## Rail Tieup Feared Inevitable As No Accord Is Reached

**Chairman Of Federal Mediation Board Says Both Sides Are "Unyielding"**

CHICAGO, Apr. 30, (AP)—A federal mediator seeking to head off a nationwide rail tieup reported today both labor and management are "unyielding" in their positions on the wage dispute.

Chairman Frank Douglass of the National (Railway) Mediation Board issued a statement after a morning conference with management representatives. It was his first meeting with the railroads in the current last ditch attempt to avert a strike called for May 11.

"Both sides are unyielding," Douglass told reporters. "I don't know if we can get both sides together for direct negotiation. We might be able to, if we could narrow down the issues."

Before the conference Douglass said that if the strike is averted, it will be only through direct negotiation between the disputants. "The big difficulty," he said, "is that the unions are deman-

## Blast In General Electric Lab Hurls Man Thru Window

SCHENECTADY, N. Y., Apr. 30 (AP)—An explosion of such force that it blew a worker through a window rocked an entire floor of the General Electric Company's research laboratory building this afternoon.

The man hurtled through the window was reported dead. He was not identified immediately. Several others were injured.

The accident occurred shortly after 1:30 P. M. One report said it was on the top floor of the seven-story building, another that it was on the sixth.

The laboratory is engaged in extensive atomic research.

Cause of the explosion was not determined immediately. Neither was the extent of the damage.

All city police and fire equipment was rushed to the scene.

The structure was known as building 37.

## Delegates To Lions Convention Named

Henry Witte, Jr., J. E. Rowland, Hamilton Hisebe and Clyde Ramsey, were today announced as the Lion's Club delegates who will attend the Lion State convention which will take place on May 9, 10 and 11, at St. Augustine.

King Lion W. O. Livingston, who made the announcement today at the meeting of the Sanford Lions Club at the Tourist Center, will serve as an alternate. No other alternates have been named to date, he stated.

Preliminary plans were discussed for a picnic to be given by the club for members of the Junior Baseball League, two weeks after the end of the playing season, and following the All Star game. Receipt of used baseballs donated by clubs training here and made available through the courtesy of John Kridler, was announced, and Secretary Hisebe was directed to write a letter of appreciation to Mr. Kridler for this service.

## Tom Breneman Rites To Be Held Tomorrow

HOLLYWOOD Apr. 30 (AP)—Final rites for Tom Breneman, 47, radio star who died unexpectedly Wednesday, will be held at Forest Lawn Memorial Park in nearby Glendale at 11 A. M. tomorrow.

Dr. Louis H. Evans, pastor of the Hollywood Presbyterian Church, will officiate and the King's men will sing. The body will be cremated and the ashes entombed in the Forest Lawn Mausoleum.

Honorary pallbearers named include Bing Crosby, Bob Hope, Jack Benny, Jimmy Durante, Lou Costello and Bud Abbott, Ralph Edwards, Ted Malone and some 20 others.

## Sales At Market Increase By \$70,000

The March report released by the Sanford State Farmers Market indicates an increase of \$70,000 in sales value and \$2,419 in units sold over March, 1947.

During March, 1948, a total of 253,670 units brought \$390,166 or \$1.54 a unit as compared with 171,167 units sold last year for \$320,183, or \$1.87 average a unit.

Cabbage continued to lead in sales value, even though it averaged only 92 cents per 50 pound sack, and 120,703 sacks were sold, also 3,170 in crate form at \$1.14 a crate.

Oranges passed celery in sales value with 31,661 boxes of fruit bringing an average of \$2.18 a box. Golden celeriac brought an average of \$2.24 a crate and parcel, \$2.07. Total value was \$51,063 for golden and \$12,848 for parcel. Green beans averaged \$2.95 a unit and 13,114 units were sold.

## CORRECTION

The R. L. Croom, mentioned in the list of jurors at the trial of John McMillan Tuesday in Circuit Court, is a citrus grover of Goldensrod. Prof. J. N. Croome, professor of the Croome Academy, did not serve at the trial, having been excused on Apr. 20 after being called for jury duty.

## Air Secretary, Truman Agree On Defenses

70-Group Air Force Legislation Hits Snag As Several Senators Object

WASHINGTON, Apr. 30, (AP)—Secretary of the Air Force Symington said today there are "no differences" between him and President Truman over defense.

He made that statement when he left the White House after what he said was a "friendly conference" with Mr. Truman. Symington has plugged in Congress for a 70-group Air Force while the administration's defense program calls for a 60-group one.

At the capitol, House-approved legislation for the 70-group force ran into a minor snag in the Senate. Senator Wherry (R-Nebr.), acting Republican leader, said several senators objected to taking the bill up before tomorrow. Backers had hoped for action today.

The House Armed Services Committee made progress on another defense measure. Chairman Andrews (R-NY) said it had completed work on a bill to revive the draft temporarily and will take a formal vote Monday.

Under the bill, all men aged 18 through 30 would register. Those from 19 through 25 would be liable for two years' service. Most veterans would be exempt.

Andrews said the bill contains

## 21 Pan-American Nations Agree On Security Pledge

BOGOTA, Colombia, Apr. 30, (AP)—The 21 American Republics agreed to sign today a charter pledging united efforts to keep hemisphere peace and security.

They approved also other agreements, including pronouncements against Communism and colonialism. These are to be signed also at the final plenary session.

The delegates voted their unanimous approval of the charter by using a large crowd of spectators applauded the display of unity.

Eduardo Zuleta Angel, conference president, declared the charter "marks an epoch for Pan-Americanism."

Helmeted soldiers with fixed bayonets guarded the chamber of the conference, which was interrupted three weeks ago by bloody rioting.

Most delegates agreed that the results of the month-long conference were satisfactory.

Eduardo Zuleta Angel of Colombia, conference president, declared the results "surpassed our fondest hopes."

William D. Pawley, U. S. delegate, told newsmen "I will be glad to challenge anyone who attempts to define this Bogota conference as anything but a magnificent success and a great achievement in the spirit of American solidarity."

The conference began Mar. 30 (Continued on Page Two)

## Harry Kudell Made State Organist Of Florida Elks Club

Harry Kudell of Sanford was appointed as state organist of the Elks Clubs of Florida at their convention at Key West, Sunday through Tuesday, it was reported by Jesse C. Lodge, Exalted Ruler of Sanford Elks Lodge, 3241.

Robert A. Bohon of Jacksonville was elected as State President of Elks and James Sweeney of DeLand as vice-president of the central division.

The Sanford Lodge was represented at the convention by Mr. Lodge, Peter Thurston, Mr. and Mrs. Leo Butner, Mr. and Mrs. Harry Kudell and Mr. and Mrs. Harry Majeski and Mr. and Mrs. Harry Bend. Following the convention they visited clubs in Key West, Coral Gables, Miami, West Palm Beach and Fort Pierce on the trip home.

A scholarship award of \$300 cash and a \$25 war bond was made to Miss Dotman of Jackson High School of Miami, said Mr. Lodge. Ft. Lauderdale Lodge won the State Ritualistic contest, with Daytona Beach Lodge a close second.

A nine percent increase in Elks membership in Florida during the year was reported. Pensacola (Continued on Page Three)

## New Photo Studio Opens In Sanford

Mr. and Mrs. Perry Bremer, well-known photographers in Orlando and Winter Park, announced the opening of a studio in a suite of rooms in the Woodruff Building to be known as Perry Studio.

Mr. and Mrs. Bremer have bought a home at Lake Mary having come to Florida last June. At that time Mr. Bremer became operator for the Tooley-Myron Studio in Orlando, and Mrs. Bremer was operator for the Paramount Studio of that city.

Later they established their own business in Winter Park. Immediately they were chosen as official photographers for the Rollins College Year Book, which they have just completed.

The Perry Studio here offers a complete photographic service, including portraiture, commercial work, kodak finishing and a photo-station of legal papers and documents. Prompt service and fine equipment characterize this new addition to Sanford's business district.

## REV. CHARLES JOINS

Rev. Douglas Charles, Presbyterian minister, has joined the National Guard, and has been named chaplain for the artillery of the 48th Division, it was announced here today.

## Children's Board Discourages Picking Up Young Hitch-Hikers

TALLAHASSEE, Apr. 30 (AP)—Giving rides to youngsters hitch-hiking from one state to another may not be an act of kindness. The Florida Children's Commission says many of them are runaways—in spite of the plausible stories they usually have on tap to tell generous motorists.

A child generally has what he considers a good reason for running away. But the commission declares it is "of the opinion that the nearer children stay to their own homes, the better are their chances of receiving understanding help in solving their problems."

It's asking members of county children's committees whether they think classification of hitch-hiking as an act of delinquency would help to meet the problem it creates.

Densens of children thumb rides into Florida annually. Some of them aren't even in their teens. When they arrive in their destination—usually the big resort centers—they frequently without resources. Too young in many cases to get jobs, they often get into trouble instead.

What's the solution? It's difficult to say. A Florida law

## Law Against Office Seekers Speaking Near Polls Explained

By ASSOCIATED PRESS

The office-seekers can buttonhole you when and where they like through this weekend, but when you go to vote next Tuesday they're going to have to keep their distance.

Rigid laws designed to speed up the voting and discourage last-minute high pressure tactics govern Florida primary elections.

It is illegal to distribute any political literature or to solicit votes within 100 yards of a polling place on election day.

Anyone who hands out pictures or literature against any candidate "at or near" a polling place may find himself subject to a fine or jail sentence.

No one except voters and officials may come within 15 feet of any door or window of a polling place during the election. The same rule holds good while the votes are being counted, except that the election inspectors must allow as many as three persons near enough to watch and see that the ballots are being tallied correctly.

A deputy sheriff must be stationed at each polling place to help keep order, but—except when he votes himself—he may not enter the place without permission of two of the three poll inspectors. Neither may any other police officer.

Just to be sure the Army doesn't pull off a Latin American-style coup d'état by taking over the polls, an old Florida law provides a fine for any officer who calls out the militia on election day except to stop an invasion or insurrection. However, a civil magistrate may request an officer to muster his troops for suppression of a riot or to keep general order.

So there isn't much chance that you will be lathered when you go to the polls on election day.

Anyway, at the rate candidates are moving, most of them are calling to muster his troops for suppression of a riot or to keep general order.

The candidates for governor are trying to make every minute count by concentrating their appeals in the larger cities and over the radio by look-up and transcription.

Don McGarty is in Pinellas county today. Last night at Tampa he said "as an employer I have a fair and impartial record toward labor in the legislature but in business I will work to promote smooth and workable relations between labor and management."

(Continued on Page Two)

## Senate Gets Bill To Shorten Terms Of Atomic Board

WASHINGTON, Apr. 30, (AP)—Legislation to cut down terms of the Atomic Energy Commission was introduced in the Senate today. It would make their jobs end June 30, 1950.

Senators Hickenlooper (R-Iowa) and Johnson (D-Colo.) put in the measure only 24 hours after President Truman spoke out at a news conference for full terms for the commissioners. Mr. Truman has nominated David E. Lilienthal, the chairman, for a five-year term.

Hickenlooper told reporters the measure is "non-Partisan," adding:

"All of the political humping about this matter has come out of the White House."

However, Senator McMahon (D-Conn.) told reporters he thinks any clipping of commissioners' terms would put those appointments in the political class.

President Truman is reported to have told Democratic lawmakers he will veto any two-year measure.

## County Election Of Supervisors Of Soil To Be May 17

Election of five supervisors of the Seminole County Soil Conservation District will take place on May 17, it was announced today by C. R. Dawson, county agent.

All qualified electors residing within the Seminole County district are eligible to vote in the election.

A qualified elector, as defined in the Florida Soil Conservation Districts Act, includes any person qualified to vote in the general election under the constitution and statutes of Florida, and who is also a landowner in the district.

Mr. Dawson pointed out that voting will take place from 9:00 A. M. until 4:00 P. M. at the following places: The County Agent's office in the Court House; the Longwood City Hall; the Oviedo City Hall; the General Community House.

Sixteen residents have qualified (Continued on Page Two)

## LIVE OAK SHERIFF

FALLAHASSEE, Apr. 30 (AP)—Governor Caldwell today appointed Colonel B. Barney of Live Oak to serve out the unexpired term of the late W. A. Hunter as sheriff of Suwannee county.

Barney resigned as county commissioner to take the position but election held as candidate for a new county commission term to begin when he gives up the sheriff's position next January.

## GUERRILLA DEFEAT

ATHENS, Apr. 30 (AP)—Swift Greek army units are chopping up guerrillas trapped in three pockets of south central Greece, their commander said today.

## Italian Labor Asked To Buck Red Labor Grip

Socialists' Manifesto Says Labor Is Endangered By Identification With Reds

ROME, Apr. 30, (AP)—Italy's Independent Socialists called upon Italian labor today to revolt against Communist domination in the powerful General Confederation of Labor.

The anti-Communist Socialists issued a May Day manifesto declaring Italy's labor movement is endangered by its identification with the Communists and consequent opposition to the Marshall Plan for European Recovery.

The Independent Socialists, under Giuseppe Saragat, emerged as a strong force in Italy's national election, winning third place after the Christian Democrats and the Communist-led Popular Front.

"The attitude of the Communists and the Fascists (the pro-Communist Socialists under Pietro Nenni) has imposed upon Italian syndicates Communist hostility to the European reconstruction plan," the manifesto said.

"It is in the interests of the workers to accept this plan in order to be able to control its operation to the benefit of labor."

Since the Communist defeat in Italy's parliamentary election, the 5,775,000-member confederation has been threatened with a wide split over two issues: The Marshall Plan and the strike as a political weapon.

Giuseppe di Vittorio, Communist first secretary of the confederation, has conformed closely to Communist policy over the protests of non-Communist members. But after the election, Di Vittorio hinted that Italy's Communists might abandon opposition to the strike.

Informed sources said, that in general terms, the defense ministers here will discuss standardization of arms, development of a network of air bases with common equipment, fixed quotas for training, and maintaining a de-

## Church Council Calls On Truman And U. S. To Check Forces Of War

WASHINGTON, Apr. 30 (AP)—The Federal Council of the Churches of Christ in America today called upon President Truman and the nation to "check the forces that have pushed mankind to the brink of international conflict."

The council made its appeal in a statement—"A positive program for peace"—for presentation to Mr. Truman at the White House. The statement, prepared by a council committee headed by John Foster Dulles, was approved by the Federal Council's Executive Committee last Monday.

Dulles, a Republican, is a "White House adviser on foreign affairs."

The statement condemned "complicity about war." It urged the American people to move toward specific goals for peace, including increased economic well-being throughout the world, and recommended that diplomatic avenues between Russia and the U.S. be kept open and used.

The church leaders said the 25 member denominations of the Protestant Interchurch Organization are determined to exert their combined strength to avert a new war.

National military strength, the statement said, is necessary while laying the foundation for peace, but "the American people in conformity with the principle of Democratic government, should not permit policy making to pass predominantly into the hands of those who think primarily in military terms as seems to be the

## COOPER TO SPEAK

Richard H. (Dick) Cooper, candidate for governor and World War II veteran, will bring the whirlwind windup of his speaking tour for governor in Central Florida to Sanford Saturday morning at 8:30 o'clock with an address on the corner at Magolia Avenue and First Street.

## OIL GROUP MEETS

At a meeting of the Seminole County Petroleum Industries Committee held last night at 7:30 P. M. in the Court House, Earl Higgenbotham of the Standard Oil Company was elected Chairman of the group. Other officers of the organization elected at the session were J. C. Davis, Vice Chairman, and C. J. Wilkinson, Secretary.

The group went on record, through the adoption of a resolution, against the continuance of the 1 1/2 cents per gallon Federal gasoline tax and the 6 cents per gallon Federal Lubricating oil levy. The group endorsed a six-point program of objectives for 1948-1949, which was offered by the Florida Petroleum Industries Committee, the parent organization.

## Holy City Battle Begins As Jewish Forces Raid City

Western German State Is Planned By U. S., 5 Allies

Diplomats Say Congress Similar To U.S. Will Be Established

LONDON, Apr. 30, (AP)—Diplomats reported today the United States and the five nations of the Western European alliance have agreed to set up a Western German government this year. It would have broad control powers over domestic affairs.

Defense ministers of the alliance—Great Britain, France, Belgium, Holland and Luxembourg—today started planning their action together should war but the split continent. British government sources said their secret agenda was based on the assumption of substantial support soon from the U.S.

The plan for Western Germany was reported tentative. Diplomats said a two-branch Congress, comparable to that of the United States, would be established by Sept. 1 to take over law making.

This would be followed by a gradual assumption of authority over internal affairs within Western Germany. The occupation powers, the U.S., Britain and France, would retain supervision over German foreign policy, exports and imports, the informants said.

Informed sources said, that in general terms, the defense ministers here will discuss standardization of arms, development of a network of air bases with common equipment, fixed quotas for training, and maintaining a de-

## Jews Penetrate Each End Of Strategic Quarter Dominating Southern Part

DAMASCUS, Syria, Apr. 10 (AP)—An Arab news agency report received here tonight from Amman said Arab troops of Iraq and Trans-Jordan entered Palestine at 1 P. M. No further details were available here.

JERUSALEM, Apr. 30, (AP)—Jews seized Arab strongpoints in the southern part of Jerusalem today in a bloody battle. An Arab military leader admitted to 30 dead.

Word spread that "the battle of Jerusalem is on," while other Jewish forces all but isolated the main Arab post of Jaffa.

The Jerusalem fighting still raged at sunset. The Jews penetrated in strength at each end of strategic Katamon quarter, dominating the southern part of the Holy City.

Haganah, the Jewish militia, said the Jews lost 15 dead and 37 wounded in the battle, and estimated Arab casualties at 50 dead.

The Haganah fighters, in control of St. Simon's monastery, said Haganah would guard the area and return it to the Greek Orthodox Church. But the communiqué added: "It must be pointed out, however, that the monastery in recent weeks was not a legitimate holy place but the headquarters of Arab fighters." The British and Arab leaders confirmed this.

Arab military sources said they are confident the Jews can be

## New Withholding Tax Rates Become Effective May 1

New withholding tax rates, reduced by the 1948 Revenue Act, become effective Saturday.

Internal Revenue Collector John L. Fahn said his office yesterday completed the job of mailing circulars to all employers in Florida explaining the new regulations and including payroll period tables.

The new schedule of exemptions for wages becomes effective with respect to wages paid on or after May 1, the collector said, explaining that wage earners who receive their pay checks this Saturday are entitled to benefits of the new rates.

Although the withholding tax features of the revenue act is not effective until May 1, Collector Fahn said the reduced tax rates are retroactive to January 1 and said where overpayments are made during the year they will be recouped when final income tax returns are filed beginning next January.

The old W-4 forms, which employees execute to give family status, may remain in full force and effect until the employer is entitled to additional exemptions because of age or blindness. Collector Fahn said. The act, he stated, provides added benefits for an employee if he or his wife (or her husband) will reach the age of 65 by the end of the year.

If additional exemptions are to be claimed for reason of age or blindness, a new W-4 form must be executed and Collector Fahn said such forms will be furnished by his office upon request.

## Last Political Rally Is Tomorrow Night

Candidates will be allowed the usual five minutes to speak at the political rally Saturday evening at 7:30 o'clock at the County Court House, and immediately following the speaking of each group, two minutes will be allowed to each candidate to refute statements just made, said Andrew Carraway, secretary of the Seminole County Democratic Executive Committee.

The rebuttals should not be made in reference to statements made at previous meetings, Mr. Carraway asserted. The speaking will be preceded by a downtown parade led by the Seminole High School Band in which the Dusty Boots Riding Association will participate and candidates will follow in automobiles. It will start at 6:45 P. M., and a band concert will follow.

A fair sized group of citizens attended the rally at Lake Monte last evening, Mr. Carraway reported.

## Church Council Calls On Truman And U. S. To Check Forces Of War

WASHINGTON, Apr. 30 (AP)—The Federal Council of the Churches of Christ in America today called upon President Truman and the nation to "check the forces that have pushed mankind to the brink of international conflict."

The council made its appeal in a statement—"A positive program for peace"—for presentation to Mr. Truman at the White House. The statement, prepared by a council committee headed by John Foster Dulles, was approved by the Federal Council's Executive Committee last Monday.

Dulles, a Republican, is a "White House adviser on foreign affairs."

The statement condemned "complicity about war." It urged the American people to move toward specific goals for peace, including increased economic well-being throughout the world, and recommended that diplomatic avenues between Russia and the U.S. be kept open and used.

The church leaders said the 25 member denominations of the Protestant Interchurch Organization are determined to exert their combined strength to avert a new war.

National military strength, the statement said, is necessary while laying the foundation for peace, but "the American people in conformity with the principle of Democratic government, should not permit policy making to pass predominantly into the hands of those who think primarily in military terms as seems to be the

## OIL GROUP MEETS

At a meeting of the Seminole County Petroleum Industries Committee held last night at 7:30 P. M. in the Court House, Earl Higgenbotham of the Standard Oil Company was elected Chairman of the group. Other officers of the organization elected at the session were J. C. Davis, Vice Chairman, and C. J. Wilkinson, Secretary.

The group went on record, through the adoption of a resolution, against the continuance of the 1 1/2 cents per gallon Federal gasoline tax and the 6 cents per gallon Federal Lubricating oil levy. The group endorsed a six-point program of objectives for 1948-1949, which was offered by the Florida Petroleum Industries Committee, the parent organization.

ERP Arms Aid

(Continued From Page One) strengthening Western Europe militarily. Two related lines of action are under consideration...

One line of action under study would call for stop-gap, preliminary measures by the United States including:

(1) Temporary authorization for Mr. Truman to lend-lease guns, planes and other military equipment to any of the 16 nations in the European Recovery Program...

In addition to these short-term measures, Administration planners, including State and Defense Department officials and Armed Forces leaders are working on the long-range problem of more or less permanent military backing for whatever Western European union is finally formed to block the westward expansion of Soviet power.

Pan-Am Pledge

(Continued From Page One) and was disrupted by a bloody uprising Apr. 9, which drove the delegates from their meeting place in the capital building in Bogota.

American Red Cross officials estimated that 1,500 persons were killed—1,200 in Bogota—in three days of rioting, officially blamed on the Communists.

The decision of the delegates to continue meeting here was generally acclaimed as a victory for Pan Americanism and a moral aid for the Colombian government in checking the revolt.

In the opinion of many, the revolt strengthened the determination of the confederate nations to ward off Communist infringement in the Western World.

Rail Tieup

(Continued From Page One) ing more than was recommended by the presidential emergency fact-finding board. This group proposed a wage increase of 15 cents an hour and certain changes in working rules. The railroads agreed to the recommendations but the three brotherhoods rejected them as inadequate.

Douglass said the fact-finding board's recommendations were in keeping with recommendations made and agreed to in previous disputes. The carriers refuse to go beyond the proposals and give these brotherhoods anything more than was granted other disputants.

Unless the railroad labor organizations finally accept the board's recommendations and settle on that basis, or unless the carriers agree to give more, obviously there can be no settlement, Douglass declared.

Douglass said that despite the obstacles which have cropped up at his separate meetings with employers and employees, his mediation board will continue to strive for a settlement.

He said there doesn't seem to be any feeling for arbitration of the issues. He added direct negotiation offered the only hope.

Douglass and Francis A. O'Neill, Jr., a board member, met twice yesterday with leaders of three brotherhoods who have set May 11 for a paralyzing, nationwide walkout.

WASHINGTON, Apr. 30 (AP)—John L. Lewis today asked soft coal operators to meet him May 18 to negotiate a new contract.

The United Mine Workers' present contract expires June 30. Lewis said in letters to all coal companies and associations which had signed the current agreement last July that he's ready to start negotiations in the Shoreham Hotel, Washington, May 18 at 10 A. M. The letter was labeled "notice" and was dated today.

Air Forces

(Continued From Page One) no mention of Universal Military Training. His committee approved a UMT bill last summer, and it is lodged now in the House Rules Committee.

President Truman has asked both draft and UMT. Symington told reporters he supports the Administration's defense program which calls for a 66-group Air Force. He said that when he told congressional committees he believes there should be a 70-group force it was in response to questions and under oath.

He said his call on President Truman did not concern how many air groups there should be and they did not discuss the question. There is no difference between us on the defense program," Symington added.

The Senate Appropriations Committee rushed approval yesterday of the \$3,250,000,000 House bill for a 70-group Air Force in hope of getting Senate action today.

Senate rules will not permit a vote on a measure the same day a committee reports it unless all senators agree.

In its formal report to the Senate, the appropriations committee said secret and public testimony convinced its members "the 70-group program is the minimum peacetime Air Force capable of providing adequate security to the United States at this time."

It added: "It is our belief that the initial phase of any future war would be determined by air action; and for the first time, the United States can be attacked, without warning, from the air."

"Immediate retaliatory attack through the air is essential to any successful conduct of such a war on our part."

The union also asked "fringe" concessions such as better vacations, pensions and the like totaling about five additional cents.

Chrysler's only offer to date came a few days ago and was for six cents an hour. The UAW-CIO promptly rejected it and the corporation then withdrew it.

All legal barriers to a strike previously have been removed.

There was no immediate comment from the company.

Ballot Laws

(Continued From Page One) agreement." W. A. Shands, at St. Petersburg, said if he is elected he will "insist the federal government grant to citrus growers the same protection they afford to corn, wheat and cotton growers" by purchase of surplus fruit. He will speak in Tampa tonight.

Fuller Warren said in Orlando, site of a State Tuberculosis Sanatorium, that he favors release of the \$2,500,000 appropriation for construction of additional sanatorium facilities. He hopped to Dade county for a day of campaigning and a rally tonight.

Tom Watson was moving along the same path as Warren. In a series of talks between Daytona Beach and Orlando, he proposed making automobile and other licenses expire in June instead of December to give taxpayers more Christmas money. He, too, will be in Miami today.

Colin English, at West Palm Beach, said cooperation of all Floridians with the federal government is essential for realization of an adequate water control and conservation program. He is in Jacksonville today.

Dick Cooper is making his last appeal to the homefolks at a DeLand rally tonight. On the way up from Miami yesterday, he continued to talk about his proposed \$60 a month minimum old age assistance payments and a veterans bonus based on enlisted service.

# Scientist Reports Development Of Super-Speed X-Ray Technique

By FRANK CAREY  
Associated Press Science Reporter  
WASHINGTON, Apr. 30 (AP)—Development of super-speed X-ray movies—2,000 times faster than a wink—was reported today by a Westinghouse scientist. Dr. Charles M. Slack told the American Physical Society that the new technique of X-ray analysis will have numerous future uses in medicine, industry and rocket research.

Slack is director of the Westinghouse Lamp Research Laboratories, Bloomfield, N. J. He said X-rays have been recorded on motion picture film previously but the new machinery has speeded the process tremendously. It involves framing up X-ray exposures of 10 millionths of a second and a shutterless camera shooting movies at 100 frames a second.

In a prepared address to the society Slack said:  
"With exposures of such rapidity—2,000 times faster than a person blinks—we are able for the first time to make X-ray movies of speeding objects without blur."  
Dr. Slack said these future developments are possible:  
1. Capture on movie film, of visible evidence of the fastest-moving organs within human bodies.

2. Making pictorial records of feet in a running or walking motion—to aid foot doctors and shoe manufacturers.  
3. Pictorial study—under simulated conditions—of the bodily distortions fliers endure when

**KARLYLE HOUSHOLDER FOR JUDGE**

No high - falutin claims  
Just deep - down common sense and judgment of a Florida Cracker.  
Trained in War -- Educated in Peace.  
10 years practical business and legal experience of the present age.  
The only thing he needs is your vote--  
Help him over the top on May 4th.

For a treat instead of a treatment:  
Treat yourself to a new Judge:  
**Karlyle Housholder—the man with a smile.**

Paid Adv. by friends.

## Young Men In Guard Not Liable To Draft

TAMPA, Apr. 30 (Special)—MaJ. General Sumner L. Lowry, commander of the 31st Inf. Div., Florida National Guard, who has just returned from Washington, stated today that it is almost certain a Selective Service law will be passed immediately.  
General Lowry also said that individuals between the ages of 18 and 20 who are members of the National Guard at the time that the law is passed will not be liable for service under the provisions of the contemplated law. He said he believes that prior to the passage of the law the age group will be amended to include ages 17 to 20.  
General Lowry added that this is a golden opportunity for the National Guard to increase its strength by the immediate enlistment of this age group, prior to the passage of this law.

## Western State

(Continued from page one)  
The nations signed a 50-year military, political and economic treaty in Brussels, Mar. 17. The meeting here is the first of military cooperation. The nations already have talked of financial and economic problems.  
Anthony Eden, conservative and former foreign minister, told a meeting of the United Europe Movement, the United States would welcome the Western European alliance.  
He said there will be "practical difficulties" in making it work, stemming chiefly from the preferential relations between England and the British Commonwealth of nations.  
"No single event could give a greater measure of confidence to the world than that the powers of Western Europe should be again, economically and politically, in a position to make their influence truly felt," Eden said. "That is the true answer to Communism—a Western Union economically prosperous and politically free."  
The ministers are expected to sit in closed session for a day or so to make a start and then turn the job over to a military committee. Their military chiefs are on hand to help them. One task before them is to set down what their countries have to give and what they need in war material for the common defense.

The list would be useful not only to those countries themselves but also to the United States, in the event the U. S. should decide to ship them arms.  
Secretary of State George C. Marshall told a Washington news conference Wednesday the question of giving military lend-lease to Western Europe is under active consideration.

## Jerusalem Battle

(Continued from page one)  
thrown out of the Katamon quarter. They promised action later tonight.  
"We have them surrounded in two points they have captured, and as soon as reinforcements and some artillery arrives, we are moving in," an Arab officer said.  
Arab reinforcements were seen arriving in Jerusalem from Jericho, Bethlehem and Hebron. The reinforcements from Jericho were hindered by mined roads.  
LAKE SUCCESS, Apr. 30—(AP)—The United States proposed today that the United Nations set up an emergency international regime for Jerusalem to protect the city's holy places.  
The U. S. move came after a Jewish-Arab disagreement over truce terms delayed U. N. action on a cease-fire order for the old walled portion of Jerusalem, where many Christian, Muslim and Jewish shrines are located.  
Both developments were in the

U. N. trusteeship council. The 58-member Political Committee of the special Palestine assembly meanwhile heard the Soviet Ukraine make a bitter attack on the American plan for a temporary trusteeship for all of Palestine.  
Vasily A. Tarasenko, the Ukrainian delegate, said the trusteeship plan was designed to place Palestine's resources at the disposal of American monopolies. He said the proposed governmental would be a virtual dictator subject only to the orders of U. S. bankers.

forenoon. If Lie's prediction is correct, the assembly will still be here when the British mandate rule of the Holy Land ends May 15.  
Secretary-General Tryggve Lie, obviously flked by the slow progress, told a news conference the special assembly will be in session from two to six weeks more. It started its third week this

**POTATO RATIONING**  
LONDON, Apr. 30 (AP)—Potato rationing ends tonight. The food ministry reported large imports and an extremely early new crop has offset shortages. Since November a Britain has been entitled to three pounds a week. There was a hardship to poor families depending on potatoes to take the place of other rationed staples.

The Age Of A Man

The only objection we have heard voiced against Dan McCarty for governor is that he is too young. But the age of a man is not always determined by his years...

History is full of examples of young men of great accomplishment. Napoleon Bonaparte was only 27 when he won the battle of Lodi...

The field of government, too, has had its full share of capable young men. Sir William Pitt, the famous British statesman, was only 21 when first elected to Parliament...

But why go on? The list is infinite. It's not how old you are, but what you know that counts. Dan McCarty has a good head on his young shoulders. He will make a great governor.

Steel Price Cut

The price of steel is in the news again. This time United States Steel has reduced prices.

The idea of Benjamin Fairless, president of the firm, is that the time is ripe for an assault against inflation, and that the steel price cut could be the opening move.

However, the idea will work only if other steel makers and other industries adopt it. One firm cannot force prices upward, without the collusion of others...

Sanford Forum

Editor, Herald, Sanford, Fla. Dear Sir: I have been a resident of Sanford but a short time. However, I have been a life-long resident of the state of Florida...

Jury Indicts Negro For Bolles Slaying

JACKSONVILLE Apr. 30 (AP)—A circuit court grand jury today indicted a 26-year-old negro on murder charges growing out of the slaying of Mrs. Fred W. Lawrence, nurse at Bolles Military School here.

The body of Mrs. Lawrence, formerly a resident of Maryland's Eastern Shore, was found Apr. 9 in her room on the school campus. The slayer sprinkled kerosene about the place and set fire to it in an effort to hide the crime, investigators said.

EFFECTIVE Wednesday May 5th

Summer Closing Starts SANFORD MERCHANTS ASS'N. RECOMMENDS AND APPROVES CLOSING OF ALL STORES WEDNESDAY AFTERNOONS MAY THRU NOVEMBER

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

Hostility to Communism's ruthless aggression continues to grow apace in the Democracies, and among the many striking evidences of this is the British Socialist Party's purge of extreme leftist members in the House of Commons.

Small wonder then that the leadership of the British Labor (Socialist) Party should have "seen Red" when left-wing members in Parliament sent a telegram to Pietro Nenni, leader of the Italian Socialist Party...

That is the small relationship between the ordinary or garden variety of Socialism and the Soviet brand of totalitarian dictatorship maintained by force.

British Socialism isn't by any means alone in striking at the Bolshevism which hangs on the left wings of Socialist Parties in general. In Italy the Loyal Socialistists are dissociating themselves from those who call themselves Socialistists but take their orders from Moscow.

Dual celebrations have been called by Communists and non-Communists in London, Oslo, Berlin, Amsterdam, Brussels and Copenhagen. Even Finland produced a split in Helsinki and some other places.

Meantime, of course, most of the Western Hemisphere has turned thumbs down on international Communism, as witness the strong resolution of condemnation adopted at the recent Inter-American conference in Bogota.

Investigations are being conducted in the school, was charged with first degree murder and arson.

Wallace Accuses Truman, Senator Of Advocating War

By DEWITT MACKENZIE AP Foreign Affairs Analyst

CEDAR RAPIDS, Iowa, Apr. 30 (AP)—Henry A. Wallace, accusing Senator Vandenberg (R-Mich) and President Truman of "willful distortion to whip it up for war," says Russia today cannot be compared with Nazi Germany of 10 years ago.

After speaking to nearly 8,000 persons who gave \$1,700 when the hat was passed at a Cedar Rapids Chamber of Commerce meeting...

KARLYLE HOUSHOLDER DEFENDS LOYALTY, FAMILY LIFE AND RELIGION AGAINST POLITICAL TERMITES

Housholder gave the following speech over station WTRR Thursday night: "I am a man who believes in the sanctity of the home, the sanctity of family life, the sanctity of religion, the sanctity of the individual citizen's life, the sanctity of the nation's life, the sanctity of the world's life, the sanctity of the universe's life, the sanctity of God's life, the sanctity of eternal life."

In the first it is being said that I was never in the Army. To answer this I will briefly review my efforts to get into the service in the next group called. My draft number was high, 2483, which would have allowed me to stay out until sometime in 1943 if I had wanted to.

Immediately after Pearl Harbor I again went to the draft board and was put in the next group. We were examined by army doctors in Orlando on January 19th, 1942. When I reached the board at the end of the line I looked my papers over and pointed to two rubber stamps on my desk and told me I could take my choice: One was a rejected, the other approved. I asked him what he thought I was down there for—he grinned and stamped my papers approved.

I was inducted at Camp Blanding and was sent to Camp Robinson, Arkansas for my basic training. I was assigned to the training personnel there in May and was promoted to corporal in June. In September of '42 I applied for officer candidate school and was accepted because of my eye again and on the basis of my examination I was reported for limited service duty but I talked the board into letting me remain on an active duty status. In October, 1942 I was made an acting sergeant which capacity I filled until March 28th, 1943. In November

I was transferred to Camp Blanding where I continued to train recruits until December of '43 when I turned in to the camp hospital and it was found I had stomach ulcers. I remained there until I was discharged from the Army March 7th 1944. I hold a disability discharge and do not draw any pension. Now, I don't think any of these political termites can say I was never in the service.

The next thing is that these termites have been boring into my family life and saying that my wife, Doris, has left me and is getting a divorce. That is a lie. Soon after my mother's death in March, Doris became ill with a bronchial and nasal infection and for a week or so I tried to look after her and campaign, too; then her doctor thought a few weeks at Daytona with her parents would help because she could get the proper care and sunshine and that is where she has been. I can happily say that she is feeling better and will be back here this week-end so she can vote for me on Tuesday and we are hoping the doctor will let her stay. That puts another termite back in his hole.

Now it is being said that I am not very religious and don't stand very high in my church. Well, folks, that really seems pretty childish to me but it does, make me boiling mad for anyone to try and drag religion into politics. I will answer that by saying that my grandfather was a Methodist minister in this state some sixty years and my father has been a Methodist all his life. I did not join a church until October 26th, 1941, when I became a member of the Holy Cross Episcopal Church with my mother. I am not the best church attendee in the world and I am not an officer of my church; we can't all be officers or there would be no regular membership congregations. However, I will say that there is no man who has a deeper reverence for God than I have. I respect every creed and every church and believe in the faith in God for all men.

Folks, I have been able to trace these rumors down to a point where I am fairly certain in my own mind where they came from but until I have definite proof I will not state any names because I could be wrong and do some innocent party an injustice but if I do get actual proof I will tell you who the termites are.

Now that I have that out of my system I want to tell you that I can truthfully say that I am leading in my race throughout the entire county and with your support next Tuesday it is possible that I could win in the first primary. Cast your vote for Karlyle Housholder for county judge. It is a vote for yourself. Thank you for listening and good night for now. I will be back again Monday night at 7:45. -Pd. Adv. by Listening Friends.

publican Senator and Mr. Truman are guilty of "propaganda leading us to war" in their recent statements.

The former Democratic Vice President said "It just isn't true" that Russian armies are "poised on our borders for attack or are at least occupying such countries as Czechoslovakia."

Daughters of Wesley Class of the First Methodist Church will meet at 8:00 P. M. in the class room. Hostesses will be Mrs. E. Lacey, Mrs. W. M. Black, Mrs. P. N. Whitehurst, Mrs. L. C. Leonardy, Mrs. W. C. Hill and Mrs. G. W. Bailey.

### Swartz Home Scene Of Episcopal Picnic

The Holy Cross Episcopal choir enjoyed a picnic last evening at 8:00 o'clock at the home of George Swartz on Silver Lake. The group enjoyed swimming during the early part of the evening after which a delicious picnic supper was served.

For the enjoyment of the guests Mr. Swartz displayed many colorful slide films with scenes taken during his trips through the United States.

Those enjoying the affair were Rev. and Mrs. Mark T. Carpenter, Mr. and Mrs. J. L. Ingley, Mr. and Mrs. Roy F. Symes, Mrs. A. M. Phillips, Mr. Swartz and the Misses Mildred Robson, Joyce Hetzel, Maryanna Springer, Mary Kenis, Dorothy Whitner and Carol Stone.

### Polly Pigtail Club Enjoys Boat Party

Members of the Polly Pigtail Club were entertained by Miss Rosemary Garner with a boat trip on Wednesday aboard the cruiser "Rosemary" belonging to her parents, Dr. and Mrs. Wade H. Garner. The group met at 5:00 o'clock and enjoyed cruising on Lake Manatee until late in the evening. Refreshments consisting of punch and cookies were served.

Those enjoying the trip were Patricia Tooke, Patsy Collins, Sandra Dunn, Peggy Wright, Ellen Lyon, Grace, Marie, Shimpier, Lynn Haulerson, Betty Stiles, Paulette Cason, Nancy Rountree, Barbara Casube, Joni Saunders and Miss Garner. Chaperones for the event were Mrs. H. E. Tooke and Mrs. Garner.

### Seminole Hi By BOBBY PARK

It has become a custom in Sanford to look forward each year to Spring. Not because we shall at last be freed from mountains of snow and slush, for our Chamber of Commerce will testify that because Spring is the time when we can enjoy another concert by the Seminole High School Glee Club. Thursday evening at 8:15 o'clock the Seminole High School Glee Club presented the Spring Concert. It is inadequate to say "the concert was enjoyed by all who attended." It was a great deal more than just "enjoyed" by the large audience who attended the performance. Surely everyone will be impatient until another spring "roll 'round" and we can enjoy another of these concerts. Solists were Stanley Brumley, Ingrid Esterson, Fred Siegrist, and Peggy Pippin. Pianists, accompanying the Glee Club were Marjorie Shepard, Betty Rene Hall, Lillian Moran, and John Fite. Toward the last of the concert a free-will offering was taken to help the Glee Club pay its way to the state musical convention in Tampa. The audience replied to the Glee Club's plea with \$77.64.

Thursday afternoon, at Mrs. Wright's on Park Avenue, the members of the senior class enjoyed a garden party sponsored by the local P.E.O. Chapter. This was the first of the numerous special events held each year for the graduating class. An unusually large percentage of the class attended and enjoyed this party. Certainly the entire group of seniors who attended wish to thank individually and collectively this thoughtful group for a considerate and friendly party

### Personals

Bobby Cullum has arrived to visit his parents, Mr. and Mrs. M. L. Cullum, after receiving his discharge from the United States Navy.

Mrs. W. C. Rumbley has returned from Greenville, Ala. where she attended a family reunion, at which all of her family were together for the first time in 23 years.

Glenn Lingie arrived yesterday from the University of Florida in Gainesville to spend the weekend with his parents, Mr. and Mrs. H. G. Lingie at their home in Loch Arbor.

Miss Nell Williams has returned from spending three weeks with relatives in Palmdale Park and Cliffside Park, N. J. and Croton-on-Hudson, N. Y. She also visited Mrs. Frances McClung in New York City.

Friends of Mrs. Lillian Vickery will regret to learn that her father, J. W. Baker, sustained a broken hip in a fall at his home in Hartwell, Ga. Mr. Baker spent several winters in Sanford with his daughter, and has many friends here.

### Mrs. Babcock Directs Fine Arts Program

Mrs. Mildred Babcock was in charge of the art program presented at the regular meeting of the Fine Arts Department of the Sanford Woman's Club on Wednesday afternoon at 8:00 P. M. The program was sponsored by Mrs. Fred T. Williams, chairman of the department.

Miss Jerry Tamblin served as mistress of ceremonies and introduced the speakers each of whom spoke to the group on a different color. As they spoke they demonstrated their talks on a large color chart placed in the center of the stage. First on the program was Miss Wanda Williams with red as her subject. She stated that it denotes excitement, danger and that used too much it will be nerve-wrecking. As an interpretation of her talk Miss Mary Lou LaSalle danced, displaying carefree abandon.

Blue was the subject of Miss Betty Owen's talk with Miss Emily Matthews, in a blue evening gown singing and dancing to the music of "Alice Blue Gown." Miss Patricia Casube told of the color yellow and Miss Ingrid Esterson portrayed the gaiety of the bright color by singing and dancing to "Take Me Out to the Ballgame."

Miss Kathleen Babcock described the secondary colors and read a poem on the color green. Miss Rosemary Bahrbury told of color in dress.

"Largo" was rendered by John Fite on the piano after which Miss Joanne Williams, described color and music and Miss Phyllis Gano told of harmony of colors. The closing number on the program was an amusing duet sung by Miss Babcock and Miss Williams, "Color Troubles" with words composed by Richard Snow. The song was sung to the music of "The Old Gray Mare" and while singing they drew a picture of a mare on a blackboard.

Decorations in the club house consisted of bamboo and spring flowers. The tea table was covered with a linen cloth and centered with an arrangement of hamon and hibiscus.

which they will undoubtedly remember as an outstanding event in a busy senior year. Unfortunately a few of the senior class, due to work and unbreakable appointments, were unable to attend.

Mack N. Cleveland, Jr., student at John B. Stetson University, has been elected treasurer of the student body in elections held at the university. A pre-law student at Stetson, Cleveland is active in campus organizations. He is vice-president of the junior class and president of the Stray Greeks. He is a freshman advisor, a member of the Stetson Young Democrats and is active in intramurals.

Cleveland is a transfer from the University of Florida, where he was a member of Alpha Tau Omega fraternity. He is the son of Mr. and Mrs. Mack N. Cleveland, 2483 Palmietto Avenue, Sanford.

### Mrs. Grace Gray Entertains Club

Mrs. Grace Gray entertained members of her Supper Club on Wednesday evening at 7:00 o'clock. Cocktails and appetizers were served at the home of Mrs. Hugh Wheelchel on Magnolia Avenue.

The dinner was served in the private dining room at the Anchor. The long table was centered with pastel flowers and greenery flanked with white tapers in crystal candlesticks.

Bridge was enjoyed by the members and guests at the Wheelchel home following the dinner. Those attending were Mrs. Roby Laing, Mrs. Wheelchel, Mrs. W. C. Hill, Mrs. Floyd F. Boye, Mrs. Hamilton Bisbee, Mrs. Roy Williams, Mrs. Tom Holt, Mrs. A. R. Pinkerton, III, and Mrs. W. V. Bittig.

LOCAL PASTOR ON WHIO  
Rev. Glenn E. Smith, pastor of the local Christian & Missionary Alliance Church, will be heard on the "Alliance Church of the Air" over Radio Station WDHQ May 3-21.

The program is heard daily, Monday through Friday, at 4:45 P. M. Mr. Smith is serving in the place of the director of the program, Rev. H. P. Rankin, who is in Seattle, Wash.

### THE GARDEN GATE MRS. E. G. KILPATRICK, JR., Editor Weekly Column of the Sanford Garden Club

We hope you found new ideas and gleaned a wealth of knowledge concerning flower arrangements and color schemes as evidenced at the Garden Club's Annual Flower Show, Wednesday. Such a display can cause one to be more flower garden-minded, surely, yes, may we venture, ambitious! Aren't you? More so their fruiting. Here is a continuation of Mrs. Morrison's Linnaeus. He, who dated to be different. He, who delved into such little things, at first, and found them to be so all important.

Linnaeus attracted world-wide attention to his writings on scientific subjects. Systematized the three kingdoms of nature—animal, vegetable and mineral. He blasted the myth of the spontaneous generation of plant life, and replaced it with the scientific facts of reproduction. It is said that he saw with the bee's eye. The gleaming petals of a flower merely lead the bee to the significant interior. Linnaeus used only a simple hand lens for a microscope, but to him the tiniest wayside blossom was of interest. He saw ornamental parts of a flower, but the organs of generation. He found the spot of the spontaneous generation of plant life, and replaced it with the scientific facts of reproduction. It is said that he saw with the bee's eye. The gleaming petals of a flower merely lead the bee to the significant interior. Linnaeus used only a simple hand lens for a microscope, but to him the tiniest wayside blossom was of interest. He saw ornamental parts of a flower, but the organs of generation. He found the spot of the spontaneous generation of plant life, and replaced it with the scientific facts of reproduction.

Wherever classical names already existed, as Quercus for oak,

he employed these. Outside the classic flora, he had to devise generic names. This gave him the opportunity to honor many friends.

Moraea, a genus of exquisite flowers from the cape, akin to Iris, was dedicated to his sweet-heart, Sara Lisa Moore, who later became his wife. The twin flowers, a delicately beautiful fragrant little wild flower found in cool, mossy northern woods, was quite fittingly named by some of his friends, Linnaeus borealis.

As a teacher, Linnaeus was a great success. He held the chair of Botany at Uppsala University for more than thirty years. The enrollment increased from 500 to 1500 students. He trained his pupils to close and accurate observation, and then dispatched them to various parts of the globe. From all over the world they supplied him with collections, which would have been only a clutter, had not his "concept of categories", and his passion for arrangement, made order out of it.

#### SIX ENROLLS

Sydney Johnston Nix, Jr., 1812 Palmietto Avenue, Sanford, is among the students enrolled this semester at Indiana University, Bloomington, Ind. The Hoosier state school is shown by the report to have a current enrollment of 12,947 full-time students. Its semester will end June 9 and be followed by a summer session June 16 to Aug. 13.

#### COUNTRY CLUB SUPPER

Charles Potter, manager of the Seminole Country Club, stated this morning that a buffet supper will be served at the club from 8:00 until 9:00 P. M. on Saturday evening. Appetizers will be served from 7:00 until 8:00. He stated that all members and their guests are welcome to attend.

# Giants To Meet DeLand Red Hats In Tiff Here Tonight

## Locals Drop Contest To Hats 6 To 5; Orlando To Be Here Sunday Afternoon

The Sanford Giants will entertain the DeLand Red Hats at the Municipal Park tonight in a contest which will begin at 8:00 o'clock.

Last night the locals invaded DeLand only to drop a close 6 to 5 decision to the University City aggregation in a ten inning affair at Conrad Park.

The Orlando Senators will appear here Sunday afternoon, and either Buddy Lake or Lonnie Worsham will draw the hill assignment.

Dave Hyde, 1948 and '47 Sanford Celery Fed outwelder, appeared in a Red Hat uniform last night, and went in to run for Bill Patterson, who was in the contest as a pinch hitter for the Hats.

Lonnie Worsham, a newly acquired pitcher on Manager Hal Gruber's mound staff, entered the contest in the eighth frame. Worsham came to Sanford from St. Cloud, Minn. He is a limited service man, and is a right hander.

Tonight's starting pitcher was not named this morning by Manager Gruber, but it is likely that Eddie Lisowski will get the call.

## Two Teams Are Tied For Top Place In G-F Pennant Chase

Thomasville and Tallahassee are deadlocked again today for the Georgia-Florida league's top spot.

The Tigers moved into a tie last night by trouncing Americus, 20-7, on the five-hit pitching of Funk, while Tallahassee was being defeated by Waycross, 10-2, on Haulerson's two-hit hurling.

Waycross thus shook off, temporarily at least, the bid of the Albany Cardinals who lost to Cordale, 6-4. The Cards and Waycross were tied for third place after Wednesday night's action.

In the other game, Darden of Valdosta shaded Pember of Moultrie in a hitting duel, 2-0. Each allowed only six hits.

The big surprise of the week, however, is the Cordale team, which has won four of its last five games to quit the league cellar. Cordale lost nine of the first eleven games to flounder in last place but now is tied for sixth with Moultrie.

Thomasville lost no time in getting started last night and scored 10 runs in the first four innings, seven of them in the fourth. The visiting Phils used four pitchers in an effort to check the Tigers, who hit a new high for themselves this season.

## Jackson Senators Move Into Fifth In Southeastern

By ASSOCIATED PRESS  
Jackson's opening was beginning to show some of the form which won for them the South eastern League championship last year.

Last night, the Senators beat the Vicksburg Billies in both ends of a twin bill to reverse the results of the season's opening series. The scores were 6-1 and 6-6, the second being accomplished with a three-run rally in the last inning.

The twin triumph moved the Senators into a fifth place tie with the Billies, marking the third straight night they have improved their position. They were in the cellar Monday night.

Gadsden beat Anniston 6-4, to break a tie for last place, by rallying in the closing innings after trailing 4-2 for six innings.

In two other twin bills, Pensacola and Meridian split, and Selma rallied to win the second game from Montgomery, 2-1, after dropping the opener, 5-2. Pensacola blanked the Peps in the first game, 6-0, but the Peps came back to blank the Filers until the ninth inning of the nightcap in registering a 10-3 triumph.

Outfielder Tom Davis and Catcher Pankovits played the hero roles in the Senators' six-run rally to win the second game from Montgomery, 2-1, after dropping the opener, 5-2. Pankovits singled to knock in two runs with Jackson one behind in the top of the seventh inning of the shortened night cap.

The Gadsden Pilots, playing at home, beat the Anniston Rams, 6-4, to break a tie for last place, by rallying over the two winning runs in the eighth inning.

Pete Rhodes, big right hander, won his first game for the Pilots as he limited the Rams to seven hits. Two double plays and some good pitching in the 9th pulled him out of bad holes.

The Rams went ahead in the 3rd with three runs but the Pilots tied it up in the 7th with two. Ed Felo homered for the Rams while Rhodes led the local hitters with 3 for 4.

At Selma, Joe Demoran bested Art Pasquarrelli to give Montgomery a victory in the first game. Warren's single cleared the bases in the 5th inning after the Leafs had walked Art Reel purposely.

In the second game the Rebels scored first in the fourth when McWhorter came in on Reel's long foul fly. McWhorter had singled and moved to third on Reel's error. Reel also singled McWhorter home in the sixth.

Witek's triple in Selma's sixth inning scored Kruckman who had singled. With two out in the 7th Witek doubled and Reel walked the other three men to force in Montgomery's third run.

Witek's second double again scored Kruckman, who had doubled, in the eighth.

Wilson's error on Arnovich's grounder permitted Talbot to score the winning run in the ninth after Talbot's double had scored Schaeffer with the tying run.

Larry Hartley, who went the route for Pensacola, held the Peps scoreless although scattering 9 hits in the first game. Fallica was the loser, giving up 11 hits, including home runs by Jim Thorpe and Bill Burgo.

## Boudreau Paces American League In Batting For Cleveland Club

By JACK HAND  
Associated Press Sports Writer  
Lou Boudreau, batting .518 for his unbeaten Cleveland Indians, is a solid argument for the survival of the player-manager in the major league leagues.

Last of the big leaguers who still combine the two difficult jobs, Boudreau almost lost his portfolio last fall. Only a flood of mail from aroused Tribe fans induced owner Bill Veeck to call off a tentative trade with St. Louis.

Instead of a trade, Boudreau was signed to "virtually a two-year contract," according to Veeck.

The "genes" of having the Indians to six straight wins have weighed so heavily on Lou that he has been able to hit safely only 14 times in 27 at bats. This is tops in the league. With nine runs batted in, he is tied for the lead. His shortstop work remains unchallenged.

Boudreau pounded out four straight hits, including a double and home run, in yesterday's 5-2 victory over the St. Louis Browns. The team now needs only three more triumphs to tie the modern day record for wins at the start of the season.

The New York Yankees got their Joe DiMaggio-Joe Page combination working for a 5-4 edge over Washington in 10 innings. The result moved the Yanks into second place, going into the important three-game series with the Red Sox at Boston today.

Homeys by George McQuinn, Charley Keller and Yogi Berra weren't enough for the champs. They had to go an extra frame.

Herlong Tags Fine On Paul Gibson Of I's  
SILVER SPRING, Apr. 30 (AP)—Paul Gibson, husky hurler for Sam Demma's Daytona Beach Islanders, today became the first Florida State League player to be fined this season.

President A. S. Herlong Jr. announced at league headquarters this afternoon that he had slapped a \$25 fine upon him for the part he played in a fracas at Palatka April 20. Herlong denied an announcement that he had denied a Gainesville protest that arose during a game in St. Augustine Monday night.

Herlong warned all managers he expects all pitchers to be ready for their turn at bat quicker than has been the practice since opening day. While league directors have noted that pitchers need not be in the latter circle, Herlong said "they have been abusing this privilege by remaining on the bench too long, thus slowing up the game."

Giants Farm Club Secretary Leaves For New York City  
Jack Schwarz, secretary of the New York Giants farm organization, left for New York City this morning after handling his duties at the Giants' Farm Club Training Base at the Municipal Airport for the Spring training session just completed.

"I wish to express my thanks to the many Sanford people, who have made our first year in Sanford so successful. We have enjoyed every minute of the training period, however, there has been a lot of work to the set up," he said.

Anton Klein, director of the Erie, Pa., aggregation left this morning with Jay Young, who is sports commentator for radio station WERC in Erie.

Americus at Thomasville, Moultrie at Valdosta, Waycross at Tallahassee.

## Chattanooga Trims Mobile In Wild Tiff By 13 To 11 Margin

By ASSOCIATED PRESS  
Rapid Mobile fans are no doubt spending today trying to forget what happened to the Bears last night in one of the wildest games the Southern Association has ever witnessed.

The Bears were leading the Chattanooga Lookouts—and the league—going into the top of the ninth. The Lookouts already had used eight pitchers in vain, and trailed, 9-5.

But when the Bears finally got the last Chattanooga player out, they had scored eight times and their ninth pitcher, Dick Weik, warmed up and ready to go. Weik, obtained from the parent Washington club Tuesday, allowed one hit and walked three, but he got the side out with two runs to spare as Chattanooga won, 13-11.

A total of 38 players took part in the game, which lasted three hours and 24 minutes, and the Lookouts fielded 22 of them. Mobile used five pitchers.

The loss dropped the defending champions from first place with Nashville going to the front on the strength of their third straight win over New Orleans, 11-4.

Birmingham beat Memphis, 4-3, in ten innings, to move into a third place tie with the Chicago and Atlanta made it three straight over Little Rock, 7-2.

Nashville scored its runs in clusters, starting with four in the first inning when Charlie Workman homered with the bases loaded. Art Cucurullo went all the way for the Vols, allowing nine hits. He held the Peis scoreless after the third inning.

At Atlanta, Lefty Bill Kennedy, who was knocked out of the box in his first two starts, went the route for the Crackers for the second time this week and gave up only eight hits. Two of the four errors the Travelers made came in the second inning and figured in the two runs then. They added four more in the sixth.

Alex Ronay went the route and gave Memphis only seven hits. All of the Peis teams are paired again tonight to wind up their respective series.

## Sports Roundup

NEW YORK, Apr. 30 (AP)—Spherical Steve Owen and streamlined Tim Mara were fumbling about the office television receiver, looking for a baseball game that wasn't there. "I'd like to see a few innings," Steve groused. "I have to go up to Columbia for my one-man Spring practice." One-man Spring practice, isn't that something new? "It sure is," Owen asserted. "It probably is the first time a pro football team ever had Spring drills. Actually I have two men, Paul Gurnea and Joe Sulatis, but Gurnea isn't doing most of the work. He's lighter now than when the season ended. We're going to use a lot of winged-T stuff this year now that we have the men for it." Steve added: "I think Gurnea is the one who can make it go. We're going to have a good passing team with Paul and Tony Minni and Charley Conerly—I'm pretty sure he'll sign with us when his college baseball season ends—and fellows like Joe Scott and Bill Swacki to receive. The line won't be big a lot of 210-215 pounders, but they can move."

"You might say that we have signed 15 of our first 20 draft choices," interjected Mara, "and I don't think we offered them so much more money than the All America Conference. Of course, Admiral Ingram says they don't need to sign players this year because they have all the good ones."

"I went down to 137 pounds and felt so weak that after walking a couple of blocks I'd have to stop and rest. The food I managed to force down seemed to turn sour, and caused so much gas I seemed to swell up at times so much that I just looked like my breath would cut off. My arms and shoulder muscles throbbled at night I couldn't get more than about naps. I had to take strong laxatives for constipation, and that got to where it failed to relieve me."

"I am thankful for the relief that Retonga gave me. I have regained 11 pounds and enjoy my food. The muscular aches and pains are entirely relieved and I sleep sound and restful. I never have to take harsh laxatives now. I would not exchange the good that Retonga has done me for any amount of money."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Touchton Drug Company. —adv.

Usefulness Of American Farm Houses Is Compared To City Ones

By DAVID G. BAREUTHER AP Real Estate Reporter NEW YORK (AP)—If any house could be called a "machine for living" it would be the modern American farm house.

While town or suburban dwellings can be efficiently planned for comfort, attractive appearance and outlook, durability and general livability, the farm house must have all this and utmost usefulness, too.

Everybody and everything on a successful farm must work. The house has as many jobs to perform as any hired man.

Unlike its city counterpart, the farm house calls for an office. Farming is a business and requires space for records and crop reports, reference books and agricultural literature.

The Agricultural Associates, Inc., 25 Elm Street, Ardenley, N. Y., specialists in farm building design, say the best location for the farm office is adjacent to the front door. Here it is accessible from the main highway as well as from the barnyard.

This location eliminates the use of the living room for business purposes. It also cuts down the amount of "trucking in" on muddy days and thus reduces housework.

The farm office can be planned as a multiple purpose room. It can double as a guest room, or child's room. A day-bed, serving as a sofa in the daytime, does this trick.

Another distinguishing feature of the modern farm house is a simple work room adjacent to rear door and kitchen. This can be a general utility room. A farm house may have a complete basement, but usually storage space is at a premium on the abundant farm.

Here the men can come in from the field, wash up, and perhaps take a shower — if adequate equipment is planned. At the same time this room offers space for laundry, canning, and other more or less messy jobs that the women like to keep out of the kitchen.

The Agricultural Associates recommend a wide stairway to the cellar with no twisting or turning, to make the carrying of large quantities of produce easy and safe. This stairway is wider than the average town house cellar stairs. It should be wide enough for anything to be stored in the basement.

A farm house can be built without a basement, but because of the need for storage space, and the necessity for foundation footings below the first line in all northern states, not much economy can be achieved through elimination of a cellar.

Construction of storage room above grade can cost as much or more in northern locations as excavation. Closets are important in farm house planning, as well as in the design of any dwelling.

The Agricultural Associates champion sliding doors for all closets because of the economy of space achieved by avoiding swinging doors.

And the designers point out that although the farm house must be primarily functional, its exterior design does not have to be extreme.

"Most people still have a warm spot in their hearts for a touch of tradition in the design of their homes," the architects say. "Window boxes, shutters, a roof dropping to a low eave line and a massive chimney can still fit into a useful farm house."

Dr. Quillman Gives Report Of Decline In Florida's Polio

Polio or infantile paralysis cases during the past three and a half months total but half the figure reported up to Apr. 15 of last year in Florida, Dr. Frank Quillman, director of the Seminole County Health Unit, revealed this morning.

On Apr. 15 of this year, 202 cases were reported in the state, as compared with 400 cases during a like period in 1947, he said. "These cases of polio have been reported in the county since Jan. 1," said Dr. Quillman. "In the entire state last week three cases were reported as compared with 15 cases reported during the corresponding period last year."

As to the degree of contagion of the disease, this is not known as in better understood diseases, he said and the surmising in such cases is different than would be the case with the better known diseases.

In larger cities, Dr. Quillman pointed out, authorities do not suggest quarantine of the entire family. "After the patient is placed in the isolation ward in the hospital as is the case in most Seminole County cases, we can let the rest of the family go about the usual daily routine of business," he stated.

"The worst thing about polio is hysteria that arises in the community," he declared, and advised that residents should remain calm and matter of fact, and treat each individual case of polio as it arises. "Each case is an individual problem," he said.

Solon Seeks Halt To Expenditures For Foreign Relief

WASHINGTON, Apr. 30 (AP)—Rep. Hoffman (R-Mich.) called today for brakes on foreign spending, citing figures to show the United States has provided \$72,233,890,070 in aid abroad since 1940.

Hoffman put the tabulation in the congressional record. He said the figures were made up for him by the legislation reference service, covering the period July 1, 1940, to Oct. 1, 1947.

Of the total authorized for foreign aid in all forms, Hoffman said, \$68,774,364,498 actually was spent before Sept. 30, 1947. The expenditures total included \$5,877,163,298 in loans, \$2,492,098,997 in property credits other than cash, \$1,003,331,297 in advances of goods or cash for which repayment is expected in materials or services, \$6,624,073,900 in relief and rehabilitation, and \$52,777,697,106 in other authorizations.

The other authorizations included \$49,392,697,106 in lend-lease advances. The British Empire with \$31,299,165,451 and Soviet Russia with \$11,075,633,115 topped those receiving lend-lease aid as listed in Hoffman's figures.

Hoffman said the Library of Congress lists at \$383,000,000,000 the total cost of World War II to the U. S. up to June 30 of this year. This compares with \$74,000,000,000 the Library says World War I cost.

"The point is this," Hoffman said, "how long can our people carry that kind of an ever-increasing burden before the load sinks us?"

Every branch of the armed services in World War II is represented in the new post war National Guard and this group in the Florida National Guard headquarters in St. Augustine is at example. Shown here studying a poster on the President of the Peace, left to right, are: S. Sgt. Marion E. Smith, formerly of the Coast Guard; Sgt. Carl V. Coffey, Navy submarine; Sgt. Gene Clark, Marine; 1. Sgt. C. M. McCormick, Jr., Air Force; W. B. Smith, Jr., Naval Aviator, and S. Sgt. David Sloan Infantry.

Operation Of State Office Is Hit As Being Inefficient

TALLAHASSEE, Apr. 30 (Special)—Operation of the State Comptroller's office during the last fiscal year cost \$69,557,888 more than in the previous 12-month period, during which time the late J. M. Lee was in charge of that office.

This previously unpublished information is contained in a report by the State Auditor's office filed November 7, 1947. It is for the fiscal year ending June 30, 1947. Florence M. Gay was appointed State Comptroller October 9, 1946, by the Governor after Colonel Lee's death.

During the last fiscal year, the State Auditor's report shows, cost of operating the Comptroller's office was \$94,235,23, as compared to \$94,897,35 for the previous fiscal year.

The auditor's report also states that Gay "did not follow the provisions of the five fund law, nor did he follow accepted principles of governmental accounting."

Trade Group Leader Recommends Price Controls Be "Locked Up"

WASHINGTON, Apr. 30 (AP)—Price and ration controls should be hurried and then locked up as "top secret" with other war plans, a United States Chamber of Commerce leader advised today.

Not until peace efforts had said William S. Street of Seattle, should Americans decide that "at any cost" with their problems at home and their burdens overseas.

"Maybe one of the crucial price index will stop talking in this country and to start talking confidence," Street told the Chamber as it held its annual meeting in New York City today. He is chairman of the organization's economic policy committee.

The chamber will elect officers before the final gavel falls tonight. Some officials said Earl C. Shreve, vice president of General Electric Co., New York, may be re-elected as president.

Meaning, the country's largest business group endorsed by an unanimous vote President Truman's national defense program including the temporary draft, universal military training and a larger Army, Navy and Air Force.

This was approved, like most of the other policy statements, with little debate at a session last night. But battle flared over one resolution finally approved urging pared-down government powers in developing water power, atomic energy and similar projects.

That resolution struck directly at the Tennessee Valley Authority and also condemned all projects for new "authorities" such as those contemplated for the deports-Columbia and Missouri valleys.

Delegates from the Tennessee Valley area tried to get the job done without change their existing policy favoring extension of the Regional Trade Agreement, A.T.A., which expires June 12, but they voted against U. S. ratification of the proposed charter of the International Trade Organization on grounds it lacks guarantees for private enterprise in world trade.

Stripper laws for the deports-Columbia and Missouri valleys, delegates from the Tennessee Valley area tried to get the job done without change their existing policy favoring extension of the Regional Trade Agreement, A.T.A., which expires June 12, but they voted against U. **Shepperd Brands  
Eisenhower Boom  
As Coat-Tail Grab**

ST. AUGUSTINE, Apr. 30 (Special)—State Representative Charles E. Shepperd today branded the belated attempt of the "uninstructed" candidates for delegate to boom General Eisenhower as a rather "ridiculous grab for Eisenhower's coat-tails in an attempt to capitalize on his personal popularity."  
Shepperd is chairman of the Florida Democratic Club, sponsor of a slate of delegates instructed for Governor Fielding L. Wright, "or any true democrat agreed up on by the Southern States" and pledged to cooperate with the Southern Conference of Governors, originators of the revolt against Truman and his so-called "Civil Rights Program."  
Shepperd said "the belated effort of the 'uninstructed' delegates to boom General Eisenhower is a ridiculous effort to capitalize on General Eisenhower's personal popularity and confuse the issue in the campaign for delegate to the Democratic National Convention."  
"His position is ridiculous for the reason that General Eisenhower has never said whether he is a Republican or a Democrat, but has said that he would not be a candidate for President."  
"As a matter of plain fact," said Shepperd "not one of the 'uninstructed' candidates made a single move to cooperate with the Southern Conference of Governors, the originators of the revolt against Truman or said a single word against Truman and the 'Civil Rights Program' until it became known that there would be a slate of 'instructed' delegates pledged against Truman, against Pepper and against the misnamed 'Civil Rights Program.'"  
"Now," said Shepperd "The uninstructed delegates all seem to be making a leap for General Eisenhower's coat-tails with the apparent hope of riding on the General's personal popularity and confuse the voter."  
"The instructed slate of delegates, sponsored by the Florida

**Reds Reconstruct  
Old German Naval  
Base On White Sea**

AP Newsfeatures — BELLIN — The Russians are re-constructing the former German naval yards of Wilhelmshaven as a key base on the White sea in their development of arctic ocean routes, according to the best information available here. Reliable informants say the site selected is Molotovsk near Archangel.  
Practically the entire Wilhelmshaven yard, which was the main German base on the North sea, is going to the Soviet Union as reparations. Dismantlement of its machinery, electrical, torpedo, sheet metal, furnace and other shops is proceeding.  
Observers here said they were watching "with great interest" Russian development of its far northern sea routes as well as the energy being put into building up waterway routes, particularly from the Baltic to the Black sea.  
Pillau, on the bay of Danzig, has become the Russians' main base for its South Baltic fleet. Here Soviet ships can fuel and take on food. Backing it up is the major repair and building harbor of Koenigsberg.  
The Schichau shipbuilding yards at Koenigsberg were expanded rapidly by the Germans during the war as Allied bombers flying from England made it more and more difficult to keep up production, particularly of submarines, in yards on the North sea and the western Baltic. That expansion now is being stepped up by the Russians.  
Rostock, the major German port in the Russian occupied zone, is being used by the Russians for minor repairs and as an outlet for the shipment of reparations from the Soviet zone. General Lucius D. Clay, the American commander-in-chief, recently

**Nathan Mayo Seeks  
To Add 6th Term To  
25 Years Of Career**

TALLAHASSEE, Apr. 30 (AP)—Nathan Mayo, dean of Florida's cabinet, says he is seeking a sixth full term as Commissioner of Agriculture to put the finishing touches to a long-range program he started 25 years ago.  
Mayo, who will be 72 in December, was appointed Commissioner of Agriculture by Governor Cary D. Hardee in 1923. He has served in that capacity continuously since then.  
An active farmer and citrus grower himself, Mayo has been interested in the development of farmers' markets and pavilions. Five are now either under construction or in the planning stages. The veteran Commissioner says he wants to see them in operation.  
As a talking point for re-election Mayo says all funds necessary for the operation of the Commissioner's office—which includes 14 separate departments—are obtained from inspection fees. In addition, he said, a considerable amount is transferred annually to the state general revenue fund for use by other state agencies.  
Before being appointed Commissioner of Agriculture, Mayo served as county commissioner of Marion county and as a member of the House of Representatives from Marion county.  
During his candidacy for re-election on his 24 years of service, Mayo pledges construction and operation of more state farm-

**ELECT  
Mrs. Willa Jae Steerman

NEW YORK, Apr. 30 (AP)—Four soda-sipping teen-agers were accused today of blasting a pretty young high school teacher's home with gunfire after a telephoned death threat warning her not to flunk anybody in mathematics.

### English Is Advocate Of Flood Control

FORT LAUDERDALE, Apr. 30 (Special)—Water control and conservation is a federal and state problem and not a local one and so broad in its scope it affects every county in Florida, Colin English, candidate for governor Wednesday night told a large audience in Hollywood.

As governor, it will be one of my prime objectives to see that everything possible is done to bring about the early undertaking of the \$2,150,000 project recommended by US engineers for water control and conservation in southern Florida, he said.

### Job Holders Rise As Election Nears

WASHINGTON, Apr. 30 (AP)—Senator Byrd (D-Va.) reported today government payrolls increased nearly 500 persons a day during March. This 17,083 gain brought the total to 2,630,861, he said in a report.

The congressional committee on reduction of expenditures which Byrd heads said civilian employment in government agencies rose for the third successive month, for a net 1948 increase of 35,305 persons.

During March, the report said federal agencies other than the military establishment added 7,838 to their employment rolls. Civilian employment of the military establishment rose 9,255.

### NOT THE MAN

ATLANTIC CITY, N. J., Apr. 30 (AP)—A message from President Truman, who has been asked to eliminate himself as a candidate for re-election by the CIO Textile Workers top officer, was read today to the union's convention.

The message of cordial greeting to the union arrived here Tuesday, the day Emil Rieve, Textile Workers president, told the convention President Truman is not the man to lead liberals to victory in November's election.

### School Teacher's House Is Shot Up As Tests Are Given

NEW YORK, Apr. 30 (AP)—Four soda-sipping teen-agers were accused today of blasting a pretty young high school teacher's home with gunfire after a telephoned death threat warning her not to flunk anybody in mathematics.

NEW YORK, Apr. 30 (AP)—A pretty blonde Brooklyn high school teacher conducted mathematics examinations under police guard today after her home was the target of a fusillade of rifle shots last night.

Blue-eyed, 24-year-old Miss Jokiel said today "I'm not afraid," as she supervised examinations in the Fort Hamilton high school. Beside her at all times in classrooms and halls was Police Sgt. George J. Noell, an uncle assigned to guard her.

Police hurried a thorough investigation of Miss Jokiel's 165 pupils and the source of the phone calls to the teacher's mother, Mrs. Esther Jokiel, also a teacher.

As Mrs. Jokiel hung up last night a volley of gunfire broke the silence of the Brooklyn sidewalk where they live. Police said about 30 shots, some of which struck the house, were fired, probably by a .25 caliber and .32 caliber automatic rifles.

The shots broke windows on the Jokiel front porch and hit homes on either side. Mrs. Jokiel was in the dining room at the time.

### Texas Citrus Faces Weather Troubles

GAINESVILLE, Apr. 30, (AP)—The Texas citrus industry is faced with problems of the same nature and seriousness as the Florida industry, in the opinion of D. E. Timmons, marketing economist with the Florida Agricultural Extension Service, who has just returned from a trip to the Lone Star state.

Texas groves are suffering from dry weather, and prices are such that growers don't feel that they can pay high prices for irrigation water to keep them up, he reports. Industry leaders there estimate that from one to five million boxes will not be harvested this year for lack of a suitable market.

As Mrs. Jokiel hung up last night a volley of gunfire broke the silence of the Brooklyn sidewalk where they live. Police said about 30 shots, some of which struck the house, were fired, probably by a .25 caliber and .32 caliber automatic rifles.

The shots broke windows on the Jokiel front porch and hit homes on either side. Mrs. Jokiel was in the dining room at the time.

### Government Heads Study Unions In Atomic Industry

By MAX HALL, Associated Press Labor Reporter  
WASHINGTON Apr. 30 (AP)—Is it safe to have labor unions in atomic plants?  
Can secrecy and security be maintained if unions are allowed to represent the workers?  
Government officials here say they say the CIO and AFL unions at Oak Ridge, Tenn., have caused no breach of security.

But the government is worried about some other atomic centers. It hasn't yet permitted the official recognition of unions in atomic plants other than at Oak Ridge. It is moving with extreme caution. For there are ticklish problems ahead.

For example, two unions whose officers have not filed non-Communist oaths under the Taft-Hartley Law are active in the atomic industry. These unions are:

1. The United Public Workers (CIO), which is campaigning for members at the Argonne National Laboratory, Chicago, operated by the University of Chicago.

2. The United Electrical Workers (CIO), which represents the production and maintenance employees at the Fisk Street atomic power laboratory, Schenectady, N. Y., operated by General Electric.

Here is how this union happens to represent those employees: The atomic laboratory just "grew up" inside General Electric's regular plant at Schenectady. The employees were already members of the electrical workers, which have long held a contract with General Electric. The same contract covered the laboratory workers. In addition, organizers for the CIO electrical workers have been seen in recent months at Hanford, Wash., where General Electric has taken over atomic opera-

tions. But the most active group at Hanford so far is the Pasco-Kennewick Metal Trades Council (AFL).  
The 50,000 workers in the atomic industry are in a peculiar position. They work in plants owned by the government, where the need for security is vital. But they are employees of private companies.  
Private employees are guaranteed by law the right to organize and bargain collectively through representatives of their own choosing. But so far—except for the 2,400 workers at Oak Ridge—atomic employees are largely denied this legal right.

A big reason is that the U. S. Atomic Energy Commission says it isn't yet sure of the loyalty of all the union officers in the atomic picture.  
The commission, in a recent, little-noticed report to a congressional committee, made these two points:

1. Non-Communist affidavits. Some unions that are organizing in atomic plants haven't filed them, and neither have their national officers.

2. Loyalty investigations. The Atomic Energy Act provided that all persons with access to restricted information must be investigated as to "character, associations, and loyalty." Atomic employees have been cleared under this provision, but what about their union officers outside the plants?  
The commission said the loyalty of a union's international president—or of any other officers with authority over the local union—"may well be of equal importance to the loyalty of the individual employees."

The same applies to union negotiators and grievance handlers. The commission warned of an unpleasant result if the disciplinary power of an international president should be "diverted to subversive ends."

The commission said no problem of this nature has arisen at Oak Ridge. All the officers of

the CIO chemical workers and the various AFL unions in the Oak Ridge plants whose loyalty was considered essential submitted voluntarily to FBI investigations.  
The wartime ban on unions at Oak Ridge was lifted two years ago by the Army, before the Atomic Energy Commission was created. So far as security is concerned, it has worked out all right.  
But the commission said "it does not follow that experiences elsewhere will be identical."

### Dodd of Louisiana Predicts Road Boom

SHREVEPORT, La., Apr. 30 (AP)—Lieut. Governor William J. Dodd says Louisiana will soon have the greatest road building program "since the days of Huey Long."

He spoke Tuesday as a representative of Governor-elect Earl K. Long before the annual convention of the Louisiana Police Jury Association.  
He told the police jurors that "as soon as we can take off certain laws which are now on the statute books, we will put on a road building program the like of which has not been seen in Louisiana since the days of Huey Long."

Dodd said the new governor has given high priority to legislation for rebuilding and resurfacing existing roadways.  
"Also," he said, "we expect to build additional thousands of new farm to market roads and other routes for our rural people."

LAND MARK GOES  
NEW MARKET, Tenn., Apr. 30 (AP)—An old East Tennessee landmark near here has been deemed to make way for a new highway.  
The landmark is the three-story brick house built in 1830 by Revolutionary War General William Brazleton.  
It will be razed soon to clear the way for a new extension of U. S. highway 11-E.

### CIO Union Drive Is Said Flop In South

ATLANTIC CITY, N. J., Apr. 30 (AP)—A two-year-old CIO drive to unionize the South has been something of a flop, a textile workers union spokesman said yesterday.  
"We're honest enough to admit it," he said. "Our executive council frankly says 'measured' in terms of elections won and contracts signed, results of the CIO Southern drive have not been great."

Some 2,000 delegates to the union's fifth biennial convention were to hear this afternoon from Van A. Bittner, CIO vice-president and director of the Southern drive.  
Bittner shares the day's agenda with CIO President Philip Murray, who will speak at the morning session.  
Emil Rieve, president of the textile workers, told the convention "The results of the drive in terms of members and new contracts have been poor."

### ICC Ruling Causes Virginians Concern

WASHINGTON Apr. 30 (AP)—An ICC ruling affecting agricultural products processed before shipment is causing concern to Virginia farmers, Rep. Hardy (D-Va.) said yesterday.  
He said the Interstate Commerce Commission has granted a hearing to re-open the matter. No date has been set.

The ruling would remove from the class of unmanufactured agricultural commodities such products as apples, potatoes and fresh vegetables when they are washed and packaged for sale to the consumer before being shipped.  
The Department of Agriculture, which has asked a hearing, is expected soon to have its case against the ruling ready, Hardy said.

M. A. Hubbard, executive secretary of the Virginia Farm Bureau Federation, Harrisonburg, Va., wrote Hardy that if the ruling is allowed to stand it probably would affect innumerable commodities of a semi-processed nature.  
"This, as we see it," he added, "will work an undue and altogether unwarranted hardship on our Virginia producers and shippers as well as those in other states."

### Miner Convicted Of Involuntary Killing

WYTHEVILLE, Va., Apr. 30 (AP)—Lee Martin, 40, a coal miner, today was convicted of involuntary manslaughter in causing the death of his four-year-old by an overdose of whisky.

A jury in Wythe county circuit court recommended punishment at one year's imprisonment.  
Defense counsel moved to set aside the verdict and Judge John S. Draper scheduled the motion for hearing tomorrow.

The trial opened yesterday. Martin testified that he gave whisky to the child, Luther C. Martin, for medicinal purposes on Monday, Mar. 15, and never realized the child was seriously ill.

**Elect MRS. LOUISE W. MCGREGOR**

Uninstructed Delegate  
National Democratic Convention

(Endorsed by Volusia County Democratic Executive Committee)

Your Delegate 5th Congressional District 1948-1949  
Her loyalty to the Democratic Party is unquestioned.  
Her work within the Party is untiring.

Lewis A. Tate

## Member American Legion My Service Records In U. S. Army

Fourth Service Command Dispensary,  
D-1 Area, Camp Blanding, Florida  
March 16, 1943

TO WHOM IT MAY CONCERN:  
I have known S/Sgt. Lewis A. Tate for the past six months. During this time I have had frequent occasions to note his work and ability. He has been a "good soldier". His conduct has been irreproachable. He has carried on his duties with respect for his superiors and consideration for those under his supervision. I wish to commend him for his efforts while on duty at this camp. These efforts often exceeding The Call of Duty.

In my opinion he is Officer Material, and if Commissioned would prove a diligent, intelligent, efficient and courageous Officer.

D. W. Crankshaw, Major, M. C.

HEADQUARTERS  
CAMP BLANDING  
Office of the Director of Supply  
Transportation Branch  
Camp Blanding, Florida  
March 9, 1943

Staff Sergeant Lewis A. Tate is being honorably discharged from the Army of the United States under the provisions of War Department Circular No. 397.

Sgt. Tate entered the service September 1st, 1942 and immediately thereafter was assigned to duty with Transportation Corps. He has been employed here as locomotive engineer and at times as conductor. He has proven himself very efficient in either capacity, and is a man of excellent character. He has been recommended for commission as First Lieutenant, Transportation Corps.

R. L. McEster  
Lt. Col., Transportation Corps

HEADQUARTERS,  
CAMP BLANDING  
Supply and Service Division  
Camp Blanding, Florida  
March 9, 1943

TO WHOM IT MAY CONCERN:  
I have known Staff Sgt. Lewis A. Tate for approximately six months and have frequently had the opportunity to personally observe his work.

Sgt. Tate has, during his short time in the service, proven himself to be an excellent soldier, capable, hard-working and conscientious in the performance of his duties, and particularly well-qualified and experienced as a Transportation man. The undersigned unhesitatingly recommends Sgt. Tate upon his merits as a soldier and his experience in transportation activities. Director of Supply, Hufus Hoylan, Colonel, QMC, Chief, Transportation Branch

**Born in Osteen Fla, 1899 - Resident of Sanford Since 1914**  
ENTERED SERVICE OF ATLANTIC COAST LINE 1915. SERVED AN APPRENTICESHIP IN THE SHOP. TRANSFERRED TO TRANSPORTATION DEPARTMENT IN 1918. PROMOTED TO CONDUCTOR IN 1924, SERVING IN THAT CAPACITY SINCE.

## I AM THE WORKING MAN'S FRIEND

## SOUND GOVERNMENT

## IN SAFE HANDS

"The crowd was by all odds the best that has turned out so far in the campaign. All in attendance were conscious that they were listening to the young man who is undoubtedly destined to be the next governor of Florida . . . Mr. Warren displayed a considerable knowledge of the science of government and expounded views which found ready acceptance by his hearers.

"That is to say, they were satisfied. The speech was effective here, as it has been elsewhere. It left the people saying that if his chances are as certain as commonly conceded, the state government will be in capable hands for the next four years.

"With that conclusion this newspaper is in accord." (Fort Myers News-Press — April 8, 1948)

### WARREN WAS THE FIRST CANDIDATE TO DECLARE HIMSELF:

1. Against a general sales tax. To veto any general sales tax bill.
2. For central purchasing commission and other specific ways to reduce cost of government.
3. For recognition of women in government.
4. For elimination of livestock from the highways.
5. For promotion of agriculture, business, industry and tourist trade through expanded state advertising program.
6. For improved farm to market roads.

Fuller Warren offers to the people of Florida a practical plan that will give good, sound, common-sense government. A plan that will make your government "more of a blessing and less of a burden."

Florida Will Have Sound Government In Safe Hands When You Elect  
**FULLER WARREN** YOUR NEXT GOVERNOR

In Unity There Is Strength—  
To Protect the Peace of the World;  
To Promote the Progress of America;  
To Produce Prosperity for Sanford.

## Britain Says Red Cross Seeks Peace Plan In Jerusalem

Reports Say Jews Are In Favor Of Plan, Arabs Have Given No Definite Reply

LAKE SUCCESS, May 3, (AP)—Britain reported to the United Nations today that efforts are being made to declare Jerusalem a Red Cross city.

The International Red Cross is carrying on peace negotiations with Jewish and Arab representatives in the Holy City. A final answer is expected within 24 hours.

J. Fletcher-Cooke, British representative, reported the development at a secret meeting of the U. N. Trusteeship Council.

Delegates here who have been trying unsuccessfully for days to put through a peace plan have agreed to hold up its plan for a temporary trusteeship for Jerusalem.

It was understood here that the Jews were inclined to approve the Red Cross plan but that the Arabs had given no definite answer thus far.

Fletcher-Cooke told the council he had no exact details of the proposal. He emphasized, however, that the plan was a last resort.

## High Court Rules Against Colored Real Estate Bans

Justices At Same Time Refused To Declare Restrictions Void

WASHINGTON, May 3, (AP)—The Supreme Court ruled 6-0 today that restrictive real estate agreements which bar colored persons from all-white neighborhoods cannot be enforced by state or federal courts.

Chief Justice Vinson wrote two opinions upholding in full the rights of colored property owners. One opinion dealt with state court actions, the other with federal court cases.

Justices Jackson, Reed and Rutledge took no part in the case. Joining with Vinson were Justices Black, Frankfurter, Douglas, Murphy and Butler.

The six justices at the same time refused to declare that such restrictive agreements are themselves invalid. Vinson wrote that so long as the agreements are voluntarily adhered to, without enforcement assistance by federal courts.

## Negro Cutting Scrape Brings Death To Two Colored Undertaker Mosely Is Killed When Ambulance Is Hit By Automobile

M. C. Mosely, 65 year old Sanford undertaker, and an assistant, Bert Hart, were killed at 2:00 o'clock Sunday morning and a number of negroes were injured in an automobile collision at Melonville and Geneva avenues.

The tragedy was the indirect result of another death, that of Willie Lee Tubler, 36 year old negro, who died at the hospital from what police described as six knife wounds received during a brawl in a Sipes Avenue juke joint.

Mosely and two assistants were proceeding south on Melonville Avenue, enroute to Fernald-Loughton Memorial Hospital, to pick up the body of Tubler, who died an hour earlier. At Geneva Avenue they collided with a 1935 Chevrolet going east on Geneva Avenue. Mosely was thrown to the pavement by the impact, the ambulance was overturned.

## Seminole County's Biggest Vote In History Predicted At Polls

Polls will open promptly at 7:00 o'clock tomorrow morning in precincts throughout Seminole County for the Democratic and Republican Primary elections and will close at 7:00 P. M. The biggest vote in the county's history is predicted.

This prediction is based on the fact that 9,213 citizens have qualified to vote in the county. This total, according to Mrs. Lourene Beal, county registrar, includes 7,404 white and 1,811 colored Democrats and 224 white and 154 colored Republicans.

Absentee voting has been heavy at the office of County Judge R. W. Ware, with 196 votes cast, also five soldier votes, it was revealed by Judge Ware this morning.

Those voting the Democratic ticket will receive the large Democratic ballot which includes candidates for the State Legislature and County offices. The Republican ballot is limited to voting for 5th District Congressional representatives; for governor, for na-

tional Republican convention from the state at large and from the fifth district.

Seminole County votes will be cast on a county-wide basis for the following county elected officers, according to Andrew Carraway, Democratic Committee chairman: For member of the State House of Representatives in group No. 2 with J. R. Lyles and J. Bradley Gilham listed; for superintendent of public instruction, with Alex R. Johnson and T. W. Lawson listed; for tax collector with John L. Galloway and E. C. Smith competing.

Voting throughout the county will also take place for County Judge with Carlyle Hausholder, John G. Leonard, James G. Stinson, O. Douglas Stenstrom and R. W. Ware to choose from, and also select a sheriff from a list including P. A. Merz, incumbent; J. Ross Adams, E. E. Brady, H. J. (Jack) Hickson, Lewis A. Tate, E. E. (Ed) Walker and C. E. (Carl) Williams. County-wide voting will also be given for Lourene A. Beal or W. Hugh Duncan for supervisor of registration.

District voting will take place as follows: District No. 1, Sanford area east of Park Avenue for County Commissioner: H. B. Pope.

(Continued on Page Three)

## Last Political Rally Held At Court House

Crowd Of Nearly Two Thousand Gathers To Hear Candidates Express Opinions

Final speeches by candidates for county offices and the state legislature were heard Saturday evening at the Court House by a gathering of nearly two thousand citizens, many of whom did not enter the court room to hear the speakers, but stayed outside in automobiles to listen to the voices booming out of the loud speakers. Chairman J. H. Lee and Andrew Carraway, secretary of the County Democratic Executive Committee, introduced the speakers.

The parade, which preceded the speaking, was led by the high stepping majorettes of the Seminole High School Band, followed by the whip-cracking riders of the Duty Boots Riding Association, then by the candidates in their automobiles.

Sheriff P. A. Merz, a color bearer with the riding group, did not have time to change from his cowboy rig and blurring red shirt and delivered his speech in costume. Miss Jean Reiter was the other color bearer.

H. B. Pope, incumbent county commission chairman, led the speaking list and outlined the following policies to "keep Seminole County growing: Proper drainage and water conservation, with the co-operation of farmers; more land reforestation, co-operation with the School Board in assisting schools to improve; improve county parks; prevent loss of food by means of facilities of the Sanitary Canning Kitchen; no increase in taxes, and stressed efficiency and economy in County Administration.

Boston Steels, also running in the east Sanford district, told his 19 years of experience as a previous commissioner of Seminole County, and declared that he had always fought for good roads, but believed that the county should have the money in hand before building them. He stated that some county roads were neglected and should be kept in better repair. He declared that improper drainage had cost farmers of this section thousands of dollars, and asserted that if the farmers do not cooperate...

## House Group Votes Draft Act To Take Men 18 Through 25

Secretary Forrestal Praises Measure As An Excellent One; Prefers Senate Bill

Archduke Otto, member of the 1,000 year old former Hapsburg dynasty of Austria, will address members of the newly formed Sanford Executives Club at the Mayfair Inn this evening on the subject, "Christian Democracy or Communism." The program will start with a dinner at 7:00 P. M. W. P. Vesley, pastor of the First Christian Church, is chairman of the committee of sponsors of the club. Wives and escorts of the club members will attend.

WASHINGTON, May 3, (AP)—The House Armed Services Committee voted 28 to 5 today for a peacetime draft designed to help build up a military force of more than 2,000,000 men.

Men from 18 through 30 would have to register with those from 19 through 25 liable for two years service. Most veterans would be exempt.

Secretary of Defense Forrestal praised the measure as an excellent one to cope with what he has called world tension and others have called the threat of war with Russia.

At the same time, Forrestal said he prefers a Senate draft bill which also provides for training of 18-year-olds as reserves. The Senate Armed Services Committee worked on this measure in secrecy today.

(The Administration has been seeking: (1.) A temporary draft and (2.) A longer-range system of Universal Military Training under which younger men would be trained in a new system of camps and other institutions. These UMT students would not be in the Army.

(The Senate Committee has favored merging the two plans, training the 18-year-olds in the Armed Services along with draft.)

## Education Board Offers Guide For Judging Schools

TALLAHASSEE, May 3, (AP)—How can you tell if your child is attending an "excellent school?" The Florida State Department of Education recommends a new yardstick by which schools can be judged. It's issued by the George Peabody College for Teachers at Nashville, Tenn.

These are some of the pointers the college gives for identifying an "excellent school."

It will encourage wholesome home life for children. Its teachers will be accepted as "full members of the community."

It will respect all pupils as individuals and will adjust its program to suit their differences. It will make religion "a vital force in the solution of moral problems."

It will "satisfy the desire for beauty." It will require high school students "to demonstrate a degree of efficiency in some kind of work before graduation."

It will have enough teachers. Its school bus drivers will "command the respect of those riding in the bus." Its cafeteria manager will "work with pupils and teachers to create a delightful atmosphere in the cafeteria." Its custodian will take great pride in the appearance of its buildings and grounds.

The school itself will be on a spacious, conveniently located site. It will have plenty of playground and parking space. Classrooms will be "characterized by a homelike atmosphere." It will have plenty of well equipped "social rooms" including a clinic, a library, an art studio and conference rooms. It will be open on weekends. In the evening and during vacations for the use of both child and adult groups.

## Candidates For State Offices Make Final Appeals For Votes

Candidates today made last-minute appeals for support as Florida voters prepared to cast their ballots in tomorrow's big primary election. A record number of voters are expected to make their selection for a governor, five cabinet officials, a railroad and public utilities commissioner, three congressmen and numerous party leaders and county officials.

The polls will open at 7 A. M. and close 7 P. M. There are more than 900,000 Democrats and Republicans qualified to vote and officials have estimated that at least 600,000 will cast ballots.

There are 11 candidates for governor, nine Democrats and two Republicans, and unless one of the Democrats receives more than 50 percent of the votes cast, the two highest will enter the runoff election on May 25.

The candidates are F. D. Ahlin, Richard H. Cooper, Colin English, Bernard MacFadden, Ivan McCarty, Basil H. Pollitt, W. A. Shands, Fuller Warren, Tom Watson, Democrat; and Bert Leigh Acker and John L. Cogdill, Republicans.

There are four candidates for attorney general. They are Grady Burton, F. Guy Crows, Richard Kirtin, and Hugh McArthur.

Commissioner of Agriculture is opposed by Edwin Frazier and H. A. Lee and Treasurer J. Ed Larson is opposed by R. T. (Doc) Carlin.

Three candidates are seeking the office of state superintendent of public instruction. They are

## Fort Pierce Sets Record For 1-Day Sale Of Tomatoes

JACKSONVILLE, May 3 (Special)—Sales on the Fort Pierce State Farmers' Market set an all-time record for one day's volume of tomatoes, Thursday, when 20,000 crates went through the auction at an average of \$1.43, giving producers a gross cash of \$28,600. Market Manager M. E. Williams reported at the weekly meeting at Jacksonville offices of William L. Wilson, Director of Florida State Markets.

## Cooper Expresses Confidence In The Election's Outcome

Urging the "importance of a fair and impartial leadership in the solution of our vital citrus problems," Richard H. (Dick) Cooper, candidate for governor, expressed confidence in the outcome of Tuesday's Democratic primary in a campaign talk Saturday in Sanford.

"We cannot afford to trust our spreading citrus industry, so important to Seminole County and central Florida, to any sectional leadership, regardless whether it be from Polk, Seminole or Indian River," Cooper said.

"Those who eat and drink with big citrus investors can never understand the needs of the small growers and shippers," added the War II veteran.

Cooper, speaking across Central Florida in a final campaign wind-up, urged his audience to "select a formula for the election based upon a candidate's background, his success in his domestic and personal life, and his ability to approach sectional problems with an impartial view."

## Rains Add Misery To West Virginia Tornado Victims

CLARKSBURG, W. Va., May 3, (AP)—A steady rain poured from a low, dark sky on the homeless of six rural communities in central West Virginia which were ripped by a tornado that left five known dead and 31 hospitalized.

## Europe's Plight Told Rotarians By Mrs. Merrill

Mrs. Newton D. Merrill of Fern Park who recently returned from a post-war survey of conditions in Europe, told the Rotary Club today that the devastation overseas is simply indescribable and that the suffering of the people, especially the children, is beyond belief.

She was introduced by A. C. Stine, program chairman, who said that she had been a delegate at large to four women's international conferences and was giving an eye-witness account of conditions over there. Mr. Stine also called attention to the first meeting of the Executives Club tonight where the speaker will be the Archduke Otto of Austria.

Mrs. Merrill said that she all ways found two of the most difficult things to explain were the devastation in Europe to the people of the United States, and to the people of Europe what devastation means. The most devastated part of Europe is Germany, she said, and the people who suffer the most there are the children. They live in dreadful makeshift types of buildings and few of them have more than one meal a day.

"We have eaten more meat at this meal today," she said, "than the average Englishman has in a whole week."

She admitted that people do not (Continued on Page Three)

## Rail Management, Labor Said Split Apart On Issues

CHICAGO, May 3 (AP)—Mediator Frank Boulogne said today that railroad labor and management remain too far apart on issues of a threatened strike for him to call a joint meeting.

## Storm Hit Last Night In Coal Mining, Farming District

The body of Henry Moore, 74, was identified at a funeral home in Weston. A fifth body of a man remained unidentified in Mount Clare. Mrs. Maggie Metzger, 45, who was first reported dead, was still alive in a Clarkburg hospital.

Another son of the Aylors, three-year-old Arthur, a scalded with cuts and bruises as did Raymond's brother, Charles, who was riding them.

State police and the Red Cross were convinced all the dead and wounded had been found. But Harrison county Sheriff Harry Carder continued to lead searches through the remains of houses scattered on the mountain-sides.

The storm hit about 9 o'clock last night and played havoc with (Continued on Page Three)

## Hunger And Devastation Unbelievable, Says Eye-Witness

Mrs. Newton D. Merrill of Fern Park who recently returned from a post-war survey of conditions in Europe, told the Rotary Club today that the devastation overseas is simply indescribable and that the suffering of the people, especially the children, is beyond belief.

## Politicians Watch Outcome For Effect On Unpledged Delegate

Both camps expressed confidence in the results when upwards of 700,000 Republicans go to the polls in tomorrow's primary.

Politicians were watching the outcome for its possible effect on foot-loose delegations from such states as Illinois and Pennsylvania, where the bloom of favorite sons might fade quickly.

From the Taft camp came reports that a majority of the 56-vote Illinois group is ready to accompany their way speedily at the (Continued on Page Three)

## Mrs. Ella S. Adams Dies At Age Of 75

Mrs. Ella S. Adams, 75, resident of Sanford for the past 40 years, and active member of the First Church of Christ, Scientist, died at a local hospital Sunday evening at 6:00 o'clock following an illness of two weeks.

She was the widow of the late T. F. Adams and lived at Eighteenth Street and French Avenue. Survivors include two sons, W. A. Adams and J. P. Adams, both of Sanford; one daughter, Mrs. Vergil I. Smith of Sanford; three sisters, Mrs. L. H. Fairchild and Mrs. Kelly M. Beach of Norman, Okla., and Mrs. Ben R. Slinco of Oklahoma City; four grandchildren, Olive Ann and Ada Adams, and Kelly and Charles Smith of Sanford.

## Pope Pius Seeks Special Prayers During May For Palestine Peace

VATICAN CITY, May 3 (AP)—Pope Pius XII has asked for special prayer during May for the "happy triumph of peace" in Palestine. The Pope's plea was in a letter to Roman Catholic Bishops of the world dated May 1 and made public today. This encyclical also asked for prayers for the return of "mutual peace, fraternal and full among all men, and the desired concord between all social classes."

He said that conditions in Palestine and the lack of "tranquillization of minds and hearts" are subjects that "afflict and anguish the heart." The Pontiff recommended these subjects for prayer during the annual Marian prayers of May, known to Catholics as the month of Our Lady.

The encyclical is first called Auspicia Quaedam, from its first two words. It says:

"Some indications seem today to demonstrate that all the great community of people, after so much slaughter and devastation, caused by the long and terrible war, turned toward the salutary feelings of peace, and now gives voluntary attention to those who labor hard at works of reconstruction, seeking to compose discords and prepare for a new order of prosperity, rather than

## CLOCK REPAIRED

The Diebold Co. Inc. of Canton, Ohio, have sent a new cable in order to repair the clock at First Street and Park Avenue. Men will soon be sent by the company to make the repair," said City Manager H. N. Bayer, this morning.

## JAYCEE PRESIDENT MIAMI BEACH, May 3 (AP)—

Al Cahill of Jacksonville was yesterday elected president of the Florida Junior Chamber of Commerce at the close of the organization's three day convention.

The Jaycees selected Tampa for their 1949 convention city. Daytona Beach was the only other bidding city.

## Judge A. S. Herlong Addresses Voters

Judge A. S. (Syd) Herlong, of Leesburg, candidate for Congress in the fifth and Eleventh District, told a gathering on the corner of First and Magnolia Avenue this morning that if elected he would represent no particular group but would do his best for everybody in the whole district.

He said that he had the interest of citrus growers at heart, as he is a grower, of business men, since he operates a store and automobile agency in Leesburg and also declared that he is interested in veterans as he had three brothers in the service, one who was seriously wounded. Judge Herlong also told of his interest in baseball, and his work as president of the Florida State League.

## AUTO ACCIDENT

Two negroes received arm and leg cuts and bruises at 8:00 o'clock last evening when the 1936 Chevrolet Coupe in which they were being driven by Carzell Redding, colored laborer, crashed into the rear of a 1940 International Truck, parked without lights on P. O. Avenue. The driver, Thomas A. Rivers, was stopped to fix the truck lights, police reported today. Both drivers face reckless driving charges. The negroes hurt were Harry Smith of Sanford and Elizabeth Green of Lake Monroe.

The Lanesette  
Yevel's  
Seminole Tire Shop  
Toanston Drug

## WOLVERHAMPTON, England, May 3 (AP)—

A parcel bomb addressed to Capt. Roy Farran, acquitted of killing a Jewish boy in Palestine, exploded today, killing his brother, Ben Farran, 36. The bomb, enclosed in a copy of Shakespeare's plays, was delivered at the Farran home this morning.

Young Farran was alone in the house. The explosion shattered windows.

Police said the parcel was mailed in England. The inside of the book has been cut away to make room for the bomb.

The Jewish youth, Alexander Rubowitz, 18, disappeared last May 4. The Stern gang, Jewish underground organization in Palestine, claimed him as a member. The military court which acquitted Roy Farran ruled that Rubowitz had not been proved dead. He was abducted while posing signs for the Jewish underground. The prosecution based its case largely on a light gray hat which it said was found nearby and bore the name Farran.
