

TOUR of HOMES in the Sanford - Seminole Area

Featured Homes Are Close To Sanford

Page 10 — Sept. 20, 1963 The Sanford Herald

The homes and homesites featured on our tour this week are relatively close in to the City of Sanford.

It's practically no drive at all out 20th Street, which becomes Country Club Road, to Ravenna Park. Just turn in at the sign, and drive through this community of homes to Tangelo Drive, and at No. 418 you'll see the centrally heated, three-bedroom, 2-bath home which Shoemaker Construction has on display this week-end. It's one of five recently com-

pleted, several of which are already sold. The homes in Ravenna Park seem to be sold either during construction or very soon after completion.

In Idyllwilde of Loch Arbor, just a little farther down Country Club Road, another "Home of Distinction" is open for inspection. It's at 303 Tammy Drive, has a combination dining-family room, three bedrooms, two baths, a luxury built-in kitchen, central air conditioning and heating. This

is worth visiting by the discriminating buyer.

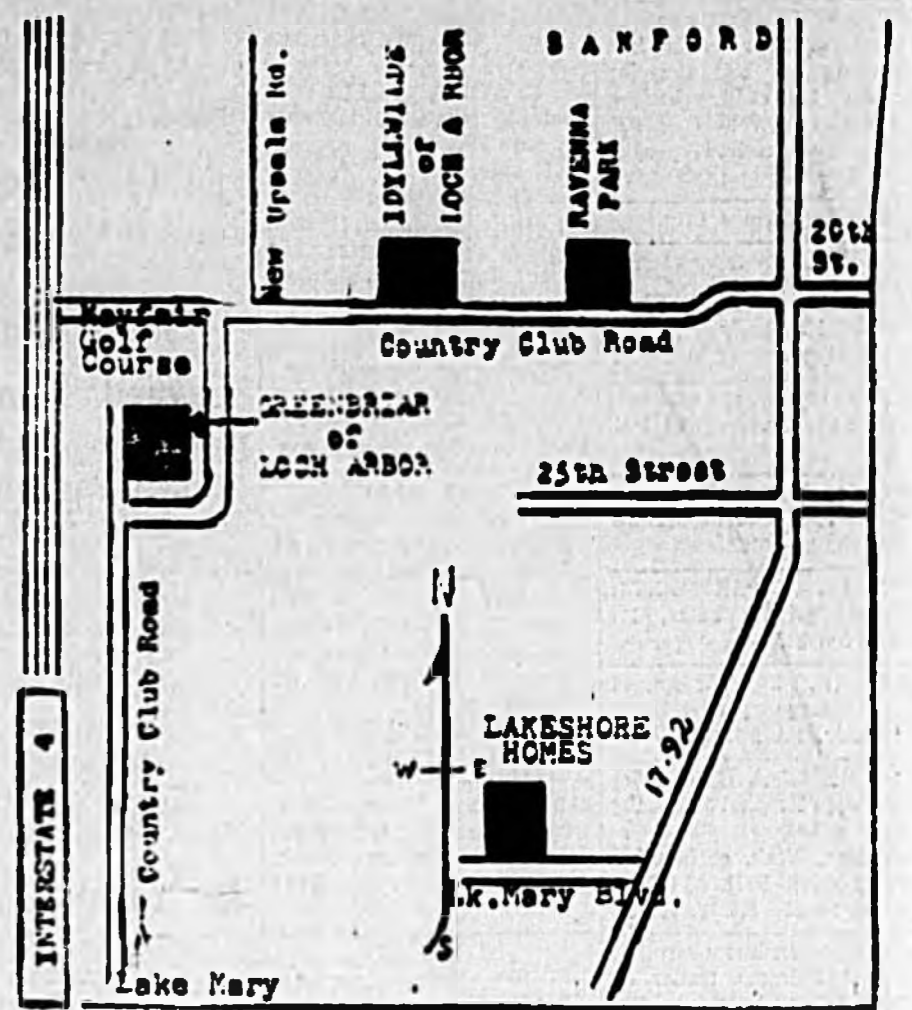

Out Country Club Road turn south on Lake Mary Road, by the golf course, and not too far past the clubhouse you'll see the signs directing you to Greenbriar, the newest high class residential area featured by Kingswood Builders. It's a lovely shady spot, on gently rolling terrain, a wonderful place to put a carefully designed home.

Byron Leach of Kingswood Builders, offers to build at your convenience, or let you build on one of these

homesites. Greenbriar is just south of the 12th green and 13th tee, of Mayfair Golf Course.

And on Lake Mary Boulevard, which runs from Lake Mary to Hwy. 17-92, Lake Shore Homes have roomy three and four-bedroom, two bath homes ready to see. They are in the Park Ridge section, facing on Lake Minnie. Ask Wayne Montgomery for details on these.

Other builders in the Seminole County area have homes under construction, which will be ready to inspect at a later date.

While you are out driving, this week-end, take this page with you. The map above will assist you in locating some of Sanford and Seminole County's outstanding real estate. Take a circle tour and see them all, you may find just what you are looking for in the way of a home.

Mead Manor Offers Attractive Homes

By Bernice Kobay

Oviedo residents are very proud, and justly so, that Mead Manor, which will offer some of Seminole County's most attractive homes, is being developed in the northeast section of their town.

Developers are Shoemaker Construction Company, of Sanford; the Oviedo Land Company and L. L. Faulk Sr., Oviedo contractor and general builder.

Three homes now are under construction on this 87-lot, 40-acre site and Faulk's ranch type residence soon will be ready for an "Open House."

Ideally located for shopping, school and churches, with the municipal swimming pool nearby, Mead Manor is situated

on gently, rolling hills which are naturally landscaped with huge stately oaks, palms, magnolias, citrus and pine trees.

Paved streets following the natural contour of the land add an overall appearance of residential spaciousness.

The Manor is covered by deed restrictions on size of lot, square footage on homes and set back for construction purposes.

The property site is that of the original Mead Gardens which was developed by Theodore L. Mead in the late 1880's. A naturalist, entomologist and plantman, Mead specialized in the cultivation of rare palms, orchids, amaryllis, crinums, daylilies, gladioli, cacti, bromeliads and calladiums.

Owners of the land are Ben Jones, John Evans, W. H. Martin, Frank Wheeler Jr., Robert Lee, Bob Williams, R. L. Ward Jr. and Rex Clontz who joined forces to originate the Oviedo Land Company when they saw the need for opening a new building site for the growing community of Oviedo. Plans for the development were begun immediately upon purchase of the land by this group of civic minded and forward looking men.

Student Roster Sets New Record

GAINESVILLE (UPI) — The University of Florida has a record fall enrollment of 14,777 and a whole host of new accommodation problems, the school said today.

The office of the registrar said the new total far exceeds the previous record of 13,628 last year and is over the top of the university's pre-enrollment estimate of 14,500.

Wekiva - Econ Flood Control Available

4 Inches Of Rain Soak Us

The Sanford area was drenched with more than four inches of rain in the 16-hour period ending at noon today, first day of autumn.

However, no serious damage was reported by the Florida Power and Light Company and Southern Bell Telephone although the Sanford public works department reported "considerable flooding but all under control with our catch basins."

Scott Burns, FPL&L manager, said he had been advised of heavy winds at Titusville which "seem to have extended to Geneva, where we have reports of some wires down."

Burns also reported lightning smashed a power pole on 25th Street near Seminole High School Saturday.

Ernest Lundberg, assistant county agent, said his rain gauge at his home measured 3.33 inches at 8 a. m. and he estimated more than four inches at noon.

MIAMI (UPI) — The first day of fall was ushered in today in Florida by the season's first real cold front, which dropped temperatures to the mid 60s in the northern part of the state.

Small craft warnings were raised from Jacksonville to Cape Canaveral for gusty northeast winds that accompanied the front.

The Weather Bureau reported heavy rains over much of the state. There were 2.39 inches in Vero Beach in a 24-hour period, 2.18 at Daytona Beach, 1.81 at Fort Lauderdale, 1.70 at Fort Myers and Ocala, 1.63 at Orlando, 1.49 at Apalachicola and 1.29 at Tampa.

Art lovers are invited to join the Sanford-Seminole Art Association members in an evening of fun and games at 7:30 p. m. Thursday at the American Legion club at Fern Park.

Ingeniously paid off for pretty Maria Jones, Lyman High senior, who won election as class treasurer last week. Her gimmick was "buying votes" with phony money bearing her picture. (Quite an improvement over George and Abe, at that... she's prettier.)

Excerpt from Congressman Ed Gurney news letter: "News management under the Kennedy administration is like taking a blind man to a burlesque show—he knows what's going on but he wonders what's being pulled off."

Women's Auxiliary of the Glensville Volunteer Fire Department will meet at 2 p. m. Wednesday at the home of Mrs. Lee Elder, on South Sanford Avenue, to plan for chicken barbecue Saturday at the Elks Club.

Our learn-something-new-every-day department: County Commissioners learned today they cannot accept cash bonds on county building projects. Seems the contractor for the courthouse exterior renovation had to offer a cash bond but the law does not permit. Clerk Art Beckwith to hold cash in escrow. The cash must go to a bonding company, who will hold it, guarantee the job and obtain a fee.

It's a sign of age if you feel like the day after the night before when you haven't been anywhere... South Seminole Newcomers Club.

Note to fishermen: Reports are that in spite of the rain the bass are biting in the Wekiva and St. Johns. And seemingly in Lake Monroe, judging from all the lines in the water along the shore line.

"Letters to the Editor" column being flooded with unsigned letters. These all are placed in "file 13." Readers are reminded they must sign their names and addresses to such letters but the editor will delete the name in the published letter, if so desired.

Mrs. Terry Cordell, formerly of Sanford, is featured in this month's issue of a national magazine. She's the widow of Sanford's hero at Viet Nam.

"Thirty years ago," says Herald sports editor Julian Stenstrom, "it was wine, women and song. Now, it's a health tonic, the same ol' gal and sing along with Mitch!"

Continued session of the Casselberry Board of Aldermen is scheduled for 7:30 to night at the Town Hall. Discussions of garbage franchise, annexation and reports of possible property sites to be used as a parking lot for city equipment are on the agenda.

Firemen Called
Firemen were called to J. R. Johnson residence, 107 Anderson Circle, at 7 p. m. Sunday by a short circuit in an ironing cord.

The Sanford Herald

WEATHER: Scattered showers through Tuesday; high today in 80s; low tonight in 70s.

news... BRIEFS

Storm Halts Search
NEW YORK (UPI)—A huge Atlantic storm today bogged down the search for a military Cargo Master plane missing since early Sunday with 10 men aboard.

Connor Pledge
TALLAHASSEE (UPI)—Commissioner of Agriculture Doyle Connor today assured Floridians that a proposal to get more land for recreation in Florida will not usurp farm lands in the state.

Shooting Suspect
BOSTON, Mass. (UPI)—Detectives early today arrested a 23-year-old man believed to have shot four teen-agers during a brawl at a rock and roll record dance. Police withheld the suspect's identity.

Novotny Doomed?
VIENNA (UPI)—The purge of seven Czech government ministers may foreshadow attempts to oust President and party chief Antonin Novotny, Communist affairs experts here said today.

No Sabotage
WEST PALM BEACH (UPI)—Officials said Sunday the detouring of a Florida East Coast Railway freight train probably resulted from a broken cross tie. Investigators said they could find no evidence of sabotage.

10 Killed
TALLAHASSEE (UPI)—A car rammed into the side of a speeding Seaboard Air Line freight train in Jacksonville Sunday night killing 10 persons and pushing Florida's weekend highway death toll to 10.

JFK Regardless
TALLAHASSEE (UPI)—State Rep. Frederick Kart of Daytona Beach, an unannounced candidate for governor, says he will support President John F. Kennedy in his bid for reelection no matter who the Republican candidate for president.

Inquest Shortly
JACKSONVILLE (UPI)—The state attorney's office said today an inquest will be held shortly into the slaying of Mrs. Patricia C. Newell, granddaughter of a Cheek, Neal Coffee Co. founder, whose husband confessed to strangling her.

Bill's Roadblock
RICHMOND, Calif. (UPI)—Rep. Adam Clayton Powell, D-N. Y., chairman of the House Education and Labor Committee, said Sunday he would block further work on President Kennedy's bills in his committee until Congress passes civil rights legislation.

To Visit U. S.
WARSAW, Poland (UPI)—Stefan Cardinal Wyszynski, Roman Catholic primate of Poland known for his struggles with the nation's Communist regime, has accepted an invitation to visit the United States, a spokesman for the cardinal said Sunday.

Boone Improves
SANTA MONICA, Calif. (UPI)—Actor Richard Boone, hurt in an auto crash Friday, was expected to be released from St. John's Hospital today.

State Supreme Court Subpenaed In Kelly Trial
TALLAHASSEE (UPI)—The Senate impeachment trial of Circuit Judge Richard Kelly was disrupted today when the House prosecutors subpoenaed the entire Supreme Court, including presiding Judge E. Harris Drew, to a private meeting in the Capitol.

Justice Drew asked that the trial be temporarily recessed so that he might answer the subpoena. He said the matters the House prosecutors wanted to question him about concerned the current impeachment trial but he went no details.

UNITED FUND campaign with a \$48,425 goal was launched at a kick-off breakfast this morning at the Florida State Bank lounge. Some 55 chairmen and workers were on hand for final instructions in the drive to raise funds for nine agencies. From the left: Mrs. W. E. MacLaughlin, Girl Scouts; H. H. Hodges, north county commercial chairman; Paul Lewis, general campaign chairman; Capt. Harry Foden, Salvation Army; and Al Fiori, Boy Scouts. (Herald Photo)

Jury Tampering Plot Charged

BIRMINGHAM, Ala. (UPI)—A federal judge said today there had been attempts to "intimidate or influence" a special grand jury investigating interference with court-ordered school desegregation.

U. S. District Judge Clarence Allgood said similar efforts had been "made on this court."

Allgood made his disclosure as the federal grand jury, which went into closed session a week ago, returned a single indictment and asked that it be permitted to continue its investigation at a later date.

The name of the person indicted was withheld pending an arrest.

Allgood asked the grand jury to look into the efforts to influence the jury and the court.

Wider French, U. S. Split Seen
PARIS (UPI)—French differences with the United States and the Western alliance may become more evident in the near future, political observers said today.

They drew their conclusions from the final visit here this weekend of Konrad Adenauer as West German chancellor and a bitter attack, by implication, on the United States from Premier Georges Pompidou.

Adenauer will retire next month and turn the Bonn government to Vice Chancellor Ludwig Erhard. With the 87-year-old chancellor will go his strong pro-Democratic policies, observers predicted.

Erhard was expected to shift the West German policy more closely in line with Washington's thinking on how the Western alliance should be operated to gain maximum strength.

Adenauer returned to Bonn Sunday as Pompidou was telling a meeting of the deputies of the Gaullist Union for the New Republic (UNR) party that foreign powers were trying "to make France a satellite."

University Site Team Due To Arrive Tonight

Members of the State Board of Control university site inspection team are scheduled to arrive here this evening preparatory to making a study of the Lake Ada site Tuesday.

Members of the City Commission and Chamber of Commerce are scheduled to meet with a team at 8 a. m. Tuesday at County Engineer William Bush's office at the courthouse.

Mayor Thomas S. McElroy said today that he does not plan to leave until the inspection team arrives.

Although the County Commission has been designated by the Board of Control as the local body to carry on negotiations, the City Commission favors the Lake Ada site for the four-year state university proposed for East Central Florida.

Scheduled to arrive here this evening are Gerald Jones, property supervisor; Forrest Kelly, architect; J. W. Sutton, research associate, and possibly one or two Board of Control members.

The director, Dr. J. B. Culpepper, was forced to cancel his visit but informed Bush he will look over the site at a later date.

The inspection team will view the Lake Ada site in special jeep and by helicopter. It will return again Oct. 14-15 for an inspection of four other Seminole County sites.

Burdette Free On Court Writ
Circuit Judge Volie A. Williams Jr. said today he had approved a writ of habeas corpus and ordered the release of \$10,000 bond of Fred Burdette Jr., 37, charged with first degree murder.

Burdette, charged in the slaying of his uncle, Charles R. Strickland, 35, in Burdette's home on Little Lake Howell Sept. 15, was released from county jail to the custody of his father, Fred Burdette Sr.

Judge Williams also set bond at \$500 for Burdette on a charge of shooting at an occupied dwelling.

As the result of a psychiatric examination for Burdette, County Judge Vernon Mize also agreed to Burdette's release, pending trial, but ordered that he "not attempt to associate with his wife, Betty Burdette."

City To Discuss Library, Sod

Possible relocation of the public library and a proposal to offer Municipal Stadium to the County School Board will feature tonight's session of the City Commission.

The Commission will take under consideration a recommendation by the City Zoning and Planning Commission for the relocation of the library to the old post-office building and to consider the purchase of the vacant lot west of the building, as offered by the General Service Administration.

Controversy over removing clay from the baseball diamond and replacing it with sod for high school football games has prompted the City Commission to offer Municipal Stadium to the County School Board for \$1 annual rental.

The City also will consider a request to take over and operate the Seminole County sewer lift station.

Also to be considered is a proposed ordinance requiring adult supervision at city school crossings.

Formal approval is expected for the \$1.25 million six-month budget for 1963-64.

Commission will consider another request for a time extension on the commemoration of the Palms Hotel by Mrs. C. H. Oloff.

U. S. 'Biglift' Set In October
WASHINGTON (UPI)—An entire division of 16,000 U. S. armored troops will be airlifted to Germany next month in the largest such movement ever undertaken.

Defense Secretary Robert S. McNamara announced today.

The operation, designated "Exercise Biglift" will involve 116 combat and 210 transport planes, and the entire personnel of the 2nd armored division at Ft. Hood, Tex.

Staircase Stolen
EXETER, England (UPI)—The Theater Royal today offered a \$20 reward for the recovery of a spiral staircase stolen during the weekend.

U. S. Will Foot Bill, Avery Says

A complete flood control program for the Econlockhatchee River and Wekiva River watersheds is available free of cost to Seminole County, it was reported this morning by James P. Avery Jr. to other members of the County Commission.

Avery and County Engineer William Bush stated they attended a joint session of Orange County Commissioners and federal agents Friday at Orlando, when it was disclosed the federal government is willing to finance the cost of flood control for 97,000 acres, of which 27,000 acres are in Seminole County and the balance in Orange. Most of Orange County surface water drains through Seminole County.

"Federal funds for this program are available under federal law 566," Avery said. "I approached previous Boards of County Commissioners with this plan but I was laughed at and was told it would take four or more years to complete plans."

Avery said the federal agents expressed the opinion they would have a feasibility study completed within six to eight weeks, following which the federal government "is ready and willing to finance completely, including ditches, locks, etc., this flood control program."

He added that "if we had started this program 10 years ago we long ago would have had the program in operation."

Avery further stated that a recent amendment to public law 566 "will allow the federal government to provide matching funds for recreational purposes as long as the plan is tagged 'flood control.'"

He explained that if the county will acquire land the federal government will pay half the cost for installing ramps, boat houses and other facilities for recreation.

He pointed out the Orange County legislative delegation this year obtained approval of an act setting up a state fund of \$120,000 for flood control purposes in that county.

Further discussing Seminole County's drainage and conservation problems, Chairman J. C. Hutchison, although the U. S. Housing and Home Finance Agency previously had rejected a request for feasibility study funds, that he has received word from Harold Scott, Jacksonville engineer, the HHPA now is ready to discuss the loan and a meeting is being arranged with the engineers for some time in October.

Mount Won't Sign Phone Pact

TAMPA (UPI)—The president of the electrical workers local union said today he would not sign the new contract with General Telephone Co. because the union members "are not being treated the way the company maintained they would be."

The union voted Sept. 9 to accept a new contract after a bitter strike which saw wholesale sabotaging of telephone cables in the six county area served by General Telephone.

Robert Mount, president of Local 824, International Brotherhood of Electrical Workers, said without his signature the contract could not be enforced against the union. He emphasized, however, that the union members could obey the contract at their option.

He said the membership might adopt a resolution at the meeting which would authorize another strike, but he would not sponsor the move.

Mount complained that the company had assigned union members to jobs out of their classifications and had rescheduled all vacations disregarding seniority. "They're putting people to doing jobs they know nothing about," he said. "This does not help to restore service."

Planning Body To Assure U. S. Road Aid Urged

Need for a Seminole County planning commission to be eligible for future federal funds for highway construction, was stressed this morning by Robert Brown, county zoning director, to the County Commission.

Brown recommended that the present County Zoning Commission be expanded to become the County Zoning and Planning Commission.

He explained federal law requires that a planning commission prepare and present an acceptable road building program to the state prior to July 1, 1965.

County Engineer William Bush explained that the Seminole County and Orange County Commissions, East Central Florida Regional Planning Council and the State Road Department will be briefed in detail at a joint session within the next several weeks.

County Commission delayed until after this briefing any action in forming a planning commission.

Commission referred to Bush and Road Supt. J. C. Lavender a number of lengthy bids for furnishing road building materials and petroleum products during the next fiscal year.

4 Businesses Burglarized

Burglars struck four downtown business houses over the weekend, it was reported today by Police Chief Roy Williams.

Thieves obtained \$5 from a cash box at Chapman Concrete Company, 101 North Elm Avenue. They failed to gain access to the company safe after knocking off the knobs.

Phillips Petroleum Company, 202 North Laurel Avenue, reported the loss of \$38.25 in cash and an unknown amount in checks, where, it was reported "they left the place in a mess."

No loss was reported by the DeLux Laundry, 504 West First Street, while Walls Supply, 111 North French Avenue, reported "a shambles." Thieves gained access to the safe but nothing was reported stolen.

LBJ Sees Some Loss In South

PITTSBURGH, (UPI)—Vice President Lyndon B. Johnson predicted Sunday that the Democrats may lose some southern votes in the 1964 presidential election because of the administration's civil rights program.

However, Johnson said he still felt the Democrats would be victorious next year.

"Many people will vote for the Democrats because what we are doing is right and must be done," he added. "The vice president was in the steel city for a breakfast meeting with Democratic Party members."

4 Stills Ready To Go Destroyed

CALLAHAN (UPI)—Four large moonshine stills were destroyed Sunday night about three miles south of here, Nassau County Sheriff H. J. Youngblood said.

The stills, each with a 2,000-gallon capacity, were filled with mash and ready for distilling, the sheriff said.

30 Days To Better Grades

Think Before Plunging Into Exam

By The Reading Laboratory
Written for Newspaper
Enterprise Association

It's just as important to know how to take a test as it is to know how to prepare for it.

Bring plenty of paper to the test. If you use a fountain pen, bring a bottle of ink, too. Always bring two ballpoint pens, or if you use pencils, bring at least two well-sharpened ones. You can write faster with ballpoints than with fountain pens and there's not much chance of smearing or blotting the ink.

You should get there on time but not early. One or two panicky students running around before the test can make everybody nervous. If you have a few butterflies in your stomach, don't worry about them; they'll go away when the test starts.

When you get the test, read the instructions very carefully. A minute spent reading instructions can save you a lot of time and trouble. (For instance, there may be 10 questions on the test, but the instructions may tell you to do only seven.)

Then read over the entire test. Look for ambiguous questions and clear them up with the teacher. Figure out approximately how much time you can afford to spend on each question. Stick to your time budget as closely as possible.

Answer the questions you know best first. Don't waste time sweating over something you don't know. Finish the test, then come back to ones you couldn't figure out immediately.

One very important rule: **THINK** before you start writing. If the questions are easy type, make a mental outline of your answer before you begin to write. Be sure you know exactly what you want to say—that way you won't ramble off the point in your answer. Some students prefer to begin each answer with a written outline of what their answer will cover. Beginning each answer with an outline is a highly recommended practice—if you're sure that your answer is the correct one. Remember that an outline lays everything out in its bare bones—if you're wrong, your teacher is bound to catch you. On the other hand, an outline will help make each answer clear and precise, and every teacher appreciates clarity and precision. He will have a natural tendency to raise your grade for clearly-written answers.

If it's a multiple-choice test, answer all the ones you're sure of first—these are your strong response answers. Then work on the ones you're not sure of. On a weak response question—when you're in doubt—your first choice will usually be the best one. The longer you ponder, the more possibilities you'll think of and the more confused you'll get. For the same reason, never change an answer on a multiple-choice test unless you're really positive your first answer was wrong. On a weak response question, trust your first response.

Take all the time allotted. You don't get any points for being the first one to finish. When your teacher returns the test, see what you did wrong and find out what the right answers were. They may come up again on a later test. You should also make a note on the type of test your teacher gave and what kind of questions he asked. You'll have a better idea of what to expect the next time around.

(NEXT: Some tips for test-taking.)

The entire 30 DAYS TO BETTER GRADES series is now available in an 80-page, spiral-bound book. To order your copy send your name, address, city and state plus \$1.00 to Better Grades, c/o Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

Studies at Marineland of Florida have shown that a young Atlantic octopus may double its weight in two weeks.

Five large sawfish have been living in the Rectangular Oceanarium at Marineland of Florida for more than 12 years.

MICHAEL KOHANY (left), of Oakland, N. J., has been inducted as new superintendent of Lutheran Haven at Slavia by Pastor Stephen M. Tuhy, retiring superintendent, at services held at St. Luke's Lutheran Church. Pastor Tuhy will continue administering the church.

Elder Springs Club Opens Current Year

The first meeting of the current club year for the Elder Springs Home Demonstration Club was held last Tuesday at the Home Demonstration Center on Sanford Avenue and 25th Street in Sanford.

The meeting was called to order by Mrs. G. R. Gray, new president and was opened with devotions by Mrs. Carl Bradbury.

Activities brought to the attention of the members included an Open County Council meeting and covered dish luncheon to be held at the Center on Oct. 17; the Presidents and Delegates Council executive board meeting to be held at the offices of Miss Myrtle Wilson, agent, on

Election Held By Scouts

By Shirley Wentworth
Bear Lake Girl Scout Troop 67 of Bear Lake elected new troop officials at last week's opening meeting of the season held at the home of Mrs. John Hall, leader.

Elected were Candace Herrington, troop scribe and Cheryl Clark, treasurer. Named leader of Patrol One was Patty Stevenson who has with her group Cheryl Forward, Linda Watt, and Barbara Weinar.

Patrol Two leader will be Kathy Aldridge with Mary Klingler, Vicki Brannon, Cathy Gibbons, Sandra Elliott and Candace Herrington.

Meetings of this troop are held each Tuesday after school at Mrs. Hall's home on Bear Lake Terrace in Bear Lake.

Lyman Classes Elect Officers

By Jane Casselberry
Elections of class officers at Lyman High School last week climaxed a feverish campaign in which each candidate tried to outdo the other with clever slogans and posters.

Senior Class officers are Phil Sechrest, president; Pete Carlson, vice president; Marla Jones, treasurer, and Cheryl Werley, secretary.

Junior Class officers are Chuck Wagner, president; Jack Blanton, vice president; Sandy Tennant, secretary, and Mary Louise Haines, treasurer.

Sophomore Class officers are Les Lyle, president; Vail Lambert, vice president; Nancy George, secretary, and Lynn Deans, treasurer.

South Seminole Students Get Eye Tests

By Jane Casselberry
Eye tests for students at the South Seminole Elementary School at Casselberry were begun today by volunteers of the school's Clinic Mothers organization.

Dates for the eye and ear clinics were set last Thursday when 27 mothers attended a coffee held in the teacher's lounge to hear a talk by Miss Evelyn Morris, county public health nurse.

Miss Morris told the mothers that she hopes to set up a school health program for the children emphasizing a different topic each month through posters and talks.

Topics to be covered will include dental hygiene, proper nutrition and rest and personal cleanliness.

Mrs. E. R. Brown, clinic chairman, announced she has received splendid cooperation from the mothers and that 28 have volunteered to work regularly in the clinic.

UPW Plans In Full Swing For Bazaar

By Frances Weaver
The women of the UPW of the Community Presbyterian Church of Lake Mary have their plans in full-swing operation now for the annual bazaar to be held at the Educational Building of the church on October 19 for the public to enjoy.

A turkey dinner, complete with all the trimmings, will be served from 5 to 7 p. m. with take-out service available.

Chairmen in charge of the affair state that many more helpers are needed and remind the women that every Wednesday is an all day Work Day at the church, starting at 9 a. m.

Anyone having articles for the White Elephant Booth or the Pick Pocket Lady are asked to get in touch with Mrs. Ralph (Lauretta) Williams, also, anyone wishing to donate potted plants for a booth, please get in touch with Mrs. A. E. Crocker.

Other booths to be supplied are Arts and Crafts, Needlework, Bake Shop and Outdoor Games and Activities.

Mrs. Carl Bradbury presented a report citing the number of deaths occurring from harmful household items and insecticides and urged everyone to store such articles out of the reach of children.

The project lesson, "Tailoring Food Needs to Me," was given by Mrs. Martin and Mrs. Gray who stressed that the two main points to remember are "to get estimated calories you need" and "to get the nutrients you require each day."

Mrs. Nolan and Mrs. Keeling gave the first lesson from the Medical Self Health Training Course. So much interest was shown in this information that the next meeting was advanced in schedule and will be held at 9:30 a. m. on Oct. 3. Place of the meeting will be announced.

This course is being conducted not only for club members but for all interested women of the community who are urged to attend the meetings as several of the lessons planned will be on civil defense and how to prepare the family for a crisis.

Hostesses for last week's meeting were Mrs. R. L. Bradbury and Mrs. Carl Bradbury.

Longwood PTO Plans Festival

Plans for a Harvest Festival to be sponsored in November by the Longwood Elementary School PTO were made Thursday night at a meeting of the executive board held at the home of Mrs. Leo Voskan, president, with eight members in attendance.

A final vote on the Festival, which is to be the PTO's major fund raising project of the year for completing the school library, will be presented at Tuesday night's meeting of the general membership.

This meeting will open at 7:30 p. m. with a visitation period. At 8 p. m. a school bell will ring calling the members to the auditorium for the business meeting after which refreshments will be served by members of the board.

GOP Begins 'Operation Registration'

By Jane Casselberry
"Operation Registration" has been launched by the Seminole County Young Republican Club in an effort to have all eligible voters in the county registered for the Nov. 5 election.

The club is concerned that of the approximately 32,000 eligible voters in Seminole County, only about 15,000 are registered to vote.

As Republicans they find it especially disconcerting that their party registration is only slightly more than 2,000.

Miss Audrey Flynn, club president, urges all eligible persons not now registered to go to the voter registration office at the county courthouse in Sanford.

The office is open from 9:5 Monday through Friday and will be open the last two Saturdays in September until noon and Saturday, Oct. 5, until 3 p. m. after which the books will be closed until after the Nov. 5 special election.

"Now is the opportune time," she added, "for those 'hidden Republicans' present-

ly registered as Democrats to change their party registration. Party registrations can be changed only from now until the spring primaries and then not again until after the general election in November 1964."

Don't be disappointed on Harold Beachamp of Red Bluff, Calif., was accidentally killed Sunday while on a deer hunting trip in the mountains.

The purpose appears to sleep while continuing to swim slowly, closing its eyes for a nap of 15 to 30 seconds, according to observations at Marineland of Florida.

ing status, check with the registration office.

and Mrs. Meral Queen and their children have visited in Sanford and have many friends here.

In Colonial architecture, the "widow's walk" was a rooftop balcony from which seamen's wives could watch for the return of their husband's ships.

George Alford's Nephew Killed

Mr. and Mrs. George Alford of 407 Orange Avenue, Sanford, received word this morning that their nephew,

Harold Beachamp of Red Bluff, Calif., was accidentally killed Sunday while on a deer hunting trip in the mountains.

His parents, Mr. and Mrs. Melvin C. Beachamp and his brother-in-law and sister, Mr.

"WON'T SOMEBODY come bail me out," this shaggy dog seems to be pleading. He is confined in the city pound with several canine pals because someone didn't care enough to see that he was licensed and vaccinated. Dogs unclaimed after 10 days are destroyed. (Herald Photo)

Rabies Clinic Slated Saturday By Jaycees

By Jane Casselberry
 Alarmed by the many unvaccinated dogs and cats in Sanford and Seminole County, the Sanford-Seminole Jaycees have scheduled vaccination clinics at three sites on Saturday from 2-5 p. m. to encourage owners of pets to immunize them against rabies.

Clinics will be located at the Jaycee Building on French Avenue, Lake Mary Elementary School in Lake Mary, and the American Legion Building on Highway 17-92, south of Sanford.

Dr. J. C. Lawrence, Dr. J. Foley and Dr. Raymond Bass, local veterinarians, are donating their services for this project and will furnish the vaccine, tags and certificates, as well.

The fee for each animal vaccinated will be \$3 and all proceeds will be used by the Jaycees to construct for the county a long needed county animal shelter, with the site of this shelter to be determined by the Board of County Commissioners.

City ordinances require all dogs over two months of age to be inoculated against rabies and licensed. Stray dogs or dogs reported as nuisances may be picked up by the city warden and impounded for a period of 10 days. At the end of this time if not reclaimed by the owner the dog is destroyed.

To reclaim a pet the owner must pay a \$3 fee plus 25 cents a day board and must have the animal inoculated and tagged.

The Board of County Commissioners is expected to set a deadline for requiring every dog in the county to be inoculated under House Bill 1333 passed in the State Legislature on June 7, concerning the vaccinating and impounding of dogs.

The board has set up \$1200 in the budget for the fiscal year beginning Oct. 1 for augmenting the new law.

Maris Due Out

NEW YORK (UPI) — Roger Maris of the New York Yankees is scheduled to be released from Lenox Hill Hospital today and will work out prior to tonight's two-night doubleheaders with the Kansas City Athletics. Maris entered the hospital last Tuesday for X-rays to determine the cause of a recurrent back ailment.

Success vs Failure

People like certainty. Consequently, even in a shades-of-gray era like the present, they seek clear black and white labels to pin on men, issues and a variety of other things.

Inevitably, therefore, they try to draw a pretty sharp line between success and failure. Yet the truth is, the gap between the two sometimes is almost imperceptible.

Admiral George W. Anderson, former Chief of Naval Operations and our new ambassador to Portugal, touched on this point in the specific content of military affairs in a recent speech to the National Press Club.

The admiral was, of course, arguing a case that greater consideration be given at the level of top civilian control to the views and the experience of professional military and naval officers.

Of the qualified military man Anderson said:

"He is exposed to the narrow margin between success and failure, not only in weapons, but in leadership and in understanding of the enemy."

At another place the admiral said:

"I am concerned that, in the selection of weapons, aircraft or ships, there may not be a full appreciation

of the decisiveness of a narrow edge in superior performance, both to achieve maximum safety and to succeed in combat."

What Anderson suggests is valid not only in the hard arena of military strength but through nearly all life.

Success again and again turns out to be a matter not of swamping your competitor in business, or a profession, or politics. It is a thing of getting just a few inches ahead, sometimes by working harder and longer but often mainly by concentrating better on the job at hand.

In countless instances the measure of difference is superior desire. Given that, a person somehow finds adequate tools, subjects himself to whatever stiff disciplines may be needed, labors as persistently and single-mindedly as the circumstances demand.

Out of that often narrow margin of extra effort comes the crown of success. Any slight flagging, any brief wandering of attention from the critical task could have turned it into failure.

We should understand, then, with Admiral Anderson that the difference most of the time is not a matter of black and white. Any of us may win the day just by striving with-out letup for a deeper shade of gray.

Letters

To The Editor

Editor, Herald:

Frequently your Red Cross Chapter in Seminole County hears the criticism that too great a part of Red Cross funds received from United Fund leaves our community. True, a part of the funds are sent out of state, but there seems to be a misconception that our community receives no benefit from the funds sent to American National Red Cross headquarters, Washington, D. C.

Such funds are used for two mandated services by your chapter:

1. Service to the Armed Forces and their families. Red Cross assistance to military personnel is world-wide, utilizing the services of countless professionally trained Red Cross Field Directors and staff at all military installations within the Continental United States and overseas.

An overseas communication center is maintained in Washington, D. C., on a 24-hour-a-day basis. Your chapter uses these services in a constant two-way exchange of requests for verified information for emergency leaves due to illness, death, and associated problems, health and welfare reports to relieve suffering and anxiety for the serviceman and his family. Many of these services are also available to the veteran and his dependents. Your chapter's greatest expenditures are for these services.

2. Our second mandated service is Disaster Relief. Last year, fortunately, we had only one — a five-house fire disaster at Oviedo, for which the National Office provided the funds necessary to rehabilitate the families involved. Most of us remember "Hurricane Donna." American National Red Cross not only supplied trained personnel to assist the local chapter, but paid, in all, nearly \$10,000 for losses and damages in Seminole County. Financial help for disaster assistance is always given as an outright grant — never a loan. Consequently, the local chapter must contribute a share of the funds received for the use of national Red Cross services at our military installations, wherever needed, and for Disaster, wherever it strikes.

We must also maintain the local office and carry on such services as water safety, first aid training, Gray Lady training, and such other programs as seem beneficial to the community.

It is the sincere hope of our local officers that the United Fund be amply supported by the entire community, so that we may continue to carry on our work.

H. H. Hodges
Chapter Chairman

Editor, The Herald:

The basic give-once-for-all principle that is the greatest

argument for the United Fund has more validity this year than ever.

In setting a goal of \$48,485 for the approaching campaign, the UF board announced inclusion of Good Samaritan Home among the nine agencies that benefit from this largest volunteer community effort.

Nine local agencies are grouped under the United Fund of Seminole County and others may apply for admission at any time. If found worthy and eligible they will share in the united effort on a basis of need. In forging separate and duplicating fund drives the agencies will not lose their separate identities.

Those included this year are Boy Scouts, Children's Home Society, Family Counseling Service, Girl Scouts, Mental Health Association, Red Cross, Salvation Army and USO.

The goal is a realistic target and attainable if enough workers volunteer to reach all potential givers. Seminole County needs a successful campaign but this is one thing that we in Seminole County must accomplish for ourselves.

Mrs. B. F. Ganas
Executive Secretary

Editor, The Herald:

On the afternoon of Sept. 7, my car became stuck when I pulled off 25th Street to wait out the terrific rainstorm. As soon as it stopped raining I went to the nearest residence to ask that someone call a garage for me.

These folks, Mr. and Mrs. Solon Taskon, just ignored that request and proceeded to work together to get my car back on the road, which they soon did.

I appreciate their kindness so very much and just want others to know about it.

Mrs. H. R. Wilson

BEER INCOME, CHAMPAGNE THIRST!

Dr. Crane's

Worry Clinic

Mrs. Crane was surprised at the remark made by the shoe salesman described today. Do you think men or women are more suggestible? Which sex is harder to sway by new fashions? And which is more receptive to new ideas? Send for the booklet below.

CASE Q-455: Mrs. Crane went shopping recently for a pair of shoes. While she was trying on various shoes, she and another woman in the store engaged in conversation. They finally turned to the shoe salesman and said: "You probably get tired of waiting on women customers, don't you?"

But he shook his head and with a smile, he informed them: "Not at all. In fact, I'd rather try to sell shoes to women than to men."

"They were surprised at that, so they asked him why."

"Well," he added, "men are too set in their ways!"

"For example, a man comes in with his mind already made up. He tells us exactly what he wants."

"And if we don't have such a shoe in his size, he will walk out."

"But women are much more open-minded. They are receptive to new styles and new ideas."

"So if we don't have what they may have wanted originally, they may change their minds and purchase something else."

In my college textbook, "Psychology Applied," I de-

vote an entire chapter to the power of suggestion, both in selling and persuasion of audiences.

Women are usually more suggestible than men.

And children are even more suggestible than are women. Grown men are more bull-headed and stubborn, as most of you experienced wives can well attest.

People who are suggestible are more easily led. They tend to be followers.

And weaker individuals are inclined to accept ideas from the larger or stronger members of society.

Since girls are usually smaller and weaker than boys, you can see why subconsciously the female tends to accept ideas more readily from outside sources.

Fads and styles are often ludicrous and ugly, yet many women will thus uncritically follow whatever the peer-pressure prescribes as the "latest" fashions.

Even if the social leaders said that every well-dressed woman should wear a raw oyster on her hat, you'd soon see thousands of women doing so, and I'm not joking.

A man, however, may hang on to his old hat for 10 years, regardless of the change in styles.

But a woman discards her latest shapeau almost before the season is over.

These two divergent points of view are apparently valuable to the human race, for the open-mindedness of women makes them receptive to progress and new inventions.

Indeed, a true scientist is always open-minded.

By that yardstick, women are actually more truly scientific than are men!

But rugged male perseverance also has proved of great value in the history of civilization, for it often requires years to build a bridge or win a war or dig an Erie Canal.

Send for my booklet "The New Psychology of Advertising and Selling," enclosing a long stamped, return envelope, plus 20c.

Quotes

One swallow does not make a summer. But unless one swallow arrives, we will never have a summer at all. Well, one swallow has arrived.

—Lord Home, British foreign minister, arriving in Moscow to sign nuclear test ban treaty.

France will not be diverted by the Moscow (nuclear test ban) agreements from equipping herself with the means of immeasurable destruction possessed by the other powers.

—President de Gaulle.

Prayer is the only possible way of Britain's deliverance from her present grievous state.

—Lord's Day Observance Society, in a resolution sent to Prime Minister Macmillan.

Peter Edson

Political Notebook

WASHINGTON—(NBA)—A new look at United States relations with Europe may be in the making. Its major elements are economic—trade, tariffs, foreign investments and balance of payments.

But back of these strictly business issues is seen a need for reappraisal of political and military ties. It looks toward a more equitable sharing of all free world defense costs, including foreign aid for the developing countries.

This prospect is emphasized by the White House Conference on Export Expansion, which drew over 200 top business leaders to Washington. This conference concentrated on enlarging America's already favorable surplus of this is seen as only one element in the much larger problem of bringing all U. S. better balance.

European business and political leaders have a much different view of this complicated world situation than do American leaders, says Dr. N. R. Danellian, president of International Economic Policy Assn. This is a private research organization serving a number of American corporations in foreign trade and investment.

"Even if the United States could solve its balance of payment deficit by increasing exports," says Danellian, "many Europeans feel the result would be depression for them. They believe that any increase in U. S. exports would make them lose business at home, or it would take away European export markets in third countries."

An important fact in this situation is the growing desire—led by President Charles de Gaulle of France—to make Europe more self-sufficient economically and militarily.

The American plan for a North Atlantic Treaty Organization nuclear defense force under U. S. leadership is dead, says Danellian, because Europe would not buy it and pay its share of the costs.

Similarly, he reports that Europeans have no intention of reducing their tariffs against American automobiles and agricultural products in which U. S. exporters believe they have the best chance to increase trade with Europe.

If this report is accurate it does not augur well for success of the so-called "Kennedy round" of tariff reduction negotiations scheduled to begin next spring with "trade czar" Christian A. Harter as chief U. S. bargainer.

If the United States cannot increase its exports to Europe, perhaps the next best opportunity for reducing the American balance of payments deficit may be found in increasing foreign investments. Their earnings could be brought back to this country as profits.

Europeans, however, are afraid of the competition from American investments overseas and would like to curtail them.

At the same time, Europeans oppose any curbs on their investments in the United States. They help the Europeans earn dollars on

which they can demand payment in gold.

This is a constant threat to the American gold reserve and another major point of difference on economic policies of the two continents.

The final and most troublesome difference is over foreign aid. The United States wants Europe to bear an increasing share of the aid program for developing countries as another means of reducing America's balance of payments deficit.

The Europeans justification for not doing more in this field is that the United States, with the highest living standard in the world, can best afford to give foreign economic and military aid and should continue to do so as its duty.

Europe spends less than a per cent of its gross national product for defense, compared to the U. S. 11 per cent. Germany pays a share of the European NATO defense costs by buying considerable military equipment from the United States.

The other NATO countries pay back nothing, but ask in the collective security of

lion. If the United States was to suggest that it would have to reduce its military aid outlays, a loud scream probably would be heard. But as a bargaining point in seeking a new arrangement for more equitably sharing such costs, such a suggestion might be justified.

Barbs

By Hal Cochran

Some songs are a lot more popular than the folks who think they can sing them.

A pay check is what makes some men rush to the bank to cover the checks he wrote two days before.

Some campers blazed the trail in the woods during the summer without leaving camp fire burning.

It's smarter to get set before you go ahead than to go ahead and get upset.

People who stayed too long in the sun found out that summer is starting to burn itself out.

The world has an opening for everyone and some folks have been in the hole for years.

It was a vacation to a beach that tripped a couple up and made them fall in love.

Dear Abby: By Abigail Van Buren

DEAR ABBY: My husband talks in his sleep. He says things as plain as day, such as, "Why do you always take me to these dumps, Honey?" (I have never taken him to any kind of "dumps").

And, "Tell Eli to keep his hands off you or I'll fix him." (I don't even know an "Eli").

When I wake him up and ask him what he is talking about, he tells me that a man is not responsible for what he says in his sleep. Do you think he is stepping out on me?

"LISTENING!"
DEAR "LISTENING": Keep listening.

DEAR ABBY: I am a 15-year-old Boy Scout. My Scoutmaster, who is almost 30, tells me to call him by his first name, Joe. (not his real name) because he feels old when someone calls him Mr. Jones (not his real last name, either.) My father insists that I call him Mr. Jones out of respect for my elders. All the other boys call him Joe and their parents don't seem to mind.

I'd like to call him Joe, but I want to please my father. What should I call him?

A STAR SCOUT
DEAR SCOUT: Please your father, and call him Mr. Jones.

DEAR ABBY: I went with a friend to an antique shop and we both found several items we wanted to buy. I laid my purchases aside on the counter while I looked for more. My friend chose to carry hers around with her. She saw an item that interested her, but she didn't have a free hand, so she asked me to pick up the item so she could see the price on the underside. In doing this I knocked over and broke the item next to it. I paid the store owner for the broken item. When we came out of the store I found an over-parking ticket on my car. While driving this friend home she expressed regret over my bad luck that day, but she didn't offer to help me pay for the broken item or the parking ticket. (The total involved was only \$4.50.) It would relieve me

greatly to tell her how I feel. Would you? Or am I wrong?

UNDECIDED
DEAR UNDECIDED: I wouldn't mention it to her. She is thoughtless, insensitive or both. (Maybe she's just cheap!) In any case, it's a grave mistake to expect others to do what we would do in like circumstances.

CONFIDENTIAL TO "HAVING OUR PROBLEMS IN OAKLAND": The best advice I can offer comes from a wise old Ojibway Indian Chief. While counseling a newly-wed couple who were constantly on the war path, he said, "Speak not loudly to each other unless the teepee is on fire."

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Legal Notice

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE.

IN RE: ESTATE OF CHARLES LUTHER SHOAF, also known as C. L. Shoaf, also known as Charlie Luther Shoaf, deceased.

To All Creditors and Persons Having Claims or Demands Against said Estate:

You and each of you are hereby notified and required to present any claims and demands which you or either of you, may have against the estate of CHARLES LUTHER SHOAF, also known as C. L. Shoaf, also known as Charlie Luther Shoaf, deceased, late of said County, to the County Judge of Seminole County, Florida, at his office in the Court House of said County at Sanford, Florida, within six calendar months from the time of the first publication of this notice. Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, his agent or attorney, and any such claim or demand not so filed shall be void.

Margaret J. Harkay, As Administratrix of the Estate of Charles Luther Shoaf, Deceased.

Hutchinson and Laffer, Edwards Building, Post Office Drawer 11 Sanford, Florida. Attorneys for Administratrix. Publish: Sept. 2, 9, 16, 23, 1962 (101-9)

Jacoby On Bridge By Oswald Jacoby

The Jacoby Transfer Bid (JTB) is used only after opening bids in no-trump. There is no reason to use it after a no-trump over-call. In fact, there are several good reasons why it should not be used after an overcall.

Furthermore, if your partner opens no-trump and second hand doubles or makes any bid you should either abandon the JTB entirely or move it to the four level. If you do move it to the four level be sure that your partner will recognize it. It is disastrous to bid four hearts with a nice seven card spade suit when your partner forgets and passes.

Today's hand shows why you don't want to use the

transfer bid when the opening no-trump bid is doubled. South is looking at one jack and wants to find the nearest exit when East doubles his partner's no-trump.

South bids two diamonds and, while East and West would each like to do something, they can't muster the courage so South buys the hand.

He also manages to make it. He has to lose two trump tricks and one trick each in hearts and clubs. There are two potential spade losers also, but South takes care of that by finessing successfully against West's Jack, losing but one.

Incidentally, had East mustered enough gumption to bid three clubs he would be set if South should elect to open a heart.

We The Women: By Ruth Millett

It could be the busiest woman you know is the one who manages to find the most

time for her friends. It often happens that way.

While less-busy women are making excuses for not having time for companionship with other women, the really busy woman is finding the time.

It is interesting how she does it.

Instead of waiting for a day when she has time to have a luncheon for a group of friends, she telephones two or three in the middle of a busy morning and says, "How about coming by at noon for a cup of coffee and a sandwich?"

If only one of the three can come, at least she has a visit with one friend that day.

Instead of spending half a day running errands alone, she calls a friend and the two combine errand-running with companionship.

Instead of excusing herself for not keeping in touch with friends who live at a distance by saying that she just doesn't have time for letter writing, she keeps letter paper

and a pen in her handbag. She writes letters while she sits under a dryer at the beauty shop, while in a doctor's or dentist's waiting room—whenever she finds herself with a 10-minute wait that she can use to write a personal letter.

Instead of feeling that she can't have friends in unless she is having a carefully planned party, she often extends spur-of-the-moment invitations that make a party out of just getting a few interesting people together for an hour or two—for an evening.

Instead of thinking that she will some day have time for friends, she sandwiches them in between the busy hours of her busy days.

Meanwhile, she is enjoying the companionship of good friends while many women, less busy than she, are waiting for carefree days that may never come when they will have all the time in the world for friends.

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA, IN CHANCERY NO. 12329 ORLANDO FEDERAL SAVINGS AND LOAN ASSOCIATION, Plaintiff, vs. WILLIAM L. PAGE, JR. and PEARL M. PAGE, his wife, Defendants.

Constitution Week Observed By DAR

Salle Harrison Chapter DAR met at the home of Mrs. J. M. Clark White, 2230 West First Street with Mrs. F. E. Beaman and Miss Irene Hinton as co-hostesses.

In the absence of the regent, Mrs. Lawrence Tinsley conducted the business session. It was announced that Salle Harrison Chapter was on the national honor roll.

The district meeting will be held in Sanford on Oct. 24 at the Mayfair Inn. An interesting paper on the constitution was given by Mrs. J. B. Ray and Mrs. C. E. Butler, national defense chairman, gave a talk on the subject.

The program was arranged in observance of Constitution Week. During the social hour the hostesses served refreshments to the 18 members present.

Fidelis Class Holds Monthly Meeting

Mrs. Irving Pryor was hostess for the monthly meeting of the Fidelis Class of the First Baptist Church. The Pryor home, on Margaret Road was decorated in a fall motif.

Mrs. W. T. Cavanaugh conducted the business session and Mrs. Ruby Spears gave an inspirational devotion using as her theme "Invitation to Prayer." Reports were given from group leaders and the nominating committee.

Mrs. Pryor, retiring class president, was presented with a gift in appreciation of her devotion during the past year.

During the social hour refreshments were served by the hostesses. Others present were Mrs. K. R. Wood, Joe W. Koke, A. L. Thomas, Lucille Bryant, C. E. Chanlet, Marjorie P. Cowan and John Malloy.

"LET'S TALK DRY CLEANING"
By - WOODROW CASH

There is a general misunderstanding about frequent drycleaning being injurious to clothes. Nothing could be further from the truth. Frequent expert cleaning prolongs the fabric and materials. This has been proven by the research department of Sanitons by taking two swatches of fabric, labeling them so they could not be confused, and giving one of them constant cleaning. It resulted in being the same color, having good body tone, as the new untouched swatch. Remember, the important thing is in having your drycleaning done by reputable and experienced cleaners, using a reliable method of cleaning. Our Sanitons process is one of the best available.

This is particularly important now that the football season has opened, and the nights getting cooler. You will be taking your heavier clothing out of storage and preparing them to wear to the games. Remember your Downtown Cleaners, a reputable drycleaner, and come on out to see your high school win those games. We want you for a customer, and they want you in the stands, rooting for them. See your Downtown Cleaners or call them today.

Miss Kern, W. E. Carter Married In Paola Church

By Mrs. H. L. Johnson
A wedding marked by quiet dignity on Sept. 14 united in marriage Miss Vonda Jane Kern, daughter of Mr. and Mrs. Kenneth Kern of Paola and Willis Eugene Carter of North Orlando. Mr. Carter is the son of Mrs. Stella Carter also of North Orlando.

Rev. Leon Dean of Largo officiated at the 6 p.m. ceremony in the Wesleyan Methodist Church in Paola.

The church was decorated with a profusion of palms, white gladioli, chrysanthemums and white candles. Mrs. Leon Dean, pianist, played the traditional wedding music and accompanied Rev. Earl Baker, soloist who sang, "I Love You Truly."

MR. AND MRS. WILLIS EUGENE CARTER (Photo by Gassman)

The bride who entered the church on the arm of her father, wore an afternoon gown of white chiffon over taffeta with bolero jacket of white Alecon lace. Her headband was of white net and ribbon and chrysanthemums which held the shoulder length veil. She carried a bouquet of white mums and lilies-of-the-valley centered with a white orchid.

The maid of honor Miss Jean Stripling and bridesmaids the Misses Grace Ann Spivey and Mary Manfredi wore similar gowns. Miss Stripling's was of deep pink taffeta and the bridesmaid's light lavender taffeta.

Best man for the groom was Marion Williams and ushers were Tony Manfredi and Kenneth Kern Jr. brother of the bride.

The bride's mother was attended in a blue sheath dress with matching accessories. The mother of the groom chose a yellow floral print dress. Both wore corsages of white mums.

A reception followed the wedding at the church parsonage. Mrs. James Stanton and Mrs. Murray Kanner served the cake and punch and Grace Ann Spivey kept the brides book.

Mrs. Carter chose as her going away outfit a navy blue suit and the orchid from her bouquet. After a short tour of Central Florida Mr. and Mrs. Carter will reside in North Orlando.

Out of town guests were Mr. and Mrs. Bill Carter and Mr. and Mrs. Hiram Carter of Miami and Rev. and Mrs. Leon Dean of Largo.

Bride-Elect Honored At Reception

Miss Jeannette Baryow, bride-elect of Joe Andrews, reception given, recently, by Mrs. R. N. Murray Sr., at her home in Loch Arbor.

MRS. R. N. MURRAY, right, was hostess for a recent reception honoring Miss Jeannette Barlow, bride-elect, at her home in Loch Arbor. With her from left are, Mrs. J. E. Andrews, Mrs. C. W. Barlow and the honoree, Miss Barlow.

Woman's Club Postpones Meeting
Due to the state board meeting of the Florida Federation of Women's Clubs meeting on Oct. 2, the Sanford Woman's Club has postponed their opening meeting from the first Wednesday in October to the second.

The club year will start on Oct. 9 at 12 noon, with a luncheon, followed by the program.

Guest speaker will be Mrs. King, from the Sanford library.

Sanford Personals
Billy Lovelace, son of Mr. and Mrs. William Lovelace, entered the J. Hillis Miller Medical Hospital, in Gainesville, today and will undergo knee surgery tomorrow.

Mr. and Mrs. Dick McLaughlin have returned to their home on 19th St. after a four month visit in the west. They spent some time in Omaha, Neb., Great Falls, Mont., Sioux City, Iowa and in South Dakota.

Recent houseguest of Mr. and Mrs. Tom Albert was Miss Tracy Hegg, of Mankato, Minn., fiancée of the Alberts' son, Wayne. Miss Hegg is employed as an assistant medical record's librarian, at Orange Memorial Hospital, in Orlando. She is a graduate of Viterbo College, in La Crosse, Wis.

Sanduskys Entertain Relatives

Col. and Mrs. Harry E. Sandusky, of Lake Mary, have had several recent houseguests who enjoyed their stay in Florida.

Their son, John, wife, Eva, and their daughter, Michele, and son, Michael, from Gulfport, Miss., were with them for a week. The family also spent one week at Titusville visiting John's brother, Bill Sandusky.

Thursday, their daughter, Virginia, and her husband, John Worrell, from Columbus, Ohio, stopped for a visit on their way back home from a trip to Miami. Accompanying them were Mr. and Mrs. Howard McCliman, from Dayton, Ohio.

The Worrells and the McClimans had been in Miami as national delegates to the American Legion Convention. On Friday the group went to Cape Canaveral and also visited Patrick Air Force Base. Mr. McCliman works with missiles in Dayton.

Orientation Class Tuesday

By Mrs. Adam Muller
Mrs. C. E. Butler, president of the Women's Auxiliary of Seminole Memorial Hospital, will conduct an orientation class of the DeBary Pink Ladies on Sept. 24 at 10 a.m. at the Community Center. The ladies will be in uniform.

Patricia Place To Marry Ronald Maurice Sentell

Mr. and Mrs. W. T. Place, 135 Pinecrest Drive, Sanford, announce the engagement and approaching marriage of their daughter, Patricia Lorraine, to Ronald Maurice Sentell, son of Mr. and Mrs. Lloyd Sentell, of Hendersonville, N. C.

MISS PATRICIA PLACE

Miss Place was born in Miami and attended schools in Maryland, Cuba and Florida. She was a member of the 1953 graduating class of Seminole High School.

She attended Orlando Junior College and is presently employed as receptionist by Dr. A. W. Woodall, in Sanford.

The groom-elect attended schools in Hendersonville and served three and one half years in the U. S. Navy. He is presently employed by the General Electric Corp. in Hendersonville, N. C. He completed his high school education while in the Navy.

The wedding is scheduled for Oct. 13 at 2 p.m. at the Christian Missionary Alliance Church in Sanford. No formal invitations are being extended and all friends of the couple are invited to attend.

Club Plans Luncheon Meeting

The Lake Mary Woman's Club will meet this Thursday at 12:30 p.m. for a luncheon at the Ricksha Inn.

Guest speakers will be Dr. Frank Leone and Mrs. Grace Fisher, from the Seminole County Health Department. They will define the functions of the health department.

Mrs. Leone, new public affairs chairman, of the club will be in charge of the program.

Betty Hobby Celebrates Birthday

Mr. and Mrs. Louis Hobby honored their daughter Betty with a party at their home last week on the Upsala Road. The occasion was Betty's 13th birthday. Miss Beverly Gilbreath assisted Mrs. Hobby in caring for the guests.

The party rooms were decorated with pink streamers and balloons and games were played during the evening with plenty of laughter and fun.

After opening the many nice gifts the hostesses served birthday cake, home made ice cream, punch and potato chips to the honoree and: Vickie Gilbreath, Carol and Shirley Muse, Donna McLaughlin, Carol, Crystall, Mildred and Jan Hobby, Brad Fox, Preston Hobby, James McGoo, Ray Smith, Vaughn Sterman and Donny Gilbreath.

Theta Epsilon Hears Program On Speech

"Oratory and Speech" was the program topic presented by Mrs. Joseph Colonna when Theta Epsilon chapter of Beta Sigma Phi met at the home of Mrs. Don Cahill. Mrs. Colonna illustrated her program by the use of recordings of various readings. Paul Revere's Ride as narrated by Fredric March was most interesting and illustrated a particular type of speech.

The hostess gift was won by Mrs. Faye Stetson.

Those attending the meeting were Mrs. Wallace Peacock, Mrs. Al Davis, Mrs. Rick Walker, Mrs. Roger Garner, Mrs. Randall Reynolds, Mrs. Sierne Bolte, Mrs. Bill Rivero, Mrs. Paul Lewis, Mrs. Stetson, Mrs. Colonna, Mrs. Bob McKee, Mrs. Jack Erickson and Mrs. Bob Duke.

Refreshments of cakes and fruit punch were served by the hostess during the social hour.

Engaged couples should accept invitations that do not include both of them. Being "Siamese Twins" always can strain the closest relationships.

Gamma Omega Chapter Plans Fall Bazaar

The Gamma Omega chapter of Epsilon Sigma Alpha had a very successful benefit card party and fashion show at the Sanford Woman's Club. They made \$100 to be used on local charities.

The next meeting of the group will be this Tuesday night, at Mrs. Min Keenan's home. The purpose of the social get-together is a workshop for the "Fall Bazaar" to be held Oct. 28.

Gamma Lambda Plans Rushing Season

Mrs. James Blythe was hostess for the bi-monthly meeting of Gamma Lambda Chapter of Beta Sigma Phi. A program on architecture was presented by two members, Mrs. Jim Daughtry and Mrs. LaMar Meredith.

Discussion was held concerning the rushing season which will soon get into full swing. Names of prospective rustees were mentioned and party dates set.

A get-acquainted brunch is scheduled for Sept. 28, a beatnik party, Oct. 5 and a tea on Oct. 27.

Mrs. Jay Carter urged all members to get busy and sell tickets for the benefit drawing. The prize will be a weekend trip for two to Nassau.

Mrs. Larry Mann announced that the next meeting will be on Oct. 7, at the home of Mrs. Meredith. Mrs. James Blythe and Mrs. Jerry McCabe will be in charge of the program.

Club Plans Luncheon Meeting

The Lake Mary Woman's Club will meet this Thursday at 12:30 p.m. for a luncheon at the Ricksha Inn.

Guest speakers will be Dr. Frank Leone and Mrs. Grace Fisher, from the Seminole County Health Department. They will define the functions of the health department.

Mrs. Leone, new public affairs chairman, of the club will be in charge of the program.

SHS Comes From Behind To Win

1-Point Margin Comes With Seconds Left

By Julian Stenstrom
Herald Sports Editor

Forty-eight minutes of football were played last Friday night at Sanford's Memorial Stadium but it took only 71 seconds to determine the outcome of the local gridiron season's opener between the Seminoles of Sanford and the Titusville Terriers.

In a sea of mud and water, and with two minutes and 27 seconds remaining in the final stanza, the Tribe was on the short end of a 13 to 7 count. Titusville had posted six points on the scoreboard and kicked off to the Seminoles.

Quarterback Ronnie Hinson plunged over center for three and fired a shot at end Harry Barks for three more. From there scabback and co-captain Buddy Lawson sped around the left flank to the Terrier 30.

Hinson then carried to the 28. With the clock showing 1:57 remaining Barks found a hole at right tackle and was hauled down on the 15.

The Warriors then called on the talents of 190-pound fullback Les Sparkman. After Titusville took a five-yard penalty to their own 10, Sparkman plunged to the four, bulled his way to the one, and with 1:14 left he powered his way into paydirt.

And victory came when Lloyd Freeman split the uprights for the 14 to 13 Seminoles win. The storybook finish in one minute and 11 seconds will be one of the major highlights of the current season.

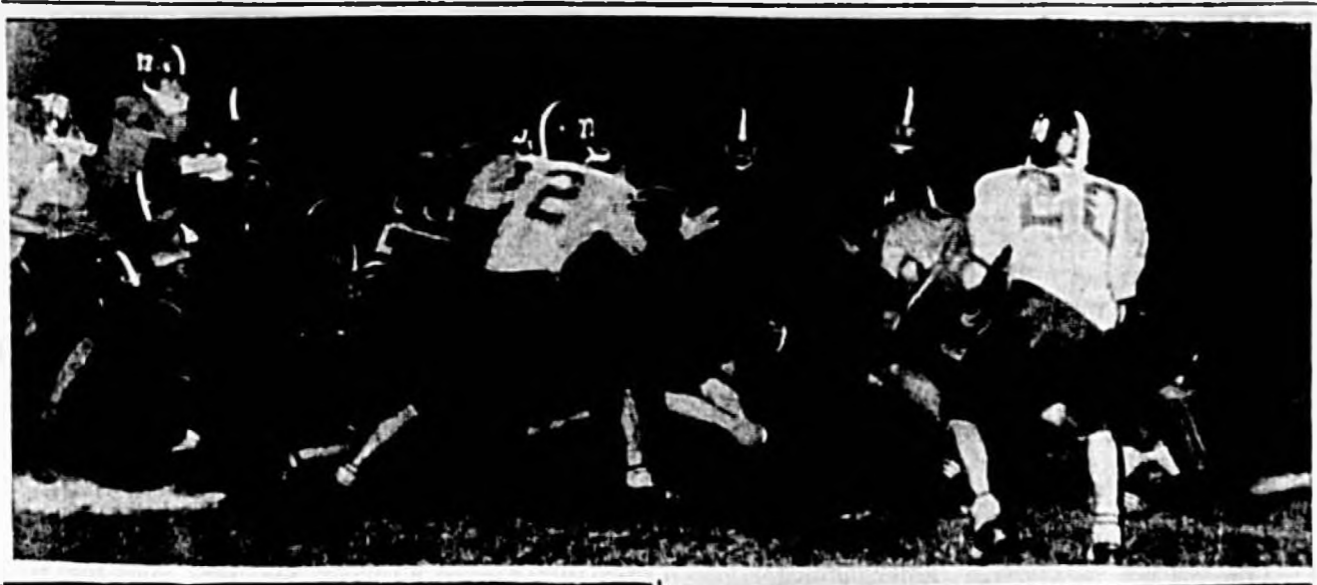

Before a packed house, the two ball clubs battled on near-even terms during a scoreless first half. The Terriers couldn't penetrate the stubborn Seminoles defense. Meanwhile, the Tribe's offense was on and off but the locals' big problem was the inability to hold on the wet pigskin. They fumbled five times in the first half, but they recovered three.

In the third period, Captain Billy Higgins ignited the Seminoles when he skirted his right side for 25 to give Sanford a first down on the Titusville 35. Sparkman and Hinson moved the ball four more yards before Hinson lofted a 20-yard aerial to Buddy Lawson on the 15 and the speedster went the distance. Freeman followed with his first of two point-after-TD boots.

In the final quarter, the Terriers came up with their first big break when Titusville recovered a Sanford fumble on the Seminoles five. Dave Ward, a real workhorse, in two plays crossed the double stripe. The PAT failed and Sanford fans breathed a sigh of relief.

But Seminoles' margin of one point didn't hold for long. Titusville kicked off to Sanford who failed to move on three plays and Freeman went back to punt. The snap was slightly to his left and he dropped the slippery ball. The Terriers took over on the Seminoles 25. Ward picked up five, hit the line for one more, and Charlie Huggins added three before he passed to Ward on the five-yard line. Ward added two more and on a fourth down he plowed over from the three and then booted the extra point.

But the next one minute and 11 seconds told the story. Statistically speaking, the Seminoles were on the long end of the short yardstick. Unofficially, Sanford recorded 139 net yards on the ground against 52 for Titusville, connected on four of eight aeriels for 41 yards against 29 for Titusville who completed three of seven attempts posted a total of nine first downs to five for the Terriers, but the Warriors out-fumbled their opponents nine to two. Titusville lost the ball on their pair of miscues and Sanford was alert enough to recover six of their own fumbles. But two of the three times they lost the ball nearly cost them a ball game.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

Another finish at the Memorial Stadium like that one Friday night and we'll propose they rename the orchard "Cardiac Park." . . . If you missed it you've probably missed one of the highlights of the current campaign.

That skinned infield at the Memorial Stadium caused almost as much comment from the some 3,500 fans as did the storybook finish. We've heard complaints against the city commissioners, the members of the school board, and even the county commissioners. We're not concerned about who's to blame. We're interested in seeing that situation corrected—and quick.

After miscues that almost cost the Seminoles their opener with the Terriers it was well, shall we say—"exhilarating" to see the local Tribe rise to the occasion and yank that ball game out of the fire.

And what a night it was for Dick and Rodney Umberger, the head coach and assistant, respectively, as Longwood's Lyman High. The Greyhounds, led by sophomore back Les Lyle who racked up five TDs, are going to be tough.

Some ex-footballers hearts were in their mouths Friday night when they saw Seminoles backs using reverses and handoffs with a ball that must have felt like a huge bar of soap. There was danger in that ball slipping away from them. And, it did!

That "out of the fire" is just a figure of speech, but if there ever was a big pen of soggy, slippery slime in which to play—and completely fireproof, too—it was the stadium turf and that skinned infield. These kids were trying to make a football game out of a mess.

Packers Win 'Must' Game Against Lions

United Press International The Green Bay Packers proved they can win the big game without Paul Hornum, but the New York Giants showed that without Y. A. Tittle they're nothing.

The Packers demonstrated the class of champions Sunday against the club they had to beat, doubling the Detroit Lions, 31-10.

But the Giants, with Tittle mostly pacing the sidelines because of a chest injury, were clobbered by the Pittsburgh Steelers, 31-0.

Two of the National Football League's old stars, one Johnny come-lately, and one young man with great promise also proved a few points on the second weekend of the season.

Jimmy Brown showed further that he thrives under the Cleveland Browns' new regime when he broke loose for two long runs in a 41-21 rout of the Dallas Cowboys.

Sanford's pride is blanketed when you see a best football field in the area in such a deplorable and unplayable condition.

When Lloyd Freeman was getting ready to kick the PAT following that last Tribe TD—the one that spelled the difference—the crowd was so hushed you could hear the pop corn popping away in Jackie Carlo's concession stand.

That pass Buddy Lawson caught was not the traditional "over the shoulder" brand. It was on the shoulder. The fleet receiver hung onto it right there for that split second before he could tuck it away and finish that 15-yard sprint.

This week Oviedo takes on Dunnellon, Lyman tackle a Apopka and Seminoles goes to Orlando for a duel with Colonial. Possibly our three county high schools can make it three for three this Friday night. But it'll be tough to do that on any given weekend.

Cornerly Report Due Shortly

NEW YORK (UPI) — National Football League Commissioner Pete Rozelle was expected to release an investigator's report today or Tuesday into Charley Cornerly's dealings with an accused gambler.

James Hamilton, investigator for the NFL, questioned Cornerly at the former professional star's Clarkdale, Miss., home during the week-end.

Hamilton said he would file his report with Rozelle and that Rozelle would announce results of the investigation "probably Monday or Tuesday."

Johnny Unitas showed his old clutch touch when he engineered a 10-point last-visit surge that earned the Baltimore Colts a 21-14 triumph over the San Francisco Forty Niners.

Billy Wade, who knocked around the league for several seasons before winning a steady job with the Chicago Bears two years ago, pitched three touchdown passes in a 28-7 win over the Minnesota Vikings.

And 24-year-old Charlie Johnson, undoubtedly the brightest young quarterback prospect in the NFL, also threw three scoring passes in leading the St. Louis Cardinals to a come-from-behind 28-24 victory over the Philadelphia Eagles.

Saturday night on the West Coast, the Washington Redskins trounced the Los Angeles Rams, 37-14.

SEMINOLE HIGH, top picture, is starting a running play and quarterback George Eichart (12) and halfback David Ward (20) trying to stop the play coming their way. In bottom picture Seminole halfback Earl Black (22) has a Titusville Terrier nipping at his heels.

Dodgers Learn Ties Are Not Celebrated

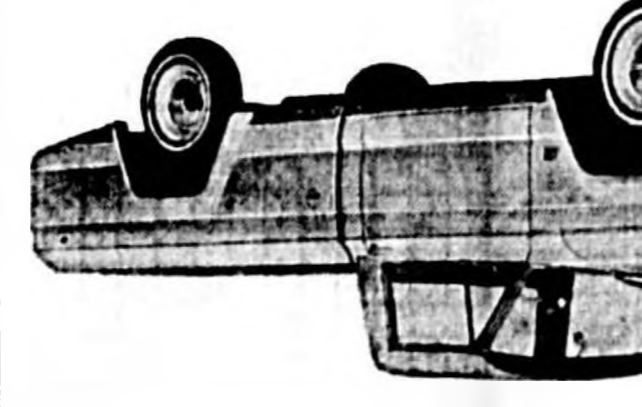

By United Press International There will be no premature celebrations in Los Angeles this year. The Dodgers have learned their lesson.

Anybody else might be digging the cork screw into the champagne. The Dodgers are keeping their bottles on ice.

Los Angeles clinched at least a tie for the National League pennant Sunday when the St. Louis Cardinals lost to the Cincinnati Reds, 5-2. The Dodgers could have clinched the flag by beating the Pittsburgh Pirates, but instead dropped a 4-0 decision.

Why We Build 2-Wheel Drive Trucks BACKWARDS

Why not see your 'Jeep' dealer today and get all the facts. Why? Because the 'Jeep' Gladiator 2-Wheel Drive Pickup is built backwards, but it sure comes out right. Maybe that's doing things backwards, but it sure comes out right. Heavy duty components—all the ruggedness of a 4-wheel drive truck. Then we leave off the transfer case and the front end power. So we start out by actually building a 4-wheel drive truck. We think 2-wheel drive trucks should be as rugged as

Pascual Has 2nd Straight 29-Game Year

By United Press International One thing Camilo Pascual of the Minnesota Twins never expected to be called — by friend or foe—is a model of consistency.

The story of the 29-year-old Cuban right-hander's major league career is one of big talent hampered by a high-strung temperament. But today Camilo is indeed a good example of consistency — the only 20-game winner of 1962 to repeat in 1963.

Those who reached the 20-mark in 1962 but who won't make it this year include Ralph Terry, Dick Donovan and Ray Herbert in the American League and Don Drysdale, Jack Sanford, Bob Purkey and Joey Jay in the National.

Pascual, 20-11 in 1962, raised his 1963 record to 20-9 Sunday when he pitched the Twins to a 4-1 triumph over the Boston Red Sox. Pascual struck out nine to lift his season mark to 193 — seven short of his third straight season with 200 or more strikeouts.

Red-hot Harmon Killebrew hit his fifth homer in three games and his 43th of the season and Jim Hall and George Blanks also homered for the Twins. Minnesota's club total of 224 homers is second in major league history only to the 250 hit by the 1961 New York Yankees.

The New York Yankees nipped the Kansas City A's, 4-3, the Chicago White Sox edged the Detroit Tigers, 3-2, the Cleveland Indians whipped the Los Angeles Angels, 5-3 and 2-1, and the Washington Senators beat the Baltimore Orioles, 1-2, after a 6-3 loss in other American League games.

In The Fall It's Football

NEW YORK (UPI) — In the autumn a sports fan's mind apparently turns to football. Six National Football League games Sunday attracted 246,290. Less than half that number — 119,351 — turned out at 10 major league baseball parks for Sunday games.

3 QB's Shine In Victory

By United Press International

While Miami's George Mira was recovering from shock, Roger Staubach of Navy, Tom Myers of Northwestern and Pete Liske of Penn State took an early opportunity to place themselves and their teams in position for national prestige.

Staubach, Myers and Liske — three classy quarterbacks — were among the top performers during college football's first big weekend, leading their teams to important opening game victories.

As usual, there were some big upsets, including Memphis State's 6-0 tie with Mississippi, North Carolina State's 36-14 win over Maryland, Air Force's 10-7 victory over Washington, and Florida State's stunning 24-0 win over Miami Friday night. Little East Carolina also posted an embarrassing 20-10 upset over Wake Forest, which has lost 11 straight.

The weekend's top individual performer was Staubach, the Navy junior who completed 17 of 22 passes for 171 yards and one touchdown during the Middles' 51-7 victory over West Virginia.

A crowd of 35,000, largest to see a football game in Morgantown, W. Va., watched Staubach ruin what many considered to be one of West Virginia's most promising teams.

Myers was equally successful with his pin-point passing as the Wildcats beat a tough Missouri team, 23-12.

Lyman's Speed Too Much For Oviedo

Large Crowd Sees Opener In Bad Weather

By Joe Warden
Herald Sports Writer
Capitalizing on good blocking and a pair of speedy backs, Lyman trounced Oviedo 41-6 in the season's opening tilt. A capacity crowd of more than 2,000 undaunted by the uncertain weather, witnessed phenomenal running by Lyman's Les Lyle and Oviedo's David Van Camp.

The first tally came on a yard run by Lyle in the first quarter. Although Oviedo never got a drive going in the first period, its defense limited Lyman to one touchdown.

Oviedo in their second season of football, bounced back in the second quarter on a 42 yard TD run by Van Camp. But the Lions were unable to capitalize on their gains, as Lyman crashed through the inexperienced Oviedo line to set up a 21 point lead. All three of the Greyhounds second quarter markers were made by 190 pound, fullback Lyle, who repeatedly broke into the open for long scoring runs.

A delightful break was provided by the Lyman Band, which highlighted the sounds of Dixie in its half-time repertoire.

The third quarter saw limited action by both teams, as the only tally was made by the Greyhounds' Pete Carlson on a 25 yard reverse. The last two quarters highlighted a toughening up of Oviedo's defense, due to a shift in the Lion's defensive information.

The last score in the game came on a 20 yard TD sprint by elusive Lyle in the fourth quarter. After a 45 yard run-back by the Lion's Brooks, Oviedo began to move the ball back down field. The Lions were playing against the clock in the last few moments of the game, but failed as the time ran out, giving Lyman the game.

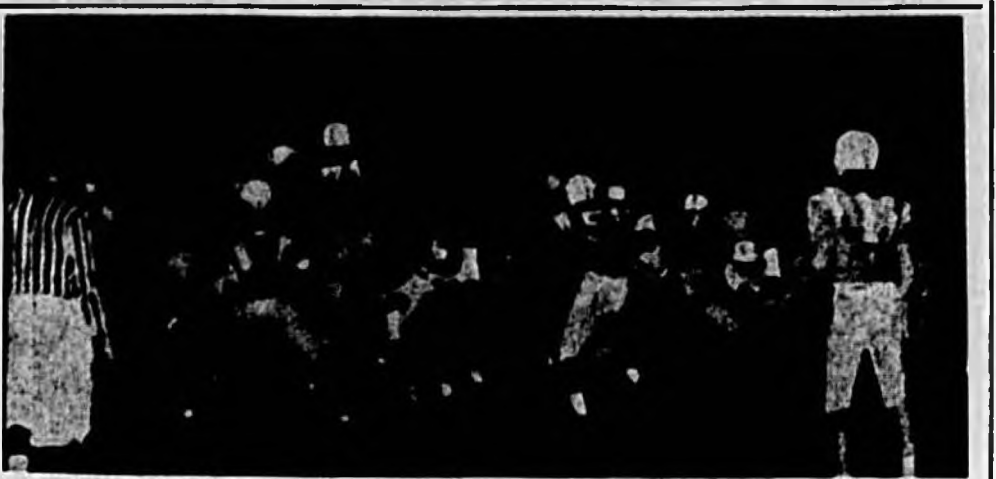

Lyman, lost 73 yards in penalties and lost possession of the ball in a first quarter fumble. Yet the spectacular running of Lyle and Carlson and the effective blocking of the Greyhound line, gave Lyman the advantage.

Oviedo coaches attributed the loss to inexperience and lack of depth, although Oviedo defense toughened in the last half.

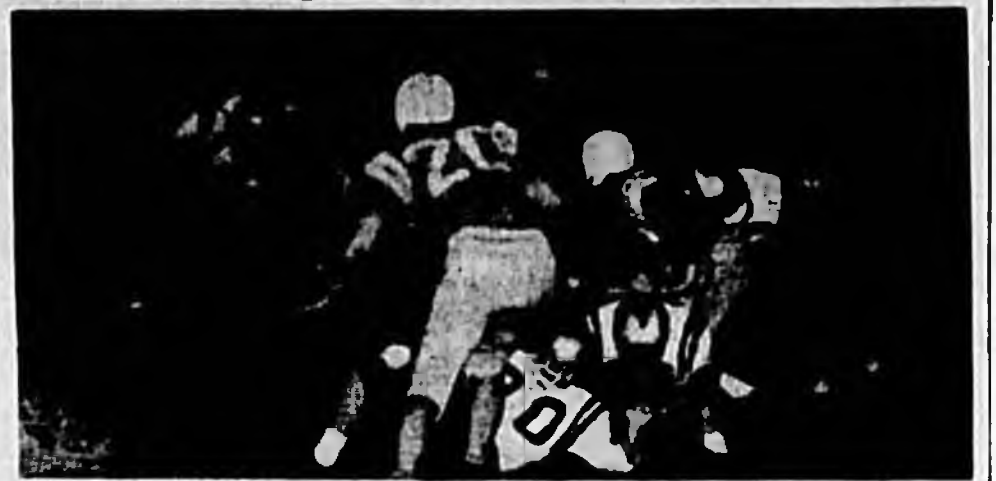

In next weeks contest Oviedo hosts top ranked Dundellon, which is fresh from a 6-0 win over Jasper.

Statistics	Lyman	Oviedo
4 First Downs	9	9

In the lower picture Oviedo is defending against a running play by Lyman whose ball carrier cannot be identified by number. Halfback David Van Camp of Oviedo is in the foreground.

Crooms Loses Hard-Fought Opener To Ocala By 25-7

By Bob Thomas
Herald Sports Writer
The Crooms High Panthers lost their opening game to the Wild Bulls of Ocala by a score of 25-7 Friday night. It was a frustrating defeat for the Panthers, who made some costly mistakes. The Wild Bulls made some mistakes also, but the Panthers were unable to take advantage of them.

Willie Ransom, Crooms' first string fullback was injured early in the game and had to retire for the night. Crooms trailed 6-0 at half time. With 11:20 left in the fourth quarter, David Peterson banged over from two yards out; and quarterback Samuel Alloway passed to W. Hartfield for the conversion.

The Panthers came to life after Robert Jackson recovered a Wild Bulls' fumble on Crooms' 35 yard line. Peterson, Green, and Gaines drilled for long gains putting the ball deep in Ocala's territory; but Alloway's pass to Hartfield was intercepted to stop the Panther drive.

For Ocala it was all Eugene Milton, who runs the 100 in 9.2. Milton caught two passes for touchdowns, ran one from scrimmage for 90 yards; and picked up a Peterson fumble and scampered to pay dirt.

The Crooms defense was led by George Bush, who was in on most every play. Samuel Alloway and A. James did a fine job in directing the Panthers offensive attack. Hartfield made some great catches of passes from Alloway and James. Mistakes are expected in the first game of the season, but Coach Holt's chargers will jell into a very fine unit and make it tough for future opponents.

Here are Crooms' leaders in their respective departments. Rushing: Hildred Green carried 13 times for 97 yards. Passing: James Anderson attempted 10 passes and completed three for 39 yards. Scoring: David Peterson

one touchdown, six points. George Bush was a stalwart on defense, making 11 tackles with five assists.

Scoring by Quarters: Crooms 0 0 0 6-6 Ocala 6 6 12 7-25

Knudson Wins Portland Open

PORTLAND, Ore. (UPI) — George Knudson, a slender young Canadian in his third year on the professional golf tour, sank a 45-foot chip shot for a spectacular eagle to win the \$30,000 Portland Open golf tournament Sunday in a sudden-death playoff with Mason Rudolph.

Starting the final day four strokes behind Rudolph, the 26-year-old pro from Oakdale Country Club in Toronto toured the final 18 holes in 67 while three bogeys plagued Rudolph and caused him to fade to a 71.

For Ocala it was all Eugene Milton, who runs the 100 in 9.2. Milton caught two passes for touchdowns, ran one from scrimmage for 90 yards; and picked up a Peterson fumble and scampered to pay dirt.

The Crooms defense was led by George Bush, who was in on most every play. Samuel Alloway and A. James did a fine job in directing the Panthers offensive attack. Hartfield made some great catches of passes from Alloway and James. Mistakes are expected in the first game of the season, but Coach Holt's chargers will jell into a very fine unit and make it tough for future opponents.

Here are Crooms' leaders in their respective departments. Rushing: Hildred Green carried 13 times for 97 yards. Passing: James Anderson attempted 10 passes and completed three for 39 yards. Scoring: David Peterson

one touchdown, six points. George Bush was a stalwart on defense, making 11 tackles with five assists.

Scoring by Quarters: Crooms 0 0 0 6-6 Ocala 6 6 12 7-25

one touchdown, six points. George Bush was a stalwart on defense, making 11 tackles with five assists.

Lorenzen Wins Old Dominion

MARTINSVILLE, Va. — (UPI) — Fred Lorenzen of Elmhurst, Ill., gunned his 1963 Ford at an average 87.487 miles per hour around the half-mile track here Sunday to win the Old Dominion 500 and bring his race earnings this season to \$104,780.

Lorenzen, top money man in stock car racing history, finished the contest in 3 hours, 42 minutes, 16 seconds, and one lap ahead of Marvin Panch of Daytona Beach, Fla. Joe Weatherly of Norfolk, Va., was third.

Several favored drivers in the eighth running of the Old Dominion were plagued by bad luck. Ned Jarrett of Concord, N. C., blew an engine in the 362 lap and Fireball Roberts of Daytona Beach placed seventh despite three blowouts, all on the right rear wheel.

Camel skin makes tough leather and its bones are a substitute for ivory.

JFK's 'Must' Seem Doomed This Congress

WASHINGTON (UPI) — Fall's official advent brought home to Congress today a chill realization it probably can't complete action this year on both the tax and civil rights bill labeled 1963 "musts" by President Kennedy.

Presbyterian Women To Organize

The Women of the Church of the Bear Lake St. Andrews Presbyterian Church will be formally organized at a meeting to be held at 7:30 p. m. Wednesday at the Chapel, 6015 Linnell Beach Drive. A family night supper will be held preceding the meeting.

Reports will be heard from the nominating committee which consists of Mrs. Elizabeth Rose, Mrs. Clyde Jones and Mrs. John Kirk. Officers and chairmen of committees and circles for the new organization will be elected and installed.

A training school for these new officers together with those of the corresponding group from the Presbyterian Church of the Covenant in Sanford, will be held at St. Andrews from 8 until 5 p. m. on Oct. 6. Mrs. Max Morrison of Daytona Beach will serve as instructor for the school.

Infant Dies After Birth

Belinda D. Martin, infant daughter of Mr. and Mrs. David E. Martin of 613 Magnolia Avenue, died Sunday shortly after birth at Seminole Memorial Hospital.

Other survivors are a sister, Yvonne Renee; maternal grandmother, Mrs. Freda L. Steale of Newark, Ohio, and paternal grandparents, Mr. and Mrs. James W. Martin of Clouster, Ohio.

The body is being forwarded by Gramkow Funeral Home of Sanford for services and burial in Newark.

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA.

IN PROBATE: MARGARET G. SHAW.

To All Creditors and Persons Having Claims or Demands Against said Estate: You and each of you are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of Margaret G. Shaw, deceased, late of said County, to the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida, within six calendar months from the time of the first publication of this notice. Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, his agent, or attorney; and any such claim or demand not so filed shall be void.

Margaret J. Harber, As Administratrix of the Estate of Margaret G. Shaw, deceased. Hutcheson and Luffey, Attorneys at Law, Post Office Drawer 11 Sanford, Florida. Publish: September 2, 9, 16, 23, 1968. C131-8

B. I. SULLIVAN, AMH1. (right) is sworn in for another enlistment period by Cdr. L. J. Reinhart, commanding officer of Heavy Attack Squadron 1, now in the Mediterranean. Congratulations and smooth sailing, Sully, from all the "Tigers."

Tiger Tales

By Lt. (jg) Bill Pullinger

Bon jour, mes amis. Cannes, the Miami Beach of France, was a beautiful sight to behold as the Independence steamed into the harbor on the 31st of August. Our anchoring marked the end of a long at-sea period and the beginning of a well deserved rest for the crew. The "Tigers" worked long hard hours while our squadron was operating and their devotion to duty and willingness to perform any task assigned, no matter how difficult or time consuming, has earned them the respect of their fellow shipmates and every officer in the squadron.

After a 15-minute hot ride from our floating airfield, the "Tigers" disembarked at fleet landing to enjoy themselves in the famous city which is the home of the Cannes Film Festival. After leaving fleet landing, you can walk along the inner harbor, and on the right hand side of the street see the beautiful yachts tied up at the sea wall proudly flying flags of their many nations from the sterns. On the left are many restaurants, one of the most famous being the "Voile au Vent."

From this rustic street a sightseer can find within a 10-minute walk the individualistic spirit that is typically French, the spirit which is typified in the national motto: "liberty, fraternity and equality."

Side by side lining the busy streets are new and modern stores, ornate apartment buildings and hotels, and small quaint shops. Because of its charm and versatility and the friendliness of its people, Cannes is rated one of the best liberty ports in the Med. The beauty and charm of Cannes is only one of the many attractions for tourists from all over the world.

A visitor on the Riviera can swim in the Mediterranean or drive for an hour on a modern French road to the ski resorts in the French Alps.

Many of the "Tigers" who were on the last cruise chose to tour the surrounding cities while on liberty. Among these cities were Nice, the metropolitan district of the Riviera; Grasse, the city famous for its many perfume factories; Monte Carlo, famous for its casinos and Grace Kelly, and the French Alps, a skier's or fisherman's paradise.

During our stay in Cannes the sun hid behind rain clouds most of the time but it takes more than poor weather to dampen the spirit of the "Tigers" and a good time was had by all, even the EBDA.

On Sept. 9 the crew sailed from Cannes to commence training operations in the Western Med.

Citrus Aplenty, But Costly, Says Mutual

LAKELAND (UPI) — Ample supplies of fresh citrus and citrus products will be available in the nation's markets this fall but Mrs. Housewife will have to pay premium prices.

Florida citrus industry leaders have predicted that despite higher prices caused by a world shortage of citrus, the nation's housewives will have the money and the demand and will buy.

The disastrous December freeze which hit the Florida citrus belt last year left the industry in a crippled condition with only half a normal orange crop forecast this year.

Florida Citrus Mutual, a giant growers cooperative, has predicted an orange crop in the state of 60 million boxes, compared to an estimated 120.5 million boxes before the freeze last year.

Mutual also predicts a drop in grapefruit production from 28 million to 23 to 25 million boxes and a decline in tangerine production from 4.3 million to 2.5 million boxes.

Another telling effect of the bitter freeze has been the depletion of the reserve inventory of citrus products, including frozen orange concentrate.

"There will be ample supplies of good quality fruit, in all varieties for the holiday trade, both Thanksgiving and Christmas," said Mutual Executive Vice President Robert W. Rutledge.

Rutledge said the Florida citrus leaders believe the business economy of the nation is sound and said the consumer disposable income is greater now than ever before. He said that because of this, and the fact that demand for citrus has increased, the housewives will pay prices which he said may be the highest in the past 20 years.

Hospital Notes

SEPTEMBER 20 Admissions

Loretta Welsh, Enterprise; Raymond Lawson, Osteen; Samuel Grierson, DelRay; Elizabeth L. Cherrington, Longwood; Samuel Hefflin, Louie P. Gainer, Alice M. Walker, Janice Kollar, Rutledge, Iota Williams, Ed Bridges, Iota and Sarah E. Willis, all of Sanford.

Discharges

Eleanor Williams, Lake Monroe; Fay Stafford, Osteen; James Hooper, DelRay; Gerda Deyell, Fern Park; Mrs. Vincent P. Culcasi and baby boy of Longwood; and Arthur Lee Jackson Jr., Lawrence Gandy, Xarefa Maxine Marsh, Laura Mable Waits, Bessie Swallow, Lowey Wynne, Katherine Othrick, Mable Barber, Jeral Hankerson and Estelle Remy, all of Sanford.

Some Cuts In Diem Aid Urged

SAMON, Viet Nam (UPI)—High-ranking American civilian officials here are pressing for selective cuts in U. S. aid to South Viet Nam despite opposition from U. S. military and intelligence chiefs, diplomatic sources said today.

Washington officials have rejected the idea of massive cuts in the \$500 million annual U. S. aid to the government of President Ngo Dinh Diem in its fight against Communist Viet Cong guerrillas.

But the sources here said carefully calculated small cuts could help America's image in Viet Nam and other parts of Southeast Asia by showing that the U. S. government is not committed irreversibly to the Diem regime, which has been accused of suppressing democracy and persecuting the nation's Buddhist majority.

Mrs. Hammer Dies At Fern Park

Mrs. Edith Marie Hammer, 60, a resident at Seminole Trailer Park in Fern Park, died Saturday.

A native of Philadelphia, Pa., she moved to Fern Park 13 years ago. She was a member of the Presbyterian Church.

Survivors are two daughters, Mrs. Edith Crisman of Tampa and Mrs. Gwendolyn Taylor of Honolulu; a brother, Robert Munich Jr. of Philadelphia; a sister, Mrs. Edna Briggs of Lafayette Hill, Pa., and four grandchildren.

The body has been forwarded by Cox-Parker Funeral Home for services and burial in Philadelphia.

Legal Notice

NOTICE OF DEED THE STATE OF FLORIDA TO SHIRLEY HADLEY.

A sworn complainant having been filed against you in the Circuit Court in and for the County of Seminole, Florida, by EDITH HAMMERS, Plaintiff, versus SHIRLEY HADLEY, Defendant, these presents are to command you to appear and file your answer or other defense or pleading hereto with the Clerk of the Circuit Court of Seminole County, Florida, and serve a copy thereof on Plaintiff's attorney, Mack N. Cleveland, Jr., Attorney at Law, P. O. Drawer 2, Sanford, Florida, on or before the 4th day of October, A. D. 1968, or otherwise waive your defense and be entered against you.

The Sanford Herald is designated as a newspaper of general circulation in which this citation shall be published once each week for four consecutive weeks.

WITNESS my hand and official seal of the Clerk of the Circuit Court on this 20th day of August, A. D. 1968. (S) (M)

State Team Inspects Sanford Site For University

Senate Okays Test Ban Pact By 80-19 Vote

WASHINGTON (UPI) — The Senate today ratified the U. S.-British-Russian treaty to ban all but underground nuclear tests.

Approval of the historic pact, signed last month by the three powers in Moscow, came on a roll call by a margin well above the required two-thirds majority.

The vote was 80-19, or 11 more than required. (Both Florida Senators, Spessard Holland and George Smathers voted for it.)

President Kennedy hailed it as a single but "substantial" step toward world peace.

It was a diplomatic if not a direct political victory for President Kennedy, whose plea for approval of the treaty had support from both Republican and Democratic leaders.

Significantly, the treaty outlawing tests in the atmosphere outer space and under water carried no U. S. reservations or "understandings" which might jeopardize its ratification by other countries.

The only addition made by the Senate was a procedural one, adding a preamble to the ratification resolution restating the Senate's constitutional right to approve future treaty amendments.

Senators who voted against the treaty did so largely with oiled reluctance but with emphasis on their distrust of Russia.

They argued that it was ambiguous, too hastily agreed to, and carried too great a military hazard to U. S. security.

Those who supported it in the 11 days of floor debate and more than two weeks of public hearings agreed with top administration officials that the risks were "acceptable."

City Commission considered a threat last night. A businessman tried to blackmail the Commission into giving him a free parking space, or else he "will relocate where there are no meters," he lost.

Heavy rains of the past week have compounded the need for paving Winter Park Drive at Casselberry, else South Seminole Elementary and South Seminole Junior High Schools will be marooned in a sea of mud. Cars and school buses have churned the road into a "gooey mess."

City Manager Pete Knowles has been talking of a \$1.25 million budget, with a six-mill tax levy. Came out this morning at the session with the state university inspection team that it should have read all along at \$1.75 million (including the separate utilities budget) and 18 mills (including the debt service).

Park site at 24th and Chase ready for development during the coming year.

UPI reports today two traffic deaths reported in Seminole County during the first eight months of 1963, out of a total of 921 for the state. Holmes and Union Counties have a unique traffic record. This conflicts with R. E. Porter's count of 18 for the year in this county . . . but UPI probably means only for August.

As everyone knows, the Sanford area was thoroughly drenched the last day and a half. Ernie Lundberg, assistant county agent, reports that the count varies around the county but that his rain gauge showed a little more than five inches between 8 p. m. Sunday and 9 a. m. today.

Bill Vincent Jr., The Herald's teller of tall fish tales, came up with this today: Owen Abney, who toils for the city, was aboating with his wife Sunday and their boat stuck on a mud bar. Owen, so Bill says, put out an oar to push off the bar . . . and (Bill says this is true) an eight-pound bass flopped into Owen's boat.

Whatever became of Dottie Austin's thought of a public meeting for downtown merchants to learn what they want?

The Sanford Herald

WEATHER: Locally heavy showers through Wednesday; high today 80-85; low tonight in 70s.
VOL. 56 United Press Leased Wire Established 1908 TUES., SEPTEMBER 24, 1963 SANFORD, FLORIDA NO. 24

CITY OF SANFORD'S proposal for the state university site in Seminole County was offered through the County Commission this morning to a State Board of Control inspection team. From the left: Chester Whittle, Board of Control member; John Krider, manager of the Chamber of Commerce; J. W. Sutton, Board research associate; Mayor Thomas S. McDonald; Gen. J. C. Hutchison, chairman of the County Commission; Gerald Jones, Board property supervisor, and Forrest Kelly, Board architect.

4 More Tracts To Be Offered

A 1,200-acre site with complete municipal utilities and services was offered this morning by the City Commission through the County Commission to a State Board of Control inspection team.

It was the first of five proposed sites in Seminole County to be offered, and the ninth in nine counties of East Central Florida to be inspected by the State Board of Control team. The team will return Oct. 14-15 to view the other four sites, all proposed by the County Commission, designated by the State Board as the "bargaining agent."

Today's site, as proposed by the City Commission, is between Highway 17-92 and the A.C.L. Railroad in the Lake Ada area. In fact, four lakes and a part of a fifth are included in the 1,200 acres.

The State inspection team included Chester Whittle, Board member; Gerald Jones, property supervisor; Forrest Kelly, architect, and J. W. Sutton, research associate.

Jones, speaking for the team, apprised City and County Commissioners, Chamber of Commerce officials, engineers and others that should the 1965 Legislature approve appropriations and should the electors approve this November a \$75 million bond issue, the East Central Florida four-year university could be complete in three to four years.

He added that \$1.5 million has been approved for higher education studies and \$200,000 of that figure approved for architect's plans. He also pointed out \$1 million has been approved for capital outlay in the planning of an engineering college extension of the University of Florida.

Jones stated the inspection team should complete its site, nine-county tour by Oct. 21 and that the State Board of Control hopes to make a selection by its Nov. 8 meeting but not later than its Dec. 6 meeting.

The property supervisor stated that, subject to the Nov. 5 \$75 million bond election, the State Board of Control will recommend a site to the State Board of Education.

He added that the county will be given the closed county for it to obtain title to the site for presentation to the state.

Mayor Thomas S. McDonald and Gen. J. C. Hutchison, chairman of the County Commission, extolled the high points for the Lake Ada site to the State team in a 2 1/2-hour briefing before they visited the site.

Mayor McDonald stated the City will supply at normal rates, water, sewerage, fire and police protection, and other municipal services. He pointed to the proximity to Highway 17-92 and Interstate 1, the A.C.L. Railroad, recreational, educational and religious facilities, drainage, shopping areas, and other advantages.

Mrs. C. H. Dill was granted 90 days after Jan. 1 to renovate the Palmis Hotel under condemnation proceedings.

City gave final approval of its 1964 budget, including \$5,000 to the Seminole County Chamber of Commerce with the proviso it will add another \$5,000 in six months "with due cooperation from the Chamber."

Transfer of Municipal Stadium for a \$1 annual rental to the School Board for its sporting activities will be offered by the City, it was decided at Monday evening's session of the City Commission.

Commissioner M. L. Rabin Jr. proposed the City and School Board negotiate for the transfer of School Board property for baseball diamonds.

The Commission held that it is the School Board's or the Seminole Boosters Club's responsibility to place the playing field in condition for football games, presently removing the clay from the baseball diamond and installing soil for football games.

The City passed over a request to take over the Seminole High School sewer lift station until such time as the facility is brought up to city standards.

Recommendation of the City Zoning and Planning Commission to relocate the public library at the old post office was held in abeyance pending a conference with U. S. Rep. A. S. Florig Jr. This would include the purchase for \$5,000 of the lot to the east of the old post office. A local businessman previously had offered the General Services Administration \$10,000 for the lot but the offer was rejected.

Mrs. C. H. Dill was granted 90 days after Jan. 1 to renovate the Palmis Hotel under condemnation proceedings.

news... BRIEFS

Tax Debate Set
WASHINGTON (UPI)—An \$11 billion tax cut—largest in the nation's history—was called up for debate today in the House.

Assurance Asked
NEW YORK (UPI)—Secretary of State Dean Rusk today sought assurances that Soviet-armed Indonesia will permit the new nation of Malaysia in the Southwest Pacific to exist in peace.

Greene Chosen
WASHINGTON (UPI)—President Kennedy said today he would nominate Lt. Gen. Wallace M. Greene to be commander of the Marine Corps when Gen. David M. Shoup's term expires Dec. 31.

Boone Home
HOLLYWOOD (UPI)—Richard Boone, television's "Paladin," was back home from the hospital today, a bandage over his nose, the only sign of ill effects from an auto accident last week.

Trade War?
BRUSSELS (UPI)—The European Common Market set the stage for a trans-Atlantic trade war today by refusing to go beyond its offer of a 10 per cent cut on U. S. frozen poultry exports.

Planes Bombed
SAIGON, South Viet Nam (UPI)—Communist saboteurs Monday set off bombs in two Vietnamese transport planes at an airfield used by U. S. troops training Vietnamese soldiers, a U. S. military spokesman said today.

Mission To Stay
UNITED NATIONS, N. Y. (UPI)—Secretary General Thant, the United States, and other countries involved in the Congo operation today were reported to have agreed on extending the UN peace mission there beyond the year-end deadline.

Long Thought
ZURICH, Switzerland (UPI)—American typewriter heiress Gamble Benedict Porumbescu was reported today to have said she thought it over for an entire year before filing for a divorce from her playboy husband, 37-year-old Andrei Porumbescu.

Apology Given
BERKELEY, Calif. (UPI)—The Junior Chamber of Commerce, sponsoring the national football queen contest, today apologized to a University of California Negro student, Lynn Sims, 20, who was replaced as a contest escort because of his race.

Tooth And Nail
SHEFFIELD, England (UPI)—Mrs. Olive Hynes said today she has appealed to Minister of Health Enoch Powell for aid in her 10-year battle to get a new set of false teeth under the national health system.

Casselberry Asks Garbage Bids

The Casselberry Board of Aldermen Monday night voted to submit specifications for a new garbage franchise to Lucue Garbage Service of Winter Park and to ABC Garbage Service of Sanford, present holder of the franchise.

Specifications of the contract, to become effective Jan. 1, 1964, call for two 24-hour pickups per week of not more than two 24-hour containers plus one trash pickup per week as specified by the company. Rates are not to exceed \$1.50 per month per customer.

The company will be expected to give a \$1,000 performance bond to the town upon signing of the contract. Attorney Kenneth McIntosh was instructed to prepare an intent to annex on the Joseph Vera property bordering SR 16 subject to final approval of the Zoning Commission.

It was unanimously agreed that a committee should be appointed to investigate means and methods of enlarging the police department and/or fire department with a report expected at the next meeting. Appointment of the committee members will be made by Mayor Fred Heath.

The board also unanimously agreed to accept an offer submitted by Hibbard Casselberry for a five-acre piece of property on which to locate housing and storage for city equipment.

In order to gain access to the property, located on Winter Park Drive adjoining the Golf Course, an estimated 60-foot road will have to be built and a drainage ditch put in which would be necessary in any event.

Casselberry's offer to the town comes with the stipulation that the property also will eventually be developed as a city-owned playground and park.

Board Chairman J. D. Self was instructed to get estimates on costs involved for the immediate construction of the ditch and installation of a sufficient culvert.

At the suggestion of the attorney it was decided to have a meeting in the near future to discuss means of setting up rules and regulations for the annual preparation of a budget.

In closing the meeting for the month of September, letters of commendation to Fire Chief Paul Bates and Fireman Owen Ansley were read expressing recognition on behalf of the town of the invaluable service given by these two men in recently saving the life of six-month-old Kenneth David Hamil.

New Storm Aims At Caribbean
MIAMI (UPI)—Tropical storm Fifth quickly came to life in the tropical Atlantic today and aimed a hurricane punch at the chain of islands bordering the eastern Caribbean Sea.

Highest winds were 70 miles an hour when a hurricane hunter plane located the new storm's center about 180 miles east of the island of Barbados. The Weather Bureau said the storm would reach hurricane force before the day's end.

Forecasters predicted the season's fifth tropical storm would pass between the islands of Martinique and St. Lucia by Wednesday noon.

In an 11 a.m. EST advisory, the San Juan, P. R., Weather Bureau located the storm's center near latitude 13.0 north, longitude 57.3 west. It said the storm appeared to be moving between west and west-northwest at 15 m.p.h.

City Offers Stadium To School Board

Transfer of Municipal Stadium for a \$1 annual rental to the School Board for its sporting activities will be offered by the City, it was decided at Monday evening's session of the City Commission.

Commissioner M. L. Rabin Jr. proposed the City and School Board negotiate for the transfer of School Board property for baseball diamonds.

The Commission held that it is the School Board's or the Seminole Boosters Club's responsibility to place the playing field in condition for football games, presently removing the clay from the baseball diamond and installing soil for football games.

The City passed over a request to take over the Seminole High School sewer lift station until such time as the facility is brought up to city standards.

Recommendation of the City Zoning and Planning Commission to relocate the public library at the old post office was held in abeyance pending a conference with U. S. Rep. A. S. CG Hunt Man, 3 Missing Boats

ST. PETERSBURG (UPI)—Search operation were under way today for three missing boats and a seaman swept overboard from a fourth, and a fifth vessel was under tow to port.

The Coast Guard air station here said one of its search planes was searching an area about 100 miles west of here in the Gulf for a man swept overboard from the tanker Point Loma into heavy seas with 12 to 15 foot waves.

The Coast Guard said it had no further word on the vessel, its destination or port of origin. The missing man was reported to be the chief steward.

Three other Coast Guard planes, two from Miami, were searching an area northwest of Homestead Isle off Clearwater for a 12-foot fishing boat missing since Sunday. Three men were reported aboard the small craft in an area whipped by strong winds and intermittent rain.

Two of the men were identified as Arthur Patmore, owner of the boat, and Herman Bradley, both of Tampa. The third man was not identified.

Rebel Regime In Cuba Reported
MIAMI (UPI)—Members of 25 anti-Castro groups have formed a "government in arms" within Cuba, elected a president and are working to overthrow the Fidel Castro regime, exiles said here Monday.

According to reports from two exile groups, the president was named to head the underground government "somewhere in Cuba."

Most of the groups involved are not well known in the United States, but spokesmen said some of the exile groups located here may join with the new government soon.

Autumn Brings Freeze To North
The nation settled down today to the season of brightly colored leaves, grinning jack-o-lanterns and baked turkey with chilling temperatures in the East.

The mercury tumbled to the freezing point from the central Appalachia region through the North Atlantic states on the first full day of autumn.

The thermometer dropped to 31 at Harrisburg, Pa., for a record low so early in the season. It got to 25 at Phillipsburg, Pa., and 20 at Oneonta, N. Y., Monday.

At the other extreme, the mercury hit 106 at Gila Bend, Ariz., 92 at Las Vegas, Nev., and 91 at San Antonio, Tex.

Cat Gets Call
PARIS (UPI)—The French space research committee announced today it will launch a cat into space next month.

Prosecution Tries To Put Kelly On Stand

TALLAHASSEE (UPI)—The prosecution rested its case in the impeachment trial of Circuit Judge Richard Kelly today after an unsuccessful attempt to call Kelly to the stand to testify against himself.

The impeachment trial then was recessed until 2:30 p. m. when the defense will ask the Senate to dismiss the impeachment charges on grounds that even if Kelly admitted them all, they would not be grounds for removing him from office.

The move to call Kelly as a prosecution witness caused the defense and senators, sitting as judge and jury, by surprise.

Defense counsel Perry Nichols of Miami stepped to his feet to object, stating that the trial was in the nature of a criminal proceeding and the defense did not intend to submit Kelly to cross-examination until after its side of the matter had been fully presented by witnesses.

House prosecutor William O'Neill conferred with his associates and announced the motion for Kelly to take the stand was withdrawn "in view of the damage statement that he will submit to cross-examination at the time the defense case is presented."

Nichols told the senators it was traditional that no man accused in such proceedings can be forced to be a witness against himself.

He charged that the surprise call of Kelly as a state witness "shows that desperation of the state's case."

Weather Batters Florida Coasts
MIAMI (UPI)—Gale winds and rough seas raked the mid and upper East Coast of Florida today as a cold front moved south across the state.

Beach erosion was heavy in the Daytona Beach area. Heavy showers preceded the front, which became stationary north of Palm Beach this morning. Cocoa reported 8.19 inches of rain in 24 hours.

Winds up to 50 miles an hour were reported along the coast north of Vero Beach with tides above normal.

Forecasters said the front might push swells against the Southeast Coast and cause flooding in some areas.
