

No Place Like Home, Longdale GIs Agree

ARMEN Charlie Cobb and Bill Rodgers of the United States Air Force look over the Commemorative Medal Cobb was awarded while serving in Vietnam. Both young men are home on leave in Longdale.

By DONNA ESTES
There's no place like home. So agree two young airman home on leave this weekend— one after nearly a year in Vietnam and the other after 17 months in Turkey.

In the summer and early fall of 1964, four young men just out of Lyman High School, Glenn Fiddle, Charlie Cobb, Bill Rodgers and Don Nottingham, left their homes in Longdale to join the military service and fulfill their obligation to their country before continuing with plans for their future.

Glenn went into the Army "where the real fighting men are" and came home on only one leave before going to Vietnam, never to return. Don entered the Air Force, married a classmate, Pat Green, and is currently stationed at Keesler Air Force Base, Miss. Bill went into the Air Force in late August where Charlie enlisted in early September. They met in the same squadron at Lackland Air Force Base and were both stationed for a time at Keesler Air Force Base before going their separate ways. Bill volunteered for Germany or England and got Turkey. Charlie volunteered for Vietnam and got Vietnam.

Both young men went into the service with high ideals and shining illusions and were seen by friends this past weekend looking not quite so young, seeming more mature and much more cynical.

Charlie, after 17 months and 26 days in Vietnam, had lost the sparkle from his blue eyes.

CADETTE TROOP 759 returns to Casselberry after an exciting three day trip to Savannah, Ga., and the birthplace of the founder of Girl Scouting in America, Juliette Low. Shown with the girls are their leader, Mrs. Anita McGinnis, Mrs. Irene Wallace, and the bus driver, Kenneth Bielling.

Scouts Trek To Savannah

By JANE CASSELLBERY
A pilgrimage to the birthplace of Juliette Gordon Low, founder of Girl Scouting in Savannah, Ga., was enjoyed by Girl Scouts of Cadette Troop 759 of South Seminole. They made the trip by chartered bus, accompanied by their troop leader, Mrs. Anita McGinnis, and Mrs. Irene Wallace.

On the way to Savannah, the group stopped in St. Augustine for a walking tour of the old city and a visit to the Spanish moss, a map of 1845 Florida, and each girl was given a quilt square with a design typical of the period.

Also while in Savannah they visited the Historic DuSable House, the Ship of the Sea Museum and the waterfront.

The bus driver, Kenneth Bielling, was presented with a Girl Scout Friendship pin for his cooperation on the trip.

Girls included Frances Bostline and Ellen Sammet, Longwood; Christy Beck, Susan Carriell, Celis Lutz, Nora Hartnett, Tom Gubins, Susan Lyon, Linda McGinnis, Debbie Duval, Vivian Wallace, and Juanita Frita, Rosemary Hayes, Patsy Pfeiffer, Debbie Tombs, Twiglewood, Sherry Hill, Fern Park, and Cindy Strong, Maitland.

They stayed at the Downtown Hotel in Savannah and were accompanied on the trip by Cadette Troop 505 of Bear Lake.

While there they looked "reelie kisses" in the kitchen. As gifts to the birthplace, the girls presented a donkey

made of Spanish moss, a map of 1845 Florida, and each girl was given a quilt square with a design typical of the period.

VFW Unit Names Confab Delegates

By MRS. JOHN LEONE
Special guest at the June meeting of DeBarry's Veterans of Foreign Wars Post Auxiliary was Miss Sharon Redman who placed second in the state in the national auxiliary contest on "Young America Speaks and Acts for Peace-Unity-Service."

She will be presented a \$50 savings bond Saturday at the VFW Auxiliary Americanism luncheon at the state convention in Miami. At the DeBarry meeting, she was presented a certificate of merit, an Americanism medal and a jeweled flag pin by Mrs. Blanche Frye, Americanism chairman.

In business of the meeting conducted by Mrs. Alice Reinert, president, a citation from National Commander Leslie M. Frey was given Mrs. Sally Petalio for contributing time and effort in collecting the largest amount in the sale of Buddy Poppies last November.

Mrs. Reinert advised the delegates of the auxiliary at the state convention for consideration.

Mrs. Francann Howard, Florida cottage chairman, reported a gift sent to a graduate of the national home and Mother's Day cards sent to house mothers at the home.

All committee chairmen are requested to be present and members are urged to attend.

Delegates named to the national convention slated Aug. 18-25 in New Orleans are Mrs. Reinert and Mrs. Harry Thompson. Alternates are Mrs. Howard and Mrs. Lillian Connolly.

The charter was dropped in memory of Mrs. Ade E. Harris, past national president who instituted the State of Florida in 1845.

Members of the auxiliary at the Memorial Services at St. Ann's Catholic Church and visited graves of members on Memorial Day.

Next meeting will be July 11 with a picnic at the home of Mrs. Reinert on Azalea Drive.

Forest City Group Slates
Club Agenda

By MARYANN MILLS
A full agenda is on tap for the one hour long meeting of the Forest City City Community Association at 8 p.m. today in the Bear Lake School, Harvey Collier, president, has announced.

They Puffed and Puffed and the Bubbles Blew This-a-and-Thata-way

Scattered 140 boys and girls on a playground and give them two pieces of bubble gum each. Let 'em blow! You can see one of the most hilarious, messiest bubble-fests you can imagine. That was the scene at the Sanford Civic Center on Tuesday.

The smallest bubble ribbon in boys' class went to Andrew Blawieff. Largest bubble ribbon was won by Ronnie Tetenbaum while Susan Tetenbaum placed first in the largest bubble in the girls' class. Lillian Joyce Trice was judged smallest bubble blower in girls' class and messiest was James Cook.

Playground supervisors, Mrs. Sue Torres, Janice Daniels, Carol Torres, and Lamar Oswald were judges for the event.

Monday Night Architect Lochan Kelley made his recommendations on what exhibits should be continued when the city gets a new zoo. Not recommended was an African Green Monkey, Caruchin Ringtail Monkey, Verlot and two Black Bears. When Kelley's report got back to the zoo we can imagine the following conversation taking place.

BLACK BEAR — What does he mean not recommending me? I mean tigers and Florida deer are okay but me? — **OCELOT** — Not good enough for the likes of him, eh? — **OCELOT** — Well, he's right in his report the costs would be excessive.

AFRICAN GREEN MONKEY — Excessive? If it wasn't for those academy kids tossing popcorn I'd never get enough of anything to eat. Excessive? Ha. — **CARUCHIN RINGTAIL MONKEY** — Who is he recommending?

BLACK BEAR — Not who you mean when — **OCELOT** — Gimme that copy. (reads) 20 alligators at a copying cost of \$4,000. — **AFRICAN GREEN MONKEY** — \$4,000... I come cheaper than that. — **OCELOT** — Let me finish. One mandrill at \$3,400; a chimpanzee at \$4,500; a Saki Monkey at \$2,000.

AFRICAN GREEN MONKEY — Now just a minute, I've been trying to be patient but... what's a Saki Monkey? — **OCELOT** — Hold on, I'll call Kelley... (a few minutes go by). He sez it's a small monkey.

BLACK BEAR — Why didn't he say small then? — **OCELOT** — You want me to finish? 20 Spider Monkeys. — **AFRICAN GREEN MONKEY** — I suppose that's a monkey that weaves webs? — **OCELOT** — One more interruption and I quit. Anyway, 20 Spider Monkeys at \$10,000; one Woolly Monkey at \$1,000.

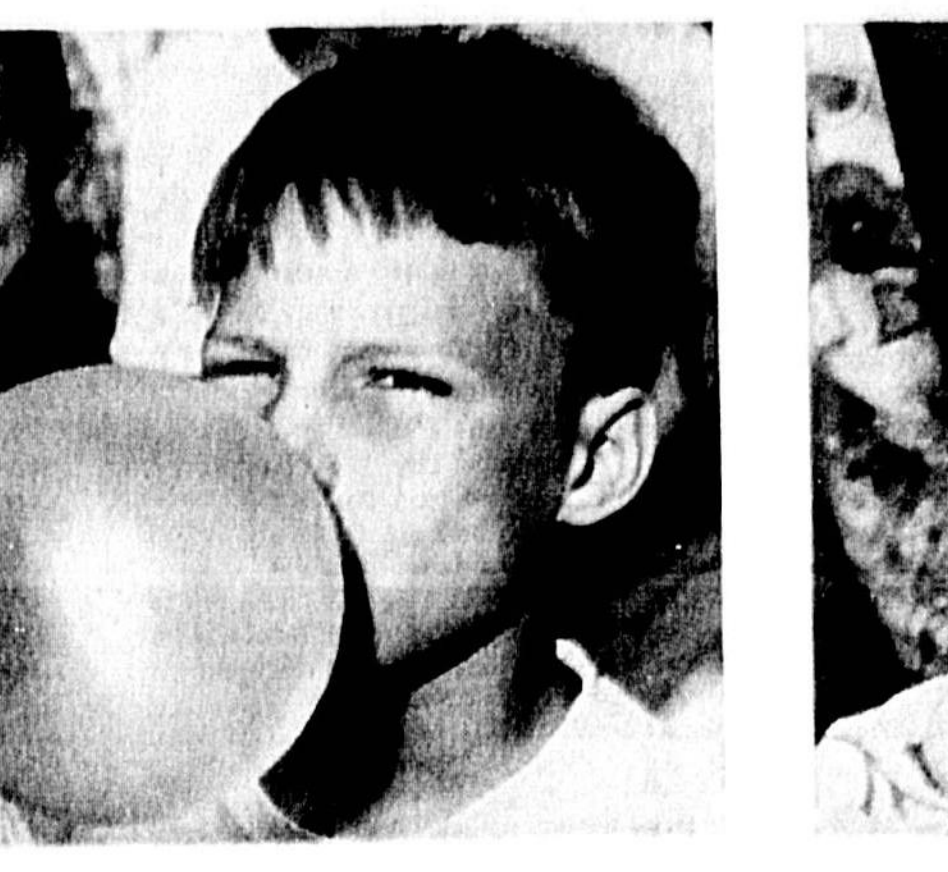

BLACK BEAR — Does a Woolly Monkey have a beard? — **OCELOT** — See, that's a joke... I was thinking of Mowgli. — **OCELOT** — I didn't hear that. — **BLACK BEAR** — Two others at \$3,000. One leopard at \$7,499. (Hear S.A. leopard) Goodness knows what S.A. means? — **BLACK BEAR** — Maybe from South America. — **OCELOT** — Two Black Leopards at \$7,400; two tigers at \$12,800; three lions at \$13,000; three Florida Deer \$2,000... and that about wraps it up.

CARUCHIN RINGTAIL MONKEY — What about an elephant? — **OCELOT** — Well this sparrow told me the park wanted all the elephants and elephants wanted all that stuff. — **BLACK BEAR** — I can imagine. They run the zoo but guess who pays for it? — **OCELOT** — Well, Kelley sez in his report that future exhibits could handle these animals but my or my, the costs!

BLACK BEAR — How about birds? — **OCELOT** — Hold on a second I'll look... On page nine it says a birdhouse for \$8,400... I listen to this: "Small interesting birds which thrive in confined spaces... 5000 birds, Macaws, parrots, also the toucan." — **AFRICAN GREEN MONKEY** — How about Sparrows? — **OCELOT** — Can you see the city spending any money on a Sparrow. — **CARUCHIN RINGTAIL MONKEY** — Or a pigeon? — **OCELOT** — They all leave the stage — real fast.

Soons To Tour Blighted Areas

Renewal Bill Hangs In Balance

Sen. Robert Elrod and other members of the Orange-Seminole Legislative delegation are expected to tour Sanford's "blighted" areas tomorrow or Friday.

The purpose of the tour is a last ditch attempt by Sanford to get the delegation to support a bill for urban renewal. The bill is expected to be introduced in the Senate.

Earlier Sen. Elrod reported that although local legislation appears to be in the works, if the city "wanted to show us there is an emergency we might reconsider."

Yesterday, the commission met informally and authorized attorney William Hutchison Jr. to contact Elrod in the capital and inform him of the commission's wishes.

All of Sanford's chances of getting federal financing for needed projects are dead without urban renewal legislation. Hutchison had warned the delegation last month.

In citing the need for legislation, Hutchison said "many of our projects are vitally connected with our ability to obtain federal assistance and we would hate to lose our opportunity at this time."

Downtown Inc. Group Sets Field Trip

Airport Study OK'd

Immediate study of the needs of the Sanford area in terms of a general service or airport is essential according to Federal Aviation Authority officials and Mayor Joe Baker.

The city commission yesterday approved a study of the Sanford area in terms of a general service or airport. The study will be conducted by the FAA officials with members of the City Commission and Sanford Industrial Commission.

Paul Boatman, FAA director and Max Bard, chairman of the Sanford area study, said the study will be completed by the end of the month. The study will be conducted by the FAA officials with members of the City Commission and Sanford Industrial Commission.

While no specific amount was given for the cost of such a study, several agreed that it should fall between \$20,000 and \$30,000 and that the results of the study would be obtainable from the federal government as far as air facilities on hand or in progress are concerned.

Factor being considered is the expected growth of the area, especially in the NASA realm of Melbourne to Titusville, the impact of Disney World by 1970, and the present limitation of use of commercial lines of McCoy airport in Orlando where the Sanford area has absolute control. This has brought the vacat-

ing of the Sanford Naval Air Base in 1964 very much into the picture. Boatman explained the various studies that are being made, the possible emergency of a multi-county authority to construct or operate new and expanded airports and urged that the Sanford area have absolute control. Area Park Nears Okay

A 6,200-acre tract of virgin land in southwest Seminole County and northwest Orange County may soon be on top of the state's priority list for purchase as recreation land, it was reported today by Sen. Robert Elrod (R-Windermere), chairman of the Seminole-Orange delegation, to the Sanford Herald.

Associated Press reported that Ned Landrum, director of the state Outdoor Recreational Planning committee, confirmed today the site "presumably" would move to the top of the list when purchase of the Cape Florida project is completed. However, he said, there is no precedent for moving projects upon the priority list and the state cabinet will have to make the decision.

The Rock Springs - Welvia site is No. 3 on the state's priority list, but the top two projects — Cape Florida and Galena Island — are being purchased.

By 1968, the state will own \$3 million on the 8 million Cape Florida project, Landrum said. The cabinet has already committed all its funds for recreational lands through 1968.

Landrum said new funds could be available if the Legislature provides a new tax source, or if the outdoor recreational council approves a bond issue on present revenue sources.

Hickson Hearing Set Tomorrow

The Civil Service Board hearing regarding the dismissal of Police Lt. Joe T. Hickson will reconvene tomorrow at 3 p.m. after a 13 day recess.

Hickson was dismissed in late March charged with conduct unbecoming a police officer and other related counts.

The hearings started in early May and have been conducted during evening hours in the City Commission chambers. Thus far, some 25 witnesses have been subpoenaed and 15 have testified.

The city has already wrapped up its case and the defense is expected to finish tomorrow. Since the recess, the city reported that Hickson's dog "Cato" was destroyed because of his condition. Hickson was accused of not properly handling the ex-police canine.

FLAG DAY in Sanford brings out the patriotic spirit of the Sanford Florida merchants as well as that of citizens all over Sanford today. Seen flying in the front of all the stores in the huge shopping center on south 17-92, the American flag may be purchased at any of the plaza stores.

Oviedo Charter Gets By House

Oviedo's new charter is bottled up in the rules committee of the Senate at present, but has already passed the House of Representatives, Sen. Kenneth Plante reported to The Herald today.

Plante stated, however, the delegation is making every effort to "get the bill out of committee" and is expecting its adoption soon.

In the meantime, Altamonte Springs' charter has passed the House and been passed through its first reading in the Senate. "We expect it to pass the Senate later this week," Senator Plante said.

Both charters for Oviedo and Altamonte Springs carry sweeping changes and referenda

Russia Presses For UN Action Against Israelis

UNITED NATIONS, N.Y. (AP) — The Soviet Union pressed today for an emergency session of the U.N. General Assembly to take action against Israel amid speculation that Premier Aizet N. Kossygin might attend.

The Security Council was scheduled to meet today on a Soviet resolution calling for Israel to withdraw immediately from the territory it seized in its blitz war against Egypt, Jordan and Syria. Council delegates believed the resolution would get only four of the nine votes needed for adoption, clearing the way for action on the Soviet

sources at the United Nations said they did not know to whom Gromyko was referring, and Soviet spokesmen in Moscow refused to comment on the resolution. The U.S. Embassy in Moscow obtained a permit to land a special plane in New York about Thursday but postponed the flight, apparently awaiting the scheduling of the assembly session. The U.S. Embassy in Moscow said the Soviet government had not requested any visas for the flight.

Should Kossygin come to New York, many other heads of government and possibly even

President Johnson were expected to attend the session.

The feeling was widespread among Arab delegations that the resolution was primarily to divert attention from their failure to help the Arabs in the war. In the view of the Arab League, the resolution was "unjust" and "unrealistic." Gromyko's letter said that despite the Security Council's three cease-fire resolutions, Israel had "seized further territories" from Egypt, Jordan and Syria.

The letter called for "the convening of an emergency session of the United Nations General Assembly within 24 hours" to demand "the immediate withdrawal of Israel forces behind the armistice lines" fixed at the end of the 1949 Arab-Israeli war. While Gromyko did not say so, his letter indicated that he was acting under the assembly's 1950 "uniting for peace" resolution, which was adopted to circumvent the Soviet veto in the council. The Soviet Union has always called it illegal.

An emergency special session can be called only after that resolution, and only when the council has failed to act for peace "because of lack of unanimity of the permanent members, the big powers."

The Soviet resolution before the Security Council "vigorously condemns" Israel's aggressive activities and continued occupation of part of Egypt, Syria and Jordan and "demands that Israel should immediately and unconditionally" withdraw her troops behind the armistice lines.

U.S. Ambassador Arthur J. Goldberg told the council at a

meeting Tuesday the resolution was "a prescription for renewed hostilities." He said it would "let everything go back to exactly where it was before the fighting began on June 5," with the Gulf of Aqaba again blockaded.

Fedorenko served notice he would veto that resolution.

In Washington, President Johnson repeated his pledge of U.S. support for the territorial integrity of all Middle East nations, but said "events of the days ahead" would determine how it carried out.

He said that the first priority for the United States was "peace in the area."

Tampa Killing Ruled Justifiable

Red Guerrillas Massacre 80

SAIGON (AP) — Communist guerrillas swarmed through a small Mekong Delta hamlet before dawn today, killing or wounding perhaps 80 Vietnamese civilians and military personnel.

The attack was one of several deep in the delta near Can Tho during the night. They occurred near the Cambodian border in an area where the Viet Cong control vast areas of the countryside by night.

Ground action was light outside the delta, the U.S. Command reported. In the air war against North Vietnam, U.S. pilots reported six more MIGs probably destroyed on the ground in the night attack on the Kep air base north of Hanoi and widespread destruction to supply lines extending from Hanoi and Haiphong.

The heavy Viet Cong attack in the delta fell on two adjoining hamlets 210 miles southeast of Saigon. While one was being raked by mortar fire, perhaps as a diversion, guerrillas smashed into the other.

A company of about 120 militia defended the second village. They justified their artillery support and for the U.S. Dragon Ship planes that nightly circle the delta to provide flares and Gatling gun support for embattled outposts.

A Vietnamese spokesman said 110 civilians were killed, 41 were wounded and the militia suffered heavy casualties, a term that means at least 20 were killed or wounded.

More guerrillas hit a South Vietnamese training center at Tan An, about 25 miles away from Can Tho again. Dragon Ships dropped flares and strafed the attackers with Gatling guns, and the attack was beaten off.

The U.S. Command reported that the Cambodian border is out 24 times during the night, mostly against Viet Cong probes in the delta.

Elsewhere, there was some fighting in the central highlands around Pleiku and more action in the 1st Corps area below the 17th Parallel dividing Vietnam.

The fighting around Pleiku cost one U.S. Air Force Super-sabre jet which dove into the ground, probably after being hit by guerrilla fire. The pilot was killed and the plane downed by hostile action in South Vietnam.

Also in the 1st Corps area, big B-52 bombers pounded suspected Red infiltration routes in Quang Tri Province twice Tuesday night and on Wednesday morning. Infiltration routes in Quang Tri, South Vietnam's northernmost province, have been hit seven times in three days now.

The U.S. Command reported 87 missions over North Vietnam Tuesday, with four flying weapons over most important target areas. The North Vietnamese air force was up in some force, and U.S. pilots reported sighting many MIGs but no dogfights were reported.

The raid on the Kep base was the third since Saturday and brought the total number of MIGs reported destroyed, damaged or probably destroyed to 16.

The railroad yards at Kep were also attacked and planes said they destroyed or damaged 15 to 20 boxcars including one tank car which sent dense smoke 5,000 feet into the air.

Biggest Issues Okayed

TALLAHASSEE (AP)—Two of the biggest issues before the 1967 Legislature, pollution control and recreation tax redistribution, were acted on by separate chambers Tuesday by legislators needed a long recess.

The Senate approved 45-2 a bill putting the governor, not the Cabinet, in a leadership role in water efforts to curb water and air pollution in Florida.

The House approved 30-9 a redistribution formula for permutated betting tax revenues which will cost the smaller counties only limited income. The key portion of the bill was sponsored by a rural delegate.

Republicans charged meanwhile that House Speaker Ralph Turfington was sitting on the \$1.58 billion appropriations bill to delay its arrival to Gov. Claude Kirk's office. Turfington said he was delaying it.

Republican Senate Leader Bill Young of Pinellas Park charged that the Democrats were afraid of a quick veto and did not want the bill to reach the GOP Governor before the Legislature takes off for a five-day recess starting at 2 p.m. today.

Turfington said that, actually, the bill was in the Senate awaiting the return of Secretary Ed Fraser, who was attending his sister's funeral in Lake City.

Fraser must sign the bill under the rules.

The bill would restructure the board of health, changing its membership from five to nine members, forming within it a division of environmental control charged with control of pollution of air and stream and supervision of disposal of solid wastes.

The House's approval of the racetrack tax redistribution bill provided that each county would get \$250,000 per year, with the remainder going into the state's general fund pool. The feature was adopted by a 54-20 vote on Monday by Rep. Eugene Shaw, D-Stark.

Under present law, the total revenue of the racetrack tax is divided equally among the 67 counties. Last year it meant each county got \$292,000.

The show began unenthusiastically with high-waisted wood cuts and pale plaid suit costumes with pleated skirts.

However, by the time the basic blacks had arrived the first glimmer of gold and silver was seen in the skull caps the models wore. Not hats, they were wigs imitating the short, curly hair worn by the Greeks long ago.

Indeed, the Grecian influence was strong, with togas and one-shoulder dresses galore. Fanned for his fluttering chiffons, and his simple crepes, Sarmi served up these too, in the show, along with dainty laces.

For the most part, however, the Italian count turned American designer could not resist the sprinkling twinkle of stars everywhere, even to the lame legs of his models.

Quilted velvets with dog collar gowns and broadtail dresses and suits with sable and mink trims were quite heavy enough to keep his clients warm in their drapery castles.

If the ladies were not full wrapped in a metal brocade, they were tinclined with bands of dripping silver. Feathers, all ways a heavy favorite with Sarmi, were among his flock of fashion inventions. Still, these ostrich plumed capes or gowns were also made to sparkle with headlight sized gems nested within the feathers.

Wear Wealth This Fall, Says Count Sarmi

AP Fashion Editor NEW YORK (AP) — If you're rich, you may wear your wealth this fall instead of banking it.

At Count Sarmi's collection opening Monday elegant manikins swept through his crowded showroom with their costumes so laden with gold or silver or so encrusted with gems that they could probably stand by themselves.

City Sets Study on Airport

praisal of the area's needs before any other study is taken.

Bard told of the hazards which accompany the closing of a military installation and the take-over by civilian authorities. Always an expensive operation, it is complicated by airport facility transfers and the need to provide security for the instruments, machinery and buildings which change hands.

City and commission officials recognized the difficulties which confront Sanford should the entire base be procured and its vast area become a city responsibility. Jeno Paulucci, chairman of the Sanford Industrial Commission, endorsed the preliminary study but warned against the possibility that public funds might be drained to support an airport that was beyond the needs of the area.

Lee Moore, member of the industrial commission, thought the meeting had been an eye-opener in putting the acquisition of the base into perspective. And at the end of the conference A. L. Wilson, city commissioner, said that what was needed now was the study; "then we can decide what to do about a general purpose airport or a regional jetport facility."

Both of the FAA officials emphasized that the FAA thought that Sanford needed an airport and that their agency would do whatever they could be in line with their official responsibilities to help in seeing that Sanford did get an airport and that it was the proper one in terms of needs and resources.

Oviedo Charter Gets Past House Vote

rights; residency of one year for candidates to council with candidates also being freeholders; majority vote for election with run-off, if necessary; hot pursuit by the police department within the county; condemnation of property for public use; permissive city service system for city employees with pension or retirement program; control of development and use of streams within the city and public hearings on the budget.

Cassidy's amendment is a change election day from Monday to first Tuesday in December; permits hot pursuit by police department within the county; reduces residency requirements for candidates to public office from one year to six months; calls for 20 day filing for office rather than 30 days; sets budget year from Nov. 1 to Oct. 31 rather than calendar year and provides that budgets must be adopted no later than Sept. 1 of each year.

Longwood's amendment would permit hot pursuit within the county by the police and permits the mayor to name an advisory as city judge, if he wishes.

The U. S. House of Representatives has approved a bill to allow congressional districts to vary up to 30 per cent over 1972, when the variation would drop to 10 per cent.

The proposal would make the district immune from court action implementing the one-man, one-vote decision on the federal level.

The U. S. Senate has amended the House bill to require that states go into the 10 per cent maximum variation now instead of waiting until 1972.

The White House did not have a statement until 1971.

Congressional Area Changes Urged

TALLAHASSEE (AP)—A Miami democrat said Tuesday that he will ask the Legislature to ignore the wishes of Florida congressmen and go ahead with plans to redistrict the state.

Sen. Edmund Gong said that Florida congressional districts now vary as much as 24 per cent, which he said is far outside the one-man, one-vote criteria established by the U. S. Supreme Court.

Gong, chairman of the Senate Apportionment Committee, has also filed suit in a Miami court challenging the legality of the state's districts for U. S. representatives.

The first hearing in the court case is scheduled for June 30, Gong said that practically all the Florida congressmen want the Legislature to put off action on redrawing their district until after the 1970 census, and until after Congress completes action on proposal dealing with district variations.

Clubs Elect New Officers

By CELIA FARMER

THE STATION OFFICERS' wives elected new officers at their latest meeting, a coffee held in the Station Party Room, on June 1. Hostesses Nancy Anderson and Marie Medina decorated the party room in a patriotic theme in keeping with the election night. Red, white and blue streamers, flown from the ceiling with an American flag used as the overall center of attraction.

New officers elected to serve for the next six months were Betty Ferguson, president; Judy Oakley, vice president; and Karen Eyrin, secretary-treasurer.

Coffee, iced tea, doughnuts, sweet rolls and cookies were served with a watermelon filled with assorted fruits. A baby

NORMA WHEATLEY

As she attended Texas A & I University at Kingsville, her hobbies include bowling, stamp collecting and sewing. The family enjoys going out on lakes and rivers in their canoe.

A DOZEN RVAH-11 OFFICERS' WIVES signed up to bowl in a fiercely competitive tournament for ALSAC, last Tuesday night. Underlying several times they developed previous commitments at the last minute (or was it cold feet?) but Pat Cantrell and Nancy Anderson kindly agreed to fill in.

After a delicious repast at the Troop Lounge, all were ready for action and tournament night. Underlying several times they developed previous commitments at the last minute (or was it cold feet?) but Pat Cantrell and Nancy Anderson kindly agreed to fill in.

spoon was presented to Shirley McDonald along with the traditional going-away gift of a silver bowl. The door prize, a small hurricane lamp, was won by Pat Cantrell.

THE RVAH-11 ENLISTED WIVES met June 6 for the regular monthly meeting in the Wives Meeting Room at NAS. Main item on the business agenda was election of officers to serve for the next six months.

Those elected were Kathy Foley, president; Edna Harper, vice president; and Jeanette Brown, secretary, and Louise Weston, treasurer. Plans were made for the group to go to Jet Lanes Sunday, June 11, for an afternoon of bowling for ALSAC.

Members also decided to meet at the home of Frankie Watson, June 21, at 8 p.m. for an evening coffee.

A family picnic is planned at Lake Golden on July 4 for all Enlisted Wives in the squadron and their guests. Everyone is invited to bring a picnic lunch.

Following the business session, Edna Taylor, a hair stylist from Carl and Carl Beauty Shop, was guest speaker for the evening. She discussed the proper way to shampoo hair and also the correct brushing and combing procedure. Members were most interested in the various hair techniques. Edna gave a demonstration with Jo Ann Wagner as her model, showing different hair styles, including home, office and an exciting evening style.

The door prize of a free shampoo and set, donated by the MOANS, GROOMS and about 100 other members, was won by Sammie Smith. Special guest for the evening was Mrs. T. J. Killeen, commanding officer of the squadron.

Three new members were welcomed into the club. They are Sammie Smith, Ruth McClain and Martha Paik Mathis. Others present for the meeting were Irene Sprague, Louise Weston, Edna Harper, Jeanette Brown, Mary Osborne, Jo Ann Wagner, Kathy Foley, Jo Filles, Sammie Watson, Frankie Watson and Edna Taylor. Refreshments of coffee and cookies and Danish rolls were served during the social hour.

THIS WEEK THE NAVAL OFFICERS' WIVES CLUB presented their two candidates for the office of vice president: NORMA WHEATLEY, candidate for vice president of the Naval Officers' Wives Club, is the wife of Woody Wheatley, a dentist at the Naval Air Station. She is the mother of three sons.

Presently Norma is serving as vice president for the Station Wives Club and as representative to the NOWC. She is a Sunday School teacher at the Holy Cross Episcopal Church and treasurer of the Episcopal Churchwomen.

Also a candidate for vice president of the Naval Officers' Wives Club is TONY ASBELL, wife of Lt. Bill Asbell, who is the Landing Signal Officer of RVAH-11. Tony has three children, Shawn, five, "Chris", three, and Michael, eight months. She is a Navy "Junior" and a member of Corpus Christi, Texas.

were Nettie Phillips, Janet Johnson and Ona Clark. A future party is planned for JUNE 16 in the Party Room at 7:30 p.m. COME ONE-COME ALL-Bring your friends and neighbors and have a good time. Babysitting will be provided.

SATURDAY, JUNE 8, FOUND THE RVAH-11 ENLISTED WIVES and their children gathered at Lake Golden with picnic baskets brimming with goodies and their best "Let's have fun attitudes." All in all there were somewhere near 40 women and children to celebrate a "Happy Birthday" to all wives, children and deployed husbands.

Color movies were taken of each family as they played volleyball, ate picnic lunches, swam in the lake and, of course, sang "Happy Birthdays." A huge sheet cake decorated in red, white and blue depicted the birthday of the wives, children and deployed husbands.

The most applause went to Connie Davison who got a trick with her left hand—Dona Boyer won a prize for good sportsmanship, having never bowled before. Edna Harper, who is when she joins the league and sees how it really does and Sally Mando who has a huge dog trophy for bowling high series.

A special commendation should go to JOHN SPOLSKO, who bowled such a high percentage of profit to St. Jude's Leukemia Hospital during the month of June.

The squadron bridge was held at the home of Dot Hamrick, Friday night. Those attending were Ann Pritcher, Sue Thon, as Jo Ward, Kate Artly, Connie Davison, Mary Ann Williams, Lisa, Sally, Marlene, Beta Ryan, Diana Panier, Carol Lathrop and Neida Zophy. High score prize went to Mary Ann and second to Connie.

THE CPO WIVES CLUB WILL HOLD THE REGULAR MEETING at the home of Sarah Skinner. All board members are urged to attend. Friday, June 22, members of the CPO Club with their husbands held a bowling party for ALSAC at Jet Lanes. The party arranged by Jackie Spear and Edna Taylor was a huge success by all who participated.

Future plans for Miss Cleveland include attaining her diploma at graduation ceremonies held June 8, 1967. Dr. Morris S. Hale, Jr., president of the college, made the presentation at which 140 students were graduated.

During the school year 1966-1967, Miss Cleveland, besides maintaining her high scholastic average, was also very active in student organizations. She was president of two clubs.

Virginia Cleveland First OJC 1967 Honor Grad

On the third set of lanes, Jim Parsons and Marlene Lewis defeated Ivan Lewis and Joy Campbell and the hot team of Cindy Parsons and Gene "I've never done it before" Campbell.

After bowling, the group went to the Lewis for a BOWLING Double. Some very interesting scores were turned in. Sara Jane Smith felt bad that she couldn't throw the ball as hard as C. C., so she could beat him by a higher margin. The Grzybski helped instruct the girls during the afternoon.

Those enjoying the day together were Susie deBostel, Cindy Parsons, Alice White, Judy Campbell and Sara Jane Smith.

Margaret L. Davis Pupils Present Annual Recital

NAVY RELIEF CHECK... Mrs. Jo Kuhlie, chairman of the recent Navy-Civilian luncheon held at Lake Golden, presents Capt. Herbert N. Houck, NAS Sanford commanding officer, with a check for \$1,389.83 to benefit the Navy Relief Society.

Guests for the afternoon coffee were the honorees, Joan and Gladys, Barbara Lashan, Virginia Sullivan, June Young, Judy Giese, Lucille Ervin and Sue Bea. Hostesses were Ann Snyder and Yvonne Sechrist.

OFFICERS' WIVES OF RVAH-11 met recently for a coffee at the Officers' Pool with Phyllis Hoffman, Joan Green and Verna Durbin serving as hostesses. Mrs. Charles Smith, president at the business session and introduced five new members: Jo Ann Glocker, Fran Turpin, Pam Gallacher, Bert Lowrie and Ruth Afield.

John has also been an active member in the club for three years. She has served as president and chaplain for this club. A pair of "Hoot Owl" bookends were presented to her as a farewell gift. Joan, her husband and seven children will be stationed at Cecil Field, in Jacksonville.

Following her talk, the courtesy chairman, Mrs. Brodie Williams, presented her with a religious book from the class.

The Reverend Jenkins installed the following officers: Mrs. W. E. Haines, vice president; Miss Alene Chapman, secretary; Mrs. G. B. Hudson, treasurer; Mrs. Robert F. Cole, teacher; and Mrs. M. B. Smith, assistant teacher. The chairman will remain the same.

Mrs. Harrison expressed her appreciation to the group for having been selected as president. She announced the projects that had been selected. The year books are being printed and will be distributed at a later time.

Yearly reports were given by the various chapters. Courtesy chairman announced that a large sum of money was being donated to the Building Fund of the church, in honor of a class member, who has been very helpful in raising funds in the class for the church building fund.

Mrs. Meriwether expressed her appreciation for all the help she has received from the members during the two years she has served as the class president.

It could be baking while you are at church, leaving the afternoon free. Or if you're one who prefers evening dinners, you can put it in the oven and forget it while you join Dad and the kids for some family fun in the backyard.

Strikes And Snares

BY JOHN A. SPOLSKI

Sports Editor John Spolski is on vacation for two weeks and substituting for John this week on "Strikes and Snares" is Gil Luck.

The Sanford Men's Bowling Association headlines the bowling news this week, with the announcement of their 6th Annual Firecracker Tournament. Association President Al Serrano emphasized that the key word to this year's Firecracker is "HANDICAPPED." The double-elimination tournament is being handicapped this year (70% of 200) in order to draw more participation from association members. A lot of prize money is up for grabs, too. \$100 plus a trophy is assured for the winner of this year's Firecracker. And, the prize list will be rather long this year because the payoff ratio will be one for every ten entries.

Qualifying begins this Friday, June 16 and will continue, daily, through June 20. The actual tournament will be held over a three-day period, June 30, July 1 and 2. It is pointed out by Association Secretary Jim Brewer: you'll be able to qualify at Jet Lanes any time lanes are available with two bowlers to a pair of lanes. The top 22 qualifiers then advance to the first round of the Firecracker. Pete Duggan and Jack Kanner are serving as co-ordinators of this year's big event.

Speaking of tournaments, Howard Owens displayed his bowling ability this Saturday night and today is about \$33 richer. Howard, who carries about a 196 average in league play over in DeLand, walked off first place in the No-Tep Tournament. This tournament is becoming more popular with each passing week. A record-54 entries tried their luck in the most recent competition. Tom Alexander placed second (he had first place wrapped up with less than an hour to go) and Steve Duda and Howard Owens tied for high marks, 276, in the opener. The second game had Chuck Redman on top with 278 and Bob May just missed a perfect game, by blasting the pins for 287 for third game honors.

Oh, if it only had to be over again! could easily sum up Dick Schmitter's feeling after a 260, 9 consecutive, legitimate strikes and finishing with a bowler, as spectators watched and hoped.

Just for the record, there are almost 100 men and women association members, bowling locally, this year. Marge Farris, the women's secretary, informs us that a record-837 members belonged to the Women's Bowling Association and over 850 bowlers participated in the men's organization.

With just a few final average reports out at the moment, it looks like Dot Buttons had the highest average, 172 and the highest series, 608 while performing in the 702 Auto Sales League, during the 1966-67 season. The highest game among women association members, was a gigantic 558 for Dot Johnson, while bowling in the Quality Mobile Homes League.

For the men, the names Rich Murphy, Pete Peterson and Bob Borsdorf stand out and inline for awards from ABC in Milwaukee, providing their high scores hold up. Bob Borsdorf seems to have captured the highest average among the men association bowlers with 188, that helped carry him to first place in the Singles Classic. Pete Peterson rolled a 270 during the past season, which gives him high game recognition and Rich Murphy turned in two high series, the high was a 672 followed by 771. Al Serrano, the men's secretary, has the highest series and game during the winter season.

Keep an eye on Dave Karsandi, new to the Sanford area (just in from Puerto Rico) and dominating five bowling from the Summer City League for North American. Karsandi is off to a very good start, bowling a 190-plus average.

Some of the bowling highlights from last week... Gordon Senart ripped the pins for a pleasing 254 game for WTRF Radio, in the Unprofessionals League. This was the high game at Jet Lanes this past week. Steve Kowal, bowling below average we mention to point out, bowled a triple, 123/269 series and Steve will be receiving a special award from ABC for this rarity.

Nettie Phillip just missed a triple series, while bowling for Link Construction in the Shooting Stars League. Nettie rolled 127 in the first game, another 127 in the second and in the third... 126... (so close).

John Fischer turned in the highest series at Jet Lanes last week. John started with 255, added a 222 game and finished with 169 for a 686 set for DeLary Western Auto. Gordon Senart, aided by that high 254 performance, also surpassed a 600-plateau with a respectable 617 series.

Jack Kanner bowled the pins to the tune of 245 in the City League. Fred Jack had a 236 in the All-Star.

The Singles Classic ("A" Division) is inactive during the summer and will resume in the fall.

The Singles Classic ("B" Division) is off to a great start. This league was set up for 109-and-below average bowlers but you'd never know it by some of the scorers being registered. Al Chavin was tops last week with a 270 series and a 218 high game. Al also showed off in the City League with a 272/212 hit. Some other high series: Jim Brewer, 229/214/210; Tom Best, 225/206 and George Kenia, 225/196. Jim Brewer posted his second successive 229 series in the Singles Classic, night before last.

The women were paced by Beverly Adams, Jane Spolski, Margie Carstairs and Jean Kreeck. Beverly rolled 548/192/183/172 in the Seminoles Primers League. Margie was happy with her 549/199 in the Hi-Lo. In this same league, Jean Kreeck bowled 518/190 and rounding out the scoring, Jane Spolski had 506/214 for the Scorchwells in the Hi-Lo.

Today, tomorrow and Friday are the final three days to bowl three games for a dollar, at Jet Lanes and help ALEAC-Aiding Legitimate Stricken American Children. Why not get a group together and bowl for ALEAC! This ALEAC-Bowling Rodeo (through June 16) is a project of the Bowling Professionals Association. You can bowl anytime except while all lanes are being occupied by league play.

Altamonte Blanks Casselberry

Randy Smith hurled a brilliant no-hitter in Seminole Senior League play last night as coach Lamar Cockerill and his Altamonte Seniors edged previously unbeaten Casselberry 2-1 at Cooper Field.

Smith handcuffed the hard-hitting Indians without a hit over seven frames, striking out eight and walking two. Casselberry scored an unearned run in the third inning on walks and errors.

Tribe hurler, Terry Baker (6-1), pitched a two-hitter and led 1-0 going into the seventh inning when the Senators scored a pair of unearned runs. Smith, who had walked, scored the game's winning run coming in on an error to hand Baker and Casselberry their first loss of the season. The Indians are still in first place in the Senior League.

The only hit of Baker by Steve Duda, a single by Wayne Avery in the fifth and a single by Chuck Harmelinger. In Major League play, Casselberry edged the Senators 2-1 as southpaw Bobby Altman fired a one hit, fanning eleven and walking just one. Jerry Johnson had the only safety for Altamonte, a single in the fourth frame. Phil Holder, with a double, and Altman and Carl Tabatic, with singles, paced the Casselberry attack.

Alvin Farrier hurled a one-hitter as the Altamonte Twins trounced Longwood 15-1 in Minor League play at Altamonte Field last night. Farrier registered fifteen strikeouts and led the Twins in hitting with a single and a triple. Ledameter Calvin Simmons belted a home run and Larry Tyler rapped a double and a double. Chip Fry had Longwood's lone hit, a single in the second inning.

All Souls topped First Baptist 7-4 in Church Softball action last night. Lawrence Piver slammed two singles and a double while Ray Day collected four of two singles for the winners. Charles Koke rapped two singles and Bobby Barber a round tripper to lead the losers from the plate. Mound ace Bob You-

FORT LAUDERDALE, Fla. (AP) - Former Bowling Green, Ohio, State University basketball coach and athletic director W. Harold Anderson today announced he will resign his post as head coach of the Fort Lauderdale team.

Anderson, 64, retired from Bowling Green in 1960.

No-Hitters Galore In The Sanford Loop

By LARRY NEELY

Phillip Boyd hurled a no-hitter in Pee Wee baseball action last night while Danny Hutchinson was making a no-hit showing in the American Little Major League.

Boyd's no hit pitching was the key to the Tigers' 2-1-0 bombing of the Twins last night. Jeff Patton and Tim Morgan were the two leading batters of the Tigers up to the plate, each collecting a duo of hits.

The no-hit pitching of Hutchinson paced the 12-0 blanking of Goodyear by Florida State Bank. Hutehinson fanned seven of the Goodyear batters in his mound showing. Donnie Hataback and Mike Mason belted two hits apiece to lead the winners from the plate.

Shaw was the winning hurler. Pinerest Baptist topped First Presbyterian in the only other Church softball game last night.

Roy Dunn and Jim Patterson collected three and two hits respectively for the winners while Greg Gansel laced three singles to pace the losers from the plate.

David Tabour was the winning hurler of the match. Church bombarded Osteen 15-2.

In the only other Metro game scheduled American Oil won by 2-0 over Pinerest Retail. Shimeo moves Civitan (4-30) and CPO takes on Kiwanis (7-30) in Sanford Junior Baseball at Pinehurst Park tonight.

American Oil clashes with Modern Mobile Homes (7-30), and Pinerest Retail comes up against Cobia (8-24) tonight at Ft. Mellon Park in Metro Softball action tonight.

The 6-foot, 180-pound Aaron collected a home run and single Monday night against the Philadelphia Phillies to reach his hit set circle, occupied by only 41 other batters.

"I didn't know how many I had," said Aaron when asked why he didn't mention it Monday night.

"We didn't realize it until we did a recheck," explained a Braves spokesman. He started the season with 2,434, and has 10 years a better than .300 home run producer.

The Tigers were stretching the pitch Tuesday night.

"I sat right there and saw it, and I don't believe it," said Detroit Manager Mayo Smith. The Tigers snapped a five-game losing streak by chipping and

Revolt Stuns Golfdom

PGA Snowdown Nears

SPRINGFIELD, N.J. (AP) - Arnold Palmer and Julius Boros added their names today to the protesting petition and a player tournament committee said all name golfers were ready to revolt unless their demands were met by the Professional Golfers Association.

"We now have every known player on the petition except Bill Casper and Doug Sanders," said Doug Boros. "Both of them have told us privately that they are in sympathy with our stand. We are now ready for a showdown."

Ford, a member of the four-man players tournament committee, said Palmer, the game's leading all-time money winner, and Boros, two-time national Open champion, had affixed their names to the petition.

"We now have 150 players on the paper demanding a stronger tour," a veteran PGA spokesman said after an unsuccessful conference with PGA officials.

In a seven-part petition the players are demanding that the PGA Executive Committee be dissolved and an arbitrary veto be lifted so that the players be given a right to schedule their own tournaments and hire the men who run the show.

"If these requests are not granted by June 15, the players' petition said, the touring pros will boycott the PGA National Championship, scheduled at Denver, Colo., July 20-23.

The PGA, which has built and promoted the tour into a \$15-million enterprise, insists it will not yield.

"We have scheduled a meeting in Cleveland next Tuesday," D.C. president of the PGA and teaching pro of the famed Broad Tree Course where Presidents play.

"We refused to sit down with five or six players. We want to talk with all of them. We feel that many of the players are under a misunderstanding on what is taking place.

"What they want is control. We cannot sit still for the kind of control they want."

A group of the players and PGA officials at Baltusser here Tuesday where they were preparing to compete in the 67th National Open Championship starting Thursday.

Coming A Long Way

It is heartening to know that the practice session for a disaster in this area, which was conducted last month, was so well coordinated.

This was "operation Susy Q" under the leadership of A. B. Peterson Jr. of the Red Cross and Herbert Johnson of Civil Defense.

Thanks Again FEA

Dear Abby:

By Abigail Van Buren

DEAR ABBY: What do you think of a wife, married nine years, who takes the children to visit her mother in another state for two months every summer?

She arranges her trip so that the last two weeks fall when her husband gets his vacation. Then he has to drive to her mother's, spend his "vacation" there, and drive her and the kids back home.

Then when the husband tells her that while he was alone he went out a few times and had a couple of beers with the boys, she blows her top. How about this, Abby?

THE HUSBAND: The husband should register his complaints with his wife. And if she continues to leave him, he can't be blamed for relieving his loneliness and boredom with "the boys." If the wife is smart, she'll change her routine because there is always a chance that the next time it could be with "the girls."

DEAR ABBY: My sister-in-law of 20 years standing has a friend who will soon celebrate her 25th wedding anniversary. This friend is having a party at her newly-built home.

Well, my sister-in-law asked me if I wanted to earn a little extra money by serving at this

party. Abby, I have a very good secretarial job, own my own car, have no debts, and I am not in the slightest hurry to visit her.

I have never done waitress work in my life!

I know the anniversary couple socially, having been invited to the homes of mutual friends. In fact, the anniversary couple have been guests in my home.

I was very much insulted and I let my sister-in-law know it. I haven't heard from her since. Was I wrong in feeling insulted?

DEAR NO: If you honestly believe your sister-in-law went to insult you, then you had every right to feel insulted. You know your sister-in-law better than I do, so you'll be the judge of her motives.

DEAR ABBY: I've been getting married tomorrow and Jimmy's brother, Tom, is getting married tomorrow and Jimmy will be an usher in the wedding. I am very upset because I know I'm invited, because I know the family sort of liked me. Maybe I am all upset over nothing. If I am, please tell me. Do you think it could have received an invi-

Horoscope Forecast

THURSDAY, JUNE 15, 1967
GENERAL TENDENCIES: A day to be "as wise as the serpent" and as harmless as the dove" since all kinds of activity is likely that can cause much discussion and trouble from quarters where it is least expected. Protect yourself by being wary and refuse to become entangled in anything not strictly above board.

ARIES (March 21 to April 19) Make sure not to follow the desires of certain individuals who seem fascinating but could be leading you into a trap of some sort. Get busy with own duties. Handle them in a most intelligent way.

TAURUS (April 20 to May 20) An encouraging word and a cheerful attitude is necessary to keep you on the right road. Pleasure is fine provided you walk, drive carefully. Be patient if you want to make the most of your finest talents.

GEMINI (May 21 to June 21) A better home life is the answer to most of your problems now, so work toward establishing such. You know what it is that is keeping you from having the harmony you want. Do what you will rid you of such hindrance.

MOON CHILDREN (June 22 to July 21) Find the system that will make others think more highly of you and make daily duties more measurable, easy. Do not be sarcastic, address and forgive them their thoughts, less comments. Avoid trouble.

LEO (July 22 to Aug. 21) Some time spent in a quiet room to increase abundance via some method that has not been proposed to you before is wise. It would be well to cut out all unnecessary expenses. If you have not had a vacation for a long time, plan one now.

VIRGO (Aug. 22 to Sept. 21) Others may be quite critical, but if you rise above such pettyness and keep busy with your duties, all is fine. Use that ingenious bent you have for getting rid of problematical affairs.

LIBRA (Sept. 22 to Oct. 21) Plan now to rid yourself of some obligations which may weigh on you. Be sure you are able to do the work that will be more profitable, make you more secure. Get into detailed matters. They may be annoying, but necessary.

SCORPIO (Oct. 22 to Nov. 21) Although you may want to continue some new acquaintances, be careful since they may be out to gain much at your expense. Keep busy with your own affairs. Avoid the social as much as you can right now.

SAGITTARIUS (Nov. 22 to Dec. 21) If you handle others intelligently, you get the support of bigwigs in your own community, who help you to advance. Career, credit skills are working nicely. Add to prestige you now enjoy.

CAPRICORN (Dec. 22 to Jan. 19) Certain certificates of ineffectiveness may come up suddenly. Be sure you are able to handle quickly and which will teach you not to commit your first in days ahead. Forget that harsh criticism and receive from other ideas are different to yours.

AQUARIUS (Jan. 20 to Feb. 18) You are called upon to clear up very difficult problematical affairs and you must first try to give them very serious study. Get your bills paid, also. Be pleasing with boom buddy in P.M.

PISCES (Feb. 19 to Mar. 20) Be sure you maintain equilibrium or some big argument comes up with a partner who thinks very differently from you right now. Be alert to the reactions of others. Business contacts better understood, also.

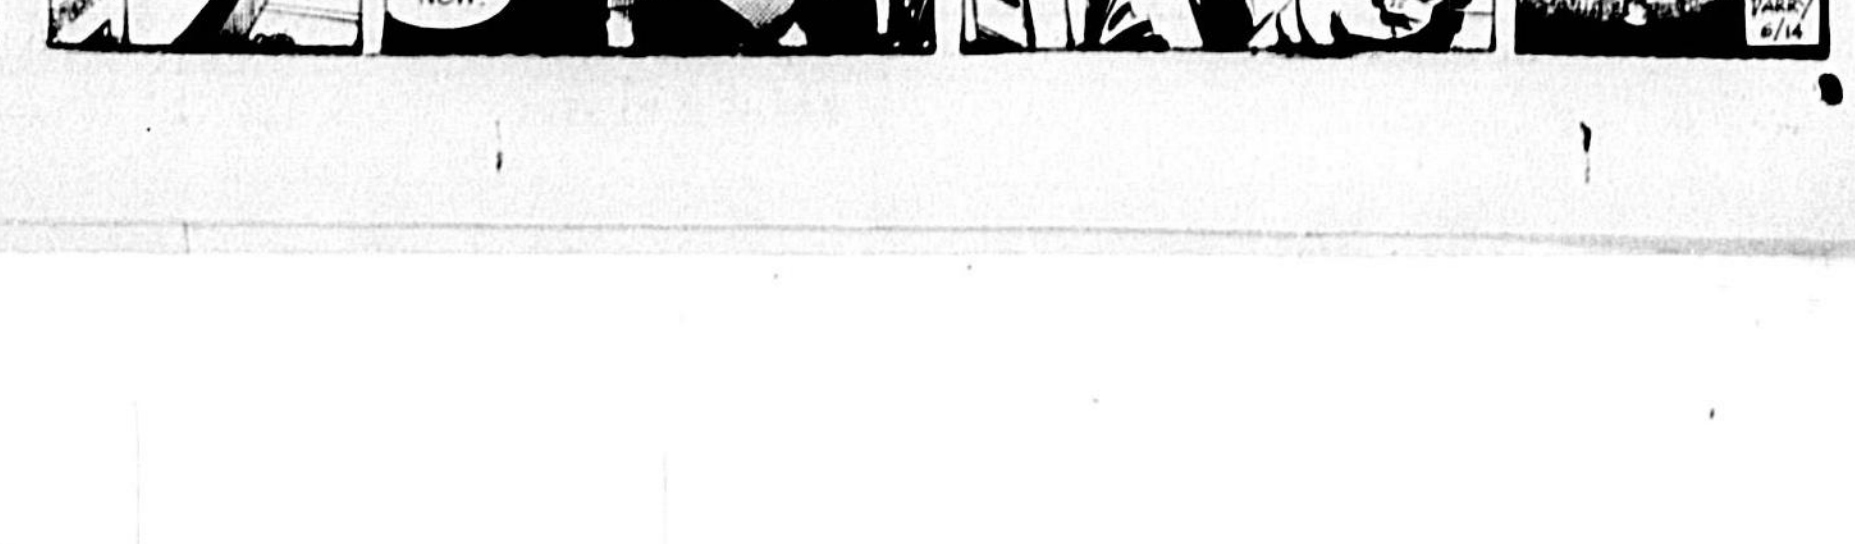

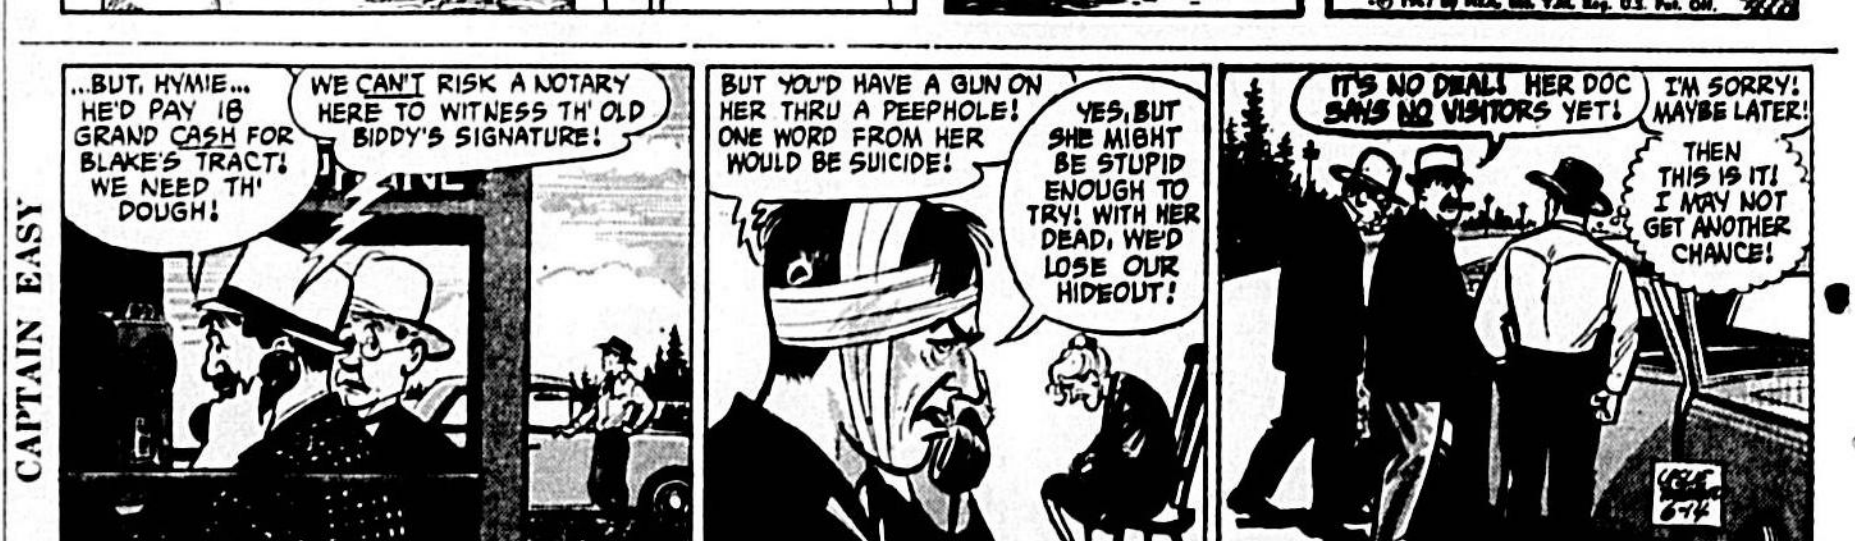

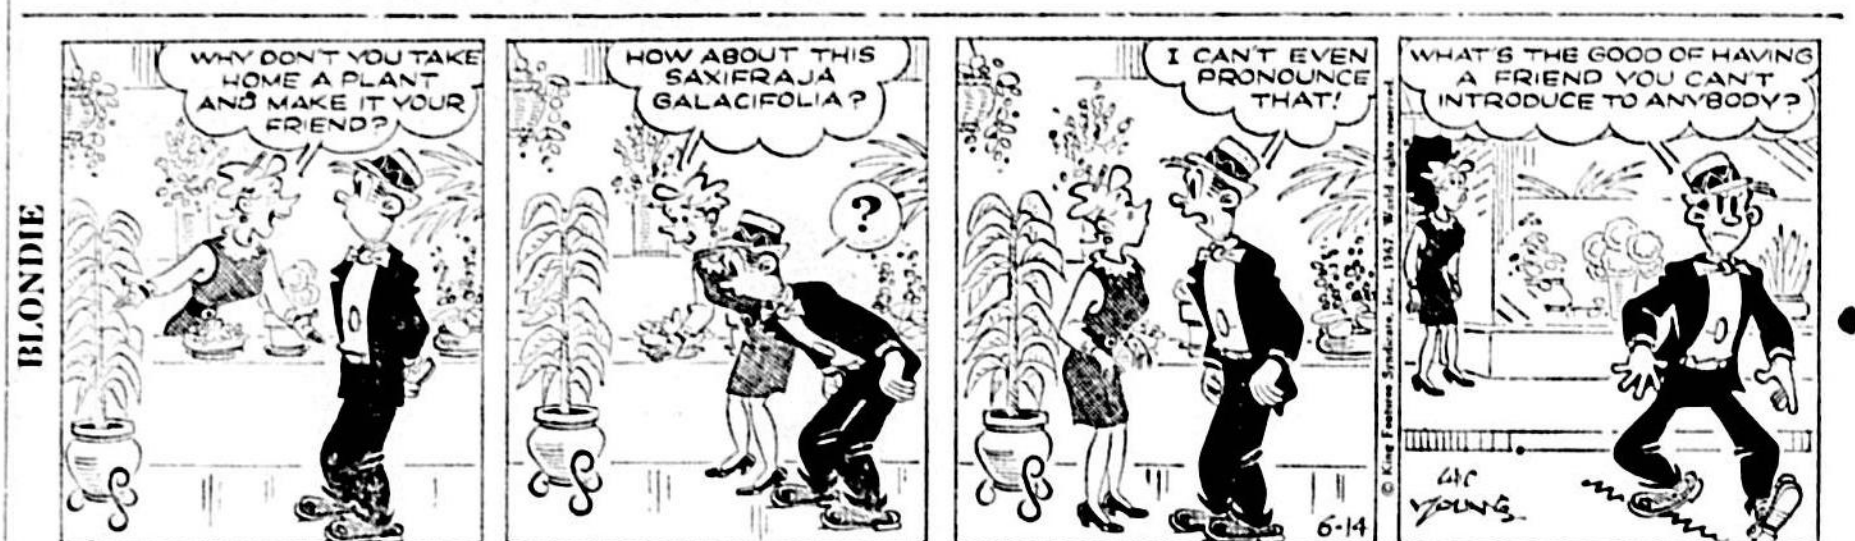

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those youngsters who early will get into some small project or other without first investigating into its real worth or if it is wise, or even dangerous. Teach early to look into this first, to be loyal to kin, and give the right spiritual training and the right ethical studies. "The Stars impel, they do not compel." What you make of your life largely up to you. Carroll Righter's Individual Forecast for your sign for July is now ready. Jacoby On Bridge

Jacoby and Son

A visitor to the zoo took a look at an exhibit and remarked, "There isn't so much animal."

When he was asked "if there is any such thing" as that by North and South, he assured it actually took place and was most successful.

For some time most expert pairs have been trying to discover how to get to minor suit aces after the trump openings. Today's bidding was by Mrs. Sewall (Jacoby) and Mr. James (Jacoby) of Dallas using the Jacoby transfer method.

In the Jacoby transfer the two aces are shown in a minor suit hand of any strength, but guarantees at least 6-4 in the minor suit. Midge, sitting South, held three diamonds. This shows better diamonds than clubs. With equal minor suits, the strength Midge would have had been a force to game and had three clubs.

so there was no need to crowd the bidding. Midge held a minimum no-trump opening or maybe a trifle less, but he looked as if all her cards were going to be working so she bid four hearts to show the ace. Kay might have jumped right to the grand slam but she wanted to suggest seven no-trump possibilities. The game was a match point duplicate and trump counts more than clubs or diamonds. Midge's four-trump was a sign-off. She had bid her 12 points to the limit and Kay's seven club call ended the bidding.

It was the right place to stop. Playing at clubs Midge took her ace of hearts, ruffed her small heart, drew trumps and eventually discarded one of her spades on the long diamond.

At no-trump or diamonds Kay would not have had to mark time. Her three spade call had been a force to game and had three clubs.

Polly's Pointers

By Polly Cramer

DEAR POLLY — One of my parents had been getting fatter and fatter because she refused to get foot on the ground if there was any snow during the winter. At first I pulled strings for her to chase until I was breathless. Now I have solved the exercise problem by taking a flashlight and running the beam of light up and down the room and around in circles. She chases these with great delight. Cat owners who live in apartments might find this a great help.

DEAR POLLY — Mrs. E.F.M. wanted to know how to get rid of the grass growing between the bricks in her sidewalk.

DEAR POLLY — To clean the winter's grime off my window

plenty of salt and then poured boiling water over it. Be careful not to get this on the lawn for it would also kill the grass.

DEAR POLLY — After killing the grass between the bricks or cement in a sidewalk, remove the roots with a pointed can opener.

DEAR HEADERS — Thanks to the dozens of you who sent in this salt treatment. Many used table salt and others used coarse "ice cream" salt. It is a good use for the salt left over from winter that had been broken up by walks and driveways.

DEAR POLLY — My child's straw hat and purse turned grey during the winter. Can someone tell me how to clean or whiten them? Can they be dyed?—THERESA

"Beauty after Forty" by Edyth Thornton McLeod. "Dear Edyth Thornton McLeod: Would a short black lace dress be suitable for dinner at our local country club during in mid-July? It's a formal party." — Mrs. H.

"Black lace is charming in any season. You can have all black accessories or add a touch of color with your cocktail hat; perhaps one in red would interest you. Your husband should wear black trousers, white dinner coat, cummerbund in black; shoes and socks black. He can wear the traditional tuxedo, but so many men like the white coat for summer."

"I have a silver knit suit made in Chanel style. Is this suitable for dinner, and how should I accessorize it?" — Mrs. D. O'B.

Yes, the suit is appropriate for dinner occasions. You can use darker tones in gray or blending in the ensemble.

Flying Club Gets Aircraft

Casselberry Flying Club, affiliated with the Civil Air Patrol, has just commissioned another aircraft and is looking for students and pilots.

Ground school will be held at Casselberry Land Company office each Monday at 7 P.M. Those interested may contact Capt. Walt Frazier, unit commander, at the above address.

Church Picnic

The Presbyterian Church of the Covenant will go to Mosquito Park for a picnic Saturday. All who can go are asked to meet at the church at 2:30 p.m. Pool cars. Beverages will be provided and also plenty of corn on the cob. Supper in accordance with the provisions will be enjoyed in a closed area of the lake. All members and friends are invited.

Napalm Damage

The incendiary bomb containing napalm which was developed in 1942 by Harvard scientists, had burned out 40 per cent of the area of the target cities in Japan by the end of World War II, according to the Encyclopedia Britannica.

An expanding road program is under way for Seminole County and this puts the county, as far as roads are concerned, in the best position that it has been in for years, according to County Commissioner Robert Parker in an address made to the Greater Orlando Jaycees last Monday night.

Parker explained the existing five year plan for the construction of roads in Seminole County. In the existing plan SR 406 will be four-laned from 1-4 to the Orange County line. SR 46 will be two-laned from 1-4 to the Lake County line, a two-mile stretch including the Osteen bridge to be relocated and replaced with a new bridge to be constructed, and the relocating and resurfacing of SR 425 from Orlando to Goldfield.

According to Parker if the \$776 million bond issue proposed by Gov. Kuykendall passes the referendum, SR 406 will be resurfaced from Orlando to SR 46 in Geneva and the four-laning of 17-92 from Sanford to 1-4. Last week a resolution was passed by the county commissioners to request that the monies set aside for the four-laning of 17-92 be transferred to other road construction in Seminole County.

Parker added that the county also asked to have monies for the resurfacing of SR 419 and SR 520, the construction of a causeway across Lake Jesup, and the extension of Red Bug road from SR 426 to SR 520. "The county could go as far as to have its own local bond issue that could go as high as \$2 million, possibly," asserted Parker. He also pointed out that most of the \$2 million would have to be used to purchase the needed rights-of-way. As an example of the high cost of the rights-of-way, Parker said that the needed land to four-lane SR 406 from 1-4 to the Orange County line would cost \$250 thousand, including the stretch in Forest City.

'Day With Pay' Set For Father

"A Day With Pay" essay contest is being held by the Sanford Plaza Merchants Association in conjunction with its Father's Day promotion all this week.

Monday's Herald carried a Plaza page with official entry blank imprinted for convenience of entering the competition. Any boy or girl 16 years of age or under is eligible to compete, except for those of Herald or Plaza merchants' families. Contest rules call for one entry to a child, and the completion of this sentence in 80 words or less, "I think my father deserves a day off with pay because..."

Entry blanks may be deposited in any Plaza store on or before closing time Friday at 9 p.m.

Contest winner will be announced Saturday. There will be a choice of a day off from work for father or cash prize up to \$100.

Sterling Silver Charles Lewis Tiffany, the famous jeweler, was the first to establish the term "sterling" in the United States, thereby adding to the prestige of his firm. Tiffany had adopted the standards of English silver in 1851 in his jewelry manufacturing business, according to the Encyclopedia Britannica.

Egypt's Nasser Has Economic Troubles, Too

WASHINGTON (UPI) — Egypt's Gamal Abdel Nasser may have had economic as well as political-military aims in mind in the closing of the Strait of Tiran and the Gulf of Aden to Israeli shipping—pledge to the Israeli-Arab war.

Israel is understood to have had under active study the practicability of a 180-mile-long canal through the Suez and Red Seas through the Strait of Tiran and the Gulf of Aden. Ships using this projected canal would go south to the Red Sea through the Strait of Tiran and the Gulf of Aden. This canal would be a major rival to the Suez Canal. As to take two-way passage of the large super-tankers now being built for major American oil concerns and the even larger tankers now on the drawing boards. The Suez Canal cannot handle these big tankers. Yet tankers provide more than three-fourths of the revenue of the Suez Canal. Loss of this income would be difficult for the Suez to overcome, despite the projected major increases in other shipping in the decade ahead.

Rebuilding the Suez Canal to take these super-tankers and their successors would require from \$1.5 billion to \$2 billion dollars. Egypt, of course, does not have this kind of money. International money is tight currently and Egypt's credit is not good despite the country's high profits being reaped by the Suez Canal.

If, as a result of this war and whatever agreement follows, Nasser were able to establish his right to block the Strait of Tiran, he undoubtedly would knock the concept of a Israeli-Nasser canal into a cocked hat. The Nasser canal would likely be dead even if Nasser should establish his "right" and then immediately agree to abandon that blockade for the time being.

Not many would want to invest in a canal that would be closed whenever Nasser or his successors decided to take action at the Strait of Tiran.

Some leading Israeli engineers now believe the projected Nasser canal would be economically feasible, though it requires 25 miles of tunneling through the Neger mountains and a total of 180 miles of canal building, 100 feet wide and deep enough to handle tankers with draft of 100 feet or more. These engineers think the canal could be built in seven years.

Some Israeli economists have calculated that the canal could pay for itself within 30 years. It should be noted that the huge oil tankers are now being built without regard to plans for building a Nasser canal. Tanker economists figure it is cheaper to build these large economical-to-operate boats around Africa's Cape of Good Hope than to operate conventional smaller tankers via the shorter Suez route.

Millions of dollars wasted, due to carelessness.

John Wright And Beatrice Clark Retire

By MRS. R. B. THOMAS JR. 322-2756

John Wright, a Sanford resident since 1919, was retired this week after 13 years of service with the Central Florida Experiment Station on Celery Avenue.

Born 66 years ago in Georgia, he had been employed for 23 years with Chase and Company before joining the experiment station.

He and his wife, Maggie, have two sons, John Jr., with the U. S. Army in Korea, and Michael Dennis, five years old, at home, R. R. 2, Celery Avenue.

A member of New Bethel Church since 1928, he also is a Master Mason, Royal Arch Mason and Shriner.

On his last day of work he was feted by his fellow workers at the station and presented a gift. He says that now he expects to catch up on his fishing.

Mrs. Beatrice Clark has retired after serving as luncheon helper for 18 years at Southside and Hopper School, respectively.

She is very active in the community, a member of Zion Home

always comes to life when she has a party of any kind. I'm sorry again, about like I said before, there are just not enough hours in the day any more. That is really a very GOOD excuse, too. And besides, it's spring (A hot one at that) and we are supposed to have Spring Fever. And I had it, too. One evening a short time ago, my phone rang. I answered and the young man on the other end of the line asked "Is this Mrs. Johnson that writes for the Sanford Herald?" I answered yes. He said "This is Jim Carroll and I'm calling from Lockport (N. Y.) Air Force Base." Now, isn't that something? Jim and I talked a long time and he says he has found the right girl and her name is Shirley Jenks and will be married up there in November. Mama Alice and Dad Bill Carroll will go up to attend the wedding and Jim and Shirley will come back with them for a short leave. I certainly enjoyed talking to Jim. And congrats to you and Shirley, Jim. Mr. and Mrs. J. C. Sapp, Mrs. Clara Wyatt and daughter, Carol, and Ginger Van Dusen were recent weekend visitors in Plant City. They were there to celebrate the 90th birthday of Mrs. Sapp's mother, Mrs. A. V. Knight. Naomi said there were about 50 relatives there during the day to wish her mother a very happy day. Am Fisher and Gwen Mace surprised J. C. Sapp on his recent birthday by baking him a special birthday cake and making homemade ice cream. Those spending the evening with the Sapp were Gordon and Ann Fisher and Clyde and Gwen Mace and girls, Linda, Carol, Shirley and Stephanie. Wonder if the NOW retired J. C. feels any older? If you expect to go fishing any time and want to catch a fish you had better beat him to the river to catch it. Mrs. Clyde Robertson has been recent hostess at three parties. She hosted bride-elect Debbie Scott and then 1967 graduates Darlene Carroll and Patsie Smith. Her beautiful home is a dream and

needed a rest and did something about it like falling and being hit back. Those zaks, what they won't do. I think she has another week yet to stay there. Get that rest, Myrene. Glad to note that Mrs. Ethel Jenkins has now returned home after being confined to the hospital. There's a new Green (old grandchild) are the grand-children of a grandchild. The lucky little fellow is the first child for Ronnie and Evelyn. Tued, her little girl, is a spoiled young'un. Can't talk, though, because it has happened here long time and he says he has found the right girl and her name is Shirley Jenks and will be married up there in November. Mama Alice and Dad Bill Carroll will go up to attend the wedding and Jim and Shirley will come back with them for a short leave. I certainly enjoyed talking to Jim. More U. S. presidents were born in Virginia than in any other state. Eight chief executives—Washington, Jefferson, Madison, Monroe, William Henry Harrison, Tyler, Taylor and Wilson—were Virginians. The state with the second greatest number of native-born presidents is Ohio with seven. Says The World Almanac, Grant, Hayes, Garfield, Benjamin Harrison, McKinley, Taft and Harding were born in Ohio.

New Bag Keeps Sugar Moist

The age-old and annoying problem of "hard" brown sugar — due to temperature and humidity changes in the home kitchen — has at last been solved. The solution is a new re-closable polyethylene bag recently introduced in the Southeast by the makers of Dixie Crystals Light Brown Sugar, a favorite of Dixie housewives for fifty years. It is the first such package to be introduced by any manufacturer in the Southeast.

The new "Ever-Soft-Pak" recloses easily, keeping natural moisture and softness in, and keeping dry air out. Air tight, moisture-proof and break-resistant, the package offers all the protection brown sugar requires in any kind of climate or weather. The new package holds two pounds of light-golden Dixie Crystals Light Brown Pure Cane Sugar. The handy plastic bag stands upright on table or pantry shelf, just as a carton does. It opens and closes with a quick twist of a plastic band. If closed tightly after use, it will keep the contents in perfect condition for use — moist, fresh and flavorful.

The success of so many brown sugar recipes — and especially in baking cakes and cookies — depends upon the sugar remaining in its original condition, with all the moist flavor and goodness of brown sugar intact. The new twist-top package thus insures a higher degree of consistency in baking, with uniformly good results time after time. Next time you crave some wonderful home-made cookies, here's a good recipe to follow — keep in your recipe file:

AROUND THE CLOCK
By LARRY VIRSHUP
Here's how we take care of the poor in Seminole County... Community Action (Anti-Poverty Group) gave its assistant director a \$1,200 pay raise and if that wasn't enough authorized another \$600 per year raise if it meets OK guidelines... and that my friends is how we take care of the poor in dear old Seminole County.

'A Weed In A Rose Garden ...'
James Avery, pledging, "In my lifetime I will never come before this board again," gave notice last night he will appeal denial of a change in zoning from residential to commercial of his property just outside the Altamonte Springs city limits.

One of the reasons that city and county commissioners have difficulty in getting men to serve on committees is that the studied fact-finding decisions that these fellows make are not frequently nullified by commission actions dictated by politics. It's not easy to devote time to study, hearings, inspections, discussions and well-considered decisions only to see them upset by political expediency.

Attrition has been started at Sanford Naval Air Station, preparatory to closing next year. Lt. (jg) Mike Clay, the Wing's genial PIO, completes his tour of duty next week... and will go back to California for his master's in English. But Mike's public relation job at the base here will be left vacant. (Clay probably means pretty Lt. (jg) Joe Ward, the base's PIO, who will inherit Mike's work.)

The way the legislature is looking out for Seminole County (race track distributions and gas tax) we're sure going to get a lot of ad valorem tax relief (e7).

Does adoption of the law calling for a weakened version of the party loyalty oath meant that Altamonte Councilman Robert Newell will be able to change his party affiliation to Republican and give him a better chance to run against Commissioner W. Lawrence Swafford for the district three post on the County Commission next year? The new law allows a person to switch parties and seek election one year later. Formerly a two year lapse was required.

There is a rumor going around that one of the causes of the race track in Casselberry closing was the falling off of attendance at the track because of the number of "pinches" made by the police department in Casselberry to persons attending the races. It is interesting to note, fines and forfeitures in April were over \$5,000 and fines and forfeitures there in May were \$2,365.

A Navy pilot was killed and his navigator-bombardier was slightly injured shortly before midnight last night when their RA5C Vigilante aircraft blew a tire and overturned at Sanford Naval Air Station.

Killed was Lt. Cdr. Charles T. Butler, 38, of 108 Crystal View South, Loch Arbor. Slightly injured was 2nd Lt. John Barry Smith, 32, of 404 East 14th Street.

The witnesses also reported that Smith ejected from the craft but Butler was trapped in the wreckage.
