Rose resigns from chamber post

By Dan Ping
Editor

Philosophical rift between director, executive board appears to be reason

SANFORD — A disagreement about which direction the Sanford Chamber of Commerce should pursue led to the resignation of Ron Rose as the organization's executive director.

Rose took the job four years ago after leaving a similar position in Stuart, Fla. A strong events promoter, Rose developed a number of events during his tenure in Sanford, including the city's signature downtown event, the Sanford Heritage Festival.

Although the festival has shown success in its three year history, some Chamber board members have expressed concerns the event drained too many resources from the organization's traditional activities.

"We need to move in the direction to provide support for our business mem-

bers and get away from these big events," said past chairman Bob Parsell.

"It's a great festival," said Jeff Triplett, current chairman of the Chamber Board of Directors. "Ron is an excellent event coordinator, but we've got to move in a new direction."

Rose would not comment about the

reasons for the resignation, other than to refer to a prepared statement, and Triplett said Rose's leaving was "absolutely voluntary."

However, friction between the Triplett and Rose began when the board agreed to allow Rose to hire a staff member for new member recruitment. Triplett set a goal to increase membership by 20 percent during his tenure, but membership declined 3 percent during the last six months.

Charity begins at home

Emma Huggins digs deep in her pocket to feed 175 people two times a year

By Arthur Ziellinski
Staff Writer

SANFORD — For Emma Huggins, the saying "Charity begins at home" has a special meaning.

Twice each year for the past 15 years, Huggins has opened her heart and her home by hosting a special dinner for the disabled, senior citizens, and shut-ins.

"I have the dinner the last Saturday in April and each Thanksgiving," she said. This year's date, April 28, also happens to be her birthday.

In addition to doing the cooking, with some kitchen help from her daughter, Wanda Badger, Huggins said she pays for the entire dinner. Huggins said she "loves to cook," and it's a good thing, because the dinner is no small affair. Last year she estimated more than 175 people were fed. During the past several years, she noted, donations of food items have helped.

Huggins also receives help from members of her church, the Church of Christ, in Sanford and DeLand. Huggins said the DeLand church provides a bus so meals can be delivered to the shut-ins.

Huggins said the idea for the dinner started when she was

praying to the Lord for a house she thought she would never have. Then she received a phone call saying the house was hers.

"The Lord gave me this house. He gave it to me and now I'm turning it back to Him," she said.

Along with the great food, Huggins said her guests will be entertained by singing and reading the scriptures.

The cuisine will include turkey, ham, chicken and ribs, along with mash potatoes, rice, macaroni and cheese, and dress-

ing with gravy. For dessert, her guests can look forward to sweet potato pie, apple pie, cream cheese cake, chocolate cake, lemon cake and red velvet cake.

Huggins home is located at 215 Palm Place, with dinner starting around 10:30 or 11 a.m.

Seminole principal wins state's top award

From Staff Reports

Bill Gibson, Principal of Jackson Heights Middle School, has been selected Florida's Middle School Principal of the Year by the Florida Association of Secondary School Principals.

He will be recognized at the summer conference and his name has been forwarded to the National Association of Secondary School Principals for recognition during the NASSP convention next year.

Gibson is in his seventh year as principal of Jackson Heights and has more than 20 years in school administration. He was recognized for improving the school's learning environment, a willingness to take risks to help students and for fostering a positive school climate.

Under Gibson's direction, Jackson Heights was the first Seminole County Middle School to replace the "exploratory wheel" with a full choice of electives. It was the first middle school in the nation to have a NJROTC program, the first to offer physical education electives, the first middle school to introduce interscholastic as well as intra-mural competition.

Students recreate butterfly garden to celebrate Earth Day

By Arthur Ziellinski
Staff Writer

SANFORD — As part of this year's Earth Day celebration, the Environmental Club at Pine Crest Elementary School in Sanford decided to replant their butterfly garden, which was damaged by frost during the exceptionally cold winter.

The Club, which has some 25 students from the fourth and fifth grades, was started by sponsor Debbie Bowlin about 10 years ago. Bowlin also teaches second grade at Pine Crest. Helping Bowlin is cosponsor Deborah Partridge, who teaches first grade.

According to Partridge, the freeze destroyed the majority of plants and "because it's an important site at the school" the Club decided to replant the area with appropriate plants needed to attract butterfly larva. Bowlin said this is the second year for the garden.

The money for the new plants, Bowlin said,

came from the school administration.

"We also recycle aluminum cans and newspapers so we get money from that as well, so that helps provide some of the funding," Bowlin explained.

The type of butterflies the Environmental Club hopes to attract are Painted Ladies. Several of the plants designed to do that, Partridge said, are plumbago, oleander, pentas, lantana and passion vine.

"We also planted some tomato plants just to have some fruit," Bowlin said smiling.

Bowlin remarked that the garden will increase in size in the future.

"This is just the beginning — we plan on moving it on out. We're just kind of moving in stages," she said. "We wanted to make sure it would be taken care of, and it has. Now that it has proven its worth it will be expanded."

Georgetown historical marker place at Hopper Academy

Linda Batman, chairman of the Seminole County Historical Commission, and Charles Rowe, community development director for the city of Sanford, were on hand to dedicate a new historic marker for the Georgetown community, which was established in 1870. In 1887, there were 28 registered voters. At its peak, Georgetown was the site of a thriving business community that included, among others, five barbers, three insurance agents, a jeweler, five laundries, two pharmacists, three restaurants, a theater and many churches. St. James AME Episcopal Church, designed by Tuskegee trained builder Prince W. Spears, is also located in Georgetown.

Deputies arrest man wanted for sexual battery of elder

By Nick Pfleff
Staff Writer

Seminole County Sheriff's investigators have taken a man into custody as a rape suspect, accused of sexually battering a 75-year old woman in her Sanford area home Monday night, April 16.

The suspect identified as David Allen Rinaldo, 31, is listed as homeless. He was cap-

tured shortly after 10:30 p.m. Wednesday near Americana Boulevard and U.S. Highway 17-92 in Sanford, near the Wal-Mart store. Deputies had suspected he may have been frequenting the homeless camps near the crime area. The camps are located just off Airport Boulevard between U.S. Highway 17-92 and Mellonville

SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

Radio's early days at Sanford's WTRR

Someone reminded me recently about my old days at Radio Station WTRR in Sanford. The studio was located directly across E. 1st Street from the hospital, now the County Services Building. It got me thinking about the way we ran the radio station and presented the music back in the 1950's.

These days, music stations generally carry one style of music all the time. But there are so many stations on the air, finding one's favorite music is just the flip of a dial. Back then however, there were few stations, and every one of us tried to please as many people as possible, so we divided the music into styles.

Nick Pfeifauf

Here are some of the programs we used to present. Maybe it'll stir some memories to long-time Sanfordites.

We started the day with "Morning Drive" and the music was all lively to get people awake on their way to work. There was just this-and-that programming until after the noon news, but then it was time for the "Bar-None-Ranch" a compilation of strictly country music, both the old-time favorites such as Tex Williams or Bill Monroe and the Blue Grass Boys, as well as the newcomers which at that time included Johnny Cash, Jim Reeves and others.

The big show of the day began at 5 o'clock. It was "The Rhythm Hour" when we played nothing but soul type music. Aretha Franklin, Johnny Ace, The Platters, all that music we now call "Do-wapp."

After the 6 o'clock news, it was another drive time to help folks get home safely. Then it was music of the big band era to finish the day on what we called "Dance Time."

Yes, music was indeed segmented, but people who liked a certain type of it knew exactly when to turn us on. Likewise, advertisers knew when to place ads. A commercial for the Deluxe Bar, for example, would only be on the Rhythm Hour. Army-Navy Surplus would only advertise on the Bar-None-Ranch. Clothing stores would advertise on Dance Time.

We had 15 minute newscasts at 9 a.m., noon, and 6 p.m., with short 5-minute newscasts every hour on the hour. They always included a weather forecast. Yet, with those five minutes taken out of the hour, every hour included at least 18 records.

What did the announcers do? Generally it was a case of "That was, ...this is," as we'd tell people the names, bands or vocalists of each recording before and after they were played.

Sunday mornings it was all religious music. Every Sunday we would broadcast the 11 a.m. service live from one of the Sanford area churches on a rotational basis. The only difficulty we had was when a minister would occasionally say, "Let's have a few minutes of silent prayer..." We weren't supposed to have any dead air of over 30 seconds. But we survived.

Sunday afternoon's music was often classical or semi-classical. I doubt many listened to those shows, I know I didn't.

As long as we are remembering, let's look at the people who were involved. Myron "Mike" Reck owned WTRR. His son Bill was one of the DJ's. Others were Lee "The Hoos" Moore, John Keeling, Lonnie Padron, Bob Smith, Ralph Spotts, and Chief Engineer Jim Williamson. Marlon Harmon was Program Director, but when he left to go to the Herald, I took over that slot, as well as being a DJ. There were others who came and went, but that was the basic staff.

I could tell you many more stories about my 10 years at WTRR, (1954-64) but this is it in a nutshell. I hope you enjoy recollecting the old radio days as much as I enjoy writing about them.

PVA Fishing Tournament is this weekend

Sanford Rotary Club president Paul Osborne, left, hands a \$10,000 check to Gary Rudolph, national director for the Central Florida Chapter of the Paralyzed Veterans of America. The money will help defray the costs of the 15th annual PVA fishing tournament, which occurs this weekend. Fishermen from 28 states will compete for a \$5,000 first-place award, as well as cash prizes for in other categories. Weigh-ins for the tournament will occur Saturday and Sunday afternoon.

Ironic, isn't it? On its face, the recent resignation of Ron Rose, executive director of the Sanford Chamber, appears to be nothing more than a chance for Rose to, as they say in the entertainment industry, "pursue other projects." However, there's more than meets the eye.

Some Chamber members privately grumbled that Rose focused much of his energy on planning events, like Sanford's Heritage Festival, at the expense of traditional chamber duties, such as new member recruitment, business-oriented seminars and economic development. That's the direction the Chamber's executive committee wants to head.

Adding further intrigue to the situation is the fact that current Chamber board chairman Jeff Triplett appears to have led the charge to return the organization to its traditional duties. What's unusual about that? Nothing really, when you consider Triplett's background in banking. But six months ago, Triplett was seen as a Rose ally. In fact, Rose finagled Triplett into the chairmanship three months early, in part because Rose clashed with former board chairman Bob

Parsell.

Though he won't like the comparison, Parsell is cut from the same tell-it-like-it-is cloth as former Sanford mayor Larry Dale. Furthermore, he's a stickler for fiscal accountability, and Parsell and Rose butted heads a number of times regarding the financial risk the Heritage Festival presented the Chamber. So when Triplett

became chairman, many thought he would be a Rose yes-man. Obviously, that's not the case.

There's some dissension, at least initially, regarding Rose's leaving. Some board members believe that while Rose had his shortcomings, Triplett is guilty of a power play. Others say Rose should have been asked to leave long ago.

Whatever the case, you've got to call Rose a survivor. Serving as Chamber director is a thankless job many times, and trying to gain a consensus among board members can resemble herding a pack of feral felines: everyone wants to go in a different direction and you can bet your butt you're going to get a few scratches.

When he took the job four years ago, the Chamber was financially strapped. With substantial help from the City Commission, Rose has the organization in the black. He also established a signature downtown event, the Heritage Festival. Will the festival continue? Looks like it's up to Rose. Chambers officials say they won't contribute unless others in the community share the financial burden.

Construction theft

John Edward Davey, 32, of DeBary, was arrested by Seminole County Sheriff's deputies Thursday, in connection with the theft of building materials, mostly lumber, at a construction site in Seminole County, on Wayside View Drive. Officials at the construction site had told officers the person apparently used their on-site fork lift to load the materials onto their vehicle.

When officers arrived at Davey's residence in DeBary, they reported finding an amount of lumber in his backyard, and more in the bed of

his pickup truck.

Davey was arrested on charges of grand larceny at a posted construction site.

Retail theft

Johnny Ray Gordon, 46, listed as homeless, in Winter Park, was arrested by Sanford police Thursday, after he reportedly attempted to take two knives, valued at \$36, from a retail store in the 3600 block of South Orlando Drive, without paying. He was charged with retail theft. After being taken to the Seminole County Jail, it was learned he was also wanted on an outstanding warrant in

Orange County.

Traffic stops

Kyle Brodie Labit, 20, of Cameron Avenue, Sanford, was arrested by Lake Mary police early Friday as the result of a traffic stop on Lake Mary Boulevard. He was charged with driving with a suspend-

ed/revoked license, and possession of over 20 grams of cannabis.

Willie Oliver Davis, 25, of Lake Monroe Terrace, Sanford, was arrested by deputies on West 22nd Street and Southwest Road in Sanford. He was charged with driving under the influence of alcohol.

Kevin Michael Hoeflich, 37, Twisting Pine Circle, Longwood, was stopped Thursday by sheriff's deputies on SR-434. He was charged with driving under the influence of alcohol.

Patricia Ellen Wyatt, 48, Magnolia Avenue, Sanford, was stopped Thursday by Sanford police at 27th Street and Park Avenue. She was charged with driving under the influence of alcohol and reckless driving.

Jerome LaBaron Moore, 33, Crawford Drive, Sanford, was stopped Thursday by Sanford police at 3rd Street and French Avenue. He was charged with being a habitual traffic offender driving with a suspended license, and improper equipment.

OPINION

Practical foreign policy includes recognizing Cuba

So far, President Bush has handled the China crisis ably. Until he secured release of the U.S. Navy crew, he used tempered rhetoric to make reasonable demands of Chinese leaders. Though the president's rhetoric has become harsher since the crew was released last Thursday, he has nevertheless

Cynthia Tucker

recognized that the United States needs to maintain a relationship with China. The populous country is a growing military power in Asia, a huge market for American goods and a reliable exporter of cheaply made goods to the U.S.

That practical approach to foreign policy recognizes the limits of U.S. bullying and relies on open markets to loosen restrictive governments. It's a good start.

Now, Bush should apply the same principles to Cuba.

If diplomatic relations and free trade are a sound policy toward China, which restricts religious freedoms, limits free speech, builds nuclear weapons and poses a threat to its neighbors, doesn't the same apply to Cuba, which restricts religious freedoms, limits free speech, has no nuclear weapons and poses no threat to its neighbors?

Fidel Castro is a tyrant; heaven knows, he has imprisoned — perhaps even murdered — his share of political dissidents. But China's current human rights record is worse. Just over a decade ago, in 1989, the Chinese government massacred student protesters at Tiananmen Square. An American citizen of Chinese ancestry, Li Shaomin, and several other Chinese-born intellectuals with American connections are jailed right now in China — some detained without charge, some held on trumped-up charges such as spying.

Still, it is Cuba that gets the pariah treatment. For 40 years, the United States has clung to an antiquated policy that isolates the small Caribbean nation, barring trade and investment by American companies, prohibiting tourist travel, and even threatening non-American companies that do

business with Cuba. (That last, by the way, deeply offends our Canadian and European allies.)

The embargo, started in the administration of John F. Kennedy, may have made sense at a time when this country feared a Soviet ally 90 miles off the coast of Florida. It makes no sense at a time when the Soviet Union has disintegrated, the Iron Curtain has fallen, and America is trying to strengthen its business ties to Russia, Vietnam and China.

(At the time of the collision between the Navy spy plane and a Chinese fighter jet, the Pentagon was considering awarding a contract for more than 600,000 black berets to a British company, Kangol Ltd., which would manufacture them in China. Hearings over the contract have since been postponed.)

The fallacy of this double standard is not lost on American business interests, which have begun stepping up pressure to end the Cuban embargo. Midwestern farmers want to sell wheat there; Southern agricultural interests want to export poultry; American hoteliers want to get in on Cuba's tourism boom. Believing the embargo will end in the foreseeable future, American business executives are visiting Cuba in increasing numbers — discussing the sale of medicines, foodstuffs and cheap consumer goods.

American tourists, too, are flooding Cuba — usually entering illegally through Mexico, Jamaica or the Bahamas. They also regard U.S. policy as ludicrous, especially when comfortable new tourist hotels, often built with Spanish or Italian capital, line Cuba's gorgeous Caribbean beaches. Indeed, the official prohibition on tourist trips (U.S. regulations actually prohibit spending money in Cuba, not travel there) may add to the appeal — lending vacations there an added sense of adventure.

In the long run, of course, Cuba is not as strategically important as China; it is a tiny, impoverished country that can never be considered a "strategic competitor." But that's all the more reason to end the embargo and normalize relations.

Your View

Democratic doctor still loyal to party

To the editor:
Re: "Switching tickets" item in Around the Clock, in the Sunday, April 15 Herald:

In your failed attempt to insult the Seminole County Democratic Party, you forgot to mention that "Dirty David Mealor" and Larry Furlong were also members of the Democratic Party until it was advantageous for them to abandon their principles and "switch tickets."

Now that Andrew Van Gaale has joined the GOP, Republicans must be wondering what they can do to keep politicians with the principles of "traitors" and "turncoats" from representing their party. "Putting people first" and "thinking of others first" instead of "thinking of yourself first" or "thinking of business and money first," are the reasons I belong to the Seminole County Democratic Party.

Very truly yours,
Dr. Andy Michaud
(DEMOCRAT)
Former candidate Florida House of Representatives, District 34

Name of pageant remains in the eye of the beholder

To the editor:
I have received a copy of your March 28, 2001 issue in which "Art Ziellinski asks people what they think ..."

Obviously none of the people interviewed have the slightest idea what the Miss Florida/Miss America Pageants represent.

In connection with Natalie Weld winning the Miss Seminole County title on March 24th, Mr. Ziellinski's question to those interviewed shows that even he does not have a clue as to the purpose of the Miss

Florida/Miss America Pageant system. He asks, "Do you think beauty pageants are outdated or unnecessary?"

The Miss Florida/Miss America Pageants are not "beauty pageants." Although most of the contestants are attractive, their objective in competing in our system is to obtain scholarship funds to further their college education. Many contestants write to thank us for the opportunity afforded them to go to college and to graduate "debt free." In this age of extremely high college tuition, this is the only way some young ladies are able to go to college.

Our state-wide organization is composed of all volunteers at the state and local levels. Every volunteer devotes a great deal of time to make the program a success and to send forty-one local titleholders to the state pageant to compete for the \$60,000 in cash scholarships and over \$700,000 in tuition scholarships. Miss Florida then has the opportunity to compete for the Miss America title and a \$50,000 cash scholarship.

Through the Miss America system, over \$40 million in cash and tuition scholarships are available each year. Cash scholarships may only be used to pay college tuition and related expenses. Many volunteers at all levels of the organization pay out-of-pocket expenses and are never reimbursed. That is dedication to an excellent education program for young women.

In addition, these young women must be involved in their communities. They must have a platform issue on which they will speak all year. For instance, the current Miss Florida, Candace Rodatz, travels the state and speaks all year on her "mentoring" platform. Governor Bush and Lt. Governor Brogan are both mentors to young children and have involved Miss Florida in their state-wide program.

These contestants are not just another "pretty face." They are

intelligent, talented, involved in their communities, and are role models for young people of all ages.

Does Mr. Ziellinski question why college athletes compete in football/basketball, etc. for scholarship funds? Is that necessary?

Sincerely
Marie Finneil
President
Miss Florida Pageant

Wolfinger promotes Victims' Rights Week events

To the editor:

The week of April 22 to 28 marks the 21st anniversary of National Crime Victims' Rights Week. This is a time to commemorate the many accomplishments made by crime victims, and those who work to make our community safer and to make our justice system more responsive to victims in need of help.

In observance of this important week, we invite you to attend a Victim's Rights Week luncheon and awards ceremony at the Country Club at Heathrow, Tuesday, April 24 at 11 a.m. This special event will feature nationally recognized speaker Carolyn Nunnallee and community activist June Hartmann. Special recognition will also be given to the law enforcement officer and victim advocate who have consistently demonstrated exceptional service in promoting the rights of crime victims.

Keynote speaker Carolyn Nunnallee is the immediate past National President of MADD. In 1988, Carolyn's world was turned upside down when her 10 year old daughter, Patty, became the youngest fatality in the Kentucky Bus crash, the most deadly alcohol-related crash in our nation's history. Twenty seven people on the bus were killed and another 30 were injured.

Our second speaker is June Hartmann, mother of Satellite Beach Police Officer Ed Hartmann who was killed on duty in 1992 along with fellow officer Philip Flagg when a drunk driver hit them.

Following the death of her son, Ms. Hartmann founded Hurt BADD (By a Drunk Driver) an organization dedicated to educating young people about the dangers and consequences of driving drunk.

I look forward to seeing you on April 24th. For additional information, contact Victim Services at 407-665-5112.

Sincerely
Norman R. Wolfinger
State Attorney

Sloan vows never to vote for 'Dirty David Mealor'

To the editor:
An open letter to Rep. David Mealor:

I was very disappointed to read in the "Around the Clock" (April 15 issue of the Herald) that you have turned against many of your supporters in co-sponsoring the private school voucher bill. Those of us like Superintendent Haggerty, School Board Member Larry Furlong and me, a private citizen with two daughters who teach in Seminole County public schools, had expected you to be a strong advocate for our public education system.

Instead it appears you have "sold out" your constituents for what seems to be purely political gain. We cannot afford to continue to drain funds from our schools for the benefit of private and parochial schools. We do not need vouchers in Florida!

You can be sure that your sponsorship of such a bill will cost you many votes at re-election time. And mine and my wife's will be among them!

From A to Z

Art Ziellinski asks people what they think ...

All of us have our favorite sections of the newspaper. Certain things like our personal interests or profession determine the news we want to read about first. Some of us like the sports page, while others are more interested in the society or business section. So to satisfy our own curiosity, our question today is, "Which part of the newspaper do you read first, and why?"

I would say it's the front page because of the headline and the news from around the world. The front page always contains the beginning of all the major stories.
Christopher Lemon

I read the money section first. I like to learn how the economy is doing and see how our local companies are making out. I also like to check on my investments.
Anna Pelaez, Sanford

Front page first, then I go to the horoscopes. I also love the crossword puzzle, so once and a while I go to it after the front page.
Irene Miller, Sanford

The first thing I read is the front page, then the editorial page. I like to read the paper all the way through with the sports page last. I'm retired, so the only section I don't read is the help wanted.
F.R. Thomas, Sanford

I read the front page first to see what news happened overnight. I'll read the whole first section, followed by the local news, sports, Ann Landers and the comics last.
Linda Decker, Sanford

Military News

DONALD C. MERRICK, Marine Corps Pfc. Donald C. Merrick, Jr., son of Wilma J. Merrick, Terry Lane, Sanford, recently completed basic training at Marine Corps Recruit Depot, Parris Island, S.C.

Merrick successfully completed 12 weeks of training designed to challenge new Marine recruits both physically and mentally.

Merrick and fellow recruits began their training at 5 a.m. by running three miles and performing calisthenics. In addition to the physical conditioning program, Merrick spent numerous hours in classrooms and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat and assorted weapons training. They performed close order drill and operated as a small infantry unit during field training.

Merrick and other recruits also received instruction on the Marine Corps' core values — honor, courage and commitment, and what the words mean in guiding personal and professional conduct.

Merrick and fellow recruits ended the training phase with The Crucible, a 54-hour team effort, problem solving evolution which culminated with an emotional ceremony in which the recruits were presented the Marine Corps Emblem, and were addressed as "Marines" for the first time since boot camp began.

Merrick is a 2000 graduate of Seminole High School in Sanford.

JOSEPH A. BENWAY

Marine Corps Pfc. Joseph A. Benway, son of Julie T. Benway of Deltona, and Charles J. Benway of Glade View Drive, Sanford, recently completed basic training at Marine Corps Recruit Depot, Parris Island, S.C. and was meritoriously promoted to his current rank.

AAA Tree Service Serving Central Florida Since 1957

Trees don't commit suicide—they die of neglect. Trees in an urban setting depend on our help. Other than natural calamities, the most likely cause of tree damage is human negligence. Inadequate care makes trees susceptible to disease and lacking in strength to survive severe weather conditions. By giving a little care and following correct tree care practices, homeowners can ensure that their trees are protected and ready to face nature's fury.
 Take a look at your trees. Signs of stress include change in leaf color, misshapen leaves, thinness of the canopy and early loss of leaves. Sometimes it's difficult to take care of your trees with limited knowledge. Hire a professional arborist such as AAA Tree Service, and be assured of professional tree care. Serving central Florida, phone (407) 339-5242, they're licensed and insured, provide references and will give you a professional tree diagnosis and estimate. Trees react differently in each season. These consulting arborists know proper planting technique and the best time of the year for various tree operations such as fertilization, disease control, pruning, feeding and trimming. Emergency storm calls are also given prompt attention.
 Other than providing shade and offering aesthetic qualities, healthy trees can increase the value of your property, reduce heating and cooling bills, act as windbreaks and create a relaxing atmosphere. Call AAA Tree Service for a tree diagnosis today. An ounce of prevention can save a pound of money.

Kampf Title & Guaranty Corp.

"Performing Good Deeds For Over 38 Years"

Buying a home is one of the most important purchases in your lifetime. Once the deeds and mortgage documents are signed, the property is yours, so you think, but it may not be. Chances are, you are the owner, but a sure title is not having a deed in hand. A deed alone will not cancel prior "rights" others may have to your property—rights and claims you would never expect to exist.
 When a title policy is issued by Kampf Title & Guaranty, you can rest assured that your property is protected by the policy subject only to its terms. If a flaw in the title is discovered, Kampf Title & Guaranty, through its underwriter, will defend the title as issued, at its own expense, and will correct or clear the title or will pay any loss incurred, up to the face value of the policy.
 A low, one-time premium covers the entire cost for as long as ownership remains in your name and even thereafter. Protection of your property rests on the financial stability, professional integrity and responsible management of the title insurance company. So select your title insurance as carefully as you would any other insurance. Protect yourself against loss due to title defects. Insist on an owner's title insurance policy issued by Kampf Title & Guaranty, located in Sanford at 200 West 1st Street, in the Suntrust Bank Building. Phone (407) 322-9484 for additional information today.

Florida BellSouth customers receive redesigned telephone bills

After three years of consumer testing, BellSouth is replacing its old bill format with a revised, simplified telecommunications bill.

Beginning in the April billing cycle, BellSouth will rollout 4,132,834, redesigned communications bills in Florida. This includes 257,054 newly formatted bills printed in Spanish. BellSouth introduced 133,419 of the new bills last November to its Florida BellSouth Solutions customers.

The new easy-to-read format was designed to provide clear, concise, plain language information in both English and Spanish.

"The new simplified bill is easier to

read and understand and tries to address the questions most asked by our customers," said BellSouth Consumer Marketing Director Faith Miller. "We've spent years amassing feedback through customer focus groups that we've initiated into the bill. The result is a communications bill that our customers have essentially designed. They told us what they wanted and we made it happen."

BellSouth's Consumer Services conducted focus groups asking bill recipients what type of improvements they would suggest to clear up any confusion with their monthly communications bills. After suggestions were

made, prototypes of new bills were evaluated and tested by additional focus groups until customers gave us their consensus of a final design.

The new features of the bill include:

- The use of icons on the heading of the pages, which apply to the appropriate service.

- Page sizes will now be 8 inches by 10 inches instead of 6 by 8.

- There will be a two column approach. The left side gives referral information and the right side contains the charges.

- There will be more details about state and federal taxes and any additional charges.

- There will be detailed itemization of other company charges and contact numbers.

- The front page will feature a summary of charges and reference to the detailed bill page.

"With technology and communications options expanding so rapidly, BellSouth needed a way to convey costs in a flexible manner. This new bill format is able to clearly inform our customers of who is charging them and why. Each segment of the bill will also give specific reference and contact numbers in case any questions about the charges should arise," said Miller.

Florida and Georgia are the first two states in BellSouth's 9-state region to receive the new bills. Other states will be phased in during the next year and a half.

BellSouth Corporation is a Fortune 100 communications services company headquartered in Atlanta serving more than 44-million customers in the United States and 16 other countries.

BellSouth owns 40 percent of Cingular Wireless, the nation's second largest wireless company, which provides innovative wireless data and voice services.

Passing the family business to heirs

By Deborah Taylor
Special to the Herald

Passing a closely held business between generations can be a smooth transition, as long as someone competent is available to take over management. Passing the business with minimum tax impact is another matter. Careful planning is essential to preserve your assets.

Lifetime gifts to other family members are a proven way to pass business assets and save estate taxes as well. With proper structuring of the gifts, total gift and estate taxes can be minimized or even eliminated in some cases. A lifetime gift works well because it removes from the giver's estate (and estate tax liability) any appreciation in the gift assets that occurs after the gift is made. A sizable annual exclusion from both gift and estate taxes (up to \$10,000 per recipient — \$20,000, if both spouses give) simplifies transferring assets over a multi-year period. A larger one-time gift can be made by using the applicable exclusion amount, which is currently \$675,000 (increasing to \$1,000,000 by 2006).

Here's an example of how gifting can work. You are the sole owner of City-wide Widgets, which today is worth \$900,000. You are looking toward becoming less active in the business and want to start transferring ownership. Joined by your spouse, you give your two sons and daughter \$20,000 worth of stock each annually without any gift tax liability. After just six years, your tax-free transfers will total \$360,000. You'll reduce your estate by the entire \$360,000 because both the \$360,000 value and any subse-

quent appreciation in stock value are excludable from the estate. If you are in today's top estate tax bracket, your potential tax savings will be \$198,000!

Save More with a Minority Discount

Are those \$20,000 gifts in the example really worth the entire \$20,000? Not when you consider that yours is a closely held corporation, and no minority shareholder can influence management or liquidate the company. So, in general, minority shares in closely held companies are valued at a discount from their proportional share of the company's full value. That can let you give away more shares each year within the gift tax annual exclusion limit.

For years, a minority interest discount was a problem with the IRS if the gift was to a person within a family that owns all, or the majority, of the corporation's stock. The IRS formerly ruled that no minority discount would apply because the family unit continues to control the corporation.

Now the IRS position has changed. As long as a corporation has a single class of stock, other family owned shares no longer have to be lumped with the transferred shares in determining eligibility for a minority discount.

Continuing the above example, the value of the stock you give your sons and daughter would be discounted because it represents minority interests in your company. So you would be able to give each child more shares each year without exceeding your gift tax annual exclusion limit.

The possibility of capital gains taxes can't be ignored in consid-

ering a gift strategy. What if children sell the stock they receive as gifts? The giver's tax basis carries over to the children. With the same tax basis as the original owner, the children may be liable for a substantial capital gains tax.

It works like this. Say you paid \$200 a share for the transferred stock. When you make your gift, the value is \$500. At the time your child sells, the value has risen to \$700 each. The taxable capital gain will be \$500 a share (\$700 sale price, less your \$200 basis).

What if instead you leave your stock to your children at your death? The capital gains situation will be much better. The stock's tax basis will "step up" to its value at your time of death. Your estate would contain the stock and, therefore, owe estate taxes on it. But your children would pay a lower capital gains tax when they sell.

For example, your children inherit the stock from you. The stock is taxable in your estate, and at your death it's worth \$760 a share. If a child later sells the shares for \$800 each, the applicable capital gain would only be \$40 a share.

It takes a very careful analysis of your particular situation to find the asset transfer approach that will be best. Frequently, that approach is to make lifetime gifts. Call your Financial Advisor today to obtain more information about transferring assets.

Chamber

 Century National Banks, did not give specific details about any disagreements, but did say board members had many ideas about how the Chamber should be run.
 "Chamber management is a tough job," Triplett said. "You get pulled in 25 different directions. I've got a board of 14 members that I answer to, so I understand what it's like. But that's life, and you have to move

forward."
 In a release, Rose said he plans to continue as a board member for the Helen Stairs Theatre and as president of the Seminole County Cultural Arts Council. He said he intends to pursue a real estate license and spend more time with family members.
 "I like to think my efforts have made a significant impact on improving the image of Sanford, our business community and our

local Chamber," Rose said.
 Triplett said the future of the Heritage Festival is up to Rose. While he said the Chamber would offer support for a festival, "I really don't want to have a part in the funding of it. The festival puts us in a risky financial position."
 "If Ron brings us a good action plan that has financial support throughout the community, we would support him," Triplett added.

Rose said he isn't sure whether he can secure funding to produce a festival this year.
 "Without the support of the community, it would be hard to put on a community signature event," Rose said.
 Sanford Mayor Brady Lessard said he would be willing to ask city commissioners to approve partial funding for a festival if the details could be provided.
 "It's got to be the right package, and we would have to be

assure the event could be successful," Lessard said. "I'd hate to lose it, but I don't think it's an integral part of whether Sanford succeeds or fails."
 Triplett said he would like to have a new executive director in place within 60 days. The executive board of the Chamber is scheduled to meet May 10, and Triplett said he wants to create an ad hoc committee comprised of business leaders and residents.

The Way We Were: A sampling of historical highlights

Several Sanford Herald articles were recently sent to me and I thought you would enjoy excerpts from them.

Grace Marie Stinecpher

Herman and Rose Jacobson Honored
Herman and Rose Edith Jacobson were honored on their Golden Wedding Anniversary on June 9, 1985 by their children and grandchildren at a gala reception/dinner party at the Sanford Civic Center. The facility was expertly turned into an outdoor setting with a fully landscaped garden. Separating the dining and serving areas was a bridge span with wrought iron hand rails suspended over a brook where goldfish swam. Green plants and trees grew in the attractive garden which were later planted in the Jacobson home. The head table was set on a sloping hill beautifully terraced with foliage, flowers and artificial turf. All the tables were covered with mauve cloths and were centered with arrangements of pastel spring flowers. Guests, who began arriving at 3 p.m. were served punch and delectable items from an hors d'oeuvres buffet table which featured lobster, shrimp and other party fare. Following the reception, profes-

sional entertainment was provided. Emcee was comedian Dan Dillon. There was an Hungarian accordionist and violinist, a vocal trio, the Dale Burke Orchestra and Atilla the Magician.

Dinner was then served to 240 guests which included chateaubriand, chicken supreme and seafood newburg. Following dinner, troubadour Vince LaRosa serenaded the guests with his steel banjo compositions.

A dessert bar which included a variety of ice creams with several toppings served as the finale to the elegant meal.

Among the family members attending were the couple's two children, Sara Jacobson of Sanford and Attorney Sammy Jacobson and his wife Judy of Jacksonville. Grandchildren were Ben, Karen and Anna Lea Jacobson of Jacksonville. Also attending were Mrs. Jacobson's two sisters, Selma Levy Newman of New York and Louise Levy Fontaine of Orlando. Mr. Jacobson's sister-in-law, Mrs. Arthur (Abe) Jacobson, Maitland, and numerous nieces and nephews.

Rose Levy was born in New York City, but moved to Geneva as a child and attended Sanford schools. She graduated from Seminole High School and following her graduation from Florida State College for Women, she taught school in LaGrange, Ga. She later returned to Sanford where she taught fifth grade at Sanford Grammar School.

Herman Jacobson was born in Poland and moved to Rhode Island with his brothers as a

teenager. Although he had very little formal schooling, he was self-taught in many fields. He moved to Sanford in the late 1920's and opened the H.A. Department store on Sanford avenue with his brother, Abe.

Rose's father worked as a butcher in a grocery store near the H.A. The two met one day when Rose picked up her father at the store. They were married June 16, 1935.

Mrs. Jacobson gave up teaching and went in business with her husband. They opened Rojay in 1952 which they were continuing to operate at the time of their anniversary.

SHS Class of 1931 Holds 50 Year Reunion

On Friday, June 5, 1981, the Seminole High class of 1931 gathered at the Holiday Inn, Marina Isle for their 50 Year Reunion.

There were 42 class members present, many of whom had not seen each other in several years, so there was much gabbing, hugging and reminiscing. With spouses and guests, there was a total present of 65.

The private dining room was decorated with pages from the Salmagundi and each name tag featured the picture of the class member from the 1931 Sally.

Roy Britt gave the invocation before the banquet style dinner. Henry Witte, chairman of the event, introduced the spouses and guests with Edwin Shinholser conducting "In Memoriam" for 21 deceased classmates.

Each class member gave a rundown of his or her life during the past 50 years after which

awards were given. Ethel Gates Truex, Middletown, N.Y., and Ruth Martin Symonds, Williamson, N.Y. tied for coming the farthest distance. There was another tie for longest continuous marriage between Eunice Banks Horton and Frances Lassing Wilson.

Nellie Lord Fryer of Sanford captured the award for the greatest number of lineal grandchildren and great-grandchildren.

The senior class president was Jane LeRoy Clayton now of Sidney, Ohio. A special guest was Mrs. Mae Fort, a favorite teacher.

Table decorations were under the direction of Gertrude Vining Woods and Donald Anderson.

There wasn't a listing of attendees, but those in accompanying pictures were Edwin Shinholser, Roy Britt, Henry Witte, Sara Maxwell Harrison, Wallace Phillips, Griff Scholfield and Harry Hall. (I wonder whether this class is planning on its 70th reunion this year?)

60th Anniversary Observed
Mr. and Mrs. H.W. Goodspeed celebrated their 60th wedding anniversary on June 11,

1981. Harlow W. Goodspeed moved to Milton, FL in 1920 from Ohio where he met Alice Alday of Donalson, Ga. They were married June 11, 1921 in Pensacola and moved to Sanford the next month.

Mr. Goodspeed retired in 1965 from the ACL Railroad. Mrs. Goodspeed had worked for Rojay for many years.

The couple had one daughter, Joyce (Mrs. H. Wight) Kirtley, who had recently moved back to

the area where her husband was the pastor of Community United Methodist Church in Casselberry.

Rev. and Mrs. Kirtley entertained the couple on their anniversary at a lavish celebration at the Sanford Woman's Club. About 400 relatives and friends attended the open house.

The Goodspeeds, who were members of First United Methodist Church, had four grandchildren and two great-grandchildren.

Arrest

Continued from Page 1A
Avenue, not far from the victim's home.

The Seminole County Sheriff's Office received a number of tips regarding Rinaldo's whereabouts, including identifying a motel room in which he had been staying.

Rinaldo has an extensive criminal history from New York State, including sexual battery and sexual abuse. Investigators said he had been in and out of the New York prison and jail system from

1986 to May 2000. Officials explained he would serve time, get paroled, commit another crime, have his parole revoked, serve more time, get another parole.

He moved to Central Florida about one year ago, following his New York parole in May of last year, and already has a history in Seminole County of burglary, grand theft and dealing in stolen property. He was last arrested locally in February.

According to the victim,

Rinaldo first confronted her Monday night, while she was walking her dog. He accused her of "messing with his tent," which she had not done. He later broke into the victim's home and sexually battered her. He then took her car, which has been recovered.

Rinaldo's apprehension was accomplished without incident. He was booked into the Seminole County Jail on a charge of sexual assault-battery on a victim over 12 years of age, with physical force.

Garden

Continued from Page 1A
Maintenance on the garden is done by Club members, who are responsible for watering the plants, pulling weeds and spreading the mulch.

In addition to the butterfly garden planting, other Earth Day Week activities included a

tree planting in honor of Environmental Club sponsor, Patty Swann, and a Trash and Treasures project where groups of fifth-grade students used recyclable material to create "treasures from trash". A dragon made of cardboard boxes and other material took first

place. The first place team was headed by Pine Crest principal, Barry Liebovitz. Second place team, under the leadership of Paul Senka, created a robot. Earth Day activities ended on Friday with the planting of a maple tree.

Debbie Bowlin, Environmental Club sponsor and 2nd grade teacher at Pine Crest Elementary School fills a bucket with water for fourth-grade student, Dalton Griffin, as classmate Clysta Nieves awaits her turn. Herald photo by Art Zielenki

Lions end season on a hot run

By Dean Smith
Sports Editor

OVIEDO — The Oviedo Lions appear to be ready to roar in next week's Class 6A-District 3 Baseball Tournament at Lake Mary High School.

First-year coach Kevin Wainscott took a chance when he took over the reins of the Lions, keeping a core of veteran seniors to go along with seven sophomores on the varsity roster.

But the roll of the dice has paid off as Oviedo, which starts an all-underclassman infield, quickly matured after a slow start and finished the season on a four-game winning streak, with all four victories coming against teams that are also playing red-hot baseball.

After pulling off big district wins over Lake Mary, ranked in the top 10 in the state and also appearing in the top 20 nationally in three polls, and DeLand, which was also coming off a win over the Rams, the Lions concluded the regular season with home wins over Seminole and Lyman this week.

Thursday night at Mikler Field, Oviedo honored its senior's in a pre-game ceremony then went out and took care of Lyman, 11-6.

Justin Stines was the winning pitcher, giving up one hit and striking out eight over the first four innings.

Jeff Knapp and Bridger Hunt led the offense, both going 3-for-4.

But the Lions' second biggest win of the season, behind upsetting Lake Mary at the Rams' home, came on Tuesday as Oviedo ended Seminole's 18-game winning streak and denying the Fighting Seminoles a new school record for consecutive victories with a 5-3 triumph.

Seminole missed a golden opportunity to take an early lead as the Lions showed off its defense.

With one out in the top of the first inning, Chris Krall singled and Angelo Petracca walked and both advanced a base on a wild pitch.

Hunt then robbed Jason Louwsma of two RBI when he leaped to snag a soft liner headed for right and shortstop Matt Lopez made a running over-the-shoulder catch of a bloop by Jake Davis to end the inning.

The Tribe also showed off a little leather of its own in the bottom of the first inning as Louwsma dug out a low throw from catcher Dominic Petracca to catch Knapp attempting to steal.

Oviedo would get two more runners on base, but Davis would strike out a pair to end the threat.

The Lions finally broke through in the bottom of the third inning as Knapp doubled to deep right and moved to third on a Nick Tenekedes grounder before scoring on a two-out double by Hunt that barely eluded Angelo Petracca at third.

The Tribe tied the score in the top of the fourth inning as Davis singled and courtesy runner Keith Parrett went to second on a wild pick-off throw.

Parrett went to third on a Dominic Petracca grounder, but the next batter struck. Uriah Kimmig, however,

SANFORD — The final district tournament week for the 2000-2001 school year gets started this Monday as the baseball and softball teams begin what figures to be a hotly contested week of games.

Each of the four tournaments that involve Seminole Athletic Conference schools features at least two teams that are considered threats for state championships.

In baseball, Seminole (20-8) and Lake

Lake Mary, Winter Springs, Seminole earn top seeds

Mary (23-4, with a game against University remaining on Friday) will be the top seeds in Class 5A-District 5 and Class 6A-District 3, respectively, but Spruce Creek, Deltona and Pine Ridge are all more than capable of winning in 5A-5 and anyone, especially Oviedo and

Lake Brantley, could claim 6A-3. In softball, Winter Springs is the top seed in Class 6A-District 3, but Oviedo and Lake Mary are also playing well and can never be counted out.

In Class 5A-District 5, Spruce Creek is 22-2 and the top seed, but the Hawks'

two defeats came at the hands of Seminole and Deltona late in the season.

The Class 5A-District 5 baseball tournament kicks off the action at 11 a.m. on Monday with #2 seeded Spruce Creek taking on No. 7 Mainland on Melching Field at Conrad Park in DeLand.

The rest of the day's action has #6 Lyman battling #3 Deltona at 1:30 p.m.; #1 Seminole facing #8 Lake Howell at 4:30 p.m.; and #4 Pine Ridge tackling #5 Flagler-Palm Coast from Bunnell at 7:30 p.m.

What a ballgame

Rams nip Seminole in weird affair, 9-8

LAKE MARY — When you have two teams the caliber of Seminole and Lake Mary squaring off you expect odd things to happen. But this was ridiculous.

The Rams' Tucker Pearce hit a two-out single in the bottom of the ninth inning with runners on second and third to plate Matt Mergo with the winning run as Lake Mary handed the Fighting Seminoles their second consecutive loss, 10-9, in a Seminole Athletic Conference game at Lake Mary High School Thursday night.

But even the final score does not come close to describing this bizarre game.

Seminole (20-8) looked to be on the way to a big win as they hammered Rams starter Trevor Berryhill in the second inning.

Jason Louwsma led off and beat out an infield single and went to third when Jake Davis ripped a single into right-center field. Dominic Petracca singled to left to score Louwsma and Matt Fraysier beat out a bunt to load the bases, still with no one out.

Uriah Kimmig walked to force in Keith Parrett, a courtesy runner for Davis, and Willie Bennett lifted a sacrifice fly to right to score Dominic Petracca and moving Fraysier over to third.

But the Tribe missed a golden opportunity to have even a bigger inning when the next two batters failed to get the ball out of the infield, one on a foul pop to the catcher and an inning-ending grounder to third.

The Rams broke through in the third inning as Pearce led off with a single and Matt Horwath walked.

See Lake Mary, Page 3B

Seminole's Matt Fraysier (top) lays down a bunt single during a three-run top of the second inning, but Lake Mary's Tucker Pearce (bottom) says it all as he slides safely across home to start a three-run third for the Rams. Pearce would end up being the star as his two-out single in the bottom of the ninth inning plated Matt Mergo with the winning run as Lake Mary edged the Fighting Seminoles, 9-8, Thursday night at Lake Mary.

SANFORD — It was not exactly the finish to the season that coach Dave Rogers was looking for, but the Seminole High School softball team showed that it can compete with anyone.

On Tuesday, Oviedo's Katie Field struck out 10 and helped her own cause by going 2-for-3, with both hits being doubles, and the Lions took advantage of Fighting Seminoles mistakes to claim a 4-1 victory.

On Thursday, the Tribe held a 1-0 lead through the whole game until the seventh inning when some miscues cost the home team the game against Orlando power Colonial. Making her varsity debut pitching for the Lady Noles, sophomore Andrea Poloche, struck out six and giving up only one walk. Poloche's JV record was 13-3-1.

Seminole (16-10) scored its only run in the first inning when a wild pitch got by the Granendiers catcher Sarah Robinson.

Helping her own cause, Poloche got on base with a walk and advanced to second on a steal.

With one out, Kara Lively got Poloche to third when she grounded out to second base. Then on the fourth pitch to Jenny Abendroth, Poloche came home when the wild pitch.

For the rest of the game it looked as though the Poloche score would be all that her team would need.

Then after stopping any Colonial chance of scoring for the whole game the Seminole squad ran out of gas and allowed two runs to score in the seventh inning.

It looked as though the game was a lock when the first two Colonial batters, Kathy Daryanani and Kristen Crosby flew out to the outfield. Then the lead-off batter, Kiley Sieffert, breathed new life into the Colonial squad with a long triple to left field.

Ivey Ramos would hit a ball that eventually bounced on the back of Lady Nole third baseman, Ashley Hill, in her attempt to grab the ball and make the play to first, with Sieffert scoring.

Then Colonial would take the lead and the win with a single down the third base line scoring Ramos.

Seminole went quietly in the bottom of the seventh as all three Tribe batters went down on strikes.

The Fighting Seminoles were to have played another Class 6A squad on Friday, in Orlando against Edgewater, before taking part in the Class 5A-District 5 tournament at Daytona Beach Community College as the No. 2 seed and face No. 7 Mainland in the first round on Tuesday at 7 p.m.

Lake Brantley on a roll with tourney on tap

CASSELBERRY — It's looking more and more like the upcoming Class 6A-District 3 baseball tournament is going to be a barn-burner.

Everyone knows about Lake Mary's accomplishments this season and fans are starting to take notice of Oviedo after its finish.

But the Rams and Lions faithful had better not forget Lake Brantley.

The Patriots got the final week of the regular season started in fine fashion as Greg Moreira, Ian Holman and Matt Hoyler com-

bined on a seven strike out, no-hitter as they whipped Winter Park, which handed Lake Mary just its second loss of the season two weeks ago, 6-1.

George Bradner went 2-for-3 with a double and drove in two runs to lead the Lake Brantley attack, while Brandon King went 2-for-3 with an RBI.

On Wednesday, the Patriots were at it again as they slammed Lake Howell 6-1 to spoil the Silver Hawks' senior night celebration.

Lake Brantley got solo home runs from Brandner and Ray Horal with Brandner's blast coming on the third pitch in the game.

While the Patriots needed just three pitch-

es to take the lead, it took Lake Howell seven batters to tie the game in the bottom of the first inning.

Lead-off batter William Delgado hit an infield single to third and would advance on a bunt by Tony Louka, who outran the tag attempt by Lake Brantley pitcher, Charles Sutton.

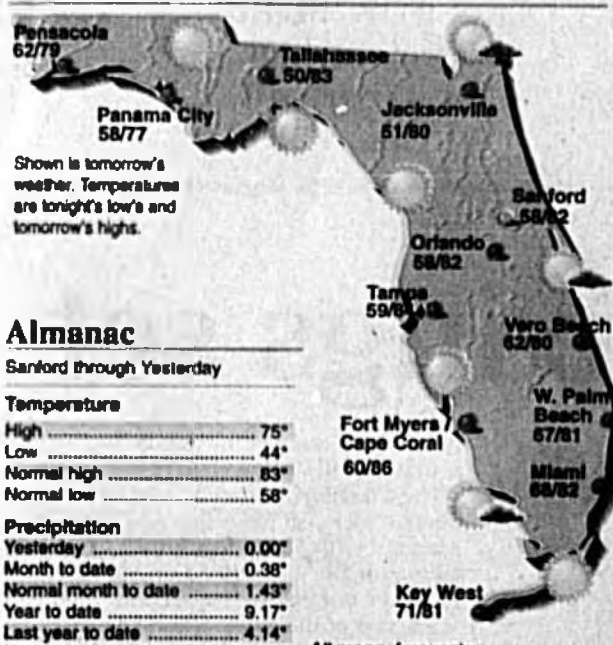

With runners one first and second, tragedy would strike Lake Brantley when Sutton was beamed by a line-drive hit by Mark O'Brien. The ricochet would bounce to third baseman, Ray Horal, who made the force out play for the first out.

Sutton was hit on the left knee and was See Patriots, Page 3B

The two Class 6A-District 3 tourney's also begin on Monday with the 4-5 games.

In the softball tourney at Winter Springs, No. 4 DeLand (2-6) faces No. 5 Lake Brantley (0-8) at 7 p.m.

In the baseball tournament at Lake Mary, No. 4 Winter Springs takes on a resurgent DeLand team that has played very well over the final two weeks.

On Tuesday, the Class 5A-District 5 softball tournament opens at Daytona Beach Community College with Lyman taking on Lake Howell at 2 p.m.; Deltona squaring off with Pine Ridge at 4:30 p.m.; and No. 2 Seminole facing Mainland at 7 p.m.

The 6A-4 tournaments will also kick into high gear on Tuesday with semifinals to decide who will advance to regionals next week.

In softball, at Winter Springs, a monster battle between No. 3 Lake Mary and No. 2 Oviedo takes place at 5 p.m. and #1 Winter Springs takes on the DeLand-Lake Brantley winner at 7:30 p.m.

In baseball, at Lake Mary, perennial challenger Lake Brantley and always tough Oviedo, which has wins over both Seminole and Lake Mary in the past two weeks, square off at 5 p.m. in a semifinal contest that promises to be the best game in the early tournament schedule at 5 p.m.

Lake Mary looks to take its first step toward a

state title against the DeLand-Winter Springs winner at 8 p.m.

The 5A-5 baseball semifinals will be played on Wednesday at Conrad Park with the Spruce Creek-Mainland winner taking on the Lyman-Deltona winner at 4:30 p.m. and the Seminole-Lake Howell winner facing the Pine Ridge-Flagler-Palm Coast winner at 7:30 p.m.

The 5A-5 softball semifinals will also be contested on Wednesday with the Seminole/Mainland winner facing the battle of Deltona (Pine Ridge/Deltona) winner at 5 p.m. and #1 Spruce Creek facing the Lyman/Lake Howell winner at 7 p.m.

On Thursday, the 5A-5 Baseball Championship Game will be played at 7:30 p.m. at Conrad Park in DeLand; the 6A-4 Softball Championship Game will be played at 7:30 p.m. at Winter Springs High School; and the 6A-4 Baseball Championship Game will be played at 8 p.m. at Lake Mary High School.

The 5A-5 Softball Championship Game will be played on Friday at 7 p.m. at Daytona Beach Community College.

The first round of the regionals will be played either Tuesday or Wednesday next week, with the district winners and runners-up advancing. The winners will host the first round, with the runners-up going on the road to take on a district champion.

Lake Mary

After a failed bunt try, Ryan Bono singled to center and Pearce scored on the play when the Seminole center fielder overthrew the cut off man. Horwath and Bono went to third and second on the error.

A wild pitch allowed Horwath to score the second run of the inning and courtesy runner Chris Lane scored the game-tying run on a grounder to third by Kyle Bono.

Lake Mary then looked like it had the game in hand as Berryhill settled down, throwing four scoreless innings, and the Rams offense came up with a pair of runs.

In the fourth inning, Josh Gray singled, but was forced at second on a nice play by Kimmig on a bunt by Robert Yero.

Mike Muzeka then reached on an infield single, but Tribe pitcher Angelo Petracca bore down to get a big strike out for the second out of the inning. Horwath then got a clutch two-out single to left to score Yero from second with the go-ahead run.

Lake Mary got an insurance run in the fifth inning. Withrone out, Kyle Bono clubbed his second double of the game, but pinch-runner Fernando Baerga was gunned down at the plate on a super throw from Chris Krall on a single to right by Mergo.

Mergo went to second on the throw and scored when Gray launched a double off the centerfield wall.

Heading into the top of the seventh inning Seminole looked to be in dire straits as it had only got one runner past first off of Berryhill since the second inning.

But the Tribe, which had won 18 games in a row earlier this season, was not about to go quietly, but it rallied in a strange way.

With one out, Krall and Angelo Petracca both reached on infield singles and Louwsma did likewise when his potential double play grounder to short nearly bounced over Horwath's head. Only the quick hands of the junior shortstop kept the ball in the infield and saved a run.

Davis then grounded to second, scoring Krall and Angelo Petracca scored the tying run on a daring play.

Berryhill threw a pitch in the dirt, but Ryan

Bono got down to block it. Unfortunately for Bono, the ball roll about eight feet out in front of the plate and Petracca, who broke immediately on the play, was able to avoid Bono's tag.

Seminole then got some help to start the eighth inning and appeared, again, to be headed to victory.

Fraysier led off and swung at a pitch at least two feet outside on which Ryan Bono could not reach, allowing Fraysier to reach safely.

Kimmig bunted him up and pinch-hitter Parrett singled to left. The ball hit the lip of the infield and bounced high into the air and Fraysier raced for home with the go-ahead run. Parrett also got to second when the ball could not be played in left.

After a strike out, Krall was hit by a pitch and Angelo Petracca singled to score Parrett. Louwsma then singled to score Krall, but Chad LeGate made a strong throw to third to get Petracca and end the inning.

Now it was the Rams' turn to get off the deck, and just like the Tribe, they got a lot of help. Gray, who was 3-for-3 at the time, popped up the first pitch of the inning, but the ball bounced out of the Seminole fielder's glove for an error.

Yero then singled and both runners advanced on a grounder by Muzeka. Pearce then singled to left, scoring both runners, and went to second when again the Tribe outfielder overthrew the cut off man.

Pearce went to third on a ground out and scored the tying run when LeGate's fly was dropped in left-center field.

Seminole had a chance to regain the lead in the top of the ninth inning as Davis led off with a double and went to third on a grounder by Dominic Petracca. But he was stranded there as Lake Mary reliever Steven Apfel struck out the next two Fighting Seminoles.

In the bottom of the ninth inning, Mergo led off with a double, just beating a throw to second by Krall, and Gray was walked intentionally. Yero laid down a perfect sacrifice bunt, but Dominic Petracca got a big strike out.

Faced with either walking Pearce to load the bases and taking its chances with Horwath, who had two hits and also flew out against the centerfield wall, Seminole tried to get Pearce, who hit

the first pitch he saw down the leftfield line to end the game.

Pearce led a 16-hit Lake Mary attack, going 3-for-6, scoring two runs and driving in three.

Also contributing were Kyle Bono (3-for-5, two doubles, RBI), Gray (3-for-4, double, run, RBI), Horwath (double, single, run, RBI), Mergo (double, single, two runs), Yero (single, two runs), Ryan Bono and Muzeka (one single each) and Lane (run).

Doing the damage for Seminole, which had 15 hits, were Louwsma (3-for-4, run, RBI), Davis (double, single, RBI), Fraysier (double, single,

run), Angelo Petracca (two singles, run, RBI), Parrett (single, two runs, RBI), Krall (single, two runs), Dominic Petracca (single, run, RBI), Kimmig and Bennett (one single and one RBI each) and Anthony DiFonzo (single).

The Rams were to finish the regular season by hosting University on Friday and then host the Class 6A-District 3 tournament starting on Monday.

Seminole will take on Lake Howell in the first round of the Class 5A-District 5 Tournament on Melching Field at Conrad Park in DeLand at 4:30 p.m. on Monday.

THE SAMMY HUGHES FIRST ANNUAL GOLF CLASSIC

On Monday, April 23, the Sammy Hughes First Annual Golf Classic will be held at Stoneybrook Golf & Country Club in East Orange County. Proceeds from the tournament will benefit the Sammy Hughes Trust Fund established to pay for the on-going care and expenses for Sammy Hughes, a senior at Oviedo High School who suffered a permanent spinal cord injury while playing football in a game last September.

Lee Corso, famed ESPN announcer, has volunteered to serve as Master of Ceremonies for this annual tournament while other sports celebrities have signed on to play in the tournament including Julius (Dr. J) Irving; members of the Central Florida Chapter of the NFL Players Association including: Tom Bland, Jamie Boone, Mike Cadore, Charles Cornelius, Antone Davis, Steve DeBerg, Mike Fowler, James Harris, Scott Hutchison, Aaron Jones, Jimmy Jordan, Bobby Kroll, Fred Marion, Mike McBath, Paul McGowan, Gerald Nichols, Dick Pesonen, Greg Pruitt, Al Schlazer, Darryl Talley, Thurman Thomas, Tom Whelihan, and Gordon Wright; retired NFL referee Don Wedge, retired NHL and IHL player Allan Bester, and WCW wrestler "Hackshaw" Jim Duggin.

Mike McBath, president of the Central Florida Chapter of the NFL Players Association and former Director of the NFL Players Association will meet with the NFL Players Association next week to solicit support from its members.

In addition to the golf tournament, the event

will include a raffle and an auction of sports memorabilia. Items for the auction include autographed merchandise contributed by Arnold Palmer/Bay Hill, the Orlando Magic, Orlando Miracle, Orlando Rage, Orlando Solar Bears, Miami Dolphins, University of Miami, Tallahassee Thunder, Florida State University, Florida A&M University, Cincinnati Reds, Cincinnati Bengals, Cleveland Browns, New Orleans Saints, Jerry Faust, former Notre Dame coach, and other valuable prizes.

Bill Heard Chevrolet is sponsoring a "Hole-In-One" contest in conjunction with the tournament. The prize is a Chevrolet Blazer valued at \$28,000. The contest will be held on the #3 hole, which is a par-three hole. For more information on the First Annual Sammy Hughes Benefit Golf Tournament, please call Greg Futch at the Seminole County Sheriff's Department at (407) 665-6698.

SANFORD/SEMINOLE COUNTY CHAMBER OF COMMERCE GOLF

The Sanford/Seminole County Chamber of Commerce annual golf outing is scheduled for Tlacuach Golf and Country Club on Thursday, April 26th.

A free short game/clinic sponsored by Legg Mason Mutual Funds will begin at 11 a.m. and a putting contest will begin at noon.

The tournament will begin at 1 p.m. with a "shotgun" start - four person team scramble. Players must enter in advance and all entries will be handled on a first-come, first-served basis, with a maximum of 25 foursomes. Call 407-322-2282 for more information.

Rams hold off Lake Howell

By Henry Uhlenbrauck, Jr.
Herald Correspondent

LAKE MARY — Even with a late Lake Howell surge in the seventh inning, Lake Mary, scoring all their runs in the first inning, to bounce back from a tough loss to DeLand on Friday to edge the Silver Hawks 3-2 Tuesday night in a Seminole Athletic Conference baseball game at Lake Mary High School.

It was Senior Night at Rams Field but the Lake Howell offense didn't care as it scored first when Scott Leman got on a fielder's choice in a foiled double play attempt and later scored on a sacrifice fly to left field.

The beleaguered Lake Howell defense would have its hands full when the Rams took to their bats in the bottom of the first inning. Making a rare appearance as the leadoff batter for Lake Mary,

Josh Gray got the Rams bats going when he hit a single on the first pitch by Silver Hawk hurler, Nick Taft. Gray then scored on a full count double to deep left-center by Matt Horwath.

Horwath, who went two-for-three for the night, would advance to third on a wild pitch and remain there as Chad LeGate reached on his only hit of the game, an infield single to third.

Horwath would score on a balk committed by Taft. The balk also advanced LeGate to second, who scored the third run of the inning on single to right by Matt Mergo. After that it was a duel between the Rams' Adam Sanabria and Taft's replacement, Richard Napierata, who came in the second inning.

Sanabria, who broke a personal two-game losing streak, ended the game with nine strike outs, with three coming in the fifth

inning. Lake Howell first chance to score came in the sixth inning when Brad Easterday got on base by a hit pitch and advanced to third on steals. Louka would get on base on a walk and advance to second on a steal, but Sanabria would stand the Silver Hawks' runners right there. Lake Howell would finally get on the board and make a game of it in the seventh inning.

Sanabria walked two batters with one out and was replaced by Kyle Bono, who walked William Delgado to load the bases loaded. Bono would then uncork a wild pitch with Derek Gillard scoring and giving the Rams a sudden awakening that they could lose to a team that had only won once this season.

But Bono worked out of the jam and earned a save when he got a game-ending double play.

Oviedo

Continued from page 1B

Uriah Kimmig, however, came through with a big two-out single to plate Parrett on an 0-2 pitch.

The score remained tied until the bottom of the fifth inning when the Lions went to the long ball to score three runs.

Tenekedes led off with a single and Jason Wolfe doubled to deep left, scoring Tenekedes. Hunt reached safely when a runner made a mistake and was thrown out a third on a grounder to short.

Hunt then scored when Colin Irvine, who got the pitching victory in relief of starter Matt McClung, hit a triple into the rightfield corner. Nate Green, who grew up in the Sanford Recreation leagues, followed with a single off the leftfield wall, scoring Irvine.

Irvine then got a little insurance in the sixth inning when Randall Ford reached on an error, went to second on a sacrifice by Lopez and scored on a two-out double to right by Tenekedes.

Irvine, meanwhile, was coasting on the mound, retiring five of six batters he faced through two innings.

He remained tough in the top of the seventh as he struck out the first two batters he faced, giving him four straight strike outs.

But the Tribe's offense suddenly came to life as Krall doubled to left and went to third when Angelo Petracca reached on an error. Louwsma then clubbed a double into right, scoring both Krall and Petracca.

But that was as close as Seminole would get as Hunt made a leaping stab of a liner by Davis that seemed destined for at least a run-scoring double to end the game.

Contributing to a 10-hit Lions attack were Tenekedes and Hunt (both 2-for-4 with a double, one run scored and one RBI), Wolfe (double, single, RBI), Green (two singles, RBI), Irvine (triple, run, RBI), Knapp (double, run) and Ford (run).

Providing the offense for Seminole were Krall (3-for-4, double, run), Louwsma (double, two RBI), Kimmig (single, RBI), Anthony DiFonzo and Davis (one single each) and Angelo Petracca and Parrett (one run scored each).

Both teams will be in district play next week, Seminole being the No. 1 seed in Class 5A-District 5 and taking on Lake Howell at Conrad Park in DeLand at 4:30 p.m. on Monday, and the Lions being the No. 2 seed and taking on #3 Lake Brantley in the semifinals of the Class 6A-District 3 Tournament on Tuesday at 5 p.m. at Lake Mary High School.

left. Then Strickland would double to right-center field advancing Swanson to third base. With no outs, Jonathon Shaw would hit a sacrifice fly to leftfield scoring Swanson. Richard Bergen would hit a single to left field scoring in Strickland. Then in the seventh inning,

with the score 5-1, Horal led the inning with a 1-0 shot over left field getting the team its second solo home run for the night. Lake Brantley will face county rival Oviedo next Tuesday at 5 p.m. in the Class 6A-District 3 Tournament semifinals at Lake Mary High School with the winner advancing to the regionals.

out for the rest of the game. Ken Vitek would come in and finish out the inning and the game.

Vitek would get six strike-outs, with three in the sixth inning. With the game tied 1-1, Lake Brantley put the game away in the fourth inning by getting two runs on three hits. Scott Swanson would single to deep

ST. JOHNS RIVER WATER MANAGEMENT DISTRICT Gives Written Notice of Intended District Decision

The District gives notice of its intent to issue a permit to the following applicant(s) on **May 8, 2001**:

- Solo Employment Corporation, 908 South Delany Ave., Orlando, FL 32806, Application #4-117-67601-1. The project is located in Seminole County, Section 05, Township 20 South, Range 30 East. The ERPA application is for construction of a master surface water management system to serve the Timacoan, Tract 1 Subdivision. The receiving waterbody is the St. Johns River.
- Piz-Jill Development, Inc., 255 South Orange Ave., Suite 1350, Orlando, FL 32811, application #4-117-22074-6. The project is located in Seminole County, Sections 37 & 38, Township 21 South, Range 30 East. The ERPA application is for modification to the previously issued surface water management permits associated with the Winding Hollow Mitigation Modification. The receiving waterbody is Gee Creek.

Sanford Airport Authority, 1 Red Cleveland Blvd., Suite 200, Sanford, FL 32773, application #4-117-22192-19. The project is located in Seminole County, Section 08, Township 20 South, Range 31 East. The ERPA application is for modification to the previously issued surface water management permits associated with construction and operation of the south access road for the Sanford/Orlando Airport. The receiving waterbody is Lake Jesup.

The file(s) containing each of the above-listed application(s) are available for inspection Monday through Friday except for legal holidays, 8:00 a.m. to 5:00 p.m. at the St. Johns River Water Management District Headquarters or the appropriate Service Center. The District will take action on each permit application listed above unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of Sections 120.569 and 120.57, Florida Statutes Chapter 28-106 and 40C-1.1007, Florida Administrative Code (F.A.C.).

A person whose substantial interests are affected by any of the District's proposed permitting decisions identified above may petition for administrative hearing in accordance with Sections 120.569 and 120.57, F.S., or all parties may reach a written agreement on mediation as an alternative remedy under Section 120.573, F.S. Choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. The procedures for pursuing mediation are set forth in Section 120.573, F.S., and Rules 28-106.111 and 28-106.401-.405, F.A.C. Petitions must comply with the requirements of Florida Administrative Code, Chapter 28-106 and be filed with (received by) the District Clerk located at District Headquarters, 4049 Reid Street, Palatka, Florida 32177.

Petitions for administrative hearing on the above application(s) must be filed within twenty-one (21) days of publication of this notice or within twenty-six (26) days of the District depositing this notice of intent in the mail for those persons to whom the District mails actual notice. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., concerning the subject permit application. Petitions which are not filed in accordance with the above provisions are subject to dismissal.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the District's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the District on the application have the right to become a party to the proceeding, in accordance with the requirements set forth above.

Meals ON wheels

Formerly known as Seminole County Better Living for Seniors, the Meals on Wheels program does much more than deliver hot food

By Nick Pfeiffert
Staff Writer

OK, a quiz. What function does Meals on Wheels supply?

If you answered that it supplies meals to the elderly and needy people, you are only partially correct.

Meals on Wheels, Etc., formerly known as Seminole County Better Living for Seniors, does more - MUCH more.

The average age of a Meals on Wheels client is 84. Terry Rose, Director of Community Relations, said residents, aged 85 and over, are the fastest growing population in Seminole County.

Last year, Meals on Wheels served 2,305 clients 140,000 meals, and covered 41,000 transportation trips with 3,176 hours of homemaking services.

Meals on Wheels also provided emergency home repairs, installation of wheelchair ramps and safety equipment at 234 homes.

All of this work was accomplished by approximately 450 volunteers who gave 27,500 hours of service last year, and the organization is continuing to expand.

One of the special projects is coming up on May 11, from 9 a.m. to 1:30 p.m. at the Sanford Civic Center. It's the annual Spring Health Fair and Fun Fest, sponsored by Florida Power & Light Company. There will be free golf swing analysis, a live display from the Sanford Zoo, free boxed lunch for seniors, chair massage, and health massage. Also, raffle prizes, demonstrations, health screenings, great entertainment, and of course, a myriad of informational presentations on behalf of Meals on Wheels.

Rose said it is unfortunate that only two cities in Seminole County lend financial support to the organization, Altamonte

Meals on Wheels site manager Dottie Baublitz, left, and volunteer Josephine Banks prepares a meal of chicken stew, beans, green beans, and biscuits for seniors. While the organization delivers meals to seniors who are homebound, it also provides meals at the Salvation Army for those who are able to drive to the facility.

Springs and Oviedo.

Most of the financial support comes from the Older Americans Act (federal), in part of the County (Seminole), and in part from the United Way, (very small part of the budget).

"Unfortunately," she said, "Sanford, which uses the largest part of our budget has consistently refused to support our agency. I have great hopes for getting to know Mayor Brady Lessard and the City Commission so we can work together in caring for the frail and needy citizens of Sanford."

Rose attended a Sanford City Commission meeting last year and was upset.

"It took seconds to approve \$600,000 for new tennis courts, and the same amount of time to

grant zero dollars for our seniors."

But in addition to the financial grants, Meals on Wheels is involved in other fund raising events such as the cookie sales. They are selling cookies, advertised as "A decadent dark-chocolate kiss-shaped cookie with a delicious soft coconut center." Meals on Wheels is now shipping their fabulous cookies, one dozen, wrapped and ribboned, for just \$20, plus \$2.50 shipping and handling.

For cookies, contact Terry at Meals on Wheels, 407-333-8877, ext. 121.

Also in the future, Meals on Wheels plans to open a Thrift Store in an effort to raise more money to support the growing waiting lists.

They are looking for someone to donate space for one year to get them started.

Also worthy of consideration for one and all, applications for the Emergency Repair Program Assistance are now available for Very Low Income Homeowners in Seminole County. The program is not a remodeling program, but designed to help families with limited emergency housing repair, and to low income home owners for utility connections.

There is also a Senior Santa mallot every Christmas.

How can the average citizen help? Many ways. Volunteer to work. There are many opportunities for people of all ages to share time and talent. Make a financial donation. Purchase some of those

delicious cookies. Designate memorials or other gifts in remembrance of friends and family members who may have passed on. Attend the function at the Sanford Civic Center on May 11 and learn more about the organizations. Phone them - they'll be happy to hear from you; 407-333-8877.

Meals on Wheels Etc. is located at 1097 Sand Pond Road, Lake Mary.

"You ought to see this place in the early morning hours," Rose said. "We cook over 600 meals for seniors, probably before most people in the area get out of bed. It's awe inspiring."

Funds are provided through the Seminole County Board of County Commissioners and the State of Florida.

Nurse's affair with former patient makes her sick at heart

DEAR ABBY: I am a 30-year-old woman. I worked as a nurse in a psychiatric hospital for five years. Last month, I had an affair — a one-night stand — with a former patient whom I met in the hospital. It was discovered, and a week later, I was fired.

Abby, I swear nothing inappropriate ever took place

..... while the man was a patient in the hospital. We only talked. Hospital management didn't believe me and gave me no choice but to "resign." Now I hear there are terrible rumors circulating about me.

Fortunately, my husband is standing beside me as I try to get on with my life. I feel like I have committed a felony and don't know how to forgive myself.

MADE A MISTAKE IN MARYLAND

DEAR MADE A MISTAKE: You don't need me to tell you that you committed a serious breach of professional ethics. Doctors, nurses, social workers and other health-care professionals must not have a physical relationship with their patients. Psychiatric patients are particularly vulnerable.

You and your husband would benefit from professional marriage counseling. It's important that you find out why you took a risk that sabotaged your professional future and compromised your marriage vows, so that you can understand and be able to forgive yourself.

.. ..

DEAR ABBY: My son "Rudy" is 42 years old and still depends on me and his sisters to give him money to survive. He is an only son and brother and has always expected it from us.

Rudy never married and recently started living on his own, although he doesn't own much of anything. One of his sisters was generous enough to purchase a home for him to live in, but he refused to move to where the house is located. He doesn't own a car, and I guess he is waiting for one of

us to get one for him. In the past, we have bought him cars and trucks, along with beautiful clothing — and he has nothing to show for it. All of us in the family have bent over backward to help him get on his feet.

Abby, what can we do to make Rudy understand that he needs to take care of himself without help from us? His sisters have cut him off; however, I am still trying to do the best for me AND for him. Your thoughts, please.

NO NAME IN NEW MEXICO

DEAR NO NAME: Your son is old enough to be told the facts of life. Show him the help-wanted ads and point out entry-level positions. The gravy train has left the station, and now Rudy must stand on his own two feet.

P.S. He may need professional counseling to break his lifelong dependency on others. Let's hope it's the last thing you'll have to pay for.

.. ..

DEAR ABBY: I love my wife dearly, but she has chronic bad breath — and I mean BAD. I have tried talking to her about it; she just shrugs it off or says I hurt her feelings.

Every morning when I leave the house for work, she asks for a goodbye kiss and I reluctantly oblige. Please tell me what to do, Abby. It would be nice to enjoy a sweet kiss again.

GASPING FOR AIR

DEAR GASPING: Perhaps you should change your approach. Tell your wife gently that you're concerned about her health, and you'd like her to get a thorough exam from both her doctor and dentist. Bad breath can be a sign of serious dental or medical problems and should not be ignored.

.. ..

Orlando Ballet comes to Stairs Theatre

The Orlando City Ballet announces their eighth annual Spring Concert, "Dancing in One World" April 28 at 2 p.m. and 7:30 p.m., and again April 29 at 2 p.m. at the Helen Stairs Theatre in historic downtown Sanford.

This year's performances will feature Act II of the classical ballet La Bayadere plus a showcase of modern and contemporary choreographics with special guest Voci. Tickets are available from the Helen Stairs Theatre box office by calling 407-321-8111 between 10 a.m. and noon, and again between 2 and 4 p.m.

Prices are \$12 for children, students and seniors, and \$15 for general admission. Group rates are available by contacting Orlando City Ballet at 407-695-7958. In cooperation with Helen Stairs Theatre, Orlando City Ballet is pleased to treat the students of Seminole County to a very special free performance at the theater on Friday, April 27.

Under the direction of Executive Artistic Director Beatrix Aldana, La Bayadere will be performed with returning guest artist Wilson Li of Ballet Campagne Deutschland as Solor, OCB alumni Jillian Reis as Nikiya, and current OCB principals Melissa Dunn and Josef Capuano as Gamzatti and the Bronze God, respectively. Also included in the program are a World Premier Brazilian/Modern ballet from favorite OCB choreographer and former Artistic Director Denise Renton, and two new jazz pieces from dancer and choreographer Sunny Raskin. Orlando City Ballet also welcomes special guest Voci, a new modern dance company founded by OCB alumna Adrienne Nicholas.

Assisting Ms. Aldana with coaching is Luba Gulyaeva, a former member of the Kirov Ballet Company in St. Petersburg, Russia. Ms. Gulyaeva trained at the Vagonova Ballet Academy, and in 1988 was invited by Mikhail Baryshnikov to be a member of the faculty of the American Ballet Theatre School in New York City. Presently, Ms. Gulyaeva is Ballet Mistress at the New Jersey Ballet Company and is in great demand as a guest teacher, lecturer and private coach across the country.

Wilson Li dazzled Central Florida audiences as the Cavalier in Orlando City Ballet's 2000 production of The Nutcracker and is eagerly welcomed back to take the role of Solor, the handsome and brave Indian warrior in La Bayadere. Mr. Li is originally from Hong Kong, and began his training with Royal Ballet dancers David Ashmole and Margaret Barbiert and joined the Hong Kong Ballet at age 16. For the past two years, he has performed as guest soloist with the Royal Academy of Dancing and English National Opera in the UK and the Ballet Nuernberg and Ballet Campagne Deutschland in Germany. His repertoire includes All in Le Corsaire, Blue Bird in The Sleeping Beauty, and choreographics by Balanchine, Matthew Bourne, Marc Bogaerts, Mark Morris, Jerome Robbins and Forsythe.

Jillian Reis, an OCB alumna, joins the cast as Nikiya, the lovely temple dancer, or bayadere, in

love with Solor. She has trained under Beatrix Aldana, Nonna Jestovskaia, Ziao Mi Li, Valeria Sinyavskaya and Luba Gulyaeva and has danced with the Boston Ballet, Milwaukee Ballet and the Jackson Ballet theater. She is a student at the University of Central Florida and is also the Assistant to the Executive Artistic Director, assisting Ms. Aldana in rehearsing the corps de ballet.

Melissa Dunn will dance the role of Gamzatti, the beautiful daughter of the Rajah, promised to Solor. Ms. Dunn is a principal dancer with Orlando City Ballet and has trained with Beatrix Aldana from the age of five. She has performed in Orlando city Ballet productions of the Nutcracker, Les Sylphides, Giselle, Coppelia, Swan Lake and Paquita. Ms. Dunn will graduate from Winter Springs High School this Spring.

Denise Renton is the former Artistic Director of Orlando City Ballet, and remains a favorite choreographer. For previous productions of Dancing in One World, Ms. Renton choreographed Spanish, Celtic and Russian-themed modern pieces and this year will infuse her choreography with the spirit of Brazil. Ms. Renton has trained with Gus Giordano, David Howard, Toby Townsend, Ron Forello and Luigi and holds a Bachelor of Arts degree in English from Rollins College.

Sunny Raskin contributes two new jazz pieces to Dancing in One World. She trained at Southern Ballet Theater, Royal School of Dance and the Dance Place. She has appeared in television commercials and has recently been awarded a recording contract.

Adrienne Nicols is a former Orlando City Ballet dancer and now works at Walt Disney World. She has founded a new company, Voci, meaning "voices" in Italian. Voci will be performing two original modern dance pieces, one to music by contemporary composer Danny Elfman, the other to a classical work.

Founded in 1989 as the Dance Center Ensemble, Orlando City Ballet has been bringing classical

ballet and inspired modern dance to the Central Florida community for over ten years. The annual presentations of the Nutcracker, the Central Florida Dance Festival and the Spring Concert are widely renowned and widely anticipated by

Central Florida audiences each year. Orlando City Ballet is a non-profit, pre-professional youth organization dedicated to providing professional dance training to its members and promoting dance as an art form in the community.

Sanford son Sherwood Mobley scores again

A native of Sanford, Sherwood Mobley has served as principal timpanist for the Greenville, South Carolina Symphony Orchestra.

He was featured in an "Harmonic Rhythm" concerto for timpani and percussion at the Greenville Peace Center Concert Hall, Saturday, March 31.

Hovering over the five drums while wielding, at least some of the time, four mallets or brushes and sticks, the timpanist was in constant motion, working at changing notes and pitches to reveal all

the joy, exuberance and power with which the composer, Russell Peck, infused in his "Harmonic Rhythms" titled, "A meeting of Two Millenniums".

Peck, attending the Greenville premier of his work, spoke briefly in his generous praise of the orchestra, its conductor, Edward Tchivzhel, the impressive concert hall and the talented timpanist Sherwood Mobley.

At the conclusion of the performance, the capacity crowd rose to its feet to cheer, whistle and applaud its intense approval and plea-

sure. Sherwood experienced immense satisfaction in knowing that his mother, Freddie Muller Mobley, brother, Ernest, sisters, Eleanor Solomon, Carolyn Mobley and Marylen M. Jenkins, niece Portia Solomon and Adrienne Brown made the trip to the city of Greenville to witness such a once-in-a-lifetime evening of entertainment.

Mobley is a graduate of Seminole High School and received his bachelor of Music degree from Boston Conservatory, Masters degree from the New England Conservatory.

He has worked under the batons of such noted conductors as Seiji Ozawa, Sir Colin Davis, Klaus Temmstedt and the late Erich Leinsdorf and Robert Shaw.

Mobley has toured the United States, South America and Europe on three different occasions.

He is actively involved in academia, and is currently on the faculty of the South Carolina Governor's School for the Arts and Humanities.

Mr. Mobley resides in Simpsonville with his wife, Debbie and their two daughters, Naomi and Sarah.

These women thrive on spiritual encounters

As the old saying goes, never underestimate the power of a woman.

Several years back in the wake of a crisis at the First Presbyterian Church of Sanford, the membership was drastically reduced. Members began moving to other churches and the church-women circles were slowly dissolving. A longtime member, now deceased, told Shirley Schilke, with tears in her eyes, how distressed she was that she no longer had a "church home."

Hello! This was a wake-up call for Shirley, local entrepreneur and author. Shirley was so touched that she pondered various options to alleviate this painful situation. "The ladies missed each other," she said. She came to the conclusion to host a coffee in her home, invite the Presbyterian women to attend and take it from there. "I mailed 65 invitations and 65 came," Shirley said.

Thus, a Bible Study and Fellowship group was inaugurated under the direction of Shirley, Laura Parker, Rose Long, Rita Adams and the late

Mimi Greene. That was 11 years ago and the women are still strongly spiritually united.

Today, the group is inter-denominational and members find solace in their association with other women. About the March meeting, held at Rose Long's home, Shirley said, "It is always so good to see each other and join together in a wonderful Bible Study and be able to have such loving and wonderful fellowship also."

The group meets monthly in the homes of members. Following the 10: a.m. gathering, refreshments are served during the fellowship hour. Opening the Bible pages and making them come alive for study have included dedicated authorities: Charlotte Smith, Linda Robb, Rita Adams and Janice Gregory. The meetings recess every year from May to October with so many retreating to their summer out-of-state homes.

The women, who are deep into prayer, support various missions throughout the year and genuinely care about helping people, according to Linda Robb. "They are just precious,

Helen Ernest and Wilma Heaton enjoy refreshments at Sanford Women's Club monthly Bridge Club party as hostesses Terri Milliken and Emy Sokol prepare to serve the other ladies.

wonderful people. I feel humble to be a part of them," Linda said.

Shirley writes and publishes a monthly newsletter and has sent out 92 copies for May, for a total

of 123 newsletters in all. During See Dietrich, Page 5C.

RELIGION

Don't try to squeeze your children into the same mold

QUESTION: What can you tell us about the differences between Type I and Type II kids? I have one of each and want to understand them.

DR. DOBSON: First, you should know that these characteristics are not highly correlated with intelligence. By that I mean there are bright, organized children (Type I) who are at the flighty end of the scale, and there are disorganized slow-learners (Type II) who are highly motivated. The primary difference between them is a matter of temperament and maturity, although there are more smart kids in the Type I category.

Second, Type II children are not intrinsically inferior to Type I. Yes, it would be wonderful if every student used the talent he or she possessed to best advantage.

But each child is a unique individual. Kids don't fit the same mold — nor do they need to.

I know education is important today, and we want our boys and girls to go as far as they can academically. But let's keep our goals in proper perspective. It is possible that the low achiever will outperform the academic superstar in the long run.

Dr. James Dobson

There are many examples of that occurring in the real world (Einstein and Edison, for instance). Don't write off that disorganized,

apparently lazy kid as a lifelong loser. He or she may surprise you.

Third, you will never turn a Type II youngster into a Type I scholar by nagging, pushing, threatening and punishing. It isn't in him. If you try to squeeze him into something he's not, you will produce only aggravation for yourself and anger from the child. That attempt can fill a house with conflict. I have concluded that it is simply not worth the price it extracts.

I am certainly not recommending that children be allowed to float through life, avoiding responsibility and wasting their opportunities. My approach to the underachiever can be summarized in these suggestions:

(1) He lacks the discipline to

structure his life. Help him generate it. Systematize his study hours. Look over his homework to see that it is neat and complete.

(2) Maintain as close a contact with the school as possible. The more you and your child's teacher communicate, the better. Only then can you provide the needed structure.

(3) Avoid anger in the relationship. It doesn't help. Those parents who become most frustrated and irritated often believe their child's irresponsibility is a deliberate thing. Usually it is not. Consider the problem a matter of temperament rather than defiance.

(4) Seek tutorial assistance if necessary to stay on track.

(5) Having done what you can to help, accept what comes in return. Go with the flow and

begin looking for other areas of success for your child.

Let me say it once more: Not every individual can be squeezed into the same mold. There is room in this world for the creative "souls" who long to breathe free. I'll bet some parents approached life from the same direction.

• • •

QUESTION: Should a college-educated woman feel that she has wasted her training if she chooses not to use it professionally? I mean, why should I bother to go through school to be a professional if I'm going to wind up raising kids and being a full-time homemaker?

DR. DOBSON: A person doesn't go to college just to prepare for a line of work — or at

least, that shouldn't be the reason for being there. The purpose for getting a college education is to broaden your world and enrich your intellectual life. Whether or not it leads to a career is not the point. Nothing invested in the cultivation of your own mind is ever really wasted. If you have the desire to learn and the opportunity to go to school, I think you should reach for it. Your career plans can be finalized later.

Habitat breaks ground for Thrift Store

Herald photo by Tommy Vincent

Habitat for Humanity in Seminole County broke ground April 11 for its new Thrift Store at 1100 Americana Blvd. In Sanford, Habitat is a Christian organization that builds homes to help eliminate sub-standard housing and homelessness in Seminole County and around the world. The Thrift Store will provide revenue to cover administrative costs and offer people in the community merchandise at reasonable prices. The Seminole County Habitat organization will celebrate its 10th anniversary on June 4, and is currently building its 44th home in the community. Those attending the groundbreaking ceremony included, from left, the Rev. William Rehner; Marianne Van, Thrift Store manager; Larry Holton, architect; Anna Belle Phillips, past board member; Jim Wieland, Habitat representative; Randy Brooks, contractor representative; Jeff Stein, board member; Shirley Bandy, past president; Doug Foreman, past vice president; and Rob Saunders, Habitat president.

Sanford's Harper heads FCA conference

Central Florida welcomes back one of its own as Lisa Harper of Sanford heads up the 2001 Fellowship of Christian Athletes Women's Conference, April 21, from 9 a.m. to 5 p.m. at Calvary Assembly in Winter Park. The event is open to all women.

Lisa, a 1981 graduate of Seminole High School, was an outstanding athlete in volleyball and tennis, winning numerous MVP and honor roll awards. She served as president of the SHS chapter of Fellowship of Christian Athletes, chaplain of her class, and was active in many other organizations. Her leadership abilities led her to success at Seminole Community College and Troy State University where she graduated with degrees in journalism and advertising.

Upon graduation, she accepted a position as Women's Ministry director for the Fellowship of Christian Athletes in Eastern Tennessee. She then moved to Colorado and served on the staff of Focus on the Family with Dr. James Dobson. During her time there, she started the Renewing the Heart Women's Conference Tour, speaking to sellout crowds of over 18,000 in many major cities across the nation.

Her love for the Lord and her zest for life is evident in her dynamic personality as she shares stories of pain and perseverance, love, hope and encouragement.

Lisa has written several books and was the executive producer on two "Renewing the Heart Live" albums. The first recording won a GMA Dove Award for Praise and Worship Album of the Year.

Lisa is the daughter and Patty (Brown) and John Angel, both Sanford natives.

Accompanying Lisa will be Kim Hill, America's premier female worship leader. Kim, along with her band, will be leading the praise and worship.

Joining Lisa and Kim will be Eva Whittington Self. At the age of 17, Eva was in an automobile accident that left her paralyzed.

Out of that tragedy, God raised a powerful witness. She shares her personal testimony and uses her gift as a story teller to share Biblical truths in a simple, practical way. She has a unique sense

of humor and personal expression that is a real crowd pleaser. She was one of the featured speakers at the Renewing the Heart Conference. She has recorded an album, "The Old Violin" and her biography, "Maybell's Daughter" which was published in 1999.

Rounding out the conference will be guest appearances by Adrienne "AJ" Johnson, starting guard for the WNBA Orlando Miracle, Karen Williams, Miss University of Florida, and Rhonda Bostick, senior at Mainland High School, Daytona Beach.

One of the organizers of this conference is Donalyn Knight, Seminole High School faculty member and longtime sponsor of the SHS chapter of FCA. She is a graduate of SHS and the daughter of Don and Margaret Knight.

For registration information, contact the FCA Women's Ministry at 407-644-8001 or register online at www.intellistar.net/fca. Pre-registration is required.

The honorees were Sisters Cora Lee Majors, Georgia Mae Dunwoody, Hattie Mae Hankerson and Mary Ann Reynolds.

Mistress of ceremonies for the evening was Eloise P. Burney. Opening invocation was given by Deacon Fred E. Brooks, Jr. The occasion was given by Rebecca Henderson and the blessing of the food by Deacon Willie King, Sr.

After a delicious dinner was served to the guests, roasting

time was held for each of the escorted guests.

First to be roasted was Cora Majors, her friend Bernice King, Mary Henderson, Bernard Mason and Curtis Thompson gave their accolades to Sister Majors.

Georgia Dunwoody was roasted by her brothers and son, Alphonso Hilton, Joseph Pearson, Junior Lee Pearson of Miami, and daughter, Jervine Johnson.

A solo was rendered by Agatha Hankerson, entitled "As Long as I got King Jesus, I don't need nobody else."

Roasting Mary Ann Reynolds was her daughter Latashia Reynolds, Willie King, Jr., Deacon Fred Brook Jr., and Jacob Davis.

These members were honored for their dedication, devotion, active service to their Lord and Master. They are working in the vineyard and for our Savior.

Special thanks go to the committee for this sixth annual members appreciation dinner.

Seminole HOPE (Healthy Options Promoting Empowerment) — a coalition of partners that includes residents,

city government, county government, agencies, law enforcement, neighborhood organizations, churches and schools is still empowering residents of Sanford since its beginning in 1995. It's one of the few groups that have lasted this long and continue to meet every third Saturday at 12 noon, at The West Sanford Boys & Girls Club. They recently celebrated their sixth anniversary in February and presented plaques of appreciation to several coalition members.

Seminole HOPE is sponsored by The Grove Counseling Center and Funded by the Office of Juvenile Justice Delinquency Prevention.

the summer months when she and her husband, Carl, are at their summer home in Blowing Rock, N.C., she keeps members informed with her newsletter, although there are no meetings. As hostess for the April meeting, Shirley received a check to purchase flowers from an advocate in Blowing Rock whom she described as "so sweet."

Her Sanford project has rubbed off on her neighbors and friends in the mountains.

Just in case your sick loved ones have shown improvement in their health, it could be their names have been on the monthly Prayer List attached to the newsletters. These women are spiritually powerful, pray a lot and have special connections "up there."

Shirley said her work with the group of women "has been very rewarding. We have a warm, loving relationship...they are a nice, neat group of women."

But don't mess around with this contingent of classy ladies. Although they are reserved and refined, they are not afraid to uphold their beliefs, voice their opinions and "Stand Up for Jesus."

Bridge Social

The Bridge Social of the Sanford Woman's Club held the April session at the clubhouse. Hostesses Terri Millikan and Emy Sokol served refreshments to those attending.

Betty Bruestle won high score and Doris Stein was the second high winner.

Other players enjoying the afternoon were: Helen Ernest, Rose Edith Jacobson, Shirley Mills, Libby Prevatt, Zeldia Siskind, Wilma Heaton, Carol Dennison and a guest, Marian Smith.

June on the go

June McFadden had a recent enjoyable trip to New Jersey, her roots. She was met at the Atlantic City Airport where former neighbors and good friends met her to take her to Tom's River, her home for 17 years. As the former leader of the Florida Eastern Star, June attended a meeting of an Eastern Star Chapter in Tom's River.

She was reunited with her three brothers and cousins, as well as longtime Navy friends. "It was good to go to dinner and talk about old times and go through pictures. What good memories!"
Shortly after arriving back

home, June, daughter Sharon and son-in-law Dean Smith were off to Augusta, Ga. to visit granddaughter Debbie and family. "It's great to travel and have such good memories," she said. "My next trip is to Jacksonville to visit the Eastern Star Grand Chapter. I thank God for all my safe trips and good health."

Publisher loses mother

Wayne D. Doyle, former publisher of the Sanford Herald, and his wife, Lena, have returned from Virginia due to the death of his mother, Mrs. Ethel Kanode, 88, at a nursing home in Richmond.

Interment was April 5 at Pulaski County, Virginia. The rites were conducted by Mrs. Kanode's minister, the Rev. Kenneth Fogus, and her son, the Rev. Wilburn Doyle.

Happy Birthday

One of Sanford's most beloved school mams, Nellie Coleman, will celebrate her 90th birthday on April 25. Nellie ended her teaching career at Seminole High School where she taught Latin and drama. She will always be remembered for her lavish Roman banquets and dazzling productions.
Happy birthday, Nellie!

Easy Sunday Supper

Sundays are a time to do not much of anything if we can help it.

Going to church late morning and then perhaps having brunch, reading the paper, and relaxing for the rest of the afternoon and evening. Sometimes we don't even feel like going out for dinner, and rather eat in, if that means not too much cooking involved.

So, to help things along I many times start preparing the Sunday supper the day before.

All I would have to do to complete the meal is to turn the

oven on, finish baking and serve the marinated veggies as side dishes.

Sometimes a very simple dessert such as a good ice cream, served with homemade chocolate fudge can bring a glorious finale to your no-fuss meal.

- Rosemary Lamb Roast
 - Baked Feta red skin potatoes
 - Carrot Marinade FranAoise
 - Baked Caramel Apples
 - Godiva Chocolate Ice cream with Amaretto Gannache
- 4 servings of each

Rosemary Lamb Roast
2 pounds piece leg of lamb
6 cloves of garlic,
1 teaspoon of coarse sea salt
1/2 teaspoon pepper
Three springs of rosemary
1/2 cup feta cheese
1/2 cup water
° cup olive oil
6 medium size red skin potatoes
Fresh oregano

Clean and fat trim the meat. Rub with salt, rosemary, crushed garlic, and pepper.

Place in pot over the oil and water.

Turn the oven at 350. Cover the pot and bake for two hours. In the mean time prepare the potatoes, clean and trim. Take the pot roast out and add the potatoes. Sprinkle all the feta cheese in top. Add more feta to the meat as well.

Continue to bake for another hour. Take out and cool. Place in airtight container, and keep refrigerated until next day.

Carrot Marinade Francoise
1-pound carrots, cleaned, trimmed and scraped, cut in round slices
° cup of red onions, chopped
° cup red peppers, chopped
° cup balsamic vinegar
° cup honey
3 Tbs of olive oil
Boston bib lettuce
Salt
Pepper

Cook carrots in boiling water, covered for 4 minutes. Combine all the ingredients in a bowl and toss. Cover tight until next day.

To Serve: Use a slotted spoon and scoop on top of lettuce leaves.

Baked Caramel Apples
4 large empire apples or red delicious
° cup brown sugar

Above: If prepared the day before, Rosemary Lamb Roast takes little effort for those easy Sunday Suppers. Right: Baked Caramel apples are delicious and easy to make. Herald photos by Art Zielinski

° teaspoon cloves
° teaspoon nutmeg
2 tablespoon olive oil, melted
° cup white sugar for caramel

Core apples leaving the inside cleaned. Fill up with a mixture of the brown sugar, cloves, and nutmeg. Grease a baking dish. Place the apples inside and bake at 400 for 30 minutes.

When ready, on top of the stove, in a skillet melt down to a light brown color the white sugar. Take the apples out and with the spoon, draw circles around the apples, as to wrap them in the caramel.

Chocolate Amaretto Ganache
1 cup chocolate chips
° heavy whipping cream

° cup butter
2 Tablespoons of amaretto

Melt the chocolate in a heavy skillet. Add the heavy whipping cream and the butter. Let come to a soft boil continuing to stir. When cream coats a cold spoon nicely is done. Add the amaretto. Place in a squirting bottle, and top your favorite ice cream.

Now supper is ready to heat for the next day, whether you come from church, theater or a movie, when you come home,

everything is done. You can even send your husband to get a bottle of wine. By the time he returns, dinner will be on the table, he will be absolutely amazed, and say, for how many times in his life: "There is no telling what a woman can do in less than an hour!"

Needless to say you will smell like a garden of roses, never feeling a bit tired!

Now after all this I am sure he would want to do the dishes. Enjoy!
