## FRENCH WANT INTERNATIONAL CONFERENCE

## WALTON LOSES FIRST ROUND COURT FIGHT

### WALTON IS SUPPLANTED BY LIEUTENANT GOVERNOR IN STATE OF OKLAHOMA

LOST FIRST ROUND OF FIGHT BEFORE THE COURTS

### PERMANENT WRIT

Against Governor Walton Will Hold Him For Awhile

(By The Associated Press) OKLAHOMA CITY, Oct. 26.—Lieutenant Governor M. E. Trapp was declared acting Governor of Oklahoma in a decision of the state Supreme Court late today, making permanent a writ of prohibition against Governor J. C. Walton and district Judge Tom G. Chambers, Sr., which restrains them from interfering with the office.

The lieutenant governor's assumption of the office was announced orally after a brief conference following an afternoon of argument of the decision, it was explained made the writ effective against J. C. Walton as an individual and not as governor. Judge Chambers was enjoined in his official capacity as judge. The vote of the court was five to four.

The decision sustains a resolution adopted by the state Senate suspending Governor Walton during his impeachment trial, and nullified an injunction obtained by the governor in Judge Chambers' court which would have prevented the Lieutenant Governor from becoming acting governor.

Notified of the court's action, Governor Walton declared he intended to "continue the fight." He declined to indicate his future course, saying that whatever he does is "up to my attorneys." He refused to issue a formal statement.

The end of the hearing came suddenly while counsel for the governor still were presenting their argument.

\*Interrupting the speaker, acting Chief Justice McNeill arose and with a wave of his hand announced that the court had heard enough. After a short conference, the court made known its decision. The injunction against the lieutenant governor was granted yesterday by Judge Chambers, who was appointed by the governor.

While the court fight was the most significant development in the day's impeachment program a physical clash between members of the lower house of the legislature threw the body into an uproar.

The trouble started when Representative J. W. Callahan, Democrat, Latimer county, declared in a speech that N. C. Jewett, grand dragon of the Oklahoma Klan, was dictating the actions of the house.

The words scarcely had fallen from his lips when legislators jumped to their feet, protesting violently. "That's a black lie," shouted one, as others closed in on Callahan. The latter grappled with the first man that reached him and together they went to the floor. Sergeant-at-arms tried to disperse almost a score of members who endeavored to reach the Latimer legislator. Their efforts failed, however, and Callahan forcibly was ejected from the chamber.

When quiet was restored, Callahan returned with a sergeant at arms and resumed his seat. J. B. Harper, Democrat, Lefor county, who was in the chair on account of the illness of Speaker W. D. McBe, admonished him to "choose your words more carefully and not start another riot here."

Callahan's charge that the Ku Klux Klan dominated the house was the first attack on the organization made in the chamber since the session started. A resolution, however, to

### TWELVE MILE LIMIT ASKED BY ENGLAND

Plans Drawn By Curzon Would Conform With U. S.

(By The Associated Press) LONDON, Oct. 26.—The British government has accepted in principle the proposal of American government that vessels in American waters be searched for contraband liquor within 12 miles of American shore. Export committee of imperial conference which has been studying the question under chairmanship of Foreign Secretary Curzon, has drawn up plans which are believed to meet essential points of American request.

### Federated Clubs Convene Nov. 19th At West Palm Beach

(By The Associated Press) WEST PALM BEACH, Oct. 26.—Health, education and recreation will be emphasized throughout the convention here November 19-23 of the Southeastern Council of the Federated club women of the general federation. The Southeastern Council will convene Monday night, November 19, and continue through Tuesday with a joint meeting of the Florida federation and the council in the evening. Eight southeastern states are represented in the council.

### West Palm Beach Will Vote Bonds For New Inlet

WEST PALM BEACH, Oct. 26.—It has been decided to call an election here to pass on the issuance of \$125,000 in bonds to finance the construction of an inlet connecting Lake Worth with the ocean at a point a mile and a half north of Boynton Beach hotel. The inlet will require an opening 244 feet long, the land separating Lake Worth and the ocean being that wide at the narrowest point.

BRADENTOWN, Oct. 26.—Taking of testimony in the trial of W. H. Grantham and John Sheffield, in circuit court, began this morning. The two men, former county officials, are charged with murder of an aged negro at Manatee last May.

investigate the operations of the Klan in Oklahoma, which originated in the house, was given senate approval yesterday and a joint committee from both houses is to start an inquiry into alleged lawlessness without delay. Callahan is one of Governor Walton's staunch supporters. Debates on various articles of the committee impeachment bill occupied much of the house session yesterday.

Fourteen impeachment charges now formally have been lodged against the governor, seven having been voted yesterday.

After resolving itself into a court of impeachment, the upper house marked time until the house complete consideration of the remaining eight charges made in the house impeachment committee report.

Previously appropriated \$100,000 for expenses of the extraordinary session.

### DR. STEINMETZ, ELECTRICAL WIZARD DIED AT SCHENECTADY TODAY AFTER PHYSICAL BREAKDOWN

His Most Recent Feat Was Production of Indoor Thunder Storms

(By The Associated Press) SCHENECTADY, N. Y., Oct. 26.—Dr. Charles P. Steinmetz, electrical wizard, died at his home here today after physical breakdown due to a trip to the Pacific Coast from which he recently returned.

WEST ORANGE, N. J., Oct. 26.—World has lost one of its greatest mathematicians and electrical industry will miss one of its shining lights said Thomas A. Edison when informed of the death of Charles P. Steinmetz. Famous inventor was shocked at news.

### FORMER DIRECTOR FORBES OF VETERAN'S BUREAU REPLIES TO RECENT STATEMENTS MADE

Regarding Alleged Corruption and Bribery in His Office

(By The Associated Press) WASHINGTON, Oct. 26.—From his place of seclusion here Charles R. Forbes former director of Veteran's bureau issued a statement denying as utterly and absolutely false story of Elias H. Mortimer before senate investigation committee of alleged corruption and bribery in connection with contracts for Veteran's hospital.

### Frank Kellogg Has Been Chosen England Ambassador

Will Succeed Ambassador Harvey Recently Resigned.

(By The Associated Press) WASHINGTON, Oct. 26.—Frank B. Kellogg, former United States senator from Minnesota has been selected for American Ambassador to London. He will succeed Ambassador Harvey, who has resigned.

Mr. Kellogg who was one of little coteries of personal friends who accompanied President Harding on most his trips as his lawyer, during his single term in senate he devoted considerable attention to foreign affairs and was leader of mild reservationists. In 1922 he was nominated for senate by Republicans but lost to Henrik Shipstead, farmer-laborite. He was sixty years old.

### Executive Council of American Bankers To Meet In Augusta

Annual Meeting For 1924 For Four Days.

(By The Associated Press) AUGUSTA, Ga., Oct. 26.—Official announcement was made today that Augusta has been selected for the 1924 annual meeting of the Executive Council of American Bankers Association. The meeting will be held April 23 to May 1.

### ROCHESTER MAN HEADS AMERICAN SURGEON COLLEGE

CHICAGO, Oct. 26.—Dr. Charles Mayo, of Rochester, Minnesota, yesterday was elected president of the American College of Surgeons to take office at the annual meeting next year. Dr. Ernest A. Sommer, Portland, Oregon, was elected first vice-president and Dr. Frederick N. G. Starr, of Toronto, Ontario, second vice-president.

The Herald for first class job work.

### TOURIST CAMPS ARE REGULATED BY THE STATE

Board of Health and Sanitary Measures Adopted

JACKSONVILLE, Fla., Oct. 26.—(Special)—Since the adoption by the State Board of Health of the revised rules and regulations governing the sanitation and hygiene of auto tourist camps in Florida much activity has been noted among the operators of these utilities. Representatives of the Bureau of Engineering have commenced an intensive inspection of camps and already about one-third of the reported camps in the state have been visited.

Considered generally, camps do not yet comply with the new regulations which are quite rigid and strict in several particulars, but there is observed among camp owners and operators a willingness and anxiety to comply as quickly as possible, an apparent desire to approach the ideal. Some camps, however, will hardly be able to comply, those poorly located, improperly equipped and in their present condition are menaces to the public health.

In some quarters it is rumored that the State Board of Health is endeavoring to close all camps, or prevent some citizens from making a livelihood, etc. The State Board of Health in passing the revised rules had only one motive in mind, that of health protection, life conservation. Camp grounds properly maintained and operated are community assets but improperly conducted are menaces. The health of our citizens which means ultimately the maximum development of our state prompted the board to adopt the new regulations.

The State Board of Health does not expect every camp to be absolutely perfect this season, but it does anticipate and even demands a general improvement. As stated previously, the rulings are rigid and strict and there are some details in which a camp might fall down this year but next season can meet. The rules on careful analysis are not as hard to meet as one would first think.

To secure perfection and approach the ideal of camps the Board courts the co-operation of every Chamber of Commerce and civic organization in Florida. If these organizations will only encourage first class, well equipped camps in their respective communities the work of control will be greatly eased. In some instances, however, it has been ascertained that the civic organizations disapprove the rules.

Representatives of the Bureau of Engineering met in conference in Jacksonville on Tuesday, the 23rd at which time a definite policy of action was defined as regards camps and each representative will henceforth deal with the problem accordingly. Within the next ten days the state-wide survey of camps will have been completed and on November 15 a list of fully certified camps will be published. A certified camp is one which has conformed to the minimum regulations of the State Board of Health as defined by the inspector; some camps will be provisionally certified pending additional improvements. When the list appears on November 15 tourists will be advised to stop only at such camps—lists will be supplied at the principal papers of the state also the Chambers of Commerce, motor clubs and city governing bodies. Lists of certified camps will be issued every two weeks commencing with November 15.

### ROAD DEPARTMENT WILL NOT HEAR ANY DELEGATIONS

Today But Transacted Regular Routine Business

TALLAHASSEE, Oct. 26.—San A. Meginnis of Tallahassee named attorney for road department. No delegations heard at today's session of department's quarterly meeting. Department decided to participate in building bridge across St. Mary's river on road No. 3, Nassau county. Department's cost to be \$100,000.

### FRENCH GOVERNMENT WOULD BE WILLING FOR REPARATION CONFERENCE

### GERMANY RIOTS NO END IN SIGHT OF PILLAGING

Mobs Run Wild All Over Germany Today

(By The Associated Press) BERLIN, Oct. 26.—Food rioting, the pillaging of shops, and potato fields and the inevitable sanguinary clashes between the hungry mobs and police, continue to be outstanding features of the news published in Germany. Today's reports from more than fifty points throughout Germany yield an impressive cross-sectional view of the almost cataclysmic social situation in which all classes of the population apparently are being gradually engulfed.

The recurring dearth of bread and potatoes is the universal source of the rioting, and such relief measures as the government hastily devises invariably founder on the price confusion caused by the rapidly deteriorating currency.

Berlin today again was the scene of boisterous rioting, crowds storming the bakershops and public markets in various sections of the capital. About a thousand men, women and children this morning invaded the municipal potato fields in the eastern suburbs and, when these were exhausted proceeded to loot private premises. The police were forced to intervene and in the ensuing disorders a boy of 13 was shot dead and a little girl seriously wounded.

Reports from a half dozen mining centers in the Ruhr indicate that the food situation there is daily becoming more chaotic, continually calling for armed intervention by the local authorities to put down the outbreaks.

The mid-German, East Prussian and Silesian districts and the harbor cities are also contributing regular quotas of riot news, in connection with the food situation, which is invariably complicated by the discrepancy between the current prices and the wages as paid in paper marks.

A loaf of bread which cost five billion marks two days ago could not be purchased for less than twice that figure, and only limited supplies were available.

### U. S. GUNS WILL RETURN FIRE

WASHINGTON, Oct. 26.—The town of Chang-Sha, China, where Yale missionary institute is located, was bombarded October 23 during hostilities between Chinese factions, according to a message received at the state department from Minister Schurman from the American naval commander on the Yangtze river. The minister promptly informed the Peking authorities of the situation which he regarded as serious in view of the considerable number of Americans in the town and demanded that they be accorded full protection.

The Chinese foreign minister promptly agreed to telegraph the contending factions at Chang-Sha and endeavor to get them into agreement for the protection of a neutral zone that would cover American property and nationals.

Our county has about 25,000,000 draft horses and mules. Electric and gas motor vehicles save these animals much hard work but they are coming back to the farms.

IN CONFORMITY WITH THE TREATY OF VERSAILLES AS CALLED

### WANT A MERICA

To Name An Expert To Participate In Such A Conference

(By The Associated Press) LONDON, Oct. 26.—France, Belgium and Italy have accepted the British invitation for reparation conference with the understanding it shall take form of committee of experts under authority of the present interallied reparation committee. It is understood the British members will be the same as those who served last year on the bankers commission and that Berlin be chosen as the seat of conference. Selection of French, Belgian and Italian personnel is expected to be completed shortly.

PARIS, Oct. 26.—The French government is willing that an international conference of experts to be named by the reparation commission be called to consider the question of reparations in conformity with the government, it was said, in official circles this morning, would be most happy if the government of the United States would name an expert to participate in such conference.

LONDON, Oct. 26.—Correspondence issued by the foreign office last night showing that the British government had seized the occasion of the first public statement by President Coolidge on the situation in Europe to send another formal invitation to the Washington government to co-operate in a new conference in an effort to settle the reparations difficulty came almost as a complete surprise to the public and newspapers.

Lord Curzon's request is for American participation in any form, either official or unofficial, or alternately, to participation by a special commission appointed by the reparations commission. Whether the government's move was prompted by General Smuts, or whether General Smuts' famous speech was intended to lend weight to the government's move, is not known but it will be noted that General Smuts' proposal was for a conference of all the powers, including the neutral powers not merely interested in reparations.

In his reply to Lord Curzon, Secretary Hughes declared the United States is willing to take part in an economic conference in which all the European allies chiefly concerned in German reparations participate for the purpose of ascertaining Germany's capacity to pay and an appropriate plan for payment. He emphasizes three points, however, first, that while the United States has no desire to see Germany relieved of her responsibility or just obligations, regard must be had for Germany's capacity to pay and for the fundamental condition of Germany's rehabilitation; second, that such conference should be advisory, and third, that the question of the interallied debt is entirely separate from the question of reparations.

PARIS, Oct. 26.—It was announced that Premier Poincare had already informed Secretary Hughes of the French government's willingness for commission of experts to be named by reparations commission to undertake question. The British government, it was added, have not yet accepted this condition.

The Daily Herald, 15c per week.

**EVERY CHILD.**  
A child cried one night  
Outside,  
And I said, that is my child.  
But I found him to be another lad.  
So I went back to my room and said,  
There is nothing for me to do:  
Now I can sleep.  
  
The child cried again  
And I went out and looked into his face  
And said, Why, this is my child!  
And I brought him in  
And gave him something to eat  
And put him in a warm bed;  
And I slept.  
  
A child laugher  
And I followed the sweet laughter  
Out to a place called the Kingdom of God.  
Where many children were  
The Lord of the Place asked me,  
Which child did you help?  
And I could not tell.  
—By Herbert R. Whiting.

B. B. Jernigan of Palatka is in the city transacting business for the A. C. L. railroad.  
J. Riley of Jacksonville was among the arrivals here yesterday and is making his headquarters at the Montezuma while in the city on business.  
W. H. Tunncliffe, who has been indisposed for the past few days is able to be out again much to the delight of his many friends.  
Mr. and Mrs. W. J. Fennell arrived here yesterday in their car from Toronto, Canada, and are spending a few days en route to Tampa, where they will spend the winter.  
Mr. J. E. Allen, who has been spending several months in Alliance, Ohio, returned to home Tuesday. His many friends are glad to see him in Sanford again.  
Mrs. N. B. Sharpe of Washington, D. C., is the charming house guest of Mrs. A. R. Rossiter at her home on Magnolia avenue. Mrs. Sharpe is the sister of the late Prof. J. F. McKinnon.  
The many friends of Mrs. Minarik will be glad to learn that she has recovered sufficiently to return home from the A. C. L. hospital at Waycross, Ga., where she underwent an operation.  
Mr. and Mrs. E. S. Rigney are receiving congratulations upon the arrival of an 8 and half pound daughter this morning at their home. The little lassie has been named Madge Geraldine.

Mr. and Mrs. James P. Ridge, whose marriage was an interesting social event of last week, returned home last evening from their wedding trip and were the guests of Mr. and Mrs. A. J. Richardson at the Valdez. They will be at home to their friends at their attractive home on Laurel avenue.

Mr. and Mrs. G. I. Loucke returned home Tuesday evening after having spent the summer most delightfully in Rochester, N. Y., motoring to Washington, D. C., and through Pennsylvania, stopping over for a week with their son and his wife, Capt. and Mrs. Earl T. Loucke at Fort Washington. Their many friends are giving them a most cordial welcome.

**BOOK LOVERS CLUB.**  
There will be a business meeting Friday afternoon at four o'clock of the Book Lovers Club at the home of Mrs. Henry McLaulin, on Fourth street.

**JUNIOR DEPARTMENT BRIDGE.**  
There will be a bridge party for the members of the Junior Department of the Woman's Club, tomorrow at 8:30 at the club house, with Mrs. Ed Betts and Mrs. Howard Harris as hostesses. Please phone Mrs. Betts (168) today for reservations.

**ENTERTAINS AT SPEND-THE-DAY PARTY.**  
Mrs. Perry Jernigan was the charming hostess yesterday when she entertained at a "Spend-the-Day" party at her home on Palmetto avenue, the guests being the members of the "J. U. G. Club" of Clermont, of which the hostess is a member.  
The day was merrily spent with sewing, and chatting of old times, and at noon a delicious dinner was served.

Mrs. Jernigan's guests were Mrs. Don Lochner, Mrs. Dr. Budlong, Mrs. Harold Bates, Mrs. Russell House, Mrs. Callins Johnson, Mrs. Layton Kindred, Mrs. Louise Zinser, Mrs. W. H. McKinney, Mrs. Ernest Pemberton, Misses Sue Johnson, Belva Addison, Alma Isaac and Myra Danforth.

**NELLIE TURNER CIRCLE.**  
Nellie Turner Circle met with Mrs. George Huff Wednesday afternoon, with ten regular members present, two visitors and four new members enrolled. Fancy work was given out for the Christmas bazaar and the winter wardrobe for our orphans, we have in charge was started.

Those present were Mrs. B. G. Methvin, Mrs. Golson, Mrs. R. Z. Johnson, Mrs. Whittle, Mrs. C. J. Wolf, Mrs. Dorsey, Mrs. J. M. Fields, Mrs. Dahlem, Mrs. B. Bragg, Mrs. Williams, Ms. T. K. Roll, Mrs. Anderson, Mrs. Wilkerson, Mrs. T. H. Lamb, and Mrs. Thompson.  
Mrs. Huff, assisted by Mrs. J. M. Fields served sandwiches, cakes and coffee.

**BIRTHDAY PARTY.**  
Mrs. Jonathan Peck, the beloved mother of Rev. A. S. Peck, was the charming honoree yesterday afternoon when the members of the Women's Guild and St. Agnes entertained her at a surprise birthday party at the Rectory, it being Mrs. Peck's eighty-first birthday anniversary.  
The large living room was converted into a veritable floral bower with quantities of exquisite roses and other cut flowers sent in by her numerous friends.

After the guests had assembled, one of the members of St. Agnes Guild presented the honoree with a huge bouquet of radiance roses, fastened to this was a tiny bag holding a niece gold piece. Following this presentation one of the ladies of the Women's Guild brought in a large hat box, and announced that a new bonnet had been sent to Mrs. Peck, upon opening the box, she found that it contained scores of

beautiful birthday gifts.  
After the "shower," the birthday cake was brought in and placed before the honoree. It was iced in white and topped with tiny tapers forming the numerals 81. Refreshments of ice cream and cake were served by the members of St. Agnes.  
At a late hour the guests departed for their homes wishing Mrs. Peck many happy returns of the day.

**FORTNIGHTLY BRIDGE CLUB.**  
The members of the Fortnightly Bridge Club were delightfully entertained yesterday afternoon by Mrs. Frank Miller at her home on Magnolia avenue, there were three tables of players including one extra table of players.  
Golden cosmos artistically arranged in baskets and vases were effectively used in the various rooms where the card tables were placed.  
The tally cards were cunning little black cats and witches suggesting the approach of the Halloween season. When scores were counted the prize for high score among the club members, a cut glass perfume bottle, was awarded Mrs. W. J. Thigpen, while Mrs. R. J. Holly won the guest, a lovely vase.

At the conclusion of the card game, the hostess served a tempting salad course.  
The affair was of exceptional enjoyment to the guests and the cordial hospitality of the hostess was reflected in every detail.

Corner 2nd Street and Sanford Avenue

## Piedmont-Rollins Clash Tomorrow

Game Scheduled To Start Promptly At 3:30 On Hood Field.

A large crowd is expected to be gathered on Hood Field tomorrow afternoon to witness the pigskin battle between Rollins and Piedmont football teams. Rollins is bringing a large crew of "backers" and with a large number of Piedmont rooters already here, the game tomorrow afternoon promises to be one of the greatest if not the greatest ever held here.

The game will start promptly at 3:30 on Hood Field. Tickets will be on sale at the field.

This is a real chance for local gridiron fans to see a real college football game on their own home lot so every one should back up this game to the utmost by coming out. If the Rollins authorities come out financially successful in their first staging of a game in Sanford there will be a chance to get Rollins to stage some of next year's games here.

## WAKE FOREST AND FLORIDA CLASH TOMORROW IN TAMPA

TAMPA, Fla., Oct. 26.—All roads lead to Tampa Saturday, Oct. 27, when the University of Florida Gators engage the Wake Forest eleven at Plant field in the annual game. While Wake Forest is not the strongest team to appear here by any means, the team has made a good early season record and is expected to give the Gators a run for the money.

The reserved seat sections was placed on sale here Tuesday, Oct. 23. Five hundred and sixteen box seats are available at \$2 each, while approximately 100 automobile spaces will be placed on sale at \$8 each, including four passengers. Mail orders will be taken care of as hitherto and will be drawn alternately with local applications in the order received through the mail. Checks must accompany mail orders if they are to receive recognition. Checks should be made out to the Horseshoe. Where more than four persons are to occupy autos, a charge of \$2 per person additional will be charged.

More than 3,000 general admission seats are available in the new concrete and steel grandstand at \$1.50. More than 1,000 spectators are available at the same price within a good view of the playing field as the grandstand. The game will be called at 3 o'clock.

## Ford Plants Erected Along Mississippi Been Announced

DETROIT, Mich., Oct. 26. — All major decisions covering the construction of the Ford Motor Company's plant to be erected along the Mississippi river between Minneapolis and St. Paul have been made and details just announced here give the first information regarding the magnitude of the new Ford project.

Hydro-electric plant, steam plant and the manufacturing and assembly plant constitute the three important buildings with interest centering chiefly about the hydro-electric development since it represents the company's most extensive undertaking of this kind.

The dam, where the power will be developed, is 574 feet long and was completed by the Government in 1917. When the Ford engineers started work it was discovered that modification of the power house substructure built by the Government was necessary in order to take advantage of improvements, since made in water-wheel design. More than 6,000 cubic feet of concrete work were torn out and the changes are nearly completed. They will permit installation of modern turbines and besides improving flow conditions will effect the highest efficiency.

The power house will be 160 feet long and 74 feet wide 48 feet above the foundation. Four water wheels of 4,500 horsepower will be installed, which, in conjunction of four vertical generators, will under normal conditions produce approximately 18,000 horsepower.

Within a short distance of the hydro-electric plant, and on the river bank, it is also planned to erect a steam power house to supplement the water power in case of emergency.

## Education Opportunity Equal To The Best For Florida Children

(By The Associated Press) TALLAHASSEE, Fla., Oct. 26. — "Florida boys and girls must have an opportunity for an education equal to the best."

With this as a slogan, the Florida Education Association has inaugurated a campaign that has as its aim, among other things, to see that "education will soon be on a par with material progress of the state." This slogan expresses the belief of the Association, says an article on "Our Mission," in the initial issue of the organization's new publication, The Journal, that "it has a motive for effort that will engage the interest of every teacher in the state and of every parent and citizen interested in child welfare, and in the welfare of the state and the nation."

"It is obvious that this mutual interest of all citizens requires the hearty co-operation of citizens, parents and teachers in forwarding every reasonable effort calculated to result in educational progress and enrichment. It is expected that a state-wide co-operative movement will be inaugurated in the near future."

The purposes of the Association have been indorsed by the South Florida Press Association, which adopted resolutions in its meeting at Orlando last week, pledging itself to the support of "any movement for the advancement of education" in Florida. A committee was named to co-operate with the Florida Educational Association.

Continuing its foreword on its mission, the Journal says: "The Association believes that if the citizens of the state and the parents of the children can be put in possession of all the facts pertaining to the educational welfare of the boys and girls of Florida, they will promptly unite their forces to give the boys and girls of Florida opportunities for an education equal to those given to the boys and girls of any other state in our great commonwealth."

"I have a personal and official interest in the educational progress of Florida, and in the work which the Florida Education Association is doing," says Governor Cary A. Hardee, in a letter to Dr. O. I. Woodley, secretary of the association. "The recent reorganization of the Association, its program and leading a movement for educational progress, is a matter of vital concern to all the citizens of the state. . . . Ours is a democratic form of government and, as universal education is essential to the survival and progress of a commonwealth under this form of government, we should be quick to assist any movement that looks toward an improvement or an enlargement of educational opportunity."

Pimento Luncheon meat, liverwurst brick pickled sausage, hogs head cheese, boiled ham and pickled pigs feet at the Popular Market. Phone 210. 170-31c.

Payed roads should last a long time now that they have billboards on each side to protect them from the weather.

## Florida Will Battle With Wake Forest Saturday At Tampa

TAMPA, Oct. 25.—Football fans here are looking forward to the University of Florida-Wake Forest game here next Saturday, October 27. The 'Gators will enter the contest with one of their best season records chalked for preceding games, a 20-0 defeat at the hands of Army, 7-7 tie with Georgia Tech, and 23-0 victory over the Rollins 'Tars last Saturday. While Wake Forest is not regarded as one of the outstanding teams, it has shown its ability to make the best aggregations play for every inch of ground gained, and a fast game is looked for Saturday.

## Students To Box Under Instructions of Former Champion

GAINESVILLE, Oct. 26.—More than a hundred students at the University of Florida have signed up for boxing instructions under Dr. R. G. Manchester, physical director, who will be assisted by Arthur Stewart, who last year won the welterweight championship of the school. Dr. Manchester says "the team will be second to none if Stewart can instill one-half of his ability into our team."

If he has pretty curls and dances well, the young people will make their home with the bride's parents.

## Government Troops Trip Greek Revolt In The Bud Today

By Occupying Corinth And Putting Rebels To Flight

ATHENS, Oct. 25.—Government troops have occupied Corinth and complete failure of revolution is assured according to advices received from Peloponnesus.

A Kansas states (woman) has prepared a law regulating the height of heels on women's shoes.

Even the extreme heat of summer has its good points. It boils the cussedness out of some people.

### Salt Lake City Fire Chief Heads Fireman's Ass'n

RICHMOND, Va., Oct. 26.—William Dywater, Salt Lake City fire chief, was elected president, and Buffalo was chosen as the next convention by the International Association of Firemen, in its general session here tonight. Other officers named tonight were: Edward T. Murphy, Buffalo, first vice president; Sam Body, Knoxville, Tennessee, second vice president; James J. Mulehey, Yonkers, New York, secretary and Peter B. Carter, Camden, N. J. treasurer.

An unexpected feature of today's session was the sudden halting of an address by A. Gray Gilmer, Oklahoma attorney, when Gilmer began an attack upon the Ku Klux Klan.

The Oklahoman, who announced in beginning his remarks that he represented no organization and was

"traveling on my own," assailed Governor Walton and his activities of recent months but added that he "held no brief" for the Klan which he regarded as "inimical to free America."

"But let them unmask and—" the speaker was saying when Tom Haney, of Jacksonville, Florida, interrupted on a point of order and asserted that such discussions had no place on the convention's program.

"This is no place for religious or political discussion," the Jacksonville chief, a past president of the association, declared.

The chairman ruled that the point was well taken, the convention applauded vigorously and Gilmer took his seat.

ESTIMATE 90,000  
NEGROES LEFT THE  
STATE OF FLORIDA

WASHINGTON, Oct. 25.—A study of the northward migration of south-

ern negroes made by the labor department indicates that 478,700 negroes left 13 southern states in the year ending September 1. The figures were compiled from state municipal and other sources. Migrations by state were as follows:

From Alabama 90,000; Florida 90,000; Mississippi 82,000; Georgia 120,000; Virginia 10,000; North Carolina 25,000; South Carolina 25,000; Louisiana 15,000; Tennessee 40,000; Arkansas 5,000; Kentucky 2,500; Texas, 2,000 and Oklahoma, 1,000.

Southern observers have noted that during winter months, in their opinion, large numbers return to the south.

Let the editor invite responsibility and then accept the results. By this plan he will soon discover where he belongs.

The Herald delivered six times a week for 15c.

### Five Wounded In Gun Fight; Two May Die

HAWKINSVILLE, Ga., Oct. 26.—Five men were wounded in a gun battle affray that occurred on the street here last night, two of them believed to be in a dying condition.

The trouble is said to have started in a pool room after the proprietor, H. M. Pollock, is said to have ejected a patron because of alleged boisterousness.

The wounded:

Aaron Mannheim, member of a prominent family, shot twice in the region of the heart, with buck shot. Believed to be dying.

Frankie, traveling clothing salesman from New York, hit in side by stray bullet, condition, dying.

Isadore Mirsky, shot in foot.

Joe Coley, hit in leg with buck shot.

Julian Berg, of Eastman, shot in foot with buck shot.

The police are hunting for Pollock, who is alleged to have fired six times with a shot gun at persons in the street in front of his place of business. Pollock disappeared immediately.

According to the police, George Grinstead, who was ejected from the pool room, went to a vulcanizing company and obtained the proprietor, Aaron Mannheim.

Witnesses say that the two men tried to rush the place and Pollock opened fire, shooting twice. He paused a few seconds and then emptied four more shells.

But while Pollock was shooting, according to the police, a small group of men began firing from behind the pillars of the Hawkinsville Bank and Trust Company, a hundred yards away.

These stray shots hit some of the by-standers.

There is said to have been ill feeling between some of the participants in the shooting for several days.

### torast in the beautification project.

At Mt. Dora, punch was served the visitors and a welcome was extended at Eustis by the Tuesday Noonday Club. At Montverde an excellent lunch was served and at Cerromont, the Wallace cup which has been held by Fort Myers, was presented to Secretary Brown of the Clermont Chamber of Commerce by Karl Lehman and Carl McClure, Clermont having been declared the winner in the post card contest staged annually. Other speakers were C. A. Coult, J. C. Lochner and Willis Powell.

The trip was declared a success by those who were privileged to be included in the party and an impetus was given highway beautification by showing the visitors what can be accomplished by concerted opinion and effort.—Orlando Sentinel.

### MILANE NEWS

Shirley Mason at the Milane theater today, in "Pawn Ticket 210."

Pawn Ticket 210, from the play by David Belasco.

Love will find its way even into the lowest depths.

Many are caught in the whirlpool of life and only the brave survive.

Happiness is seeking every one and the ydon't need a lantern to find it.

Often the sign of misery but this time a token of love.

Pawned through a father's perfidy and redeemed through a mother's love.

Deception is overcome and true love prevails.

She led him to the door of righteousness and he entered the chamber of love.

An interesting picture with an entrancing star.

Comedy today is Snub Pollard in "Jack Frost."

Lester Richards' big Vaudeville Review next week, starting Tuesday.

Clean, moral and refined.

Ask anyone who saw the show before.

### STILL CLOSED SEASON FOR CAMPAIGN SPEECHES.

Numerous papers throughout the state are bitterly complaining at lack of audiences when speaking is advertised by possible candidates for the position of governor of Florida. Posters are issued, advertisements are printed, and much free puffing is given a coming speech by someone who is "going to make the dun merely because of strong arguments by the public," and on the stipulated evening or afternoon, as the case may be, there will be a mere handful to hear the heroics. Complaint immediately follows upon the part of the local press stressing the apathetic position taken by the public in missing so grand an opportunity of hearing a wonderful man tell what he is going to do after he is elected—if he can. The open season for the state campaign has not yet been declared. There appears to have been no authoritative announcements made by anyone that he or she would be pleased to appear at the gubernatorial campaign. There have been a number of papers who have "brought out" the name of some favorite son as a candidate; but whether this was merely the anticipatory hope of the publication or was given as a tip by a friend there is still a doubt.

To commence harrying the public at this time over an incident which will open for business some six months away is a waste of shot and mileage. Just at present the public is not interested; there is too much pending along the line of important business to pay attention to so trivial a matter. Once the campaign shall open in proper shape, and candidates take proper activities, there is little doubt that real interest will be displayed. There are scores of matters at present demanding the attention of the public more than the candidacy of a man who may "talk himself out" during the approaching few months. Florida counties are not unjustly

selfish, but each is now busy in caring for the visitors arriving by the thousand. Each is now busy in preparing to carry out its program of new roads, of county fairs, in spreading propaganda looking to future betterment in many ways. These things and many others are considered of far greater importance than hearing a yearner yodel his yarns. "There is a time for all things," says the Bible. Perhaps that may be construed as a gentle hint that the time for campaign speeches from various people who desire office "because they need the money," has not yet arrived. In any event the general public appears to look at the matter in that light—Palatka News.

### PRESIDENT COOLIDGE AND THE CAUSE OF EDUCATION.

National Educational Week will be observed beginning November 18. This event is supported by all friends of education, but is especially in charge of the National Educational Association, the United States Bureau of Education, and the American Legion, which have co-operating with them more than a dozen organizations pushing the cause of education. President Coolidge has issued a proclamation, calling all American citizens to support the cause and observe the celebration. It says in part:

"With the adoption of the Federal Constitution and the establishment of free governments in the States of the Union, there was reason for broadening the opportunity for education. Our country adopted the principle of self-government by a free people. Those who were worthy of being free were worthy of being educated. Those who had the duty and responsibility of government must necessarily have the education with which to discharge the obligations of citizenship. The sovereign had to be educated. The sovereign had become the people.

"Every American citizen is entitled to a liberal education. Without this there is no guarantee for the permanence of free institutions, no hope of perpetuating self-government. Despotism finds its chief support in ignorance. Knowledge and freedom go hand in hand.

"In order that the people of the Nation may think on these things, it is desirable that there should be an annual observance of educational week.

"Now, therefore, I Calvin Coolidge, President of the United States, do hereby proclaim the week beginning on the 18th of November next as National Education Week and urge its observance throughout the country. I recommend that the State and local authorities co-operate with the civic and religious bodies to secure its most general and helpful observance, for the purpose of more liberally supporting the educational facilities of our country."

### COMING BACK.

Signs of a strong Southern trek of negroes who migrated by the thousands during the spring and summer are apparent, and the Southern planter and employer is receiving the prodigal with open arms, hoping that his experiences will prove a lesson and make him loath to succumb to the lure of the big pay envelope next year. One movement is from Chicago and other Lake Michigan cities,

where a recent estimate of investigation showed that there were on October 1 about 17,000 negroes, men and women, in the ranks of the unemployed.

The Illinois Central railroad, through R. J. Carmichael, its Assistant General Passenger Agent at Memphis, has initiated an energetic campaign to return a large part of these negroes to their homes. He sent out questionnaires to most of the large planter and labor users of the Delta region, asking how many men or women they could use, and has had a highly encouraging response. In one instance, that of the Mississippi Delta and Pine Land Company, a thousand negro workers were requested. Hundreds of other calls have come in through the questionnaires, and the railroad office is filling them in the order of receipt. Eight special trains were arranged to bring the 1,000 negroes to the Salisbury plantations, and ten other trains will be needed to bring back the 1,200 other negroes asked for by other planters and factories.

The Southern press gave ample warning to the misguided negroes who were leaving the South early in the year of what was in store for them and told them they would be eager to get back home before they had experienced many weeks of the treatment sure to be accorded them in the North. Most of those who went are now out of employment and asking their relatives and friends in the South to give them financial assistance toward buying return tickets. Probably this actual experience was necessary to teach some negroes that their best friends are in the South, and that they have better opportunities, more considerate treatment and can make an easier living in this section than anywhere else.—Tampa Tribune.

### FREEZES IN FLORIDA.

Within the last few months a number of articles have appeared in Florida paper on the subject of possible freezes affecting the orange crop. They seem to have been called forth by the appearance of certain advertisements of heating devices to protect trees in cold weather. The point they make is that these advertisements and the discussion of the danger of freezes injuriously prejudices outsiders against Florida's climate.

Without considering any of the arguments in detail, it is sufficient to say that the articles which criticize these advertisements are exactly as likely to prejudice outsiders as the most sensationally worded advertisement of the heaters. A non-resident seeing one of those "protests" would inevitably jump to the conclusion that the writer, who is usually a real estate agent, is trying to suppress injurious facts. One who knew nothing about the state except what he saw in an advertisement for a patent heater and a criticism of the advertisement by a "booster" could hardly reach any other conclusion.

But the fact that most of the critics overlooks is that the average outsider is not nearly so ignorant of Florida, Florida weather, and Florida conditions generally, as he looks. The number of persons who invest any considerable sums of money in Florida real estate without a fair knowledge of what they are doing is surprisingly small, if we except the mail order land buyer who is really almost legitimate prey because he is a natural born sucker looking for a hook.

Residents of this state discussing matters of local concern might just as well forget the outsider entirely. And from the standpoint of the local grower it is certainly better to overestimate the danger than to ignore or minimize it. It is better to prepare ten times for a freeze that doesn't materialize than be caught once unprepared.

It can not be denied that the danger is a real one. Florida has suffered severely in the past. It has enjoyed a long period of immunity. But the fact that destructive freezes have occurred is proof of the possibility that they may occur again.

With hundreds of millions of dollars invested in citrus groves, and the business growing yearly by leaps and bounds, it would surely be the rankest folly to soft-pedal any possible menace to them because discussing it might possibly prejudice some non-resident real estate "prospector." The man who would prefer to be ready to fight the cold with fire, is not an enemy but a genuine friend of the citrus industry.—Plant City Courier.

### KIND WORDS.

The Orlando Reporter-Star says that the man who is always telling you your virtues will bear watching, but the man who tells you your faults will do to tie to. In a qualified sense this may be true—but only in a qualified sense. The man who really wants to help and encourage you to persevere usually praises you whenever he can. Kind words of praise are always helpful. Some men are fond of telling us of our faults. They delight in breaking our spirit. They are not our friends.—Gainesville Sun.

### NEWSPAPER PUBLICITY.

The commissioners of Osceola county appropriated out of their publicity fund \$200 each to the Kissimmee Valley Gazette and Saint Cloud Tribune, each of which papers will send out four hundred copies of their weekly issue to a selected list of people known to be interested in Osceola county, for a period of three months. Osceola county found this method of publicity an effective one in past years. Some of Kissimmee's prominent citizens attribute their residence there to becoming acquainted with the town and people through one of these subscriptions before they came to Florida.

The reason for the effectiveness of this method of advertising, says the Gazette, was brought out some time ago at a meeting of Chamber of Commerce when Willis Powell, the well known live wire advertiser of the tax, supported Lake County Chamber of Commerce, and gave good advice to Kissimmee business men and women. He characterized sending out the city's newspapers as the most valuable of all the many forms of advertising, because, unlike real estate literature, and development companies' propaganda, the newspapers presented a true picture of the community. The small city newspaper, he said, cannot publish highly colored stories and "get away with them. They necessarily give a true cross-section of the life and touch upon the matters which really "get under the skin" of the prospective home-seeker, and appeal more to the personal emotions than do the seductive appeals of the propagandist. Karl Lehmann, Florida's other best known advertiser, made similar statements at another chamber luncheon, and both were vigorously applauded. Their advice is now to be put into operation.—Dade City Banner.

### MORE TRUCKERS NEEDED.

From the lower East Coast and from the Manatee section, as well as the lower interior part of the State come accounts of a largely increased area being planted in winter vegetables.

In Pinellas county many acres are also being devoted to the cultivation of winter vegetable crops, but the area thus utilized is as nothing compared to the amount of land in this county available for truck farming and which should be utilized for that purpose.

The Pinellas citrus groves are famed for the quantity and excellence of the fruit they produce and other semi-tropical fruits are grown with success, but there are hundreds of acres of the finest fruit and vegetable lands remaining in their natural state.

Pinellas county has great variety of soil and since the peninsula is surrounded with water, the climatic conditions for fruit and vegetable growing are unsurpassed in this state—and that means in the United States, for the Florida winter climate is unequalled anywhere in this country.

Pinellas county is young and its development has largely been confined to its towns and cities, leaving its most desirable farming sections to get along as best they could, with an occasional settler clearing land for grove or truck planting.

Between St. Petersburg and Largo are to be found large tracts of fine lands, and in what is known as the "drainage district" these lands have scarcely been touched.

Before the world war, steps toward the settling and improving of these lands were well underway, but since that time, little has been done toward the development of this area.

With winter vegetable crops grown on them a large revenue would be brought into the county and our tourist friends would be served with the freshest and finest vegetables obtainable anywhere.

What these lands will produce is clearly shown each year at the Pinellas County Fair at Largo, where the home-grown products of the soil are an unending surprise and delight to all visitors.

Something should be done about getting these lands into cultivation, as there is an ever increasing demand for Florida-grown vegetables and fruits, and Pinellas should get her share of the profits to be realized from growing them.—St. Petersburg Times.

### ROTATION IN CROPS.

As long as the world goes round crops will have to be rotated. In other words wherever the same crop is planted on the same land year after year that crop will go bad sooner or later and the land will become worn out and filled with disease. We have discovered that to be the case in Florida where much of the land is comparatively new. It was discovered hundreds of years ago by the New England farmers who had but little soil and worked it to death until the soil gave out and the farms were abandoned. Many of these abandoned farms after lying idle for a number of years have been purchased for summer homes and suburban homes

and the soil has become fertile again after a vacation and with new methods of crop rotation. It was demonstrated here last season and for several seasons that celery or any other crops planted on the same lands year after year give the growers more trouble every year in insect pests and slow growth and diseases and the celery does not grow well. On the other hand last season when the insects were ruining much of the celery on old land there were no indications of them on new land. Wheat farmers of the northern states rotate their crops or lose out in the crop yield. Cotton farmers of the south planted cotton on the same lands until they were worn out and eventually the boll weevil came because the lands had been used for the same crops in the same place for hundreds of years in Mexico and the weevil soon jumped across the line and came to the south where the fields were being worked to death. It is the history of all crops in every part of the world. The Orlando Sentinel says:

"A certain keen business observer remarks that there can be no permanent help for the wheat farmer without the reduction of his wheat acreage and the rotation of crops. Only by rotation, he says, can wheat be grown profitably in this country, in competition with Canada. Continuous planting of wheat lowers the yield and lowers the quality.

"This brings home to the wheat-grower what has been impressed for years on the cotton planter. Cotton, grown steadily on the same soil, brought deterioration alike to soil and crop and endangered the welfare of the cotton belt. In increasing diversification and rotation of crops, the South at last is finding new prosperity. Wheat producers, in the

plentiful areas where other crops can be raised, should be less slow to learn the lesson."

The Old Spanish Trail from Jacksonville, Florida, to San Diego, California, is nearly 3,000 miles long, with more history and tradition along the route than any other of the national highways. When fully completed there will be over 1,000 miles of it in Florida, connecting Jacksonville with Miami, Tampa and Pensacola.

The automobile clubs in the eight states through which the main road runs are giving it much attention.

One town in Kansas invites tourists with this sign at the town's entrance: "This is Lone Wolf. Speed limit 105 miles an hour. Fords do your best. Watch us grow."

It's easier to run into debt than to crawl out.

### A Car of Greater Utility

Thoroughly representative of the 1924 Buicks, this four-cylinder, five passenger Touring Car is new from end to end. Its new body, frame, fenders and radiator—its new Buick valve-in-head engine—its four-wheel brakes, all exemplify Buick's policy of building into its cars greater utility and satisfaction with each succeeding year.

The minute attention to those details that make for greater comfort and convenience is well expressed in the new windshield, new ventilator operated by a push lever, wide, low and tilted seats and compactly grouped instruments. This Buick four-cylinder Touring Car worthily maintains the Buick reputation—Standard of Comparison.

### Cattle Tuberculosis Will Be Eliminated In State of Florida

(By The Associated Press)

TALLAHASSEE, Fla., Oct. 26.—State and federal authorities are actively engaged in an effort to make Florida cattle tuberculosis free. They have just completed testing all cows in Pinellas county, which now is a state credited tuberculosis-free area, and a campaign is on to start the work in Broward and Dade counties, and they hope soon to add these two counties to Palm Beach, in that section of the state, which with Pinellas, constitute the tuberculosis-free area to-date. Pinellas county contributed \$600 to the work of making that county free, and the authorities are asking Dade for \$1,600 and Broward for \$200, the amounts being in proportion to the number of cattle they have.

There is comparatively a small number of cows in Florida that have tuberculosis, as compared with other states, it is said, but an effort is being made to rid the state entirely of the disease, because, it is shown by statistics that "25 to 40 percent of tuberculosis in children is caused by using milk from diseased cows."

The United States health authorities have estimated that every tenth person in the United States dies from tuberculosis. Dr. Olin of the department of health of Michigan, declares that 75 percent of the gland cases in children are of bovine origin; 60 percent of generalized cases in children are bovine, and that more than 10 percent of the deaths from tuberculosis in children is caused by the bovine tuberculosis germ.

Dr. Henderson, of the Mayo hospital states, according to information in the hands of the state veterinarian, that "65 percent of their bone cases of tuberculosis are of bovine origin."

### Condition of State Roads Is Given By Road Department

Report Should Be Studied By The Motorists.

TALLAHASSEE, Fla., Oct. 23.—Condition of Florida's cross-state roads is described in the following information compiled by the state road department:

Road No. 1—Nunex Ferry to Jacksonville: Nunex Ferry to Escambia Bay very good county road. Escambia Bay to Milligan good sandelay or brick road. Milligan to DeFuniak Springs rough county road account of heavy rain, but passable. DeFuniak Springs to Ponce deLeon good sand-clay road. Ponce deLeon to Aucilla river county road passable but rough account of recent rains; Aucilla river to Greenville fine. Greenville and Madison to Suwannee river rough but passable. Suwannee river to Live Oak fair; Live Oak to Houston fair; Houston to Wellborn bad; Wellborn to Lake City rough; Lake City to Jacksonville good concrete and asphalt.

Road No. 2—Georgia line to Fort Myers: Georgia line to Jasper good. Jasper to Lake City good, rough in spots. Lake City to High Springs under construction, detour by way of Fort White, good county road. High Springs to Gainesville 25 miles asphalt excellent. Gainesville to Ocala rough with the exception of 16 miles of excellent lime rock road, detour near Reddick. Ocala to Belleview under construction, detour near Belleview to Leesburg, to Eustis and Mt. Dora very good. Mount Dora through Orange, Ocala and Polk counties to Bowling Green, good. Bowling Green to Gardner fair. Gardner, north line DeSoto county to Carlstrom Field good. Carlstrom Field to Belmont Road, bad. Belmont Road to Fort Myers good.

Road No. 3—Georgia line to Orlando: Yulee, Wilds Landing and Jacksonville, good. Jacksonville to Green Cove Springs, rough. Green Cove Springs to Palatka rough to end of

brick at Rice's Creek. Brick road from Rice's Creek through Palatka to San Mateo good. San Mateo to Sisco rough. Sisco to Crescent City and Seville under construction, detour at Longs. Seville to Pierson and Barberville new asphalt surface, excellent. Barberville to DeLeon Springs under construction, short detours. DeLeon Springs through DeLand to Sanford very good. From Monroe Bridge through Seminole and Orange counties to Orlando good.

Road No. 4—Georgia line to Miami: Georgia line 13 miles south, sand-clay fair condition, some rough spots, seven miles detour through Dyal to Callahan fair shape but sandy and rough in places. Twenty miles to Jacksonville good condition. Duval county line to St. Augustine, to Hastings and 12 miles south, very good. Constructing shoulders five miles north of Espanola, Bunnell to Daytona and New Smyrna, fair; New Smyrna to Titusville, 19 miles of shell, good; three miles paved. Titusville to Cocoa, six miles of good rock, five miles of new state road, 12 miles paved. Cocoa to Melbourne, 15 miles of good rock road. Sebastian to Wabasso, three miles paved, three miles of bad rock road. Wabasso to Vero, detour three miles, rough; four miles of fair and six miles paved; Vero to Miami paved throughout.

Road No. 5—High Springs to Fort Myers: High Springs through Archer and Williston to Romea, fair; Romea to Dunellon newly graded but heavy sand entirely passable after rains; Dunellon to Inverness and Brooksville, fair; Brooksville to Hillsborough county line through Herndon and Pasco counties very poor; north line Hillsborough county through Hillsborough, Manatee and Sarasota counties to the Myakka river very good; Myakka river to Punta Gorda poor; Punta Gorda to Rogers good; Rogers to Fort Myers impassable but traffic may go by way of Tucker's Corner and Olga bridge to Fort Myers.

Road No. 8—Haines City to Fort Pierce: Haines City to Fort Pierce, good—shoulders poor. Fort Pierce to Sebring, fair, Sebring to Kissimmee river very bad. Traffic should go from Sebring by way of Fort Haysenger to Okeechobee City.

Clover Bloom and Fox River butters, A. B. C. and potato bread, Sally Ann Cakes and assorted Sunshine and National cookies at the Popular Market. Phone 210. 179-3tc.

McEWAN ELECTED VICE PRESIDENT OF FLORIDA MEDICAL SOC.

(By The Associated Press)

BARTOW, Fla., Oct. 26.—Adoption of resolutions asking the state government to establish a branch of the state insane hospital at the aviation field in Arcadia, where the buildings built there during the use of the field as a training station could be used, was the principal business transacted, at the annual meeting of

the Florida Midland Medical Society, held here yesterday. Dr. W. R. Groover, of Lakeland, was elected president and the organization will meet next April in Lakeland. Dr. H. C. Murphy, Mulberry; Dr. H. B. Davis, Arcadia; Dr. J. W. Alsbrook, Plant City; Dr. A. J. Wood, of St. Petersburg and Dr. J. C. McEwan, of Orlando, were elected vice presidents. Final action on the hospital question will be taken at the April meeting.

## Standing Back of Your Mousetraps

A shoe manufacturer whose store in New York City is in a rather out-of-the-way locality recently called the attention of the reading public to these familiar lines

"If a man can write a better book, preach a better sermon, or make a better mousetrap than his neighbor, though he build his house in the woods, the world will make a beaten path to his door."

For many years people have beaten a path to this shoe manufacturer's door. He has proved the truth of this famous aphorism.

And where did he publish this quotation which he applies with such pride to his business?

Why, in an advertisement, to be sure—for this manufac-

turer is a consistent and regular advertiser, and when he has anything to say, he says it through his advertising. It may fairly be assumed that he would not look for a thriving business in the best of mousetraps, or shoes, if people were not told about them as people expect to be told—through advertising.

Of course, people do find out which are the best mousetraps, the best shoes, the best tires; best breakfast foods, and buy them in preference to others.

And people today are pretty well aware that when a manufacturer puts Advertising back of the things he makes, he is telling the world that the path to his door is a broad highway.

Published by the Sanford Herald in co-operation with The American Association of Advertising Agencies

Sunday—American Legion Auxiliary meeting at the home of Mrs. George Knight at 4 p. m.

### DESIRE OF SLEEP.

It is not death I mean, Nor even forgetfulness, But healthful human sleep, Dreamless and still and deep, Where I would hide and glean Some heavenly balm to bless.

I would not die; I long To live, to see my days But once again and bloom And make amidst them-room For thoughts like birds of song, Out winging happy days.

I would not even forget! Only, a little while— Just now I cannot be! Remembrance with despair; The years are coming yet When I shall look and smile.

Not now—oh, not tonight! Too clear on midnight's deep Come voice and hand and touch; The heart aches overmuch— Hush sounds! shut out the light, A little while I must sleep. —From the Century Magazine, Published in 1887.

J. E. Terwilliger spent the day yesterday in Euatis transacting business.

Miss Helen Terwilliger was among those from Sanford attending the Shubert ball last evening in Orlando.

Mrs. Mary A. Schaal and son, Peter, motored to Orlando yesterday, where they spent the afternoon most pleasantly.

Mr. and Mrs. W. J. McBride and Mr. and Mrs. J. H. McMullen were a

congenial party motoring to Orlando yesterday afternoon.

Miss Helen Terwilliger leaves this afternoon for Haines City where she will spend the week end as the guest of Mrs. Shaffer.

Mrs. Jimmie Howard and little son, Leslie, spent yesterday at Oviedo, the guests of their aunt, Mrs. O. G. Wolcott.

Miss Annie Hawkins has returned home after spending the summer very delightfully at her summer home in Commerce, Ga.

### DUPLICATE BRIDGE CLUB.

Among the interesting social events of yesterday was the bridge luncheon given by Mrs. Frank Miller at her home on Magnolia avenue, the guests being the members of the Duplicate Bridge Club.

Gold and black, the Hallowe'en colors were effectively used at this pretty party. Quantities of cosmos attractively arranged in baskets were placed in the rooms where the card tables were placed. The tally and place cards were cunning Hallowe'en suggestions.

At one o'clock a delicious five-course luncheon was served, after which a number of absorbing games of Duplicate bridge were played. The prizes for this, crystal fruit knives were won by Mrs. S. Puleston and Mrs. F. E. Roumillat.

The cordial hospitality of Mrs. Miller was reflected in every detail and the occasion was one of exceptional enjoyment for the guests.

### FOR MR. AND MRS. NIBLACK.

Mr. and Mrs. Grady Niblack, whose marriage was a recent event in Lake City, were the honorees last evening, when Miss Ollie Vera Glisson entertained at her home on Palmetto avenue.

Hallowe'en novelties and a profusion of marigolds, and cosmos carried out the color motif of black and gold. The lights were also shaded with golden shades casting a warm glow over all.

Games and contests afforded much merriment, and at a late hour refreshments of ice cream and cake were served. Punch was dispensed throughout the evening.

Invited to meet the honorees were Misses Sara Malphus, Elizabeth Flowers, Helen Hoag, Perrie Lee Bell, Eimly Bailey, Rose Gallagher; Messrs. Hillard Malphus, H. S. Pond, Fordyce Russell, Henry McLaulin, Henry Rodenberry, and Ralph Warren.

The Daily Herald, 15c per week.

### ENTRE NOUS BRIDGE CLUB.

Last evening Mrs. R. J. Holly was the charming hostess when she entertained at bridge at her home on Park avenue, the guests being the members of the Entre Nous Bridge Club, and one extra table of players.

The spacious living room where the card tables were arranged, was bright with baskets and vases of golden cosmos, and other cut flowers in the shades of gold and yellow. On the stairway was a huge Jack-o'-Lantern. The lights were sovered with yellow shades, casting mellow glow over this pretty scene.

Scores were kept on tallies decorated with goblins and black cats, on the tables were miniature baskets of mints and candies which were enjoyed during the game.

At a late hour scores were counted and prizes awarded. Mrs. Deane Turner holding high score among the club members and Mrs. George Knight for the guests. Both were presented lovely Japanese sandwich trays. Following the awarding of the prizes, the hostess served a tempting salad course with hot chocolate as refreshments.

Mrs. Holly's guests were Mrs. F. J. Gonzalez, Mrs. W. T. Langley, Mrs. B. E. Whitner, Mrs. S. O. Chase, Mrs. Deane Turner, Mrs. E. D. Mobley, Miss Martha Fox, Mrs. J. G. Ball, Mrs. Harry B. Lewis, Mrs. George Knight, Mrs. C. E. Henry, Mrs. D. P. Drummond.

### INSTALLATION SERVICES.

Sunday morning at the Presbyterian church will occur an impressive service when the new officers of the three C. E. societies will be installed.

Dr. Brownlee will be in charge and specially urges the parents and friends of these young people to attend. The officers of the Senior C. E. are, president, William Brumley; vice president, Genevieve Lehman; secretary, Gayle Marshall; treasurer, Victor Green; corresponding secretary, Mrs. R. C. Maxwell. The following will also be installed either as chairman of a committee or captain of a company, Mrs. Green, Misses May Magill, Irene Hinton, Nan Paxton, Olive Russell, Gussie Hinton, Virginia Smith, Gertrude Runge, Mildred Holly, Laura Lehman, Lollie Bell Robertson and Grace Gillon; Messrs. Hampden DuBose LeClere Irwin, Watson Wallace, Wilburn Kump and Rodman Lehman.

The officers of the Intermediate C. E. are president, Camilla Puleston; vice president, Elizabeth Turnbull; secretary, Elizabeth Knight; treasurer, Frazier McNeil, and the committee chairmen are Pauline Muirhead, Briggs Arrington, William DuBose, and Elizabeth Earle.

The Junior C. E. officers are president, Marguerite Garner; vice president, Sarah Maxwell; secretary, Carmen Guthrie; treasurer, Alice Thompson. Others to be installed as chairmen of committees are Dorothy Lawson, H. B. Coney, Inez Thompson, Virginia Earle and George Moye. This large number of young people are obligating themselves to carry on the Christian Endeavor work in Sanford and it is hoped that the older people will help and encourage them in every way, not only by coming to this installation service on Sunday, but in various ways through the weeks to come.

### CARD OF THANKS

We wish to thank Co. D. of the American Legion, K. of C., the men, and the women of the Bishop's Council, Catholic Woman's League, the Dramatic Club, Ladies' Altar Society; City Engineers, the employees of the city engineering department, Hutton Engineering and Construction Co., the Fernald-Laughton Hospital and nurses, and the many friends, who were so attentive to Matt during his illness, and so helpful in alleviating the sorrow caused by his departure, by their many kind acts and beautiful floral tributes.

M. D. Tarbell, Josephine Tarbell, Antoinette Rosaldy.

The Outlet is advertising millinery and ready to wear today and they have just received and are receiving daily the very newest creations in all that the ladies want in millinery and coats and suits and notions, men's suits and shoes, etc.

### ROLLINS ALUMNI PLAN EXCURSION TO HAVANA

(By The Associated Press) WINTER PARK, Fla., Oct. 25.—The alumni association of Rollins college, through its headquarters here announced a tentative arrangement for a Rollins excursion to Havana Cuba the first part of December to witness the annual game between the University of Havana and the football team of Rollins College. Details of the plan, the officers stated, will be given out later. The Tars played the Cubans in Miami last year, and ran up a score of 80 to 0.

Every man should hunt alone until he has trained his shotgun to climb a fence without getting hysterical.

## LOCALS

S. R. Jones, of Atlanta, Ga., was an arrival at the Valdez Thursday.

F. B. Woodcock was a business arrival at the Valdez Thursday from Jacksonville.

S. Miller, of Bath, N. Y., is spending some time in Sanford in view of locating here.

Mr. and Mrs. A. B. Vance were among the arrivals at the Valdez Thursday from St. Petersburg.

C. D. Keller, of Jacksonville, arrived Thursday in Sanford and is spending some time at the Valdez.

C. Finley Knight, well known business man of Jacksonville, was registered at the Valdez Thursday.

J. W. Kearney, traveling passenger agent of the L. & N. R. R., is a guest of the Valdez while spending a few days in Sanford on business.

L. G. Palmer, of Amarillo, Texas, is registered at the Valdez while in the city looking over business conditions.

Mr. and Mrs. Dale Troy were guests of the Valdez Thursday. Mr. Troy is manager of the famous State Street Eight orchestra.

Born to Mr. and Mrs. West. Stiles October 14th, of 1012 West Third street, a fine baby girl, mother and child doing well.

Mr. and Mrs. Harry Gordon, of Atlanta, Ga., were arrivals at the Valdez Thursday. They have been touring the state and will remain for several days in the City Substantial.

The A. & P. Stores on Second street, Phillips building, have the prices for you today in this issue, soups, rice, flavoring/extracts, catsup, sauces, canned goods of all kinds, etc. At the A. & P. and at A. & P. prices.

P. Cavota, and C. S. Hewetson, of New York, after touring the state are spending several days in the City Substantial. They will take the Clyde Line S. S. Coacola Sunday to Jacksonville. While in Sanford they are guests of the Valdez.

W. O. Smith, of Moultrie, Ga., representing the Schaefer Tailoring Co., arrived in Sanford Thursday and will be here several days at the McKinnon-Markwood Co., with a full line of fall samples of men's clothing. He is registered at the Valdez.

Churchwell's are with you again today calling your attention to the big saving in men and boys clothing, shoes, hats, dresses, coats and sweaters. The big October Sale is still on any everything is going fast at the cheap prices.

Mrs. G. C. Cates has an advertisement in today's Herald calling your attention to the very cheap prices on everything at this store in dry goods and ready-to-wear goods and shoes. Also on groceries of all kinds. See the ad and note the prices.

Mrs. Maude Littlefield Ballard, special representative for Florida of a number of the largest daily newspapers in the U. S. was in the city today looking over the city. Mrs. Ballard has been a visitor to Sanford upon many occasions and has written many good stories for the newspapers about this section and her many friends here were glad to see her again.

The many friends of Ed Randall, the tailor are glad to see him back in the city again after spending the summer in New York state at his old home. He intends to remain in Sanford no wand will have his tailoring establishment at the old stand at 221 First street occupying part of the room with Dr. Moore, the optician. Mr. Randall is a first class tailor in every respect and he will be pleased to see all his old patrons and new ones at the old stand. See his advertisement today.

Tomorrow Baumel's Specialty Shop starts a closing out sale of a discontinued line of Corsets and Brassieres. The line is the Kabo and the Kabo Co., is retiring from the corset field. Sam says it is necessary for him to discontinue the line as he will be unable to secure these corsets in the future. Baumel's are closing their merchandise out at cost and less than cost to make room for the new lines which they have secured in the place of the Kabo. Come early for that

corset or brassiere while they have a good selection of sizes and styles.

Jimmy Thornton of the S. P. Richards Co., of Atlanta, is calling on the local trade today.

Mr. and Mrs. C. D. Brumley of Chuluota were in the city today visiting their many friends and shopping.

Dr. Gabord of Geneva was among the visitors of Sanford today and attended the meeting of the Chamber of Commerce.

Don't forget the big football game tomorrow afternoon at Hood Field between Rollins College and Piedmont College. It will be a good one.

Henry McLaulin is advertising Gruen watches in this issue having a fine line of these popular watches in the wrist watches and others. Many beautiful Guild creations at prices that will sell them.

The Sanford Dry Goods Company have several specials for tomorrow that will prove a drawing card for the ladies. New goods just received and all of them right up to date. See their advertisement.

G. F. Follard of Jacksonville, travelling freight agent of the Clyde Line was in the city today calling on the local shippers. Mr. Follard is making his first trip through this territory and is greatly pleased with the country and its people.

Woodcock & Rigney have an advertisement today calling your attention to the prices on sugar, flour, spaghetti and other lines. Get their prices and note the big saving in groceries at this place that leads them all.

Weinburg's Diamond palace calls your attention to the ten per cent reduction on all watches and rings at his place tomorrow. Call at the Diamond Palace and see the elegant stock of gifts in the jewelry line at prices that will astonish you.

D. L. Thrasher calls your attention to the fact that he has purchased the entire stock of the Sanford Shoe & Clothing Company and will sell the same at prices that will stagger you. The store will open tomorrow in the Meisch block—old stand of Sanford Shoe & Clothing Company—and you will save money on gent's furnishings, clothing, hats and shoes.

Piggly Wiggly is with you again today bringing to your attention the big cuts in prices on everything in the grocery line. Potatoes, canned goods, butter, flour, bacon, rice, tea and coffee and everything in the line of groceries and fruits and vegetables. Piggly Wiggly makes the prices—others try to follow but Piggly Wiggly brings them down first.

Note the advertisement of the Gonzalez Grocery Company today. Peoria butter, nut oleo, Stontz's Cakes, fat mackerel and fryers. Mr. Fisher is in charge of the delicatessen de-

partment with baked ham, barbecued pork, chicken salad, pot salad, etc. Go to the Gonzalez grocery where everything in the grocery line is fresh and clean and Frank and Tracey there all the time to serve you with the best in all that the market affords in fresh vegetables and fruits and groceries.

Every proper book should end with the words: "Now, darn you, take this back to the fellow you borrow it from."

### Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotab"

The latest triumph of modern science is a "de-naused" calomel tablet known to the drug trade as "Calotab." Calomel, the most generally useful of all medicines, has entered upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. But what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Adv.)

Notice of Application for Tax Deed Under Section 575 of the General Statutes of the State of Florida.

Notice is hereby given that Chandler H. S. Sharon, purchaser of Tax Certificate No. 181, dated the 4th day of June, A. D. 1917, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: SW 1/4 of Lot 2, Sec. 86, Twp. 20 S., R. 29 E. (Less beg. SW. cor. of Lot 2, run E. 318.45 ft., N. 1307 ft., W. 318.45 ft., S. 1307 ft., 18 acres.) The said land being assessed at the date of the issuance of such certificate in the name of K. Fargo.

Also, Tax Certificate No. 196, dated June 7th, A. D. 1920, has filed said certificate in my office, and has made application for Tax Deed to issue in

accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: E 1/4 of NW 1/4 of NW 1/4 of S 1/4 of Lot 1, Sec. 86, Twp. 20 S., Range 29 E. 5 acres. The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Unless said certificates shall be redeemed according to law Tax Deed will issue thereon on the 5th day of November, A. D. 1923.

WITNESS my official signature and seal this 25th day of September, A. D. 1923.

W. B. DOUGLASS, Clerk Circuit Court, Seminole County, Florida.

**LAKE MONROE**

The ghosts bid you come next Friday night at eight into the Lake Monroe school prepared to stay quite late. Your fortune will be told—perhaps you'll get a ring. We will all have some stunts to speak or act or sing.

Come and join us in our big Halloween party Friday, October 26th, 8 o'clock p. m., at the Lake Monroe school. This occasion is always a big event in our school year and one that is hailed with delight. A pleasing program will be staged and a social hour held afterwards, when fortune telling, spook games and other amusements will be enjoyed. Refreshments will be served. Everybody invited and welcome.

Crop conditions are fine. Lettuce and celery coming along well. Cabbage and other vegetables growing nicely. Fall peppers and egg plant looking fairly well but not so promising under the present cool weather.

Mr. and Mrs. J. T. Jacobs, Mrs. Buchanan and Miss Arie Mann attended the Teachers Association at Sanford High School Friday afternoon. This was the first session of the season but was well attended. Hon. Forrest Lake welcomed the teachers in behalf of the Chamber of Commerce and the Kiwanis Club. Other interesting features were given afterwards the club got down to business and elected new officers for the coming year. Mr. Jacobs, of Monroe, was elected president to succeed Mr. McKay, of Sanford, the retiring president. The large gold and silver loving cup which was won by the delegation from Seminole county last Christmas at the F. E. A. held at St. Petersburg, was presented Mr. Jacobs to be kept at Lake Monroe school till the next meeting of the F. E. A. at West Palm Beach Christmas.

The many friends of Matthew Tarbell, Jr., are sorrowfully regretting his untimely death which occurred at the home of his father, Mr. Matthew Tarbell, of Sanford, early Sunday morning. Matthew was well known in this section where he lived a short time. He was an exemplary young man, lived and died a Christian fully faithful in his last days by an unflinching faith in his holy religion. He is survived by his father and two sisters, Miss Josephine

**Harness Races for State Fair**

Horse lovers at the State Fair this year will revel in one of the greatest harness race programs that has ever been seen in Florida. Two of the many entries are pictured above.

Tarbell of New York, and Mrs. Will Bossidy, of Sanford.

Mrs. W. C. Price has returned to her home at Monroe after a very successful operation under Dr. Mitchell at the Robson Infirmary. Her many friends are pleased at her recovery.

Miss Doudney, the Seminole county nurse, visited the school here last week and examined the children. Miss Doudney gives promise of being quite popular with teachers and pupils. She is very competent and possesses a pleasing personality.

Mrs. Mamie Hall, of Davenport, was the week-end guest of Mrs. R. A. Stephens.

Toby Swaggerty had the misfortune to cut his foot upon the mowing machine.

Mrs. Willis and children, Ruth and Edna have moved to Orlando.

Mrs. Aldean McMichiel has recovered after a protracted spell of dengue fever and is able to be out in the coat and suit department at Yowell & Co.

Miss Mary Junaney is confined to her home by illness.

Little Claude and Gladys Hawkins are upon the sick list and unable to attend school.

**Volusia County Fair Grounds Being Planned**

DELAND, Fla., Oct. 24.—In planning Volusia county's fair grounds for the event to be held in DeLand on Jan. 22 to 26, both dates inclusive, one of the most valuable features of the fair site will be the permanent

beautification of the fair grounds. In connection with this work the Volusia County Fair Association has secured the services of James N. Howe, Jr., of Daytona, a well known landscape artist. Mr. Howe has already made a survey of the fair grounds and expressed himself as being highly elated over the possibilities for its beautification. A definite landscaping plan is now in the course of preparation and will at

an early date be submitted to the executive board of the fair association for approval. This committee is compiling a list of premiums for flowers and plants, and a feature of the exhibit will be the showing in competition of nursery stock by growers throughout the county. This display will be divided into two classes—professional and amateur. Assisting in the landscape planning

are W. B. Currey, well-known florist, of Daytona and DeLand, and Eugene Pierson of Pierson, whose father is accredited as the first grower of asparagus plumosus ferns in the state.

**First Life Memberships.**  
To John H. Wolf, a prominent grape grower, goes the credit for securing the first life memberships in the Volusia County Fair association, having turned in fees today for six

persons, including himself, to pay dues for life. Two memberships were reported today by telephone from Ormond.

**Amusement Committee Busy.**  
The committee on amusements for the fair is busy and now have under consideration many attractions of a hippodrome nature, which can be put on in the open air, will be offered as free events at the coming fair.

"I've in Town honey" with a pure Soft Wheat Flour for Biscuits, Cakes and Pastries

JUST a little whiter—just a little finer in texture—just a little better than the best flour you have ever used. Aunt Jemima, perhaps the best known cook in America, challenges you to test the truth of these statements. She's come to town with a new soft wheat flour. She is as proud of it as of her famous pancake flour. And justly so. It is the highest quality flour that milling science can produce. Such biscuits! Such cake! Such pastry! "Lady, lady," begs Aunt Jemima, "you ain't baked no biscuits, cake an' pastry 'til you tries my flour."

So ask your grocer for a sack of Aunt Jemima.

## Clemson Tiger Licks Its Chops In Carolina Win

COLUMBIA, S. C., Oct. 26.—The Clemson Tiger licked his chops over the prostrate form of the Carolina Gamecock last night.

Meeting in their annual duel on the state fair grounds to settle the question of gridiron supremacy, the ancient rivals fought spur to tooth for sixty minutes and when the fur and feathers ceased flying, the score sheet showed: Clemson 7; Carolina 0.

The failure of Sizemore, substituting for Wright, to boot the pigskin over the goal posts after Meyer had crossed the Clemson goal in the third period spelled defeat by one point for the University lads.

A thoughtful girl is one who parks her gun under the table while eating ice cream instead of dropping it on the floor.

Now he scolds because the old gogies are running things. Thirty years from now he will scold because the youngsters don't know anything.

### A GENERAL SKETCH OF BEN WADE HIGH SCHOOL END

Ben came out rather late this year but despite this fact he has made end on the regular squad, participating in both the Lakeland and Bartow games. He is a Senior, coming from Valdosta, Ga. He is 5 9 1-2 inches tall and weighs 135 lbs. He will play this afternoon in the game with the Kissimmee Cowpunchers.

## Baby Gators Off For Tech

GAINESVILLE, Fla., Oct. 26.—The Florida freshmen football squad, consisting of 19 players, Coach Rex Farrier and John Bond, team manager, left yesterday afternoon for Atlanta to meet the first year eleven from Georgia Tech Saturday afternoon.

The varsity team accompanied by the University band and a crowd of students, will leave this afternoon on a special train for Tampa for the game with Wake Forest Saturday afternoon.

## Hornsby To Be Traded to Cubs

CHICAGO, Oct. 26.—Rogers Hornsby, of the St. Louis Nationals, 1923 batting champion of the National league, will be traded to the Chicago Cubs in a deal involving the transfer of four players to the Cardinals, according to reports in baseball circles last night.

The report said that Hornsby, who engaged in a fist fight with Branch Rickey, manager of the Cardinals, last season, had expressed a desire to play with Chicago. The players reported to be considered in the trade for Hornsby are Charley Hollocher, George Grantham, Lawrence Miller and Virgil Cheeves.

President Veeck, of the Cubs, could not be reached to confirm the report.

## Kansas City Wins Finals Off Orioles

BALTIMORE, Oct. 26.—The Kansas City Blues clubbed their way to victory over the Baltimore International League champions in the ninth and deciding game of the junior world series at Oriole park yesterday afternoon, for the championship of the minor leagues, by the score of 5 to 2.

# Celery Seed

By Editor

The locals are now engaged in a "blanket covering" of the Kissimmee Cowpunchers, or are getting covered themselves.

We won't say which!

Got in trouble once before by telling too much about a certain game, so this time we are going to keep "traps closed!" But after the game, if you think our opinion was worth two cents, we'll tell you what we thought about this afternoon's game with the Cowpunchers.

But never mind about the Kissimmee fracas, we'll tell you all about that tomorrow, what we are interested in, is Piedmont going to spring surprises and win tomorrow's game from the Tars?

We'll say emphatically—NO! The Tars have the edge over the Piedmont bunch all the way around. Piedmont has had about as much success as a gopher in football this year! But if the Tars get beaten, we'll award them the decision as, "gopher sandunes!"

Southern College put Piedmont on the defeated list Wednesday afternoon when they gave them a good licking in Lakeland. And it is usually tight "go-between" between the Tars and Southern. So we'll put our pennies on the Tars.

The Tar babies have a first class line, though five pounds lighter than the Piedmont wall, it has some real class in Emery, center, Sutcliff and Warner, tackles and Donaldson and Curry guards. In the backfield they can boast of Colorado as quarter and Vickers, fullback.

The Memorial High Tigers take on

the badly battered St. Petersburg clan and by the way the Hillsborough Terriers trimmed the Saints last week it looks as if the Tigers have a chance to break that long string of defeats that lie back of them.

Wake Forest and Florida meet tomorrow in Tampa in a game which promises to be a real exhibition of the gridiron work. The Florida team is bloodthirsty after their chewing up of Rollins last week and Wake Forest is in fine shape after mauling the Davidson College team of North Carolina in to submission.

Lakeland High will take a shot at Coach Barchan's Purple Hurricane tomorrow in Gainesville. This is another chance for the Dreadnoughts to pile up as big a score as they did against the strong Sanford and Orlando teams. The Hurricane, at the first of the seas beat Memorial to the tune of 7 to 0. Then the Dreadnoughts trimmed Memorial 34 to 6. Looks to us like the Dreadnoughts have the edge, don't it to you?

The Florida Rats will take a shot at Tech's Rats tomorrow in Atlanta. Hope the Florida Rats will have as much luck against the Bay Techs as the Florida Varsity did against Tech's first. But we are sure they will just look, they have Bill Moye, of S. H. S. fame in their backfield.

Now we'll close by telling you that Bartow, after emerging with a bare victory from Sanford will take a crack at Hillsborough High in Tampa tomorrow. And dollars to emfwy pa tomorrow. And dollars to corkscrews that the Terriers will go down before the Summerlin clan!

For quick results try a want ad.

## Lakeland Has "Dope" Edge On The State Title

The clash at Gainesville Saturday between the Lakeland high school eleven and the Purple Hurricane of Gainesville will decide, it is believed, the matter of state high school gridiron supremacy this season. Should Lakeland decisively trounce the men of Coach Barchan, and local fans believe that they will do so if the same team is used by McQuillan as he sported here last Friday, they will have the supremacy. Lakeland has the edge over the other teams of the state due to the decisive manner in which they have pursued their campaign this season—the majority of the other elevens from the point of score "dope" have been eliminated by the Lakeland clan and with the decisive win of the Dreadnoughts tomorrow the championship crown, unless certain rumors concerning eligibility become certainties, will repose on the Lakelanders. The teams of the East Coast, while displaying fast football have not yet become strong enough to compete with the middle state and west coast towns.

The game this afternoon in Bartow between the Hillsborough high school Terrers and the Summerlin Institute can will eliminate one of the two teams from championship hopes. If Summerlin Institute is the winner of the contest the title will be tilted on the Lakelanders heads more securely due to the dope win by the Dreadnoughts over the Institute clan—the Sanford games by the two teams giving McQuillan a decided score advantage.—Orlando Sentinel.

## Bringing In Cotton From Longwood Ships To Savannah

Made Eight Bales From Twenty Acres

W. C. Satcher is today bringing in eight bales of cotton to ship by Clyde Line to Savannah. Mr. Satcher picked eight bales from 20 acres. He expects to plant 70 acres to cotton next year.

## Good Stock Doing Hard Work Are Certainly Entitled to good feed

Don't try to cheat them simply because they can't tell you about it. That is what you do when you give them feeds made from inferior grain. Cheap feeds made from inferior grain. Grinding damaged grain and sweetening it will make it palatable to your stock but it will not make flesh and muscle. We handle GOOD feed at right prices. Yes we have some molasses, and bran for poison too.
