

Sawyer Expected to Be Named Keeth Principal

By Diane Petryk
Herald Staff Writer

David Sawyer will be named principal of the new North Elementary School tonight if Seminole County School Board members follow staff recommendations.

By law, according to Director of Elementary Education Martin Glavin, the board must follow the superintendent's recommendation or make a specific reason for doing otherwise.

"I'm happy. I'm excited about it," Sawyer said.

Happily, Sawyer added, he'll have some plans for the school to announce soon. But he said right

now he doesn't know enough about the job to do so.

North Elementary, named for retired School Board member Allan Keeth, will be located at Tuskuwala and Galvesta roads in the Winter Springs area. It is designed to house 750 students and is scheduled to open in September.

Sawyer, 44, of Longwood, has been principal of Winter Springs Elementary since 1974. Prior to 1974 he served as principal at Hollywood Elementary in Sanford. He taught one year in Massachusetts after graduating from college and after coming to Seminole County in 1964 he taught one year at Lake Mary Elementary and four years at English Estates Elementary in Pine Park.

Sawyer was chosen by a selection committee composed of a school board member, a parent, a teacher, a principal, Assistant Superintendent Dan Dagg, Personnel Director Ann Newlander and Ms. Glavin. The committee studied through 23 applications from all over the county.

After the committee narrowed the field to five finalists, Ms. Glavin, Superintendent of Schools Robert Hughes and Dagg made the final determination of who would be named to the board. Ms. Glavin said the final choice was

"one of the candidates I've ever had to make."

All of the roughed-in extremely qualified, she said. "But we had to make the best decision we could for the Keeth Elementary School."

"We were looking for someone with experience, who is knowledgeable in curriculum and has the ability, dedication and determination to start from scratch, start a PTO or PTA, a school advisory committee and create the best possible school," she said.

"We tried to find the best person," she added. "David Sawyer seemed to be that person at this particular time."

"He has opened two new schools in the county and has that experi-

"The four others who were finalists for the post are Dr. Elizabeth Drechsler, assistant principal of Woodlawn Elementary in Longwood; James Nevins, principal of Red Bay Elementary in Maitland; Elizabeth H. Paul, assistant principal of Lake Olympia Elementary in Maitland; and David Scott, assistant principal of Sabal Palm Elementary in Longwood.

Sawyer earned his Bachelor of Science Degree from Boston College and his Master of Arts Degree from St. Johns University. He was named Outstanding Young Educator by the South Seminoles Jaycees for the 1967-68 school year.

Downtown Sanford Plan OK'd

By Donna Bates
Herald Staff Writer

Proponents of downtown redevelopment today won the second round in court, but opponents say they will take the fight to the Florida Supreme Court.

The Fifth District Court of Appeal in Daytona Beach today affirmed the year-old decision of the Circuit Court at Sanford, ruling that the proposed reconstruction of the downtown downtown area is legal and proper.

Sanford Mayor George Algernon Spear said he will carry his fight against the project to the Florida Supreme Court.

Mayor Lee P. Moore exclaimed, "Isn't that wonderful?" when notified of the court decision.

Moore noted, past president and a member of the board of directors of the Greater Sanford Development Council, which urged city funding to beautify the downtown, said, "I'll tell you, that's good news" of the appeal court decision.

"I think we can now look forward to some action," Moore said, adding that the state Supreme Court has limited civil matters under its scope in constitutional issues. Spear's appeal may not be heard by the high court.

Moore noted that City Manager W. E. "Tex" Kowles, earlier this week reminded the City Commission that it must review and update costs for the project. Here the \$227,500 cost estimates on file are now four years old. Despite the litigation, the city has had funding set aside for the downtown improvements in its budget for the past three years.

The original plan called for widening sidewalks in the downtown area, constructing planters for flowers at designated areas, resurfacing streets, installing new street lights and closing a one block section of Magnolia Avenue to vehicular traffic to create a pedestrian mall.

Spear said he will take the case to the high court. The city plans to spend \$200,000 for the "non-publi-c-use" of helping downtown merchants who are in competition with other businesses in the city.

"It appears that the attitude of the courts is that the city can do anything it wants," Spear said, insisting those streets are actually owned by the abutting property owners subject to a dedication for use as public roads.

"I know constitutional rights are being violated," Spear said. The attorney said fighting the case would cost \$200,000. "A great deal of money, several thousands out of pocket."

The downtown project has been held up for more than two years while Spear's lawsuit has been going through the court process.

On April 19, 1962, Circuit Judge Robert Dykes ruled the city has authority to spend money for the beautification and that the work when completed would not constitute a traffic hazard and make it impossible for emergency vehicles to use First Street between Park Avenue and Magnolia.

Spear and his son, Thomas, on behalf of their clients and themselves, insisted the city would be required by the work would cause property values downtown to be lowered.

Spear also said that the improvements would obstruct the view of traffic, increase the existing drainage problems and create a special interest.

City Attorney Bill Colwell said today it is possible that Spear will ask for a rehearing.

On the program for the "Friends of the Army" banquet Tuesday night were (left) Salvation Army Captain Mike Walters, local corps commander, Advisory Board Chairman Bruce Berger and featured speaker, Minnesota Judge James L. Merk. Mr. and Mrs. Ralph Austin

Smith, life members of the Advisory Board, were celebrating their 60th wedding anniversary and received a standing ovation from those attending.

Salvation Army Friends Raise \$3,200; The Family Institution Is Spotlited

By Jane Casselberry
Herald Staff Writer

"It was the most successful event I have had in my career," is the way Capt. Mike Walters, corps commander of the Salvation Army, in Seminole County, described the "Friends of the Army" banquet Tuesday night in the Sanford Civic Center to benefit the local unit.

More than 200 persons attended the annual event which is expected to bring \$3,200 which will be applied to the Salvation Army's \$23,000 mortgage. According to Walters, this year's income is a 10 percent increase over the money raised the previous year.

The featured speaker was Judge James L. Merk of the Third Judicial District of Minnesota, who spoke on "The American Family, Gently or Not Gently by Reason of Insanity." His speech on this topic was the designation of "Top Rated International Platform Association Speaker of 1967."

Accompanying him were Mrs. Patricia and children, Kristin, 16, and John, 12, having had 8 inches of snow before leaving home; the Merk family is now enjoying a stay at New Smyrna Beach as guests of Dr. and Mrs. Robert J. Smith. Mrs. Smith is vice chairman of the Salvation Army Advisory Council.

Judge Merk said most of the persons who come before his court for committing crimes have in common childhoods in which they were abused, ignored, without discipline, guidance or love. They come from a background of chaotic family life and seldom know love.

He said that children need a positive self-image, a positive attitude and an enthusiasm for life and a strong, stable home environment.

Salvation Army Advisory Board Chairman Bruce Berger was master of ceremonies at the banquet. The invocation was given by the Rev. Leo King, pastor of

St. First United Methodist Church of Sanford, and a member of the Advisory Board.

Tom Hobbs, president of the Kiwanis Club of Sanford, was presented the Bellingham Award for the organization which raised the most money for the Salvation Army during the pre-Christmas kettle drive. The Kiwanis Club has won the honor enough times in now have permanent possession of the award.

Papers of appreciation were presented to past chairman of the Advisory Board, Robert Daehn, and current chairman Berger. The speaker was presented with a book on the history of building in Sanford, Meeno.

Music was provided for the banquet by the 15-member Salvation Army Band from Sanford, directed under the direction of Bandmaster Bill Van Winkle.

The benediction was given by Mrs. Captain Walters.

Rosenwald Parents Split Over Plans Knowles Seeks Local Retirement Systems

By Diane Petryk
Herald Staff Writer

A press conference called by disgruntled Rosenwald parents this Tuesday provided a forum for a minor confrontation between parents who hope to dry a proposed addition to the exceptional child center and those who are in favor of the school expansion.

Skaggs told reporters Seminole county school administrators gave misinformation in stating that the \$250,000 in state funds must be "brought into the budget" by June 30 or lost.

The actual date for the state funds, he said, is August 1. Skaggs said the school administrator is trying to railroad this thing (the addition) through.

Charles Chick, the state's associate commissioner for educational facilities, said Tuesday that April 1, 1968 is the deadline by which the money must be "brought in." That means a contract for work must be signed or a purchase order issued, he said.

John D. Dudley, director of the State Department of Education said today, "It sounds like there's no rush. Normally, allocated funds would be budgeted in the year

they're awarded. But that may not be necessary in this case since they have until next year for accomplishing it." Chick says they have until April 1968 the funds allocation could be carried forward unaltered. It's evident they Seminole County school officials are not going to lose it.

Skaggs, PTO president, and several other Rosenwald parents said the extra classrooms would merely add to a marginal facility. They want more time to study the alternatives. A parent-teacher steering committee formed to study the issues is due to report next month. But Skaggs said the school administrator is going ahead with plans for the addition before they can make their findings known.

School officials disagreed.

"We've had parent input," said administrator spokesman Karen Coleman who assured the press conference along with Benny Arnold, assistant superintendent, and Donald Ricci, director of exceptional education.

"We think we're very timely with this," Arnold said. "You can only invest the wheel a few times."

Mrs. Wagner said the seven-classroom addition could

form the core of a new facility to be built on the Rosenwald site at a later date.

"We are on the part of the school administration a more peace quickly but without great feeling behind it," Skaggs said.

Mrs. Dean Skaggs said: "We're just asking for the best extension."

Another parent, Dr. Gordon Garver, said he agreed the Skaggs.

"I feel this money is being spent too fast without consideration for the whole facility," he said. Garver said his daughter, age 7, will be attending Rosenwald probably another 12 years, so he is especially concerned with the fate of the institution.

The state's \$250,000 were allocated to Seminole County to offset the impact of doubling of the state-run Sunland Centers. The allocation, Skaggs said, was based on an expected 23 additional students being added to the centers.

"We now have 37-40 being according in Mrs. Hendrix (principal of Rosenwald). We may even be entitled to discontinue the program for the proposed Rosenwald addition at any time."

FOCUS

IN BRIEF

Literacy Test Rule Expected Before May 19

TAMPA (UPI) — U.S. District Judge George C. Carr says he will rule on the legality of the state's literacy test before May 19 when the Florida Legislature has scheduled high school graduation ceremonies.

Scientists in public high schools currently are required to pass the test before they can receive a diploma.

A group of 10 Hillsborough County blacks filed suit in federal court challenging the legality of the test. It is the first time a federal court has heard an argument as to whether the 24 basic skills measured by the test actually are taught in the schools.

Attorneys for the students later raised the question of whether black students still suffer from the "residue" of school segregation which ended in 1971, before any of this year's seniors started school.

Carr held two days of hearings on that question this week and after closing arguments Tuesday, said a ruling will cover both issues.

Rape Victims Get Help

TALLAHASSEE NEWS — The Legislature is taking a close look at a bill which would establish a rape victims' working fund from the Florida Crime Compensation Fund.

A bill (HB 73) intended to make it easier for victims of sexual battery to obtain benefits under the fund was approved by the Senate 37-0 Tuesday and sent to Gov. Bob Graham, who is expected to sign it. House members passed the plan earlier this session.

The Legislature passed a bill last year requiring the Bureau of Crime Control and the Department of Labor to pay for the initial medical examination of a sexual battery victim.

It is believed that the victim must try to get payment of the expenses from medical insurance, with the compensation fund paying the difference up to a certain maximum.

HB 73 required that sexual battery victims agree to bring charges against the person who committed the assault and testify as a witness for state prosecutors.

The legislation eliminates these requirements, which are opposed to diversion against sexual battery victims, most of whom are women, said Senate Judiciary-Civil Chairman Jim Scott of Fort Lauderdale.

Gleason's Home Burned

LAUDERHILL (UPI) — Sheriff's deputies are investigating a fire that caused more than \$250,000 in damage Tuesday morning at the Gleason's mansion at the exclusive Club of Iveyton.

The fire was in the 80-5 million home, called "Olea House," where a neighbor saw flames blazing through the roof about 6:30 a.m. and called 911.

Gleason, 67, is an Imperial Pines Medical Center in Fort Lauderdale where he underwent the surgery April 14 to remove a condyloma carcinoma.

"The fire started apparently on an upper level near the stairwell. We do have the sheriff's office and local investigators looking into it as a matter of routine," said Broward County Sheriff's spokesman Robert H. Johnson. "There is nothing to indicate that it was deliberately started," he said.

Gun Safety Lesson Turns To Tragedy

LAKELAND (UPI) — A neighbor's attempt to teach his three small children gun safety turned to tragedy when a 4-year-old girl was killed on Monday.

Police there charge Dr. 51, died Saturday afternoon, shot one in the chest by a 4-year-old Nicole Mason.

"He told her to shoot at him," James' girlfriend told common-law wife Edna Mason, 37. "She said it wouldn't hurt him."

"She didn't know the gun was loaded," Ms. Mason said. "Nichole had slipped her cousin the gun so she could dandy. She got the .28-caliber weapon in her tiny hands, pointed it at James and pulled the trigger."

A second later, James lay dead on floor.

Ms. Mason said she was nearby as the child began to obey James. "I tried to reach for her to knock the gun away, but I was too late. It all happened so fast," she said.

"Nichole screamed when the gun went off. I grabbed her up and carried her to the hospital. She was crying and screaming," she said.

"She doesn't understand what has happened," Ms. Mason said.

She said the tragedy happened while James was giving her young children a lesson in gun safety. Two of the children, ages 4 and 6, had looked at the small, shiny handgun and were about to go into another room, but Nichole remained because she wanted to please James, Ms. Mason said.

"They (the children) thought he was so big and brave — they thought nothing could hurt him," Ms. Mason said.

"The just had the gun a couple of months. He got it for protection. But wanted to teach the children to learn it could hurt someone," she said.

Ms. Mason, who called an ambulance and police, said Nichole said appeared to be in shock Monday. "She knows she pulled the trigger and the gun went off, but the real hurt is in her eye."

James' father, police Capt. Ron Nimmer said Monday the case still is under investigation. Findings will be turned over in the state attorney's office on Friday on whether the shooting was accidental, he said.

Badge Number 92 Is A Mean Machine

ORLANDO (UPI) — The Orlando Police Department's Badge 92 is a mean machine. It is a 1975 Ford Mustang with a 289-cu-in. V-8 engine that sports 150-hp and weighs 195 pounds. It just has to weigh 195.

Indeed, Badge No. 92 is a mean machine.

It's a 1975 Ford Mustang and was never more than the force Monday by Major Paul F. ...

In Environmentally Sensitive Areas

Graham Backs Tougher Development Rules

TALLAHASSEE (UPI) — Saying the state must balance the demands of development with protection of natural resources, Gov. Bob Graham has endorsed legislative proposals to strengthen the state's hand in dealing with environmentally sensitive areas.

The recommendations by Graham's Environmental Land Management Study Commission deal specifically with the state's Areas of Critical State Outcrop and Developments of Regional Impact programs.

"These amendments have far-reaching impact," said Big Cypress Swamp in Collier County, Green Swamp in Lake and Brevard counties and the Florida Keys. The "regional impact" program applies to

developments that would have a local impact, such as shopping centers occupying more than 40 acres and providing parking for 2,500 cars.

The recommendations would also require the Department of Veterans and Community Affairs to advise the planning process through administrative procedures, give the Department review and approval powers over local comprehensive plans and provide \$2.5 million to help financing and on advisory efforts.

"The recommendations reflect a careful review of the existing and emerging problems in Florida's growth management laws," Graham said. "I am strongly recommending approval of

these measures ... It is essential that we maintain a proper balance between the legitimate demands of development and the need to protect our natural resources.

The executive report also said specific provisions to the state administration of the "critical areas" program in the Florida Keys and recommended that the state "be alerted to prepare all components of a comprehensive plan for Monroe County that are not now unduly restrictive."

The commission said the cost of the state's efforts should be declared from Monroe County's state revenue sharing plan, unless the county shows progress in improving its own plans to comply with existing laws.

Gov. Bob Graham

House Panel OKs Upping Consumer Loan Interest Cap

TALLAHASSEE (UPI) — A House committee has approved a bill that would raise the maximum interest rate on most consumer loans to 25 percent, but one before an involved series of parliamentary maneuvers.

The bill (FCR 8-251) passed in the House committee by a narrow 11-10 margin Tuesday, with committee Chairman Sam Bell, D-Ormond Beach,

casting the deciding vote.

Bell also broke a 10-10 tie on an amendment by House Speaker designate James Monte Thompson, D-Gaines, that would have deregulated entry into the banking business in Florida.

Thompson said that if the interest rate ceiling was being partially deregulated, entry into the banking

business should be deregulated as well. Opponents, however, argued that Thompson's proposal would make it easier for drug smugglers to set up their own banks to launder money.

Bell said he did not disagree with the concept of the Thompson amendment but he said he objected to the fact that the amendment had not been debated fully.

Cornerstone To Be Installed

The Grand Lodge of Florida Masons will lay a cornerstone for the recently dedicated Casaberry City Hall at 3 p. m. Friday. Presiding will be the Most Worshipful Grand Master for the state, Harvey B. Eddy of Winter Park. Casaberry city officials, including City Council Chairman Carl Robertson, chaplain of the South Seminole Masonic Lodge, Casaberry, and Councilman Thomas Embree, also a Mason, who will serve as grand sword bearer in the ceremony, will attend.

Among the other Masonic dignitaries scheduled to take part are Goldsmith of Melbourne; the Right Worshipful Robert D. Fischer of Winter Park, deputy grand master of the 10th District; Sam Lewis of Altamonte Springs, state grand marshal; and Otis R. Erickson, worshipful master of the South Seminole Lodge.

A time capsule will be placed in the cornerstone containing several items from the city and from the Masons. Mayor Charles Olawock

said among the items to be included are a copy of the city charter, photographs of city officials and the city hall, a piece of the ribbon used for the dedication of both the old and new city halls, a list of elected officials and appointed board members and the various city departments, a map of the city and copies of the Evening Herald from the Feb. 24, 1963, Progress Edition and the March 27 account of the city hall dedication, and a Dec. 21, 1946, Chicago Tribune telling about the founding of the town.

Sherrin Williams

Construction is moving forward on the new 9,000-square-foot Sherrin Williams store in the 2300 block of U.S. Highway 17-92 just north of Lake Mary Boulevard in Sanford. Clare Marshall, manager of the Sherrin Williams Decorating Center at 218 S. French Ave., said she expects to move into the new facility by mid-June. The \$260,000 building will provide 4,000 square feet of show space for her home decorating center, an additional 3,500 square feet for stock and other

stores plus space for a warehouse for Sherrin Williams. Ms. Marshall said the Sherrin Williams Corporation will own the new building, which is being constructed by E. E. Gene Simmons of Sarasota. Ms. Marshall said Sherrin Williams has leased a store in downtown Sanford for at least 10 years. She said the company decided to build a new store to provide a wider variety of merchandise.

Haig To Talk At UCF

Former Secretary of State Alexander Haig will be the guest speaker at this year's President's Circle Club dinner May 5 honoring those persons in the community who give at least \$1,000 during 1962 in support of the University of Central Florida's academic programs.

The event will mark the fifth annual gathering of the sponsoring group which has grown from fewer than 40 members to more than 100, according to UCF President Trevor Colburn.

This year's dinner has been shifted from the Sycamore Club to the University, said George St. Laurent of Longwood, chairman for the occasion.

Previous speakers at the President's Circle dinners have been William F. Buckley Jr. and Dr. Henry Kissinger, another former secretary of state.

'Bay Queen' Cruise Ship Sailing Home Next Month

By Donna Estes

Herald Staff Writer

The cruise ship "Bay Queen" will leave its dock at Monroe Harbor for the last time at 6 a.m. May 3 for its voyage back to Charlevoix, Mich., and its summer cruises there on the Great Lakes.

Many members of the Sanford-based staff will go with her as far Jacksonville before returning to prepare for the arrival of the \$1 million "Star of Sandford" cruise ship scheduled for later summer.

The "Star of Sandford" was ordered and currently being built in Maryland, is 122 feet long with two enclosed air-conditioned decks and a third sun deck. The new ship will seat 150 passengers on each of the enclosed decks and its overall capacity is 600.

The official introduction of the "Star of Sandford" in the area is scheduled for Sunday, Aug. 28.

By the time the "Bay Queen" leaves, it will have processed aboard nearly 50,000 persons. Special events during the five months it operated here include weddings, birthdays, fund-raising cruises, classes, reunions, retirement parties, private charters and a high school prom.

Resign was made by Star Line Corp. to return the "Bay Queen" to Michigan and have a new ship designed and built for the Sanford operation because the older one is designed for the northern climate. The new one is specifically designed for Florida weather.

In the meantime, some space is still available on the last of the "Bay Queen's" lunchtime cruises out of Lake Monroe onto the St. Johns on Saturday and Sunday from 1 to 3:30 p.m. The final cruise scheduled for 4:30 to 7:30 p.m. Sunday, has been chartered by Radio Q 103, a jazz station in Winter Park, for a client party, according to Kasei Yonaris, the ship's public relations director.

The Saturday night cruise is booked, said Mrs. Yonaris, and on Friday night the Westinghouse Corp. has chartered the ship.

Mrs. Yonaris said she gave Howell High School prom girls Thursday night was a big success. The rains stopped, she said, before the 410 young people looking sharp and attractive in tuxedos and party dresses arrived for the event. She said even though last Saturday was one of the worst weather days since the "Bay Queen" began its cruises here Dec. 1, some 700 persons showed up to take a ride anyway.

Next Monday, the ship's staff and crew will be preparing the ship for its northern voyage so there will be no cruises that day.

After the "Bay Queen" leaves, the Star Line Corp. offices at Monroe Harbor will remain open during business hours Monday through Friday weekly to take advance reservations.

The Bay Queen soon will end her visit in Sanford

Some Retirees May Get Higher Social Security Benefits

WASHINGTON (UPI) — Social Security recipients who continue to work past time after retirement may be eligible for larger monthly checks that they have been receiving, a new government study shows.

The General Accounting Office, in a preliminary study, said 1.4 million retirees are eligible for more than \$1 billion in back benefits because their checks did not reflect the increase in their lifetime earnings caused by their post-retirement employment.

The GAO said 96 percent of the cases reviewed by government auditors in 1979 showed that lifetime earnings were not reflected in Social Security checks.

The report said the average underpayment to single persons was \$575, representing a loss of about \$20 a month. Those with families got \$633 less than they should.

Checks making up the underpayments in one lump sum began going out in trouble affects millions who continue to work after retirement. Their earnings can raise the average monthly income on which Social Security benefits are calculated.

Rep. George Miller, D-Calif., who requested the study, said the average recipient must wait nearly three years for the government to update their lifetime earnings level, and called that "intolerable."

But the staff of the Social Security Administration's best job, it's not good enough," Miller said. "They hope to get it down to a nine-month lag period," he said, but that could be five years away.

Social Security Commissioner Daniel Scahls, calls Miller's charges "old news," said steps already have been taken to correct the problem.

"The policy of delaying findings and computations runs apparently in the past was deliberate," Scahls said, adding the Carter administration did it to save money.

"What happened about it I've never seen," Scahls said. 90 percent of those with earnings from 1979-82 already have begun receiving increased benefits. He said benefit recalculations for 1981 will be done shortly, and 1982 recalculations should be complete within nine months.

Miller said he will introduce legislation to require the government to pay a 20 percent interest rate to Social Security recipients whose recalculations of lifetime earnings is more than six months late.

Currently, recipients receive an interest on back benefits paid in one lump sum. Future monthly checks are adjusted to reflect increased earnings.

Miller encouraged Social Security recipients working part-time who suspect their checks do not correctly reflect lifetime earnings to go to a Social Security office and request a manual recalculation.

Retirees should bring proof of post-retirement earnings — either an income tax return or W-2 form from an employer — to justify the request.

New Oxygen Injection Might Reverse Human Stroke Damage

PHILADELPHIA (UPI) — Medical researchers report an injection of an oxygen-rich mixture into the spinal canal significantly reversed stroke damage in laboratory animals and may be used to treat human stroke victims.

Dr. Joseph Osterholm, chairman of neurosurgery at Jefferson Medical College, said the mixture was injected into the spinal canal to reach the brain's laboratory cats and was successful in reversing stroke damage.

Osterholm said, however, the treatment was only useful if applied shortly after a stroke.

"This new method may only work within a very short time after a stroke, possibly minutes to hours, and it cannot reverse the effects of a previous stroke," Osterholm said.

He said the primary objective up to seven times the normal amount of oxygen found in the blood and was injected into the spinal canal to reach the brain.

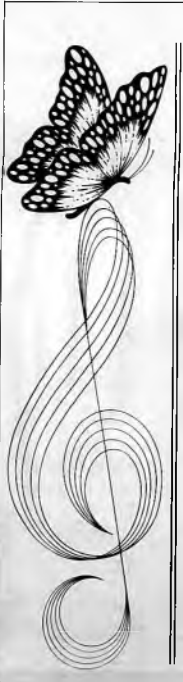

to find another route to the brain instead of the blood stream.

Restoring oxygen to the brain is a prime concern after a stroke because the lack of oxygen can cause brain damage or paralysis, Osterholm said.

He said he hoped to begin tests on human subjects as early as next year, adding, the technique could be valuable in preventing strokes or aiding patients suffering oxygen loss in their brains as a result of drowning, heart attack or shock.

Osterholm delivered the results of the research at the 1983 meeting of the American Association of Neurological Surgeons in Washington, D.C.

"I believe our work over the past six years on hundreds of experimental animals is the first to suggest using this special mixture will support its use in the prevention and treatment of stroke in humans," Osterholm said.

Double Plays, Lang's Bang Oust Patriots

By Sam Cook Herald Sports Editor
If the double play is a pitcher's best friend, Lake Howell's Van Colmont must be a pretty popular guy. The Silver Hawks infielder, who will later be honored with the legendary title of Timken-to-Evers-to-Coach in their fourth double play Tuesday, on Lake Howell topped Lake Brantley, 4-2, in the first round of the District 4A-9 Baseball Tournament at Sanford Memorial Stadium.

The victory advances the Silver Hawks in the semifinal round Thursday against top-seeded Apopka, a narrow 2-1 survivor over Spruce Creek. Sophomore Jimmy Daniel (14) will go for the Hawks against Apopka's Steve Thompson (16). In the two other quarterfinal games, Deland outbatted Mainland, 9-7, and Lyman routed over Seminole, 6-2. Deland and Lyman will meet at 7:30 p.m. Thursday.

"We've been working on our defense all week because we know that's our area that needs improvement," said coach Hino Benjamin. "We still had no many errors, but came up with the big plays."
While the Hawks batted out Colmont with the four twin killings, Junior Bill Lang put on a one-man show offensively. Lang, a lefthand pitcher with 22 steals, opened the game by reaching on a shortstop Jimmy Roberts error against Brantley starter Mark Cochran.
Lang's immediately stole second preceding a lead-off drive to score the first run.

"The kid's Lang a great athlete," said Brantley coach Sam Murray about the play. "It's an aggressive baserunner and he took advantage of the situation."
Lang's next hit came in the next inning, Cochran, who had beaten Lake Howell twice, once with a perfect game, gave up a single to Vito Roberts and then walked to 8th after a hit by one out on the second.
Lang then jumped on a fastball and sent it over the fence. He took to deep center for a three-run homer and a 4-0 lead. It was the second time Lang had taken Cochran out of the yard in two weeks. The latter came at Lake Brantley on April 13. It was Lang's fourth homer of the year.

"Lang is good at a batter," pointed out Benjamin. "If he gets the right pitch, he can hit it out of anywhere."
After Penderwater walked again, Colmont struck out, but Cochran then walked Roberts and Murray pulled the string on his 10-4 winner. He was given relief. A ground ball got him out of the jam and he went to retire 15 of the final batters.

The way Lake Howell was turning double plays, however, four runs were more than enough. Jim Warwick was hit by a pitch in the second but was jammed into a silly John Canfield-to-Tuttle-to-Roberts play.
In the third, Brantley loaded the bases, but Canfield flogged down Rich Van Der Woude's hot smash and stopped on third base for the twin killing.
In the fourth, Brantley reached on an error by

Wild throws and misplayed ground balls hampered Seminole against Lyman Tuesday. The Tribe made five errors as Lyman rallied to an 8-2 win. Above, Andy Griffith reaches for an errant throw as Tom Gibbons heads for first. Gibbons drove in four runs with a pair of hits. At the right, third baseman Terry Co makes a leaping grab as third base coach Bob McCullough holds up Steve Lorenz.

Lady Seminoles Draw Powerful Apopka In District Opener At Deland

By Chris Felt Herald Sports Writer
The home field advantage will be an added boost for Deland's Lady Seminoles Wednesday as the District 4A-9 baseball championship opens upon the opening of Deland, which is the district, between Deland and Deland an opponent. The Lady Seminoles' Lady Noreen Hawks who played Lake Brantley at Sanford Memorial Stadium.

The Lady Seminoles, who opened with one out, won against the opponent 2-0. In the second inning, Apopka's Heidi Kuntz hit a home run to give the Lady Seminoles a 2-0 lead. Apopka's Heidi Kuntz hit a home run to give the Lady Seminoles a 2-0 lead. Apopka's Heidi Kuntz hit a home run to give the Lady Seminoles a 2-0 lead.

...Double Plays Out Pats

Continued from 7A.

Pulidexter, but on a hit and run. Pulidexter pulled in a pop fly by James and gunned it to Roberto for the third double play.

The Patriots finally got to Golimont. G-2, in the sixth, Colley singled and went to second when Bobby Miller couldn't find the handle in left field. Van Der Wende singled him to third. Finch-hitter Brennan Aspinen followed with a chip shot over third to score Colley.

After James popped out, Alan Wang, who had two hits already, rapped a hard grounder to Pulidexter who tossed to Tuttle for one and the relay to Roberto checked off the side with 107 1/2.

Lake Brentley added his last run in the seventh on a walk to Steve Salmon and an overthrow by Canfield on a double to great ball allowed Salmon to score. Colley then grounded out to third to end the game.

"Olemit was as sharp as usual," said Robinson about his ninth-inning blunder. "But he hasn't pitched in two weeks. He's been our most consistent pitcher all year, though. That's why I stayed with him. He hung in there when he had to."

"When they got those four runs early, it took out all of our arms," said Montgomery. "And then we didn't expect all those double plays."

Apopka Nips Creek

Apopka, the Five-Star Conference champion for the second year in a row, didn't expect the episode it learned from Spruce Creek either.

"We were fortunate to win," said Apopka coach Senny Wiser after the Blue Demons pulled out the 2-1 victory on an excellent square bunt by third baseman Larry Merrick in the sixth inning.

Wiser remembers that Apopka was held to just hit by Tom Munnick, you can't wait around for something to happen," pointed out Wiser. "We had to do something to happen."

Which the Darters, 2:26, did in the sixth. With one out, Billy Johnson rapped Apopka's only hit in the sixth on a double play for a double. Doc Brewer followed with a walk. Mike Hixite then threw a lazy fly ball to right with two outs. Spruce Creek managed to hold Apopka to one inside fastball dolly and dropped it down the third-base line.

Brewer, who had his season's longest streak knocked at 32, retired the last 11 batters he faced, started by a snappy Billy Johnson to Troy Johnson to Troy Brewer double play.

Brewer fanned 11 and walked two. Merrick struck out two and walked three. Both Apopka runs were unearned. The Darters scored one in the first when first baseman Bob Plathman tossed a two-out three behind Merrick to allow Billy Johnson to score from second.

Spruce Creek managed just two hit off Brewer, but they were consecutive. James Sanford, who hit Brewer high in the eye, pitched to right-center in the third and scored on a single up the middle by Mike Lynch.

James Sanford was robbed off an extra base ball when Mark Rinsinger pulled in his drive in center and then cranked into the wall.

...Latmore Clubs Bucs

Continued from 7A.

derwood. Mark Upon followed with a sacrifice on which the first Phillips was running with the ball. He never actually got second base, racing into third and when Mark Johnson threw the ball away, Phillips came home with a run.

Latmore, known more for his glove work than his bat, went to work in the bottom of the fifth. He hit a Garcia fastball over the left-center field for the game-tying home run.

In the sixth, Garcia threw the first two hitters, but then gave up three straight walks. Latmore followed with a smash down the left-field line which scored two runs.

Underwood retired the last six hitters in order to preserve his win.

Harold Phipps by Tommy Woodard

Apopka Takes Second

Apopka's second baseman Tony Johnson makes the pivot (top) and gets ready to throw the ball to first as Mike Lynch arrives to take to dump him. At the right, Troy Brewer grabs the throw to complete a double play as Tom Merrick heads for the base.

'Bewildered' Elway Says He'll Never Play In Baltimore

NEW YORK (UPI) — John Elway, Denver Broncos quarterback, was not exactly thrilled to be the first pick in the 1983 NFL draft.

"I'm bewildered right now," Elway said after the Baltimore Colts used his first pick Tuesday to take the All-America quarterback from Stanford. "I don't know where I am but I know I'll never play in Baltimore."

Elway's reaction is no surprise. His father, Jack, and agent, Marvin Demulst, had met with Colts officials several times before the draft to try to dissuade them from choosing him.

Baltimore turned down several tentative trade offers, however, and went for Elway, who may now desire to sign to play baseball with the New York Yankees instead.

"He was disappointed," Baltimore coach Frank Ruhn said. "He said he was going to play in Baltimore. He said he wasn't going to play football in Baltimore."

Nine teams after being selected by the

Pro Football

Colts, Elway held a press conference in San Jose, Calif., to announce he had reached an agreement to participate to play for the Yankees. Elway played in the Yankees' minor league system last summer.

"I think the agreement is for five years but I can get out of it after the first, second or third year," Elway said.

Since Elway hasn't yet signed with the Yankees, the Colts can still deal him to an NFL team in the West Coast, where Elway said he wants to play. Jack Elway, head football coach at San Jose State, said the Los Angeles Raiders offered three first-round picks and quarterback Marc Wilson but the Colts turned it down.

NFL Commissioner Pete Rozelle is still consulting on Elway playing in the NFL.

deal. "I can't see the Yankees making a strong financial deal to have him play in the minor for two years and then have the option to play football without going to the majors," Rozelle said. "Realistically, it's not practical to them to pay him big money and not have him want to go to the Yankees. I'm hopeful it will still work out."

Elway was the first of a record six quarterbacks selected in the opening round, six defensive backs and seven in the first round, which took three hours and 14 minutes.

The record record for quarterbacks selected in the first round was four, set in 1948, 1952 and 1954. Twelve of the 15 first selections were offensive players and all five AFC East clubs chose the best-qualified picks to affect quarterbacks.

Kansas City, an AFC West team, used the seventh pick in the opening round on the all-time passing yardage leader (10,340) to former Dallas Star, young star Jim McMahon.

Colts' Loss Will Be Yanks' Gain

SAN JOSE, Calif. (UPI) — The Baltimore Colts' loss to get to be the New York Yankees' gain unless the Colts find a way to deal in the next couple of days.

The Colts made John Elway, Stanford's All-America quarterback, the top pick in the NFL draft Tuesday even though Elway told them he would never play for them.

So, unless the Colts can trade Elway to a West Coast team before the week is out, he will go abroad and Baltimore, a \$2.5 million loser, will be the Yankees, for whom he played in the minors last year.

"I wanted to give football a chance," Elway said, "but there just is no way to get a play in Baltimore. I told the Colts that on three different occasions but I guess they just didn't believe me about the chances."

"Well, I am. If they can't or don't want to go to a West Coast team, I'm going to sign with the Yankees. This whole thing with the Colts has been an eye-opening experience for me, but I don't know why I should be disappointed playing for the Yankees."

Elway's father Jack, who is the head football coach at San Jose State, said both the San Diego Chargers and the Los Angeles Raiders made the Colts attractive offers for their No. 1 pick but were turned down, leaving John no other choice than to pass up football and opt for a baseball contract.

Elway, rated by some as the greatest college quarterback in history, said his contract with the Yankees of \$200,000 a year, good for the first, second and third years.

"I'm giving up college in the contract so I can get out of it to choose to go to college. That might mean my chances of playing football don't seem all that good. So, after I graduate in June I'll go to St. Louis and try to become the best baseball player in the country."

According to the elder Elway the Chargers offered the Colts three first-round picks plus other considerations for the rights to Elway. When the Colts turned them down they went ahead and signed veteran quarterback Vince Edwards, who had been with the Colts for 10 years.

"It's a tribute to John," said Jack Elway of the move by the Chargers. "As late as Monday they were still trying to deal John but the Colts got greedy and wanted too much."

"The Raiders, from what I've been led to believe, offered the two first round picks, one first and a second next year plus a backup quarterback (Babe Wilson) and they turned that down, too. I don't understand what the Colts thought they were doing because now they have nothing."

"I'm a little bewildered," said John Elway. "I don't know where I am but I do know I'll never play in Baltimore. That's final."

Pamper Mom On Her Day With Coconut Velvet Pie

Editor's note: The cook of the week column normally appearing on this page will resume next week. We present a special recipe this week to give our readers ample time to prepare for Mother's Day, May 9.

Whether it's Mother's Day or any day to make Mom feel extra special and appreciated, create this luscious, delicately flavored coconut pie. Maybe Mom will celebrate her day relaxing, reading or engaged in one of her favorite activities.

The son or daughter who bakes up this sweet confection will definitely make Mom feel like Number One. Easy to make, this velvety pie features a surprisingly condensed Cheddar Biscuits crust. It's the soup that gives it over its smooth consistency. Other ingredients are sugar, milk, eggs, vanilla and coconut. Purchase a ready-made pie shell or show off culinary handwork and roll out your own.

COCONUT VELVET PIE
1 cup sugar
1/2 cup all purpose flour
1 can (11 ounces) condensed Cheddar cheese soup
3/4 cup scalded milk
3 egg yolks slightly beaten
2 tablespoons butter or margarine

Cheese soup gives coconut pie a smooth consistency

1 teaspoon vanilla extract
1/2 cup flaked coconut
1-inch baked pie shell
whipped cream
toasted flaked coconut
In saucepan, combine sugar and flour. Gradually blend in soup and milk. Cook over low heat, stirring until thickened. Gradually blend about 1 cup soup mixture into beaten egg yolks. Stir egg mixture into soup mixture. Cook over low heat, stirring until thickened. Add butter and extract; stir until butter melts.

Fold in coconut; cool 10 minutes. Pour into pie shell; chill until firm. Garnish with whipped cream and toasted coconut.

From Codisco To Cancer Crusade - \$1,000

Robert Briggs, executive vice president of Codisco Inc., from left, and Ernest Cavaliero, secretary-treasurer, present a check in the amount of \$1,000 from Codisco to Vivian Buck, chairman of the ACS-125 gala, and W.E. "Duke" Adamson, chairman of the Sanford-Lake Mary Unit of the

American Cancer Society's annual crusade, "Knock on Every Door." The presentation was made at the ACS-125 social held at the home of Codisco president Don Baerle and Mrs. Baerle. According to Adamson, the crusade goal is \$50,000.

Pilot Club Members Off To Conclave

More than 400 service club members will converge on the Destin/Fort Walton Beach area when the Pilot Club of the Miracle Strip, Fort Walton Beach, will host the Florida District Convention at the Sandestin resort from Friday, April 29 to Sunday, May 1.

Opening ceremonies will include the Naval Air Training Command's Pageant of Flags, executed by members of the Fort Walton Station, Pensacola, and a welcome address by Naval Air Station Beach Mayor Kate Bagley.

Highlights of the convention will be the Saturday night banquet which will also feature the installation of District officers following the morning election.

Entertainment at the banquet will feature the St. Andrew's Society of Scottish Country Dancers and Pipes from Pensacola, and several local talents.

Members of the Pilot Club of Sanford who will attend from this area are Mary Jo Cochrane, Geneva Spaulding and Pauline Stevens.

The convention will be chaired by Gaynelle Moon, Fort Walton Beach, Governor of Florida District.

Pilot Club International is one of five international clubbed civic and service clubs for executive business and professional women and was chartered in Marion, Okla. on Oct. 18, 1921.

Mary Jo Cochrane, left, and Geneva Spaulding, right, along with Pauline Stevens, are delegates of the Pilot Club of Sanford to the district Pilot Club convention at Fort Walton Beach this week.

Garden Circle

CENTRAL CIRCLE
Mrs. C. Allen and Mrs. Fred Sapp were joint hosts for the April meeting of the Central Circle of the Sanford Garden Club.

Flowers were made for the recent flower show. Arrangements were also made for the District meeting to be held in Sanford, May 4.

The final meeting of the circle before the summer vacation, will include a field trip to the Buena Vista Shopping center. A luncheon and fashion show will complete the day's activities.

Garden Of The Month

The grounds at the home of Mr. and Mrs. E.A. Barton, 411 San Carlos Ave., has been selected by Misses Circle of the Garden Club of Sanford for the April Garden of the Month Award. According to a Circle spokesman, the neat and shady yard is covered with closely-trimmed ivy and a number of hanging baskets add to the attractive appearance.

Millions Suffer From Ear-Ringing

DEAR ABBY: Thank you for the letter signed "Hearing Things in Illinois." I am especially interested because so many older patients take large doses of aspirin to ease the pain of arthritis. This information will not stop the ringing in their ears, but it may comfort them to know that they're not imagining things or going crazy.

Dear Abby

It helps people to know that they're not the only ones afflicted with this annoying problem. And it may make my job a bit easier.

IN HOWA CITY Dear PHARMACIST: Many physicians were to suggest that I mention aspirin as a possible cause for tinnitus. This may give the manufacturers of aspirin an excellent headache, but I feel an obligation to pass the information along to my readers.

I also heard from many in the dental profession inferring me that "buzzing in the head" is sometimes caused by ill-fitting dentures, tooth grinding or malocclusion (abnormality in the "bite"). Dentists who focus on the treatment of TMJ (temporomandibular joint) have also offered some relief from tinnitus.

Readers: Now, also is heard an encouraging word: **DEAR ABBY:** Please list "Hearing Things in Illinois," and the millions of others suffering from tinnitus about the American Tinnitus Association. It supports tinnitus research and provides information and referrals to specialists.

health care providers who can help some sufferers. Referrals can also be made to some of the many tinnitus self-help groups that have sprung up all over the United States and Canada.

Research into the possible causes and cures for tinnitus is being carried out at several universities in this country and abroad. Patients should, however, be wary of those who make extravagant claims because at present there is no universal "cure" for tinnitus.

Patients should feel free to make further inquiry by writing to the American Tinnitus Association, P.O. Box 5, Portland, Ore. 97207.

WHY ARE METRIC DOSAGES USED ON A PRESCRIPTION?

ECKERD HEALTHLINE

BY GERALD FRIEDBERG
ECKERD PHARMACY

The doctor continues to America about the medicines that are used in the metric system. From the pharmacist's point of view, it is not so simple as it seems. It is not that metric dosages are any more complicated than the old-fashioned ones. It is that the old-fashioned ones are so complicated that the doctor has to be sure he is giving the right dose. The doctor has to be sure he is giving the right dose. The doctor has to be sure he is giving the right dose.

Peanut Hummus Popular As Dip

There has been a trend toward fresh hummus. For example, hummus is a traditional puree with a chickpea base, is a favorite of Arabs and Turks and appears in many European Jewish cuisines.

It has become popular in America as a dip and also may be used as a dressing for fish, meat and vegetables such as cucumbers or eggplants.

PEANUT HUMMUS
1 cup (16 ounces) chickpeas, drained

1 clove garlic, minced
1 tablespoon fresh lemon juice
1 tablespoon olive oil
1 cup fresh ground peanuts
1/2 cup mayonnaise
1/4 cup fresh lemon juice
Salt and pepper to taste

In blender or food processor, blend chickpeas and add above to medium bowl, combine parmed chickpeas.

garlic, three juice and olive oil. Stir to combine.
peanut butter, lemon juice and salt and pepper.
Continue to stir and blend. Drain. Serve with
crackers or fresh vegetables. This kitchen-tested recipe
is from "The Hummus Book" by Tompkins.

Tompkins Peanut Hummus 1 cup Peanut Hummus
and blend with 1 cup tomato ketchup. Make 1 1/2 cups.

Treat Mom To Luxury Breakfast In Bed

Children derive the greatest pleasure from preparing food, especially something to surprise mother or dad. Breakfast in bed for mother on her special day can be enormous fun for everyone involved.

Here's a Mother's Day menu idea that's really different but very simple. It starts Hawaiian Potato Muffins, a delicious, breakfast or brunch main dish made in individual small casseroles, begin with instant mashed potatoes prepared by dad or an older child. Younger hands can take over from there, blending in pre-measured amounts of ham, crushed pineapple and mustard and sprinkling on crushed nuts before the "muffins" are baked to a golden brown finish.

The convenience of instant mashed potatoes eliminates time-consuming peeling, soaking, boiling and mashing. With these frozen cubes heating the "Grown ups" slogan and state alcoholic, you're assured of the same quality, texture, flavor and performance you expect from that state's fresh potatoes.

Heavenly Hash is another breakfast specialty to make for the queen of your household. This hearty, potato-studded casserole is boosted by a flavor dash of tangy Cheddar cheese. Use care, from southern-style hash layers potatoes and avoid the work of dicing and pre-cooking. After a quick pan fry (that can perform this task), the kids can add the egg mixture to skillet, stir and cook until set.

Take your choice - enjoy Hawaiian Potato Muffins or the stellar Heavenly Hash. Either one, presented on a lovely breakfast tray complete with juice, a flower and breakfast cereals and other goodies to brighten the day, will warm a special heart.

HAWAIIAN POTATO MUFFINS

- 3 cups prepared instant mashed potatoes
 - 4 teaspoons prepared mustard
 - 2 eggs, beaten
 - 1 cup (2 ounces) crushed pineapple, drained
 - 1/4 cup diced, cooked ham
 - 1/4 cup finely chopped onion
- Prepare instant mashed potatoes (for 7 servings) according to package directions, omitting salt. Stir in mustard, eggs, pineapple and ham. Butter four 10-ounce baking dishes; spoon potato mixture into each dish; sprinkle 1 tablespoon mustard over each. Place dishes in a baking shaker. Bake in a 400°F. oven 45 to 50 minutes until golden. Remove from oven, let stand 10 minutes. Lay slices of dishes on hot and steam right side up on serving plate. Yield: 4 servings.

HEAVENLY HASH

- 4 cups frozen southern-style hash brown potatoes
 - 6 eggs, beaten
 - 1/2 cup milk
 - 1 teaspoon salt
 - 1 teaspoon pepper
 - 1 cup shredded Cheddar cheese
- Prepare hash brown potatoes according to package directions. In small bowl combine eggs, milk, salt, pepper and cheese. Add to potatoes; stir over medium heat until eggs are set. Yield: 4 servings.

Here's to Mother and her sheer pleasure of waking to breakfast already made and served to her in bed. Potato muffins make it easy

Nature Bar Cookies Are Ideal Snacks

Whether in school or on a vacation break, little munchkins look for a mid-afternoon snack to reinvigorate their energy and spirits.

Bar cookies filled with nuts, wheat germ and almonds, provide enjoyable nutrients and give them zip. Encourage youngsters to eat their cookies with milk, fruit juice or a pour of hot, frothy-wholesome steaming.

BACK TO NATURE BAR COOKIES

- 1 cup butter or margarine
- 1/2 cup packed brown sugar
- 1 egg
- 1 teaspoon each baking powder and grated orange peel
- 1/2 teaspoon salt
- 2 cups rolled oats
- 1/2 cup chopped almonds, toasted (optional)
- 1/2 cup wheat germ
- 1/2 cup powdered sugar

In 3-quart saucepan over medium heat, melt butter and stir in sugar occasionally. Remove from heat. Stir in remaining ingredients to blend thoroughly. Pat mixture into greased 8 1/2 x 13 inch baking pan. Bake in 325-degree oven about 40 minutes until lightly browned and nearly firm to the touch. Cool 10 minutes. With heavy knife, cut into bars about 1 1/2 by 1 1/2 inches. Remove with spatula to racks to cool completely. Dust with powdered sugar. Store in airtight container. This kitchen-tested recipe makes about 6 dozen.

TOAST ALMONDS

To toast almonds, spread almonds in ungreased baking pan or skillet. Place in 350-degree oven or over medium-low heat on the stove top for 5 to 10 minutes depending on the firm of almonds that you are using. As soon as they are a light golden brown. Stir once or twice to assure even browning. Note that almonds will continue to brown slightly after being removed from the heat.

BUCKWHEAT BREAD

- Preheat oven to 350 degrees.
- Grease and flour one 1/2 x 8 1/2 inch pan.
- Mix together in a small bowl and set aside:
 - 1 cup rye meal
 - 1/2 cup milk
- Stir together and place in mixing bowl.
- 1/2 cup purpose flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1 tablespoon cinnamon
- 1 cup granulated sugar
- 1 cup dark brown sugar

5. Add all moist ingredients together with flour in mixing bowl, mixing only until well blended.

- 3 eggs
- 1 cup salad oil
- 2 cups ground, unpeeled, unspiced
- 2 teaspoons vanilla
- 6-8 strips butter
- 1 cup toasted chopped nuts (optional) 1/2 cup of chopped dates

7. Bake approximately 1 hour.

Note: Delicious plain or filled. For a tea sandwich, slice thinly and spread with whipped cream cheese. Recipe doubles and triples well, but for future needs, this recipe freezes well.

Party-Style Apple Dips Internationally-Inspired

Easy preparation and fresh taste are the hallmarks of the successful summer entertaining menu. A party with a twist for you will be most enjoyable for guests and hosts alike.

The theme of this party menu centers on three marvelous internationally-inspired dips that enhance the natural goodness of one of the best early summer fruits.

The Cage Granny Smith apple, for example, is right in season from May through August. Picked from the trees in the Southern Hemisphere orchards, its crisp texture and sweet-tart taste uniquely counterpoint each flavor of a trio of dips and sauces. Unlike other apples, the Granny Smith is also ideal for an ahead preparation as it will not discolor easily after being cut for serving.

In the recipe called Granny's Kebobs Take a Dip, chunks of the Granny are spread with juicy pineapple and red seedless grapes on a skewer. The zesty sauce is a variation of a sae, the Indonesian specialty with a peanut-hot pepper base. Sates, popular with meats for main dishes, are the Indonesian's favorite snack, and are usually sold by vendors from carts on the streets.

Sharing the table is the Granny's Currant 'N Nut Cheese Dip, a savory, mature with a North African touch of cumin and spices and Granny's Low-Cal Liptauer Cheese, a luscious blend retaining much of the flavor of the Hungarian specialty with very few of the calories.

The "dippers" for the spreads are sliced Granny's, vibrantly green-skinned and glossy. Low in calories, the apple is a healthy and seasonal alternative to chips or crudités. In addition to great taste, the apple provides a good supply of vitamin A, thiamine, potassium, iron, phosphorus and fiber, which is important for digestion.

This toothsome threesome is a super way to greet guests in warm weather.

GRANNY'S KEBOBS TAKE A DIP
 1 tablespoon butter or margarine
 1/2 cup finely chopped onion
 2 cloves garlic, minced
 1/2 cup peanut butter
 1/2 cup water
 2 teaspoons soy sauce
 1 teaspoon hot pepper sauce
 4 Granny Smith apples
 1 fresh pineapple, peeled and cut in chunks
 1/2 pound dark seedless grapes
 In a small sauté pan melt butter, cook onion and garlic 5 to 7 minutes or until tender. Remove from heat. Stir in peanut butter, water, soy sauce and hot pepper sauce. Scrape mixture into container of an electric blender. Cover. Process until smooth, scraping down sides occasionally. Cover dip and chill overnight to blend flavors. To make kebobs, cut apples into wedges and cubes. Thread apple slice, pineapple chunk, grape and apple cube on each skewer. Arrange kebobs on serving platter. Serve with peanut dip. Yield: About 1 cup dip; 4 servings.

GRANNY'S CURRANT 'N NUT CHEESE DIP
 1 package (8 ounces) feta cheese
 1/2 cup plain low-fat yogurt
 1/4 teaspoon vanilla
 1/2 cup ground nutmeg
 3 tablespoons currant
 2 tablespoons finely-chopped walnuts
 4 Granny Smith apples, cored and sliced
 In the container of a food processor or electric blender, combine feta cheese, yogurt, vanilla, cumin and nutmeg until smooth, scraping down sides occasionally.

A Dazzler

Fruits and berries are some of nature's beautiful pleasures. They are fresh and delightful, crisp, tart, luscious or sweet. Fresh fruit is an interesting treasure with its natural beauty and taste. Fruit is a completely satisfying dessert. Dazzle fresh fruits and berries by thinking them as Lemon Fruit Dip. The zest of lemons complements the natural juicy taste of fruits and berries.

The dip is prepared simply by melting margarine and stirring in sugar and cornstarch. It is very important to make sure the sugar and cornstarch are dissolved so the dip is creamy and smooth. To assure this, bring the sauce to a boil and boil for one minute.

The zest of warm sautéed with the refreshing cool taste of fruits and berries is delightful. The flavors are simple, fresh and natural. Make the most of this season and enjoy the beautiful and lush, yet natural fruits and berries. As William Lawson stated, "What is paradise, but a garden; an orchard of trees and herbs full of pleasure and nothing three feet high."

LEMON FRUIT DIP
 1/4 c. margarine
 1/4 c. sugar
 2 tsp. cornstarch
 1/2 cup water
 2 tsp. lemon juice
 2 tsp. grated lemon peel
 In 1-qt. saucepan, melt margarine over low heat 1/4 to 55 min. Stir in sugar and cornstarch until smooth. Add water, cook over low heat, stirring constantly, until mixture comes to a full boil (4 to 5 min.). Boil 1 min; remove from heat. Stir in lemon juice and peel. Serve with fresh fruit and berries.

Creamy Topping Instant Elegance

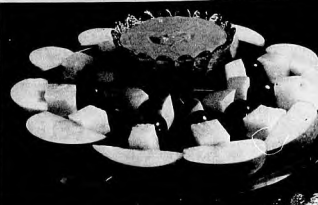

"Five minute" cooks — with more taste than time — find frozen whipped topping, made with real cream, just the style. Creamy, rich, and ready when it's needed. La Creme frozen whipped topping adds that special touch to desserts and festive drinks. Pictured here are traditional Irish Coffee and a lemon-squeaked Foamy Hot Desert Sauce. Both are elegant, easy, and ready in less than five minutes.

FOAMY HOT DESERT SAUCE
 1 cup thawed whipped topping
 1 teaspoon grated lemon rind
 Heat whipped topping over low heat, stirring just until melted. Blend in lemon rind. Serve immediately over cake or gingerbread. 1/2 cup.
 *Variety: Substitute 1/2 teaspoon grated orange rind for lemon rind.

IRISH COFFEE
 2 cups hot coffee
 2 teaspoons sugar
 1/4 cup whiskey
 Whipped topping, thawed
 Combine coffee, sugar and whiskey; top with whipped topping. 2 servings.

Stir in currants and walnuts. Serve with apple slices. Yield: About 1 1/2 cups dip; 4 servings.

GRANNY'S LOW-CAL LIPTAUER CHEESE
 1 1/2 cups low-fat cottage cheese
 2 tablespoons finely-chopped onion
 1 tablespoon paprika
 1 teaspoon dry mustard
 1 teaspoon lemon juice
 1 teaspoon caraway seeds
 1/2 teaspoon salt
 1/4 teaspoon hot pepper sauce
 2 tablespoons capers
 4 Granny Smith apples, cored and sliced
 In the container of a food processor or electric blender, combine cottage cheese, onion, paprika, mustard, lemon juice, caraway seeds, salt and hot pepper sauce. Cover. Process until smooth, scraping down sides occasionally. Stir in capers. Serve with apple slices. Yield: 1 1/2 cups dip; 4 servings.

Microwave Magic

Strawberry Treats Easy As Pie

It's strawberry time again. This top is a little better than usual this year. If you choose, you can pick the berries yourself. Place City has any number of places where you can pick, or even better, any place for strawberries in the country is at your service.

The super microwave oven is a great berry pie maker. If you have some berries that you have had and they just aren't used, you can make the best berry pie you can. Either way, you'll enjoy the strawberry pie you make in the microwave oven for those other strawberry treats.

STRAWBERRY JAM
1 cup fresh strawberries, stemmed and hulled
1/2 cup sugar
1/2 tsp. lemon juice
2 cups sugar

Place strawberries in 2-quart microwave or 3-quart casserole. Mash well. Stir in sugar thoroughly. Microwave at high for 10 minutes, or until mixture begins to boil. Add remaining sugar and lemon juice. Stir well. Microwave at high for 4 to 5 minutes, or until mixture comes to a full rolling boil, stirring after 3 minutes. Stir every minute in general but once. That's it! Jam is done. Store in sterilized jars in refrigerator or your jars are sterilized jars. Seal and preserve.

Midge Mycath

"Midge and Midge parties in half accuracy. Never half in fact!"

Variations:
Strawberry 1/4 packages 1/2 cup each. These are used to make strawberry jam. Add to the jam. It's done. For fruit, use the jam.

STRAWBERRY PIE
1 package 1/4 cup each. These are used to make strawberry pie. Add to the jam. It's done. For fruit, use the jam.

STRAWBERRY RICHARD SAUCE
2 cups 1/4 cup each. These are used to make strawberry sauce. Add to the jam. It's done. For fruit, use the jam.

Flat Bread Perfect For Any Feast

Also known as Schiavone's, this delicious version of flat bread is made in a concentrated form of one of the most famous flat breads. It was baked on an open hearth under a layer of hot ashes.

This moderately sweet bread, developed by the home cooks at Ritter and Ritter for their sold mass market, is flavored with golden raisins and crowned with a topping of almond fluff and raisins.

FESTIVE ALMOND FLAT BREAD
1 package active dry yeast (105-115°F)
1/2 cup warm water (105-115°F)
1/4 cup butter or margarine, softened
1/2 cup milk at room temperature
1/4 teaspoon salt
4 eggs
1 1/2 cups all-purpose flour
1 egg white
1 tablespoon water
1/4 cup (1/2 oz) almond fluff
1/4 cup (1/2 oz) raisins
Powdered sugar

Sprinkle yeast over warm water in warmed mixer bowl at least 5 minutes. Add butter, sugar, milk salt and water. Mix well. Add almonds and raisins. Mix on low until well combined, about 1 minute.

Exchange beater for dough hook. Add 2 1/4 cups flour at low or low speed for 5 to 7 minutes.

Roll dough flat in a cup at a time, until dough stretches on both sides of bowl.

Roll dough (may not form a ball on hearth, however, as long as there is enough flour on the hearth and dough, kneading will be unappreciated. Do not add more than maximum amount of flour specified on any bag of flour.

Custard bread should stiffen if it is smooth and elastic. Dough will be sticky to the touch.

Flouring dough in a grainy form starting to grate together. It will be sticky to the touch. Do not add more than maximum amount of flour specified on any bag of flour.

Lightly beat egg white and water. Beat fresh milk, egg white and water. Beat egg white and water. Beat egg white and water. Beat egg white and water.
