Ike Considers Recommendation To Step Up Missile Development

WASHINGTON (UP)—President Eisenhower is considering recommendations from top U.S. scientists for stepping up missile development in the race with Russia for space.

The highly secret scientific appraisal coincided with an abrupt warning from top administration spokesmen that more money may have to be poured into the program.

Secretary of State John Foster Dulles was expected today to assess the impact of the Red Sputnik on American foreign policy, an 11 a.m. news conference.

Money is the key to Democratic opposition demands to "jack up" the missile and U.S. satellite effort.

The Red Sputnik itself continued orbit around the earth every 96 minutes amid scientific speculation it may soon enter the atmosphere.

A. N. S. V. 1, a research laboratory spokesman said it has been in orbit since it was launched.

It is said to be in a low orbit of 147 miles in a pass over Washington Monday.

House Armed Services Committee urged the President to shift into higher gear for the missile program being sought by congressmen who claim Russia has taken a significant lead over this country in the field.

Other Developments

There were three other satellite developments:

Rep. Overton Brooks (D-La.) urged the President to step up missile development.

Sen. John Sherman (D-Co.) urged the President to step up missile development.

Weather
Partly cloudy with widely scattered showers.

Socialists Say Appeal For Help Misdirected

By United Press

West Europe's Socialists today challenged Nikita S. Khrushchev to raise before the United Nations his charges that the United States and Turkey are creating a "great danger" of a new world war by "threatening" Syria.

The Socialists, in effect, told the Soviet Communist Party boss that his appeal for their help in alleviating tensions in the Middle East had been misdirected.

Khrushchev, in similarly-worded letters to the Socialist parties in seven Western European countries, Tuesday accused the United States and Turkey of preparing a "military adventure" against Syria. He warned that such "military adventures" could touch off World War II.

Procedure Resisted

There was considerable resentment in some Western quarters over Khrushchev's use of diplomatic channels to deliver his message to Socialist parties not members of the Communist Party Central Committee.

The British press, in particular, was loud in criticism of Khrushchev's violation of diplomatic courtesy.

The letter was sent to Socialist parties in Britain, Norway, Denmark, France, Italy, Belgium and the Netherlands by the Soviet Communist Party Central Committee.

The British, Norwegian and Danish Socialists pointed out in their replies that the keeping of the peace in the Middle East as elsewhere in the world was the function of the United Nations.

They urged Khrushchev to bring the Soviet charges of aggression against Syria before the United Nations if he was so concerned over the threat of war.

City Lauds JC's For Shrubbery Removal Drive

The Seminole County Junior Chamber of Commerce received the praise of the City of Sanford, in a resolution unanimously adopted at a meeting of the Board of Sanford City Commissioners Monday night.

The resolution points out that it had come to the attention of the city that the encroachment and overgrowth of shrubbery and trees along the parkways and streets of the city had increasingly become a menace to motorists, pedestrians and children.

The Junior Chamber of Commerce of Seminole County, the resolution stated, recognized the ultimate benefit to the city and its people by seeking to remove and properly trim dangerous trees and shrubbery.

Whereas, the Junior Chamber of Commerce of Seminole County has worked faithfully and diligently in the field of advertising Sanford and Seminole County in areas where our community should be known.

Definite dates and time for the almost second phase portion of the local Chamber of Commerce Drive has not as yet been set.

However, it is expected that the drive will get underway shortly after the letter campaign has been completed.

JTH DRUNK CHARGE

OKLAHOMA CITY 10 — A 32-year-old man is in jail on his 17th arrest on drunk charges. His name is Daniel Drunkard.

A REPRODUCTION OF THE SKETCH for the proposed patio the Seminole High School Parent Teachers Association will provide for the school. Tonight's P.T.A.-sponsored B-Squad game will bring in the funds needed to construct the patio.

Two City Commission Aspirants Unopposed

Commissioner A. L. Wilson and Zoning and Planning Board Chairman Robert S. Brown are unopposed today as candidates for the Board of Sanford City Commissioners in the Nov. 3 election.

Commissioner Wilson is a candidate for reelection to the Board of Commissioners having served by appointment and for an unexpired term.

Robert S. Brown qualified as a candidate for the seat being vacated by Commissioner P. D. Scott who did not offer for reelection and is withdrawing from the city political scene at the end of his term this year.

Both men qualified for the race earlier this month.

Finance Director H. N. Sayer, in his office this morning for the first time since undergoing surgery recently, said that the election for city commissioners will be held on Nov. 3 even though the two candidates are unopposed.

Brown has served as chairman of the city's Zoning and Planning Commission since its inception. Prior to taking over the chairmanship of the Planning and Zoning group he was a member of the city's Board of Adjustments.

Early reports of opposition for the coming election to the Board of Commissioners did not materialize. At one time it was expected that two candidates would qualify for the Nov. 3 race.

Commissioners elected to office by the Board of Sanford City Commissioners are sworn in on the first Monday following the first Tuesday of the new year.

Local Industrial Development To Be Subject Of Talk

Seminole County Junior Chamber of Commerce will sponsor a talk on the possibilities of development in Sanford-Seminole County area.

Speaking to the Jaycees at their noon luncheon today, tomorrow will be Chamber of Commerce Manager John Rider who will possibly dwell on the "industrial development" here.

Already appearing in a move to bring more industry into the Seminole County area, Rider will be joined by Commissioner P. D. Scott, Jaycees Director Art Harris arranged Thursday's program.

C of C Mailing Letters To Prospective Members

The first phase of the Seminole County Chamber of Commerce membership drive is still underway. It was reported this morning that two-page letters are being mailed to prospective members of the Chamber of Commerce which will continue through Friday of this week.

There will be between 750 and 800 letters typed and mailed, a spokesman for the Chamber of Commerce said this morning.

The first phase of the membership drive, which is under the leadership of J. Bralley Odham as chairman, will be completed this week, it was said.

Members who have never affiliated with the Seminole Chamber of Commerce and "we are sure that there are many more who will answer the letters as quickly as possible."

Letters are reaching business, professional and industrial people who have never heard of the Seminole County Chamber of Commerce before.

New SHS Band Uniforms To Be West Point Style

The Seminole Band Uniform Committee consisting of members from the band, band parents, student council, Band Alumni club, administration and citizens selected the West Point Styled Band Uniform.

The jacket will be burnt orange with a white breast plate and trimmed in black with chrome plated buttons. The collar will be orange with black trim. The trousers will be black with either a white or orange stripe depending upon inspection of the sample uniform to be made. The hat, a typical West Point shako, will be black with orange trim and white top, chin strap and visor. The Shako pom pom will be orange.

Four major uniform companies will place bids on the uniforms by Oct. 22. The uniform will make a striking appearance and is most pleased with the committee's selection.

Members of the Seminole High School P. T. A. led by Mrs. Schirard, will attempt to raise the money for the materials tonight at Memorial Stadium at 7:30 P. M. In addition to the Junior Varsity Game there will be a tremendous half time show, featuring well-known S. H. S. alumni, strutting their stuff on behalf of the old Alma Mater.

It is hoped that the citizens of Sanford will help them in this endeavor by turning out for an evening that promises much fun for the whole family.

Milk Commission Begins Overhaul Of Regulations

TALLAHASSEE, Fla. — The State Milk Commission considered establishing wholesale price controls on other than drinking milk today, and embarked on a "complete overhaul" of its regulations to make sure they are being obeyed.

The commission opened the second session of its three-day hearing here at 9 a. m. Top item of the agenda was whether controls should be put on class two and three milk, which is used for butter, cream, cheese, buttermilk, chocolate milk and ice cream.

The commission now fixes prices only on fluid drinking milk. But Odham Chairman J. Bralley Odham of Sanford has said that a stabilized uniform price on all milk would give the producer an overall higher yield "and might result in lower retail prices."

At its session Tuesday, the commission refused to intervene in a dispute over wholesale milk prices in the Jacksonville area, despite predictions of a retail price hike unless something is done.

Sea-Going Elopement Plans Aground

PENSACOLA, Fla. (UP) — The sea-going elopement plans of six youngsters from New Orleans, despite being unable to find anyone who would marry them in Pensacola or Biloxi, Miss., as they were en route from New Orleans.

The FBI questioned the youngsters about the boat, and charged them with violating the federal stolen property act and jailed them under \$10,000 bonds.

In addition to Miss Lopez, the others, all from New Orleans, were identified as Oliver Auglar Jr., 12; Elma Blante, 15; Lionel Parks, 18; Barbara Blunt, 18; and Herman Thiel, 18.

Sheriff Wilson said Parks acted as skipper of the boat Floasia, which the youngsters admitted taking from a yacht club in New Orleans to begin their journey. Their original destination was Pensacola, but when marriage plans failed, they picked up the trawler Queen of Victory and headed for Biloxi.

Marital offers failed at Biloxi, too, so the youngsters headed for Miami, Wilson said.

In New Orleans, families of the youngsters' 14 1/2 investigators their children disappeared last week.

"I'm going to visit my girl friend," Miss Blunt told her parents.

BARBER CLIPPED

CHICAGO 10 — They've broken into Ozie Abens barber shop with the apparent intention of going into business for themselves. Not only did they take his barbering tools, they took his television set.

United Fund Appeal Gaining Momentum

The United Fund Appeal is gaining momentum with additional reports of contributions since the reported \$6,000 mark yesterday.

The county-wide appeal for funds with which seven organizations will be financed is under the general chairmanship of Harold Kestner.

A huge organization of volunteer workers are now canvassing every area of Sanford and Seminole County with the goal of raising the \$15,000 goal will be reached before the end of the month.

A huge thermometer showing a gauge of funds raised each day is clearly visible to all who pass the corner of First St. and Park Ave.

Additional firm and individual contributions to the United Fund are reported by Campaign Treasurer Roy Mann as of Tuesday night, are as follows:

J. C. Hutchison & Co., \$150; Senkark Glass & Paint Co., \$100; L. J. Hester, \$50; C. J. Hester, \$50; personally, \$50; R. A. Cobb, \$50; Sanford Coca Cola Bottling Co., \$50; Farmer's Realty Agency, \$25 and Goodyear Tire & Rubber Co., \$25.

Many contributions in amounts ranging from \$1 to \$20 have been received, Mann stated, and will be tabulated and reported at a later date, by groups. For the present, the campaign committee has adopted the plan of publicizing contributions of \$25 or more.

Slightly over \$7,000 has been subscribed at this time, amounting to 20 per cent of the budget of \$35,000. Returns from the Sanford

"LUCKY" IS ENDED—Apparently named "Lucky," this week-old abandoned boy thanks to an emergency C-section birth following an accident in Bradenton, Fla., which killed his mother, Luck, got surgery and artificial respiration after the birth, now thrives on a special formula given him from a doll's bottle. Betty, Ray, and Kathy Shannon (left to right) make up the boy's foster family. (UP Photo)

Now Hear This!

JACKY FENWICK

My "deadline" has been changed, so until I catch up with myself, things may not make much sense, having been written for different days than they were printed! That's why my column was not in one day last week.

Mrs. Sylvia Bratton, who lives in Lake Mary, gathered all her courage together last Thursday evening, and entertained a group of FIFTEEN youngsters, including her two daughters! The occasion was the celebration of daughter Ann's fourth birthday. In addition to little Cindy Bratton, there was Doug, Greg, Cindy, and Pam Kenner; Pat, Mike, and Timmy Morgan; Sandy, Sharon, and Pat Maxwell; Ernest Savine Jr., and Billy and Sandy Cook. After Ann opened the many lovely gifts she received, Sylvia served cake and ice cream. To top off a wonderful party, while it was in progress, Ann received a birthday phone call from her Grandmother Bratton, all the way from Opelousas, Louisiana. Quite a thrill for a young lady who is just about old enough to realize that her grandmother is very far away.

A last minute reminder about the meeting tonight of the Chief's Wives Club. Remember, the meeting night has been changed from Thursday, to Wednesday! (Don't sit around waiting until tomorrow night and be the only one there!)

While I'm on the subject of reminders, I want to apologize to Pat McClure for not getting to the one she asked me to include. What I wrote as Monday's column was not run until yesterday, and had to be revised to read correctly. Consequently, my reminders for Monday had to be cut out as they were useless by then. Sorry, Pat!

Jim Gold spent the week-end in Orlando, at her Mother's, so she could be on hand when her sister and nephew, Marry and Ricky Bellemont, took off at the first "leg" of their journey to join Joe Bellemont in England, where he is stationed with the Air Force. Jim seems to be the "official packer" for the family, and she tells a cute story about how she had to re-pack Marry's legs three times in order to keep her under the weight limit they allowed! (A bathroom scale is invaluable at a time like this!) You can pay for your coverage on a commercial flight, but they will not permit anything over the prescribed weight of a transport, which is the way she will fly from New York to England.

Doris Sheridan finally got home from the hospital last week, and when I spoke with her, she told me that both Elaine Campbell and Ann Kays were there when she left. Do hope both the girls are "O. K." now, and also back home again.

Joyce Williams is back in her

Tobacco Crop Estimate Given

WASHINGTON — The Agriculture Department estimated the total 1957 tobacco crop at 1,646,000,000 pounds.

First-crop production was forecast at 959,610,000 pounds. The auction season is virtually over. The outlook for burley production is 480,705,000 pounds.

The all-tobacco estimate, by pounds, in leading producing states: Virginia 617,125,000; North Carolina 657,750,000; South Carolina 125,700,000; Georgia 52,385,000; Kentucky 355,125,000; Tennessee 121,425,000.

Estimated production in selected states, in pounds, by variety: Virginia 92,800,000; North Carolina 221,000,000; total Old Belt 214,800,000; Eastern North Carolina 220,825,000; North Carolina 86,625,000; South Carolina 128,700,000; total South Carolina 215,325,000; Georgia 51,900,000; Florida 18,250,000; Alabama 60,800,000; total Georgia-Florida Belt 28,360,000.

Burley estimates: Virginia 129,500,000; Kentucky 317,750,000; Tennessee 21,300,000.

NEW YORK (UP) — Hank Adams of the Milwaukee Braves, the National League's home run and runs batted in leader during the 1957 season, was the World Series' leading hitter in the three most important batting departments.

He just couldn't manage. Don't know who all of them are, so I won't mention any one name... but I would like to say to those who have helped that they are certainly wonderful friends and neighbors.

And once again I find I have run out of things to write about. (I was going to say I had run out of things to say... but that would give Elliot the good one except to kid me, and I get plenty of chat as it is!)

Just a reminder that if there is anything you would like to have me include in my column, I'm ALWAYS willing to oblige. But with the new "deadline," reminders for meetings, etc., that state a specific date, must be in TWQ days before they will appear. See you tomorrow.

Sanford Avenue Needs Widening For Safety, Increasing Traffic

A road that undoubtedly has come to the attention of both the Seminole County Commissioners and the Board of Sanford City Commissioners is that important artery which joins the City of Sanford with the Sanford Naval Air Station.

Sanford Avenue has been too narrow to take care of some of Sanford's heaviest traffic and most important traffic for many, many months.

Without a doubt this stretch of important street and highway should be improved and widened without delay.

Certainly, if Navy men are to be invited to come into Sanford and participate in its many activities and to shop in its stores, a street and road sufficiently safe for driving should be provided.

Many accidents have occurred on Sanford Ave. between the Sanford Naval Air Station entrance and 25th St. because of the narrow street and because of its confusing speed

The widening and improving of this road and highway would eliminate these accidents and provide easy access in the city where generally most of the Navy personnel go for relaxation, entertainment, church attendance, and to live.

For many months this street and highway has been the top project for improvement—a project in which Navy people take a great deal of interest—yet for the same length of time that it has been a top project it has gone untouched.

We're sure that for the best interest of Sanford, our civic leaders would like to bring Navy people into the city and not carry them by devious routes around the city and out of it.

Again we would like to urge our city and county leaders to place this project at the top of their budgets for street and highway widening and improving.

'Smoke Signals' Opportunity

Each week The Sanford Herald includes in its Thursday edition a page of news called "Seminole Smoke Signals."

Students at Seminole High write and create their own stories and cover various news events so that local readers can learn of activities at the school from the student writer.

This is the second year for the Seminole Smoke Signals. Each week, a decided improvement can be noted in the student writing and the content of articles created for the page about young people and their school activities becomes more interesting and intriguing.

It is through this "learning by doing" program that writers are created and encouraged.

Certainly, our community, our state and nation must look forward to the fearless writing, the creative writing, and the minute

The Way Of The Eagle!

The eagle is America's proud symbol, and with good reason. He is an educated bird in the sense that he knows what he has to do when it ought to be done, whether he likes it or not.

Consider, for a moment, the vast difference between the eagle and the clam. The clam appears to lead a fairly cozy existence. He has only to open his house to take in his food and close it to keep out his enemies. He seems to have perfect social security, but no vision and not much of a future, and the result is he often winds up in chowder.

The eagle, on the other hand, lives in an exposed position on the highest crag. When a storm strikes, the other birds take to cover. The eagle spreads his wing so that the very fury of the storm lifts him higher, and still higher, above the storm, into the sunlight.

Is there any wonder the eagle is America's proud symbol? We have never been a nation that lived within its shell. We have been a nation that strove to rise, even in the face of adversity, politically, economically, spiritually—and that is the way of an eagle.

The Sanford Herald

Entered as second class matter October 27, 1919 at the Post Office at Sanford, Florida, under the Act of Congress of March 3, 1879.

All-Out Program Called To Beat Russia To Moon

EDITOR'S NOTE: The race for the moon and planets is on and the "issue is supremacy," a distinguished scientist has told the United Press in an interview. He said every American should realize what this means. Because of his position the scientist felt it would be inappropriate for him to talk in his official capacity. Therefore his name is withheld from the following dispatch.

By JOSEPH L. MYLER
United Press Staff Correspondent
WASHINGTON (UP)—A leading U.S. scientist called today for an all-out program to beat Russia to the moon and planets. He told the United Press the program he envisions would cost billions but "the issue is supremacy."
The scientist, who asked that his name be withheld because of his official capacity, said the Russians are driving toward manned flight to the moon and planets and "we had better be there when they arrive." He suggested setting up a government agency with wide powers similar to the Manhattan District that perfected the atomic bomb in World War I.

He said the Russians have a tremendous head start in the race into space. He said the launching of their artificial moon was truly impressive for the fact they did it on the first try. "They made it look easy."
But he is confident this country can close the gap "if we are willing to make the effort."

The Russians now are talking of firing a rocket, carrying a crew of experimental animals, to the moon in the next year or so. The scientist refused to discount wholly anything the Russians are claiming. But he suggested five years might be nearer the mark. The United States could do that—if it got started right away and committed enough brains and money to the job, he said.

Agriculture News

By CECIL A. TUCKER II
Have you planted a fall garden this year? If you have half of your work is finished. But you still must give the garden adequate care if you want the best in fall and winter vegetables.

There are several operations needed in caring for your fall garden. Garden Specialist, Joe D. Norton, of the Florida Agricultural Extension Service, lists thinning, cultivation, mulching, irrigation and insect and disease control.

Thin plants while they are small and when the soil is moist, so they can be pulled out easily without injuring the remaining plants. Turnips, rutabagas, and other root crops should be thinned before their taproot becomes fleshy. Onions from seed and radishes may be left in the ground until these thinned are large enough to eat.

Pull surplus turnip plants when they are four to five inches tall and use for greens. Plants thinned from the best row may also be used for greens. Carrots should be thinned first when they are two or three inches tall, so as to stand about one inch apart. They may be left until large enough to be eaten, when alternate plants may be pulled and used, leaving more room for those that are left.

Cultivation generally increases the yield of vegetable crops because of weed control. If soil becomes hardened or crusty, cultivation may be needed to loosen the soil and allow water to enter more rapidly.

A single cultivation will kill practically all weeds less than one inch tall, but it is difficult to kill them when they are four or five inches tall. Shallow cultivation is best, for it is less injurious to crop roots than is deep cultivation.

Weed growth can also be prevented by the use of mulches. Mulches also tend to conserve soil moisture, prevent erosion, do away with root damage by deep cultivation or hoeing, and keep vegetables clean. Straw, paper, sawdust, and wood shavings are the most common materials for this purpose. Mulches are most beneficial when applied as soon as the plants are large enough (six to eight inches high) that they will not be covered by the materials.

A short period of dry weather may reduce the yield and lower the quality of your vegetables, and a long drought may result in the total failure of many gardens. Vegetable crops grow best when they receive about half to one inch of water each week as rain or irrigation. Whether it will be profitable to irrigate depends on how easy it is to get water to the garden.

Spray or dust with a suitable insecticide or fungicide to control garden pests as soon as you discover them. For information on which insecticides and fungicides are recommended, ask for Extension Circular 104B, "Garden Guide," at your county agent's office.

YOU'RE TELLING ME!

By WILLIAM BRY
Control Pests Writer

A RADIO and a banjo were sniped from the car of Mayor City's district attorney when he left it parked near that nation's federal penitentiary. It seems hardly likely it was an inside job.

Queen Elizabeth will have to undergo 114 permanent operations on her visit to these shores. Hardly will leave her time to see the sights.

According to a survey, we Americans every day throw away \$8 million worth of food.

Report from England is that chemists there have developed a tranquilizing pill which will stop dogs from barking. That's not enough—it lets a peck's larynx that scarce us, it's his teeth.

From now on, suggests Grand-pappy Jenkins, the well-equipped burglar will have to include in his loot a bottle of these canine quieting capsules.

So many people stomped a Moscow radio station, trying to get on a quiz show, the program had to go off the air. What's the answer to that?

A motor was reported sighted near Regina, Canada. The big news in that item is that everybody who saw it agreed it was a motor—and not a flying saucer.

Foreign News Commentary

Foreign News Commentary
By CHARLES R. McCANN
United Press Staff Correspondent

East Germany's sudden exchange of old currency for new is a sign of mounting economic trouble in the Communist world.

Officially, the exchange was made necessary because West German "monopolists and militarists" were using the East German mark for speculation in currency and for dividends.

Actually, the switch is likely to mean a gigantic repatriation of the old currency which will cost East Germany billions of dollars.

Under the currency switch which the East German puppet government announced without previous warning, the country's 18 million people were permitted to exchange 300 marks in old currency for 300 marks in the new currency.

875 Per Person
Officially, this gives each person the equivalent of \$72 in ready cash.

All old currency above 300 marks is to be put into bank accounts which, officially, will be credited to holders of the old currency.

But in the first place, the last German mark is worth only a fraction of its official value. It is supposed to be equal to 100 marks of the West German mark, which is worth 24 cents. Actually, it took four East German marks to buy one West German mark.

It is quite likely to develop that East Germans never will get back more than 300 marks worth of their money. For there is a little-remembered law in East Germany forbidding any person to hold more than 300 marks in currency. The statement that the change

was made necessary by the speculative and espionage activities of West Germans is an obvious fiction. It is estimated that the total of East German marks held in West Berlin, the chief exchange market, was only about one million dollars.

Troubles Kept Silent
We naturally bear a great deal about Soviet Russia's successes—the Sputnik earth satellite, the testing of an intercontinental bal-

lance, the Middle East. We hear little about the troubles of Russia and its satellites right now.

But Russia had great trouble with its harvest, due largely to inefficiency. In July, Russia had to scrap its current five-year plan of economic development in favor of a new seven-year plan. This was an admission that the goals for the five-year plan could not be met. It also was a tacit admission that the drastic decentralization of industrial control, the brain-child of Communist leader Nikita S. Khrushchev, had caused extreme disorganization.

One notable thing about the currency exchange is that it emphasizes the complete contrast in conditions in East and West Germany.

Free West Germany is about the most prosperous country in Europe.

Signs That Suggest Oldsters' Hearing Loss

By NORMAN R. HUBBARD, M.D.

I HAVE written more about numerous signs which indicate hearing difficulties during the past few months than any other single subject. As a result, I have received an increased volume of mail indicating very plainly that a great many of you are interested in this matter.

Four Clues

Here, then, are four clues which might indicate that an older member of the family has hearing troubles:

1. A poor response to casual remarks.

2. Difficulty in knowing what persons are saying when they call from adjoining rooms.

3. Failure to respond as well as previously to doorbells or buzzers.

4. Failure to understand as well as formerly at the theater.

Watch for these signs in yourself and in older members of your family.

QUESTION AND ANSWER

A. J. A.: I am 15 and have a rapid pulse beat. What could be the cause of this?

Answer: A rapid pulse indicates a rapid heartbeat, for which there are many causes. It may be due to the presence of some mild infection, such as is found in the teeth, tonsils, nasal sinuses or to some disorder of the heart muscles or the heart valves.

Rapid heartbeat is also found in various nervous disorders, such as hysteria. It may occur in overweight conditions or as a result of excitement.

High blood pressure, toxic goiter or excessive secretions from the thyroid gland may cause an increase in the rate of the heartbeat.

From, too, the condition known as soldier's heart is also accompanied by a rapid heart rate. Some individuals normally have a heart rate of about 100 beats per minute.

In previous columns I've listed

"Most of us get a laugh out of the family album, but can look in the mirror without a grin."

Ballroom Dancing Will Be Taught By D. McManus

Classes in ballroom dancing will start soon at the Deanna School of Dance on Hiawatha Ave. Miss Deanna McManus, dancing instructor, has announced that she will teach boys and girls in the sixth, seventh, eighth and ninth grades, the fundamentals of ballroom dancing.

These include classic steps as well as the newest. An accent will be placed on the development of the social graces. Refreshments will be served during the class.

George Wiggins, of Dover, Md., will come from Cocoa to help Miss McManus with the class. Mr. Wiggins is experienced in ballroom instruction.

Children may be registered by calling FA 2-0884.

Cottage Prayer Will Be Held Tonight At 7:30

The cottage prayer meetings, sponsored by the Commission of Evangelism at the First Methodist Church, will be held Wednesday evening, October 16, at 7:30 P. M. in the homes of Mrs. J. N. Azzarillo, 600 Park Ave., Mrs. W. P. Chapman, West First St., Mrs. J. H. Nicholson, 601 Briarcliff, and Mrs. T. F. McDaniel, 1700 Seminole Blvd.

Garden Circles

The Magnolia Circle met with Mrs. Ray Herron on Palmtoe Ave., Thursday, with Mrs. J. W. Messler as co-chairman and W. W. Messler as co-hostess.

Mrs. J. E. Nichols read a poem entitled "I Know Something Good About You," and led the circle in prayer.

The chairman, Mrs. R. L. Eiam called for reports of all officers and committees. All were urged to attend the covered dish luncheon and general business meeting October 17.

Notice was given of the District meeting to be held Nov. 5 at the Elk's Club. The circle will conduct a "novelty sale" at each meeting.

Wesleyan Service Guild Will Have Plastic Ware Sale

The Wesleyan Service Guild met at the home of Mrs. J. P. Hall on Monday evening, with Mrs. Nancy Brock serving as co-hostess. Mrs. Walter L. Carter opened the meeting with a devotional, using as her subject one of the women of the Bible.

Miss Mabel Chapman, president, conducted the business session, when plans for observing United Nations Day were announced by Mrs. M. B. Smith. Announcement was also made of aazaar to be held in McKinley Hall on November 14, when the Guild will hold a plastic ware sale.

Mrs. Fred Smith, study chairman, gave an interesting program entitled "Cinemas of Missions," illustrating with maps the establishment of Methodist missions around the world.

At the close of the program the hostesses served refreshments. Those present were: Mrs. R. E. Rutland, a guest; Mrs. Wilson Carter, Miss Mabel Chapman, Mrs. J. F. Riser, Miss Ethel Riser, Mrs. Jack Burney, Mrs. O. K. Goff, Mrs. M. E. Smith, Mrs. J. D. Callahan, Mrs. Burke Steele, Mrs. Clarence Wynn, Mrs. Walter L. Carter, Mrs. Fred Smith, Miss Cleo Cash, Mrs. L. M. Swain and the hostesses.

Sloping ceiling and dormers, often a decorating problem, can be pleasantly disguised by using the same wallpaper pattern on walls and ceilings. The pattern used should be a scattered, stylized flower, dot or check with no particular direction to it.

Conning The News

By VIRGINIA CONN, Society Editor

Am not keeping my ear to the ground, but that is mainly because I couldn't hear anything with it anyway. Have one of those awful colds that are going around. Can't talk very well either.

Things are busy, busy around Sanford. The civic center is growing by leaps and bounds, the new shopping center is prepared to hit the stores downtown.

This is wonderful. It's good business for Sanford and it's much nicer for the residents. But it does take money. And money is a commodity none of us hold onto these days. One way to save it is to give to the United Fund Drive. Give once, and get it over. The merchants seem to be behind the Fund Drive almost 100 percent. It will save them countless donations throughout the year.

Excellent work is being done in Seminole County by each one of the organizations in the Drive. Support them, and you will help countless numbers of the young, the old, the sick and the needy. Those of you who attend the

Mrs. Mary Etta Culp Retires After 40 Years As Operator

After forty years of continuous service with the Orange City Telephone Company, chiefly as an operator, Mrs. Etta Culp, 77 years old, is soon to retire. A dinner in her honor and to celebrate her official retirement will be given Saturday night, October 19, by the management of the Winter Park Telephone Company which operates the Orange City Company.

The dinner will be held in the Chimney Corner Restaurant at DeLand. Mrs. Culp's relatives and her associates at the Orange City Telephone Company, as well as executives of the Winter Park Telephone Company and representatives of the Hugh L. Merrill Council of Telephone Pioneers of America will be present to do her honor.

Mrs. Culp has been a resident of Orange City for 51 years and is widely known throughout Orange City and DeLand where her voice, as telephone operator, has been heard by thousands.

A native of Southington, Ohio, she came to Orange City at the age of 26 in 1906 for her health, accompanied by her husband, E. Frank Culp and her two children. About ten years later she became associated with the Orange City Telephone Company as operator.

Mrs. Culp has managed to be active in civic affairs in Orange City during her long and useful life there, serving as a member of the Valley Improvement Association, the local Tourists organization and the Florida Telephone Pioneers. She has also been active in the work of the Orange City Methodist Church.

Mrs. Culp, who is a widow, has a son, Harold F. Culp, who lives in Miami. A granddaughter, Mary Etta, living in Miami, works for the Miami Division of the Southern Bell Telephone and Telegraph Company, but tells her grandmother she doesn't intend to work for the company "forty years", like her well-known ancestor.

Church Calendar

WEDNESDAY
The Senior High Fellowship of the First Presbyterian Church will meet for supper at 8:00 P. M. The Youth Choir of the First Presbyterian Church will meet for rehearsal at 8:30 P. M.

THURSDAY
The Senior High Fellowship of the First Presbyterian Church will meet for recreation at 7:30 P. M. The Mid-Week Bible Hour of the First Presbyterian Church will be conducted by the Pastor, Rev. A. G. McInnis, at 7:00 P. M. The Chancel Choir of the First Presbyterian Church will meet for rehearsal at the Church at 7:30 P. M. A supper meeting of the Christian Education Workers of the First Presbyterian Church will be held at 7:00 P. M. The Dependable Class of the First Methodist Church will meet at 8:30 P. M. at McKinley Hall for a covered dish supper. The regular business meeting and installation of officers will follow.

Sorority Helps United Fund Drive; Plans Bake Sale

In cooperation with the United Fund Drive, underway this week in Seminole County, members of the Gamma Omega Chapter of Epsilon Sigma Alpha went on a door-to-door campaign last night soliciting funds and pledges for the drive.

Members met at the home of Mrs. I. E. Estridge III to map out plans and designate the different areas each would take. The sorority is in charge of 20th to 25th St. from French to Park Ave.

At the regular meeting of the Chapter, plans were made for a Bake Sale to be held in the downtown area Oct. 25, starting at 9 a. m. Money from this sale will go in the chapter treasury to be used for a civic project at a later date. Cakes, pies, cookies, brownies and candy will be offered at the sale.

Following the business meeting, Mrs. Estridge served cake and coffee to Miss Lola Barneau, Miss Barbara Flynn, Miss Patsy Walker, Mrs. Ann Raborn Stevens, Mrs. W. R. Jennings and Mrs. Ernest Cowley.

The next meeting, which will be in the form of a social, will be held at the home of Miss Barbara Flynn, 207 W. 18th St., on Oct. 28 at 8 p. m.

PRE-TESTED Poll-Parrot SHOES FOR BOYS AND GIRLS

Quality materials and expert construction are found in Poll-Parrot shoes! Inferior shoes are pre-tested for sturdiness and are stronger than any other composition shoe. Poll-Parrot leather shoes are rugged and long wearing, as has been proved through years of pre-testing. Service type leathers are used for the uppers, which are laboratory tested and wear-tested to determine wearability. There's wearability too, in the materials used for the insoles, linings and midsoles. Remember, we take pride in fitting children's shoes correctly!

IVEY'S Exclusive Footwear SANFORD, FLORIDA

WEDNESDAY

The Chiefs Wives Club will meet at 8:00 P. M. at the C. P. O. Club for the regular business meeting. "Roaring Twenties" half time show and junior varsity football game, 7:30 P. M. Concession stand with good food and drinks. Sponsored by the P-TA of Seminole High School.

THURSDAY

The famous Rebels Quartet will sing at the High School at 8:00 P. M. Sponsored by the Latin Club. Tickets on sale at the Sanford Herald.

The Sanford Garden Club will have a general business meeting and covered dish luncheon at 12:30 P. M. at the educational building of the First Presbyterian Church. Jack Russell of Orlando, will speak on "New Gardening Procedures."

FRIDAY

Seminole Chapter No. 2 OES will observe Friendship night at 8:00 P. M. at the Masonic Temple.

The Past Matrons Club of Seminole Chapter No. 2 OES, will meet with Mrs. R. P. Crewshaw, 1133 East 7th St., at 7:30 p. m.

STOPPING FOR A BREATH, before the next jaunt during a progressive dinner are these members of XI Beta Eta, pictured in the home of Mrs. Volle Williams Jr. Left to right, Mrs. G. Andrea Speer, Mrs. Donald J. Bates, Mrs. Roy B. Saxon and Mrs. J. L. Horton Jr. (Bergstrom Photo by Goetz)

Junior Girls Have Fun At Playground

The ten year old Junior girls of the Pinecrest Junior Baptist Church met recently at the Elk's playground for an afternoon of games and contests.

Refreshments were brought by the First Presbyterian Church. Attending were Linda Harris, Janet James, Marilyn Hunt, Rena Shuller, Lorretta Dyess, Leslie Boggs, Lynn Boynton, Linda Wade, Mrs. J. E. Andrews.

Don't sprinkle clothes in hot, humid weather unless you can iron them in a day. They may mildew.

XI Beta Eta Has Progressive Dinner Party And Business Meet

The XI Beta Eta Chapter of Beta Sigma Phi held a combined business meeting and progressive dinner Monday night. The group met at the home of Mrs. W. G. Fleming at 6:30 P. M. for the appetizer. Mrs. Harold Chapman was co-hostess. A short business meeting was also held. Mrs. Fleming gave the program "How to Say It."

A turkey dinner with all the trimmings was served at the home of Mrs. Volle Williams Jr. Co-hostesses were Mrs. Williams, Mrs. Roy Saxon, Mrs. Donald Bates, and Mrs. C. M. Nichols.

The table at Mrs. Williams was beautifully decorated with a yellow centerpiece and candles. Silver goblets and clear crystal made the table sparkle.

The final stop for the evening was the home of Mrs. J. L. Horton Jr. for dessert and coffee. The co-hostess here was Mrs. G. Andrew Speer.

Today's Sports Parade

By OSCAR FRALY
United Press Sports Writer
NEW YORK (UP) — Football, whether you talk about the college or pro game, has moved into a new cycle of play today in which the emphasis is defense and ball control.

Good, on the whole, are the tremendous scores of the past few years. Game, too, to a great extent is the wide open passing game which marked the height of the T-formation craze.

All of which means that the defense finally has caught up to the offense.

"That's the way the game goes," explains Buff Donnell, the Columbia coach. "When the T grabbed hold, it took a while for everybody to learn to use it—and stop it. Now we're in for a new era of ball control defense—of which something will break wide open again."

NFL Scores Less

Professional scoring, which was reaching stratospheric proportions at one stage, is indicative of the change.

Last year, the Chicago Bears led the N.F.L. in a Professional League with 283 points, which was an average of 30 per game. This year they are averaging 14 2/3 points per game. The New York Giants, who were the 1966 champions, led the Eastern Conference with 264 points last year. That's a 22-point per game average. This season they're averaging 17 points for three games.

Baltimore came up with part of the answer to such scoring when it devised a four-man defensive line composed entirely of tackles. These are Gino Marchetti, 240 pounds; Art Donovan, 265; "Big Daddy" Lipscomb, 285, and Don Joyce, 250 pounds. Even a veteran pro line finds it extremely difficult, if not impossible, to stop this kind of offense when it crashes in to flatten the ball carrier or pursue the passer.

Pass Defense Expands

Then there has been an accent on scientific pass defense, and the pros have developed ball-hawking like Jack Christiansen and Yale Lary, of Detroit; Lindon Crow of the Cardinals; and Emlen Tunnell of the Giants who make it tantamount to giving up possession if you try to throw in their territory.

Seminole Gridsters Resume Workouts

By JERRY COVINGTON
United Press Sports Writer
NEW YORK (UP) — The ailing Sanford Seminoles have practically all shaken the flu "bug" that caused the postponement of last Friday night's game and are once again hard at work preparing for the next contest here with the Winter Park Wildcats. It was indeed a blessing that this Friday night is an open spot on the schedule for it will take the full two weeks of practice to build up the strength that was drained from practically every player. With this time, though, things should be able to go full force when they meet the "hapless" Winter Park team.

At this point of the season, the local charges sport one of the most phenomenal records in prep football by remaining undefeated in their first three outings. This is, indeed, a record to be proud of and coaches Pigott and Laude, as well as every member of the squad, should be greatly praised. They are going all out now to see how long they can keep this feat going.

The Winter Park team has failed to make much of an impression thus far in the season but could very well give the Seminoles a tussle. They have a light line that hasn't caused too much trouble but the backs are fast and can get in the air or ground. They play the New Smyrna Barracudas this Friday night in Winter Park so all the good fans have an excellent opportunity to do a little scouting to find out just what to expect.

Probably the most improved phase of the Seminoles' attack is the passing game that clicked so well against Apopka. Quarterback Cecil Dandridge has worked hard at this job and has come up with better than a .503 average. If the receiving on the part of "C" Ger-

This works out the same way in college, where much time has been devoted to defense. Consider the Southwest Conference, which once was known as the aerial circus of the collegiate gridiron. The Texas Aggies Saturday threw two and completed both but let it go at that in beating Houston. Arkansas and TCU tossed only eight passes each.

Missouri gained only 10 yards passing in upsetting SMU, which heaved for only 47 yards. Clemson picked up only seven yards passing, throwing only five, as it topped Virginia.

Let's Pass Offense

LSU threw only seven passes in upsetting Georgia Tech. Duke used only eight passes in stopping Rice; Oklahoma passed for only 24 yards in dropping Texas; South Carolina threw only three in whipping Furman and Auburn tossed only seven to balance the attack in beating Kentucky.

The loser always could be counted on to throw and throw. But Nebraska only pitched five in being badly beaten by Pitt and William & Mary passed only eight times in being flattened by Penn State.

Stengel Says Yanks Better Next Year

NEW YORK (UP)—Casey Stengel, just about ready to call it a season, prepared to head back home to California today after a surprising one and all the Yankees will be better than ever next year because of a promising group of farm hands.

Stengel named 10 newcomers whom he felt could help him regain the world championship at his final press conference of the campaign Monday.

He mentioned catcher John Blanchard, pitchers Mark Freeman and Ryne Duren, first baseman Mary Throneberry, outfielder Norm Siebern and infielder Fritz Brickell from Denver in the American Ass'n; pitcher Jim Coates, infielder Dick Sanders and first baseman John Jaekuk of Richmond in the International League; and outfielder Deron Johnson of Birmingham in the Eastern League.

"This club hasn't gone to the woods," Stengel insisted. "Don't let anyone try to tell you that this ship has sunk."

The two players regarded to have the best chance of making the Yankees next year are Siebern, who was with the club during part of the 1956 season, and Duren, who had a 12.3 record with 114 strikeouts at Denver.

NOTED TRAINER DIES

BALTIMORE (UP)—Joseph H. (Bud) Stotler, 63, who once was trainer for the Alfred G. Vanderbilt stable, died Monday. Stotler set a record in 1935 that still stands when horses he trained won 37 stakes.

Michigan Tops Weekly Rating

By FRANK LIBBY
United Press Sports Writer
NEW YORK (UP) — Michigan State, rolling up better than 200 yards a game, grabbed the number one spot today in the weekly college football ratings of the United Press Board of Coaches.

Notre Dame and Arkansas, two subdominants who turned in last-quarter-point gains, slipped to second and third place, respectively, in the ratings by 25 leading coaches.

Michigan State displaced Oklahoma as the national leader for only the second time in two years. The Spartans, who won the 1962 national championship, rolled to a 35-0 win over a Michigan team good enough to rate No. 5 last week. Meanwhile, Oklahoma won its 6th straight game with a 21-7 triumph over Texas but had its hands full.

The coaches gave Michigan State 221 of a possible 350 points, based on 10 points for a first-place ballot, nine for a second place, etc. Oklahoma dropped to 208 points and second place.

Eighteen coaches rated Michigan State No. 1 while Oklahoma received only 12 votes rating. Minnesota drew two first-place ballots and Iowa, Duke and Arkansas had one each.

Notre Dame, a 23-21 winner over Army in the renewal of their colorful rivalry, jumped from an 11th place to the eighth place. Arkansas, a 20-17 victor over Baylor, advanced from 13th to 9th place. Michigan and Army dropped out of the top 10.

Behind Oklahoma, shooting for its third straight national title, came Minnesota, up one notch from last week. That dropped Texas A&M to fourth place, Iowa leaped from ninth to fifth, Duke was sixth and Oregon State seventh, switching their position of last week. Auburn again was ranked 10th.

After the top 10 came Mississippi in 11th place, Wisconsin 12th and Pittsburgh 13th. Rice and North Carolina State were tied for 14th, followed by Army in 16th and UCLA and Texas Christian tied for 19th.

Other teams drawing votes were Michigan, North Carolina, Florida, Oregon, Penn State, Georgia Tech, Washington State, Texas, Dartmouth, Arizona (Tempe) State and Louisiana State.

Back Of Week

ST. PETERSBURG (UP)—Robby Renn, Florida State halfback, today was named "back of the week" for the second time this season by the Florida Sportswriters Ass'n.

Renn was honored for his performance against North Carolina State Saturday night. His teammate, guard Al Uimer, was named "linebacker of the week" for his strong defensive play against the powerful Wolfpack, which edged FSU 7-0.

Renn punted five times for a 51.6-yard average. One kick rolled dead on the State one-foot line and two others traveled 63 yards. Renn carried the ball 11 times for 32 yards.

The weekly polls are conducted by sports editor Bill Beck of the St. Petersburg Times.

DIES IN CRASH

MONZA, Italy (UP)—British driver Ronald Searles was killed Monday night when his Cooper racing car veered off the Monza track and burst into flames. The accident occurred while Searles was attempting to set a new 24-hour world record on the famed Monza course.

Stengel Says Yanks Better Next Year

NEW YORK (UP)—Casey Stengel, just about ready to call it a season, prepared to head back home to California today after a surprising one and all the Yankees will be better than ever next year because of a promising group of farm hands.

Stengel named 10 newcomers whom he felt could help him regain the world championship at his final press conference of the campaign Monday.

He mentioned catcher John Blanchard, pitchers Mark Freeman and Ryne Duren, first baseman Mary Throneberry, outfielder Norm Siebern and infielder Fritz Brickell from Denver in the American Ass'n; pitcher Jim Coates, infielder Dick Sanders and first baseman John Jaekuk of Richmond in the International League; and outfielder Deron Johnson of Birmingham in the Eastern League.

"This club hasn't gone to the woods," Stengel insisted. "Don't let anyone try to tell you that this ship has sunk."

The two players regarded to have the best chance of making the Yankees next year are Siebern, who was with the club during part of the 1956 season, and Duren, who had a 12.3 record with 114 strikeouts at Denver.

Baby Seminoles Host DeLand Squad Tonite; SHS P-TA To Put On Big Half-Time Show

By JERRY COVINGTON
United Press Sports Writer
NEW YORK (UP) — The Baby Seminoles will go against the Baby Bulldogs from DeLand tonight at Memorial Stadium. The kickoff time is set for 7:30 and clear weather is predicted by the weatherman.

A big half-time show will add greatly to everyone's enjoyment of the evening action.

The Seminoles will field a team, it has suffered a great setback by the flu that struck both the A and B squads and will be shallow in reserves. The few boys that will see action are still quite weak and will be slowed considerably. However, they have been working hard and should make a good representation tonight.

Putback Lin Eiser is making the best show in the backfield as

he runs hard and hits the rough play. Linebacker Terry Christensen and Glen Hodges continue to look good in the line and should help Charlie Bogan has looked good offensively and a d defensively. The tackle spot but was still out of practice earlier this week and the coaches remain unsure about his playing action.

The squad will practically be cut in half for this tilt and it hurts their chances considerably but it should be a good contest that everyone will enjoy. The Baby Seminoles have had a bad start with three games postponed for various reasons and are anxious to get started. The only previous game played was a last minute fill-in game with Edgewater of Orlando. The Baby Eagles proved too much for them as they took to the air and ground to "tromp" over the JV's. The DeLand team should be more in their class so it will be an interesting contest.

Coaches Eisers and Leyer have done a commendable job but have been handicapped with all these setbacks. It is a very difficult

task to keep the spirit up when the young team does see but kind of action. From this point both coaches are hoping that nothing interferes with the remaining games.

Barring sickness, this is the probable starting offensive lineup for tonight's contest:

QB Mike Roberts
 RB Ray Lundquist
 FB Lin Eiser
 LE Chester Farley
 LG Glen Hodges
 LT Burke Wims
 C Earl Summerall
 RG Bill Alford
 RT Charles Bogan
 RE Terry Christensen

HERE IS AN EXCELLENT CLOSE-UP of Queen Elizabeth of Britain and her husband, Prince Philip, as they drove up to the House of Parliament in Ottawa. The Queen is wearing her Coronation gown and the Duke of Edinburgh wears a military uniform. For the first time in history a ruling monarch opened a Canadian parliamentary term. (International Soundphoto)

Physicians Should Check Nostrils Of New-Born Babies

By DELOS SMITH
United Press Science Editor
NEW YORK (UP)—Physicians should check the nostrils of the new-born carefully because infants found dead for no apparent reason may well have suffocated because one of the two nostrils has been closed from birth without anyone knowing it.

This advice was issued by the Medical Society of the State of New York. It came from Dr. Henry H. Beinfeld of the Long Island College Hospital who suggested that this was an answer to the unsolved problem of infant suffocation.

He referred to cases in which final medical reports contain the notation: "Cause unknown." In one specific year there were 3,213 such cases in the United States. "There surely must be some unexplored area to account for the 'cause unknown' in infant deaths, and the nose is one place where the cause may be found," he said. "The nose is never considered as a vital organ responsible for infant suffocation an therefore is seldom investigated."

Obstruction Created
Suppose an infant up to five months old has one nostril closed, he said. If this infant is placed on its abdomen and its face buries in the pillow in such a manner as to completely close the clear nostril, a condition of bilateral obstruction is created with the result that the infant will suffocate.

"There is no reflex present for an infant to open its mouth to through time," he said. "As a matter of fact, it will close its forced nasal breathing, thereby completely depriving itself of any supply of air. Opening the mouth to get air is purely a voluntary action which young infants do not have."

"The delivery room routine now is to put a catheter in the nose of the new born or draw out any mucus. But shouldn't obstruction

to the continued passage of the removed for fear of injuring the nasal mucous membrane," Dr. Beinfeld said. It shouldn't be removed, he said. Rather, it should be passed through both nostrils and into the pharynx which should be passed through both nostrils and into the pharynx which is to be runing behind the nose, mouth and larynx.

us Make Opening
In cases where the infant is having breathing difficulty, an effort should be made to force the catheer through. If it can't be forced through, then the opening of a nostril into the pharynx obviously is closed—and something can be done to make an opening. Dr. Beinfeld reports a personal experience with an infant whose both nostrils were closed. "The infant would have died of suffocation if the condition was not immediately recognized and treated a birth," he said. "It is logical to assume that if bilateral suffocation, a unilateral atresia at one end could cause suffocation when the clear nostril is accidentally closed off."

That's A Woman Driver for You

"Don't throw it out" has become the byword of vacationing motorists who take pride in keeping the nation's parks and countryside beautiful. Women drivers are setting an example by encouraging the family to use a new travelling waste basket, the car litter bag. The reusable litter bag measures 12 inches wide and 12 inches deep. Made of red or green vinyl plastic, it is leakproof and washable. Twin sets of metal rings provide for quick installation under any car instrument panel, robe rail, front door or window cranks. The metal rings snap open just as quickly for disposal at station breaks or wayside litter barrels. A thin piece of wool sealed in the top of the bag keeps the bag in position during motion. The homemaker taking the children picnicking, for a ride in the country or on a beach party finds the car litter bag serves as a firm reminder of the rules of the road.

News Briefs

WHAT DID I DO?
BURLINGTON, Iowa (UP)—An unidentified Burlington High School student got into the wrong line at school Monday and was dismissed because he had Asian flu. He was trying to get an eye examination.

MONEY-GO-ROUND
MADISON, Wis. (UP)—Subscribers near here have collected \$281 to buy a merry-go-round for a park to prove "we are willing to do more than take a free ride" in civic responsibility.

A FRIEND INDEED
LAURENS, Iowa (UP)—Police said thieves took \$600 from a safe in Laurens High School but left an envelope containing \$180 marked "this belongs to Mrs. Joe Workman, hands off." Mrs. Workman is secretary to School Superintendent Joe Halterman.

WRONG WAY HOME
MADISON, Wis. (UP)—Elmer Davis, 32, told police he stole a taxicab because he got tired of waiting for one to take him home. Davis was sentenced to three months in jail after he was caught in the cab Monday.

IT'S MY DUTY
VENTURA, Calif. (UP)—The court excused George Johnson from jury duty in the trial of a man charged with drunk driving although he was quite willing to serve. Court attendance suggested that Johnson's name be withdrawn from consideration when they found he was the defendant in the case.

Flower arrangements will be more effective if fitted to the room spaces they occupy. Large, streamlined pieces of furniture and lots of wall space call for equally large floral decorations.

THE CARD OF THANKS

Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have most graciously but the courteous acknowledgement of the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed.

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.

There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

THE "IN MEMORIAM" NOTICE

It is the custom of many families in this country to commemorate a bereavement by an "In Memoriam" notice in newspaper classified columns. They find a real solace therein. Preservation of recollection, as Eliza Cook, the English poet has so beautifully expressed it:

"How cruelly sweet are the echoes
That start
What memory plays an old tune
On the heart?"

Most frequently an In Memoriam is inserted on the anniversary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas are among other significant occasions chosen.

If you are hesitant to express your tender thoughts in poetic verses, they may avail yourself of the Herald's collection of original strings. Among them — verses appropriate to any circumstance.

THE RATE

Cards of Thanks and In Memoriam notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

Central Press Writer

RUSSIAN scientists report the rocket which launched the Red moon into outer space is following the satellite as its spins around the earth. To keep an eye on it so it won't deviate from the party line of flight?

The Red moon's radio signal went silent and then came on again. Sounds like the Soviet's little, old sputnik may become a sputter-nik.

Let's see... there are 4,000 distinct species of grass-ferns. And not one, we'll wager, that's easy to mow.

Through error, the British Broadcasting company radio broadcast a recorded mystery play backward—giving the detective solution at the beginning and the murder at the end. How mysterious can a mystery get?

Those song writers who like to write tunes involving the moon says Sedoh Dumphy, will have a mighty tough time trying to find a word to rhyme with spunknik.

There are 4,000 distinct species of grass-ferns. And not one, we'll wager, that's easy to mow.

Through error, the British Broadcasting company radio broadcast a recorded mystery play backward—giving the detective solution at the beginning and the murder at the end. How mysterious can a mystery get?

PINAY DEFERS NEW GOVERNMENT DECISION — Former French Premier and Foreign Minister Antoine Pinay (right) talks with M. De La Gorderie, vice president of the Democratic Party, after arrival at the Presidential Palace in Paris to confer with President Coty about the possible formation of a new French government. Pinay promised to announce soon whether he will try to form a new government. (UP Telephone)

WHY EAT A GOOD BREAKFAST?

JOHN SKIPPED BREAKFAST....

...SUSAN ATE BREAKFAST

Nation-wide surveys on breakfast-eating habits report that:
 4 out of 5 school-age children
 2 out of 3 teen-age girls
 1 out of 3 teen-age boys
 1 out of 2 adults
 ... SKIP OR SKIMP BREAKFAST

Why Eat a Good Breakfast?

The answer to this question is based on six years of research conducted by the College of Medicine at the State University of Iowa. Seventy subjects, 12 to 83 years of age participated in the research. The research demonstrated that:

A good breakfast is essential for maximum efficiency, both physical and mental, during the late morning hours, and that a hearty cereal and milk breakfast is a sound one.
 A basic breakfast defined as providing one-fourth of the caloric requirement and one-fourth of the daily protein allowance is superior in maintaining efficiency in the late morning hours, when compared either with a larger or smaller morning meal.
 The omission of breakfast by school boys resulted in poorer attitudes towards school work and in lower grades.
 Start now during SEPTEMBER BETTER BREAKFAST MONTH to re-establish the breakfast habit for the school and work days ahead. Start each day with a light, modern cereal and milk breakfast of fruit, cereal, milk, bread and butter.

- High-Energy, Low-Fat Breakfast Menu
- Orange Juice
 - Oatmeal with Milk, whole
 - Buttered Toast, 2 slices
 - Milk, scalded, for beverage

Moscow Radio Says U. S., British Warships Enroute To Israel

By WALTER LOGAN
United Press Staff Correspondent
Moscow Radio said today the United States Sixth Fleet was enroute to Israel and that U. S. and British warships were on route to Israel. It was the latest of a series of Soviet statements that have aroused fears in Western nations that Russia might stumble over its own propaganda and touch off World War III.

In Cairo the government-controlled Middle East News Agency reported from Damascus that Syria's army had been placed in a state of emergency because of the threat from Turkey. It said all Syrian army leaves were cancelled and that the army distributed arms among civilian popular resistance units at Aleppo and other points in northern Syria.

There were no confirmations of the agency reports which followed a series of stern statements by Syria and the Soviet Union and a warning by Soviet Foreign Minister Andrei Gromyko in the United Nations that the Middle East was close to war.

There was no immediate U. S. reaction to Gromyko's harsh statements in the United Nations, but Dulles already had warned that Soviet intervention in any Turkish-Syrian action would bring U. S. retaliation against the Soviet Union itself.

The U. N. Steering Committee retaliation against the Soviet Union meanwhile was expected to meet today or tomorrow to consider Syria's request for an investigation of Turkish troop concentrations. The United States backed the move but was expected to ask that troop concentrations in Syria and Russia also be studied.

The latest Soviet blast over Moscow Radio against the United States was beamed to North America. It said "foreign troops were being concentrated on Syria's boundaries and not far from Syria's shores ships of the United States Sixth Fleet are gathering."

It also broadcast an editorial in the official Soviet government newspaper Izvestia describing as "hypocritical" a British Foreign Office statement of Tuesday saying there was no threat against Syria. Turkey remained calm and officials in Istanbul said they welcomed U. S. assurances it will stand by Turkey in case of attack by Syria or Russia. Officials said the Foreign Ministry had begun closed door consideration of a "new line of conduct" on strained relations with Syria.

Kiwanians To Help Salvation Army Plan New Building

The Sanford Kiwanis Club will assist the Salvation Army in the planning and location of a new building. Irving Pryor, chairman of the Kiwanis Club's Support of Churches Committee presented the proposal to his group for approval.

The Board of Directors of the local Kiwanis Club group approved the action of the committee and voted to lend the club's support toward achieving the project.

A new building to be used as a lodge and meeting place as well as for offices and other Salvation Army activities was proposed by the organization's Advisory Board meeting late last week.

Manufacturer Expects Fourth Style Soon

"We are expecting our fourth style for the manufacturing of bathing suits in immediately with three other styles within the next few days," Joel Aberbach, general manager of Brookfield Mills, Inc. said this morning.

Our operators will be sewing five or six different styles of bathing suits at the beginning of next week," he said.

Aberbach explained that he has on hand now material for about 3,000 suits ready to be sewed.

Operation of the new plant in Sanford in picking up rapidly and before long "we will be in full swing."

Station Answers House Fire Alarm

The Sanford Fire Department answered a house fire alarm yesterday afternoon at 4:38 p.m.

Slight damage to the kitchen of a frame dwelling at 415 E. 8th St. was reported. Cause of the fire was attributed to a defective fuse.

The dwelling was occupied by L. Holloman and owned by Miss Jeanette Laing.

Answering the alarm was Chief Mack N. Cleveland Sr., Lt. G. M. Harriett, B. H. Giles, C. P. Bennett and E. F. Brooklyn.

Women In Spotlight Today; 1 In Capital; 1 In Sanford

Lions Club Benefit Variety Show Will Feature 13 Acts

By Mrs. Raymond Morris
CASSELBERRY — The second annual Casselberry Lions Club Benefit Variety Show consisting of thirteen star-studded acts is ready for opening on schedule Nov. 7, at 8 p.m. producer-director Joe Weimer said yesterday.

The performance will be staged in the new Lyman School auditorium. Weimer and his assistant, C. K. (Bud) Fisher, comprise the team which staged such a successful show last year.

Mrs. A. Willink Will Seek Commission Seat

Sanford's first woman candidate for the Board of Sanford City Commissioners qualified yesterday at the City Hall and officially entered the race in Group 2.

Mrs. Alice W. Willink who says "I think a woman's opinion is of good value on the Board of Commissioners" applied to qualify about 11:30 Wednesday. However, at the time, the deadline for qualifying had been set as 6 o'clock Tuesday which left two candidates unopposed.

Male Chorus Will Practice Monday Night At Church

The next rehearsal of the Male Chorus will be held Monday night at 8 o'clock in the classroom room of the Men's Bible Class of the First Methodist Church. It was announced today by Harry M. Weir, director of the group.

There is still a need for several first tenors and also for a few second basses in order to effect the balance required. "There are so many qualified singers in Sanford and vicinity that it seems a shame that only about 20 men turn out for the practices," Weir stated.

Queen Gets Red Carpet Welcome In Capital

WASHINGTON — Britain's captivating Queen Elizabeth II swept into the nation's capital today to one of the biggest, fanciest red carpet welcomes ever extended a distinguished visitor.

Hundreds of thousands, including President Eisenhower, greeted her.

The 31-year-old sovereign, seemingly tireless in the face of an unending ceremony, stepped from Eisenhower's personal plane amid the cheers of thousands at Washington National Airport.

Station Answers House Fire Alarm

The Sanford Fire Department answered a house fire alarm yesterday afternoon at 4:38 p.m.

Slight damage to the kitchen of a frame dwelling at 415 E. 8th St. was reported. Cause of the fire was attributed to a defective fuse.

The dwelling was occupied by L. Holloman and owned by Miss Jeanette Laing.

Answering the alarm was Chief Mack N. Cleveland Sr., Lt. G. M. Harriett, B. H. Giles, C. P. Bennett and E. F. Brooklyn.

Sputnik Capable Of Hitting Target 'Exactly'

WASHINGTON (UP)—A Soviet Embassy official here claims that Russia's intercontinental ballistic missile is capable of hitting target "exactly."

Alexander T. Oustinov, First Secretary at the Embassy, also said the Russian space satellite is not sending coded messages as it circles the earth.

It was reported meanwhile that the Soviets probably will launch a second satellite within the next three weeks. It is expected to be even larger than the present 181-pound Sputnik, according to informed foreign diplomatic officials.

UF Drive Workers Praised By Chairman

With the present subscriptions to the United Fund exceeding \$6,000, Harold Kastner, campaign chairman, complimented the workers for the fine job they are doing.

The general produce broker said that business men and housewives could be very helpful if they would be ready to act when the United Fund worker calls. He said that in too many cases the solicitors were being asked to "come back later."

Kastner pointed out that the persons making the calls were doing a public service in taking time from their own business or interests in order to make the calls and their time could be used to best advantage if they did not have to make call-backs. Consideration of these people's time would surely be appreciated, he added.

McGraw Gives Word Picture Of FSU

"Football today is grown up at FSU—or at least in its proper perspective," Jack McGraw of the FSU Alumni Association told the Sanford Kiwanis Club yesterday.

"The academic side is grown up too," he stated as he spoke on "The last ten years at Florida State University."

McGraw gave the Kiwanis Club at its noon luncheon meeting a word picture of the school between 1946 and 1957.

He paid tribute to the school's president when he said "If it had not been for Dr. Doak S. Campbell's foresight we would not be as progressive as we are today."

The first Doctors Degree was awarded in 1952 he said, and added that there have been 147 awarded since that time.

The spirit of cooperation between students and faculty is responsible for what we have done up to today, McGraw commented and added "They have the willingness to stick to one another—stick to the job."

"Today, nuclear research is no longer a luxury—it is a necessity," McGraw emphasized. "We must have the training on the college level," he said as he spoke on the nuclear research program being instituted at Florida State University.

McGraw told Kiwanis Club members that an "atom smasher," the third in existence, is being built at FSU. FSU will be charged with the basic research and the University of Florida will be charged with applied research, he said.

Mrs. E. Holmes Dies Tuesday

Mrs. Elsie R. Holmes, 82, died Tuesday night at 8:30 at Semhol Memorial Hospital following an extended illness.

Mrs. Holmes was born Feb. 25, 1865 in Brooklyn, N. Y. and came to Sanford two years ago from Long Island, N. Y. to make her home. She resided at 1408 Magnolia Ave.

She is survived by her husband Frank E. Holmes.

Mrs. Holmes was a member of All Souls Catholic Church.

The Rosary will be recited at the Gramkow Funeral Home chapel. Funeral Mass will be held tomorrow morning at 9:30 at All Souls Catholic Church with Rev. Fr. Richard Lyons officiating.

Interment will be in All Souls Catholic Cemetery.

Members of the Holy Name Society will serve as pallbearers.
