Sanford citizens are asked by the ministerial association to observe two minutes of prayer each day at noon.

**MONDAY**  
Sanford citizens are asked by the ministerial association to observe two minutes of prayer each day at noon.

## Neighboring Clubs Have Joint Picnic

The Sanford and Orlando Pilot Clubs had a joint swimming party and picnic last evening at Sandalwood Springs. The local organization met at the club and motored to the springs to meet the neighboring club.

Among those present from Sanford were: Mr. and Mrs. Joel Field, Mrs. E. C. Harner, Mrs. O. M. Harrison, Mrs. C. L. Powell, Mrs. E. E. Pippin, Mrs. H. E. Smith, Mrs. W. L. Morgan, Mrs. E. H. Laney, Mrs. W. V. Blythe, Mrs. Mary Rawlin, Mrs. E. G. Maxwell, Mrs. Lorraine Best, Mrs. Kate Manning, Mrs. E. J. Meyer, Mrs. J. C. Mitchell, Mrs. E. B. Ruffin, Mrs. W. B. Kirby, Mrs. Bert Chapman, Mrs. W. C. Erickson, Mrs. H. A. Swanson, Miss Lucile Johnson, Miss Maude Ramsey and Miss Dee Simpson.

## Bistline Home Is Scene Of Meeting

Committee members of the Young People of the First Presbyterian Church had a successful meeting recently at the home of Mr. and Mrs. J. A. Bistline, Longwood.

A proposal in the form of a resolution was delivered by Miss Ann Bina. Emmet Herndon explained to the group what the "United Religious Education Advancement" is and a general discussion followed. A nominating committee composed of past presidents will select officers to be voted on to hold office for the next six months.

## Engaged Couple Is Honored At Party

Miss Esther Strang and Hal Hester, whose wedding is to be an event of Aug. 27, were guests of honor at a party given Friday evening at the home of Mrs. H. E. Hyman, Lake Helen.

Games and contests were played by the guests during the evening and later, the couple was presented gifts in a novel manner. About 50 friends of the honor guests were invited to attend.

## Personals

Mrs. Ernest Nelson is ill at her home on Elm Avenue.

Mrs. Alonso Carter of Tampa is visiting friends here for several days.

Mrs. W. B. Kirby of Jacksonville is visiting her sister here, Mrs. Zeb Ruffin.

Here is a wartime scene aboard a United States aircraft carrier at sea. Scout and dive bombing planes are tightly packed on the flight deck, where they are refueled, rearmed and otherwise made ready by a swarm of mechanics for an instant take-off. Below the decks the pilots relax and await the call to take to the air. This is an official U. S. Navy photo. (Central Press)

Van Heflin as "Rucky Custer" with Cecilia Parker in "Grand Central Murder," story of a million dollar crime, will be shown Wednesday and Thursday at the Ritz on same program with "The Tuttle of Tahiti," starring Chas. Laughton.

Charles Laughton head of the happy-go-lucky Tuttle clan, has a very picturesque family in "The Tuttle of Tahiti," dramatic comedy offering showing on a fine double program at the Ritz Wednesday and Thursday.

The Duchess of Gloucester, sister-in-law of King George of England, gazes admiringly at the sharpshooter's medal of Corp. R. W. Will, of Granite City, Ill., during her visit to the Ullster Canteen at Norway House. The Duchess chatted with the doughboys, who decided that she is a "regular feller." (Central Press)

Capt. Paul Blackburn is shown congratulating Lieut. Comm Mildred H. McAfee, director of the WAVES, after she had given a press interview in New York. She announced that the women sailors will wear well-tailored uniforms. (Central Press)

## Henry Kaiser Is Portly And Bald Industrial Titan

By SAM JACKSON

OAKLAND, Calif., Aug. 25 (WV)—Something of a legend is growing up about a portly, bald, 60-year-old ex-photographer of this city named Henry J. Kaiser.

This gentleman is possibly the individual industrial titan of the country's war production. At least he is one of the most dynamic and to date one of the most successful.

He's getting ready to top his own sensational ship construction performance by turning out a fleet of 70-ton cargo planes. The War Production Board authorized him to build 100 of the flying freight cars, with 100 more to come later if the experiment is successful.

Kaiser is turning out Liberty ships in one-third of the minimum 140-day goal set by the Maritime Commission. He says soon he will have them rolling off the ways in less than 30 days.

Kaiser's career as shipbuilder has not been a long one. In fact, before Hitler invaded Poland he had never laid a keel, and even today he speaks of the "front end" of a ship.

Yet this "landlubber" has been assigned one-third of the U. S. ship-building program. It's not hard to guess why. Ships are cut up, built in sections in fabrication shops, in open lots and on big, steel-floored assembly platforms. The limit to the size of the green sections is the capacity of the cranes to lift them into space.

Despite his achievements in the field however, he's not particularly well known.

Inspection time takes a square inch of floor space for metal polished and burnished within an inch of its life. And that doesn't mean only the part that shows. Col. Don C. Patton, school commandant, has that Army habit of poking his prying finger into unnoticed crevices in search of dirt. He doesn't mind much. The WAVES are proud housekeepers. It counts to outshine the men in every department.

## NOTICE TEACHERS' EXAMINATIONS

The regular Constitution Examination will be held on Saturday afternoon, September 5, 1942, at Two O'clock P.M. in each of the following cities: Gainesville, Ocala, Bartow, Deltona, Spruce, Tallahassee, LAWTON, Supt.

The Far East Looks Better

Public attention recently has been focused on the situation in Russia, Churchill's visit to Moscow, the Hump, and the general possibility of opening a new front in Western Europe. By and large the European picture is not one of optimism nor is there much to cheer about in Africa and the Middle East.

However, in other theaters of war the United Nations are not doing badly, and we have attained some very spectacular gains lately which somehow or other have been obscured by the overall picture. The Solomon Island attack temporarily held the spotlight in a big way, but lack of details of that very important action has caused the people to begin to drift slightly.

Also, China has been handling the Japs pretty roughly in the past weeks and days and has recaptured many vital cities and provinces which are indispensable to any projected attack on Tokyo and other Japanese areas.

These successes of the Chinese are not of minor significance and they may presage the beginning of the end of Japanese domination in the field of aggressive action in the whole Far East.

Weeks ago we had all been told to expect a Jap attack on Siberia, to prepare for exploitation of Jap seizure of some of the Aleutian Islands, and to be ready for most any eventuality which might develop along the India-Burma border. So far, that is, since the disastrous losses struck at Midway, none of these expected military actions has come off, and it may just be that the Japs are punch drunk and need some time to get re-organized.

It is pretty generally recognized that the most vital area of conflict is and will be in Europe, but it must not be lost sight of the vast contribution a defeat in Japan would be to our ability to go "all out" in opening a new front against German-dominated Europe. With Japan out of the way or severely crippled our efforts against Germany could be more than doubled.

This 25-ton Curtiss Commando transport plane is shown after making a bally landing in Buffalo, N. Y. A bent propeller was the only damage sustained. The landing was made after the plane had circled Buffalo and surrounding communities for eight and one-half hours while the crew tried to bring the ship down. The seven men crew escaped without injury. This is a photograph.

Sanford Forum

Editor, The Sanford Herald: I live in Lake Mary, and I have four children. For the last eight years, they have labored continually in Lake Mary, practically every day. I have never found any ill effect from their bathing in this lake. I love my children and am interested in their good health, and I expect to let them swim in Lake Mary as long as they desire.

The Dominican Republic occupies two-thirds of the island of Hispaniola, which lies 80 miles southeast of Cuba and 64 miles west of Puerto Rico. Haiti occupies the other third of the island.

DOM DIMAG IN NAVY Monday, but an overdue duty assignment left him free to play the ball and be a called for centerfielder for the Boston Red Sox, was thrown into the Navy.

At the beginning of 1942 there were 14,223 schoolchildren in the United States, of which 4240 were operated by steam, 967 by oil, 800 by electricity and 16 by gasoline.

Right Or Wrong, Empire Comes First With Japs

By MORRIS J. HARRIS and JAMES D. WHITE (Former Associated Press staff men in Shanghai and Tokyo, released from internment in the exchange of American and Japanese diplomats and newspaper men.)

The patient, maddening millions of Japan know fairly well how their army has been behaving itself during the last ten years. Their first reaction to atrocity stories is the same as yours or mine would be. They are horrified and ashamed.

Left to his own devices, the average Japanese is kind, considerate, friendly and intensely interested in the running and human things of life. But let the interests of Empire enter in and he becomes the fanatic, ready to sacrifice anything, including his humane self-respect and his life if necessary.

Gradually, as the people learned about Nanking, but the process was so slow that they soon forgot as Nippon's warriors went on to other victories in China. They probably know nothing of the raping of British nurses and bayoneting of surrendered Canadian soldiers at Hongkong.

In Nanking Japan's warlords learned that the rest of the world, at least, could not be so easily tricked or rationalized except such behavior as civilized. They undoubtedly issued stern instructions, and there has been nothing quite as frightful as Nanking.

The Japanese pride was touched, and Japanese have the sharp, by a national inferiority complex of consuming bitterness. Japanese are determined, among other things, to prove they are just as civilized as anyone else. People all over the world accepted Nanking as proof of the Chinese claim that the Japanese are barbarians.

Tail Of Plane Is Shot Off, Rear Gunner Bails Out

WASHINGTON, Aug. 25. (AP)—When Eric Daquast gets back to his home in Terre Haute, Ind., he will have a tale of adventure to relate that will make the friends of his boyhood thrill with the excitement, for he has had one of the most incredible experiences of the Pacific war.

"I was covering the other ships when I felt the vibrations resulting from hits by enemy bullets," Daquast says. "I sneaked a look over my shoulder and saw another of the gutters and a pilot on the ground."

"The next thing I felt was a shock like something breaking, I turned to look at the Zeros disappeared and I saw the wings of the window anyone needed to call out. In fact, everything behind me was window. The tail in which I sat fell away completely."

"I turned over once, still inside my seat in the tail, then got a foot hold and crawled out. There seemed nothing underneath but the ocean, although we had been over the coast when the Japanese aircraft jumped us."

"Unbelievable as it seemed, I landed and I landed there about ten feet from the water's edge. The waves were breaking and I opened long enough to allow three other men to drop, and one landed with me on the sand, but he was wounded."

For nine and a half hours Eric, with shrapnel wounds in his forehead, lay upon the sand, without food or drink. He was rescued by a patrol of Zeros. Then he was rescued along with his companion. To second man, however, was so badly wounded he died.

First American court-martial to be held in England cleared Pvt. Travis B. Hammond (above), 25, of Kalya, Tex., shown leaving the London court, of the charge of assaulting a sixteen-year-old girl. The court, which heard the case for four days, dismissed the charge against Hammond.

WASHINGTON, Aug. 25. (AP)—The legislature of 1941 under the Constitution of 1935 of Florida did pass a Joint Resolution proposing amendments to the Constitution of the State of Florida, and the same were agreed to by a vote of three-fifths of all the members of each house.

For nine and a half hours Eric, with shrapnel wounds in his forehead, lay upon the sand, without food or drink. He was rescued by a patrol of Zeros. Then he was rescued along with his companion.

WASHINGTON, Aug. 25. (WV)—Not even in fiction have there been better crime and mystery stories written about this war than in the routine reports of the various investigative government bureaus.

To deal completely with a small percentage of the enemies here would be a physical impossibility, but when E. I. Trew, coordinator of the Treasury Department's investigating agencies, made a report to Secretary of War Henry Stimson, he set up a picture that was worth looking at.

The war it seems has caused the counterfeiter's underground to shift from the United States to Mexico. The far flung borders of the United States now are regarded as closely out as in smuggling has become a world-wide activity.

War stamp and bond counterfeiters have mushroomed. So have the moonshiners (increased federal taxes on liquor give them a profit of 50 percent). The illicit distillers are running into trouble — priorities — they can't get the sugar and other materials to make their moonshine.

Striking before the war stamp counterfeiters could start trading, the Secret Service seized \$22,500 worth of the stamps in New York, sent six men to prison for from 8 to 10 years. Working with Canadian officers, they smashed an international ring of gold thieves and smugglers who in three years had brought "high grade" (stolen) nuggets from Canadian mines and smuggled them into the United States to the tune of \$3,000,000.

Wearing a huge sombrero, to shield him from the Egyptian sun, and a siren suit, British Prime Minister Winston Churchill confers with Field Marshal Jan Christian Smuts, Prime Minister of the Union of South Africa, at the British Embassy in Cairo. Their meeting preceded Churchill's visit to Moscow. This photo was radiated from London to New York.

TURNING THE TABLES

PIERRE, S. D. Aug. 25. (AP)—Insurance Man Guy Ericson spent a day settling farmers' claims after a severe hailstorm beat down crops, and took refuge from a sudden shower in a patron's house. When the storm cleared, Ericson found his car roof beaten flat by hailstones "about the size of golf balls" and filed his own claim with his own company.

SEMINOLE CLEANERS

Coney Island Is Surviving Dim-Out Rules

By RAY PEACOCK NEW YORK, Aug. 25. (WV)—This is to report that Coney Island, the poor man's Catalina, is surviving the dimout in pretentious good shape.

Business isn't what it used to be, of course. That is one of the peculiarities of Coney. Business never is what it should be. Some days only 800,000 people show up.

The dimout is real and effective. You can stand on the boardwalk, the Atlantic & black void at your back, and just see the ferris wheels and parachute jump silhouetted against the light here over Brooklyn.

The hot dog stands and the bingo casinos and the beer parlors and all the other nickleknickers that hem the boardwalk either are curtained or illuminated with dim blue lights. Until you have seen a hot dog in a hot light, you haven't seen the hot dog at all.

Street lights are pointed black on the side that fronts the ocean. No beach fires show. It's dark. Just plain dark.

All of which makes Coney a well placed to hold hands and whisper behind nothing. That's where most of the business comes from. Old fogies of forty are in the majority of night. The boardwalk's wheelchairs are shadowed—and occupied. Lovely love rules. Early in the season, Coney sat down around 9 P.M., right in the shock of the evening. But after a couple of weeks curfew was lifted and now they still come in from the suburbs at midnight.

### U. S. Airman In Solomons Gets Two Zero Fighters, Bullet And Medal

AN AIRFIELD IN THE PACIFIC, Aug. 25. (Delayed) (AP)—Fuzzy-haired canbals in steaming tropical jungles watched great sky-monsters fighting above them during American army bomber raids which preceded the Aug. 7 gva and marine offensive against Japanese strongholds in the Solomon Islands.

One of these bombers was piloted by Capt. Kermit Messerschmitt of Fort Collins, Colo., who got himself a couple of Japanese zero fighters, and a bullet too. The bullet won him a purple heart decoration.

Capt. Charles E. Shelton of Los Angeles, on the staff of Maj. Gen. Willis H. Hale, commanding general of the Hawaiian air force, visited the bomber bases in the Solomons area, and heard first-hand the story of Captain Messerschmitt's experience.

Messerschmitt, his fellow fliers, all him Mett is one of the pilots who flies those huge four-motored bombers off a narrow, coral-paved airfield that has been hacked out of palm and jungle growth on a South sea island. "Our target on this particular mission was in the Solomons area," Mett said. "I was leading a flight of three planes. Just before we got to our objective, my number three engine cut out on me.

"Rather than handicap the other two planes with my engine trouble, I sent them on up a few thousand feet above me to operate as a separate unit.

"I made a run just to make sure that we were on our target and then I banked. Just as we came around with the sun slanting my right wing, two float-type Zeros (speedy Japanese fighter planes) attacked us head on. They came directly out of the sun and we didn't see them until they made their first attack.

"On their first pass, some machine-gun bullets hit my motor and my panel."

Mett described how one bullet hit his co-pilot, Lieut. Philip Sprawl, a South Carolinian, on the leg, inflicting a wound that was bloody but not serious.

Another bullet hit a shoe on Staff Sgt. Eugene Davis of Wiliams town, Mass., the crew chief, nicking his foot. The third casualty was Mett, himself. A piece of copper jacket from a bullet hit him over the left eye.

"It sure surprised hell out of me," Mett said, "but really didn't

Shown in the cockpit of his fighter plane is Capt. Frank A. Hill, 23, of Hillsdale, N. J., of the U. S. Army Air Force, who is reported to have shot down a Focke-Wulf 190 during the "Ranger" commando raid on Dieppe, France. This is a radio-photograph.

do much else than interplane phone systems. I backed out, so I didn't get the rest of the story of the fight until I got back to the base.

"It seems that after the first frontal attack, the enemy planes split and started making individual passes at us. They'd get off to one side and then cut in toward our plane."

"My number one pilot, Sgt. Paul Foley, of Louisville, Ind., and Sergeant Tom... who was handling the engine, got one of them."

"The second Zero came from our right side and started making a series of banking attacks on Corp. Warren M. ... of Matliston, Miss., who was flying next to me. He reported that he hit an engine."

"M. L. G. ... of Aberdeen, S. D., was hit by the bombers in the Solomons attack, personally decorated Captain Messerschmitt, Lieutenant Sprawl and Sergeant Davis with the purple heart, for wounds received in action."

### Even Heroes Get Scared Sometimes

LONDON, Aug. 25. (AP)—Heroes get scared just like the rest of us.

Naval Commander A. C. C. Miers, recent winner of the Victoria Cross, confessed he had an uneasy few minutes on his submarine, Turkey, on Mediterranean patrol.

"An enemy destroyer was heading straight for us. We were in the act of diving and could not get the conning tower hatch shut," he said. "I had to jump from the bridge to the control

room in one go."

"The reason was nothing, we had lost circuit, and enemy depth charges were going off all

around us. The first lieutenant was endeavoring to pass orders to correct the trim to compensate for extra water taken in."

It was afterwards found that the cause of the trouble had been my pillow, which I used on the bridge and which had been to water. It had jammed the hatch

of Malvern, Ark., added that he would give five dollars for a hamburger and an American soft drink.

LONDON, Aug. 25. (AP)—The leader of the Fighting French Commandos who participated in the Dieppe raid Aug. 19, said yesterday that the British had four men, including three commandos, on the deck of the commando's motor launch. He issued a statement from high command headquarters in London.

He made no mention of the

### Cards Smash Brooklyn In Series Opener

#### Max Lanier Chalks Up 12th Win With 4-Hitter, Slicing Lead To 6 1/2 Games

ST. LOUIS, Aug. 25, (AP)—The St. Louis Cardinals flashed to a 7-to-1 victory over the Brooklyn Dodgers last night before 25,538 enthusiastic fans, slicing the league leaders' margin to 6 1/2 games.

Mgr. Billy Southworth's choice of left-handed Max Lanier to hurl this first of a crucial four-game series with Dem Bums was an excellent one. The four-hitter was Lanier's 12th win against five losses.

The stoical southpaw from the very first proved master of the contest. He allowed only one hit in the first seven innings, a double by Micky Owen with two away. The runner was left stranded when Riggs rolled weakly to Brown a minute later.

During these first seven frames only two other Dodgers got on base—by errors. Lew Riggs reached first on Jimmy Brown's mix-up play and scampered to second on Larry French's sacrifice. He died there when Peeewe Reese popped to Brown.

The fifth Joe Medwick was safe at first on Marty Marton's high throw to Johnny Hopp but Johnny Riggs ended any threat of scoring by bounding into a double play.

Lanier relaxed, temporarily, in the eighth when two hits, a single by Owen and a double by Riggs, gave Brooklyn its only counter. He allowed another hit in the ninth and then retired the side without further ado.

Besides striking out four men, Lanier showed perfect control in not allowing a batter to get on base via the pass route.

French, who ignited his second defeat—both administered by the Cardinals—as against 13 umpires, was in trouble in all the five innings he pitched. He was picked for at least one bludge every inning, and the Redbirds bunched four safeties and a double steal to score three runs in the fourth.

### 2 Ex-Gator Stars Are On All-Army Team Under Wade

LOS ANGELES, Aug. 25, (AP)—Max Wallace Wade leads a football team into the famed Rose Bowl today—a different sort of team.

It's a collection of former college and professional stars banded together under the Stars and Stripes of the U. S. Army. It's the Army's Western aggregation which plays the Washington Redskins in Los Angeles Coliseum August 30.

Wade, who played in the Rose Bowl himself in 1916 with Brown University and returned later with teams from Alabama and Duke, brings his 46-man squad to Los Angeles from Camp Cooke where he has been turning up for the Army eleven for several weeks.

Wade has one team pretty well selected. It includes eight men who played football at Texas A. & M. College, one from the University of Texas, and two ex-Florida men.

In the backfield he has John Kimbrough, Jim Thompson, Bill Crutcher and Marion Pugh, all Texas Aggies. Line men include Henry Hauser, Leonard Dickey, Joe Routh, W. H. Dawson of the Aggies, Park Myers of Texas and Forrest Verstrom and Julius Baktiste from Florida.

### Top-Seeded Ted Schroeder Will Have Hard Job At Forest Hills

NEW YORK, Aug. 25, (AP)—Ted Schroeder Jr. of Glendale, Calif., who has been a standout performer in major tennis tournaments this summer although he is only fifth in the national rankings, Monday was given first place in the seedings for the national singles championships at Forest Hills, Aug. 27-Sept. 7.

He also was given a somewhat tougher assignment than Frankie Parker of Los Angeles, the third-ranking player who was seeded right behind him.

Placed in the lower half of the draw, Schroeder will meet Lieut. Russell Bobbitt of Fort Knox, Ky., in the first round and then, if everything goes according to form, Sidney B. Wood Jr., former Wimbledon champion who was seeded fifth, and Lieut. (Col) Gardner Mulloy of the Jacksonville, Fla., Naval Air Station, seeded third.

Also in the lower half are Ladislav Hecht, former Czechoslovakian Davis Cup player, and Alejo Russell of Argentina, seeded and third on the foreign seeded list, and George Richards of Montebello, Calif., No. 8 on the domestic list.

In the upper half with Parker are Seymour Greenberg of Chicago, William Talbert of Cincinnati, and Harris Everett of Jacksonville, Fla., seeded sixth, fourth and seventh, respectively, and Francisco of Ecuador, top-seeded foreign entry and recent winner of the Longwood Bowl tournament.

The eight seeded players in the field of 60 for the women's singles are Louise Brough of Beverly Hills, Calif., Pauline Betz and third on the foreign seeded list, and Mrs. Sarah Palfrey Cooke who will not defend her title; Margaret Osborne, San Francisco; Helen Bernhardt, New York; Mary Arnold, Los Angeles; Mrs. Patricia Canning Todd, New York; Doris Hart, Miami, Fla.; and Mrs. Helen P. Ribbany of New York.

### Majors Go Over Top In War Contributions

NEW YORK, Aug. 25, (AP)—The major league baseball players have come over the top in their contributions to war relief funds. The majors had set \$500,000 as their goal for the Army and Navy funds from games played in each of the league's parks.

A compilation by the Associated Press Monday showed an unofficial total of \$517,964.11 had been raised.

### MARYLAND ADDED

ATHENS, Ga., Aug. 25, (AP)—The U. S. Navy Pre-Flight School at the University of Georgia here announced yesterday the addition of the University of Maryland Terps to their football schedule this fall as some 60 cadet trainees will be sent to the state's first drill.

### CAN OUTPRODUCE ANYONE

ASHLAND, Ky., Aug. 25, (AP)—Lt. Gen. William S. Knudsen, standing on the site of one of the world's largest blast furnaces, forecast Monday that "when we really get going in the United States we can outproduce any two Axis nations."

South Africa has an area of 472,560 square miles.

### ON THE SPOT

NEW YORK, Aug. 25, (WW)—Some time before the snow falls we may have at least three new world boxing champions.

Along Jacobo Beach you hear that Lulu Constantino, Alito Stolz and Ray Robinson are three contenders sure to win crowns whenever they can get the current champions into the ring with their titles at stake.

Constantino lost a non-title duel with feather-weight ruler Chalky Wright sometime ago and Stolz dropped a close championship encounter with lightweight king Sammy Ang it. But the boxing boys believe these youngsters will win the crowns whenever they get title shots.

Robinson, the Harlem biter who has never lost a bout, probably carries too much artillery for Freddie C. Cochrane, the welter-weight king. Cochrane is a sailor now and will have to get leave from the Navy before he can take on the lean larruper from New York's colored belt.

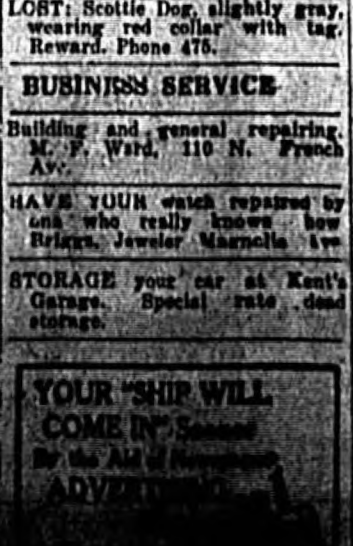

Constantino had won more than 50 straight fights before he lost to Wright. Opinion at the ring-side was divided on this one, some believing Lulu had the edge. They're booked to go again September 25 and this time Lulu can take the title out of the ring with him if he's good enough.

Tami Mauriello's draw with Bob Pastor and his victory over Red Burman have caused the experts to rate him the best of the heavyweight prospects, behind Billy Conn and possibly Pastor. Mauriello will have good grounds for a title bid if he gets past Lee Savold, who is on the upgrade again.

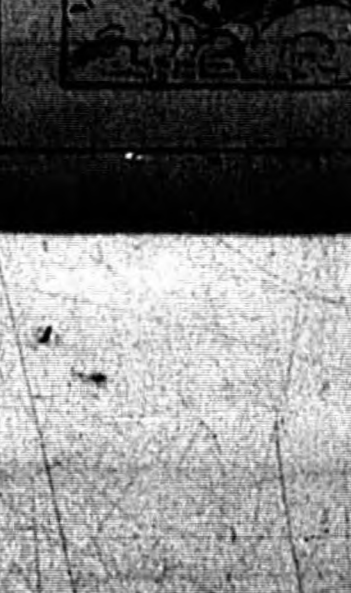

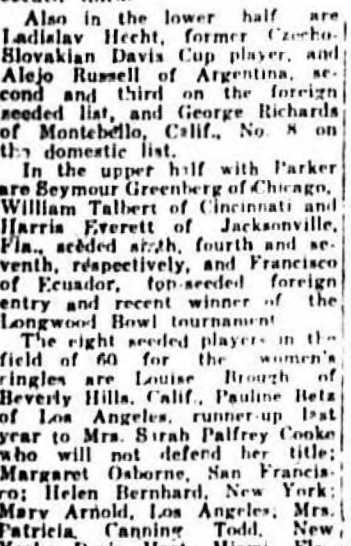

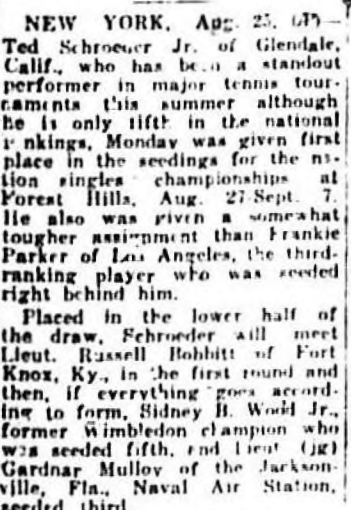

There is a possibility that Joe Louis may put his championship on the line in late September. That's not because of any family feud because there's no love lost between them (remember Billy had Joe's hand some weeks ago in a freestyle tussle with Smith?) "He'll beat Louis this fall, just as sure as you're born," Smith told John Carmichael, the roving reporter from Chicago. "But Billy'd never lick me if he lived to be 1,000 years old. I'd die with him ragged."

And, in such case, Billy will have one loud supporter—his father-in-law, Jimmy Smith. Mike Jacobs wants a big fight because there's no love lost between them (remember Billy had Joe's hand some weeks ago in a freestyle tussle with Smith?) "He'll beat Louis this fall, just as sure as you're born," Smith told John Carmichael, the roving reporter from Chicago. "But Billy'd never lick me if he lived to be 1,000 years old. I'd die with him ragged."

## Million Germans Pound To Gates Of Great Volga City

**Fight Is Spreading; Jap Gunboat Sunk, Convoy Smashed; Tokyo Is Silent**

WASHINGTON, Aug. 26. (AP)—The damaging of six more Japanese ships in great sea and air battles for the Solomon Islands was announced by the Navy today in a communique which said that the results of the fight to date "are encouraging."

Thunderous sea and land battles raging on the far sides of the globe held the fate of World War 2 in delicate balance today.

In the Solomon Islands, American and Japanese forces, locked in a conflict which may determine naval supremacy in the Pacific, fought over a widening area today as the Japanese sought to rush reinforcements to the battle scene, 900 miles northeast of Australia. Washington officials say "We are winning the second round of the battle of the Solomons. The round is not over yet."

Pacific Allied bombers smashed an east-bound Japanese convoy today, 180 miles off New Guinea as the enemy sped reinforcements to the huge armada seeking to regain American-captured bases in the Solomons. A communique said Allied airmen destroyed a Japanese gunboat and battered two enemy transports.

Tokyo is silent on the battle, but the German radio said, with confirmation that the Japanese sank a U. S. Navy cruiser. In China, Japan's invasion armies apparently are planning a new venture elsewhere in the far Pacific and are reported to be still withdrawing from the China east coast provinces. The Chinese announce the recapture of the eleventh important city in a week.

Allied planes destroyed a Japanese gunboat and strafed two Japanese transports in a convoy off the southeast coast of New Guinea yesterday. It was announced today.

It was not immediately disclosed whether the convoy was enroute to reinforce the Japanese counter-attack in the Solomons Islands, but this is possible since the attack occurred south of that general area.

Both fighters and bombers took part in the attack, a communique said.

Allied fighters also destroyed 12 Japanese planes on the ground at Buna, on the Papuan Peninsula of New Guinea, and bombers dropped eight tons of explosives on Rabaul, Japan's big air base in New Britain.

The Solomons campaign burst into violent fighting after a period of doubtful activity marked on Aug. 22 by an enemy air attack on Guadalcanal Island in which 21 Jap planes were shot down while American forces suffered only minor damage. On the same night enemy destroyers bombarded marine shore positions.

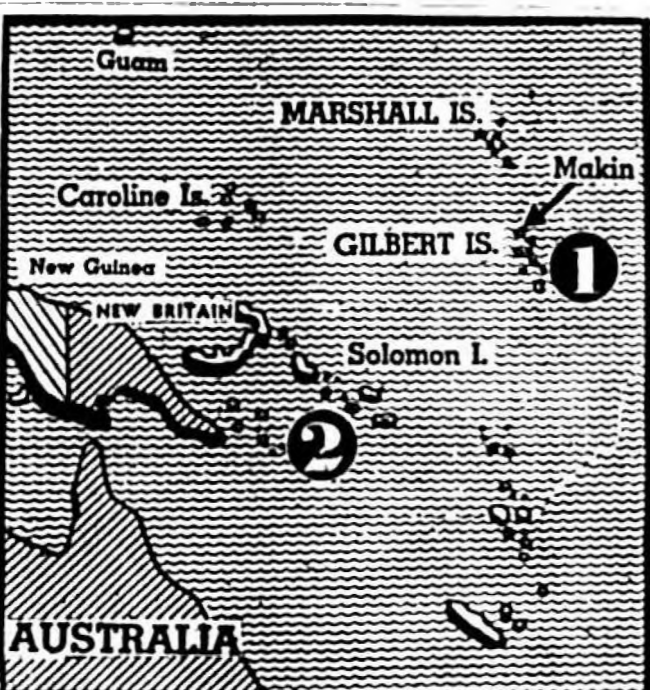

**175 Drivers Get Permits For Year Starting Oct. 1**

About 175 drivers licenses for the year starting Oct. 1 have been purchased from the office of the county judge since they were placed on sale Aug. 20, E. W. Ware said this morning, urging drivers not to delay in securing the license.

"Soon there will be hundreds standing in line to get the permits," he said. "I would be willing to obtain them now." He estimated 5,000 persons will apply for licenses this year as compared with 9,000 issued last year.

The same schedule of fees applies this year, with a 10-cent charge for junior operators and 25-cent charge for chauffeurs, truck drivers and others.

### U. S. Marines Raid Makin Island

It was announced by Adm. Nimitz, commander of the Pacific Fleet, that U. S. Marines, whose officers included Maj. James Roosevelt, eldest son of the President, made a hit on Makin Island (1) one of the Japanese-occupied Gilbert Islands, killed 100 Japs, destroyed their airplane base, radio installations and other stores. The leathernecks smashed a Japanese counter-landing on the Solomons (2) by killing 670 of 700 troops who came ashore from speedboats; the remaining 30 were taken prisoner.

### Problems Arise From Persons Who Follow Bases, Telle Says

Liquor drinking and prostitution will be the two main problems that will arise here when the Naval men arrive at the base, but they will not be caused by the sailors themselves, but by persons who follow the camp for personal financial gain, Rev. J. Telle stated today at the Kiwanis luncheon at the Waldorf Hotel.

"The City and County Commissions should be informed about this matter," the Methodist minister stated, "and cities, which list these things in and now are trying to get them out, are having trouble with them."

Howard Long, agricultural group chairman, stated that farmers have a great prospect for the coming season. Early seed beds and plants did not come out very good, but later beds are coming along nicely, he said. "About the same acreage will be handled this season, although a lot of farmers are going in for other crops than celery," Mr. Long also praised farmers for their co-operation in scrap drives.

Brief reports on various committees were made by Lester Tharp, Earl Hoy, Hasky Wright, G. D. Workman, T. W. Lawton, Sanford Doudney, Basil Moore, Dr. L. T. Doss, Mr. Shames, John Leonard, Ralph Smith, Dr. W. H. Tucker and Mr. Jinkins. E. C. Harper, club president, urged Kiwanians to attend the big send-off program planned Saturday morning for a large group of local men who will leave for Camp Blanding. He also announced a directors' meeting will be held 8:00 o'clock Friday night at the Waldorf Hotel. Harry Knell, honorary member, was welcomed back to the luncheon, after having suffered a fall at the Air Base. Guests were introduced by Rev. J. H. Thompson of Orlando, Rev. Telle and Mr. Pendergrass.

"We waited until they were close then turned to meet them, but both went past. Then we saw two more FW 190's which were leveling off in front of us. 'I got one in my sights and gave him a good bust. A few minutes later I was hit from behind by one of the FW's which I thought had gone past, but had turned back when they saw us go after the other two. 'My Spitfire was hit badly, and I had a bullet through my right shoulder. 'I fainted, with the 190 still on my tail, but revived. A few hundred feet above the water, I pulled up high as I could before being hit. The cockpit canopy had been damaged and would not come unfastened until I had pried it open. That was my only anxious moment. 'When I pulled the rip cord I fainted again, but recovered before hitting the water. 'A compass barge picked me up a minute later, even before I had inflated my Mae West life preserver."

**Talks By Roosevelt Are Scheduled Soon**

WASHINGTON, Aug. 25. (AP)—President Roosevelt will address the youth of the world in a radio broadcast, scheduled for Aug. 31, he will speak at a dedication of a Navy medical center at Bethesda, Md. Labor Day he will make a special address with the spiraling cost of living.

### Trainees Wanted Now In Signal Corps

A call has been issued for students who are qualified for a special training course at Daytona Beach for the United States Signal Corps. The Johnson School, director of the training school for war workers here, stated today.

Men will be paid \$120 per month while in training for a three-month period. They must sign an agreement to continue to remain in the employ of the Johnson School after training and agree to go anywhere the Corps sends them. However, those entering into this agreement do not enter in the Army. They are not a member of the Corps but just employed by the Corps," Mr. Johnson explained.

Six graduates of the training school here already are taking the course at Daytona. They are: Marion Beasley, Allen Moore, Gullen Wright, E. E. Jordan, Fred Shannon and J. H. Wynne. Any person who is interested in the regular 12-week course on radio repairing here is eligible to attend the Signal Corps school. There are openings for three or four students now in the radio class here, Mr. Johnson said.

The Daytona Beach school especially desires men in I. A. classification, but they must join the Signal Corps Enlisted Reserve of the Army.
