STORM SWEEPS TENNESSEE TWENTY KILLED

THE MUNICIPAL BOAT BASIN AND PIER WILL BE STARTED WITHIN NEXT SIXTY DAYS

WAR DEPARTMENT GIVES CITY PERMISSION TO GO AHEAD WITH PLANS

ALMOST READY

Plans Should Be Finished and Bids Ready to Advertise in the Next Thirty Days

"All things come to those who wait" sometimes, but the way to get something started in this city is not to wait but go after it through the Chamber of Commerce and then with the assistance of the City Commissioners put it over. The truth of this assertion is apparent in the municipal dock and the boat basin that was started in a concerted movement some two years ago and by constant effort on the part of those public spirited citizens who knew the value of this great work was finally put over and in a recent bond issue the sum of \$75,000 was voted for one of the finest boat basins and piers in the state considering the size of Sanford.

Since the bonds were issued there was all the attendant delays of the granting of the permission by the war department and the drawing of the plans and the minor details of a great work of this kind. Today the city manager received notice from the War department that permission had been granted by the War department for the construction of the boat basin and the municipal pier and the plans are now being completed to conform to the War department regulations and inside of thirty days the matter will be ready to receive bids for the construction.

It is interesting to note that this municipal pier will be complete in every way as well as the big boat basin. The pier will be built at the foot of Park avenue and the pier head will be 125 feet wide, the roadway out to the pier will be 16 feet wide double driveway with parkways between the driveways and giving cars ample room to drive to the end of the pier and turn around and come back the other way and this drive will be one of the most popular in the city with all the visiting automobilists giving them a view of our magnificent lake front and giving the people who desire to view the lake a chance to go out on the pier and sit down and enjoy Lake Monroe as it has never been enjoyed before.

The boat basin will extend from Park avenue to Palmetto avenue, the eastern end being just west of the Clyde Line docks at the foot of Palmetto avenue. The boat basin will contain some 275,000 square feet and the basin and pier will be of concrete construction with earth fill and will be most modern in every respect, the basin being dredged to a depth of ten feet and having a system of fresh flowing water that will be a haven for fine yachts to be tied up during the summer months while the owners are in the north and the hulls will never be troubled by the treader that eats out the wood in the waters of the gulf and ocean. In fact, the new boat basin will be as popular in the summer as in the winter, since it will give the owners of yachts a safe anchorage from storms in the fall and will be the meeting place of the owners of fine yachts all during the winter. The local people who have longed to own a yacht but were prevented on account of there being no safe anchorage, will also enjoy the new boat basin and it will serve to build up a big construction in boat building and repairs here in Sanford.

Aside from the many advantages of the boat basin in getting tourists to cruise up the St. Johns River to Sanford the municipal pier will add much to the river traffic and when Sanford obtains deeper water in the St. Johns from Sanford to Jacksonville the new pier and the boat basin will be a busy place in winter and summer. It is one of the biggest undertakings for San-

PARDON BOARD MEETING TODAY AT TALLAHASSEE

MORE THAN ONE HUNDRED CASES TO COME BEFORE THE BOARD

(By The Associated Press) TALLAHASSEE, March 12.—Attorneys began arriving today for the meeting of the pardon board which beginning tomorrow will run through four days or more of hearing on applications for clemency for more than one hundred cases which will come before the board for review.

Kiwanis Club Makes Motion Pictures of the City of Sanford

Mr. Buchanan, of the Pathe Company, was here Friday and made motion pictures for the Kiwanis Club of this city. The Kiwanis Club invited all other clubs to take part in this picture as they want to take a picture each year of the city of Sanford to show the improvements that are made from year to year. This is one of the very best ways to show the growth of the city as you can see then every improvement that is made during that time.

Mr. Buchanan made pictures of the Southern Utility Icing Plant which is the largest of its kind in the world. Capacity being 350 tons daily. The loading of celery and the cutting and packing of celery. The High School with all its teachers and pupils, also the South Side School with its teachers and pupils. Views of First street, Country Club, the First National Bank building, Puleston and Brumley building, Milane Theatre building, the arrival of the Osceola Clyde Line boat, the Ladies' Band, the president and secretary of the Chamber of Commerce and the Kiwanis Club.

This picture will be shown at the New Milane Theatre on Kiwanis night which will be some time during the second week that the Milane Theatre is open.

Wholesale Rum Running in U. S. Being Financed by Germans

Under the Flag of Panama Says An American in England

(By The Associated Press) LONDON, March 12.—Wholesale rum running into the United States by a fleet of four or five ships registered under the Panama flag is being financed by a prominent German magnate, according to information received here from responsible American headquarters. The fleet it declared, was being chiefly operated from the United States by a former German captain of a Hamburg-American liner.

The fleet itself it is understood is under command of a character of questionable nationality who achieved notoriety in connection with marine operations of dubious nature during the war. While absolute proof of these operations are lacking, information received by American circles here points to colossal landings of liquor cargoes in the United States chiefly from Glasgow.

The Daily Herald, 15c per week, week for 15c. Sanford in many years and means much to this city in many ways. It is hoped that the City Commissioners will now get busy on the plans and start construction as soon as possible without any more delays.

SEVENTY-FIVE ARE INJURED IN VICINITY OF PINSON, TWELVE MILES SOUTH OF JACKSON, TENNESSEE

A Number of Dead and Injured Are Negroes and Fifty Dwellings are Wrecked—Storm Also Does Much Damage in Kentucky

(By The Associated Press) JACKSON, Tenn., March 12.—Twenty persons were reported killed and seventy-five injured in the vicinity of Pinson, 12 miles south of Jackson by a storm which swept that section last night. A number of the dead and injured are negroes. About fifty dwellings about Pinson were wrecked according to reports. A freight train was blown from the tracks in that vicinity. Relief parties sent from Jackson and plans were made to bring the injured to the hospitals here.

RICHMOND, Ky., March 12.—Three people were killed and two fatally hurt and a number seriously injured by a storm which swept over a small section of Madison and Fayette county border shortly before midnight.

CINCINNATI, Ohio, March 12.—Two men were hurt early today in a rear-end collision on the Southern Railway at Pulaski, Ky., which was caused indirectly by a windstorm according to reports received by officials of the road here today.

PORTSMOUTH, Ohio, March 12.—Dennis Boggs, age 9, was instantly killed and five other children injured, two seriously this morning when a high wind unroofed the high school building in South Portsmouth, Kentucky, opposite here and carried it over into the school yard where the children were play.

NASHVILLE, Tenn., March 12.—Hundreds of trees were uprooted and many roofs damaged in Nashville and vicinity in Sunday night's wind which reached a velocity of 80 miles an hour, the highest ever reached here. Wire service is reported to have suffered severely. Cumberland river in last sixteen hours has risen three feet here to stage of forty-one feet. Second avenue wholesale houses moved goods from basements which are flooded.

RESTAURANTS AND HOTELS MAY BE CLOSED IN FLORIDA VIOLATING PROHIBITION LAWS

Ten Restaurants, Hotels and Other Establishments Can Be Closed for a Year

(By The Associated Press) TAMPA, March 12.—Persistent violation of the prohibition law will result in closing ten restaurants, hotels and other establishments in Tampa, Jacksonville and Miami if injunctions taken out Saturday by United States District Attorney Gohber are effective. Bills will be heard by Federal Judge with a few days. If the injunctions are granted the establishments may be closed for a year subject to reduction for good behavior.

FARM CREDITS ACT IMPORTANT SAYS SECRETARY OF AGRICULTURE FINE PIECE OF LEGISLATION

Passed by Last Congress Will Provide Sort of Credit Farmer Needs

(By The Associated Press) WASHINGTON, March 12.—Secretary of Agriculture Wallace believes the farm credits act to be one of the most important pieces of legislation passed by the last congress and that stabilizing agricultural production and marketing its effects will be reflected in business generally. "It marks an earnest effort by congress to provide the farmer with the sort of credit he must have to carry on efficiently," the secretary said in a statement today. "And to meet the need which has been felt for at least fifty years." Some time will probably be required to get credit machinery provided in the legislation in smooth working order the secretary said but added "It should not be very long until benefits will be apparent."

Trained Dogs Here With Legion Circus Wonderful Animals

Prof. Getchel is here with his trained dogs and will exhibit them at the American Legion Circus all this week. This announcement is not startling to those who have not seen these dogs but if you know just how good they were it would be startling. In fact when the Herald says they are undoubtedly the best trained dogs in the country today, when it comes to almost human intelligence the statement will cause you to take notice. Prof. Getchel brought the dogs around to the Herald office this afternoon and the first thing he said to Dutches was to "Take the typewriter and show the gentleman how to use it." and Dutches forthwith proceeded to the typewriter and used it just like a dainty blonde steno would use it. Prof. Getchel then told her to find a match that was behind a certain chair and take it to the man in the room who had the overalls on and this man happened to be Zeb Ratliff and Dutches carried the match right to him. This dog and the younger one did some wonderful stuff, including using the telephone and many other things that were simply great and could not be believed unless they were seen. In fact we would not have believed it only we saw it done today and we can say truthfully that Prof. Getchel's trained dogs are simply marvelous in their comprehension of the commands of their master, and their master certainly is a wonderful trainer to have brought them up in such a fashion.

Five Aliens Who Escaped Captured; Two More at Large

KEY WEST, March 12.—Immigration authorities have captured five of the seven aliens who escaped Friday from the steamer Cuba here Friday morning while enroute to Cuba for deportation. Two of those captured were taken off a train near Coconut Grove, Fla., by the immigration inspectors from Miami who had been notified by local inspectors. Two of them who had no means of transportation walked the Florida East Coast track crossing seven mile viaduct afoot. Inspectors captured them at Big Coppitt. The fifth was captured in Key West when he was picked up by the police as a suspicious character. Two others are still at large. This is the first time, according to authorities here, that aliens being deported from this country have escaped. Authorities in charge are at a loss to know how the escape was effected.

Week End Raids in England and Scotland for Irish

(By The Associated Press) DUBLIN, March 12.—Nearly 300 prisoners were taken in week end raids in England and Scotland, it is understood. They had been landed here from British warships, two hundred men from one and the balance, including thirty women, from another. All were conveyed under heavy guard to jail.

EIGHT GERMANS KILLED TODAY IN BATTLE

WITH FRENCH SOLDIERS DURING PROGRESS OF RIOT

(By The Associated Press) RECKLINGHAUSEN, March 12.—Eight Germans are dead as the result of clashes with French troops in various parts of the Recklinghausen district last night. One French soldier and three Germans were wounded in a riot at Dortmund. A state of siege was declared in the entire Recklinghausen district as the consequences of the disturbances. Of the Germans killed two were shot down while trying to escape from the Gendarmes in the Buer district disturbances. Five others were killed and several wounded one hour later when the crowd attacked the French guard post. The eighth German was killed at Dortmund when a crowd attacked the French detachment.

April Fool's Day Will Be Carnival Season in Jacksonville

Chamber of Commerce Will Hold A Day of Merrymaking

JACKSONVILLE, March 12.—A spirit of jest and carnival, unrivaled by few events in America, is expected to mark Jacksonville's celebration of April Fool's day, scheduled for Tuesday, April 3rd, under caption of "April Follies."

Planned under the leadership of the Jacksonville Chamber of Commerce, this day of merrymaking, arranged in complete accord with the significance of April Fool's day, has aroused interest and activity on the part of nearly all civic organizations of the city to such extent that community effort of the widest nature is now being bent to make the occasion a Mecca for all those inclined to fun and frolic.

Committees are vigorously at work in the various features incident to the April Follies which are expected to occupy the entire day. A morning program, doubtless featuring a kiddies' parade, is an important portion of the plan holding the present attention of many; while arrangements for a state band tournament are intriguing interest on the part of all music-lovers. Afternoon events are being arranged by a special committee consisting of many who are expert in the utmost of fun-making features.

Carnival will reign supreme during the evening hours, leading off with a street parade in which all participants are to appear in costume and mask. Many blocks in the downtown section will be roped off for dancing and merry makers will be invited to take the city for their own. Masks and costumes will be made very much the order of the evening, the dominating thought to be given over entirely to capitalizing the spirit of the occasion.

According to George W. Parkhill, who is general chairman of the April Follies, "the outstanding idea is to bring about among the people of Jacksonville, visitors and tourists, a real carnival spirit of fun and frolic. For this reason April Fool's day was selected as the most suitable time, but because this year the day falls on Sunday, Tuesday, April 3rd was chosen as the time to inaugurate the Follies."

LOCALS

Sanford property continues to move.

And the man that invests in Sanford property now will make something on it in the next twelve months.

Another Sabbath day tomorrow. Church and Sunday school first thing in the day. In the afternoon the band will entertain you.

W. I. Hughey who has been confined to his room for the past few weeks with a severe attack of flu is once more able to be on the streets.

Monday Mrs. Lloyd Brown will entertain from 3 to 5 p. m. at her home on the West Side in honor of Master Billy Brown.

Mr. and Mrs. E. F. Carlyle and Miss Rosalind Carlyle of Griffin, Ga., are the guests of Miss Annie Hawkins at her home on Celery avenue.

There are so many big things planned for Sanford and the prospects are so bright that we all owe something to ourselves and to our city to assist in putting them over. Join your chamber of commerce.

Mr. and Mrs. J. B. Murphy, who have been the guests of Mr. and Mrs. Harry Walsh for the past month at their home on Oak Avenue leave this afternoon for their home in New York.

Sunday dinner at the Lu-Beth Cafeteria is a distinct pleasure. You wait on yourself and you get just what you want and the way it is cooked is just the way you want it. The Lu-Beth is operated to give the best to eat in the best way to serve it at the very best price. Try the Sunday dinner tomorrow.

Friday March 9, the regular meeting of the Semole Rebekah Lodge was held at the I. O. O. F. hall. After the regular order of business a social time was enjoyed, consisting of music, etc., followed by a real treat given by Messrs. Hubo and Munson, of ice cream and assorted cakes. All present pronounced it one of the best of the season.

BAND WILL PLAY

The Sanford band plays in their own home town tomorrow after scoring decided hits in both Orlando and Leesburg. The program to be given in Central park tomorrow is the same as was given in the above cities.

The Sanford people who accompanied the band on their engagements out of town return with the satisfaction of knowing that the wonderful receptions given them out of town were due entirely to the excellency of the program and the ability of the members. We have often contended that Sanford had the best local band in Florida, the continued approbation of other towns causes more confidence when we make this statement.

Everybody that possibly can should be out tomorrow to hear this excellent program.

FINE SUNDAY DINNER

The Valdez Grill under the able management of Mine Host Wegman is now putting out a Sunday dinner that is bringing people here from everywhere. Just glance at the menu in this issue, and eat your Sunday dinner at the Valdez Hotel tomorrow.

The Herald delivered six times a week for 15c.

ORGAN RECITAL

On Sunday evening at 7:45 there will be a musical by the Cosmos Trio of Orlando at the Methodist church. There will be vocal, piano and pipe organ selections. This trio needs no introduction as they have been heard here on several occasions. In the trio are Mr. and Mrs. Wade, and Marguerite Moor-Jones (Mrs. Peter B. Jones).

There will be no admission, but a silver offering will be taken up, for the benefit of the Pipe Organ. 294-4te

TROOP NO. 3. BOY SCOUTS
Patrol Leader, Harrington had charge of the meeting last night at the Scout room in the Baptist church. The attendance was small on account of so many things of interest going on but a very enjoyable time was had. Plans were talked over for a hike to be held on next Friday. It was agreed that each Scout was to write down all the interesting things he saw on the hike. Scout Barber is to tell us something about the Indian mounds he has located.

CONGREGATIONAL CHURCH

We shall have a very interesting day tomorrow at all of our services. We were pleased to have so many out at the Bible school last Sunday and are hoping for even more tomorrow.

At the morning preaching hour we shall hear a new voice that will bring us a "World Message" in harmony with the Spirit of our Great Master, and will open our eyes to behold life's best opportunities. Do not miss this service.

At the night meeting we shall have the conclusion of the movie pictures of "The Raven." These pictures have given us a great lesson as well as having entertained. Beside these pictures we shall have with us Miss Stella Jordan of Boston, who comes to us recommended as one of the very best platform speakers, and who makes every subject she touches intensely interesting. Every one who cares for the proper development of our youth should hear her address. Let us all turn out and make this one of the very best of days.

Three bodies have been found on the gulf coast and the Florida legislature will not meet until April.

It has now been discovered that Clarence Woods is the man that put the Sun in Sumter county.

Jacksonville will adopt a boy and teach him to be president by the Coak method. Don't believe it will work. The Republicans have tried it.

The only active volcano in the United States shows signs of another eruption. Florida will have her bi-annual eruption in April.

The president and his party have arrived at Palm Beach and the press despatches say they will rest there for several days. If they rest in Palm Beach they can walk in their sleep in Washington.

Too bad, too bad, we shall not have any more opera music by the hand organ and the monkey this winter. All the money in Little Italy, New York, has been stolen by the hands of the bank and they have sailed for the land of macaroni.

Goode Guerry in the Palatka News says "Atlantic Coast Line Admits Palatka's Needs." Well, that much has been accomplished, Goode, and you can rest awhile. You have done well, old sport, to get them to admit the evidence.

Read what the Lakeland Star-Telegram says in this issue about their roads and what they need and the mistakes they made. It is something to think about. The best roads are the most durable ones and that is the very milk of the coconut. Any kind of cheap roads will last a few weeks and look nice until the contractors can get out of town. But to last for years without repairs—that is the rub.

HORSE THIEVES

Horse thieves made their appearance in Hillsboro county. They must have been attracted to that part of the country by the horse-shoe tournaments at St. Pete.

HIRAM IS STILL HIRAM

Senator Hiram Johnson has sailed to Europe to have his first vacation in twenty years. His biggest care at present is the fact that he may be seasick. Cheer up, Hiram, being seasick is a joke beside that funny stuff of making change on the other side.

BIG MEN GET BIG PAY

Former Assistant Secretary of Commerce Houston has accepted a position with the World Commerce corporation at a salary of \$100,000 a year. He must have been a good man to get this salary, but the government probably paid him \$5,000 per year and expected much from him. And yet we blame our government for having fat-heads in office.

Bill Glenn's futile quest for the meaning of "B. V. D." reminds Willis Powell of the small boy's definition of "unaware." The boy said, "Unaware is what you take off last and put on first."—Tampa Tribune.

We would set Bill's mind at rest by saying that B. V. D. really means Before Volstead Dried.

FOOLISHNESS

It is utter rank foolishness for the people of a community to get into a wrangle over the question of where a certain building is to be located as long as the building is a public building and will not be objectionable. We need more pulling together and less arguments if we intend to build big cities. It only makes business for the lawyers.

SLEEPING

We would refer to the following dispatch to the Orlando papers and have them inform the man who falls asleep in boats and on Orange avenue and other restful places:

A serum produced by the Mayo Foundation Laboratory of Rochester, Minn., as a possible cure for sleeping sickness has been successfully used in three cases in El Paso, R. H. Paxton, of Kansas City, Mo., a Kansas City, Mexico and Orient Railway official, who was stricken with the disease Jan. 30, was up yesterday.

GOVERNATORIAL TIMBER

Judge C. B. Parkhill is a candidate for Governor. He is a West Florida product, transplanted to South Florida. He is supposed to represent South Florida's interests in the race.

John Martin is Mayor of Jacksonville. He is an aggressive, self-sufficient sort of fellow. He has many friends everywhere. His qualifications for the governorship have not yet been mentioned. He is "running."

Frank Clark is being boomed. The booming originates in local interests. A man who has represented Florida in congress for so many years ought to have more general advocacy. He should be unanimously endorsed, considering his service. But we fail to find any unanimous endorsement of Mr. Clark.

South Florida will support Parkhill, out of the present "bunch." This section has suffered long and seriously. He is at least a resident. We would prefer a man more consecutively allied with the interests of this section of the state—a man like Perry G. Wall, for instance. This seems a hopeless desire. Perry Wall sickened of the political game in 1916. He made a bad selection. He ran for the senate against the unbeatnabe young man from Lakeland. The result was not a surprise. But Perry could win now, and win easily. He was, as it were, "relationed" off the track. If he could avoid the handicap of his "kinkfolds" already in the race, Perry Wall could be elected handsomely. Nothing would be more delightful to the Tribune or all of South Florida than to see him occupying the gubernatorial chair. We probably will have to wait for this. Meantime, we will elect Judge Parkhill. This end of the state has been ignored long enough. The last governor we had was Gilchrist. It is time we had another.—Tampa Tribune.

WELCOME TO THE WOMEN

The directors of the State Federation of Women's Clubs of Florida are the guests of Sanford today and tomorrow. The yeome from our own state and from other states and they will carry away with them an impression of Sanford that will be a lasting one. We want them to spend some time in going over the city and surrounding country and seeing Sanford and its environs. We want them to know what manner of city Sanford is and what manner of people live here. Many of these ladies have visited Sanford before and many of them are here for the first time and we hope that this will not be the last visit to the Queen City of the St. Johns.

The weather is perfect as most of the days in South Florida usually are and to those who are here from other states we would like to say that Sanford's brand of weather is like Sanford's brand of celery—the best ever—and while your stay is short we hope that you will have time to enjoy our climate and our people and when you leave for home you will leave with the feeling that you want to return to Sanford some time in the future.

We are proud to have such a representative body of women here as our guests for you come not only with the promise of doing big things in the future for your Florida and your America but you come with achievements already gained. We know what you have accomplished and what you will accomplish in the future. Our heart is with you and we hope your meetings here will be most pleasant and profitable and the next time you come to Sanford our Woman's Club will have a beautiful new home in which to entertain you. However, beautiful buildings while showing progress do not demonstrate real work along all lines of endeavor and our

Woman's Club has accomplished so much in every department and has done so much for Sanford that the lack of the new building will not be noticed especially since the plans for our new building have already been made. Your welcome, however, will be none the less fervent in the present home with the thought that the good women of this city have not been idle but planning for the best not only in the building of Sanford but in the building of the future home of the Woman's Club.

And their efforts have left their impression and the thriving city that welcomes you today owes much to the Woman's Club—a band of energetic, public spirited women—who can always be depended upon to assist in every movement for the moral uplift and civic betterment of Sanford.

NO USE TO DODGE THE ISSUE ON ROADS

Polk county people are again facing another road bond issue question. Of course everyone wants good roads and improved ones, because they have demonstrated to the general public everywhere whether land owners or otherwise that good roads bring business, that they increase the valuation of all property and they bring the communities closer together. That is what has happened since the issue of the first bonds for roads in Polk county. We are not saying what will become of the next issue we will not know how the matter will be handled and how square the general public (who have the taxes to pay) are to be treated. We mean by this that there is much disappointment over the final result of the other roads but even at that everyone who believes in progress is glad to get them even at the cost. But our idea is that while we have these roads there is no excuse to sit idly by and see them go to ruin when it might be possible to save them.

"We are planning on 160 miles more of asphalt roads; we are planning on widening all nine-foot roads, but nothing under the sun is being done to take care of the money needed to have the roads in the other bond issue, outside of the regular returns from the taxes each year which amounts to about \$22,000 in each commissioner's district. The decay and expense of repair is so much more than was anticipated that unless something is done quickly, a greater portion of the roads will be worthless. Because of this situation it would be a wise idea if every person interested in this road campaign would investigate the reasons for this rapid decay and do what he can to avoid it and take care of further mistakes in any future issue that is to come. Profiting by the experience of others and by examples set are mighty good axioms and should be followed in this specific instance just as it should in many others. The facts are before our very eyes in a most concrete form and we don't believe that the people of Polk county will desire or approve of any bond issue that will not take care of the crisis as it exists today, assuring the people that if they devote another issue that proper provisions will be made to take care of the roads that we have already and not lose them all because it would be folly to vote for other new roads and no more than finish them, when we would find that the old ones are almost as bad off as they were originally.

This is what is going to happen unless the warning is heeded and the original roads in the bond issue six years ago absolutely protected in every possible way. No one is crying over any spilled milk, but he is a poor individual and really narrow minded who will not acknowledge mistakes when he sees them before his very eyes and the only time to correct such things is right now while they are very evident. Let's have all the roads we can pay for, and then take care of them.—Lakeland Star-Telegram.

FROM OTHER SANCTUMS

A PLAN WORTH TRYING OUT

Florida needs both men and money. This may seem a strange statement to those individuals who read the statements of our banks, with their bulging coffers, or of the many thousands of carloads that go north every season, filled with the food products that toil and energy has wrung from our soil and climate. But as a matter of fact, we have hardly made a beginning as yet. We have millions of acres of land, which we know by the experience of the few who have tried it, is rich and productive when put under the plow. It is now idle and unproductive. We have a soil and climate, with a rainfall and sunshine that proves an immense stimulus to all vegetation such as no other state in the union can boast of. We have merely scratched the surface as yet, but we have done enough to develop and prove the capabilities of the land

under efficient and energetic handling. What we need is men to till the idle acres and build up a back country to support the ambitious towns that are growing up on every side. We need also men with capital, large capital, to carry on the great projects of development, that are already in process of development, that are already in the process of incubation in the brains of far sighted men. We have in the Everglades a region capable of producing all the sugar this country can consume, with a goodly balance for export. But it requires a large capital to make the initial investment. We have all the requisites, except the capital.

Comptroller Ernest Amos has been visiting South Florida and was profoundly impressed by the possibilities which he found so numerous here, and also by the urgent need of more capital to carry forward a high fruition. A telegram to the Times-Union outlines a plan by which he believes the desired capital can be drawn to the state. We give it below:

As great as has been the addition to Florida's population by the influx of these very desirable citizens, the comptroller believes that the number could be still more greatly increased by a definite and fixed policy on the part of the state which would represent a standing invitation to outside capital to come to Florida and to remain here. The comptroller's proposal, which he believes would be an effective aid to a desirable immigration into the state, but which he very frankly questions would prove a popular measure, would be to write into the constitution of Florida a provision, in effect, pledging that Florida will not within 25 years place any inheritance or income tax upon property which is being otherwise taxed for its just proportion of the revenue to be raised for the state government. In Mr. Amos' opinion there are scores of residents of other states who are anxious to live in Florida, and who would be especially attracted to this state if such an assurance could be given them.

There is no question but the plan would be effective in drawing large amounts of capital to the state, and once here it would be seeking investment, for idle capital is like idle land, unproductive. Nor is there any injustice in it to any one. No man should be taxed twice on the same property by the same agency—to that every fair minded man will agree. If he pays tax on the income derived from property which has already paid taxes to the state, he is being doubly taxed, which is manifestly unjust. Of the inheritance tax which many states levy, the "Times-Union" says, truly it is a "heartless tax." We know that it takes away the incentive for accumulation which exists in the breasts of all men.

We believe the plan of Ernest Amos would effect the desirable result of drawing capital to the state, and of hastening development. Unfortunately, like other states, Florida has many men who are jealous and suspicious of capital, and feel it their duty to fight it at every opportunity. They would oppose every plan which would seem to favor it in the least. It may be impossible to put it into execution because of such opposition, but it has merits which make it worth consideration and we should like to see it tried.—Tampa Times.

Col. Boyd on Military Training for Summer Camps for Young Men

U. S. Army Reserve Force Will Train in August

Lieut. Col. R. L. Boyd, Brigade Executive of the 16th Infantry Brigade, U. S. Army Reserve, has received information concerning the citizens military training camps which will be operated by the War Department at Camp McClellan, Ala., Camp Bragg, N. C., and Fort Barrancas, Florida, during the month of August of this year.

Under this plan young men between the ages of seventeen and twenty-five will be accepted for a thirty day period of military training, and they will be placed in camp under competent instructors and lead an active, healthy outdoor life. In addition to being given fundamental instructions in all military matters, including target practice, they will return home after this month's outing in much better physical condition than heretofore, and not only will they have served their government but they will profit by it in a physical way and for years to come they will treasure their association during this period with clean, healthful young men whom they met at this camp.

Under this plan the government pays the transportation to and from the candidate's home, and while at Camp the men are subsisted, clothed and given any necessary medical attention at the government's expense, but they are not paid for their services during this period. Inasmuch as the application will probably exceed the number of men who can be accommodated, it is rec-

ommended that application be made promptly.

In his preliminary application the applicant should state age, amount of schooling and should accompany it by at least two letters from responsible citizens stating that they know the applicant and know him to be a young man of excellent reputation and standing in the community. Also state in your application if you have had previous military training, and if you have previously attended a citizens' camp.

Col. Boyd, who in civil life is District Manager of the Southern Bell Telephone Co. at Jacksonville, can be seen in his office with reference to this matter, or will answer correspondence pertaining thereto.

OUR WEEKLY CITRUS REVIEW

ORLANDO, March 12.—The weekly citrus review by F. L. Skelly as issued from the office of the American Fruit Growers, Inc., says:

An outstanding feature of the past week has been the manner in which Florida citrus fruits have outsold the offerings from other sections in the larger markets. As compared with California navels Florida oranges have obtained a substantial preference, while the Florida grapefruit well outsold the Porto Rican grapefruit arriving on the markets. The present strong position of the Florida crop is reflected in the fact that to date practically three-fourths of the total of Florida's crop has been moved. Based upon the authentic estimates, approximately eighty per cent of Florida's oranges have gone forward and only about twenty per cent remains to be shipped. Careful estimates also show that about sixty-five per cent of Florida's grapefruit has moved and only about 35 per cent remains for shipment.

Oranges: Inquiry has been good and prices have continued very steady throughout the last week with a strong tendency toward the close. Indications are for an increasing demand for well packed fruit.

Grapefruit: Notwithstanding heavy shipments, grapefruit closed the last week in a strong position. Offerings were freely taken at prices most satisfactory and inquiry increased largely. Provided daily shipments remain within reasonable limits, it would appear that grapefruit from this time on should be in an increasingly strong position.

Market developments during the recent weeks will only serve to emphasize the desirability of careful grading and good packing. The discrimination which the markets have shown in this respect paying for fruit they regarded as more desirable often double the prices given for fruit less well prepared, clearly establishes the desirability of putting fruit out well prepared according to the requirements of the buyers. There is an ample purchasing power in the country, and a willingness to pay top prices, but only for what is wanted.

LAKE MONROE

Spring crops out and thriving. Beans destroyed by the late freeze but hastily replanted, up and growing. Farmers clearing up land rapidly of celery. Much new land being developed throughout the section, fences being built necessitating the opening of roads.

The Seminole Athletic Club held its usual meeting at the school auditorium Monday night. A large crowd was in attendance. Much necessary business was disposed of and discussions of the day book and the new base ball suits were brought up. Many new members were enrolled. The following were elected officers: Prof. J. T. Jacobs, president; Mrs. Buchanan, vice-president; Clint Shelby, secretary; Ben Lake, treasurer; Gus Schumah, business manager.

The Seminole County B. Y. P. U. Federation held a very successful meeting at the Baptist church Friday evening. Cake and coffee was served upon the grounds and a large crowd was in attendance.

Jerry Cates, of Longwood, is a guest of his daughter, Mrs. L. B. Mann.

The general store and postoffice building, property of J. W. Bell, have received a new coat of paint and are much improved. The depot has also been freshly painted.

Mr. and Mrs. J. T. Wynne and daughters, Misses Roberta and Josephine, spent Sunday with friends at Lake Jessup.

Miss Carroway, junior worker and manager of the Radcliffe Chautauqua will arrive Friday to begin work and entertaining at the Lake Monroe school.

Miss Antonette Tarbell and Will Bossidy were published for the first time at the Catholic church of Sanford Sunday. Both the young people are held in high esteem at Sanford where they reside. Miss Tarbell is well known in Lake Monroe where she lived with her father, Matt Tarbell, for some time.

Mrs. Clarker injured herself Tuesday by stepping upon a nail and having it driven into her foot.

Mrs. Jim Oglesby, who was injured by an automobile is still confined to her bed.

Mr. Marsh, a popular employe of the Standard Oil Co., and his wife and son of Sanford, have moved into their new home on First street.

Mrs. Linda Carr, who has been visiting relatives and friends here has returned to her home at Louisville, Ky. Her son, J. R. Carr will remain in Florida till the weather grows warmer.

Mr. and Mrs. Kaiserman and children, Mr. and Mrs. John Bolly, Albert Bolly, Miss Gertrude Bolly spent Sunday at Clay Springs.

Mr. and Mrs. B. H. Smith, son and daughter, Ralph and Mildred, and mother, Mrs. Eudora Smith, visited Daytona Beach Sunday.

Mr. and Mrs. Perry, of Georgia, have moved to this section.

J. H. Tucker, of Orlando, was a guest of his niece, Mrs. W. E. Bailey.

Mr. Ellis, of Orange City, visited friends here recently.

Mrs. Eudora Smith will return on Thursday to her home at Akron, O., after visiting relatives here.

Mrs. M. Doyle, who is spending the winter at Winter Park, is home on a visit.

Mr. and Mrs. Elias Beasley, who lived upon the place of Mr. Allen Merritt, have returned to Alabama.

EAST SANFORD

It is rumored that Angel Cameron is married to Miss Marie Neal, of Tampa. If so, congratulations.

Mr. and Mrs. J. W. Corley spent a day at Daytona last week with Mrs. Mollie Wood, who is in the hospital for eye treatment. Mrs. Wood was their guest for some time from Atlanta.

Mr. and Mrs. W. R. Prevatt and son accompanied Mrs. Prevatt's mother, Mrs. L. B. Curry home to New Smyrna Sunday. Mrs. Curry has been here for several weeks while Mrs. Prevatt was ill.

Clyde Richardson and a party from the DeLand Auto Camp, were here at the Geneva ferry on a fishing trip Tuesday and were callers at the Ellsworth's.

Guy Randall and son Paul, were spend-the-day guests of Mr. and Mrs. R. L. Griers on Thursday. Mr. and Mrs. Randall and the children are in Sanford from Paducah, Ky., for the winter with their relatives.

Mrs. Lilly Jones, Miss Hoskins Jones and their guest, Miss Sally Hoskins enjoyed Sunday at the beach. Miss Hoskins will leave next Tuesday for her home in Cleveland. Mrs. Jones plans to accompany her as far as Jacksonville.

Miss Alice E. Hanscom and Dr. P. Chesbro, who were guests of the Ellsworth's are enroute home to Willoughby, Ohio, by way of the east coast points of interest.

Misses Mary Carraway and Marzenia Zernovean were week end guests of Miss Beulah Brown in town.

Mrs. D. C. Howard, from town, was a spend-the-day, visitor at the C. E. Chorpeneing home Wednesday.

This week is the "big week" for celery shipments, the Golden Self-blanching celery is being cut in enormous quantities now. The so-called "wild" celery is about all cut and gone.

Spring crops have revived from the frosts and one would never know old Jack Frost had touched things up. All crops are looking fine as a general thing.

The fine big yellow cat "Cute" owned by the C. E. Chorpeneing family, was run over and killed Wednesday by a colored truck driver. Cute was a venerable old fellow about 10 years old and brought here by the family from Oklahoma.

The "blue flag" or wild Iris is now making the lowlands gay with its beautiful dainty blossoms.

The lowest of all humans is at their mean trick of poisoning cats and dogs again hereabouts.

LONGWOOD

Mr. and Mrs. Menick of Waterbury, Conn., are the guests of Mr. and Mrs. Slade.

Mr. and Mrs. Fred Lewis and little daughter of New Smyrna were visitors in town last Thursday.

Mr. Hooper and mother were callers in town Thursday.

Mr. and Mrs. John Schuman and Miss Edith Schuman were visitors in Orlando Saturday.

Miss Cora Shade left Monday for

Verona, Pa., motoring through with Mr. and Mrs. Altrack.

Miss Wilson, Mrs. Harriette McWorkman and J. E. Phipps were visitors in Orlando Saturday.

Mrs. Lizzie Griggs of Sanford was the guest of Mr. and Mrs. George LeVign one day this week.

W. S. Entzinger of Plant City was a visitor in town a few days this week combining pleasure with business.

One of the most enjoyable events of the week was the 500 party given Wednesday by Mrs. John Schuman. There were four tables of players. At the conclusion of the game, refreshments were served the guests. Mrs. Hardy assisted in serving. Those partaking of Mrs. Schuman's hospitality were Mr. and Mrs. Hardy, Mr. and Mrs. J. S. Dinkel, Mrs. Roy Saur, Miss Olive Dinkel, Messrs. Ralph and John Ranger, Prof. E. S. Miller.

The Ladies of the Civic League held their regular monthly meeting Tuesday afternoon, also elected officers for the coming year. Mrs. Hardy was re-elected president, Mrs. Stuart vice president, Miss Elsie Dunbar secretary, Mrs. Bistine, treasurer.

Well-Known Reader to Be Heard Here at Redpath Chautauqua

Everett Kemp, noted reader-entertainer, will be one of the enjoyable attractions at the coming Redpath Chautauqua. He is known for his outstanding ability both as an interpreter of an entire play or book and as a reader of shorter numbers. His reputation extends from coast to coast.

In Mr. Kemp's repertoire are included such favorites as "Sevenoaks," by J. G. Holland; "The Music Master,"

EVERETT KEMP.

by Klein and "That Printer of Udell's" by Harold Bell Wright. A program of miscellaneous readings is also among Mr. Kemp's offerings.

Whether in the presentation of an entire play, a reading of a well-known book, or a miscellaneous program Everett Kemp is always enthusiastically acclaimed.

Come to Jacksonville For A Delightful Spring

The spring months are most enjoyable in Jacksonville. April and May weather is ideal, giving to each day a fresh charm.

Northern visitors may enjoy the delights of spring to the utmost, in Florida's largest city. Florida people, also, will find much to amuse and entertain at this season.

The country surrounding Jacksonville abounds in points of historic interest. In the city there are attractions for all, grave or gay, and hotel and other accommodations to suit every taste and to fit every purse.

Visit Matchless Ocean Beaches Enjoy the Daily Band Concerts

All visitors will be welcomed and provisions have been made for wide variety of entertainment. Band concerts are given daily in beautiful Hemming Park. Golf, tennis and like games afford ample recreation facilities.

The finest ocean beaches in the world are reached in a few minutes, by motor car or train.

Surf bathing here is safe and fascinating in spring. Motoring on excellent roads is particularly pleasing at this season. The broad St. Johns River affords magnificent boating and "sporty" fishing. Baseball games are frequent and other clean sports abound. Splendid theatres and other attractions of a metropolitan city are available.

Visit Jacksonville this spring and you will be pleased. For further information, free booklets, etc., address:

shall be entitled to priority over all common stock in the distribution of dividends up to the amount of eight (8) per cent annually on all such preferred stock issued, but at no time shall dividends be paid upon preferred stock in excess of eight (8) per cent annually.

Section 2. Such preferred stock may be made subject to redemption at any time, but at such time and upon such terms as may from time to time be determined by the Directors and expressed in the certificates evidencing such preferred stock. The time when dividends shall be payable upon preferred stock may be fixed from time to time by the Directors and may be proposed in such certificates. Such certificates shall provide for payment of dividends thereon not less often than once yearly before any dividends shall be set apart or paid to the common stockholders. Each stockholder shall be entitled to one (1) vote at all meetings of the stockholders of the company for each share of common stock held by him. The preferred stock shall not be entitled to any vote.

Section 3. The total authorized capital stock of the company, both preferred and common, or any part thereof, may be paid for in either cash or in property, labor or services at a just value to be fixed by the incorporators, or by the Directors at a meeting called for such purpose.

Section 4. The term for which this corporation shall exist shall be perpetual unless or until the same be legally dissolved.

Section 1. The business of this corporation shall be conducted by a board of not less than three (3) nor more than seven (7) directors, and by a President, Vice President, Secretary and Treasurer. The President and Vice President shall be members of the board of directors.

Section 2. The Board of Directors shall be elected annually by a meeting of the stockholders to be held on the first Monday in January of each year, and the President, Vice President, Secretary and Treasurer shall be annually elected by the Board of Directors chosen each year at a meeting of the Directors to be held annually immediately following the said stockholders meeting. The officers of the corporation shall be elected at the annual meeting of the stockholders and by-laws of the Board of Directors shall be fixed by the said stockholders by ballot, each stockholder being entitled to one vote for each share owned by him.

Section 1. The highest amount of indebtedness of this corporation at any time subject itself shall be the sum of One Hundred Thousand Dollars (\$100,000.00).

Article VIII Section 1. The corporate seal of this corporation shall be an imprint bearing the words "SEMINOLE FERN COMPANY, CORPORATE SEAL."

Section 1. The stockholders of the corporation shall adopt by-laws not inconsistent with its charter and the laws of the State of Florida, for the government of its officers and the by-laws first adopted shall be adopted by the vote of the majority of all shares of the common stock, and may be amended in such a manner as may be provided in said by-laws.

Section 1. The names and residences of the subscribers and the amount of stock subscribed by each are as follows: Henry V. D. Voorhies, of Orlando, Florida, Five shares; Ralph J. Voorhies, of Orlando, Florida, One Hundred shares; Gordon J. Barnett, of Winter Park, Florida, Ninety-five shares; and said subscriptions being common stock.

The foregoing articles of incorporation we subscribe this 8th day of March, A. D. 1923, and do hereby subscribe each for the amount of common stock set opposite our respective signatures: HENRY V. D. VOORHIES 5 shares RALPH J. VOORHIES 100 shares GORDON J. BARNETT 95 shares

On this day personally appeared before me Henry V. D. Voorhies, Ralph J. Voorhies and Gordon J. Barnett, to me well known and known to be the persons described in and who signed the foregoing Articles of Incorporation of the SEMINOLE FERN COMPANY, and acknowledged before me that they severally signed the same and subscribed for the amount of stock set opposite their names.

In witness whereof I have hereunto set my hand and official seal this 8th day of March, A. D. 1923.

UPSALA AND GRAPEVILLE Mrs. Ger. Ballinger was a caller for Mrs. Joe Neros on Friday. They were smoking their pork from a two hundred pound hog they had butchered and gave us a treat of it. Mr. and Mrs. August Swanson, John and Archie, were callers Sunday to see Mr. and Mrs. Vihlen and family. Mr. and Mrs. V. C. Collier and nephews were callers Monday evening at the home of Mrs. Forrest West while Miss Bright Layney stopped in with a Grapeville friend.

Mrs. Hirschi and Elizabeth, Mrs. Niel Swanson were callers on the first at the homes of Mrs. Westerdick and Mrs. August Swanson. A number of our folks went over to the aviation field to see Jimmie Johnson and the other attractions Sunday.

Rev. Clark took for his theme, the 25th chapter of Matthew, giving us seven word pictures for divine service. He is able to be with us also for the Sunday school hour, now, too. Miss Eunice and Elmer Tyner returned home from Windermere on Wednesday. Mrs. Westerdick spent Wednesday with Mrs. Wm. Swayne.

Miss Margaret Ericson happened to another auto accident last Sunday afternoon when going in town to her work, injuring her car quite badly. Rev. Eckhard was entertained at the home of Mrs. J. E. Lundquist. He is planning to come again some time during Easter week. Between fifty and sixty were out for the evening service, a good crowd for Upsala.

Rev. C. F. Wahlberg of Groveland will preach at the Lutheran church next Sunday at 10:30 and again at 7:30 in the evening. Miss Ericson brought out from the Montezuma, B. O. Seltzer and his daughter, Miss Mamie, old time friends of her parents, Mr. and Mrs. Alfred Ericson, to spend the day at their home one day last week. Mr. and Mrs. Cramer and children and some young lady friends from Sanford were also callers Sunday.

A number of the Grapeville children have been quite ill with stomach trouble this past week. Doctors Denton and Tolar were called out. John Swanson, after a pleasant visit here with his brothers, Niel and August and their families and old friends left on Thursday for his home at Ottumwa, Iowa, going home by Chicago.

Little Marion, the daughter of Mr. and Mrs. Elmer F. Lundquist, entertained about a dozen of her little friends on Saturday afternoon, it being her seventh birthday with games and refreshments. Grandpa and grandma Swanson and Uncle John were also present.

ABOVEBOARD WITH THE BOYS

William H. Morgan's Remarks to a Woman Who Questioned Habit of Smoking.

William H. Morgan, who conducts one of the best boys' camps in Maline, has studied human nature in both boys and men, and knows just what to expect of people. The mother of a boy at his camp noticed that several of the instructors smoked and she wondered if this wasn't setting a bad example to growing boys. Mr. Morgan replied, remarks Collier's:

"Regardless of what we may think about the propriety of smoking, we are obliged to recognize the fact that the majority of active men do smoke. If you select instructors who do not smoke you limit your field and may have to do without other desirable qualities. Or if you ask men accustomed to smoking suddenly to change their habits and do without tobacco for two months, the chances are that they will slip away and smoke when nobody is looking. The boys are bound to learn of this and then they have the example of men doing things on the sly, which is infinitely more harmful than the example of smoking would be. I don't care anything about smoking myself, but I do light a cigarette occasionally before the boys so that they won't think that maybe I smoke only in secret. Nothing is so important for a boy as to learn to do whatever he does do in the open."

Particular About Her Veil Rummage Saleswoman Learned Something From Woman Customer She Failed to Please.

The Woman Who Sees had had no acquaintance with rummage sales other than seeing such posted signs, so when she was asked to be such a saleswoman she was thrilled. Her table was covered with scraps of silks, laces, veils, discarded collar and cuff sets and things in their category. Late in the afternoon a dear old lady, wearing an expensive Persian lamb coat, came up to her and asked if she had any gray veils. The Woman Who Sees said that she had, and immediately produced one from among the veil pile.

"This is a very pretty one, and it has a deep, lace border; it ought to look well on you, it is such a good-looking taupe shade." The dear old lady held the veil up to her face, and asked how much it was.

"Eight cents, madam." "No! Fifty if too gray for me, dear?" "No, I shouldn't think so. Besides, it is the best veil I have here; no holes in it, and scarcely worn."

The old lady fussed a bit, smiled, and walked away. But in ten minutes she had returned and said, "Dear! I'm afraid the color is too deep for my skin. Thank you."—Exchange.

Learned Methods of Eagle. Making the young eagle scream is one of the most trying duties of the father bird, and it would never learn to fly if it wasn't starved into it. Francis H. Herrick of Cleveland, Ohio, lived in a tree for two months to learn these and other inside facts on the domestic life of eagles, according to a paper he read at the meeting of the American Ornithologists' union at Field museum. Mr. Herrick said he observed from a tree house the hatching of two eagles and their early life. The youngsters were tantalized into their first screaming by their father and mother, which soared above them with fish in their talons. The young eagles learned to fly by the starvation system also, he said.—Chicago Tribune.

John Galsworthy. John Galsworthy looks like a family lawyer or a high court judge. He is clean shaven, urbane, genial, but certainly not expansive. His voice is low, and it is difficult to believe that he could ever be violent or provocative or even excited. He may find many things in life that are cruel and unjust, but he declines to be angry about it. There is an entire absence of "side" (I know no polite term as expressive as this vulgarism) about John Galsworthy. He is not effusive, but he is modest and gently kindly. He is precise in his dress, and neatness characterizes his appearance as well as his writing. I imagine that few people have ever called Mr. Galsworthy Jack!—Sidney Dark in John o' London's weekly.

The Teaching Spirit. One of the most important things a training school can do is to get teachers into the spirit of their jobs. Training schools cannot send out teachers imbued with the spirit of their jobs, having pride in their profession, and a belief in teaching as a life career unless they develop a love and consecration to their work. It is the lack of this spirit which is responsible for the unwillingness of young teachers to do the work of the rank and file, and diplomas should be refused those who lack it.—Principal Olive Jones, New York city.

Mutes Hold Congress. The Latin love of gesticulation had full play in Rome at the first national congress of deaf-and-dumb Italians, the delegates to which represent 40,000 deaf mutes throughout the country. Eloquent and lengthy speeches were delivered, but not a sound was heard. The speakers used only their fingers. The congress wants compulsory free education for all their kind.

Rupture Expert

FOR MEN, WOMEN AND CHILDREN

AT THE VALDEZ HOTEL SANFORD, FLORIDA

Thursday MARCH 15TH

Demonstrates the Famous Rice Method that has Restored Thousands to Full Bodily Activity

FREE TO ALL

If you are ruptured, your big opportunity has now arrived. If you want to be free from the slavery of gouging, chafing trusses that make life a burden and misery, then HERE and NOW is the time to act.

J. B. WELDON expert in rupture cases, trained under the personal direction of W. S. Rice, of Adams, N. Y., the famous discoverer of the Rice Non-Surgical Rupture Method, will be at the Valdez Hotel, Sanford, Florida, Thursday, March 15th, and at the Williams Hotel, Daytona, Fla., Saturday, March 17th, to give free demonstration and trial of the safe and painless Rice Method to every man, woman and child who is ruptured.

You have, no doubt, heard and read much about this famous Rice Rupture Method and the wonderful cures which thousands have reported from it. Now, you have the chance to find out all about it—to have it personally applied to your own rupture and learn just what it can and will do in YOUR OWN case. Just call at the hotel and this expert will give you personal attention, best advice and complete demonstration entirely free.

Are you tired of that binding, hampering, uncomfortable old truss? Would you like to be done with truss wearing forever? Then investigate this Rice Method and learn the wonderful opportunity for help and cure it offers. Remember it is different from everything else and is accomplishing cures where all other treatments, and even operations have failed. It is modern, up-to-the-minute, abreast of the latest scientific developments. It is the one Rupture Method that you are not asked to take on faith alone—the one Method that is positively demonstrated to you right on your own rupture, without any charge whatever.

Don't let this great opportunity get away from you. Your call on the Rice Expert is sure to prove one of the best things you ever did. He will be there only one day then your opportunity will be gone. Remember, you do not spend a penny unless, after having a complete demonstration, you decide this is the Method for you and you—you alone—are the sole judge of that.

Call any time from 9 to 12 a. m., 2 to 5 p. m., or 7 to 9 evenings. Simply ask at the hotel desk for the Rice Expert and he will do the rest.

Don't miss seeing this Rice Expert. W. M. S. RICE, Inc., Adams—New York
