

# U.S. Mines N. Vietnam Rivers In Stepped-Up Pressure

**SAIGON (AP)** — U.S. Navy planes started sowing mines in North Vietnam today in a third new increase of military pressure on the Hanoi regime.

U.S. military headquarters announced over the weekend that it was aimed at cutting the flow from the North of men and supplies to South Vietnam. The headquarters announced earlier that long-range artillery in South Vietnam was shelling

North Vietnam across the de-militarized zone and that warships of the U.S. 7th Fleet were shelling military targets from off the North Vietnamese coast.

In South Vietnam, the Viet Cong shelled the big American airbase at Da Nang and an adjacent Vietnamese village with mortars and rockets early Monday, killing 11 Americans and 25 Vietnamese civilians. Another mortar shell, the largest in its arsenal which have been

used infrequently in the war. Other reports said the Communists fired eight-inch rockets from truck rocket launchers. It was the first time the Viet Cong conflict this size rocket was fired.

U.S. headquarters in Saigon said only 12 to 14 rounds were fired, but U.S. officers at the scene said 18 rounds landed on the airbase and about 36 more hit the neighboring village.

Some reports said the Communists used Soviet 120mm mortar shells, the largest in its arsenal which have been

used infrequently in the war. Other reports said the Communists fired eight-inch rockets from truck rocket launchers. It was the first time the Viet Cong conflict this size rocket was fired.

U.S. headquarters in Saigon said only 12 to 14 rounds were fired, but U.S. officers at the scene said 18 rounds landed on the airbase and about 36 more hit the neighboring village.

A voting official told our photographer today at the Precinct 1 area at Sanford Junior High School today . . . All I asked him to do was get a photo of an empty voting booth . . . What makes it so unusual is that our photographer weighs

Win, lose or draw, Tony Peterson is ten feet tall in my book. Someday Tom ought to write a book "The Candidate Who Got Left Out in the Cold." Ignored by his own party . . . Shunned in Seminole and snickered at in Orange County . . . Remember this if you haven't voted yet.

I ride around some of the voting places . . . After one hour some 20 voted at the Civic Center, less than 15 at the Junior High School . . . and we could go on and on . . . Dear Mom, why don't people care?

There's an 11-year-old Sanford youngster seriously ill at Duke University hospital. His name is David Debie . . . The boy is suffering from a rare disease and his family desperately needs financial help . . . Now, thanks to the Florida State Bank, a drive is underway . . . Please, PLEASE help. Just send your check to the David Debie fund, care of the bank . . . Don't let me beg you . . . I feel lonely enough.

The only bright spot today is Charlie Robinson out by Penny's telling us that Miss Florida, Chris Torgerson, will be at the store for a fashion show March 9 . . . The show will start at 7:30 p.m.

Oh yeah, her measurements are 38-24-36.

I'd like to see a voting official toss her out.

Industrial Board met last night . . . Plan to get a consultant "to get the show on the road" . . . May be here for the March 12 meeting . . . The board, Howard McNulty, Jean Paulucci, Lee Moore, Howard Shuman, J. E. E. Southard, Harold Slama and Kay Shoemaker will be meeting at the Faust office on Second and Melbourne from now on. Dr. V. W. Roberts gave the board the okay . . . Board concerned about poor access roads to the Naval Base and just about agreed that the industrial promotion expert should get a salary of \$15,000 to \$25,000 yearly. There's much more but it's hush-hush . . . Should give this area a shot-in-the-arm.

In the merry old year of 1963 Sanford sold about \$1,000,000 worth of bonds in financing the marina project, new fire station and recreation center for the Goldsboro area. Marina project is apparently underappreciated and don't be surprised if the fire station and center projects are tabled indefinitely.

Congressman Ed Gurney visited to speak March 19 (not March 1) at the GOP legislative candidates' rally at the Sanford Civic Center. Anyone going to the Civic Center Wednesday evening, expecting to hear politicians, will see the square dancers.

Sanford's city zoo will get a two-hump camel for display . . . At \$60 cost . . . Seems some Shrine group in Brevard has offered the city fathers use of the animal . . . Should be quite a draw.

County Commission Chairman John Alexander will be flying to Tallahassee this week to see where the county stands on pledging \$2,500,000 out of secondary funds to get the road program off the ground. Who's kidding whom? Kindsa late for this year with the road board hearing set March 7 . . . Guess the county will go with its current top priorities . . . Primary—SR 426, from Goldenrod to Oviedo and SR 46 . . . Secondary top project . . . need ed rights-of-way.

Anyone wanna bet insurance rates for city vehicles will jump? Three police cars demolished in the last 12 months.

# Williams Out As Police Chief

Arnold Williams is expected to submit his resignation as Sanford Police Chief this afternoon, the Herald learned today.

City Manager W. E. Knowles said Williams will probably step down as chief and assume the post of police captain.

Indications are that Capt. Ben Butler will be named temporary police chief at the next City Commission meeting scheduled for March 13.

Williams met with Knowles this morning and after a 40 minute session declined any comment on why he was stepping down.

"I have no comment whatsoever," Chief Williams said.

Williams has been with the force since 1962. In 1956 he was named police captain and has been on probation as chief for the past 18 months.

Williams was named acting police chief after Roy Williams retired in 1965.

When questioned by the Herald on why Williams was resigning, Knowles declined comment.

However, he did tell that Williams would step down "to work out the organizational lines of the police department for the future development of the police service in the city of Sanford."

Mayor Joe Baker was not available for comment at press time.

# County Requested To Upgrade Zoning At Tec U

Upgrading of the zoning of the property adjacent to the site of Florida Technological University to exclude all commercial establishments was recommended to the Board of County Commissioners today.

The request came to the board in a letter from Dr. Charles Millian, president of the university.

Recommendations by Millian and the building committee of the Board of Regents call for all lands within one-quarter mile of the university site to be zoned residential and be free of commercial establishments.

Homes to be permitted would contain 1,500 square feet of living area and be built on lots 100 x 150 feet.

The property adjacent to the university received university zoning several months ago and excluded pool rooms, beer parlors and other objectionable commercial establishments, Commission Chairman John Alexander reported.

The board instructed Jack Goodin, county planner to give the matter his immediate attention and report to the commission at work session to be held Monday afternoon.

The motion further requests Circuit Judge Roger Dykes to dismiss the suit filed by three South Seminole residents on the grounds the complaint fails to "allege clearly every fact

the right of way for Cherry Street into Lake Mills showed only 40 feet of the 80 feet right of way had been opened. Adjoining property owners had complained debris from the opening of the street had been deposited on their property and had threatened a law suit.

In other action, the board: Authorized temporary maintenance of Destiny Road, access road off I-4, and ordered no dumping signs be erected; Authorized sale of an electric typewriter by the tax collector to Al Davis, district 6 justice of the peace;

Leased temporarily the Orceola Air Strip to Heintzelman Mustang for a gymkhana on March 12;

Approved expenditure of \$85 for treatment of subterranean termites at the county health department building;

Approved the jury list for spring term of circuit court; Renoted lots 11, 14, 21, 24 and 28, south of Longwood-Casselberry Road and west of I-4, agriculture from light industrial; Designated Commissioner Edward Yarborough to represent the County Commission on the canvassing board for today's election, Alexander for the second primary and Parker for the general election.

Charges the circuit court has "no jurisdiction" in the temporary or permanent county seat and, if temporary, to order the County Commission to proceed to determine a permanent county seat.

No hearing has been set as yet on the motions.

In another lawsuit against the county, hearing has been scheduled for 1:45 Wednesday before Judge William G. Alexander on the Sand Lake Road injunction suit.

# Dismissal Sought In Courthouse Suit

Charges the circuit court has "no jurisdiction" in the temporary or permanent county seat and, if temporary, to order the County Commission to proceed to determine a permanent county seat.

No hearing has been set as yet on the motions.

In another lawsuit against the county, hearing has been scheduled for 1:45 Wednesday before Judge William G. Alexander on the Sand Lake Road injunction suit.

# Area Bank Deposits Hit All-Time High

Bank deposits reported by the county's five banks and two savings and loan associations reached an all-time high of \$72 million by the end of 1966.

The largest portion of annual tax collections hit a peak of \$1.3 million reflecting increased consumer buying.

Gasoline sales were at a record volume of 21,200,000 gallons.

Building permits for Seminole County dipped to \$8.1 million, with less residential, commercial, industrial and school buildings started in 1966.

The largest portion of construction activity—two-thirds—continued to be in new residential work, including 337 dwelling units at a cost of \$5.4 million.

The building total, broken down, is as follows: unincorporated areas of the county, \$5.9 million; Altamonte Springs, \$1 million; Sanford, \$7 million; Casselberry, \$5 million; Oviedo, \$2 million and Longwood \$1 million.

Sanford's city zoo will get a two-hump camel for display . . . At \$60 cost . . . Seems some Shrine group in Brevard has offered the city fathers use of the animal . . . Should be quite a draw.

County Commission Chairman John Alexander will be flying to Tallahassee this week to see where the county stands on pledging \$2,500,000 out of secondary funds to get the road program off the ground. Who's kidding whom? Kindsa late for this year with the road board hearing set March 7 . . . Guess the county will go with its current top priorities . . . BILL KRIEKKE

# Employment Shows Gain In Seminole

The economy of Seminole County was further strengthened in 1966, according to William J. Kriekke, manager of the state employment service, with average monthly employment exceeding that of 1965 by 5.9 per cent.

The growth rate surpassed the state's employment advance of 5.1 per cent.

Average monthly employment was up 600 over the previous year.

Trade employment climbed to the highest level on record with a total of 2,700, a gain of 200 over 1965, with additions in both wholesale and retail trade.

Industries with stable employment from 1965 to 1966, included transportation, communication, public utilities and finance, insurance and real estate. Construction experienced a loss of 100, due largely to a tight money situation.

Sanford's city zoo will get a two-hump camel for display . . . At \$60 cost . . . Seems some Shrine group in Brevard has offered the city fathers use of the animal . . . Should be quite a draw.

County Commission Chairman John Alexander will be flying to Tallahassee this week to see where the county stands on pledging \$2,500,000 out of secondary funds to get the road program off the ground. # Primaries Draw Little Attention

Nearly all of Seminole County's 22,000 registered voters today were showing complete indifference to four Democratic and one Republican party primaries for the selection of candidates in the special legislative election scheduled for March 28.

The election was held in the morning in trickles today . . . not only in Seminole County but, according to Associated Press, throughout the state.

(State Election Story on Page 2)

Early estimates of a possible 25 per cent turnout were dropping at noon to guesses that maybe 10 per cent would ballot.

Seminole and Orange County voters on March 28 will choose three state senators and eight state representatives, under federal court ruling. Party members today were choosing candidates in five partisan primary selections.

Democrats were choosing between William Ginter (incumbent) and William Wisland for state senator, while also selecting candidates for three House seats: District 43—A. B. Peterson Jr., Don Asher, Tom Moorey and Hays Webb; District 44—Tom McDonald (incumbent) and Marty Sullivan, Robert M. Sheeker for the GOP nomination for House seat 45.

Candidates for other legislative positions were unopposed in the party primaries and their names did not appear on today's ballots. Democrats and Republicans will be pitted against each other in the March 28 election.

Mrs. Camilla Bruce, supervisor of elections, said the official canvass of today's primaries, including 25 absentee ballots, will be made Wednesday morning by herself, Judge Kayle Houlander and a county commissioner.

New tags will go on sale April 1, through May 30. Ray said he expects the total to top 30,000.

Last year's sales in Seminole County, through Jan. 31, was 35,000, of which 23,811 were distributed through the main office and 9,161 through the branch office.

# Light Vote Counted In Election

Spot check of 10 precincts in Sanford and around the county this morning by The Herald showed that more than one precinct called had more than 50 to vote by 11.

The highest number, 54, was reported in precinct 5, Oviedo Town Hall, and it was termed a "highest vote ever, even in a municipal election."

Similar comments were registered by precincts in each municipality.

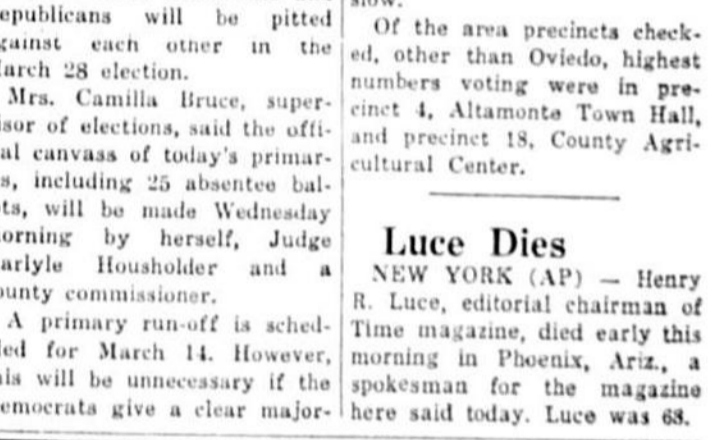

Sanford voting was described as "less than light" by Mrs. Camilla Bruce, supervisor of elections, who also reported today's ballots. Democrats and Republicans will be pitted against each other in the March 28 election.

Mrs. Camilla Bruce, supervisor of elections, said the official canvass of today's primaries, including 25 absentee ballots, will be made Wednesday morning by herself, Judge Kayle Houlander and a county commissioner.

# Clean Up Lots

It might be a good idea if the Sanford City Commission took the lead on this issue by putting some muscle in its law to make property owners, both local and absentee, keep their land clean and clear.

We know of one absentee property owner in Sanford whose lot looks like a jungle of weeds 10 to 15 feet high. Ovidio has started an extensive clean-up campaign and is making it rough on careless property owners.

In Sanford, the law just isn't tight enough to make owners clean up their property.

Likewise, the County Commission might take a long look at a way to remedy the same problem as it exists in unincorporated areas, notably at Five Points.

By and large we would think the land in question, in almost every case, is better off in the hands of a person who couldn't care less what the property

looks like until the time comes when either they choose to build on it themselves or, make a few dollars selling it to a developer or a private citizen who does want to make it a home site.

A rigid law which would empower the various cities to warn once, then clear and clean themselves and add it to tax bills with the ever-present threat of foreclosure for non-payment looks like the answer.

## Thought For Today

"Either make the tree good, and its fruit good; or make the tree bad, and its fruit bad; for the tree is known by its fruit."—Matthew 12:35.

Associate yourself with men of good quality if you esteem your own reputation; for it is better to be alone than to be in bad company.—George Washington.

## Helen Fuller Says:

# LBJ And HHH In 1968

WASHINGTON — Humphrey voters who hoped for a different Democratic ticket in 1968 are now forewarned to forget their hopes.

As a private White House meeting with the Vice-President and a few key party leaders recently revealed, Johnson gave the word that he and Robert Humphrey would again be the battery next year if he has his way.

To make sure he does have Humphrey to head a first-aid squad to help heal and state Democratic organizations.

Humphrey's assignment is to bind up the wounds of the badly demoralized party troops in the field. He is supposed to seek out active Democrats who are dissatisfied and make them happen, one way or another.

This task is more than a little difficult because of the disparity which the Democratic National Committee has fallen in recent years.

Chairman John Baker of Connecticut might as well have been in Kamohatua as far back from the White House for all the attention he received from the Johnson high command.

Eugene Wyman, Democratic National Committee chief of California, a state now crucial to any Presidential candidate, voiced a more serious complaint at the Western States Democratic Conference last month.

Organizations have no identification or contact with the President.

New Johnson is out to repair some of the damage to the party structure caused by neglect. This is essential if he is to have a 1968 Democratic convention.

## Quick Quiz

Q—Are American Indians entitled to vote?  
A—Yes, on the same basis as other citizens of their respective states.

Q—If it is only the female mosquito that lives on human blood, what does the male mosquito live on?  
A—Plant sap.

Q—How much snowfall is equal to an inch of rainfall?  
A—About 10 inches.

Q—How many planets were discovered in modern times?  
A—Three—Uranus was discovered in 1781, Neptune was located by mathematics in 1846 and Pluto was discovered in 1930.

Q—Who wrote under the pseudonym of 'Captain Cutler' in the 'Pittsburgh Courier'?  
A—Sir Walter Scott.

There are about 20 species of sturgeons, according to the Encyclopedia Britannica.

## You Suppose We're a Bit Hasty?

## Letters To The Editor

**Editor, Herald:**  
Your editorial and comments about our county representation in this coming election have pleased me deeply. I am distressed, as I sense that you are that Mack Cleveland Jr. did not run.

But, I'm proud of Tommy Peterson for coming out as he has, aware that he has no experience yet desirous of seeing Seminoke County represented.

This is commendable. It takes real courage and conviction to do this and I hope that all of us will get behind him and help him make a real showing. This, I think, is most important for Seminoke County.

In fact, both Tom McDonald and Peterson should get the real backing of the community and, I hope, our county.

It means much to feel that you share this concern.

And again I thank you for your leadership and help in our community.

Most sincerely,  
Julius G. Chase

**Editor, Herald:**  
I was one of the wagon of the lamented few, I see where you are unhappy, and rightfully so, because Orange County and Seminoke County are now in the same legislative district. By what I say, welcome to the lamented few, you now know the majority of Seminoke County has felt for years with the citizens of Sanford, and those that are directly influenced by Sanford environment have dominated the political scene in Seminoke County for the length of time that they have. They've influenced the placement and how the taxation over them after school hours. If parents would set a good example, enforce evening study every night, chore on week-ends and church attendance on Sundays, off-springs would turn admirable characters, and...

**Editor, Herald:**  
Just when is odding of parents and teenagers going to stop? Isn't the responsibility of parents to check on their own children and find out what they are doing? They see drinking at home, in almost every restaurant and juke place. If the parents cannot teach their own the bad effects of drinking, why do other taxpayers have to foot an expense to stop them? The job of raising children is through on other taxpayers more and more. First we start hardening the taxpayers with cost of books and supplies, then music and hand instruction, then expensive lunchroom, and now watching over them after school hours. If parents would set a good example, enforce evening study every night, chore on week-ends and church attendance on Sundays, off-springs would turn admirable characters, and...

**Editor, Herald:**  
Some weeks ago The Herald published two editorials entitled "The Woes of Sanctions," consisting mainly of a personal attack upon the President of the Florida Education Association, Seminoke County's own George Dawkins, and generally reflecting suspicion of the

## Dr. Crane's Worry Clinic

"Dr. Crane," she moaned, "I simply can't sleep at night unless I swallow sleeping pills. I have been a victim of insomnia ever since my husband died 2 years ago.

"Oh, I have tried to omit my pills, but I feel as if I shall die if I don't fall asleep, so I always go back to them before the night is half over.

"What would happen to me if I couldn't get access to those pills?"

You insomniacs should get help to reality!

People don't die of insomnia so why make such a fuss about your failure to drift off into sound slumber as soon as you hit the pillow?

Actually, you get most of the benefits of sleep, even if you are still wide awake, if you merely remain in the horizontal position. It is the REM sleep which means at every hour of your faithful heart, it must force the blood clear up to your scalp.

Obviously that requires more effort than is needed to circulate your blood when you are lying on your mattress.

So, the very change in posture gives your heart a double rest.

First, your blood pressure drops, maybe 10 to 20 points. Thus, at each beat, your heart doesn't need to pump as forcefully.

But another advantage accrues, for your heart also slows down in its rate.

If your normal pulse is 72 beats per minute, while on your mattress it may drop to 60 or 65 beats per minute.

So your heart gains that many extra rest periods.

And the 60 to 70 times it does beat, are also against less pressure.

**Merle Norman Studio Held 'Unique'**

Unique in the Sanford and Seminole County area is the Merle Norman Cosmetic Studio owned and operated by Mrs. Marjorie Shepard and located in the Food Fair Shopping Center at 25th and Park Avenue.

The Studio presents a feminine and relaxing atmosphere where the decor is pink, traditional with Merle Norman Cosmetic Studios throughout the country. Mrs. Shepard has added an individual touch with the red carpet which is out for her friends and customers.

Mrs. Shepard has been a member of the P. O. S. St. Petersburg training center in June and opened her Studio here in Sanford in July, 1966. A most complete cosmetic line is carried in the Sanford Studio including gift items, a men's line of cosmetics and gift wrapping.

An appointment will give you a Free Rendezvous with Beauty. Awaken your skin the natural way with the Three Steps to Beauty. You will be shown how to select flattering shades in powder base, lipstick, and eye shadow. You will be given a complete make-up too.

Here as in all franchised Merle Norman Studios, Color is given, which is a no-charge gift of beauty, and unique in the field of cosmetics.

You have never experienced anything like it anywhere nor felt anything like the "OH," and "lightening" that are synonymous with Contour.

The Contour Beauty Plan is based on the proper use of Merle Norman's Three Steps to Beauty. The first step of the inseparable interlocking trio, All Purpose Cold Cream, is balanced to take up both oil soluble and water soluble soil. It cleans, soothes, softens and lubricates.

Miracol, Merle Norman Cosmetics' second step in the famous Three Steps to Beauty, will keep a beautiful skin beautiful and beautifully a problem skin. Miracol is a normalizing product. It is always used in conjunction with Merle Norman All Purpose Cold Cream and Merle Norman Powder Base for proper results.

The third step to beauty, Powder Base is applied immediately after removal of Miracol.

It is a flawless waterproof foundation for make-up and a constant protection from sun, wind and weather.

All this for such economy! Call 322-8532 today for your appointment for a Free Hour of Beauty.

Most veteran benefits are tax-free and need not be reported on income tax returns. However, interest earned on G. I. life insurance dividends left on deposit with the VA is not claimed as a benefit, but is reported income and must be reported on tax returns. Proceeds of G. I. policies and the dividend are non-taxable and need not be reported.

Other VA benefits not taxable include education and training allowances, subsistence allowances for disabled veterans in vocational rehabilitation training, compensation and pension payments, grants for "wheel chair" homes and automobiles and all benefits to families of deceased veterans. Address all questions to Veterans Service Office, Room 106, Court House, Sanford, Fla. 322-7711.

**William Zachry Wins Promotion With Seagram's**

William B. Zachry, former Sanford, has been appointed director of industrial relations of Joseph E. Seagram & Sons, Inc.

Son of Mrs. W. R. Zachry Sr., 619 Magnolia Avenue, he was graduated from Seminole High School in 1937.

Zachry was employed benefit administrator of the company since 1957.

**John Baker Says:**  
The State Capital should be moved closer to the people—and that means the Orlando area.

We must have state participation in the vital development of the Sanford-Titusville Canal.

Florida Technological University should be fully funded by the state at its present site.

Our entire educational system must be developed to the point where we have the best teachers and facilities in the nation.

We must remove the ever-increasing burden placed on under-manned, under-paid and under-equipped law enforcement agencies.

**Answers For Veterans**  
By HERB JOHNSON

Q: Since I am a dependent parent drawing pension can I arrange for my children to receive some part of my benefit after my death?

A: No. Payments to a dependent of a deceased veteran cease at the parents' death. The only time brothers or sisters would be eligible for benefits from the veteran's estate is if the veteran had officially declared his death pending prior to his death.

Normally the only dependents recognized by VA are the wife, children or dependent parents.

At this time of the year the following information will be useful to many veterans and dependents.

Most veteran benefits are tax-free and need not be reported on income tax returns. However, interest earned on G. I. life insurance dividends left on deposit with the VA is not claimed as a benefit, but is reported income and must be reported on tax returns. Proceeds of G. I. policies and the dividend are non-taxable and need not be reported.

**Guidance Topics**

On the fourth Friday of each month at South Seminole Junior High School appropriate subjects are discussed in the home rooms as part of the group guidance program. As an example, last Friday, the seventh graders discussed controlling your emotions, the eighth graders discussed "How Much Freedom?" and the ninth grade, choosing high school subjects according to their career plans and abilities.

Purchase of the Orange City Telephone Company by the Winter Park Telephone Company has been approved by the latter firm's board of directors.

If P. Hulbert, president of Winter Park Telephone Company, stated that following approval by the Winter Park board of directors a proposal was made to the stockholders of the Orange City Telephone Company for the exchange of 7322 shares of Winter Park Telephone Company common stock for 4872 shares of Orange City Telephone common stock (a 1.5 for 1 basis). The agreement was approved by the Orange City stockholders and will be submitted for approval by Winter Park Telephone Company stockholders at the annual meeting on April 11, 1967.

"The transaction," Hulbert advised, "will more than double the operating territory of the Winter Park Telephone Company and will increase its telephone service by approximately five percent to a total of 42,153 telephones. In addition, when Orange City Telephone Company earnings of \$3,800 per share for 1966, are consolidated with Winter Park Telephone Company earnings of \$3,800 per share for 1966, are consolidated with Winter Park Telephone Company earnings, it will reflect an increase of 500 per cent over the operating territory of the Winter Park Telephone Company, founded in 1910, is located in Central Florida and furnishes telephone service to subscribers in Orange and Seminole Counties. It has been expanding at an average rate of 30 percent per year for the past ten years."

The Orange City Telephone Company, which has an operating territory of 125 square miles as compared with 110 square miles for the Winter Park Telephone Company, is located 25 miles north of Winter Park and services 100,000 residents in the community of Orange City, Lake Helen, Cassadaga and the surrounding area, including a portion of Deltona. A Mackle Bros' plant in the community is also in the area, and is 100 per cent dial with modern equipment comparable with that of Winter Park.

The Winter Park Telephone Company, which presently owns approximately 21.6 percent of the outstanding shares of the Orange City Telephone Company, has been furnishing administrative, engineering and accounting services under a contractual arrangement since 1952. Therefore, no unusual operations problems or additional expenses are anticipated.

**Safety Patrol To Make Trip**

The way has been paved for six members of the Enterprise School Safety Patrol to go ahead as planned with their trip to Washington, D. C., next month.

Rather than have the six boys and girls disappointed, Maj. H. C. Cuba (Ret.), father of one of the boys arranged last Friday for the Enterprise youths to go with those from Daytona.

The six local boys and girls have been on duty every day this school year and have worked, and will continue to work, for the trip.

The school has issued a public "thank you" to all who supported the Patrol's light bulb sale and urges continued public response since not every day the sale will be \$100 and cost of the trip, per student, is \$25.

**Mission Study To Continue**

The church-wide mission study of First Baptist Church, Sanford, will be led by Mrs. D. M. Paul at 7:30 p.m. Wednesdays in Fellowship Hall.

This series, on the theme "Affluence and Poverty," will discuss the Bible project and the problems, needs, and concerns of other migrant workers who come to the area to work in fruit and farming.

The public is invited to attend.

# KEEP in OUTDOORS

This column started with the name of "Knee Deep" in outdoors so I guess it could mean anything.

So we took off to Daytona this past weekend and ran into some first hand sportsmen at the famed Speedway. None of them had a gun or a piece of fishing tackle, so you think we were lost? Nope! We were in camera heaven—thousands of them, all styles and sizes.

And we were enjoying first hand privileges.

The most amazing thing was the way those pit crews change four tires, gas up, clean windshield and give the driver a drink of water, all in a minute's time. And it took me 10 minutes to change a tire, but there wasn't \$200,000 in it for me either.

Well, let's get back to our favorite past time and hobby—FISHING.

The shad have been doing real well and some real large catches have been reported, despite the foul weather conditions. I would guess that the reason the shad are doing good now is full moon, and I have noticed that after George Washington's birthday the shad are at their best for catching.

A real good friend of mine, from Washington, was down this past week and did a lot of shad fishing with large catches being brought in every day they went out.

The fellow I'm speaking of is Gene Newport, the maker of Newport lures and a champ at shad fishing. By saying he's a champ we mean that when you can fish with spinning gear from the bank and catch over 15 shad in less than an hour you are a champ in my opinion.

Most of the shad Gene caught were large in size and, and we have tried this one. It really works and you don't have to use a spoon "cause the biggest catches aren't caught with a spoon, just darts.

Gene left a couple of dozen of these darts and guppies with me, so if you are interested in catching shad, I can give you more information on the little fellow.

The specks are on the beds so you should be catchin' a plenty of them. There's plenty of fish in Lake Jessup and Lake Monroe for specks and Howell Creek off Highway 418, with Missouri banks.

The shad will be around but you have to look for them, with reports of bass catches along the bank with the purple worm.

Outdoors is usually a safe, friendly place that treats its frequent visitors in a kind manner.

The hazards encountered are comparatively few, especially when compared with those commonly associated with crossing the street or walking down a flight of stairs.

Fishing, for example, ranks way down the list from hunting in the insurance industry's list of dangerous activities.

Fishing pitfalls, aside from carelessness, can be grouped into four general areas: insects, foliage, poisonous snakes and excessive sun. All are potentially dangerous. All can be avoided.

Unobtrusive, insects cause the most discomfort in the field. Mosquitoes are the most universal culprits, with ticks, chiggers, nose-eyes and biting flies equally notorious in certain areas.

Precautions include the liberal and religious use of repellents and clothing that covers all the body, fitting tightly at the neck, wrists and ankles. In tick country, frequent inspection of the body at noon and in the evening is a must.

Poison oak and ivy are potential poisons for everyone who steps ashore or hikes down a trail. Even without direct contact, it's possible to contract these skin afflictions from the smoke of a fire containing the twigs or by petting a dog or touching any object that has brushed through a poisonous patch. Best antidote: daily scrubbing with strong soap and washing clothes.

Poisonous snakes such as rattlers, cottonmouths and copperheads are the most feared, but least significant hazards in the outdoors, from the number of incidents reported each year. Step cautiously and reach wary, and you'll be safe. To be doubly sure, carry a snake bite kit.

## Seminoles Slight Favorites

Rolling Hills will be the scene of the resumption for local school golf today pitting county rivals Lyman High playing host to visiting Seminole.

The linksters will tee-off at 4 p.m. on the tricky course where each shot requires it to be long and straight.

The Longwood team has three sophomores on the team, plus three senior transfers. Top golfers will probably be sophomore Alan Clark, seniors Walter Shephard, Don Whittmore, Charles Haley, Donnie Smith and Karl Erickson, complete the squad.

The Seminole link team, composed of Mike Laws, Ira Abramson, Steve Leach, Mike Uitz, Don Keech, Jeff Simpson, Mike Ruid, and Don Whittmore. Charles Haley, Donnie Smith and Karl Erickson, complete the squad.

## Ball Tourney Here A 'Success'

It was the first time it's been run in a long, long time but according to the winning four-somes they like to see it more often at the Mayfair Country Club.

This past Sunday, the Sanford Women's Golf Association staged a four-ball best-ball with full handicap tournament and the winning combination for the four gross honors was with Williams, Bowman, Lib Robinson, Twyla Carter and Homer Daffron with a 71.

This was two strokes better than the runners-up Margaret Botta, George Shuster, Doris Spencer and Len Driscoll who finished with their 75, good for the number two position.

Coming in third was Margie Peterson, Lou Porto, Myrtle Adams and Ralph Simas with a 78.

The most spectacular shot of the afternoon fell to Lib Robinson when she faced the number seven hole with a five iron and joined the select "line-none" category.

The top three teams tie the low net division registered scores of 67, 68 and 61 to cop the top three positions with top honors going to Cecilie Heard, Bob Brown, Andy and Helen Cartwright, Sylvia and Bob Brown and Hazel and Frank Adams topped the second position; and third place went to Jane and Duval Hunter and Sura and John Dickey.

Wednesday's tournament for members of the Sanford Women's Golf Association will be low-puttas for all 18 holes. Host Bob Cooke is offering tickets to the winners for the Florida Citrus Open.

**ALL SOUL'S CAGE CLASH SET**  
The basketball fans of the Sanford area will have the opportunity of seeing a good local school team in action this Friday evening at the Seminole High School gymnasium when the All Soul's unit plays host to Margaret Mary of Winter Park.

These tall eight graders, all of whom are either six feet tall or a shade under that height, are the current underdog leaders of the Catholic League of Central Florida with an impressive record of 12 wins. Most of these youngsters are being taught the basic principles of basketball at a tender age, starting intramural competition in their third grade.

The Margaret Mary team is coached by Don Rowe and Dick Smith, both students at the school.

## Record Time

**JOHANNESBURG, South Africa** (AP) — Elaine Tanner of Canada broke the South African women's 200-yard freestyle record Monday night with a time of 2:14.8.

The tallest boy on the All Soul's squad is Pat Kilkenny of '11' followed by Charles Choyle, Joe McGovern, Ed Holton, Randy Briener and Larry Crimmins, who towers 5' 4". Game time is 8:15 p.m. this Friday at Seminole High School.

National State Boating Week this year will be observed from July 2 to 8.

## Bead Cops

**MARCO ISLAND, Fla.** (AP) — A 4-under-pair 68 won the first annual Tony Lama Memorial Tournament, and \$300 for first prize.

Deadlocked behind him for 70 Monday on the 464-yard Marco Island Country Club Course were Bob Toski, Raymond Floyd, Andy Bellan and Gay Brewer. They won \$41 each.

Lema, who was pro at Marco Island for a year, was killed last year in a plane crash.

## Race Sensation Makes SOKC Debut

Red Autumn, perhaps the finest hurdle dog in America, makes his long-awaited debut in tonight's 11th race at the Sanford-Orlando Kennel Club.

The sensational hurdler has run four official schooling races at SOKC and has bettered the track record for jumpers three times.

Marty Mason, who also is starting in tonight's hurdle, holds the track record at 32.29 seconds. In his four schooling sessions, Red Autumn shows times of 31.88, 32.15, 31.84 and 32.57.

The Larry Hughes also also holds the track record for hurdle race and is an 8.5 choice by the morning line. Marty Mason, who has had things pretty much his own way to date in the SOKC jumping events, drew the No. 2 post and is listed at 2.1.

Other starters include Tall Leader, Hugh Lucky, Brown Gossip, Dark Jay, Flyer's Pick and Pro Dog.

## Some Double!

**LINCOLN, R.I.** (AP) — Fifteen ticket holders in a crowd of 8,256 collected \$4,202.40 each Monday on the second largest daily double in New England history and the biggest in the nation since Sept. 30, 1965.

Hilly's Lou (\$44.80) and Com-mogiri (\$133.20) combined for the whopping payoff on the first two races at Lincoln Downs.

The daily double was second in New England only to \$8,614.40 collected by a shipyard worker Oct. 16, 1945, at Rockingham Park.

## Illinois Waits The Fall Of NCAA Ax On Recruiting

**CHICAGO (AP)** — The count down on the University of Illinois' irregular recruiting case now has started and will reach zero hour in several days.

On Thursday or Friday, university President David D. Healy and legal counsel Jim Costello, will present Illinois' appeal before the conference's faculty representatives in Chicago.

The nine representatives — Leslie Bryan of Illinois not sitting in — will hear the university present a "show cause" stand which Illinois should not be suspended or expelled from the Big Ten in declining to discontinue football Coach Pete Elliott, basketball Coach Harry Combes and his assistant, Howard Braun.

Conference athletic directors last week endorsed that Illinois stand which said the three coaches involved in the university's self-acknowledged illegal payments to a \$21,000 fund.

The Associated Press learned that prior to the directors' meeting, Dr. Henry called the three coaches to his office to review alternatives, but each was for them to offer their resignations. They rejected this and said they "will see the whole matter through to the end."

When the scandal first broke in December, Combes said he would resign if it would help the university.

Nothing further was heard on this. In the meantime, the three coaches have remained silent.

Dr. Henry and the university now are determined to fight for retention of the coaches, who already have been placed on one year probation by the school.

The university also will "take the greatest possible ameliorative action under the rules" for seven football and four basketball players ruled ineligible for accepting aid from the fund, which was administered outside the school. Another basketball player involved has enrolled in another school.

Dr. Henry is armed with backing from alumni, the Illinois High School Coaches Association, the football squad, the Board of Directors of the Illinois Athletic Association and Gov. Otto Kerner, as well as others.

In this year of 1967, when the university is celebrating its centennial, there is strong feeling, especially through alumni petitions, that Illinois withdraw from the Big Ten rather than how to the edict of the athletic directors.

The faculty representatives are left on the hot seat. They admit they are not bound by the athletic directors' order and will have an open mind.

But even the pattern of harshness set by the directors be overlooked? And if it is, and a softening of the penalty is voted, would that leave the door open for the National Collegiate Athletic Association to wield a big blow?

Even when the Big Ten disposes of the case, the NCAA must decide if the penalty fits the crime.

**OVIEDO JANICES** . . . host Bob Willis (left) General Manager of the Orlando Twins at their meeting last night. Walter Duda, J.C. Vice President reviews the coming season's schedule with Willis and both hope I'll be as successful as the number one cover sheet. Six is the uniform number for Minnesota Twin star Tony Oliva who finished the season with a .307 batting average. (Herald Photo)

## Gators Backs In SEC Race

**By ASSOCIATED PRESS**  
Florida's patient Gators are back in the race for the Southeastern Conference championship, which Tennessee and Vanderbilt are having trouble nailing down.

The Gators, apparently out of the race a month ago when they suffered their fourth league loss of the season, jumped back into contention Monday night without even playing.

Florida, which was ranked fourth last week, beat Mississippi State in a SEC's biggest upset of the season.

Alabama, seventh in the conference, stunned league-leading Tennessee in a 13-0 SEC record, beating Mississippi State, was left with a 12 conference record.

The upsets could result in a three-way tie for the championship unless Tennessee can whip Florida's 13-4 record.

Tennessee's loss left the Volunteers with a 13-0 SEC record, half a game better than Florida's 13-4 standard.

Vanderbilt, which could have moved into a tie for the lead by beating Mississippi State, was left with a 12 conference record.

Florida is expected to have little trouble Saturday against invading Georgia, with the Gators closing out the Gators' campaign.

Vanderbilt entertains struggling Kentucky Saturday and Louisiana State on Monday, when Tennessee travels to Mississippi State.

Should the Vols lose to Mississippi State and UCLA, Vanderbilt will rest of the way, the three would share the crown with 14 records, providing that each team wins the league's berth in the NCAA tournament.

Mississippi State served notice it was ready for Tennessee, battling back from a 10-point deficit to clip Vanderbilt, David Williams, the Maroons' 6-foot-8 senior, putting State in front to stay at 62-69 with a 20-foot jump shot.

Louisville pulled within a point with 16 seconds left but the Maroons clinched the upset with a field goal with five seconds to play.

Top scorer for Vanderbilt was Bob Warren, who had 17 points. Tennessee was beaten on a first play, 9 for second end, and related Kansas by only eight points.

Pinion advanced one notch to fifth after defeating Columbia 94-63 and Cornell 81-66 for a 22-6 mark. Western Kentucky, beaten by Murray 79-69, slipped from third to sixth.

Houston, which defeated Texas and Creighton, remained in seventh place. Tennessee pushed up one place to eighth after beating Auburn while Texas Western, 19-5, also moved up one place to ninth.

Baylor College replaced Syracuse in the rankings. The Eagles have won 17 games and led only two. Syracuse lost to St. Louis early Detroit 80-84 Monday night in the only National Basketball Association game scheduled.

The victory kept the Hawks in second place in the Western Division.

## Reading The Same Old Thing

**Marichal Says 'I Won't Sign'**  
By THE ASSOCIATED PRESS  
"Manager second baseman" Juan Marichal says he's tired of reading the same thing and unless the San Francisco Giants do something about it, he will quit the team.

What Marichal, who says he has returned two contracts, wants to read is a pact with a \$125,000 figure on it.

The Giants reportedly are offering him \$99,669, an estimated \$1,000 increase over last season's salary. Marichal, who has played 19 games already and won six or seven.

San Francisco might have trouble winning six of 19 if they don't have Marichal on the mound.

The star right-hander, 25½ last season, also said: "I told Mr. Peewee (General Manager Charles Feeney) that if all the contracts are going to be the same, he should stop sending them."

While Marichal was waiting for satisfaction, pitcher Jim Bunning found some — a reported \$20,000 worth — with the Philadelphia Phillies, who were helped by a good game of golf.

The salary, an estimated \$10,000 boost, makes the 35-year-old Bunning the highest paid player in Phillies history.

The veteran right-hander, who won 19 games in each of the last three seasons, was in a happy mood at Clearwater, Fla., saying he best teammate Larry Jackson in golf Sunday with a 77 and figured I could afford to "take less than I wanted."

Another veteran pitcher, southpaw Steve Barber of Baltimore, was on terms Monday, but there was a condition put in his contract. His arm, which became sore last season, must be estimated \$30,000, the same as hold up if he is to make more money.

The contract calling for an 11% 1966 salary, states that if he remains on the active roster past May 11 he will get an increase, believed to be about \$1,000.

Barber was 19-3 before the All-Star break last year, but then suffered tendinitis and finished with a 10-1 record.

Meanwhile, outfielder Adolfo Phillips was not at the Chicago Cubs' camp at Scottsdale, Ariz., which meant he was in the doghouse of Manager Leo Durocher.

Durocher said Phillips actually was due last week but that he gave him an extra week off, he added.

"He had better get here soon, and have a good excuse for being late, or else."

## Hull Aims For 50

**NEW YORK (AP)** — Bobby Hull of Chicago, with 40 goals thus far in the National Hockey League season, has a good chance of scoring 50 goals for the third year.

The veteran right-hander, who won 19 games in each of the last three seasons, was in a happy mood at Clearwater, Fla., saying he best teammate Larry Jackson in golf Sunday with a 77 and figured I could afford to "take less than I wanted."

Another veteran pitcher, southpaw Steve Barber of Baltimore, was on terms Monday, but there was a condition put in his contract. His arm, which became sore last season, must be estimated \$30,000, the same as hold up if he is to make more money.

The contract calling for an 11% 1966 salary, states that if he remains on the active roster past May 11 he will get an increase, believed to be about \$1,000.

## Tar Heels Gain In Poll

**By THE ASSOCIATED PRESS**  
North Carolina's Tar Heels climbed into third place in the last-to-last poll of the 1966-67 major college basketball season. Boston College moved back into the Top Ten and UCLA was the unanimous leader for the seventh consecutive week today.

The latest balloting of The Associated Press' national poll Saturday gave UCLA all 32 first place votes.

Louisville held the runner-up position while the sports writers and broadcasters participating in the poll placed North Carolina in the No. 3 spot, a gain of two positions.

UCLA lifted its record to 23-9 by routing Washington 71-43 and Washington State 104-77 last week. Louisville split two games, beating Duke 86-63 by 19 points and Virginia Tech 95-87 by 8 points.

The Cardinals have a 23-3 mark. North Carolina, 20-3, dunned Maryland and Virginia Tech, Kansas, winner of Oklahoma State and Missouri, held fourth place. The Tide has a 23-22 in rebounds, with Rice Deep the Alabama workhorse with 11. Duke also scored 18 points in the finest game of his career.

Though the winning margin was a free throw by Gary Ludwig, who made no other points.

**Do You Lose Interest?**  
Ask These Questions About Savings:

- If I withdraw part of my money before the end of the interest period do you pay me for the time it was in the account?
- The Atlantic does! The Atlantic accrues interest daily.
- If I make a deposit on the 10th of the month do you pay me interest from the 1st?
- The Atlantic does! The Atlantic treats that deposit just as if it had been in the bank 10 days.
- If my account is rather small do you still pay me interest on it?
- The Atlantic does! The Atlantic requires no minimum balance. If your account earns as low as one penny you still get that penny — The Atlantic wants the kids to save too.
- Do you compound my interest quarterly?
- The Atlantic does! Interest is paid 4 times a year so that even your interest is earning interest.
- Do you pay the maximum interest allowed by law on regular savings?
- The Atlantic does! The Atlantic pays 4 1/2% on savings accounts.

**Where do you bank? Are you losing interest?**

**Guerin Keeps Hawks In 2nd**  
By THE ASSOCIATED PRESS  
Old pro Richie Guerin showed the young fellows how it's done. His 19 point second half led St. Louis past Detroit 80-84 Monday night in the only National Basketball Association game scheduled.

The victory kept the Hawks in second place in the Western Division.

**First Round**  
KINGSTON, Ontario (AP)  
Spudis Davis Cup player Jose Espaldua defeated Richard Russett of Jamaica 6-4, 6-4 in the first round of the 1967 International Tennis tournament.

**CAPPING CEREMONIES** — Ten women recently received their caps and pins as full fledged Red Cross Volunteer workers at NAS Sanford. The women are (L to R back row) Sandra Jordan, Connie Davidson, Janet Leon, Connie Bowen and Sally Johnson. In the front row are Betty Hurlburt, Chris Lovelace, Ethel Queland, Anita Wallace and Laura Lenhardt. (Navy Photo)

**65th Birthday Celebrated**

By JULIA BARTOS

A surprise birthday party was held at the home of Mr. and Mrs. William Eckard of Rolling Hills, honoring Mrs. Louise Eckard who was celebrating her 65th birthday. Mr. Eckard took his mother to restaurant while friends gathered at the home. A delicious array of foods was set on the serving table adorned with a birthday cake and silver appointments. Those attending were houseguests of Mr. and Mrs. Eckard, Mr. and Mrs. Art Bomber, of Caldwell, N. J.; Mr. and Mrs. Art Hills of Pine Hills, Mr. and Mrs. Mac McGuire and children, Andrew and George, and Jack Bromie, all of Casselberry. Also Mr. and Mrs. Milton Walker and Sanford Souther of Rolling Hills; Henry Join, Fern Park; Mrs. Rosemary Brockebrugh of Do-I-Ray Manor, and Miss Judy Eckard, granddaughter of the honoree.

**Penny Pinchers Combine Business And Luncheon**

The regular monthly meeting of the "Penny Pinchers" was held at the Geneva Community Center, Tuesday morning, Feb. 21.

At noon the 34 members present shared a covered dish buffet. Azaleas and carnations were used as table decorations, lending a very cheerful note to the club room in contrast to the rain and overcast sky outside.

Mrs. Robert Cole gave the invocation. Following the luncheon a short business meeting was conducted by the president, Mr. Peurifoy.

The host and hostesses for this month were Mrs. Margaret Crawford, Mrs. A. L. Myers, Mrs. Henrietta Baines and Mr. and Mrs. Robert Cole.

Two visitors were present, Mrs. Minchew, from Waycross, Ga., guest of Mrs. and Mrs. A. J. Walker, and Mrs. Marjorie Zeola, from Chicago, Ill., daughter of Mr. and Mrs. H. H. Newman.

MRS. LOUISE ECKARD, center, poses with her son and daughter-in-law, Mr. and Mrs. William Eckard of Rolling Hills, who were hosts to a birthday party for her 65th birthday.

**Woman's Club Card Party Attracts Capacity Crowd**

The annual Washington Birthday benefit card party, sponsored by the Sanford Woman's Club, Feb. 21, at the Club House was very successful. Twenty-five tables of bridge and other card games were in play during the evening. A copy of the club's new cookbook was awarded to the high scorer at each table.

Other prizes awarded were by Mrs. J. W. Hall, Mrs. James Keatman, Mrs. Gene Edmonds, Mrs. Lucille Stone, Mrs. Charles C. Branstetter, Mrs. Henry McLain, Harry Hahn and Charles C. Branstetter. A patriotic theme was carried out in all decorations. Three small trees in five-gallon containers, with artificial cherries, were placed at vantage points and an arrangement of pink carnations and greenery in a white milk glass container, flanked by two pink tapers in white milk glass containers. Guests were served red fruit punch and a colorful assortment of open faced sandwiches and cookies.

Mrs. W. L. Kirk, chairman of the American Home Department, Mrs. Kenneth Wing and Mrs. Ed Simpson were in charge of decorations. Mrs. W. B. Harrison, club first vice president, was general chairman of the party, assisted by her committee and Mrs. Harry Hahn, chairman of the social department.

**Hot Dog Spaghetti**

Don't serve just plain spaghetti when it's so easy to get a youngster's favorite meat into it! Slice frankfurters into circles or diagonally. Heat with spaghetti.

Frankfurters just as they come from the market may be used since they're already cooked and need only heating.

The refreshment table was catered with an arrangement of pink carnations and greenery in a white milk glass container, flanked by two pink tapers in white milk glass containers.

**Dr. C. L. Park Jr. To Address Jayceettes**

Charles L. Park Jr., M. D., will present a program entitled "Time and Two Women" at the March meeting of the Sanford Semiology Jayceettes. The meeting will be held at the Seminole Memorial Hospital Auditorium on Thursday, March 2, at 8 p.m.

Dr. Park received his Bachelor of Science Degree from the University of South Carolina, his M. D. degree from Emory University in Atlanta, and completed his internship and residency at the Duval Medical Center, Jacksonville.

He then came to Sanford and practiced medicine for three years, after which time he left Sanford to study further by completing an Orthopedic residency in Orlando and following this was the Chief Surgical Resident at Gainesville for two years.

Dr. Park returned here in 1960 and has been practicing general surgery and orthopedics since that time. He is presently serving as Chief of Staff of Seminole Memorial Hospital and as District 8 chairman of the American Cancer Society.

**Garden Circles Of Deltona Convene**

The Iris Garden Circle of Deltona met at the home of Mrs. E. C. Burham with 18 members and one guest present. Mrs. Lewis Ott from Akron, Ohio, Co-hostess for February was Mrs. Clyde McElroy.

Mrs. McClain Post discussed shells, of which she has an extensive collection.

Mrs. Burham gave a talk about driftwood and all facets concerning its use.

In place of the March business meeting, the Iris Circle will attend the DeBary Flower show and luncheon on March 15.

The Carnation Garden Circle met at the home of Mrs. Madeline Henderson of Hartley Circle. Mrs. L. W. Hochstetler was co-hostess.

Miss Margaret Howland was voted in as a new member. Colored slides were shown by Mrs. John Rautier, Mrs. Brown Gieves and Mrs. Madelyn Brown. Mrs. Burham gave a talk about driftwood and all facets concerning its use.

**Sanford Personals**

Mr. and Mrs. R. L. Talbert of Parsippany, N. J., have been houseguests of Mr. and Mrs. John Wurtz, 2015 Jefferson Ave. The Talberts will be leaving soon for the Marshall Islands for two years.

When you are serving a casserole, dip the serving spoon — and it should be ample size — straight down so that if there are layers of food you include them all in each portion.

**Bear Lake Personals**

By MARYANN MILLS

Bob Stubbs, son of Mr. and Mrs. L. G. Stubbs, Balmy Beach Drive, played in the Young Artist Concert for Governor Ronald Reagan in California where Bob is attending college. He also has traveled with the "Men of Song" from Pacific Union College.

Bill and Mrs. Dale, of Watson Drive, recently returned from Southern Missionary College, where Mr. Bill is a member of the board.

Mr. and Mrs. Ken Regal have returned from Tipt, Ohio, where they attended Mrs. Regal's grandmother's funeral.

Maj. Al Sargent, well known in the Forest City-Bear Lake area, is now stationed in Bangkok, Thailand. He has written that he brings pasteurized milk to the people there as they have only powdered milk, so they welcome him with open arms. He also wrote that the mission assigns the servicemen meals with various workers and the people are most hospitable.

Mrs. Beba Cramer has returned to her home at Florida Lawn Retirement from a two-week stay at the Florida Sanitarium and Hospital.

**Local Residents Now Rehearsing For Festival**

Among the residents of this area now singing in the final rehearsals for the Bach Festival of Music, to be held in Mullins Chapel's Knowles Memorial Chapel, Winter Park, Thursday and Friday, March 9 and 10, are Mr. and Mrs. Sally V. Roy Green and Hurst R. Slinker, of Sanford.

Also singing are Mrs. Sherrie Hensley and Mrs. Dorothy Ferrell, both of Longwood, and Mrs. Elizabeth Rogers and Mrs. Damon Carter, both of Altamonte Springs.

Now in its 32nd year, the festival is acknowledged to be one of the outstanding events of its kind in this country. It will be directed by Dr. Ward Woodbury, the head of Rollins' Music Department.

**Spring Sets New Fashion Tempo**

By HELEN HENNESSY  
 Women's Editor  
 Newspaper Enterprise Assn.  
**NEW YORK (NEA)**—There's a new beat to young fashions for spring. They swing to the rhythm of today's fast pace.

You'll find off-beat cuts — squared and cut-out armholes, necklines that plunge with discretion, square widely or are cross-yoked in a moderate V. Jackets are longer with not a waist anywhere.

New is the tiered look—the double A-line of both top and skirt or the three-tiered sleeveless shift.

Color goes to any length this season and with the new microshifts come their own matching pasties.

The hottest color combination of the season is black, white and orange.

Pattern prints are colorful favorites. There are swirling black abstractions on a ground of white; Caribbean florals in wild color tints such as Ponce blue, mango and green. And checks of red or navy with white are also big on the scene.

There's lots around for the gal who wear the young look with a flair.

But once you've passed the youthful age it would be a wise move to skip the micro-skirt, however daring may be its matching bikini panties.

**Sanford Personals**

Mr. and Mrs. Ed Kelty and children, Louise, David, Danny and John (above photo) of New Haven, Ind., have been winter guests of Mrs. Kelty's parents, Mr. and Mrs. Ed Putnam of Geneva.

**Junior College Building Own Circus**

Anyone who is mildly curious to know (as I must) what it is that trailer that has been moved in behind the Teacher House will be relieved to learn that it is merely the innocent office of our school newspaper, the Tallon. You can be looking for the first edition to be out around March 1.

Co-editors Mary Bishop and Perry Echeberger and their staff of reporters are working hard and gathering news and items of interest to the college student.

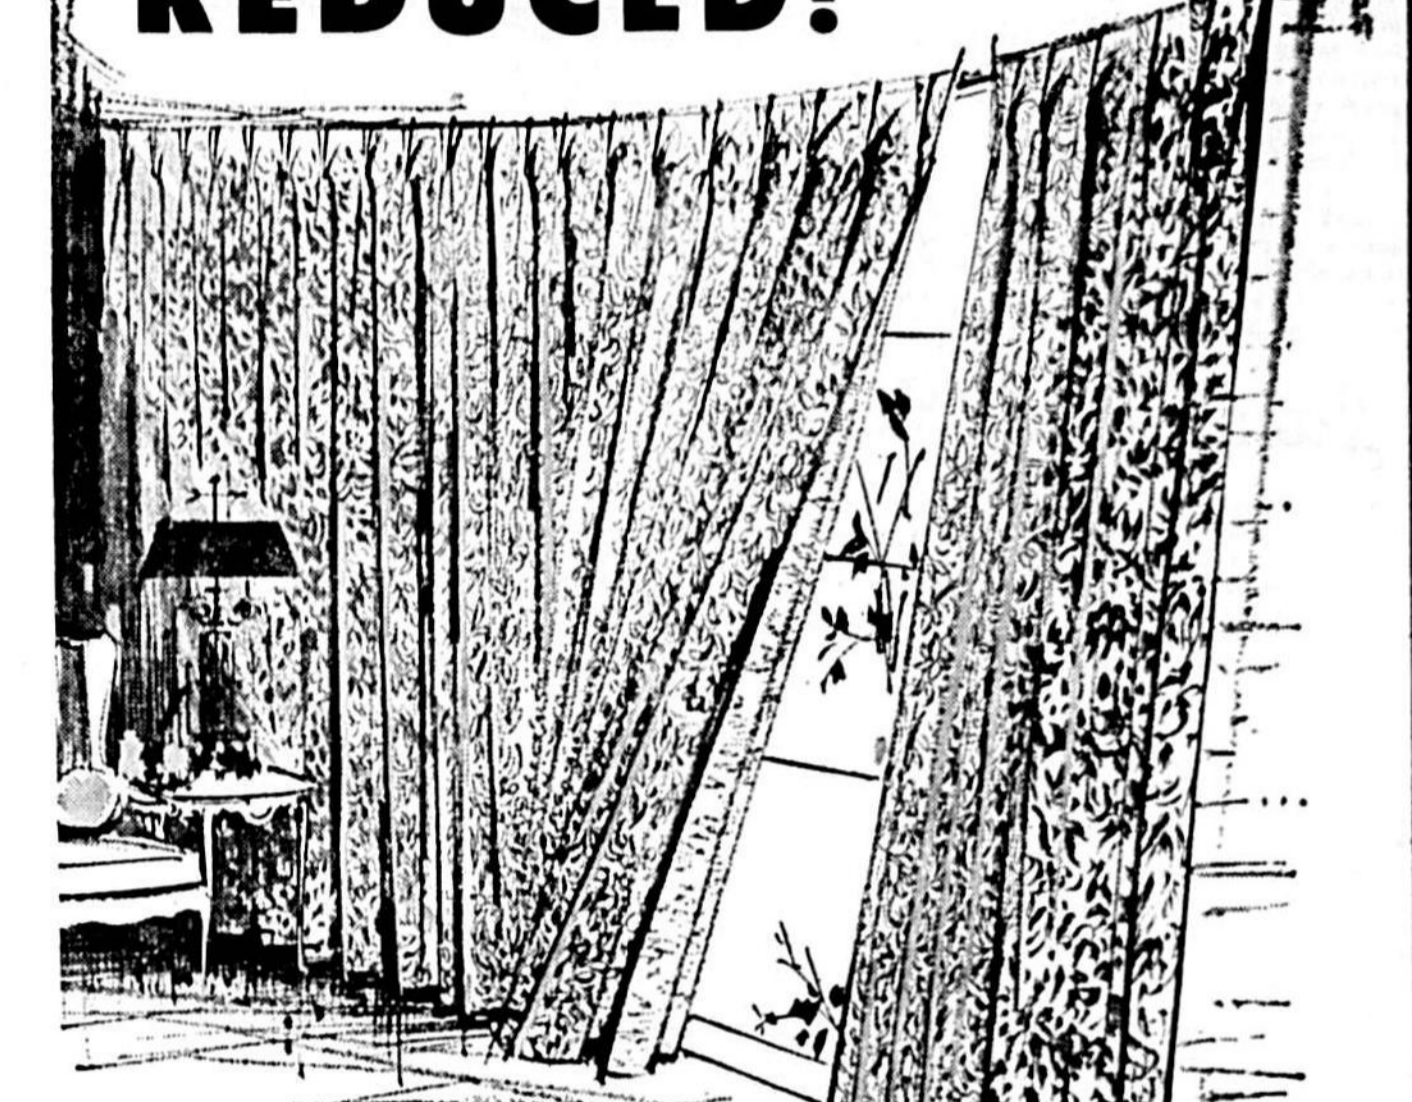

THIS IS NOT THE BAD

I certainly hope that the next time we experience a recent performance of the Biblical Innominations of last Tuesday that someone in the County Board of Public Instruction will be out at Seminole Junior College to witness the havoc and chaos. One heavy, newer model car was reputed to have been wrecked in the mud almost just its bumper.

Two new clubs are in the formation process out at SJC. Both are service clubs, one for the guys and on the girls. I hear that the girls will be independent of sponsorship and that the boys will go Circle K (a Kiwanis backed club).

Baseball is coming into season and our Raiders will have a "soft" time of it if you don't support them as you did the basketball team. So, at least show up for the home contests to show the boys you are with them.

# Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am practically engaged to a wonderful girl. Everything is set for the wedding. She wants to be married the last Saturday in May, and I want to wait until the middle of June because that's when my best buddy will be coming back from the service and I want him for my best man. We sort of made a pact that we would be each other's best man and I want to keep my word.

Unfortunately I am extremely heavy (235 pounds). One evening in night school, I dropped some papers on the floor and the man sitting across from me made no effort to pick them up. It was very awkward for me to pick them up myself. I am ready to get out into the world and start a marriage.

DEAR WANTED: Some girls like a man who is right next to me, did nothing. About a week later a real skinny girl dropped her keys and I went to pick them up for her. What causes men to treat fat women with such disrespect? I have seen evidence of this time and again.

DEAR DENNIS: There is more involved here than you think. A girl who would be unwilling to make a small concession in order to please her future husband sounds something less than "wonderful" to me. Your reason for wanting to wait is valid. It is a matter of waiting three weeks, do you think I ought to do my ground, or let her have her way?

DEAR OVERWEIGHT: A stout gentleman is courteous to a woman whether she's fat or thin. The male who has manners only for ladies finally wants to impress no gentleman. A pox on him.

DEAR ABBY: I am very much concerned about a young friend of mine. She has a good job and is engaged to be married, but she turns over her entire paycheck to her husband. He has an argument, she is left without enough money for even one lunch!

## Horoscope Forecast

WEDNESDAY, MARCH 11, 1967

**GENERAL TENDENCIES:** You now are able to wind up whatever new arrangements have been put into effect so that you have these vital tasks behind you. By evening you are ready to get out into the world of amusement to have a good time and to forget some of the secret anxieties that have been yours. Replace depression with pleasant thoughts.

**ARIES** (March 21 to April 19): Those basic matters which you wish to accomplish in the A.M. so that you can afterwards go out for recreation, etc. Some new business system can be put into operation. Evening can be very happy.

**Taurus** (April 20 to May 20): You are able to accomplish much in regular pursuits, so get started early, and in P.M. be happy within the bosom of your family. Read all appointments and shop, handle correspondence, etc. Be busy.

**GEMINI** (May 21 to June 21): If you get your shopping done early, you will be able to do good with friends at recreational activities you prefer. Study your assets and liabilities. Pursue whatever is cultural in the evening.

**MOON CHILDREN** (June 22 to July 21): Mercury is best time to go after your personal desires and then personal and other matters of a practical nature can be set right. Be objective. Get charm and health improved. Do whatever gives you added interest.

**LEO** (July 22 to Aug. 21): If you ask others what they desire of you, you will come to a better understanding. They can later delve into activities with you and decision. Trusted friend gives good advice. Act wisely.

**Virgo** (Aug. 22 to Sept. 22): Getting in touch with trusted pals early brings the assistance you need at this time to get your aims, then get right into the work connected therewith. Handle important social affairs.

**LIBRA** (Sept. 23 to Oct. 23): Perform vocational duties in such a way that you have added prestige and acclaim, and in P.M. be very social and happy. Some higher-up friends support you. A good friend can be very helpful.

**SCORPIO** (Oct. 24 to Nov. 21): But into operation any new ideas that will improve your present position. One in an executive position can get real assistance. Also data comes to you from a distance that is useful at this time.

**SAGITTARIUS** (Nov. 22 to Dec. 21): You are to specialize, be more artistic and imaginative today in order to demonstrate your earning capacity. Be able to delve into new outlets, also. Then you have free time for diversion in the evening.

## Secret Mission

RANGON, Burma (AP) — A high-level North Vietnamese delegation arrived in Rangon today to discuss a mission shrouded in much secrecy.

There was speculation that the North Vietnamese had come to talk with UN Secretary-General U Thant, who is paying a visit to his native Burma.

## Nixon Trek

NEW YORK (AP) — Former Vice President Richard M. Nixon leaves Friday for Europe on what is thought to be a drive to get the 1968 Republican presidential nomination.

Nixon's strategy apparently is to emphasize his knowledge of foreign affairs.

He is expected to visit London, Paris and Rome.

Nixon's trip is seen as a bid to gain international support.

He will also meet with other world leaders.

Nixon's return to Europe is a major move.

He is expected to announce his candidacy.

Nixon's trip is a key part of his campaign.

He will be back in the U.S. by next week.

# Four From Seminole Set In Mar. 28 Vote

Names of four Seminole County candidates will appear on the combined Orange-Seminole legislative ballot March 28. One Seminole Democrat survived Tuesday's party primary, while one went down to defeat. Three Republicans were without opposition in the party primary Tuesday.

Incumbent Tom McDonald, of Sanford, easily defeated Marty Sullivan, Orlando, for the Democratic nomination for the House seat for the 44th district. Republicans are Kenneth Plante, E. Pope Bassett and Jan Fortune.

With the backing of the entire Democratic legislative delegation, McDonald was easily the favored candidate in Seminole and Orange Counties Tuesday. He tallied more votes in Seminole County than any other candidate and was second only to Sen. William Gunter in the 42nd district. McDonald and Gunter, the combined tally of both counties, easily defeated Sanford's A. E. (Tommy) Peterson Jr. placed third for the Democratic nomination for the House seat in the 43rd district. This brought about a second (run-off) primary March 14 between Don Asher and Tom Mooney, of Orlando.

Gunter defeated William Wieland for the Senate 18th district Democratic nomination and John A. Baker, Orlando city attorney, won handily over Margaret C. Murray for the House 45th district GOP nomination.

William L. Gibson defeated Sanford's M. Shekler in the only Republican race Tuesday, for the House 46th district GOP nomination.

Sen. Beth Johnson, speaking for the Democratic delegation, and Sen. Robert Elrod, Republican, this morning denied the report as "without foundation."

By LARRY VERSHEL

Some 17,500 people in Seminole County were too lazy to go to the polls yesterday . . . On page 2 of today's Herald there's a picture of a 19-year-old Sanford kid killed in Vietnam for YOU . . . Take a good look, you 17,500, and then go back to your easy chairs, slip off your shoes and turn on your TV sets . . . Because everything is just fine in this merry old land.

AFTERMATH OF A DISGRACE - Precinct 1-108 people voted out of 385 registered . . . Precinct 3, 88 voted out of 900 registered . . . Precinct 8, 146 cast their ballots out of 1,000 registered . . . Shhhhh, Seminole County is sleeping.

DEAR MOM: I hope you are sitting down, but I may have to vote for a Republican come the March 28 general election. I'm talking about Ken Plante from SEMINOLE running against Beth Johnson. Tom McDonald will need plenty of help stopping Orange County from spreading its claws over us.

DEAR SON: Don't write to me anymore. Goodbye!

Aw, come on.

About a month ago a bunch of kids were picked up south of the city limits drinking . . . The case never came to juvenile authorities or County Court. Why? More on this later.

In Municipal Court once again they continued the case against two residents accused of selling beer to minors . . . The case has been continued four times already.

FOR THE STATISTICAL MINDS - Since Jan. 1 - The county prosecutor has handed six cases of minors in possession of alcoholic beverages.

The word is that the City Commission has unofficially given its blessing to a possible downtown beautification project including a mall . . . Merchants will be contacted next for their views on this plan . . . Conservative cost estimates . . . \$250,000.

City Commission will meet at 11 a. m. tomorrow to make it official on Ben Butler's appointment as "temporary" police chief.

How come there are three Lake Harry Roads?

Nobody asked me but how come the County planning and zoning board rezones private property when no request was made?

Hey, bet our police department made a big hit with the Orange-Seminole Legislative candidates this past Saturday. They tagged all the cars in front of the courthouse.

TOM McDONALD

## Election Ticket

Seminole County voters will join with Orange County electors on March 28 to choose three senators and eight representatives for the state legislature, which meets in April.

Rep. Henry Land, Democratic incumbent, was without opposition in the party primary Tuesday for the House 33rd district seat.

Four Seminole County candidates are in the race for election March 28: Democratic incumbent Tom McDonald and Republicans Kenneth Plante, E. Pope Bassett and Jan Fortune.

Following is the ticket for the legislative balloting on March 28: (1) D for Democrat, (R) for Republican and (I) for incumbent.

**SENATE 18th**  
Beth Johnson (D-I) and Kenneth Plante (R).

**SENATE 17th**  
Ben F. DuBois III (D) and Robert Elrod (R-I).

**SENATE 15th**  
William Gunter (D-I) and Gerald A. Thorn (R).

**HOUSE 34th**  
Henry Land (D-I).

**HOUSE 35th**  
Ben T. Shuman (D) and John Duffey (R-I).

**HOUSE 40th**  
William Fulford (D-I) and Robert H. Shadley (R).

**HOUSE 41st**  
Robert Allred (D-I) and David L. Lindsey (R).

**HOUSE 42nd**  
Ben Griffin (D-I) and William D. Gorman (R).

**HOUSE 43rd**  
Tom Mooney (D) and Don Asher (R) and Jan Fortune (R).

**HOUSE 44th**  
Tom McDonald (D-I) and E. Pope Bassett (R-I).

**HOUSE 45th**  
John Baker (D) and William G. Gibson (R).

## A Rumor?

Rumor was rife today - the day after party primaries - that an "Orange County senator has drafted a Senate resolution to combine Orange and Seminole as one county," to be presented to the Senate in the April session.

The report was brought about by Orange and Seminole being combined in legislative representation.

Sen. Beth Johnson, speaking for the Democratic delegation, and Sen. Robert Elrod, Republican, this morning denied the report as "without foundation."

## Board Maps Out Road Program

# 426 Set As Top County Priority

Reconstruction of SR 426 from Goldenrod to Oviedo was tentatively given top priority by the County Commission in a closed door work session at the county road department office Tuesday afternoon.

Formal adoption of a resolution naming the primary and secondary requests which will be presented to the State Road Department, fifth district will take place at next week's commission meeting.

Other roads to be requested out of primary funds will include SR 426 from Geneva to Oviedo and four laning of SR 46 from I-4 west to Lake County line.

Another high level Osteen Bridge on SR 415 at the St. Johns River is recommended.

The Commission will also request that a new four lane road be constructed from the vicinity of Goldenrod to the state university on the Orange-Seminole line and a connector two lane road be built on Red Bug Road from SR 436 to the university. The board desires both roads be designated primary roads.

Four lane construction will also be requested for SR 436 from I-4 west to the Orange County line.

An additional interchange off I-4 will be asked at S. 40A. A new high level Osteen Bridge on SR 415 at the St. Johns River is recommended.

The Commission will also request that a new four lane road be constructed from the vicinity of Goldenrod to the state university on the Orange-Seminole line and a connector two lane road be built on Red Bug Road from SR 436 to the university. The board desires both roads be designated primary roads.

Other projects are two laning and rights of way for S 427 from Glimerville south to Five Points and from Hutcheson Parkway north to Five Points. Two lane right of way for the new Osteen Bridge will also be requested.

Railroad signals will be reconstructed at the railroad crossing on SR 426 at Forest City, at Palmetto Street in Lake Mary and at S-411 at Forest City.

Widening of S-15 from the railroad tracks to Lake Mary Hill, York is alleged to have the shot and again in the four shot Eastman twice, once in the abdomen, in an incident in Joe's Rendezvous Bar in Altamonte Springs May 1.

Mrs. Hupp, 22, of Route 1, Longwood, will go on trial charged with the second degree murder of her four-week-old infant son last Nov. 23. The child was taken to the hospital at the time where autopsy revealed the infant died of a fractured skull. The baby's tiny body also showed other bruises and abrasions.

White, of Oviedo, is being prosecuted for the second degree murder of George Graham Jr., also of Oviedo. At the time of the killing it was reported by Constable George Kelsey the man and three friends had been involved in an old fashioned shootout at the Twin Pines restaurant in Oviedo.

It was reported White entered the restaurant with a shotgun seeking Graham. White lo-

## Only 600 Show Up For Measles Vaccine

Only 600 of an expected minimum of 1,000 to 1,500 showed up around the county Sunday to get the free measles vaccine offered by the Seminole County Health Department.

"Complacency seems beyond understanding in this county," Dr. Frank Leone, county health director, said today.

"Although since the vaccine has been available the department has inoculated some 3,500 against measles in the county, we know there are many, many others who are at risk and should have the vaccine. If parents only realized the serious and frightening complications which can develop from measles, often resulting in mental retardation, they would do anything at all possible to prevent their children from such risks," he advised.

"Sunday's response was the worst in any mass program the department has ever offered. We were especially disappointed with the south end of the county, in the Oviedo and Altamonte areas, where only a very few showed up for the immunization. Best response was at Seminole High School in Sanford," Leone reported.

It is undetermined at this time if another mass program will be offered for the measles vaccine, the doctor said.

## What It Will Cost

House 43rd district seat in the special legislative election.

Two Orlando-names topped the four - name ticket yesterday. Don Asher came out on top with 7,918 but not with a clear majority.

He will face Tom Mooney in the second or run-off primary March 14.

Dixie Barber, Orange supervisor of elections, estimated the March 14 election will cost that county \$10,000, while Camilla Bruce, Seminole supervisor, said that with a "basic crew" Seminole will have to spend \$2,800.

## Red Carpet Rolled Out For Dazzling Grasshoppers

Tossing down from distant airports in Florida, the "Grasshoppers" - aviators - are headed for a red carpet day in Seminole county with a visit to the Sanford Naval Air Base as the high point. Received by municipal representatives from Sanford and Oviedo, the women and a walk-through of this interesting navy air facility. Conversations in such a visit as this will be kept to "banter talk" while the "grasshoppers" learn more of the very sophisticated craft flown by the squadrons based in Sanford, but whose pilots are familiar with the war skies of Vietnam and the peaceful blue of the Mediterranean.

The airport committee, keeping its eye on the many unfolding situations which would mark Sanford as a base for important civilian flying after the Navy vacates the station in 1968, welcomed the preliminary visit of Lucie Payne, the Grasshoppers' emissary. This all-day, full-scale viewing by prospective female pilots is expected to produce that most effective of all avenues of communication - talk. And to this end the plane has been made to show the visitors true Sanford hospitality, official, un-official and friendly.

## 3 Murder Cases Set For Circuit Court

Three accused murderers will be tried before Judge Volie A. Williams Jr. in Circuit Court next week. Trials are scheduled to begin at 9:30 a. m. Monday in the courthouse.

Charged with second degree murder and the order in which the cases appear on the court docket are Billy Muriel York, Ladonna Sue Hupp and Willie White. Trial of Robert O. Hayes on charges of breaking and entering with intent to commit a misdemeanor is also scheduled next week.

York of Lakeland was arraigned and charged last May with the second degree murder of Bruce Eastman, 23, of Holly Hill, York is alleged to have shot and again in the four shot Eastman twice, once in the abdomen, in an incident in Joe's Rendezvous Bar in Altamonte Springs May 1.

Mrs. Hupp, 22, of Route 1, Longwood, will go on trial charged with the second degree murder of her four-week-old infant son last Nov. 23. The child was taken to the hospital at the time where autopsy revealed the infant died of a fractured skull. The baby's tiny body also showed other bruises and abrasions.

White, of Oviedo, is being prosecuted for the second degree murder of George Graham Jr., also of Oviedo. At the time of the killing it was reported by Constable George Kelsey the man and three friends had been involved in an old fashioned shootout at the Twin Pines restaurant in Oviedo.

It was reported White entered the restaurant with a shotgun seeking Graham. White lo-

## Jaycees Score Sales Success On Fertilizer

Sanford - Seminole Jaycees scored a complete sell-out by 1 p. m. Saturday in their annual February fertilizer sale, Harold Highsmith, project chairman, reported, turning it "the best sale we've ever had." Next sale will be the first of July.

Funds realized are added to the fund's general operating fund for various projects.

## TOO MUCH MONTH THURS 26 AT THE END OF THE MONEY?

Call Ralph Pazzoli or Jim Doucette for a signature loan.

A lack of cash before the end of the month doesn't necessarily mean you've overextended yourself. It may merely mean your credit purchases are too "bunched" to handle easily. If so, you've had an auto or home improvement loan with us in the past, there's a signature loan awaiting you at the Florida State Bank. We'll pay off those bills and give you a monthly payment that will solve your "too much month at the end of the money" problem. For a signature loan that's repayable in modest monthly amounts, call Ralph or Jim, Dial 947-4293 in Orlando and vicinity, Phone 322-1611 in Sanford.

"GRASSHOPPERS" - female flyers - arrived this morning at Flying Seminole Ranch and were greeted by Chamber of Commerce aviation committee members and Mayor Joe B. Baker. From the left: Mrs. Betty Tracy, Melbourne; Mrs. Norma Culler, Clearwater; Gordon Frederick, Mrs. Lucie Payne, Sanford; Mrs. Baker, Mayor Baker and Ernest Southward. (Herald Photo)

## Red Carpet Rolled Out For Dazzling Grasshoppers

Tossing down from distant airports in Florida, the "Grasshoppers" - aviators - are headed for a red carpet day in Seminole county with a visit to the Sanford Naval Air Base as the high point. Received by municipal representatives from Sanford and Oviedo, the women and a walk-through of this interesting navy air facility. Conversations in such a visit as this will be kept to "banter talk" while the "grasshoppers" learn more of the very sophisticated craft flown by the squadrons based in Sanford, but whose pilots are familiar with the war skies of Vietnam and the peaceful blue of the Mediterranean.

The airport committee, keeping its eye on the many unfolding situations which would mark Sanford as a base for important civilian flying after the Navy vacates the station in 1968, welcomed the preliminary visit of Lucie Payne, the Grasshoppers' emissary. This all-day, full-scale viewing by prospective female pilots is expected to produce that most effective of all avenues of communication - talk. And to this end the plane has been made to show the visitors true Sanford hospitality, official, un-official and friendly.

## \$1 Million School Boost For Seminole

Seminole County Schools will get \$1,225,000 from the proceeds of a \$12,430,000 issuance in capital outlay bonds for the construction of three schools in May, State School Supt. Floyd Christian reported.

The State cabinet yesterday approved the loan, since a constitutional amendment authorized them in 1962. The three schools will be Sanford Junior High, Oviedo, and Lyman High Schools.

The School board is expected to name an architect for the facilities at its March 9 meeting.

## United Front

WASHINGTON (AP) - Democrats and Republicans moved today to unite the Senate behind a declaration of support for U. S. troops in Vietnam and bring an end to the war there.
