YEAH?
Miami Scrapper Makes Good His Threat By Knocking Him Out

Knocked to the canvas six times, twice flat on his back, in four rounds, pounded from corner to corner, and with blood trickling from his mouth, Stanley "Kid" Peckham, popular Lake Mary battler received what must have been the worst beating of his entire career last night when Eddie Stewart, tough little Miami battler made good his threat of "fistening Peckham early" by being declared the winner of a bout which was stopped in the seventh round when it appeared that Peckham could go no farther.

The bout, the main event on a card which saw more hard and furious punching than any so far presented here, was the main event of the evening. It started off tamely, but before the third round was over, Stewart's power and punch had shown the fans a glimpse of what later took place. The Miami boy, never in trouble, pushed right and left with lightning like speed into Peckham's face and ribs time after time, receiving only hard, but glancing blows in return.

In the fourth round, Peckham's followers were amazed when, with his defenses crossed up by Stewart's weaving style, a left to the side of the head, sent him reeling to the canvas where he took a count of nine before rising, groggy and bewildered. Stewart had preceded that left with a hard right under the heart, and when Peckham got up, he could hardly raise his left arm, indicating apparently that Stewart had paralyzed the muscles on that side. Peckham went down to the canvas one more time in that round when Stewart rushed him, throwing rights and lefts to the head. The bell saved Peckham.

The fifth and sixth were fiercely fought, with Stewart picking up points as he went along. Peckham's defense appeared to be shattered, and he could hardly swing that left which usually carries so much punch. In the sixth, he went down two more times, once flat on the canvas. As he came out in the seventh, his face and chest red from Stewart's terrific pounding, the fans sensed that it couldn't last much longer. Stewart proceeded to end the slaughter by knocking Peckham to the floor twice with solid rights and lefts. A left to the jaw finished the Kid, as he slumped into Stewart's arms and held to the floor. Referee Moss stopped the fight there, and Stewart and Peckham's handlers carried him to a corner.

It was a terrifically hard fought battle, and was received in almost silence by the fans, most of whom were Peckham's supporters. His dramatic defeat came as a distinct surprise to every person about the ring, with the exception of Stewart, who atoned for a rather mediocre showing here two weeks ago by putting up a magnificent fight. Stewart's powerful right handed punches were accompanied by his full weight, and without exception, he carried every round.

The semi-final saw Wade In Lumpkin, 164 pound Orlando negro score a knockout over Black Boy, 102 pound Tampa scrapper in the fourth round of a scheduled eight round bout. That fight was also a fast one, with both boys trading solid blows and keeping the fans excited all the way. Terrific rights and lefts to the head resulted in Black Boy's knockout, and he was starry-eyed when he was lifted to his corner.

Kid Allen, Sanford's fastest and most able 118 pound scrapper won a well-earned decision over Young Harrison, Miami boy, in a four round preliminary which was one of the best bouts of the evening. Allen had the edge in every department although he took plenty of punishment. Harrison was driven all over the ring in the last round, and appeared out on his feet at the bell.

ANALOGY IS SEEN BETWEEN MONEY SLUGS

(Continued From Page One)

The 1914-1921 period, with the 1898-1905 period, the following striking similarities are noted:

(1) Enormous war time inflation gave way to a depression of 1894-98 being accompanied by a business depression in 1921, and that of 1920-1921 a depression in 1921.

(2) Eight years later, periods marked by recovery and minor recessions, in 1898-1905 and 1920-1921.

(3) During the two post-war periods, commodity prices declined from a level of about 240 to 120 in about 40 years.

OLIVE SMITH HILL IS WED TO JOHN TOWNE

Of interest to a wide circle of friends was the marriage of Mrs. Olive Smith Hill to John W. Towne last evening at 7 o'clock at the Methodist parsonage with the Rev. Carroll Varner officiating.

The bride wore an informal gown of black chiffon with embroidered white chiffon shawl collar, and accessories to match.

Mrs. Towne has been a resident of Sanford for the past few years and has been employed by the Sanford Atlantic National Bank. She is the daughter of Mr. and Mrs. G. Bassett Smith, of this city.

Mr. Towne has lived in Washington, D. C. and has held a position with the Bureau of Engraving.

A reception was given at the home of the bride's parents shortly after the ceremony and the couple then left on a wedding trip to points in Florida. They plan to leave in a few days for Washington, where they will make their future home.

Thousands Cheer 2 Hungarian Fliers Ending Long Flight

(Continued From Page One)

plane had just arrived at the field from Vienna when Captain Magyar's message arrived, and the plane was sent immediately to Bischo to pick up the weary trans-Atlantic fliers.

In this plane they were taken to the airfield. The huge crowd which had waited long and patiently for their arrival had dispersed in the meantime, and the members of the Hungarian cabinet, who had interrupted a meeting to rush to the airfield when they learned that the trans-Atlantic plane had been sighted in the vicinity, had resumed their sessions.

The premier, Count Bethlen, had expressed an earnest desire to see the aviators as soon as they arrived, however, and they were driven immediately to his home, where they were welcomed by the count and other members of the cabinet.

Although from the popular point of view the arrival of the aviators came somewhat as an anti-climax to the hopes and expectations that had been built upon it, formal ceremonies to celebrate the exploit were being planned for today.

The fliers took off from Harbor Grace, N. F., at 11:18 A. M., E. S. T. Wednesday.

The first report received from them Wednesday night came from the steamship Stavangerfjord, which picked up their radio signals. The signals indicated the fliers had covered approximately half the distance across the Atlantic.

Draining tankards of beer at the Matysafeld Aldrome after their arrival last night, the aviators said their take-off at Harbor Grace was difficult because of the weight of the machine.

They noticed a hole near the top of their fuel tank, they said, and were forced to pour out part of the precious gasoline supply in order to prevent greater leakage.

"The visibility improved toward morning," they said, "As we were flying over France we lost our direction and had to dip as near as possible to the ground to read the names on some of the railroad stations along the coast."

"When we first reached Hungarian territory our fuel had

nearly given out and in the neighborhood of Bischo we could not keep the motor running any longer and were forced to come down.

"Neither of us slept a wink during the flight, but our friendship carried through our difficulties. It was a sad decision but there was nothing else for it."

"I am glad to be home, but Captain Endres is luckier than I. He has a wife and children waiting here for him."

The fliers left Harbor Grace expecting to meet some bad weather. Dr. James H. Kimball, New York weather bureau meteorologist, telegraphed they might expect blind-flying because of low-lying cloud areas along much of the route.

The "Justice for Hungary" had a radio receiving set and a transmitter that sent on a 600-meter wavelength.

Early yesterday morning the steamship, Maya reported it had received a radio message from the fliers which indicated their position was about 150 miles off the southwest tip of Ireland.

PHILADELPHIA, July 17.—(A.P.)—Hundreds of south bound commuters on the Pennsylvania railroad electric lines were delayed more than half an hour last night when Ms. Albert Smith's parachute fell thwarted feed wires on the line. A crew of electricians removed the bag while Major Smith, who had landed safely, looked on.

LIQUOR SEIZED, TWO HELD

MIAMI, July 17.—(A.P.)—Customs patrolmen here said yesterday they had seized 1800 quarts of assorted liquors and a 32-foot speed boat and arrested two men at Sand Key after an all night vigil. The men, who gave their names as J. S. Wilson and E. Ferguson, were held in Dade county jail pending a hearing.

OH YEAH?

By PETER SCHAAL

One of the teniest and most interesting games played in Central Florida League circles provided some 600 DeLand-Daytona and a few other fans with an afternoon of real pleasure in DeLand yesterday where the Islanders won a lucky 3 to 2 verdict. Ferrazzi, the burly DeLand hurler, set the Islanders down with six hits, and lost a game which should have been a 1 to 0 decision in his favor. He was a trifle unsteady at the start, but from the third inning on, he pitched magnificent ball, equaling the efforts of Lefty Lane, the crack Daytona southpaw, although Lane was nipped for 10 hits. The Islanders filled the sacks with one out in the first on a double, single and error. Hutto hit a ball to Shannon at second which could and would have resulted in a double play, but the ball made a clean bounce over Wall's head and rolled into the outfield as all three men scored. The Islanders never threatened after that. From then on it was a great game, with DeLand creeping up slowly, losing two fine chances to score in late innings when Lane bore down like a master.

In the meantime the Indians were taking the measure of the Feds in Cocoa, while Rodenbaugh's Parkers whipped Wolfe and Al Whitley, of the Saints in the Cathedral City. The games were all well-played yesterday, and fans should have been well satisfied.

The Cards sent Wild Bill Hallahan to the mound yesterday to stop the battling Robins. He shut them out 5 to 0, allowing seven blows, and turning in his best performance of the year. He struck out eight men, issued only one walk, and had things his own way in the pinches. Watkins and Harty hit homers for the champions. The series now stands two for the Cards, one for the Robins.

The Cubs moved into second place by batting out their third straight win over the Giants, the game ending 5 to 2 in favor of the Caponeville crowd. It was a free-hitting game, with Charley Root getting the best of old Clarence Mitchell. Cuyler, Wilson and Hornsby turned in consistent batting performances, as did Fullis, Terry, and Ott.

Crafty and cunning hurling by Cunningham of the Braves resulted in a 2 to 0 shutout over the Reds. The Reds got only five hits, three of them extra base knocks, but that mysterious and elusive thing called punch was sadly lacking. Lance Richburg, the Florida cracker got three for three, he led the Braves at bat, scoring one of the two runs, too.

With each team using three pitchers, the Pirates emerged with a 12 to 8 win over the Phillies to make it four straight. Cokorsky hit a homer which was directly responsible for the win. Chuck Klein failed to get a hit in five tries, succumbing to the elbowing of Osborn, Swetonic and Brime.

A dramatic three run rally in the ninth inning saw the Senators take a 5 to 4 decision from the White Sox and allow them to hold their own in the apparently futile chase for the American League flag. Jolley hit a homer for the Sox in the seventh, scoring one ahead of him, but a brace of hits, with West's triple leading off, saw the Sens forge ahead in the ninth to a much needed, and well-earned victory.

Doubles by Schulte and Mellie gave the Browns a 2 to 1 decision over the Red Sox, although the Browns scored only five hits. Gray scattered eight hits all over the nine innings, and was right as a tick in the pinches. Egan and Moore did the Sox hitting, with Moore being the most effective.

Although Lou Gehrig got his fifth and Babe Ruth his 22nd homer of the year, the Yanks, because of four of their hurlers nipped 11 men and were nipped for 11 hits, lost a 9 to 8 decision to the Indians, acquiring the series at two all. The Yanks outbit the Clevelanders, but they make enough runs to win in a victory. Huffing also pitched in the game, which

Culbreth Leads Mates To Eighth Straight Victory For Indians

The Feds lost a 6 to 2 decision at Cocoa yesterday afternoon when Atkinson held them to six hits, and kept himself out of trouble almost all the way. In the meantime the Indians got to Burkhardt, former DeLand left-hander, for nine hits, with Culbreth getting three of those, and batting 1.000 for the day. Fed errors aided in the defeat, although Burkhardt was wild, walking six men.

It was the eighth consecutive victory for Cocoa, and their 13th in the last 16 starts, making them favorites for second half honors. The features of the game was Red Martin's catch of a long fly from the bat of Joiner, and a ball thrown by Harrell lying flat on his back, catching Chapman at first.

Sanford All-Star Nine Orders New Uniforms

By E. H. CULLUM.

Diamond ball uniforms have been ordered for the Sanford All-Star team and should be here within the next two weeks, at which time the All-Stars will be ready, willing and anxious to meet any out-of-town team from Jacksonville to Miami.

Negotiations are now under way with several out-of-town leagues for games, and as soon as the uniforms get here it is the desire of the Association to stage at least one, and if possible two games a week with a team from some other city.

The uniforms are white from cap to shoes, with the word Sanford in black letters across the front of the shirt, the cap bearing the single letter S.

These uniforms were made possible through the generosity of the following firms, whose action is greatly appreciated by the entire association:

Bryans Sporting Goods Store, H. L. Perkins Mens' Shop, Hi-Grade Bakery, Sanford Machine Co., Stoudenmire's Cash Grocery, Campbell Drug Co., Smoke House, Celso-Plo-Pure Co., Semi-nole Cessamery, Wight Bros. Co., Sanford-Oviedo Truck Growers Association, Chase & Company, Piggly-Wiggly, Pentland, Gray & Moore and M. L. Cullum.

Here's how the Big Six standings looked this morning:

Independents Whip Chase & Co. Team By 13 To 10 Count

By E. H. CULLUM.

The Independent Merchants Association diamond ball team showed an entire reversal of form last night, defeating Chase team 13 to 10.

Dennis started on the mound for Chase and with the exception of the first and fifth inning held the Independents fairly well. In the first inning, the Independents started out to put the game on ice right then and there, and put over five runs; they put over two more in the second, one in the third, four in the fourth and one in the sixth, total 13. W. Kinlaw relieved Dennis in the sixth and Hodges relieved Kinlaw in the 7th. In the 7th inning only three men faced Hodges. Tillis popped out; Percy and Edensfield striking out.

Palmcr hurled for the Independents and he was in there beating down all the time. The Chase team put over one run in the first inning, two in the third, two each in the fifth and sixth and three in the final inning to bring their total up to 10.

Miles was the heavy hitter for the Independents, getting two out of three, both hits good for the circuit. His homer in the 5th scored two runs ahead of him. Rive also came through with two hits out of three times up, a single and a double. Miles also stole home in the first when Dennis stepped out of the box.

The feature of the game was Wilkins' perfect peg from deep center to the home plate to cut off a runner. However, the ball reached home a fraction of a second too late to cut the runner down.

THAT'S PART OF THE BARGAIN

The other day we heard a wise shoemaker say he couldn't afford charge accounts. Neither can we. In spite of the fact that we do the largest retail grocery business in the world, we can't afford to wait for our money.

That's our conviction, and we've got to stick to it if we're going to run our affairs economically and efficiently and supply our enormous public with good food at low prices.

A small profit on each item sold—that's all we'll ask if you keep your part of the bargain and pay for everything you buy when you buy it. As far as that goes, it's best for both of us. It helps to keep us both out of debt, which is good for your digestion and peace of mind, and good for our business.

and too late to cut the runner down.

Another large crowd was on hand at the game, taking advantage of the cool breeze off the lake and at the same time enjoying the game to the fullest.

Tonight a team will be here from Orlando to cross bats with a picked team of Sanford players.

MERCHANTSHIP BUILDING IN U.S. SHOWS INCREASE

Report On 2nd Quarter 1931 Reveals Spain, America As Leaders

NEW YORK, July 17.—(A.P.)—The United States and Spain showed a gain in merchant shipbuilding during the second quarter of 1931, while the volume for the world declined to the lowest figure since pre-war days, said a statement by Lloyd's register of shipping yesterday.

The report covers returns from all maritime countries, except Russia, for the three months ended June 30.

As compared with the previous quarter, a world decline of about 175,000,000 gross tons was shown. The total was almost 1,340,000 tons below the period just before the war and 1,232,000 tons below a year ago.

Great Britain and Ireland showed a decrease of 138,000 under the first quarter. The little more than half a million tons of merchant ships being built was a figure below which these countries have not fallen since 1892.

The advance of 70,000 gross tons over the first quarter shown by the United States brought this country's figure of the war building boom. It was more than double the total in the immediate pre-war period.

Contrast in conditions in the principal groups of shipbuilding countries was shown in the following tables, the figures representing construction under way in the last two years.

	June 30, March 31,	1931	1931
Great Britain and Ireland	555,603	698,814	201,489
United States	965,895	1,075,049	1,125,087
World total	1,521,498	1,773,863	1,326,571

Why Drive in Danger WHEN THE WORLD'S SAFEST TIRES COST SO LITTLE?

FIRESTONE Tires are the safest tires in the world, because of inbuilt patented construction features—**Gum-Dipped Cord, Patented Double Cord Breaker, and Tough, Thick Non-Skid Tread**, which give—

- 58% longer flexing life in every cord
- 54% stronger bond between tread and cord body
- 26% greater protection against punctures and blowouts
- 25% longer non-skid wear
- 25% to 40% longer life

Firestone saves millions of dollars annually through economies in buying, manufacturing, and distributing to give these extra values at low prices in the history of tire building. We have a complete line of Firestone Gum-Dipped Tires for you to choose from. Every Firestone Tire bears the name "Firestone", and is doubly guaranteed by Firestone and by us.

Come in TODAY—we will make full allowance for the unused mileage in your old tires. Let us show you how little it will cost you to own a Firestone High Speed Tire—and eliminate the danger of worn tires.
