

SENTENCED TO 99 years in prison for the murder of his wife, Bertha, at Centralia, Ill., Sam Clifton (left) leaves the county jail at Chester, handcuffed to Edward Cunningham, who is to serve a sentence for minimal assault. Under his arm Clifton hugs a bible. (International)

DISMANTLING A HELICOPTER at Floyd Bennett Field, New York, Coast Guardsmen prepare to load it aboard a transport plane that was to fly it to Casper, Newfoundland. After arrival, it was to be re-assembled and used to rescue 19 survivors of the Belgian Salona-Airlines plane that crashed in a Newfoundland forest, killing twenty-six persons. A special window was made in the nose of the helicopter to enable a stretcher to be passed through. Lt. Walter C. Bolton (right) will pilot the craft during the rescue flights to bring out survivors. (International)

### Cattlemen Are Unable To Supply Local Markets

Continued from page 5. The supply of beef from the large packers are extremely limited, and pork and bacon is conspicuous by its absence. One local downtown store today got a small shipment of beef and pork from Kentucky, which they stated, would be gone by noon. Supplies of chicken, turkey and fish remain adequate. Some local meat men pointed out, that with cattle on the hoof bringing as high as 16 cents a pound on the hoof at Kissimmee auctions, it is cheaper to buy 11 live weight, than to slaughter for local use to sell under ceiling prices. Also they stated that many cattle growers refrain from slaughtering because they cannot understand the many OPA rules and regulations. "If stock men in the state of Florida cannot dispose of their cattle by the time the waters come up and cover grasses in pastures, the cattle will get poor

and there is danger that thousands of cattle will die during the cold winter months," said John Leonard, local attorney and former cattle raiser. "It is very essential for stock men to dispose of beef cattle from April to the middle of October, but quotas have bottlenecked outlets, and the result is a large surplus of cattle which should be disposed of," he added. R. T. Hunt, Sanford Avenue feed merchant, predicted that under OPA ceilings there would be the same shortage of feed as before, when ceilings were in effect. He added that feed men did not even now know what ceilings were in effect on feed, nor were they able to secure this information from OPA officials. During the last shortage of feed, when ceilings were in effect, there were the highest prices in feed in 20 years, he declared. "As soon as the ceiling went off, the supply of feed began to pour in at lower prices. If we continue to operate under a ceiling, we are headed for the same shortage of feed as before, which will make poultry and eggs almost impossible to get."

## Big Four Group To Dispose Of Italy's Colonial Holdings

### Italian Territorial Commission Votes To Allow Ministers To Make Decisions

PARIS, Sept. 25, (AP)—The Italian Territorial Commission at the Paris Peace Conference today adopted the article which assigns the final disposition of Italy's colonial holdings in Africa to the Big Four nations.

Gladwyn Jebb, the British delegate, speaking for the Foreign Ministers' Council, promised that the countries which fought with the Allies in Africa will be consulted fully on their claims.

Jebb referred to Ethiopia, Egypt and Australia, but added that he received Britain's right to speak before the United States and Russia on the ground that the British fought alone in Libya and stopped Marshal Rommel at El Alamein.

The conservative press in Rome was angry over Paris dispatches which decided that the peace treaty had decided to give Eritrea to Ethiopia. The editorialists called this an outrage against justice, an offense against the dignity of the European peoples, and that Eritrea will thus be doomed to become a slave province.

The United States favored independence as soon as possible for the majority of the Italian colonies.

British Foreign Secretary Bevin conferred today with Secretary of State Byrnes, presumably to clarify the positions of the two countries on this issue. Byrnes was due to meet this afternoon with W. Averell Harriman, the new Secretary of Commerce, who is leaving his ambassadorial post in London.

### Duquesne Power Employees Fail To End Walkout

### Steel Firm Workers Protest Sentence Given To Mueller

PITTSBURGH, Sept. 25, (AP)—The Duquesne Light Company in Pittsburgh today announced that its employees have failed to end their walkout as ordered by the Allegheny County Common Pleas Court. The court yesterday set the deadline for the end of the walkout at 10:00 A. M. Eastern Daylight Time today.

The decision stated that the court would hold nine independent leaders guilty of contempt unless they called off the strike. At that time it also sentenced the president of the striking union, George Mueller, to one year in jail for contempt of court.

Mueller had refused to end the strike which has crippled business and industry in the Pittsburgh area. When today's deadline arrived, the court gave the strikers one extra hour to return to work.

Workers at the Jones and Laughlin steel corporation have begun a sympathy strike. Apparently it is in protest against the jail sentence given Mueller.

Workers at the Jones and Laughlin plants belong to the CIO Steel Workers Union. So far, about 700 men have left their jobs at one of the plants. Some have been quoted as saying they are going to stay out until Mueller gets out of jail.

### Death Misses Crash Survivor For Second Time

HAVING SURVIVED the crash of the Belgian Sabena airliner in the Newfoundland wilderness, Jeanne Perrier, 16, one of 18 survivors, misses death again as the Coast Guard rescue plane, in which she had been flown to safety, is hit by a second explosion, (left) Sept. 25, Coast Guard photo.

### Legionaires To Leave Thursday For Convention

Melton, Caton Complete Legion Tour In South Florida

A. Held Mann, state Legion adjutant, together with Joel S. Field, Sanford postmaster and Campbell Loising Post 53 delegate, will leave Thursday morning for the national Legion convention which opens Monday at San Francisco. They will motor to Ocala and pick up Ed Martin, a delegate and then to Jacksonville where they will embark on a Delta Airline plane to Dallas, Texas, then to El Paso, Los Angeles and San Francisco.

At the convention city they will be joined by Mrs. Field and Mrs. Martin who have been motoring through the west, and by Mrs. Mann who has been visiting in Seattle, Wash.

The Orange Horse special left Jacksonville last evening at 9:00 o'clock with between 300 and 400 delegates aboard. Among them were Harvey W. Seels Post, three time national and one time international champion (Paris, 1927). They are out again to bring home the honor," said Held Mann. There will also be a 20 piece drum band of the Miami Auxiliary Police and a color guard and rifle team, in the all day parade on Oct. 2.

Assistant Department Adjutant Holmes Melton returned Tuesday evening from what he described as a very successful speaking tour made in behalf of Legion stabilization and expansion in Pinellas and Hillsborough counties. With him was Department Vice Commander Frank Caton, one time professional magician, whose magic went over big, he said. They were at Pinellas County Post, in Clearwater, Friday evening, and were joined by Walter Woolfolk, assistant State attorney of Lake Wales and 7th District Department commander, who made a short talk.

Saturday night they appeared at Brookville, Sunday afternoon at Mulberry and Monday at Ybor City Post where they were hosts to all of Hillsborough County posts. There was very good attendance, especially of World War I veterans, and lots of enthusiasm, said Mr. Melton.

### Stalin's Statements Bring Varied Reaction Among South's Newspapers

Jews Decide Not To Take Part In London Conclave

Agency Reaches Decision After Six Hour Debate Today

By ASSOCIATED PRESS

The recent statement of Joseph Stalin today brought a varied reaction among newspaper editors in the South. Some editorial writers said Stalin's views are intriguing, but others took a more wary attitude.

In Atlanta, the Constitution came forth with high praise. The paper said "On the whole, it is a frank, encouraging statement. It gives fresh hope to all those who fear war."

In Jacksonville, the Times Union was not so optimistic. An editorial said Stalin still leaves the world perplexed as to the full meaning of his statements, because they do not jibe with the actions of Russian representatives in America and in Paris.

The New Orleans Times Picayune said Stalin's statements by no means are full enough to quench the American thirst for enlightenment. Along the same line, the Memphis Commercial Appeal decried Stalin's not repudiated the Marxist objective of world communism. That, the newspaper said, is just enough for the rest of the world to stay alert and stay strong.

In Paris, France Minister Stalin's question and answer statement still commends a wide attention in the newspapers today. However, most morning editions confined themselves to a news presentation.

A right wing anti-Communist newspaper, L'Epopee, took the story with a set of its own questions. It said that if Marshal Stalin does not believe there is a danger of war "Why has Russia suspended demobilization of its army?" It also asked "Why are Marshal Toussaint, the German general and the French General Puaux being used to train the Red army?"

In London, a spokesman for the British Foreign Office declared that Britain welcomes Prime Minister Stalin's statement that there is no real danger of a new war. The spokesman said that the British view will watch what effect the talk will have at the Paris Peace Conference and at the United Nations assembly.

Another British official expressed a view that Stalin's remarks could be an indication of an important change in the direction and technique of Russia's foreign policy. However, he said that events alone will show whether such an expectation is warranted.

## Holland Appointed To Succeed Andrews

### Briton Describes Greek Strife As Small Civil War

Rebellious Forces Are Getting Arms From Albania, Yugoslavia

SALONIKA, Greece, Sept. 25, (AP)—The premier of Greece, Constantinos Tsaldaris, has described the violence in northern Greece as actual war against the state. He declared that the turmoil created by attacks of leftist bands in Thessaly and Macedonia was not a question of order but a question of war.

LONDON, Sept. 25, (AP)—A spokesman for the British Foreign Office today described the fighting in Greece as a "small scale civil war." He said that the Greek government has presented evidence that the rebellious forces were getting their arms from Albania and Yugoslavia. However, the Foreign Office representative said the British troops now in Greece will not be called upon unless the Greek government requests them.

According to the British spokesman, the Greek and Albanian forces in the fighting are not to be confused with the anti-government forces. The spokesman said that the evidence submitted by the Greek government indicates that the rebels are not the present fighting in Greece has anything to do with the fact that King George II of Greece is about to return to his throne. George is expected to leave London for Athens today, the spokesman said.

The evidence that Yugoslavia and Albania individuals are involved in the fighting, but not as members of the military units of those countries, he admitted that Britain is still supplying the Greek government with arms.

### Bandit Acquires Obsolete Cleaver

BALTIMORE, Md., Sept. 25, (AP)—A four-year-old old Ma Block to make a meat cleaver today and thereon has a story.

Miss Block told police that she bought an unused last night after a bandit robbed her mother's grocery store that she chased him half a block up the street and hurled a meat cleaver at him for good measure.

The cleaver missed its target and the bandit scooped it up to add to the \$50 he had carried in the store. But, said Miss Block.

"Let him have the cleaver. We don't have any meat any more."

### Caldwell Announces Action After Mrs. Andrews Declines To Accept Position

TALLAHASSEE, Sept. 25, (AP)—Spenser L. Holland, Florida's wartime governor, today was appointed by Governor Millard Caldwell to succeed the late Charles O. Andrews who died a week ago.

Governor Caldwell announced the appointment this afternoon after Mrs. Charles O. Andrews, the widow of the late senator, declined to accept the nomination.

Holland, who is the Democratic nominee for the full six-year term for which Andrews declined to seek re-nomination this year, will serve for the late senator until January when his own six-year term will begin.

The Democratic nomination virtually assured Caldwell's victory.

Florida's new Senator has been in public ever since he returned from the war. He has been a member of the Florida Senate since 1931 and served as Governor of the state from 1935 to 1941.

Florida's new Governor, Caldwell, since Park Trammell, Florida's chief executive officer, died in 1945, was later elected to the office. Caldwell is a former Florida governor, having been elected to the rank of United States Senator in 1941.

### Initial Flight Of Flying Post Office Is Started Today

WASHINGTON, Sept. 25, (AP)—The government's first flying post office took off today on an experimental flight. If the experimental works, Postmaster General Robert Hannegan hopes that within five years, the United States can deliver air mail anywhere in the world within 40 hours.

Here is what is happening on that experimental flight today. The plane has a cabin that's been fitted out like a railway mail car. Six mail clerks are aboard. With them is a "on of first-day covers" bearing the brand-new 6 cent air mail stamp. The covers were sent by stamp collectors to Washington for a special post mark indicating the first flight. The clerks will sort the covers while the plane is in the air on its way to Dayton, Chicago, Pittsburgh and New York.

It may sound simple but sorting mail in the air has never been done by the Post Office Department before. It is a necessary step in handling the increased volume of air mail the government expects when the new 6 cent rate for domestic air mail goes into effect on Oct. 1.

### Reds In China Still Refuse To Enter Peace Talks

NANKING, China, Sept. 25, (AP)—Chinese Communists still refuse to participate in peace talks until a cease fire order is issued and an armistice arranged.

A Communist spokesman in Nanking said today that the Communist peace negotiator, General Chou En-Lai, will remain on the sidelines in Shanghai until the "demands are met. The spokesman, Wang Ping-Nan, said that either General George C. Marshall or United States Ambassador J. Leighton Stuart could get a cease-fire guarantee from Generalissimo Chiang.

If this were done, said the Communist, then terms of an armistice could be established by the group known as the Marshall tripartite military committee. General Marshall is acting as special envoy from the United States.

### Supplies Are Flown To Burning Tanker

NEW YORK, Sept. 25, (AP)—The Coast Guard sent two amphibian planes out into the Atlantic to deliver medical supplies to a burning tanker this morning. At least one of the planes succeeded in its mission. The tanker, the Bennington, has radioed that the fire is being brought under control but three members of the crew are dead, three are missing and two others are burned seriously.

The 10,000-ton vessel is heading slowly under her own power toward Wilmington, N. C. The planes were dispatched from Charleston, S. C., and Cherry Point, N. C., and were to parachute supplies to the ship.

### Secret Records Are Introduced At Trial

TOKYO, Sept. 25, (AP)—Secret records were introduced today at the Japanese war crimes trial which disclosed the imperialistic aims of former Prime Minister Hideki Tojo. The records were made at a meeting in 1940 at which the Privy Council approved a pact with Germany and Italy.

Tojo was prime minister at the time. The record quoted Tojo as saying: "Any race that dies out under the rule of survival of the fittest is not worth existing in this earth. If we fail to accomplish our grand mission of spreading the imperial way at the time it should be done then it cannot be helped even if we go out of existence."

### Three New Spider Monkeys Expected To Arrive At Zoo

Three new spider monkeys are expected to arrive at the Zoological Garden today, according to James Montague, keeper who said that the monkeys were secured from the same New York firm which provided the late popular Gary G. after a recent shipment of new monkeys.

That popular reception committee chairman, "Preacher" has been nominated to greet the new arrivals in the "reception ward" and will be the first to see the new arrivals. He will be joined by the other members of the staff.

Montague said that the monkeys were secured from the same New York firm which provided the late popular Gary G. after a recent shipment of new monkeys.

That popular reception committee chairman, "Preacher" has been nominated to greet the new arrivals in the "reception ward" and will be the first to see the new arrivals. He will be joined by the other members of the staff.

### Lester Thorp Is Named President Of Kiwanis Club

Stories Of Southern Negroes Are Told By Dr. McCaslin

Lester Thorp, manager of the local branch of the Kiwanis Club, today elected president of the Sanford Kiwanis Club. Thorp, a local official, elected vice president, P. P. Campbell as treasurer, and Frank Harrison as financial secretary. W. A. Moore, son and Ralph A. Smith were elected in the race for second vice president, and they will have to be a run off with to select the officers.

The Rev. Dr. Robert H. McCaslin, pastor of the Presbyterian church of this city, today told the story of the life and work of the old time southern negro, who, in his time, was the most original and happiest creature alive." Dr. McCaslin was introduced by his brother, H. H. McCaslin, and by the Rev. E. D. Hines.

Rev. McCaslin described the life of the negro in the South, and most famous among them, Beale Street at Memphis, Tenn., which is known all around the world and was the home of W. C. Handy, composer of the Negro Blues and other folk songs. He told of "Swinging Lips" and "Swinging Feet," and of the life of the negro in the South, and of the life of the negro in the South, and of the life of the negro in the South.

### CIO Official Says Union Organizers In South Beaten

MEMPHIS, Sept. 25, (AP)—The organizer Van A. Bittner today charged that 17 union organizers have been assaulted since the CIO southern organization began last May.

Bittner declared: "Our general counsel, Jerome Cooper of Birmingham, has reported an investigation with the view of prosecuting certain employers on charges of assault to violate the laws of the United States. We are being held in jail daily by and all in a vain effort to harm our representatives."

Van Bittner added: "One of the worst things about this situation is that law enforcement officers in some towns are working in close collusion with employers to have become a strike. I don't see the beating of organizers and union members."

### Jewish New Year To Be Observed Tonight

Services will be conducted this evening at the Jewish Community Center on East Sixteenth Street as sundown falls in the Jewish New Year, 5797 and known as Rosh Hashanah. P. Roberts of Orlando will conduct in the services.

"Where Leta Security?" will be the topic of the sermon which will be given this evening at 8:00 o'clock by Frank Shama. Tomorrow morning at 10:00 o'clock the topic of 125 sermons to be given will be "Judah's Contributions."

### Lazear Scores Hole In One At Local Club

Clarence Lazear of Akron, Ohio, scored a hole-in-one at the Seminole Country Club yesterday, according to an announcement this morning by manager Ed Levy-Whitner.

Lazear's happy moment came on the 16th hole, which is a 135 yard drive, and was accomplished using a number five iron. Lazear is now leading at 107 West Ninth Street.

### Nuernberg Verdicts To Begin On Monday

NIJBERG, Sept. 25, (AP)—Judgments in the principal war crimes trials of world war two will be handed down next week beginning Monday.

An official announcement says it will take two and possibly three days to review evidence and read the verdicts reached on the 23 Nazi leaders of Germany and seven German organizations charged with war crimes.

### Estonians Feel Certain Immigration Officials Will Let Them Stay In U. S.

MIAMI, Sept. 25, (AP)—The 30 Estonian refugees who are seeking entry into the United States although they lack proper immigration quota visas have settled down to a life of housekeeping and waiting. They are living in an empty, dock-front pier in Miami.

The two groups of refugees who sailed over 6,000 miles from Sweden in small fishing boats agree their quarters are adequate but they are anxious to become permanently settled.

Time passes slowly for the weary travelers as they await word from a Washington immigration board on whether or not they will be admitted into the country.

Meanwhile, they have set about to become as much acquainted with the United States as their limited quarters will permit. They are teaching themselves English. The women—with the equipment on hand—are sewing new clothes and repairing those worn during their long sea voyage.

They sleep on cots loaned by the city of Miami. Rooms for the men and women are arranged by hanging curtains between concrete posts. The women prepare meals on city-loaned portable stoves. Most of the food is donated by well wishers. What little money they need is provided by the Travelers Aid Society.

Capt. Felix Tandor, leader of the first group to arrive, described the little roving band of refugees as "people without a country." But hopefully he said: "I don't think we have to worry. America will let us stay."

### Red Navy Accused Of Intercepting Danes

COPENHAGEN, Sept. 25, (AP)—Crews of four Danish fishing boats today charged that they were intercepted off the German coast by Russian naval craft. The fishermen declared that the Russians had taken them ashore and detained them for several days.

The fishermen related how they had run into coastal waters to avoid a storm and were helping a German cutter fired across their bows. The Danes said they were taken to Warnemunde, where their vessels were searched. They said that everything resembling a weapon was thrown overboard.

### 12,000,000 Gallons Of Gas Used In Florida

TALLAHASSEE, Sept. 25, (AP)—The Florida consumption of gasoline during the month of August totaled nearly 12,000,000 gallons, an increase of about 30 percent over August of 1945.

The consumption, which netted the state more than \$2,800,000, also is an increase of more than 600,000 gallons over the July consumption.

### Phosphate Shipments Aid New Zealand

NEW ZEALAND, Sept. 25, (AP)—New Zealand production of dairy products is being greatly assisted by the shipment of phosphate fertilizer from the United States and from New Zealand to the islands of the South Pacific.

From the enormous deposits of phosphate on the two islands about 1,200,000 tons were shipped every year before the war. Farming continues in both Australia and New Zealand tests very largely on extensive use of phosphate as fertilizer to keep the pastures in good condition.

The koala bear is the most popular Australian animal.

### Strikers Return To Work

AMSTERDAM, Sept. 25, (AP)—Strikers today returned to work in Amsterdam after a demonstration against the continuance of Dutch troops movements to Indonesia. The walkout of about 30,000 workers tied up industry and transportation in the city. During the night 5,000 Netherlands soldiers embarked for the East Indies.

### FIRE IN STOCKYARDS

CHICAGO, Sept. 25, (AP)—Extra apparatus and firemen were rushed last night to the Union Stockyards in Chicago when fire broke out in an eight story beef kill building. The blaze was put out in 20 minutes and Wilson and Company officials said there was no meat in the building at the time.

### Boyle Recovers

State Senator Lloyd F. Boyle has recovered from his illness and was greeted yesterday by many friends in the downtown area.

### Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below:

Coordinator — E. B. Carter

The walkout of about 30,000 workers tied up industry and transportation in the city. During the night 5,000 Netherlands soldiers embarked for the East Indies.

AMSTERDAM, Sept. 25, (AP)—Strikers today returned to work in Amsterdam after a demonstration against the continuance of Dutch troops movements to Indonesia. The walkout of about 30,000 workers tied up industry and transportation in the city. During the night 5,000 Netherlands soldiers embarked for the East Indies.

WEDNESDAY, SEPT. 25, 1946 BIBLE VERSE FOR TODAY

SO WE WOULD NOT WASH OUR HANDS OF PEOPLE WHO MAKE ONE MISTAKE AND GET OFF THE ROAD, WE SHOULD TRY TO LEAD THEM BACK. WE SHOULD TREAT THEM KINDLY. If a man have a hundred sheep, and one of them is gone astray, will he not leave the ninety and nine, and seek the one which is gone astray? Matt. 18:12.

It is nice to have Superintendent Lawson back in Sanford even though he must still remain in the hospital for the time being.

The Times-Union says "Handwriting ought to be as Good as the Writer". You're not hitting at Governor Caldwell, are you?

We saw that the social season is going to be revived at the White House, on the assumption that the war is over.

President Truman is having a job trying to find someone to take Harriman's place as ambassador to England. Why not appoint Henry Wallace?

Let's see now, what becomes of the United Nations if we are not willing to fight a war to prevent aggression?

Marshal Stalin says American troops in China are a menace to peace. Would Russian troops in China be if American troops get out?

According to the latest OPA rulings, candy bars will soon be reduced in size. Now if you can't find any, the country will be all right.

Dean Matherly of the University of Florida predicts that Florida will have a population of six million persons by 1960. That is about three times more than it is at present. And we predict that it will have six million people before 1940.

In Plant City the Hillsborough Cattlemen's Association has voted not to sell or butcher any type of beef until present OPA slaughtering regulations are removed. Evidently the cattlemen have taken a leaf from the labor union's book and gone on strike.

Senator Pepper praises the appointment of Averell Harriman as secretary of Commerce and Mr. Harriman praises the foreign policy of President Truman and Secretary Byrnes which Senator Pepper has so recently and so vigorously condemned. We never could understand politics.

A Jacksonville shipbuilding company is reported to have made \$2,000,000 on a \$600 investment during the war. If that was after contract renegotiation, income and excess profits taxes, it would seem to be impossible without downright fraud being committed. If it was before these things, it would seem to be hardly more than might have been expected under cost-plus contracts.

Senator Pepper, who used to be regarded as a power in the United States Senate, has evidently taken the toboggan since his friend FDR turned the reins of government over to President Truman. Just how Pepper is regarded by his fellow senators who know him best and whose friendship and support he must have if he is to secure legislation favorable to Florida is revealed through a poll taken by Pageant magazine which says that Florida's Senator (the only one we have right now) was voted one of the four weakest members of the Senate, one of the three best orators, and one of the three leading demagogues.

As a result of his recent fulminations, Senator Claude Pepper has lost at least one of his most ardent supporters, The St. Petersburg Times, which has favored the New Deal program right up to the point of surrendering completely to Russia, and which enthusiastically supported Pepper in 1933 and 1944, now says it will not support him in 1946. If there is anyone else to support, Claude Pepper will be moved down in the slip-happy gambolings, and discover that Americans are neither radical nor reactionaries, and that the only apples in the gold mine go no further than the belt.

Best Baseball Town

With the first post-war baseball season for the Sanford-Celery Feds of the Florida State League having come to an end, the Herald wishes to take this opportunity to extend its congratulations to Manager Ed Levy-Whitner and his fine group of athletes who provided Sanford and Seminole County fans with such a splendid exhibition this year.

Not only are the players themselves due the thanks and appreciation of the community, but also those who accepted the responsibility of operating the organization as well as those who contributed financially to the team's success, along with the thousands of white and colored fans who loyally supported the club from the opening contest until the final game of the Orlando series.

The same high quality of sportsmanship that has always been a predominant factor in practically every Sanford athletic aggregation in its history was displayed during the past season not only by the players and the club's officials but also by the fans as well.

In a baseball season filled with upriling troubles throughout the nation, Sanford came through the schedule and the playoffs without a black mark on its record.

Local citizens have always taken a great deal of pride in the fact that this city is one of the best baseball towns in the United States. This has been recognized for many years and has been due to the loyal support which the fans, not only from Sanford but also from the entire county, have given our baseball teams.

One Florida sports writer declared recently, "Sanford, without a doubt, is about the best baseball town I've ever heard of in my life."

Europe's Food

The food situation in Europe is definitely better as a result of good weather in most areas and persistent efforts on the part of the farmers. However, the total crop production is reported 20 per cent lower than in pre-war days, and problems of distribution interfere with the best use of the food.

In some drought sections, where cattle and hogs have had to be used immediately, there was no way to ship them to areas where meat was needed. Lack of canning and freezing facilities have caused further waste of meat and other foods.

The exchange problem is a serious factor. Holland has a surplus of potatoes, but other countries have no way to buy them. Greece has an abundance of dried fruits, but no money to pay transportation costs.

The coal shortage, worst of all, cuts the production of fertilizers, the source of power for railroads, and power for factories which make machinery and tools.

Bit by bit Europe is putting famine behind, but unfortunately just planting more acres of crops is not enough to put the food on the table.

Swedish Co-Operatives

Sweden, long in the lead of social and economic progress, has made a success of the co-operative method of manufacturing, buying and selling.

The wholesale co-operative organization has more than quadrupled its capital since 1930, and in its success is a formidable force against state socialism. The smaller retail co-ops, in which one member of each family has a share, buy from the wholesale society, which in turn taps markets all over the world for its stock. Raw materials, surplus commodities, and foods including citrus fruits are among their imports from the United States. In turn they export machinery, fodder cakes, light bulbs, china ware, and a growing list of other items.

Co-operatives have been tried and are working to a very limited extent in this country. It is interesting to note how far such a movement can go when it is tackled with energy, efficiency and sufficient capital.

Inside WASHINGTON

War Assets Administration | Probed by State Department. Hemmed in by Investigations | Army, Congress Committees

Special to Central Press

WASHINGTON—The War Assets Administration is marching down a straight and narrow path, hemmed in on both sides by investigators.

The government agency is charged with disposal of surplus war property, which is estimated eventually to be worth one hundred billion dollars.

Robert M. Littlejohn, new head of the agency, has set a "target" date of July 1, 1947, by which time he hopes to have disposed of substantially all the war's leftover materials.

However, sales of surplus material are being investigated by two congressional committees, the Army and a state department agency.

The Senate-Mead committee is about to sift sales of surplus abroad. The committee wants to know why more surplus was not returned to the United States to relieve shortages on the home front.

The House committee is headed by Representative Slaughter (D) of Missouri, the "lame duck" congressman President Truman successfully "purged" in the recent Missouri primary. It is investigating all sorts of surplus sales.

Employees of Littlejohn say that they are almost afraid to "OK" a bobby pin sale for fear "scandalous" conduct.

Incidentally, after the last war there were 100 different investigations of surplus property sales.

DISCONTENT OVER Agriculture Secretary Clinton P. Anderson's signing of the new Cuban sugar contract is being heard throughout Washington.

The United States observers in the nation's capital say that for the first time Cubans can reopen sugar negotiations at a given interval, seeking price increases.

Loudest complaint came from Puerto Rico, a United States territory and a heavy producer of sugar, but not in such large quantities as Cuba.

The Puerto Ricans sell their sugar to the United States on a crop basis at a specified price over a certain period, but they have no opportunity to seek increases.

Puerto Ricans argue that the sugar interests in Cuba have by far the best deal, that it is discriminatory to Puerto Rico. Puerto Rico's governor-designate, Jesus T. Piñero, has called for an investigation and has hired two able, former high government officials to look into the matter. They are Abe Fortas, one-time under-secretary of the interior under Harold I. Ickes, and Thurman Arnold, ex-justice department trust buster.

What will develop out of the sugar controversy is still unclear, except for one thing.

The United States will pay, and is paying, higher prices for Cuban sugar which will likely result in substantial increases in cost to the consumer in the United States.

What's Russia Up To?

By Graham Patterson, Publisher Pathfinder News Magazine

One does not have to be a pessimist to be discouraged by the state of world affairs and skeptical of the chances of achieving a real and enduring peace.

The frightful slaughter of the Second World War convinced thinking men and women everywhere that the world must find a sane way of settling its disputes if civilization is to survive.

The United Nations organization was launched with lofty ideals and high hopes. Yet, as a prominent churchman recently stated, we are farther away from peace today than when Germany and Japan surrendered.

Few far-sighted people will question or discount Russia's share of guilt in this unhappy situation.

She is almost compelled to believe that Russia does not really desire peace. Certainly she has followed a consistent policy of obstructionism and delay.

meanwhile, all that the traffic will bear in the way of reparations and territorial gains, regardless of what seeds of future trouble may thus be sown.

Russia has slithered her tentacles into the sovereignty of Poland, Czechoslovakia, Yugoslavia, Bulgaria, Rumania; she has demanded \$10 billion in reparations from Germany; lesser, but still paralyzing sums from Italy, Finland, Austria and other small nations.

She has taken territory from Germany, Poland, Finland and Rumania. Lithuania, Latvia and Estonia have been gobbled up completely. She has fought uncompromisingly for retention of veto power, which, under UN rules, insures that any decision made be to her liking.

Is it any wonder the world is asking, "What is Russia up to?"

No less a person than the once-ardent Russophile, William C. Bullitt, makes it clear in his recent book, The Great Globe Itself, that he considers the Soviet government's policies the only serious menace to international peace and American national security.

Bullitt was American Ambassador to Russia from 1933 to 1936, and for years advocated friendliness to the Kremlin. Obviously, since then Bullitt has become disillusioned, for in his book he says "the essential fact of the Second World War was that the American, British and French democracies, for their self-preservation, became the allies of a

Communist totalitarianism against the Fascist totalitarian states.

That military alliance, he contends, did not change the fact that the Soviet Union "was and is equally hostile to fascism and democracy." He further contends that the "unchanging and unchangeable" purpose of the Russian government is to establish the Communist dictatorship through the world.

In his opinion none of the recent Russian imperialistic expansion can be excused on the ground of the Soviet's vital needs. On the other hand, that expansion does impinge on the vital interests of Great Britain and America—and thus casts a shadow of future trouble. For, as Bullitt points out, "We fought World War II to prevent the domination of China by Japan and to prevent the domination of Europe by Germany. We now face the possibility that the result of our sacrifices will be the domination of Europe by the Soviet Union."

Bullitt is of the opinion that the situation is not entirely hopeless, but calls for firmness in resisting further Russian imperialism. He believes that appeasement of the Soviet Union will lead to war but determined resistance, giving meaning by strength and unity among the democracies, will make the Kremlin behave.

Perhaps the forthright manner in which Jimmie Byrnes answered Molotov at the Paris Peace Conference last month was a sign that the worm has finally turned. It is high time.

Smart Dog! Takes His Name Seriously.

CHICAGO—(AP)—Mrs. Rose Oliviano gave her little dog, Dopey, a beef bone five and a half inches long. She surmised he would gnaw it for hours. But soon she ascertained that the bone was gone and that the puppy seemed about to die. How he swallowed the solid meal, nobody knows. But it was removed from his stomach in an operation performed by two veterinarians.

Now Is The Time

To look into your windstorm protection. Most insurance companies will not write windstorm without fire. Have your fire insurance extended to cover windstorm now, before storm warnings are up. C. M. Boyd & Co., Phone 104;—Adv.

STATE NEWS BRIEFS

WILLARD CONNOLLY

St. Augustine city commissioners were confronted with a weighty problem at their meeting, Monday evening, namely, an emergency ordinance which lifts the ban upon the number of licenses to be issued by the city for the operation of horse drawn hacks. The present ordinance which is being attacked in a suit in circuit court limits the number to 49. We didn't know there were that many horse drawn hacks in all of Florida.

Nobody paid any special attention to it, other than meteorologists, but on Monday the celestial equator intersected the ecliptic and the result was the Autumn equinox. That didn't make "fall" any warmer, who got thoroughly drunk on shine (sunshine) and as a result ran a high temperature. Autumn, hanging around the corner, predicted the old man would pass out completely in the near future and that things would sorta cool down a bit.

Tampa and Hillsborough County are all hepped up over the prospect of a horse race track at old Tampa Downs near Oldsmar and are voting on the subject. Judging their newspaper ads, they can hardly wait to see the track contribute \$500,000 in taxes for old age pensions, \$300,000 for schools and \$100,000 for general funds (politicians grab bag). Add to this 1,000 new horse minded winter residents and veterinarians.

Down in Lakeland, those playful little gadgets known as parking meters allow for two nickels, one for the first and one for the second hour—that is if someone doesn't turn the crank which may send the driver to the police for overparking. Some red capped college freshmen are suspected of turning cranks.

Walter Matherly, business administration dean at the University of Florida predicts that the state will have 6,000,000 residents by 1950. He failed to predict what the housing situation will be. By that time Florida may get some of the overflow from California which will be so crowded that it will require a visa and passport to visit here.

Social And Personal Activities

SOCIETY EDITOR - Cecelia Truluck

— TELE. NO. 148

Social Calendar

MONDAY

The American Legion Auxiliary will honor the Legionnaires with a covered dish supper at the Legion Hut at 7:00 P. M. Bingo games will be played after the supper. All auxiliary members are requested to bring a covered dish.

TUESDAY

Daughters of Wesley of First Methodist Church will have a regular monthly meeting at the home of Mrs. P. A. Howard, 215 Elm Avenue at 8:00 P. M. The Womens Club board will meet at the club house at 10:00 A. M.

THURSDAY

The Seminole Rebekah Lodge No. 43 will meet at the Odd-fellow Hall at 8:00 P. M. The Southside Parent-Teachers Assn. will honor the school's new teachers and mothers with a luncheon at 3:15 P. M. at the school. Board Meeting of the Seminole High School P. T. A. at 3:00 P. M.

FRIDAY

U.D.C. will hold the first All meeting at the home of Mrs. F. E. Roumillat at 3:00 P. M.

Beverly Jane Evans Celebrates Birthday

Beverly Jane Evans was honored on her sixth birthday with a party given by her mother (Mrs. Carl Evans). A pink and white color scheme was carried out in the refreshments and decorations. Ice cream, cake and candy were served on the lawn by the hostess assisted by Mrs. Fred Robb. Favors of dolls and balls were presented to the guests and games and contests were enjoyed throughout the afternoon. Those attending were Beverly Evans, David Wilson, Linda Kanner, Jeannette Boulard, Louise Boulard, Nancy Robb, Judith Ann Robb, Sally Louise Robb, Jean Huckleba, Shirley Huckleba, Janey Brown, Judy Brown and Rosalind Ratliff. Also Deana Haynes; Larry, Elliott Williams, Arthur Vaughn Williams, Dorothy McAlexander, Pinky Smith, Mikey Davis, Ronald Davis, Vance Davis, Larry Doyon and Marie Stempert. Also Donald Wright, Pamela Jones, Suzanne Jones, Mrs. A. J. Williams, Mrs. M. T. Haynes, Mrs. Johnnie Davis, Mrs. J. H. McAlexander, Mrs. W. W. Huckleba, Mrs. B. E. Ratliff, Mrs. W. H. Stempert, Mrs. Fred Robb and Mrs. Dick Jones.

DAR Convention To Be Florists Heyday

WASHINGTON—Local florists, who do a pretty good business anyway are already rubbing their hands over the idea when the Daughters of the American Revolution (DAR) convene their 56th congress here next May. The congress, the first to be held in the DAR's own Constitution Hall since 1941, is expected to draw the largest delegation in history. It will be national DAR election year, and all signs point to a red-hot campaign and election. No estimates have ever been made of the money spent on flowers at DAR congress, but it will run into thousands of dollars. Officers, speakers and candidates for office often receive as many as a dozen corsages each and often wear as many as three at a time. During the war, bouquets were limited to a minimum. At the Chicago convention in 1942, Mrs. Henry M. Robert Jr. of Albany, Md., who was honorary president general, established the patriotic custom

CARD OF THANKS

To My Friends and Neighbors: I want to express my heartfelt thanks to you for your help and sympathy in the late illness and death of my Darling Wife Mary. Especially, I want to thank Ann and Emil, Edith and John, Selma and Ted, Helen and Homer, Tommie and Gus, Amelia and Pat of Orlando, Mr. and Mrs. Thomas, Mr. and Mrs. G. G. Gault and Maude. You are all of the best. Again I do thank you from the bottom of my heart. R. H. (Bob) Bantz

Christmas packages should be mailed to servicemen overseas Oct. 15 - Nov. 15

Mrs. Volie Williams Honored By Class

The Althean Class of the First Baptist Church which will merge with the Azanian Class in the near future honored their beloved teacher, Mrs. Volie Williams, Sr. with a party Thursday at 8:00 P. M. at the home of Mrs. B. H. Beck, 2420 Laurel Avenue. Hostesses for the party were Mrs. Gertrude Cameron, Mrs. Charles D. Forrester and Mrs. J. A. Strang.

Songs were sung by the group and Mrs. Pearl Hunsell gave an interesting talk concerning Mrs. Williams and her wealth of contributions to the class members.

Mrs. J. W. Hall was in charge of the many contests played. Mrs. A. K. Rosetter was the winner of a box of stationery.

Mrs. H. F. Cooper presented a clever reading about the eternal telephone party liners. Mrs. E. E. Bole, class president, read an original class poem dedicated to Mrs. Williams. The honoree and the class president were given white ribbons by the members of the Althean Class.

Mrs. Williams spoke briefly following the presentation of the gifts. The group then sang "Blessed Be The Tie That Binds," joining hands as they sang.

Beautiful roses and abasha daisies decorated the party rooms. The hostesses served delicious refreshments of fruit punch, chicken salad sandwiches and fancy nuts.

Those attending were Mrs. Williams, Mrs. Bole, Mrs. Joder, Cameron, Mrs. Charles Forrester, Mrs. E. E. Cooper, Mrs. Annie Mcritercher, Mrs. A. C. Madden, Mrs. A. B. Lovely, Mrs. R. I. Garrison, Mrs. W. D. Brinson, Mrs. H. H. Slaughter, Mrs. P. E. Whigham and Mrs. A. K. Rosetter.

Also, Mrs. J. T. Newby, Mrs. Alma Beckey, Mrs. G. S. Selman, Mrs. Pearl Hunsell, Mrs. J. G. Hall, Mrs. M. S. Nelson, Mrs. Fred Harrison, Mrs. O. C. Gibbs, Mrs. Sarah Chasmar, Mrs. J. M. Wilson and Mrs. Beck.

Proposes UN Set World Holiday

KENNEBUNK, Me.—(AP)—Mrs. Alma Wells Levinson of Princeton, N. J., and Kennebunk, proposes that the United Nations declare a world holiday "for a lasting peace."

With advice from the State Department, Mrs. Levinson, traveler and artist, says she has suggested to the United Nations that "Peace Day" be declared "upon the occasion of the dedication of its permanent site or upon some equally appropriate occasion."

Mrs. Levinson said she had received letters approving her proposal from Mrs. Eleanor Roosevelt and Bernard Baruch.

of wearing a corsage with buds fashioned of war stamps of various denominations.

However, at the congress last May at Atlantic City flowers bloomed on shoulders and bosoms in abundance.

The return of the DAR to their own hall will be marked with all the traditional ceremony and pageantry of the annual congress.

It also means the usual display of stunning gowns, pages in shimmering white, the processional with flags and fervent patriotic speeches.

Next May will end the administration of Mrs. Julius T. Tallmadge of Athens, Ga., as president general. She was elected at the 1944 congress in New York City.

Two candidates for 1947 are already in the field with complete lists of candidates for other national offices. One candidate is Mrs. Stanley Thomas Manlove of Newburgh, N. Y., at present the society's recording secretary general.

The other candidate is Mrs. John Logan Marshall of Clemson College, S. C., at present first vice president general.

Both candidates have strong followers but there may be "dark horses."

It is estimated that about 4,000 delegates and alternates will attend the 1947 congress and that 2,000 or 3,000 additional members will come to town to see the show.

The Washington Hotel Association has assured the Daughters of rooms and accommodations. The date, however, was fixed for May rather than April in order to avoid competition with other meetings.

Chaperones said to be the first lady to change the color of her hair. She used henna.

Personals

Bill Hutchison and Pete Brock left yesterday to attend the University of Florida at Gainesville.

Mrs. Hattie Breeden of Lake Wales was a weekend visitor of Dr. and Mrs. J. N. Robson.

Mrs. Herbert L. Moore has as her guest this week Mrs. Caroline Wilke of Savannah, Ga.

Al Deudney and Joe Baker will leave tomorrow to attend the University of Georgia, Athens, Ga.

Mr. and Mrs. R. C. George have returned to Atlanta after visiting the latter's parents Mr. and Mrs. J. H. Quattlebaum here.

Mr. and Mrs. S. D. Pitman of Tampa is the guest of her sister Mrs. E. D. Mubley at her home 708 Oak Avenue.

George Cox left Monday to enter the University of Florida. He has been awarded a five-year scholarship because of outstanding honors received at Seminole High School.

Mr. and Mrs. William Zachry, Jr. of Washington, D. C. are spending two weeks in Sanford visiting Mr. and Mrs. W. H. Zachry and Mr. and Mrs. J. L. Ingle.

Mr. and Mrs. Julius Dingfelder returned Sunday from New Orleans after accompanying their daughter Margaret there to enter the Sophie Newcomb school of Tulane University where she plans to study medicine.

Supt. T. W. Lawton has been transferred from the Riverside Hospital in Jacksonville to the Fernhill Lighthouse Memorial Hospital in this city. His condition is reported much improved but he is not permitted to have visitors.

Mrs. A. Reid Mann left for San Francisco, Calif. on Sept. 25 to attend the American Legion Convention with her husband. She is now in Seattle and will join her husband in San Francisco on Sept. 29. Mrs. Joel Field will join her husband there also.

Mrs. F. A. Byson and daughter Elizabeth and Mrs. Katrina Allen of South Carolina have returned from a three-week trip to Chicago, Springfield and Edinburg. They traveled by car and visited relatives in Springfield and Edinburg.

Truthseekers Class Holds Monday Meet

The Truthseekers Class of the First Methodist Church held their regular business and social meeting Monday afternoon at the beautiful country home of Mr. and Mrs. H. H. Pattishall in Geneva.

Seats were placed out on the spacious lawn under widespread shady trees and flowering shrubs.

Mrs. Nellie Vaughan, president, led the devotional and read an inspiring interpretation of the Lord's Prayer. The group sang "Sweet Hour of Prayer." The closing prayer of praise and thanksgiving was given by Mrs. J. E. McKinley.

After the business meeting with reports, election of officers and regular routine a social hour was enjoyed and refreshments of assorted sandwiches, cakes, cookies and punch were served to those present.

The following attended: Mrs. Nellie Vaughan, Mrs. Emma Abrams, Mrs. Fannie Wilson, Mrs. Alice Thurton, Mrs. Martha Moffitt, Mrs. Margaret Shoemaker, Mrs. Jessie Waller, Mrs. Fatha Crawford, Mrs. Clara Ellis, Mrs. Zaida Lord, Mrs. Eva Harkey and Mrs. Ella Irish.

Ajao Mrs. Lou McCrum, Mrs. Florine Dekel, Mrs. Mabel Hount, Mrs. Bertha Davis, Mrs. Ralida Greenhaw, Mrs. Fannie Mason, Mrs. D. E. Guerry, Mrs. C. C. Priest, Mrs. Georgin McClelland, Mrs. J. F. Riser, Mrs. Nettie Tills, Mrs. R. W. Lutz, Mrs. J. E. McKinley and Mrs. Pattishall.

The racoon washes or soaks its food before eating.

Fish are unable to close their eyes.

Jean Law Of Tampa Weds William Stapler

Mrs. Jean Law became the bride of William Stapler, son of Mr. and Mrs. J. C. Stapler of this city Aug. 28 at 6:30 P. M. in a candlelight ceremony performed by the Rev. J. H. Hampton at Riverside Baptist Church in Tampa.

Mrs. Stapler is the daughter of Mr. and Mrs. Thomas W. Law of Tampa and is descended from one of the pioneer families in Brooksville. She is a native Tampaian and attended schools here and in El Paso, Tex. After her graduation from Sarasota High School she went to Florida State College for Women where she was a member of the Flambeau staff. She also has been a recreation counselor at the Girl Scout Camp in Sanford this summer.

Mrs. Stapler was born in Sanford and was graduated from Seminole High School prior to entering the Naval Gunnery School at Norman, Okla. He recently received his discharge after two years of service and is in business at the Dewtown in this city. The couple plan to live in the Weleka Apts.

White gladioluses and palms formed the background for the double ring ceremony which was preceded by a program of nuptial music presented by Miss Roberta Evans, vocalist of this city and Ewell Stanford, organist.

The bride's white marquisette and taffeta gown was designed with a basque waist which was fastened down the front with tiny covered buttons and featured in full bouffant skirt and long sleeves. Her fingertip veil of illusion fell from a halo of beads and she carried a white satin fan, covered with tuberoses and white rosebuds.

Miss Martha Page of Sanford, maid of honor, was gowned in powder blue brocade satin made on old-fashioned lines. Miss Maxine Carpenter, bridesmaid and Miss Helen Law, sister of the bride, were gowned in white.

Mrs. Law gave his daughter in marriage, J. H. Stapler of Sanford and Robert Preston of Sanford and Victor Schell.

A reception for members of the immediate family was held at the home of Mr. and Mrs. H. M. Carpenter after the ceremony. The bride was surrounded by pink roses. Fall flowers were used in the reception rooms.

Those assisting with the hospitality were Mrs. J. P. Aldrich of Sarasota, Mrs. J. W. Johns and Miss Rosemary Horsley.

The bride wore an apron garter, tailored dress with silver trim, black accessories and a corsage of tuberoses and white roses as her traveling costume. The young couple took a wedding trip in North Florida before returning to Sanford.

Out-of-town guests for the wedding were Mr. and Mrs. J. C. Stapler, Mr. and Mrs. J. B. Stapler, Mrs. J. B. Little, Mr. and Mrs. R. A. King, Miss Betty King all of Sanford, Gilbert Blake of Edinburg, Mr. and Mrs. J. P. Aldrich and the Misses Sybil Aldrich and Betty Herring and Beverly Nelson of Sarasota, Richard May Nelson of Jacksonville and Mrs. J. C. Stapler of West Palm Beach.

Baptist Brotherhood Has Monthly Meeting

The regular monthly dinner meeting of the Brotherhood of the First Baptist Church was held last night at the Church Annex with "Attending Sunday School" as the topic of the program.

Speaking on the program arranged by Forrest Gatchel were Martin Stinecoper, Malon Wright, Julian Streutrom and Arthur Kirchhoff. A discussion on the value of church literature was led by C. P. Henderson, and a resume of Baptist activity at Ridgecrest, N. C. was presented by A. C. Madden.

A brief report on the installation of two fire-floors was given by Rev. W. P. Brooks.

Witch hazel was discovered by the Indian medicine man.

Fish are unable to close their eyes.

The title, "Florida-Mood Photogenic Girl," goes to 17-year-old Nancy Stille of Winter Haven, picked by the Central Florida Camera Club.

Three months ago, this attractive young lady spent two weeks in a hospital, the most badly burned of a quartette of water skiers, hurt during the making of a film movie at the famous Cypress Gardens.

The main message to study a vegetarian and does not bite.

Mrs. A. M. Philips Honors Daughters-In-Law With Lovely Bridge Party

Mrs. Albert M. Philips honored her daughters-in-law, Mrs. Lester Phillips of Winter Garden and Mrs. Wallace Phillips of this city, yesterday afternoon at 2:30 o'clock with a lovely bridge party at her home 316 Oak Avenue. Beautiful flame gladioluses decorated the rooms opened on-site for the card games.

Mrs. Charles Betts was awarded a bath set for winning high score and Mrs. Edward Higgins, Jr. was presented a pair of nylon hose for scoring. For "floating prize" Mrs. Herbert Moses was awarded an angel food cake.

The hostess assisted by Mrs. Helen Kowalder of Maitland, Mrs. Edwin Shinholler, Mrs. Carol Stand and Mrs. Helen Moses served a delicious sweet course to the guests.

The honoree and the hostess were corsaged of sweetheart roses. As remembrances of the occasion the hostess presented Mrs. Lester Phillips and Mrs. Wallace Phillips with two postal addresses each.

Those invited to play bridge were Mrs. Lester Phillips, Mrs. Wallace Phillips, Miss Carol Stone, Miss Cecelia Truluck, Mrs. Orville Marks, Mrs. Charles McClung, Mrs. J. W. Altman, Mrs. W. A. Laffer, Jr., Mrs. Edward Higgins, Jr., Mrs. William White, Mrs. Raymond Lundquist, Mrs. Kinchen Powers, Mrs. Andrew Carraway and Mrs. Walter Byrd.

Also Mrs. Edwin Shinholler, Mrs. Malcolm Higgins, Mrs. James Higgins, Mrs. Guy Wood, Mrs. Herbert Moser, Mrs. Cary C. Fuller, Mrs. Dick Alken, Mrs. Thomas Kirkland, Mrs. John Higgins, Mrs. R. F. Alderson, Mrs. Charles Stone, Mrs. Charles Helen Kowalder of Maitland, Mrs. Fred H. Williams, Mrs. Richard Brown and Mrs. James Crappa.

Also as non guests were Mrs. Robley Brown, Mrs. Henry Wright, Mr. Roy F. Symes, Jr., Mrs. Cal Hlane, Mrs. Frank Ray, Mrs. Waldemar Dietrichs, Mrs. John Tatum, Mrs. David Smith, Mrs. C. E. Spencer, Mrs. Helen Moses, Mrs. F. E. Roumillat III, Mrs. W. B. Zachry, Jr., Mrs. Bruce Laney, Mrs. Mayme Irudgkin and Mrs. Grace Hodson.

LYMAN HIGH SCHOOL NOTES

By LORRAINE McGRATH

Lyman High School of Long Charles Thomas, program chairman held one of the most successful student council elections in years last Friday. The school spirit was high. Those elected leaders were Bobby Gipson, president; Holly Mason, vice president; Viola Hall, secretary; Elizabeth Grade, Betty Jean Kelly, Maggie, treasurer; Lou McArthur, reporter; and Nina Mapolitano, Quillian Carver and Athlete Crumpler, cheer leaders.

Here's wishing good luck to the new student council and hoping they will do things for them.

School started off with a bang this year, especially with the formation of the Student Council, the Glee Club, and the class elections. Officers elected for the classes were: Full-year—Donald Wilson, president of the Student Council; South Grade—Melvin Hulse, president; New Year—Dell Hulse, secretary; and Mrs. James Mason, treasurer.

Also elected were Eugene Enokoro, treasurer, and Edith Howell, librarian.

Mrs. Price of Sanford has been appointed in charge of the newly organized Glee Club. Glee Club officers elected were Viola Hall, president of the Student Council; South Grade—Melvin Hulse, president; New Year—Dell Hulse, secretary; and Mrs. James Mason, treasurer.

# Celery Feds Meet Gainesville High Eleven On Friday

## Purple Hurricane Described As Well Balanced Gridiron Machine

By ARTHUR BACKWITZ, JR., Herald Sports Editor. The Seminole High Celery Fed football team travels to Gainesville Friday night for their second tilt of the 1949 season. After having lost their initial game at the hands of the scrappy Eustis Panther eleven the Seminole aggregation is gearing for a comeback in this tilt.

As yet it is still unknown whether the regular Fed blocking back, Clarence Grantham, will be in the lineup for the game Friday night. Grantham suffered a sprained ankle on the last play of a scrimmage session before the Eustis contest.

According to all reports the Gainesville High School has a large well balanced ball club this year. But Coach Buster Bishop announces weakness in the ball handling department.

Bishop asserts that the linemen are especially effective in the offensive department. Billy Wynn, center, and Marshall Strickland, guard, will work the guard and tackle spots this year, Bishop asserted. The purple hurricane's other all-NEC performer, Jack Hulse is on the sideline. The wingback has a leg injury that may keep him out of the lineup.

Grantham operates a double wingback system with numerous reverses, spinners, passes and trick maneuvers. The probable starting lineup for the Hurricanes will be: Duddy Smith, center; Billy Wynn, center; Marshall Strickland, guard; W. J. Macherly and Jimmy Niblack, tackle; C. W. Thomas and Junior Board, end; L. O. Bochette, Deason Smith, Fred Sivila and Rick Hulse will compose the back field.

The starting Sanford eleven has yet been announced but the following men will be the likely starters: Howard Wheeland and Byron Board at ends, Leon Swain and Harold Kastner at the tackle slots, Nolly Trap and Hill Ludwig at the guard posts and Wynon Reel at center.

In the backfield Gene Harper and Grantham will be at quarter, Billy Perry at left half, Willie Anderson at fullback and probably Jan Jenkinson at right half.

## Rollins Coach Breaks Precedent By Calling Scrimmage For Team

WINTER PARK, Sept. 25. (AP)—Coach Jack McDowell of the Rollins College gridder has broken a precedent of many years standing. He's ordered daily scrimmages for the team.

Heretofore the coach has limited scrimmages to winter practice sessions with the exception of a single scrimmage the week before the opening game.

The Rollins mentor says he has hated to take the chance of injuries. With 30 new men on the squad he says he has to find out what they can do. Rollins not only hasn't had a team for three years but the squad missed winter practice this year.

With the largest squad on hand since he came to Rollins in 1929, Coach McDowell is planning for the most part to rely on his pre-war veterans for the opening game October 11th with George Washington.

The 1948 contest between Georgia's Bulldogs and Florida's Gators will be the twenty-fourth in a series, started in 1915.

Under the terms of a contract signed recently by President W. T. Anderson of Leslie, Ga., and Ernest L. Padgett of the Florida State League, players will share in the receipts in the first four games of the playoffs in the annual inter-league series for the Class D Championship of the Southeast.

Sixty percent of the gross receipts of the first four tilts, less taxes, will be set aside for the players with the winning team to receive 60 percent of this sum and the losers 40 percent.

The remaining 40 percent will be split between the two leagues. After four games each league will get 20 percent of the net gate and the remaining "take" will be split between the two clubs.

The first two games of the inter-loop series is scheduled to be played in Georgia. Then will come an open date for travel to Florida where a three game schedule is on deck.

More games are needed, however, to play in Georgia after a day off for travel.

In the event of a rained out game, the game will be rescheduled for the next day in the same city. All games will be required to be played eight and one-half or nine full innings or declared "no contest."

Clubs will bear all game expenses as in the regular season, as well as player expenses while on the road.

Four umpires will appear in league, and they will rotate in umpiring half. Dick McLain and Empire Spike Davis will represent the Florida State League in the series.

Night games will be played at 8:00 P. M. and Sunday tilts will begin at 1 o'clock.

Complete individual statistics are unavailable on Jim Thorpe, Ted Coy, Willie Heston, Johnny Poe, Eddie Mahan and other ancient platoon immortals. But, in general, offensive back in modern intercollegiate football, and you're not looking well. It's a Frank Sinkwich of the University of Georgia, now playing with the New York Yankees of the All-American Conference.

In three years at Georgia—1946-48—Sinkwich's running and passing gained 4,730 yards, 650 more than Red Grange's total for 1923-25 at Illinois.

## Florida Grid Men

**FULLBACKS**  
J. FRED PRATT, JR., a freshman is currently making competition stiff as the fullback spot. Former Andrew Jackson, Jacksonville, player, he is an even six feet, weighs 185 pounds. Played two years as fullback in high school, earned one letter. A veteran of the Army Air Corps, he saw action in Europe as a First Lieutenant. He is 23.

**GAPPER VACCARO**, is a freshman from Hillsborough High School in Tampa. A veteran of the Navy, he is five feet, eleven and a half inches tall, weighs 160 pounds. He earned one football letter in high school, is married, 21 years old.

**GEORGE (BOCK) SUTHERLAND**, only veteran of three seasons on Gator Eleven in 1940-'42, before he entered the Marines, is a scrappy back who shows a lot of promise. He is five feet ten inches tall, weighs 175, is married and has one daughter. A graduate student, he is 26. Saw action in the Marines at Two Jima. First Lieutenant.

**JULIAN SCHAMBERG**, a freshman, is former Thomas Jefferson High School star from Tampa. Fast and aggressive, he weighs 200 pounds, is five feet, nine inches tall. He won three letters in high school, is 18 years old.

**ALBISON (HAM) WEISTER**, is a freshman who packs power in a six foot one inch frame and weighs 195 pounds. From Gainesville, he is 19 years old.

**TAILBACKS**  
**WILLIAM (GIBBY) MIMS**, a veteran who played 1942 Gator eleven, is returning to tailback this year from four years in the Army Air Corps. A fast six feet, 105 pounder, shows promise with a steady head. A former Andrew Jackson, Jacksonville, star, where he earned ten letters in high school, he is five feet eleven inches tall, weighs 185 pounds. He is 20 years old.

**ANGUS WILLIAMS, JR.**, veteran of the 1945 Gator eleven when he played regular quarterback. A scrappy back he packs eight inches of muscle, five feet eleven inches tall, weighs 185 pounds. He is 20 years old.

**HAROLD GRIFFIN**, a freshman, speedy, sharp, promising, current "workhorse" tailback. A scrappy 165 pound five-foot eight inches, he is a former Hillsborough High School star and letterman, is 17 years old.

**HITTING PITCHERS**  
**ST. LOUIS**, Sept. 25.—(AP)—St. Louis Cardinal pitchers call Manager Eddie Dyer a real friend, because unlike some managers, he gives his pitchers an extra turn in batting practice, and the practice he says is "the Cards to victory Thursday. Saturday it was little pitcher Murrey Dickson who scored the winning St. Louis run, and Monday Harry Brecheen and and hit St. Louis to victory over Chicago.

## BACK IN ACTION

By Jack Sords

## Philadelphia's Eagles Girding To Beat Toughest Foe

By HERB ALSCHUL AP Newswriter. PHILADELPHIA. The team in many quarters considered the best in football, the Philadelphia Eagles, have a tough opponent this season that is bottling away the National League crown for the third straight year.

In 1947, for example, the Eagles beat and tied the New York Giants in their two meetings, but lost the Eastern Division title to the Giants by a half game.

Last year, they again finished second, although they were the only team to defeat the champion Cleveland Browns. The Eastern Division winner, the Washington Redskins, divided a pair of meetings with the Eagles.

No team in football last year or perhaps in 1944, boasted a better backfield than the Philadelphia Eagles. The Redskins' backfield, which was the backbone of their offense, was made up of Van Buren, Dan Hutten, and other brilliant backs.

They had all-league Al Webster and Vic Sears at tackle, one of the circuits' best end duo in Jack Ferrante and Larry Corbett, capable Vic Lindskoog at center and reliable Bruce Bastiani at fullback, and frigate at guard plus excellent reserves.

Practically all these players are back for the 1948 campaign along with a flock of highly regarded newcomers.

The Eagles, dubbed the best second best team in football, may be able to hurdle that "two almost made it" jinx this year.

Nease says only "no predictions."

But from camp headquarters he has handed out a few indications of a great change in playing style. For example, whereas all the Eagles passing for the past two years has come from Zimmerman or Al Hutten or Tommy Thompson, this season is going to be passing from all backs.

Van Buren himself, a capable passer at Louisiana State, will be one of the big threats as well as the one-time Virginia Military Institute combination of Joe Mula

## St. Augustine, Gainesville And Sanford Have Copped Playoffs

By LEAGUE SERVICE BUREAU. On the eve of the seventh annual "Class D Championship of the Southeast" series between the winners of the Georgia-Florida and Florida State League Struggle playoff series, interest in the final outcome was seen increasing in view of the fact that each league has won three series, and one purpose for the seventh will break all records, weather permitting.

The Florida State League entry won the 1935, 1938 and 1939 titles while the Georgia-Florida team took the honors in 1937, 1940, and 1941.

In 1936, St. Augustine, after eliminating pennant-winner Gainesville had first eliminated Leesburg three games to two and then Sanford, four to two.

In 1938 the State Leagueurs went up again as Gainesville whipped St. Augustine four out of five games. Gainesville had previously eliminated Orlando, three to one, and had taken four out of six from Leesburg.

In 1939, Dan Alexander's star-studded Sanford Celeryfeds wanted no time on Albany, winning four out of five after a season in which the Feds won 98 out of 133 games, and captured DeLand and Daytona, respectively.

In 1940, the Georgia-Florida entry from Waycross took the measure of the Orlando Senators, four games to two. Orlando had previously defeated Daytona three games to one, and had bowled over Sanford four straight, in the final.

In 1941 the series returned to an even keel as Thomasville won over Leesburg, four games to three. DeLand eliminated Orlando while fourth place Leesburg swept the series with Leesburg winning three games to two.

In 1942, three games out of four in the finals, Leesburg swept DeLand, 4 to 1.

The 1943 series will be played in Gainesville and the second game will be played in Gainesville. The series will be played in Gainesville and the second game will be played in Gainesville.

The tournament at the stadium in Gainesville has the status of a Mayfield.

By LEAGUE SERVICE BUREAU. On the eve of the seventh annual "Class D Championship of the Southeast" series between the winners of the Georgia-Florida and Florida State League Struggle playoff series, interest in the final outcome was seen increasing in view of the fact that each league has won three series, and one purpose for the seventh will break all records, weather permitting.

The Florida State League entry won the 1935, 1938 and 1939 titles while the Georgia-Florida team took the honors in 1937, 1940, and 1941.

In 1936, St. Augustine, after eliminating pennant-winner Gainesville had first eliminated Leesburg three games to two and then Sanford, four to two.

### Scientists Find The Chairborne Often Careworn

AP Newsfeatures  
**LONDON**—The army officer who sits at a desk is far more likely to break down mentally than the officer in the foxhole, four British Army psychiatrists reported in The Lancet, British medical weekly.

Of 150 British officers discharged or sent home from India for psychiatric disability, 120 were base officers and only 30 came from forward areas, the specialists said, adding:

"The infantry officer may at times be exposed to strain of a kind and intensity never experienced by his colleague at base headquarters, but this is for limited periods in between which he is probably physically healthier and (which is more important) more satisfied."

"He can, moreover, give vent to his aggressive impulses, and he obtains satisfaction from the crumbs of glory thrown to him by the daily press and from occasional decorations. It is easier for him to feel one of a team. His results and objectives are nearer."

"The staff officer, on the other hand, has little or no physical exercise, long office hours and less hope of obtaining promotion by death of his seniors. Though his typewriter may be mightier than the machinegun, he seldom has the satisfaction of using the keys himself as an outlet, and any anger or irritation he feels is more likely to be vented on other departments than on the enemy."

"In these circumstances it is no wonder that acid letters, childish squabbles over unimportant details and abuse of rank are known."

The report was signed by Lt. Col. R. F. Tredgold, two majors and a captain.

The population of Texas increased 287 percent between 1890 and 1940.

# THE 8560 MISSING LINKS

A vital link in providing electric service to your home is the transformer. Without this unit, we cannot bring you the many benefits of "Sunshine Service"—although you may have wires at your very door.

During the past year we have placed orders for 10,320 vitally needed transformers. To date only 1,760 have been received. Just as soon as we can get transformers and other critical materials—now an order—the more than 2000 members of our organization will make good their pledge to bring you the benefits of cheap electric service at the earliest possible moment.

**FLORIDA POWER & LIGHT COMPANY**

HERE ARE THE FACTS:

MATERIAL ORDERED	RECEIVED	MISSING
Transformers 10,320	1,760	8,560
Copper Wire 4,689,570 lbs.	2,810,800 lbs.	2,378,770 lbs.
Poles 39,530	22,170	17,360
Insulators 192,770	28,220	164,550

(Materials ordered during the past year)

**Security for YOU and YOURS**

Will the old-age benefit payments you receive through Social Security provide enough income to maintain your present standard of living?

Scores of thousands of men and boys are answering that important question by assuring themselves and their families enough additional income with safe, sound Woodmen life insurance protection.

As a member of the Woodmen Society, you also can build a large circle of good friends while enjoying Woodcraft's fraternal, social and civic activities.

There's a type of Woodmen insurance certificate that meets your needs for independence in old age. See the local Woodmen representative... let him show you how small monthly payments will build this added protection for you and your family.

## Meat Scarcity Main Topic In Capital Today

### Group Says Cattle-men Are Awaiting O.P.A. Action To Up Ceiling Prices

WASHINGTON, Sept. 26 (AP)—The scarcity of meat is uppermost in Washington conversations today as it is elsewhere in the country. There is no single, clear-cut answer to be found to the question of why meat is scarce. One group said that farmers have plenty of cattle but are holding them back until O.P.A. allows better prices, or until price ceilings are knocked off entirely. Another group maintained that farmers are not holding cattle back. This group contended that farmers are fattening up their cattle to make better beef, and that the cattle will not be ready for the market for weeks. Regardless of the arguments, the fact remains that the ranges are loaded with cattle. A record number of cattle reached the market during the time O.P.A. ceilings were off on meat. During that period cattle producers could charge any price for their meat they could get, and prices went up.

It was predicted at that time that the record summer run of cattle would mean less meat in the autumn, for the cattle rushed to market in July and August would ordinarily have been sent to market over a four month period through October. When the government decided that price ceilings should again be removed in order to get farmers to send their cattle to market, there are two ways to do it. O.P.A. can do it if approved by the Agriculture Department, which is now over livestock. The other way is more roundabout. Representatives of the meat industry will have to ask Secretary of Agriculture, Clinton Anderson, to remove ceilings. Then his decision, if favorable, is passed on the O.P.A. if he rejects the request, the industry may appeal to the control board.

## Whitney Says BRT To Elect Friends, Defeat Its Enemies

MIAMI BEACH, Sept. 26 (AP)—Delegates representing 21,000 members of the Brotherhood of Railroad Trainmen have a closed meeting planned for tonight at their convention in Miami Beach. The session will be used to work out plans to defeat representatives from 16 congressional districts in the November election. At a testimonial dinner in honor of Brotherhood President A. F. Whitney last night, the trainmen's union leader said the BRT intends to elect their friends and defeat their enemies. Whitney said the brotherhood has \$4,000,000 but none of it will be spent to defeat what he termed, "our fascist leader, and added that "He has defeated himself." Whitney did not specify to whom the reference was made, but at the opening of the convention five days ago, he asserted that President Truman had "defeated himself."

## ROXAS SAYS NO CONFLICT

MANILA, Sept. 26 (AP)—President Roxas of the Philippines today said there is no basic conflict of interest between the United States and Philippine government on the matter of military bases. Roxas said that negotiations will be resumed shortly, and he declared that there is no significance in the interruption of the complicated problem.

## Newspaper Week Proclaimed By Gov. Caldwell

TALLAHASSEE, Sept. 26 (AP)—Governor Millard Caldwell has proclaimed the period from Oct. 1 through Oct. 8 as National Newspaper Week. The Governor calls upon Floridians for "heartily cooperation" with the press in celebrating the event.

"The press performs a unique service to the people by safeguarding the constitutional guarantees of the right to full information," Governor Caldwell said, and added: "The press, in addition, contributes heavily to the welfare and progress of the nation, the state and each community through its news, comment, reports, and advertisements of public importance in war and peace."

## Kaiser Defends War Profits

WEST COAST INDUSTRIALIST Henry J. Kaiser (center) turns over the keys for the first of his assembly-line homes to Mr. and Mrs. Clyde Hixley, in Los Angeles, Cal., as their children, Clay, 4, and Cathy, 6, look on. At right is Fritz Burns, president of the Kaiser Company Homes, which plans to build 100 of the prefabricated dwellings a week. The five basic styles will sell between \$6,950 and \$8,650. (International)

## Prompt Action Needed In Petition Plan For County Fire Control Unit

Prompt action by a number of landowners in signing a petition for fire control in Seminole County is needed in order to present a petition to the Board of County Commissioners at their next meeting on Oct. 8, County Agent C. R. Dawson said today. Petitions can be signed at Mr. Dawson's office or at the Chamber of Commerce. The petition, already signed by land owners controlling 58,041 acres in the county, provides that a referendum be included on the subject of county fire control during the coming November election. It is necessary that landowners controlling 90,000 acres sign the petition in order that fire control be included in the issues voted upon. Total acreage of land in Seminole County is 192,925 acres.

Yesterday, William Jacobs, executive secretary of the Forest and Park Association under which fire control is maintained in forest areas throughout the state conferred with Mr. Dawson and Edward Higgins, manager of the Seminole County Chamber of Commerce on the subject.

If fire control is approved, there will be two towers built from which the whole county can be viewed. The men in charge will be equipped with radios and maps whereby they will be able to locate fires before they get a good start, and to dispatch trucks and fire fighting equipment to the scene at once. Wood fires can menace a town, and many towns have been burned up by such fires, Mr. Dawson declared. He pointed out, however, that cattle men would be able to burn over land, but it would be under control and not allowed to cause damage or to spread.

County Commissioner H. B. Pope declared this morning that he was definitely in favor of such fire control, especially in view of the present shortage of lumber, and added that compared with benefits derived, the cost would be small.

The Florida Board of Forestry and Parks reported at the end of 1945, a total of \$339,583 acres under organized fire control, involving lands in 61 counties. At that time there were 99 lookout towers and 105 fire trucks in operation. More than 18,000 miles of firelines had been plowed during the previous year by 28 tractors. They have seven base radio stations, 40 mobile radios and 173 radio receivers.

## Orange City Hotel Has New Manager

William P. Hinton, past commander of the V. F. W. Department of Virginia, announced today that he and a group of businessmen have taken over the operation of the Orange City Hotel.

Mr. Hinton has operated hotels throughout the United States for the past 28 years. He said that the hotel's various departments would be managed by members of his family.

## Truman Says Food Exports Must Continue

### Observers Declare President May Desire More Funds For World Relief

WASHINGTON, Sept. 26 (AP)—President Harry Truman declared today that the shipment of American food to the hungry still short of an adequate supply will not be reduced during the current year. Mr. Truman, according to observers, say want Congress to appropriate additional funds for international relief.

The President sent a message to Congress today, accompanied by a quarterly report on the activities of the United Nations Relief and Rehabilitation Administration. The Chief Executive did not request more funds, but it is uncertain whether he wanted relief work to continue. Mr. Truman declared in his message: "We must continue our endeavors to conserve our food resources." He went on to say that action thus far to avert a world-wide famine has been successful. He added: "It would be doubly tragic if we were not prepared to meet the less difficult task ahead."

The President did not say whether the task should be accomplished through the United Nations, or if the United States should attempt to tackle it alone. The president, however, did make it clear that he wanted relief work to continue. Mr. Truman declared in his message: "We must continue our endeavors to conserve our food resources." He went on to say that action thus far to avert a world-wide famine has been successful. He added: "It would be doubly tragic if we were not prepared to meet the less difficult task ahead."

## Japs Were Afraid U. S. Fleet Would Not Strike Back

TOKYO, Sept. 26 (AP)—The war crimes tribunal trying Japan's accused war criminals today said today that Japan's biggest worry was that the United States fleet might not fight and the war therefore might drag on for costly years.

The record of a secret conference between Japanese Foreign Minister Yosuke Matsuoka and German Foreign Minister Joachim Von Ribbentrop was introduced as evidence in the trial. The record quoted the Nazi as urging that the United States fleet be kept out of the Pacific. That was in March, 1941. Ribbentrop is said to have told the Japs that the United States would be powerless to retaliate if the Japs took Singapore. Matsuoka was quoted as replying that the United States fleet would not send its fleet west of Hawaii was causing considerable worry in Tokyo.

## City Issues Permits To Construct Homes

Ray J. Rinson has received a city permit to erect a five room dwelling at estimated cost of \$6,600 in the San Lusia subdivision on East Fourteenth Street between Pine and Locust Avenues.

A permit has been issued to Josie Stephens to erect a two room concrete block home on Sanford Avenue between Thirteenth and Fourteenth Streets at an estimated cost of \$4,000.

## DRUNKEN DRIVER NABBED

Reports reached police at near midnight last evening that a drunken driver was driving near the Anchor Inn at the junction of French Avenue and the Orlando Highway. Capt. Bill Tighe investigated, and arrested Harold Austin Hoag, driving an automobile with a Hillsborough County license. Hoag was charged with drunk driving and driving without a driver's license.

## Nazis, Japs Worked At Diplomatic Cross Purposes In One Phase Of War

WASHINGTON, Sept. 26 (AP)—The State Department has published a secret German document which reveals that Germany and Japan were working at diplomatic cross purposes during one phase of the war. The document shows that in 1943, Japan was attempting to arrange peace between Germany and Russia, at the very moment when Germany was trying to get Japan to jump on Russia from behind.

## Aftermath Of Heavy English Rainstorms

POLICE AND FIREMEN comb the wreckage for survivors of a passenger train that plunged down the embankment at Colford, England, after heavy rains which are believed to have undermined the tracks. One man was killed and twenty injured. Heavy damage was caused by the violent gales and floods. (International)

## Holland Leaves To Open Office In Washington

TALLAHASSEE, Sept. 26 (AP)—Florida's new senator, Seward L. Holland, was scheduled to leave for Washington this afternoon. The 61-year-old wartime governor, who was appointed by Governor Tallahassee to fill the unexpired term of the late Senator Charles Q. Atteridge, said he has an inclination to support the administration.

Holland said he still has an opinion on the foreign policy subject. He said he only has the lay information at present, but that he will acquire more information when he gets to Washington. Senator Holland declared that he hoped the Florida congressional delegation will work with unity on matters affecting the state, but that each man should follow his own conviction on broader issues. He believed he will advocate a national labor policy similar to the right of Senator Claude Pepper.

## Pickets On March Around Big Studios In Movie Capital

HOLLYWOOD, Sept. 26 (AP)—Picketing today marched around Hollywood's biggest movie studios in a strike brought on by an AP of I. jurisdictional dispute. Several thousand workers of the conference of studio unions are out on strike so far everything is quiet.

Some actors went through Paramount's gates this morning before the pickets forced their way at the "Rock Around the Clock" scene. Robert Preston and Allen Jenkins. Other actors spent the night on the lot, where mattresses and canned foods were ready and waiting.

Most of the pickets stand around the gates at MGM and at Warner Brothers, where rioting went on in last year's strike. Several dozen police were on duty today.

## Unidentified Ship Radios SOS Signals

NEW YORK, Sept. 26 (AP)—The Coast Guard said today it had received word of an S. O. S. from an unidentified ship in distress about 400 miles southeast of Bermuda. No additional details on the ship or its plight were available.

Radiomarine Corporation also picked up the distress signal at six Chatham, Mass. station.

## Windsors Plan Trip To England Shortly

PARIS, Sept. 26 (AP)—The Duke of Windsor is planning to take his Dutchess to England next month for the first time since he renounced his throne as King of Britain in 1936. This was disclosed by the Duke of Windsor's secretary in Paris. The Secretary said she does not know whether the couple plans to stay in Britain permanently. Said the Secretary: "We have just arrived from the Riviera and nothing has been decided."

## Greece Ready For Return Of King George II

### Yugoslavia, Albania Deny Sending Subversive Elements Into Northern Area

ATHENS, Sept. 26 (AP)—King George II will return to his throne in Greece on Saturday morning, Sept. 26, after spending most of the war in London by exile. Greece is torn by civil war and spokesmen for the King's government have accused Albania and Yugoslavia of arming subversive elements and sending them into northern Greece to fight. The Yugoslav and Albanian governments have denied the charges, but the fact remains that every day brings fresh reports of fighting and killing.

It is hoped in Athens that the return of King George will somewhat quiet the tense situation. Extra precautions are being taken in Athens for the King's return Saturday. All along, the rebels have said they were protesting the King's return.

Athens will close down completely Saturday morning for the King's reception. All permits for carrying arms have been suspended. Persons lining the King's route will be liable to search. All persons have been forbidden to watch the parade from rooftops or terraces from a depth of about 100 yards from the line of march. At the same time, the 30,000 British troops in Greece that could help restore order if called upon may be withdrawn at any moment. British sources in Athens say the British troops are being reorganized and that one of the two divisions is being withdrawn. In London, the British Embassy daily Herald says the British troops in Greece will leave at the end of the month.

## Current Needs At City Zoo Told At Jaycee Luncheon

Chief M. N. Cleveland of the Sanford Fire Department and Dick Elsbury today told members of Junior Chamber of Commerce of current activities at the Municipal Zoo and outlined recommendations needed at present to improve the attraction.

Chief Cleveland pointed out that the zoo was started in 1924 by the Fire Department but shortly afterward the facilities available. After the construction of the new police station, Chief Cleveland said the zoo was set up at its present site. He related how a disk agreement to feed the animals of the City would provide the food. This was agreed to by the City, Chief Cleveland declared. He also mentioned that the Municipal Zoo and Police Department raised enough money a number of years ago and purchased the first lion to be put in exhibition at the zoo.

Mr. Elsbury reported that he had completed a brief survey of the zoo and said that approximately \$2,500 is needed to improve the zoo and make necessary repairs at this time. It was pointed out by Mr. Elsbury that the Municipal Zoo is one of only 45 zoos situated in continental North America.

President Heston reported that following a survey of funds provided in the newly adopted budget, the Jaycees might be permitted to help financially in repairing and publicizing the zoo. President Heston also said that the City of Sanford would not increase the value of taxation of privately owned property which was cleaned up for the purpose of beautification. This statement was made in answer to a report recently made that the City would increase the value and taxation of property in the event any action was taken by the property owner to beautify the land. President Raitigan pointed out however, that if the beautification was made for the purpose of raising any commercial benefits, the property value and taxation would be adjusted accordingly.

## ONLY 4 MORE DAYS LEFT TO RENEW YOUR DRIVER'S LICENSE WITHOUT AN EXAMINATION
