

# Miami "Y" Wins Championship Of Badminton Meet

### Moody Sparks Team Winning Trophies In Three Events, Each He Entered

### Miami Beach Is 2nd In Tourney

### Jane Smith Is Finalist In Women's Singles, Doubles

Miami "Y" badminton team, sparked by Leonard Moody, ran over the Second Annual Florida State Badminton Championship entries by winning the men's singles and doubles, and the mixed doubles Saturday night.

Total points of the Miami team were 25 1/2 against 15 1/2 points for their rivals, Miami Beach. Moody won every match he entered to account for three personal trophies and the final team trophy.

Winners of the finals in each event were Moody in the men's singles, Jane Smith of Miami Beach in the women's singles, Moody and Joe Downs in the men's doubles, Jane Smith and Mrs. Sandy Saunders of Miami Beach in the women's doubles and Moody and Leonora McCormack in the mixed doubles.

Moody beat his teammate Jerry Toms, in two straight games by a score of 15-4 and 15-7 to win the finals of the men's singles. In the opener Toms made up for his small stature by hard drives and took the lead. Moody caught up early in the game and took control of the contest, sending shots all over the court until Toms went down.

The second game was evened up twice with Moody always leading the way out of the tin. Moody opened his amazing drive that had carried him through all of the matches and finished with a good lead.

In the men's doubles, Moody teamed with Joe Downs against C. P. and A. R. Younts of Miami. The two Miami "Y" teams played the fastest match of the entire tournament as Moody and Downs won 15-12 and 15-8.

The Younts brothers warmed up in the second game, but were short in the exchanges on drives. Twice in the second match the score was tied but on the second tie at five all, the Moody-Downs combination plowed ahead to victory.

Moody came through the finals of the mixed doubles with his partner, Leonora McCormack, playing against Willie McCruten and A. R. Younts. In the first game, ending 15-12, every type of shot and court strategy was used as the teams drove hard back court placements and flipped over drop shots.

In the second game, Moody again displayed his remarkable stamina by rallying with his partner to win by a good margin, 15-7. After playing a total of nine matches and 19 games, Moody still had his drive and played a fast back court game while his smaller partner displayed his ability on the fore court, placing drop shots out of the reach of the opposition.

Jane Smith of Miami Beach took an early lead in the opening game of the women's singles final but her opponent, Leonora McCormack, of Miami, slowly came up to tie and pass her. After reaching within one point of a win McCormack was caught in a cross court rally and downed in the extra session by the score of 12-10.

In the match game, Smith took a good lead at the opening of the match after the serve had changed a dozen times with neither player scoring a point. McCormack began to show signs of tiring and was caught in the back court several times by scope over the net. With the score eight-love in favor of Smith, McCormack again started a rally, but the lead was too great and Smith won 15-11.

Jane Smith and Mrs. Saunders teamed to defeat their teammates

### Dawson Urges Production Of Cattle And Hogs

(Continued From Page One) 11 to 16 ounces of meat products per day. The average family of five should have 200 to 300 pounds of beef and 400 to 600 pounds of pork and lard each year. When both soldiers and citizens are well fed, a line of defense is established that will preserve and save our country.

"Production of meat, both pork and beef, fits well into the live-at-home program. Home supplies of beef and pork can be more economically raised than crops to sell to buy meat. Cattle, storage, freezer lockers, and meat curing plants can play an important part in this set-up.

"Hog producers should make every effort to save and raise healthy pigs on home-grown feeds and to finish market hogs as humber ones, 180 to 240 pounds. To maintain the beef supply on safe levels, it is necessary that full use be made of all available grass lands and that the present number of cattle be maintained without expansion, and that a crop of beef be sent to market each season.

"Farmers as a group believe in peace and preparedness. They have always stood by the guns in good and bad times. Uncle Sam is calling now, and the farmer and the cattleman will answer, 'here'.

### Roosevelt Wants Crops To Reach Parity In 1941

(Continued From Page One) national trade may grow and prosper.

3. Raw material supplies must be available to all nations without discrimination.

4. International agreements regulating the supply of commodities must be so handled as to protect fully the interests of the consuming countries and their people.

5. The institutions and arrangements of international finance must be so set up that they lend aid to the essential enterprises and the continuous development of all countries, and permit the payment through proceeds of trade consonant with the welfare of all countries.

### War Department Studies Airport For Army Center

(Continued From Page One) presentation would receive due consideration of the Navy Department," Mr. Higgins asserted.

An official of the Farm Security Commission was seen, and said he was interested in the farm labor housing here, and that he will investigate and make a report.

The wisdom of the City in securing additional land to build the new airport is now evident," Mr. Higgins said, "because the Army is now interested in it, and its greatest advantage is that it is large enough for any use they would want to put it to. The County Commission has cooperated in every way with the City in this development, furnishing tractor, plows and tractors, the secretary added.

"Florida's representatives in Washington are certainly on the job," Mr. Higgins said. "Representative Hendricks gave us very valuable assistance in making contacts with the different departments."

of Miami Beach, Ginger Bunnell and Marion Wood, two straight 15-5 and 15-9. The second game was close as the losers rallied at the half-way mark but the big lead of the winners carried them through.

Smith played a driving back-court game with Saunders taking care of the birds dropped over the net. Most of the play went to Smith and Wood with both playing hard games.

### Miss Powell Wins Improvement Medal

Though winning none of the finals, Dorothy Powell showed such splendid play during the badminton tournament that the tourney committee voted her the medal for the player showing the most improvement.

In the women's singles she defeated Willie McCruten of Miami "Y" by the score of 11-8, 11-12, and 11-6 but later lost to Leonora McCormack in the semi-finals.

Teamed with Ellen Betts in the women's doubles, Miss Powell and her mate went to the semi-finals.

### 35,000 Fascists Yield To British Unit In Ethiopia

(Continued From Page One) Henri Dentis, high commissioner of French-ruled Syria and Lebanon, urged the Syrians to resist the "criminal aggressions" of the British.

The British said that when the attacks began last week German planes flying to aid Iraq were landing at Syrian air fields.

The Duke of Aosta, viceroy of Ethiopia and "life and soul of Italian resistance" in the nearly-conquered East African domain, has decided to give up and has been given British terms for the surrender of his trapped army. It was reported early today.

The 43-year-old lanky cousin of King-Empress Vittorio Emanuele was declared by the British to have sent emissaries to learn the conditions on which he might yield his troops, estimated at 38,000 Italian and colonial soldiers.

Last month the duke quickly rejected a British demand for the unconditional surrender of his army. Whether the British again demanded that was not divulged here as the terms were not published.

(The British radio in a broadcast heard by CBS in New York quoted a military spokesman in Cairo as saying the terms certainly would "include the surrender of the duke himself, the general commanding and the Italian forces" in Amba Aluja.)

It was said the viceroy had with him 7000 Italian officers and men in addition to colonial troops.

The stand at Amba Aluja, a mountain stronghold 280 miles northeast of Addis Ababa, was the main point of final resistance put up by the viceroy, who, as an air corps officer, helped subvert the kingdom of Haile Selassie.

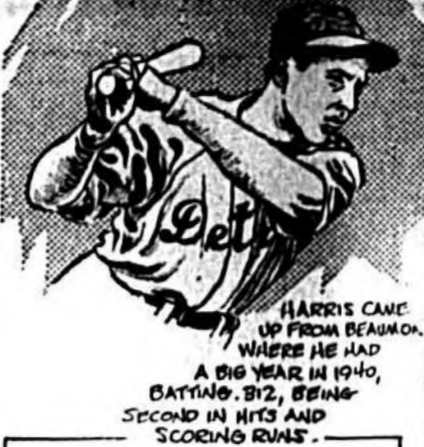

British sources confidently looked forward to a speedy finish of operations in Ethiopia if the duke yields.

They two Fascist strongholds remain in the Gondar area northwest of Addis Ababa and Gimma in the south. It was said that the submission of the duke likely would affect the remaining Italians.

The first Chamber of Commerce was formed at Marseilles in the 15th century.

## Saints Reach Sanford Hurlers For Double Header Win And Drive Frank Hudson From Box

Sanford lost two ball games to St. Augustine by score of 10-2 and 7-3 as two Saint pitchers limited them to three hits in the first contest and six in the second.

Patcher Kane of the Saints held the Seminoles hitless through six innings and gave up a single in the seventh and a single and triple in the last frame, allowing in the two runs made by the bats.

In the shutout game the six bats of the Sanford team were scattered over the first six innings. Hudson of the Saints allowed only three men to reach base in his shutout game.

Hudson was batted from the box in the fifth stanza of the opener when the Saints made five hits, two of them doubles, to drive in seven runs. Kolad Hindy came in to retire the side and allowed only five more hits and one run during the remainder of the game.

Sanford's tallies of the first game came in the first frame when Laugherty, pinch hitting for Hindy singled to third base and was forced to second when Gillespie walked. With a man on first and second Wnie LaValley stepped into a fast one and drove it out to right field for a triple, scoring both runners.

All Kettles, pitched the second game and managed six strikes out but gave up five runs in one inning to account for four runs.

The first two Saints singled and remained on base while two of their mates were put out but both came in on a single by Green.

Goody hit a double driving in Green and came in himself when Tiemann hit a triple. Varner grounded to Williams for a put out, ending the inning.

Pete McRaney showed the only catching everything that came his life on the Sanford ball club by way in the centerfield.

Junior Women To Sponsor Picture

The Junior Woman's Club of Sanford is sponsoring the picture "The Devil and Miss Jones," co-starring Jean Arthur and Charles Coburn with Robert Cummings, which is to be shown Wednesday and Thursday this week.

The purpose of this sponsor's picture is to gain money which will enable the club to carry on its activities.

Although the program is being presented for a worthy cause, the picture itself should draw a large crowd, for it is said to be one of the most hilarious of the season.

It's a job for any old-style tycoon with a jumpy stomach and a cracked milk diet to pick up the morning paper and see that he has been barged in effigy outside a big department store he can't recall owning.

It is particularly bad for old John P. Mirlock (Charles Coburn), a baron of a job and powerful that his picture hasn't appeared in the news papers for 20 years.

Mrs. E. F. Crenshaw was elected to serve as delegate from the auxiliary to the Post Office Clerks and Auxiliary convention which will be held in Gainesville, Fla., on Friday evening at the home of Mr. and Mrs. H. A. McFarland.

Mrs. Stella Arrington, Mrs. Subert Nix, Miss Emma Owen and Mrs. R. C. Maxwell attended a luncheon and a district meeting of the Beta Chapter of the Delta Kappa Gamma society held in Mr. Thora Saturday. Mrs. Owen was elected recording secretary of the chapter.

Dr. Spivey will deliver the baccalaureate sermon Sunday morning in Annie Pfeiffer chapel new structure being used for commencement exercises for the first time.

We wish to thank our friends for their many acts of kindness and expressions of sympathy during the recent illness and death of our loved one. For the beautiful floral offerings we are very grateful.

Farmers Called To Discuss New Ideas For Market

Highlighted From Page One: good as any in the state. It is not perfect but with the proper support for the market on the part of the Seminole County growers plus a few vital changes at the market, there can be brought about a change for the better.

With popular support from the farmers, any reasonable change at the market may be accomplished. "This is your chance to start giving that much needed support."

In cooperation with Professor M. S. R. Johnson, I am calling growers and dealers to set a committee on Monday evening, May 26, at the Sanford High School, Farmers' Building at 8:00 o'clock in order that we might get together on a program which we can work at all summer long in preparation for next season.

Some points which will come up for discussion are: 1. What to produce for the market. 2. Standardization of selected varieties and seed strain. 3. Standard rates for handling farm produce.

Increased acreage of vegetables other than citrus. "Please serve on this committee and meet with us Monday, May 26, at 8:00 P. M." "Yours truly, C. E. DAWSON, County Agent

Girk Appointed Manager Of Ball Team Last Night
Highlighted From Page One: in from left field to play second base and Dick Gillespie will occupy third base. Manager Girk said this morning. The new left field will be filled by Bill Dougherty. Sanford pitcher, since Clarence Priel is out temporarily with a rib infection.

Besides Priel, Ray Ashton is out of active play for the next few days with a case of measles. The pitching staff is now composed of Al Kettle, Bill Dougherty, Ray Kaul, Hooty and Frank Hood. The infield players are First baseman Fene Laxley, Second baseman Joe Justice, third baseman Dick Gillespie and shortstop Mutt Williams. Only two outfielders remain on the active list: Peter McRaney and Jim Reas.

Kiwanis Speaker

J. C. Chase of Winter Park, chairman of the board of directors of Chase and Co., was the speaker at the Kiwanis Luncheon today, discussing "Sanford's Early History and Development."

Kiwanis Hears Chase Tell Of City's History

Description Of Sanford When Pioneer Arrived Is Given

Joshua C. Chase, who came to Sanford 57 years ago and organized Chase and Co. with his brother, the late S. O. Chase.

Chase, who is chairman of the Valdes Hotel in the early days of this city, when bargies were the means of transportation.

Even in those early days Sanford was interested in baseball, and had some "hot games," Mr. Chase related.

"We invited Tampa's team to come here and play us one fourth of July, and we beat them because we had a good pitcher and catcher," Mr. Chase said.

Most of the merchants in Sanford's early days lived outside the city in Bel-Air and Fort Reed.

"One of the city commission members was a Mr. Way, who also had a small newspaper. He had quite a few daughters, and finally, when he had a son, he published in his paper a small note, 'This is the Way we've been looking for.'"

Mr. Chase said he came to Sanford in the late 1800s, and he had a brother, who wrote him letters urging him to visit Florida.

At that time Mr. Chase said he was employed with a wool manufacturing company in New York, but resigned his position to come here.

Visitors included W. V. Blittman, manager of the Theodosia Drug Store, and Edward Marshall, Delphine Healy and John Donn, of the Key Club at Seminole High School.

Other speakers at the convention at West Palm Beach, Young Dunn is the retiring president of the Key Club.

Southern Coal Men Object To Lewis' Power

Mine Workers' Head Would Be Dictator By New Contract, Operators Assert

NEW YORK, May 21.—(AP)—Southern soft coal operators asserted in a national newspaper advertisement campaign today, that John L. Lewis, President of the United Mine Workers of America (C. I. O.), would become the "dictator of this country" if the bituminous industry accepted the union's new wage and working conditions contract.

The Southern group, rejecting a contract formally approved yesterday by the Northern and Palachian operators, said the contract would make Lewis so powerful that he would have the "death grip on every vital defense industry."

Additional reports will be made at the next meeting June 3 and Richard Deas, president, said today that the non-defense quota of 150 memberships will be reached.

Plans for operating the Information Booth as a year-round project were discussed, and it was announced the booth will open about June 1, N.Y.A. labor, which will be used to operate the booth, must be certified and two girls must be chosen to work alternate shifts during the summer.

Attendance at the baseball games was discussed by the Jaycees, and members were urged to go to the games to support the Seminoles.

Mr. Deas announced that at the next meeting he will appoint the standing committees for 1941, including the program, membership, legislative, welfare, beautification projects, information booth and Greater Service committees. The next meeting, June 3, will mark the opening of the new fiscal year of the organization.

New members present last night included W. W. (Duke) Johnson, James McAlexander, Marvin Ledden and Stan Opatka.

Services Are Held For Mrs. Galloway

Funeral services for Mrs. Sarah Swain Galloway, resident of Sanford since 1932, who died at her home at 11:30 p. m. yesterday morning, were held this afternoon at 4:00 o'clock at the Erickson Funeral Home, with the Rev. Martin J. Curran, pastor of the Holy Cross Episcopal Church officiating.

The body was sent to Wilmington, N. C. this afternoon for burial. Mr. and Mrs. John L. Galloway, her son and daughter-in-law accompanied the body.

Fernald-Laughton To Get Office Addition

Sealed bids will be received by H. C. DeBoer, chairman of the Fernald-Laughton Memorial Hospital, until 10:00 o'clock Thursday morning, May 29, for the construction of an office room addition to the hospital.

The office will be made by enclosing the south portion of the main porch, Elton J. Moughlin, architect, said today. The room will be 10 by 15 feet.

The hospital has no office room at present, but has been using a desk in one of the rooms downstairs, as a makeshift.

Sanford Housing Authority Named For Slum Project

Creation of a five-member housing authority for Sanford took place yesterday afternoon at a special meeting of the City Commission, and the group was empowered to establish a housing authority to clear and defend housing projects when funds become available.

Ammon McClellan, state housing coordinator and director of rural housing projects in the 21 counties west of the Suwannee River, was present at the meeting to assist the organization.

Mayor W. C. Hill named Volie Williams, Harry Lee, James Gilson, the Rev. W. P. Brooks, Jr. and Mrs. F. E. Roumillat as members of the housing authority.

At an organization meeting following the commission session, Mr. Lee was named chairman and Mr. Williams chosen temporary secretary.

Principal objectives of the new housing authority is to provide additional housing facilities if the Army decides to establish a training base at the municipal airport, Mr. McClellan explained.

Mr. McClellan, whose headquarters are in Tallahassee, went to Washington today to work out organization plans for rural housing in this section, and expressed the hope that "we will have funds earmarked soon in Washington so that Seminole County can participate in the rural housing program."

The Sanford housing authority is empowered to carry on defense housing and slum clearance projects, but plans for the rural housing have not yet been worked out, it was explained.

Miss True Tells What Uncle Sam Means To Her, Wins State Prize

Here is the essay which won the state prize in the Elks contest. It was written by Miss Natalie True, daughter of Mr. and Mrs. R. E. True of Lake Mary, on the subject of "What Uncle Sam Means to Me."

"To me Uncle Sam means a great many things guardian of our liberties, protector of our lives, and promoter of our civility and the pursuit of happiness, and he lets us live in a land of tolerance and opportunity."

"As guardian of our liberties Uncle Sam offers us freedom of press, religion and speech. We may be guided by our own consciences, provided that we don't infringe upon the rights of others. He permits us to think as we please, and vote as we please, then abide by the decision of the majority, neither allowing them to rule, nor to be trampled underfoot."

"As protector of our lives, he provides an Army, a Navy and an air force to defend us from foreign aggressors. He spends billions of dollars to insure our safety. We are assured that nothing can harm us while we are on the side of the right and the side of Uncle Sam."

"As promoter of our endeavors he tries to make us all—the rich man, the poor man, the farm laborer, the steel worker, people of all kinds, regardless of race, color or creed—live together in peace and harmony, attempting to raise the standards of our country. He gives help to those who need it, until they learn to stand alone. He inspires the farmer to grow better grain, the mill worker to make better cloth, and the steel worker to make better steel, and tries to make each person reach higher toward his goal."

"All this Uncle Sam does for us. He is our friend and our protector. He is the one who makes it possible for us to live in a land of freedom and opportunity."

Also, Mildred Dupuis of Geneva, Mariette Halderman of Geneva, Ruth Largent of Lyman, Margaret Greene of Lake Monroe, Elsie Largent of Lyman, Gwen Howell of Lyman, Margaret Cullen of Lyman, Mary Lee Anderson of Oviedo, Mildred Bennett of Oviedo and Mildred Bennett of Oviedo.

Churchill Warns Battle Will Continue; British Say Situation Well In Hand

Invasion Force Placed At 4500

Fleet Of Big Aerial Transports Is Used To Carry Germans

Adolf Hitler stepped up the fury of the aerial invasion of Crete today with 3,000 more Nazi gliders and parachute troops landing on the Greek island after an entire contingent dropped from the skies yesterday was declared to have been killed or captured.

In London, Prime Minister Churchill warned the battle of Crete would continue with "increasing severity" as reliable sources asserted air-borne Nazi shock troops still pouring into the invaded Greek island.

The latest total of the Nazi invasion force was placed unofficially at 4,500 men.

From Cairo came word that the German parachute and air-borne troops had suffered "serious losses," and that an detachment which penetrated the outskirts of Candia was "quickly surrounded and accounted for."

Churchill repeated the statement made yesterday that the "last Nazi chutists were New Zealand battle-dress," and added that some Nazi airmen were in the battle uniforms of the English tumbrels.

"The situation is well in hand," the British asserted, adding without details that German naval forces had made an attempt to land troops at two places.

London said a full German parachute division of 7,000 men was involved in the two-day-old assault, striking from the Greek mainland bases 75 to 100 miles away. The Nazi blitzers were said to be using a fleet of 250 huge air transports carrying 60 to 75 men each, and an undisciplined fleet of gliders.

Heinrich Dehler, Prime Minister Winston Churchill's assertion that the 1,800 Nazi "chutists were disguised in New Zealand battle-dress," and threatened that brutal or illegal treatment of the chutists would bring stern reprisals.

And the dramatic struggle for Crete, Berlin notified United States authorities in a cable that 140 American survivors of the Egyptian liner Zamzam, sunk by a Nazi sea raider, had been landed at St. Jean De Luz, German-occupied France, and would be released as soon as possible.

All Nazi parachutists who landed on the Greek-Italian island base at Crete either had been killed or captured the British reported yesterday.

British and Greek military authorities in Crete were said to be "complete masters of the situation."

The Reuters dispatch said Greek official circles had given the information to the A. F. L. independent French news agency.

It was the first time in the history of warfare that motorless gliders had been used as troop transports although gliders have made flights of 400 to 450 miles six times the distance from the Greek mainland to Crete.

A strong force of parachutists still was holding out late yesterday Prime Minister Churchill told the House of Commons, south of the Canea-Melame road but the invaders' Reuters report said they were "being completely surrounded."

Notice of the appointments were sent out today to all appointees, Mr. Sharon said. The work is progressing and a call for volunteers for civilian defense activities will be made in the near future.

E. J. Nelson, Jr., and J. N. Gillon in the capacity as co-chairmen of the labor and personnel will carry on a registration of volunteer workers on the defense program.

As soon as the Seminole county Defense Force is completed the council will be ready for further instructions from the state headquarters in Tallahassee.

The work of the chairman is important as these are positions of trust and responsibility and offer an opportunity to perform an important service for our country," Mr. Sharon explained.
