## Coming-for the first time:

Foot Sufferers and these with Feet-Hard-to-Fit will be afforded the rare opportunity of a

free DEMONSTRATION of

## Dr Scholl's SCIENTIFIC SHOES

and Foot Comfort Service

At considerable expense we have arranged with Dr. Scholl to send Specially Trained Experts from Chicago to this store

Thursday January, 21. 9 A. M. Till 6 P. M.

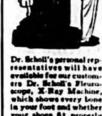

with a Complete Stock of His Scientific Shoes

## ATTENDING THIS DEMONSTRATION

In this community are many people who have feet extremely hard to fit. Some have long, narrow feet; others short, fat feet; there are feet with high arches and feet with weak, broken down arches; feet with narrow heels and broad toes; then there are feet with corns, callouses, bunions, crooked toes and other deformities.

#### Dr. Scholl's Scientific Shoes

Dr. Scholl's Scientific Shoes will be demonstrated for the first time at our store on the above date. There are 60 styles in more than 600 combination fittings-shoes designed by Dr. Scholl to accurately fit any type and shape of foot and please the most discriminating taste. For men there are sizes from 6 to 14: for women from 3 to 11; in widths AAAA to EEE; for children and growing girls there are sizes to fit all feet.

In designing his orthopedically correct shoes to give the utmost in relief and comfort, Dr. Scholl has not found it necessary to sacrifice style. As a result his Shoe Stylists build smartness, grace and elegance into every pair of Dr. Scholl's Scientific Shoes.

#### Dr. Scholl's Experts from Chicago Will Fit Your Feet

Every modern, scientific device, including the latest type X-Ray Machine, the Pedo-graph and Dr. Scholl's Automatic Shoe Siser will be at your service during this demonstration to insure a perfect fit and complete comfort. Identically the same service you would receive in Chicago, New York, Los Angeles and other cities where millions of people are enjoying foot health through Dr. Scholl's Foot Comfort Service.

Children's feet have had Dr. Scholl's most serious consideration. His specially designed shoes will start the youngsters out in life with good, strong, healthy feet; so bring them in.

#### Remarkable Shoe Values

And here is good news for everyone in need of this exceptional foot and shoe service-Dr. Scholl's Scientific Shoes are priced surprisingly low-\$6.75, \$7.50, \$8.75 and \$10.75. Their fine materials, expert workmanship and sturdy wearing qualities make them one of the best shoe values on the market.

Don't miss this great Demonstration. Come in and see how Dr. Scholl's Foot and Shoe Experts work. It places you under no obligation. Let this occasion be a "Red Letter Day" and mark the date when you can again enjoy comfortable, healthy feet.
