

Sanford Theater News for the Coming Week

Movie Version Of Kipling Plot To Play At Ritz

"Wee Willie Winkie" Features Shirley Temple, McLaglen

Kipling's colorful characters live glamorously, adventurously and courageously on adventure's last frontier in the Twentieth Century-Fox picturization of his famed "Wee Willie Winkie," which shows Sunday and Monday at the Ritz Theatre, with Shirley Temple and Victor McLaglen in the starring roles.

From the heart of mighty India where all the world is wild and strange, where the British raj ends at Khyber Pass, in the land of the Bengal Lancers, comes this glorious adventure of the Scottish Highlanders in action and of the little girl who won the right to wear their plaid.

The most spectacular production in which Shirley Temple has yet appeared, "Wee Willie Winkie" gives Victor McLaglen a powerful role as a fearless, fighting fool and provides splendid opportunity to C. Aubrey Smith, June Lang, Michael Whalen, Cesar Romero, Constance Collier and young Douglas Scott.

Life at a frontier army post in India is not too happy for Shirley and her widowed mother, June Lang, for her grandfather, C. Aubrey Smith, is a gruff old disciplinarian. The youngster decides that the only way to win the Colonel's approval is to become a soldier herself, and her friend Michael Whalen, a young lieutenant, turns her over to training in the hands of surgeon Victor McLaglen who dubs her "Wee Willie Winkie" because of the quaint way she has of screwing up her eyes when she asks questions.

Many of Florida's present highways, declares the Florida State Chamber of Commerce, are descendants of military roads built in early American times to aid in protection of settlers from raising Seminoles.

ADVENTURE ON INDIA'S UNTAMED FRONTIER

Rudyard Kipling's heroic story of adventure in the land of the Bengal Lancers, "Wee Willie Winkie," stars Shirley Temple and Victor McLaglen in thrill-packed doings on India's untamed frontier. C. Aubrey Smith (upper left), June Lang and Michael Whalen (upper right), and Cesar Romero (left) are featured in the spectacular Twentieth Century-Fox production.

"THE PRINCE AND THE PAUPER"

Scleritis is a form of neuritis which affects the sciatic nerve.

Programme For Week Of Sept. 12

AT THE RITZ
Sunday, Monday—Romance and Adventure in the land of the Bengal Lancers. Shirley Temple, Victor McLaglen "WEE WILLIE WINKIE."
Tuesday—The Big Day—225 Special Attractions and Grand Richards, Karen Morley "ON EUCH A NIGHT."
Wednesday, Thursday—Jack Oakie, Cary Grant, Edward Arnold, Frances Farmer "THE TOAST OF NEW YORK." Added Feature, Madeleine Carroll, Francis Lederer "IT'S ALL YOURS."
Friday—Never Before An Adventure Like This. Martin Johnson's "BORNEO." Also return showing, "THE PRINCE AND THE PAUPER."
Saturday—Play SCREENO—Bob Allen "RECKLESS RANGER." And Virginia Grey, Cliff Edwards, Bruce Cabot in "BAD GUY."
AT THE PRINCESS
Saturday, Sunday, Sept. 18th and 19th—Gene Autry "THE BIG BROT." Also Added Feature.

"Borneo" Tells Last Adventure Of M. Johnson's

Ritz Film Depicts The Trials And Travels Of Great Explorer

From the island of primitive ferocity, legendary with the terror of wild men and Dyak pirates, of headhunters, of unexplored waterways that twist through impenetrable wilderness of inconceivable marvels strange to the eyes of man, comes Martin Johnson's last and most exciting adventure, "Borneo," Twentieth Century-Fox release, which shows Friday at the Ritz Theatre.

"Borneo" is the pictorial climax of Martin Johnson's adventurous career. Filmed in the land of the incredible, the inconceivable, and the impossible. It is the strangest and most exciting motion picture yet to come from the dark, mysterious byways of unknown worlds.

Far up the winding, muddy reaches of the Kintabanan River, Martin and Osa Johnson flex in their amphibian plane to bring back a record of the animals which inhabit that remote land of the descendants of the head-hunters.

THREE IN A MATCH

Francis Lederer, Madeleine Carroll and Mischa Auer comprise the comic trio in Columbia's "It's All Yours," which shows at the Ritz Theatre Wednesday and Thursday. From fade-in to fade-out they battle their way merrily through affairs amorous and matters mercenary. And all because Madeleine owns \$4,000,000 which Lederer wants—while Auer wants both—Madeleine and the million. Elliott Nugent is responsible for the direction.

"BORNEO"

Tree-climbing fish, flying snakes, oysters on trees, monkeys with "schnozzolas" and a battle with the "devil-beast" of the jungle made the filming of "Borneo," Twentieth Century-Fox release, the greatest of Mr. and Mrs. Martin Johnson's adventures.

Money Tycoons Seek Woman's Heart In Film

"Toast Of New York" Has Brilliant Plot With Feature Cast

Picturing the exciting rivalry of Gotham's money tycoons for the heart of a bewitching woman, "The Toast of New York" is brought to the screen as a lavish, spectacular, dramatic romance bristling with the action and realism of that gaudy age, when high-roller Jim Fisk's magic at manipulating the American dollar brought him to the apex of public notice.

In this new motion picture appears a notable co-starring group—Edward Arnold, Cary Grant, Frances Farmer, Jack Oakie—with the added significance that Miss Farmer fresh from her triumph in "Come and Get It," equals again Arnold's heart interest in the current film, playing Josie Mansfield, lady's maid whom the infatuated speculator lifts by the use of his wealth into the queen of theatrical and night life.

Based upon episodes from "The Robber Barons," by Matthew Josephson, and "The Book of Daniel Drew" by Buck White, "The Toast of New York" is laid in that colorful period immediately after the Civil War when the financial moguls of Wall Street began their juggling of railroad and industrial empires. In this period, Jim Fisk rapidly rose from obscurity and became one of the time's most sensational money barons. A lavish spender and playboy and a flamboyant lover.

Forceful and imaginative Fisk as played by Edward Arnold, is inordinately ambitious, and during the Civil War makes a fortune by smuggling cotton from the Southern States to the markets in the North.

Charles Schwab, steel magnate, started his career by clerking in a store for two years.

A JAPANESE JUGGERNAUT OF WAR employed in the fierce fighting that raged in Shanghai is shown as it rolled through the streets with the smoke of battle overhead. Both sides have put to use the deadly caterpillar tanks armed with rapid fire guns to mow down all opponents who stand in their path. Highly developed since the World War, the vehicles can travel at high speed over most any kind of land.

WAY DOWN SOUTH IN THE LAND OF COTTON, darbies are singing their old spirituals as they stoop to harvest another crop of cotton, expected to total 15,000,000 bales. Their burlap sacks filled, they weigh in their pickings, receiving from 50 to 75 cents per hundred pounds for their toil. The white staple is then loaded in high-sided wagons and rolled away over red clay roads to the gin. Night brings singing and dancing around the little cabins as the weary workers return from the fields. Prices this year are expected to be higher than any received for many years, so there's good cause for singing in the south.

NIGHT OVER SHANGHAI with its air raids and attacks apparently holds no terror for Private Harry Shaw, Jr. (above), as he sails for the Orient on the marine-crowded Navy transport Chantrel. The detachment of "devil dogs" was dispatched to protect U. S. citizens in China.

SPOTLIGHT

Fighting Young Senator Rush D. Holt, West Virginia Democrat, has announced his intention of seeking to put the Senate on record against a third term for President Roosevelt. He will offer the same resolution once before adopted by Congress.

A block to romance is bright-eyed Charlie McCarthy, puppet of stage and radio, charged hill-billy songstress Judy Canova, who had been engaged to ventriloquist Edgar Bergen. She insisted Charlie stole her fiance's affection.

'EVERY NICKEL HELPS'—the above, singing about this boy. This popular melody on his Chinese record is probably the song these two kids are singing in San Francisco. Children as they raise funds to help their mother and combat the Japanese forces.

Chinese Draw Back To 2nd Defense Line

Section Held By Chinese Through Month Of Intense Fighting Is Abandoned

Retreat Orderly And Strategic

Cholera Epidemic Is Spreading In Areas Under Foreigners

HONGKONG, Sept. 13.—(AP)—P. V. Thomas, head of the American Seventh Day Adventist mission hospital at Wai-chow, charged Japanese today with the apparently deliberate bombing of the hospital despite the prominent display of American flags.

SHANGHAI, Sept. 13.—(AP)—Under heavy fire from Japanese land and sea batteries, the Chinese army abandoned the hotly fought Kiangwan salient north of Shanghai today and withdrew all forces to a powerfully fortified second line stretching from Shanghai 25 miles to northwest.

Cholera, the constant Oriental peril of either war of peace, took a grave turn in the international arena while 23 Americans were being evacuated on a United States warship.

There were unconfirmed reports that one American left in Shanghai was dying of the dread disease. In all there were 523 new cases in the foreign areas, 450 of them in the French Concession where most of the Americans live.

Most of the victims were Chinese refugees who had fled into the foreign sections. Sixty had died in the last 48 hours.

Development of the past 24 hours included:

1. In the battle of Shanghai, more than 75,000 Japanese soldiers supported by shore contingents of blue-jackets, more than 200 airplanes, and the big guns of some 40 warships, continued an

The tiny daughter of Mrs. George Stewart was attacked early this morning by a vicious dog on Park Avenue near Rockefeller's Tire Shop as the child was proceeding to her mother down the street. It was learned at the local Police Station this morning.

The child sustained many bruises and lacerations when she was knocked down by the dog but her condition was not reported as serious.

The dog identified as belonging to Cecil Elmer will be kept under careful observation during the next few days and will be tested for symptoms of rabies, it was indicated.

DUPONT HEIR WEDS FLORIDA GIRL

Nicholas Ridgely Dupont, a member of the wealthy Delaware family and a brother of Mrs. Franklin D. Roosevelt, Jr., and his bride, the former Genevieve Livingston Estes, are shown leaving the Church of the Good Shepherd in Jacksonville, Fla., just after their marriage. Young Roosevelt and his bride, the former Ethel

tenhet Describes Work Of Bureau Of Entomology

Rotary Club Learns That Bugs Cost U.S. Huge Sum Annually

Declaring that insects cost the United States between one and two billion dollars every year, J. N. Tenhet, who is connected with the federal Bureau of Entomology, said that the purpose of the Bureau is to engage in research in all matters pertaining to bugs.

Mr. Tenhet was the principal speaker at a program arranged for the Rotary Club by Frankie Turner, a member of the Program Committee.

Pointing out that the Bureau has maintained an office here for the past ten or twelve years, Mr. Tenhet said that he and the other men connected with it are engaged in the study of bugs, so that farmers and growers may have some place to turn for help in their struggle against insect pests of various types which destroy their crops.

Mr. Tenhet said that farm production depends to a large extent on pest control and that the two most satisfactory methods for controlling pests were through insects of other kinds and insecticides. He said that almost every kind of insect has other insects which feed upon them, and that the purpose of the Bureau is to discover the harmless insects which will help to stamp out those that annoy the farmer.

Two Persons Plead Guilty In Court

Two persons pleaded guilty to charges of law violations before County Judge R. W. Ware last Saturday.

James Jacobs pleaded guilty to drunkenness charges but the judgment and sentence of the Court was withheld until the October term of the County Court.

Vacation Ends Tomorrow As Schools Open

Seminole High Looks For Largest Enrollment In History; Nurse Has Warning

The opening of Sanford Schools tomorrow will end the vacation of approximately 1800 children of Sanford and nearby rural districts who will exchange balmy mountain air, cool ocean breezes and the fishing pole for daily lessons in "Readin', Writin' and 'Rithmetic."

With the opening of the schools comes the ever present problem of preventing serious epidemic diseases in the class rooms where the children gather for study and Mrs. Dorothy Lamb, county nurse, to whose lot it falls to prevent spread of disease through removal of afflicted students from the school, today emphatically asserted that all children who have not rested in this state for at least two weeks since leaving this summer will not be permitted to enter the schools without previous examination by the school nurse.

Seminole High School will open tomorrow with the largest enrollment of any school in the county, indicating point to the fact that enrollment in the school will reach a new high.

Farmers Vote Ninety Percent In Favor Of Marketing Pact

Seminole County farmers at last unanimously voted to operate under the celery marketing agreement tentatively approved by the Secretary of Agriculture and returned to the growers and shippers for adoption in the referendum held last week.

Considerable over 90 percent of the farmers in this locality voted "yes" on their ballots.

Results of the election will be sent to Washington where the Secretary of Agriculture Henry A. Wallace will make a final check-up to ascertain whether or not the majority of celery producers of the state favor the pact.

While the marketing agreement is a voluntary agreement between the signers of the pact and the Secretary of Agriculture, the government in no way can compel operation under the program. It is said the Secretary of Agriculture does not in any respect attempt to regulate shipments but acts only on the recommendation of the Control Committee composed of both grower and shipper members. It was pointed out.

This control committee has the authority to operate only in an emergency but may use its own discretion in declaring the existence of an emergency and offering proposed regulations in the Secretary who is empowered to either accept or reject the proposal. The proposal can become effectively only with his approval, however, Mr. Dawson pointed out today for the Court was withheld until the October term of the County Court.

Florida has two of the major naval stores parts of the world, observes the State Chamber. They are Jacksonville and Pensacola.

AN EMPTY SADDLE

An empty saddle, but memories full of kind recollections characterized the dedication of the Will Rogers Shrine of the Sun at which a host of the cowboy humorist was unveiled. Taps were blown at the Colorado Springs ceremony by a member of the Hardin-Simmons college cowboy band of Abilene, Texas. Tears filled the eyes of many as a riderless horse was led to the shrine.

Allen Insists He Doesn't Recall Resigning Office

Admits Signature On Resignation Filed With Secretary Gray

TALLAHASSEE, Sept. 13.—(AP)—The resignation of John A. Allen as state Beverage Department director was filed in the Secretary of State's office today but Allen said he did not recall having signed it.

Allen pointed out that he had the beverage commission reviewed at the pleasure of the governor. He said he had not heard of any updated resignation at the time he was appointed or at any time since then.

The beverage commissioner directs the enforcement of the State's liquor and beer control and taxing laws. His bond, \$200,000, is with a surety company for the faithful performance of his duties. Only one other officer, the motor vehicle commissioner, is required by law to post such a high bond.

When Governor Conn was inaugurated last January, Wayne resigned and Allen, who came from Bartow, succeeded him.

C. of C. Meeting Is Postponed One Week

Officers who will serve in the Seminole County Chamber of Commerce during the coming year will be elected in the business meeting in the Chamber building Tuesday night Sept. 21.

The meeting which was scheduled for tomorrow night has been postponed for one week, T. E. Simpson, president of the body announced today.

New Professor Will Direct Violin At FSCW

TALLAHASSEE, Sept. 13.—(AP)—Mr. Karl Abendt has been appointed as a substitute professor of violin at Florida State College for the coming term.

The drive down from Yosemite back to Merced and over to Salinas was very interesting, passing through fertile valleys, with flourishing fields. We were told the farm lands in and around Salinas sold for \$200.00 per acre or valued for \$200.00 per acre. The average cost of one twelve-inch well and pump is three to four

Mighty Fleet Assembled To Stop Piracy

League Blocks Effort By General Franco To Unseat Agent Of Spanish Loyalists

Ethiopian Agent Also Recognized

China Makes Appeal For Protection From Jap Invasion

GENEVA, Sept. 13.—(AP)—The League of Nations rebuffed an attempt to unseat the Spanish government today at the outset of a tense and closely guarded session which is to hear the Spanish accusation of Italy as the Mediterranean pirate power.

While the assembly met, France and Great Britain assembled a mighty fleet of 60 men-of-war to drive the mysterious raiders from the inland sea. Already there were unconfirmed reports from Spanish-Catalan pirate submarines, her crew still alive, lay blasted and crippled under water.

Spanish insurgent Generalissimo Francisco Franco in a letter to the League contended his government was the only one representing the will of the Spanish people. But the League Credentials Committee decided the credentials of the Valencian delegation were in order and the assembly seated it.

The assembly likewise applied any Mussolini hopes that the League would expel Ethiopia which he conquered from its membership. No voice was raised against Ethiopia during the session of the credentials committee. The assembly adjourned until 5:00 P. M. after China's appeal against Japanese aggression was distributed to the delegates. The appeal, saying Japan had invaded China and was continuing its invasion with all her army, navy, and air force, had been filed only a few hours before.

China filed another communication accusing Japan of violating all international law and all precepts of humanity.

British authorities were unable to confirm in any way the Cartagena report from unofficial Spanish government sources of

William W. Smith Dies At Son's Home

William W. Smith, 71, died suddenly at the home of his son, M. F. Smith, of Floral Heights.

Mr. Smith had been living at the home of his son for only 10 months at the time of his death, according to reports from Columbia City, Ind.

The 1937 man was a retired farmer and was born in North Webster, Ind., May 15, 1863. He is survived by one daughter, Miss Levona Smith of New Castle, Ind. Three sons, M. F. Smith of Sanford, Edward Smith of Springfield, Ohio, and M. T. Smith of New Castle. Also two sisters in the north.

The remains will leave Sanford this afternoon for New Castle accompanied by his son and daughter-in-law, Mr. and Mrs. M. F. Smith.

Mother's Pensions Not To Be Reduced

Recipients of Mother's Pensions need have no fears that their monthly allocations will be reduced during the coming year because of the reduction in this particular fund by the County Commission.

Vivienne Wingard Weds John C. Finnell

Of interest to a number of friends here is the announcement of the wedding of Miss Vivienne Wingard and John C. Finnell on September 5 in Augusta, Ga. The following account was taken from an Augusta paper:

"Miss Vivienne Willis Wingard and Mr. John C. Finnell of Sanford were married at a pretty ceremony at the home of the bride's parents, Mr. and Mrs. Horace Leslie Wingard at 5:00 o'clock Sunday afternoon in Augusta, Ga. Dr. Robert Excell Fry performed the ceremony in the presence of only the immediate families of the couple.

"The vows were spoken before a graceful improvised altar at the mantel piece. White clematis draped the mantel which held a seven branched candelabra holding white tapers at either end, and was lined with smaller white candles. Palms were placed at both ends of the arrangement, and bows and baskets of pink giant sinias and antigon were arranged throughout the rooms.

"Miss Mary Finnell, sister of the groom of Sanford was the bride's only attendant. She entered with Mr. Roger Mellinger of Sanford who was best man for Mr. Finnell. The maid of honor wore a tailored crepe dress in red earth shades finished with a long fringed sash. Her hat and other accessories were in brown, and she wore a corsage of pink rosebuds.

"The bride, who entered with her father who gave her in marriage, was lovely in her wedding dress, a costume of dryad green-tinted pieces with a tight fitting velvet basque coat buttoned from neckline to waist with small brilliant stud buttons. The full accordion pleated skirt had bandings of the velvet. She wore a small coronet urban in the same shade and wore three-quarter gloves and shoes in deep brown. Her arm bouquet was of Tallahassee roses. Her only ornament was an antique bracelet in old gold encircled with diamonds, an heirloom in the family of the groom's mother.

"Mrs. Wingard, mother of the bride wore an afternoon ensemble of winter rose crepe with a red-gorge of Napoleon blue. Mrs. Eupha Finnell of Sanford, mother of the groom wore flowered chiffon with pearls.

"A number of friends and other relatives of the couple were invited to attend the informal reception at which Mr. and Mrs. Wingard entertained immediately after the ceremony. Three-quarter of the bride's table in the dining room was covered with a lace cloth and centered with a crystal bowl holding an arrangement of white dahlias and clematis. Crystal candelabra at either end held white candles. The buffet was decorated like the bride's table and the punch bowl, which was on a separate table, was entwined in antigon and clematis. Mrs. Randall Strozier and Miss Helen Knight presided over the punch bowl and Miss Eugenia Rodgers, aunt of the bride, was in charge of the bride's book.

"Following the ceremony, Mr. and Mrs. Finnell left for a wedding trip, the latter traveling in a black crepe suit with touches of white with which she wore black accessories and a corsage of pink rosebuds. After September 20 the couple will be at home at 606 Park Avenue, Sanford."

Rosin and Turpentine got their name of "naval stores" from their early importance in the construction of wooden ships, points out the State Chamber.

China now is chief supply source for this oil, which L. A. Wheeler, foreign trade expert at the agriculture department said yesterday. It is utilized in high grade varnishes and paints for its fast drying qualities.

More than 100,000,000 pounds of this oil, valued at from \$15,000,000 to \$18,000,000 has been imported in recent years, the bulk coming from China.

When an artist paints a picture he does not think of his colors in terms of red, green and blue so much as placing "warm" colors against "cold" colors on his canvas.

GOOD RELIEF of constipation by a GOOD LAXATIVE

Many folks get such refreshing relief by taking Black-Draught for constipation that they prefer it to other laxatives and urge their friends to try it. Black-Draught is made of the leaves and roots of senna. It does not disturb digestion but stimulates the lower bowel so that constipation is relieved.

BLACK DRAUGHT

Simply vegetable laxative

Anna Lenora Brown And Russell Mitchell Married On Saturday

Miss Anna Lenora Brown, daughter of Mr. and Mrs. John Alden Brown, and F. Russell Mitchell, Jr. of Natchez, Miss. were married Saturday afternoon at 6:30 o'clock. The double ring ceremony was performed at the First Methodist Church with the Rev. Paul Redfern officiating. The bride's ring was a yellow gold band which was used by her maternal grandmother 56 years ago.

On either side of the altar was placed a tall graduating candelabra holding seven burning tapers. Tall white floor baskets filled with chrysanthemums, tube roses, dahlias and fern were placed at intervals about the church. Fern was entwined in the windows intermingled with tube roses.

The bride was gowned in white linen lace over white tulle. The dress was fashioned on simple princess lines with buttons from the neck to the waist in the back. The skirt was flared with a long train. Her veil fell from a tulle cap fastened by a satin halo. Her only ornament was a chain and cross belonging to her maternal grandmother. She carried a shower bouquet of white roses, valley lilies and fern tied with white satin ribbon.

The bride's attendants were Miss Nellie Elizabeth Williams, maid of honor, Mrs. Harry Bradburn, and Miss Doris Frances Godard of Palatka, bridesmaids. Merlin C. Barnes of Jacksonville acted as best man. The groomsmen were George Mitchell of Palatka, Edward Mitchell, both brothers of the groom, John Alden Brown of Daytona Beach, and the Rev. and Mrs. Walter Peck.

Miss Williams wore cornflower blue lace over blue silk. Her gown had a tight fitting bodice and full skirt. Across the back of her head she wore a wreath of peach color roses. Her bouquet was of Rubrum lilies, pink roses and fern tied with pink satin ribbon. The bridesmaid wore rose pink organza with high necks, tight bodice and flared skirts over deep rose silk. Wide rose, lined velvet sashes completed her costume. Each wore a pale pink wreath of roses over the crown of their hair. Mrs. Bradburn carried a bouquet of light pink asters tied with deep rose ribbon and Miss Godard's bouquet was of deep rose asters tied with blue ribbon.

Mrs. Brown, the bride's mother, was attired in a duffel coat green with short puffed sleeves and flared skirt over pink silk. With this she wore a rough straw dusky rose picture hat. She had a waist corsage of Mrs. Charles Bell roses, valley lilies and fern.

The groom's mother wore blue silk with a long sleeved lace jacket. Her accessories were white. She wore a corsage of pink radiance roses and lilies of the valley.

Immediately after the ceremony the couple left for a wedding trip through Central Florida and Louisiana. After two weeks they will be at home in Natchez, Miss.

Miss Brown graduated from Seminole High School in 1930. She attended the Florida State College for Women and since graduation from there she has been a member of the faculty at the West Side Primary School.

Mrs. F. R. Mitchell, formerly of Sanford, is an electrical engineer for the McWilliams Dredging Co., with headquarters at Natchez, Miss. He was graduated from Seminole High School in 1926 and attended the school of electrical engineering at Newark, N. J.

Out of town guests attending the wedding were: Mr. and Mrs. W. D. Hooehan, Mrs. Ed. Maltlenburg, Mrs. Roy Harrison, Mrs. Mabel Giles, Miss Helen Hooehan, Ruth Hooehan, Marian Hooehan, Sara Pascal, Kathleen Morris, Helen Scott, Marie Williams, Gertrude Adkins, and Wayne Luther, James Hooehan and William Hooehan, all of Daytona Beach. Also Mr. and Mrs. Frank Godard of Palatka, Mrs. Merlin C. Barnes of Jacksonville and Mrs. George Marriette of Cincinnati, Ohio.

STETSON ADDITION

DELAND, Sept. 13.—Pictured here is Stetson University's latest addition to its dormitory accommodations for girls: Standish Hall, composed of six suites. In every suite are three bedrooms, two baths, a lounge-study, and a balcony porch.

From Coast To Coast

(Continued From Page One)—thousand dollars, which will irrigate about one hundred acres. Salenas is in the very heart of the Ice Burg Lettuce fields, thousands of acres. We stopped in a grading house and saw them grading lettuce to ship. Also drove over hundreds of acres of land farmed by Japs. We were carried through hundreds of acres of seed testing lands for vegetables, also flowers.

The drive was not far to Monterey, founded in 1770 and the first capital of California. In and around Monterey were so many beautiful and interesting places, I could never decide which I loved best. There was Pacific Grove—a garden of beautiful flowers and Spanish type homes; the world famous Del Monte Hotel—which we went through, also saw the Roman pool, made of Italian marble with Egyptian figures in mosaics.

But the most picturesque of all was lovely Carmel-by-the-Sea. Around there we spent several days, truly the loveliest spot on the West coast, nestled on the very rim of the Pacific. The famous seventeen mile drive was especially interesting and scenic, winding along the ocean edge of Monterey Peninsula. Where the ocean and bay meet, the two currents dash against mighty rocks along the coast, causing a spray a hundred feet high. Constantly the fog horn blows and the ocean beats the rocks, as though it were challenging the rocks of ages against its strength.

On one rock we saw hundreds of sea lions and seals, some a bright slick black others a velvet brown. They would howl or bark like deep throated dogs. It was back through this section we saw the queer shaped cypress trees. Then on to Pebble Beach, where magnificent estates overlook the sea. Now a drive North on Monterey Bay to Santa Cruz, which is a sea side playground, but a most wonderful drive of all is South over the new highway. This carried us up on high mountains overlooking the Pacific, down to sea level, through farms extending to the ocean edge, and over the tallest single arch concrete bridge in the world, at Big Sur.

Went through Carmel Mission, built in 1771, very lovely old place, with the outer steps leading to the bellery, all antiquated now.

At the close of the program refreshments were served by a number of Miss Chapman's friends. The program was as follows: Hungarian Lullaby Overture — Keler Bela. Prelude — Edgar Guest. Wedding Day — Opus 55-no. 6. Edward Grieg. The Sun of Puzta — Keler Bela. Polonaise in A major — Opus 40-no. 1. F. Chopin. The Higher Education — Dorothy Dix. Prelude Militaire — Opus 23-no. 5. Bachmanoff. Spanish Dance — Opus 12, no. 1. Moszkowski. Helen, Mabel, Olive and Virginia Chapman. Second piano work by Mrs. Hickson.

The first real piano was developed in 1709 when an Italian, Bartolomeo Cristofori, invented a system of hammers which when striking the strings of the harpsichord drew forth marvelous rich tones.

LAKE MARY

Mrs. Talmadge Courson of Pearson, Ga. is spending two weeks at the home of her sister, Mrs. Frank Minscnew.

Prin. R. E. True and two daughters Natalie and Charlotte, returned to their home here last week. Mrs. True will join them here soon.

Mr. and Mrs. W. P. Burke of Sanford have moved the past week into Mr. T. A. Greenleaf's house.

Mrs. Wm. Brown of Miami was in town Saturday calling and a roost for doves.

At Monterey we left the coast for Santa Clara Valley, stopping in San Jose (pronounced San Soh SAY) to view the Rosicrucian center. We went through their fine museum and heard a splendid lecture of the interior of the Egyptian pyramid. Also attended their planetarium and heard a talk on the moon and stars.

While in San Jose we visited the Garden City Pottery, where some of California's lovely colored pottery is made. Now did I have the thrill of my life in the midst of all that gay colored pottery. I must have had a hunch, and didn't spend my money in Mexico. For eighteen miles north of San Jose to Palo Alto there were hundreds of stands selling the big Bing cherries.

To Be Continued

of Sanford have moved the past ration to return to Miami for the winter. We are informed that Mr. and Mrs. Bridger will move into the house formerly occupied by Mr. and Mrs. Brown.

Mr. and Mrs. J. H. Houghton returned last Friday from New York where they accompanied the remains of Mrs. Houghton's father, Arthur Gregory, for funeral at his home in Ganagaville, N. Y., and interment in Morris, N. Y.

The Rev. and Mrs. J. N. Thompson and children returned home yesterday from Brivar, N. C. where they have been vacationing for several weeks.

Postmaster J. B. Jones, Jr. and party spent Monday at Coronado Beach.

J. C. Kasell was in Sanford on business Tuesday.

Miss Ella Bell Jones was visiting in Oviedo Sunday.

Owen Wright To Hurl For Locals Against G-Men.

Game Yesterday Washed Out; Both Teams Tied Up As One All As They Resume Playoff

Wright Will Probably Be Faced By Andy Sierra Or Red Sweeney In Third Crucial Contest Of Series

Bill "Raw Meat" Rodgers and his Sanford Lookouts, will make another trip to Gainesville today where they will meet "Foot" Williams and his Gainesville G-Men in the third game of the "little world series" in which Rodgers will send Big Owen Wright up against Andy Sierra or Red Sweeney.

The game scheduled for Harris Field in Gainesville yesterday was completely washed out due to heavy rains in that city. The entire park was at least two or more inches under water and it was impossible to play and more rain fell later.

In several street crossings in Gainesville yesterday, the rain water was up over the sidewalks, also over the running boards of the automobiles and had blocked traffic.

Kingdon May Be Out For Rest Of Season

West Kingdon, second baseman for the Sanford Lookouts, may be out of the baseball world for the remainder of the 1937 season. He suffered a severe charity horse during the second game of the DeLand Series.

Prospects For Huge Florida Sugar Output Is Seen By Peterson

LAKELAND, Sept. 12.—(AP)—If the state's sugar quota would permit unlimited production, the Florida sugar crop could be tripled immediately, and within a few years could be made seven times as great as it is now, Congressman Peterson estimated here yesterday. He said that within five years the industry could be expanded to hire 30,000 persons in the Everglades section with a payroll of \$30,000,000 annually.

The big problem is to secure a sufficiently large quota for the state under the sugar bill, he said, but an increase of about 50 percent probably will be made this year.

Gator Gridders Have Two Weeks To End Workouts

Cody Hopes To Make Good Showing With Squad In 1st Tilt

GAINESVILLE, Sept. 12.—Just a week from next Saturday night, the Gators will trot out under the lights at Baton Rouge, La., to face in their opening game of 1937, one of the nation's great football squads, L. S. U.

There never was a Floridian who didn't like to boast, but somehow you don't hear the home folks bragging about these Bayou Tigers. There are a few teams that Florida might open the season with, and reasonably expect to beat, but for several years now some of the best grid outfits that have come along, found out that old L. S. U. Couldn't be whipped.

Not that the Florida boys wouldn't like to win, nor that they won't battle it doggedly, but the boys who know their football material, are aware that out at L. S. U. Bernie Moore has another array of exceptional talent, and that the Gator game will be almost a question of just how many touchdowns they want to pile up on Florida.

There is no shying away from the big game which Florida faces on this coming September 25. It's the greatest ball club the Gators have been asked to play in an opening game. Back in 1923 Florida trekked up to West Point to open with the Army, but Army did not occupy the place in the national football sun that year which L. S. U. now holds.

And because L. S. U. has become America's fastest growing university, has produced champions in football, track, golf and other sports, there will be quite a galaxy of Floridians going out to L. S. U. for that curtain-raiser ball game. Fortunately the shock won't be too great, when the old game is over, for there isn't a man who knows his football heron-bouts who conder the two teams ob anything resembling parity.

What Coach Josh Cody and staff hope their team can do is to make a creditable showing. It's a one-year contract, and Boss Cody makes no secret of the fact that he would like to keep on playing L. S. U. The Tigers would be a great drawing card any where on Florida soil, and the authorities of the two institutions might get together on a longer term contract if Captain "Tiger" Mayberry and company can put up a pretty fair exhibition out at Baton Rouge.

This past week has been a tough one on the athletes, for a part of a heat wave swept you east about in the east and middle west, descended into the Florida football camp and the "old bear" kept company with the Gators. Several practices were cut short because the weather was just too much. But to the job of conditioning themselves, the Codymen stuck gamely, and there seems to have been a satisfactory measure of progress made.

FLORIDA BOY SETS U. S. SWIMMING RECORD

Ralph Planagan, 20, the husky free-styler from Miami, Fla., is shown setting a new American record of 20 minutes, 42.6 seconds in winning his third consecutive Men's National A. A. U. one-mile championship at Chicago. He finished 200 yards ahead of John Patton, Jr., of Fort Lauderdale, Fla.

OUT IN FRONT of the parade of collegiate football stars marching back to gridirons throughout the nation is Minnesota's Andy Uram, a triple threat back whose team has been rated No. 1 by most of the nation's sports authorities for the past three years. The 190-pound senior is co-captain.

DeLand Breaks Even During 1937 Baseball Year

22,000 Saw Reds In Action This Year At Conrad Field

DELAND, Sept. 12.—The DeLand Baseball Association broke even on its 1937 season expenses for the first time in history, Business Manager Bill Page said recently.

Paid admissions for the season's 70 home games, and two home games during the playoff, totaled approximately an even 22,000 he said. 40 cents being charged for adults, 15 cents for children and negroes (except during the playoff when negroes were charged 25 cents each).

There were 2,000 admissions paid for the playoff games here. "We figured that if we received \$130 on an average for each of the home games we would realize enough to pay both local and out-of-town expenses," Page said, adding that since total receipts have not been figured exactly, and since all the bills haven't been submitted, he doesn't know exactly how near the average came to \$130.

The Reds closed last year's season with a \$2,500 deficit, but that was cleared up early this year by the sale of \$1,800 worth of association stock, and by donations totaling \$700.

"Breaking even" this year means no current expenses, Page explained. It doesn't mean the club has enough to meet an installment due next Fall on a \$3,000 loan the club obtained from Francis Whitehead, through the city, for installation of lights on Conrad Field.

The business manager said the Reds have renewed their working agreement with the Cincinnati Reds, under which the major league club can claim for DeLand club players at the end of every season.

He released a list of players whom Cincinnati, through its Peoria, Ill., farm club, are claiming now. Catcher Delfino, Pitcher Al Swales, Right-fielder Hughes and Third Baseman Alano under the agreement. In addition, Cincinnati bought Pitcher Eddie Harper and Harrel Toomes for \$100 a piece for the Peoria farm.

Page said he has prospects for the sale of Adair and McMullen, left fielder and pitcher, respectively.

Garlic salt gives a piquant flavor to lamb.

Warren Odham Out For Remainder Of '37 Football Year

Columbus Captures Association Title

WARREN ODHAM, 218 pound tackle for the Seminole High School Celery Feds will not be able to report for future seasons this season due to physical conditions. Odham underwent an operation for appendicitis about two and one half months ago and according to his doctors orders, he has not yet completely recovered.

Odham was branded as a regular this season due to his weight and build and it is expected that next season he will be on the varsity.

The American Association pennant battle, featured by the torrid "stretch" fight between Columbus, Toledo and Minneapolis, ended yesterday with Columbus in first place by a full game over Toledo with Minneapolis, third. Fourth place, and a spot in the post-season playoffs, went to the Milwaukee Brewers, 1936 title-holders.

The final standings:

Team	W	L	Pct.
Columbus	90	64	.584
Toledo	89	65	.578
Minneapolis	87	67	.565
Milwaukee	80	73	.522

Nyon Accord On Piracy Is Signed Today

Pact Among Nine Nations Deals Solely With Sub Warfare In Mediterranean Sea

League Of Nations Plans Other Acts

England's Mediterranean Fleet Raised From 42 To 90 Ships

VATICAN CITY, Sept. 14.—(AP)—The Vatican newspaper, Osservatore Romano, warned in a striking editorial today that the blood of priests may be shed in Germany "as it was in Spain" if Nazi paganism goes on. "This," said Osservatore Romano, "can be the consequence in the Third Reich unless anti-Christianity ceases to sow the seeds of hatred and to vilify every sacred thing."
A column and half warning was spread on the front page of the newspaper.

Geneva, Sept. 14.—

(AP)—Envoy of nine nations signed today at placid Nyon a historic document to suppress submarine "piracy" in the Mediterranean—with war vessels of Great Britain and France already steaming toward what experts called the greatest naval demonstration of its kind ever planned. The accord deals solely with the question of piratical submarines attacking merchant ships, the pact which the government of Spain and Soviet Russia charge Italy, today denies this just as Italy, the League of Nations itself will consider how to deal with other forms of Mediterranean aggression.

Nine torpedo boats from French Atlantic fleet—with fresh cargoes of supplies and munitions—drove quickly toward their Mediterranean patrol posts. They augmented the formidable fleet of British warcraft already at Mediterranean stations. The admiral at London disclosed Britain in the next few days will have 90 ships in the Mediterranean instead of the usual 42.

Halle Telesse, deposed Emperor of Ethiopia, sent a note to the League reasserting his country's right to membership and warning against any attempts to exclude her by "tricky procedure."

He explained that he was not signing a delegation to the Assembly meeting because the Italo-Ethiopian dispute is not on the agenda.

It appeared that the League would not be able to avoid the Mediterranean issue since Negrin insisted on demanding protection for the loyalist merchant shipping as well as for that of the nine powers collaborating in the Nyon accord on "piracy."

Before adjourning tonight the Assembly elected the Aga Khan, spiritual head of millions of India's Moslems and wealthy sportsman, president for the session.

The Spanish loyalists already have succeeded in placing the "piracy" issue and direct accusations of Italian terrorism on the high seas before the League council, which will meet again tomorrow. League leaders hoped to let these protests die in the council.

Stock Mart Slumps Again This Week

NEW YORK, Sept. 14.—(AP)—Another severe crash in stocks, the third within a week, shook financial markets yesterday in the close of the treasury move to re-lease part of the "sterilized" gold bonds, widely interpreted in Wall Street as meant to be a reassuring signal for investors.

Deflated by heavy selling, the stock market looped the loop in a dizzy fashion. Many issues swooned upward in the last hour and rebounded part of their losses when they broke to the lowest prices in 12 months or longer.

With the late rebound rumors the through-the-market circles big gains were being reported at the top of the day. Some gains since midday were reported in some sections of the market.

"YOU ARE THE PEOPLE"

Striking this emphatic pose, Norman Thomas, Socialist Party member, addresses a gathering of sharecroppers at Memphis, Tenn. "You are the people who raise the cotton—and have so little to clothe yourselves," Thomas is on an inspection tour of the South.

City Lays Plans Power Company For Construction Offers Rate Cut Of \$29,000 Park Of Over \$400,000

WPA Expected To Advance Most Of Money For Lake Park

A project for the improvement of the west end of the city, Lake Front Park, was submitted to the City Commissioners last night for their tentative approval by City Commissioner Fred T. Williams. The project calls for an expenditure of over \$29,000, a fraction over 20 percent of which will be paid by the City and the remainder by the Works Progress Administration.

The project calls for the drilling of two wells and the installation of a sub-irrigation system to provide the necessary moisture for the grass and numerous shrubs required in the plans for the park. It also provides for water mains to supply the necessary water for sprinkling.

The seven and one-half acres of this park will also be covered with three inches of muck and over a mile of walk through the west end of the grounds will be constructed of shell rock.

The park also entails the construction of two tennis courts, ten shuffle board courts, 20 concrete seats, and the planting of nearly 2000 plants, shrubs, and trees.

Mayor Edward Higgins urged Mr. Williams to complete the plans for the project as quickly as possible so that it might be acted upon by the Commission and forwarded to W. P. A. headquarters for final approval.

A letter received from the Sanford Junior Chamber of Commerce relative to the improvement of the park was read indicating that this organization is prepared to contribute enough money for the construction of two shuffle board courts. A suggestion for the City to solicit other donations for the improvement of the park area was discussed but no plan was formally adopted.

Wallace Beery Shoots Self Accidentally

HOLLYWOOD—Wallace Beery, diamond-in-the-rough film star, accidentally shot himself in the leg yesterday while filming a scene in M-G-M's production "Badman of Brimstone."

Beery's role required that he dead upon the set with two guns drawn. On the third "take" Beery tripped and one gun discharged a blank cartridge into his leg above the knee.

Emergency treatment was given at the studio hospital and the actor was removed to Cedars of Lebanon Hospital, where Dr. Clarence Moore said Beery would be incapacitated for several weeks.

Dr. Moore said the wound was very painful but not serious and that complications set in.

Commissioners Power Official Discuss Lines

City May Lease Power Lines Of Florida Power And Light To New Water Pumps

The leasing of the present power lines connecting with city pumps and owned by the Florida Power and Light Company to the City in place of the construction of a new line by the City, was the proposition offered last night by C. C. Coleman, local manager of the Florida Power and Light Company.

Mayor Edward Higgins indicated that the offer would be given careful consideration by the Board, since the construction of 3.2 miles of new line and its maintenance for the transmission of power to be generated at the City's pumping station to the pumps at the City's wells, is considered a costly undertaking. It was indicated at the meeting a rental agreement with the Florida Power and Light Company might afford a great savings to the City.

In making his proposition, Mr. Coleman read the following letter to the Board:

"We are informed that you have under consideration at the present time the construction of 3.2 miles of power line for your well pumps on the Orlando Highway, which is to cost you approximately \$2,300.00.

"For a number of years we have provided and maintained a power and control line for your exclusive use in supplying power to your wells and we would be glad to work out a mutually agreeable lease arrangement for your future use of this same line.

"We will be very happy to be of assistance to you in financing this project and, of course, regret exceedingly that our power will not traverse the line, but, if we can save the City and taxpayer the cost of new circuit, it should work out to our mutual advantage."

At their bi-monthly meeting last night the Commissioners also entered into a lengthy discussion relative to the diversion of truck traffic from Park Avenue to French Avenue, which it was pointed out was the logical thoroughfare for the heavily loaded freighters of the road.

The commissioners discussed the ruinous effect of this traffic on Park Avenue and pointed to the condition of certain parts of the street as evidence.

Mayor Higgins indicated that the State Road Department might maintain French Avenue under a special act of the Florida State Legislature and instructed City Clerk Frank Lamson to write the State Department relative to this matter and also to get estimates on the price of large signs to place on the highway south of Sanford to denote the truck route.

Capt. Fred Fern, head of the Salvation Army Unit here, appeared before the Board and requested that the City's monthly allocation for the feeding of transients be increased. Mayor Higgins advised him that the matter would be given consideration.

The Commissioners also approved five applications for license to sell beer and the fact (Continued on Page Three)

From Coast To Coast AND BACK AGAIN

By MRS. J. J. BOLIY
As I understand the church was set in the West throwing its millions of colors through the Palo Alto is bristling with stucco houses and red tiled roofs, sand-seed gardens, low grill work, hand wrought timbers, link the romantic architecture of early days to more modern dwellings of today. Tropical trees flourish among native oaks, shading sunny patios on warm days.

Palo Alto is the seat of Stanford University, formerly known as LeLand Stanford Jr. University, and the home of ex-president Herbert Hoover. Stanford University is wonderful with its red-tiled roofs and its many arched corridors, just a step within its own walls. The Stanford Memorial Church is famed for beautiful

Japanese Bomb Sinks Refugee Boats With 400 Casualties

COMMUNISTS MARCH TO CHINA'S AID

Forgetting their own fight with Chinese Nationalists, these Chinese Communists are marching toward Peiping and Kalgan to join the Nanking government in a united front against the Japanese. The banner they carry praises the "brave heroes of Spain," indicating their sympathy for the Loyalists.

Anarchists Take Control Of Gijon Ousting Loyalists

Entire General Staff Of Madrid's Northern Army Jailed

BIENDAYE, Sept. 14.—(AP)—Anarchists have made coup d'etat at Gijon, lone Spanish government stronghold in the northwest and have set up an Asturian dictatorship. Insurgent officers announced at instant today.

Secret military advisers said Belarmino Tomas, an anarchist, headed the movement. He issued a decree breaking off relations with the Spanish government and setting up a separate, anarchist state in Asturias, with himself as dictator.

One of Tomas' first acts was to order the imprisonment of the whole general staff of the Spanish government's retreating northern army. Moreover, insurgent headquarters at Irún stated, he imprisoned the foreign military experts who were with the government forces.

Several high Spanish officers were ordered executed. Two boats were loaded with rightist prisoners. The insurgent announcement said, and the captives were warned they would be sunk if the insurgents made any more bombing raids on Gijon, their present objective in the north.

SURVIVES SNAKE BITE

PAMPA, Tex., (AP)—Frank Culbertson of Pampa was bitten on the nose by a rattlesnake while sleeping on the ground during a vacation in New Mexico. Serum saved him.

CITY NEWS BRIEFS

The Sanford Lions Club will hold its regular weekly meeting tomorrow night at the Valdez Hotel, according to an announcement made today by J. L. Galoway, secretary of the club. The meeting will start promptly at 7:00 o'clock.

Members of the Sanford Chess and Checker Club will hold their weekly meeting tonight at 7:30 o'clock in the club room at the Valdez Hotel according to an announcement made today by A. C. Madden, secretary. Mr. Madden also stated that a short business meeting will be held so that those wishing to attend the Sanford-Gainesville game may be able to get to the game on time.

Fourteen Persons Hailed Before City Judge F. L. Miller

Fourteen persons were arraigned before City Judge Frank L. Miller in a session of the Municipal Court yesterday afternoon to charges ranging from wrecking of a sewer line to theft of a government check.

However, the greater number of charges were for only minor offenses and only small sentences were given the violators.

Ten persons appeared before Judge Miller charged with disorderly conduct. Six were negro girls who pleaded not guilty to the charges but were fined \$2 or four days in the City Jail. Also T. C. Phillips and Violet Phillips, negroes, were fined \$10 or 30 days when they were found charges. W. J. Hall and Jake Johnson were also held on disorderly conduct counts but were released when they pleaded not guilty.

Lola Lattimer, negro, was dismissed of charges of wrecking a sewer and Mose Bryant was also dismissed of doing business without a license.

Willie Mae Orso, negro, was transferred to the U. S. Government on suspicion of stealing a government check.

Joseph Russi Is Arrested Here On Bigamy Charges

Italian Deserts His Wife; Then Elopes With Wife's Sister

County Judge R. W. Ware today told a story stranger than fiction. It was the story of two children of Italian descent who were torn between a desire to remain with their father who was arrested last Saturday on charges of bigamy and the promises of their mother, a stranger to them, of more food and better clothes at their old home town in Negaunee, Mich.

This story was revealed with the arrest of Joseph Russi last Saturday when his wife swore out a warrant for his arrest after locating him in this City.

According to the story revealed today by the County Judge, Russi married Philomena Benofre in the small Michigan city in 1921 and three children were born to this union. In 1929 Russi deserted his wife and took two of his children and his wife's sister Albertina Benofre to California and then wandered to Sanford where they have lived for the past seven years.

During these years the mother has been frantically searching for her children and not until recently did she learn of the whereabouts of her husband and her sister.

Mrs. Russi arrived here last Saturday to claim custody of long sought children who at first would not consent to accompany her back to their former home in Michigan. Finally, however, the children agreed to go with their mother whom they had not seen since infancy. There still remains an almost insurmountable problem, the County Judge stated, namely the disposition of the expectant mother and the three children which have been born to Russi and his wife's sister.

Russi has been transferred to the Circuit Court and his case M. 10:58 P. M.; high, 3:40 A. M.; 4:23 P. M.

DIVORCE SOUGHT

HOLLYWOOD, Sept. 14.—(AP)—Milton Cashey, business manager of Ricardo Cortez, said yesterday the actor's wife, Christine Le Cortez, will sue for divorce.

SEC HEAD RESIGNS

WASHINGTON, (AP)—David Saperstein director of the trading and exchange division of the Securities and Exchange Commission resigned last night to return to private law practice in New York.

Chinese Civic Center At Kiangwan Is Occupied By Advance Guard Of Jap Army

Chinese Airplanes Defeat Jap Fleet

Navy Battle At Mouth Of Canton River Said To Favor Chinese

SHANGHAI, Sept. 14.—(AP)—The Japanese army splashed forward through a torrential rain today in a massed attack against Chinese second line positions northwest of Shanghai. A Japanese spokesman reported that strong fortifications at the Chinese civic center of Kiangwan had been occupied and Japanese troops were pushing deep into the delta.

Muddy roads were jammed with Japanese reinforcements moving up to bolster the assault against the new Chinese line. New horror was added to the tragic story of the undeclared war at Shanghai when the Chinese Central News Agency reported 400 civilian war refugees had been killed or wounded by Japanese bombs rained on flimsy sailing boats in which they were fleeing the city. Three of the boats were said to have been sunk and six damaged.

Blind Bogey Game Held By Golfers At Local Course

The Sanford Country Club held a blind Bogey Tournament last Saturday and Sunday afternoons on the local golf course and prizes were won by E. S. McCall, Henry Zurhede, George Thurston, L. F. Boyle and Jack Horner.

Mr. Zurhede and Mr. McCall tied for first place and Mr. Thurston, Mr. Boyle and Mr. Horner made it a three way tie for second place.

Many local golfers visited the course during the past week and those taking part in the tournament were L. F. Boyle, H. H. Coleman, E. V. Turner, Roy Symes, Jr., E. S. McCall, A. C. McReynolds, Howard Paville, Fred Bolly, Henry Zurhede, John Ludwig, George Thurston, John Herbst, Roy Holler, Eugene Tiller, C. E. Clem, Harry Bradham and Claude C. Locke.
