

Commission Tables Action On Location Of Negro Park Site

Continued From Page One

previous administration had been used for the dumping of garbage, as well as refuse. He added that due to City inaction he had taken up the matter with State Health Authorities, declaring that the dump was infested with rats, flies and mosquitoes, was unhealthy and unsanitary, and demanded that if the refuse was not soon taken outside the city limits, the citizens would take legal action to expel the City to do this.

It also pointed out that the name of Grady Duncan, city sanitary inspector, was among the petitioners.

Mayor Gutierrez said that he would see that suitable changes were made as soon as possible.

"We do not want any more compromises," declared Calhoun, "We demand action."

Mayor Gutierrez promised action before the end of the week and Commissioner W. C. Hill's proposal that the Commissioners inspect the dump was approved. Mayor Gutierrez also stated that definite instructions would be given to City department heads that no garbage would be dumped on the site, but only trash or leaves.

After Mr. Calhoun left, City employee Sidney Bennett told the Commission that the dump had been in use since 1925, and said that after inspecting dumps in Tampa and Lakeland, this was the cleanest dump in the state. He said there were no mosquitoes there because of the smoke of burning trash, and that when the Navy dumped garbage there, it was burned by using gasoline.

He pointed out that the City incinerator is now in repair and able to burn all garbage.

W. C. Lynn was given approval to operate two taxicabs, transfer of the Silver Fleet taxicab business from the Sanford Equipment Company to Mrs. J. Gonzales was approved. Due to the fact that there are now 24 negro taxis to 10 white, applications of two negro applicants were denied, and it was decided that 21 will be the maximum of negro taxis allowed.

Approval was given to increase compensation to Dr. E. J. Bass for inspection of the city, following the reading of a letter from Dr. Bass, urging this increase. Approval for a station at the following station at 400th Avenue, in the block between 400th and 401st, Wilson, Grady Duncan was allowed to be reduced to \$30, but it is line what results of this is necessary. City Engineer Ralph

who found the grave for us.

"There were no dog tags on the grave or serial numbers after the names.

"I hope I have helped you but if I've missed something let me know and I'll try to answer.

"I really did see the grave and it being kept up by the civilians. I thought it was quite a nice grave and in a nice quiet little town. Sincerely, Tony."

The pictures have been received and are excellent. All the names on the cross of the grave are very clear, as well as the pansies and other flowers. Also in the picture are the Russian Officer, the G. I., Joe, 1st Sgt. Hammond and Tony.

NEW NATIONAL OPEN CHAMP Lloyd Mangrum (center) of Los Angeles, Calif., admires the medal and cup he received after winning the National Open Golf championship at the Canterbury Golf Course in Cleveland, O. Mangrum shot a 72 in a second 18 hole playoff to win the title while Vic Ghezzi (left), of Knoxville, Tenn., and Byron Nelson (right), of Wichita, O., both wound up with 73's. Honeymoon Cottage Free For War Vets

DANVILLE, Ill. (AP)—A dozen veterans and their brides have spent their honeymoons in the Honeymoon cottage on Lake Vermilion.

Others, with weddings set for the weeks ahead, have made reservations.

A couple moves in, stays three days, moves out, and the next day another ex-GI carries his wife across the threshold.

Everything but the food is furnished without cost.

But the big-hearted benefactor isn't so free with one thing—his own name. He's known only as "Mr. X."

Maid For 47 Years Fakes Guests To Task

EUGENE, Ore. (AP)—Little Mrs. Emma Tallot, retiring after 47 years as a chambermaid, says hotel guests have degenerated amazingly during the last half-century.

They shine shoes on towels and carry off half the hotel equipment, complained the 77-year-old woman, "and every year they are getting dirtier."

So the 4 foot 4 1/2 inch tall woman, who figures she's made 300,000 beds, decided never to make another bed for profit.

But "Little Emma," as hotel residents call her, wasn't ready to quit working at only 77. She's opening a clothing alteration shop. Cleaner work.

IN A LOS ANGELES hospital with a broken nose, fractured ribs, blacked eye and loss of the foot, Mrs. G. Trade Suler glazes at a portrait of her husband, John L. Suler, who she says was killed by a car. (International)

The nation's wheat conservation program should furnish the average person with slightly more protein, iron and B vitamins, especially thiamine, in his flour.

You waste fuel if your pans are smaller than the heating unit.

Never get butter in a cold frying pan.

Cover with a tight top and shake well. The flour should mix much more quickly than if blended with a spoon.

To mix flour in milk or water, the easiest way is to place the liquid in a jar, then the flour.

CLOSED - WEDNESDAY AFTERNOONS DURING THE SUMMER MONTHS

The BUY-WORD for TIRE VALUE - KELLY

It's top value because "Kelly-Built" means built to GO! Completely redesigned to get the most out of today's improved materials and methods. You can depend on the new Kelly to go farther and last longer.

No extra cost for these Kelly extra values:

1. Stronger Cord Body.
2. Cooler Running, extra insulated tires.
3. Tough Armaturubber Treads.
4. New design keeps rubber relaxed.
5. More Safe Mileage.

Come in and see the new Kelly—the "buy" because it delivers performance, not promises!

THE WEATHER

Considerable cloudiness this afternoon through Thursday scattered showers and thunder showers tonight and over extreme south this afternoon and tonight.

Meat Famine Looms As O.P.A. Is Studied

Veterans Sell Three Cent Apples For 50 Cents To Dramatize Inflation Dangers

CHICAGO, June 26, (AP)—A virtual famine of fresh meat is in prospect for most of the nation today as the Senate prepares to act on the House-approved compromise OPA Bill that retains meat price controls. There is no prospect of immediate relief in the meat famine.

In fact, some packing industry spokesmen say that if the OPA extension bill becomes law, the country's meat supply will get even worse.

Still others say the scarcity will last for several months, with one large packer asserting that the fresh meat famine will last until the fall of OPA is determined. In Los Angeles, there have been threats of a complete shutdown of facilities from packing hours to retail markets because of expressed dissatisfaction with the provisions of the OPA bill.

Fish, fowl and eggs have replaced the meat dish on the country's dinner table. Hundreds of butcher shops across the country closed. Thousands of packing plants have stopped to new all-time lows.

In Pittsburgh, war veterans' selling apples have found few customers willing to pay 50 cents for a 3-cent apple. However, the apples were not really for sale. The veterans said that they were attempting to dramatize the effects of lack of price controls in an effort to save the OPA.

They were led by the chairman of the Allegheny county council of the American Veterans Committee, Alvin Snyder. The group urged passers-by to look for a presidential vein of the compromise OPA extension legislation passed by the House.

Consider Objectives As Outlined by Truman Are Attainable

WASHINGTON, June 26, (AP)—The White House disclosed today that Navy Secretary Forrestal has notified President Truman of his desire to cooperate fully in the President's Army-Navy merger program. Forrestal's attitude on the merger proposal was made known in a letter to Mr. Truman, he said, he considered the objectives set forth in the President's message, and he believed it would be possible to overcome difficulties in drawing up the necessary legislation.

Secretary of War Patterson recently wrote to the President pledging support of Mr. Truman's unification recommendations.

Forrestal's letter was made public as reported by the Associated Press. He still hoped to get a better measure than that the President proposed for it.

Coast Line Plans Cut In Employees

WILMINGTON, N. C., June 26, (AP)—The Atlantic Coast Line announced yesterday a substantial curtailment in number of employees and deferment of its rehabilitation program. This action was necessitated, said the line president, C. M. Davis, by the inadequacy of a recent freight rate increase ordered by the Interstate Commerce Commission.

The 6 per cent freight rate increase allowed certain exceptions for the last six months of this year. Davis explained that the Great Lakes' rail employees' settlements of all employees wage demands, he said, had added \$13,700,000 to the line's annual payroll.

Florida Harbor Funds Refused By House

WASHINGTON, June 26, (AP)—The House Appropriation Committee has refused to approve an outlay of \$225,000 for improving the Port of Joe Harbor in Florida.

The project calls for deepening the entrance channel to 52 feet so that it would accommodate the largest tankers. It is now 27 feet deep.

Representative Sikes and Hendricks, Florida Democrats, have urged the committee to approve the \$225,000 outlay.

However, the group refused to recommend funds for a number of similar projects on the ground that they are not now in an "urgent" category, and can await consideration until a regular Rivers and Harbors appropriation Bill is prepared.

Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies, listed below:

Coordinator — E. B. Carter, Atlantic National Bank Building.

Employment — U. S. Employment Service, 112 North Park Avenue.

Vocational Training and Education — T. W. Lawton, Court House.

Legal Assistance, Hospitalization and State Service Officer — Contact through Lloyd P. Boyle, County Service Officer, Takach Building.

Home Service Assistants to Servicemen, ex-Servicemen and their Dependents — American Red Cross, Lakefront Boulevard.

Veterans Administration — Martin M. Rutledge, Sheriff's Office, every Tuesday.

Russia Says Punishment Meted Out To Soviets Accused Of Treachery

MOSCOW, June 26, (AP)—The Soviet Government announced today that it had meted out to Russian citizens accused of treachery during the most critical period of the German invasion of the Soviet Union, the Crimean Tartars and the natives in the area around two big oil fields in the northern Caucasus—Grozny and Moxdok—have been resettled in other parts of Russia.

The announcement said that in addition, the Crimean and Chechen-Ingush states have been liquidated and reduced to the status of provinces of the Russian Federation. The two states formerly were autonomous.

The Chechen-Ingush republic in the north Caucasus bordered on Generalissimo Stalin's home republic of Georgia and included the Grozny and Moxdok oil fields. The Government reached the two oil fields at the high tide of their invasion before the reverse at Stalingrad.

The republic's population was placed at 500,000 persons.

In 1935, the Soviet encyclopedia set the population of the Crimean State at almost 1,000,000. The figures included Russians, Ukrainians and others living in the Crimea as well as the local natives. The Russians, Ukrainians and others whose loyalty was questioned were deported from the Crimean state.

The Russian Ministry of State Control also disclosed today that more than a score of factories had been punished. They were accused of misappropriating funds or misusing funds in various kinds of plants and enterprises throughout Russia.

The Official Soviet announcement did not disclose the date of the issuance of the decree liquidating the two republics and forcibly removing the natives to other areas of Russia. However, it did disclose that these natives are in conjunction with the German Army.

Navy Secretary Will Cooperate In Merger Plan

Appropriation Of \$465,000,000 For UNRRA Is Asked

WASHINGTON, June 26, (AP)—The House Appropriations Committee has recommended a new appropriation of \$465,000,000 to the United Nations Relief and Rehabilitation Administration in the UNRRA item was the largest of a group of miscellaneous appropriations in a deficiency bill calling for the expenditure of \$749,674,989. It also was the most controversial UNRRA item. It is expected to touch off a fight over whether any more money should be spent in Russian republics which do not allow American news and radio correspondents free access to information on UNRRA activities.

The bill carries an appropriation of more than \$27,000,000 for the Selective Service System. It also carries an appropriation of \$749,674,989. It also was the most controversial UNRRA item. It is expected to touch off a fight over whether any more money should be spent in Russian republics which do not allow American news and radio correspondents free access to information on UNRRA activities.

Mission To Outline India Plan Shortly

NEW DELHI, June 26, (AP)—The British Cabinet Mission to India announced today that it will issue a final and conclusive statement of the mission of the cabinet group.

The big problem is the reconciliation of the various political and religious factions in India. The British plan is to call for co-operation with the Muslim League, which already has accepted the Mission's proposal for a 14-man interim government. The All-India Congress Party's working committee has rejected the interim rule plan.

GREEK PLEBISCITE ORDERED

ATHENS, June 26, (AP)—The Greek Chamber of Deputies today passed a bill authorizing a plebiscite on the restoration of the Greek monarchy or the continuation of the republic. The bill was passed without amendments after a stormy all-night session, one marked for King George and the other blank. Presumably the voter can indicate his desire for a republic on the blank ballot.

URGES ATTENDANCE

Perry Whitehurst, director of the Clergy Division of the Florida Vegetable Committee, today urged all clergy members in the Seminole County area to be present tomorrow morning at 10:00 at the Court House at the hearing to be conducted at the request of the Vegetable Committee for the purpose of hearing arguments for and against a proposed celery marketing agreement. Lynton West of the United States Department of Agriculture, preside at the hearing.

Survives 7-Hour Ice Lake Plunge

ONE SURVIVOR of a wilding in the ice lake above. He struggled to shore at the ice water. With his 14-year-old brother, he was rescued by a boat that struggled in 14 miles of open water.

Geologist Says Indian River Canal Would Not Injure Local Water Supply

That the detrimental effects of the proposed canal would be negligible, a geologist today said in a report. The report was made by a geologist from the U. S. Geological Survey, who said that the canal would not injure the local water supply. He said that the canal would be a beneficial project for the area.

The geologist, who is a member of the U. S. Geological Survey, said that the canal would not injure the local water supply. He said that the canal would be a beneficial project for the area.

FIVE JAPANESE HANGED

SINGAPORE, June 26, (AP)—The former chief administrator of Port Blair, and five other Japanese war criminals were hanged today at Changi Jail. All six had been convicted of torturing Indians and other civilians suspected of being spies for the Allies on the Andaman Islands.

TREMORS RECORDED

NEW YORK, June 26, (AP)—Fordham University Seismologist Father Joseph Lynch said today that mild earth tremors had been recorded on the university's seismograph. Father Lynch located the tremors as possibly being aftershocks of the Gulf of Mexico. A mild shock was recorded Monday from the same area.

Reorganization Plan Submitted To Gen. Marshall

WASHINGTON, June 26, (AP)—It was reported today that Chinese Communists have handed General George Marshall their proposal for a reorganization of the Chinese Army into one national unit. The Army program plan was the last and most crucial unsettled point of the way to peace between the Communist and the National Government.

The same report said that the peace committee of three had agreed on two other outstanding issues: cessation of hostilities and restoration of communications. The peace committee is composed of Marshall and a government and a Communist representative.

It was understood that the reorganization of the Army was the last major obstacle to the signing of a communique for the cessation of hostilities.

I. W. Lawton Is Main Speaker At Kiwanis Meeting

What's right with the schools? was the subject of a talk, presented by I. W. Lawton at the Kiwanis Club meeting last night. Lawton, who is principal of the Sanford schools, presented a report on the state of the schools in the county. He said that the schools were in a state of transition, and that many of the teachers were new. He said that the schools were doing well, but that there were many problems to be solved.

Communists Hand In Proposals For Unification Of Armies

WASHINGTON, June 26, (AP)—It was reported today that Chinese Communists have handed General George Marshall their proposal for a reorganization of the Chinese Army into one national unit. The Army program plan was the last and most crucial unsettled point of the way to peace between the Communist and the National Government.

The same report said that the peace committee of three had agreed on two other outstanding issues: cessation of hostilities and restoration of communications. The peace committee is composed of Marshall and a government and a Communist representative.

County School Head Against 'Cafeteria' Plan Of Education

What's right with the schools? was the subject of a talk, presented by I. W. Lawton at the Kiwanis Club meeting last night. Lawton, who is principal of the Sanford schools, presented a report on the state of the schools in the county. He said that the schools were in a state of transition, and that many of the teachers were new. He said that the schools were doing well, but that there were many problems to be solved.

Von Neurath Feared Wrath of Adolf Hitler

BERLIN, June 26, (AP)—The German government today said that it had received word from Adolf Hitler that he was very angry with Franz von Papen, the former Reich Chancellor, for his role in the appointment of Kurt von Neurath as Reich Chancellor.

The government said that Hitler was very angry with von Neurath for his role in the appointment of Kurt von Neurath as Reich Chancellor.

Lansing Urges Sportsmen To Attend Meeting

MIAMI, June 26, (AP)—U. S. Secretary of State Cordell Hull today urged sportsmen to attend a meeting in Miami to discuss the proposed fishing and hunting regulations for the Florida Everglades.

Hull said that the meeting was very important, and that it was necessary to have the sportsmen's input in the regulations.

Herbs Testify Against General Mihailovic

BRISBANE, Australia, June 26, (AP)—Testifying today at the trial of General Draza Mihailovic, a group of peasants told how they and the inhabitants of their village were described as Chetniks slayings near Belgrade.

Four Serbs from Belch testified that they were acting under his orders. They said that the Chetniks raised the situation they were fighting against the Communists. The prosecution indicted charges that 22 residents of Belch were killed by the raiders.

Trial Of Russian Spy Commences In U.S. Federal Court

SEATTLE, Wash., June 26, (AP)—The espionage case against Naval Lieutenant Nicolas Belin commences today in Seattle, Wash., today by the United States government.

Belin was a Soviet purchasing commission representative in the Pacific northwest before he was arrested on espionage charges. A jury of seven men and five women has been selected after extensive questioning by government and defense attorneys. They must decide the 30-year-old Belin's fate on charges of spying and attempting to induce a shipyard engineer to furnish data with plans of a new destroyer tender and its equipment.

Molotov Calls Hurd Conference Of Foreign Ministers After Phone Call

PARIS, June 26, (AP)—An American diplomat says that Soviet Foreign Minister Molotov called a surprise meeting today of the Big Four Foreign Ministers Council to discuss Italian affairs.

This disclosure came after the French press said that Molotov was expecting a telephone call from Moscow which might bring a break in the Franco-Soviet negotiations.

French newspapers earlier printed unconfirmed rumors that Soviet Foreign Minister V. M. Molotov is expecting a telephone call from Moscow. There was no known basis for the assertions in the French newspapers.

Marathon Of Cloth Shipment Gone Ahead

In regard to the emergency collection of the General Federation of Women's Clubs "Marathon Of Cloth," Mrs. Fred T. Williams, corresponding secretary of the local group, this morning stated that a box had gone forward on June 10 as scheduled.

"The Marathon of Cloth" is a collection of materials for needy people in foreign countries, started by Mrs. Williams, who urged those who have cloth for the collection to hold it in reserve for future shipment.

Windows Of The World

"The war is over, but there is no peace" said Eric Johnston at the University of Southern California...

"We have established a United Nations Organization, but there is no world... We are learning how to create abundance, but we have not yet learned how to live."

"The man who has learned how to live has expanded his consciousness of the rights and duties of others in the young people starting out from college into the world. But here is a nourishing essence."

It was a good old detective-thriller yarn, with the American public reading every word. There was embarrassment and chagrin that officers of the army should be involved in such a scheme...

But, many are saying, "it isn't the worst deed that has come out of the war. Everyone knows if the situation were reversed and Nazi officers in the heyday of the Reich had been able to make off with comparable American treasure, they would have been decorated by Hitler."

Practice In Compromise

One by-product of the housing shortage is the opportunity it gives many families to work out compromises in daily living. Anyone except the hermit who lives in a cave has to do some compromising in order to live happily.

A great many things may seem desirable to different members of a family, but when each one sees a peaceful, happy life as the most important goal of all, other things fall into place in their proper relation.

Youth of today, tomorrow's builders, will meet many opportunities for success in life. But these chances will be worthless unless they have the training and character to make use of them.

Will Your Boy Be Ready for His Opportunities? Youth of today, tomorrow's builders, will meet many opportunities for success in life. But these chances will be worthless unless they have the training and character to make use of them.

TOO LATE TO CLASSIFY

While a lot of things can happen with certainty, in fact he has never seen and probably will never see...

While no one seems to care about the future, there are those who are. They are the ones who are building a better future for themselves and for their children.

There was more meat than this in that speech to the young people starting out from college into the world. But here is a nourishing essence.

There was more meat than this in that speech to the young people starting out from college into the world. But here is a nourishing essence.

The Celery Feds return tonight for another double header, their third consecutive twin bill in three days. Goose Kettles and Jim Payne will first against the G-Men. The first tilt is slated to get underway at 6:30 P. M. at the Municipal Park.

HARRIS FIELD, GAINESVILLE, June 26. (Special)—Manager Ed Levy's Sanford Celery Feds came within an inch of winning their second double header in as many days last night when the second game Florida State League captured their first half of a twin bill by a score of 9 to 3 but dropped the second tilt by a 5 to 4 count.

Both halves of the twin-bill were overtime tilts, the first going 10 innings and the second lasting 13 frames. Sanford racked up six runs in their half of the tenth frame in the initial contest to capture the 9 to 3 win and in the second engagement Sanford scored twice in their half of the 13th frame to break a 2-2 deadlock but the G-Men came back with a three-run rally to capture the nightcap.

Charlie Bison was on the

ground for the Feds in the opener and held the G-Men to five blows through the tilt. Bison walked six batters and fanned a pair of G-Men. On the hill for Gainesville was Bud Manchester. Manchester was nicked for 10 safeties in nine and a third inning before he was relieved by Herbert Van der Molen. However, the Feds cracked two hits off Van der Molen.

Jim Schantel took the hill for the Feds in the second contest and was nicked for 10 G-Men bingles. George Fultz hurled the entire contest for Gainesville. Gainesville chalked up a single run in the first inning but the Feds came back with one in the third. In the seventh the Leymen captured the lead with another safety. Gainesville pushed over a single tally in the sixth but the Feds knotted the count with a single marker in the seventh.

Scoring hostilities ceased until the first half of the 13th frame when Sanford counted twice but a three-run outburst by the G-Men in their half of the 13th proved fatal to the Feds. All three G-Men runs were scored before a single batsman was retired. Fultz issued 10 free passes to

Robson Sporting Goods Noses Out Sanford Herald In Nightcap, 13-11

Loop Play Resumes Tomorrow Night When Herald Tangles With Moss and Haynes & Williams Plays Security Lumber

Tomorrow evening at the Lakefront Park, City Softball League play resumes with the Sanford Herald playing the Moss Amusement Company in the opening contest slated to start promptly at 7:30 o'clock. In the second half of the scheduled twin-bill the Security Lumber Company will meet the league-leading Haynes and Williams Furniture Company.

The Security Lumber Company came through with its second win of the current City Softball League season last night when the lumbermen defeated the high-scoring Carpenters' Union by a score of 7 to 2 in a contest which saw Security nick Geetch Swafford for a total of eight hits.

In the second contest of the evening, Robson Sporting Goods came through with their first victory in four starts by nosing out the Sanford Herald by a 13 to 11 count. It was the first appearance of the Newsmen in the loop this season.

In the opener, Junior Dyess was on the hill for Security and he kept four Union bingles well scattered throughout the tilt. Security broke the scoring ice in the opening stanza with a single score. However, the Carpenters came back in their half on a pair of hits combined with two Security mistakes. They were the only runs tallied by the Carpenters during the engagement.

Going into the fifth inning trailing by one run, the lumbermen punched out a pair of hits and scored twice to take a 3-2 lead. In the sixth, three outs and a pair of Union errors proved fatal for the Carpenters and Security pushed over four runs.

Pennington and Lee led Security attack with a double and a single each.

John Cullum and Harry Robson tangled on the hill in anything but a pitchers' duel in the nightcap. The Sportsman jumped into the lead with three runs in the opening frame. The Newsmen came back with a single marker in their half of the first inning. Robson added another pair in the second and two more in the third. However, The Herald tallied four times in their half of the third.

Going into the fourth leading The Herald by a 7 to 5 count, the Sportsman pushed over six runs off four hits and two Herald errors. This was all the scoring by Robson.

In their half of the fourth, the Newsmen pushed over three runs and continued to whittle away at moundman Robson. "Doc" Epps took over the mound duties for The Herald and held the Sportsmen scoreless in the fifth, sixth and seventh stanzas. Meanwhile, the Newsmen pushed over three more runs in the sixth which brought the score to 13 to 11.

In the final half of the seventh, Kanner beat out an infield hit and advanced to second when Wood was safe on an error by Roy Echols. Ables fanned but Johnson beat out another infield roller to fill the sacks. Al McMillan then grounded to Pete Echols at third and threw to Sikes in time to force Kanner at the plate.

The Sportsman banged Cullum for seven hits and obtained a single safety off Epps. The Newsmen rocked Robson for 13 safeties during the encounter.

Big Four To Give Greece Dodecanese

Deadlock on Trieste Question Prevails; Only 32 Hours Left Before the Deadline

PARIS, June 27. (AP)—The Foreign Ministers Council agreed today to give the Dodecanese islands to Greece. The only string attached is that the islands must be demilitarized.

The Dodecanese are 13 islands in the eastern Mediterranean and were governed by Italy before the war. The largest of the 13 islands is Rhodes.

In the meantime, the foreign ministers are said to be considering the Bulgarian and Hungarian treaties.

The foreign ministers have just about 32 hours left before their self-imposed deadline for the Italian and Balkan treaties. The deadline was set last Saturday. Russian Foreign Commissar Molotov said at that time that he wanted to sign the treaties made by this Friday. And then, said Molotov, he would be able to decide whether to go along with the American plan to call for a general European peace conference on July 15.

Last night's meeting on the Trieste question came to naught. The deadlock still prevails.

Meanwhile, one Russian broadcast charged that the western powers are trying to force unilateral concessions by Russia.

A storm of defiance and disillusionment appears to be gathering over the Big Four foreign ministers conference in Paris.

The Russians, the Yugoslavs and the Italians are laying down verbal barbed wire against the maneuverings inside and outside Luxembourg palace. With the foreign ministers still deadlocked on the disposition of disputed Trieste, the Moscow radio castigated today that the stalemate was due to western pressure to force concessions by the Soviet Union. The Russian broadcast went so far as to use the ugly word "blackmail."

In Paris, Edward Kardelj, Yugoslavian deputy premier, has taken an all-or-nothing stand. Yugoslavia must have Trieste. His country, he says, won't agree to any proposal for joint control of the Adriatic port with Italy. It won't agree to internationalization. It won't accept any settlement by a 21-nation peace conference or the United Nations assembly. The Trieste question, insists the Yugoslav official, must be settled by the foreign ministers in Belgrade's favor.

In Rome, the Italians are both defiant and resigned. Italy, it is being said in Rome, has a reputation to lose. The country now deserves better of the Allies than to be deprived of Trieste and Istria. But the newspapers are picturing the Big Four as about to tear Trieste from Italy. A highly-phrased editorial on one paper today described Italy as stretched out on a table ready to be cut up—for the sole purpose of preventing the surgeons from coming to blows.

In almost every other quarter, trouble and discord remain the most marketable international item.

The delegates to the United Nations Security Council in New York are holding their heads after yesterday's acrimonious debate on the Spanish issue. The heaviest throbbing is the realization that Russia's use of the veto has become an over-powering weapon in their deliberations.

In Athens, the government has announced that armed clashes between extreme left and right forces continue, with ten more persons killed in recent days. In Tokyo, the Japanese complain that they have appealed to the Allies more than a dozen times for a speed-up of repatriations from Russian-controlled territory, without much success.

In Melbourne, Sir Thomas Blamey, former commander of the Australian arm, says that Australia and not the United States should control the big naval base built by America on Manus Island in the Admiralties.

Eisenhower Wants 50 Thousand Officers

WASHINGTON, June 27. (AP)—General Eisenhower wants the regular Army to have twice as many officers as it now has.

The five-star General asked Congress today to double the number of regular Army officers to a total of 80,000. Eisenhower said a bigger corps of professional officers will be needed for the next 25 or 30 years or until—as he put it—the United Nations becomes a definitely hostile force for world peace.

Fireboats Battle Terminal Blaze

Streams of water are poured by fireboats on the flames raging through the Municipal Ferry Terminal Station Island, N. Y. Thousands of commuters between Manhattan and the island were temporarily stranded yesterday as firefighters sought to bring the conflagration under control. Two persons were said to have died in the fire.

H. Stenstrom Is Seriously Injured In Truck Accident

Beacon Dairy Truck Overturns On Paola Road With 3 Boys

According to the latest reports from Orange Memorial Hospital, Herbert Stenstrom, who was injured in an accident yesterday afternoon near Paola, is gradually improving from a serious stage of shock. Attending physicians have not been able thus far to determine the extent of injuries to his left knee and right leg. A fracture of the right ankle is also believed to have been sustained.

Herbert Stenstrom, 16, son of Mrs. J. W. Salsbery of Fifth Street and Myrtle Avenue, Paola, was injured in an accident yesterday afternoon near Paola. He was driving a truck which overturned on a curve on Paola Road about 2.7 miles west of the Country Club Road while proceeding west at about 1:45 o'clock yesterday afternoon. Stenstrom had come along just for the ride with Deal and Gamme on their milk delivery run. Gamme and Deal were bruised and cut to some extent but received no serious injuries. O. R. Smith and Carl Shultz received the call at the Erickson Funeral Home and upon arrival found Herbert Stenstrom and Donald Deal lying by the roadside and a crowd of persons who had gathered, trying to lift the overturned truck off of Dewey Gamme who was pinned underneath.

According to Mr. Smith, it took about three-quarters of an hour before the truck could be lifted enough so that Gamme, lying in a welter of broken milk bottles, could be removed. The three boys were rushed to Fernald-Laughton Memorial Hospital where they were given first aid by Dr. J. N. Tolar and Dr. C. L. Park.

Herbert Stenstrom was given several blood transfusions and was taken in the Erickson Ambulance to Orange Memorial Hospital, as according to Dr. Tolar there was no bed available for him at the local hospital. Serious injury to the kneecap and to the right ankle of Stenstrom was reported by Dr. Tolar.

The accident was investigated by State Highway Patrolman H. E. Douglas who was called to the accident from Deland in the absence of Patrolman L. C. Bender, who was off duty for the day. The milk truck, he said, is a 1941 Chevrolet and is open at both sides. The truck, turning over on the curve, made a complete flip before landing on its right side. Occupants of a lumber truck aided in getting the boys from underneath the car, he said.

President Rios Of Chile Dies Of Illness

SANTIAGO, Chile, June 27. (AP)—Juan Antonio Rios, president of Chile since 1942, who was elected in a sweeping victory of the leftist popular front, died today. He was confronted with an international crisis resulting from his country's relations with Axis powers and after he took office when the United States charged that Chile, along with Argentina, was a hotbed of Nazi spies.

Corporations Indicted For Conspiracy

Basis Of Suit Said To Be Monopoly Of Raw Materials Used In Atomic Bombs

DENVER, Colo., June 27. (AP)—A criminal indictment of two corporations was returned today against the corporations charging that they conspired to monopolize vanadium industry. The industry is an important source of uranium raw material for atomic bombs.

Five individuals—officers of the corporations named—also were indicted by a federal grand jury at Denver, Colo. The eleven defendants are charged with conspiring to create a monopoly and fix prices.

Besides its importance in the atomic field, the metal vanadium also is used as an alloy in steel. In announcing the indictment, Attorney General Tom Clark said vanadium is found chiefly in connection with radioactive mineral ores in Colorado, Utah, Arizona and New Mexico.

The two chief defendants are the Vanadium Corporation of America and the Union Carbide and Carbon Corporation, both with general offices in New York City. Also named in the indictment were four corporations owned by Union Carbide. They are the United States Vanadium Corporation, the Electro-Metallurgical Company and the Electro-Metallurgical Sales Corporation, all of New York, and the Vanadium Chemical Company of Chicago, Ill.

Individuals indicted were J. Van Fleet, president, and Ben Russell and W. G. Ashburn, president of U. S. Vanadium and E. J. Brennan, president of the Vanadium Chemical Company, all of New York.

Members Of Illegal Jewish Underground Get Long Sentences

NEW YORK, June 27. (AP)—A federal grand jury today sentenced 11 members of an illegal Jewish underground organization to long prison terms for carrying out a campaign to terrorize Jews in the United States.

The grand jury returned its verdicts today in a case involving the activities of the Jewish underground, which was organized in New York City in 1935. The organization was headed by a man known as "The Boss," whose real name is not known.

Dollars Are Melted To Obtain Silver

NEW YORK, June 27. (AP)—Money seems to have a natural aptitude for melting away in front of your very eyes. But in New York the photo-engraving board of trade is helping the process along. They're going to melt the dollars down literally.

You see, silver dollars contain silver nitrate. And silver nitrate is one of the items essential in the photo-engraving process. Silver nitrate is just what the industry does not have much of at the moment. In fact, says the photo-engraving board, supplies are so short that many engraving plants are faced with a shutdown within a week.

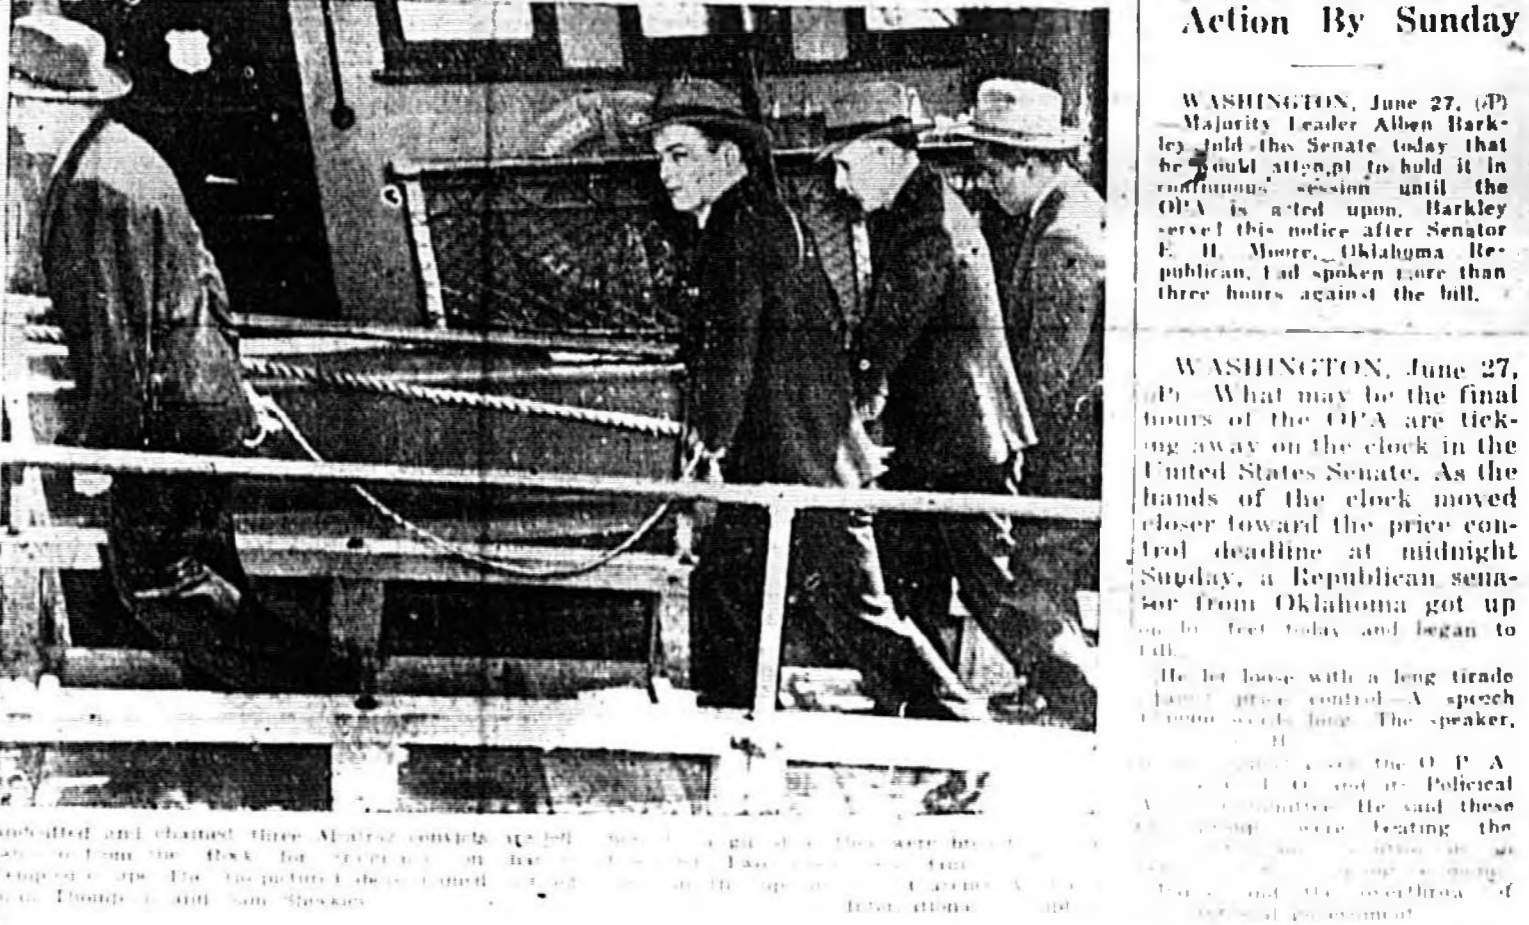

Three Young Sisters Are Burned to Death

PHILADELPHIA, June 27. (AP)—A fire in a south Philadelphia home early today cost the lives of three young sisters. Firemen found the body of 16-year-old Marie Ocasio with her head and arms resting on the window sill of her second floor bedroom. She had been overcome by smoke as she screamed for aid.

The bodies of Rosalie, aged 13, and Carmella, 11, were found huddled together on the floor near their bed. The mother and step-father of the victims, Mr. and Mrs. Frank Ocasio, jumped from their room on the third floor after vainly attempting to reach the girls.

Senator Charges CIO With Seeking To End Capitalism

Break Convicts Leave 'Rock' For Arraignment

WASHINGTON, June 27. (AP)—Majority Leader Alben Barkley told the Senate today that he would attempt to hold a continuous session until the OPA is acted upon. Barkley served this notice after Senator E. H. Moore, Oklahoma Republican, had spoken for more than three hours against the bill.

WASHINGTON, June 27. (AP)—What may be the final hours of the OPA are ticking away on the clock in the United States Senate. As the hands of the clock moved closer toward the price control deadline at midnight Sunday, a Republican senator from Oklahoma got up on the floor today and began to talk.

He let loose with a long tirade against price control. The speaker, E. H. Moore, said that the OPA was a "monstrous" bill and that it would destroy the American economy. He said that the bill would take away the property of the people and that it would lead to a dictatorship.

Moore's speech was interrupted by a long and heated debate. The Senate session continued until late in the evening. The OPA bill is expected to pass the Senate in the next few days.

Raoul Testifies In Hearing On Marketing Pact

Hutchinson, Schmehl and Others Called In U. S. D. A. Meet

WASHINGTON, June 27. (AP)—Raoul Hutchinson, a member of the Federal Agriculture Marketing Administration, testified today in a hearing on the marketing pact between the United States and the United Kingdom.

Trainmen May Join With A. F. of L. Of CIO, Whitney Says

WASHINGTON, June 27. (AP)—The proposed merger of the American Federation of Labor (A. F. of L.) and the Congress of Industrial Organizations (C. I. O.) will be sponsored by about 200,000 workers, according to a statement today by a C. I. O. official.

Citizens Bank in Oviedo Will Open Tuesday

Wheeler Is President Of Bank Capitalized At \$50,000,000

OVIEDO, Fla., June 27. (AP)—The Citizens Bank of Oviedo, Fla., will open its doors for business on Tuesday, June 28. The bank is capitalized at \$50,000,000 and is the largest bank in the Oviedo area.

Sarah Martha Smith Died On Wednesday

NEW YORK, June 27. (AP)—Sarah Martha Smith, a well-known actress, died on Wednesday, June 26, at her home in New York City. She was 68 years old.

Atomic Bomb Test Depends On Weather

BERLIN, June 27. (AP)—The atomic bomb test depends greatly on the weather and with the typhoon season approaching, it may be a race against time. The test is expected to take place in the next few days.

Naval Ship To Make Cruise On St. Johns

The U.S.S. SCG97 will make a cruise on the St. Johns River Sunday, leaving the dock at the Naval Station at 10:00 A. M. It is anticipated that the ship will be out for approximately 6 hours.
