

**Sanford Always Doing It**  
 Last Friday's game was only a repetition of the foregoing events and was expected by the Orlando fans who have finally conceded that Sanford has the Tourists outclassed and outplayed at every point. The enthusiasm is all on Sanford's part for the few faithful fans of Orlando have developed a bad case

**Lee Always on the Job**

He Had "Something" on the Ball.

of insomnia and the hot weather seems to affect their system to a remarkable degree. Wilson was not strong enough to hold the Collegians down and the final score was 7 to 3 in favor of Sanford.

Following is a full account of the funeral services:

**\*Tillman relieves Wilson in fifth.**  
 Score by innings:  
 Sanford... 100 420 00x-7  
 Orlando... 021 000 000-3  
 Summary: Three base hits, Bundy. Two base hits: Bennett, Pounds, Boyer. Struck out: By Wallace, 5, by Wilson, 6, by Tillman, 6. Double play, Wallace to Edwards to Calmes.

**Orlando Still Weeps**

Why intensify the gloom and take the town's composite appetite for stuffed peppers with details.  
 We will provide a conundrum, first stating the score by way of a premise. Get out your handkerchief. It was seven to three, in favor of that town up there. Here's the conundrum: Orlando made nine hits, and the two pitchers struck out twelve men. Sanford made four hits, and Wallace struck out but three men. What's the answer?  
 Bah! you can speculate until you are blue in the face. The feature of that game yesterday isn't so much the game itself, as the mood the town was in this morning. Men everywhere were asking each other the question, "What's the matter?" The answer was usually pretty brutally frank. That celery hoeing

Time, 3:30; Place, 2d; man, Edwards

Fielding His Position, Watching for a Surt and Holding the Base Runner.

crowd have just naturally got the goods, and Orlando will have to get a finer quality of yarn if it is going to slide on their bases.

The answer to our little conundrum propounded above seems to have been errors. Orlando had a choice collection of seven, and they came at a time when, like hits, they meant runs.

Wallace and Lowe held down the platoon for Sanford, and Wilson started in with Beardall for Orlando. Tillman finished the game, and each of them struck out six men. Orlando made two runs in the second inning, and one in the third, up to which time it looked like a rooting proposition. Moore was substituted for Chittenden as the Sanford umpire, and Tilden watched the sacks for Orlando.—Reporter-Star.

**Orlando Actually Wins**

The Collegians lost to Orlando for the first time this season here yesterday. The game was full of interest, and was not decided until the eighth inning.

Boyer was called out by Umpire Moore, after the latter had interfered with the fielding of the ball, but after finding no

**Bundy has The Goods**

Pulled Off Some Sensational Work at Short.

ruling on his decision, he called Boyer safe, and he scored later and won the game.

The feature of the game was the slick work of Lowe, the local catcher. This boy got a double and two singles out of four trips to the plate.

**Four Games Per Week**

The Sanford team seems to have struck her stride, winning seven straight games. Orlando was beaten six straight and Kissimmee one. Since last week Sanford has signed an agreement to play Kissimmee a game each week, alternating first in Sanford and then in Kissimmee, the day selected being Wednesday.

Sanford now has a schedule of four

**Wallace was there in Orlando**

Just Before He Dug Holes in the Atmosphere With a Three-Bagger.

games per week until September 1st. This week they play five games, Orlando at Sanford Monday and Thursday, Sanford at Kissimmee Wednesday, and Sanford at Orlando Tuesday and Friday.

The locals have four games with Orlando postponed on account of rain. Quite an interest seems to be taken in the Sanford team over the State, it being invited to play in Palatka and Tampa on the Fourth of July. Other arrangements have been made, so the offers were declined. Sanford plays Orlando a double-header at Orlando on the Fourth. No doubt a large crowd will witness these games, as Orlando has planned a big celebration that day.

Sanford has one of the best teams that ever played in this State and the people seem to appreciate it. The attendance this year has not dropped below the 400 mark.

**As It SHOULD BE**

The Umpire Sent Him Off the Field.

**Panteth for Pants**

Nat Berman is due to lose three pairs of trousers as a result of yesterday's ball game. He promised a pair of the fancy brand to the first Orlando player who would knock a home run in a Sanford game. Three balls went over the fence yesterday. Of course one of these homers occurred first, but surely Mr. Berman is not going to stand on a little technicality of a few minutes, not when it is his privilege to reward real ball players.—Reporter-Star.

**My Worst Blunder**  
**FAMOUS "DONEHEAD" PLAYS ON MAJOR LEAGUE DIAMONDS**  
*Explained by Leading Baseball Players to*  
**HUGH S. FULLERTON**

By ED. WALSH.

Premier Pitcher Chicago White Sox, Who is Regarded by Many as the Greatest Pitcher the Game Has Ever Known.

There isn't any doubt in my mind as to the worst mistake I ever made in a ball game. Of course a fellow makes a lot of them. They are mistakes if they go wrong, and brainy plays if they go right, so it is all in the day's work. A pitcher who is forced to keep guessing all the time is going to be outguessed sometimes, and the one who guesses right oftenest is the best. But this one stung me. I felt like a fellow who has been double-crossed.

It was in a game at Boston, a close game that we had won by one run. I always had been very effective against Boston, and even more effective against Jake Stahl than against any of the others. You know how it is—sometimes a good hitter has something on a good pitcher, and sometimes a pitcher has something on the best of batters. Jake and I used to laugh at each other, for it seemed to be his bad luck to come up

**JIMMY McALEER'S PART IN WINNING CLEVELAND'S ONLY WORLD'S PENNANT**

IT'S a far cry from player to major league magnate, but that is the leap James R. McAleer has taken in the last dozen years. In 1895 he was "Gentleman Jim" on the rough and ready Cleveland Spiders, one of the formidable clubs of that day. Jimmy McAleer was a brilliant, hustling fielder, probably the fastest outfielder of that decade. He could knock down a bully in the baseball ranks, sprint to the sign board for a hot liner or execute a pennant-winning play with a dash and an enthusiasm that made him a shining success. The same qualities have made him one of the "big eight" in the American league.

Jimmy McAleer. seasons of his eventful career. He was the slab choice to stop the heavy-hitting brigade from Baltimore.

Although others contributed to Young's support in this important game without the great catch of McAleer in the sixth inning and his timely bunt in the ninth, the Orioles would have taken this contest and probably the pennant.

It was a struggle of sharp hitting and clever fielding. The Orioles were making their best stand for the Temple cup and that meant they were formidable at every stage. Cleveland led 2 to 1 up to the eighth, but the real crisis had passed in the sixth inning. Baltimore's trio of awful swatmen came up in that round and the game, as events proved, hinged on the play of McAleer.

John J. McGraw dropped a hit back of third base and Willie Keeler bunted him to second. Hughie Jennings came up in the pinch and a wave of unrest swept over the Cleveland crowd. They had seen this aggressive player "clean up" on so many occasions that they feared for the result. The present leader of the Tigers was having one of his best seasons as a batsman. He had hit near the 400 mark in the National league season. The fears of the crowd were well grounded. The heavy hitting Oriole shortstop met one of Cy Young's curves with a crash that seemed to doom the Spiders to impending disaster.

McAleer divined instantly what was coming. He was away almost with the crack of the hickory. Away back into deep center he sailed with the speed of a deer, pulled down the hit, stopped the rally and saved the game.

The Orioles, battling to the last ditch, tied up the score in the eighth and went ahead in the ninth, but the Spiders scored the winning run in the last half of the ninth, when McAleer bunted, enabling Childs to score from third on Zimmer's infield hit.

Jimmy McAleer made the greatest play of his life when he bought stock in the Boston club, one of the best paying franchises in baseball, but his next best plays were his timely catch and opportune bunt in another decade, which helped place him among the game's greatest stars.

(Copyright, 1912, by Joseph B. Bowles)

to bat in the pinches against me, just when Boston needed a hit, and he struck out so often we got to kidding

Ed Walsh.

each other. The laugh was all on my side. One summer, the season before this happened, I think Jake struck out to end the game half a dozen times; and after the season was over I pitched part of an exhibition game

against him down east, and it happened he came up in the ninth with a chance to win and struck out again. Of course I kidded him about it and kept it up all summer, thinking it would make him more anxious to hit—so anxious that he would be easier still.

Late in the summer we got together in the game I'm telling about. We had a lead of one run, two men were on the bases (first and second), no one out, and I was a bit wild. Maybe my idea that Stahl would swing at wide ones made me wild. It looked a thousand to one that he would try to sacrifice, but the first ball was too wide. He let it go. I slipped the next one outside and he let that go, too. Then I guessed he might take a swing at the next one and I put everything on the splitter and dropped it over. I thought it was over, but the umpire thought not—and there were three balls and no strikes. I saw Fred Lake, who was managing the team then, motioning to Stahl, and watched closely while I was getting ready to pitch. Stahl stood there with his toes dug in, yelling for me to put it over and telling me where he would knock it. Now it was a thousand to one that, with men on first and second, none out, and three balls and no strikes, no ball player would hit that ball. But even then I didn't forget that he might. The thing that convinced me he wouldn't was the way he acted. Whenever a batter hits the pitcher in a hole and pretends he is going to hit it is a million to one he isn't going to. I shot a fast one straight over. Stahl hit that ball and I heard it sing over my head, and before I could turn around it was rattling around up in the center field bleachers and the game was over. Stahl had the laugh on me, and he didn't forget to laugh, either.

## NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

### HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

The Cuban government expresses confidence that the insurrection is fast approaching collapse, and now is considering withdrawing a portion of the regular troops, thus in spite of the fact that Col. Piedra, who returned from Oriente yesterday reported 2,000 insurgents in arms. Other estimates place the rebel strength as high as 4,000.

All members of the Florida delegation reported well and in the best of spirits when seen at their hotel here late this afternoon. Tomorrow will be a big day for everybody. While there is a big fight on by friends of the various candidates trying to pull everything their way there seems to be no doubt that the Floridians will stand solidly for Underwood as long as there is a chance for him to win.

The issue upon which Col. Roosevelt is to make his campaign for the presidency was indicated by him today. He purposes to base his appeal upon the assertion that what he has termed the "big sinister influences" have determined to eliminate him from public life because he is the one man whom they really fear. To accomplish this purpose he believes, they are willing to take up any man whom they think can win the presidency over him.

The Pathfinder of Washington, D. C., remarks that if the cold weather up north keeps on people will soon be going to Florida for the summer. The fact is that summer has not yet arrived in the north. A severe frost in Western New York and Pennsylvania did many thousands of dollars' worth of damage to vegetation in Aroostook county, Maine, snow fell week before last, while the temperature was near freezing, destroying hundreds of acres of the potatoes which are the main crop of that county.

#### Celery Cures Rheumatism

Celery is the latest cure for rheumatism. It is asserted that the disease is impossible if the vegetable be eaten freely. The fact that it is so generally put on the table raw prevents its therapeutic powers from being known. The celery should be cut into bits, boiled in water until hot and the water drunk by the patient. Put new milk, with a little flour and nutmeg into a saucepan with the boiled celery, serve warm with pieces of toast, eat it with potatoes and the painful ailment will soon yield. Such is the declaration of a physician who has again and again tried the experiment with uniform success. *Mamater Record.*

#### Bledsoe Hixon

A quiet wedding that came as a surprise to their many friends was that of Miss Eva Bledsoe and Mr. Richard Hixon, that occurred at Enterprise on Tuesday evening. With a party of friends the young couple had been at the beach for several days and on the return trip they decided to surprise their friends by getting married. Rev. Adams of Enterprise performed the ceremony and on the arrival at Sanford their parents and friends were apprised of the event and the young couple as promptly forgiven.

Mr. and Mrs. Hixon are residents of the Sanford section and have lived on Celery avenue for several years, where their friendship ripened into love and the marriage at Enterprise was the result. They are receiving the congratulations of their friends this week, in which the Herald joins. May they continue to live on Celery avenue forever and may the price of celery be \$3 per crate next year just for their sake.

#### Methodists, Attention!

Fifth (next) Sunday is Orphanage Day at the Sanford Methodist Sunday school. If you cannot attend won't you please send your offering? Make it one dollar or more, to help along this great work at Enterprise.

J. K. METTINGER, Superintendent.

## NEW DEPOT PROGRESSING

Work is Being Rushed and Structure is Assuming Shape

The busiest part of Sanford right now is in the vicinity of the new depot on Ninth street. Not only are the foundations up for this magnificent structure but on all sides there are new buildings going up and a small army of workmen are encamped near in tents and the place looks like a siege was in progress. This section of Sanford will soon assume an altogether different shape, and in a few years there will be a small city built within the environs of the station. While the work on the new depot is naturally slow at first on account of delay in materials and the making of new side tracks for better transportation facilities the contractors are hoping to hit their stride this week and the work will be pushed to completion very rapidly. In the immediate vicinity of the depot there are numerous buildings being erected, being small cottages and one hotel building. While not in the limits of the better class of buildings these should be built with some reference to the rapid growth of the city that way and the aim of the builders should be to improve the property as much as possible and the city should not be confronted with a row of shabby buildings when the new depot is ready. There will be thousands of visitors this winter passing through Sanford who will never see any part of the city proper but the depot quarter, and if the buildings are erected for revenue only the tourists will have anything but a good impression of our city. Naturally this quick growth is of the mushroom type, and for the most part is only temporary, but the city council having jurisdiction over this part of the city should see that the buildings are half way commensurate with the beautiful new building that will be our depot for all time to come.

## HAD NARROW ESCAPE

Almost Drowned

Last Tuesday as Mrs. Alex. Vaughn and daughter, Abbie, were driving to this city from Geneva with a mule team and wagon the embankment leading to the drawbridge gave way with them and they were precipitated into the river, together with the negro driver of the team. Fortunately all of them could swim and they were able to gain the bank and crawl out to safety, but all their clothes and trunk were lost. Mrs. Vaughn and daughter were on their way to Sanford to take the train to Tallahassee, where Mrs. Vaughn's mother had just died and where they expected to attend the funeral. The mules were drowned and the contents of the wagon a total loss. Mrs. Vaughn being forced to walk several miles back to the nearest habitation, the accident happening on the Geneva side of the river where there are no houses for many miles.

Their escape from death was miraculous as the team and wagon rushed down the steep embankment and into the water almost before the occupants were aware of their danger.

The heavy rains of the past month have loosened up the filling at the approaches to the drawbridge, and being very narrow this causeway is rather dangerous. The county is now contemplating widening this fill and such accidents will then be impossible. Mrs. Vaughn's many friends will sympathize with her and are glad to know that she escaped from what would seem at first to be certain death.

#### Sunday at Methodist Church

9:45 Sunday school, J. K. Mettinger, Supt.

11 a. m. Preaching by pastor. Subject, "The Almighty Dollar in the Kingdom."

8:00 p. m. Preaching by pastor. Subject, "The Chain Gang at the Rock Pile."

Special music each service by select choir led by Prof. C. L. Polk.

#### Picnic at Chuluota

The good people, as is their annual custom will give a big celebration on July Fourth at Chuluota and Independence Day will be celebrated as only the Chuluota people know how. There will be plenty to eat and a grand time in the cool groves by the lake. The 4th of July picnics at Chuluota are annual affairs and are always largely attended, and this year will be no exception to the rule.

## NO CONVENTION NEWS

Names of Candidates Placed in Order Today

### BRYAN STILL DOMINANT FACTOR

Wilson, Clark, Underwood And Harman Are The Ratio Of Present Standing

Baltimore, Md., June 28.—(2:20 a. m.)—At an early hour this morning the national convention was in session endeavoring to reach a first ballot on the fight to nominate a candidate.

The names of Oscar W. Underwood, Champ Clark and Simeon E. Baldwin were before the convention at that time.

At 9:10 New Jersey was recognized to nominate Woodrow Wilson and a wild demonstration began. Indications were at that time that a first ballot would not be reached before daylight.

Despite the heat and the length of the session the galleries were still crowded with men and women.

Both the Underwood and Clark nominations called out prolonged demonstrations among their enthusiastic followers.

A fight by William Jennings Bryan "to rid the Democratic party of the Ryan, Belmont and Morgan interests," delayed the beginning of nominating speeches at night from 8 o'clock until nearly 11. Mr. Bryan at first proposed by resolution to throw Thomas F. Ryan, of the Virginia delegation, and August Belmont, of the New York delegation, out of the convention, but he abandoned this plan in the face of a storm of protest from those states. His modified resolution declaring against any candidate under the influence of those interests carried overwhelmingly.

W. J. Bryan easily carried the Democratic convention into a declaration of progressive unbelief in political expediency introduced by him was passed by a two-thirds majority, and declared the convention opposed to the nomination of any candidate for president under obligation to J. P. Morgan, Thomas F. Ryan, August Belmont, or any "privilege seeking class."

The convention was thrown into a furore by the proposition which, as originally introduced, called for the withdrawal of Ryan and Belmont, delegates from Virginia and New York respectively. This part of the resolution was presented as invading the rights of sovereign states and when its full import became known boos and cat calls, jeers and hisses were mingled with hand-clapping, cheers and stamping of feet in the galleries and on the floors.

Representative H. D. Flood, of Virginia, dramatically characterized the proposition as insolent and said it came from the "only man who wished to destroy the Democratic party."

#### Auction Bridge

Mrs. B. F. Whitner was the pleasing hostess at the auction bridge Monday afternoon. The usual two tables of cards were played and much enjoyed. Mrs. C. O. McLaughlin made the high score and won an Irish crochet neck bow and belt buckle. Mrs. O. W. Brady won an Irish crochet hat pin for making the low score. After the game was over a most appetizing yellow tomato salad was served with sandwiches, olives and iced coffee. Mrs. Whitner's guests were Mrs. C. O. McLaughlin, Mrs. S. O. Chase, Mrs. O. W. Brady, Mrs. Frank Gonzales, Mrs. B. W. Herndon, Mrs. Samuel Puleston, Mrs. Frank Miller.

#### Postal Reduces Rates

The Postal Telegraph Company has notified Mr. E. C. Moore, its local manager that effective July 1st telegraph rates from Sanford, Fla., to a number of points will be reduced from forty cents for ten words to thirty cents. The rates for all words in excess of ten has been reduced from three to two cents.

These rates cover a number of the principal cities of Florida and Georgia.

Mrs. H. B. Connelly and daughter, Miss Linda, left Wednesday night for Washington, D. C., where they will visit relatives before joining Mrs. A. P. Connelly and the boys at Restortown, in the mountains of Virginia for the summer. They will also visit New York and other eastern cities before returning home.

## STRANGER DIES IN SANFORD

Unknown Man Passes Away In Lodging House Wednesday

An unknown will be interred in an unknown's grave at Lakeview today unless some of his relatives come forward to obtain the body. For several days a man about five feet tall, bald headed, stubby beard and Jewish cast of features was noticed about the depot. At first he appeared to be waiting for a train or for some of his relatives. Being approached on Wednesday by Marshal Tillis he said he was very ill and wanted a doctor. Marshal Tillis summoned City Physician Robson, who removed the man to the DeMont building and engaged a room for him, leaving medicine for him. Late yesterday evening the stranger must have suffered another attack, and getting as far as the toilet expired there, being found by one of the lodgers.

All marks of identification seemed to have been eradicated from his person and not a scratch of a pen could be found to give any clue to his identity other than the fact that he told Dr. Robson that his name was Peter Stroger. A small booklet in his pocket bore the name of Wauchulla and gave rise to the rumor that he may have been in that city and the postmaster was wired for further information. Up to today there has been no identification of the dead man and his name and former history will be buried with him in Lakeview cemetery.

#### Shot by Assassin

Ocala, Fla., June 27. H. J. Proctor, a merchant of Ft. McCoy, a small town near the Oklawaha river, about twenty miles from here, was murdered at his home by an unknown assassin.

The assassin fired at Mr. Proctor as the latter was seated by an open window. The community is very much excited over the affair. Proctor was a young married man of excellent character.

#### EDWARDS HAS ACCIDENT

Crack Second Baseman Fractures His Ankle in Game

Sanford team will be crippled for today's game and for the big series on the Fourth unless new men can get here in time to fill in. Our team suffered a loss yesterday when Edwards, the crack second sacker fractured a bone in his ankle, sliding into a base feet foremost. The accident put a damper on the rest of the game and the fans were very blue as the games on the Fourth are looming up big at this particular moment and the enrapturing presence of Edwards and his spectacular playing will be missed. Meantime Edwards is resting easing at his room in the Herald building and the enforced stay indoors does not fit with his naturally buoyant nature. The physicians think he will be out of the game for the rest of the season and will not offer any hope of his getting back this year. The fracture is just severe enough to keep him from using the limb for several weeks and will be tender for several months, although his many friends are hoping he will get about in a few days.

#### Florida Prohibition Ticket

Jacksonville, June 27.—Meeting yesterday at the headquarters in the Masonic Temple, the Florida state convention of the Prohibition party was called to order by state chairman John P. Coffin and Milton Smith was elected temporary chairman, his election being made permanent later on.

The chairman announced that the first business before the convention was the election of delegates to the national convention, which meets at Atlantic City, N. J., on the 10th of July. The following were elected: Francis C. Pratt, Clara E. Pratt, John P. Coffin, W. L. Coryell, C. B. Wetherell, Joseph W. Carson, E. N. Waldron, F. Prescott, A. S. Matlack and W. Clark.

The chairman announced that the nomination for presidential electors was the next in order, and the following were nominated as candidates for presidential electors for the next general election: George G. Ritchie of Candler, Joseph W. Carson of Frodproof, W. L. Coryell of Orlando, E. N. Waldron of Daytona, J. S. Sargent of Estero, Milton A. Smith of Jacksonville.

J. W. Bigham of Jacksonville was nominated for governor of Florida.

Francis P. Coffin of Eustis was nominated for Congressman at Large.

## ALL AROUND FLORIDA

The General News of The Land of Flowers.

### CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

F. L. Woolworth & Co., one of the biggest syndicates operating five and ten-cent stores in the United States, is going to establish a five and ten-cent store in Tampa. The new enterprise will open early in November.

Atlantic Beach will have a rousing series of auto races to celebrate the Fourth. Other amusements should be provided commemorative of the birth of the nation, and the salvation of the cannon cracker's devotee, the small boy.

Work on the capitol grounds in Tallahassee is said to be progressing finely. The new plans for the grounds show a remarkably improved appearance for the public square on which the capitol is located. Painting the building will begin shortly.

The members of the Young Men's Christian Association in St. Augustine are holding a series of informal social meetings during the summer months. All friends of the members are invited and the entertainments are proving most enjoyable.

Miami has organized an anti-noise league and will start a war on the open muller, noisy roosters, cats, dogs, motorcycles. The league is composed of prominent citizens and the idea is to have some of the many excellent ordinances regarding nuisances enforced.

"A city's public buildings have much to do with its prestige," declares the St. Petersburg Independent in concluding an editorial urging the beautifying of the city hall. "Every one looks to them as an estimate and an inspiration. They are considered the measure of the city's official idea of beauty and progress."

Fernandina's new hotel will be called the Keystone, and from the way in which work is progressing it would appear that the hostelry will be ready to receive guests before many months have passed. The Keystone is to be a modern building, equipped for tourist and commercial business and will be a much needed addition to Fernandina's attractions.

The climate is the greatest advantage we have over our friends in the north in the chicken-raising business. We have no need for those winter heated hen-houses, or incubator brooders or such like. Instead we want open henhouses, and the heat of the brooder caused by twenty-five young chicks is sufficient the worst weather we have. *Lakeland Telegram.*

Future patrons of the Hotel Royal Palm will find it in keeping with the times, as many improvements are being made and the place will be first class, as always and up-to-date," says the Ft. Myers Press. Florida's hotels are a most important asset, as thousands of people come to this state, prospecting, who are greatly influenced by the very first impressions received. They naturally stop first at some hotel, and if conditions there are pleasant and favorable it will go along way toward deciding them upon permanent location in Florida.

Some months ago the Miami Tarpon club was formed, and since that time the managers of the club have been busy selecting a site for a club house. The bay front has been carefully gone over, and at last the managers of the club secured four acres of land at Lemon City, fronting on the bay. Work is in progress for the making of one of the finest club houses and grounds in the state. The club house walls are up. The building will be 56 by 120 feet, two stories in height. It will contain rooming accommodations for fifty or more people. There will be a grill room, billiard room, bowling alley, in fact, every arrangement that is found in the largest and best clubs in the country will be found there.

#### Presbyterian

Rev. J. F. McKinnon will preach in the Presbyterian church next Sabbath morning and night. All are cordially invited.

# HAPPENINGS IN OUR NEIGHBORING VILLAGES

## CAMERON CITY CLIPPINGS

Mr. and Mrs. L. J. Hancock are in Danville, Ill., visiting Mr. Hancock's brother. Their son will meet them at Danville for a few days' visit. They spent a day in Jacksonville on their way north visiting the Stevensons.

Mr. and Mrs. Alexander are moving to Sanford soon. Mr. Alexander has secured a position with Mr. Nicola on the west side for the coming year.

Mr. and Mrs. A. Marshall have moved into their new home on Jamup avenue.

R. L. Grier has moved into the house on Packard avenue owned by J. C. Rich.

Mr. C. B. Fulton took his yacht to Palatka to dry dock it. He will also visit Jacksonville and return in about two weeks.

On Sunday, the 16th, Mr. and Mrs. R. E. Gormly entertained Mrs. A. Simon and daughter and Mr. and Mrs. W. M. Haynes.

Mrs. T. Johnson has been quite ill, but we are glad to hear she is improving.

Mrs. R. L. Grier and children went to Charlotte, N. C., last Monday to visit her people and Mr. Grier received a telegram Friday, telling him to come at once on account of his wife's illness. He left on the night train Friday.

Mr. and Mrs. C. C. Worthington are expecting their daughters from Seattle and Michigan next week to make them an extended visit.

Mr. and Mrs. Erl Gormly spent Sunday in Sanford.

A letter from Dr. Swartz says he is improving daily and is most pleasantly situated.

Dr. and Mrs. Minnick are planning to go to Jacksonville this week to meet Captain and Miss Minnick, who are coming by boat from New York. Capt. Minnick will visit at "Minnick Place" a few days before going to his new post at Watertown Armory near Boston. Miss Minnick, who has been with her brother at Springfield, Mass., the past year will remain at home.

Lake Jamup is very high.

The rains are ruining a large part of the hay crop.

The Humphreys are furnishing barb wire for the farmers to string their fences to keep the cattle out.

## ENTERPRISE ETCHINGS

Mr. and Mrs. F. A. Gordon and son have gone to Daytona Beach for a month.

Mrs. J. B. Campbell's old black horse will be missed from the streets of Sanford and DeLand, for she departed this life at her home June 18th.

Mrs. Street and Miss Stok took charge of the M. E. Orphanage and you can see a vast improvement in house and park lot.

Rev. W. A. Betts and family have gone to Oakland to live as he has a church there.

Mrs. John Sauls left last Monday to spend the summer with her sister in New York State.

Miss Mabel Thayer returned home last Thursday, after spending two months with her aunt, Miss Quackenbos.

Mr. Wm. H. Adams went to Jacksonville last Monday and took the examination for license to run the City of Enterprise on the DuBary line.

Mrs. Willie Lee Harrold of Palmetto is home to visit her father, Mr. J. W. Willis to spend some time.

Miss Emma Tucker returned home from Geneva. She will leave in a few days for North Carolina, to spend the summer.

Prof. W. V. Willis and friends will camp on the beach for a few weeks and take in the sea bathing and fishing.

Rains here every day and Lake Monroe is higher than it has been at any time this season.

Miss Eletha Bond expects to leave in a week's time to spend the summer with her aunt, Mrs. A. J. Almand in Georgia.

Mrs. Wm. S. Thayer leaves July 2nd for New York to spend some time with her sister at Piermont. She will also spend some time in the mountains of New Hampshire.

## MOORE'S STATION

Mrs. T. Johnson and J. C. Smith have been on the sick list for several weeks. Both are on the gain now.

W. W. Miller spent a day recently at the Wm. Bothamly mills in Paola.

C. C. Morris is with the Sanford & Everglades Ry. Co. again this year until the cropping season opens.

Miss Maude Allen is substitute at the telephone exchange in town and expects a steady position soon.

Messrs. H. M. and E. A. Gilbert visited Oviedo Sunday.

Messrs. W. W. Britt and J. P. McClelland were in Orlando Monday on business.

Mr. and Mrs. Louis Willis have moved into one of Joe Cameron's houses. Mr. Willis will farm at Mr. Cameron's the coming season.

C. C. Morris captured a diamond back rattler at Crippen's crossing last Saturday that sported 13 rattlers and a button, the unlucky 13 again.

Dr. and Mrs. W. A. Minnick of Cameron City took the boat for Jacksonville Tuesday for a little outing and to meet their daughter, Miss Arlene and son, Capt. Dean Minnick of U. S. A. Miss Minnick is at home from a visit of several weeks with her brother in Springfield, Miss. The Captain will only remain a few days, with all due apologies to the Cameron City correspondent for trespassing.

Mr. and Mrs. I. D. Hart and daughter of Geneva avenue have been in Palatka and St. Augustine for the past two weeks sight seeing and will return home this week.

## CHULUOTA SNAPSHOTS

We have been having some warm weather lately, but more rain is falling now.

Farmers are busy saving their fodder and the frequent showers are giving them many a merry chase during their harvest.

Chuluota turned out several passengers for Orlando last Tuesday. Among the number were G. M. Jacobs and daughter, Mrs. I. L. Hodges, Billie Jacobs, Tilden Jacobs and Mr. and Mrs. W. F. Gray.

G. M. Jacobs and sons, Billie and George and J. A. Prevatt are attending court at Kissimmee this week.

W. B. Welch of Fort Pierce was visiting friends here for a few days the first of the week.

Miss May Long spent Wednesday in Orlando, going to meet her sister, Mrs. Townsend coming in from Tampa.

Mrs. P. E. Culley and little son, Joe, left Tuesday morning for Conway to visit her parents, Mr. and Mrs. Joe Barber of that place.

Thomas Hodges of Cocoa was visiting his sister, Mrs. N. C. Jacobs Sunday.

O. S. Messingill, employee of the F. E. C. Ry., as bridge inspector, has moved his family into the Lakeside Apartment House, where he has engaged rooms for light house keeping.

Mr. and Mrs. J. Tilden enjoyed a pleasant trip to Christmas Friday afternoon, accompanying our esteemed sheriff, J. A. Kirkwood.

spending a few weeks with her parents, Mr. and Mrs. G. M. Jacobs.

Mrs. O. W. Townsend and children of Cocoa, who have been visiting her parents, Mr. and Mrs. Gabe Long, left Tuesday morning for her home, accompanied by her father.

Mr. and Mrs. Billie Jacobs and children are visiting relatives in Kissimmee this week.

Mr. and Mrs. Theodore Aulin of Oviedo visited the latter's mother, Mrs. M. E. Jacobs here Saturday and Sunday. Chuluota will celebrate the Fourth as usual with a barbecue and basket dinner. Everybody cordially invited to come and bring your basket and spend a pleasant day with the Chuluota folks in celebrating Independence Day in their good old "cracker" style.

Guests of the Palm the present week were: J. E. Ingraham, St. Augustine; W. B. Welch, Ft. Pierce; Jas. A. Kirkwood, Orlando; A. A. Dooley, St. Augustine; H. W. Bernard, Orlando; E. Murray, Orlando; J. T. Hendrix, Orlando; W. W. Russell, Hamilton, N. Y.; M. T. Wagner, London, Ohio; Chas. Sutton, Orlando; Mrs. T. A. Aulin, Oviedo; Rev. T. J. Bell, Kissimmee; Perry Taylor, Orlando; W. W. Synn, Macon, Ga.; N. F. Garman, Jacksonville and Mr. and Mrs. O. S. Messingill and children, Master William and Misses Doris and Frances of Bristol, Va.

## PAOLA POINTS

We are certainly having our share of rain but this way, the ponds being full and overflowing.

With our station and section dwellings having a new coat of paint and our trees nicely trimmed, Paola will make a very neat appearance.

A jolly crowd of our young people spent a day at Wokiva Springs last week, and despite there being just thirteen in the "bunch" there were no accidents, and all report a very enjoyable day spent in bathing and tobogganing, and hope to take the trip again in the near future.

The Misses Pearson, accompanied by their guest, Miss Helen Reasoner, spent the day at Woodland Park last Thursday and pronounced the pool "just right."

We are all glad to hear that Mr. Jim Evans, who was bitten by a ground rattler a week ago, has improved so rapidly and is able to start work again.

The Misses Iserman of Monroe were the guests of the Misses Smith a few days last week.

**JOHN A. CUNNINGHAM**  
 Forsyth and Broad St.  
**JACKSONVILLE, FLORIDA**

Mrs. W. H. Taylor of Sanford was the guest of friends here last Friday.

We are glad to learn that Mrs. W. A. Zachary has recovered from her serious illness, and is able to be out again.

## GENEVA JOTTINGS

Mr. and Mrs. Isaac Hart have for their guest, Mrs. Carrie Greer and children of West Palm Beach.

Mr. and Mrs. Carrol Culpepper went to Orlando this morning. From there they will go to Sanford to visit Mrs. David Speer.

Messdames Fielding and McDonald are in Geneva, instructing members and installing officers of the new W. O. W. Circle for women.

Mrs. John Adkins and little son, Albert of Daytona are visiting Mrs. T. D. Peters.

Mr. H. H. Pattishall spent Monday in Orlando.

A novel and enjoyable party was given by Miss Belle Eichner Monday night, in compliment to her guest, Miss Nannie Harris of Winter Park. After all invited had arrived Miss Eichner took them down to the dock, where there were plenty of row boats to accompany all. The boats were soon filled and such a happy moonlight boating party old Buck Lake never saw before. Delicious refreshments were then served on the water. Among those present were Miss Blanche and Miss Georgia Pattishall, Misses Mayme and Ramona McLain, Miss Nannie Harris, Mr. Harold and Mr. Bertie Pattishall.

Rev. W. H. Steinmeyer, a former pastor of Geneva, preached at the Methodist church Sunday morning. No services in the evening.

Quite a few Geneva people attended services at the Methodist church at Oviedo Sunday night.

The M. M. S. Society met with Mrs. George Peters last Thursday. On account of stormy weather very few members were able to be present, consequently no business was transacted. Mrs. Peters served ice cream and cake, as only she can make, and a very pleasant time was enjoyed by all who braved the storm.

## Consoling Mother.

Ex-Servant (to former mistress)—"So you won't give me a character! (with deep scorn) you—you lady!" Little Monty—"You're not, are you, mother!"—Punch.

Your patronage is always appreciated, no matter how small your purchases, and you may rest assured it will be our constant aim to sell you the best goods that can be obtained, at reasonable prices.

# Lawson's Pharmacy

First Street Phone 275 Sanford, Fla.

## The Fishing Frog.

The fishing frog buries himself in the mud and lies barely concealed in weeds, where, with his huge mouth open, he fishes for his dinner. On the back of his head there are three spines, the longest of which he bends forward in front of his mouth, gently awaying it in the water. At last it attracts a young fish, which makes a spring for the supposed worm, when—snap—the mouth is closed, and Mr. Fishing Frog has had his dinner.

## Sun Power Wasted.

Measurements have shown that on a clear, sunny day the sun transmitted to the earth energy which corresponded to about 7,000 horsepower per acre. At present all that is practically wasted, or rather generally in localities where any addition to the temperature could well be dispensed with. Attempts have from time to time been made to utilize this enormous supply of energy, but not with any great measure of success.

To the Music Lovers of Sanford

Some weeks ago there appeared in the Herald a notice, "Wanted, 100 young men and boys to organize a music club and band."

A few have responded to the call but many, no doubt, do not understand the object of the organization and therefore have taken no interest in it.

I think all will admit that the musical education of boys is neglected. A glance at the choir at the tent meeting of the past few weeks would convince any one of this fact.

There are many who have good voices, love music, love to sing, but have to be led by some instrument or voice, and therefore are not independent singers.

The opportunity that is offered to the young people of Sanford (and old if they care to come) is one of a life time, and I trust that parents will take an interest in sending their children (and I would like to have them present also) and lend their assistance in making the club a success.

There will be no expense for class lessons, but those who attend will have to purchase books and instruments.

I hope to see a good attendance next Monday night at 8 p. m. at the Presbyterian church.

A. B. BROCK.

Monroe Church and School

These good people of Monroe and vicinity think they have longed for a church and school building long enough and the time is ripe to erect a suitable place for the holding of school during the week and use same for a church on the Sabbath, and with that idea in view have been circulating a petition in Sanford this week.

Winter Garden Improvements

The Winter Garden Light and Water Company have ordered a 12 ton ice plant and an electric light plant of 700 or 800 lights, which will be installed at the water works as soon as the machinery is received.

There is also strong talk of a \$60,000 to \$75,000 hotel with pavilion at the lake, as this city possesses the best natural advantages of any place in Florida as a resort town.

MEN-DEN-HALL'S CHILL TONIC

Best for Malaria, Chills and Fever. Guaranteed.

Notice for Bids Sealed bids for grading the road from the west end of the Sanford-Geneva bridge west to the east end of the graded road, through Beck Hammock, on the Sanford and Geneva road, will be received by the board of county commissioners for Orange county until Saturday, June 29th, 1912.

SANFORD :: :: FLORIDA

**THE SANFORD HERALD**

Published Every Tuesday and Friday Morning By  
**THE HERALD PRINTING COMPANY**  
 R. J. HOLLY, Editor  
 W. M. HAYNES, Business Manager

Subscription Price, \$2.00 a Year in Advance

Delivered in the City by carrier \$2.00 per year in advance or 20c per month. Payments in advance must be made at office.

Entered as second-class mail matter August 22nd 1906, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148

Sanford and Orlando are becoming as famous in the sporting columns as Mutt and Jeff.

The Home Insurance plan devised by The Herald has been noticed by our local insurance agents. Thank you, gentlemen.

As yet the merchants of Sanford have not squeaked about forming that Business Men's League. Shall we "nail you in the end."

Frank Mayes of the Pensacola Journal bids fair to become famous as the only Florida delegate who favored the Progressives.

Everybody out for Orlando on the Fourth. Remember that Orlando has always turned out to swell the crowd at our celebrations.

Bryan seems to be the biggest man at the convention and for a down and out abrogates rights and privileges to himself that would almost make Teddy bluish.

Among the many newspaper changes in the state we note the retirement of T. B. Hartig from the Arcadia Champion and the starting of a new paper at Loughman under the management and editorial charge of L. Harry Pope.

Chris. Codrington of the DeLand News has started out to "bust" the insurance trust in Florida and he will do it. As a warning to him the other day his rates were raised again, but Chris goes right on sticking pins in the "trust."

The Sanford Herald and the DeLand News are after the insurance trusts. They have figured it out that the state receives from this state, seven million four hundred and ninety-six thousand five hundred and eighty-seven per cent, and that is some interest. We believe that while the government is regulating the trusts they ought to get after the insurance trusts. Rates for fire insurance have always been excessive and a little probing might do some good. Winter Garden Times.

Means Andrew Carter, Mac McGee and Roy S. Hayes are now the owners of the Arcadia Enterprise, these gentlemen having come into complete ownership of the paper through a transaction consummated last week. Mr. T. B. Hartig, the former editor, retires and is succeeded by Mr. Carter. The new owners are practical newspaper men and will improve and build up the Enterprise, making it a factor in the advancement of Arcadia and that section of DeSoto county.—Punta Gorda Herald.

Mac was formerly with the Herald family and we hasten to wish him and his associates all the success it is possible for a newspaper to have.

Jacksonville has another good business man's league called the Rotary Club and they met the other night to have a luncheon and discuss ways and means for a bigger city. The description by the president of the club's name is good enough for our business men to copy:

"A good Rotarian is a successful business man who can stand aside and see himself go by; a man who believes in our motto, 'He profits most who serves best.' A man who enjoys a more friendly acquaintance with other men, a man who is so unselfish as to take a pleasure in serving his fellowmen, his club and the community in which he lives. In fact he is a man who delights in pulling other men out of their narrow shells and giving them an opportunity of becoming broader minded and better citizens."

**WHO WILL BE THE NOMINEE**

With but a few hours left in which to decide who shall be the man to claim the support of the Democrats of the nation for the presidency in the campaign to end with the national election next November, no man can tell who will be the choice of the 1,094 delegates, or, at least the 728 who will make the two-thirds necessary to a nomination.

No one of the three leading avowed candidates—Clark, Wilson or Underwood

—has even 50 per cent of the total number of delegates, and it takes 66 per cent to secure a nomination.

Clark has the largest number of delegates pledged, 522, with those awarded him by the credentials committee, which reversed the action of the national committee in the dispute from South Dakota. Wilson has about 200, Underwood less than 100, something more than 200 are unpledged and the rest are scattered, Harmon leading in this regard.

Underwood is not considered a real contender. Nor is Harmon. The contest seems to lay between Clark and Wilson, with the chances favoring the governor of New Jersey should Bryan decide to throw his influence in the scale for the former president of Princeton.

Bryan himself may be a contender, although that is not considered probable. The fact that he is the dominant figure of the convention cannot be disputed. He has won every fight but one—his defeat at the hands of Judge Parker for the temporary chairmanship. He has been allowed to hold back the platform until after the nomination for president has been made, and he won the anti-unit fight last night for Wilson.

Bryan may become a factor should the convention deadlock on Wilson and Clark. Indeed there are many who believe that is the Nebraskan's play—to bring about a deadlock and then be offered as the logical heir to the Wilson vote.

**FORCE OF PUBLIC OPINION**

A writer in the American Review of Reviews says that light is one of the strongest preventatives of crime. Increasing the illumination will do more to reform a street than doubling the force of policemen. A light hung in front of a safe is better protection than a watchman, for all the passersby are transformed into watchmen. So it is the obscurity with which the transactions of our great corporations of our nations that allows these acts of which the citizen justly complains.

Aroused and informed public opinion is a force which is almost irresistible. As a witness before the Senate committee aptly says, "No one except a fool disregards public opinion." It forced Elizabeth to revoke the charters of many monopolies she had granted, it brought on the civil war, it forced the United States into the war with Spain, it forced the settlement of the recent textile strike in New England.

There are hundreds upon thousands of such cases in history. Where the great mass of the people has had no direct voice in the government, rulers have always made concessions to public feeling. The influence of this force is shown in our everyday life. Many men lead decent lives from no higher motives than the desire of the approbation of their fellows. Other thousands abstain from open evil from fear of

public censure alone. This has always been true of individuals and now the corporation has fallen into line. It also seeks to gain approbation and to avoid blame, and is showing a new deference to the opinions of its patrons.

Instances could be multiplied from the newspapers. A few years ago the long Island railroad wished to raise its rates. It bought columns of the newspapers to explain the financial reasons which made such action necessary. The same course was taken by the management of the Hudson river tubes, when the fare from New Jersey to New York was increased a few months ago. Twenty years ago similar corporations would never have dreamed of paying for advertising space to placate the public. Now nearly every great corporation has a public agent to spread all that is favorable, and to offer a plausible explanation of occurrences which might cause favorable comment.

**Out of the Ashes**

The Herald is in receipt of a neat announcement from the Tucker Printing House of Jackson, Miss., in which the information is gleaned that Mr. Tucker has suffered a loss of his large establishment. He is well known in Sanford, being the grandson of the late Judge Tucker and the nephew of Mrs. A. E. Phillips. The announcement which follows is not only a gem of literature but contains such a keynote of hope and cheerfulness in the midst of disaster that the Herald takes pleasure in reproducing it:

Following the example of the famed bird of mythology, we have risen. A few weeks ago the largest and most modern printing plant in the state was a smoldering mass of twisted steel and melted type, and the Boss found he was \$35,000 to the bad.

In its place there now stands a dream in modern printing machinery; they say the south can't show another one like it. So much for "git up and git," regardless of the \$35,000 that went up in smoke. Now, we are going to the top like a cork to the surface. You helped us get there before with a liberal patronage and an appreciation of a printing plant "what was a printing plant." We are going to depend on you helping us to do the same thing again. We offer the services of men who can really print. They have been trained to that end here. We back this with a machinery equipment that can deliver the goods, and with faith in the patronage we are going to get.

through the plant and see some of the new ideas in book making. Your catalog would look mighty well slipping through our presses. The man with the estimate book and pencil is ready.

Yours very truly,

TUCKER PRINTING HOUSE,  
 Jackson, Mississippi.

By J. Wofford Tucker.

**AN EVENING OF SONG WORSHIP**

At 7.30 O'Clock

**THE HOUSE OF CUNNINGHAM**

**D**UE to its individuality of service; its individuality of methods; its increasing efforts in behalf of home-owners, this house-furnishing store has made itself known from one end of Florida to the other. Its prestige is by no means limited to Jacksonville—it is an institution for the State in general.

THIS store is the depot and market for the output of the finest furniture made in America, handling such products as are manufactured by Berkey & Gay; Chas. P. Limbert; Luce Furniture Company, and, in fact, all the very best concerns of Grand Rapids are fully represented. And upon the merits of such creations has this business attained the remarkable success that it is at present enjoying.

**OUR PIANO DEPARTMENT**

**O**NE of the finest appointed Piano Stores in the South is located on the first floor of our building. The display embraces only the finest makes—the kinds that are dependable and worthy. In the list are the "Steinway," the "Kohler & Campbell" and "Autopiano," all of which we, being State agents, are ably competent to handle throughout the State.

FOR the benefit of your home, your purse, your peace and contentment—

**GET ACQUAINTED WITH CUNNINGHAM**

# PURELY PERSONAL

Nixon Butt called on home folks this week. He is now engaged in clerical work in Tampa.

Mr. and Mrs. N. O. Garner have arrived home after a pleasant visit with relatives in Macon.

Jim Turner called upon the local trade Wednesday and supplied them with choice confectionery.

Leigh uses fine double weight paper for all photos, including amateur finishing. 85-11

Pineapples for preserving purposes cheap by the dozen or crate at Geo. Ivey's fruit stand.

Mr. and Mrs. Edgar E. Brown left today for Richmond, Indiana, where they will spend the summer.

Miss Hemie Tyner spent several days of this week in Jacksonville, the guest of her sister, Mrs. Thomas.

Dr. J. N. Robson has purchased a fine Buick car to the better take care of his constantly increasing practice.

The many friends of Capt. Marks will be sorry to hear that he is seriously ill at his residence on Sanford Heights.

Mrs. Kate Butt has returned to Sanford after a pleasant visit to her daughter, Mrs. Bryan Higgins at Apopka.

J. B. Johnson and wife of the West Side leave today for Seaverville, Tenn., for three months stay in the mountains.

Mr. and Mrs. E. L. Ferran and son, Carl, of Eustis, were the guests of Mr. and Mrs. D. L. Thrasher for several days of this week.

Mr. and Mrs. C. A. Ressel and Mr. and Mrs. W. S. Thornton left the early part of this week on a two weeks camping trip to the beach.

Mrs. Bryan Higgins was in the city several days of this week. Mr. and Mrs. Higgins are now residents of Apopka and expect to grow up with that thriving city.

For the benefit of our many anxious friends The Herald announces that the 1908 model car recently acquired will soon be ready and everybody will be taken for a ride.

Knowledge without experience is the value. Leigh, Art Photographer, Park Ave, Sanford. 32 years continual practical experience. 85-11

The handsome new home being constructed for B. W. Herndon will soon be finished, and being on one of the choicest locations on Park avenue will greatly enhance the appearance of that famous thoroughfare.

S. Maxwell has returned from a trip to Coronado Beach, where he enjoyed the ocean breeze and the song of the mosquito for several days. Mr. Maxwell rented a cottage and his family will go over later.

The Woman's Missionary Society of the Baptist church held their monthly meeting in the church Monday evening. The exercises were conducted by Mrs. R. E. Millen, the subject being "Mountain Schools," which proved a very interesting topic.

The Junior Epworth League of the Methodist church will hold a lawn and porch social at the home of their Superintendent, Mrs. Lucien R. Philips, 717 Park avenue, July 2nd. Ice cream, home-made cakes and candies for sale by the little people. Come and help them in their work. Everybody invited.

Mr. Ray Anderson, who has been making her home in Illinois, arrived here Friday to visit her mother and father, Mr. and Mrs. J. D. Griffin, of 610 Laurel avenue. Mr. Anderson came down to spend Saturday and Sunday with Mr. Griffin and family, he returning to the road Sunday night. Mrs. Anderson will spend some time with her mother here and also her sister-in-law, Mrs. A. W. Clarke of Jacksonville. Mr. and Mrs. Anderson will make their home in Jacksonville, where Mr. Anderson has his headquarters.

We heard of a young fellow of Orlando the other day who had been calling on a certain young lady in Sanford for some time, and was thinking quite seriously of asking the momentous question, but not being very well acquainted with her home making and housekeeping abilities, he thought that he would be a little foxy and learn a little along that line. So the other night he casually spoke up saying: "Can you wash dishes?" Back came her reply: "Sure, I can; can you wipe them?" He thinks now that he likes the girl in Kissimmee best. —Loughman Hummer.

### Another Children's Sermon —

Next Sunday morning Mr. Waldron will give the third of his series of sermons to boys and girls. This time it will be an Independence Day story, a good thing to remember when you celebrate the Fourth next week. For the evening service the Congregational choir under the leadership of Mr. E. T. Woodruff has prepared an especially fine service of song. Everybody, old and young, big and little is welcome at these services.

### Musical at Mrs. Wight's

Mrs. Henry Wight entertained a few of her musical friends most pleasantly at her home Wednesday afternoon in honor of Mrs. E. L. Robertson, one of Sanford's new comers. Mrs. Robertson is an elegant musician and entertained the friends in a charming manner with a number of beautiful vocal solos. Piano solos were played by Mrs. Cecil Butt, Miss Irene Brady and Miss Florence Frank. Mrs. O. W. Brady gave a selection on the violin.

### The Every Week Bridge Club

Mrs. C. M. Vorce gave a delightful luncheon to the members of the Every Week Club at her home at Monroe Thursday. The afternoon was spent as usual, two tables of bridge being played. Mrs. G. F. Smith making the highest score carried away the first prize and Mrs. W. D. Holden took the low score prize. Delicious punch was served during the afternoon. The ladies favored with an invitation were Mrs. C. O. McLaughlin, Mrs. E. L. Robertson, Mrs. O. W. Brady, Mrs. G. F. Smith, Mrs. C. M. Vorce, Mrs. W. D. Holden.

### FAVOR BRICK ROADS

#### Majority of Tax Payers Will Vote For Bonds in Coming Election

That the residents of the proposed Special Road and Bridge district, which takes in all or portions of precincts 3, 4, 20 and 25 are fully able to appreciate what is best for their good and welfare is reflected in the fact that not one dissenting voice among a hundred is heard against the movement for permanent good roads. Many voters, large property owners and influential citizens of the proposed district, who fought the general movement in Orange county as a whole for good roads a trifle more than one year ago are now ardent espousers of the pending proposition and are to be heard in laudation of the movement instead of being against it as formerly. The idea has become a matter of talk on the streets of Sanford that County Commissioner Frank L. Woodruff was against this newest line of development for this district, but in an interview with the writer Mr. Woodruff stated that no person had any authority from him to say that he was against the movement for good roads as has been prepared for submission to the voters.

The solidarity of the populace, the cohesive manner in which they are standing in this matter, the bulwark they present to the very few retrogressionists who assume that it is better to pull one's self out of the sand than to hurry about one's business over nice roads, the conglutination of the minute disgruntled element in our community, the inseparableness of opinion upon this one question, and the oneness of thought of our citizenry in the matter of equipping our community with suitable highways for the caring of our ever increasing traffic, all augur, foretell and animate the concrete fact that these four precincts are in a good way to become the component parts of one of the most widely advertised and lauded country sections in the entire state of Florida, all of which will be a very nice piece of capital within its self. **WE ARE NOW STANDING AS A SINGLE MAN.** When the idea of boosting has thoroughly beset our community we will not only have the best roads in Florida, but we will have the most widely advertised community in the state.

Nothing has been said of the utility of brick roads as compared with the makeshifts which we have been chunking our money into for the past sixteen years.

In those localities where brick roads have been installed it has been shown that no dust originates on the brick. A team that could draw 2,500 pounds on an ordinary road would be able to draw ten times that weight on a brick road. In fact one two-horse team has drawn as much as 319 bushels of corn 60 pounds to the bushel in five wagons at one time on a road made of brick. This being the case, it would not require much time to show that the roads will much more than repay for themselves by the economy obtained simply in the larger load and the consequent saving of time. If the foundation has been properly rolled and packed before the brick are placed in position the item of upkeep is reduced to the very minimum requisite to keep the very best roads in a perfect state of repairs.

In the suburbs of all the great cities where traffic is the heaviest the adoption of brick as a road building material has become paramount to the use of any other material. Hundreds of miles of brick roads have been thoroughly tested and tried by years of constant use in taking care of traffic that would put an ordinary clay, marl or stone road out of business in a couple of seasons. Stone roads that have stood from 75 years to 100 years travel down in the New England states have been found wholly inadequate to handle the constantly increasing automobile travel that is now piling up in all parts of this nation. These stone roads have literally been worn out in the last few years and are now gradually being replaced by brick.

The executive committee will be pleased to answer such questions as may be put to it in regard to the brick proposition for the new proposed Special Road and Bridge district. This is the fourth article relating to this question.

#### EXECUTIVE COMMITTEE,

By Thomas K. Bates. Secy.

#### A Bold Attempt at Burglary

(Written by George Himself)  
Robbers, Thieves! Pick Pockets! What? Yes, last evening. George Ivey closed his place of business to attend prayer meeting. Three little colored boys followed him to the door of the Methodist church, then making sure he was there made a raid on his fruit stand, looking for spending money to pay their way in the Star Theatre up in the gallery, but Ivey is a wise guy, keeps his money next to him. Two entered over the transom, one stayed on outside to

watch. Mrs. Manning, who lives next door, saw the lights which had been turned on, and hearing the noise, gave the alarm. The little negroes were bold and this don't seem to have been their first offense, but catching before hanging and this is their first bite.

#### Cows Have Tuberculosis

Weeding from dairy herds supplying Tampa with milk the cattle infected with tuberculosis is proving one of the greatest undertakings of the present administration. Over 450 cows have been condemned and many of these have been killed. From one herd alone there are thirty-five to be led to the slaughter house and many herds have been decimated by the loss of a dozen or more.—Tampa Tribune.

## Cool Your Skin

Hot weather brings skin troubles. Perspiration irritates. "Sleeping" eczema is brought to the surface. Rash, disfiguring pimples, ivy poison, bites, hives, prickly heat, are all common during the summer season. Often, too, serious skin troubles begin this way. The thing to do is to cool the skin and for this there is nothing so good as that cooling, soothing wash, the D. D. Prescription for eczema. A 25 cent trial bottle will give you instant relief. We have made fast friends of more than one family by recommending this D. D. Prescription to a skin sufferer here and there, and we want you to try it now on our positive no pay guarantee.

A 25c Want Ad. in The Herald will Rent Your House For You

Notice of Incorporation

Notice is hereby given that the undersigned, Sydney O. Chase, Joshua C. Chase, S. M. Stephens and E. B. Skinner intend to apply to the Governor of the State of Florida, at Tallahassee, Florida, on the 17th day of July, A. D. 1912, for Letters of Incorporation to be issued to the NEAMA GROVE COMPANY under the following proposed articles of incorporation:

ARTICLES OF INCORPORATION

We, the undersigned, hereby associate ourselves together for the purpose of forming a corporation under the laws of the State of Florida and do hereby adopt, declare and subscribe the following as our articles of incorporation:

ARTICLE I The name of this corporation shall be "NEAMA ATRILA GROVE COMPANY" and its business shall be conducted in the State of Florida and in other States of the United States of America and in foreign countries wherever necessary and convenient. The principal office of the Company shall be in the City of Sanford, Orange County, Florida, with such other offices and places of business as said corporation shall establish.

ARTICLE II The general nature of the business to be transacted shall be to buy, lease or otherwise acquire land and rights in land in the State of Florida and elsewhere, and to dispose of the same by sale, lease or otherwise; to purchase, plant, improve, maintain and operate groves of citrus and other fruits; to grow produce of any kind or kinds, to construct or lease other control packing houses and to operate the same for packing fruit grown by this Company or by other persons, to ship market or otherwise dispose of the fruits and other produce so purchased or grown, to operate tram roads and vessels as may be found necessary or expedient for the purpose of transporting the property or produce owned, held or controlled by said corporation but not to use said means of transportation for the purpose of doing the business of a common carrier. To sell mortgaged, pledged, hire, lease or convey the property of said corporation or any part thereof at the discretion of the board of directors. To borrow money, issue bonds or other obligations and to secure payment of the same by its mortgages, pledges or any other kind of instrument; to make contracts of any kind whatever for the furtherance of the business of the Company; to deal in merchandise, to do all acts and things which may be necessary and proper or which the board of directors may deem to be advisable or expedient to be done in the transaction of its said business, and generally to have, exercise and enjoy all the rights, powers and privileges incident to corporations for profit organized under the laws of the State of Florida.

ARTICLE III The amount of the capital stock of this corporation shall be Fifty Thousand Dollars, divided into five hundred shares of the par value of One Hundred Dollars per share. Any part of the capital stock of this corporation shall be payable in cash or in kind for the purchase of property, labor or services at a just valuation to be fixed by the incorporators at a meeting of the organization of the Company, or by the directors of the Company at a meeting to be called for that purpose. All stock when issued shall be fully paid and non-assessable.

ARTICLE IV The time for which said corporation shall exist shall be perpetual.

ARTICLE V The business of this corporation shall be conducted by the following officers: A president, a vice-president, a secretary and a treasurer and a board of not less than three directors nor more than five. Any two of said officers, except those of president and vice-president may be held by the same person. The number of directors may be changed from time to time by the by-laws. The board of directors shall be elected by the stockholders at the annual meeting to be held on the third Tuesday in June, 1913, as the by-laws shall provide, and thereafter on the third Tuesday in June of each year. The board of directors shall select the officers of the Company. The president and vice-president shall be elected from among the members of the board of directors. The date of the annual meeting may be changed by the by-laws. A meeting shall be held on the second day of August, 1912, for the purpose of adopting by-laws and completing the organization of the Company, fixing just valuation upon the property, labor or services which may be offered in payment for shares of the capital stock of the Company, and for the transaction of such other business as may properly come before the meeting. Until the officers to be elected by the directors chosen at the first election in June, 1913, shall be qualified the business of this corporation shall be conducted by the undersigned, and Joshua C. Chase, Secretary, and S. M. Stephens, Treasurer, and E. B. Skinner, Clerk, shall constitute the board of directors.

ARTICLE VI The highest amount of liability of indebtedness to which this corporation shall at any time subject itself is One Hundred Thousand Dollars.

ARTICLE VII The names and residences of these incorporators and the subscribers hereto and the amounts of stock subscribed by them are as follows, and the said shares of stock are hereby subscribed by them respectively:

Sydney O. Chase, Sanford, Florida, 125 shares; E. B. Skinner, Dundon, Florida, 125 shares; S. M. Stephens, Lakeland, Florida, 125 shares; Joshua Chase, Jacksonville, Fla., 125 shares. STATE OF FLORIDA, COUNTY OF ORANGE. On this day personally appeared before me a Notary Public, in and for said county and State, Sydney O. Chase, to me known and known to me to be one of the persons described in and who executed the foregoing articles of incorporation and acknowledged before me that he executed the same in good faith and for the purpose therein mentioned. IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 18th day of June, A. D. 1912.

Notary Public, State of Florida. My commission expires April 17, 1916. COUNTY OF ORANGE.

Personally this day before me, a Notary Public, in and for said county and State, appeared Joshua C. Chase and E. B. Skinner, to me known and known to me to be two of the persons described in and who executed the foregoing articles of incorporation, and severally acknowledged before me that they executed the same in good faith and for the purpose therein mentioned. IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 22nd day of June, A. D. 1912.

Notary Public, State of Florida. My commission expires March 11, 1915. COUNTY OF ORANGE.

Personally this day before me, a Notary Public, in and for said county and State, appeared S. M. Stephens, to me known and known to be one of the persons described in and who executed the foregoing articles of incorporation, and acknowledged before me that he executed the same in good faith and for the purpose therein mentioned. IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 20th day of June, A. D. 1912.

Notary Public, State of Florida. My commission expires April 10, 1916. Pri-85-41

An Ordinance Relating to Automobiles. It is ordained by the City Council of Sanford, Florida:

Section 1. From and after the passage of this ordinance it shall be unlawful for any person to run any automobile on any public street of the City of Sanford within the fire limits at a greater speed than twelve miles an hour, or on any public street in a greater speed than fifteen miles an hour, or for any person to run, drive or use any automobile in a careless or negligent manner.

Section 2. It shall be unlawful for any person under the age of fifteen years to operate, handle, run, or in any manner use any automobile, or in any manner handle the steering wheel or other apparatus by which the automobile is controlled, on any street or alley in the City of Sanford, and it shall be unlawful for any person owning or controlling any automobile to permit any person under fifteen years of age to violate the provisions of this ordinance.

Section 3. No person shall drive or run an automobile on any of the public streets of the City of Sanford between sunset and sunrise without their light forward in direction the automobile may be going, and one lamp showing red from rear of machine.

Section 4. It shall be unlawful for any person to run or operate any automobile in any manner on the streets or alleys of the City of Sanford unless the same is equipped with a good and sufficient lamp in good working order.

Section 5. All automobiles shall have a good

Have you tried the Sistine House? 4th and Palmetto. If not get a meal ticket. An Ordinance relating to Rules of the Road, for Use of Vehicles Upon the Street.

An Ordinance Regulating the Construction of Roofs, Chimneys, Fire Places and Flues and Providing Certain Limits Therefor. It is ordained by the City Council of Sanford, Florida.

Section 1. That within the following prescribed limits to-wit: That part of the City of Sanford, Florida, bounded on the north by Lake Monroe, on the west by Holly Avenue, on the south by Tenth Street, on the east by Pine Avenue, it shall be unlawful for any person or persons, in care or cause to be covered, any building or dwelling house that may hereafter be constructed, repaired or rebuilt, with boards, shingles, planks or other combustible or inflammable material.

Section 2. All main chimneys for fire places or furnaces, or all chimneys in any building hereafter erected, altered or repaired in the above prescribed limits, without reference to the purpose for which they shall be used, shall be well and securely built from the ground up, and through the roof to a point at least three feet above flat roof and two feet above ridge of peak of roof of such building; the walls of chimney shall be of stone or brick at least 8 inches in thickness if fire place is of stone, same must be 12 inches in thickness beginning with foundation; such brick or stone work shall be laid in cement mortar up to first floor, and thence above to a point where chimney protrudes through the roof of building, the brick or stone work may be laid in good lime or fire clay mortar or stone work may be carefully laid together. From above the roof to top of chimney the brick or stone work shall be laid in cement mortar and properly capped. All joints shall be struck smooth on inside except when lined with burnt clay or terra cotta pipe. In brick building the walls of chimney shall not be less than thirteen inches in thickness; in other buildings shall be not less than eight inches in thickness. Single flues for stoves or kitchen ranges may have the walls only four inches thick, which shall be constructed of the best quality burnt brick and flat in good mortar and not less than sixteen inches square from base to top. Flue to be hung on iron straps of new iron not less than one half inch by two inches, fast to come at least two feet above the flue. Flue shall be supported by metal supports conforming with these requirements. No flue shall be less than two feet above the roof and two feet above edge of roof.

Section 3. Any person or persons violating any of the provisions of the foregoing ordinance shall upon conviction thereof be punished by a fine not exceeding ten dollars, or imprisonment not exceeding thirty days, or both, at the discretion of the Mayor. Any person causing a violation of the foregoing provisions, whether owner, contractor, architect or otherwise, shall be punished with under this ordinance.

I hereby certify that the foregoing ordinance was duly passed on the 20th day of May, A. D. 1912. M. W. LOVELL, Clerk. G. W. SPENCER, Mayor.

Leaching of Fertilizers PHOSPHATES Prof. Blair's experiments at Gainesville show that 6 lbs. of 16 per cent, Superphosphate will replace all loss of this element in the drainage waters from one acre for one year. NITRATES This loss is heavy in warm wet weather unless there are growing crops to take up the Nitrates as soon as formed. POTASH Prof. Blair's experiments and Hilgard's researches agree as to the waste of this element,—that from one acre in one year it equals 25 lbs. of High Grade Sulphate of Potash which costs 62 1/2 cents. Write to us for particulars. WILSON & TOOMER FERTILIZER CO. JACKSONVILLE, FLORIDA

Be Happy! Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! CARDUL is a gentle, tonic remedy, for women's ailments. TAKE CARDUL The Woman's Tonic Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardul. I need it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardul. Now, I feel better than I have for two years. I shall always recommend Cardul to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardul is safe and reliable. Try it, today."

FOR THE OLD FOLKS LEONARDI'S BLOOD ELIXIR GIVES NEW STRENGTH, ENERGY AND VITALITY AND BUILDS UP THE WEAK AND RUN DOWN. At least a preparation has been discovered that makes life happy for the old folks. This is especially valuable for giving new strength to men and women who are advanced in years. Nothing in the past has ever equaled it in its power to build up weakened and impoverished people in old age and to give strength to the tired body. Its remarkable power over disease lies in the fact that it enriches and purifies the blood so that this vital fluid circulates through the body, is active in replacing wornout tissues and builds up new healthy ones.

**Sanford 6, Kowismee 3**  
The heading tells the tale and there is hardly more to tell. The Kowismee cow boys were not smooth enough for the Collegians and the game went to Sanford as a matter of course.

The report here before the boys went down to Cow Town was that they had strengthened the team and would put it all over the Collegians and there was some fear expressed that by adding nine new players from New York or Jacksonville or Eustis or even from Orlando the Cowboys could put it over on our team, but although their intentions were good they did not connect with the good players in time, and the good players on hand could not connect with the ball and—why transgress further.

Those boys down there in milk and creamery land are nice boys, but it just seems like they can't play ball with us. They have tried all the league players like Carson and Fred Bass, all top notch-

**Orlando Takes Advantage**

Orlando took advantage of the rainy season yesterday and put one on the Collegians to the tune of 4 to 2.

Frequent showers made the crowd chicken hearted and the attendance was very slim for Thursday. The Tourists started off bravely and in the second inning squeezed in three runs, getting another one in the fourth, followed by the Collegians who were forced to tag along behind until the ninth, when their grand opportunity to win out three men on bases slipped through their fingers and the Tourists copped off the game in easy style. The Collegians were disheartened by the accident to second baseman Edwards who fractured his ankle and was forced to leave the game.

Following is the sadness by special weeps:

Sanford—	AB	R	H	PO	A	E

**Orlando on the Fourth**

There will be something more than the two games between Sanford and Orlando the excitement will be enough to attract a large crowd to the court house by the lakes. The Sanford-Orlando games of the Sandspur League are attracting the attention of ball lovers all over the state and they are all keeping up with the diongs of these two teams. The games on the Fourth are bound to attract the crowds not only from the two towns most interested, but from all the towns in this vicinity. There will be cheap rates on the railroads and the holiday will give every one a chance to attend the games. While there are many attractions in other places in the county and in the state the Sanford-Orlando games will draw a crowd because every rooter that has the price will be in Orlando when the bell sounds. As yet the committee on arrangements has not announced the full program but the people of Orlando can always be depended upon to show the visitors a good time and the Fourth will be no exception to the rule.

**Judgment of a Nation.**

A nation should be judged, if we can judge nations, not by its wealth, or its population, or its military or naval power, real or apparent, but it should be judged by the opportunity it gives men to make their lives.—David Starr Jordan.

## NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

### HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

It is estimated that over three hundred people were killed and property loss of \$10,000,000 entailed by a tornado, which, after a day of thunderstorms and high winds, struck Regina, Saskatchewan, at 6 p. m. All wires except one telegraph wire are down. This one wire is crowded with private messages from people who wish to send word of their safety to friends and relatives. A special train left Winnipeg shortly after 9 o'clock with doctors and nurses and telegraph and telephone repair men. The magnitude of the calamity which befell the city is being estimated as the rescue work proceeded, could not be fully estimated at a late hour tonight. It seemed certain, however, that the casualties would roll up a total of between 400 and 500, and that the property loss could hardly be under \$4,000,000 at the lowest estimate.

Plans for the spread of the coastwise seamen's strike was developed further today when at a meeting of the Association of the National Transport Workers of America, resolutions were adopted unanimously to call from their work on Atlantic coastwise steamers every man affiliated with the organization. If the orders are heeded, the walkout will come today. The effect of the resolution will be to call out at least 20,000 men, including longshoremen, along the water fronts of Manhattan, Brooklyn and New Jersey, according to a statement made by the chairman of the meeting, Secretary James Vidal, of the marine firemen, oilers and water tenders union of the Atlantic and Gulf. The longshoremen are affiliated with other associations of sea laborers and the cooperation of many, it is declared by strike leaders, is counted upon.

The deadlock in the Baltimore convention threatens to continue the embarrassment of the executive departments of the government, due to the failure of Congress to pass the necessary appropriation bills for the new fiscal year which begins tomorrow. When the house and senate meet at noon tomorrow it is not likely that a quorum of either will be present and unless unanimous consent is given for the passage of the Fitzgerald resolution, continuing last year's appropriations during July, the government will have to struggle along without funds until the Democrats nominate a candidate for President and permit the absent statesmen to return to their seats in Washington.

### Negro Boy Filmmans Preachers

A negro boy's shrewdness, coupled with a negro's proverbial love for getting something for nothing is at the bottom of a very neat case of filmmaking that occurred here last week. A negro boy was walking out the road with three negro preachers. Just why they were walking out the road together and what tale he used to get them to walk out is not known. As they walked along the railroad tracks the boy suddenly stooped down and picked up a pocket book which upon being opened disclosed a \$100 bill and one silver dollar. The boy carrying out his part acted like he was scared to death and asked the preachers what he should do with it. They told him to give it up to the authorities but the boy said he had to leave on the next train and had no time to hunt up a policeman, but that if they would give him five dollars apiece or fifteen dollars in all he could give up the pocketbook and they get the reward. Maybe the preachers intended to give it up and maybe they did not, but the African spirit in them was too strong to turn down a ten to one shot like that and they all dug. The boy dug too and has not been seen yet. The pocketbook was a clever plant and the \$100 bill was a counterfeit. The preachers have taken up the matter with the authorities all right, but they do not expect to get anything back, although they may catch the young filmmaking. He is just a trifle too smart to be at large and should be placed where his talents in the bunco line will not have such a large scope.

## THE WATER QUESTION AGAIN

Citizen Writes About Water Brought From The Lake

In a casual way I have heard several citizens express themselves on the water works subject, which through your papers have been brought before the public. There are a few who think that we should continue to use the lake water, and that a cast iron pipe should be used for conveying by gravity the water from lake to present reservoir, and it is for these that I wish to make the present statement.

About thirty years ago the city supply was taken from a lake less than three miles from the city and brought to the pumps through a 6 inch cast iron pipe. In the early nineties it was found that both from the lowering of the level of the lake and from the size of pipe that a change was necessary. The change was made by changing the source of supply to Lake Adair, a lake five miles distant and the supply brought into the city through a 15-inch cast iron pipe. At the time this pipe was placed in the lake it was some two or more feet below the level of the lake at that time. Three months ago I was told that this pipe instead of being below the surface was about four feet above the surface, in fact for a number of years the water has had to be pumped into this 15-inch pipe.

Looking at this from a financial point, it looks like a doubtful investment as the lake seems inadequate to the demand. The cost to furnish and put in place this line of five miles of cast iron pipe would be approximately as follows:

950 Tons at \$30 per ton	\$28,500.00
Unloading at car and delivering at ditch, \$2 per ton	1,900.00
52,800 lbs caulk and lead at 5c per lb	2,640.00
2200 lbs oakum at 5c a lb	110.00
Ditching and putting pipe together, 40c per ft	10,500.00
Making a total of	\$43,630.00

This is a low estimate based on light cast iron pipe to carry only forty three pounds pressure, yet it is possibly equal to the present entire water works system. I will state here that I am not in a position to put a proper valuation on the present water works plant.

This is not the only expense that would have to be made. Having only one reservoir it is impossible to clean it out properly, for to do this all the water has to be drawn out of it and this cannot be done without leaving the city with out fire protection.

To sum the matter up it looks as though the expense is too great to expect it being done in the near future and as any change would be preferable to the present, we had better take up some other plan and one that can and should be carried out.

CITIZEN'S

### MOONSHINE IN SANFORD

Negro Had Complete Outfit For The Making Of Liqur

The grege awakened ancient Rome when their enemies were upon them but chicken-fried chicken-carried the officers to a still in operation here last Saturday night.

About midnight the officers on duty heard the report of a pistol on Magnolia found that a negro had been seen opening the refrigerator on the back porch of the By-elo and extracting some fried chicken therefrom had been fired upon. The officers took up the trail again getting hot after the negro on Sanford avenue ran him into a house and discovered him under the bed. While searching the house they also discovered a still in operation and though crude the worm and other appurtenances were working just as nice as they ever worked on the old Blue Ridge mountains. The mash was made from tomatoes or so the negro responsible for the moonshine said and he was making a very good grade of tanglefoot for the regular Sunday trade. He goes by the name of Joyce or Jordan and after a preliminary hearing is being held for the Federal authorities. He will get a sentence in the Federal prison, being a step in advance of the ordinary blind tigers.

The officers are to be congratulated for their find, for if distilleries were allowed to flourish there is no telling where we could find one next. Everybody seems to be doing it and some enterprising moonshiner might attempt to start a still in the city hall or under Mayor Spencer's desk.

## A LOCKED COMMITTEE

Delegates Cannot Agree Upon The Nominee

### IT MAY MEAN A DARK HORSE

Indications For Awhlie Pointed to Gov Wilson Friends Here Hope

Convention Hall, Baltimore, Md., July 1.—With thirty-three ballots taken the Democratic national convention has failed to make a choice.

The order of leadership was reversed on the third ballot, when, by shifting of fourteen votes of Iowa's twenty-six from Clark to Wilson and Vermont's eight from Foss to Wilson, the New Jersey governor came out with 460 votes to 455 for Clark. Underwood gained ten votes on this ballot, that number coming to him from the Harmon vote in Ohio.

On today's vote, from the twenty-seventh ballot, which was the first taken after the convention assembled at 11:03 o'clock, to the twenty-third, Wilson had gained seventy-one and one-half votes; Clark had lost twenty-one and one-half and Underwood had lost eight and one-half.

From the first to the twenty-third ballots Wilson had gained 151 1/2, Clark seven and Underwood lost fourteen.

Wilson has been the only consistent garner. Clark has been the in-and-out in the race.

Progressive leaders are canvassing the field to find a man to break the deadlock in the event of failure to nominate Wilson. Representative Mitchell Palmer of Pennsylvania is being considered as an available candidate.

The Wilson forces made a great demonstration when Wilson went into the lead. They are very hopeful. It is now reported that Illinois will go to Wilson.

### EDITOR JORDAN'S EXPERIENCE

Tells What The Insurance Trust Did To Him In Leesburg

The DeLand News is to be highly commended for the vigorous fight it is making against the Fire Insurance Trust. This only stands second as a robber to the Southern Express Company.

Compared to it, the Standard Oil Company, the Steel Trust and the Tobacco Trust are paragons of public spirit and nation-wide benevolence.

The editor of this paper, while conducting a paper at Leesburg in the 80's and since coming to Punta Gorda, has several times called attention to the Insurance Trust and demanded its suppression, but, being a very small and insignificant fellow, his assaults attracted no attention.

It is earnestly hoped that the DeLand News will be more successful in its efforts toward the repression of this infernal fresh-boat of the commercial world, which is annually robbing the people of Florida of millions of dollars. This modern Captain Kidd operates in the southern states chiefly through an agency known as the Southeastern Tariff Association.

Since the Federal government has been making war upon trusts, or pretending to do so, it is passing strange that it has overlooked the worst one of all, viz: the Insurance Trust. But this one robs the people of enough money to enable it to buy up many congressmen, legislators and judges, and this may account for the fact that no effort has been made by either Federal or state powers to suppress it.

Are congressmen, legislators, prosecuting attorneys and judges afraid of it? Do they fear that the Insurance Trust has hired incendiaries to burn property of those who oppose it? Do they fear assassination, or are they paid for keeping hands off?

P. S. Since the above was in type, Tampa reports that she paid \$419,000 the past year for fire insurance and received in return \$34,000 in payment of losses. This shows what a prodigious profit the fire insurance companies are making.—Punta Gorda Herald.

A merry party came up from Geneva by launch last Friday, returning in the afternoon. Among the party were Mrs. J. V. Wicks, Misses Della Jones, Jessie Grant, Nannie Harris, Belle Eichner and Culver Etheredge, all of whom visited Mrs. David Spear.

## SCORCHED BRYAN ON FLOOR

Delegate Stanchfield Reads His Record To Convention

Convention Hall, Baltimore, Md., July 2.—The sixth day of the session of the Democratic national convention was called to order by Chairman Ollie James at 11:03 o'clock, just three minutes after the hour named.

Soon after the opening prayer Colonel Bryan appeared in the hall. A cheer greeted him and it was spontaneous as he strode up the aisle to take his seat with the Nebraska delegation. The commoner was smiling happily and he talked animatedly with several delegates.

After appointment of a committee to secure validation of return railroad tickets, the time limit on which is about to expire, the twenty-seventh roll call was ordered. When New York was called Abraham I. Wilkins, of the eleventh New York district, announced that he cast his vote for Wilson and a crowd of cheers greeted him. Then William J. McAdoo followed with a vote for Wilson and the applause grew.

When the name of John B. Stanchfield, the Buffalo lawyer, was called, he took the platform to explain his vote: "I come," he said, "from a state whose electoral vote is vital to Democratic success. We represent 10,000,000 people. He then proceeded to review the history of New York politics and the delegates showed signs of impatience. He paralyzed the personnel of the New York delegation, declaring it included jurists, lawyers and business men of known standing.

"It is by common consent that this is the most representative delegation that ever came from the state of New York to a national convention," he shouted. "If these be 'puppets of wax,' as we are referred to by Mr. Bryan, we say that the office seeking publicity hunting marplot of Nebraska—Stanchfield could not finish his sentence. It was drowned in a burst of cheering. Bryan sat silent, smiling occasionally.

"The vote of New York is vital to the success of the Democratic party," continued Stanchfield, "and no man can go forth from this convention stigmatized and branded with the mark of Bryanism and come within half a million votes of success. When Mr. Bryan makes the statement that these delegates from New York state are under the influence of Morgan and Ryan, and belong to the 'plutocrats' of this convention, he omits one name. Outside of the three he has named the richest and most powerful plutocrat on the floor is the gentleman from Nebraska himself. If the New York delegation is to be prevented from participating, then any man who has been writing for pay from the floor of the Republican convention in favor of Mr. Bryan's partner and ally, Roosevelt, he ought also to be excluded."

Col. Bryan never intended to support the candidate of this convention unless that candidate was Mr. Bryan himself. We have all heard for months that Bryan was combatting Underwood here, Wilson there and Clark here and Harmon there, working all the time in his own selfish interest to produce a deadlock here."

In conclusion Stanchfield threw the convention into disorder with the declaration, "I cast my vote for Woodrow Wilson."

### Fancy Work Circle

Mrs. W. H. Milteer entertained the fancy work circle Friday afternoon. After the enjoyment of pleasant conversation and their pretty work delicious ice cream and cake were served by the hostess. Mrs. Milteer's guests were Mrs. J. J. Purdon, Mrs. T. S. Davis, Mrs. Roberts, Mrs. H. H. Hill, Mrs. W. T. Johns.

### Missionary Meeting

The missionary society of the Presbyterian church held their regular meeting at the home of Mrs. J. N. Whitner Friday afternoon. After the conclusion of the business of the society light refreshments were served by the hostess and a social half hour enjoyed by the ladies.

### Catholic Church Service

The hour fixed for the devotions of the Apostleship of Prayer on next Friday will be at 7:30 p. m. On next Sunday, July 7th, there will be two masses; the first at 7 a. m. and the second at 9 a. m. Confessions will be heard on Saturday and Sunday.

## ALL AROUND FLORIDA

The General News of The Land of Flowers.

### CULLED FROM THE STATE PRESS

An Epitome of The Week's Most Important Happenings in The State's Domain.

Kissimmee's new street sprinkler, sweeper and grader have arrived and much improvement is looked for in the appearance of the streets. The machinery is of the latest improved pattern.

Beginning July 1st the Miami post-office will be advanced to the first class order. There are only five first class postoffices in the state, including Miami. The other four are at Jacksonville, Pensacola, Tampa and St. Augustine.

The corn crop in Ocala county is pronounced by many Michiganders equal to any ever seen in the Wolverine state, the stalks having from one to four well developed ears.—Kissimmee Valley Gazette.

News comes from Titusville that several orange buyers have been in that section recently looking over the groves with the view of purchasing the crop.

The Jacksonville team won the pennant in the first half of the South Atlantic Baseball Association series. May the same good fortune attend the effort of the team in the second half of the series.

E. B. Embry, lessee of the Hernando Tobacco Company farms, Brooksville, has finished gathering his crop and reports a yield of almost 1,000 pounds per acre for both shade and sun-grown stock. Although the yield has been greater per acre in years past, Mr. Embry says he has never seen grown in the state or anywhere else a finer quality of tobacco.

The citizens of Lakeland were successful in their undertaking of building a church at Dixieland in one day. At six o'clock in the morning the first nail was driven by Bishop Henry C. Morrison of Leesburg, and although the rain poured down nearly all day the structure was finished and services were held there that night.

Struck on the back of his head with a long iron bolt, knocked senseless and robbed of his week's wages, Edward Guerra, night watchman at the Tampa Steam Ways, was found yesterday morning at 3 o'clock on the porch of the engineer's cottage at the water works. Guerra had crawled to the porch when consciousness returned to him after the assault, but fainted again before he could call for help. He was taken to the Gordon Keller Hospital where City Physician Stringer found that he had been struck behind the ears with some smooth instrument. He will recover.—Tampa Tribune.

Tampa manufacturers of clear Havana cigars are finding the new crop of Cuban tobacco the finest in many years. The new crop is being used generally in the factories of the city, some of them having run out of the old stock and their output now being made up from the new crop.

The faculty and law students of the university of Florida are to be congratulated upon securing the services of Professor Thomas W. Hughes, who will begin the fall term as successor to Dean A. J. Farran, recently resigned to accept a position as a member of the law faculty of the University of Alabama. While Dean Farran's resignation was accepted with a great deal of regret by President Murphree, every member of his faculty and the student body, it is believed that the university has been extremely fortunate in the selection of Professor Hughes, formerly of the University of Michigan, but more recently of the Louisiana State University.

Report says that several days ago there was sold ten thousand acres of Everglades land lying between Lake Okeechobee and West Palm Beach. The board of internal improvement received from the company purchasing this land \$25,000 in cash, which in addition to what they already had, gives them the required amount necessary for the digging of the canal 100 feet wide from Lake Okeechobee to West Palm Beach. The contract for digging this canal will be let in the very near future.—Fort Myers Press.

Work on the new Palm avenue Baptist church in Tampa has been started and will be rushed to completion. The cornerstone will be laid next Tuesday or Wednesday.
