

**LAKE MONROE RHYTHMEERS** of the Lake Monroe Elementary School second grade played for their fellow students and P. T. O. members and Lyman School students last week. Led by Kenny Rose, left and Melody Hanson, the young players are Carl England, Bernard Ervay, Bobby Joe Harper, Larry Hittell, David Lee, Dennis Ringer, Donny Smith, Clark Statler, Ruth Bulard, Judy Burk, June Burk, Susan Ann Eder, Susie

Flowers, Betty Jane Harper, Lollie Jimenez, Zickie Justice, Dorothy Lee, Maria Lee, Susan Kay Matherson, Wanda Muse, Debbie Rives, Bonnie Taylor, Jane Wakefield, and Teresa Warren. Lake Monroe second grade teacher Miss Mabel Chapman taught the Rhythmeers to play such selections as "Grandfather's Clock" and "Twinkle Twinkle Little Star." (Herald Photo)

### Tiny Baby Dies After Surviving Nearly 23 Hours

**DES MOINES, Iowa (UPI)**—An 11½ ounce boy, born more than three months prematurely, died today after nearly 23 hours of life.

The infant was born Saturday at 8:30 p. m. to Mrs. Morris Vermeulen, 45, in Hill Osteopathic Hospital. He died at 9:15 a. m. today.

Doctors had listed the infant in "sepsis" condition and said the odds against survival were overwhelming.

Dr. Bernard M. Kay, resident pediatrician of Hill Hospital, had planned to try and feed the infant later today by means of an injection under the skin.

But Kay said the infant was just too small to live.

"He died as a result of prematurity," the doctor said.

Kay was up Mrs. Vermeulen to tell her of her baby's death.

"She took it fairly well," Kay said. "She had expected it to happen."

Dr. Gordon Elliott, the family physician, went to the Vermeulen home to advise the father, Vermeulen, 35, was home caring for the couple's three other children, Henry, 8; Steve, 4, and Janette, 2.

Vermeulen went to work as usual Sunday at a service station. He held it was "a matter of necessity" because he was laid off several weeks ago at a tire company plant in Des Moines.

Kay said the infant was weighed immediately after birth but was too delicate to be measured and was placed in an incubator.

According to American Medical Assn. records, the smallest baby to survive was Jacqueline Jean Bessner, who was born at 13 ounces on Jan. 24, 1936, to Mrs. Lester R. Bessner of Chicago.

The Benson girl, now 24, became normal in weight at five months and suffered only normal illnesses in childhood.

**Oviedo Scouts Hold Meeting**

**MARIAN E. JONES**  
Cub Scout Pack 343 of Oviedo met last Thursday night at Fellowship Hall with Cubmaster John Evans in charge. Fellowship Hall of the First Methodist Church was the scene of the meeting. Chemical gardens were displayed by Den 2, which they had made in individual kits.

Den Four presented a skit about space travel, the members of the den being costumed as space men. A banner displayed that the Cub Scouts were the first to reach the moon. Theme of the month was Cub Scout scientists.

The annual Blue and Gold banquet will be held on Feb. 20 and will be a covered dish affair.

### Rats Successfully Immunized Against Six Forms Of Cancer

**RICHMOND, Va. (UPI)**—The American Cancer Society reported today that an as yet unidentified blood substance has successfully immunized rats against six forms of cancer.

The society said it could not say how soon tests on humans "can even be considered."

The research work is being done at the Medical College of Virginia by one of the society's research fellows, Dr. Jerome H. Seaks, and his collaborator, Dr. Richard E. Egdahl, the society said.

It said their work is the first successful cancer immunization with a blood substance, although animals have previously been immunized with whole tumor cells and extracts from tumors.

The agent, known as FHA for filterable hemolytic agent, appears to be either a virus or a part of the nucleic acid core of a virus, the announcement said.

The announcement said that "an average of about 35 per cent of rats vaccinated 16 to 194 days before tumor transplant become completely and possibly permanently immune to the cancer transplant."

**Hope Dog's Bark Will Jog Memory**

**LONDON (UPI)**—Eleven weeks ago 15-year-old Ronald Anthony was knocked off his bicycle by a car and has been in a coma ever since.

Ronald utters not a sound, recognizes no one, not even his grieving parents, Mr. and Mrs. Kenneth Anthony. The best doctors they could get have been unable to jolt the boy out of his hazy world.

The Anthonys spend hours at Ronald's bedside, hoping to say or do something that would make him respond.

"We have tried whispering to him in the hope that something might strike a chord, but it never has," his father said.

Ronald's doctors said they will not be able to do anything more for him unless he can be snapped out of his coma. They believe he suffered severe brain damage in the bicycle accident.

Recently the Anthony's noticed that Ronald's dog Rover, which he raised from a pup, has been whining and refusing to eat since his master's accident. That gave them an idea.

The parents plan to put Rover in front of a microphone and tape-record his bark, then play the tape over and over at Ronald's bedside.

"We pray the sound of Rover's barking will penetrate Ronald's unconsciousness where nothing else has and jog his memory," Anthony said.

"It's worth a try," said Surgeon Registrar R. T. Whitehead of Croydon General Hospital. "In cases like this a slight jog of the memory is sometimes all that is necessary to rouse the patient."

### NAS Bomber Wing Honors 2 Crews

**VAH-5 bomber crews Nice and Five took top honors for December and January in the monthly awards competition at the Sanford Naval Air Station.**

Crew Nine consists of pilot, Lt. Dave Dearolph; bombardier navigator, Lt. (j.g.) Jim Osborne and gunner-navigator, Ronny Powell, A2Z crew Five, winner for January, is composed of pilot, Lt. "Butch" O'Hara; bombardier-navigator, Lt. (j.g.) Bill Hopkins; and gunner-navigator, Larry Mann, AM2.

Each month the crews of Heavy Five compete among themselves for accuracy and proficiency. By means of a point system which allots credits for bombing runs and accuracy, a single crew is selected each month as having achieved the highest level of excellence within the squadron. Points are awarded not only for the bombing scores, but also for the number of bombs dropped and radar scored (RBS) runs made. Drops over 80 miles from the launch point count double.

**Eight Children Lose 2nd Mother**

**LEWISTOWN, N. Y. (UPI)**—Last September Robert Creamer's wife Lucy, 30, was killed in an auto crash and Creamer, a factory foreman, was left alone to bring up their eight young children.

Creamer moved his mother, Mrs. Catherine Creamer, 69, into their home to act as a foster mother to the children.

On Saturday night while Mrs. Creamer was crossing a rain-slick road, hurrying home with groceries for Sunday dinner, she was struck and killed by a car.

**'Cracker Day' Plans Discussed**

Plans for Volusia County's annual "Cracker Day" were discussed at a meeting of Gentlemen at the M. Q. Ranch in Osteen.

The Volusia Cattlemen's Association agreed to hold the annual event in April.

Prior to the meeting, a "hot cakes" supper was served to the men.

## County Home Study Started

A full scale study of the need for a new county home was started today by the county commissioners.

The board authorized Circuit Court Clerk David Gatchel to find an accountant to study how much it costs a year to operate the present county home on 17-92 on the basis of patients per day.

Board Chairman John Krider said that unofficial estimates are

that it cost \$1,000 per patient each year.

"That is double what it should cost," Krider said.

The board agreed to launch the study after a tour of the new Brevard County Home which cost \$50,000 and has room for 48 patients.

Commissioner Vernon Dunn said the present home "was a shame

and disgrace to the county and something must be done."

The board agreed that the study should include how much it would cost to put the present home "in first class condition" and construction of a new home.

Commissioners also agreed that the first step would be a cost study.

Dunn also gave a summary of the board's recent trip to the

Brevard County Jail at Titusville which cost approximately \$350,000.

Commissioners agreed that the new jail was suitable for the immediate needs of Brevard County but it was already overcrowded.

In other business during the meeting, the board approved a request by the General Waterworks Company for a franchise to serve customers in the south end of the county.

The board also agreed to reject all bids for a dragline and to get by with what they have until the next fiscal year.

They agreed to purchase a cash register for the clerk's office at a cost of \$2,017 and agreed to buy 25,000 pounds of cement for the engineering department.

They also authorized the Sheriff's office to police and issue warrants for any persons putting obstructions on county roads and right-of-way.

### Joint Chiefs Boss 'Sure' Nation Safe

WASHINGTON (UPI) — Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, told senators today the nation has enough military strength to deter a Soviet attack "today or in the foreseeable future."

Twining specifically described as "without merit" the recent criticism of the defense program by Sen. Maxwell D. Taylor, former Army chief of staff, who retired last June.

"I am not complacent," Twining said, "but I am not fearful of the Russian capability."

Twining, the nation's top uniformed military leader, made the statements in a free-swinging dialogue to a Senate subcommittee.

Prior to Twining's appearance, Sen. Stuart Symington (D-Mo.), chief critic of administration defense programs, said he planned to quit Defense Secretary Thomas A. Gates on whether there was a downgrading of the Russian missile threat in setting up the new military budget.

Symington has threatened to make public secret intelligence estimates of the Russian missile threat.

The Missouri Democrat said Congress had been given figures by the Central Intelligence Agency showing the Russian threat had "increased considerably" over last year.

Vice President Nixon, the probable GOP presidential candidate, stepped into the defense controversy Monday night with a statement that there is "no gap in our overall deterrent strength."

Nixon charged that administration critics were playing a "numbers game" of missiles, submarines and aircraft carriers.

### Reds Will Fight To Hold Frontiers, Nikita Says

MOSCOW (UPI) — Premier Nikita Khrushchev has declared that Russia and its satellites will fight rather than consent to any change in the frontiers imposed on Germany after World War II.

"What has been modified by war cannot be modified again without

war," Khrushchev told visiting Italian President Giovanni Gronchi at an Italian embassy reception Monday night.

The premier took President Klement Voroshilov's place at the microphones after hearing a brief speech by Gronchi. After Khrush-

chev had spoken, he engaged Gronchi and Foreign Minister Giuseppe Pella salami.

Khrushchev touched off the exchange by remarking that he had asked Gronchi to become a Communist.

"I also wish... that some time you could be touched by divine grace and become a Christian Democrat," Gronchi replied.

"I am for the party which most benefits the people. What has Christian Democracy given Italy?" Khrushchev asked. "The emblem and flag on the moon — are they Communist or Christian Democrat?"

"I have already told you that when you have money you can do anything," the Italian president countered. "The comparison does not hold good."

"We do not sell ideas unless they are good," Khrushchev said. "Ideas are a long live peace and friendship."

### Regulatory Board For Electricians, Plumbers Asked

The County Commission today agreed to set up an electrical and plumbing board to review all electrical and plumbing regulations in the county.

The proposed board also will act as an examining board to certify all master electricians and master plumbers and journeymen in the two trades.

E. C. Harper Jr., owner of Sanford Electric Co., appeared before the board and urged setting up the special board to stop "unlicensed electricians from practicing in the county."

Chairman John Krider asked Harper if he could suggest a list of persons qualified to sit on the board and urged each commissioner in their respective districts to do the same.

The board would work under the supervision of the zoning board, Robert Brown, county zoning director, said that five men would serve on the electrical board and five on the plumbing board.

The board authorized attorney Mack Cleveland Jr. to write up a resolution establishing the board so the commission could adopt it as soon as possible.

### Fast Thinking Sergeant Plugs Up Dike On SR436

The little Dutch boy who placed his hand in the dike many years ago and prevented a dangerous flood has nothing on a "civic minded" air force sergeant who did, almost the same thing in Seminole County last Thursday.

Commissioner Vernon Dunn told this story at the morning session of the County Commission.

Sgt. Archie Clay, who resides in the Stonebrook Addition of Orange County was driving his car on SR 436 near Lake Howell Creek Thursday during the heavy rain storm.

Dunn said the sergeant, who is attached to Orlando Air Force Base, noted a dangerous washout on the road "and without thinking twice set up an improvised barricade to stop flooding in the area and the waters reaching neighboring homes."

Dunn said Sgt. Clay went to Lakes in the area and borrowed various pieces of materials to set up the barricade and directed traffic for over two hours until help came from the Florida Highway patrol.

The commission, in the recognition of the "civic minded" job done

### Ike To Visit Cape

WASHINGTON (UPI) — President Eisenhower will fly to Cape Canaveral Wednesday to make a long-desired inspection trip through the missile test base there, the White House announced today.

Press Secretary James C. Hagerty said the president had wanted to go to the missile base for some time but had been unable to work it into his schedule.

Eisenhower will take off in the presidential jet plane about 8:30 a.m. from Andrews AFB in nearby Maryland for the two-hour flight to the cape.

He will land at the Cape Canaveral air strip, make an inspection trip of three to four hours and return to Washington late in the day.

Hagerty said no missile launchings were scheduled during the president's visit.

### Ike Asks Farm Program Revamp Without Politics

WASHINGTON (UPI) — President Eisenhower called for a farm program to make it "workable and economically sound and not a political ploy."

The president submitted his new farm legislation proposals in a special message reiterating views he has expressed in the past, but taking a softer line and inviting lawmakers to suggest alternatives.

The message suggested that farmers participating in the soil bank program might be given payments "in kind" out of the existing government help stop surpluses.

He recommended an orderly expansion of the soil bank program, under which farmers take land out of production to hold down surplus output, from the present 25 million acres to 60 million acres.

Eisenhower's other recommendations called for:

Continued use of the "food for peace program" under which surplus crops are shipped abroad.

An aggressive research program to develop new markets and uses for farm products.

An expanded rural development program to help low income farmers raise their standards of living.

The Agriculture Department outlined the ultimate goal of the expanded soil bank program of \$775 million a year compared with the present spending level of \$375 million. The administration budgeted \$500 million for the next fiscal year.

### South Seminole Drainage Talk Set

The Seminole County Commission today agreed to hold a joint dinner meeting with Orange County and Winter Park officials to discuss the urgency of a joint drainage project to eliminate flooding in the south end of the county.

Commissioner Vernon Dunn told the board that inspection of damage done by heavy rains last week showed the need to start the drainage project "as soon as possible."

Dunn said that many areas in the south end of the county were in critical shape because of flooding.

The board agreed to meet with the other two governing bodies next Wednesday or Thursday.

The Winter Park City Commission already has notified the Seminole board it favored working jointly to eliminate flooding in the area. No word has been heard from the Orange County Commission.

Under the proposed plan, Seminole, Orange Counties and Winter Park would share the expense of building a series of farm canals to eliminate the flooding.

### Busy Lake Mary Mother Of 4 Gets Stetson Degree

A little lady from Lake Mary, who decided to go to college in 1954 while her four children were still in lower grades, just received her diploma from Stetson University.

A native of England, she finished high school in Detroit and moved to Florida in 1948.

Her other interests include music and sewing.

And she doesn't have a lot of spare time.

School. She entered Stetson in 1954.

She graduated summa cum laude — that's the highest.

She hasn't quit yet — plans to seek a master's degree in American Studies, with emphasis on Anglo-American relations.

All the while, she has run her household at Lake Mary.

Mrs. Hilda Stubbings is her name and she continues to amaze her family and friends with her vitality and versatility.

Before she got her degree at Stetson last Friday, she had received a Florida State Teacher's scholarship, the Harry I. Taylor Prize in Humanities, and had become a member of the Phi Society, which is Stetson's Phi Beta Kappa equivalent. Gamma Theta Upsilon, honorary geography fraternity and Scroll and Key.

She was a participant in the Honors Program, a program of independent study under guidance of a committee of faculty members.

The mother of Susanne, in the ninth grade at Seminole High, Carl, 11th grader, Robert, freshman at Stetson, and Mrs. Terry (Coye) Stubbings now a resident of Atlanta. Mrs. Stubbings renewed her interest in education in 1953 when she worked at Lake Mary

### Pollution Report Details Delayed

City commissioners got a laboratory report on pollution in Lake Monroe last night, but decided to make a public statement about it later.

Details of the report by the Thornton Laboratory will be announced at their Feb. 22 meeting, they said.

Mrs. Stubbings Gets Degree From Dean Mackinay

### Street Lights Granted 2 Areas

City Commissioners granted requests for three street lights last night and then had a discussion on how they should go about granting lighting requests.

A light will be installed on W. 18th St. between Oak and Elm Aves.

Two more will be put on E. Fourth St. between Locust and Bay Aves. Commissioner Brown said the city had already spent half of the \$250 budgeted for street light extensions in 1959-60. The commissioners agreed they should have a definite program on granting lights.

### Booze, Bribes

WASHINGTON (UPI) — Miami police investigators displayed their interest today in what transpired at a dice players' convention in Miami last year. One congressman said the best description he had heard was "booze, broods and bribes."

### Zoning Hearing Slated Tonight

The County Zoning Board will hold its first hearing at 7:30 p. m. today in the county commission chambers of the courthouse on the proposed new comprehensive zoning plan.

Hearings will be held later this month for the other districts in the county.

The courthouse will also be the scene of a District 5 Voters League meeting scheduled for 7:45 p. m. today. That meeting will be in the courtroom in the courthouse.

### Board Approves Solicitor Law

An ordinance requiring door-to-door solicitors to register with the county clerk was passed on the second reading last night by the city commission.

Joe Starnes Gets Key To Sanford From Charlie Morrison Dr., Mrs. Edwin Lindsey Hear City's Welcome

### Civitan Head Urges Civic Interest

The president of Civitan International urged the club's members here to "take part in local, state and national affairs" and to support the organization's program of assistance to the physically handicapped and mentally retarded children.

Joe Starnes, in an address at the Mayfair Inn attended by Civitan officers and members from all over this section, said "our conscience binds us" to participate in public affairs and to "educate our youth in the American way of life."

The international head of Civitan was the guest of the Sanford club on his tour of the nation.

# Gale Winds Lash Pacific Coast

**SAN FRANCISCO (UPI)** — A storm packing gale force winds lashed the Pacific Coast today, sending fears of new flooding in southern coastal California.

The peak onslaught of rain was driven by winds checked at more than 30 miles an hour. The U. S. Navy said the storm was expected to pass the coastline with winds 30-40 mph high.

Hundreds of persons were forced to evacuate their homes Monday when the Eel River in Humboldt County, about 300 miles north of San Francisco, overflowed its banks and flooded a 50 square mile area.

Gov. Edmund G. Brown declared the county a disaster area and called 75 National Guardsmen to aid 200 to 300 volunteers trying to check the rampaging river.

Serious flooding also was reported in Sonoma and Marin counties.

In Sonoma County, the Russian River flooded cabins and an outlying section of Guerneville, hit by eight inches of rain in 24 hours.

Power and telephone lines in many sections of northern California were washed out by the rain or knocked down by high winds.

The rain threatened to wash out the site of the Winter Olympic Games at Squaw Valley, Calif., but changed to snow in the lake area.

Elsewhere around the country, scattered snows were forecast for the northern and central Rocky Mountain region, the Northern Plains and the Great Lakes region. Scattered showers were forecast for parts of Texas, Arkansas, Alabama, Northwest Florida and from the Middle Mississippi Valley northward to the Atlantic Seaboard.

Mostly fair skies were expected in the rest of the country.

# Missionaries Hold Services At Alliance

Missionary services are now in progress at the Alliance Church for the Annual Missionary Convention on Monday evening. The Alliance Church is held at 7:45 each evening this week, except Saturday. The Convention will close with the Sunday service, Feb. 14.

Two missionaries of many years active service in foreign fields are the speakers. Mrs. W. C. Newburn of Hong Kong opened the convention on Monday evening. She will also speak Tuesday, Friday, and Sunday evenings. The Rev. George Klein will be heard Wednesday and Thursday evenings and Sunday morning. Both of them will have pictures from the field to show, native curios, and costumes to display.

The Rev. George Klein has spent 28 years of active missionary service in Gabon, Africa. The work in this area began in 1904 among the Gula people. Today, through the efforts of the missionaries there is an indigenous church of some 1,200 members, 54 evangelists, and eight pastors. Rev. Klein stated that "the church is organized, supported, and directed completely by the nationals. The missionaries are giving their time to Bible teaching and evangelism."

"Politically," Klein says, "Gabon is advancing rapidly. The French has prepared the people for self-government by gradually assimilating Africans into the government."

Materially the Gabon is rich, having enormous deposits of manganese, uranium, iron, and wood.

"The role of the missionary is to be aggressive, keeping up with the tempo of the fast-moving country and giving the people every opportunity to know that the Word of God has the answer to every problem," he points out.

The public is cordially invited to come and hear these veteran missionaries tell of first hand experience of the work of sending the Gospel to foreign lands. The Alliance Church is centrally located at 14th Street and Park Ave.

Maly's "autotrada," which was opened in 1955, was the world's first apparatus to separate fast, long-distance traffic from local traffic, according to the Twentieth Century Fund.

# Congress May Okay Sewage Aid Bill

**WASHINGTON (UPI)**—The first bill of the election-year session — one that President Eisenhower is expected to veto—may clear Congress by nightfall.

The administration-opposed bill would permit higher federal spending to curb pollution of waterways over the next 10 years.

It was scheduled for quick House passage today. Sponsors said the Senate would complete congressional action today or Wednesday.

The bill would raise to 300-million dollars the present ceiling of 500 million on long-range federal grants to help local communities build sewage disposal plants. It is a compromise between differing versions approved last year by House and Senate.

For several years Eisenhower has been trying without success to persuade Congress to limit actual cash appropriations for the program to 20 million a year.

The funds are allotted on a matching basis with the federal share limited to 20 per cent. The new legislation would boost to \$450,000 the existing \$200,000 limit on federal contributions to any single project.

# Nikita To Begin Asia Tour Soon

**LONDON (UPI)** — Soviet Premier Nikita S. Khrushchev will be out to do a hectic three-month tour of the so-called uncommitted nations of Asia on his three-week tour beginning Thursday, Soviet news reports said today.

The Premier's visit to India, Burma, Indonesia and Afghanistan has officially been billed as a "goodwill" mission aimed at maintaining friendly relations.

But Soviet officials experts here say Khrushchev's main objective is to "eliminate the stresses caused by President Eisenhower on his recent visit to Asia."

Soothe fear and tension generated by Communist China's aggressive moves.

# State To Cross-Examine Finch About Actual Details Of Murder

**LOS ANGELES (UPI)** — Dr. R. Bernard Finch, who has admitted being intimate with at least three women prior to the slaying of his estranged wife, today faces prosecution cross-examination about the details of how he killed Mrs. Barbara Jean Finch.

It was romance day at the sensational murder trial Monday and Finch took the occasion to witily characterize himself as a sophisticated man of the world.

The spectators liked his wisecracks about his intimacies with two married women and a divorcee, but whether the jury felt the same appreciation remained to be seen.

The 42-year-old doctor went in to detail about his love affair with Carol Tregoff, 22, his red-haired co-defendant for the murder of Barbara Jean, 36, at the luxurious West Covina home of the Finches last July 12.

Finch admitted without an outward trace of embarrassment previous love affairs with two other women, identified as Mrs. X and Mrs. Y, beginning in 1938. The point made by prosecutor Fred W. Whitehill was that, at one time, Finch was cheating both on his wife and a mistress in behalf of Carol.

Today Whitehill will attempt to discredit Finch's claim that his wife was killed accidentally after he struggled with her for possession of a gun. Finch testified he wrested the pistol from his wife and that when he threw it away it discharged accidentally and the bullet struck Barbara Jean in the back.

But Monday, romance was the topic and some of the cross-examination went like this:

Whitehill drew the admission that Finch had sex relations with Mrs. X and Y, both employees at his medical center — as was Carol. The first was married, the second a recent divorcee. Whitehill asked the doctor

# Franklin Franks Dies At Age 25

Franklin (Doc) Franks of Sanford died Monday after a lengthy illness.

Mr. Franks, 25, lived for 11 years at his home at Wilson Corner. Born in Gulf Breeze, he was a member of the Lake Monroe Baptist Church. He is survived by his mother, Mrs. Luveda Franks, of Sanford; a brother, Hollis L. Franks, and several nieces and nephews. Funeral services will be 2:30 p. m. Wednesday at Erlison Funeral Home with the Rev. Robert O. Byrd officiating. Burial will be in Sylvan Lake Cemetery.

# Gasparilla Festival Gets Off To 'Noisy' Start In Tampa

**TAMPA (UPI)**—Tampans looked forward to tonight's annual Gasparilla Convention Ball—the highlight of the local social season. The Gasparilla Festival, begun here 44 years ago, got off to a noisy start Monday with the traditional "pirate invasion" and capture of the city by Yee Mystic Kewo of Gasparilla.

The invasion by about 250 gaily costumed Tampa civic leaders acting the part of pirates was followed by a three hour parade that wound up at the fairgrounds, where the Florida State Fair began its final week Monday.

Today is Governor's Day of the fair and Gov. LeRoy Collins was scheduled to present an address at noon.

The festival, a week of mirth, is based on the life of a real pirate, Jose Gasparilla, who plundered for 26 years off the Florida west coast and finally committed suicide in 1821 when he was hunted down by the U. S. Navy off the coast of Boca Grande Island.

The occasion hall features the crowning of the King and Queen of Gasparilla, whose identities are closely guarded secrets until the time of the ceremony.

The annual Children's Day parade is scheduled Wednesday. This is said to be the largest parade in the United States held strictly for the youngsters.

# Hunt Continues For Mystery Sub

**BUENOS AIRES (UPI)** — Argentine ships and planes are maintaining a round-the-clock search over the Nuevo Gulf area, where an unidentified submarine was reported last week, it was announced today.

Mary Secretary Gaston Clement said targets tentatively identified as the submarine had been attacked "several times" with bombs and depth charges. He added, however, that there is no assurance that the submarine is still in the Gulf.

"The commander would be an idiot if he did not do everything possible to escape," Clement said. Newspapers here speculated that the submarine might be nuclear-powered, but no confirmation of this rumor could be obtained.

# Tax Refunds In The Mail

**WASHINGTON (UPI)** — The Treasury already has started sending out tax refund checks to early bird filers.

The department reminded taxpayers that they can file returns now if they have received a W-2 form from their employer telling how much they earned in 1958.

The closer a return is filed to the April 15 deadline, the longer it takes to get a refund check, officials said.

They also pointed out that most people owing taxes for 1958 must send in a check with their returns. The only exception is the taxpayer who files the short form and lets the government compute his tax.

# Foreign Trade Reaches Inland

**DENVER (UPI)** — Even residents of a state as far inland as Colorado depend a great deal on foreign trade, they were told recently by George Killian, president of the American President Lines and chairman of the Committee of American Steamship Lines.

Killian said during a visit to his native state that Colorado's share of U. S. foreign trade in 1958 was \$85 million. He explained:

"You send to foreign markets an estimated \$46 million worth of processed foods, aircraft, machinery, primary metals, chemicals and fabricated metals. Your farmers exported some 200 million worth of wheat, barley and corn. Your miners exported approximately \$10 million worth of molybdenum ore."

"The paychecks of some 120,000 Colorado workers are directly affected by foreign trade where the livelihood of many additional thousands in the state depends upon supporting industries and trades," supporting industries and trades.

# Payments Up To Unemployed

**TALLAHASSEE (UPI)** — Payments to unemployed Florida workers in January rose 20.7 per cent over payments in December, the State Industrial Commission said Monday.

The total was \$1,992,926. The increase was largely in six urban centers, the largest in Tampa. The commission attributed the rise to layoffs in the tobacco and construction industries.

# Burglars Pick Maid's Night Out To Steal Jewels

**MIAMI BEACH (UPI)** — Two burglars picked the maid's night off to enter the \$25,000 home of a Miami Beach widow and steal \$10,000 in jewels after hearing her up and binding her with adhesive tape.

Mrs. Billie Kaye was alone in the house sleeping when the thieves entered about midnight Saturday, Miami Beach police disclosed Monday.

# National Golf Tourney Begins

**DELRAY BEACH (UPI)** — Golf stars who have won national titles as far back as 1918 and as recently as 1956 were to qualify today for the 20th annual National Mixed Four-somes Championship. Last year's winning team, Mrs. Marlene Brook, Tevaco, Cal., and Jack Penrose, Miami, were among the competitors.

# Trujillo Regime Facing Crisis

**SAN JUAN, P. R. (UPI)** — For the first time in more than three decades of unopposed rule in the Dominican Republic, strongman Generalissimo Rafael Leonidas Trujillo today is under heavy guard in Ciudad Trujillo.

There is a "watch and wait" atmosphere in the Dominican capital. The Trujillo regime is regarded as facing its most severe crisis.

The 62-year-old Generalissimo moves cautiously these days. The army and national police which over his every movement. Foot patrols patrol every block around quiet Oscar Nicolas Foston Street where the Generalissimo lives. Recently, tanks appeared before the big white house.

Trujillo has not abandoned his year-long custom of a nightly stroll along city boulevards. But now the entire area is blocked off to traffic and prowl cars stalk the neighborhood.

A crisis in state-church relations has aggravated the Dominican situation. It was touched off by a pastoral letter read in all churches on Jan. 21. The public reaction was immediate and dramatic. Women wept as they put their jewelry in the collection plate.

Trujillo's reaction also was sudden. The controlled press the next day urged closer state-church relations and praised the concordat governing them. Previously, the same message had been used to criticize K.

The present opposition movement to Trujillo ranges from business and professional men and the upper classes in general and these are mounting a "retro" which threaten continuation of the Trujillo regime.

The opposition of the church—50 per cent of Dominicans are Roman Catholics—and 600,000 stamp are other factors threatening the regime. On his side, however, are control of the armed forces and the continued fierce loyalty of the country people.

More than 2,000 Dominicans have already been "detained" in the new plot against Trujillo. It is not known how many are still held in prisons or stockades. Forty persons a week ago were summarily tried and sentenced to 20 years at hard labor.

Most of them were prominent citizens and eyewitnesses said their courtroom appearance for the one-day trial indicated they had been subjected to prison abuse. The same sources said more political arrests and trials may be expected momentarily as the movement against Trujillo gains ground.

# Search Resumes For Castro's Personal Plane

**MIAMI (UPI)** — The search resumed over Florida and the Gulf of Mexico today for Cuban Premier Fidel Castro's personal plane missing since Sunday with two men aboard.

The C-47 used by Castro on flights to interior Cuba was flying from Havana to Miami for propeller repairs. It was last heard from at 1:30 p. m. Sunday.

An SOS distress signal received Monday afternoon from a point about 100 miles southwest of St. Petersburg spurred search in the Gulf waters. Most of the vessels taking part in the hunt quit for the night at dusk. But a boat and two planes searched through the night in the distress call area.

# Millionaire Asks 'Quiet Divorce'

**SAPELO ISLAND, Ga. (UPI)** — Tobacco millionaire Richard J. Reynolds said today he offered his third wife a "quiet divorce."

Reynolds, 58, a year-old Reynolds, adjoined too ill to leave his island estate and make a personal appearance in court, broke a long silence about his impending divorce suit. He issued a statement saying his wife, Mrs. Marjorie Maxton Reynolds, 41, "has continually violated my sincere wish to avoid publicity."

# Two Meets Set By Citrus Group

**LAKELAND (UPI)** — The Florida Citrus Commission will hold two public hearings during its monthly meetings here Wednesday.

The hearings will deal with a move to establish a special grade for Florida grapefruit, and a recommendation to eliminate the present standard for U. S. Grade A and U. S. Grade AA juice and substitute them with a single U. S. Grade AA juice.

The meeting will be preceded by a meeting of the commission's advertising committee.

# McMullen To Run For Secretary Post

**TALLAHASSEE (UPI)** — J. L. McMullen, a Live Oak food processor, said Monday he will be a candidate for secretary of state.

The post has been held by R. A. Gray since 1950. McMullen said if elected he would make no changes in Gray's office procedure. Gray is retiring after his present term.

Other candidates for the post are Sen. Tom Adams of Orange Park; Tallahassee auditor Edward G. Hornsby; Joe H. Crowder; Angus Laird of Tallahassee; former tax commissioner Eugene V. Fisher and N. D. Wainwright of Hollywood.

# Eating Facility Protest Spreads

**DURHAM, N. C. (UPI)** — Lunch counters of two dime stores in two cities remained closed today while a storm in a third city kept its counter open in a spreading protest by Negro college students against segregated eating facilities.

The protest spread Monday to variety stores in Durham and Winston-Salem after a fire in a week-long demonstration at the F. W. Westworth and S. H. Krom stores in Greensboro.

Little is known about the origin of the squirrel in America but he was here to greet the first colonists.

# McMullen To Run For Secretary Post

**TALLAHASSEE (UPI)** — J. L. McMullen, a Live Oak food processor, said Monday he will be a candidate for secretary of state.

The post has been held by R. A. Gray since 1950. McMullen said if elected he would make no changes in Gray's office procedure. Gray is retiring after his present term.

AND THE HOT-ROCK AGE

STARTS WEDNESDAY TODAY'S HOTTEST TWIN SHOW

NEW OFFICERS of the Eastern Star who were installed at the annual installation ceremony by the chapter are from the left, front row, Mrs. Elizabeth Thompson, Mrs. Stella Pryor, Mrs. Marjorie Shepard, Mrs. Elmer Still, Mrs. Luella Wooten, Mrs. Marge Bradmeyer, Mrs. Virginia Anderson and Mrs. Joyce Nicholson. Back row, Mrs. R. E. Peurifoy, Mrs. Ethel Peurifoy, Mrs. Essie Cole, Mrs. Helen Theus, Mrs. Mae Sheppard, Mrs. Irene White, Mrs. Helen Leinhardt, Mrs. Bertha Snyder and Mrs. Tommy McLain.

### Mrs. Marjorie Shepard Installed As Worthy Matron Of Eastern Star

Mrs. Marjorie Shepard, new worthy matron and other officers of Seminole Chapter No. 2, Order of Eastern Star, were installed at an impressive ceremony of officers for the coming year. With 1959 officers at their stations, Mrs. Linnie Moye, retiring worthy matron, gave the welcome address to members and guests present.

Mrs. Helen Theus, of Leesburg, was installing officer. She presented Leona McLain as installing marshal, Mamie J. Warner as installing chaplain and Maude Humphrey as organist. Dick Alken, soloist, sang "The Twenty-third Psalm", accompanied at the piano by his daughter, Diane.

As each star-point was installed, Mrs. Theus presented her with an old-fashioned nosegay of flowers, appropriate to the point, yellow to Joyce Nicholson as Ruth; white to Stella Pryor as Esther; blue to Mrs. Elizabeth Thompson as Martha and green to Marge Bradmeyer as Elecia.

At the close of the installation ceremony, Mrs. Moye presented the new worthy matron with the Katherine McKay pin and a large arm bouquet of red roses from the chapter.

### Circle Makes Plans For Smorgasbord Scheduled Feb. 27

Plans for the annual Swedish Smorgasbord were discussed at the recent meeting of the Ethel Root Circle of the Congregational Christian Church, held at the parsonage, 511 Palmetto Ave.

The event is scheduled for Feb. 27 with plans for a very Swedish menu which will include a wide variety of both hot and cold dishes.

Committees were appointed as follows: menu, Mrs. Oliff Nordgren, Mrs. Howard Rollins, Mrs. Maurice Corbett, Mrs. Harold Herbst and Mrs. Herbert Thurston; tickets, Mrs. Helen Remusat; serving, Mrs. Nordgren, Mrs. Rollins and Mrs. Earl Mooney; beverages, Mrs. Gus Schmah, Mrs. E. H. Ludecke, Mrs. T. R. Alford; tables, Miss Ruby Booth, Mrs. James Bedenbaugh, Mrs. Thurston and Mrs. Herbst will be in charge of all committees.

Mrs. Corbett presided at the meeting and Mrs. Edward Simpson led the devotion. Mrs. Remusat reported that the church silverware has been increased to a total of 102 pieces.

Mrs. James Bedenbaugh and Mrs. Richard Carter, hostesses for the day served refreshments to Mrs. Rollins, Mrs. Corbett, Mrs. Thurston, Mrs. Carter, Mrs. Simpson, Mrs. Schmah, Mrs. Alford, Mrs. Oscar Ziltrower, Mrs. Emma Bell, Mrs. E. H. Ludecke, Mrs. Ralph Loring, Mrs. Norma Cook, Mrs. Nordgren, Mrs. Herbst and one guest, Mrs. Clara Hunt.

Miss Marianne Ludwig

### Student Nurse Takes Training In New Orleans

Miss Marianne Ludwig, a senior at Orange Memorial Hospital School of Nursing in Orlando, left Sunday for New Orleans, La.

She will spend three months at DePaul Hospital, studying psychiatric nursing and three months at Charity Hospital, studying pediatrics.

Miss Ludwig will return to Orlando the latter part of July and will graduate in September. She is the daughter of Mrs. John Ludwig, 209 Arcadia Rd., Sanford.

### Osteen Church Group Entertained At Ranch

BY MRS. CLARENCE SNYDER

Mrs. Herman E. Morris and Mrs. Ernie Morris entertained the women of the adult Sunday school class of the Osteen Baptist Church and several other friends of the area at the M. Q. Ranch.

Following a short devotion program, an informal evening was enjoyed in the "cook-house." Sitting around the huge fireplace the guests listened to "Ranch Tales", as told by Mrs. Morris.

She told the history of many of the trophies displayed at the ranch, including the second largest pair of horns from a long-horn steer known to exist. They measure nine feet two inches and were taken from "Old Blue" who traveled the Chisholm Trail. Old Blue was the steer immortalized in "Up The Trail From Texas."

The hostesses served refreshments from large lazy Susan round-up tables, centered with flower arrangements in planters.

Those attending were Mrs. Nolan Osteen, Mrs. Robert Williams, Mrs. Jake Redditt, Mrs. Joe Masters, Mrs. John Bradin, Mrs. John Melrose, Mrs. Frank George, Mrs. Julius Gerhardt, Mrs. Louis Noel, Mrs. Lois Brooks, Mrs. Irving Viens, Mrs. Willie Brown, Mrs. Harry Osteen, Mrs. Raymond Pell, Mrs. Alma Walker, Mrs. Albert Clark, Mrs. Guy Beall, Mrs. Elmer Shiner, Miss Jean Masters, Mrs. W. L. Jones, Mrs. John Helms, Mrs. Paul Brooke, Mrs. Donald LaFila, Mrs. Raymond Frank, Mrs. Barbara Clark, Mrs. Keeneth Clark, Miss Regina Clark and Mrs. Clarence Snyder.

### Local Events

- WEDNESDAY**
- Valentine luncheon and card party sponsored by the social department of the Sanford Woman's Club. Luncheon served at 12:30 p. m. followed by bridge and canasta games.
- THURSDAY**
- Azalea Circle of the Garden Club will meet at 8 p. m. with Mrs. W. P. Fields, 200 W. 17th St.
- Camellia Circle meets at 8 p. m. with Mrs. Lewis Barley in Lake Mary. Program on landscaping.
- Central Circle meets at 2:15 p. m. with Mrs. R. W. Turner, 915 Park Ave. Program on conservation of trees.
- Hemerocallis circle meets at 7:30 p. m. with Mrs. Watson Reel in Lake Mary for a program on miniature gardens.
- Magnolia Circle will meet at 3 p. m. with Mrs. R. E. Witzel, 1601 Wynwood Dr. Mrs. D. B. Owen will be the speaker.
- Palm Circle will meet at 9:30 a. m. at the home of Mrs. H. P. Newton, Plumosa Dr., DeBary. Karl S. Bolander of Winter Park, well known lecturer, will speak on "color and design in the garden."
- Woodrose Circle will meet at 10 a. m. with Mrs. Wendell Holmes, 414 Sunland Dr. Special guest will be Dr. J. F. Darby.
- Enterprise**
- Personals**
- Mrs. John Bradin and Mrs. John Melrose attended a meeting at the home demonstration office in DeLand, Friday. They received instruction on the care of floors and upholstery, which they will present to their local clubs later.

### Lake Monroe

**Personals**

Mrs. Annie Hawkins, Mrs. Claude Hawkins and son, Sidney, spent Sunday in Cocoa with Mr. and Mrs. Fred Thomas.

future meetings. At left is Mrs. H. R. Sundvall, past president of the auxiliary; Mrs. Robert Drayton and Mrs. John White, president. (Herald Photo)

### Bar Assn. Members Entertained At Williams' Home

Judge and Mrs. Volle Williams Jr., entertained with open house Friday night, honoring Judge and Mrs. Murray Overstreet of Kissimmee; Judge and Mrs. William Akridge, Cocoa, and State Attorney and Mrs. Arthur Steed of Orlando.

The serving table was overlaid with Madeira cutwork cloth and centered with an arrangement of yellow mums in a silver container. Yellow mums and green Fuji mums were used throughout the other entertaining rooms.

Those assisting in serving were Mrs. Vassar B. Carlton, Titusville, Mrs. Karlyle Housholder and Mrs. Douglas Stenstrom.

Guests from Orlando included Judge Frank A. Smith, Judge and Mrs. Terry B. Patterson, Judge and Mrs. Roger Barker, Judge and Mrs. W. A. Pattishall, Judge and Mrs. Vassar B. Carlton, Titusville, Mr. and Mrs. Anthony Hosemann, Jr., Merritt Island, and members of the Seminole County Bar Association and their wives.

### Personals

Mickey Durak has returned to Gainesville after spending a week with his parents, Mr. and Mrs. M. J. Durak, at their home on West First Street. He is majoring in electrical engineering at the University of Florida.

Mrs. Sarah E. Bolton and daughters, Mrs. Wayne Sheldon and Miss Barbara Bolton, have returned to their home in Port Huron, Mich. They were called here due to the death of Mrs. Bolton's father, Edwin A. Van Fleet.

**IN AN EGG-SHELL...**

About one-tenth of an egg is shell. The rest is edible.

There's a trick to whipping cream successfully that bears repeating for the beginner in cookery. First, use a small, deep bowl. Chill bowl, beater and cream. Whip cream with a rotary beater until thickened. At this point, add sugar to taste and continue whipping until cream barely stands up in peaks.

**CHAPLAIN WILLIAM HEARN**, second from left, assists in the flag dedication ceremony by members of the Ladies Auxiliary of the Fleet Reserve. The flag was a gift from the men's Branch 147 and will be used at

### Personals

**BY MARIAN R. JONES**

A spend-the-day party was held recently at the home of Mrs. John Courier Jr., at which time a covered dish luncheon was served. Mmes. C. T. Niblack, James E. Brookshire, Mae E. King, George C. Means, J. H. Lee, Theodore Aull, Jr., C. L. West, J. C. Faircloth, Clarence Taylor and R. W. Estes enjoyed the sewing bee.

Keith Malcolm, son of Mr. and Mrs. J. L. Malcolm, is confined to the base hospital in Ft. Knox with pneumonia.

### Church Calendar

- TUESDAY**
- First Presbyterian Church Pioneer Fellowship 6 p. m.
- First Baptist Church Golden Circle banquet in educational Bldg. 8 p. m.
- Pinecrest Baptist Church WMU executive meeting 7:30 p. m.
- General meeting, 8 p. m. Deacon's meeting, 7:30 p. m.
- WEDNESDAY**
- First Baptist Church Prayer meeting, 7:30 p. m. Sunday School officers and teachers supper meeting, 6:30 p. m. R. A.'s 7 p. m. Prayer meeting and business session, 8 p. m.
- Presbyterian Church Circle 8, with Mrs. R. L. Cornell on Lake Blvd. at 10 a. m. Senior choir 6 p. m. mid-week Bible hour, 7 p. m. Chancel choir rehearsal 7:30 p. m.
- Back in the 18th century, some homes had two tubs per bathroom: one for washing with soap, the other for rinsing it off.

### Seminole DCT Club Plans Activities For The Week

The Seminole High School DCT club is sponsoring a dance Friday night at the high school auditorium. All high school students are invited to attend. The dance is informal.

This year the DCT club is running a candidate for district V representative for the Florida State Federation of DCT Clubs. The candidate is Larry Davis. The district meeting is Saturday at Winter Park High school.

**OVIEDO**

**Mrs. Wilt Receives Silver Ash Tray From Wives Club**

Mrs. Robert S. Saire and Mrs. Neal J. Johnson were co-hostesses at the VAIH Officers Wives Luncheon, Friday at the Bachelor Officer's quarters at the Sanford Naval Air Station.

Mrs. Richard L. Wilt, who will be leaving the squadron soon, was presented a silver ash tray. The table decoration was won by Mrs. R. Golden and Mrs. James E. Goss won the certificate from Neil's Studio of Hair Design.

A bridge will be held at the home of Mrs. Kenneth L. Coskey, Friday.

Those present included Mrs. H. Lang, Mrs. Donald E. Ethell, Mrs. Charles Guthrie, Mrs. Charles Hodgate, Mrs. George Hoffman, Mrs. George Kemmons, Mrs. Frances Mackey, Mrs. Harold McCumber.

Mrs. David King, Mrs. Donald McGraw, Mrs. Richard Petersen, Mrs. Robert Provencher, Mrs. Wesley L. Ralston, Mrs. Golden, Mrs. Wilt, Mrs. Goss and the hostesses.

# County Cattlemen Work Together

A visit with the Seminole County Cattlemen's Assn. at its meeting during the weekend brought home several things which we are inclined to forget periodically.

We don't realize that the cattle industry, although relatively small in this county, has one of the state's strongest businessmen's organizations here. These men get together on things affecting their business and take action with commendable decision.

Their actions don't get much public notice, but they are engaged in several noteworthy projects to improve cattle breeds, irrigation, pastures etc. in a county where diversification is important, such as it certainly is here, they are important.

There are 92 members in the cattlemen's association now and we believe interest in their industry is going to grow.

# Voter Meetings Can Be Useful

Interest in the upcoming elections is understandably increasing as the primaries near and the voters of District 5 have decided to organize.

Registered voters of that district were invited — or urged — to attend tonight's meeting for the purpose of "taking part in selection of the public officials who will best represent your own and your neighbor's interests."

The Voters League of District 5 is the name of it and its organizers urge voters to join. "There is no obligation to you, except your interest in and willingness to work for a better government for Seminole County," its introductory circular said.

We hope that the District 5 meetings and any other similar ones will provide forums for intelligent discussion of ways and means of accomplishment and we also hope that those who attend the sessions will try to contribute to them on this basis.

# WORRY CLINIC by Dr. G. W. Crane

Just like Helen, millions of Americans think an athlete body plus a good tan, stand for rugged health. But football stars are killed by mosquitoes just as readily as scrawny folks, and germs are simply lethal "bugs." Your muscles don't give you immunity to either cancer or inner "bugs" so overcome this case. And the common skin is healthier than the tanned one!

CASE D — Helen B., aged 42, is a vivacious wife of a school principal. I noticed that her face was speckled by many small pitted scars of smallpox.

"Dr. Crane," she answered my nervous question, "when I was a school girl, I was a health fanatic."

"I faithfully followed the advice of the late Bernard McPadden in his magazines. He maintained that proper diet and regular exercise would build up resistance to all diseases."

"So I ate raw vegetables by the bushel and was quite athletic. But just 9 months after my wedding, I accidentally met a person who had smallpox."

"I didn't worry, however, although I had never been vaccinated, for I was positive my raw vegetable man and athletic activities would make me immune."

"But I got small pox and it was such a severe case, the doctor even despaired of my life. However, I finally recovered, but my complexion was ruined."

"So I wrote an indignant letter to the publisher, but he replied that if I hadn't had faith in my health, I would not have caught smallpox. Is that true, Dr. Crane?"

To make the distinction very clear between rugged muscles vs. chemical immunity, ask yourself if a hockey football star is immune to mosquitoes or wood ticks or bedbugs?

Even though you athletic folks who eat raw vegetables and fruits may have no fear of insects, does that lack of fear render you immune to mosquitoes?

You know very well it doesn't. Then why do you think you will be immune to tiny, microscopic "bugs" like smallpox virus or the tuberculosis germ?

Immunity to disease is based on your blood chemistry, not the size of your muscles or your vegetable man.

We medical used to find that the big, athletic men were very likely to die of pneumonia in a few days, whereas the scrawny, sickly men who always had been ill, would outlive pneumonia, TB and dozens of other ailments.

Because the sickly people had become chemically more immune to such toxic "bugs."

# WASHINGTON CALLING by Marquis Childs

WASHINGTON — Intelligence reports indicating that Premier Khrushchev is having troubles with his own military are consoling to administration officials who find themselves in a bitter controversy over America's defenses.

"Maybe their generals don't retire and write books the way Max Taylor did," one Pentagon figure put it, "but Khrushchev is sure having difficulties with 250,000 officers who don't like giving up these fine uniforms and all the privileges that went with them."

Gen. Maxwell Taylor's "The Uncertain Trumpet" is one of the most forthright attacks from a highly informed source on the administration's military policy. Rumors have circulated that even though Taylor is retired with a lucrative job in Mexico City the White House is seeking some way

to discipline him. Khrushchev's troubles in demobilizing a reported 1,200,000 officers and men are given as one reason for the falling away from the "spirit of Camp David" and the increasingly tough tone out of Moscow. Unlike Stalin, who was a supreme dictator, Khrushchev must reckon with those who speak for important elements of power. One of these is the military and, according to intelligence reports, the question is being raised at the top as to whether the proposed demobilization does not go so far as to weaken Russia's defense position. In short, Khrushchev is being accused of taking too soft a line with the West.

Whatever the reasons, there is little doubt that the aura of good will generated last September when President Eisenhower sat

down at Camp David with Premier Khrushchev has largely vanished. American policymakers planning for the summit conference in Paris in May believe that the best that can come out of it is a polite agreement to disagree. This is in marked contrast with the view of some months ago that an interim settlement of the status of Berlin could be negotiated. There are even doubts as to whether the agreement to disagree can be kept at a polite diplomatic pitch. With increasing vehemence, Khrushchev in his exchanges with Chancellor Adenauer has come back to his demand that the two Germans work out their own relationship or, failing this, he will sign a separate peace treaty with Communist East Germany.

But the Eisenhower visit to Moscow coming less than a month after the summit is likely to insure that the tone of the Paris conference is at least outwardly peaceful. Khrushchev has, after all, certified to his own people that Eisenhower is a man of peace and an abrupt reversal of that line would be, to say the least, embarrassing.

Another bit of insurance is the concept of a series of summit meetings. If Paris fails, the four powers will agree to meet six months or so later in one of the other capitals and wrestle with the same problems.

# ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON—The best chance the Democrats have to put a man in the White House next year may be to draft Nelson Rockefeller.

This may seem a little cock-eyed, proposing a Republican governor of New York for the job of Democratic president of the United States.

But after what's happened here the last several days there's more than one spark of logic in this proposal.

How does Nelson Rockefeller himself feel about the suggestion? Well, his answer requires a bit of interpretation. The reply was rather unusual, to say the least.

He was about to accept the platform at the GOP's 1960 dinner at the Sheraton Park Hotel when I mentioned to him that several months ago I wrote a piece predicting that he'd be our next president.

"You are an optimist," he said.

For a man who conceded last December that he had given up the race, this was significant, for he spoke in the present tense.

Then the key question: "Would you accept a draft for the Democratic nomination for president?"

The governor reached out his right hand and wrapped his big palm around the nape of my neck. And he gave it three solid whacks. His mobile mouth broke into a grin. He didn't say a word. This, then, was his answer.

Now, what did it signify? He hadn't said yes, and he hadn't said no. Did he mean maybe? I placed this problem before several press gallery colleagues, and the last I saw of them they were still trying to analyze it.

The idea for a Democratic draft came like a bolt on that Saturday night when the Demos were fighting each other and Richard Nixon among the 9100 pilots all

over the Sheraton Park. Only sympathy shown for anybody that night was for Nelson A. Rockefeller. Gov. Robert Meyer of New Jersey, for one, said what a shame it was that the bad old GOP bosses closed out poor Nelson so ruthlessly.

And then Harry Truman told the battling banner-bearers in effect: "Boys, you can go around fighting each other if you want to, but there are other good candidates available."

So, why not Nelson Rockefeller, who served so well under Truman? He's a Republican, but after all, Wendell Wilkie, once a Democrat, got the Republican nomination. And Dwight Eisenhower, before deciding on the Republicans, was asked to run on the Democratic ticket.

Furthermore, some New Yorkers have already said the governors been acting like a Democrat.

## CDR ROTOR

TV marvel scans the skies like radar to pull in better pictures on your set!

**ROTATES AUTOMATICALLY** to track down the best possible picture on every channel.

**AIMS YOUR ANTENNA** straight at the sending tower of the channel you want.

**NEEDS WHAT ACTUAL USERS SAY!** Hundreds of thousands of CDR Rotors are now in use and in TV reception areas just like yours.

**LOOK WHAT ACTUAL USERS SAY!** "I have lots of company from far and near, and they all say we get more channels and have a better picture than they do. The CDR rotor can not be best."  
—Mrs. G. J. McCone, Anaheim, Kansas

**"SUBSIDISED BY HIGH BUILDING!** Even though my antenna is a very good one, I couldn't get a true sharp image. Since installing a CDR rotor, my pictures are clearer, sharper, steadier. My set behaves like a brand new one, even though the nearest TV station is over 60 miles away."  
—Walter A. Moss, Pitts, Mich.

**NOW! Start getting perfect TV pictures with a CDR ROTOR**

**Hoover Radio & TV, 504 S. Sanford Ave. Keck TV, 2911 S. Park Ave. Winn's TV & Radio Service, 309 Second St. Seminole Radio & TV, 503 Celery Ave. W. A. Norris, Rt. 1, Box 439-H, Lakeview Drive Paul's Town & Country, 2553 Orlando Drive**

## LOOK AT THE LOWER PRICES

List prices as much as \$76.05 lower on popular models with popular equipment!

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example— with Turboglide, push-button radio and de luxe heater—lists for a whole \$76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Big brakes for quieter, safer stops. Riveted hooded linings mean they last longer, too.

More room to relax in. Chevy sedans offer premier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full over-engineered windshield among the leading low-priced cars.

Shower windshield wipers keep sweeping even when you speed up to pass.

Vent windows crank open and closed. So much simpler than fighting those tricky little cranks.

Softest feeling of all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.

Roomy trunk—fits 100 lbs. Or how to get up to 10% more miles per gallon of regular and still have lots of "oh."

Twinned 6 in any full-size car. It's the '60 version of the engine that got 32.50 miles per gallon in the 1960 Mobilgas Economy Run.

What's chock of better than 24 engine-independant tanks in all, with output up to 255 h.p.

A truck that's made for long trips with up to 100% more room in the space. And lower fuel costs loading.

Other body improvements. Look at the finish, the detail work. You'll see the difference.

**Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.**

# Covington Covers Sports

By JERRY COVINGTON  
Tonight the Seminoles go against a big and tough Lakeview ball club in what is expected to be a thriller.

In their first meeting earlier this season, the Seminoles enjoyed one of their best nights and their fast break and frustrating press provided them with a victory. Since then the Red Devils have come fast and they are now the only team that holds the distinction of a win over powerful Winter Park. They battled down to the wire and squeezed past them by a single point.

The Red Devils from Winter Garden have the largest overall team in the OBC and, unless the Seminoles can outrun them as they did in the first meeting, they will have their hands full. Any way you look at it, tonight's game should be a thriller and Coach Bud Laver's youngsters should continue to supply the fans with the same type of thrilling action.

Wednesday night the coaches of the OBC will meet to set up the tournament

that will get underway a week from Thursday in Apopka. Actually, it was Sanford's year to play host to the tourney, but due to the fact that the gym wasn't ready, it won't be held here until next year.

With the addition of Wildwood to the OBC this year, the conference will be rounded out with six teams participating. Winter Park and Sanford are top rated to make it to the finals with Lakeview, Apopka, and Wildwood as the dark horses and Leesburg running a poor last.

This year's tournament should be one of the best we have seen in many years. Although Wildwood, Lakeview and Apopka have been beatable in regular season action, this doesn't mean a great deal, for when the tournaments begin every team is usually capable of taking home the honors.

The first round of the tournament will get underway in the afternoon of Feb. 18 and the finals will be Feb. 20, a Saturday night. The Seminoles have never made it to the OBC finals, but this year things should prove a little different if they continue their fine type of play.

## Robertson Keeps Rolling; Scores 62 Points Against North Texas

**United Press International**  
And still more records for Oscar Robertson.  
Cincinnati's fabulous Big O would have been excused a let-down following his record-breaking weekend but there was simply no holding him Monday night when he poured in 62 points in a 127-74 victory over North Texas State. The total ballooned his all-time major college point record to 2,882 and marked the biggest single night of his career.

## Grueiling Test Awaits Racers

Sanford-Orlando's Kennel Club's match race team will have a gruelling "practice session" tonight when they run in the featured ninth race on a 18-event card starting at 8:10.  
The trio of local stars is preparing for Friday night's match race against stars of the Jacksonville Kennel Club. Interest in the inter-area competition is snow-balling, according to Assl. Mgr. Jack Ledoux, and a record crowd is expected for the encounter.

Tonight's feature will be a rugged test for the three teams, which consists of Happy Joe Lucky, A. R. Ewbanks and Saddle Mark. They'll have to face such Grade-A stalwarts as Dapples, O. B.'s Argo and D. B.'s Massive.  
Race direct Kennel's Happy Joe Lucky is a veteran giant who has finished in the top three in nine of his 16 races this season. The total includes four wins against top competition. The 66-pounder is rated the favorite in the ninth by 5-to-2 morning line odds. The dark brindle crowd-pleaser will be galloping from the eighth box.  
Carl O. Tracy's A. R. Ewbanks is ranked second-best by morning line digits of 3-to-1. The 67-pound brindle fellow will march from the fifth post position.  
Saddle Mark, from the strong Arthur Bowser kennel, will move out from the four-box.  
Matinee action at the local oval will start at 2 p. m. tomorrow.

points in one game and also broke Bob Kurland's 14-year-old Missouri Valley conference record of 33 points.  
The 6-foot, 8-inch whiz hit on 23 of 29 shots from the field for a .793 percentage and made 16 of 19 free throws for .842. Early in the game he scored nine straight field goals and during a six-minute stretch of the second half he had 10 straight field goals and a foul for 21 points. The second-ranked Bearcats opened up a 33-33 lead at halftime and rolled it up in the second half as they continually fed the ball to Robertson.

Cincinnati's 11th victory in 19 games highlighted a night during which 5 of the nation's other top 11 teams won.  
Third-ranked Bradley rolled over Houston, 78-37; fourth-ranked Ohio State remained unbeaten in the Big 10 with a 106-80 rout of Wisconsin; fifth-ranked West Virginia ripped New York University, 84-38; and 11th-ranked North Carolina beat Clemson, 73-34.

Also in the Big 10, Michigan State handed Illinois its third conference loss, 78-77; Purdue beat Michigan, 78-45; Indiana whipped Iowa, 87-74; and Northwestern rallied for a 83-61 win over Minnesota.

In other top games, 13th-ranked St. Louis won 73-38 over Oklahoma City; Kentucky whipped Mississippi State, 90-36; Auburn routed Florida, 86-31; Alabama sliced Georgia, 64-40; Oklahoma beat Nebraska, 63-54; Texas defeated Texas Tech, 78-66; and Colorado beat Oklahoma State, 48-40.

## Top Welters Set For TV Match

**MIAMI BEACH (UPI)** — Luis Manuel Rodriguez, top-ranked Cuban welterweight, puts his perfect boxing record of 26 victories on the line Wednesday night in a 10-round nationally televised fight against unbeaten Carl Hubbard of Philadelphia.  
The busy-handed but light-punching Rodriguez is expected to be a solid (3-1) favorite over his heavier-hitting opponent, who has sent two recent foes to the hospital with his powerful, two-fisted attack.

## Big Ten Appears To Have Nixed Rose Bowl Renewal

**CHAMPAIGN, Ill. (UPI)** — The Big Ten has all but officially turned up its nose on renewing Rose Bowl competitions on a contract basis.

Illinois, casting a key ballot on the issue, voted Monday against sending a Big Ten team to the Rose Bowl.  
The formal vote on the bowl won't come until next month at the conference's winter meeting at Columbus, Ohio. But Illinois, which had been expected to favor renewal of the bowl pact, was the fourth to vote no.

Northwestern opposed the contract in earlier balloting and was expected to do so again, joining Illinois, Ohio State, Minnesota and Wisconsin in the anti-bowl faction.

Michigan State already has voted in favor of renewal and four others — Indiana, Purdue, Iowa and Michigan — were expected to align themselves as the pro-bowl schools, thus bringing the vote to a 5-5 deadlock at the Columbus meeting.

## Sugar Ray, Pender To Meet Again

**BOSTON (UPI)** — Sugar Ray Robinson and Paul Pender will meet in a televised rematch in Boston—for an abbreviated version of the middleweight title April 28.

Robinson, dethroned by the 29-year-old Pender here last month, finally relented Monday and agreed to have the bout staged at The Gardens. He had stated previously that he would never fight here again.

## Triple For Rotz

**MIAMI (UPI)** — John L. Rotz, a 26-year-old jockey from Niantic, Ill., booted home three winners at Hialeah Park Monday. Rotz scored his triple on New Holland (\$8.40) in the first race to set up a \$33.00 daily double with Grand Season (\$7.00) McPhee (\$11.20) in the fourth and On Leave (\$11.40) in the sixth.

**MAYFAIR INN PRO-AMATEUR TOURNAMENT** players at the Mayfair Country Club Monday included, from left, Harry Sault, of New Rochelle, N. Y., Walter Baron of Ma-Ho-Pac, N. Y., and Pro Golfer Ballard Brasely of Orlando. Sault and Baron were guests of the Mayfair Inn. Low professionals in the tournament were Grover Todd of Orlando's Pine Hills Country Club and Marvin Harvey of the New Smyrna Beach Country Club. Both had scores of 72.

## Flood, Blizzard May Leave Mark On Forthcoming Winter Olympics

**SQUAW VALLEY, Calif. (UPI)** — More than 400 of the world's finest Olympic skiers and skaters studied the after-effects of a flood followed by a typical Squaw Valley blizzard today—and hoped that conditions improve in the future.  
The site of the 1960 Winter Olympics, set for Feb. 18-28, took the ravaging effects of the storm in fair stride.

The big parking lot was flooded; it will take three days to rebuild the lower end of the downhill course at the foot of Squaw Peak, which was washed away in the flood; several small buildings and big trailers were blown over; and one of the 300 pound decorative statues was hurled to the ground.

But other than that there was no major damage.  
"We are still keeping a 24-hour vigil to see that nothing goes wrong," said H. D. Thorau, managing director of the games. "But the storm seems to be abating."

The weatherman said the big blow should be over by night fall—diminishing through the day.  
Official practice was supposed to start today on the downhill and slalom slopes for the men skiers—but it is going to take some time to repair the courses to the fine condition they were in before the storm hit.

## Tech Continues Drive For Title

**United Press International**  
Georgia Tech's Yellow Jackets continued their drive for the Southeastern Conference title with a 78-56 win over Louisiana State Monday night, but Kentucky and Auburn both won to remain in contention.  
While Roger Kaiser was breaking Tech's single season scoring mark with a 30-point performance against LSU, Kentucky romped over Mississippi State, 90-59; and Auburn smothered Florida, 89-51.

In other SEC action, the rejuvenated Alabama Crimson Tide edged Georgia, 66-60, in overtime; Tennessee whipped Mississippi, 81-74; and Vanderbilt tripped Tulane, 68-64, in overtime.  
Kaiser, Tech's sharp-shooting captain, raised his season's total to 454—two more points than any other Jacket had ever scored in one season. He is the SEC's scoring leader with an average of 21.6 points per game.

## Rookie Star Inks '60 Cincinnati Pact

**By United Press International**  
Vada Pinson, the rookie the experts forgot when Willie McCovey came along, has signed a 1960 contract that undoubtedly makes him the highest paid sophomore in the Cincinnati Reds' history.

The 21-year-old native of Memphis, Tenn., agreed to an estimated \$16,000 as a reward for a season in which he batted .316, hit 20 homers, drove in 84 runs and set team marks of 131 runs, 47 doubles and 21 stolen bases.

Under ordinary circumstances those figures would have made Pinson the National League's rookie of the year but the honor went instead to McCovey, sensational San Francisco Giant first-baseman who hit .356 in 52 games.

Other signings:  
Tom Ackert, 6-foot, 4-inch, 220-pound right-handed pitcher, signed with the Kansas City Athletics.  
Reserve infielder Mel Roach and relief pitcher Bob Hartman brought the Milwaukee Braves' stalled list to 11.

Second baseman Sparky Anderson, who hit .318 as a rookie, and outfielder Bobby Del Greco, .228 with Buffalo of the International League, signed with the Philadelphia Phillies.  
Catcher Russ Nixon and first-baseman Norm Cash agreed to terms with the Cleveland Indians leaving only home run slugger Rocky Colavito and pitcher Gary Bell unsigned.

## Golden Bears Hold First Place In Cage Ratings

**NEW YORK (UPI)** — The California Golden Bears, who meet the only team that has beaten them this season when they entertain Southern California Friday night, remained first today in United Press International's major college basketball ratings.

## Will Expected To Snap Mark

**NEW YORK (UPI)** — Wilt Chamberlain, Philadelphia's fabulous rookie star with 2,083 points to his credit, is expected to break Bob Pettit's single season scoring record in the National Basketball Association tonight when the Warriors meet the Detroit Pistons.

In other to beat Pettit's record of 2,103 points, Chamberlain needs only 13 points tonight. At the rate he has been scoring this season, Wilt should wipe out the mark sometime before the halftime intermission.

Jack Tryman of the Cincinnati Royals, Chamberlain's closest pursuer in the individual point scoring race with 1,808 points, has scored close to three times as many points as any teammate.

## Grimm's Wife Hurt

**DEKALB, Ill. (UPI)** — Mrs. Charley Grimm, wife of the Chicago Cubs' manager, escaped with a minor arm injury Monday after smashing up her new station wagon in an accident near here.

first-place votes and 334 points in the latest balloting by the 25 leading coaches who rate the teams for UPI. The Cincinnati Bearcats held second place with nine first-place votes and 216 points.

California boosted its margin over Cincinnati to 18 points after leading by eight last week. Cincinnati, led by All-American Oscar Robertson, held the top spot from the start of the season until it was replaced by California last week.

Bradley remained third with two first-place votes and 252 points. Ohio State again was fourth with the other first-place vote and 248 points. West Virginia held fifth place with 197 points.

There were no newcomers to the top 10 but all the teams in the bottom half of the group switched places.

Villanova advanced from seventh to sixth with 112 points. Utah moved from eighth to seventh with 106. Georgia Tech slipped from sixth to eighth with 102 after bowing to Auburn for the second time this season. Utah State moved from 10th to ninth with 83 and Texas A&M, which lost a road game to Santa Clara last week, dropped from ninth to 10th with 80.

North Carolina remained 11th, Dayton was 12th and St. Louis 13th. Illinois and Kentucky tied for 14th. St. Bonaventure and Southern California tied for 15th. St. Joseph's (Pa.), Louisville, Wake Forest and Kansas State tied for 16th. Southern Methodist, South Carolina and Providence were the only other teams mentioned on this week's ballots.

## THE SANDS OF TIME ARE RUNNING OUT

There are only three homes left in exclusive SAN SEM KNOLLS. This means that only three more happy families will be able to say:

"In looking for a home we saw many with MANY of the features of SAN SEM KNOLLS, but none with ALL of them. For instance there were many with 3 bedrooms, 2 or 1 1/2 baths, electric kitchen, terrazzo floors and etc., like SAN SEM KNOLLS, and some even had the same FHA financing with low down payment and low monthly payments. But there was always SOMETHING wrong — like not having city water and sewer, or not having the large, covered patio you see in SAN SEM KNOLLS — or being located in a noisy neighborhood.

That is one thing we love about SAN SEM KNOLLS — it is QUIET. Another thing, we can let our children play in front because our home is on a dead end street and we don't live in constant fear that a speeding car will run them down. IT IS LIKE A NEAT, CLEAN LITTLE VILLAGE WITHIN A CITY! And, last but not least, the construction is guaranteed to be the very best because every bit of it was personally supervised by the builder, Philip Zeuli."

## WYNNEWOOD

For an exceptionally nice home buy, allow us to show you this attractive 3 bedroom, tile bath, CB home located in beautiful Wynnewood. Features include an electric range, refrigerator, wall furnace, hot water heater, blinds, and many other extras.

Priced to sell, this home can be yours for only \$1300 down, and monthly payments less than rent. Exclusive with this office.

### Labor Leaders Fear Attack On Powell May Hurt

MIAMI BEACH (UPI) — AFL-CIO officials voiced concern today that a surprise attack on Rep. Adam Clayton Powell (D-N.Y.) may backfire and hamper organized labor's political and legislative activities.

George Meany, AFL-CIO president, said Monday it would be "terrible" if the Negro congressman were elevated to chairman of the House Labor Committee.

Meany accused Powell of using his public position to foment racial strife.

Powell's qualifications were not on the agenda of the AFL-CIO Executive Council but quickly became a leading topic of conversation among labor leaders here for a winter meeting.

Some officials agreed with Meany's charge that Powell has a poor attendance record, but they privately said they wished he had been more diplomatic when he spoke to reporters.

Federated officials said they believed the outspoken critic might make it tougher to get backing of Negro workers for labor-endorsed candidates in the fall elections.

They cited an immediate challenge to Meany by A. Philip Randolph, president of the Brotherhood of Sleeping Car Porters and the only Negro vice president of the AFL-CIO.

Randolph defended Powell's voting record on labor and civil rights and declared the Harlem Democrat would be a "distinct improvement" over retiring Chairman Graham Barden (D-N.C.).

Powell, No. 2 Democrat on the House Labor Committee, is in line to succeed Barden at the next session if he is re-elected.

He then would be in a crucial spot to influence or block the passage of legislation affecting labor unions and possibly launch investigations into their affairs.

Meany's attack appeared certain to make it tougher to get labor-supported bills through the House.

"This is what causes us sleepless nights," said one of the AFL-CIO political experts.

**Arbitrators**  
TALLAHASSEE (UPI) — The Florida Mediation and Conciliation Service appointed a roster of arbitrators to assist in voluntary settlement of labor disputes. The initial roster of 30 arbitrators will be used by management and labor from which to select the arbitrators they want.

FIVE LAKE MARY boy scouts of Troop 242 were honored with "God and Country" awards recently by the scout organization. The scouts were honored for their service to the community. Receiving the awards were front row, left to right, Bill Blakemore Jr. and Kenneth Demers. Back row, left to right, Dale Alexander, Milton Howell and Steve Willis. (Herald Photo)

### New Western TV Drama Ends Up A Carbon Copy Of Wagon Train

By FRED DANEG  
NEW YORK (UPI) — The dust that covers TV's newest western, Overland Trail, probably comes from the antiquing process. In the era of so-called adult westerns, this full-hour NBC-TV series premiered Sunday night with an episode presumably aimed at the kiddy car set. The climactic scene has a lot of Indians biting the dust. And, as a switch, one Indian even bit the mud. He was done in during a prolonged underwater battle.

This unevenly edited hour is almost a carbon copy — or is it a carbine copy? — of Wagon Train. It stars Bill "Butch" Bendix as a soft-hearted, playful-but-tough stage coach line operator. His "Robert Horton" is a chap named Doug McClure and one of the guest stars was Lynn Bari, who had very little to do. All were handed ordinary "head-em-off-at-the-pass" type dialogue and plot, which made it a juiceless hour. Attempts at humor were merely time-consuming. Bill Bendix deserves better material than this.

In 23 days, TV has offered three plays by Tony Webster. There was "Call Me Back," starring Art Carney, "The Greatest Man Alive," starring Ed Wynn and Bert Lahr, and Sunday night's "After Hours," starring Chris Plummer and Sally Ann Howes.

All three plays involved marriages that didn't or, in Webster's view, couldn't work out. "After Hours," a sophisticated comedy on NBC-TV's Sunday Showcase, was the most successful effort of the three since it adequately achieved its modest goals. It entertained. Webster laid out some obvious anti-psychiatry gags on that old leather couch and also took some B-B shots at commercialized Christmas, political neutrality, theater crowds, drawing room and waiting room conduct.

His story took Miss Howes away from a stuffy, over-analyzed finance and, through a case of aggravated mistaken identity, put her into the matrimonial clutches of Plummer, a lonely, scheming bachelor.

### Probers Charge Bridges Too Low

WASHINGTON (UPI) — A House investigator charged today that thousands of bridges built under the interstate highway program are too low to permit passage of the Atlas intercontinental missile and other important weapons.

Rep. Jim Wright (D-Tex.) made the statement as a House Public Works subcommittee opened hearings on the highway program by calling D. Ken Chacey, assistant chief of Army transportation.

Subcommittee members said they wanted to question Chacey on why the Defense Department waited for more than two years to establish its minimum requirements for the highways.

Chairman John A. Blatnik (R-Minn.) said that a larger number of over passes were constructed with a 14 to 15-foot clearance before the Defense Department decided it needed a 16-foot minimum.

**THE MIDAS TOUCH**  
A touch of gold adds elegance to any room. Try perking up old-fashioned light fixtures with a coat of gold paint.

### Revenue Offices Busy With Queries

WASHINGTON (UPI) — "I don't know what form to use." "Can you deduct eyeglasses?" Listen to the taxpayers — the trim blonde with a Swedish accent, the young auto mechanic wearing heavy black boots — as they tell why they have come to the Internal Revenue Service (IRS) for help in filling out their tax returns.

About 300 of them showed up Monday at the IRS office here, a heavier than normal turnout. Most were working people clutching W-2 forms, telling how much they earned last year.

IRS officials in Dallas described the parade of puzzled taxpayers there as "extremely large."

The San Francisco IRS office received 12,422 phone inquiries last month. The Kansas City, Kan., office said it had been bombarded by a "heavy" number of tax questions. The Kansas City, Mo., office has received more than 200 queries a day since it opened early last month.

**Leash Law**  
ITHACA, N. Y. — Stray dogs, long tolerated on the campus of Cornell University, have worn out their welcome. After a rash of dog fights, bitten students and chewed library books, the university ruled that unlicensed dogs will be picked up and sent to a local animal shelter.

Why do they come and phone? "I couldn't figure out my own tax and I couldn't find anybody around who could. I can't afford to pay anybody to," Kenneth E. Fleet, 22, a garage mechanic, told the IRS here.

The 7,000 Treasury agents assigned to the taxpayer-assistance program politely decline to fill out the tax forms for people. They explain what questions mean and how to read the tax tables. But except for the information the taxpayers must fill out their own forms.

"We're trying to teach them the self-help program. That's why we don't do it for them," an agent explained.

The revenue service believes a drop in the number of persons seeking assistance shows that its taxpayer education program is working. In 1956 about 11,700,000 people visited or phoned for aid. By 1959 the number was down to 10,100,100.

Despite the service's efforts, however, loads of people just will not fill out their returns, even the short forms, unaided.

"They're looking for a free ride. They're too lazy to read the instructions," commented one weary agent.

### Missile Force Takes To Rails

INGLEWOOD, Cal. (UPI) — The Strategic Air Command, global bombing force and operator of 16,000-mile-an-hour ballistic missiles, is going to take to the rail road.

The Air Force unveiled long-range plans today for equipping SAC with fleets of trains to roam the United States with crews of airmen and numbers of Minuteman intercontinental ballistic missiles ready for instant firing.

This is one of the variety of steps the nation will take to keep its retaliatory forces in motion and immune from a surprise knockout blow.

The Air Force previously had indicated the Minuteman could be mounted on railroad tracks. But it had not until today spelled out details of its scheme for developing specialized trains of perhaps a dozen cars that would travel the nation's roadbeds, innocuous looking but lethally armed.

In 1959, stock dividends accounted for 4.7 per cent of all personal income in the U. S. Today, it's 3.5 per cent.

### Queen's Decision Draws Criticism

LONDON (UPI) — Queen Elizabeth's sentimental decision to at least her husband's adopted German surname to that of the House of Windsor was openly criticized in the British press today.

In a front-page editorial, the Daily Mirror said the Queen's announcement, on the eve of her third child's birth, to perpetuate Prince Philip's adopted surname of Mountbatten "will not be applauded by the British people."

The Queen announced from Buckingham Palace Monday night that all her descendants who will not be either a royal prince or princess will bear the name Mountbatten-Windsor.

# Valentine Gifts

You can't miss by presenting your favorite Valentine with any one of these heart-winners!

#### Sportswear

Whatever your plans, our sportswear is designed to fit in! Colorful, versatile! Mix or match them, but don't fail to see them.

From 3.95

In the sportswear department see exciting blouses, pedal pushers, shorts, capri pants, skirts, each sure to please her.

Starting at 4.95

#### Handbags

Exactly what she has been dreaming of — and you can select from a flurry of many styles, colors and fabrics in the handbag of her choice.

From 2.95

#### Jewelry

A glittering gift of a bracelet, necklace or earrings is always a very feminine and lovely Valentine Gift.

Starting at 1.00

#### Ties

Many patterns and of course the very latest styles.

1.00 up

# Voters League Organized

More than 300 residents jammed the courtroom in the courthouse last night as the Voters League of District 5, organized under the direction of Chairman Don Fletcher, held its first meeting.

Fletcher told the group that its main purpose is to get out the vote for the coming Democratic primary and to keep the voters aware of how the local government is operated.

Only one resident attempted to inject a verbal blast at a particular politician and Fletcher promptly told him to take a seat and not

## Deejay Admits \$12,000 Pay-Off 'For Advice'

WASHINGTON (UPI) — A former Cleveland disc jockey testified today that record companies paid him \$12,000 in "listening fees" for advising them which of their songs sounded like hits.

## News Briefs

### Pesticides Curbed

JACKSONVILLE (UPI) — New regulations governing lawn and shrubbery sprayers who use toxic pesticides were adopted by the State Board of Health here Tuesday.

### Stops 'Running'

MIAMI (UPI) — Roger Scott Touhy, 34, son of murdered beer baron Roger Touhy, said Tuesday he was "tired of running" and named himself in here on an old forgery charge.

### Political Power

MIAMI BEACH (UPI) — Organized labor's political experts said today they expect union leaders to cast about one out of every 10 votes at the Democratic National Convention in July.

### \$1 Million Fire

PALMETTO (UPI) — Fire broke out in a big wooden frame parking garage here Tuesday night, causing an estimated \$1 million damage in this city of some 10,000 persons. One man was injured.

### Nags Lure Denied

MIAMI (UPI) — City employees today said they frequented horse race tracks "almost daily" for months instead of spending the time at his work as Miami Stadium manager.

### 13 Flew Cuba

MIAMI (UPI) — Thirteen Cuban refugees, who accompanied a fishing boat at sea, were driven to Havana, drifted for 14 days without food or water.

### Road Tab Hassle

WASHINGTON (UPI) — House highway investigators, critical of added defense costs in the interstate road building program, today recommended that the Post-Office pick up part of the tab.

### Sanford Guard Seeks Recruits

Sanford's Army National Guard unit has begun a recruiting drive, hoping to raise its membership to 125 by "Mustor Day," Feb. 22.

### Sanford Guard Seeks Recruits

"Mustor Day" will climax the member drive by the unit which now has more than 120 men on its rolls.

To join the Sanford unit, men must be 17-35, in top physical condition, and be able to pass a mental test. Capt. John O. Keeling is commander of the local unit.

# Massive Storm Triggers Hail, Snow In Midwest

United Press International  
A massive storm system that triggered hurricanes, force winds and giant dust clouds in the Southwest battered the Midwest today

with hail, sleet and foot-deep snows. The Weather Bureau warned this morning of severe thunderstorms and a possible isolated

tornado in an area covering parts of northern Alabama and east-central Mississippi. Huge snow drifts and freezing rain snarled ground transportation

and made a shambles of airline schedules, stranding countless travelers. Some snow removal crews, unable to make any headway against the destructive storm, just gave up and waited for it to die down.

Forecasters said the storm should leave the Midwest today and race toward New England.

POSTAL MAIL carrier Ed Schults finds the going rough in the storm that caused waters to rise over five feet in Kentfield, Calif. Schults wades out to mail box and finds the water cold and muddy.

Winds battered the California and Oregon coasts for two days and nearly sank the world's largest wine tanker.

Winds that battered the California and Oregon coasts for two days and nearly sank the world's largest wine tanker.

The 31,000-ton tanker, Angelo Petr, wallowed helplessly three miles off San Francisco. One anchor kept the ship from being pounded to pieces in the surf.

Forty-foot waves pounded the Pacific Coast Tuesday. Beach homes were smashed, fishing boats thrown onto rocks and buildings (except across scenic coastal highways).

A giant low pressure area, so intense that it pushed barometers to their lowest levels in history, spawned a storm that swept the Southwest with snow, dust and tornado winds.

Whirling dust clouds over a 200-mile reach of Texas were so thick they blotted out the sun. Wind-driven prairie tumbrels piled

up to nearly roof-top level in Amarillo, Tex.

Winds of 60 miles an hour blew Peggy Burns, 8, to her death beneath the wheels of a school bus near Cleburne, Tex. A Texas pilot was killed when he became hopelessly lost during the blinding dust storm and flew his plane into a mountainside.

Winds of nearly 100 miles an hour accompanied record low barometric readings in Oklahoma. The lowest readings since weather records began in the 1880s also were reported in Colorado, Texas and Kansas.

Winds of nearly 100 miles an hour accompanied record low barometric readings in Oklahoma. The lowest readings since weather records began in the 1880s also were reported in Colorado, Texas and Kansas.

The County Commission yesterday authorized Zoning Director Robert Brown to work with Orange County postal authorities on changing certain street names in the southwestern part of the county to avoid duplication in a new proposed mail route.

Orange Postmaster L. A. Bryant appeared before the board asking assistance in changing some street names and the board agreed to consider the matter before reaching any decision.

## First Zoning Hearing Held For District 5

The new county comprehensive zoning plan was explained to 60 residents of District 5 last night and about 90 percent of them reacted favorably to the plan.

Only one or two objections were raised by residents who thought their property deserved classification and wanted added protection to keep their areas residential.

Zoning Board Chairman John Burton and County Zoning Director Robert Brown went over every detail of the plan, using survey maps to explain the different classifications in the plan, from agricultural to heavy industry.

Burton said that the zoning board believes comprehensive zoning would be a boon to the county, to save money by having a single board if there is any way to assure owners that their land won't be turned into a light industry or multiple dwelling district whenever the board decided on a change.

Brown stressed that the main purpose of the regulations is to safeguard the better pieces of property in the county and not harm them.

The next zoning hearing will be for District 1 and will be held Thursday at 7:30 p. m. in the courtroom.

## Condemnation Funds Approved

Funds to be used for the condemnation of the old brick building at 242 N. Broadway Ave. will be turned over to Circuit Court this week, County Atty. Mack Cleveland Jr. said today.

Judge Volle Williams Jr. last week said that more than \$24,000 should be placed in the court registry. Money from this fund will pay for land condemned on Sanford Ave.

The money to be paid to Circuit Court by Seminole County is part of a \$1 million county bond issue.

Property owners who go to court to contest the amount they are offered for their land will have a jury trial June 13.

Once the money is in the court registry, contractors can start work on the widening and persons who accept the BRD appraisal of their property can draw the money allotted them.

## Quick Response

The quick response of the Lake Mary Volunteer Fire Department when they answered a call Sunday at 8 p. m. saved the Gardner's grocery store in Lake Mary from any extensive damage when a fire started inside caused by an electric short circuit.

## Commission Hopes To Change Statute

The County Commissioners will try to change an "antiquated" Florida statute that is creating a problem for the tax assessor.

Tax Assessor Richard McCanna, at an earlier meeting, had asked the board for \$15,000 more money to carry out his office work during 1960.

Under a Florida statute, the money must be used only for preparatory work and map making.

McCanna told the board that he had in custody to the state auditor department that the money is used for the reappraisal work only.

Attorney Mack Cleveland Jr. said that, under the antique statute, money cannot be used for any other purpose.

After McCanna told the board he needs the money to operate his office, Commissioner Vernon Dunn said "we must go to the highest authority in the state if necessary to solve this problem."

"There has to be an exception to this statute," he said.

The board will meet next week or next week to meet with officials of the auditing department and state comptroller's office.

## Cardinal Stepinac Dead, Agency Says

BELGRADE, Yugoslavia (UPI) — The official Yugoslav news agency today said today it had received a report with confirmation that Alojz Cardinal Stepinac was dead.

The report came in a telephone call from the agency's correspondent in Trieste, the cardinal's home since his release from prison in 1951.

## North Orlando OKs Development

The North Orlando Council gave final approval Tuesday night for 344 more homes to be built in the village.

The council approved a plat to be developed by Perry Willett of Miami and Ft. Lauderdale. The homes, to be started immediately, will be on the Longwood-Oviedo Rd. near the SR 418 intersection.

## Realtors Decry City's 'Eyesores'

The Seminole Board of Realtors has reminded the Sanford City Commission that old, vacant buildings in Sanford create eyesores.

City manager W. E. Knowles read a letter to the commission Monday in which the realtors commended the commissioners for urging cleanup of vacant lots in town.

However, the realtors noted that vacant rundown buildings in Sanford are driving away people who might otherwise see the here.

## Board To Consider Street Changes

The County Commission yesterday authorized Zoning Director Robert Brown to work with Orange County postal authorities on changing certain street names in the southwestern part of the county to avoid duplication in a new proposed mail route.

Orange Postmaster L. A. Bryant appeared before the board asking assistance in changing some street names and the board agreed to consider the matter before reaching any decision.

GERALD K. SMITH, AT1, center, bombardier-navigator assigned to Heavy Attack Squadron One, became the 10th member of the wing's exclusive Bullseye Club Jan. 25 when he scored a direct hit on the radar scoring site near Charlotte, N. C. Capt. James D. Ramaur, left, commander of IAT Wing One, awards Smith a trophy in recognition of his feat which made him a member of a club composed of the most highly skilled members of the 6th Atlantic Fleet Heavy Attack Squadron that compose HAT Wing One. At right is Smith's commanding officer, Cdr. David A. King.

## Ike Arrives At Cape For Missile Tour

CAPE CANAVERAL (UPI) — Defense Secretary Thomas B. Gates Jr., and a group of aides, arrived in the presidential jet today for his first look at this nation's jumping-off spot for outer space.

The President, accompanied by Defense Secretary Thomas B. Gates Jr., and a group of aides, arrived in the presidential jet today for his first look at this nation's jumping-off spot for outer space.

There were no missile launches scheduled during his three-to-four hour visit.

## Greet Shot Poops

CAPE CANAVERAL (UPI) — America's missile tenters had one brilliant success and one puzzling failure to present to President Eisenhower today on his first visit to Cape Canaveral.

Missiles, elated over the President's visit, had hoped to wrap up two successful shots of the nation's biggest space rocket boosters on the eve of his arrival.

A "hot rod" version of the Air Force Thor missile performed perfectly on a 1,700-mile test flight.

But Tuesday night the reliable Atlas intercontinental ballistic missile failed after a string of 17 straight successes.

His plane landed on an airstrip on the sandy wastes of Cape Canaveral itself, about 15 miles from the regular landing spot at Patrick Air Force Base, the nerve center of the long, thin island where most of America's military and space rockets are tested.

The President could not hope to see much except missiles standing in their gantry cranes. But he and his party were scheduled for a long briefing from which reporters were excluded.

## No Re-enlisting 'Jazz' For Elvis 'The Pelvis'

GRAFENWOEHR, Germany (UPI) — Acting Sgt. Elvis Presley smiled today because it's almost over here for him.

"I'm glad it's over," the rock 'n' roll singer said of his two-year Army career.

Presley won't return to the U. S. for his discharge until next month. But he wears the draftee's "short-timer" label as happily as his chevrons.

Presley said he isn't taking home any German souvenirs, vegetable, mineral or female. He admitted an interest in an unidentified American girl.

His two-year hitch went almost without a hitch, said Elvis.

"There was a constant pressure on both the Army and me, although nobody in the Army gave me a hard time."

Possibly the Army was as pleased as its soon-to-be-lost jeep driver.

His two-year hitch went almost without a hitch, said Elvis.

"There was a constant pressure on both the Army and me, although nobody in the Army gave me a hard time."

## Realtors Decry City's 'Eyesores'

The Seminole Board of Realtors has reminded the Sanford City Commission that old, vacant buildings in Sanford create eyesores.

City manager W. E. Knowles read a letter to the commission Monday in which the realtors commended the commissioners for urging cleanup of vacant lots in town.

However, the realtors noted that vacant rundown buildings in Sanford are driving away people who might otherwise see the here.

## Campaign Fund Violation Claimed

TALLAHASSEE (UPI) — The St. Petersburg Times reported today that gubernatorial candidate C. Farris Bryant and Harvie Belser have received campaign contributions from officials of public utilities, prohibited by law.

The officials acknowledged the contributions but said they did not know it was against the law. One said he intends to reclaim his money.

## DeBary Chamber To Meet Feb. 17

The DeBary Chamber of Commerce will meet next Wednesday at 7 p. m. at the Station University dining room.

Speakers will be Dr. Gilbert L. Loran of Station University who will discuss "Looking Ahead to the '60s'" and Mrs. Cornelia S. Paul, Volusia Tax Collector, who will talk on Tax problems.

## Gators' Charm Fails To Aid Expansion Of Everglades Park

WASHINGTON (UPI) — The intelligent alligators in the Florida Everglades left a lasting impression on Rep. Michael J. Kirwan (D-Ohio).

Kirwan, during recent questioning of National Park Director Conrad L. Wirth before a House subcommittee, commented that he had a lot of respect for the alligators.

"One of the best things I saw down there was an alligator about 6 or 8 feet long," said Kirwan, subcommittee chairman.

"The alligators have a lot of intelligence. All we did was clap our hands and he swam so fast to come over and see what we wanted."

But Kirwan wasn't quite as enthusiastic about the proposed purchase of 30,000 acres to expand the Everglades National Park.

He said he felt 30,000 acres at \$15 per acre was a lot of land to buy, even as swimming spots for intelligent alligators.

"We have a lot of land down there," Kirwan told Wirth. "No body else is going to buy the land you want to buy."

"You do not have to be afraid the price is going up because you can buy it any time you wish and they will be happy to sell it to you."

Wirth didn't agree. He said that would be true "if I owned my place in Florida."

He indicated that the price in the Everglades might go up some day.

## Oviedo Girl Found Dead, Body Knifed

The stabbed body of a 16-year-old Negro girl was found in Oviedo early today.

Deputy R. W. Alford and Constable George Kelsey found the body of Allamae Perkins in a marshy area just off SR 428, about a half mile north of the center of Oviedo.

A butcher knife was found lying on the body which had been stabbed several times.

Clothes believed worn by the suspected killer were found by deputies R. F. Grant and Alford and a search was begun for the suspect not yet identified.

Grant said the girl was killed shortly after 6 a. m. Monday. Officers began a search for the girl at 8:30 p. m. Tuesday, when her mother, Leola Perkins, Franklin St., Oviedo, reported to a deputy that Allamae was missing.

At 10 p. m. Tuesday an Oviedo Negro received a phone call from St. Petersburg and the caller asked if the body of the missing girl had been found. He told the Oviedo Negro that the body could be found behind a certain house in Oviedo.

Alford and Kelsey began a search of the area with a group of Oviedo citizens and found the girl's stabbed body.

Justice of the Peace Hugh Duncan ordered a coroner's investigation. Named to the jury to probe the death were Glenn Lee, Willie B. Hobbs, Windel Braddy, Emmet Kelsey, W. R. Hamlet and T. L. Lingo Jr.

## New Playground In City Finished

The Sanford Recreation Department has completed construction of another neighborhood playground under its long-range neighborhood parks development program.

Ronald Perry, director of recreation and parks, announced that the most recent playground developed is Lake Gorm Park in the Wynwood section.

Playground equipment including swings, merry-go-round, see-saw, a castle climber and a sand box have been installed and are already in use.

Picnic tables and flowering shrubbery have been placed throughout the park which surrounds a small lake. Additional picnic facilities are to be added with several benches and a toilet.

Another area constructed by the city prior to the establishment of the Recreation and Parks Department is the Goldshore recreation area which has playground equipment, lighted softball, basketball, tennis and multiple use areas. Goldshore also has a swimming pool.

Future plans call for development of other areas in the city so every child will be within walking distance of a play area.

## New Political Row Seen Over Leaks

WASHINGTON (UPI) — An angry new political controversy over alleged Democratic "leaks" of the nation's defense secrets raged today in the great debate over whether U. S. defenses are adequate.

Implied targets of the GOP "leak" complaints were Sens. Lyndon B. Johnson and Stuart Symington, Democratic presidential aspirants and members of the Senate Space and Preparedness committees now investigating the administration's military policies.

## Humane Society Meets Thursday

The second public meeting of the Sanford Humane Society will be held at 8 p. m. Thursday at the American Legion Hall on Hwy. 17-82.

Plans for the society's booth at the Seminole County Fair will be discussed, along with plans for the Pooch Parade in March. Members and any other interested persons are urged to attend "because we have a lot of work to plan," Pres. Harriett Cowley said.

## Humane Society Meets Thursday
