

Mrs. Roosevelt

(Continued From Page One) that the spiritual side of life is most important.

"I should be happy if some agreement could be reached on passages from the Bible and some prayer that could be used that real religious teaching of any child must be done by his own church and in his own home."

Cardinal Spellman, stating that America's Catholic youth fought equally with those of all other faiths in the recent war, asked in his letter to the late President's widow: "Would you deny equality to these Catholic boys?" During the same year, when you visited the hospitals in many countries, then how is it that your own heart was not purged of all prejudices by what you saw there, our sons, suffer?"

Mrs. Roosevelt replied:

"I have never visited hospitals and asked or thought about the religion of any boy in any bed. I have never in a military cemetery had any different feeling about the graves of the boys who gave their all in the cause of every race, color and creed fought for the country and they deserve our help and gratitude."

"It is not my wish to deny children anywhere equal rights or benefits. It is, however, the decision of parents when they select a private or denominational school, whether it be Episcopal, Wesleyan, Jewish or Roman Catholic.

"I can assure you that I have no prejudice I understand the beliefs of the Roman Catholic Church very well. It happens to be a protestant and I prefer my own church, but that does not make me feel that any one has any less right to believe as his own convictions guide him."

Mrs. Roosevelt said that "if you carefully studied my record, I think you would not find it one of anti-Catholic or anti-any religious group."

"I have no bias against the Roman Catholic Church and I have supported Governor Smith as governor and voted for him as a candidate for the office of President of the United States. I have supported for public office many other Roman Catholic candidates."

"You speak of the Mindzenty case. I spoke out very clearly against any unfair type of trial and anything anywhere in our country which might seem like attack on an individual because of his religious beliefs."

"I can not, however, say that in European countries the control by the Roman Catholic Church of great areas of land has always led to happiness for the people of those countries."

Cardinal Spellman said in his letter to Mrs. Roosevelt that "your record of anti-Catholicism . . . is unworthy of an American mother."

He replied:

"I assure you that I have no sense of being an 'unworthy American mother.' The final judgment of my dear Cardinal Spellman of the worthiness of all human beings is in the hands of God."

Erlin Base

(Continued From Page One) new F-86 jet fighter and the B-36, the world's biggest, and America's most controversial, bomber.

Its testing arsenals are stocked with the new rockets and improved guns and bombs which make a modern warplane a flying destroyer. Commercial units test the recently improved postwar fire and smoke bombs.

Remote target grounds are chewed up and scarred by the blast and heat of the tons of missiles tested upon them.

Every new plane and weapon is rolled into the 70-foot high climatic hanger for weather tests.

Inside the giant building, every kind of weather from an Arctic storm with a temperature of 70 degrees below zero to searing desert heat can be duplicated. The climate of a steaming tropic jungle can be created.

The strato-chamber reproduces for flies and their personal equipment the chilling temperatures and sudden changes in atmospheric pressure of high altitude combat.

Because of the climate hanger, it isn't necessary for the Air Force to send a plane to the Arctic to find out if it can operate in sub-zero temperatures. General Kepner pointed out.

"The climatic hanger can tell us whether a plane can get off the ground once it lands up there," he said.

European Trip

(Continued From Page One) on the question of military organization under the North Atlantic Treaty.

Although the chiefs have made inspection trips abroad individually, this will be their first such trip as a group.

With the commanders of all the U.S. armed forces in the group, it will be possible to present to high commands an overall picture of American planning.

It is known to assume, it was agreed, that General Dwight D. Eisenhower will not go to Europe with the group.

Somehow he has been carrying as temporary chairman of the joint Chiefs group but returned to his University presidency last spring and now comes to Europe only for occasional

A MINER in Pittsburgh, Pa., John Puhatch, his wife, Dorothy, and their children (l. to r.): John, Jr., 4; Kenneth, 3, and Priscilla, 6, are pictured reading the good "No Strike" news in their local paper following steel industry's "big three" acceptance of President Truman's plan for a 60-day truce. A former special counsel to Presidents Roosevelt and Truman, Judge Samuel I. Rosenman (right) of New York has been named by Truman to the three-man fact-finding board which will investigate the steel wage dispute. Others are Carl R. Daugherty, Northwestern University professor, and David R. Cole of New Jersey. (International)

They are followed by Princesses Elizabeth and Margaret Rose, Dowager Queen Mary and Prince Philip. (International)

**Steel Union**

(Continued From Page One) stand, the board acted the day before the union is to press its case for wage increases, pensions and insurance benefits before a presidential fact finding panel.

"It is unnecessary for this executive board x x x to record its unalterable opposition to Communism," the resolution stated.

"This union and its officers reiterate their opposition to Communism. We object, and we continue to object, in principle, to the Taft-Hartley requirement that unions file non-Communist affidavits because:

"1. In the opinion of the union this is an unconstitutional invasion of the political freedom of unions, union members, and union officials.

"2. The provision is one-sided in its application to unions and not to corporate officials and does not encompass expressly Fascist and other totalitarian and subversive organizations.

"3. It is part of a viciously anti-union statute.

"4. It has no legitimate place in a labor-management relations act.

The board said that the union originally had high hopes that the 81st Congress would repeal the Taft-Hartley Law. These now have been abandoned, it added.

"During the past two years," the board said, "since the enactment of the Taft-Hartley Act, numerous anti-union employers in the steel and fabricating industry have taken advantage of the violation of this law and the labor board's outlawry of non-complying unions to evade their statutory duty to bargain, to prevent this union from organizing their employees, and to foist upon them weak and un-militant craft unions or so-called independent unions which in truth and in fact are communists."

The board said that the steel workers union had not been able to compete in plant elections with these independent unions because of its non-compliance on the affidavits. This year the steel will enable it to try to oust these independent unions.

The union's officers were directed to begin a vigorous organizing drive to enrol in the union members of the steel industry now that the non-compliance impediment is out of the way.

Iron beads were found in an Egyptian cemetery that dates back to 4,000 B. C.

Wedding rings were made of iron in early Roman times.

The only iron available to ancient man was that which was found in meteorites.

A policeman explained the shooting happened like this:

Lane was seated in his auto waiting for a traffic light to change. Cornelius drove up and spoke to Lane and then died.

Cornelius went to work on the side of the road and was shot.

He was arrested at a man's apartment.

The bullets were fired at Lane's house.

School Funds

(Continued From Page One) McClellan (D-Ark.) came on a technical parliamentary question and gave a 34 to 32 vote edge to backers of the proposal.

Meanwhile, farm-minded senators agreed to try to draft a new federal farm program and push it through the present session of Congress.

Chairman Elmer Thomas (D-Oklahoma) said the Senate Agriculture Committee directed a seven-man subcommittee headed by Senator Anderson (D-N.M.) to draft the farm bill. The decision was reached at a second consecutive closed-door session.

Both Democrats and Republicans on the committee agreed that the new proposal ignores most proposals of Secretary of Agriculture Brannan.

Instead, they reported general agreement upon this program:

1. Reduction of relatively high level government price supports for the so-called basic commodities: corn, wheat, cotton, tobacco, rice and peanuts. Most senators were said to favor fixed supports at 90 per cent of parity if farmers approve planting and marketing controls.

2. Use of a flexible price support program for meats, dairy products, fruits and other so-called basic and perishable food products. Under this the level of government supports could be raised or lowered in an attempt to control production.

Earlier AFL President William Green urged Congress to act speedily on a bill calling for \$1,000,000,000 in federal loans to cooperatives for construction of irrigation projects.

The American Federation of Labor told a Senate banking subcommittee the bill need now is to provide decent homes for those who are "too poor to afford the housing constructed by private builders and too rich to be eligible for public housing."

And an adjournment House Speaker Sam Rayburn ruled that "state of war still exists" and Congress is not bound by a law saying it should adjourn on July 31.

The law is the 1946 Reorganization Act. It fixes the adjournment date of Congress as the last day in July annually except in time of war or national emergency, unless Congress provides otherwise.

He said if a county does not make definite arrangements for a nine-month school term, it would not be entitled to receive state funds.

Chinese War

(Continued From Page One) ton before Aug. 15.)

General Teng said the Reds have six army groups in central China—three under Lin Piao, three under one-eyed Li Po-Cheng. He gave their immediate objectives: 1. Cut the Canton-Hankow railroad and isolate Changsha, Hunan capital; 2. Attack Hengyang, 265 miles north of Canton.

It is conceded that if the Reds sweep up Hunan Province, the Nationalist area to the south, Canton included—will topple.

The Communists are holding up formation of a new National Government until after the capture of Canton, Associated Press correspondent Seymour Topping from Nanking.

(A "coalition government" is proposed. It would find places for minor Chinese parties like the Kuomintang Revolutionary Committee and the Democratic League. Topping, the Communists oppose the Kuomintang (Nationalist Government Party).

Nationalists reported loss of Linni, 25 miles north of Chanteh. They said reinforcements had been rushed to Changsha, rail center 100 miles northwest of Chanteh. A private radiophone station there is quiet.

Government sources insisted Chinchow, 25 miles south of Chanteh, was still in Nationalist hands but said there was fighting only a half mile eastward.

A Premier Yen Hsi-Shan promised arms and ammunition for Nationalist forces in northwestern China. This is the only divided result of the visit here of Moslem General Ma Hung-Kwei. He is governor of Ninghai province and partly northwest command under his chief, General Ma Pu-Fang.

Reports from Formosa said Generalissimo Chiang Kai-Shek shortly would make a tour of inspection of northwest and southwest China.

Atlanta Judge

(Continued From Page One) opponents in nine court actions.

The judge was sued for divorce by his wife, Mrs. Helen Carpenter, who charged cruelty. She also filed a \$100,000 alienation of affections suit against Mrs. Estelle G. Manful, alleging the judge was in love with her.

Carpenter in turn filed a divorce action against Mrs. Carpenter. In it he alleged Lockwood had sinned with Mrs. Carpenter in an effort to defraud him of control of the Imperial Hotel. He also accused the Lockwoods, whom he described as one of his best friends, and his wife planned to marry themselves.

Lockwood filed a suit against Carpenter, claiming the judge had given him \$10,000 for legal services in filing income tax adjustment claims. He also filed a \$100,000 alienation of affections suit against Carpenter.

Another reporter asked:

"Do we have information now that the Russians are actively preparing for war?"

Acheson declined to give a direct response.

Acheson's appearance before the House Foreign Affairs Committee was the result of a call for him to testify on Truman's call for what he described as "urgently needed" weapons for Atlantic Pact signers.

On other issues, Acheson told the news conference:

"There is nothing significant in the shift of American personnel out of Berlin. It is merely a matter of administrative convenience. And the United States is in Berlin by right and intends to stay."

Lockwood was removed from the courtroom by police using a fire department ladder.

Davis said he found a blackjack and a .30 caliber pistol in Carpenter's car. He said he found a .30 caliber pistol in the law office he had been there.

Judge Carpenter was called on to answer charges of shooting another, and released on \$100 bond.

Mr. Carpenter visited briefly the law offices of the city leaders.

He was interviewed by the

Cabinet Disallows Pay Increases At State's Colleges

All Increases Except Those Fixed By Law Affected; Warren Raps Board

TALLAHASSEE, July 28.—(AP)—The Cabinet Budget Commission today flatly forbade the Board of Control to raise salaries at the state colleges "at this time."

Meeting in emergency session, the Cabinet voted to "disapprove salary increases except those fixed by law at this time, for the present." Agencies and institutions affected by the action will be heard Monday if they wish to protest.

Only Attorney General Richard Ervin voted against the motion. He said he felt the Cabinet's earlier action in cutting appropriations by 25 percent was sufficient.

"Even though it may have been unwise for some to make raises, it's not fair for all to be prevented from making raises necessary to their proper function," he declared.

The motion did not mention the board of control specifically, but Comptroller C. M. Guy reported it would be the only major agency affected. It was the first of several departments which asked for pay raises had recalled their payrolls after the 25 percent cut and "noted that they be re-proposed on the basis of the salaries as in June." The state fiscal year ended June 30.

Warren earlier had recommended that the board of control change its mind about raising salaries at the institutions but members declined to go along with him.

He issued a statement yesterday saying the board's refusal had "disappointed" him.

Today's action was taken under authority of the general appropriations law which gives the Cabinet to all departments and institutions supported directly or indirectly by state tax funds.

Warren also has the ban on salary increases applied to all agencies, even those which do not draw money from the general revenue fund. This puts all state agencies in appropriations applied only to agencies supported from general revenue. Those with independent tax sources were exempt.

The Board of Control authorized salary raises for employees of the University of Florida, Florida A. and M. College for Negroes and Florida State University effective the month.

The governor, who handed chairmanship of the Cabinet meeting over to Secretary of State R. A. Gray so he could make a motion forbidding pay raises, said he realized "that many salaries are inadequate."

"Some of them are barely of subsistence level. But I thought think this is the time to try to correct the deplorable situation."

Protecting the proposal, Ervin asked if the Governor didn't believe we have already met the situation as far as we are able without going into departments' internal affairs.

"We expressly told the boards (Continued on page three)

Business Census Started In City By Government

Interviewers Will Give Merchants Forms To Complete

The United States Census Bureau today started fact finding interviews here in a canvass of retail business establishments, wholesale service organizations, amusements, hotels, etc., W. G. Webeking, Orlando chief interviewer, said. Murray was the first speaker for the union before the board.

Murray revealed the demands for the first time at the opening session of the fact finding board appointed by President Truman to avert a strike in the dispute. Murray was the first speaker for the union before the board.

The demands also include 11.23 cents per hour for persons and 6.27 cents per hour for social insurance.

The enumerators will soon be calling upon all local business places with census forms. All businessmen will be asked to report sales, pay roll and employment, inventories and other basic information in the final national inventory of distribution since 1940. The program will take about a week to accomplish.

Some of the questions asked will reveal how many grocery stores handle fresh meat, how many grocers are members of wholesalers sponsored or retail owned wholesalers groups.

Drugists have an interest in the number and location of registered pharmacists. Such information is needed to assist in the development of location of the site of this skill. They also want to know how many new and full prescriptions were handled. Drugists are expected to supply this information.

The Census of Business is required by act of Congress that it be conducted this year and every fifth year thereafter. The act makes it the duty of business owners and managers of establishments covered by the Census to supply complete and accurate information, to the best of their knowledge, in inquiries on the Census report forms.

The companies, led by U. S. Steel, had promised that the board hear evidence and then decide first whether the pension issue was a proper matter for consideration.

The company's contention is that the reopening clause in their contracts with the unions, under which negotiations are being conducted this year, does not permit pensions to be brought up.

The companies agree that the other two issues involved, a wage increase and social insurance, are covered in the reopening clause.

The fact finding board, set up by President Truman to avert a threatened strike July 16, will hear evidence for 10 days.

The union, which is asking the wage, social insurance and pension concessions for its some (Continued on page three)

Relief From Hot Spell Appears On Way For Nation

By ASSOCIATED PRESS

Some relief from this week's hot spell appeared on the way today. But it is going to be hot and humid again today over most of the country from the plains to the Atlantic coast.

A mass of cool air which moved into the western Rockies from west central Canada pushed into the Dakotas today. Federal Weather Bureau forecasters at Chicago said some cooling breezes could be expected by tomorrow night over most of Minnesota, Iowa, Wisconsin and upper Michigan.

There's a possibility, they said, the nearly week long heat wave in Chicago will be broken Saturday. Temperatures in the high 80's and 90's are forecast over most of the hot belt today and tomorrow. The Pacific coast and northern Rockies are the only areas enjoying cool weather.

Thunderstorms brought temporary relief to some of the hot spots, but in some sections violent showers reported yesterday. An electrical storm killed three persons in Milwaukee. A wind, hail and rain storm hit the New York Metropolitan area. Water flooded the city-owned independent subway system in Queens, stalled trains. A heavy downpour swept over parts of Bergen, Passaic and Hudson counties in New Jersey. In Arcadia, (Continued on page three)

Steel Workers Ask 12½ Cent Wage Increase

30 Cents Per Hour Hike In Current Dispute Requested By Philip Murray

NEW YORK, July 28.—(AP)—President Philip Murray of the CIO Steel Workers announced today his union wants a package increase of 30 cents per hour in their current dispute with the steel companies, including a fourth round wage increase of 12½ cents.

Murray revealed the demands for the first time at the opening session of the fact finding board appointed by President Truman to avert a strike in the dispute. Murray was the first speaker for the union before the board.

The demands also include 11.23 cents per hour for persons and 6.27 cents per hour for social insurance.

"The union is not afraid to have its side of the dispute examined in the public interest," the gray haired union head told the board.

"The industry, on the other hand, has been desperately anxious to conceal the economic facts from impartial scrutiny."

"The industry is amassing profits at the staggered rates approximating one billion dollars annually, after all taxes. This is a record high, never approached before, even in the boom of 1929."

Some of the questions asked will reveal how many grocery stores handle fresh meat, how many grocers are members of wholesalers sponsored or retail owned wholesalers groups.

Drugists have an interest in the number and location of registered pharmacists. Such information is needed to assist in the development of location of the site of this skill. They also want to know how many new and full prescriptions were handled. Drugists are expected to supply this information.

The Census of Business is required by act of Congress that it be conducted this year and every fifth year thereafter. A. C. Saunders, Lake Mary Resident, Dies

Funeral services for Mr. Aubrey Chester Saunders, 66, retired contractor and builder of Lake Mary, who died yesterday noon at a local hospital, will be held Saturday morning at 10:30 o'clock at the Erickson Funeral Home. The Rev. Harold L. Brown, pastor of the Missionary Baptist Church of Jacksonville, will officiate. Burial will be in Lake Mary Cemetery.

Mr. Saunders came to Florida 20 years ago and after that until recently worked in various parts of the state. He served as director of the Silver Band of McMinnville, Tenn., band of the 828 Regimental Band of Tulahoma Tenn. For number of years he taught music and art at Burritt College, Spencer, Tenn. He was a member of the Episcopal Church.

He arrived in his widow, Mrs. Basile L. Saunders, and their daughter, Mrs. M. B. Hughes of Jacksonville and Miss Iris C. Saunders of Lake Mary; one sister, Mrs. Frank Stevens of Summerville, Tenn., and four grand-children.

There's a possibility, they said,

Kiwanis Meet

(Continued From Page One) focused team. Anderson is the newly elected president of the student body of the school.

William Kilpatrick, sponsored by the Lions, and former Key Club delegate to the Key convention in Washington D. C., told of Boys State politics. Boys from small towns were banded against boys from the larger towns and they even banned Miami boys from attending a meeting, he said. He stated that was his belief that all the boys learned something from the experience.

Donald Luddin, who was sent to Boys State by the Elks Lodge, told of division of boys into "four counties" and said that he was in Army County. Each town group had 20 boys. Boys coming from the same locations were placed in different barracks. He declared that he had enjoyed himself and learned

much from the program. In celebration of the birth of Friday's daughter, Cheryl Ann Evans, Kiwanian R. K. Evans passed around a cake. Figures. He is employed by W. E. Kirchhoff.

Happy birthday greetings were sung for Marion Harmon.

Gordon Bradley

(Continued From Page One) from "call on me," he concluded. Mr. Bradley was employed by the City following his discharge from the Army in 1946. He served as a tank gunner with the 13th Armored Division in World War II and emerged with rank of sergeant. Active in civic work, he is president here of the Jaycees whom he served several years as secretary. For three years he has served as a member of the Vestry of Holy Cross Episcopal Church, a lay reader and superintendent of the Sunday School.

Mr. Bradley formerly lived in

Geneva

(Continued From Page One) swimming. The park, which is owned by the County, was cleared of underbrush, picnic tables were installed and the road to the park was improved.

The Garden Club will hold its next meeting in the Geneva Community Center in September, having ceased meeting during the summer months.

Another active group of women

Philadelphia, Pa. and attended the University of Pennsylvania. He is married, has one daughter and lives at 810 Catalina Drive.

CITRUS REPORT

Grapefruit

in Geneva is the Home Demonstration Club of which Mrs. E. N. Strevel is president. The group operates the canning kitchen, which is located in the Community Center. Last year when Mrs. J. A. Logan was president, new equipment was added, including an electric range. The group won many prizes at the Seminole County Fair with their exhibits of hand craft, hooked rugs, art work and baking. They were aided in the exhibit by the 4-H Club.

Among the builders of new homes in Geneva is J. H. Bilbrey, former assistant prosecuting attorney in Washington, D. C., who prior to coming to Florida three years ago to retire, was counsel and general attorney for the National Surety Co.

When the contractor he had secured to build his home on the shore of Lake Geneva unexpected

ly returned to Mr. Bilbrey de-

sired him to build the concrete block house himself. He revealed that he had obtained experience in construction while in the Army. During the time which several months ago incinerated homes in the vicinity, he was active among the fire-fighting volunteers and smoke which he killed with a hose.

Another new resident near the lake is John Leffler, retired Pittsburg Oil man. Walker Trevatt, cattle raiser, recently built a new garage apartment back of his home on Lake Geneva. Another new home builder is E. N. Sutton.

Harry Simpson has a new

home and has selected a five-acre grove of pine, grapefruit, peach, taylor Luke. He has also planted 100 yucca tree. These bear fruit, rather than nuts, and derive the name from the large sea in the center. The juice, which has a taste like grapes, is prized as a delicacy by the Chinese.

Citrus acreage in the vicinity

of Geneva totals about 1,000 acres, according to One Mathieu, Agricultural Adjustment Administrator, who owns 15 acres of oranges, grapefruit and tangerines near the old Titusville Road.

One of the oldest groves in Geneva is the Eli Hart grove owned by Mrs. Maggie Hart. These trees sprang up from the roots of trees which were frozen in 1894.

Charles and Co. owns about 50 acres of oranges in Geneva, and formerly owned a packing house there.

Among grove owners are F. W. Trevatt, Grover Leibis, who also raises cattle, Mrs. Endor Curlett, Mrs. H. H. Pattishall, Mrs. Neil Thomas, C. F. Harrison, Mrs. J. C. Pitts, Herman Fisher, R. H. Kratzel, J. J. Leffler, Henry Levy, J. P. Lowry, and Police Captain Harry T. Sanford.

R. N. Strevel has operated the

grocery and general store next

to the Post Office since 1931. Lester Brown is postmaster in Geneva. Post Office boxes number 204 and mail is received by the State Route 9 from Titusville.

Improved roads have been of great benefit to residents of Geneva. These include Highway No. 40, and the recently repaved highway to Oviedo. In Geneva the County has been grading roads and surfacing them with marl, including Williams Street and Warren Street.

Churches in Geneva include the Methodist Church, which is visited

by the Rev. John Adams of Oviedo, and the Baptist Church at which Julian Stenstrom of Sanford is pastor.

Mrs. Mary Nichols is principal

of the Geneva School, and teachers include Mrs. E. Mathieu and Mrs. A. E. Moran.

Active in civic movements is J. A. Logan, retired Presbyterian minister, who is also a notary public.

Geneva mourned the death on

July 7 of H. B. Mees, 80, who

during his younger days was a pioneer trading post operator in Kansas, where he had many ad-

ventures with the Indians. During

his latter days in Geneva he carved many canes which were greatly prized by those who received

them.

Frank Evans purchased many

of these canes for gifts to elderly

residents on Pioneer Night at Lake Mary. Mr. Mees was also noted for his drawings and colorings of cypress knees which he made to resemble animals and alligators. Many a child in Geneva treasures a toy made by him.

Geneva has more than 50 tourist

visitors each winter. A favorite

stopping place is the Flint House,

built about 1912 and owned by

Mrs. W. J. Flint who operates it

as a guest home.

MONDAY

Circles of the W. S. C. S. of First Methodist Church will meet at 8:00 P. M. at the home of Mrs. Ted David, 211 Maple Avenue at 8:00 P. M.

The Daughters of Wesley Circle of the First Methodist Church will meet at the home of Mrs. E. H. Laney, 205 East Eighteenth Street, at 8:00 P. M. Hostesses will be Mrs. W. C. Mrs. W. P. Field, 202 West Seventeenth Street at 8:00 P. M.; Circle No. 4 with Mrs. R. L. Shinholser, 607 Oak Avenue; Circle No. 5 with Mrs. Claude Herndon, 605 Magnolia Avenue; Circle No. 6 with Mrs. Roy Tillis, 310 Elm

AROUND the TOWN

If we were BUD McINTOSH we don't believe we'd ever leave that private office in the back of a good looking new store... from all reports it sounds like a good place to spend the day... air conditioning, soft lighting, pleasant surroundings... a place where speaking of good looking stores... the one that R. T. COWAN is remodeling is looking better and better... He has certainly done his share in improving Sanford's makeup.

MRS. R. L. PERKINS, back from Daytona and downtown yesterday morning... DAVID SMITH in a new Mercury... ELDRIDGE THOMPSON, sports editor of the Tupelo, Miss. Journal chatting with ART BECKWITH in the press box at the Municipal Ball-

JULIAN STENSTROM in a bright plaid shirt and dark sun glasses... wonder if they had any connection... LEE SAMUEL, HAL GRUBER and MAYOR ANDREW CARRAWAY chinning on the corner... BUD WEBER out for that morning drink... J. H. THRUXTON riding down Park Avenue... MRS. CHARLES GINN in her red Plymouth convertible...

MR. and MRS. FRANK SHAMES and young son out on a date... BUD HIGGINBOTHAM, laughing along

MR. and MRS. F. D. SCOTT and daughter DEBORAH watching the ball game... MARY CASH walking from the grocery store to work... AUDREY BACH trying on hats with mother, MRS. P. R. BACH, looking on...

TOMMY VAUGHN in that pretty Chevrolet he received for his birthday... JEAN BAYER in a blue cotton strapless frock... BARBARA SAUNDERS in that red Ford convertible... MR. and MRS. BRUCE BOLT over from Orlando recently... MR. and MRS. C. E. SPENCER enjoying the ball game... CAMILLA BRUCE, MIRIAM RUSSELL, LENABELLE HAGAN and MRS. STEVE NETHERTON of New York City, the former MARY DIGHTON, enjoying dinner together at the The Anchor...

"I hear you got in a fight with your wife. How did it come out?" "She came to me on her knees. 'What did she say?' 'Get out from under the bed, you cow'

MR. and MRS. O. J. Pope returned to home in Rosa Court after spending several days at Daytona Beach as the guest of Mr. and Mrs. B. L. Perkins.

Mr. and Mrs. B. L. Scott, returned today from Charleston, W. Va., where they have visited for the past two weeks.

Mrs. Tom Holt and her sister, Mrs. Ruth Scott, returned today from Charleston, W. Va., where they have visited for the past two weeks.

MR. and MRS. F. D. SCOTT and daughter DEBORAH watching the ball game... MARY CASH walking from the grocery store to work... AUDREY BACH trying on hats with mother, MRS. P. R. BACH, looking on...

MR. and MRS. C. E. SPENCER enjoying the ball game... CAMILLA BRUCE, MIRIAM RUSSELL, LENABELLE HAGAN and MRS. STEVE NETHERTON of New York City, the former MARY DIGHTON, enjoying dinner together at the The Anchor...

"I hear you got in a fight with your wife. How did it come out?" "She came to me on her knees. 'What did she say?' 'Get out from under the bed, you cow'

MR. and MRS. C. E. SPENCER enjoying the ball game... CAMILLA BRUCE, MIRIAM RUSSELL, LENABELLE HAGAN and MRS. STEVE NETHERTON of New York City, the former MARY DIGHTON, enjoying dinner together at the The Anchor...

Florida Gators Stand Chance Of Being Top 'Upsetting' Team

Team improving with age, and the fall they stand every chance of being top 'upsetting' team.

Improvement been both actual and financial Ray (Bear) Wolf, formerly of TCU, and North Carolina, moved in when Florida

had low man on the totem pole in 1946. The Gators lost nine to the league Crackers on home

field. There is unusual strength at center, where 1947 All-Southeastern, Jimmy Kynes (Captain), had top billing. The Gators selected last year, and rank high among the All-Americans.

Present Frank Colkins of the loop yesterday announced his team, which includes Jim Johnson, alternate captain Tommy Hill, and first base; Mason Chisholm, second base; and John Murphy, center fielder.

Win a Big Boy Now! might well be their theme song for the coming year. Twenty-nine letter men, including seniors and freshmen backs—since the roster, of them are seniors.

The T-formation attack is quick and strong, with the ball moving around the running brilliance of left halfback Charlie (Chuck) McRae, right halfback Jim Cox, fullback Russell Godwin and quick back Vic Varcaro. The passing

game

is

good.

There

is

no

THE SANFORD HERALD, SANFORD FLORIDA

Osteen

(Continued From Page One) who's great cover 20 acres and John Somary, Sanford attorney, whose home is located in a 10 acre grove on a 150 acre tract of land. Mr. and Mrs. Dick Jones and children share the large home.

In the vicinity of Osteen are the large areas devoted to cattle raising and owned by Barney Beck. Near Lemon Bluff, Mr. Beck has subdivided some land and about seven cottages have been built. Herman Brooks and Bud Watts have established a picnic grounds there, have a soft drink stand and provide boats and bait for fishing. The fishing camp is one of the most attractive on the St. Johns River and many fine catches have been made there. The camp is three miles from Osteen and shell covered road leads there.

At the time of the last census 601 persons received mail at the Osteen Post Office of which Mrs. Sam Brooks is postmaster. Mrs. Brooke, who is expecting a visit from her eight children and eight grand children, is staying home during her three weeks' vacation, while Mrs. Matina Dunning, former postmaster, is serving in her place.

Osteen has two churches, the Osteen Baptist Church of which the Rev. Alvin Herring is pastor, and the M. E. Church of which Edward Kicher of Enterprise and formerly of Sanford is pastor. The latter was often assisted in the pulpit by Mrs. Kicher.

The Baptist Church is planning to start a 12-day vacation Bible School, Aug. 1 from 9:00 A.M. until noon for children of six to 16 years of age. This will be given under direction of the Rev. S. Howell of Samsula and six workers. The church has a separate building of concrete block called the Administration Building, which was erected last year and which is partitioned into six rooms for Sunday School use. The partitions are movable in case the

use of the whole building Master is needed.

The Osteen School is an attractive, white painted building with a well kept school yard. It has three rooms and last year had 70 pupils. A new principal is slated to direct its activities next term.

On the school grounds is a two story building the top floor of which is used as a school lunch room and the bottom story as a canning kitchen. The kitchen is sponsored by Volusia county, is well equipped and is a popular place for Osteen housewives to meet when there is canning to be done. Mrs. Robert Williams is in charge of the kitchen, which is often visited by women from Seminole county.

Osteen has two grocery stores, Strickland's and Noel's. Both places provide gasoline service for motorists.

New homes have been built during the past two years by Albert Steverason, Russ McWhit and Mrs. Mattie Poll. A large house was re-modeled into apartments by Roy McCullough.

W. E. Mattair, retired section foreman of the F. E. C. and A. C. L. Railroads, is having his home faced with asbestos shingles. Mr. him lives King Allman, member of the Oz-Fibre Brush Co., and Eddie Allman, who is employed here at the ACL Shops.

RENT INCREASES
NEWARK, N. J., July 28 (AP)—Approximately 142,000 families have had their rent boosted since the new rent control law became effective Apr. 1, housing expediter Eugene E. Woods said last night. The average boost was \$6.40

per month, or 18 per cent, he told a meeting sponsored by the New Jersey tenants' council.

He said the act "virtually assures landlords a profit" while at the same time protecting tenants against unreasonable rents or illegal evictions.

For The Ladies: A Diet That Really Works

We went out visiting the other night and the ladies were talking about weight-reducing diets. One of them had a special "15 day Hollywood diet" guaranteed to slim her down fifteen pounds' worth. Another was living on bananas and skim milk!

I might have known the misses would get the bug, too, and sure enough the other day she asks me, "Joe, what kind of a diet do you think I ought to go on?"

"Mother," I say, "the only diet I would ever recommend to anyone is simply moderation. I wouldn't

Mutual Program
and concentrating plants.
2. Regulations of the value of
fruits and vegetables, with allotments
to shippers on a post
performance basis adjusted as
necessary.

3. Establishment of minimum
prices on P.O.M. sales of fresh fruit
and vegetables, which are necessary
to stabilize marketing conditions and to achieve
the maximum benefit to consumers.

4. Allotment of fresh fruit
shipments to metropolitan areas,
which are necessary, with allotments
to shippers recognizing their historic
American beauties.

Details of the four-point program
will be worked out this summer
and assigned to cover specific tasks in
developing the operations plan.

Robert Vincent, chairman of a
committee named to select per-
sonnel, mainly a general manager
and a general manager, was made at
another board of directors meeting on Aug. 15.

All three directors did
not pin themselves down to any
flat statement as to what Mutual's
minimum price should be, it was pointed out that many growers have the idea that \$1 a
box is the minimum price for all
marketing plants would be the
prevailing price next season in
order to encourage manufacturers to pay a
minimum price of \$1 a box.

Actually, current market prices
next season will be paid by the
two concentric makers under
the plan, which means that \$1 a
box delivered is minimum price. Mutual's minimum price will be
\$1.25 a box, it was decided.

The plan, which includes a com-
mittee of the four-point program
to be headed by Robert Vincent, has
been referred to the board of directors.

It was decided that the plan
should be submitted to the state
legislature for its consideration.

At the same time, the directors
decided to make most of the
plan, which includes a committee
of the four-point program, available
to the public.

It was decided that the plan
should be submitted to the state
legislature for its consideration.
