VOLUME XLVII

COMMENDED—Zoro C. Hanrahan (right) of the Sanford Naval Auxiliary Air Station Supply Department is congratulated by Captain Robert W. Jackson, USN, air station Commanding Officer after being presented with a letter of commendation from the Secretary of the Navy, Charles S. Thomas. Hanrahan, a retired chief petty officer and now a civil service employee, received the commendation letter for 40 years of service with the navy Department. (Official Photograph, U. S. Navy)

Navy Secretary Lauds Hanrahan's Service

Hobby To Attend Governor's Hiway Safety Conference

Sheriff Luther Hobby will attend the seventh Annual Governor's Highway Safety Conference and the fourth Annual Teenage Safety Conference which will be held in Miami on Sept. 30 and Oct. 1. Headquarters for the conference will be the McAllister Hotel, Sheriff Hobby said, and the general assemblies will be held in the Bayfront Municipal Auditorium.

Governor LeRoy Collins' invitation to Sheriff Hobby stated that "there is no more challenging and disturbing problem in Florida than the death and destruction occurring on our streets and highways." The letter continued, "During 1934 976 people died and 71,000 were injured in traffic crashes in our State. In order to stop this waste of life and property, it is necessary that the officials and citizens of Florida work together to find means to prevent these traffic accidents."

Governor Collins stated in his letter to Sheriff Hobby, "The number of accidents in any area varies directly with accident prevention activities."

Central Circuit Meeting Attended By Church Classes

Eight Sunday School and Bible Class teachers of the Lutheran Church of the Redeemer of Sanford, attended the first meeting of a Central Circuit, Lutheran Church, Missouri Synod, Sunday School Teachers' Conference in Winter Haven yesterday.

More than 100 teachers of the church circuit met at Grace Lutheran Church in Winter Haven to lay plans for a permanent organization with bi-annual meetings to discuss problems confronting the Sunday School and Bible Class teachers in the continual quest for material to meet the ever increasing demands of the pupil.

Dr. A. L. Miller of St. Louis, Mo., and Executive Secretary of the Missouri Synod's Board for Parish Education, was the principal speaker. Dr. Miller explained in detail each department's teaching manuals in an address on "Following the Beat of Our Sunday School Materials."

Following the address, the group of teachers divided into sectional meetings to cover problems of the "Nursery - Beginners - Primary - Juniors - The Junior - Intermediate and Senior Teachers," "Administrative Officers," and "Bible Class Teachers."

Conducting the meeting was Rev. August Bernhart of Grace Lutheran Church, Winter Haven. Those attending the conference were the Rev. Philip Schumann, Sr. and Mrs. John Bernhart, Jerry Bernhart, Jackie Bernhart, Mrs. Henry Thurston, Rev. Philip Skates, and J. Marvin Schuman, Sr.

17-92 Widening Expected Main Item For Talks

A preliminary appraisal of the property along highway 17-92 lying within the right-of-way of the four-lane and widening project proposed for the Sanford to Orange County line section is expected to be presented to the Board of Seminole County Commissioners tomorrow morning at its regular bi-monthly meeting.

C. E. Duckworth Sr., of Orlando was employed by the County Commissioners to make the appraisal and report back to the group on Sept. 20th.

Condemnation proceedings were held up until the appraisal is heard, at the suggestion of Road Board member William Dial of Orlando.

However, it is expected that machinery setting up the condemnation proceedings will have already been prepared and ready to be completed.

Property owners along the highway have already donated nearly two miles of the right-of-way property on a "civic pride" basis when meetings of the "Citizens Committee" were held. The Seminole County Chamber of Commerce organization, headed by J. Brailley Odham, has been active in securing properties for the right-of-ways.

The next step is widening the gap between the securing of the right-of-ways and the actual conclusion of the plans for the project, other than the condemnation proceedings, has not yet been revealed either by Odham, chairman of the citizens committee, and the Chamber of Commerce long range highway planning committee, members of the Seminole County Commission, the State Highway Department, or John E. Fox, right-of-way agent for Seminole County.

It is expected that discussions involving the 17-92 project will be the topmost subject at tomorrow morning's meeting at the Seminole County Court House.

Krider To Serve On Series Group

John Krider of Sanford will leave Wednesday for either Fort Worth or Houston, Texas, to serve as a member of the commission which will conduct the Dixie Series.

Serving with Krider, and appointed by George M. Trautman, National Association president, are Charles Huth, Southern Association president, and Dick Butler, president of the Texas League.

Krider said this morning that the series will be played between the winners of the Fort Worth and Houston games in the Texas League and the winners of the Southern League playoff between Montgomery and Birmingham.

Man Is Arrested For Passing Bus

The first charge to be made by law enforcement officers in Seminole County involving traffic regulations and school buses was made Friday afternoon at 3:45 by Deputy Sheriff A. E. Evans.

Rema Parker, 36-year-old sheet-metal worker of Jacksonville, was charged with passing a stopped school bus. The arrest was made six miles west of Sanford.

Woman Is Held For Stabbing Man

A 36-year-old negro woman of Rt. 1, Sanford, was taken into custody yesterday by Constable J. Q. "Slim" Galloway after she had reportedly stabbed Harrison Cole in the hand with a knife.

Traffic Violators To Get Harder Time

THE CAR SHOWN AT LEFT is all that remains of a 1937 Plymouth Sedan following a crash early Saturday morning, on 17-92 7 miles south of Sanford. (Staff Photo)

Fringe Area Group Will Meet Tonight

A meeting of citizens who live in the area proposed for annexation will be held tomorrow night at 8 o'clock at the Sanford Farmers' Auction Market, located just south of Sanford on 17-92.

Mrs. Edna L. Heehler, secretary of the six-citizen committee named to represent the fringe area residents, said "All fringe area residents and users of city water outside of the city limits, the Mayor, City Commissioners, and City Manager, are invited to attend the meeting to discuss further developments in regard to the use of city water outside Sanford City limits."

"We don't care whether the citizens are for or against annexation," Mrs. Heehler said, "we want an open discussion of the problems facing us at the present time."

Mrs. Heehler said, "A lot of people are indignant over the water rate increase and a number of them are taking steps to install their own water systems. A number of people are indignant over the requirement to sign a pledge before getting the use of city water. The question over the water rate increase is far from dead," she declared.

Casselberry Firms Victims Of Thefts

Two places of business in Casselberry were broken into sometime yesterday or possibly Saturday night, but little was taken.

The Jackson Boat Works and the Casselberry Laundry were entered by smashing a side window in each instance. However, the intruders made off with a small amount of cash and a Palomar camera from the Jackson Boat Works and some loose change from the Casselberry Laundry.

"We don't keep any large amount of money in our stores in Casselberry," Hubbard Casselberry stated this morning. "Storekeepers are consistently warned against keeping more than a small amount of change in their business places overnight," he said.

ColC Continuing Active Schedule

Planning, Galore at Ten, Two and Four," is continuing tomorrow with three committee meetings of the Seminole County Chamber of Commerce set for the three specific hours.

President-elect George Touhy said this morning that the meeting will continue throughout this week to work out a program for the coming year. "It is from this program that the Budget Committee will derive its overall spending plan for the 1935-36 fiscal year," Touhy said.

"From the budget," Touhy explained, "we will be able to get a concrete idea as to what our membership drive should be."

Weekend Accidents Run High

Law enforcement officers are cracking down on traffic violators following a rash of accidents involving fatalities, injuries, and reckless driving.

A total of 11 arrests were made which included charges of driving while intoxicated, reckless driving, willful and wanton, operating a car with no driver's license, failing to have vehicle under control, and violation of speed restrictions.

Albert Fitz of Longwood real-estate man was charged with "failing to have his vehicle under control" when he ran his car into a ditch at the intersection of Grapeville Ave. and West First St. No damage was reported. Constable J. Q. "Slim" Galloway made the charge.

A similar charge was made by Constable Galloway against George Donald Miller Jr. of New Smyrna Beach when Miller's car went into the ditch just south of Five Points on the left side of 17-92.

T. Mark Mack, Florida Highway Patrol Trooper turned David Emil All, 23-year-old Air Force man stationed at the Orlando Air Force Base, later to Deputy Sheriff Harold Eubanks at the scene nine miles south of Sanford when arrested on a charge of "reckless driving, willful and wanton."

Trooper Mack said in his report that All was traveling between 60 and 80 miles an hour.

Produce Operators Present For Confab In Winter Haven

Two produce company operators and an assistant market manager attended the 15th annual conference of Market Managers from 14 fruit and vegetable markets at Winter Haven Tuesday and Friday of last week.

Highlights of the conference, said Leo Butner, Assistant Market Manager at the Sanford State Farmers Market, included a "discussion on the components of a successful market which includes ample parking area, sales platform and packing house facilities, adequate telephone and telegraph facilities and other such accommodations necessary for prompt and convenient service, in addition to sufficient volume of high quality produce attractive to buyers."

Butner pointed out that the Sanford State Farmers market, along with other State Farmers Markets around the State, are nonprofit organizations. These markets said Butner, are self-supporting, with no cost to the taxpayer.

Al Skinner, of the Sanford Produce Company, spoke at the Friday session of the conference. He spoke of the "possible change in buying procedures which seemed imminent and urged the market managers to be alert to improved buying methods and be ready to assist growers in taking advantage of and meeting demands imposed by changing times."

Also attending the conference from Sanford was Harold Kastner of the H. H. Kastner Company. One of the important phases of market operation was brought out in a panel discussion on "Creating Greater Service Through State Farmers Markets." Service, it was emphasized, is achieved through working closely with county agents, agricultural agencies, with farmers, operators and buyers as well as with the people in the communities in which these markets are located.

I. H. Lewis, Director of Florida State Farmers Markets, presided at the meetings.

YOUTH RESPECTED FORT LEONARD WOOD, Mo.

(AP-Ms) Gen. Frank O. Bowman, commanding officer at Ft. Wood, has warned officers and non-coms not to use profanity around the 17,185-year-old youths who start reporting here Oct. 4 as part of a new national reserve program. "Treat them like your own sons," he told them.

CHESTER "CHUCK" MUSE, returns to Sanford.

'Chuck' Muse Back To Accept Position As Store Manager

Chester "Chuck" Muse, a well known Sanford furniture man, returns to Sanford to accept the position as Assistant Manager at Mather of Sanford, E. E. Anderson, manager of the local Mather store said today.

Muse, who began his furniture career with the Mather store here in Sanford, returns home after 11 years. In Memphis, Tenn., he held positions as manager and assistant manager of furniture stores there and spent the last year with Mather in Lakeland.

"I intend to move my family to Sanford from Lakeland as quickly as possible," Muse said today. He married the former Miss Ethel Cook of Daytona Beach in 1915. They have a son, Larry, aged 8 and a daughter, Jo Ann, aged 5. His parents are Mr. and Mrs. W. C. "Curly" Muse of West First Street.

"I am glad to be back home," Muse said today, "and I certainly want to invite all of my friends to come in and visit with me in my new location."

2 Navy Men Die, One Badly Injured In Auto Accidents

Two Navy men died and one was severely injured in similar accidents over the weekend.

Philip A. Coulter Jr., PHAN, attached to VCS of the Sanford Naval Auxiliary Air Station, died as a result of injuries received in an accident when his car crashed into a culvert.

The accident, said Trooper T. Mark Mack, of the Florida Highway Patrol, occurred about 1:15 a. m. Saturday seven miles south of Sanford on 17-92.

The Trooper said that the 1947 Plymouth sedan was a complete loss when it ran off the right side of the road, crashing into the culvert after going, apparently, out of control. Coulter died at the Orlando Air Force Base Hospital about 4 o'clock following the smash-up.

Robert Hamilton, a passenger in the car, suffered cuts and bruises about the face and head and a possible concussion.

According to Trooper Mack's description of the accident, Coulter, driver of the car, was traveling north at an apparent high speed.

Conduct Medal Awarded W. Rogan

William I. Rogan, aviation mechanic's mate third class, USN, son of Mr. and Mrs. Carl Rogan of Route 2, Box 431, Sanford, was awarded the Good Conduct Medal in August while serving at the Naval Air Test Center, Patuxent River, Md.

The Chief of Naval Personnel, Washington, D. C., issues the Good Conduct Medal only to those sailors who have demonstrated the highest of achievements in conduct and proficiency in rate throughout a continuous three years active duty period.

Boy Tells Of Polio Stricken Home

DURAND, Ill. (AP)—A 7-year-old boy told what it's like — to him, at least — to have eight brothers and sisters stricken with polio.

Driver Proposes To Widowed Mom With 12 Children

FRESNO, Calif. (AP)—Frank C. Bente, a Fresno taxicab company worker, says he proposed to a widow with 12 children because he believes she will help him realize an ambition of many years standing.

Referendum Held To Seek Opinion Of State Growers

A referendum to determine whether producers of Florida tomatoes favor the issuance of a proposed marketing agreement and order is being held Sept. 10 through Sept. 20, inclusive.

County Personals

Longwood

By MRS. BEVERLY EATON V. A. Wheeler, author of the recent publication, "Where The Meadow Lark Calls," was honored by a request to be guest on WFLW-TV at St. Petersburg, last Monday.

Mr. and Mrs. Ira Wilson returned to their home on Warren St. Tuesday after spending three months visiting in the New England states.

Mr. and Mrs. James McGrath and sons, James Robert and William McLaughlin, attended the christening of the former's grandson, Maurice Percy Jr., at the Lutheran Church in Orlando.

Mr. Wheeler has sold many copies of his new book and has received many complimentary reviews from all over the country.

William DeRosa, Longwood resident, was recently honored, when he received a superior accomplishment cash award for work performance judged outstanding by the Navy Board.

Other guests present were Mrs. Leon Helms, Mrs. William Whorton, Mrs. J. G. Payne, Mrs. Joyce Stirling, Mrs. W. H. Hines, Mrs. Mattie Prescott, Mrs. Garland Shaw, Mrs. Fred Lynn, Mrs. Maxine Todd, Mrs. Ed Freeman, Mrs. Robert Carmichael, Mrs. Robert French, Mrs. Clifton Poshon, and Mrs. E. T. Milwee.

Several members of the Longwood Firemen Department enjoyed a swimming party at New Smyrna Beach on Sunday.

Charles Gross and niece, Miss Edna Gross formerly of Highland Falls, N. Y., arrived in town on Sunday and were the guests of Mr. and Mrs. Charles Morrison.

Mr. and Mrs. Howard Chambers have opened one of the Albee apartments.

Mrs. L. A. Walburn returned with her mother, Mrs. M. Gaffney for a visit with relatives in Wisconsin and her husband is now located at NAAS, Sanford.

Lake Mary

Mr. and Mrs. F. L. Mason and children returned to Lake Mary, Monday, after spending the summer in Swanton, Md. Mr. Mason is recovering from a broken arm.

Spencer Powell is again a student at Rollins College in Winter Park.

Miss Kate Stubbings who was graduated from Seminole High School with the class of '33 has a position with a Sanford insurance concern.

Mr. and Mrs. A. T. Yore of Jacksonville were the weekend guests of her sister-in-law, Mrs. W. P. Burke.

Herbert Lampert who has been visiting relatives in Virginia, returned Sunday.

R. H. Ivers of Ida Lake, on Crystal Lake, is making a good recovery, following surgery a week ago at Fernald Loughton Memorial Hospital, Sanford.

Mr. and Mrs. Howard Chambers have opened one of the Albee apartments.

Mrs. L. A. Walburn returned with her mother, Mrs. M. Gaffney for a visit with relatives in Wisconsin and her husband is now located at NAAS, Sanford.

Mr. and Mrs. Frank Booth

TRUE FRIENDS

AN ANGELO, Tex. (AP)—Mrs. J. W. Branch and Mrs. Zack Murray are fast friends.

They both live in the same block.

They both gave birth to boys at about the same time Wednesday.

The same doctor delivered the boys.

The mothers are in the same hospital room.

And they gave their boys the same name — John.

Branch is an Air Force captain. Murray is with a lumber firm. They're friends too.

Little Bernard Walsh said he and five other children in the family who have escaped the disease "have to keep quiet around home now."

"We have to stay out of trouble too. Our house was noisy before all this happened. But now it's awful quiet."

Four of former Keron Walsh's children are hospitalized in nearby Rockford, Ill., and four are being cared for at home. One of those hospitalized, David, 17, is in an iron lung and his condition is regarded as critical.

Hospital authorities say the condition of Eddie, 15, is "not good."

The father, 33, and the mother, 45, are staying in Rockford to be with the most seriously ill. The children at home, including the six not stricken, are being cared for by the father's sister Miss Daily Walsh.

Bernard said he and his 6-year-old brother Tom "have to help with the work. We help take care of Molly Lou (1 year old). She can't dress herself yet. We help carry meals on trays to our sisters who are sick in bed."

"We don't know how to milk cows. But we feed the pigs and cows. We do whatever we can. But it sure is quiet around here now."

Neighbors, relatives and friends have prepared food for the family, have taken them gifts and words of encouragement and are helping with chores on the 160-acre farm.

Two Durand churches have been conducting special prayer services for the family.

Fears that tiny Molly Lou might have contracted polio were dispelled yesterday. Dr. Charles Leonard said observation showed she did not have the disease.

Plea, Warning Sent To Turkey, Greece By United States

WASHINGTON (AP)—With a plea and a warning, the United States pressed Greece and Turkey today to end their quarrel over the British-held island of Cyprus.

The plea: That the two nations act "without delay" to restore the unity of the Atlantic Alliance, to which both belong, lest they weaken the barrier against "Communist ambitions" in the Middle East, and has been given to Greece and Turkey in great quantities since 1947 because their partnership is "a strong bulwark of the free world in a critical area."

The two-edged argument for ending the bitter, riot-marked Cyprus war was made by Secretary of State Acheson in a message which he sent to Prime Minister Alexander Papagos of Greece and Prime Minister Adnan Menderes of Turkey. The messages were made public last night.

Want to bake a cake for someone on a salt-free diet. Use low sodium baking powder and low sodium milk.

Fringe Area

(Continued From Page One) fringe area residents, appointed a meeting held at the market recently is composed of T. V. Brown, chairman; Mrs. Edna L. Wheeler, secretary; Grylle Howe, Archie Smith, Alec Smith and Chester Miller.

At the last meeting of the Board of Sanford City Commissioners, the committee representing the fringe area residents were presented with a copy of a memorandum from City Manager Warren E. Knowles to the Board of City Commissioners, outlining a 14-point program containing more than 14 services that would become available to the annexed area within 24 hours after annexation.

The committee was asked to study the recommendations contained in the memorandum and then call a meeting of citizens to consider them. The meeting, tomorrow night, has been called to discuss in detail the services outlined in the memo.

City Manager Warren E. Knowles said this morning that so far he has received no invitation to the meeting.

Mayor Denver Cordell was out-of-town this morning and not available for comment.

Judge Requested To Ask Drivers For 1955 Licenses

Judge Ernest Housholder, Seminole County Judge, through whose office the 1955 drivers licenses are being issued, along with 66 other Florida county judges, has been requested to ask for surrender of the 1955 driver's license when motorists buy their 1956 driver permit.

Director H. N. Kirkman of the Department of Public Safety said the action came after complaints that some motorists had secured more than one license by using this year's license which had not been surrendered at the time the first was purchased.

Actually, Kirkman said, the 1955 license does not expire until Oct. 1, but a 1955 Act of Legislature provides that no driver will have more than one operator's license on his person at one time.

It has come to light, Director Kirkman said, that in some instances drivers used their old licenses to secure permits in several places. Then, in event of one being marked for a minor traffic violation, the operator would merely use the alternate license on future occasions.

Kirkman asked for and received a resolution from the State Cabinet last Tuesday requesting the judges to pick up 1955 licenses when issuing new ones.

Cubs Set Meeting For Reorganization

A reorganization meeting of Cub Pack 10 will be held tonight at McKinley Hall of the First Methodist Church on South Park Ave. in Sanford.

Den Master Ted Williams urges all parents, Den Mothers, and others interested in youth to attend this meeting along with youngsters who are already Cubs and those interested in becoming Cub Scouts.

The meeting will be held at 7:30 tonight.

EVANGELIST RETURNS
LOS ANGELES (AP)—Evangelist Tommy Hicks, just back from preaching in Russia, says the Soviet people are hungry for the Gospel. "If we could put on the 'Voice of America' broadcast just 30 minutes a day of the straight Bible message, I'm sure it would do more good for America and the peace of the world than anything else we could do," he said.

Top Officials Say Germany Must Be Part Of Proposal

WASHINGTON (AP)—Top Diplomatic officials said today that any European security treaty proposal which the United States supports must include Germany as a full and active member.

Agreement on the scope and other provisions of a security pact will be sought among the United States, Britain, France and West Germany in talks beginning here today.

These secret talks are aimed at working out a package deal by which Western leaders will hope to persuade the Soviet Union to agree to German unification on Western terms.

The Western talks will spread over a period of several weeks and up to the time that Secretary of State Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay meet with Russia's V. M. Molotov at Geneva Oct. 27.

Traffic

(Continued From Page One) Orlando, was arrested by FHP Patrolman Carl Williams, south of Sanford, and charged with "operating a car with no driver's license."

Patrolman Williams arrested Kenneth Francis Stevens, 45, heavy machine operator of Orlando, 11 miles south of Sanford. Stevens is charged with "driving while intoxicated."

John Edgar Bruton of Maitland was charged with "reckless driving, willful and wanton," when arrested by Patrolman Williams, eight miles south of Sanford.

Trial Starts Today On Publicized Case

SUMNER, Miss. (AP)—No plea for a death sentence is expected in the sensational "wolf whistle" trial which begins today with two white men accused of murdering a 14-year-old Chicago Negro boy.

Dist. Atty. General Chatham said he would not question prospective jurors on their opinions of death as a penalty for murder.

That apparently means the state will not ask for a death sentence for Roy Bryant, 21, and his 35-year-old half-brother J. W. Milam. The minimum penalty for murder is life imprisonment.

Bryant and Milam are accused of murdering Emmett Till, a husky negro lad who allegedly sounded a wolf whistle at Mrs. Bryant, wife of the grocery operator in nearby Money.

Selection of an all-white, all-male jury began today.

LION SHARES CAR

VENTURA, Calif. (AP)—Mrs. Jessie Rhodes finished work at the Ventura School for Girls, walked to the parking lot, climbed in her car and found the seat shared by a mountain lion. She screamed. A watchman followed the tracks until they disappeared into the brush of nearby foothills.

Judge Housholder Tells Rotray Club Of Youth Problem

In a ringing, challenging talk on "Our Children" before the Rotary Club at its regular youth meeting today at the Youth Club, Judge Ernest F. Housholder of the Seminole County Court cited many instances of what has come to be known as "Juvenile Delinquency" as a result of underprivileged and broken homes and environments. He regretted the fact that we had to live so long to learn how to live, and felt that prevention instead of correction was the solution to this serious problem.

Judge Housholder revealed that "our program is working well, except in a few cases where parents are more delinquent than children. In such cases, we get very little help."

During the past several months special attention has been given to truancy from school and we have made remarkable progress in the situation.

"It would hardly be possible to say just what causes delinquency."

For instance talks with a special group of boys between 14 and 17 years of age, did not disclose what brought about the violations with which they were charged. Talks with the parents of these children revealed that they were being raised in the normal American way by good parents who had an insatiable desire to do all they could for their children and bring them up properly.

Judge Housholder said today that delinquency among girls is not frequent -- it is among boys. Delinquency among the girls seems to be caused primarily from dissatisfaction in the school or home.

The judge asked that parents help prevent traffic violation by watching over the use of the family automobile. If any spirit of disregard is shown about traffic rules, the parent should take the car and the driver's permit and refuse permission of their use until the attitude is corrected.

English Bicycle Found At Lyman

An English bicycle, stolen from a Winter Park school, was found this morning at Lyman School in Seminole County, Sheriff Luther Hobby reported this morning.

The bicycle was found this morning, Sheriff Hobby said, chained to a fence at the school.

"The culprits thought that perhaps they could leave the bicycle at Lyman School until everything blew over," the sheriff said.

2 Navy Men Die

(Continued From Page One) rate of speed. He came up behind another car, also heading north, meeting another car traveling south when he was unable to pass.

Deputy Sheriff Hubbard Eubanks assisted in the investigation.

In another accident, one mile south of Orange City, on 17-92, at 1:29 a. m. Saturday morning, a 32.5 year man was injured when his car crashed into a ditch.

Truoper Jake Raulerson, of the Florida Highway Patrol, investigated the accident.

His report stated that the 1931 Oldsmobile sedan, driven by 22-year-old Peter C. Rumis, AM3, was traveling south at an apparent high rate of speed when he overtook and passed another car, possibly losing control of his car at this point. Rumis went into a skid, with his car, for a distance of 150 feet then turned over 1 1/2 times for an additional 150 feet along the shoulder of the road and into the ditch.

Damage to the top and side of the car was estimated at \$600. Rumis was taken first to the Fish Memorial Hospital DeLand and they transferred to the Orlando Air Force Hospital.

The Florida Highway Patrol report states that Rumis received severe head injuries and bruises to his legs and knees.

Fragmentary reports of an accident near Palatka state that Erastus C. Flores, AD3, on authorized leave from the Sanford Naval Auxiliary Air Station, and returning to Sanford from Jacksonville was killed in a traffic accident over the weekend.

Navy Secretary

Continued from Page One
court Clasp, and Good Conduct Medals. You are entitled to wear the American Area, American Defense and Asiatic-Pacific Area ribbons which attest to your conscientious attitude toward your responsibilities.

"While on active duty with the Navy, you served aboard the USS Virginia, USS Vega, USS Wright, VT Squadron One, USS Argonne, USS Wakes, USS Lea and the USS Ranger.

After being honorably discharged from the Navy, you accepted employment as a Storekeeper on Nov. 14, 1945 at the Naval Supply Center, San Diego, Calif., where you served until April 26, 1946. You continued your civil service career at the Naval Amphibious Base, Little Creek, Norfolk, Va., as a Storekeeper from July 1946 to September 1951 when you transferred to the Naval Auxiliary Air Station, Sanford, Fla., as a General Supply Clerk. Your progress has been consistent, culminating in reassignment on June 6, 1955 to your present position as Supervisory General Supply Clerk.

"During your tenure of employment as a civil service employee, six safety awards were bestowed upon you. The enviable record which the Navy has established could not have been achieved without such devotion to duty, cooperation and loyalty as you have demonstrated in the course of your career.

"You have every reason to be proud of your record, and I as Secretary of the Navy, extend to you my congratulations and appreciation for the services you have rendered."

Hanrahan, a former Chief Petty Officer who retired after 28 years of service, will complete 10 years of civil service employment in November.

He is married to the former Miss Mary E. Fallon of Fittsburg, Mass., and they are making their home at 2410 Myrtle Ave., Sanford.

Florida Citrus Consumption At Greater Increasing Levels

We're not pulling the strings that ring the bells!

But we do know that a lot of people have given a lot of study to a subject that means a lot to every individual in Florida. Not only to the individual, but to many business houses, industries, plants, professions, and tradesman.

The subject of a recent brochure was captioned "The Job Ahead—for Florida Citrus."

According to the figures spread upon the pages of that very valuable bit of reading, consumption of Florida citrus today is just about four times as great as it was 20 years ago. The picture continued with the fact that per capita income has had the same rate of increase.

Looking to the future—the job ahead as the folder called it—present economic conditions indicate that per capita income will continue to increase. The increased Florida production, in prospect for 1960, on a per capita basis continues to hold a favorable relationship compared with this increase in consumer income.

Pointing to the Job Ahead the Florida Citrus Mutual Pamphlet reveals that it is quite clear that Florida citrus production on a per capita basis when related to disposable income is in an extremely good position. In direct contrast, says the analyst, the wheat grower has experienced a steady decline in per capita consumption: **EVEN IN THE FACE OF INCREASING DISPOSABLE INCOME.** The wheat grower has operated under strict government controls. The Florida citrus grower has not and does not want such controls!

Then, for the Job Ahead, according to Florida Citrus Mutual—by 1960, it is estimated that Florida will produce approximately 160 million boxes of citrus. Then, when related to expected increase in population and disposable income, indicates a bright future for the Florida Citrus Grower. More and more people with more and more money

The week of Oct. 2 has been designated as Employ-the-Handicapped Week. Everyone is urged to cooperate with the Division of Vocational Rehabilitation, local employment services, Chamber of Commerce and others in efforts to find employment for handicapped persons.

TODAY'S BIRTHS

For we are God's fellow workers.—I Cor. 3:9.—We can avoid sorry mistakes that way, and have a happy life.

SAM DAWSON

Mortgages Get Harder To Obtain

NEW YORK—Home builders will find mortgages a little harder to come by from now on.

The loan end of the savings and loan business has been growing faster than the savings end. The government thinks they should be in balance. So the Federal Home Loan banks are being told to stop handing out new credit to their 4,200 members.

People are still saving money. The Department of Commerce reports total personal savings running at an annual rate of 16 1/2 billion dollars. But a year ago the savings rate was 18 1/2 billion.

The significant thing in the view of the government is that while savings totals were falling personal income totals were rising. So were consumer spending and debt accumulation. Although some people

to spend will consume more and more Florida Citrus!

Two of the seven "things to remember" state that "the future of the Florida citrus industry is tied very closely to the future of our country. If and when, for instance, consumer income should drop, and Florida production continue to increase, it would completely change the citrus growers outlook." The second one reads, "for a bright Florida citrus future to materialize under these conditions growers must continue to produce quality fruit and make wise marketing decisions!"

As a part of our Sanford and Seminole County economy, we look, also, to "The Job Ahead."

Heed Traffic Signs

Motorists will have no excuse now, for not obeying traffic regulations imposed in the school areas of Sanford for the safety of children attending school.

Safety Zones and walkways are being repainted with the bright yellow stripes widened, making them a target for the motorist to see as he approaches danger areas.

In addition to the newly painted cross-over strips and the safety zones, new upright signs are seen in the center lanes of streets where 15 mile speed zones are designated.

There is no way that a motorist can avoid being informed of the prevailing speeds and the areas in which children walk to and from school. Ignorance of the law cannot be an excuse when signs are flaunted in the face of the passing automobile driver.

Sanford Police Department patrol cars are being stationed in the area where traffic violations are most flagrant. It behooves the driver of every car to become entirely familiar with the speed zones, crossings, safety zones and areas where children most frequent. The Patrolmen of the Sanford Police Department are not anxious to make arrests but are more interested in making city streets safe for both the motorist and the pedestrian.

One example of the violations of traffic ordinances occurred during the time a painter was renewing a safety zone on Sanford Ave. recently. Signs denoting the 15-mile zone were on each side of the area and barricades were put up, along with danger flags to warn automobile drivers that men were at work. The driver of the car did not reduce his speed, knocked down the barricades, ran over the flags, and missed the painter only by inches.

Our citizens should realize that traffic regulations are not made for profit; they're not made to play with, and they're not made in moments of passion or hatred. Traffic regulations are made for and only to save lives and property. When a traffic regulation is violated the motorist takes the life of both pedestrians and motorists in his own hand, even his own life is at stake.

This is a plea to every citizen to heed the warning signs. Look for the markers, the safety zones, cross walks, and every indication that might mean "danger."

One life is too valuable to put up in exchange for a traffic violation. Watch the signs. Slow down. You may save a life.

HAL BOYLE

Little Lady Saddened By Changes

NEW YORK—This is a most unattractive section now," said the little grandmotherly old lady, shaking her head as she peered out the car window. "Isn't it terrible?"

The lady was Evelyn Nesbit Thaw. She was looking at the site of the old Madison Square Garden stop which in 1908 her husband, Harry K. Thaw, shot to death her former lover, Stanford White, in New York's most celebrated murder case.

She seemed depressed at the way the neighborhood has run down since, as she terms it now, "the tragedy" took place.

But after 46 years "the tragedy" has turned out to be a form of social security for Miss Nesbit. She's back in the broiled quail league again. A movie studio has paid her upward of \$50,000 for a film based on her life called "The Girl in the Red Velvet Swing."

"If you think I'm going to invest that money, you're crazy," remarked Miss Nesbit spiritedly. "I never invest in anything but a good meal."

Food seemed more on her mind than sentiment as Miss Nesbit, now a Los Angeles sculptress, and I took a ride down Memory Lane in a rented limousine. At 70 this faded beauty of a faded past looks like a graying retired schoolmarm. But few schoolmarms have her bounce — and none, I suppose, quite has her memories.

Passing her old home on Park avenue, the first floor of which now is a dress shop, she said: "No, Thaw didn't live there with me. He resided in the bastille then — in durance vile. Boy, the breakfast I used to have in that house — broiled quail eggs, trout, fried oysters."

We drove by the former location of Sherry's restaurant, and she said: "Oh, the wonderful terrapin they served — and none, I suppose, spelled it out, as if no one in the present generation could remember it—" "Is a member of the turtle family, only it tastes better."

The swiftly changing Manhattan scene bewildered her. Most of the landmarks of her champagne youth were gone.

"Everything is so different," she kept saying. "It's so changed. Why have they torn down so many beautiful old buildings?"

Then she was back on food again. "I ate so much in the old days I still wonder why I didn't get fat," she said. "Lillian Russell was bowing out of the picture as I walked in. Styles were changing. Boy, was she upholstered! Hip, hip, watermelon."

"No, I never met Diamond Jim Brady. Stanford White was too snobbish to speak to Brady. No thought he was a frightful character."

Miss Nesbit, who still insists that White, a famous architect who designed the Washington Arch, is the only man she ever really loved, described him as "the most wonderful man I ever knew."

"No had one weakness — a love

JAMES MARLOW

Discoveries Raise Old Question

WASHINGTON—Every time an American ally uncovers a Soviet spy ring in its own country, it raises an old question here: Is there an espionage network operating now in the United States?

This country was shocked shortly after the war, and the public got its first insight into Russian espionage, when a Soviet spy ring was exposed in Canada. This week Australia produced a 100,000-word report on Russian spying there.

Both governments found out that not just one spy ring was working against them. There were several rings, each independent of the other and concealed from the other.

Some sought military information, some scientific and diplomatic information. The strings were pulled from Moscow. The reason the Kremlin didn't want one of its spy rings to know the other existed was simple enough:

In case one ring was exposed, or one or more of its members were caught, no information could be obtained that would endanger any other ring.

Although nine years separate the Canadian and Australian discoveries of what the Russians had been doing to them, the Soviet spy operations were the same in general:

The Russian masters of the spy rings found the Canadian and Australian Communist parties the most fertile ground for recruit. They were always looking for recruits. Their most trusted agents acted as talent scouts.

But if one ring found a recruit it thought could be trusted, he couldn't be put to work unless Moscow approved. Moscow either had a file on the man or used one of the other spy rings to check on his trustworthiness.

In addition to their spy rings, the Russians sought to set up fifth columns in both countries. These would be agents, undercover, of course, who could be depended on to work for Russia in case of war when the Soviet spy chiefs would have to return home.

Neither the Canadians nor Australians discovered the espionage through their own police work. In both cases they were set on the trail by Russians who were part of a spy ring and then voluntarily offered information.

In Australia it was Vladimir Petrov. In Canada it was Igor Gouzenko.

Petrov was third secretary of the Russian Embassy in Ottawa, turned his back on Russia and went to the Canadians. Just as Petrov did later, he carried documents with him to support his story.

In both countries royal commissions were set up to investigate.

The Canadian commission made its 733-page report in 1946. The Australian Commission's report was made public this week.

Because the Russian spy rings were concealed from one another, Petrov and Gouzenko could talk best about the networks in which they took part. The Australian commission said the only Australians who knowingly assisted the Soviets were members of the Australian Communist party, ex-members, pretending ex-members, or sympathizers.

But the Australians expressed doubt they have stopped all Soviet spying there, even though they have exposed a lot of it.

GOVERNOR DECLINES BLINDFOLDED RIDE OFFER

COLUMBUS, Ohio—Gov. Frank J. Lausche yesterday declined an offer to make an opening-day tour of the Ohio Turnpike with a blindfolded motorist.

The unidentified driver said he would start his trip from near Cleveland on Oct. 1 and cover the entire 34-mile toll road in both directions without being able to see.

"We will leave at 8 a.m. and will return (I hope) some seven hours later," wrote the man, who termed himself "the source of life magic wald."

Lausche sent his regrets and notified the state highway patrol "just in case" the write was not joking.

ONE FOURTH OF CLASS

CHILDERS, Ohio—Mr. and Mrs. Charles H. Childers, Jr., and their four children, are in the attendance in the Childers School's first grade. The Alpac's triplet's Terry, Jerry and Larry are in the class of 12. The 4-year-old triplets have five other brothers and sisters in the school.

Don't Think Of Surgery As A Dreaded Ordeal

BY WILSON H. BUNNING, M.D.

TO many of you, an operation is a frightening and dreaded ordeal. While no one looks forward to surgery, you should not build up needless fears.

Probably your main concern is about being anesthetized. You're afraid you'll go to sleep and not wake up. Perhaps a discussion about anesthesia and just how safe it actually is will help you ease your fears.

Source of History

In one form or another we have had anesthesia since the dawn of history. The ancient Incas practiced surgical pain with coca leaves and by dripping cocaine-rich saliva on wounds. Assyrian and Egyptian surgeons compressed the carotid blood vessels in the neck of a patient to produce short-lived artificial sleep. Modern methods are much better.

The most widely employed inhalation anesthetic today is used with nitrous oxide. But there are others, including: ethylene, cyclopropane, divinyl ether (vinethene) and trichloroethylene (trilene).

Increasingly Popular

Intravenous anesthesia has become increasingly popular and is currently used for more than one-fourth of all anesthesia. The most commonly employed agent is thiopental sodium. These anesthetics are for short of ideal, but surgeons have established an impressive safety record with their use.

A recent survey by the Harvard Medical School in its leading

Try and Stop Me

By BENNETT COTL

LUCIUS BEEBE, official historian of Nevada's fabulous Virginia City and all surrounding territory, tells of two cowboys who recently revived the code of the old West and opened fire on the broad highway in the bang-bang Jesse James tradition. These cowboys were not very good shots, but bystanders sought shelter hastily beneath hot-dog stands, 1935 two-toned sedans, and a delivery wagon full of laundry.

Several bullets lodged in the laundry bundles, and one local wit declared that for the first time in laundrying history, the proprietor had a legitimate excuse for the condition in which he returned his customers' shirts.

Life in Nevada, says Beebe, is like this: One ancient met another who was totting under his arms two loaves of bread and six bottles of whiskey.

"Land's sake, Lem," he marveled, "What in heck you gonna do with all that bread?"

Copyright, 1955, by Bennett Cotl. Distributed by King Features Syndicate.

YOU'RE TELLING ME!

BY HOYT HESS
 Control From Writer

THE government has drafted standby controls for atomic war. Anything they can find.

Private will be kept from going up by law. Everything else will hang by only on gravity.

Secret also have been picked where 50 "reserve" executives will take over in case high officials get disintegrated. If 50 can do it in atomic war, what on earth is going on now?

What's all the hullabaloo about juvenile delinquency? Whole colonies are rising up in bloody revolt, and we're blaming the kids for showing a little independence.

The U. S. Weather Bureau is going to change the latitude as it can do a better job of warning storms. Or at least get out of the way.

Chief Forecaster Edward Vernon says rain patterns within hurricane follow moving belts. Some patterns with people, cutting before the belt.

It's obvious why hurricanes are given feminine names. A hurricane has the privilege of changing its mind.

Pinecrest School Organizes P-TA; Officers To Be Elected Next Meeting

Pinecrest School held a meeting of parents, teachers and friends at the new school Thursday evening at 7:30 p. m. The parents first met in the classrooms of their children to select room representatives and get acquainted. At 8 o'clock the group moved their own chairs in the auditorium and Mrs. Margaret Reynolds acted as temporary chairman.

After the flag salute and Lord's Prayer, introductions of the faculty and school personnel were made. Mrs. Vel Robbins volunteered to be temporary secretary. A motion was made to organize a Pinecrest P-TA. The motion passed and a constitution and by-laws, recommended by the national parent teachers organization, were discussed fully and adopted.

The entire group divided into zoned areas to select members of a nominating and advisory committee. Those selected were Mrs. Margaret Barry as representative teachers; Mr. Fred Ciano, as children; R. L. McKnight, Dreamworld; Mrs. Byron Smith (Oxham-Tudor); and other areas, Mrs. Ann Humphrey. This committee will present the names of officers to be elected at the next meeting.

It was decided to accept the invitation of the Southside School to join with them in the Halloween Carnival. The school will be responsible for five of the concessions.

Approximately 133 members paid their dues. These, along with those who join at the next meeting, will be the charter members of the organization.

An architect's drawing of the school was shown by Mrs. John Burton, wife of the associate architect with E. J. Moughton. She explained it to those who were interested.

Business completed, the meeting adjourned. It was announced that

Two Careers In One Family Can Work Out

By DOROTHY ROE
AP Women's Editor

Two careers in one family work out all right, just so one does not try to influence the other, says Simonetta, Italian designer, whose husband Fabiani is head of the Roman fashion house which is one of her chief competitors.

In New York during a tour of the country to introduce a new perfume along with her fall fashion collection, Simonetta laughed gaily as she discussed the phenomenon of living in marital bliss with a rival genius. Said she:

"Both of us were well launched in our own careers at the time of our marriage, so we just carried on. There never was any question of joining our two businesses. My husband is known for his own particular style of design, just as I am known for mine. We discuss generally our plans for each new collection, and then we leave each other alone.

"Often, as this year, our collections are entirely different. This fall Fabiani likes belts very low while I like them very high. No friction, you see."

Simonetta says she thinks actually it's a good idea to be married to a man in the same business, explaining:

"Fashion design is a hectic business you know. When I am working on a collection I may keep at it for days at a time with practically no sleep, working until midnight every night. If my husband were, say, a banker, he would not understand such things. But as it is, my husband is keeping the same hours and doing the same thing, so there is no argument."

Honoring Parents, Teachers Thursday

The Southside P-TA held its day night in the form of a reception in which the new teachers and parents were honored.

About 350 people attended the affair at which Mrs. Gustave Bamberger, president, presided. The first half hour was spent in the classrooms with the teachers. The parents there learned something about the years work and talked with the teachers.

Miss Gene Nunnally, music teacher, accompanied by Mrs. Clarence Welsh, led the group in singing. Mrs. Bamberger then introduced the members of her board who will work with her during the year.

Mrs. Velma Mitchell, principal, introduced all the teachers and Mrs. Ruby Davis, the luncheon manager. The group went to the luncheon for refreshments. Decorations of roses and pink hibiscus were placed appropriately about each table and was centered with a palm frond filled with pink hibiscus. On each end was a vase of pink roses and lighted tapers.

Punch and cookies were served and it was announced that the first grade won the room contest. Plans were also made for the annual Halloween Carnival.

ONCE UPON A TIME—The Sanford Story League called a meeting Thursday night in the Yacht Club to organize a Junior Story League for children between the ages of 10 and 18 and all mothers. A large number of interested persons attended. (Cph by Jameson Studios)

Committee Leaders Announced At West Side P-TA Session

The first session of the West Side Primary P-TA was held Thursday evening at the school with Mrs. R. L. Parker, president, presiding.

The program "interest finder" sheets were distributed for parents to fill out. All were given a list of officers and committee chairmen for the year.

Mrs. Parker introduced the following committee chairmen: president, Mrs. R. L. Parker; vice president, Mrs. Margaret Routh; treasurer, Mrs. Fred Stein; program chairman, Mrs. W. P. Bell; publications, Mrs. G. A. Harris; budget and finance, Robert Lippincott; membership, Mrs. R. E. Bebenbaugh; publicity, Mrs. Sam Dunn; study course, Mrs. D. J. Hamilton; health and welfare, Mrs. J. B. Stapler; devotional, Mrs. Grady Herman; safety, Mrs. Mitchell; luncheon, Mrs. Fred

Dudley; hospitality, Mrs. James Houser; historian, Mrs. Gilbert Blocker; county council delegates, Mrs. Lucille Dudley and June Lyons.

Mrs. Sharon, principal, then introduced the school personnel including teachers, Mrs. Stephenson, first grade; Mrs. Buffalo and Mrs. Watt, second; and Mrs. Holmes and Mrs. Neider, third. Mrs. Sharon also acts as a first grade teacher. Mrs. Martina Beard is part-time secretary and Mrs. Deke and Mrs. Lee are luncheon workers while Rufus Sims is janitor.

Carl Prescott and Robert Valentine volunteered to act as assistants to Robert Lippincott, who is in charge of the annual P-TA Halloween Carnival to be held Oct. 28.

All parents were urged to consider the accident insurance for their children.

School pictures will be taken in a few weeks. Parents requested this so that they will be available at Christmas.

Visits to the classrooms following and refreshments were then served in the luncheon by the officers. Approximately 140 members were present.

Meeting Scheduled

The first County Council meeting will be held at Lake Mary Sept. 21 from 9 till 11:30 a. m. President, Mrs. Marion St. John, urges all delegates and parents to attend.

Geneva Club Makes Garden Tour

Mr. and Mrs. A. H. McCulloch, assisted by Mr. and Mrs. A. J. Schellings, entertained the Geneva Garden Club Wednesday, Sept. 14 at their New Smyrna Beach home.

The day's activities started with a swim, followed by a surprise birthday luncheon honoring Mrs. Charles Cole of Geneva.

A beautifully decorated cake, a lovely gift and many cards were presented to Mrs. Cole in honor of the occasion.

After the luncheon the guests were taken on a very interesting tour planned by Mrs. McCulloch. Three types of gardens were inspected: the rock garden and beach plantings at the home of

city manager John C. Ferris, the town plantings and rare hibiscus Schellings, entertained the Geneva Garden Club Wednesday, Sept. 14 at their New Smyrna Beach home.

Beverage

CHICKEN A LA KING

Ingredients: 2 tablespoons butter or margarine, 4 tablespoons flour, 1 cup well-seasoned chicken stock, 1 cup light cream, 1/2 cups cubed cooked chicken (use white meat and pack in measuring cup), 1 can (4 ounces) broiled black olives (cut from pita in large pieces), 2 drained canned mushrooms (cut in fine strips), 1 tablespoon finely diced cooked ham, 1 tablespoon cooking sherry, extra salt and pepper.

Method: Melt butter over low heat in 2-quart saucepan; blend in flour. Add chicken, stock and light cream; cook and stir constantly over low heat until thickened and bubbly.

Personals

Mr. and Mrs. M. N. Cleveland and little Mary have returned from several weeks' visit in Georgia and the Carolinas. While away Mrs. Cleveland attended a reunion with her 10 brothers and sisters and their families.

Mr. and Mrs. J. A. Patton and his parents Mr. and Mrs. W. W. Patton left Friday for their homes in Cincinnati, Ohio, after spending two weeks with the former Mrs. Patton's parents, Mr. and Mrs. W. H. Thomas.

The many friends of Mrs. Alexander Vaughan will be sorry to learn that she is ill at the Anderson Nursing Home.

Miss Marianne Strickland, daughter of Mr. and Mrs. M. H. Strickland, and the Misses Sandra and Sonja Monforton, daughters of Mr. and Mrs. E. A. Monforton, left recently from New Smyrna Beach to enter their freshman year at Virginia Intermont College, Bristol, Va.

Mr. and Mrs. Peter Monje have returned from an extended trip to California where they visited with Mrs. Monje's daughter. While there they experienced a shock from an earthquake that struck that state.

Don't YOU Miss it! The Exciting, Educational Westinghouse LAUNDROMAT and DRYER HOME LAUNDRY PARTY

TUESDAY, SEPT. 20—STARTING AT 1:30

IRENE HOPKINS
Home Laundry Consultant
Monsanto Chemical Co.

See — LEARN — Enjoy the miracle made possible by modern automatic laundry equipment! Start doing the family wash the Westinghouse way. Just set it and forget it! Save yourself countless hours of lifting, stooping, rinsing and wringing.

Discover all — the complete detergent that's custom-made for automatic washing! See how all gets clothes whiter, surgically clean. See how beautifully all washes and protects wool, dacron, dyed and the other miracle fabrics. Bring yourself — bring a friend. Don't miss this educational, entertaining program.

all

FREE BOX OF all... given to every person attending the Laundry party! Take home this valuable gift, start using it right away in your automatic washer. You'll never go back to lousy, old-fashioned laundry products.

SANFORD

Yankees Are Acting Like Bombers Of Old; Moving In For Kill

THE SANFORD HERALD
Page 6 Mon. Sept. 19, 1955

Dietzel's Showing Successful

By MERCER BAILEY
THE ASSOCIATED PRESS

Paul Dietzel's highly successful debut as head football coach at Louisiana State gives two other new Southeastern Conference coaches quite a mark to shoot at this weekend.

Alabama and Tennessee partisans are hoping their new grid bosses, J. B. (Earl) Whitworth and Bowen Wyatt, will copy Dietzel's coaching tactics. The LSU Tigers' coach, Kentucky — which could have been looking ahead to Saturday's date with Mississippi — napping Saturday night and before the Wildcats woke up Dietzel's under-rated lads had presented him with a 19-7 victory.

Whitworth's Alabama crew goes against a tough Southwest Conference team, Rice, and Tennessee plays Mississippi State.

In other SEC openers, defending champion Mississippi beat Georgia 20-13, Florida rallied and whipped Mississippi State 20-14, Georgia Tech tripped Miami 14-8 in a game televised nationally in color and Tulane beat VMI 20-7. Vanderbilt and Auburn, like Alabama and Tennessee, did not play.

Coach Blanton Collier of Kentucky told Dietzel the Wildcats were out-coached, out-played and out-thought last year quarterbacked the LSU victory, throwing two touchdown passes. All-SEC Bob Hardy of Kentucky was the second-best quarterback on the field for one game, anyway.

Figuring prominently in the upset, in addition to Burns, were half-back Vince Gonzales, who caught the two TD passes, and Joe May, who ran 85 yards with a punt for a touchdown.

There were a lot of long scoring plays in the opening games—and even May's 85-yarder was the longest. Florida halfback Jackie Simpson intercepted a pass on his goal line and scored 100 yards in score. He also scored on a 48-yard run from scrimmage.

Georgia Tech's Paul Roberberry took a punt and sped 75 yards for a TD after Miami's defense momentarily sagged when a fair catch interference call was made. And Tech's Jimmy Morris, a center, went 25 yards with a stolen pass (no another touchdown).

Georgia's Dick Young and Jimmy Orr collaborated on a 48-yard scoring aerial. Mississippi State's Bill Stanton threw a 31-yard scoring pass to end Ron Bennett and Tulane's battery of Gene Newton and Al Coltrill connected for the same distance and same result.

Mississippi's Eagle Day didn't throw any long touchdowns passes, but he completed 19 of 28 for 188 yards and kept Georgia in a hole with his bomb-tight punting.

All SEC teams will be in action Saturday in addition to the Alabama-Rice and Tennessee-Mississippi State games. Chattanooga is at Auburn, Georgia Tech at Florida, Vanderbilt at Georgia, Mississippi at Kentucky, LSU vs Texas A & M at Dallas, and Tulane at Texas.

By ORLO ROBERTSON
The Associated Press

The New York Yankees have the Cleveland Indians on the floor and like the Bronx Bombers of old they are moving in for the kill.

For years the Yankees have had a reputation for taking a mile once they were given an inch. And that's the way Casey Stengel's 1955 edition has been performing the past week.

A week ago the Yanks trailed the Indians by 1 1/2 games and apparently had all the worst of the schedule.

Today they are tearing along two games in front. The schedule favors them with the Tribe in the most disastrous talpa of the year. They have seven to play to only five for Cleveland. Both teams are on the road until the campaign ends Sunday.

Yesterday the Yankees thumped the Red Sox 5-2 for their fifth straight victory. The Indians bowed to the Detroit Tigers 10-3, their fourth straight loss.

The Chicago White Sox all but slid out of the picture, losing 8-1 to sixth-place Kansas City. The Sox need four victories in their remaining five games to tie for the flag even if the Yanks win only one.

Bob Grim was the big man in the Yanks' triumph. He replaced fireballer Bob Turley in the third with the score tied 2-2, two runners on base and no outs. He promptly shut the door in the faces of the Red Sox and pitched hitless ball the remainder of the way. Only two got on base, Billy Klau via Billy Martin's error and Ted Williams, who walked.

The Yanks gave Turley a two-run lead off Willard Nixon in the first but Jackie Jensen tied it up with a two-run homer in the third before Grim came in from the bullpen.

The winning run, scored off Nixon, came in the fifth. Two singles and a walk loaded the bases. As Ted Lepcio tossed out Gil McDougald, Gerry Coleman raced home.

The defeat of the Indians was ironic in that it came at the hands of 20-year-old Bob Miller, beaten by the Yanks last week. At that time there was considerable comment because Detroit Manager Mack Harris used an untested youngster in a game involving the pennant.

Bob Miller hurled six-hit ball for the Indians before he tired after seven innings and was relieved by Dick Marlowe. Pinch hitter Hank Foiles' two-run homer was the only damaging blow off Miller. By that time the Tigers were out in front, chiefly because of a six-run sixth inning at the expense of Mike Garcia and Ray Narveski.

Gus Zernial's bases-loaded homer off Chicago's Dick Donovan spiked the White Sox early in the game and they never were able to do anything with the offerings of Art Ditmar.

The Baltimore Orioles pulled out of the cellar into a seventh place tie with the Senators as they beat Washington 5-0 behind Jim Wilson. The Milwaukee Braves clinched second place in the National League with an 11-inning 2-1 victory over the St. Louis Cardinals. But the New York Giants and the Philadelphia Phillies remained in a battle for third place. The Giants dropped a 7-5 decision to the Dodgers while the Phillies split with the Pittsburgh Pirates, losing the first 5-3 and winning the nightcap 3-1. That left the Giants a game in front of the Phils.

Cleveland's Fans Unusually Rough On Slumping Rosen

CLEVELAND (AP)—When it comes to booing a player, Cleveland fans don't take a back seat to anyone.

Indian fans have been unusually rough on Al Rosen to such an extent that the star third baseman admits it has affected his playing.

"I try not to listen," the slumping slugger said today, "but I can't help but be aware of it. It's all around me. I can't close my ears. I'm only human. Sure it affects me. I don't think I'm thin-skinned but I'd like to know what I've done to deserve it."

"No one has to remind me that I'm not having a good season. I realize more than anybody that I'm not having my normal year, we'd be 10 games in front instead of two behind the Yankees. But nobody can accuse me of not trying. If anything, I may be trying too hard."

Rosen, one of the Indian's brightest stars since 1950, a lifetime home run king who represents Cleveland's main right-handed power, has been having a bad time of it this year. Ordinarily a 300 hitter with an average of 30 home runs and 100 runs batted in, Rosen currently is hitting only 24 with 21 homers and 81 runs batted in.

"I talked this matter over with my wife the other day," the 26-year-old infielder said, "I told her that while I have been very happy in Cleveland and liked to play here, she shouldn't be surprised if I suddenly found myself playing somewhere else. It's not that I'd ever ask to be traded but the front office may get ideas."

It was obvious that Rosen, a highly intelligent and articulate person, was reluctant to discuss what he felt was a personal problem but it also was apparent that he wanted to get it off his chest.

"I'm not asking for sympathy," the prematurely greying athlete said, "However, if those who boo, whether it's me or anybody else, know how they were eating out in front of themselves, I realize they feel badly when we lose and feel let down when I don't come in tonight. But how do they think I feel?"

If it should force a postponement, the fight will be held Wednesday, Thursday is the next postponement date.

The 38-year-old light heavyweight champion considers himself a cinch to become the oldest heavyweight king in history and doesn't want to wait an hour more than necessary for the crowning.

Marcelino is just as anxious to get at his cocky challenger, Rocky Archie Moore and doesn't want to wait an hour more than necessary for the crowning.

Moore, asserting that he only wants to keep his "edge honed," went through easy-paced two-round drills in the past week. Rocky Moore, asserting that he only wants to keep his "edge honed," went through easy-paced two-round drills in the past week. Rocky Moore, asserting that he only wants to keep his "edge honed," went through easy-paced two-round drills in the past week.

JOHNNY JONES, of Sanford, halfback for the Seminole High School team last year, is rounding into form as a kicker for the Stetson Hatters. Jones stands 6 ft. 1 in. and weighs 182.

Boxers More Worried About Hurricane Ione

NEW YORK (AP)—A gal with a real big punch, had heavyweight champion Rocky Marciano and Archie Moore more worried about her than each other as they idled away the hours.

Trained to a razor-sharp edge, the fighters' long preparations for tomorrow's title bout in Yankee Stadium ended yesterday with short boxing sessions. Now they had nothing to do but peer at the skies and wonder if Ione was going to throw a wet blanket over their plans.

Moore, asserting that he only wants to keep his "edge honed," went through easy-paced two-round drills in the past week. Rocky Moore, asserting that he only wants to keep his "edge honed," went through easy-paced two-round drills in the past week.

Lyman Edges Feds By Close 6-0 Score Friday In Longwood

Uoff Has Plenty Work Ready To Meet Tech

UCLA and Maryland clash in College Park, Md., Saturday in the college football campaign's first battle of the top teams.

Each has one game under its belt.

UCLA, rated the No. 1 team in the Associated Press preseason poll, defeated Texas A&M 21-0 last week, thanks mostly to the efforts of Ronnie (Fort) Kiser, who tossed three touchdown passes.

Maryland, ranking fifth, had a rough time eking out a 13-12 victory over Missouri in its opener Saturday. The Terps were unimpressive fighting off the Tigers after notching both their touchdowns in the first half.

Pitt, apparently moving into the national spotlight again under new Coach Johnny Michelosen, polished off California 27-7 although it was a struggle for three periods. Pitt plays Syracuse Saturday in the TV Game of the Week.

Oklahoma, perennial champion of the Big Seven, will make its first start against North Carolina. If any other Big Seven schools were thinking of challenging the Sooners, they've probably dropped any such ideas. Five of them played nonconference foes and lost.

Nebraska was upset 6-0 by the University of Hawaii.

In addition to Missouri and Nebraska, Kansas was licked by Texas Christian 47-14; Wyoming shattered Kansas State 20-20, and Denver overcame Iowa State 19-7.

Michigan, potential ruler of the Big Ten, begins operations Saturday with Missouri, while Ohio State, which figures to provide the Wolverines' main opposition, takes on Nebraska.

VOLUME XLVI

Important Meeting Expected By Citizens Living In Fringe Area

Hycinth Control Explained To Group By Representative

J. L. Toler, a representative of the Game and Fresh Water Fish Commission's Hycinth Control Division spoke to the Seminole County Commissioners this morning and asked for cooperation in getting up his program in Seminole County which he said would "get underway in about six weeks."

Toler explained that of the \$274,000 appropriated by the Florida Legislature for the control and eradication of hycinths, that approximately \$6,000 will be spent in Seminole County and that the cost of spraying the hycinths, by plane and by boat, would cost about \$7. per acre.

"We are building air boats," Toler told the group, "including fishing camp operators and cattlemen, and equipping planes, so that we will be ready to start in about six weeks."

"We plan to start in the most critical area of the county and from reports already received, plan to put one crew in Lake Jessup and will do as much as we possibly can with the allotted money," he said.

When asked about the location of hycinths and the most critical areas, Bill Hiley of Hiley's Fish Camp said, "We had one thousand acres of hycinths in Lake Jessup in one block alone yesterday."

With Army Engineers doing some spot spraying, it was revealed that enough money is not available to control the growth of hycinths. "These fellows are hurting," Porter Lansing told the group.

Cub Scout Pack 34 Meets Tomorrow At McKinley Hall

There will be a committee meeting of Cub Scout Pack 34 tomorrow at 7:30 p. m. in the annex of the First Methodist Church.

All committee members as well as den and assistant den mothers are urged to be present. All new prospective cub scout parents, who wish to file application for their boy to join the Cub Scouts, are also urged to attend. The prospective Cub Scouts do not have to accompany the parents to this meeting.

Any boy between the ages of eight and 11 is eligible to join the Cub Scout organization. M. M. Land of Pack 10 and James Singletary of Pack 24, chairman of their respective Packs for application and placement, will be present to receive applications and discuss the responsibilities of parents to the Cub Scout program.

Committee members of Pack 34 are Robert Reely, institutional representative; W. E. Dedson, committee chairman; Charles Atkinson, Cub Master; James B. Grant, assistant Cub Master; Fred Murray, secretary-treasurer; James Singletary, application and placement and Forest Brockmidge and W. W. Tyre.

The Bell Solar Battery will be placed in service in an experiment near Amelia, Ga., on Oct. 4, to furnish electrical power to a rural telephone line, it was announced today by Gordon Roethermel, group manager of Southern Bell Telephone and Telegraph Company.

This will be the first time the sun's energy has ever been used in such a manner.

Development, said Roethermel, is a part of the Bell System's continuing research in atomic energy and better telephone service to rural areas. The solar battery will use power to a low voltage system that uses transmitters instead of vacuum tubes.

The experiments are being conducted jointly by the Bell Telephone Laboratories and Southern Bell Telephone and Telegraph Company.

Five Enlisted Men Receive Promotions In National Guard

The promotion of five enlisted men in Co. 1, 124th Infantry, Sanford's own National Guard Unit, was announced today.

Promoted from Pvt. E-2 to Pfc. E-3, were George C. Hodge, P. O. Box 264, Lake Monroe, Frederick C. Marlen, Route One, Box 122, Apopka, Robert McGill, P. O. Box 37, Geneva, and Harvey C. Wilkinson, 1518 W. First St., Sanford.

Richard H. Worrell, P. O. Box 32, Sanford, was promoted from Pvt. E-1 to Pvt. E-2.

These men train with the Sanford unit and all attended the two-week summer-training period of the local unit at Fort McClellan, A. S., this past summer.

It was also announced today that a series of dances, featuring both round and square dancing, will get underway tomorrow night at the National Guard Armory on East First St. The dances, sponsored by Company 1, will be held every Wednesday night beginning at 8:30 with music by the Country Playboys of Orlando.

Some 15,000 Homeless By Hilda

MEXICO CITY, Sept. 19.—Some 15,000 were homeless today in storm-wracked Tampico, Gulf of Mexico oil port where at least 12 were dead and 350 injured in Hurricane Hilda.

The mighty gulf hurricane, meanwhile, died in north central Mexico's rugged mountains, some 125 miles west of Tampico, and threats eased to north of Tampico in Mexico and Texas.

Gov. Horacio Teran reported that 90 per cent of Tampico's buildings, housing a population of 100,000 and thousands of refugees from an earlier storm, were damaged. He called Hilda the worst storm in the wind-ravaged city's history.

Teran said there had been no major disturbances or looting but a state of emergency was ordered. The army was authorized to requisition food, shelter and transport for the stricken. Only outside help was the airport road.

School Boy Patrol Will Begin Shortly

Seminole County Sheriff Luther Hobbs revealed this morning that his department will organize a "school boy patrol" in the very near future.

Deputy Sheriff A. E. Evans, in charge of the program, said that badges and belts should arrive this week for distribution to the young people taking part in the accident prevention program.

A patrol, said Evans, is organized at Pinecrest School where a number of volunteers have already been received. Another will be organized at Lyman School, he said, and still another at Midway School where traffic is heavy and the possibilities of accidents frequent.

Four Major Papers Closed In Turkey

ISTANBUL, Turkey (AP)—The army command governing Turkey's three largest cities under martial law today closed four of the country's major newspapers.

The military ordered the Istanbul afternoon paper Hergun to cease publication for 15 days because of the prominence it gave the news of U.S. Secretary of State Dulles' appeal for a Turkish-Greek reconciliation.

Three others, all morning papers, were closed for publishing statements by former President Ismet Inonu, leader of the major opposition People's Republican party.

LOCAL RESIDENTS TO BE ON TV

Three Sanford residents will be among the group of Bahá'í Faith members who will appear on WFLA-TV, Dick Allen and Morris Hudson will be seen among the vocalists with Harry Kudell, well known local pianist who is organist for the Shrine Temple, acting as accompanist.

Hopefuls Seeking Repeat

BUENOS AIRES, Argentina (AP)—Argentina's government radio reported today that peace talks to end the four-day old revolt which overthrew President Juan Peron had begun.

The rebel radio at Bahla Blanca, meanwhile, claimed that leaders of the six-million-member General Federation of Labor (UGT)—which formed the backbone of Peron's popular support—hoped to repeat history by reinstating the ousted President with a general strike. Such a strike forced his return to power in 1945 after a military clique arrested him.

Anticipation of strike action on Peron's behalf was heightened by a government radio announcement that "there shall be no work" in Buenos Aires today.

But several hours later the state radio announced the junta of generals which took over the government from Peron had begun peace talks with the rebel command and called on the workers to remain calm and resume work.

U. S. Knocks Down Any Fresh Soviet Bid To Seal Reds

UNITED NATIONS, N. Y. (AP)—U.S. delegates gathered for the opening today of the 10th General Assembly of the United Nations, the United States marshaled support to knock down any fresh Soviet bid to seal Communist China.

The Red China issue, which comes up each year, was expected to get another test as soon as the acting president, J. M. H. A. Luns of the Netherlands, capped the gavel to launch the new session.

Chief U.S. Delegate Henry Cabot Lodge Jr. expressed confidence the United States had lined up enough votes to keep Red China out. Lodge prepared a brief resolution to shelve the issue for 1955, the maneuver which worked at the last session.

Diplomats anticipated that Soviet Foreign Minister V. M. Molotov, here for his first Assembly since 1946, would make the annual bid to unseat the Chinese Nationalists.

Judge Leonardy Has Long Session For City Court

A lengthy court faced City Judge John Leonardy yesterday when action continued until shortly before 7 o'clock.

Twenty-five cases came before the judge for decisions on 10 types of cases to be heard. Three parking meter violations, four cases of drunkenness, two for careless and negligent driving, one for no drivers license, two for improper parking, one for driving while intoxicated, three for disorderly conduct, three for parking overtime, and two for assault and battery were included on the docket.

Fines totaled \$384 when court was adjourned. Seven cases of parking meter violations and one case of parking prohibited, all charged in Franklin M. Barry, were continued until the next court to be held Friday.

A charge of "driving while intoxicated" against Adam John Hudrick, was changed in open court by Judge Leonardy to "careless and negligent driving."

North Carolinians Dig Out From Mess Scattered By Ione

RALEIGH, N. C. (AP)—Coastal North Carolina dug out from under Hurricane Ione today as the third and most disastrous storm of the season moved northward after wreaking untold millions of dollars damage.

In her wake Ione left several towns and cities partially or wholly under water, power and communications wrecked, roads impassable, crop lands inundated, and buildings badly battered.

At least four persons lost their lives, all of them at New Bern, one of the worst hit of the coastal communities. Two were identified as Benny Sanders, 3-year-old Negro boy who drowned in a city street, and Fred Alfred, 50, of Cash Corner, also drowned.

The others were not immediately identified.

Seaside resort towns and beaches which bore the brunt of hurricane Connie and Diane last month, again surveyed terrific damage from winds that reached 100 miles an hour, and from high tides.

Fans Are Pleased With Millers' Wins

Good news to many Sanford baseball fans is the fact that the Minneapolis Millers of the American Association won the pennant in their league this year.

The Millers, who do their spring training in Sanford, will play Rochester of the International League for the winner of the little World Series.

First game of the series is expected to get underway tomorrow.

Remembered here in Sanford are Billy Ripken, Manager of the Millers and "Boss" Ryan, General Manager.

A number of congratulatory telegrams are slated to leave Sanford early tomorrow to be presented to the Minneapolis Millers as they begin their play against Rochester.

Hurricane Forces Bout Postponement

NEW YORK (AP)—The heavyweight championship fight between titleholder Rocky Marciano and challenger Archie Moore was postponed today because of Hurricane Ione.

Weather permitting, the 13-round bout will be held tomorrow night in the Yankee Stadium. If weather conditions still are unsuitable, it will be held Thursday.

Mrs. Zimmerman Dies In Maryland

Mrs. Lillian Zimmerman, 71, mother of Edward L. Zimmerman, Lake Mary, died this morning in Glen Burnie, Md.

She is survived by her son, a daughter, Mrs. William Duly of Glen Burnie, four grandchildren, and a brother, Tom L. Boteler of Clearwater.

Action Is Taken On 17-92 4-Laning

The Board of Seminole County Commissioners this morning approved the hiring of four appraisers in addition to the present appraiser, C. E. Duckworth, Sr., of Orlando with a suggestion that all appraisals on right-of-way properties be completed by Oct. 1.

This is the first step necessary to get the four-laning and widening of 17-92 underway with a possible letting of the contract for the first section between Five Points and the Orange County line in November.

The county commissioners also gave the green light to county attorney Mack N. Cleveland Jr. to start proceedings relative to condemnation of the property for right-of-way and for the declaration of standing.

Following a morning-long discussion between members of the Seminole County Chamber of Commerce Citizens Committee and the Commission, the two motions were made and carried unanimously by the Board of Commissioners.

Initiating the discussion this morning was the reading of a letter from Duckworth, employed by the Seminole County Commissioners to make a preliminary appraisal of the right-of-way property along the highway from the Orange County line to section 902 at the intersection of the highway and Onora Road.

Duckworth reported to the commission that his appraisal set the value of the right-of-way property from Five Points to the Orange County line at \$200,000 and the right-of-way property from Five Points to Section 902 at \$175,000.

Duckworth, in his letter to the commissioners, stated that the overall value of the properties was set and based on the estimate of value as of this date.

Commission chairman John Meisch revealed that he had been in Tallahassee yesterday conferring with the State Highway Department relative to the change in the right-of-way.

"We do not expect to have a continuation of the time allotted for the issuing of drivers licenses," Judge Housholder said, "and we urge every motorist to buy his license as soon as possible so as to avoid the long lines and tedious waiting."

"We have written many more licenses this year than in other years because of the early start and placement of signs in the various areas of the county. For instance," he said, "we issued 224 licenses in the Bear Lake area alone."

7,580 Licenses Issued To Date

Drives licenses issued to date, through the close of business yesterday, said Seminole County Judge Ernest Housholder, number 7,580.

If we issue 13,000 licenses, said the judge, we still have more than 5,000 to write in the 45 more days left in the authorized period for their issuance.

'Genuine Brother' Put Under Arrest By South Koreans

SEOUL (AP)—South Korea today announced the arrest of a North Korean spy and identified him as a young leader of North Korea, Lt. Gen. Lee Sang Chui, former senior Communist delegate to the Military Armistice Commission and now North Korean ambassador to Russia.

The U.S. Army Counterintelligence Group identified him in a formal announcement as Lee Sang Hwan, "genuine younger brother" of Lee.

Later, however, a CIC spokesman said the suspect was a cousin of the North Korean General. The discrepancy was not explained.

The CIC said Lee Sang Hwan was arrested north of Seoul last month as he was preparing to cross into North Korea after five years of espionage and sabotage.

The man and his wife are residents of Lake Mary.

Accordng to a report made in the Seminole County Sheriff's office by Deputy Sheriff Morgan McCrelland and Hubert Eubanks, Lewis Alexander and his wife were fighting in public, and before their children, when arrested yesterday afternoon about 3:15 p. m.

The man and his wife are residents of Lake Mary.

KIMBALL SAYS U. S. CAN AVOID WAR

LOS ANGELES (AP)—The United States can avoid a major war for 200 years if it keeps its guard up, says former Navy Secretary Dan Kimball.

Kaiser Wilhelm, Hitler, Tojo and the Chinese Communists were tempted to attack the United States because of its lack of military force, Kimball told a meeting of the American Rocket yesterday.

Kimball said the United States has assumed England's wartime role of keeping watch over the world.

Inspector George Dyer described the woman as a "white female American, about 34 years of age, between 5 feet 3 and 5 feet 7 tall, weighing between 150 and 170 pounds."

He said she was large build, fair skinned and with long blonde hair and gave the general impression of "wildness."

County Commission Approves Hiring Four Appraisers

The Board of Seminole County Commissioners this morning approved the hiring of four appraisers in addition to the present appraiser, C. E. Duckworth, Sr., of Orlando with a suggestion that all appraisals on right-of-way properties be completed by Oct. 1.

This is the first step necessary to get the four-laning and widening of 17-92 underway with a possible letting of the contract for the first section between Five Points and the Orange County line in November.

The county commissioners also gave the green light to county attorney Mack N. Cleveland Jr. to start proceedings relative to condemnation of the property for right-of-way and for the declaration of standing.

Following a morning-long discussion between members of the Seminole County Chamber of Commerce Citizens Committee and the Commission, the two motions were made and carried unanimously by the Board of Commissioners.

Initiating the discussion this morning was the reading of a letter from Duckworth, employed by the Seminole County Commissioners to make a preliminary appraisal of the right-of-way property along the highway from the Orange County line to section 902 at the intersection of the highway and Onora Road.

Duckworth reported to the commission that his appraisal set the value of the right-of-way property from Five Points to the Orange County line at \$200,000 and the right-of-way property from Five Points to Section 902 at \$175,000.

Duckworth, in his letter to the commissioners, stated that the overall value of the properties was set and based on the estimate of value as of this date.

Commission chairman John Meisch revealed that he had been in Tallahassee yesterday conferring with the State Highway Department relative to the change in the right-of-way.

"We do not expect to have a continuation of the time allotted for the issuing of drivers licenses," Judge Housholder said, "and we urge every motorist to buy his license as soon as possible so as to avoid the long lines and tedious waiting."

"We have written many more licenses this year than in other years because of the early start and placement of signs in the various areas of the county. For instance," he said, "we issued 224 licenses in the Bear Lake area alone."

Lake Mary Couple Arrested Yesterday

A man and his wife were arrested yesterday and charged with "contributing to the delinquency of minors."

According to a report made in the Seminole County Sheriff's office by Deputy Sheriff Morgan McCrelland and Hubert Eubanks, Lewis Alexander and his wife were fighting in public, and before their children, when arrested yesterday afternoon about 3:15 p. m.

The man and his wife are residents of Lake Mary.

Road Maintenance Question Arises At County Meet

A private road—public road—or city road, was the question asked of the Board of Seminole County Commissioners this morning when Richard Seaman, a partner in the new Seminole Expressway Park, near Casselberry, appeared before the board.

Asking to the person responsible for the maintaining of the road, Seaman told the commissioners that if his organization repaired and maintained the thoroughfare, it would be considered a private road and we would open and close it as we see fit.

M. C. Hagan, county engineer and surveyor, told the commissioners that the road is a private one. A survey was made, Hagan said, but was never decided to the county.

Chairman John Meisch said, "I believe the road is in the city limits of Casselberry."

Hubert Casselberry, founder of the 17-92 township of Casselberry, when asked if he could answer the question about the road said, "I think I can. I think Mr. Hagan can and I think you can if you want to."

Commissioner B. C. Dodd revealed that the road was maintained for a short period of time "sometime back."

The question of who will keep the road in good shape is still not answered. Except that the commissioners referred the matter of the road to the City of Casselberry and to Seaman.

Two U. S. Women Are Given Release From Chinese Reds

HONG KONG (AP)—The first stage in the repatriation of 41 American civilians from Communist China ended completion today with the release of two American women missionaries after 19 years' imprisonment.

The women were Miss Sarah Perkins, 63, a native of Temple, Ga., and Miss Dorothy Middleton, 51, of Chicago. Miss Perkins is a Presbyterian, Miss Middleton a Lutheran who worked at a leper colony.

Of the 39 Americans the Communists announced could be freed from jail or house arrest, only Dillus T. Kanady, a cotton dealer from Houston, Tex., remained to come ashore.

The Reds also have said that 12 other Americans previously denied exit permits were free to leave China and that machinery had been set up to provide the "expedited" release of 19 others under detention. None of these has arrived yet in the free world.

Policemen Search For 3-Day-Old Boy Taken At Hospital

SAN FRANCISCO (AP)—Nearly 300 policemen searched house by house through a 66-block area today for a doctor's 3-day-old son who was kidnapped from Mt. Zion Hospital.

The child, Richard J. Marcus, is the healthy 6-pound, 69-ounce son of Dr. and Mrs. Sanford Marcus of suburban Oaks City.

He was taken from the glass-enclosed nursery yesterday afternoon, presumably by an unidentified blonde who had been questioned by Lettie Clement, 21, a student nurse.

Eleanor Lorenz, a nursing supervisor, saw a blonde woman walking from the hospital shortly afterward with a baby.

Inspector George Dyer described the woman as a "white female American, about 34 years of age, between 5 feet 3 and 5 feet 7 tall, weighing between 150 and 170 pounds."

He said she was large build, fair skinned and with long blonde hair and gave the general impression of "wildness."

Plans Created By Three Groups To Spur Drive

Tentative plans were created yesterday by three committees of the Seminole County Chamber of Commerce as they spearheaded the "Planning Calorie at Ten, Two, and Four" program this week.

The Advertising and Publicity Committee planned to advertise the advantages of Sanford and Seminole County in various publications and to study the enlarging of the out-of-county road sign program of the Chamber, with an additional recommendation that the Seminole County Junior Chamber of Commerce establish and maintain additional signs at the entrances to Sanford within the county according to the plan for advertising agreed to between the City of Sanford, the Seminole County Chamber of Commerce, and the Seminole County Junior Chamber of Commerce, in 1948. The committee agreed to study the advantages of advertising the Chamber and to recommend a program of advertising the Chamber to the Board of Commissioners.

The Commercial Affairs Committee recommended that the Seminole County Chamber of Commerce become affiliated with the National Better Business Bureau and that definite action be taken to develop and sponsor a sales clinic in cooperation with the Adult Vocational program of the Seminole County Board of Education. The committee also discussed the possibility of regularly scheduled sales promotion during the year.
