

# Jones Scores 28 As Oviedo Crushes Clermont, 66-31

### Flashy Senior Sets Two-Year County Scoring Mark For Game Performance

OVIEDO — (Special) — Johnny Jones, utilizing his brilliant one-handed pushers and fast breaking lay-ups, set a two-year scoring record in Seminole County by piling the net for 28 points during the Oviedo-Lion quintet to a top-sided 66-31 triumph over Clermont here last night.

The flashy senior, who plays an equally brilliant basketball game for the Lions in the spring, teamed with Billy Meek and Milton under the boards to control the rebounds in Oviedo's first victory of the infant campaign.

Meek poured in 10 points for the winners to rank second in scoring for the game. Clermont's Charlie Johnson bucketed 13 marks to top the losers effort.

The Oviedo broke fast, building up a 20-3 margin in the initial period on the scoring prowess of Jones, Meek and Bob Williams.

The Lions held a comfortable 33-12 bulge at the intermission and went on to push their lead to 62-21 by the third period. It was the first win in two games for the Lions who were defeated by Edgewater only last Friday night by a 54-46 count in Orlando.

It proved to be a big night for the Jones family and Oviedo as the Lions girls five slapped on a 23-21 defeat over the Clermont females with Kaye Jones hitting for 10 markers or over three-fourths of the winning points.

Another Jones, Sherry, no relation to Clermont's Charlie, was the high scorer for the losing girls.

The Oviedo's victory was not without a some disappointment however. Big center Walter Duda sprained his ankle during the pre-game warm up and was sidelined for the entire game. The full extent of Duda's injury was not immediately ascertained and he may be out of action for several games.

Duda's loss will be greatly felt by the Lions. He scored 22 points and held the hopes for the Oviedo under the boards.

Johnny Jones won 47 points in two games to pace all Seminole County prep scores, holding a robust 23.5 point average per game. Last year Gerald Coe, a member of the Oviedo team, averaged 18.5 for the season's best single game score by a player in Seminole County.

The Seminole High variety and junior variety quintets play Edgewater in Orlando Friday night.

### Southwest League Cagers Hold 2-1 Margin Over Foes

DALLAS, Tex. — Southwest Conference basketball teams maintained their two-to-one margin over non-conference cagers rivals today after taking two of three games last night.

A look final minute action, but Texas A & M took a 60-55 victory over Trinity University of San Antonio and Arkansas beat Missouri, 62-64, with a last-second 10-point drive.

Only Texas Christian University, playing far afield in Peoria, Ill., upset. The defending champion Fordham University, 98-76, before Bradley University.

Only one of the top ten in this year's Associated Press poll played last night. No. 4, No. 4, ranked in a 97-71 victory over John Carroll. It was the seventh straight victory for the undefeated Friars.

Houston, making good on its free throws, topped Detroit, 78-60, in an overtime Missouri Valley Conference game. The Duke Blue Devils edged the Wake Forest Demon Deacons, 71-69.

Western Kentucky No. 11 in the AP poll, had a tip-and-tuck victory over its rival, the 10th-ranked Cincinnati, 71-70. Western NYU defeated Yale, 87-79, and Connecticut also edged the unbeaten ranks by whipping Brown, 81-62.

In other games Brigham Young walloped Washington State, 64-44. Colgate ripped Tennessee, 64-52. The Centenary, coming at Pacific Coast, took to Pepperdine, 64-52.

NEWTON LEAVES DELAND — Newton University's basketball team leaves by plane today for a three-game trip to the Florida coast. Newton is to play Lake Forest College at Lake Forest, Ill., Thursday, Illinois Wesleyan Friday and Ed (Shank) Pineda, Newton's top scorer, is expected to be able to play in the games. He has been sidelined with a sprained ankle.

The biggest crowd of the 1953-54 season attended the fourth round of the tournament here, 11,176.

# Sanford Navy "Savages" Face Rollins Tar Quintet Here Tonight

### Collegiate Five Is Odds On Favorite In Clash At SHS Starting At 7:30

Sanford will have its first glimpse of big time basketball tonight when the "Savages" of the Sanford Navy Photography Squadron clash with the highly touted Rollins College five at the Seminole High School gymnasium tonight beginning at 7:30 p.m.

The "Savages" will carry a good 2-1 record into this evening's encounter holding a first place tie in the Orlando commercial cage circuit.

Couched by Eric J. W. Olson, Daytona Beach, and Lt. H. H. Wood, Miami, the VJ-62 "Savages" will be gunning for win number three of the season.

Earlier the sailors trounced Revere Motor quintet of Orlando, 67-37, and NAAS of the local station, 61-29. The one loss suffered by the "Savages" was at the hands of the Stetson J.V.s, 61-47, in a close duel.

The Rollins Tar will carry a 2-1 record into this evening's fray, holding a triumph over usually powerful Tampa and Florida Southern, while falling once to Stetson's giants.

The photographic quintet is commanded by Comdr. Jefferson Kennedy Jr. of Winter Park, former football, basketball, and tennis star at Rollins.

Pre-game dopsters pick Rollins by 25 points, though most handicappers are reluctant to give more than 12 points to the sailors.

The Rollins-Sanford Navy VJ-62 game is the first in a series of cage contests to be staged on the local court this season. During the game a meeting of the East Florida Conference officials will be taking place in the lunch room immediately below the gymnasium.

All-conference football selections will be made while Sanford and P. K. Yonge's title claims will be settled. Rule changes and a statistical department may be formed to integrate the loosely organized EFC.

In tonight's cage clash the Navy will be banking on its star scoring threat Joe Mutschlich.

### Sports Roundup By GAYLE TALBOT

SYDNEY, Australia — This country has just received concrete evidence its young tennis idol, Frank Sedgman, intends to turn professional in about two weeks and it is taking the blow hard until they hadn't really believed it until they read the news.

Most fans had realized something of the sort was in the wind but they hadn't really believed it until they read the news. Sedgman had obtained permission from income tax officials to leave the country early in January.

One Sydney daily splashed two huge pages across the top of its sports page. They merely said: "Frank Sedgman has become a professional tennis player."

"I don't really know whether I'll play basketball or basketball after I come out of service," Groat said. "I'd like to play both but it may be too much of a strain."

Dick, who battled 284 1/2 games for the Pirates last season, still attends Duke University but he expects to be drafted into the army sometime in February.

The six-foot, 185-pound, all-around athlete, who set an all-time collegiate scoring record with Duke during the 1950-51 season, classes the pro game much tougher than college competition.

Groat received a reported \$75,000 to join the Pirates last June.

Tampa Bounces Back To Gain 77-59 Win

TAMPA — Trailing 40-30 at halftime, the University of Tampa basketball team began hitting on offense and stiffened on defense to turn back Central College of Missouri 77-59 Tuesday night.

Little Don Harrod led Tampa with 20 points, three more than Central's high man, Tom Burcham.

Central was fresh from a 62-50 victory over Florida State Monday night.

In the first four games of this season, Florida's grid opponents made the same number of first downs running as passing — 22.

### Archie Moore To Fight Maxim For Light Heavy Title

### 36-Year-Old Finally Earns Chance For Championship Bout

ST. LOUIS — Old man Archie Moore, fulfilling a youthful ambition to win a world title, is set to fight Maxim tonight in his 15-round title scrap with Light Heavyweight Champ Joey Maxim.

This is a chance of a lifetime for Moore, who almost took the St. Louis Negro a lifetime ago. For almost a decade Archie has been brushed off by light heavyweight champions, a sad fate for an 18-year-old beginner who had planned to get a title chance and retire at 25.

But quite the time ago, now that Moore has the opportunity he's favored to take the 37-year-old crown from Maxim, a 30-year-old former Cleveland champion. The odds are 15 to 1.

Maxim has been guaranteed about \$75,000 in making his first defense of the world title he took from England's Freddie Mills in 1950.

But the fact he'll receive only a token payment doesn't bother Moore, who insists, "The main thing is that I'm finally getting my shot. I know I can beat him. I'm going to knock him out."

"I'm the champ and I'll fight the champion when the night's over."

### Groat To Play For Port Wayne Cagers

NEW YORK — Dick Groat, who files to join the Port Wayne Pistons for their professional basketball games, is up in the air concerning his future in basketball.

Pittsburgh shortstop believes his upcoming two-year stint in the army will help him make up his mind.

Groat made his New York professional cage debut last night and scored 18 points as the Pistons coasted to an easy 95-64 victory over the Philadelphia Warriors.

"I don't really know whether I'll play basketball or basketball after I come out of service," Groat said. "I'd like to play both but it may be too much of a strain."

Dick, who battled 284 1/2 games for the Pirates last season, still attends Duke University but he expects to be drafted into the army sometime in February.

The six-foot, 185-pound, all-around athlete, who set an all-time collegiate scoring record with Duke during the 1950-51 season, classes the pro game much tougher than college competition.

Groat received a reported \$75,000 to join the Pirates last June.

### Tampa Bounces Back To Gain 77-59 Win

TAMPA — Trailing 40-30 at halftime, the University of Tampa basketball team began hitting on offense and stiffened on defense to turn back Central College of Missouri 77-59 Tuesday night.

Little Don Harrod led Tampa with 20 points, three more than Central's high man, Tom Burcham.

Central was fresh from a 62-50 victory over Florida State Monday night.

In the first four games of this season, Florida's grid opponents made the same number of first downs running as passing — 22.

Ray Perkins, sophomore half-back, plays 60 minutes for Syracuse University's footballers. He is the safety man on defense.

### BOWLING TONIGHT

### CITY LEAGUE 7:30 P. M. Sanford Bowling Alley

### CHAMP OF CHAMPIONS - - By Alan Mayer

### North-South Teams Assemble For Game

MIAMI — Football players from the North and South began arriving today for the annual Miami Shrine Temple charity all-star game in the Orange Bowl Christmas night.

First practice will be called Thursday with two-day drills scheduled to start Friday. Eighteen players on each squad were due to check in at Miami Beach hotels today with others coming in Thursday.

North Coach Stu Holcomb of Purdue will have 28 men on his squad, with the last-minute addition of Chuck Iren of Northwest, the Big Ten's leading scorer.

Iren had been invited earlier but when his acceptance was not received, Holcomb invited another player. Iren's acceptance had been delayed in the mail and Shrine officials and coaches agreed to let him play.

The South under Miami Coach Andy Gustafson, assisted by Jim Ketterlinus (St. Augustine) 50 London of Jacksonville 47 Jacksonville Beach 49 Jacksonville Tech 32 Cross City 36 Mayo 42 Lake Butler 55 Melrose 36 Macclenny 57 Yulee 52 Crescent City 61 St. Joseph (St. Augustine) 20 Fernandina 62 Camden (Woodbine, Ga.) 45 Perry 60 Florida High (Tallahassee) 14 Seabreeze 79 New Smyrna Beach 33 Winter Park 46 Wildwood 41 Jefferson 50 Lakeland 46 Bartow 75 Wauchula 36 Largo 63 Brewster Tech 51 Oviedo 60 Clermont 31 Titusville 49 St. Cloud 47

Tallahassee (6) — Tommy Price, an all-city end at Miami Jackson high school this season, has accepted a Florida State University football scholarship for next year, the University said today.

Quarterback Bobby Layne and halfback Doak Walker of the Detroit Lions were also teammates on the Highland (Texas) High School team.

After they wound up a 7-3 season by trimming Kentucky Dec. 6, the Florida players got a brief rest. They are likely to have daily sessions, except for one or two days off at Christmas.

Rick Casares, the rugged Gator fullback, hasn't rested though. He jumped right into the varsity basketball lineup and scored well in three opening games. Casares probably will play basketball against Mississippi State here Friday night, then concentrate on football until the first of the year.

Coach Bob Woodruff plans to take his bowl squad to Ponte Vedra Beach, oceanfront resort 23 miles from Jacksonville, Dec. 29. They will wind up practice sessions there and go into Jacksonville just before game time.

The Gator Bowl game will close out the college football career of 18 seniors, including seven backs who have advanced the ball nearly three miles in three seasons.

Papa Hall, biggest gainer of the season, has 408 yards. Buford Long, high scorer for the group with 1,141 yards. The other top scorers are: 1,048 yards: Sam Oosterhout 896; Reed Quinn 883; Ken Summer 61 and Kent Stevens 60.

In their first four games this season the University of Florida grid team recovered 12 of its opponents 17 fumbles.

### Seabreeze Drubs New Smyrna Five In 79-33 Triumph

DAYTONA BEACH (Special) — Seabreeze High School quintet, winners of the East Florida Conference cage title for the past four years and state "A" champions in three of those seasons, scored notice on the league again this year, getting off to a spectacular beginning by drubbing New Smyrna Beach, 79-33, here last night.

With three returning lettermen, Bill Beamer, Don Duhle and Bob Richards, the Hand Drabs posted a 18-3 margin at the end of the first period, adding 19 more points in the second stanza to conclude the lullal half with a commanding 31-15 lead.

Thereafter the New Smyrna defense was pulverized in the final two quarters as the Crabs ran rampant swishing the cords for 45 more markers while leading the Barracudas to just 18 tallies. Richards' 19 points was the individual high total for the winners though the scoring was spread out among the nine players. Coach Joe Nelson employed in keeping the score "down."

### Jackie Robinson Will Not Make Any More Criticism Of Yankees

NEW YORK — Jackie Robinson, who recently stated in a television interview that the New York Yankee front office was against the hiring of Negro players, will not make any such criticisms henceforth.

The brilliant Brooklyn second baseman will refrain from referring to the absence or presence of Negro ball players in the major leagues as long as he remains in baseball.

A suspicion that Robinson had been silenced on orders of higher ups stemmed from Commissioner Ford Frick's reply to a question whether he had discussed the matter with Robinson.

"I prefer not to discuss the matter," answered Frick. "It has been handled."

Ralph Kiner of Pittsburgh, Nat Stan Musial of the St. Louis Cardinals was the highest salaried player in 1952. It was revealed by the major league's home run king, who drew 300,000 last year, \$100,000 more than Musial earned with the Redbirds.

The \$300,000 figure came to light when a Pirate spokesman, discussing the club, remarked: "Kiner wasn't a \$300,000 ball player last year and I think he knows it as well as we do. I have a hunch he's prepared to take a cut but I don't know whether he'll accept the full 25 per cent."

There will be no asterisk program in the Philadelphia Phillies training camp in Clearwater, Fla., this spring. Manager Steve O'Neill told the writer in Phoenix, Ariz., last week that he planned to train all the "don't" and "shalt not" rules which were imposed upon the players by Eddie Sawyer, former Phil pilot, last year.

"The players will be allowed to bring their wives and families to camp," said O'Neill. "They will be permitted to swim, play golf, eat, fish and relax on the beach if they wish."

An overlooked pitching record was set by Bratcher. His last season when the Brooklyn south paw turned in a won and lost record of 11-2. This mark coupled with his 22.3 mark of 1951, gave the veteran the past two-season pitching percentage in modern baseball. The Philadelphia Athletics, Grove had a 28.5 mark in 1928 and followed with a 31.4 record in 1931.

### Rumored Race Track Is Called Premature

JACKSONVILLE — W. Ellis Gilmore, a group of 25 horsemen reported planning to build a harness race track near here, says the report is premature.

"There's nothing definite right now," said Gilmore, a Glens Falls, N. Y., automobile dealer and first president of the Saratoga, N. Y., Raceway. He said he came to Florida for the funeral of Bob Gordon, Duval County commissioner who died recently.

Gilmore said no contract has been let for building the proposed track in St. Johns County between here and St. Augustine. But he indicated negotiations are in progress with a contractor.

Associates in the deal are reported to be Irving Woodall, Scheinfield, Fla., architect; Chester Dr. William Hisek, Johnstown; and Willard J. Grande, Saratoga. The track would be built on the site of the former running track known first as Keeney Park and later St. Johns Park.

Florida now has no harness racing, but a permit has been granted by the State Racing Commission and St. Johns County voters approved a referendum for the proposed track.

The University of Florida football team used 15 ball carriers in their first four games and 12 different Gators scored points.

Jockey Ronald Nash was the leading stakes winner during the 1952 Delaware Park meeting. The Canadian veteran won three stakes worth a total of \$93,325.

"Please him this Christmas—give him a Johnson OUTBOARD MOTOR."

A man's man likes a man's gift. What could be more suitable than the finest outboard motor made for the finest man you know!

### Florida Gridders Resume Practice For 1st Bowl Tilt

GAINESVILLE — Florida's football team goes back to practice field today to get ready for the school's first bowl appearance—in the Gator Bowl against Tulsa Jan. 1.

After they wound up a 7-3 season by trimming Kentucky Dec. 6, the Florida players got a brief rest. They are likely to have daily sessions, except for one or two days off at Christmas.

Rick Casares, the rugged Gator fullback, hasn't rested though. He jumped right into the varsity basketball lineup and scored well in three opening games. Casares probably will play basketball against Mississippi State here Friday night, then concentrate on football until the first of the year.

Coach Bob Woodruff plans to take his bowl squad to Ponte Vedra Beach, oceanfront resort 23 miles from Jacksonville, Dec. 29. They will wind up practice sessions there and go into Jacksonville just before game time.

The Gator Bowl game will close out the college football career of 18 seniors, including seven backs who have advanced the ball nearly three miles in three seasons.

Papa Hall, biggest gainer of the season, has 408 yards. Buford Long, high scorer for the group with 1,141 yards. The other top scorers are: 1,048 yards: Sam Oosterhout 896; Reed Quinn 883; Ken Summer 61 and Kent Stevens 60.

In their first four games this season the University of Florida grid team recovered 12 of its opponents 17 fumbles.

## Planes Smash Reds' Buildup Near Capital

### Commiss Blare Forth With Boats They Will Seize Seoul By Christmas Time

SEOUL — Allied warplanes smashed a big Red troop massing area near the North Korean capital of Pyongyang Thursday while the Communists boasted they would be in Seoul by Christmas.

Allied planes in waves rained high explosives on the troop concentration area which stretches 20 miles south of Pyongyang.

The Air Force said more than 70 buildings were destroyed and 30 more were damaged.

The Communist boast about capturing Seoul came in loud speaker broadcasts along the front. High flying Red planes also made a rare appearance over the front, showering leaflets saying in effect "Yankes, go home."

While Allied officers considered the broadcasts one more phase of the Reds' psychological warfare, one officer said the news had spread through Seoul "causing quite a commotion" for a while. No signs have been reported that the Communists were massing anywhere along the front for an offensive toward Seoul.

While fighter bombers worked over the Communist lines behind the front, Sabre jets on a screening patrol over northwest Korea shot down one MIG jet and damaged another, the Air Force said. The downed MIG was damaged by the Sabre jets and was seen operating in Korea.

Lt. James F. Low of Sausalito, Calif., credited with his ninth MIG kill, said it was the roughest dogfight he has had in two tours in Korea.

Two Sabres clashed with 22 MIGs high above the Suho River, near Yalu River boundary of Manchuria.

The damaged MIG was credited to Sgt. Richard R. Perry of Sacramento, Calif., bringing his score to three MIGs destroyed and three damaged.

Ground action was light.

The Air Force reported its fighter-bombers smashed a large Communist troop concentration area about 20 miles below the North Korean capital of Pyongyang.

The Air Force said planes from four wings showed up in waves over the front, dropping more than 70 bombs and killing 30.

Low, who has bagged three MIGs since returning from the U. S., praised the flying ability of the pilot whose MIG he shot down.

Low said he was surprised in the book and that pilot really knew his stuff, he said. "It was the roughest fight I ever had."

Low said he believed the MIG with four machine-gun bursts and it started to burn. It crashed before the Red pilot could bail out.

On the ground, the most pronounced kill in progress resulted over the frozen 155-mile battle line. The mercury was 10 degrees above zero.

For Air Force said 10 B29 Superforts blasted an officers training headquarters last night at Yongson in extreme Northwest Korea with "good strikes."

## Italian Sews Lash Split U. S. Ship As 37 Huddle On Stern

HIGH WINDS AND WAVES lash the forward and stern sections of the U.S. Navy supply ship Grommet (Reef), which snapped chains in a heavy storm of Leghorn, Italy, and broke in two on an offshore reef. Fury of the storm forced the suspension of rescue efforts to land the crew by breeches buoy after three had been hauled ashore. The 25 men still on the stern section were reported unharmed. (International Rudolph)

## Canal To Coast Urged By Group Seeking Project

### Early Completion Is Urged At Meeting Staged In Orlando

A resolution urging early completion of the St. Johns-Lake River Canal was passed yesterday at the meeting of the Florida region of the National Rivers and Harbors Congress in Orlando. Forrest Brackenridge, secretary of the canal committee, said today.

Purpose of the canal would be for navigation and flood control, according to the resolution, which included provisions for locks and bridges, he stated.

Mr. Brackenridge, Tom Lemon, City Manager, and Henry Simon, Chamber of Commerce director, represented the C of C yesterday at the meeting.

George Gibbs, Jacksonville ship-builder and official of the Congress, presented the canal proposal to the meeting yesterday. Included in the resolution was provision for completion of the \$200,000,000 Central and South Florida flood control program.

The resolution called for early completion of the Central-South Florida project "in the interest of flood control and water conservation in order that the program may keep ahead of private development."

Mr. Lemon said today that men with official capacities whom he contacted were of the opinion the canal is of an important nature and that possibly action could be hastened through cooperative effort.

"People attending this meeting got a better appreciation of the importance of this project," he said.

## Early Settler Returns To Sanford After Absence Of Half A Century

### Man Survives 28 Hours In Cold Of Night In Bushes Clings To Mangroves At Angel Fish Creek On Keys Near Miami

After 71 years of wandering, Thomas M. Johnson has returned to the scene of his youth. Actually, Johnson was not born in Sanford, but his father was in the first boatload of Swedes brought here in 1871 by General Sanford. C. G. Johnson worked for the General at Upsala for five years and then went into business for himself. He was a sawmill operator and engaged in all kinds of work. About 1878 he moved to Orlando and made frequent trips by ox cart throughout Central Florida to various sawmills.

It was while on one of these trips, accompanied by his wife, that Thomas happened to be born in Matland. Though his father lived in Orlando, Thomas had many friends and relatives in Sanford and spent considerable time there during his youth.

Later his father moved to Arcadia where Thomas became a printer devil on the Arcadia Argonaut, one of the first weekly newspapers in that part of the state. At the time of the Spanish-American war, Thomas' father went to Cuba where he got the contract for building the army quarters at Camp Columbia near Bayamo.

Thomas himself went down to Cuba last fall when he decided to take up residence near his American homestead of his father's name in South Cassino Avenue.

Mr. Johnson said that Axel Lundquist is the only one of the early residents he remembers whom he has seen since he has been back, but he recalled a list of names of his father's neighbors that sounded like a Who's Who from Copenhagen.

Some of the early settlers of that period, he said, included the Larsons, the Gustafsons, the Lundgrens, the Nybergens, the Bengtsons, the Hermanson, the Andersons, the Lindgrens, the Bergens, the Ballins, Dunes, Malmgrens, Huggs, Ericksons, Nordstroms, Stenstroms, Swensons, Nelsons, Blighs, Mogens and Evans.

## Piracy Upon High Seas In Quest Of Cigarettes Is Revealed At Hearing

### McNulty Adds Haines City To Bank Group

TANGIER, Morocco (AP)—An international procession of unshaven sailors, Dutch skippers and hard-bitten adventurers, gathered in an American consular court today to continue the recital of a strange tale of modern piracy on the high seas.

This time, however, machine guns were the weapons instead of cutlasses. A mere 100 cigarettes were the booty, not gold from the Spanish Main.

Two Americans living in Morocco, Elliott Durt Forrest of New York City's Bronx, and Sidney Paley, 22, of Jersey City, a Tangier nylon manufacturer, are alleged to have played key roles in the hijacking of \$100,000 worth of cigarettes from the 300-ton Dutch motorship Comblante on Oct. 4.

Testimony is being heard by Consul Judge Milton J. Helmick and two civilian assessors in an improvised courtroom—the small dining room of the American consulate here.

Paley is charged with aiding in drawing up the plans for the attack on the Comblante and of aiding and abetting in the piracy. He is not charged with participating in the actual attack.

Testimony yesterday named Forrest, a nightclub operator and cigarette trader, as the leader of the attack. He is a fugitive, last reported in Corsica, and no formal charges have been lodged against him.

Edward J. Engelmann, Dutch prosecutor, said today.

## Grass Fire Put Out By Fire Department

A single truck from the Sanford Fire Department answered a call early this afternoon on a grass fire in an area bounded by Twenty-second and Twenty-fourth Streets and Manly and French Avenues, and later was joined at the scene by a second truck when a group of boys erroneously reported that a house in the area was on fire. Fire Chief Mack Cleveland said. The blaze, caused no damage to property, he reported. He stated that house fires have been light but that local residents should take precautions against overhead stores and to check heating equipment.

## HONOR FOR MCCRORY EMPLOYEE

All regular employees of McCrory's 5 & 10 Store will receive a Christmas bonus. It was announced yesterday by F. W. Paul, president of McCrory Stores. The extra compensation is computed according to years of service and is distributed during the Christmas season, in accordance with a practice of many years standing. The bonus will be distributed to night at the annual Christmas dinner party to be held at the Yacht Club.

## Presbyterian Men's Club Holds Meeting

About 80 members of the Presbyterian Men's Club and their wives enjoyed a dinner on Tuesday night at 7:00 o'clock in the recreation room of the church. The dinner was prepared for the "Ladies' night" event under the direction of Harris Folds and his committee.

An interesting program was arranged for the evening by Dr. John W. Wilson who introduced E. B. Hall, director of the Adult Training Center of the Florida Council for the Blind located in Daytona Beach. Mr. Hall talked on the activities of the institution and the work being done for the blind people.

An outstanding feature of the program was Albert Arsenio, an accomplished blind pianist who played a number of excellent selections. Mr. Arsenio is a former organist for the Mutual Broadcasting System in New York City, a position he relinquished to attend the University of Florida where he obtained a Doctor's Degree in Psychology. He is now devoting his time to the training center in Daytona Beach and the work for the blind.

Making up the dinner menu was baked ham, scalloped potatoes, string beans, pineapple salad, cake and hot coffee.

A brief business session followed the program and was under the direction of George Maffett, president of the Men's Club. During the meeting a collection was taken for a needy family in Sanford.

## Theatre Guild Will Present Play Tonight

A cast of 22 will participate in the Sanford Theatre Guild's play, "The Night of January 16th," tomorrow night at 8:15 o'clock at the County Court House.

The play, which is being staged again by popular request following two showings last week, is under the direction of Mrs. Margaret Dunn. The production consists of scenes and surprises in a feverish setting.

## Nativity Scene Will Be Lighted Tonight

The Nativity Scene which has been placed in the bandshell will be officially lighted for the first time tonight. Mrs. Elvira Garner, one of the instigators for securing the scene, stated this morning. She declared the lighting was tested last night and had proved satisfactory.

Douglas Wells, the artist of Atlanta who designed the Nativity Scene, will be in Sanford this afternoon and tonight, she said, and will be able to view his handiwork. The placing of the scene in the bandshell is the culmination of the idea conceived by Mrs. Garner and Miss Martha Fox to furnish the religious side of the Christmas season.

The response to their idea by the public resulted in the simple contributions received during the past several months, and made possible the commissioning of Mr. Wells to design the scene.

## Tom Lemon Points To Better Looking City

"The City looks better now than it has for many, many months," Tom Lemon, City Manager, stated today, pointing out the improvement in appearance is the result of a successful clean-up program by the City.

He said the community will look "even better when we get our new equipment." The City has ordered a considerable amount of new vehicles for replacement of outmoded and defective rolling stock.

"We would like to thank all the people," he said, "for their fine cooperation in getting the job done."

It will be our goal to get a round more and maintain a good clean-up schedule." Materials which have been removed in improving the City's appearance include iron, trash, garbage and leaves.

## Suspect In Alleged Murder Being Sought

A suspect in the alleged murder of Alfred Ellison, 71-year-old Meridian Negro, is being sought by the County Sheriff's office, Sheriff P. A. Mero disclosed today.

He said a pair of bloody trousers were found in a shack at Meridian next to the one in which the victim of the alleged slaying was found Monday. Further investigation revealed that the suspect had procured a new pair of trousers from a store.

No definite date has been set for the coroner's inquest for the case. W. E. Watson, County Coroner, said today. A coroner's jury has been sworn in for the inquest. Members of the jury are T. V. Brown, Frank A. Takach, A. E. Parleau, Henry Richter, W. E. Kirchoff and Dr. C. W. Baker.

The sheriff's office has custody of an axe which is believed to have been the weapon used in the alleged killing.

## Odd Fellows Plan Christmas Party

Two cans of food will be the admission tomorrow night at 8:00 o'clock to the Christmas party of Sanford Lodge No. 27, I.O.O.F., Ralph T. Spotts, secretary, announced today.

The collection of food will be taken to the old age home of the I.O.O.F. at Gainesville, except for three baskets which will be made up for a needy family of Sanford. The party will be open to the public.

## Hospital Affairs Are Discussed By Group

Further discussion was held last night of the manner in which the problem of a County hospital will be handled at a meeting of the newly-nominated hospital trustees, T. E. Tucker, chairman, said today.

All the members of the board were present at the three-hour meeting which was held at Mr. Tucker's office in the Florida State Bank. The group probably will hold weekly meetings in becoming acquainted with various phases of their duties.

Discussion also was held of procedure to hasten the moving between the board and the trustees of the Fish Estate. Other activity of the meeting dealt with responsibilities of the hospital trustees relative to the hospital bonds approved recently by County voters.

## McNulty Adds Haines City To Bank Group

HAINES CITY (AP)—The State Board of Bank Supervision has added Haines City to the group of banks supervised by the Florida State Board of Bank Supervision, Haines City, Fla., Mr. McNulty, Haines City, Fla., said today.

## Presidential Health Plan Would Provide Way To Pay Doctors

### Tender Crops In Slight Frost Is Sanford Area Are Again Predicted Damaged By Cold For State Areas

Truman's Commission Comes Up With Proposal To Solve One Of Hottest Issues

BY FRANK CAREY  
AP Science Writer

WASHINGTON, Dec. 17—President Truman's special Health Commission came up today with a new proposal for solving one of the country's hottest issues: how to pay the doctor.

The commission's plan called for a broad program of federal and state support to make voluntary pre-pay insurance plans available to cover the cost of medical care for civilians.

Federal and state funds totaling 1 billion dollars annually would be provided to pay all or part of the cost for those who can't afford to pay their share. Others would pay their own premiums.

The plan differs both from a system successfully proposed by President Truman and a typical proposal of the American Medical Association (AMA). The president of the AMA immediately published one phase of the new plan as containing "health insurance" which the AMA has always fought.

The commission and people should be able to choose their own doctor and the doctor should work without government interference.

Emphasis would be placed on organizing groups of doctors to provide complete medical care in close cooperation with medical centers and hospitals.

The commission proposed that Federal Social Security funds for 1953 be used to pay for prepayment of medical plans for those receiving Social Security benefits, without regard to their own ability to pay.

They some three million persons already receiving OASDI checks automatically would be brought under the program, but many others could be added if their own Medicaid or other medical care from federal funds as they reach 65.

OASDI funds are collected from a payroll tax on employers and employees. (Continued on Page Six)

## Jaycees Present Gifts To Workers At Meeting Today

A successful Yuletide spirit, as evidenced at today's Jaycee Club Christmas party, was the main feature of the Christmas gifts were presented to local residents of the Junior Chamber.

Mrs. Harold E. Haines, executive secretary, was given a letter from the board of President Harold E. Haines during this last meeting of the Christmas season.

Mr. Haines, Little, who has served the meals for the Jaycee luncheon this year, was rewarded with a unique present, a case of beer, which was given to him by the group.

Mr. Haines, chairman of the Jaycee membership drive, announced that the year's drive total of 254 is under the presidency of Bill Stempert.

This means that from now on every membership we get until the end of the year will set a new record," Judge Stempert said.

The \$114 collection yesterday by the Junior Chamber at the National Yuletide party, was a fine example of the spirit of the collection, so far this season, Chairman Gordon Frederick reported.

Judge Stempert announced that once the next two meeting dates happen to fall on both Christmas and New Year's day, the Jaycees will not meet again until Jan. 8.

T. E. Tucker, chairman of the award committee, reported that a separate committee for choosing the outstanding young man in Seminole County had been selected and would meet today to make a decision.

The outstanding young man will receive the Jaycee award award at the Jan. 15 meeting.

In view of the fact that only two of the three county high schools participated in the Jaycee contest, Bill Hutchison, chairman of the American committee, announced that the winners from the two schools would receive awards instead of just one winner as was planned.

The winner of this contest will be announced at the next meeting.

### British Press Has Misgivings Due To Korean Shootings

LONDON—Three leading British newspapers expressed misgivings today over the shooting of riotous Communist prisoners in Korea and demanded a fuller explanation.

The liberal, independent Manchester Guardian and the conservative London Daily Mail warned that the shootings may weaken the whole U. N. position on the prisoner-of-war issue.

The laborite London Daily Herald called the latest shooting episode at Pongnam, where 84 Red prisoners were killed and 120 wounded, "disturbing" and demanded "let's have the facts."

"It does the United Nations no good to have to admit that some of the prisoners in its hands are still out of control," the Guardian said in an editorial.

In a full column, front page editorial, the Daily Mail cautioned against playing into Communist hands by calling the Americans "big game hunters."

"The question to be asked is not why the Americans fired but why 1,000 prisoners were allowed to concentrate in such a fashion," it said.

The Daily Herald referred to a statement in the House of Commons yesterday that the British government has been pressing the U. S. government for full reports on earlier Korean prison incidents but the reports have not yet been received.

"This is not the way to establish confidence between allies who have a joint responsibility in Korea under the U. N.," the Herald declared. "We trust that urgent efforts will be made to restore that confidence by supplying the detailed information to which the public is entitled."

### One Siamese Twin Doing Badly After Severance Surgery

CHICAGO—One of the Siamese twins separated Wednesday in a history making operation was "doing badly" today and physicians doubted he would survive.

Dr. Eric Oldberg, head of the department of neurology at the University of Illinois, said surgeons "had to make a choice" during the day-long surgical operation and that Rodney Lee, the smaller of the twins, was given the greater chance for ultimate survival.

Oldberg said surgeons found the twins had only a single fused outer brain covering containing a single sagittal sinus vein that drains blood from the brain back to the heart. Rodney was given most of this brain covering and the drainage vein.

Oldberg said the chances that Roger Lee would develop collateral circulation were "almost nil" and that "the next few hours will tell the story."

He reported Roger Lee "didn't do well during the operation" and was in shock several times with his condition "precarious."

But he also admitted that surgeons found it would be more difficult to turn the brain covering and sinus over to Roger Lee. Dr. Oldberg said the surgeons "more or less went for one" and took a chance on the other.

"Was this in aid of survival of the fittest?" he was asked.

"You might call it that," he replied.

The professor disclosed the twins received a total of six quarts of blood in transfusions during the marathon 12 hour and 40 minute operation to separate the twin sons of Mr. and Mrs. Royt Hilde of Bolina, Ill. The boys are 13 months old.

Dr. Oldberg said that actually the bone part of the boys' heads thereafter, the twins were joined only by skin, soft tissue and the outer brain covering called the "dura." Altogether, they underwent nine brain (neuro-surgical) operations and four plastic procedures.

The twins' parents were in the hospital during yesterday's operation and were tense and eager to learn the outcome.

### Unbeaten La Salle Cagers Still Hold Down No. 1 Spot

NEW YORK—La Salle, Oklahoma A & M, Navy and Notre Dame all retained their unbeaten status in college basketball last night.

La Salle, the nation's No. 1 team in the Associated Press poll, won its seventh straight, a 67-56 conquest of Arizona at Tucson. The explorers from Philadelphia, NIT champions, are on a transcontinental tour.

Playing at home at Stillwater, Okla., the Aggies chalked up their sixth in a row, taking De Paul previously was undefeated.

Notre Dame made it four straight by trimming Chicago Loyola, 53-45. Navy took Rutgers, 95-73, for the Middle's fifth straight.

The Ivy League season got under way with Cornell taking a 51-56 overtime victory over Harvard.

Red Holmes got off a 11-foot set shot in the last few seconds of an overtime to give West Virginia a 101-100 Southern Conference victory over William and Mary. Louisiana State beat Alabama, 52-45, in the Southeastern Conference and Detroit whipped Houston, 74-61 in the Missouri Valley Conference.

In other games, Siena beat Rhode Island, 79-70; Dartmouth trimmed Vermont, 71-69; Niagara humbled Syracuse, 65-43; Maryland took Virginia Military, 53-37; Nebraska downed Southern Cal, 82-73; and Utah State tripped Washington State, 72-63.

### Europe Is Covered With Snow Mantle On Heels of Gales

LONDON—Heavy snow in the wake of battering gales covered most of central and northern Europe today with a white-like white blanket but moderating winds allowed two big transatlantic liners to get underway for New York hours late.

Snow was reported from Italy, Switzerland, Belgium, Germany and the Scandinavian countries.

In France, however, there were threats of floods around the Bordeaux area due to melting snow.

The 53,000-ton liner United States finally pulled out of her berth at Southampton, Eng., over 20 hours after scheduled sailing time, and the French liner Liberté also left Le Havre, France, in heavy fog.

The English Channel gales, with winds registering up to 80 miles an hour, the United States, which sails for New York, and the French liner, which sails for New York, were being maneuvered away from her moorings in a vain attempt to get out of port.

The storm in the winds also permitted removal of 20 officers and men from the Swedish minesweeper Orskär, grounded off the southeast coast of Sweden, near the town of Kalmar. Thirty other officers and men remained aboard the vessel and Swedish Navy experts said they expected to have the 330-ton ship afloat in a few days.

The gale which struck Britain yesterday reached hurricane force in spots with gusts of more than 100 miles an hour. It left a trail of roofless houses, broken fences and tangled road traffic. Two-foot snowdrifts covered roads in parts of the Midlands.

### Howard Hughes Now Heads RKO Combine

HOLLYWOOD—The unpredictable Howard Hughes is back in the driver's seat at RKO.

The manufacturer of airplanes, oil tools and movies was elected chairman of the board of RKO yesterday, although he recently sold his controlling interest in the studio.

Hughes sold his interest in RKO to a group of investors led by Ralph Skolkin of Chicago and a group of associates several months ago for \$7,000,000.

## FULTON OURSLER'S A Child's Life of Jesus

A Child's Life of Jesus is one of the last books written by the late Fulton Oursler, noted author of such volumes as The Greatest Story Ever Told, The Greatest Book Ever Written, etc. His book has been specially illustrated for newspaper publication by the well-known artist, Neil O'Keefe.

CHAPTER VII  
One day Jesus taught everybody how to talk to our Father in Heaven. He gave us a prayer to say.

"Our Father . . ."  
God is not just my Father, or just your Father. He is our Father of everybody.

"Our Father Who art in Heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in Heaven. Give us this day our daily bread. And lead us not into temptation. . ."

When we all love Him, His kingdom will be everywhere. Then there will be no more doing anything wrong, but only goodness and spiritual joy.

"Our Father, Who art in Heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in Heaven. . ."

We all should do what God wants us to do here in this world just as the saints and angels do in Heaven.

"Our Father, Who art in Heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in Heaven. Give us this day our daily bread. . ."

We ask our Father for whatever we need. Just as you ask dad, who is your earthly father, Jesus told us that God is a good Father and will never forget us.

"Our Father, Who art in Heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in Heaven. Give us this day our daily bread and forgive us our trespasses as we forgive those who trespass against us. . ."

What does that big word "trespass" mean? It means a wrong done to someone. Like taking candy from someone else. That is a "trespass." We want God to forgive us. But only if we forgive other persons, will God forgive us. And lead us not into temptation. . ."

And that means: When we have pain or trouble, God can take it all away. Because with God all things are possible. And that is the prayer that Jesus taught:

"Our Father, Who art in Heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in Heaven. Give us this day our daily bread and forgive us our trespasses as we forgive those who trespass against us. And lead us not into temptation, but deliver us from evil. For Thine is the kingdom, and the power, and the glory forever. Amen."

CHAPTER VIII  
Soon Jesus advised new friends to His band; one of the two men named James, and his brothers, Jude and Simon, another named Thomas, and Judas the twelfth and last. He was the weakest of them all.

Now now there were the twelve men who lived and travelled with the master, and saw all the miracles. There was a new miracle almost every day.

Once when Jesus was preaching to five thousand people, He learned that the weather was bad. Many of them had come from away just to hear Him. But they had brought no food along.

And He said: "There is a boy here with five loaves of bread and two small fishes. That is all we have, dear Master."

Jesus did not seem worried. He took every loaf and fish for the hundreds. And He took the five fresh loaves of good-tasting bread and two fat shiny fishes and He thanked God in Heaven for them. And He began to break the bread into pieces and told His helpers to pass them around. And somehow—no one knew except Jesus—there all five thousand were as plenty as when they were fed, and no one was hungry any more. Jesus told His friends to pick up the crumbs. God will give us plenty but we must never, never waste anything.

So they picked up the crumbs and the leftovers from those five loaves of bread and there were twelve baskets full.

Even more wonderful was the time Jesus walked on the water. Some friends were on the water in a boat on the lake. A black cloud came across the sky and a cold wind began to blow. The ship began to shak and to fill with water. It looked as if the ship was going to sink down to the bottom of the lake, and everybody on board would be drowned.

Jesus was walking on the shore. He saw His friends in danger. So He started to walk out to them. He walked right out on the water. He stood on the stormy lake as if it were the land. The people in the boat saw someone coming but could not see who he was.

"It is I," said Jesus. "Be not afraid!"

At His word, the storm went away and all were saved.

He even let Peter get out of the boat and come to Him. As long as Peter had faith he could walk on the water, too. But he got scared, so of course, he began to sink down. But Jesus took his hand and kept him safe.

Because Jesus walked on the water and leapt on healing the sick, and told the people such kind and wonderful things about him. Nearly everybody loved Him. But a few did not. They were cowardly,

like Herod. They were afraid that if they stopped doing wrong things as He asked them to do they could not be happy.

Everywhere He went, Jesus told people how to be good and happy. It is not enough just to be sorry for mistakes. We must try to make wrong things right.

A boy who steals his friend's marbles must give them back. If he loses the marbles, he must buy his friend some new ones. If you hurt yourself, maybe by eating too much, you must not eat so much for a while.

Tomorrow: The story of the prodigal son.

### NATO Nations Ok Millions To Fight Soviet Aggression

PARIS—The North Atlantic treaty nations agreed today to spend \$229,000,000 in 1953 for airports and other solid defenses against Soviet aggression.

This is just a shade more than half of the \$229 million which Gen. Matthew B. Ridgway, supreme commander in Europe, had outlined as the "minimum" to provide security.

Rene Pleven, French defense minister, said the reduced figure was agreed upon by the NATO council today, after a four-day debate. The money voted will provide enough to begin work on airports and other long term projects as soon as weather permits.

Decision on the final figure was taken a few hours before the projected conclusion of the meeting, called to get the 14 member nations to vote all the money they could afford without going broke.

Field Marshal Viscount Alexander of Britain, meanwhile, announced that "in time of war" Admiral Lord Mountbatten will be boss of NATO's Mediterranean naval and air forces.

Alexander, Britain's minister of defense, told a news conference: "While the United States Sixth Fleet is not now under the new Mediterranean command, the new commander-in-chief will be responsible for coordinating the activities in time of war of the American fleet with those of other naval and air units operating in the Mediterranean."

This was the first public announcement on just how much authority the new Mediterranean naval commander-in-chief will have. The NATO ministers last Tuesday approved both the setting up of the new naval command and the appointment by Britain of Lord

Mountbatten.

The NATO communique had distinguished between the responsibilities of Mountbatten and U. S. Adm. Robert B. Carney, who heads both NATO's southern command and the U. S. Sixth fleet in the Mediterranean.

The NATO communique defined Mountbatten's command as mainly a defensive job, at least in peacetime, while Carney, who commands a striking force, was to have the offensive assignment.

Mountbatten and Carney's job will be outlined to them by the man who is boss over both of them—a U. S. Gen. Matthew B. Ridgway, NATO's southern commander in Europe. Ridgway called Mountbatten from London and Carney from Naples to a conference this afternoon at NATO headquarters in Paris.

Native Dancer, unbeaten 2-year-old turf champion of 1952, will be rotated until next spring.

By DAVID TAYLOR MARKE  
AP Education Reporter

Little shut-ins lives can be brightened considerably at Yuletide with the proper gifts. Experts on child care agree that the important thing to remember is to get them the kinds of toys that provide quiet play, and a wide variety of interest. The child should be able to play by himself with easy-to-handle toys that provide imaginative play, and that are right for his age.

Perhaps we could do well to follow the suggestions and observations of Miss Claudia D. Glips, a registered nurse now teaching at Teachers College, Columbia University. Her opinions are based on research she did at the Lenox Hill Hospital in New York City with sick children confined around.

Her research shows that balloons were enjoyed by every age group. The great versatility of the balloon seemed especially appealing, she says, because children who were more active could bat the balloon, and those who were less active could watch them float in color. If the balloon is used in color it can serve as a diversion for children with hospital-weary eyes. Children too ill to play can have balloons tied to the beds, where they can watch them float or touch them occasionally. Even when play is impossible it is possible for the child to derive comfort from having a toy by him, as though it represented an object from his own world.

Ball toys come next in frequency of use, she says. "Perhaps they were so popular because the confined child needed activity and these toys gave some meaning to his trot around the ward. Pull-toys were used mainly by the 2-to-5 year-old group but were not

enjoyed by the 6-to-8-year-olds. Another group having great appeal are the imaginary-play toys, she reports. These include nurse and doctor kits, family of dolls, bathroom and living room furniture, set of small wooden milk bottles in a rack. Little shut-ins display a constant and enthusiastic interest in the doctor and nurse kits especially. In the hospital, little patients who could walk about included bed patients in their play. Where a child could not undertake such stimulating play, the relation of doctor and patient would be played out with a doll.

The construction toys — large Juno-like blocks and the set of blocks, train and track — as a group were next in popularity. They were used by all ages of children with equal enthusiasm, she says. These toys can lead to group play or, in the case of a child confined to bed in a home, to play with his parents.

Another set of toys that were popular without requiring sustained interest, were the manipulative toys, such as those that move in response to having their bases pressed, or have the ability to turn a doll's head or walk her. Puzzles are popular, also.

For infants still confined to their cribs, says Miss Glips, it was found that baby crib toys distracted the infants from their crying and served to provide them with exercise they probably would not have had otherwise.

By KAY HENNINGER

We sometimes fail to attend a worthwhile performance because it is not near as loud. More than 200 years ago, the Wise Men travelled far to celebrate the birth of Christ. It is hoped that many wise men and women will travel a few short miles into Sanford on Sunday evening to join with the members of the First Presbyterian Church in their Annual Christmas Light Service.

Thirteen girls from the Youth Choir will join the 24 members of the Church Choir in the presentation of an all music program under the direction of Mrs. Louise "Dolly" Munter of Mass.

The Home Demonstration Club met on Tuesday afternoon at the home of Mrs. H. H. Brown on Glen Lake. Nineteen women were present. The following officers were elected for the coming year: Mrs. Ray E. Peck, President; Mrs. Frank H. Hill, Vice-President; Mrs. Herman Lohrbach, Secretary; Mrs. Gustav E. Hill, Treasurer; Miss Kay Henninger, County Delegate; and Mrs. L. J. Campbell, Alternate Delegate. Mr. Brown served an excellent lunch with the Christmas cookies brought by the members. Gifts were exchanged and the group sang Carols and the International Peace Hymn.

reported that his committee hoped to place on display shortly a plan for the proposed Community Building. The Building Fund Committee is ready to start its drive for funds soon after the first of the year.

The Mission Circle of the Sanford Garden Club met in DelBary last Friday morning at the home of Mrs. Ray E. Peck. Seventeen members were present and your correspondent was accepted as a new member of the circle. The regular business meeting was followed by a Christmas party, at which gifts were exchanged. The ladies served coffee and delicious Christmas cookies. A number of the members brought plants for exchange.

The Home Demonstration Club met on Tuesday afternoon at the home of Mrs. H. H. Brown on Glen Lake. Nineteen women were present. The following officers were elected for the coming year: Mrs. Ray E. Peck, President; Mrs. Frank H. Hill, Vice-President; Mrs. Herman Lohrbach, Secretary; Mrs. Gustav E. Hill, Treasurer; Miss Kay Henninger, County Delegate; and Mrs. L. J. Campbell, Alternate Delegate. Mr. Brown served an excellent lunch with the Christmas cookies brought by the members. Gifts were exchanged and the group sang Carols and the International Peace Hymn.

Miss Doris Hogue of New York, visiting at the home of Mr. and Mrs. Herman Lohrbach, who is planning to leave early after the first of the year.

Miss J. Brown of Miami, who is a guest in the home of Mr. and Mrs. H. H. Hill, will be serving again in 1933. The chairman of the Building Committee, Dr. William L. Fuller, re-

ported that his committee hoped to place on display shortly a plan for the proposed Community Building. The Building Fund Committee is ready to start its drive for funds soon after the first of the year.

The Mission Circle of the Sanford Garden Club met in DelBary last Friday morning at the home of Mrs. Ray E. Peck. Seventeen members were present and your correspondent was accepted as a new member of the circle. The regular business meeting was followed by a Christmas party, at which gifts were exchanged. The ladies served coffee and delicious Christmas cookies. A number of the members brought plants for exchange.

Mrs. Higgins Honors Sisters With Party

Mrs. Edward Higgins, Jr. entertained Tuesday with a dessert bridge party honoring her sisters Mrs. Jack Holt, Mrs. Charles Park Jr. and Mrs. Lee Moore.

WOMEN'S FELLOWSHIP HAS PARTY, MEETING

The Christian Women's Fellowship held their monthly meeting and Christmas party at the church on Sanford Avenue Monday evening.

PERSONALS

Mr. and Mrs. A. C. Bomer of Middletown, N. Y. are the guests of W. T. Whitehead.

Friends will be interested to learn that A. W. Dunlap of 105 East Twelfth Street, will tomorrow celebrate his 80th birthday.

Mr. and Mrs. Bruce Holt have arrived from Bermuda to spend the holidays with his parents, Mr. and Mrs. Tom C. Holt.

Mr. and Mrs. Gaston V. Jones are expected to arrive on Saturday to spend Christmas with her parents, Mr. and Mrs. R. L. Perkins.

Miss Cherry Simpson will arrive by plane on Sunday to be the guest of her aunt and uncle, Mr. and Mrs. Sandy Anderson, for the Christmas holidays.

Mr. and Mrs. Richard Deas of Columbia, S. C. are expected to arrive on Sunday to visit his mother, Mrs. R. R. Deas for the Christmas season.

Miss Joan Wright left today for the Citadel to attend the Christmas activities with Cadet Robert Beckwith and return with him to Sanford for the holidays.

Ms. A. D. Mathews and son Al left yesterday for Patuxent River, Md. to visit her daughter and son-in-law, Mr. and Mrs. Edward Neal for the holidays.

Mr. and Mrs. A. B. Mahoney had as their guests over the past weekend Mrs. Mahoney's brother and sister-in-law, Mr. and Mrs. C. B. Ryan of Palatka.

Mr. R. L. Griffin of Jackson ville is the guest of her daughter and son-in-law, Mr. and Mrs. John E. Higgins at their home at 312 East Twenty-second Street.

Among those arriving yesterday for the Appleby-Hendricks wedding this evening were N. Reese and daughter Frances of Atlanta and Miss Ruby Austin of Americus, Ga.

Mrs. Marguerite Graham plans to leave St. Petersburg, Dec. 22 aboard the "Silver Star" to take a Caribbean cruise for ten days.

A native of Tallahassee, the new publisher attended schools in Columbia, S. C. and graduated from Davidson college in 1947. He served with the Army Air Force as a pilot in World War II.

Prior to his duties at William and Mary, Jackson was sports editor of the Columbia, S. C. Record and sports director of radio station WMAZ of Columbia.

He was a member of the Southern Conference Sports Writers Association, the South Atlantic League Baseball Writers' association, and the American College Public Relations association.

OMISSION The Herald regrets the omission of the name of Mrs. Arnold Williams as co-chairman with Mrs. A. C. Starke for the recent meeting of the Home Demonstration Club.

Director Appointed By Rollins College

WINTER PARK, (Special) - Rollins College today announced the appointment of James W. Jackson, Jr. as assistant director of public relations.

Mr. Jackson was director of public relations for the College of William and Mary, Williamsburg, Va. from 1949 till 1954, and was released earlier this month on active duty with the Air Force.

He was assistant chief of education branch with Headquarters, Military Air Transport Service in Washington, D. C. and holds the rank of captain in the Air Force reserves.

A native of Tallahassee, the new publisher attended schools in Columbia, S. C. and graduated from Davidson college in 1947. He served with the Army Air Force as a pilot in World War II.

Prior to his duties at William and Mary, Jackson was sports editor of the Columbia, S. C. Record and sports director of radio station WMAZ of Columbia.

He was a member of the Southern Conference Sports Writers Association, the South Atlantic League Baseball Writers' association, and the American College Public Relations association.

OMISSION The Herald regrets the omission of the name of Mrs. Arnold Williams as co-chairman with Mrs. A. C. Starke for the recent meeting of the Home Demonstration Club.

HUNTINGDON STUDENT MONTGOMERY, Ala. (Special)

After a whirl of Yuletide activities for the students, Christmas vacation at Huntingdon College will begin Dec. 19.

Huntingdon students spending the Christmas holidays at home include: Joanne Williams, daughter of Mr. and Mrs. E. C. Williams, 204 Holly Avenue, of Sanford.

If you overbake a butter cake it is likely to be dry. To be sure, when the baking time is up, by touching the top gently with your finger. If the surface springs back and the impression of your finger does not remain, the cake is done. Take the cake from the oven - let it stand on a cake rack for a few minutes until it begins to shrink from the sides of the pan - then with a spatula carefully loosen it at the sides. Turn the cake onto a wire cooling rack so it will not "sweat" while cooling.

# Metts, Cordell And Mann Make All-EFC 1952 Grid Team

## P. K. Yonge Is Given Title

### EFC Votes Down Fed Bid For Co-Grid Championship In Long Discussion

After a hotly contested debate between Principals Herman E. Morris of Seminole High School and Ed Davis, P. K. Yonge of Gainesville, the East Florida Conference officials voted to uphold the mid-season secret conference decision to outlast the newly adopted post-season championship title and adhere to the Dickinson point system, thus giving the title to P. K. Yonge on a basis of 7-0 EFC record while Sanford had only a 4-1 year.

An hour later the conference officially adopted the pre-season sectional division of the league thus making the championship game. This time a provision was added to permit P. K. Yonge to play in the title game should they win again in 1953.

The new grid amendment to the constitution provided for the 12th week of the season to be set aside by all clubs for the title game, thus making the championship clash part of regular season play and getting around the Gainesville ban on post-season games.

During the debate before P. K. Yonge was awarded the 1952 football championship, Morris contended that the league had a "moral" obligation to fulfill for the players, fans and coaches of Sanford as well as the league, since it let it be known preceding the season that a post-season game would be played.

The conference ruled the post-season clash unconstitutional during a secret meeting in Palatka during mid-season, Jan. 24, after the board known as P. K. Yonge could not play, even though they had won the northern division.

Morris maintained that a championship should be awarded to both Sanford and P. K. Yonge in view of the fact that the two schools had not played and could not play.

Davis concurred by saying that he thought the league was in agreement that the pre-season play-off decision had been declared unconstitutional at Palatka and thus the championship must necessarily be determined by the constitution which stipulates the use of the Dickinson system.

Obviously, the Dickinson system would award the title to the Gainesville school since P. K. Yonge possessed a 7-0 record and Sanford had only a 4-1 count.

On the other hand, a number of people on both sides said the title should be publicly listed and will be decided finally today. That would leave the board as it is, six directors for Ryan, six against him.

In that case, the fight might continue until the regular annual stockholders meeting Sept. 12.

So far, no one has publicly listed what the specific objections to Ryan's way of running the team are. But from various anti-Ryan sources it seems to be at least some of the main ones:

1. Ryan wanted to share some of General Manager Hank Greenberg's salary regarding such decisions as player procurement.

2. Ryan made the decision regarding his opponents as poor business judgment to buy Indianapolis, a money-losing American Association team.

3. Ryan installed his personal friend, Charles French, as general manager of Indianapolis. French had no prior baseball experience.

For his part, Ryan has stated he won't "run away from a fight" and says the stockholders will appraise his record. His opponents say they hope he quits if this approval is not forthcoming, even if it means a complete loss of a new board of directors.

In the event of a Ryan victory, Ryan says he will keep Greenberg as general manager for the remaining two years of his contract. As to the other officers, however, he says he doesn't see how it would be possible to work in harmony with them.

Junior Metts... Lake Monroe's "Locomotive" was one of the unanimous choices for All-East Florida Conference ballbacks as voted by the coaches. EFC here last night. The little power-packed back was the conference's leading scorer with 72 points.

## Ketterlinus, P. K. Yonge And DeLand Have 4 Players Picked

Sanford's Junior Metts, Terry Correll and Russell "Wop" Mann were honored by East Florida Conference coaches last night by being placed on the coveted all-EFC gridiron team for 1952.

Metts, Lake Monroe's "Locomotive," was one of the few unanimous selections by the coaches in the annual post-season conference meeting at Seminole High School. The mere mention of Metts' name brought a resounding shout, "Ray no more."

The little power-packed halfback led the EFC scorers this year with 72 points. And New Smyrna and Palatka coaches merely smiled and shook their heads at the mention of his name. Metts scored 25 points against each of these two schools this fall.

Terry Correll's selection was not too surprising to local fans, since the little fellow's prowess was the only feature of the game that carried on a night when only two nights ago while playing with a grin in his Gainesville home town.

Correll, a sophomore, was selected as one of the EFC ballbacks because of his tremendous improvement and his leadership on the field. He led a small field of voters by one vote over Mann, Dickie, from P.K. Yonge because he was chosen all state this year.

Correll was one of two halfbacks who made the team. Halfback Joe Matly of Palatka, who was the Junior Metts of his team, was picked despite the coaches' unwritten policy against selecting juniors.

## Rollins Nips VJ-62, 69-67

Joe Pickens lost out in a large field by a single vote. The Giant Sanford tackle was highly recommended but the unusually large number of tackles entered on the selections worked against the Celery Field's unsung hero.

Ed Lockett was another player who suffered the same fate as Pickens, falling by the wayside in the vast number of backfield stars entered.

Only one run-off for a tie was made. Charlie Graham of New Smyrna Beach by one vote.

Other stars elected were DeLand's flashy running back, named best back in Volusia County this year, Jim Ilearn, Ed Prevatt, Starke's Jim Hearn, Bruce Facetti, both of Ketterlinus, and Caldwell, Marshall of PKY were all named.

The EFC backfield for 1952. Here are the selections:

- ALL-FLORIDA CONFERENCE GRID TEAM FOR 1952
- | Pos. | Player            | Team        |
|------|-------------------|-------------|
| P    | Ed Davis          | Seaside     |
| E    | James Taylor      | DeLand      |
| E    | Hoople Thebaud    | Ketterlinus |
| T    | Don Barber        | DeLand      |
| T    | Westley Larson    | P. K. Yonge |
| T    | Ray Owens         | P. K. Yonge |
| T    | Jerry Watson      | Ketterlinus |
| G    | Earl Alvarez      | Starke      |
| G    | Dickie Mann       | P. K. Yonge |
| G    | RUSSELL MANN      | BANFORD     |
| G    | Norman Fancher    | DeLand      |
| C    | TERRY CORDELL     | ST. LOUIS   |
| C    | Arthur Godwin     | P. K. Yonge |

| QB   | Joe Matly         | Palatka     |
| QB   | Ralph Nauright    | Ketterlinus |
| QB   | Caldwell Marshall | P.K. Yonge  |
| QB   | Edwin Prevatt     | Starke      |
| QB   | Jim Hearn         | New Smyrna  |
| QB   | Bruce Facetti     | Ketterlinus |

## Greenberg-Ryan Dispute Will Be Settled In Front Office Today

GREENSBORO (Special)—The Cleveland Indians hold an unscheduled meeting today but in the front office, not on the diamond.

This is the day the team's stockholders meet to decide whether to hold a challenge to other hopefuls in his 175-pound class.

That was one of the first statements made by the 23-year-old St. Louis Negro last night at the world light-heavyweight title fight in the Garden City Hotel, New York.

There was much doubt about the fight's end by the time the battering of Moore had mauled Joey for seven rounds.

Before the bout, Moore—weighed 174½ to Maxima's 174½—shifting to 123 at fight time.

Judge Fred Connel gave it to Maxima by a 12-11 decision. Howard Hess saw it 12-11 for Moore.

Kessler alone had it surprisingly close. Repeatedly warning Moore not to punch up, but penalizing him for it, Kessler scored the fight 70-74.

The Associated Press card had it 12-11 for Moore.

The crowd of 12,810 fans that flocked to the arena—and paid a gross gate of \$90,487 for a new record—did not show any signs of protest of the result.

Particularly in the 10th did Moore assert his punching superiority. He landed a crushing right to the head of Moore, which sent him into the ropes. Only Joey's ability to tie up his opponent kept him from suffering the second knockout of his career.

That was the big question throughout the fight. How much can Maxima take? A mazing amount of punishment. He was hurt in every round after the seventh.

And even in the first he was staggered by a right and had to clinch to clear his head.

In the eighth Moore opened a cut under Maxima's left eye. In the ninth blood spilled from a deep gash on Maxima's left cheek. He finished the 10th with a matching cut on the right cheek.

Time and again Moore unleashed the full fury of almost a crowned champion, only to find Maxima still on his feet. Maxima shuffled into clinches, took left and right punches, but refused to yield Moore's jabbing, sneaky right hand.

It was only the third title defense for Maxima since the Cleveland Italian on the crown from Freddie Mills in 1930. Moore, a contender for 10 years and No. 1 challenger for almost five, had been ignored until now as a poor decade of frustration as the "crowned champion," only to find Maxima's right hand probably stuffed into clinches, but left and right punches, but refused to yield Moore's jabbing, sneaky right hand.

## Archie Moore Says He Will Put His Life Into His Championship

ST. LOUIS (Special)—Able Archie Moore, wearing his new light heavyweight crown at a jaunty tilt, today vowed to put his life into his championship.

That was one of the first statements made by the 23-year-old St. Louis Negro last night at the world light-heavyweight title fight in the Garden City Hotel, New York.

There was much doubt about the fight's end by the time the battering of Moore had mauled Joey for seven rounds.

## Connie Mack Butles Scores 23 Points To Pace Tars In Thrilling Contest

Connie Mack Butler's running one-handed pusher from the court gave the Rollins College quintet a thrilling 69-07 triumph over the VJ-63 Photographers of the Sanford Naval Auxiliary Air Station in the closing seconds here last night.

The brilliant playing Butler swished the cords for 23 points to lead all the scorers for the game. The lanky Tar forward salvaged the contest in the final minutes with his deft one-handed shot and cool field play.

Joe Merselish, VJ-62's leading scorer, paced the yard attack with 20 markers, one bucket coming in the crucial nip-and-tuck scoring exchange in the final minute.

Nick Vanech straddled the Rollins attack with a timely switch in the closing minutes that gave the Tar a respectable 2-0 lead in points for the evening's play.

The Photographers' Ike Elsenbrand poured in 16 points to rank second to Merselish and fourth in the high scoring duel.

It was the third win of the year for the Tars, who have registered wins over Florida Southern and Tampa while losing only one to Stetson. VJ-62 has been beaten by Stetson's JVs and Rollins while holding a first place lead in the Orlando City League with a respectable 2-0 record.

Over 400 fans watched the closely contested cage struggle in the SIS auditorium-gymnasium. The Tar's feet the entire way.

## Stetson Five To Be Bolstered By Hansel's Return

DELAND (Special)—Stetson University's basketball forces will be strengthened for their midwestern road trip this week with the return of injured Center, Ed "Shanks" Hansel in the lineup.

Hansel, who twisted an ankle in the season's second game against Florida Southern, sat out his second full game of Stetson's four-game intra-state campaign in Jacksonville at 1:45 a. m.

Arriving in Chicago at 5:45 a. m. this morning, Lake Forest College will be the first of three opponents to face Stetson tonight. Friday night Stetson will take on Illinois Wesleyan University and then return to Deland on Monday.

The Stetson hoopers ended drills Wednesday. They boarded a plane in Jacksonville at 1:45 a. m. arriving in Chicago at 5:45 a. m. this morning.

Jack Okane and Dick Silvers, two unlauded guards, drew praise from Stetson Mentor Dick Morris for their performance against Florida Southern in a 15-point victory in the first game.

Stetson's test will come when they face Beloit—last team with an eight-year record of 150 wins and only 11 losses.

MIAMI (Special)—The Miami area complete Saturday at Tropical Park in the \$10,000 added Dade County Handicap to be decided at six furlongs.

Twenty-four were nominated, with Jet Feet and Pat Bully carrying top weight of 124 pounds.

In winning the triple crown—Derby, Preakness and Kentucky Cup—Native Dancer set a record of \$100,000 in 1935. All three are \$100,000 races against best colts and horses—Senior is point for Sen-

## Woodruff Hopes For Miami-Gator Accord

JACKSONVILLE (Special)—Coach Bob Woodruff of the University of Florida has hopes the Gators and the University of Miami "can resume playing each other in football."

Joe Livingston, Jacksonville sports editor, wrote today that it had been generally accepted that if no football was signed between the two by Dec. 1, another school would be worked into the Gator schedule. But none has so far.

"I think it is entirely possible that Miami and Florida will resume playing each other in football," Woodruff says.

Relations were strained at the beginning of this season because of a variance of scholarship rules at Miami with those of the Southeastern Conference.

FLYDE DAVID  
GAINESVILLE (Special)—Claude David, Florida's first string offensive tackle, may be unable to play at Jacksonville.

Trainer Sam Langford said Wednesday a leg injury from the Kentucky Game Dec. 6 has not responded to treatment as well as hoped and David may be out. The same is true of freshman tackle Ted Fowler, the trainer said.

Florida players are working on their own while the coaching staff does some recruiting of high school players, but organized practice resumes Friday.

Trinity College defeated City College of New York 9-0 back in 1907. But from 1877 to 1887 the Batmans didn't win one football game.

## FSU Gym Artists To Compete With Syracuse Matmen

TALLAHASSEE (Special)—Florida State University will play host to one of the nation's outstanding gymnastic teams tonight when the Syracuse University gymnasts invade town for a dual meet with Seminole gymnasts.

The meet begins at 7:30 p. m. in the East Campus gymnasium.

Said a strong commander for the coming national meets, the Syracuse gymnasts are coached by Coach Tom Brown.

Paul Brown, Brown will bring five members of his team here.

Top hand on the Syracuse team, reportedly, is James "Betty" Bell. He is rated one of the world's most talented tumblers, having successfully executed a six somersault with a total full twist.

Other members of the Syracuse team who will appear here are Tom Trifanovic, Allen Trane, Forrest, and John Trane.

Florida State University gymnasts and the points in which they will compete follow: Dickson—1st place; Brown—2nd place; Bell—3rd place; Trane—4th place; Trane—5th place.

# U.S. Farmers End Year By Setting 2nd Best Record

## Banner Season May Be Hard To Be Repeated In Many Years

WASHINGTON (AP) — American farmers this year turned in a record production job that may not be repeated for several years.

In its final 1952 crop report, the Agriculture Department said yesterday the harvest of crops was second to the record set in 1948 and that the production of livestock and livestock products was by far the largest in history.

The combined output of crops and livestock and livestock products was also the largest in history.

But this year's output was so large that it has started the piling up of some farm surpluses. This situation may lead the government to call upon producers to go a little easier next year. Already the agriculture department has suggested less wheat. It soon will suggest less cotton.

Complicating the picture is the fact that foreign markets are easing off considerably from war and postwar levels which farmers have become accustomed to satisfying.

This year's farm achievement was remarkable. It was achieved in the face of severe droughts that plagued many producing areas in the Southeast, South, Midwest and Southwest.

It also was accomplished on about 3 per cent less land than last year. Likewise, farmers had less incentive to produce many commodities than in years past because of price declines, increased farm costs and labor shortages.

Fortunately, weather damage was largely limited to hay, livestock forage and feed crops.

Tending to offset the effects of the drought, as far as total production was concerned, was unusually favorable fall weather. Because of this, most crops turned out to be of excellent quality.

The corn crop, the most important and from the standpoint of the consumer of meat, dairy and poultry products—was the second largest on record. It will furnish enough feed to permit a continued high level of production of meat, milk, poultry and eggs.

The wheat crop also was the second largest on record, a fact that raises the prospect of possible government production controls in 1954 if another sizeable harvest is made next year.

# Divorce Decree Gives Mrs. Merrill Big Sum

WEST PALM BEACH (AP) — A final divorce decree was signed by Circuit Judge C. E. Chillingworth Tuesday for Mrs. Kinta de Mare Merrill, 60, from Charles Edward Merrill, senior partner of the New York brokerage firm of Merrill, Lynch, Pierce, Fenner and Bence.

Merrill, 60, had filed suit for divorce June 23, charging his wife with extreme cruelty and extravagance. She filed a counter suit alleging desertion.

Under terms of the decree, Merrill pays her \$600,000 over a period of nine and a half years, regardless of whether she remarries. He also pays her attorney \$50,000 and retains their Palm Beach home after paying her \$38,482 and taking over a \$50,000 mortgage.

The Merrells were married at Pensacola in 1936 and maintained homes at Palm Beach, New York, and Southampton, L. I.

# Stepping On Tail Of Cat Ends In Disaster

DELTA, Pa. (AP) — Fire company officials of this Southeastern York County community reported this happened yesterday when Mrs. Elmer Miller accidentally stepped on her pet cat's tail.

The cat screamed, frightening Mrs. Miller and causing her to lose her balance and topple over. She fell against her husband, who was carrying a can of kerosene. The kerosene splattered all over and was ignited by a heater.

Flames spread through the four-room apartment, causing damage estimated at \$5,000 by the Millers and forcing them to evacuate.

# 4 Cats, 2 Dogs All She Asks In Divorce

LOS ANGELES (AP) — Four cats and two dogs were the only property demanded by patent medicine saleswoman Norma Tibbett, 27, in divorcing her fourth husband, Lawrence Tibbett Jr., 24, son of the singer.

Superior Judge Benjamin J. Schein asked yesterday whether Mrs. Tibbett had all the pets before her marriage.

"No, I had only two," she replied. "The others arrived as a consequence of nature."

CUSTOMERS LINE UP in San Juan, Puerto Rico, to transact their banking business at a mobile "bank on wheels" that travels through rural communities throughout the island where regular banking facilities are unavailable. The teller's windows (bottom), at one end of the diesel-powered bus, are exactly like those in a permanent bank. Drawers below the buses are used as desks by the customers. (International)

# Huge Murals That Grace UN Building Attract Attention

By A. J. GOLDBERG, AP Newswriter, UNITED NATIONS, N. Y. — When the modernistic new U.N. General Assembly Building was opened to the public in mid-October, the two newest works of France's Impressionist leader, Fernand Leger, were displayed at the same time.

The huge murals, blotted right on the grey-brick walls of the vaulted assembly chamber, may not be understood but they can't be missed. The 20-foot square murals flank the spectators' gallery.

They are abstraction—formless masses of color, not intended to mean anything specific but by the boldness of their coloring they dominate the assembly hall.

The one on the spectators' right on the west wall, is distinguished by a vivid blue—close to a shade that has been called "U.N. blue"—and a grey-black figure of a man in a yellow shirt and orange-brown trousers. Forming an underlay for the whole pattern is a shade of off-white. On the east wall off-white and orange-red are used.

Art reporters here agree that the designs, "blown up" from gouaches about eight inches square by Bruce Gregory, an American student of Leger, cannot be appreciated without the color.

U.N. planning headquarters people say: "There isn't supposed to be any meaning, don't look for any."

But Leger has been quoted as saying: "Color has a reality in itself, a life of its own; a geometric form also has a reality in itself."

"There was never any question in plastic art, in poetry, in music, of representing anything. It is a matter of creating something beautiful, moving, or handsome—this is by no means the same thing."

Vito Buonocoro, a guard and amateur photographer, likes the Leger abstractions.

"They don't have to mean anything," he said. "But everyone who comes here to see them can read his own meaning into them, if he wants to."

"One woman came here and looked at that west wall mural. She told me that in her imagination the two lines extending from the center could be interpreted as the arms of the United Nations held wide open to the people of the world. The three lines at the top corner are the people streaming into the heart of the United Nations. That is what she saw in her imagination."

"But they are there to be looked at, for their color. They will be something to make conversation about."

One photographer, late for lunch looked at them and said: "They look like scrambled eggs."

To a scientist who has explored the microscopic world, their bases look like nothing more than amoeba, splitting and

# Permanent Authority For Revamping Executive Branch Is Urged By Group

WASHINGTON (AP) — A White House advisory group recommended today that Congress make permanent the President's power to reorganize the executive branch of the government.

The President now has authority which expires March 31, to put into effect specific reorganization plans unless they are vetoed by either branch of Congress with a definite time limit.

The President's Advisory Committee on Management, in a report to Truman, termed this arrangement "the greatest single enabling step toward management improvement in the federal government in this generation."

The 13-member advisory group set up three years ago, is headed by Thomas A. Morgan, board chairman of the Sperry Gyroscope Company. In its final report to the President, the committee said that during the last fiscal year the government realized savings of some \$6 million dollars as a result of suggestions from employees.

The committee said it believed that the government, with some 2,600,000 civilian employees and another 3,600,000 military personnel in uniform, cannot be run like private business.

The committee said that "no business organization has its governing authority so divided and diffused and consequently its policy and program objectives so difficult of interpretation by its managerial officials."

The committee said that "no business organization has its governing authority so divided and diffused and consequently its policy and program objectives so difficult of interpretation by its managerial officials."

# Father Bearing Toys Killed By Speedster

ST. LOUIS (AP) — The father of six small children returning to his new home from a Christmas shopping trip with toys and candy, was killed last night when his car was struck by a stolen car traveling at high speed.

The victim was Charles P. Nichols, 30, sales manager for a real estate firm. His wife suffered fractures of both collarbones.

The children, ranging up to seven years of age and including four-year-old twins, were not with them.

The stolen machine was abandoned. Police said a witness told them three occupants of it fled on foot after the accident.

Like the in-blot tests in psychology, interpreting them might be revealing. Leger discussed the work in France with Wallace Harrison, chief of the U.N. architectural board. He gave Leger a sample of the U.N. blue color used on most of the seats in the assembly hall.

Leger made up his eight-inch-square gouaches and sent them over here. He picked Gregory, a Philadelphia who was a World War I veteran, stayed over to paint in France and then went into the Leger school, to do the work.

# Prices Are Boosted 25 Cents On Oranges

LAKELAND (AP) — Competition for all available supplies has boosted the price of oranges for processing about 25 cents a box in the past 10 days.

Florida Citrus Mutual reported growers generally are getting \$1.25 a box delivered to the plant, with some at \$1.30, compared to \$1.05 at the beginning of last week.

There were unannounced reports of a few sales at \$1.40 Tuesday.

Contributing to the advance were an increase in the price of fresh fruit which usually affects processing prices, beginning of purchasing by concentrators, the threat of a freeze early this week, and the recent government estimate that there are a million fewer boxes of oranges available than expected.

Grapefruit for processing is 5 to 6 cents a box better than last week. Tangerines are holding steady.

GRl With Bad Burns Asks Only For Cards

SAN FRANCISCO (AP) — Muryla Ann Fox, 19-year-old girl hospitalized here with burns over most of her body, asked other kids for a favor yesterday.

"Christmas cards—just any kind"—to ease the loneliness of a holiday season that must be spent in bed.

Muryla has been in St. Francis Memorial Hospital since last February, when a gasoline can exploded in the kitchen of her Crescent City home, burning 65 per cent of her body. The brave youngster has had 33 blood transfusions and 21 skin grafting operations.

# Pravda Gives Big Play To Prisoner Killings

MOSCOW (AP) — The Communist party newspaper Pravda today printed in heavy black type a report that 82 Red prisoners had been killed on Korea's Pongam Island and again bitterly attacked United States' treatment of Chinese and North Korean war prisoners.

In a lead editorial, the newspaper charged that "American aggressors are committing crimes against the conscience of humanity."

The United Nations Command in Korea announced that Allied guards last Sunday killed 84 Communists and wounded 120 others in spilling a mass breakout attempt by war prisoners at Pongam Island.

Pravda said the Pongam incident was a new "link in the monstrous chain of crimes by the American military who are following the road of Hitlerite tyranny and blood terror."

**Country's Farmers  
Expected To Make  
Same Net As In '51**

WASHINGTON — The Agriculture Department estimated today that the country's farmers will wind up the year with about the same net income they made last year in the vicinity of \$14,500,000,000.

"Although farmers' total gross income is setting another new record this year," the department said in a report on farm income, "higher costs of production are holding their realized net income at or a little below last year's level of \$14,500,000,000."

Gross income includes cash receipts from marketing of farm products, value of home-consumed products, the rental value of farm dwellings, and government payments to farmers.

Cash receipts from marketing of crops and livestock, the department said, total \$25,000,000,000 for the first 11 months of this year slightly above the corresponding period of 1951. A 4 per cent decline in prices, the department said, was more than offset by a 2 per cent increase in volume in marketing.

The department report showed that for the first 11 months of the year farmers got 17 billion dollars from sales of livestock and live stock products, 6 per cent under the corresponding period last year. But sales of crops brought the farmers \$13,000,000,000, which was 13 per cent above last year.

**Six Children Burned  
To Death In Flames**

NORTH LITTLE ROCK — Six children burned to death and their parents and sister were severely burned after an explosion and fire destroyed their three-room home near here early today.

The dead, all children of Mr. and Mrs. Milton Brown, were 4, 4, 2 and 2 and 2 months. The father and mother and an older sister, Shirley, 17, are in Arkansas Hospital in Little Rock. Hospital attendants said the parents are in critical condition and Shirley serious.

**Daughter Of Shirley  
Temple Makes Debut**

WASHINGTON — Miss Susan Black made her stage debut as a fairy in Honeywell School's pantomime, "Cinderella," which will be repeated tomorrow night in American University's gymnasium.

Susan is four that makes her last one year older than her mother, Shirley Temple, when she began her first year acting in America's top movie last year.

Susan's mother now is Mrs. Charles Black.

**Japan's Coal Miners  
Return To Their Jobs**

TOKYO — Most of Japan's 250,000 coal miners returned to work today, following a 10-day strike which brought distress to Japanese and foreign alike.

The miners, members of the Japanese Federation of Coal Miners' Unions, observed a government injunction ordering a 30-day cooling-off period.

The newspaper Asahi reported the union decided to accept a compromise plan suggested by the government Central Labor Relation Board.

If management also accepts the plan, which calls for a 7 per cent pay raise and a 45¢ annual cost-of-living stipend, the 41.5¢ daily pay will be hiked to \$2.31.

**Navy Cargo Vessel Is  
OK After Buffeting**

NEW YORK — A Navy cargo ship, caught helplessly in an onshore gale in a gale off Newfoundland yesterday, has reached safety in Cape St. Mary's harbor.

The 5,000-ton vessel, the Vela drifted for a time in a 45-knot gale with gusts up to 70 knots. The vessel was pushed her toward a rocky strait of Newfoundland.

Later, the crew managed to get the vessel going at partial speed. The Vela is expected by a civilian crew of 35 to 40 men.

**Red Press Accuses  
U. S. Of Gun Running**

BERLIN — The Communist press in East Germany today accused the "American Secret Service" of sending pistols, ammunition and other equipment to their agents in the Soviet zone under the guise of Christmas gifts.

Identical articles in Soviet licensed East Berlin newspapers said this activity of "Western espionage agencies" was to blame for delay in delivery of Western Christmas parcels to East Germany.

Pictures published with the article showed a can of milk powder which allegedly came in a box with a picture of a Christmas tree and another package with a picture of a Christmas tree.

**Burned Girl Will Be  
Home For Christmas**

ST. LOUIS — Little Carol Ann Albert will be home for Christmas. The 11-year-old girl suffered burns over 80 per cent of her body last January when her home burst into flames at her suburban Carondeauville home. Since then she has undergone several times and had numerous skin grafts and blood transfusions.

Only last September — just five months ago — she had been unable to take her first step.

**State Pecan Crop  
Seen Below Normal  
In Quantity Aspect**

GAINESVILLE — Taste, nutritionists Florida pecans are necessary for Christmas season fare to the complete satisfaction of the food conservation specialist with the University of Florida Agricultural Extension Service.

Florida's 1952 crop still being harvested at a million-pound level is expected to be a million-pound crop, but the quality is high, according to the state's agricultural extension agent.

"The quality of the crop is expected to be high," says the extension agent, "and the quantity is expected to be below normal." The agent said that the crop is expected to be a million-pound crop, but the quality is high, according to the state's agricultural extension agent.
