

Geneva Rally

(Continued from page One)
Little gave brief resumes of their platform.
Schmah said "I entered this race at the request of my friends. If you want leadership I think I can give it to you with the courage of a bear hunter."
Little said "If elected, I will work with your county commissioner and see if we can't do something about State Road 46."
Lawrence Swafford, a candidate for the Board of County Commissioners, District 3, said "I believe I know the problems of the people, especially in the small communities."
I favor a good, sound road program to be turned over to the engineers to take care of. If elected, I will work closely with the school board to improve our school program.
Otis Pourakre commented "It has been a pleasure to serve you for six years. I have worked for good roads and more equalization of the tax structure for the benefit of the people. We've had just so much money and it could only go so far."
In the campaign for the office of Clerk of Circuit Court, the four candidates spoke at length on their platforms and outlined the complete time given them.
O. P. Herndon struck sharply at his opposition. However, he said "I am happy to appear on the ballot this year to find out if the people are satisfied. There are no issues so far and my opponents' platforms are the flimsiest."
"One gentleman has a platform so trivial that it would crash at the least provocation," said Her-

VOTE

SHERIFF
OF SEMINOLE COUNTY

A PROVEN EXPERIENCED OFFICER (7 years as deputy under P. A. Mera and the late C. M. Hand.) Will be a FULL TIME SHERIFF. Horn and raised in Seminole County. A vote on May the 8th for BECK is a vote for CLEAN, HONEST, and EFFECTIVE service in YOUR sheriff's office. YOUR VOTE WILL BE APPRECIATED.
Paid Pol. Adv. by C. W. Beck

don. "Even his bookkeeping is a little out of gear," he said.
A. O. Roberts told the rally audience that "I have been interested in the growth of Seminole County and due to the rapid growth I feel that young, aggressive businessmen are needed in the county offices."
Pitt Varnes commented "I entered this race as an independent candidate on my own. I felt that there was a need for a man with experience and background to handle the duties of the office of Clerk of Court. The clerk's office is for the service of the people and not for the convenience of the clerk and employees. Let's not get into a rut and believe that the service cannot be improved."
Robert A. Cobb explained, "I have nothing personal against Mr. Herndon—it just happens that myself and two other candidates would like to have the job. I am not a candidate for the office of clerk's office and not handle the business of other officials."
All five candidates for the office of Seminole County Assessor of Taxes spoke in their behalf. Jack Stemper asked the audience to investigate the reappraisals of adjoining counties. "Reappraisal means but one thing," he said, "increase in taxes. My plan is the permit system and through the permit system new people come into the tax rolls." Stemper said "I am for fair, square and equal taxes for all."
Miss Mary Earle slammed back at other candidates in the race for the first time. She said "During the campaign there has been several misstatements—one in Ovidio—one in Sanford—and one in Lake Monroe."
According to the statement "a group of farmers appeared before the Board of Seminole County Commissioners, sitting as an assessment Board and requested lower taxes." Miss Earle fairly shouted "The Tax Assessor made that reduction and no one else." And she added, according to the minutes of the board the farmer appeared to request the reduction and no action was taken.
Miss Earle further came back at her opponents when she said "People are being misled by the statement 'I will give you a permanent homestead exemption system.' The law sets out that each person must present himself at the assessor's office and apply on the prescribed forms."
Raleigh King explained his candidacy by saying "There are five of us who aspire to be the Tax Assessor of Seminole County. I admired each of them but only one of us can win. I feel that I am the only one qualified to take over the duties of the office."
John Meisch explained "Two weeks ago an issue was injected into this campaign—an issue I have been working on for 3 1/2 years. There are five people running for the most important job in the county. I haven't ducked the issue and I have spoken of my platform each and every time that I have appeared before voters of Seminole County."
Meisch quoted from statements carried in recent issues of The Sanford Herald when candidates for the office of Tax Assessor had addressed either luncheon meetings or rally gatherings.
Rudy Sloan continued to pound away on his homestead exemption system by a card method. He said, "If elected, I promise you—and I do promise you, a new homestead exemption system by a card method."
Sheriff candidates appeared next at the Geneva Rally to speak

on their platform. O. G. Owens, the first speaker, said "I take credit for the efficient way the sheriff's office was handled." And then he concluded, "I covet your prayers—I ask you to pray over this matter and the selection of the proper candidates for public office."
Charlie Beck gave his second longest speech of the ten rallies. He said, "I'm a candidate for the office of Seminole County Sheriff for I believe the people want an honest, hardworking sheriff."
J. Denver Cordell commented, "I have had 100 percent cooperation from all of the law enforcement agencies of the county and I believe I will continue to have their cooperation. I believe the people in the outlying districts need protection as well as the larger communities."
J. L. Hobby explained his absence from a previous appearance and defended his performance in office as sheriff. "I did my best," he said, "and I am not ashamed of it at all."
"He said, 'It's been said that to elect a person to public office is to make a crook out of him. There's no use to subject these four men to Hades. Just re-elect me as sheriff and let me continue to serve you.'"
Porter Lansing said "If you elect me your sheriff we're going to enforce all of the laws. We're going to help enforce the game and fish laws as well as the forestry laws. To my knowledge there's never been an arrest in Seminole County for violating these laws."
W. Hugh Duncan, candidate for Justice of Peace, said "I ask you to support me in this small, humble, judicial office. I have tried to make the office available to all of the people and officials and have been fair and square in my dealings."
Lewis Tate commented "I was criticized at Paola for poking fun at my opponent. Hugh Duncan is a friend of mine. I won't say anything that would cast a reflection on Mr. Duncan. I apologize if any one feels that it was a reflection. I don't believe there are any reports in the Justice of the Peace office that I can't handle. I'll move the Justice of the Peace office out of a filling station into the courthouse."
Senator Douglas Stenstrom stated, in his appeal for support for his candidacy for the State Senate, "I want you to consider carefully, not where I or my opponent is from, but which of the two candidates would be capable of standing on the Senate floor to represent you."
Bob Holley explained that candidate Paul Miller could not attend the rally and that he was making an appearance to represent him. "He hopes to see you personally when he returns to Sanford a week from tonight," Holley said.
In the race for House of Representatives Don Bales lead off for the four candidates.
He said "My contention is that we should send a businessman to Tallahassee. I will work for better schools, industrial expansion of the State, increased aid to our senior citizens, and for better roads."
Gordon Frederick explained "You should consider the ability of the candidate rather than the business they're from. The attorneys who represent you in Tallahassee do not charge you for their services." Frederick emphasized that "attorneys are businessmen too!" I have made no promises to anyone—and then pointedly said "It's up to you folks to find out which candidates have strings attached to them."
Thomas Stringer said "I've always tried to be of service to the

SNAAS Will Hold Elaborate Rites Along With Party

The Sanford Naval Auxiliary Air Station will celebrate its fifth anniversary since being re-commissioned tomorrow at an elaborate ceremony to be staged along with a huge party.
According to the announcement appearing in the Friday issue of the Sanfly, the celebration will be held in the rear of the BOQ and CPO barracks with kickoff time slated for 3 o'clock.
There will be plenty of food, contests, music, and entertainment as well as awards promised for those attending the party and celebration.
All military and civilian personnel attached to the station, along with their families, have been invited.
The invitation, according to the Sanfly, does not include fleet units based at the Sanford Naval Auxiliary Air Station.

Southside School Announces Today Registration Plans

Mrs. J. C. Mitchell, principal of Southside Primary School announced today that registration for children who will enter school in the fall will be held Wednesday between the hours of 1 and 2 p.m.
The children and their parents will visit the six first grade rooms in the school. Mrs. Mitchell will be assisted by Mrs. Clarence Welch.
The visitors will then be ushered to the auditorium where a question and answer period will be held. Mrs. Mitchell stated that "if possible the children should bring birth certificates."
Physical examinations will be given by Dr. Bird, county health doctor, the last two Tuesdays and Fridays in May.

MAN ELECTROCUTED
POMPANO BEACH (AP) — James Barnett, 20, of Middleton, Ohio, was electrocuted yesterday when he stepped on a charged metal weather strip in the dockmaster's building at the Lighthouse Yacht Basin.

county and I believe I know the feelings of people in all parts of the county. If elected I will strive to provide an educational system second to none."
Wilson Alexander, the last speaker of the evening, last Friday said that of the four candidates in the race, none have served in the legislature. There are several qualities necessary for a man to represent you, he said, and he named understanding, leadership, courage, and humbleness. Those qualities I have, he said.

BY HELEN SNODGRASS
The regular meeting of the P-TA was held at the school auditorium Tuesday at 7:30 p.m. During the business session the following officers were elected for the coming year: President, Mrs. Harvey Dunn; First Vice President and Hallows carnival chairman, Mrs. Bascom Carlton; Secretary, Mrs. Ed Redmond; Treasurer, Mrs. Lederhaus; Publicity chairman, Mrs. Catherine Breyette and Mrs. Katherine Sellers; Devotional Chairman, Mrs. Ralph Stumpf Jr.; Publications chairman, Mrs. Freeman Long; Historian, Mrs. W. A. Owens; Hospitality chairman, Mrs. William Bartoski; Program Chairman, Mrs. John Hicks and Membership Chairman, Mrs. Grace Hiers.
Miss Nannette Walker, Bible teacher of DeLand was the guest speaker for the evening and members of each grade recited the Bible verses they had learned during the year. Miss Walker explained the different awards to be given the different students for learning so much from their Bibles.
Room count was given by the first grade with 18 parents and friends present.
Refreshments of punch and cookies were served to approximately 128 members and friends.
A band of seven beats enjoyed a delightful trip down the river to Silver Springs one day last week. Enjoying this outing were Mr. and Mrs. Cecil Sellers and children Jennie and Connie, Harvey Dunn, Mr. and Mrs. Curt Noble and daughter Katherine of Orange City, Mr. and Mrs.

Jan Jenkinson of Sanford, Mr. and Mrs. Dick Hart and Harold Jenkinson and son Mark of De Bary, Bill Padgett, Carol Peterman, Mrs. Peterman and Mrs. Lillian Carter.
Mrs. John Logan and daughters Della and Celia of Lakeland, Mrs. Margaret Gifford of Winter Park and M. H. Morey of Winter Park were Sunday guests of Mr. and Mrs. H. A. Throop.
Mrs. Leonard Day of Pontiac, Mich., Mrs. Leonard Smith and Mrs. E. Donell, Billie Joyce Fell of McMillville, Tenn., were calling on Mr. and Mrs. M. H. Ryan Wednesday evening enroute from Ft. Myers to their homes.
Jimmy Shields of Hollywood, Calif., is spending several weeks with his mother, Mrs. Ida Haselden.
The X-ray Mobile Unit here Monday x-rayed 90 people.
Mr. and Mrs. Lovick Hayman were visiting friends and relatives in Miami over the weekend.
Mrs. W. A. Goodwin joined her sister and brother-in-law of Ocoee and they visited other relatives in Tampa over the weekend.
Etta Emanuel celebrated her 10th birthday with a birthday party at her home Thursday afternoon. The afternoon was filled with games and contests on the lawn of the home with Linda Parker and Suzette Neal winning the prizes for the contests. Later in the afternoon the following guests were served hamburgers, potato chips, soft drinks, ice cream and birthday cake: Susie Neal, Linda Parker, Linda Tyler, Jean Masters, Jean Marie Cunningham, Susan Ryan, Susan Hiers, Carolyn Sermons, Babs McCusker, Ann Peters and Carol Ann Dinning.
Miss Catherine Emanuel was assisted by Miss Carolyn Hirt in caring for the guests.
The "Sally" Staff (Seminole High School Annual) and the teachers of Seminole High School, who are their sponsors, enjoyed their annual affair at the home of Mr. and Mrs. Robert Cox on Lake Monroe Wednesday afternoon.

Snake in Drain
ST. LOUIS, Mo.—William F. Power, 19, finished taking a bath and pulled the plug. Out of the drain popped a snake.
"It scared the daylight out of me," he said. "I was just paralyzed."
Before he could scramble out of the tub, the snake bit him on the big toe of his right foot. He suffered no ill effects. The snake was a nonvenomous type.
Power caught it and is keeping it in a goldfish bowl.

JIMMY OWENS, 2, sits atop a scale model of an electric motor in Schenectady, N. Y., where he is attending his first shareholders' meeting of the General Electric Company. Jimmy was one of several boys to receive five shares of stock for being born on the company's 75th anniversary. On hand to show Jimmy around is workman Frank Campbell. The 4,000 stockholders met on the eve of the opening of "the most modern electric motor plant in the world." (International)

Final Demo Rally Scheduled Friday

The final Democratic Rally of the 1956 political season in Seminole County will be held Friday night, May 4 at the Sanford Auction Farmer's Market on highway 17-92.

Sponsored by the Seminole County Democratic Executive Committee, the 11th rally will get underway 80 minutes earlier than the previous 10.

Robert S. Billhimer, secretary of the local Democratic Committee, said yesterday that the rally speaking Friday night would begin at 7:30.

The rally will be preceded by a gigantic barbecue which will be served beginning at 5 o'clock in the afternoon.

Billhimer said that the largest crowd to attend any of the Seminole County rallies will probably be seen at the Sanford Farmers Auction Friday night which is the climax to the local political debate from the same platform.

Candidates are expected to forcefully present their platforms and bring out intelligently the issues in the various campaigns for public office.

Optimists and pessimists have been bantering as to the attendance at the last rally this week. The most generous of the predictions say that upward of 1000 will attend and that political entertainment will be furnished for the crowd.

Heated debate and clearest issues have been kept out of the political races so far with most of the charges and counter charges saved for door-to-door visits by the candidates and their workers.

James Lee of Oviedo, chairman of the Seminole County Democratic Executive Committee, will again introduce the candidates in the order of their appearance.

The windup Friday night of the 11 rallies will have carried the candidates from Sanford to Lake Monroe, Lake Mary, Longwood, Geneva, Bear Lake, Altamonte Springs, Paola, Fern Park, Oviedo, and then again to Sanford for the climax speechmaking.

It has been estimated that upward of two thousand voters have heard the candidates during the series of rallies.

MAYOR JOHN B. HYMS of Boston walks briskly as he places a victory wreath on the head of Finnish runner Antti Viskari, who crosses the finish line to win the 60th annual marathon race from Hopkinton to Boston in record time. Viskari led 165 starters, covering the 26 miles, 385 yards in 2:14:14. (International Soundphoto)

THE SLOTTED MUXIE of Stanford University's new "cancer gun" is trained on Patricia Steed, a research assistant, who sits in the power-driven revolving chair used for patients. The six-million volt linear electron accelerator generates high energy X-rays which are now being used in the treatment of deep-seated cancer at the Stanford Medical School, California. Dr. Clarence J. Kozmar (right) sits at the "gun's" controls, looking into the radiation-proof chamber through a lead glass window. (International Soundphoto)

The first Irish immigrants arrived in what is now the United States in 1621, says the National Geographic Society.

Greeks, Carthaginians, Romans, Arabs, Normans, French and British have invaded Malta.

Auxiliary Officers To Attend Confab

Officers of the Woman's Auxiliary to the Seminole County Medical Society will attend the annual meeting of the Woman's Auxiliary to the Florida Medical Association in Miami May 13-14.

Mrs. C. L. Park, president of the local organization and Mrs. O. L. Barks, incoming president will go to the meeting in Miami to represent their auxiliary.

Mrs. Terry Bird of Sanford will be one of the official Umpers at the convention.

Mrs. Mason G. Lawson, president of the Woman's Auxiliary to the American Medical Association, will address members of the Woman's Auxiliary to the Florida Medical Association, according to an announcement made today by Mrs. Samuel S. Lombardo, president of Jacksonville.

Mrs. Lawson, of Little Rock, Ark., is scheduled to speak at the annual luncheon on Monday, May 14, Mrs. Lombardo stated. Her topic is "Active Leadership in Community Health."

Mrs. Lawson, wife of a Little Rock physician, is well qualified to discuss her chosen subject. Mrs. Lombardo pointed out. Having been active in civic affairs in her community and state for a number of years, Mrs. Lawson is a member of the Arkansas State Cancer Commission, the advisory council of the Committee on Rural Health of the Arkansas Medical Society, and the dean's committee for the completion of the Arkansas Medical Center. She served as fourth, fifth and second national vice president and treasurer of the Woman's Auxiliary to the American Medical Association before becoming president.

The Woman's Auxiliary is meeting in conjunction with the annual convention of the Florida Medical Association. All wives of physicians are invited to attend, said Mrs. Lombardo.

During the meeting Mrs. Lombardo will be officially succeeded as president by Mrs. Scottie J. Wilson, of Ft. Lauderdale, who was chosen at last year's meeting as president-elect.

Hostess auxiliary for the meeting is the Woman's Auxiliary to the Dade County Medical Association. Co-chairmen of the committee on arrangements are Mrs. Robert F. Mikell and Mrs. C. Russell Morgan Jr., both of Miami.

Corrected Account Of Miss Earle's Statement Made

A correction is being made by The Sanford Herald regarding a statement made by Miss Mary E. Earle, a candidate for the Seminole County Assessor of Taxes, at the rally held in Geneva last Friday night.

Miss Earle read from a typed notation the following statement, instead of the statement carried in yesterday's account of the talk: "Each tax payer who claims homestead exemption shall file one of said forms properly filled out and executed with the Tax Assessor on or before April 1 of each year, and failure to do so shall constitute a waiver of said exemption for such year."

The first Irish immigrants arrived in what is now the United States in 1621, says the National Geographic Society.

Greeks, Carthaginians, Romans, Arabs, Normans, French and British have invaded Malta.

Report Shows Rise In Living Costs

WASHINGTON (AP)—The government Wednesday reported living costs rose one-tenth of 1 per cent in March, the first increase since November.

The Labor Department's Bureau of Labor Statistics said its living cost index in March reached 114.7 per cent of the 1917-19 base. This is three-tenths of 1 per cent above March, 1955.

H. E. Riley, chief of the bureau's price and living cost division, said a seasonal increase in food prices can be expected beginning in April and continuing through most of the summer. He said it probably will mean some rise in the living cost index.

In March prices averaged higher over the month for all major categories of family spending except housing and transportation. Housing costs remained at their February level and transportation, led by a slight drop in used car prices, declined.

Detail food prices rose two-tenths of 1 per cent from February to March, following a five-month decline. Food still was 1.6 per cent below March last year, with meats, poultry and fish almost 10 per cent lower.

IRON WORKERS ON STRIKE

JACKSONVILLE (AP) About 300 iron workers on construction jobs in North Florida and South Georgia went on strike today in support of demands for a new contract.

The scale for iron workers is \$2.81 an hour and the union asks an increase of 3 cents now and a 10-cent increase in six months.

4th Florida Folk Festival Will Be Presented May 4-6

WHITE SPRINGS — Folklore, music and traditions representing hundreds of years of Florida history will be presented here May 4-6, as the fourth annual Florida Folk Festival is staged on the banks of the Suwannee River.

A beautifully wooded knoll just inside the south gate of the Stephen Foster Memorial Park will be the site of the festival, with bleachers available for thousands of spectators.

Dozens of Florida cities, towns and communities will be represented on a program which is described by Director Thelma Boltin as "the most colorful in the history of the festival."

There also will be talented guest performers from several Georgia and South Carolina towns.

Approximately 1,600 persons are expected to participate in at least one of the seven programs, Miss Boltin said. The programs are scheduled for 10:30 a.m., 2 p.m., and 7:30 p.m., Friday and Saturday, May 4 and 5, with a single performance at 8 p.m. on the closing day, Sunday, May 6.

There will be folk dances, square dances, Indian, Negro, Latin, Czechoslovakian, Jewish and Swedish dances—and a school groups will present singing games and rope skipping rhymes.

Music and rhythm will come from the harmonica, dulcimer, Irish harp, guitar, home-made fiddle, Jew's harp, quill blowers, straw beaters and from the musical saw, as well as more conventional instruments. A whip cracker will add zest to the program.

Many national and racial groups will be seen and heard, including a group of Seminole Indian who will be brought to White Springs by Albert DeVane of Lake Placid, pioneer history expert and long-time friend of the Seminoles.

A distinguished participant in the festival will be Dr. Frank L. Lyman, Navy doctor who will direct the Parris Island Promenaders of Beaufort, S. C. in a series of New England, Western and English dances. The 20 boys and 10 girls are children of Naval and Marine personnel stationed at Parris Island.

Dr. Lyman is a nationally famous dance caller and instructor, is the author of the book "One Hundred and One Singing Calls," and is a member of the advisory board of the National Folk Festival.

Miss Boltin and her assistant, Culbreath Whitehead, Bradenton report that the entertainment will be even more diversified than in the past.

Active in planning the 1956 program has been Dr. Alton Morris,

English professor at the University of Florida and the festival's folklore consultant. He is a nationally known folklore expert and author.

The festival is an annual feature sponsored on the Suwannee River by the Stephen Foster Memorial Commission, in cooperation with the Florida Folk Festival Association and the Florida Federation of Music Clubs. It is held annually the first week-end in May, in coincidence with National Music Week.

Working with Miss Boltin to arrange final details of the coming event are Mrs. Glenn Morrison, Lakeland, president of the Florida Federation of Music Clubs, and J. L. McMillen, Miss Helen Blister and former Governor Cary Hardee, all of Live Oak, officers of the Florida Folk Festival Association.

"There is such a wealth of material that only a few featured groups will appear on more than one day's program," Miss Boltin said.

Robert Howell New DAV Commander

At its annual election of officers, the Disabled American Veterans, Sanford Post, named seven members as post officials.

At the recent election Robert Howell was named commander of the post with Phillip H. Stallings as Sr. vice commander, George Arnold Jr. vice commander, Jim Hay as chaplain, John Kader, Sergeant at Arms; Douglas Strein, service officer, and Jimmy Drummond, adjutant.

Following the election of officers a hamburger fry was to celebrate the occasion.

Robert Howell, the new commander of the DAV Post urged all veterans eligible for membership to join the local post.

English professor at the University of Florida and the festival's folklore consultant. He is a nationally known folklore expert and author.

The festival is an annual feature sponsored on the Suwannee River by the Stephen Foster Memorial Commission, in cooperation with the Florida Folk Festival Association and the Florida Federation of Music Clubs. It is held annually the first week-end in May, in coincidence with National Music Week.

"There is such a wealth of material that only a few featured groups will appear on more than one day's program," Miss Boltin said.

A Heart Attack May Be A Blessing In Disguise

SOMETIMES a heart attack can be a blessing in disguise. Actually, about eight or nine out of every ten persons who suffer a seizure will survive. While severe attacks may bring crushing pain and leave the person gasping for breath, many initial seizures are relatively mild. Some victims are barely aware of any change at all and ignore the symptoms. That's bad.

If the attack is just strong enough to send the victim scurrying to his doctor, this first warning may turn out to be a good thing.

Minor Attack
In the case of coronary thrombosis, a minor attack may begin with one or two sharp twinges of pain. This is quickly replaced by a dull ache which may be hardly noticeable, although it will continue for some time.

Breathing will be completely normal and any fever that develops will probably be so slight that the person will be unaware of it. Within a day or two, the symptoms will vanish.

While the person may not feel quite his best for a while longer, the chances are he will just pass it off as a cold.

A STORY OF THE SOUTH; FILMED IN THE SOUTH.
JUST A HEARTBEAT AWAY FROM YOU.

Features: 1:22 — 3:22 — 5:22 — 7:22 — 9:22

This is the house that laughs at strangers!

No strangers will take over this house if anything happens to its owners. No need for Mother and the children to move away from old friends and playmates. Special Gulf Life insurance will pay off the mortgage and the family can continue to live right here!

At age 28 you can protect your family's home with Gulf Life's Special Mortgage Cancellation plan for as little as 40¢ per month per \$1,000.

Valuable policies that you now own can be adapted to meet other family needs. Your Gulf Life representative will be glad to arrange it. He can also point out the many ways Gulf Life insurance plans can provide for family income, education, retirement and many other things your family wants and needs. Call him today for advice about your family protection problems.

April 25 Important Date; 43rd Birthday Of Seminole County

An important event came near slipping by unnoticed.

On the 25th of April, just passed, Seminole County was exactly forty-three years old.

It was a memorable day in 1818 when a group of citizens gathered on the second floor of Dr. Phillips Drug Store (now Roubillat and Anderson) to create what is now one of the fastest growing counties in the State.

Governor Park Trammel made the appointments to the various offices of the county and set up the government to which many of the appointments will be made by the people on May 5.

R. F. Whitner was appointed County

Judge; T. J. Bates as County Assessor of Taxes; Frank Woodruff, J. B. Clark, C. F. Entaminger, L. P. Hagen, and J. T. McClain were appointed County Commissioners which formed the Board of Seminole County Commissioners; Charlie Hand was named the Sheriff; E. A. Douglass, County Clerk; B. C. Thrasher, County Superintendent of Public Instruction; Frank C. Foster, F. C. Nixon, and J. Tildon Jacobs, were named to the Board of Education; Shirley Maines, attorney; and John B. Jenkins, County Tax Collector.

When we observe the many special events through the year, and there are events so numerous that days are not available for their celebration, the founding of Seminole County should play an important part in our thinking and celebration.

We look with pride to the brilliant history of our young, but prosperous county. Seminole County's birthday will become more and more important as the years go by. It should not be overlooked or forgotten.

Litterbugs

Many communities are wondering what to do about that repulsive species known as the litterbug. Great ingenuity has been exercised to devise slogans that will make citizens want to keep parks and roadsides as clean as their living rooms. The slogans falling, mayors have issued proclamations and police chiefs have sternly warned against being messy in public places.

Virtually all communities have laws against scattering paper and other waste where it doesn't belong. Unfortunately, however, few communities enforce these laws with much firmness.

The evidence lies in the sluffing to one side of the street or the other tons of debris, paper, beer cans, empty cigarette packs, paper cartons, and other trashy matter.

Unkept vacant lots are the gathering places for much of the trash that appears around our city.

Towns and cities that fret about litterbugs but fail to enforce the laws might take a tip from the biggest town of all, New York City. It has been going after the litterbugs hot and heavy. During the past year, 100,000 summonses have been issued against offenders. As a result, litter has been greatly reduced.

Other towns could get similar results by taking similar action.

Social Events

11th National Home Demo Week Is Planned

The 25 local leaders and the seven home demonstration groups in Seminole County were commended today by Home Extension Agent Myrtle Wilson. She said, "By unselfishly offering their time and their talents, they have brought the women in the county information and new techniques which are making house-hold tasks lighter and homes more pleasant."

Recognition of the contribution local leaders are making to home and community development comes at this particular time as members of the seven County home demonstration groups are observing National Home Demonstration Week from April 29-

MRS. WILLIAM ROCHE holds her childhood doll and shows some of her doll collection at the recent hold Silver Tea for the Sanford Story League. Many old dolls were on exhibit. (Photo by Jameson)

MAY QUEEN! Miss Patricia Ann Walker of Oviedo holds a basket of flowers after she was crowned May Queen at the Oviedo School's annual May Day Program held Friday. She is surrounded by her court.

Patricia Walker Is Elected May Queen For Oviedo High

The Oviedo High School held its annual May Day festival Friday April 27.

The affair took place on the school ground during the morning session. "I Hear America Singing" was the theme for the program.

Myron Willis as Uncle Sam introduced the numbers in separate. The High School Band, under the direction of Michael Fisher, opened the festival with the 140th Infantry March.

The May Queen, pretty Patricia Ann Walker, daughter of Mrs. E. H. Walker, and her court entered in the processional and ascended to the throne and seats of honor which overlooked the outdoor stage.

Jane Smithson, maid of honor, crowned the May Queen. Other attendants included, Nadine Hostick, Dorothy Simmons, and Olivia Holland. All were dressed in pastel evening gowns.

The crown bearer was little Richard Walker, brother of the May Queen, dressed in white.

The flower girl Marsha Ragadone, Her dress was blue and fashioned along the princess lines similar to that of the Queen's.

The queen was elected by the student body. Her attendants are girls who are members of the senior class.

Council Meeting Held All Day At DeLeon Springs

DE BARY — A Home Demonstration Council meeting was held all day Friday at DeLeon Springs, with the president, Mrs. Ray Beck De Bary, presiding. A fashion show was given by members of the different county units.

De Bary was represented by 18 members, of whom Mrs. Anthony Opper won second prize, wearing a pink glazed cotton dress she had made. Mrs. Charles R. Gifford and Mrs. Sydney Wilkes modeled fashions designed by themselves.

The DeBary club gave a skit showing the worth and meaning of H. D. clubs. Actors were: Mrs. Adam Miller, Mrs. Frederick Reutich, Mrs. Charles Gifford, Mrs. K. Henninger and Mrs. Sydney Wilkes.

Entertaining the council were 14 girls from DeLeon Springs who held a junior fashion show and song fest.

Miss Myrties Schedule

Schedule of Miss Myrtle Wilson, Home Demonstration agent May 2 - 8 is as follows:

May 2 Chuluota Home Demonstration Club will meet at 10 A. M. Covered dish lunch will be served at noon. Miss Wilson will give the demonstration "Goodbye Mr. Roach."

May 3 Longwood Home Demonstration Club will meet at the Library at 11 A. M. Covered dish lunch will be served at noon. The demonstration "Goodbye Mr. Roach" will be given by Miss Wilson.

Club members from all clubs are asked to bring their exhibits for Achievement Day in the Community Center, 401 E. 25th Street, at 1 P. M. so the exhibits may be set up.

May 4 National Home Demonstration Week will be observed by the Seminole County Home Demonstration Clubs by having Achievement Day at the Community Center, 401 E. 25th Street. The exhibits will be open from 10 A. M. to 4 P. M. The exhibits will be set up in the Community Center at 1 P. M. showing the different demonstrations. The public is invited to stop at the Center and see these exhibits, which will be on display today only.

May 5 Girls' 4-H Dress Revue will be held at the Community Center, 401 E. 25th Street, at 9:30 A. M. This Revue will be for Senior 4-H Girls and the winner will go to the State Dress Revue which will be held at Girls' Short Course in Tallahassee June 11-14.

May 6 National Rural Life Sunday will be observed by 4-H Clubs.

May 7 Home Demonstration Club members who are interested in sewing will meet at the Community Center at 10:00 A. M. Bring a sandwich.

May 8 Girls' club — 4-H Girls will meet at the school at 1 P. M. at Geneva.

Ceramics class meets at Seminole High School at 7 P. M.

Garden Nook

BY SAHIE R. GITT
The Sanford Garden Club of P.F.F.C.

Now that we are finally having summer weather it would be well to see that the flower beds are mulched to keep the plants cool and moist and to help eliminate weeds. This simplifies summer care considerably and is better for the plants. Leaves are most generally used in this area although there are many other suggested materials such as peat, peanut hulls, grass clipping etc. It is our opinion that peat used as a mulch can be downright treacherous as it can absorb all the available water and leave none for the plants. If used, sufficient water must be applied to soak down into the soil below the mulch. However peat is very useful when dug into the planting hole where it holds the moisture about the root system and at the same time helps to condition our sandy soils.

Do not use peat as a top dressing on lawns, for the same reason as above, but it is good when dug into the upper six inches of soil before planting grass. Adjust mower blades to two inches for summer lawn care so that grass roots will not be exposed to sun's heat. Fertilize lawns and balance of garden if it has not had a spring feeding already.

Azaleas and camellias are due for their second feeding if they were fed in mid-March. Gardenias, holly, iboras, magnolias, yucca and thibouchias also relish this acid formula. Citrus trees need a special citrus formula containing minor elements now or next month. Keep dahlias, mums and poinsettias well fed and tip-pinned all summer to make bushy plants by fall.

Amaryllis take a short rest after flowering and may be moved at this time if necessary, otherwise wait till the cooler weather of late fall. They and other spring flowering bulbs and corms should be given a balanced fertilizer, or bone meal and sheep manure to aid in producing healthy bulbs and next year's buds.

May and early June are about the last call for setting out or dividing chrysanthemum clumps. Use divisions of old clumps or cuttings if you prefer to avoid any danger of disease from the old root system.

Plant caladium tubers, day-lilies, gerbera daisies and glorioas. If you are saving amaryllis or lily seeds plant them as soon as the pods split open, in a flat of about one third each peat, sand and good soil. Seeds should be about one quarter inch deep, and the flat placed in a shady or semi-shady spot until germination takes place when they may be given more sun. A top covering of vermiculite serves to keep surface moist and a sprinkling of chlordane around the flat discourages ants.

Seeds of hot weather annuals to plant now include cosmos, marigolds, portulaca, torenia and zinnia.

Old-Fashion Dolls Are Shown At Sanford Story League Tea

BY SANDRA BERG
HERALD SOCIETY EDITOR

"Playmate come out and play with me. And bring your doll with you" as we all know is an old old song still being sung by children today.

However the doll part could actually be true. For instance what happened to the dolls of mother's and grandmother's day? A silver tea was given recently for the benefit of the Sanford Story League at which time was shown the most marvelous collection of dolls I have ever seen.

Mrs. William Roche held the open house in her home on Laurel Ave. The dolls dominated the living room, chairs, sofa and table.

Mrs. Roche "has always been interested in dolls" and started collecting them long ago. Her own dolls range in size and dignity from the smallest to the "tallest." They are all created from paper, cloth, china, wood, straw and other materials.

Most of the dolls were old and "rather used" Mrs. Roche, or Virginia as her friends call her, made most of their clothes. She fashioned gowns from satin and lace, blouses, pants, pantaloons and slits all to suit the era which the doll represents.

Many of the faces she had to "re-do" painting on the hair the eyes and other facial parts. Her talent shows itself with the imagination she puts into the toys.

One doll that fascinated me was dressed in a long gown and cape. Virginia explained that she had read a story once of "Nobody's Doll" and had created the clothes to match the story. Nobody's doll was sitting perfectly contented on a table top hearing the parrot talk and the mice chirp but keeping the same "de-mure smile."

Another very old doll actually had pierced ears for the old fashioned gold earrings. The doll also wears a red dress, oriental dolls, dolls from different lands, big ones, tiny ones and very very funny ones.

Two twin dolls made by hand out of felt, were "just perfect" in all on a bob and the dimpled girl doll surrounded by the little boy dolls with china faces looked almost "ready to laugh."

Many members and friends of the story league loaned their childhood dolls for the exhibition. Among those giving a helping hand were Mrs. R. F. Moore, Mrs. A. P. Kyle, Mrs. Ethel Moore, Mrs. V. Welsh, Mrs. C. H. Cogburn, Mrs. H. C. Hestel, Mrs. Fred Robb, Mrs. Ann r Green Mrs. E. C. Williams, Mrs. J. E. Nichols and others.

Some of the dolls of the dolls reached back to 1835 (though she was quite sure that's correct after all dolls are women folk). The toys then seemed to be

More alive to me than the dolls of today. Even though the modern dolls can walk, talk, sleep, cry and other "human" things there is something missing the old fashioned doll has. Maybe it was the delicate china used for the face.

Two or three of the dolls were boys and were dressed in becoming habits of the days when velvet coats and ruffled vests were in style.

After the crowd viewed the dolls refreshments were served and a silver collection was taken at the door.

May Queen, King Will Be Crowned Tomorrow Evening

Crowning of the May Day King and Queen at Seminole High School will take place tomorrow night in brilliant ceremonies culminating with a dance.

The coronation of the King and Queen will take place at 8:30 in the Seminole High School auditorium which will be followed immediately by a "lead out" which will continue until 9 o'clock.

Parents and adults have been invited to see the coronation of the King and Queen as well as the "lead out."

The dance which follows will be for the students with music being furnished by Paul Kram's orchestra.

May Day King and Queen are: Jim Hawkins and Elizabeth Woodruff.

Senior attendants will be Joe Fisher and Sue Hayes; Junior Attendants, Carol Nutt and Holly Little, Phillip Byrd and Dottie Mattie; Sophomore Attendants, Dolores Jones and Sidney Vihlen; Freshman Attendants, Linda Yeakle and Cecil Dandridge.

Flower Girl for the May Day Ball and Coronation will be Susan Dabbs and the Crown Bearer Bill Higginbotham.

The event is one of the highlights of the school year and will no doubt be attended by the largest group of students at any of the school functions.

Contracts Awarded For Work At SNAAS

Five contracts, totaling \$190,844 have been awarded for work at the U.S. Naval Auxiliary Air Station, Sanford, Fla.

CDR Peter Corradi, Officer in Charge of Construction, Sixth Naval District, made the announcements on April 28, 1956. Wickwire Spencer Steel Division, The Colorado Fuel and Iron Corporation, Atlanta, Ga., has been awarded a \$24,341 contract for fence and area lighting.

Four bids were submitted on April 25, 1956. Contract completion date is July 31, 1956.

A \$18,000 contract for rehabilitation of four buildings has been awarded Dixie Construction Company of Florida, Inc., Jacksonville, Fla.

The work includes removal of deteriorated siding, wood windows, sills and casing, doors, and roll type roofing and replacing with new materials; glazing windows and doors; painting and painting exterior wood, concrete, and masonry surfaces.

Four bids were submitted on April 26, 1956. Contract completion date is July 31, 1956.

J. D. Manly Construction Co., Leesburg, Fla., has been awarded a \$16,500 contract for paving, road repairs and tie-down anchors.

There were no additional bids. Contract completion date will be July 1, 1956.

A \$13,843 contract for rehabilitation of refrigeration building No. 20 has been awarded Dunn Refrigeration Service, Lakeland, Fla.

Two bids were submitted on April 25, 1956. Contract completion date will be August 30, 1956.

A contract totaling \$117,240 was awarded to the Carroll Daniel Construction Company of Gainesville, Fla., for the construction of six Butler Buildings at the Sanford Naval Auxiliary Air Station. Completion date was announced as July 4, 1956.

The administration and supervision of the work will be handled by I. T. W. J. Blevins, Public Works Officer, U.S. Naval Auxiliary Air Station, Sanford, Florida, who has been designated Resident Officer in Charge of Construction on these projects.

Polling Places Set For Election Tuesday

Polling Places for Tuesday's Democratic Primary election in Seminole County have been set according to Clerk of Court D. P. Herndon.

Voting machines will be used in the larger precincts with the usual paper ballots being used in the smaller precincts.

Polling places are: in Precinct No. One (Sanford) at Westside School; Precinct No. Two (Lake Monroe) at the Lake Monroe School; Precinct No. Three (Sanford) at the Canopy Kitchen on Geneva Ave., near Sanford Ave.; Precinct No. Four (Palatka) at Wilson School; Precinct No. Five (Oviedo) at the Oviedo City Hall; Precinct No. Six (Geneva) at the Community Center; Precinct No. Seven (Chuluota) at the old school house; Precinct No. Eight (Goldenrod) at the Community House; Precinct No. Nine (Longwood) at the Longwood City Hall; Precinct No. 10 (Lake Mary) at Gleason's Store; Precinct No. 11 (All-Home Springs) at the Community Center; Precinct No. 12 (Forest City) at the old school house; Precinct No. 13 (Shelvia) at Stank's Store; Precinct No. 14 (Fern Park) at the Prairie Lake American Legion; Precinct No. 15 (Sanford) at the National Guard Armory on East First St.; and Precinct No. 16 (Bear Lake) at the Florida Power Company building.

The map change in polling places, said Herndon, is the change from the Girl Scout Building on Commercial Ave. to the Sanford National Guard Armory on East First St.

Clerks and inspectors for each of the polling places were named last week and each one has been instructed in the use of the Shoup Voting Machine which will be used in the larger precincts of the County. A total of 23 machines will be used in the Seminole County Democratic Primary election set for next Tuesday with polling places opening 7 a. m. and remaining open until the official closing time 7 p. m.

A voting machine has been placed in the Sanford downtown area with an instructor on hand to teach everyone interested in the use of the machine. However, every official has pointed out that the machine is so simple to use that the use of machines should increase the number of people participating in this year's primary election.

Samuel E. Shroup, son of the inventor and founder of the Shoup Voting Machine said recently "in every place where voting ma-

chines have been used there has been an increase in the number of voters participating in the election."

Sorority, Brownies To Make Bandages For Cancer Society

Beta Sigma Phi Sorority and Troop Two of the Brownies have responded wholeheartedly to a recent appeal made by the Seminole County Unit, American Cancer Society for dressings and bandages to be used by indigent patients through the Cancer Gift and Loan Closet in Sanford.

Earlier engineering assignments took him to the Foster Vornay Corp., and the Engineering Aircraft Service, both in Cleveland, and later to the post of field engineer and subsequently, chief experimental engineer, with Fairbanks Morse & Co., Chicago.

In Melbourne, Jacobus — 1925 graduate of the noted Pratt Institute — lives with his wife and three children at 134 River Drive. A past president of Kiwanis, charter member of the Melbourne Yacht Club, Jacobus is active in the Methodist Church and various other civic bodies. He is a member of the Brevard County Board of Public Instruction, Melbourne Planning and Zoning Commission and Melbourne Civic Improvement Board.

Regarded as one of the South's foremost firms, Rader and Associates has long been identified with complete engineering services on major airports, highways, bridges, sewers and water systems, land development projects, commercial buildings and shopping centers. Rader's engineering, architectural and surveying services are currently employed in the Southern states, in many Florida areas and in numerous Latin American countries.

Principals associated with Senior Partner Rader in the organization are John W. Greenleaf Jr., Earl J. Resler, C. O. Gramus and Kenneth E. Calender.

The Brownies, as well as all Girl Scouts in Sanford and Seminole County, are looking forward to becoming members of the newly formed Citrus Council, Girl Scouts of America. Plans are now underway to assist them in this goal.

The Cancer Gift and Loan Closet is one of the Sororities primary civic projects and they plan to conduct their first session of bandage making tomorrow. However, handage materials consisting mainly of white goods such as sheets and shirts and also newspaper used in padding, had to be obtained for that purpose.

The Brownies pledge reads in part that they "will help other people at all times," so help they did by turning out in force to collect the badly needed materials. Their drive was a complete success and combined with materials collected by the Sorority, there will be an ample supply on hand for tomorrow night's bandage making class.

On hand to accept the donation were Mrs. Marjorie Morgenstern, co-chairman of the Service Committee, Gift and Loan Closet and Mrs. Jim Castano, vice president Beta Sigma Phi Sorority.

Persons interested in donating additional white goods are asked to contact either of the parties mentioned who will see that the materials are picked up.

Firm Includes Sanford

Dale P. Jacobus, Melbourne engineer and civic leader, has been appointed manager of the new branch office opened in Cocoa, at 405 Florida Ave., by Rader and Associates, widely known Florida engineering, architectural and surveying firm, headquarters in Miami, and who will include Sanford in their scope of operations.

The Cocoa office will serve a considerable segment of the East Coast and Central Florida and the organization, Earle M. Rader, senior partner, declared, "intends that our Cocoa branch will have the full cooperation of our entire organization of some 230 professional engineers, architects, draftsmen, surveyors, technical and administrative personnel."

Cities named by the Rader association as indigenous to the Cocoa office operations are Titusville, Daytona Beach, New Smyrna Beach, Titusville, Melbourne, Vero Beach, Eau Gallie and Stuart.

Rader declared that the unusual land and building development which is taking place throughout this area requires extensive surveying, engineering and architectural services, adding, "The heavy demands being placed at this time are such that we determined to establish a completely functional branch office, reasonably central to this area."

The firm is not new to the central east coast. Rader and Associates has been working with various agencies at Patrick Air Force Base and Canaveral almost continuously since the decision was made to reactivate the old naval base for use as a missile facility.

Jacobus, who is retiring from his own business to manage the Rader branch in Cocoa, is well known along the East Coast. For the past six years, he was chief engineer and principal owner of the firm of Gurjan and Jacobus and, prior to that, had been associated with the Melbourne Engineering Corporation.

Earlier engineering assignments took him to the Foster Vornay Corp., and the Engineering Aircraft Service, both in Cleveland, and later to the post of field engineer and subsequently, chief experimental engineer, with Fairbanks Morse & Co., Chicago.

In Melbourne, Jacobus — 1925 graduate of the noted Pratt Institute — lives with his wife and three children at 134 River Drive. Herald Staff Ready To Flip Flapjacks For Auxiliary

THE KEY TO THE ELK'S CLUB was turned over to Editor and Publisher Fred Perkins of The Sanford Herald by Exalted Ruler Roy Greene of the 41st Elk Lodge of The Sanford Herald's Pancake Day will be staged at the Elk's Club Sunday. (Staff Photo)

Serving Starts At 7 a.m.

Thousands of golden browned flapjacks will be cooked Sunday during the gigantic Pancake Day celebration beginning at 7 o'clock Sunday morning and ending at 7 o'clock Sunday evening.

Pancake Day is being staged by The Sanford Herald to benefit the Woman's Auxiliary of Seminole Memorial Hospital.

All proceeds from the contributions accepted during Pancake Day will go to the Hospital Auxiliary to help further their plans to furnish much needed items for use in the hospital.

The entire staff at The Sanford Herald will prepare, cook, and serve pancakes, sausage, butter, syrup, and coffee at the Elk's Club dining room and barbecue pit. The facilities of the Elk's Club have been generously donated for the occasion by Exalted Ruler Roy Greene.

All food for Pancake Day is being purchased at wholesale costs from Lovett's through the generosity of W. R. "Bill" Casube by The Sanford Herald.

Pancake Day is being staged on National Hospital Day, the beginning of a week-long observance of Hospital Week when hospitals, along with Seminole Memorial Hospital here in Sanford throughout the nation will observe the occasion.

Fred Perkins, Editor and Publisher of The Sanford Herald emphasized that there will be no charge for the pancakes served Sunday, but contributions to further the many worthwhile projects of the Hospital Auxiliary will be accepted.

It is expected that hundreds of Sanford and Seminole County citizens will turn out for Pancake Day as they are on their way to early morning services of churches or on their way home from services.

Not only will folks come by on their way to or from church but many will stop by the Elk's Club to enjoy pancakes as an afternoon snack.

The combined efforts of the staff at The Sanford Herald will reveal some of the finer culinary arts in preparing and cooking pancakes and the side dish that goes with them.

History Of Central Florida Episcopal Churches Related

By MARY FOWLER

Sidney Taylor, DeLand attorney, spoke yesterday at the Episcopal Women's auxiliary meeting in the home of Mrs. Robert Cox, Enterprise. The theme of his discourse was the background history of Episcopal churches of Central Florida, in which Bishop Freeman Young played an heroic role.

Bishop Young had been assistant pastor in Trinity of New York until after the war between the states when he brought his genius for organization and burning enthusiasm for development of Christian churches to Florida. A close friend of the famous architect, Richard Upjohn who designed many well-known ecclesiastical buildings, he persuaded Upjohn to draft plans for many churches that still remain to identify the originator by their beautiful Gothic arches and vertical lines, the Florida churches built of the heart of long leaf pine, blending in subtly with the moss hung landscape.

In 1870, accompanied by the Rev. Frank Alderman of this district, Bishop Young embarked on a tour of the countryside, fighting storms, fog and swamps, at one time finding himself in the St. Johns channel with a boatman who confessed he was doing his first start as navigator. But with determination Young brought the Episcopal faith to many hamlets where there were two people to meet in God's name. He must have had a good lawyer," added Taylor, smiling, "for he readily inserted a clause that if any church should be abandoned it would revert to the original owners. So in the many times that people wished to tear down the old structures they found they would not profit from the sale and so the beautiful, time weathered edifices remained. I wonder if the thought might not have crossed Bishop Young's mind that in the future many people would not come to enjoy the sunset of their life in this enchanted country, when he saw to it that all Saints would be left, to welcome the residents of this district."

After the business meeting a reception and social hour were enjoyed. Hostesses were Mrs. Cox, Mrs. William Canaday, Mrs. Earl Pickford and Mrs. George Percy.

Other officers named for the ensuing year are: Board of directors for one year, Mrs. J. N. Azzarolo, Robert A. Bennett.

Dabbs Named Head Of TB, Health Assn.

A new slate of officers has been elected to head the Seminole County Tuberculosis and Health Association for the 1956-57 year.

George Dabbs, Seminole High School professor was elected as president of the TB and Health Association.

Serving with Dabbs as first vice president will be Mrs. W. W. Tyne, Wallis Yeasick as second vice president, Mrs. B. S. Rowan as secretary and R. J. Wynn as treasurer.

The annual meeting was held in the Commissioners Room of the City Hall Tuesday night with the principal address by Dr. Benjamin E. Brock, Medical Director of the Central Florida Tuberculosis Hospital, who spoke on the subject "The Treatment of Tuberculosis."

Reports were heard on the Seal Sales, Case Finding Committee, Health Education, Patient Service and the activities of the Negro committees.

Following the principal address at the meeting, a film, "The Inside Story," was shown by Dr. Terry Bird, Seminole County Health Officer.

Mrs. Rose E. Jacobson, retiring president, delivered the president's message. She said, "The Seminole County TB and Health Association is a comparatively small one out of 32 and to know that we've done our part toward progress."

"When a new miracle drug for the cure and cure of TB is announced we can be proud to have helped provide the means whereby the laboratory technicians could continue their research," she said.

Mrs. Jacobson said, "It's been a good year. We look forward with confidence to the continued progress of the association and its battle for better health."

Other officers named for the ensuing year are: Board of directors for one year, Mrs. J. N. Azzarolo, Robert A. Bennett.
