The Longwoods of Longwood—Jonathan, Ethel, Keith and Larry.

# Longwood's Goldberg To Be Sworn On Jan. 5

By DONNA ESTES Herald Staff Writer

LONGWOOD—Lawrence (Larry) Goldberg, who describes himself as a fiscal conservative and human rights liberal, will be sworn in as a city councilman by Mayor James R. Lormann here on Jan. 5.

The first person of the Jewish faith to ever run for public office in this city, Goldberg soundly defeated a long-time resident for the post in the city's early December election.

"I thought I could do a good job," said Goldberg, resident of the community for little more than a year before seeking public office.

Goldberg and his wife Ethel have two sons, Keith 5 and Jonathan 4 and make their home in Sandalwood subdivision, off E. Williamson Road.

Mrs. Goldberg helped her husband in the campaign with everything from telephoning to voters, to serving as campaign treasurer, to contacting people to register and vote to typing up the single letter he sent to the people.

Although he had never been involved in a political effort before, Goldberg enjoyed the door-to-door campaigning and said he was able to hold his tongue when he ran into a bit of anti-semitism during the campaign.

A member of the board of directors of the United Cerebral Palsy of Seminole County, the Longwood area Chamber of Commerce, the Longwood Sertoma Club and B'nai B'vith.

"I hope to see a working council where everyone works together instead of fighting each other," Goldberg said. He also hopes to see an annexation program begin before "Altamonte grabs it all up."

And, Goldberg favors a good and effective land use plan being formulated and followed. For hobbies the Goldbergs, in addition to civic duties, show Yorkshire terriers.

The close knit family agrees Ethel is an excellent homemaker and cook. Her favorite holiday recipe is a noodle pudding called "kugel."

# Hillsborough County's Safety Hazards Studied

Some examples of "safety hazards" used to justify courtesy busing in Hillsborough County are being considered by the Seminole County School Board members who are attempting to define both more carefully.

Board Chairman Robert Feather read a list of hazards used during Thursday's workshop meeting on the costly busing of pupils living within two miles from their respective schools, for which no state funding is made.

State law requires regular busing of pupils who live more than two miles from school, according to board member Dave Sims.

Feather said he is definitely against "fee busing," where it was suggested participating parents would pay for any service provided students who live less than two miles from school, because he said it is "discriminatory."

The suggested safety hazard list, part of which may be incorporated into the board's criteria expected to be presented at the Jan. 7 board meeting include:

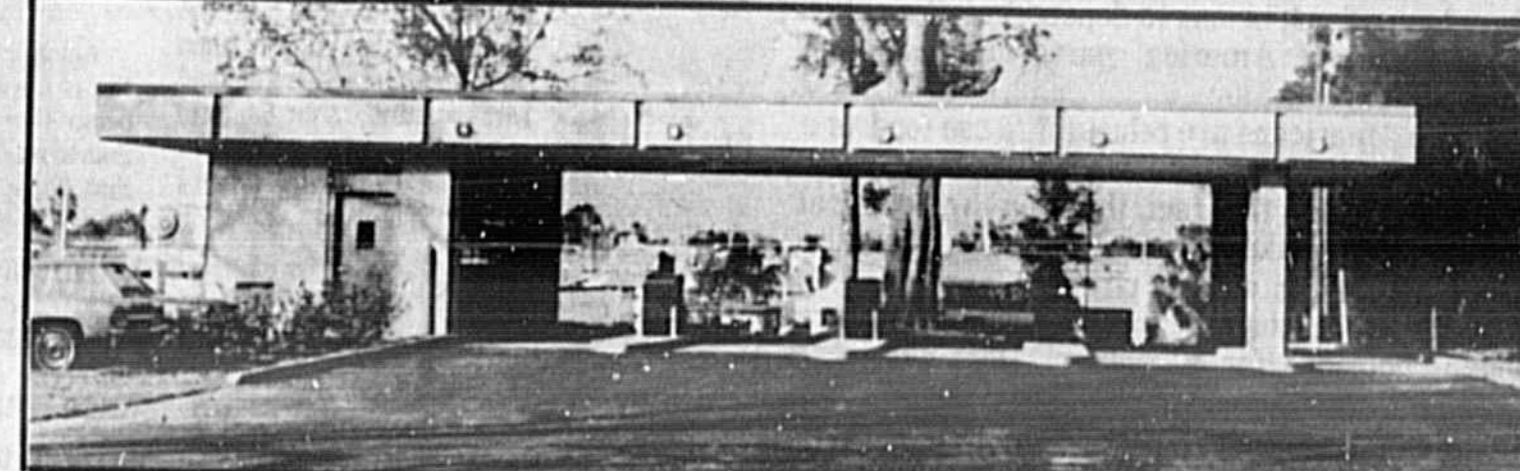

- Areas without sidewalks.
- Intersections without traffic signals where automobile speeds are frequently excessive.
- Areas with narrow streets and shoulders.
- Sparsely populated areas, overgrown with vegetation where pupils must travel.
- Blind areas.
- Open water areas.
- Areas near railroad tracks.
- Pre-dawn light when children walk to school.
- Low lying areas susceptible to foggy weather.
- In addition, four alternatives to providing courtesy or convenience busing have been discussed by board members.
- Requiring local governments to provide safe passage for pupils to their respective schools.
- Beginning an annual review by the board of courtesy or convenience busing provided, in addition to reviews by school administrative staff.
- Hiring a private carrier or bus company to avoid using regular school buses.

## Declares Plan Would Reduce State Aid To County

# Rep. Fechtel Issues Warning Against Courtesy Busing

By DONNA ESTES  
Herald Staff Writer

support an effort to have the State of Florida fund transportation for school students under the two-mile limit. "If the state starts paying to transport children under the

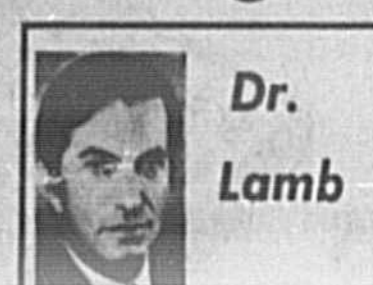

two miles, it will simply hurt Seminole County," he said. Fechtel added that redistribution of state bus money will mean more dollars for Hillsborough and Dade

Counties and less money to Seminole. Currently, the practice in Florida is to fund the majority of local cost for busing students who live two miles away from their schools.

Costs of courtesy-busing students, who live within the two miles, are paid by the local school board.

## Fatigue Is A Symptom Found Among Diabetics

By Lawrence E. Lamb, M.D.  
DEAR DR. LAMB — I am a male, age 60, and have known of my diabetic condition for over six years. My problem is low energy about 60 per cent of the time and sore heels if I walk too much.

Dr. Lamb

My doctor put me on three Orinase tablets per day at first, then about two years ago put me on one D B I capsule a day. My morning fasting blood sugar tests run from 130 to 150, and my urine tests are plus one most of the time on the test tape. My blood pressure is normal, and my weight is within my doctor's limits. I use no table sugar, but do use artificial sweeteners moderately. Do you have any suggestions to raise my energy level? Until about six years ago I could outwalk and outwalk most people my age, now it is just the opposite.

In the cell to release food energy. Insulin, as explained in the Health Letter, reverses the problem and releases energy from food. At the same time this lowers the blood glucose (sugar) level. It's action is not the same as you get from the oral diabetic pills and capsules. You should know that the Food and Drug Administration has considered putting a warning label on oral diabetic medications, about their potential dangers. This may already have been done by the time this column appears. I think any patient on these medicines should review his status with his doctor and consider treatment with diet alone or if that cannot be done, the advisability of using insulin.

DEAR DR. LAMB — I have heard that there is a lot of food value in beer and that it also helps to restore your memory. Is this true?

DEAR READER — That's mostly wishful thinking. Beer contains a lot of calories, nearly 200 in a pint. Those calories come from its alcohol content. It does not contain any im-

portant amounts of vitamins or minerals or provide any bulk. Far from improving your memory, an excess, regular intake of beer damages brain cells and leads to loss of mental ability. At autopsy, the brain from the alcoholic is often shrunken and gives the appearance of premature aging.

Meanwhile, Sen. Lori Wilson (D-Ferris Island) noted local school boards have the prerogative of busing all the students if they wish to and are willing to pay the costs.

She noted that there is some concern that students living within two miles of their school may be being discriminated against. "The School Board can do it, but they will not get state money for it," she said.

Fechtel said there are only so many transportation dollars available in the state and a reassessment of the school bus program statewide would cause a redistribution of funds that would hurt smaller counties, such as Seminole, and benefit the state's large counties.

In other business, the delegation heard Altamonte Springs City Commissioner Cal DeVony urged that consideration be given to providing by law for a county-wide

drainage tax district in Seminole County. A representative of the Seminole County League of Civic Associations urged the delegation's support of upcoming legislation to permit competitive advertising of eye glasses.

Vogt predicted the legislation "will go through the Legislature like greased lightning."

Sanford City Commissioner A.A. McClanahan noted sarcastically that the Legislature has seen fit to adopt law applicable only to Seminole

## Sanford Postal Fringes Are Reduced This Year

By JOE ASKREN

— \$220 in uniforms for letter carriers and window clerks. — Paid days for jury duty, when employees return their jury duty pay to the post office. — Retirement at age 55 with 30 years service, or age 60 with 20 years service.

There are 182 postal workers in Seminole County. Postmaster George M. Coleman, of the U.S. Postal Service here, said the fringe benefit cost was \$115,664 for 1974, but was reduced this year because of the reduction of eight people.

— Retirement benefits equal to 50 per cent of their salary with 27 years service, (deducting or adding 2 per cent for each year more or less than 27 years service). — Nine paid holidays. — 13 days paid sick leave per year.

Coleman said employees get free life insurance equal to their annual salary, plus \$2,000. The government pays 75 per cent of their hospitalization coverage costs, he said.

Other annual benefits include:

## Question: Are the CONTENTS of your safe deposit box insured?

# Answer: Probably not!

True, safe deposit vaults and boxes provide far greater protection than an individual could provide himself. But, if the financial institution where you rent a safe deposit box were robbed or looted, the financial institution, itself, would be protected by insurance, but you would not be. Nor could you collect from the financial institution without entering into costly litigation and proving negligence in court.

FIRST FEDERAL OF SEMINOLE introduces a "first" to central Florida. Effective March 1, 1975 all box-holders who rent safe deposit boxes at First Federal of Seminole will receive a \$5,000 **Life and Casualty** policy—absolutely free—insuring the contents\* of their boxes up to that amount. Additional coverage available at modest cost. FIRST FEDERAL OF SEMINOLE automatically provides ultra-modern vaults, alarm systems and all recognized standards of security. Rental prices have not been increased to provide our customers this additional protection and peace of mind. Why, then, is this new service being provided? Because we think our customers deserve it. For information about this added protection for your valuables, stop by any of the six offices of First Federal of Seminole. # Herring Challenges Committee's Request

(Continued From Page 1-A)

recording and signed transcript of an order statement by Morris that is contrary to Morris' affidavit.

"Certainly I would like to make it public right this moment," Herring told reporters on Friday, "but I think there's a more appropriate forum—the courts."

Herring said his investigation of the day pit purchase was initiated "based upon those statements (by Morris) and was taken to the grand jury. Subsequently the grand jury brought Mr. Morris in."

The Morris affidavit was given to the press by Pratt and the Circuit Court ordered Morris' secret grand jury testimony transcribed by a court reporter.

The transcript won't be available until Monday or Tuesday, Herring said he's been told.

Jack Bridges, attorney for Morris, said a public statement by his client concerning the affidavit may be forthcoming.

Herring wasn't in the grand jury room when Morris testified, but says he assumes that Morris "testified to certain facts and that pursuant to those facts the grand jury returned an indictment based upon the laws instructed by the State Attorney's office."

Herring says he purposely kept out of the jury process because of a past friendship with Freeman, who was a "law school buddy" and Herring's 1963 campaign manager in Seminole.

"But I would assume that the grand jury or they wouldn't have returned the indictments," Herring told reporters.

"The statements that I heard, in my opinion as a prosecutor, were sufficient and certainly were in conflict with what Morris' affidavit states," Herring said.

In a brief appearance with Freeman in County Court Friday, Mason said the felony indictment against his client is insufficient and "fails to charge a crime."

He said he has filed motions with the court to have the indictment dismissed.

"Clearly the charge is false," Mason told reporters outside the courtroom. "Even if he was guilty of the charge it doesn't apply to Freeman" because he provides contract services and isn't a county employee," the attorney said.

Mason refused to comment on Morris' affidavit.

Herring later said, "I think there's no question that there is a decided conflict between the affidavit and the statements given and, I assume, the testimony given the grand jury."

Pratt referred to "twelve indictments, 30 accusations and no trials" when telling newsmen that Herring's record "indicates this urgent action immediately (investigation of Herring's office)."

"This isn't a personal attack on Herring," Pratt said, "just on the mis-operation of his office."

When told of Pratt's request to Gov. Askew for a probe of his office, Herring said, "If he presents something with some merit to it, I'm sure the governor will do what should be done."

"If he is suggesting a probe because it just so happens that some of his friends have gotten their tail in a crack, I can't conceive of the governor acting on that basis," Herring said.

Herring said he feels that only a few people are involved in trying to inject politics into the situation.

"I don't feel that this is an effort by the Democratic Party itself, but only by a few people within the party. I don't consider Mr. Pratt or his 'select committee' as representing the Democrats," Herring said.

Herring said a statewide change might be impossible but that he would be happy with local legislation for just Seminole and Brevard Counties.

Herring said he doesn't "give a damn about politics" in the running of his office and that he is mounting a campaign to get legislators to make state attorneys non-partisan, as are judges in the state.

# Lyman Tops Oviedo; Brantley, Howell, Trinity Lose

One out of two isn't bad, and one out of three is respectable, but Seminole County basketball teams could grab only one victory out of four games Friday night.

As in that one victory, a Seminole County win was assured even before the opening tip.

That win saw Lyman dump Oviedo, but at the same time, Lake Brantley was falling to Apopka, Lake Howell was

dropping to Eustis, and Trinity Prep was losing to Melbourne Central Catholic.

Friday night's Seminole County match-up became a mini-match after Lyman's Kevin Horne sank three straight buckets midway through the first period, as the Oviedo Lions fell to the Greyhounds, 70-51.

The Horne baskets broke an early stalemate that saw sluggish Lyman fall behind at Apopka, Lake Howell was

dropping to Eustis, and Trinity Prep was losing to Melbourne Central Catholic.

outside the key and generate 15 points. Fred Moore followed with 13, and Gary Hird with 12. Lyman now rests until after the New Year, while Oviedo

takes on Lake Weir, Eustis, and Sanford Seminole in a holiday tournament Dec. 29-30.

The Lake Brantley bunch couldn't handle Apopka's zone defense or fast break in their defeat to the Blue Darters, 60-49.

Apopka's superior rebounding effort enabled them to hold their lead despite some cold shooting second half.

Brantley's own poor shooting could produce only 40 points, way down from the 60-point average the Patriots enjoyed in the season's initial games.

Pete Chamber led the winners with 12 points, while Willie Neal and Mike Mc Nerney dropped 10 each.

For Brantley, only two players had double figures. Bill Wall hit for 11 and Bill Trudell had 10.

Lake Howell played evenly with Eustis for three quarters, but a disastrous fourth period saw the Hawks score only nine points against the host Panther's 28. As a result, Howell fell, 68-48.

Jim Meadows led the Hawks in defeat with 14 points, while Tim Carroll followed with 12.

Coach Greg Robinson's team hit a shade over 50 per cent, 19 of 39, from the free throw line.

For winning Eustis, Panthers Dunham (15), Neely (10), and Griswald (2) led the attack.

Trinity went to Melbourne, but with Eustis for three quarters, but a disastrous fourth period saw the Hawks score only nine points against the host Panther's 28.

### True Meaning Of Christmas? Not Cash Register Jingles

Dear Santa,  
This is the first letter I have written to you in 25 years, so I know you are going to be surprised to hear from me.  
I'll never forget the day in third grade recess when Tommy Hughes told me there was no Santa Claus. I believed everything Tommy told me, because he was my friend. I was stunned, I admit.  
Funny thing, Santa! I believed him, for a long time. He was sincere, I know.  
But I have since rediscovered that there is a real Santa Claus.  
And I want you to know I understand. You don't have to put me on your list for presents, Santa.  
You see, I have come to realize that presents are not what makes the real Christmas, nor is the true objective of Santa the jingle of cash registers in department stores.  
As the song Silent Night implies, Christmas has a heavy religious significance. Sociologically, Christmas also has a heavy significance.  
Mistletoe, egg nog, Christmas stockings, tall and short pinies trimmed to the hilt, boughs of holly and the tingle of the Salvation Army bells.  
That's all part of it.  
But what's the core of Christmas? The real underlying factor which makes Dec. 25 stand out as the day of the year in the hearts of Christians the world over?

## T-Bowl: Pass Against The Run

ORLANDO (AP) — South Carolina sent its flamboyant, wide-open offense against the conservative running attack of Miami of Ohio in the Tangerine Bowl Saturday.

Although his team was a four-point favorite, Miami Coach Dick Crum said he expected his defense to have a tough afternoon. "We never see any veers in the Midwest, but South Carolina has played against a lot of I formations," he said Friday.

However, South Carolina Coach Jim Carlen was quick to disagree. "Let me tell you something about Miami," he said.

"They can play against anything and their record shows it. Personnel wise, game, not formations. And they've got the personnel on defense, a category we haven't done well in all year."

Miami, the Mid-American Conference champion, held its opponents to 213 yards a game while rolling up a 341-5 game average during its 10-1 season.

The Gamecocks, 7-4, allowed much more on defense, 414.2 yards a game. But their explosive offense generated 415.1 yards a game.

Crum said the Miami defense was keyed to stop the Gamecock's scrambling quarterback, senior Jeff Grantz, who rushed for 373 yards and passed for 1,567 yards. Grantz also could give the ball to Kevin Long and Clarence Williams, both 1,000-yard rushers this season.

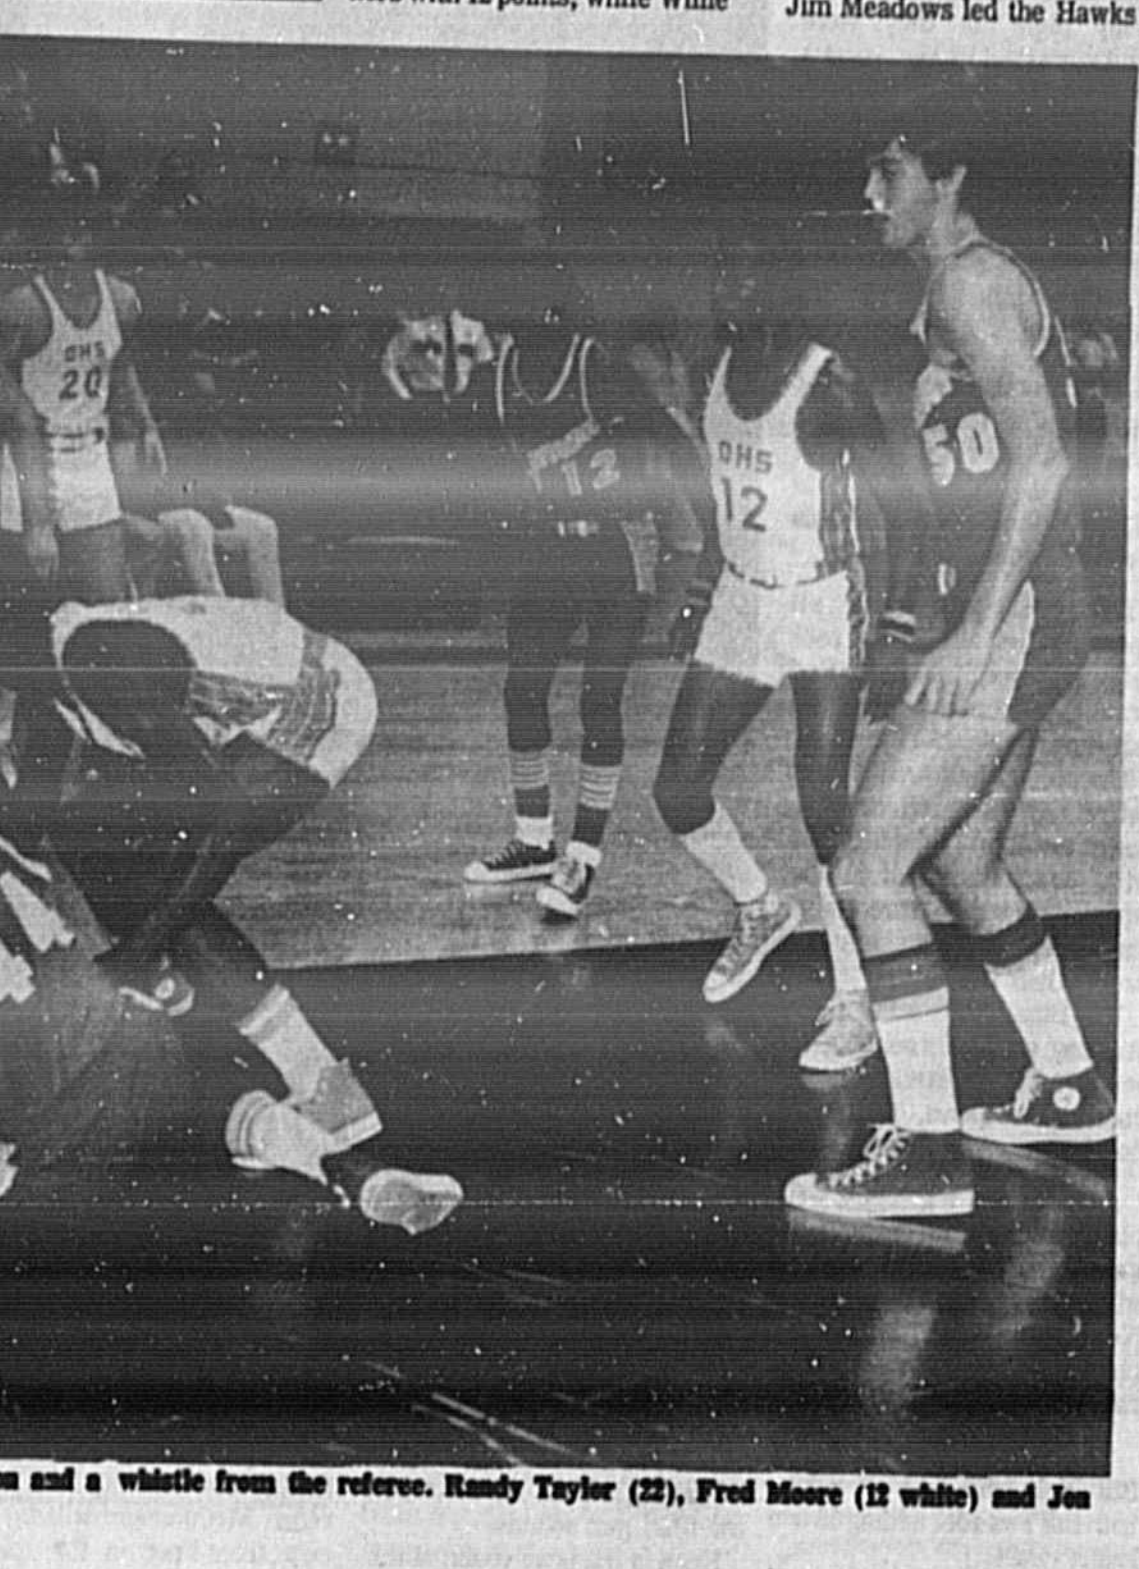

Leading Miami's offense was quarterback Sherman Smith, who ran for 938 yards and 11 touchdowns and tailback Bob Carpenter, who rushed for 1,022 yards and 11 scores.

Bowl officials expected a capacity crowd of 20,500.

Close to home and I just feel fortunate that some of our kids didn't turn sour."

Mississippi's Ken Cooper said the rule hurts a team "like ours where you really don't have much depth" because of a possible injury to a specialist, like a punter.

"I'd like to see somewhere between 50 and 55 players set as the limit, with both teams allowed the same total," Cooper said. "I think that would be a lot fairer to everybody."

Lyman's Bernard Wright hits the floor, causing an immediate reaction and a whistle from the referee. Randy Taylor (23), Fred Moore (12 white) and Jim Kaufman (50) follow the action. (Herald Photos by Tom Vincent).

**ST. PETERSBURG (AP) —** Sophomore David Thompson has led Florida State into a meeting Saturday night against eighth-ranked Alabama by lifting the Seminoles past South Florida's basketball squad.

Thompson hit 11 of his 16 field shots Friday night as Florida State, beaten only by top-ranked Indiana in six starts, won 78-71.

Florida State pulled ahead gradually from a 39-37 halftime lead behind the play of 6-foot-8 Thompson. Thompson finished with 25 points to lead the Seminoles. South Florida was paced by Henry Davis' 18 points and Doug Aplin's 17.

Alabama (54) got a balanced scoring effort, led by center Leon Douglas' 18 points, to beat pesky Pittsburgh 63-53.

## Legless Cowboy Rides With Determination

CRESTON, Calif. (AP) — For a man who can't walk, Jim Brunette is living life at a gallop. Brunette, 38, is a cowboy without legs, with only one arm and one eye — a man of courage and determination whose life work is helping other handicapped people.

"I have a lot to live for," Brunette says. "I could sit back and feel sorry for myself, fall by the wayside and watch the world go by."  
"But people like me have to hang in there and fight like hell."

## Meir's Portrait Hung

WASHINGTON (AP) — Former Israeli Prime Minister Golda Meir came to Washington to see her portrait become part of the U.S. national collection.

"I am surprised that Raphael Soyer, a great artist, wanted to waste time making my portrait," the former Milwaukee county teacher said Friday at a ceremony at the National Portrait Gallery.

Mrs. Meir, 78, said she does not expect to be around when the people of Israel will finally know that "it's all over, that there will be no more wars."

## Ambassador Recalled

BRIDGETOWN, Barbados (AP) — Ambassador Waldo Waldron Ramsay, whose dog trampled a squab in the town of Pelham, N.Y., has been recalled by his government.

# Champions: Miami Lakes, Forest, Palmetto, Greensboro

By The Associated Press  
Hialeah-Miami Lakes, Ocala Forest, Palmetto and Greensboro were the winners of the state football championship games Friday night.

In the neutral city of Winter Haven, quarterback Joe Brodsky Jr. ran 47 yards and

teamed with Ed Collins for a 63-yard touchdown pass play Friday night to lead Hialeah-Miami Lakes to its victory.

Lakes gave up a go-ahead touchdown to Leon on a one-yard run by quarterback Jimmy Jordan. But Jordan couldn't get back in the scoring column until he teamed with Kurt Unglaub for a 65-yard pass in the third quarter. By that time, Lakes had the game under con-

trol. The victory was the 14th of an unbeaten season for Lakes and dropped Leon to a 1-2 mark.

Highlights of other games: CLASS AA  
Quarterback Tyrone Young tossed a 22-yard pass to Thomas Jefferson for one touchdown and ran for another as Ocala Forest (1-1) defeated host Delray Beach Atlantic 14-0 for Triple-A honors.

Atlantic had scored first on a first-quarter safety. Young's eight-yard scoring run in the third quarter clinaxed a methodical 19-play, 79-yard drive.

CLASS AA  
About all you eliminate, really, are some of the players who stand around and go on another and do everything but get their minds on the game," said Jordan.

Class AA  
Running backs Jackie Garvin and Mike Sims ran for touchdowns of two and 19 yards respectively to give host Palmetto (1-1) a 13-11 victory over Jasper Hamilton for Double A honors.

CLASS A  
Sims' run around capped a 54-yard drive in the first quarter and Garvin's two-yard scamper came in the second quarter.

Hamilton (9-4) was held in the first half to a field goal and got its lone touchdown in the second

period on a three-yard run by Fred Charly. The score was set up when Palmetto quarterback Ronnie Deans fumbled at his 20 and Hamilton's Calvin Pail recovered and ran the ball back to the three.

CLASS A  
James Ford scored on runs of two and eight yards to lead Greensboro to the Class A championship, 38-0 over host St. Petersburg-Shorecrest.

Greensboro (11-2) held Shorecrest (10-3) to 11 yards rushing in the game and to an offensive total of 70 yards.

The victors started their one-sided triumph with the Havell passing 15 yards to Dwayne Watson for a second period touchdown. Ford's first scoring run made it 12-0 at halftime and a three-yard run by Tommy Grimes capped the lead to 20-0 in the third period.

Greensboro (11-2) held Shorecrest (10-3) to 11 yards rushing in the game and to an offensive total of 70 yards.

## Neighbor Seeks Help For Elderly Streaker

By ABIGAIL VAN BUREN

DEAR ABBY: Three months ago, a middle-age woman moved into our apartment building on my floor. She lives alone with her dog. She's always dressed as though she's going to the opera — furs, capes, feathers and a different wig for every day of the week.

She talks to herself and carries a suitcase wherever she goes. I'm sure she's not all there. She's not very friendly. When I say hello to her, she answers curtly and keeps going.

Yesterday she walked down the hall stark naked to empty her trash basket! I couldn't believe my eyes. I phoned the manager immediately, and he said the woman pays her rent on time and doesn't bother anybody so he couldn't do anything about it. He said the police would have to catch her in the act, at which time they could take her down and book her.

Abby, I don't want to cause trouble for this poor woman, but she must have family somewhere who should be notified.

What should I do? My husband says it's none of my business.

CONCERNED NEIGHBOR  
DEAR CONCERNED: Your husband is wrong. It IS your business. The woman is obviously disturbed and in need of treatment. Call your local Mental Health Association and report the incident to them. In the meantime, try to make friends with her. Nearly everyone responds to kindness.

DEAR ABBY: How do we shape up our children's table manners (ages 8, 10 and 12) without causing complete disruption at mealtime?

DAD  
DEAR DAD: Consistent and gentle reminders plus adult examples should do it.

DEAR ABBY: My daughter who is not yet 15 wants to date a

Dear Abby

32-year-old divorced man. I have tried to talk her out of it, but she doesn't want to listen. She is a good student and has never been in any kind of trouble, but I think she is too young for a man his age. Especially a divorced one.

What do you think? Also, when he calls, is it my place to ask him please not call my daughter anymore?

DEAR MOM: When he calls, let your daughter tell him not to call anymore. I agree he's too old for her, divorced or not.

DEAR ABBY: My mother and I are having a disagreement. I am 19 and was engaged for six months. I recently broke up with my boyfriend and can't decide what to do with my beautiful (and quite expensive) engagement ring.

I think I should keep it because it was given to me as a gift. My mother and my boyfriend think I should give it back because of the promise of marriage, and since I broke that promise, I should return it.

I don't care what the etiquette books or the lawyers say, I want to know how you feel about it.

KEEP ME ANONYMOUS  
DEAR KEEP: I think that when an engagement is broken — regardless of who broke it — the ring should be returned.

EVERYONE HAS A PROBLEM... What's yours? For a personal reply, write to ABBY, Box No. 4798, L.A., Calif. 90009. Please stamp, self-addressed envelope, please.

Write to write letters? Send \$1 to Abigail Van Buren, 12 LARRY DR., BEVERLY HILLS, CALIF. 91212, for Abby's booklet "How to Write Letters for All Occasions." Please enclose a long, self-addressed, stamped (20 cent) envelope.

# Save Money On Dairy Products

By the Editors of Consumer Reports

Did you know that one of the most expensive milk products is whole milk? Skim milk is usually more economical; cheaper still is instant nonfat dry milk that you reconstitute with water. And they're both better for you than whole milk, because most of the fat content is removed. Few of milk's valuable nutrients are lost in the fat-removal process. These milk products contain more fat than nonfat dry milk.

People who need a cheese that is easy to eat frequently choose cottage cheese. And people on weight-control or low-saturated-fat diets can benefit

continue to be the least expensive milk available. A box of instant nonfat dry milk powder often sells for about 35 per cent less than the equivalent liquid skim milk. And liquid skim milk usually costs about \$5 to 10 per cent less than whole milk.

Remember, make sure that the nonfat dry milk you buy is "Instant Nonfat Dry Milk." There are dry milks on the market labeled as instant dry milk products. These milk products contain more fat than nonfat dry milk.

While prices do change, non-fat dry milk will probably

from cottage cheese's lower fat content.

But cottage cheese is not as nutritious as natural cheese or even pasteurized process cheese. While it does contain fewer calories and less fat than natural cheddar, it also contains less protein, calcium, and vitamin A. If you always eat cottage cheese instead of pasteurized cheese, it is wise to increase your daily servings of fortified skim milk, leafy vegetables, and foods from the meat group.

"Diet" cottage cheese contains half the fat of even standard cottage cheese. But, in this case, low fat does not necessarily mean a

significantly reduced calorie count. In the April 1974 issue of Consumer Reports, Consumers Union compared seven diet brands with regular cottage cheese. We found that while the diet brands did have less fat than regular cottage cheese, none scored much lower in calories than standard cottage cheese.

Cottage cheese spoils more quickly than other varieties of cheese, so don't buy the large-size cottage cheese container unless you're sure you can use it all within a few days after purchase.

Cream cheese is not an adequate substitute for regular cheese or cottage cheese. For anyone on a limited budget, cream cheese is a luxury, not a nutritional necessity.

The public viewing on the afternoon of Jan. 12 will include a display of antique objects of outstanding interest, supplied by members.

carded a diamond from dummy. East was in with the ace and the third and last trick. East led a third heart. South ruffed with the king and led his seven of spades. West ducked, but South who had carefully played dummy's eight of spades earlier was able to play the six and leave his own hand on lead. The five of spades was overtaken by dummy's six spot. Dummy's jack of trumps pulled West's South to check his high diamond and dummy was good.

ASK THE JACOBY'S. A Pennsylvania reader asks what the best response is when you play the Herbert convention. The Herbert convention provides that when you respond to a forcing two bid you bid the next suit (not two notrump as the negative response). Thus, the negative response to two hearts is two spades or three clubs. This is not in with the king and led his seven of spades. West ducked, but South who had carefully played dummy's eight of spades earlier was able to play the six and leave his own hand on lead. The five of spades was overtaken by dummy's six spot. Dummy's jack of trumps pulled West's South to check his high diamond and dummy was good.

By Oswald & James Jacoby. South's four-spade contract was doubtful indeed, but South gave the cards a chance and they responded nicely. The defense started with two rounds of hearts. South was in with the king and led his seven of spades. West ducked, but South who had carefully played dummy's eight of spades earlier was able to play the six and leave his own hand on lead. The five of spades was overtaken by dummy's six spot. Dummy's jack of trumps pulled West's South to check his high diamond and dummy was good.

DEAR POLLY - A good, substantial stake for a dog can be made by driving a rod or small pipe into the ground with three or four feet left above the ground so no one will stumble over it. Fasten a metal ring to the dog's chain and drop the ring down over the stake - MRS. E.O.P.

DEAR POLLY - When I can vegetables I grade them according to quality. Those marked "A" are of company dinner quality and for gifts. Those marked on the lid with a "B" are for family use. When dating the cans I also write with a crayon on the two-piece-type lid while the jar is warm from the canning. The crayon glides right on. If the top is reused the marking washes off with hot water very easily. - MRS. S.M.C.

DEAR POLLY - When antirreeze is drained from the car, pour it on areas where you do not want weeds to grow. - JULIA.

DEAR POLLY - I find a slightly dampened steel wool pad can be used to remove or erase scratches from white or bone patent shoes when there is a tendency to mark the sides as you walk. - DEOLA. (Polly's note - I was told to do this when I bought new white, patent-looking shoes but found that I preferred removing the marks with toothpaste on a slightly dampened paper towel and then wiping off with one dampened with clear water.)

DEAR POLLY - If you do a lot of basting when sewing, use odd pieces of six-strand embroidery floss for basting thread. Separate each piece so you have six threads and use different colors for different parts of the garment. - EMLY.

DEAR POLLY - Empty margarine containers come in very handy on camping trips. They make great salad or cereal bowls. - JULIA.

DEAR POLLY - My Mom ties up a tablespoon of salt in a piece of thin material and rubs this on a pan to keep the food from sticking. - A.B.

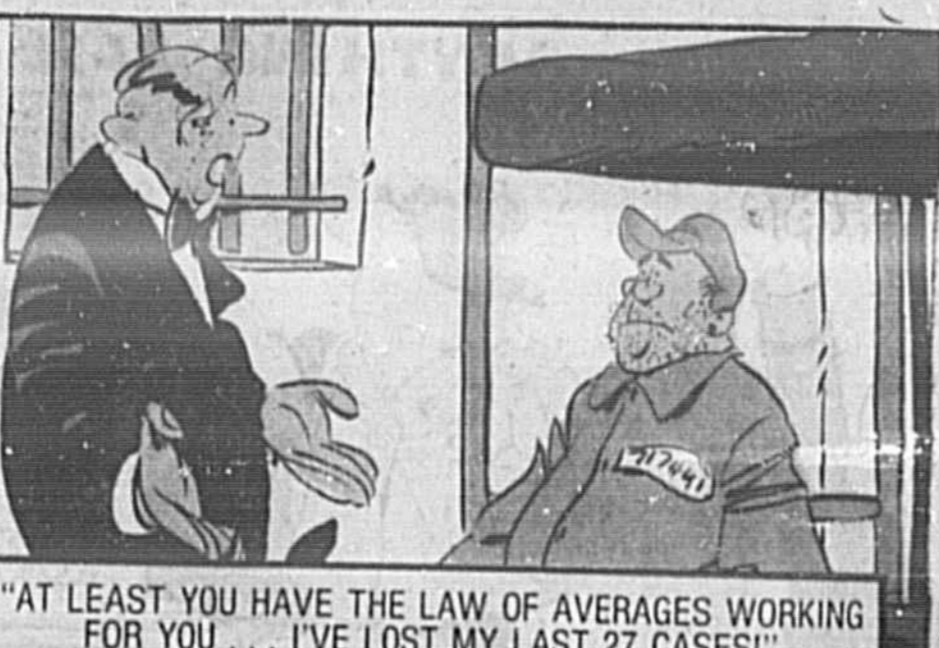

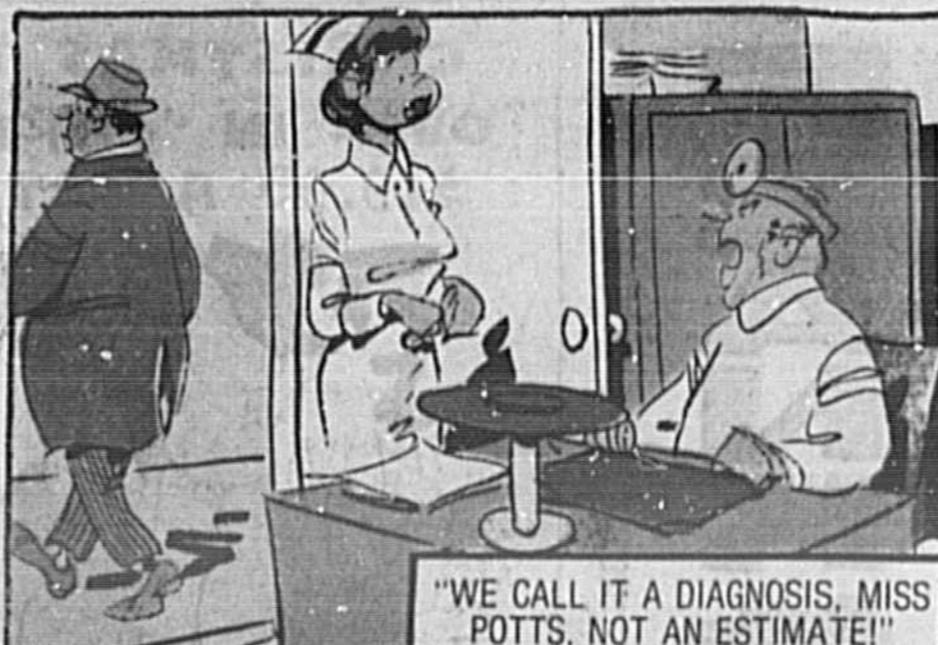

DEAR POLLY - To make my own book marks I cut pictures from birthday and Christmas cards and on the back of each one write the name of the sender and the date. It is most pleasant to open a book and be reminded of a "friend" holding the place for me. - TRACY.

# Bernice Bede Orol's this week in astrology

Dear Bernice:

I'm easy to get along with and not hard to please, but I can't seem to keep a boyfriend. I've not picked up where we go or what we do. Can you tell me something astrologically? My birth date is March 20, 1956. —Alone

DEAR ALONE, YOUR CHART CONFIRMS YOU ARE A PLEASANT, EASY-GOING PERSON. HOWEVER, YOU DO TEND TO FANTASIZE ROMANCE. YOU'RE OVERLY CONCERNED ABOUT WHAT OTHERS WILL THINK BECAUSE YOU AREN'T GOING OUT EVERY NIGHT. THE REAL-LIFE, TEEN-AGE GIRL DATES OCCASIONALLY, THE SAME AS YOU. WHEN SHE MEETS THE RIGHT GUY, THE RELATIONSHIP GROWS MORE PERMANENT. YOU'RE A GOOD CATCH, AS SOME LUCKY TAURUS WILL REALIZE. —BERNICE

AS THE WEEK OF DEC. 21-27 BEGINS, TRANSPORTATION SYSTEMS WILL BE SORELY PRESSED. BE SURE YOUR RESERVATIONS ARE VERIFIED. LAST-MINUTE SHOPPING WILL BE HEAVY, BUT NOT FOR BIG-TICKET ITEMS. MIDWEEK, LARGE SECTIONS OF THE COUNTRY WILL EXPERIENCE A COLD SNAP WHICH IS GREAT FOR SANTA'S SLED BUT TOUGH ON THE FUEL BILL. HAVE A HAPPY HOLIDAY AND TAKE TIME TO DO SOMETHING NICE FOR THOSE LESS FORTUNATE THAN YOURSELF.

NOTE: Send letters to Bernice Bede Orol, c/o this newspaper, P.O. Box 162, North Olmsted, Ohio 44070. Bernice cannot answer all the letters, only the ones of general interest.

## Freeze Damage Unlikely

Although temperatures dipped to a chilly 29 degrees this morning, Agricultural Extension Agent Frank Jasa does not think it is cold enough to do much damage to crops locally.

Celery and cabbage, the predominant crops at this time of year, are hardy and will withstand cold well, he pointed out.

Most of the tender crops still growing, such as eggplant and peppers, are on farms west of Sanford where the temperatures are usually two or three degrees warmer, he added.

Jasa said there was some frost this morning and ice on cars, but on an morning last week the temperature had dropped to 26 degrees at the Agri-Center, north of Five Points. There was not much damage at that time because the wind kept the frost from forming, he said.

As for citrus trees, Jasa said they are now in their dormant period and the mature hard leaves take a lot of cold. He added it takes four to six hours of temperatures of 28 degrees or below to do severe damage to citrus trees.

Home gardeners may have had tender plants, such as poinsettia, damaged and the lawn browned by the frost.

When Mrs. Polly Wright, head teller at the new Sanford Atlantic Motor Bank drive-in facility on French Avenue, arrived to open for business the other morning she found a sprinkler left running on the newly planted shrubs had covered everything with ice after the temperature dropped to below freezing. It could have happened again today as the temperature fell to 29 degrees. (Herald Photo by Bill Vincent Jr.)

## Longwood Area Religious Controversy

## Thieves Enter 'Hanging Santa' Dispute

LONGWOOD—In front of the Auerbach house on a quiet street in this community, the Santa Claus that was hung in effigy last week is gone. But the sign remains: King of the Lies-Satan Claus—Rev. 22: 14 & 15.

"It was up for only a couple of hours," George Auerbach, 25 said Sunday. "I put it up about 7:30 Monday morning, and when I came home at 10 a.m. the police chief came over and told me to take it down."

George and Margaret Auerbach, members of the Ebenezer Open Bible Church in Sanford, said they hang Santa Claus in effigy because he is "inspired by the devil."

"My children are exposed to Santa Claus in school," Mrs. Auerbach, 25, said. "Last week they came home from school crying because they were told Santa Claus was coming to visit them. They know Santa Claus is inspired by the devil."

Said Auerbach, 5, and Kimberly Auerbach, 6, attend Longwood Elementary School. Mrs. Auerbach said her son was upset at school recently because the teacher stamped his hand with a Santa Claus face.

"He scrubbed it off," Mrs. Auerbach said.

George Auerbach said in a way he regrets taking down the Santa Claus effigy.

"I should have prayed and asked the Lord's guidance before I put it up," he said. "But I took it down to keep the peace."

Auerbach said Longwood Public Safety Director Douglas Keller told him to take the effigy down to avoid a neighborhood feud.

"I can understand his point of view, he has to keep the peace," Auerbach said. "But if I get a message from the Lord, it's going up again."

Mrs. Auerbach said the couple had "asked the Lord for a sign."

"If we get a sign, we will definitely put it back up, even if it means going to jail or having our house burned," she said.

The Auerbachs said they had thought the Santa Claus incident was all over when they took down the effigy Monday, but on Tuesday the controversy erupted again.

"Our friends, Allen and Brenda Cutcher, came over around noon because we were having a barbecue," Mrs. Auerbach said. "They didn't know anything about what happened on Monday."

According to Mrs. Brenda Cutcher, she and her husband visited the Auerbachs on Tuesday, driving a truck on which was mounted a small Santa Claus effigy, similar to the one the Auerbachs were forced to take down.

"My husband went up to the store to get some soft drinks," Brenda Cutcher, 21, related. "On his way back, he was followed by a Longwood policeman. When he pulled into the yard, she pulled in behind him and asked if he planned to drive around town with that thing on his truck. Then she got on the radio and pretty soon the police chief and another man—I think his name is Grant—drove up in a car."

J. J. Grant, Longwood City Council chairman has admitted talking to Cutcher.

Mrs. Cutcher said the man "rolled out of the car" and began shouting at her husband.

"He said my husband would have to take the Santa Claus off the truck or get out of town. My husband replied that he wouldn't take it off the truck because we felt it was pleasing to the Lord."

Mrs. Cutcher said Public Safety Director Keller then began cursing with her and her husband, and the man with him "took off someplace."

She said the same man returned a few minutes later, saying he had 15 people ready to sign complaints that the Cutchers were disturbing the peace.

"They didn't come right out and say we would be arrested if we came back into Longwood, but they implied it," Mrs. Cutcher said.

The Cutchers, who live outside the Longwood city limits, went to visit relatives after the incident, leaving the Santa Claus effigy in their yard.

Mrs. Cutcher said when they returned Sunday morning, the Santa Claus was gone.

As the officers were waiting for the last customer to vacate the establishment they said they heard the wail of a siren outside.

Hasson and Dearing exited the lounge to find their patrol car's hood up, the blue lights flashing and the siren running.

The officers reported a \$50 jacket was missing from the police vehicle along with a cigarette lighter and unknown persons had poured a drink on the car seat.

Police said bystanders confirmed the incident but refused to identify the culprits.

No arrests were made.

## Two Sanford Homes Damaged By Fires

By BOB LLOYD  
Herald Staff Writer

As the temperatures plunged beneath freezing over the weekend firemen reported two Sanford area houses were damaged by fires.

Sanford firemen said a defective kerosene heater is suspected as the cause of a fire early today that "extensively damaged" a frame dwelling occupied by Theodore Dellfield at 1122 W. 12th St.

Fire Chief G.M. Harriet said there were no injuries in the 7 a.m. fire.

Seminole County firemen extinguished a fire Saturday night that partially destroyed a frame dwelling near SR-46 on Midway Avenue, in the Midway community east of Sanford.

Sheriff's Deputy Frank Carter listed the occupant of the house as Rose Lee Faulkner. Cause of the fire was not immediately known, officials said.

Marijuana Arrest  
Sheriff's deputies reported they went to a motel room to return a door key and when an 18-year-old Sanford man opened the door the officers observed alleged marijuana and seeds.

Rape Claimed  
A 26-year-old Orlando woman told deputies that she accepted a ride in Orlando with an unidentified man early Sunday morning and was taken to a spot near Orlando and raped.

The woman said her attacker took her to her Orlando home and put her out of a green sedan. The woman then notified delinquency of minors and Orange County deputies who in turn relinquished the investigation of the alleged rape to Seminole authorities.

## Patrol Car Burglarized, Vandalized

Sanford police reported a patrol car was burglarized and vandalized while officers were answering a weekend disturbance call at a lounge.

Patrolmen Bill Hasson and Rick Dearing said seven men became "indignant" when the manager of the ABC Lounge, U.S. 17-92, decided to close a half hour early and they were told by a bounce that they would have to leave.

As the officers were waiting for the last customer to vacate the establishment they said they heard the wail of a siren outside.

Hasson and Dearing exited the lounge to find their patrol car's hood up, the blue lights flashing and the siren running.

The officers reported a \$50 jacket was missing from the police vehicle along with a cigarette lighter and unknown persons had poured a drink on the car seat.

Police said bystanders confirmed the incident but refused to identify the culprits.

No arrests were made.

Fringe benefits are costly to private firms as well as to public employers.

Fringe benefits cost Chase & Co., Sanford, a total of \$34,872 (not including bonuses) during the fiscal year 1974-75 for its 38 employees, according to John Carli, personnel director.

That's an average of \$3,306 in annual fringe benefits for each employee, Carli said.

Carli said his private firm offers a number of fringe benefits including:

- Free health insurance and \$2,000 in life insurance at no cost to the employee.
- Five paid holidays a year. Carli said this actually amounted to 16 holidays last year when holidays were combined with long weekends.
- Five paid vacation days with six months or less of service; with one year's service; and an extra day for each additional year's service, for a maximum of 22 workdays or one month vacation.
- Seven days paid sick leave each year for supervisors and above positions with six months to three year's service; and 14 days paid sick leave with more than three years service.
- An employee gets five paid days if no sickness during the year.
- Retirement at age 65 with a minimum of 10 year's service.
- Free educational reimbursement for tuition for any job-related course while maintaining at least a "C" average.
- Uniforms only for five per cent of the total work force.
- Free use of an automobile leased by the company for the four top travelers in the company.
- Travel allowance of 10 cents per mile, \$4 for lunch, \$6 for dinner and reimbursement for lodging for employees approved on company business.
- Administrative or funeral leave at the discretion of the department manager.
- Military leave if an employee is a member of a reserve unit.
- Pension benefits are provided under the state retirement system where the monthly benefit is 1.6 per cent multiplied by the sum of creditable years service, multiplied by the average final compensation during the last five years (if that's the highest of the last 10 years), and all divided by 12.
