Special Holiday Terms

WASHINGTON, Dec. 18.—(AP) Without the emblem, had found it desirable to give its employees \$4000 in back wages to come up to reemployment agreement terms, and had promised to comply faithfully with the cotton garment code. Several reinstatements on the same basis had preceded this one, some affecting big firms.

Also made public yesterday were October figures for the steel industry showing a payroll increase for the month of \$800,000, despite a decline in production to 37 percent from 41 percent in September. This followed much larger increases, bringing payrolls to a total of \$7,429,726 above the pre-code pay of June, though the steel industry's output then was greater.

The blue eagle will continue to be the emblem of co-operation for all firms, whether under code or not. A large portion of the original signees now are under permanent codes and many more will be before the agreement expires Dec. 31.

YESTERDAY'S WEATHER

YESTERDAY'S WEATHER

YESTERDAY'S WEATHER

MIAMI, Dec. 18.—(AP) Handed for New York to spend Christmas with the infant son they have not seen for five months, Col. and Mrs. Charles Lindbergh started today on the last leg of their long aerial swing around the North and South Atlantic oceans.

They arrived here Saturday after a 900 mile flight from San Pedro, Dominican Republic, to be welcomed by a large crowd on a dock which today was swarmed with thousands of well-wishers who waved them goodbye.

Whether the plane is on a non-stop flight to New York or if they will stop somewhere enroute is undetermined as plans for the flight were guarded carefully. If they go direct, they should make New York after dark.

Famous Couple Plan To
Be With Son During
Christmas Holidays

MIAMI, Dec. 18.—(AP) Handed for New York to spend Christmas with the infant son they have not seen for five months, Col. and Mrs. Charles Lindbergh started today on the last leg of their long aerial swing around the North and South Atlantic oceans.

They arrived here Saturday after a 900 mile flight from San Pedro, Dominican Republic, to be welcomed by a large crowd on a dock which today was swarmed with thousands of well-wishers who waved them goodbye.

Whether the plane is on a non-stop flight to New York or if they will stop somewhere enroute is undetermined as plans for the flight were guarded carefully. If they go direct, they should make New York after dark.

City Clerk F. S. Lamson might well be termed Santa Claus as far as the City Commission is concerned, for it is his reminder that will result in each Commissioner having nearly \$100 extra money to spend this Christmas.

Mr. Lamson, in attendance at a special meeting of the Commission last week, brought pleased smiles to the faces of members of the Commission when he said that their salaries as Commissioners could be paid this week instead of around Jan. 1.

As a result, five checks were ordered made out and signed, and they will all be delivered this week. The checks cover the \$4 per month salary of each Commissioner from July 1 through Dec. 11, and they amount as follows:

Mayor V. A. Speer, \$112; Commissioner H. J. Lehman, \$112; Commissioner T. L. Dunas, \$100; Commissioner W. A. Laffer, \$92; and Commissioner B. O. Shinholtzer, \$80.

County Clerk V. E. Dougllass, who was re-elected president of the Central Florida Field Trials Association presided over the recent field trials near Taft, joins with a host of Florida sportsmen who attended the trials in declaring them to be the best held in the five year history of the association.

The feature event of the trials came on the closing day in the running of the Championship Shooting Dog Stakes, and Mr. Dougllass' handsome black and white dog, "Philothes Joppeus Jake," came in second to Dr. J. L. Rubie's dog "Mall Rider," as they ran a final heat together to end the events.

Local Police Come Near
Meeting Thugs Who
Miss Death Twice
Near Lake Monroe

Three men, heavily armed, held up and robbed the Bank of Orange City of approximately \$2500 at 11:11 o'clock this morning, and made their escape after attempting to lock the bank's president and cashier, and two customers in the vault.

Arrest of the trio might have been accomplished in the heart of Lake Monroe had Sheriff J. E. McClelland and Chief of Police Roy G. Williams been notified of the robbery five minutes earlier, for they arrived in Lake Monroe only a few minutes after the trio had passed through the town after a wild ride which nearly saw them halted by a plunger into the St. Johns River, and possible death under the wheels of an Atlantic Coast Line freight train.

Two of the robbers, unmasked, entered the bank building shortly after 11:00 o'clock leaving the third robber in a new Plymouth coupe whose motor was running.

D. B. Tuten, bank president, and Hobson Haight, bank cashier, were the only occupants of the bank at the time the men advanced to teller's windows, whipped out guns, and ordered them to "Stiek 'em up."

Obediently the command of the armed robbers, Mr. Tuten and Mr. Haight lay down on the floor, and the robbers entered the teller's cages, scooping up all available money.

While they were at this table two customers entered the building, to be forced to lie down with the two bankers while one of the robbers obtained a key to the inner door of the vault. He entered. (Continued On Page Three).

Steps that must be taken to prevent recurrences of the recent school bus accidents will be discussed at a special meeting of the Safety Committee of the Seminole County Chamber of Commerce scheduled to be held in the "Commissioners' Room" at the Hall Wednesday morning at 10:00 o'clock.

The meeting is being called at the request of Asher Frankel, Tampa, state safety director, who was here Wednesday night but spoke to only a few persons when conflicting engagements precluded the presence of a larger crowd.

Mr. Frankel advised trade show officials today that all P. T. A. groups in the county should be represented if possible, as well as all traffic and police officials, heads of firms employing large numbers of persons, and the public in general.

Although he is satisfied that this county's school bus drivers are careful operators who are thoroughly conscious of the laws imposed in them, Superintendent of Schools T. W. Lawton has instructed every driver and bus owner in the county to be present at this meeting.

Dec. 16.—(AP)—As the year of the great class ends and the great class meets back to back, a check-up reveals that 49 major players had been identified as new arrivals in the wild and woolly spread of the 1935 season.

By the imperious five of the Empire State, the league clubs, once noted for their reluctance to swap players, now when called to the edge of their big annual trials in the big arena, a total of 80 players are being traded by the American League to 15 by the National League.

Trading broke into league to large numbers of the old stars and some back to the majority of the player heads, some of the outstanding players.
