Colored Veterans Ask Co-Operation Of White Persons

Seeking to develop the newly organized Colored Veterans' Club No. 57 in Sanford, Drew Brown, commander of the Club, today requested the cooperation of members of local white men members of the American Legion or was veterans not affiliated with that organization.

Addressing himself on behalf of the Club, Mayor W. A. Leffler, George A. DeCottas, George G. Herring and other white veterans residing in the city, Brown made the following statement:

"One-third of the population of the South is of the negro race. No enterprise seeking the material, civil, or moral welfare of this section can disregard this element of our population and reach the highest success.

"I but convey to you, the sentiment of the masses of my race when I say that in no way has the value and manhood of the American negro veteran of the World War been more fittingly and generously recognized than by the managers of the magnificent Veterans' Bureau of St. Petersburg.

"Every stage of its progress is a recognition that will do more to cement the friendship of the two races than any occurrence since the end of the war.

"Not only this, but the opportunity here afforded will awaken among us a new era of industrial progress so we are now asking the assistance of you white veterans in further developing our organization."

The statement also was signed by Will Miller as secretary and W. A. Holly as assistant.

Members of the Club met at the Eichelberger Funeral Home Thursday night with a large number present. Another meeting is to be held at the same place Thursday night at 7:00 o'clock and all members and prospective members are urged to attend.

City News Briefs

(Continued From Page One)

Karl Lehmann of the Chamber of Commerce was in Tampa today attending a Tampa Chamber of Commerce luncheon which was featured by an address on the proposed barge canal from Tampa to Sanford. The speaker was Julian Cannon of Washington.

Seminole High School students today were expressing pleasure over the first edition of "The Colery Ped," school paper, which was released today. It covers the recent activities at the school, and it is featured by stories and paragraphs which purport to be telling the truth about the latest fads and fancies of both the boys and girls. The "Colery Ped" was printed on The Herald's presses.

Campbell-Leasing Post of the American Legion is represented at the National Legion Convention in Miami today by several local persons, among them Post Commander J. O. Huff, H. B. Pope, J. H. Hintermister, V. A. Speer, V. M. Greene, Paul Shoemaker, and George A. DeCottas.

Earle G. Thatcher of Vero Beach, governor of the 32nd District of Rotary International, will be guest speaker before Sanford Rotarians when they gather at the Valdez Hotel tomorrow noon. Mr. Thatcher is touring the state in the interests of Rotary, and his stop here is one of many which he will make before returning to Vero Beach where he has been secretary of the Chamber of Commerce since 1926.

Two groups will meet at the Chamber of Commerce building tomorrow. At 2:00 o'clock the special committee which is handling the matter of a demonstration of the National Housing Act will meet to discuss plans for the work. At 4:00 o'clock, President H. M. Papworth will call to order the committee which he appointed to study referendum No. 67 of the Chamber of Commerce of the United States on the subject "Federal Expenditures." Fred R. Wilson will preside over the meeting as chairman.

Western Union Team Defeats Randallites

The Western Union team entered in the Sanford Bowling League scored a clean sweep in its games with the Randall Electric Co. team Friday night in a regulation league game.

As a result, the league standing at the end of last week finds the Western Union team leading with four victories and two defeats; the III-Grade Bakery and New York Life teams tied with three victories and three defeats each; the Randall Electric Co. team in the cellar with two victories and four defeats.

The next league game is set for tomorrow night. The tail-end Randall Electric Co. team meets the New York Life team.

Sanford-Atlantic National Bank officials this morning released data which indicated that after Oct. 27 it will be impossible for holders to convert Home Owners' Loan Corporation four percent bonds into Home Owners' Loan Corporation three percent bonds. It was pointed out that the four percent banks are guaranteed as to interest only by the government for 18 years from date of issue, whereas the three percent bonds are guaranteed both as to principal and interest. Bonds bank by all persons interested.

Regular meeting of the City Commission is scheduled for tonight at 7:30 o'clock at the City Hall. Two groups will appear at the meeting seeking assistance each sees as a benefit to the community. A Sanford Junior Chamber of Commerce delegation will ask the Commissioners to contract for the purchase of electricity enough to turn on all down-town white-way lights at once. A delegation from the National Housing Committee for Seminole County will ask the Commissioners to assist in the plan to secure a residence which would be remodeled in line with plans now being projected by the Federal Housing Administration.

County Motorist Officer E. T. Hamill's flair for thoroughness on every occasion led to the detention of A. C. Shaffer and T. Brown of Miami who were passing through the county yesterday afternoon as driver and passenger on a truck loaded with 149 cases of cheap liquor. Halting the truck for the purpose of making an arrest on a charge of speeding on the highway near Fern Park, Officer Hamill discovered that the driver was operating his truck without a certificate. Noting that the truck appeared overloaded with cabbages and apples, Officer Hamill investigated further and came across the liquor buried underneath the produce. The men were brought to the Court House where they notified an attorney in Miami. Upon his arrival here this morning, he instructed Shaffer to plead guilty to a charge of speeding and operating without a certificate. Judge Sharon levied fines totaling \$35 and costs. The attorney stated that the liquor was a legal shipment consigned from Baltimore to Havana, Cuba for use by American Legion officials who would visit that city late next week. He telephoned Circuit Court Judge M. Ward B. Smith and made an appointment for a habes corpus hearing with the view of having the driver and his cargo released on the grounds that the cargo is a legal shipment in interstate commerce between one wet state and a wet U. S. possession.

Members of the Sanford Woman's Home Demonstration Club have been asked to meet at the Mayfair Hotel kitchen at 8:00 o'clock Wednesday afternoon to be given instruction in handicraft. Women interested are requested to bring wiregrass, pine needles and raffia, or silk knit material with which to weave pocket books. Directions are to be given also for making a small loom for weaving pocket books.

Sandy Anderson, whose hobby is counting tourist cars as they stop at or pass his Standard Oil Co. filling station at First Street and Elm Avenue, said today that during a six hour period ending at noon yesterday, no less than 147 cars from 21 different states were checked. "I didn't count these trucks or rattle trap cars loaded down with chickens and children," said Sandy. "These cars were owned by the better class, and most of the cars were new models. Seventeen of the cars were from New Jersey, 18 from Massachusetts, 14 from New York, and 12 each from North Carolina and Pennsylvania.

Get Rid of Malaria!

Banish Chills and Fever!

To conquer Malaria, you must do two things. (1) Destroy the infection in the blood. (2) Build up the blood to overcome the effects and to fortify against further attack. There is one medicine that does these two things and that is Groves' Tasteless Chill Tonic! The tasteless quinine in Groves' Tasteless Chill Tonic destroys the Malaria infection in the blood while the iron builds up the blood. Thousands of people have conquered Malaria with the aid of Groves' Tasteless Chill Tonic. In addition to being a noted remedy for Malaria, it is also an excellent tonic of general use. Groves' Tasteless Chill Tonic is pleasant to take and contains nothing harmful. Even children like it and they can take it safely. For sale by all drug stores. Now two sizes—50c and \$1. The \$1 size contains 2-1/2 times as much as the 50c size and gives you 25 percent more for your money.

Children's Coughs Need Creomulsion. Always get the best, fastest and surest treatment for your child's cough or cold. Prudent mothers more and more are turning to Creomulsion for any cough or cold that starts.

Creomulsion emulsified creosote with six other important medicinal elements—it is truly an elegant remedy. It is not a cheap expedient, but contains no narcotics and your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. Adv.

BANKERS TOLD U. S. WANTS TO ASSIST THEM

4000 Convention Delegates Assured That U.S. Doesn't Want To Run Their Business

WASHINGTON, Oct. 23.—(A.P.)—American banking received positive assurance today from the Administration that the government "is here to aid you, not to run your business."

The statement came from Leo T. Crowley, chairman of the Federal Deposit Insurance Corporation in an address before the 60th annual convention of the American Bankers' Association.

Crowley also declared his belief that the present limit on bank deposit insurance of \$5,000 for each depositor should not be raised. Some bankers have been fearful that all deposits would be insured.

Francis Marion, Law Association president, gave the keynote address, ending with the words "Sound, liberal business doctrine and rational humanitarianism should go hand in hand in any program of real and permanent recovery."

Law's speech, while co-operative in tone, nevertheless stressed that many emergency measures should be abandoned when the emergency is over.

He asserted "Unshakable faith that the natural forces of the country in themselves will in due time bring about a full and complete measure of business recovery."

Declaring the banks are co-operating fully with the government and business, he told nearly 4000 delegates "There is hardly a sane banker in the country who is not only willing (Continued On Page 2)

Picardis Soar Into Skies Over Ontario

DETROIT, Oct. 23.—(A.P.)—On the trail of mysterious cosmic rays, Dr. Jean and Mrs. Jeanette Picard had surmounted the first hurdle of their stratospheric balloon flight by drifting safely across Lake Erie today and were reported over Ontario province.

Mrs. Picard was quoted in a radio message as saying they were headed toward the stratosphere but no altitude was given.

The huge gas bag took off from Ford airport at 6:58 A. M. At first it hovered perilously over the airport seemingly not about to clear the trees. Then it was caught by the winds and carried quickly out of the sight of 4000 spectators.

POLICE COURT

Emory Lee, white, fined \$3 for disorderly conduct.

Julian Ponder, white, fined \$1 for violating a traffic ordinance.

Cary A. Hall, white, transferred to the county on a disorderly conduct charge.

Lawton Olesby and J. L. Chapman, white, charged with using a car without permission, transferred to county for action.

C. J. Rutherford and L. C. Hensley, white, charged with reckless driving, given 30 suspended sentences.

John Goodwin, white, to be tried next Monday for reckless driving.

Porter Baylock, fined \$10 for reckless driving.

Thos. Eddie, fined \$3 for speeding.

Jessie Lee Davis, turned over to his parents after being lectured against public nuisance.

Wm. Woodson, Mary Beury, Odell Beury, and Howard Williams, to be tried next Monday for disorderly conduct, with Robert Beury and Jeff Davis, dismissed of the charges.

V. E. Nelson fined \$5 for lettering with Graves Jones given a 60 suspended sentence for lettering.

John Smith, Charles Williams, J. M. Hill and A. A. Williams all fined \$5 with 34 suspended, for violating the city sanitary ordinance with Robert Bullington, dismissed to be tried Monday on a disorderly charge.

V. C. Phillips and Viola Phillips, fined \$5 each for disorderly conduct.

JOINS DILLINGER IN DEATH

Charles "Pretty Boy" Floyd (above), desperate southwestern gunman, who was shot in Ohio yesterday by a posse of heavily armed officers. Adam Richette, confederate of Floyd and accused of being one of the trigger men in the Kansas City massacre, was caught and held on a charge of murder. (Associated Press Photo)

MIAMI ACCEPTS OFFER OF MORE ELECTRIC LIGHTS

Magic City Comes To Terms With Florida Power And Light Co.

MIAMI, Oct. 22.—A Florida Power & Light Company offer to reduce Miami's electricity bill for water pump operation at the Hialeah waterworks about 32 percent from the original contract price and to increase the number of street lights in Miami at no immediate extra cost was accepted (Continued on Page Three)

Housing Program To Begin In State Nov. 1

JACKSONVILLE, Oct. 23.—(A.P.)—The Federal Housing Administration's new program to stimulate construction and to stabilize the mortgage market will swing under way in Florida, Nov. 1, F. O. A. Hathaway, state administrator, said here yesterday upon his return from conferences at Washington.

Modernization plans will continue, Hathaway said, but the second phase of the Housing Act will receive greater emphasis. After Nov. 1, the owner of a lot will be allowed to borrow up to 80 percent of the appraised value of his property, including the lot and dwelling. The loan will be made for 20 years at low interest rate, and the mortgage secured by the government in exchange for the loan.

County Gets Responsibility Of Guarding 149 Cases Of Liquor Taken Here Friday

For at least two months, officials of this county will be charged with the responsibility of protecting 149 cases of gin, rye, and hard whiskey, valued at from \$1000 to \$1500 wholesale, nabbed by Motorcycle Officer E. T. Hamill near Fern Park last Friday afternoon. Judge Millard B. Smith of Titusville established this responsibility at the Court House yesterday afternoon when he denied a request for a writ of habeas corpus, sought by Benny Cohen, Miami attorney who said he represented the owner of the liquor.

Cohen, who stated that the liquor was a legal shipment being transported from Baltimore to Havana for use by American Legion officials now attending the Miami convention, argued for the writ on the ground that A. B. "Red" Scheffer, Miami truck driver, was being held illegally. Judge Smith ruled that he had no jurisdiction in the matter and he ordered the case remanded to County Court.

Cohen announced at the end of the hearing that he would take an appeal to the Supreme Court at once. That would mean, he said,

JAYCEES' APPEAL FOR MORE LIGHT HEARD BY CITY

Junior Group Learns That Commissioners Seeking Same Goal

Again expressing appreciation for the "Interest you boys are taking in the affairs of the city," Mayor W. A. Laffler told I. L. Jackson of the Sanford Junior Chamber of Commerce at a City Commission meeting last night that "The City hopes to work out something very soon in regard to the street lighting problem."

Mr. Jackson had read a petition from the Jaycees in which they request that the Commissioners at (Continued On Page Three)

Gas Price-Cutting War On In Atlanta

ATLANTA, Oct. 23.—Motorists rejoiced here yesterday as they reaped the benefits of a gasoline price-cutting war.

First grade fuel, which sold last week for 22 cents a gallon, brought 17 1/2 cents yesterday at the stations of four major companies, Standard, Gulf, Texas and Woford.

The reductions began Friday with a cut from 22 to 19 1/2. Sunday brought a further one-cent reduction and yesterday another. Ethyl gasoline sold for 19 1/2 cents, as compared with Friday's price of 24 cents, and third-grade was down from 20 to 17 cents.

County Gets Responsibility Of Guarding 149 Cases Of Liquor Taken Here Friday

For at least two months, officials of this county will be charged with the responsibility of protecting 149 cases of gin, rye, and hard whiskey, valued at from \$1000 to \$1500 wholesale, nabbed by Motorcycle Officer E. "PRETTY BOY" FLOYD SHOT DEAD IN OHIO

M. Purvis, Nemesis Of Dillinger, Led Posse That Pumped Bandit With Lead

EAST LIVERPOOL, Ohio, Oct. 23.—(A.P.)—The long arm of the law caught up with Charles "Pretty Boy" Floyd, violent criminal of the Ozarks, near here yesterday, and snuffed out his life in a hail of rifle, pistol and machine gun bullets.

Department of Justice agents and police came upon the No. 2 Public Enemy at a lonely farm, seven miles north of here, in a section much like the country where he was born and raised.

Fifty or more shots rang out as the officers halted the criminal's flight. He fell wounded, unable to use either of his two automatics.

Quickly, the officers, including four Department of Justice men and four East Liverpool policemen, rushed to his prostrate form.

"Who the hell tipped you?" demanded the dying Floyd as they approached. Then he inquired: "Where is Eddie?" (Apparently he referred to Adam Richette, captured Saturday near Wellsville, Ohio, when he and Floyd engaged other officers in a gun battle.)

Just before he died, Floyd said to Melvin Purvis, head of the justice department's bureau of investigation in Chicago: "I am Floyd."

It was apparent that Floyd knew he was dying.

Police Chief Hugh J. McDermott, of East Liverpool, who participated in the final run-down of the criminal, said Floyd was wounded at least eight and possibly 20 times by the officers' guns.

Floyd died about 15 minutes after he was shot while officers were carrying him to a nearby road where they had an automobile waiting to take him to a hospital.

Death came to Floyd in the same violent manner by which he had lived. At the time he was slain, he was the principal figure in a nation-wide search, being (Continued on Page Three)

ROOSEVELT CRITICIZED BY BANKERS

North Carolinian Re-sents Recent Speech In Which President Lauded Englishmen

WASHINGTON, Oct. 23.—Criticism of President Roosevelt or praising British bankers and an attack on government economic methods brought the first rumblings of controversy at the start of the American Bankers Association convention yesterday.

The critical appraisal by Robert M. Hanes, a North Carolina banker, came at the opening session of the important convention, which met in a surface atmosphere, at least, of co-operation with the Administration for business recovery.

Hanes, president of the Wachovia Bank and Trust Co., Winston-Salem, N. C., one of the first speakers, said that the implied criticism of American bankers by the President in his last "fireside" talk was "totally uncalled for and unfair."

The President in his speech had praised British bankers for co-operating with their government for recovery.

Most of the nation's leading bankers were present to hear Hanes and other speakers at the meeting of the state banking division of the association. More than 4,000 had registered as the first divisional session opened.

President Francis M. Law, of the association in a pre-convention statement had sought to start the convention off in an atmosphere of harmony. He called for wholehearted co-operation by banks in the economic drive, said fears of uncontrolled inflation had ceased and that the government's credit condition aroused no apprehension.

"We are accused of not co-operating with the government's financial program when we are carrying over half of the government's debt," Hanes said, "whereas the British banks, hold only 11 percent of their government debt. Very few chances have been missed to hold bankers up to ridicule."

He said of the total government indebtedness of \$27,000,000,000 (Continued On Page Three)

Believed Kidnaped Girl Found Hiking

CHARLESTON, S. C., Oct. 23.—(A.P.)—Dorothy Marie Hanshaw, 14, of Huntington, believed by her parents to have been kidnaped, was found today by Charleston police who said she told them she left home to "hitch hike" to Florida.

The little girl was located in South Maiden, a suburb, where she stopped overnight. She was carrying a bundle of clothing wrapped in a paper. She is being held until her parents call for her.

Internal revenues for the first quarter of the fiscal year were nearly one-third larger than for the same period in 1933. Collections reached \$304,878,165, exceeding last year's by \$191,619,187. More than \$140,000,000 of the gain, however, was accounted for by liquor taxes available only since repeal and processing taxes which are earmarked for re-payment to farmers.

Hauptmann Pleads For Sight Of Son

FLEMINGTON, N. J., Oct. 23.—(A.P.)—Desperately lonely for his 8-year-old son, Manfred, Bruno Ketcher Hauptmann yesterday pleaded with James M. Fawcett, his attorney, to intercede with New Jersey authorities so that "I can hold him in my arms and talk to him."

Daytona Okeys Pact Bringing More Lights

DAYTONA BEACH, Oct. 23.—The city commission in a special meeting approved a new street lighting contract with the Florida Power and Light Company which will result in additional lights and a cash saving of approximately \$12,000 per year.

The new contract, effected after lengthy negotiations, was a substitution for the company's earlier proposal to provide 50 percent of street lighting with no additional cost.

"DR. ROOSEVELT" IS THE SPEAKER

"The will to explore problems" was asked of Americans by President Franklin D. Roosevelt at Williamsburg, Va., at the formal re-opening of Duke of Gloucester Street and the restoration of old Williamsburg. The President was presented with an honorarium by William and Mary College. (Associated Press Photo)

BOLD BANDITS ROB H. D. DAGUE OF NEARLY \$90

Lonely Sub-Division Scene Of Hold-Up Of Insurance Agent

H. D. Dague, local insurance agent, was held up and robbed of about \$90 in cash by two unmasked white men who forced him into his automobile in the residential district early last night, ordered him to drive into lonely Highland Park sub-division south of the city where he was "frisked" and left, helpless, in an automobile he could not start.

Police investigated at once but they had only meagre clues to work with and were further balked by the fact that the two men had apparently walked down (Continued On Page Three)

Federal Spending Hits 2 Billions

WASHINGTON, Oct. 23.—(A.P.)—Federal spending for the past 11 days bounced over the two billion dollar mark yesterday—a daily average of above \$175,000,000—along with the treasury recording a sharp increase in tax collections.

Internal revenues for the first quarter of the fiscal year were nearly one-third larger than for the same period in 1933. Collections reached \$304,878,165, exceeding last year's by \$191,619,187. More than \$140,000,000 of the gain, however, was accounted for by liquor taxes available only since repeal and processing taxes which are earmarked for re-payment to farmers.

Spontaneous combustion caused approximately \$1500 fire damage to a large barn on the American Fruit Growers, Inc., 120 acre farm on the West Side late yesterday afternoon, it was agreed today by officials of the organization, and Fire Chief Mac Cleveland.

CITY NEWS BRIEFS

Local weather: Friday, high 83, low 68; Saturday, high 84, low 70; Sunday, high 80, low 65, rainfall .25 of an inch; Monday, high 85, low 64.

The City Briefer extends many happy returns of the day to John Diehl, Jr., Mrs. O. J. Miller, Mrs. Mary Parrish, and other persons whose birthday anniversaries are to be celebrated tomorrow. Many happy returns also are extended to C. W. Culpepper, of Geneva, member of the Board of Public Instruction for Seminole County whose birthday was celebrated today. Mr. Culpepper has been confined to his home in Geneva because of a serious illness for many weeks, but he has not lacked the companionship and solace of scores of friends around the county.

2 Negroes Arrested As Admitted Killers

JACKSONVILLE, Oct. 23.—(A.P.)—Two negroes hooked up with Tom Nelson, 28, of Jacksonville, and Henry Simmons, 65, of Kingsland, Ga., were under arrest here yesterday after confession, officers said, to robbing and killing two white men.

Sheriff Sweet said Simmons, arrested last week, confessed he shot and killed W. H. Vinsant, Jacksonville mechanic, near here last June 17, and participated in the holdup and slaying of N. K. Perry of Kingsland, outside the Georgia city, about a month ago. Simmons implicated Nelson, Sheriff Sweet said.

Internal revenues for the first quarter of the fiscal year were nearly one-third larger than for the same period in 1933. Collections reached \$304,878,165, exceeding last year's by \$191,619,187. More than \$140,000,000 of the gain, however, was accounted for by liquor taxes available only since repeal and processing taxes which are earmarked for re-payment to farmers.

ENGLISHMEN WIN COVETED \$50,000 PRIZE

Scott And Black Land At Melbourne After Amazing Flight In Less Than 5 Days

MELBOURNE, Australia, Oct. 23.—(A.P.)—Two Englishmen, Charles W. Scott and Tom Campbell Black won the \$50,000 speed race from England to Melbourne yesterday but their closest competitors, a Dutch team in an American plane, won a fight for their lives early today.

The flying Dutchmen, K. J. Parmentier and J. J. Moll, with five other persons in their transport plane, were hours ahead of their closest competitors, Col. Roscoe Turner and Clyde Pangborn at midnight. Then they became lost in rainstorms, dropped flares, and out an SOS.

No one could go to the rescue but many directional messages were sent. Finally they landed safely at Albany only one hour from the home port.

Throughout Australia excitement raged to a high pitch when news spread that Scott and Black had started the final hop toward Melbourne. Australians were confident he would be the victor despite some anxiety because of his motors not functioning properly as he approached the lions, having served three years on the continent.

Scott, well known to Australians as a pilot of the "Queensland Airways," is an intensely popular figure. His great fortune in crossing the Tiger Sea safely with one engine dead in the blackness of night, and flying blind in the rain, was hailed with satisfaction.

Miami Treated To Colorful Parade Of Legion Horde

MIAMI, Oct. 23.—(A.P.)—The American Legion mobilized its forces behind flag and drum today and marched in a peace-time army under a bright sun.

Over a route of two miles shortest in Legion annals, boys marching with smiles in a reminder of the days when they went away to war. Miami closed its business houses and turned out its thousands to join with the visitors in watching the gay spectacle of the Legion parade.

Detachments of United States soldiers, sailors, and marines in meticulous dress and precise alignment following the color, and the spectators gave bursts of applause.

Then, in unbroken waves of color or came the departments of the various states with their state champion drum and bugle corps.

Prior to the parade and after a two hour debate the subcommittee on adjusted compensation failed for the present to agree on any type of bonus resolutions to be presented to the convention.

SEVEN HUSBANDS IN PRISON

CAIRO, Egypt, Oct. 23.—(A.P.)—Aldo Aily, an Egyptian woman, had six former husbands in prison, all serving, and was dealing in drugs. Now not only her seventh husband but Aily herself have been sentenced for the same type of offense.

Know Your Taxes

Reporters of the sales tax insist that one of the chief beauties is that the people pay it a little bit at a time and hence do not realize that they are being taxed.

But B. C. Forbes, famous economist and statistician, does not think so well of this so-called "painless taxation."

Mr. Forbes thinks it would be a good idea if every gasoline station would put up a sign showing exactly what the tax on gasoline is and what the price would be if there were no tax.

Other forms of taxation which may be resorted to by the Legislature in its efforts to bolster government revenues have been suggested time and again and are listed by the Tampa Tribune as follows:

"A ten percent tax on rents collected.

"A privilege tax equivalent to the present ad valorem tax now assessed against railroads and other utilities.

"Ten percent excise tax on domestic gas.

"One-half-cent per kilowatt on electric current.

"Three percent excise tax on insurance premiums.

"An excise tax on ice.

"A tax on radio sets, telephones, refrigerators, bicycles.

"Ten percent on gross incomes of hotels and rooming houses.

"Twenty percent on gross receipts of theaters, dance halls and other amusements.

"Five percent on newspaper and radio advertising."

All of these taxes will raise the price of the things which the people have to buy.

If there is any advantage in paying all taxes a little bit at a time, as cigarette and gasoline taxes are paid, the people will find it out, if the Homestead Exemption Amendment carries.

"The Flying Phillips"

We get so used to seeing circus stars and vaudeville artists performing dangerous stunts on flying trapezes, ropes, bars, and tight wires far above the ground, that we sometimes forget these artists are dangerous.

It takes such a tragedy as occurred in New York at the Roxy Theater the other night to make us realize the risks which these clever artists regularly assume for the amusement and entertainment of the public.

One of their stunts consisted of Mrs. Larkin riding a single wheel cycle on the tight wire while her husband did fifty revolutions on a trapeze suspended from the cycle below the wire.

But this time Mrs. Larkin's foot slipped as she dismounted from the cycle at the end of the wire.

Within ten seconds Mrs. Larkin had been carried off the stage. The curtain, immediately lowered, a few moments later went back up. The show went on. And it went on the next night. But "The Flying Phillips," as Mrs. Larkin and her husband were known, were not in it.

SANFORD TWENTY YEARS AGO

The dance of the Social Department on Tuesday evening last was a delightful and enjoyable affair with a good attendance.

Mr. and Mrs. E. A. Douglas are happy in the possession of their daughter, Mrs. W. A. Smith of Columbia, Ga. and her interesting daughter, Eunice Virginia.

The many friends of Alderman Jack Davis are glad to see him out again after a severe attack of acute indigestion.

Miss Laura Fish has returned to Sanford after a pleasant visit to many points in the North.

One of the delightful affairs of the week was the meeting of the Every Week Bridge Club with Mrs. Forrest Lake as hostess on Tuesday in honor of Mrs. Randolph Peyton of Washington, D. C.

Mr. and Mrs. G. F. Smith, Mrs. C. M. Ford, Mrs. Margaret Jones, Mrs.

W. D. Holden, Mrs. T. A. Neal, Mrs. S. E. Paleston, Mrs. R. A. Newman, Mrs. D. L. Thrasher, Mrs. C. O. McLaughlin, Mrs. B. W. Herndon, Mrs. W. A. Pitts, Sr., Mrs. Randolph Peyton, Mrs. G. D. Bishop, and Mrs. W. E. Watson.

joying a boat ride on the lake Thursday morning were the Messrs. Julia Wicker, Rebecca Wicker, Mary Chappell, Luella Chappell, Margaret Davis, and O. S. Lewis, M. M. Gregg, Pope Wicker, Jessie Sample, and S. Yount.

BANKERS TOLD U. S. WANTS TO ASSIST THEM

(Continued From Page One) but eager to make good loans. Super-abundant bank credit is available but the demand for the credit is distressingly low.

Many lines of credit, put at the disposal of business men by the banks are lying unused. It remains for business men to shake up their timidity and uncertainty and to indicate an ability and willingness to borrow.

Sanford Herald: Re-Townsend Plan, Old Age Revolving Pension

I thank you for publishing my letter in today's Herald, and also thank you for the criticism in your editorial of the same issue.

My letter in a somewhat abbreviated form contains correct exposition of this plan, and I am sure that if you had taken the time to study the Townsend plan your editorial perhaps would not have appeared, at least not quite such form for the simple reason that you are mistaken—not grasping the revolving feature of the great idea.

In other words this sum of money is collected one month and spent over the counter the next. Of course if you insist on figuring this tax collection by the year, then you must also multiply 100 billion dollars of business done monthly by 12. But what is gained by so doing? We want to have the thing explained by figures don't we simply that all may understand, especially those who may not be so well versed. As a rule there is too much of this figure juggling placed before the people as often with a none too laudable objective. You are not the only writer with this faulty concept of a very simple proposition, one of the simplest ever put before the people for their financial liberation.

Many letters and editorials are appearing in metropolitan papers for and against the Townsend Plan, which shows a constantly growing interest. They are sympathetic or antagonistic while some show a narrowness of mind that does not entitle them to be considered before the people as a final ignorance of the fundamental principles, while still others try to prove how impossible it would be to pay such a reward on account of the immense sum of money required, or that it is just another Utopian dream advocated by a lot of feeble minded idealists.

Whole-hearted supporters are not being sight of the economic side. They are able to conceive the possibility of the revolving feature of the plan; that forcing money into circulation will enrich the nation on the same principle as pumping water into fertile land for irrigation purposes.

You are doubtless the more candid at figures, but it is simple enough for me to understand that if I collect 2 percent in the form of a sales tax upon the one hundred billion in business done monthly the first month after this plan become law I could pay out the next month easily two billion dollars in pensions could I not?

The resulting increase in buying power engendered by the addition of this two billion dollars per month would also be considerable. There is also to be taken into account the great reduction in the vast sums now expended in caring for the indigent in the country which these old age pensions will so largely eliminate, to say nothing of the 23 millions of Americans that are going to be on the depression relief rolls until such a proposition as the Townsend Old Age Revolving Pension Plan is enacted into law.

There will be no longer necessity for the vast old age pension payments of governmental agencies or private industry.

The increased demand for old age security as an earned right and not as a charity is the inevitable consequence of the practice of thousands of employers in firing men when they reach the age of 50 and replacing them with younger and cheaper workers.

A few editorial writers have attacked the Townsend Plan using the income of 10 million people as a basis in their calculations. They do doubt get their figures from those who pay income taxes, but let it be remembered that the public debt of the United States, largely in bonds, owned by the wealthy people will soon be over 32 billion dollars, and is tax exempt! It is not the income as a people that should be used as a basis but the buying power. From statistics now available we estimate the total sales-transactions as 1,200 billions annually, which will be greatly increased when all the unemployed get back to work.

Finally, this movement has as yet no political backing, no finances but what it receives from the sales of its booklets outlining the plan. No advertising but through this literature. No radio booklets; but this will not prevent the people from taking the necessary steps to secure what they fully believe to be an immediate path out of the deplorable financial situation in a country that is strangled to bursting with the good things of life, which the common people have been deprived of for years because of inability to purchase due to the non-circulation of the medium that is demanded for that purpose. The scheme will put about two billions of dollars more in circulation than has ever circulated before by creating important buying centers of poor communities that have never had buying power, thus increasing brisk trade in every section of the country, as old folks are to be found everywhere.

GEORGE M. DOUGLASS

CHURCH LOYALTY

First of all we should be loyal to our children, loved ones and friends. "Train up a child in the way he should go; and when he is old, he will not depart from it."

Every child of God should strive to set a worthy example for any who might be influenced by him.

We should attend church because we love to attend. "I was glad when they said unto me let us go into the house of the Lord." Then if you are a child of His you should love to attend church.

Church attendance is a duty. The Bible commands it. "Thou shalt keep my Sabbaths and reverence my sanctuary." You are disobedient if you stay away from the church services.

By attending church you stimulate and encourage the pastor and you certainly owe that much to him. Many a pastor's heart aches because of the indifference of his members. If you stay away you are likely not only to engage in something that is wrong, but to become more and more indifferent to your obligations as a church member.

The fervent reading of the Scriptures by the pastor should be a real blessing to you. The value of spiritual food to a human life, cannot be estimated.

Everyone needs the spiritual reinforcement that comes from the worship and the strength to better discharge obligations and withstand the temptations of each week.

City News Briefs

Continued From Page 1
The City Hall since Oct. 1 passed the \$10,000 mark yesterday aided by the \$8000 permit issued to the Seaboard Oil Co. for the construction of a 90 by 104 foot brick and stucco filling station at Commercial Street and Park Avenue.

A \$1500 contract to install a 10 section boiler and make repairs to the heating equipment at Hotel Valdes has been let it was announced yesterday by Wagner and McKinnel, co-lessees of the building. Work began Monday. It also was announced that a contract had been let for the re-plastering of the entire building, with work set to begin shortly.

Telephone service north of Third Street was disrupted for about five hours Sunday morning, it was revealed today, because workmen engaged in putting down the new water main in the alley between Magnolia and Park Avenue near the Congregational Church, had accidentally cut through a cable containing hundreds of tiny wires.

An interesting fact that is recalled in connection with the National Legion Convention at Miami this week is that Rev. Wm. P. Brooks, pastor of the First Baptist Church, has the distinction of being one of the few "long-distance" chaplains on an American Legion Post. He has held this position for Reese-Hyman Post in Georgia for the past 10 years. The Post is composed of ex-service men in Warren and Glascock counties in Georgia where Mr Brooks was pastor for some years. He has resigned the post several times, but his resignation is never accepted.

John Gibson, negro driver of a personal factor in taking care of human needs. Surely none of you want to centralize the care of relief, either in Washington or in your state capitol or in your city hall. The decentralization of relief—the keeping of it in the hands of private organizations as much as we possibly can—means that personal relationships, personal contacts, personal obligations and personal opportunities to do good will be preserved.

It is, therefore, without hesitation and with very deep feeling that I ask you to support your local charitable and welfare organizations in this 1934 mobilization for human needs.

Executor of the Estate of Mattie G. Pace, Deceased.

DRUGGISTS' HEAD IN OPPOSITION TO EXEMPTION BILL

Evans Says Retailer Will Be "Goat" When Sales Tax Operates
ORLANDO, Oct. 23.—Strong opposition to the proposed Homestead Exemption Amendment, which will be voted upon in Florida in November, was voiced recently by D. S. Evans, president of the Florida State Pharmaceutical Association here, who predicted his view upon a prediction that adoption of a sales tax would follow if the amendment passes.

"Without attempting to argue the merits or demerits of this legislation," Mr. Evans declared, "the thing we should consider is that in the event of its passage a sales tax would be almost sure to follow. Every retailer should oppose the (Homestead Exemption) Amendment for this if for no other reason.

"Statistics prove that in every case the retailer is the 'goat' in the sales tax. He is forced usually to pay on his own gross receipts and is unable to collect the tax on his small sales. As small sales constitute the bulk of the retail druggists' business, he will find himself absorbing a large portion of

the tax. "The passage of the amendment would be undesirable for many other reasons," Mr. Evans declared, "but this one issue should be all that is necessary to influence the retailer to vote and work against it."

Built Up Strength By Taking Cardui
Have her own account of how Mrs. T. W. Hardin, of Orver, S. C. was benefited by taking Cardui: "I suffered a great deal from weakness in my back and pains in my side and felt so miserable," she writes. "I read of Cardui and decided to try it. I felt better after I took my first bottle, so kept on taking it as I felt such a need of strength, and it helped me so much."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

FEEDS YOUR PLANTS Actually FEEDS them!

HEAVY ROOTS WITH SOILADE

LIGHT ROOTS WITHOUT SOILADE

Nearly all commercial fertilizers contain Nitrogen, Phosphoric Acid and Potash combined in different proportions. These elements are well enough as far as they go. But they do not go far enough. And, usually, they lack STAYING QUALITIES.

Extensive tests have proved that ordinary fertilizers dissolve in the soil too rapidly and operate WASTEFULLY. FIFTY PER CENT or more of the Nitrogen seeps away in the soil before the plant has a chance to absorb it.

This is why ordinary fertilizer has to be applied so often.

SOILADE, on the other hand CONSERVES its nourishment for feeding purposes ONLY. It is the perfect plant food. By a special process of manufacture it HOLDS BACK its food elements until the plant is ready to absorb them.

SOILADE is abundantly rich in plant nutriment. In addition to Nitrogen, Phosphorous and Potash, SOILADE contains many rare elements which give added richness of color to flowers, added flavor, crispness and zest to vegetables and gives lawns, shrubs and trees greatly increased vitality.

Stop Chills and Fever!

Rid Your System of Malaria!
Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attacks.
Groves' Tasteless Chill Tonic supplies both these affects. It contains tasteless quinine which kills the infection in the blood and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Groves' Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any drug store. Now two sizes—50c and \$1. The \$1 size contains 2 1/2 times as much as the 50c size and gives you 25 percent more for your money.—Adv.

PETER PEN

SEE WHAT SIRENS CAN DO FOR YOU THE ARTIST WANTED TO GO CLOUD JUMPING.
HOLD ME FOLKS!

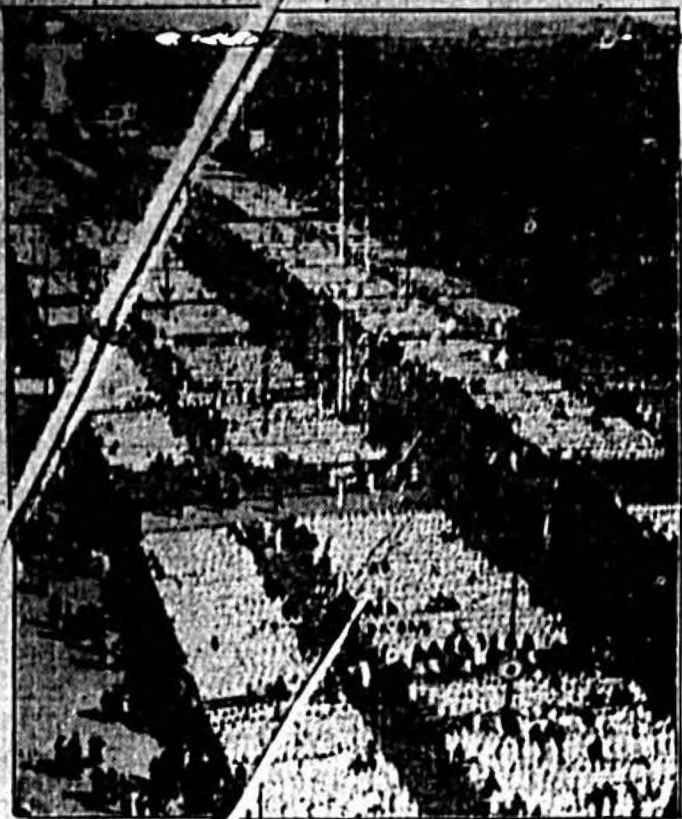

THAT WAS A NARROW ESCAPE WASN'T IT?
YES, YOU MUST BE MORE CAREFUL IN THE FUTURE, ARE YOU HURT?
SEE—WHAT DID I TELL YOU.

WHAT'S THAT—MORE CLOUD JUMPERS?
NO IT'S THE CLOUD CASTLE.

NOW COMES THE FAMOUS CLOUD CASTLE... DOES IT HOLD OUR PRINCE CHARMING?

THOUSANDS AT EUCHARISTIC MASS

This picture shows a part of the crowd of 107,000 young folk receiving communion from 300 priests during the children's mass at the International Eucharistic congress of the Catholic Church in Palermo Park, Buenos Aires. In the background is shown the gigantic 106-foot cross around which the mass was held. (Associated Press Photo)

LEGGIONNAIRES MEET MONDAY IN TROPICAL SETTING

National Commander Edward A. Hayes and delegates to the 16th annual convention of the American Legion salute the colors at the opening of the conclave in a setting of tropical splendor at Miami Monday morning.

HUEY WINS ANOTHER ELECTION

Senator Huey P. Long (standing), the "Kingfish" of Louisiana politics, has won another election. His candidate, Lieut. Gov. John B. Fournet (seated) defeated District Judge Thomas V. Porter to take Charles for the state supreme court by more than 4,000 votes. Porter is a better foe of Long. The election, an "extra" one, was ordered by Long after his candidate in the September primary died. (Associated Press Photo)

MIAMI IN GAY ATTIRE FOR LEGION CONVENTION

With thousands of American Legion members from every state in the union swarming into Miami for the annual convention of the organization, that city donned its gayest attire in their honor. Here in Flagler Street, the main business thoroughfare of Miami, all decked out. (Associated Press Photo)

FLOOD SWEEPS CALIFORNIA CITY

This is the second time this year that residents of Montrose, Calif., have had their homes wrecked by flood waters rushing down from mountain canyons. This picture shows what the flood did to the town. Montrose was struck by a flood of similar size on New Year's day. (Associated Press Photo)

TULANE BEATS GEORGIA, 7 TO 6, IN BITTER BATTLE

In a bruising battle at New Orleans the Green Wave of Tulane eked out a 7 to 6 victory over the Georgia Bulldogs to keep its record clean in the Southeastern conference. Here "Monk" Simons, Tulane's great halfback, is shown on his 35-yard off-tackle dash which scored his team's only touchdown. The Georgia eleven scored in the fourth period but failed to add the extra point which would have given it a tie. (Associated Press Photo)

U.S. TO PURCHASE 5,000,000 ACRES OF FARM LANDS

Property To Be Used By Families Taken From Crowded Area

WASHINGTON, Oct. 23.—(AP)—About 5,000,000 acres of sub-marginal farm land are destined by the powers-that-be, to be taken back in the public domain, before the close of the year.

They indicated these projects were in addition to the 1,000,000 acres which Harry L. Hopkins, the Relief administrator, last week reported already purchased or under contract.

All sub-marginal land projects approved by the land-policy section of the AAA for purchase by the surplus relief corporation are separate from ordinary land purchases for national parks, Indian reservations, wild life restoration and forestry, although some of the sub-marginal tracts will be used for such purposes.

Purchases to date are being made out of the original \$25,000,000 fund allotted by President Roosevelt almost a year ago. An additional \$30,000,000 was set aside in the \$325,000,000 growth relief appropriation of last May for land purchases, but the legality of using Relief money for such land-buying has been questioned in some official circles.

Ally Accused

Once a wealthy contractor and oil man in Oklahoma, I. C. Chapman is shown in jail at Gulfport, Miss., on a charge of robbing a bank at Camden, Ark., of \$25,000 in 1933. He said he lost his fortune during the depression. (Associated Press Photo)

close of the present fiscal year, or revert to the treasury. At the present spending speed, however, indications were that the projects would be completed prior to that date.

Land bought or optioned so far has cost the government about \$5 an acre. Officials of the AAA believe, however, that this average will increase as projects are completed near industrial centers or on land having scenic or recreational value. A tentative limit of \$10 per acre has been set.

Less difficulty in persuading people to move from sub-marginal land has been experienced than had been expected, Administration officials said. Options are being obtained from at least 60 percent of the land holders within the boundaries of a

STEADY DECLINE IN NEW DEAL IS SEEN IN SURVEY

Literary Digest Poll Shows 17 States Now In Opposition

NEW YORK, Oct. 23.—A steady decline in the popularity of President Roosevelt's "New Deal" recovery policies is shown in the latest national "re-check" poll taken by the Literary Digest, a vantage report of this week's issue indicated last night.

The re-check covered 65,000 ballots sent out to a list of names in all parts of the country. The identical list to which the ballots were sent in a previous national poll last spring.

The second vote now tabulated showed 17 states now vote a majority opposed to Roosevelt's acts and policies, while the percentage in favor dropped from 69.03 percent to 59.91 percent in the interim project before purchases are made.

"The chief difficulty now is in finding the right mix of policies," one AAA official declared.

"The Federal Relief Administration offers aid in resettling such families and many are taking advantage of the advice and loans available. However, a great many have their own plans ready when the government buys the land."

ALABAMA BEATS TENNESSEE TO KEEP SLATE CLEAN

The Crimson Tide of Alabama won its third conference victory of the 1934 season by defeating Tennessee, 13 to 6, in a hard-fought game at Birmingham. Joe Demyanovich, big Alabama full-back, is shown here (arrow) plunging seven yards through the Vol line for a touchdown. It was Tennessee's first defeat of the season. (Associated Press Photo)

vening months. The first poll was taken in March and April, and gave the President a good margin of support in all but one state, Delaware, the only one then to vote against the New Deal. The second re-check poll showed enough states definitely opposed to the President to elect a combined total of congressmen equal to nearly half the membership of the House of Representatives.

Five states showed an increase in sentiment in support of the President's Acts over the vote in the earlier poll, namely, Delaware, Montana, Nevada, North Carolina, and Utah, the vote in Delaware this time being exactly 50-50, the margin reported.

The 17 states are voting against the New Deal are Arizona, Connecticut, Illinois, Indiana, Kansas,

Maine, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, South Dakota, Vermont and Wyoming.

The District of Columbia likewise registered a "no" majority. Rhode Island registered the largest decrease in "yes" votes the percentage there declining from 72.41 to 42.39 in six months.

The question put to the 65,000 selected names to whom ballots were sent was merely whether they approved "on the whole" of the Roosevelt Administration's Acts and policies to date.

news agency yesterday said 27 Spanish soldiers had been killed and many others wounded in the explosion of a motor truck loaded with dynamite in the Langraes mining district. Rebels had abandoned the dynamite which was being collected by troops.

PILET'S ESCAPE IN CRASH

SINGAPORE, Oct. 23.—(AP)—Crew of a Royal Air Force bomber which crashed in the jungle near Johore Sunday escaped unhurt. It was learned yesterday. It was first feared that six had been killed. The machine, carrying officials supervising the London-Malbourne air race, was badly damaged.

Bankers To Pledge Co-Operation With Roosevelt Policies

Committee Decides To Revise Policy On Ground That Hostility Breeds Hostility

WASHINGTON, Oct. 24.—(A.P.)—Pledges of active co-operation and consultation with the Roosevelt Administration were being formulated today at the American Bankers' Association convention.

High banking officials feel, authoritative sources said, that such methods gained them important headway in recent months.

They emphasize that despite critical exchanges between some government officials and some bankers they always have sought co-operation.

The policy, expected to be exhibited in resolutions introduced tomorrow, does not bar criticism of Roosevelt measures but proceeds on the theory that hostility breeds hostility. All suggestions of a feud will be absent.

President Roosevelt speaks to the convention tonight. The business world is watching for indications of a future policy.

Meanwhile, the nation's bankers were asked by the Roosevelt Administration to lend more liberally "even to the extent of making loans they would not ordinarily wish to make" and "loans that will need to be included."

Jesse H. Jones, chairman of the Reconstruction Finance Corporation which was organized to save banks and businesses earlier in the depression, made the plea before the convention.

Though bankers say they have been eager to lend, Jones declared, there is "undisputable evidence" (Continued On Page 2)

Paul Lake, Former Local Man, Scores Sheriff At Tampa

TAMPA, Oct. 24.—Paul Lake, counsel for Paul Antinori charged with operating a gambling house at El Dorado inn, 707 South Howard avenue, asserted in county court yesterday that Sheriff Spencer had centered his attacks on that establishment while "open gambling and liquor selling is prevalent in other places in and outside the city."

Lake asked and obtained postponement of Antinori's trial by County Judge Cornelius because he had to be in Washington this week on court business.

"I have a statement as well as a motion to make," Lake said as the case was called by Judge Cornelius. "First, I have been confronted in this courtroom this morning with the accusation that I am fighting the sheriff. That is not true, nor am I fighting any other law enforcement officer in this county."

"Saturday night I made a request of the sheriff that he close the Lincoln Club on North Lincoln avenue. I told him there was open gambling and liquor selling there, and that high school students frequented the place and gambled."

"I had only made a simple request that he enforce the law against an open violation of the law. Furthermore, I had no right to assume that this case would be called for hearing this morning, since there have been numerous arrests for gambling and never a case called to trial."

Bruno Hauptmann Denies His Guilt

FLEMINGTON, N. J., Oct. 24.—(A.P.)—Bruno Richard Hauptmann entered a personal plea of not guilty today to a charge of murdering the kidnaped Lindbergh baby, and Supreme Court Justice Thomas Brandeis fixed Jan. 2, 1935 as the date for trial. It was the first time in several court appearances that Hauptmann entered a personal plea.

U.S., BRITAIN SEEK TEST OF POLICY

Two Nations Aligned Against Japan To Determine Extent Of 'Open Door' Pact

TOKYO, Oct. 24.—(A.P.)—America and Great Britain have aligned against Japan in a conflict of interests providing the first test of whether the "Open door" policy will be maintained by Manchukuo, it was learned today.

The controversy concerns the oil monopoly in Manchukuo with western commercial interests alleging a violation of their treaty right.

American and British oil companies, chief among them Standard Oil of New York and the British Asiatic Petroleum Company, face an intensive struggle for existence in Manchukuo as the government there prepares to establish a state oil monopoly.

Although the United States government has made no official protest, nor any diplomatic representations, it was learned that American and British embassies for three months have been discussing the monopoly project with the Tokyo foreign office.

Japan yesterday told Great Britain she wants navies henceforth limited on the basis of their total tonnage and demands that the word "ratio" be left out of future treaties.

Those, in substance, were the proposals Ambassador Matsudaira and Admiral Yamamoto at yesterday's Anglo-Japanese meeting formally opening conversations here among Japan, Great Britain and the United States in preparation for the 1935 naval conference.

The Japanese further insisted Britain and America recognize "the principle" of equality in defensive armaments—Nippon's plan would classify ships of war as offensive and defensive weapons—and thus get rid of the "ratio" plan, which Japan maintains keeps her on an inferior footing.

Tokyo's scheme, especially that part concerned with the equality principle, last night apparently had the British scratching their heads in perplexity.

35 Injured In Wreck Of Cincinnati Train

POWELL, Ind., Oct. 24.—(A.P.)—More than 35 persons were injured, none seriously, early today when several cars of the Cincinnati night express on the Big Four Railroad were derailed near Earl Park, six miles from here.

The rear part of a seven-car train left the tracks and one coach is reported to have swung about at right angle to the right of way, blocking United States Highway No. 52.

Injured passengers were treated at an Earl Park hospital and in the offices of Fowler physicians. No information as to the cause of the derailment is available.

Retail Advertising Shows Heavy Gains

CHICAGO, Oct. 24.—(A.P.)—An increase over a year ago in retail advertising of almost 5,000,000 lines during September was shown by an analysis of figures based on newspaper advertising in 77 cities. Advertising Age reported yesterday.

Total volume of advertising in the newspapers measured in September was 135,068,000 lines, a gain of 4,132,000 compared with September, 1933. Classified, which gained over 1,100,000 lines, was the only other division to show an increase.

8-Hour Air Service, Miami-New York, Seen

NEW YORK, Oct. 24.—Nine 14-passenger Douglas air liners similar to the machine in the London-Melbourne race will be put in service Nov. 15 along the Atlantic seaboard and throughout 15 southern states by Eastern Air Lines it was announced last night.

The planes weigh 12,000 pounds each and have a top speed of 213 miles an hour. Plans call for eight-hour flights over the 1200-mile New York-Miami airway and eight and one-half hours from Chicago to Miami, or New York to New Orleans.

HOME OWNERS, ATTENTION!

Do you own a home which needs repairing? Would you like to have it repaired under the provisions of the National Housing Act? Would you like to submit your home to the Chamber of Commerce Better Housing Committee to be used as an example of what can be done toward the improvement of homes at small cost and on easy terms?

PLAIN ANSWER TO PICCARD BOYS HOMESTEAD ACT JUBILANT OVER BENEFITS SOUGHT PARENTS' SAFETY

Governor Asked To Clarify Situation Before Election Day

TALLAHASSEE, Oct. 24.—A plain, non-controversial explanation of the Homestead Tax Exemption Amendment has been requested of Governor Sholtz.

The request for clarification of the issue is sought because it is contended that the state's home owners and other residents are in a quandary over the possible effects from passage or rejection of the amendment which will be voted upon at the general election Nov. 6.

Eight questions have been prepared for Governor Sholtz to answer.

The questions submitted to the Governor are:

1. What effect will adoption of the Homestead Amendment have upon the governmental revenues of the State of Florida? What revenues now coming to the state will be eliminated?

2. What effect will adoption have upon the revenues now coming to the public schools?

3. What effect will adoption have upon revenues now coming to the counties and the special road and bridge districts?

4. What effect will adoption have upon the revenues now coming to the incorporated cities and towns?

5. What will be the total loss of operating revenues to the government? (Continued on Page Two)

Georgia Asks Death Penalty For Judge

THOMASVILLE, Ga., Oct. 24.—(A.P.)—The state yesterday demanded the death of Judge Roscoe Lake, a former member of the Georgia court of appeals, for the shotgun slaying of his "best friend."

Luke, a Georgia jurist of years standing who resigned from the appeals bench to take the post of judge of the Thomasville city court which he now holds, was called to trial on a warrant charging murder in the death of Oscar Groover, a business associate.

Scott Russell, prosecuting attorney, told the jury he expected to prove Groover was wilfully slain to "silence his mouth forever" about the affairs of the Citizens Building and Loan Association of which he was secretary and Lake was the head.

Huey Long Turns Santa Claus For A Day In Enthusiasm Over Football Game

BATON ROUGE, La., Oct. 24.—(A.P.)—Senator Huey P. Long played Santa Claus to this city yesterday and began passing out money to all comers who promised to attend his big football party.

By nightfall he had handed out an estimated \$3000 in "loans of \$7 and under. Nobody was turned away. The "big parade" reached such proportions that the city's traffic squad was rushed to the Heidelberg Hotel, loan headquarters, to keep the throngs in line. The "bank" was closed when Long ran out of ready cash, but he announced it would reopen today.

DEMOCRATIC CHIEFS AVOID SINCLAIR ISSUE

Administration Said To Be Aiding Author Of EPIC Plan, It Dodges Show-Down

WASHINGTON, Oct. 24.—The Administration is aiding the campaign of the Democratic state ticket in California but so far has avoided a showdown here on its relationship with Upton Sinclair, Democratic candidate for governor.

Conflicting evidence confuses the question whether President Roosevelt wants the former socialist to win or lose. Privately expressed but authoritative information indicates the White House to be cool toward Sinclair.

Secretary of Interior Ickes and FERA Administrator Hopkins avoided speaking engagements in California. Senator McAdoo, Democrat of California, dodges outright support of Sinclair by explaining he will support the Democratic ticket in California so far as candidates stick to the Democratic platform.

McAdoo will make a campaign speech in Arizona Nov. 3 for Senator Ashurst, but has not announced plans to speak in his own state. Sinclair's epic news campaign publication announced last week that all three would appear on the Sinclair hustings.

There is, of course, Farley's letter to Democratic state committee men urging support for the ticket and specifically for Sinclair. But Farley has refused to discuss the letter or even admit he wrote it.

George Creel, defeated by Sinclair in the primary, was received yesterday by President Roosevelt. Culbert L. Olson, California's Democratic state 4th district congressman, here for a day, did not get in Roosevelt's office.

Creel's attitude toward Sinclair is similar to McAdoo's. If Sinclair sticks by the Democratic state platform, Creel will support him. (Continued On Page 2)

Farm Colonization Program In Florida Is Plan Announced

"Florida is coming back on a larger scale than ever before," according to Allan H. Morris, Chicago colonizer of the National Land Project, who came to Sanford yesterday, believing that this is the territory for the proper execution of his "back to the farm" movement.

Mr. Morris, who has spent his entire life in colonization movements, the world over, stated that he had selected this state for his operations because it is accessible to the markets and possesses favorable climatic conditions for a widespread farm colonization movement.

Believing that people are tired of living in industrial centers where "machinery, the tireless toiler for the human race" forces them to constantly seek new jobs, Mr. Morris has spent the past 30 days in an effort to ascertain whether the right time has come to lead the people of the larger cities back to the farm, not to induce them to purchase land as an investment, but to go to work and earn a living.

"His colonization movement," he stated, "contemplates bringing people born in urban lands, and by their thrifty habits, have saved some money, which they wish to use in making a living, denied them in factories during hard times. He has selected this type of people. In addition, he has used to hard fact work, and will be glad to return to a spot that offers them this means of livelihood."

Estes Beats Way For Mayor By 31 Votes

ORLANDO, Oct. 24.—(A.P.)—W. Estes, Orlando business man, was nominated for Orlando's next mayor in the Democratic vote yesterday, primary here yesterday by the slim margin of 31 votes over his opponent, S. Y. Way, incumbent.

Estes received 2113 votes and Way 2082.

Birth Control Okeyed By Episcopalians

ATLANTIC CITY, N. J., Oct. 24.—Birth control was approved yesterday by the Protestant Episcopal general convention.

Approval by the house of deputies of a resolution previously passed by the bishops endorsing dissemination of birth control information, ended a day of open warfare between conservative forces in the church.

Immediate Payment Of Bonus Okeyed By Legion Committee

Be-Medaled Buddy

One of the most brilliantly spangled Legionnaires at the national convention of the American Legion in Miami, Fla., was Sergeant Louis Van Iessel of Los Angeles, who was weighted down with 17 medals, including the Congressional Medal of Honor. (Associated Press Photo)

Screw Worm Flies Trapped In County Found Harmless

Specimens of screw worm flies collected in Seminole County by County Agent C. R. Dawson and submitted to the United States Bureau of Entomology have been identified as the harmless type, it was reported today.

Agent Dawson stated that "there are two varieties of screw worm flies. One is the marcellaria, which lays its eggs in dead flesh only. The other is the Americana, which lays eggs in living flesh only, and this latter species is the one which causes trouble."

He stated that the species collected in the county proved to be the marcellaria which not only is harmless because it lays eggs in already dead flesh, but is a measure beneficial since the larvae or maggots help consume the carcass.

"However," he added, "we should not relax our vigilance since the Americana species is actually in the state and in fact is prevalent in nearby counties where it is causing much trouble."

It was learned that the two species can be identified only through the aid of a microscope and then only by an entomologist. The only difference between the two species which should interest the public, he said, is the egg laying habit of each species.

Mr. Dawson also stated that he was "delighted" that the specimens turned out to be marcellaria. He urges all residents to notify him immediately if they suspect an infestation so that he might advise with them as to preventive measures and treatment.

He stated that the adult flies are somewhat larger than the common house fly, are shiny blue green in color and with three black stripes on the back between the wings. The head of the annoying screw worm fly is reddish brown to orange yellow in color. Eggs laid by these flies are capable of hatching in an hour's time. The larvae are small at first but become from one half to three-quarters of an inch long when fully grown.

Municipal League Against Amendment

JACKSONVILLE, Oct. 24.—(A.P.)—F. P. Owen, Jr., secretary of the Florida League of Municipalities, last night announced the organization has formally gone on record as being opposed to adoption of the constitutional amendment which would exempt from taxation homesteads up to the value of \$5,000.

The announcement, said Owen, followed the result of a referendum in which the governing bodies of the league's member units were asked to participate.

30-Minute-Old Baby Undergoes Operation

BALTIMORE, Oct. 24.—Small quantities of oxygen enabled "Baby" Shepherd, operated on for appendicitis 30 minutes after it was born, to rally yesterday and gain strength. The child, too young to have a name, is being kept in an incubator. The operation was performed Friday.

Recommendation, Not Binding Upon Convention, To Be Presented Tomorrow

MIAMI, Oct. 24.—(A.P.)—The American Legion Legislative Committee tomorrow will recommend to the convention that it go on record as favoring the immediate cash payment of the bonus, it was learned on competent authority today.

The Associated Press learned that the legislative committee would recommend the immediate cash payment on the premise that the funds so released would alleviate the general economic depression by putting a large amount of money into immediate circulation, thereby relieving unemployment to a great extent.

The debate on any one question has been limited by the Rules Committee to two hours.

However, the bonus issue, most controversial of the convention, probably will be given greater time, with various angles of the question being brought up as separate issues.

The committee, after hours of (Continued On Page Four)
