

CLEVELAND WILL BE ON WARPATH AS RACE BEGINS

Indians Have Team Of Men Young In Years And Old In Practice

By Ralph Wheatley
Associated Press Staff Writer
NEW ORLEANS, Mar. 14—(AP)—The Cleveland Indians are on the march and their whoops will be heard up around the top of the hill when the 1930 season opens.

Chief Roger Peckinpaugh is whipping a powerful squad into shape at Heinen Park. While they may not have enough power to fend off the Athletics and Yankees, they will be giving somebody a tussle for the flying banner when winter comes.

The Indians are fortunate in having the backbone of their team made up of men old in baseball, young in years. In addition they have a promising bunch of rookies itching to step into the shoes of the regulars. Out of the squad of 42 men, at most 25 may be considered well beyond the raw stage.

Last year the Indians finished in third place and were playing ball like demons when the season ended. If it were possible, and it hardly is, for the Indians to hit at the start of this season their pride of the last month of 1929 season they would go rough short over anything in sight.

There was no one greater champion in this season's lineup, but Charlie Adams must be forced to function as utility outfielder as his 37 years have placed him in the twilight of baseball. It will be hard for him to hold his regular post against such men as Bill Hall, Eddie Averill and Dick Parker.

The Indians had the right of their lives when it looked as if a streak never could keep Louis Ponson off first base, but Billie is bunks now as word came from California that Ponson was in and about and was even taking light training on the sly, and would be fit for the start of the season.

The Indians would have been in a bad plight if they had lost one man, but the arrival of a new leaper in batting form, in Adams and Adams' only, or first time as naturally as the well-known duck takes to water, the were drilling Henry Coontz and Alex Cooks for the job but the showed no desire to make up ever, particularly in comparison with Ponson.

The ankle twister shooting bullet is creating lots of excitement as three hot, Carl Lind, Ray Gardner and John Godwin are out for it. Lind is making date to get back "regular" after being rented off second base by Urban Hodapp when he was sick. Hodapp has second clinches about as much as Joe Sewell has third. Lake, Sewell and Glen Myatt as usual will carry the heat behind the bat.

Chautauqua Opens Here Saturday For One-Week Program

Tom crew afternoon at 3:30 o'clock this city's big 1930 Redpath Chautauqua will open. Reports from the local committee charge is to the effect that the season ticket sale will be a big success.

Replete brings a class of the best entertainment that mainlanders otherwise afford. Superlative musical attractions, popular entertainers, comedy, drama, authoritative lectures all in their place on this notable program.

Vienna's Hawaiian swirls the season tomorrow. This company is the only group of Hawaii on the grand Keith-Orpheum-Lexi-Globe vaudeville circuit and is using the most elaborate stage settings and electrical effects ever placed on the chautauqua platform. Their music is superb; their soft natural voices blending perfectly with their native instruments. Their evening's program presents a picture of the famous Czech at Waukiki with the sun shining on the rippling waters, some ancient volcano, steam like in eruption, which is truly spectacular.

The following is the program by days:

1st Day—Vienna's Hawaiian
2nd Day—Vienna Cymde
Symphony; Theodore P. Graham,
3rd Day—"The Big Pond" and
"The Rival."

4th Day—Lombard Entertainers;
Edward T. Bailey
5th Day—Cathedral Choir;
George Staples.

HARSH MEASURES HITTING CHURCH SCORED IN RUSSIA

Editorial Representing Official Views Criticizes Activity

MOSCOW, Mar. 14—(AP)—Such acts as closing church without consent of a majority of the population, tearing down church bells, use of force, violence or harsh administrative measures in converting individual farms into collective farms and illegal expropriation of the peasants' property must forthwith cease, says an editorial in today's *Izvestia* which reflects the views of the government.

Measures of punishment rather than saving, *Izvestia* says, must be used in putting peasants to join the collective farms. Any official who fails to do so from this policy will be severely punished.

"Doubtless," continues the paper, "our countrymen will take a great deal of joy over this statement from our policy of collectivization. The laboring classes know that its intent would mean surrender to the enemy of our position, when we have gained it. Not only will we have to render our positions, but we are to lead to forty countries by the nose in a full-scale political, collective and cultural war and collective effort. By holding fast to our positions, we will create a situation which will enable us to move toward complete socialism with the entire mass of working people."

In this connection, the central executive committee of the Soviet Union today issued orders to postpone the re-election of socialist village officials until the spring sowing campaign is over and then only to allow such re-election, within certain prescribed limitations imposed by the committee. This apparently means the government has found newly elected village officials are largely responsible for harsh administrative measures in dealing with the extermination of Kulaks or rich peasants, the collectivization of small farms and the anti-religious movement.

"Ten years ago there were 11 millions in the Bowery, next year they dwindle to six," he said.

Radio Commission Submits Plan For Broadcast Division

WASHINGTON, Mar. 14—(AP)—The federal radio commission has submitted to Congress a new plan for a division of radio broadcasting facilities among the 48 states.

Abandoning the present policy of giving broadcasting privileges on a basis of population laid down by Congress in the Davis amendment, the plan would provide a formula for the division based on population, area and a so-called "principle of state's rights." The latter factor would give each state an equal part of one-fourth of all available facilities.

The proposed revision is before the Senate Interstate Commerce Committee, Senator Dixie Dewey, Democrat, Washington, is writing it into a bill that would set up a federal commission to regulate all forms of communication.

Dixie Dewey's policy would complete the section of the measure he wrote. The committee has voted extensively, hearing on the bill and will probably go soon to the full Senate.

Chairman of the Radio Commission, Rep. George McManamy, author of the bill and chairman of the committee, is to suggest a plan after they had completed their investigation of the Bowery opportunity for observation.

"It is very likely before the committee we will see an "amending" hand taken place. He believes it will be a chance for the other.

"Great good," he testified, had been brought about in the Bowery by the law.

"Ten years ago there were 11 millions in the Bowery, next year they dwindle to six," he said.

Hawaiian Group To Feature Redpath's Program Tonight

Vienna's Hawaiians, who presented the program this afternoon, will again appear at 8 o'clock to night presenting "A Night in Hawaii." An elaborate setting is to be used showing the glistening waters and the eruption of the volcano Mauna Loa. The Vienna Company is coming to Chautauqua direct from a tour of the largest cities of the United States.

Monday evening, the Vienna Symphony Company, with Elsie Patay, noted cymbal artist, in person. The cymbal which has been known to Hungarians for more than 700 years is a rather unusual instrument in America. This instrument has 116 strings and is played with hammers, producing sounds like a harp. It looks very much like a baby grand piano. Miss Patay will be assisted by three other musicians who will state an excellent program.

Monday evening, the Vienna Symphony Company will give a prelude to the lecture, "Making America American," by Theodore Graham. Mr. Graham is an authority on immigration and his ability as an orator qualifies him to discuss this interesting and important subject. Mr. Graham was called upon recently by the commissioners of the port of New York to make an extensive study of conditions at Ellis Island as well as on the Mexican and Canadian situations. In his lecture Monday night, he will deal with subjects that will be of great interest to Sanford.
