of business.

The midsummer weather around the artificial lake should be helping a bit. Prevailing winds in the summer are from the east and temperatures on the west shore

Citrus Code Is Called Voodoo By Its Critics

But Defendants Claim It Is Good For Having Prevented Green Fruit Shipments

ORLANDO, Oct. 26—(AP)—Critics of the new Florida citrus code today called it a "voodooistic mumbo-jumbo" but its defenders praised it for preventing shipments of green fruit.

E. D. Treadwell, Jr., of Arcadia, one of the attorneys asking three federal judges for a temporary injunction against fresh fruit provisions of the State law, said the act is a "mumbo-jumbo of words and it is meaningless."

Chester Bedell of Jacksonville, representing the Florida Citrus Commission, said the law is designed to keep green and immature fruit off the market and prevent market breaks which occur every year because of this type of fruit.

Attackers of the law contend that its maturity regulations are discriminatory and that they cannot ship fruit which they consider is now ripe.

The hearing on this phase of the attack on the new law ended this morning.

Camera operators taking up their battle to have canning provisions in the code knocked out, said the President Judge Curtis Walker announced the judges would make their ruling in the fresh fruit case as soon as possible.

Treadwell, attorney for Consolidated Naval Stores, Inc., one of the parties in the suit, said lots of fruit grown by his client

Big Five Blame Russia For Failure Of Atom Bomb Talks

Huge Crowd Attends U. N. Cornerstone Ceremony

THOUSANDS OF SPECTATORS are shown at the cornerstone-laying of the United Nations permanent home in New York City. The ceremonies were held on the fourth anniversary of the international organization. At the time this picture was made, President Truman was on the stand with Gen. Carlos Romulo, president of the General Assembly, and other high U. N. dignitaries. In his speech, the President called on the world to accept atomic energy control, better living conditions for all and a respect for human rights.

Soviets Are Said To Put National Sovereignty Ahead Of World's Welfare

LAKE SUCCESS, Oct. 26—(AP)—The United States and four other powers declared today secret atomic talks have failed because the Russians put national interests above world security.

The report came from the U. S. State Department and Canada. It was released along with a formal report of closed-door conferences they held with the Soviet Union in seeking to end the East-West deadlock.

The report said that the government of the U. S. S. R. puts its sovereignty first and is unwilling to accept measures which may hamper its interference with its right of unimpeded state sovereignty.

It added:

"If this fundamental difference could be overcome, other differences which have hitherto appeared insurmountable could be seen in their proper perspective and reasonable ground might be found for their adjustment."

The Russians refused in the closed meetings to talk about differences of atomic explosion in the Soviet Union. The United States, France and Britain reaffirmed their position favoring the authority of the United Nations Security Council and the U. N. Assembly after Nov. 1, 1949.

The Soviet Union limited after the atomic explosion was announced but month that the United States might have some new proposals but this produced no result.

The net result, the East and West deadlock stands unchanged but the six powers, known as the Big Five, agreed to meet in Geneva to discuss the U. N. Atomic Energy Commission, will continue the talks in November. The statement of the five powers and the U. N. assembly of the committee will

Bradley Warns National Guard To Be Prepared

U. S. To Take Stand In Europe If Aggression Starts

MONTGOMERY, Ala., Oct. 26—(AP)—General Omar Bradley told the National Guard today that its country's situation requires that the Guard be ready to move some of its divisions to combat quickly if the need arises.

In a talk prepared for the National Guard convention here, the chairman of the Joint Chiefs of Staff said "We recognize that the defense forces of the United States must take their stand in Europe, if that is where aggression begins."

Then after discussing the Atlantic defense plan and United States commitments under it, Bradley said:

"In order to implement our greater responsibilities, both nationally and internationally, the National Guard should be ready to move some divisions to combat areas upon short notice in the event of mobilization. A very thorough study should be initiated to the end that all of its training is timely and effective, little or none of its time wasted in non-essentials."

The time to mobilize that the United States has had in the past can be counted upon, said Bradley.

"If it becomes necessary to project our power overseas," he said, "the first troops to go over will be the National Guard. It is our duty to be ready for action much more quickly than you have ever had to before."

Bradley assured the Guard that the sending of equipment overseas under the military aid program

Trains Halted, Industries Hurt By Coal Strike

Truman Keeps Silent About Possible U.S. Action In Dispute

WASHINGTON, Oct. 26—(AP)—The coal-steel strike stopped many trains today and spread its crippling paralysis further into business, but the White House said President Truman was not now inclined to step into the situation.

There was little to stir optimism of any break in the two deadlocks between government officials trying to settle the steel dispute saw a flicker of hope in an industry leader's suggestion that a compromise is

Keith Schumacher Qualifies As Cadet In U.S. Coast Guard

Keith Byron Schumacher, a resident of Sanford, Fla., is now serving as a cadet at the U. S. Coast Guard Academy, New London, Conn., as the result of having been a successful candidate in Coast Guard Academy competitive examinations. He is the son of Mr. and Mrs. H. E. Schumacher of Jasper, Texas.

In the nation-wide examination held last February, 1439 young men applied to take the examination, 1074 were qualified and were nominated to compete and 572 candidates received qualifying scores in all subjects in which examined of these, only the first 275 scored high enough for appointment to the Coast Guard Academy, according to Lieut. Comdr. M. A. Whalen, USCG.

In a letter to J. Bernard Root, Dean of Boys, Seminole High School, Comdr. Whalen stated: "The success which you, Mr. Schumacher, experienced in the Coast Guard Academy entrance examination is proof that the standards of Seminole High School are of the highest, and it is sincerely hoped that other qualified students from your institution will be desirous of making the Coast Guard a career."

\$820,000,000 Needed To Support Farm Prices During Two Years

WASHINGTON, Oct. 26—(AP)—The government is forecasting that it will cost about \$820,000,000 to support farm prices during a two-year period ending June 30, 1951.

By costs is meant the amount of money the government will use on surplus products which will be bought at support prices and sold or disposed of at lower prices. The period covers largely the 1949 and 1950 crops.

The loss estimate does not take into account the profit or loss the government may make up when it finally disposes of surplus still in its possession at the end of the two-year period. It expects to hold large quantities of cotton, corn, wheat, dairy products, and oilseed crops at that time.

The loss estimates this fiscal year by commodities include: corn \$200,000,000; cotton \$82,000,000; peanuts \$50,000,000; rice \$12,000,000; tobacco none; wheat \$18,000,000; soybeans \$50,000,000; wool \$10,000,000; barley \$6,100,000; dry beans \$1,500,000; American Egyptian cotton \$9,000,000.

Bright Future Is Pictured For U. S. Next Generation

2 Cars In Every Garage Are Predicted By Harvard Teacher

BOSTON, Oct. 26—(AP)—A nation of two-car families, a national income of 416 billion a week, a population of 175,000,000 with an average income of \$1,200 a year—these are the bright future for the United States 30 years hence in 1979 as pictured by Harvard economist Sumner H. Slichter.

Written in the November issue of the Atlantic Monthly, the Laumont University Professor at Harvard and chairman of the Research Advisory Board of the Committee for Economic Development predicted the national income might even be larger, "probably in excess of 500 billion dollars."

The national income at present is estimated to be 225 billion dollars.

Plans Made For Benefit Bridge By Local Pilot Club

Final arrangements for the annual benefit bridge and card party of the Pilot Club were completed at the meeting of the club held in the Tourist Center last night with Mrs. Ruth Scott presiding.

The party will be held in the Mayfair Inn at 8:00 o'clock tomorrow evening and Mrs. Al P. Hunt, general chairman, has extended a cordial invitation to the public to attend. Proceeds of the party will be used for the "Milk Bank" a major project of the club for many years, in which milk is furnished daily to needy families throughout the country both whole and condensed.

Mrs. Fellow West chairman of the International Red Cross committee of the local club, reported that Christmas packages have been shipped to the family of one children in the French village of Vimoutiers, bombed during the war by the U. S. Air Force upon false information.

Admiral's Son, Losing His Sight, Jumps To Death

Peter Beatty Was Also Grandson Of Marshall Field, Sr.

LONDON, Oct. 26—(AP)—The Honorable Peter Beatty, son of a famed admiral and grandson of Chicago merchant prince Marshall Field, Sr., plunged to his death today from a sixth floor window in the fashionable Ritz Hotel.

He had just been told he was going totally blind.

The 39-year-old race horse owner fell to the ground at the rear of the Ritz, which is in Piccadilly, in the center of London.

Beatty, a handsome, wealthy aristocrat and friend of Ali Khan and Rita Hayworth, was blind with a serious eye affliction. He spent thousands of dollars for operations

Mrs. Addie Saye Paul Dies In Hospital

Mrs. Addie Saye Paul of Elberton, Ga., died at the local hospital at 7:05 this morning following a short illness. She was in Sanford for a short visit with her son Harry Paul of West Twelfth Street, and was taken suddenly ill on Saturday night.

She was born on Dec. 17, 1869 in Elberton and was a member of the Mt. Pleasant, Ga. Methodist Church.

She is survived by four children: two sons, Clyde L. Saye of Athens, Ga. and Harry Paul of Sanford; two daughters, Mrs. Elise Bridges and Mrs. Myrtle Matthews both of Lexington, Ga.; 11 grandchildren; 10 great grandchildren; two stepsons and three stepdaughters.

The body will lie in state from 7:30 P. M. tonight until 11:00 A. M. Thursday at the Erickson Funeral Home after which it will be sent to Athens, Ga. for burial. The Erickson Funeral is in charge of arrangements.

A. E. Raburn Died At Home Tuesday A. M.

Also E. Raburn, 79, died at his home, 928 West Third Street, yesterday at 12:25 A. M. after an illness of 10 months.

Born in Harrison County, Ga., July 5, 1870, Mr. Raburn had made his home in Sanford for 27 years. He was a retired railroad inspector, following 25 years' service in Sanford. He was a member of the First Christian Church of Temple, Ga.

Survivors include the widow, six daughters, Mrs. W. M. Bonham and Miss Mona Raburn, Sanford; Mrs. J. H. Hodges, Jr. and Mrs. M. R. Williamson, Jr., both of Tampa; Mrs. Halley Duke, Kennesaw, and Mrs. Kennedy Sweet, Palmetto; four sons: Paul D. Raburn, Atlanta; J. A. Raburn, Tampa; Britt Raburn, Cleveland, O.; and A. L. Raburn, Tampa; 16 grandchildren; and one great grandchild.

Funeral services will be held at 4:30 P. M. Thursday at Erickson Funeral Home with O. E. Moss of the Church of Christ officiating. Burial will be made in Evergreen Cemetery.

SanLando Springs To Re-Open On Nov. 1

SanLando Springs, which has been closed for repairs for the past month, will re-open on Nov. 1, Bernard Stone, manager, announced today.

Among the improvements and the addition of new concrete walks to the spring, providing ditches to check further erosion due to heavy rains, and the repainting of buildings, said Mr. Stone, SanLando Springs, with its beautiful grounds and facilities for recreation, is widely known as one of the major attractions for tourists in Central Florida.

Club Is Organized By Tourist Group With 28 Members

The local Tourist Group recently completed its organization, issued cards to 28 members and will henceforth be known as the Sanford Tourist Club. Mr. W. E. Smith, publicity chairman, announced today.

This is the largest home organized group in the history of the Tourist Club. Mrs. Smith pointed out, and will form the nucleus of tourist activities during the winter season. The tourists themselves, however, are expected to provide much leadership for these programs, she said, and predicted a very successful season.

One of the major social activities of the Tourist Club during the Fall season will be the Halloween party Saturday night at 7:30 o'clock at the Tourist Center. Guests are requested to appear in costume, and will be fined if they fail to do so. Mrs. Tim Donohue and Mrs. A. C. Starks are in charge of decorations and entertainment and Miss Mary McElhannon has charge of the refreshments.

The club is making plans for the entry of a bus containing musicians in the Armistice Day parade, which will be loaned by S. E. Allen. The bus will be loaned by Dave Shannon, Bill Marlin and Harry Wester.

Club Is Organized By Tourist Group With 28 Members

The swimming pool advisory committee of which W. E. Dean is chairman, will meet tomorrow afternoon with City Manager Clifford McKibbin at 4:00 o'clock at the City Hall to make recommendations for operation of the new swimming pool.

You Can't Beat The Sales Tax For The "Use Tax" Will Get You

TALLAHASSEE, Oct. 26—(AP)—If the new Florida sales tax doesn't get you, its companion "use tax" probably will.

The use tax is designed to take care of the out-of-state purchase, by mail order or by personal visit.

The same 3 percent tax is levied against the use, consumption, distribution and storage of a commodity that is levied against the sale. The purpose is to protect Florida merchants from discriminatory sales tax in favor of out-of-state competitors.

"If you send to Georgia for some items, the tax situation is the same. It is to protect Florida merchants from discriminatory sales tax in favor of out-of-state competitors."

"If you go to Georgia, which has no sales tax of its own, and buy a set of luggage which you bring back with you, the luggage is taxable when you get home—but the Comptroller's office hasn't quite figured out how to collect on that sort of purchase."

"If you go to Alabama or some other state with a sales tax equal to Florida's, you will pay the tax there on your purchase and won't be subject to Florida's tax. That would be double taxation."

"You who come to Florida, buy something and take possession of it before they get back to their home state, must pay the tax here. However, if they stay home and make it to the airport out of Florida, it is in the hands of the Comptroller and the tax is levied there."

BEALERS MEET

The Sanford Board of Realtors will meet at 4:30 o'clock Friday afternoon at the City Hall, P. Bayard Smith, president, announced today.

PLANE CRASHES

BUNNELL, Oct. 26—(AP)—An Army military transport plane crashed north of Tucuman last night, killing five persons and injuring three others. The crash occurred two minutes after the plane took off from Bunnell Airfield, Santa Fe.

CITY BARBECUE

The barbecue for City employees is scheduled for tonight at the grounds of the Fifty Associates, and was not held last night as announced.

TRACHERS MEET

All white teachers of Seminole County will meet Thursday night at 8:00 o'clock at the South Side Primary School as members of the Seminole Teachers Club, Supt. T. W. Lawton announced today.

Mr. Lawton will speak concerning the financial outlook for the schools of the County and will report on the recent conference of superintendents in Gainesville. Mrs. M. B. Smith will tell of the meeting of classroom teachers which the recently attended in Jacksonville.
