 Spiritual qualities of wisdom,
 understanding, truth and justice
 are the evidence of God and are
 shown forth as man hears and
 follows the voice of Truth. This
 will be brought out in all Chris-
 tian Science services next Sun-
 day when the subject is "Reality."
 The Golden Text is from Isaiah
 (61): "Holy, holy, holy, is the
 Lord of hosts; the whole earth is
 full of his glory."
 Readings from the Bible in-
 clude the following: from 1 Corin-
 thians (2: 14); "The natural man
 perceiveth not the things of the
 Spirit of God; for they are fool-
 ishness unto him; neither can he
 know them, because they are
 spiritually discerned."
 Consecutive selections from "Sci-
 ence and Health with Key to the
 Scriptures" by Mary Baker Eddy
 include: "Spirit imparts the un-
 derstanding which uplifts con-
 sciousness and leads into all
 truth... This understanding is
 not intellectual, is not the result
 of scholarly attainments; it is
 the reality of all things brought
 to light" (p. 505).

*Flowers
 for good measure...*

A legend relates that when God had en-
 dowed man with all the riches of mind and
 soul, and had surrounded him with all mat-
 erial comfort, he threw in the beauty and fra-
 grance of flowers for good measure.

Few people are so hardened that they do
 not appreciate the grace and loveliness of an
 unfolding rose or a stately lily. These are not
 essential things; they are the "extras" which
 signify the abundance of God's grace.

The person who plants a flower, waters and
 tends it and brings it to full blossom, adds to
 the beauty of the world and the brightness
 of human life. Flowers can change an ugly
 spot into a place of marvellous beauty.

Some lives we know are like flowers; they
 brighten and beautify their environment and
 bless all who touch them. Religion helps to
 build such lives, and God makes them strong
 and beautiful. Their roots run deep in the soil
 of faith.

Go to Church on
 Sunday. Learn about
 God. Put your life
 in His hands and let
 Him direct your
 steps.

**THE CHURCH FOR ALL...
 ALL FOR THE CHURCH**

The Church is the greatest factor on earth for
 the building of character and good citizenship.
 A strong Church, a strong citizen. Without a
 strong Church, neither democracy nor civilization
 can survive. There are four sound reasons why
 every person should attend services regularly
 and support the Church. They are: (1) For the
 sake of his children's sake, (2) For the
 sake of his community and nation, (3) For the
 sake of the Church itself, which needs his moral
 and material support. Plan to go to church regu-
 larly and read your Bible daily.

**Walter Kantack
Gives Lecture On
Christian Science**

World health, social and moral
problems will be solved when
mankind gives up its false belief
that evil is more powerful than
God, Walter W. Kantack of New
York City said in a Christian Sci-
ence lecture in the Junior High
School auditorium last night.

The understanding of God as
all-powerful good, never sharing
power with evil or discord, is a
vital healing and corrective force
now available through understand-
ing of practical Christianity as
lived by Christ Jesus, Mr. Kan-
tack said.

He spoke under the auspices of
the First Church of Christ Scien-
tist in Sanford while on an exten-
sive tour as a member of the
Christian Science Board of Lec-
tureship. Mrs. Roy Partin intro-
duced him.

Mr. Kantack said spiritual re-
sources can be utilized not only
for mental or emotional troubles,
but to root out and destroy the
physical and social ills which en-
snare humanity.

The most vital need of our time
is a spiritual sense and understand-
ing—a fact that is being widely
recognized, Mr. Kantack asserted.

He said this is true because "al-
ways it is the motivating thought
which conditions man's manifest."
This applies to the individual,
the nation, and the world, he said.

Thus in order to bring about
fundamental changes in outward
conditions, thought must be
changed, the lecturer maintained.

He said the necessary change
can be accomplished by recourse
to God and His law. "Right under-
standing of God as divine Mind,
as infinite, eternal good, always
restores harmony," he said.

Mr. Kantack maintained that
"human material senses must be
replaced by divine spiritual under-
standing."

When it is so replaced, the re-
sult is healing, harmony, and re-
demption, he said.

He challenged what he termed
the firm belief of "the aggregate
of human thinking" that in terms
of deepest fundamentals, evil and
good can be equally real and pow-
erful.

Mr. Kantack said that the
Bible's timeless appeals to thought
are aimed at helping mankind
overcome belief in the equal real-
ity of such opposites as good
and evil, and to establish good as
the only real.

Referring to the nature of
God's creation as taught in Chris-
tian Science, he declared: "Only
perfect effect can be the expres-
sion of perfect cause."

Speaking on the subject "Chris-
tian Science: Its Call to Healing
and Redemption," Mr. Kantack
said the recognition of perfect
cause and perfect effect heals and
restores.

He maintained that a spiritual
understanding of God as divine
Mind, or infinite, eternal good,
and the resulting nothingness of
evil, is unlike God—as taught in
Christian Science—restores har-
mony where disease, sin, unem-
ployment, lack, and other discords
seemed to be.

He cited specific healings of
severe illness and of unemploy-
ment, of which he personally
knew, to illustrate the practical
utilization of such understanding

NEW 1952 Chevrolet

Centerpoise Power
Vibration and power impulses are "screened out" as engine is centered and rubber-cushioned between new high-side mountings.

Largest Brakes
Big 11-inch brake drums apply more leverage for more stopping power. Stops are smoother, safer, with less effort.

Widest Color Choice
26 rich new colors and two-tone combinations... widest choice in Chevrolet's field. New De Luxe interiors are color-matched.

Lowest priced in its field!
This beautiful new Chevrolet 841 Altr... like many Chevrolet models—fits for less than any comparable model in its field. (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

No other low-priced car offers these fine features!

Every single feature shown here is offered only by Chevrolet in its field. And every single one means extra pleasure, extra safety, or extra economy for you. Yet again in 1952 Chevrolet is the lowest-priced line in its field. Come in and see for yourself!

Body by Fisher
Fisher Body sets the standard—for styling, for craftsmanship, for comfort! Fisher Uni-steel construction is extra strong and sturdy.

4-Way Engine Lubrication
Chevrolet's exclusive engine lubricating system supplies exactly the right kind and amount of lubrication to each moving part.

Powerbrake Automatic Transmission
Powerbrake is simpler with fewer parts to wear. It's smoother—no jolting in the clutch. (Optional on De Luxe models at extra cost.)

Unitized Knee-Action Ride
Chevrolet's famous Knee-Action ride is now even softer, smoother. New shock absorbers give even finer ride control.

Cast Iron Alloy Pistons
Pistons are of same material as the cylinder block—expand and contract at the same rate. Reduces wear, saves oil.

Most Powerful Valve-in-Head Engine
Tuned with Powerbrake is the most powerful valve-in-head engine in Chevrolet's line. It's an outstandingly low performer in any field!

Safety Plate Glass All Around
Chevrolet alone in its field gives you safety plate glass in windshield and all windows for a clearer, truer all-around view.

E-Z-Eye Safety Plate Glass
This superior tinted glass cuts down glare and heat from sun, glare from sky, snow glare from road. (Optional at extra cost.)

Program Presented On Pasqua Florida

In a program held yesterday afternoon the students of the Southside Primary School joined in the first observance of "Pasqua Florida Day" which was recently proclaimed by Governor Fuller Warren.

The program began in the auditorium at 1:00 p.m. with the student body singing two songs, "Where the Orange Blossoms Grow" and "Land of the Sun, Bright Sun Kissed Land". The fourth grade children were presented in "Facts To Remember About Florida". A poem, "Our State Is a Garden of Orange Blossoms" was recited by a teacher, Mrs. Dan Gallant, and the program was concluded with the singing of "Suwannee River", the Florida state song.

The occasion was also used to celebrate the birthdays of students who were born in March and a huge birthday cake which was decorated with yellow flowers and a miniature castle of oranges was donated by Robb's Home Bakery. The lunch room tables were decorated with baskets of Florida fruits and orange blossoms to carry out the Florida motif.

Those children with birthdays in March are: first grade, Joan Jones, Johnny Denty, Merrell Walker, Donna Young, Pat Arson, Patty Rodebaugh, Donald Hardy, Belford Aiken and Shirley Justice; second grade, Lewis Carter, Tanya Turner, Terry Dillard, Dennis Nix, Billy Madden, Kay Kaelen, Mary Jane Lambeth, Sammie Prezell and Bob Williams.

Celery Feds Open Baseball Season With New Smyrna

Coach Bill Fleming Has 6 Returning Lettermen And 3 Rookies On Club

By KENT CHETLAIN
The Seminole High School Celery Feds opened their 8-game baseball slate this afternoon against New Smyrna Beach High at the old Municipal Stadium at 3:30 p.m.

Coach Bill Fleming named Melvin Fleischer as his starting pitcher. The Feds have six returning lettermen on the starting nine. They are Bubba Blabee, first base; Frank Stenstrom, shortstop; Jim Penington, catcher; Junior Metts, third base; Mike Wheeler, left field; and Melvin Fleischer, the pitcher.

The three newcomers are led by Seminole catcher Jimmy Smith in center field. Del Sheffield, second base, and right fielder Ed McCall.

Fleming expressed his concern over his boys saying, "I wish we had more practice this spring. Smyrna may beat us badly." The coach was particularly disturbed over the last three days of rain which washed out any chance of polishing his diamond hopefuls for the New Smyrna encounter.

Coach Fleming promised to resume a full schedule by next Monday, stating, "By that time I should have a few more games lined up and the season's slate completed."

The Seminole baseball team has been practicing on the hill-top Lawton diamond at the high school for the last two and one-half weeks.

Prospects of a successful year will depend on how good a year the players have and how the three rookies, Smith, McCall and Sheffield pan out, Fleming stated.

Giants Register 13-4 No-Hit Win Over Lions Cubs

Glynn Jones and Jimmy Wright teamed up to pitch a no-hit 13-4 victory for the Giants over the last pair of Cubs in the 13-4 League yesterday afternoon at the Lakeland diamond.

The Giant win moved them within one full game from the tied leaders the Seminoles and Red Sox. The loss was the fourth in a row for the Cubs and sent them four full games off the pace of the leaders.

The Giant-Cubs contest was played on a wet diamond. The winning pitcher was Glynn Jones and the loser was flowed to relief.

A battle of the best pitchers the Seminoles and Red Sox will be staged this afternoon on the Lakeland diamond at 4:00 p.m. The last Tuesday's scheduled tilt between the clubs was cancelled because of rain.

Training Camp Notes

By ASSOCIATED PRESS

ORLANDO (AP) — Rained-out games—Thursday's was the third in a row—are making it tough for the Washington Senators to get in shape.

"We weren't hitting before the rain started," complained Manager Rubeen Harris. "And this is no help."

In desperation he shooed his team onto water-logged Timber Field Thursday for a workout.

PHOENIX, Ariz. (AP) — Minnie Mino, fleet-footed Chicago White Sox outfielder who has been sidelined several days with a hand injury, says he's ready to return to work.

Manager Paul Richards, however, will keep him out of the lineup for a few more days at least. Mino was hit on the right hand with a ball pitched by Early Wynn, Cleveland.

WEST PALM BEACH (AP) — Joe Coleman and Dick Fowler, once mainstays of the Philadelphia Athletics' pitching staff, are still question marks for the 1952 season.

Coleman has complained all training season of a stiff arm but, said he felt loose for the first time Wednesday despite the shelling he took from the Baltimore Orioles of the International League.

Fowler has finished a series of X-ray treatments on his right shoulder. He reports all the soreness is gone but he won't take a turn on the mound for at least a week.

PATTY BERG
NEW ORLEANS (AP) — The New Orleans Women's Open Golf Tournament moves into second-round play today with veteran Patty Berg and youthful Marilyn Smith tied for first with one-under-par 73s.

Babe Zaharias, favored to win the 72-hole tournament over the flat 6330-yard City Park course, ran into trouble in the first round and posted a one-over-par 75 to take third.

A stroke behind the Babe with 76s were Mrs. Betty Bush, Hammond, Ind.; Peggy Kirk, Ponte Vedra, Fla.; and Betty MacKinnon, Dallas, Tex.

Carding 77s were Betty Dodd, San Antonio, Tex., and Alice Bauer Sarasota, Fla.

A hard-hitting Georgian, Mary Lena Faulk, Thomasville, was the low amateur in the first round with a 42-36-78.

Five pitchers on the Detroit Tigers roster were born in the city of Detroit.

FURGOL LEADS
WILMINGTON, N. C. (AP) — Marty Furgol nursed a 2-stroke lead going into today's second round of the \$10,000 Azalea Open Golf Tournament.

Furgol's 8-under-par 61 tied the course record Thursday. In the 114-man field 35 players bettered par and six equalled it.

Art Wall Jr., Homesdale, Pa., and Jimmy Clark, Laguna Beach, Calif., were hot on Furgol's trail with opening round 69s.

In fourth place with 67rs were Doug Ford, Harrison, N. Y., winner of the Jacksonville, Fla., Open Monday; Jim Turnesa, Briarcliff, N. Y.; and Joe Kirkwood Jr., Hollywood, Calif.

FSU WINS
TALLAHASSEE (AP) — Florida State University defeated Massachusetts' Amherst, 4-2, in a basketball game here Thursday. Florida State's Chuck Sanders pitched nine innings for his first victory of the season. Amherst's Lefty Bill Wilson, relieved in the fifth, was charged with the loss.

Last June 17, Stan Musial showed a .381 batting average for 63 games.

Rifle And Pistol Club Is Given NRA Charter

By KENT CHETLAIN

The San Antonio Misons broke camp yesterday and went to Thomsville, Ga., a two full days ahead of their scheduled departure on Saturday.

St. Louis Brownie farm director Jim McLaughlin, who conducted the Misons' stay, stated, "We made this hurried decision so that our boys could get an extra day of baseball in, since the last three days we were rained out; the next two days we had only one game scheduled."

McLaughlin said the Padres couldn't have left if the Charleston club had not consented to calling off today's slated tilt in the Memorial stadium.

"I want to take this opportunity to thank you and the people of Sanford for the wonderful hospitality we enjoyed while we were here and I would like to say you have an ideal spring training setup in Sanford," McLaughlin volunteered.

During the San Antonio spring training, which began with the arrival of the batterymen on Wednesday, Mar. 6 and lasted until yesterday, the Texas League club played nine exhibition games in the Memorial Stadium winning six and losing only two and tying just one.

The Misons had nearly 40 players working out at one time or another and had many distinguished visitors come and see them. Sports editors from Fort Worth, Dallas, San Antonio, Chattanooga, Louisville, baseball scouts, officials and radio sportscasters were among a group of over 20 visitors who all expressed surprise and awe at the sight of the incomparable Memorial Stadium.

Bill Rives, sports editor of the Dallas Tribune, aptly stated the sentiment of the writers when he said, "This is like finding a diamond in the rough."

When asked whether he thought San Antonio or any other Brownie team might return here next season, McLaughlin said, "I really don't know and I think that decision will be made by the club."

Some of the better ball clubs to play here this spring were the Ottawa Athletics of the triple A International League, Louisville Colonels, AAA, American Association, and the Chattanooga Lookouts of the double A Southern Association.

Local fans also had a chance to preview some of the new Seminole Blues players last Sunday when the Misons played and whipped Blues 13-2.

The Misons spent over \$10,000 in their four-week stay in Sanford.

DUKE WINS
GAINESVILLE (AP) — Duke University defeated the University of Florida tennis team, 5-4, Thursday. Florida's captain, Roger Farr, kept his record clean by defeating Duke's Keston DeMing, 6-3, 6-1.

GATORS GOLF
GAINESVILLE (AP) — Duke and the University of Florida tied, 15-15, in a golf match Thursday. Florida's Dan Dikes and Pat Schzap split medal honors with one-under-par 70s. The teams were scheduled to play again today.

RULE CHANGED
SEATTLE (AP) — The "H" has been taken out of foul shots in basketball. A fouled team no longer will be able to take the ball out of bounds to put it into play instead of trying for its free point.

The drastic change, intended to speed the game and give the trailing team a chance to recover possession of the ball, was announced here Thursday by the National Basketball Committee of the United States and Canada.

Florida Tax Receipts Are Up \$2,194,000

TALLAHASSEE (AP)—Florida General Fund tax receipts for the first two-thirds of the current business year were up \$2,194,000 over the corresponding period a year ago.

The increase would have been much greater, except that receipt of auto license tag money was delayed by a new law fixing a later deadline, and heavy collections are just now coming into the Treasury.

HOLLYWOOD

By BOB THOMAS

HOLLYWOOD (AP)—Lo, the poor Indian on the TV and theater screens.

He is pictured as a howling, war-paint-smeared savage. His vocabulary is limited to "ugh" and he is shown going mad on fire water. He submits cowboys and pioneers to all kinds of torture, and murders for the heck of it. In fact, he is accused of just about everything short of being an enemy alien, or a Communist.

Some Indians don't like the way their race is portrayed in the movies and on television. One of these is Iron Eyes Cody, a Cherokee who is in a position to do something about it. An expert on Indian lore, he has been in the movies as actor and technical advisor since "The Covered Wagon" in 1923. Only recently has he been able to induce producers to lessen their libels of the redskins.

"There have lately been some excellent pictures that show the Indian's side," he remarked, naming such films as "Devil's Doorway," "Broken Arrow," "Comanche Territory" and "Navajo." But still there are too many pictures which are either inaccurate or put Indians in a bad light. For instance, the studios nearly always paint up the Indians like African savages.

"The truth is that the Indians did not put on paint to look ferocious. They wore a line of color to represent dreams they had before going into battle. Certain lines meant they dreamed they were going to die, and so forth."

As for Indians burning their victims at the stake, Iron Eyes said there is no such instance in modern history. Feather war-bonnets were used by only a few tribes, he added, and each feather symbol-

izes an act of valor. Another thing—not all Indians lived in tepees.

"The Indians lived in everything from mud huts to cliff dwellings," he remarked. "I've even seen movies which represented Plains Indians as living in wigwams. Only the Eastern Indians lived in wigwams, which are cone-like, but covered with the bark of trees. Tepees are covered with skins."

Iron Eyes added that the Indians are no more maddened by liquor than any other race.

"It's all a matter of whether a person has built up a resistance to alcohol," he explained. "Some Indians had their own native alcoholic drinks, so the white man's liquor didn't faze them." Besides advising the film studios, Iron Eyes has other means of clearing up notions about Indians. He has his own television show on a local station, KTLA. He has formed Iron Eyes Enterprises, with which he plans to make TV films about the true Indian life. He also plans to market play garb for children, following the path of such palefaces as Roy

Rogers and Gene Autry. "My main purpose," said Iron Eyes, "is to present the American Indian as what he really was and is—a human being with big cultural standards. When he had to use force, it was to protect what he felt was rightfully his."

Ruling On Police Power Of State Is Made By Tribunal

TALLAHASSEE (AP)—The need for interference with a citizen's constitutional right to do as he pleases must be clear before the police powers of government can be invoked, the Florida Supreme Court held today.

The court affirmed an order of Dade County Circuit Judge Charles A. Carroll enjoining the Town of Bay Harbor Islands from enforcing sections of an anti-noise ordinance that would restrict construction work on "land less than 75 feet from any existing single or multiple family structure or hotel" during the winter tourist season.

"The exercise of the police power, from its very nature clashes with full enjoyment of property by its owner and it is only because of the welfare of the whole people so far outweighs the importance of the individual that this interference with constitutional guarantees can be justified. But certainly the need for the incursion must be clear," the Supreme Court said in an opinion written by Justice Elwyn Thomas.

"The terms of the Bay Harbor ordinance against noises caused by construction work were so harsh as to make the forbearance forced on the property owner entirely out of proportion to any benefit redounding to the public," the Supreme Court said.

"For an arbitrary period of one third of the year, an owner was prevented from improving his property because to do so might, presumably, create such noises as would annoy others."

"The whole procedure smacks of protection of one person or a relative few without the community's being affected one way or the other."

Navy was self-sustaining in the Mediterranean area, but could use some ammunition and fuel storage dumps in Spain and anchorage rights in Spanish harbors, but no fleet operating bases.

"The Navy will be ready for war, if it should start, in the next 12 months in men and surface ships. The Navy is now ready to conduct initial war operations and to provide a rapid base for expansion. The Navy's air arm will not be fully modernized until after December, 1954, but by that date most of its fighters will be all-jet powered."

Vice Adm. John H. Cassady, deputy chief of naval operations for air, said two of the new guided missile cruisers will go into operational use this year for defense against attack planes.

"The other will be used by ships against other ships or against shore targets."

Cassady said the three missiles are "being produced by assembly-line methods" but that production is being held to the bare minimum needed to attach the techniques that would be required for all-out production in the event of full mobilization.

House Group Approves 3% Cut In Budget

Agriculture Department Fund Is Cut By \$24,412,000 In Economy Campaign

WASHINGTON (AP)—The Senate today voted extra "sunset pay" of \$10 a month for all men and women who fight in Korea. It was approved by Sen. Hays (R-Mo.) on a 60-37 vote. The bill is to be a "cost-of-living" pay increase to the 2,000,000 persons in the armed services. The senate approved it by an unrecorded standing vote.

WASHINGTON (AP)—The House Appropriations Committee today cut the budget of the Agriculture Department for the fiscal year starting next July 1 approximately 3 percent.

In a bill sent to the House floor for debate later this week it recommended \$24,412,000, a cut of \$24,412,000, for regular activities of the Agriculture Department.

Another measure sent out by the committee provided \$24,382,700 for the operations of the appropriations group itself, another 3 percent cut amounting to \$731,013.

Percentages, the cuts were among the lowest of any recommended by the committee this year in the regular 1951 budget bills.

The committee approved the full request for \$20 million dollars in loan funds for the Rural Electrification Administration and the Farmers Home Administration.

It disallowed the \$182,182,250 in cash requests for the implementation of the International Wheat Agreement but approved a bookkeeping project which, it admitted, will not result in a saving of the amount requested.

The International Wheat Agreement is designed to stabilize the world wheat market, with the Commodity Credit Corporation paying from its funds the difference between the price specified in the agreement and the domestic market price.

For soil conservation and land-use payments, the committee recommended 250 million dollars, a reduction of \$100 million from the budget request. It approved a 250 million dollar program for the 1952-53 year.

For the school lunch program for 1952, the committee recommended the full amount of \$3,977,491 requested.

Bob Harris Is Named President Of Rotary Club

Chase, Haynes And Touhy Elected To Board Of Directors

Bob Harris, manager of the Rita Theater, was elected president of the Rotary Club for the coming year at a meeting of the board of directors which followed immediately after the regular weekly luncheon today at the Yacht Club.

Earlier, Randall Chase, Walter Haynes and George Touhy were elected to the board of directors as the three new members of the board.

The "top brass" of the local baseball community was introduced by H. J. Perkins, Jr., and put on a program which saw John Kridler, president of the Florida State League, baseball President of the Sanford baseball association, Marvin Hazman, public director of the Seminole Blues, Chuck Aleno, manager of the Seminole Blues, making short talks. Joe Periss, first baseman, and Johnny Embra, second baseman, also were introduced.

Mr. Fields said that the association will come out all right if the attendance for the entire season reaches 50,000. Anything less than that would leave the club in the hole, he said, pointing out that the stadium will seat 3,500 in the bleachers and grandstands.

He thanked the Herald and the Radio Station WTRR for the fine publicity given the new association and Charles Marlow for help in getting the bus and equipment for the club.

Mr. Kridler, who was introduced as the "Mr. Baseball" of Sanford, said that the association is a non-profit organization with 15 stockholders, all of whom are directors and none of whom can make a dollar of profit out of the club.

He said that there will be 10 clubs in the Florida State League this year, and that there will be a split season with the winners in (Continued on Page Eight)

Big Truck Farmer, Paul B. Dickman, Finds Cattle Best

RUSKIN (AP)—Paul B. Dickman, one of Florida's biggest truck farmers, is turning to cattle raising as a more profitable crop.

Dickman said the risk in vegetable growing is too great for the return these days. With vegetables most of every consumer dollar goes for cost of marketing, while in cattle raising most of it goes back to the producer, he said.

"Last year I had 200,000 invested in my farms," he said. "If I had lost my crops, it would have taken me a lifetime to replace the investment" at present profit margins.

He said the vegetable grower gets only 20 cents of every dollar paid by the consumer for those vegetables, and out of that the farmer must furnish the land, prepare the soil, plant, cultivate and harvest the crop, pay all wages and pay taxes.

He said he would not quit the vegetable business all at once, but would gradually convert his farm acreage into pasture lands.

He also will keep up the pre-packaging operations which he has expanded, buying whatever vegetables he needs from other farmers in this "Salad Bowl" region of Hillsborough County. Dickman is well known for his method of preparing vegetables at the farm and packaging them all ready for immediate use in the home.

Attentive Is Made To Rob Express Company

The American Express Co., at the Atlantic Coast Line Depot, was broken into Saturday night but thieves failed to crack open the big safe. Acting Chief Roy Tillis stated this morning.

The entry was discovered by the night man at the Express office when he came at midnight. The office, of which C. C. Collins is agent, had been closed at 8:00 o'clock Saturday afternoon. The building was entered by forcing a heavily barred back door.

Thieves were made to break into the safe by drilling, said Capt. Tillis. One drill, three-eighths of an inch thick that had been used on the front of the safe was found. This had penetrated the door in several places. A hole, three quarters of an inch deep was made in the back of the safe by a one inch drill.

Tillis has several important clues they are working with the co-operation of the Sheriff's office, and Atlantic Coast Line police.

Expense Reports In Governor Race Reflect Interest

TALAHASSEE (AP)—The growing intensity of Florida's campaign for governor today was reflected in the weekly financial reports filed by candidates.

Alto Adams listed expenditures of \$11,412 last week. Of that \$6,732 was paid out for radio time and advertising. He said he had received \$310,371 in contributions during the week.

Dan McCarty reported spending \$7,515 and depositing \$9,174 in contributions. Bralley Odham's report was not received in the morning mail.

Dale E. Spencer, who also seeks the Democratic nomination, showed expenses of \$549 and deposits of \$700 of his personal money in his campaign fund. Bill Hendrix said he spent \$45 and put \$200 in his campaign fund.

Bert Acker, who is running for the Republican nomination for governor, reported spending \$24 last week. He listed no contributions. Another GOP hopeful, Elmore Kitzmiller, listed \$28 spent and nothing contributed. The report of the third Republican candidate, Harry S. Swan, was not received this morning.

Cancer Crusade To Get Started Tonight

A kick-off meeting to open the 1952 Cancer Crusade will be held at the City Hall tonight at 8:15. Miss Margaret Dingfelder, campaign chairman announced today.

Volunteers from the Pilot Club will meet with members of Beta Sigma Phi. Miss Dingfelder stated that other citizens interested in serving as volunteer workers are urged to attend this kick-off meeting.

Volunteers will canvass every neighborhood in the city and will also contact residents of the county. Contributions to the Crusade also can be mailed to CAN-CER, care of the Sanford post office.

At every home visited by the canvassers, an American Cancer Society educational leaflet will be left whether a contribution is made or not. The total goal of \$1500 is part of the national Crusade goal of \$16,000,000. The funds will be used to expand programs of services to patients, research into cancer's causes and cures, and public and professional education.

Fifty cents will buy one mouse specially bred for cancer research by more than 100 generations. A dollar contributed to the Cancer Crusade will print 500 copies of an educational leaflet. Fifteen dollars maintains a hospital bed for one day for a cancer patient unable to provide his own care.

Miss Dingfelder pointed out that 22,000,000 Americans now living will die of cancer unless present mortality rates are altered. There is a cancer death approximately every two and one-half minutes in the United States.

Program Is Launched To Secure Nativity Scene For Bandshell

By ELVIRA GARNER
As a citizen or friend of Seminole County you not like to become part owner in a Christmas Nativity scene to be displayed for many future holiday seasons in the Band Shell on Lake Monroe at Sanford?

Such an opportunity is offered to all persons interested in this project to bring beauty and inspiration at Christmas time not only to ourselves but to visitors in our town and travelers along our boulevard.

A number of Sanford people are promoting the idea of securing the Nativity scene for next Christmas. They have tried to contact all churches in the community,

McGrath Says He Erred In Naming Morris

Attorney General Admits He Had Answered Questions On Income And May Not

WASHINGTON (AP)—Attorney General J. Howard McGrath said today he wouldn't appoint Newbold Morris, government corruption cleanup man, as a special assistant if he had to do it over again.

Testifying before a House Judiciary subcommittee, McGrath also said he has not filled out the financial questionnaire sent him by Morris and does not know whether he will do so.

Morris, as his first step in a "clean up" of the government, has sent several thousand top officials a questionnaire asking for detailed information on their outside income and net financial worth.

Morris, a prominent New York lawyer and a Republican, was appointed by President Truman but technically is a special assistant to the attorney general.

McGrath was in the witness chair of the House group which is investigating the way he has run the Justice Department.

Rep. Keating (R-N. Y.), who fired the questions about Morris at the attorney general, told McGrath he understood Morris' dealing for answering the questionnaires is April 7.

He asked whether McGrath had filled out his yet.

"No, sir," the attorney general replied.

Keating: "You intend to, of course?"

McGrath: "I am not sure whether I will or not."

McGrath went on to say he hasn't distributed the questionnaires in his department, but he would be willing to decide whether the questions are such that should be asked of government employees.

Morris sent 300 copies of his questionnaire to McGrath with a request that McGrath distribute them to top employees of the Justice Department.

Keating asked whether, in the event McGrath decided to fill out the questionnaire, he would be willing to let the committee have access to the document.

"That's one of the problems I have to face," McGrath replied. "I should like to do so, but confidential — which I undoubtedly would do if we take that course — the information would not be available to this committee except on request of the President."

Keating asked whether McGrath would object to letting the committee examine his income tax returns.

"I have not decided on what I want say yes or no," McGrath replied.

Wilson Walkout Supreme Court Dims All Hope In Steel Conflict

WASHINGTON (AP)—The steel industry's sudden resignation as a mediator in the steel strike today dimmed all hope of an early settlement of the conflict.

The industry's resigning peace talks in New York with the U. S. Steelworkers' union found itself with no assurance of a price boost to offset a government program mandating 12 cents an hour wage increase.

The future of wage price control itself clouded overnight.

Sen. Maybank (D-S. C.) broke off hearings of his Senate Banking Committee on the extension of the Defense Production Act, which expires June 30, until the air has cleared.

The future of controls, Maybank said, should not be deliberated in "a wave of hysteria and confusion" charges and countercharges.

Some legislators have urged the scrapping of controls.

Maybank praised Wilson former president of General Electric's company and executive vice chairman of the War Production Board in World War II, as a "great American." The committee, he said, definitely will want to know who will administer controls as Wilson's successor.

Truman had no nomination ready for the job, he said, but he designated his assistant, John R. Steelman, to direct the Office of Defense Mobilization (DDM) temporarily.

The President, in accepting Wilson's resignation, declared the wage terms recommended by the Wage Stabilization Board (WSB) were "by no means unreasonable."

He believed the steel workers were "many times higher" than the proposed new wage costs.

Appeal Is Made To Donate Funds For Crippled Children

The Pastor Sord drive for crippled children is lagging, and although 3,000 letters containing Easter Seals have been mailed, only \$228 has been received so far, it was reported this morning by Mrs. Harold Appley, chairman.

The drive, which has a goal of \$3,000, is designed to aid children crippled by cerebral palsy of which there are reported to be more than 60 cases in Seminole County.

Mrs. Appley pointed out that the crippled children in the community need continuing and extensive services in order to help them become self-sustaining adults.

In recent talks before local civic organizations, Earl Kipp, supervisor of schools in Orlando, told the drive should be more than a school in Orlando in providing educational facilities and physical therapy for the 34 Central Florida children now enrolled.

A similar school for crippled colored children is now in the Washington Park area of Orlando. The proceeds of the Easter Seals are much needed in order to provide the expensive equipment needed in the training and development of all crippled children, both white and colored.

Large Fire Damages Home Of Barfield

A large fire of undetermined origin struck the unoccupied residence of W. K. Barfield, 1212 West Third Street, late last night causing "considerable damage," Fire Chief W. N. Cleveland reported today.

Flames scorched and burned the front porch and southeast and southwestern bedrooms, destroying or damaging furniture. At 11:21 p.m. firemen were alerted and raced to the scene to extinguish the blaze before it completely burned the house.

The one-story frame house, owned by Mr. Barfield, was occupied by J. W. Smiths, Montgomery, Ala., who were away visiting in Alabama at the time of the fire, Mr. Barfield said. Mr. Barfield lives at 1114 West Sixth Street.

Mr. Barfield did not discover his home had been burned until the Herald called him to check some information this morning.

"I was at the house yesterday morning," he said. "I'm sure it is a funny thing I didn't hear a thing about it until now."

Miss Evelyn Jones Is Leading For Queen

Miss Evelyn Jones, Seminole High School student and part time cashier at Faust's Drug Store, is reported to be far ahead in the voting for queen of the Kewanee Minstrels, according to D. K. Goff, Kewanee.

Capt. J. L. Chittenden of the Naval Air Station, was maintaining a tight lead in the voting for King this morning. Both he and Miss Jones are entries of the American Legion in the contest. Voting is by dropping pennies in jars placed in three drug stores and two banks. At 1:00 p.m. each day the jars at the Sanford Atlantic National Bank will be taken to McGraw's.

At Height Of Riots Over Trieste

DURING THE RECENT RIOTS in Rome, a couple of demonstrators who disagree the Trieste question fall away at one another. Great has returned to the Italian capital after the U. S. agreed to negotiate an agreement in which Italy will be allowed to join in the administration of Zone A of Trieste along with Britain and the U. S. Internationals.

HST's Refusal To Run Raises Other Queries

It Is Still Not Indicated Whether He Will Try To Name Successor In Office

WASHINGTON (AP)—House Speaker Sam Rayburn of Texas said today he is not a candidate for the Democratic presidential nomination, but Vice President Barkley declines to say whether he will bid for top place on the party ticket.

By JACK RUTLEDGE
WASHINGTON (AP)—When President Truman announced Saturday night he will not run again, he answered the jackpot question that has been fired at him almost daily for a year — but in doing so he raised scores of others.

Only time itself will answer these new questions, but this is what top officials were saying today.

Will Truman try to name a successor?

Sen. Russell of Georgia, a Democratic presidential candidate, and Richard J. Nelson, aide to Gov. Adlai Stevenson of Illinois who is reported to be Truman's choice for the nomination, said "No" on a television CBS program Sunday.

Sen. Humphrey (D-Minn.) said Truman will not try to debate a successor, but will take "a real interest in the selection." Humphrey was one of several who predicted a wide-open convention in July.

Sen. O'Mahoney (D-Wyo.) predicted Truman will interest himself to the extent of "making sure that his policies are carried on."

Would Gov. Stevenson, the man most often mentioned as Truman's choice to succeed him, accept?

Stevenson himself hedged on NBC's "Meet the Press" television program. He still insisted he was running for governor of Illinois, but would not say he would refuse the Democratic presidential nomination.

Sen. Humphrey said he believed Stevenson would not seek the nomination, but certainly would not be considered in the race fight.

New Photography Shop Opened Here

By S. P. Bergeres
Mr. and Mrs. S. P. Bergeres, formerly of California, today opened a photographic supply store and studio, combined with a gift shop, at 116 Magnolia Avenue and known as "The Camera and Gift Shop."

During nine and a half years of traveling abroad, Mr. Bergeres, who specializes in color photography, secured more than 8,000 slides, black and white and color, including scenes in Tibet. He intends to give showings of these for a year.

Three years abroad was spent by Mr. Bergeres as a member of the State Department, and it was two years ago that he was married to his wife. His wife was also employed by the State Department.

For more than six years, he developed the traveled extensively throughout the world, including the Columbia Broadcasting Co.

Children from more than 30 countries were collected during his travels. Some of these are not for sale.

Specializing in character and dramatic photography, Mr. Bergeres uses a Leica camera, with many interchangeable lenses for his work. He has studied advanced photography at Munich and Paris, he declared.

Mr. and Mrs. Bergeres found the country here coming to the best of things, suitable to Sanford, and liked the look of Sanford as well they decided to settle here, he stated.
