Ray stays with sister in District 4

By Liane Edixon
Herald Staff

SANFORD — District 4 candidate Dean Ray says he is a legal resident of the district despite conflicting comments made by family members.

Ray was out of town last week when family members were asked to clear up confusion about where the candidate resided in District 4. Their comments have led to further bewilderment about where Ray lives.

In an interview on Monday, Ray said that he did live at 121 Aldean Drive,

and he had it recognized by the post office, his bank, and voter registration.

"That was my address," Ray claimed Monday.

The owner of 121 Aldean Drive, Steven Goldsmith, told *The Herald* almost two weeks ago that Ray never lived at 121 Aldean Drive. He said Ray had asked if he could, and he said no.

Ray

"I feel I was legal, and everything was legit," Ray said.

The city of Sanford sent community improvement officer Jim Orioles out to 121 Aldean Drive after Ray said in a published interview with *The Herald* that he was renting the second floor of the home, which is a single family residential home.

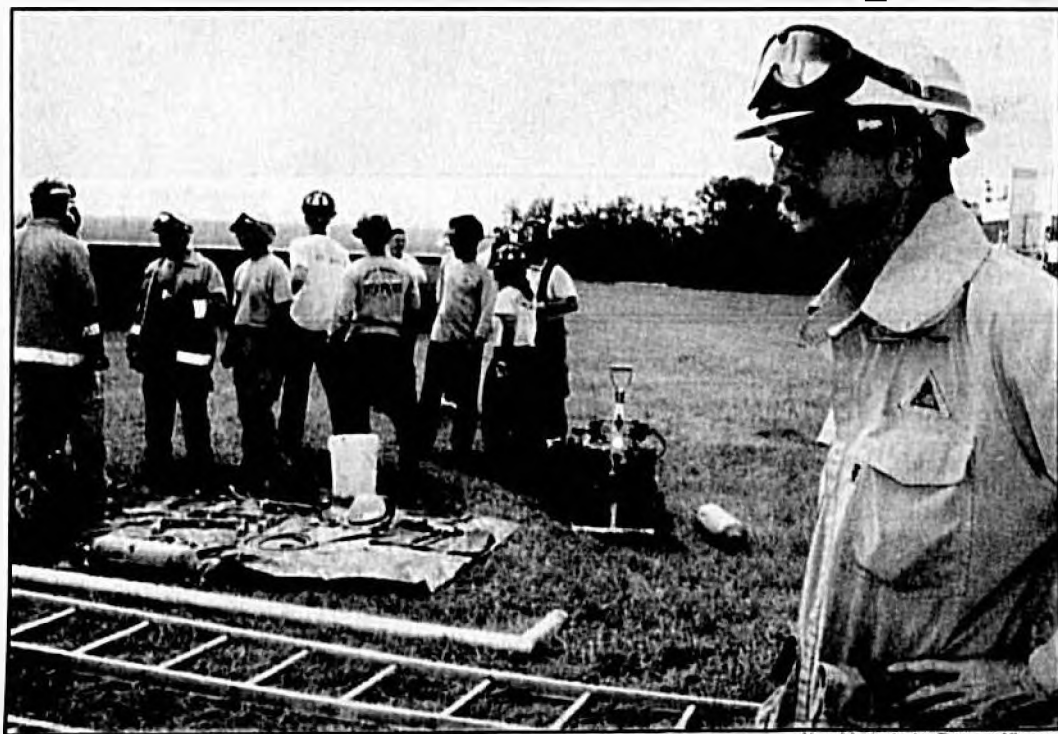

Ray claimed that when he realized there would be difficulties with his residency at 121 Aldean Drive he moved to his sister's house at 344 Hidden Lake Drive and changed all of his address forms for the second time.

A week and a half ago, Ray's sister, Amy Klages, told her landlord Gerald Fritz that her brother was not living with her. Minutes later she told *The Herald* that she didn't want to get in trouble with Fritz, but Ray was residing at 344 Hidden Lake Drive. Ray's wife, Janet, said her husband had an option to buy 344 Hidden Lake Drive. Fritz said Janet's statements were untrue.

Ray said he didn't want to comment on what others may have said about his residency.

Tanker Training

Seminole County Assistant Chief Chris Johnson led three days of training in tanker pump-off operations.

Special ops teams ready when tankers overturn

By Steve Paradis
Herald Staff

SANFORD — Former Seminole County Fire Chief Gary Kaiser told a group of firefighters Oct. 13 about the day in 1987 when he had the privilege of talking with a less-than-happy lieutenant governor.

A gasoline tanker truck had overturned on Interstate 4 just north of State Road 434 that day. Because of lack of training and equipment, the interstate closed down for 12 hours.

"Even though we had foamed the spill," Kaiser said, the department erred on the side of caution. He said the state has a dollar figure for the economic impact for each hour the interstate closes.

"Every hour costs hundreds of thousands of dollars," said Kaiser, also a former Seminole County manager who now directs the Lake County Department of Public Safety.

Kaiser didn't share exactly what the lieutenant

governor told him back then, but he indicated that the leader in Tallahassee wasn't happy with the main artery through Central Florida being shut down for half a day.

"We decided this is never going to happen again," Kaiser said Oct. 13 at a joint training session for Seminole and Lake County firefighters.

In the past, if a tanker overturned in Lake County, neighboring Seminole County had to come in and help. After the Oct. 13 training session, however, Lake County will be able to handle those calls on its own.

A special truck has come online now and the special operations response team is in place in Lake County.

Seminole County Assistant Chief Chris Johnson led three days of training. The Oct. 13 training took place at the Yankee Lake Treatment Plant off State Road 46, near the Lower Wekiva River State

Thunder will roll in Sanford streets during first bikefest

By Liane Edixon
Herald Staff

SANFORD — This weekend Sanford's lakefront will hear thunder, but it may not be from the latest storm, but from the city's first ever bikefest, Thunder in the Streets.

Rain or shine, Sanford/Seminole County Chamber of Commerce said, the bikefest will go on.

The weekend will kick off with a VIP party at the Orlando Sanford International Airport at the South East Ramp.

Festivities will include entertainment by Dreams the band, who will present its Leather and Lace Stevie Nicks tribute show. Tickets are \$30, which includes a dinner buffet catered by Hops restaurant and one free drink coupon from Wayne M. Densch. There will also be a cash bar. The party will have a silent auction to support The Foundation for Seminole County Public Schools, Inc. Tickets are on sale now and at the door.

"We expect over 400 people at the VIP party," Bill Elliott, event chair, said.

Saturday will begin with a motorcycle ride in, with riders coming from 12 different starting points, all gathering behind the Seminole Towne Center Mall, at the location of the future Hooters restaurant at 10:30 a.m.

The Seminole County Sheriff's Office will then escort the more than 1,000 motorcycles to downtown Sanford. The bikers are expected to hit downtown Sanford at about 11 a.m.

The Lake Monroe RiverWalk will be lined with 75 vendors, including food, beer, charitable vendors, bike vendors, and Chamber vendors.

"We will have bands, food, cocktails, all on Sanford's beautiful lakefront," Elliott said.

The evening will cap off with the crowning of Miss Thunder in the Streets at 6 p.m. There will be live music until 11 p.m. that night. Blackfoot will play at 7:30 p.m. and Molly Hatchet will play at 9 p.m. A total of 10 bands will play throughout the weekend in between

Arts fest returns to Lake Mary

From Staff Reports

LAKE MARY — The Lake Mary Heathrow Festival of the Arts returns for the 19th consecutive year Saturday and Sunday, Nov. 5 and 6, from 9 a.m. to 5 p.m. both days at Colonial TownPark in Lake Mary.

The festival is a world class juried art show, and has more than 200 artists in categories such as paintings (oils, acrylics, watercolors and pastels), graphics and drawings, photography, sculpture, glass, pottery, jewelry, wood, mixed media and fine crafts.

Student Art and Activities: Elementary, middle, and high schools from Seminole County will display more than 1,800 pieces of student artwork in a variety of mediums.

Art teachers from the Seminole County Art Education Association will provide free art activities for children on Saturday and Sunday from 11 a.m. to 4 p.m.

The Kid's Activity area also includes sand art, pony rides, face painting, rock climbing wall, and Little Red Fire Engine ride.

The Lake Mary Heathrow Festival of the Arts is a 501C4 non-profit organization, which raises money through sponsorships and donations awarding college scholarships to local students desiring a higher education.

This year the festival will host free concerts on the main stage. Friday night the band Planet 9 takes the stage at 7:30 p.m. featuring band members from

SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

Photo submitted

From left, Kelly Morrow, Tiffany Davis and Gail Hoffman Bonjione at the Pink Ribbon Ball.

Pink Ribbon Ball helps single moms with breast cancer

LAKE MARY — More than 100 people attended The Kathy Hoffman Corso Foundation's 2nd annual Pink Ribbon Ball at the Orlando Lake Mary Marriott Oct. 7.

The ball was held in memory of Katharine Hoffman Corso, a long-time Sanford Resident, who died Nov. 14, 2003, after a six-year battle against breast cancer. It was Kathy's wish that the Foundation continue to support local single mothers who are faced with financial burdens associated with this costly disease.

More than 100 family members, friends and colleagues joined the festivities which began with a social hour and silent auction of more than 120 donations. Organizers thank everyone who contributed either monetary or gift items. In the Grand Ballroom, guests viewed a stage beautifully decorated with white columns, pink tulle, and white lights that supported the Foundation's black and gold banner. Under the Foundation banner, a large picture of Katherine Hoffman Corso rested on a gold easel draped in black. Each table's centerpiece included a rose vase with pink and white silk flowers and greenery joined with a rose ribbon.

Guests received a program and a white and black ribbon magnet with the Foundation's name as a token of their support. Gail Hoffman Bonjione, Corso's sister and Pink Ribbon Ball chairperson, welcomed everyone. The Seminole High School JROTC students presented the colors and everyone joined in the Pledge of Allegiance. Donna Scott, an attorney for the State Attorney's Office and close friend of Corso, along with Ernest Williams opened the festivities with a beautiful duct. Father Richard Trout of All Souls Catholic Church provided the blessing before dinner.

During the program, Bonjione introduced the Foundation Board Members who served on the Pink Ribbon Ball Committees. They include: Patti Smith, president/founder; Gail Gentile, vice-president; Katherine Brehl, secretary; Susan Hoffman Richards, treasurer; Charles Hague, Sandi Maisak, Kelly Morrow, Kimberly Corso Kimmig and Sanford Mayor Linda Kuhn.

After a video that Corso's children had prepared for last year's ball was shown with additions about the annual KHCF Walk/Run in January and pictures from last year's event, Bonjione introduced Corso's children to the crowd. Kimberly Corso Kimmig, 21, graduated from Stetson University with a Sports Medicine Degree in May and then married Uriah Kimmig in June.

William T. Corso Jr., 20, who entered the U.S. Navy two months before his mother's death, recently returned from an eight month tour in Iraq as a medic for the Marines.

He is currently stationed at Camp Lejeune, N.C., and will return to Iraq for a second tour in February.

Paige Corso, 16, is a junior at Seminole High School in the Health Academy Program.

Michael Corso, 15, is a freshman at SHS and also a member of the Health Academy.

The evening's featured speaker, Dr. Willie Newman, a well-known gynecologist and obstetrician, gave a moving account of his relationship with Corso not only as her doctor but also as her friend. In addition, Vanessa Echols, one of the morning news anchors for WFTV Channel 9, told of her personal experiences with breast cancer and the treatments that continue following her diagnosis. Besides Echols, Bonjione recognized and presented small tote bag gifts to two other breast cancer survivors: Deborah Hoffman, Corso's sister-in-law, and Janie Paone, who is a nine-year survivor.

This event could not have happened without the generosity and help from numerous people. Special thanks to Robert Fisher and Bob Parsell for their corporate sponsorship.

Also, thanks to Steve Richards' Air-Conditioning and Heating, Inc. and to Len Brehl of Summertime for their generous donations to the Silent Auction.

Jeanne's Day

Herald photo by Tommy Vincent

Safehouse of Seminole accepts a donation of \$1,300 raised by employees of Concord Management Limited of Maitland. They had jeans day where they donated money to wear jeans to work. Shown presenting the money are Lori Trainer, center, regional director of Concord, and David Feo, right, tax manager.

Drug related

• Jason Fitzgerald, 19, of Eustis, was arrested by Sanford police on Oct. 13, in the 2500 block of Oak Avenue. He was charged with possession of cocaine with intent to sell, and resisting an officer without violence.

• Christopher Hill, 20, of Lake Jennie Drive, Sanford, was arrested by Sanford police on Oct. 8 following a traffic stop. Officers said after his vehicle stopped, he attempted to break into an apartment in Castle Brewer Court. He was charged with burglary with assault and battery, possession of over 20 grams of cocaine, possession of under 20 grams of marijuana, tampering with evidence, and driving with a suspended license.

Robbery

• Howard Terry Scott, 42, of Pecan Avenue, was arrested by Sanford police Monday in the 600 block of West 11th Street. He reportedly robbed a man in the alley near a store on 11th Street. He was charged with robbery with a firearm, and aggravated battery with a deadly weapon.

Assault - Battery

• Davis Mohamed, 36, of Lake Avenue, Sanford, was arrested by Sanford police early Tuesday at his residence, following an altercation with a female. He was charged with battery (domestic violence).

• Arlington Gene Yates, 44, of Elliott Street, was arrested by Sanford police Saturday at his residence as the result of a dispute with a female. He was charged with aggravated battery with a deadly weapon (knife), inflicting bodily harm or terror-

izing a victim, and battery - causing bodily harm.

• Dolly Denise Barrow, 34, of Country Club Circle, was arrested by Sanford police Saturday at her residence. She was reportedly involved in a dispute with her stepson. She was charged with battery - touch or strike (domestic violence).

• Vanessa Remley, 18, of Oak Avenue, was arrested by Sanford police Sunday in the 100 block of Anderson Circle. She had reportedly been in a fight with a male. She was charged with battery - touch or strike (domestic violence).

Thefts

• Jose Figueroa Santiago, 52, listed as homeless, was arrested by Sanford police Monday at a store in the 3600 block of Orlando Drive. He reportedly took a \$9.96 bike lock from the store without paying. He was charged with petty larceny, and resisting property recovery from a merchant.

• Soei Hiony Tjhan, 58, of Deltona, was arrested by Sanford police Saturday at a store in the Seminole Towne Center. She reportedly took a total of \$120 in merchandise from stores without paying. She was charged with petty shoplifting from a merchant.

• Elsie Beza, 46, and Carmine Mercogliano, 62, both of

Casselberry, were arrested by Sanford police on Oct. 14, at a store in the 3600 block of Orlando drive. The couple reportedly took items from the store without paying. Each was charged with petty shoplifting from a merchant.

• Evelyn Candelaria, 42, of Wilner Circle, was arrested by Sanford police on Oct. 14 at a store in the 3600 block of Orlando drive. She reportedly took three DVD movies from a store without paying. She was charged with petty shoplifting from a merchant.

• Ronald Dixon, 47, and Thomas Ruby, 54, both listed as homeless, were arrested by Sanford police Sunday at a store in the 3700 block of Orlando drive. Dixon reportedly took a pair of shoes from the store without paying. He was charged with shoplifting. Ruby had been previously issued a trespass warning at the store, and was charged with trespassing.

Traffic stops

• Latron Thomas, 24, of Sanford, was stopped by Sanford police on Oct. 14 in the 2500 block of Myrtle Avenue. He was charged with driving with a suspended license.

Other Arrests

• Johnathan Nickalous Brown, 18, of McKay Blvd., was arrested by Sanford police Monday in the 100 block of Pinefield Drive. He was charged with giving a false ID to a law enforcement officer.

• Bill Kenneth Lane, 47, listed as homeless, was arrested by Sanford police Monday in the 100 block of West First Street. He was charged with disorderly conduct.

Sanford announces crossing closures

SANFORD — Due to railroad crossing paving projects, the following crossings will be closed in the near future, according to the city of Sanford Public Works Department.

• From Oct. 28 to 30: The crossing at Palmetto Avenue between East 16th Street and East 18th Street as well as the crossing at East 20th

Street and Glen Way Drive will close. There will also be a partial closure at Sanford Avenue and Glen Way Drive.

• From Oct. 19 - 21: The crossings at Pecan Avenue between West 6th Street and West 7th Street; at West 11th Street between Holly Avenue and Cedar Avenue; and at Elm Avenue between West 13th

Street and West 14th Street will all be closed.

• From Oct. 21 to 24: The crossings at Oak Avenue between West 14th Street and West 15th Street as well as the one at Magnolia Avenue between East 16th Street and East 17th Street will close. There will also be a partial closure at Park Avenue and West 15th Street.

Training

Continued from Page 1A

Park entrance. An actual tanker trailer was donated for the training. "We've been doing this since 1987," Johnson explained. He has been to tanker spills and accidents all over Central Florida.

He said Seminole County has a few new people on its special hazards and operations team, so they received training as well. For others in the group of 25 or so firefighters, the training amounted to a refresher course.

Johnson explained that gas tankers haul as much product as possible, but the truck weights are regulated. Companies try to make the trucks as light as possible, using aluminum.

If the tanker tips over, the product is too heavy to just turn the truck upright.

"That's why we have to drill," he said, as firefighters mounted the training tanker to drain its 9,000 gallons of product, which for training purposes was water.

"Sometimes we get lucky when the tanker carries diesel fuel," he said. Diesel isn't as flammable as gasoline.

The first duty for firefighters is to ground the tanker because static electricity could pose a problem. The domes normally on the top of the tanker but now on the side, are secured as much as possible, he said.

During drilling, one firefighter sprays water as another drills a large hold in the side of the tanker, now on top. A slinger, kind of like the proboscis of a mosquito, is inserted all the way in and a pump removes the product to a nearby tanker.

Johnson is known as an area expert in mitigating this type of hazardous incident.

"I've just been fortunate," he said. "Having been chief of

Herald photo by Tommy Vincent

Lake County firefighters Kara Miller and Jack Garofano, on top, train to empty a gas tanker in a joint exercise with Seminole County firefighters Oct. 13 at the Yankee Lake Treatment Plant.

operations, I've been to more tanker rollovers than just about anybody."

Seminole County Fire Chief Lecanna Raw said the training was a great opportunity to work with Lake County.

"This training is going to substantially increase our capabilities," said Jim Dickerson, assistant chief of operations for the Lake County Fire Rescue Division.

"Previously we would have to call in a neighboring agency to assist in tanker-truck accidents," Dickerson said. "Lake County has never had this capability until now."

On the training field, Dickerson said the Seminole and Lake County teams have worked together on some high profile rollovers. He added that the teams still might work together on calls when a tanker crashes.

Having worked with both teams, Kaiser said it was a unique experience for him to be there Oct. 13 with both departments.

Sixty firefighters from Lake and Seminole County Special Hazards and Operations teams completed training over the course of the three days, a news release said.

SCC concert will take a 'Musical Walk Down Memory Lane'

SANFORD — Seminole Community College will continue its 40th Anniversary Celebration as the college's vocal and instrumental groups take a "Musical Walk Down

Memory Lane" Tuesday, Oct. 25 at 7:30 p.m. in the Sanford/Lake Mary Campus Concert Hall (building G).

The concert is free and open to the public, however,

in the wake of the Hurricane Katrina disaster, donations will be collected and given to the American Red Cross Hurricane Relief Fund.

For more information, call 407-708-2040.

Fab Follies new musical 'In the Pink'

SANFORD — The Fab Follies, Central Florida's senior entertainment troupe, will perform its new musical extravaganza for the coming year, "In The Pink".

Reserve seating for the Oct. 22 and 23 shows are \$15 orchestra, and \$12 balcony. For tickets call 407-321-8111.

To book one a performance, or for more information contact 407-699-6222 or visit www.fabfollies.com.

Homeowners with money worries may qualify for low-interest loans

Have you been turned down for a loan? Do you need more than \$10,000 for any reason? Are you paying more than 10% interest on any other loans or credit cards?

If you are a homeowner and answered 'yes' to any of these questions, they can tell you over the phone and without obligation if you qualify.

High credit card debt? Less-than-perfect credit? Self-employed? Late house

payments? Medical bills? IRS liens? *It doesn't matter!*

If you are a homeowner with sufficient equity, there's an excellent chance you will qualify for a loan—usually within 24 hours.

You can find out over the phone—and free of charge—if you qualify.

Honey Mae Home Loans is licensed by the Florida Department of Financial Services. Open 7 days for your convenience.

BUSINESS

Girard Companies opens new Sanford headquarters

SANFORD — The Girard Companies, which is a parent company of Girard Environmental Services, Inc., recently opened its headquarters at 1250 Central Park Drive in Sanford, according to a Wednesday news release.

The new 5,500 square-foot building nearly double the size of Girard Environmental Services' headquarters on West First Street, which is conveniently located a mile away from the new building.

Anne Rue Interiors of Lake Mary provided interior design for the office, with furniture by Workscapes.

With a steady increase in business since Girard Environmental Services' inception in 1998, The Girard Companies was formed to accommodate the demand of growth that the company has been experiencing.

The moving and expansion will bring new services to existing clientele, help introduce

Leo Girard

services to new clients and accommodate the company's growth in the future, the release stated. The Girard Companies include various outdoor and landscaping divisions and encompasses Girard Environmental Services as one of the company's divisions.

"Girard Environmental Services is and has been experiencing tremendous growth," said Rick Girard, CEO of The Girard Companies. "With more than 200 full-time employees it has become imperative to expand our workplace — and services."

Established in 2005, The Girard Companies provides outdoor and landscaping services through its various divisions.

Stirling promotes Morold to general manager of residential sales

HEATHROW — Stirling International Realty recently promoted LaNell Morold to general manager of the residential sales division, the company announced Monday.

Roger Soderstrom, owner

and founder at Stirling, said Morold joined Stirling less than a year ago and has been the manager for the Dr. Phillips and MetroWest Showcase Galleries.

Morold has more than 18 years of real estate experience

that ranges from abstracting, title examinations, conveying and legal documents to setting up relocation divisions and directing the education, licensing, recruiting for 24 branch real estate offices.

Bealls Opens

Elton John, Hall and Oats and Orleans.

Saturday night national recording artist — Jazz Saxophonist Paul Howards performs at 7 p.m.

The events are all free to the public.

On site parking is available for a \$5 donation. Free parking with free shuttle service is available at the 701 building

parking lot on International Parkway.

For more information visit: www.lm-heathrowfestival.com or call the festival hotline at: 407-444-0484.

Candidate

Continued from Page 1A

"I don't want to get them into it," Ray said. "They wasn't doing anything illegal."

Ray said that his family had a lot of phone calls, and didn't want to get into a mess.

"They were threatened," Ray said.

Ray is now living with his sister and her family at 344 Hidden Lake Drive, but he said the rest of his family is not.

The District 4 race is a special election at the Nov. 8, 2005 general election due to

the unexpected medical resignation of former Sanford City Commissioner Kevin Hipes. The other candidate running for the District 4 seat is local attorney Jack Bridges.

Bridges moved to Sanford in 1951 and has practiced law in Sanford since 1973. Bridges said in an earlier interview that he has never had political aspirations to run for higher office, but he wanted to get involved in Sanford's growth.

No candidate forums or

debates have been announced for the special election. Ray said that District 4 is "very quiet".

"I guess we're going to run the race and see what happens," Ray said.

The District 4 hopeful said that he doesn't think the probe into his residency will affect his campaign negatively.

"I ran before," Ray said. "I've got a good record, so [there] wouldn't be any other reason for people to think otherwise."

Colliers negotiates property sale

LONGWOOD — Colliers Arnold Commercial Real Estate Services recently negotiated the sale of 2.5 acres of commercial property at 580 S. Ronald Regan Blvd. (CR 427), Longwood, in Seminole County for \$825,000.

Trevor Hall, Jr., director of land services with the firm's Orlando office, negotiated the transaction representing the Orlando-based buyer Property General, Inc., a Florida Corp. Eula Scott LLC of Maitland was the seller.

The property, which

includes a 5,900 square foot building, will be used for a vehicle service facility.

Founded in Tampa Bay in 1974, Colliers Arnold is a full service commercial real estate firm.

The company offers sales, leasing, asset and property management, corporate services, valuation and consulting services.

With offices in Orlando, Tampa, Clearwater and Fort Myers, together with Colliers International partners in Jacksonville, Miami and Fort Lauderdale, Colliers offers first class commercial real

estate services to virtually every Florida Market.

Colliers Arnold has more than 150 employees, including more than 60 real estate professionals, with an average of 17 years of experience in commercial real estate.

More than 40 professional designations earned by Colliers Arnold brokers, managers and consultants, evidence the firm's commitment to continuing education. Colliers International is a global commercial real estate alliance with 248 offices in 51 countries worldwide.

Military News

SPANGLER

Navy Seaman Nicholas B. Spangler, son of Waldo A. Spangler of Sanford, has returned from a three-month deployment while assigned to the amphibious assault ship USS Salpan, homeported in Norfolk, Va.

Spangler's unit participated in a number of bilateral and multilateral theater security engagements that directly supported the war on terrorism by strengthening enduring and emerging regional partnerships and increasing presence.

Spangler is a 2003 graduate of Titusville High School and joined the Navy in June, 2003.

BROWN

Air Force Airman 1st Class Dinishia A. Brown has received a commander's coin from the 332nd Air Expeditionary Wing Command Chief Master Sgt. For outstanding performance while deployed to Iraq in support of Operation Iraqi Freedom.

Brown is an aircrew life

support apprentice regularly assigned to the 510th Fighter Squadron, Aviano Air Base, Italy.

She is the daughter of Willie and Roslyn Flounory of Brightview Drive, Lake Mary. She was a 2003 graduate of Seminole High School.

NELSON

Navy Seaman Andrew Nelson, son of Roseann and Stanley L. Nelson of Longwood, departed on a scheduled deployment in support of the Global War on Terrorism, while assigned to the guided-missile destroyer USS Donald Cook, homeported in Norfolk, Va.

Nelson is a 2000 graduate of Lyman High School in Longwood and joined the Navy in August, 2004.

NEWTON

Marine Corps Pvt. Jeffrey A. Newton, son of Susan J. Newton of Longwood and Richard E. Newton, Sr. of Osteen, recently completed 12 weeks of basic training at Marine Corps Recruit Depot, Parris Island, S.C.

Third Community Meeting for the Rural Lands Study Seminole County Planning Division

WHEN: Tuesday, November 1, 2005
6:00 p.m. to 8:00 p.m.

WHERE: Walker Elementary School
3101 Snow Hill Road
(multi-purpose room)

WHY: Final workshop to review alternatives to address key issues raised during the first two community meetings

Map is for graphic purposes only.

We will discuss alternatives to address the transitioning of future land uses between urban areas and the Rural Area. Products of the meeting will include a set of refined land use alternatives for each "transition" area and direction on supporting Comprehensive Plan policy. The consultant team will make a presentation on the "transition" area issues and alternatives. A small group exercise will provide opportunity to review the alternatives and discuss policy recommendations for the Rural Area.

All residents, property owners, and other stakeholders in or near the Rural Area, are encouraged to attend and participate.

For more information, please visit our website at www.seminolecountyfl.gov or contact the Planning Division: 1101 E. First Street, Sanford, FL 32771, 407-865-7371, email at plandesk@seminolecountyfl.gov.

 5 p.m. to 6 p.m. — Rambler

Thunder

Continued from Page 1A

the two stages.
 Sunday, vendors will be opening at 9 a.m., with music starting at 11 a.m.

Other festivities throughout the weekend on the lakefront include a custom bike shows, a tattoo contest, and an appearance and show by the Central Florida Drill Team who just won nationals.

High Steppers Karate will present a kid's zone, and Elliott said that although this is a family event, parents should carefully watch small children around the motorcycles, because the pipes can be very hot at times.

"To most bikers their motorcycle is their own, cherished, personal work of art. They not only invest an inordinate amount of money, but also time. Although bikes can be most beautiful, they could be dangerous if driven inappropriately. Bikers do love to show off their possessions, but it is also expected that observers and parents use caution and respect when looking at the myriad of motorcycles," Elliott said.

Because Sanford's bikefest is being held concurrently with Daytona's bikefest, who are expecting more than 250,000, Elliott's excited about Sanford's turnout.

"Heaven only knows how many people will come," he said.

The Chamber of Commerce expects an equal number of residents who are non-bikers to come from Volusia, Orange, Osceola, Brevard, and Lake Counties, as well as Seminole County.

Elliott said that there is a craze with motorcycles now, and it has captured the attention of people who do not ride.

"There is a sense of wistfulness and freedom that is used in some sentences with motorcycles that captures people's imagination," Elliott said.

He said it's a time in society right now where people are frustrated with hurricanes and other world dilemmas. Elliott believes Thunder in the Streets is an event that can give people a breath of fresh air, and a reason to get outside and enjoy a

“
 People owe it to themselves to come and see ...
 ”

Bill Elliott,
 Bikefest event chairman

day of exploring a new city event, and also a newly renovated downtown area.

"People owe it to themselves to come and see Sanford's first ever bike festival," Elliott said.

Elliott said that in addition to the 75 vendors, people should also take a gander down 1st Street and the surrounding sidestreets at the "neat little" bars, restaurants, and shops.

The Chamber is very excited, Elliott said, to have the opportunity to demonstrate to the businesses of Seminole County and Sanford that they can make Sanford a more desirable location to come to and live.

Elliott credited the city of Sanford with making the lakefront prettier. He said the city is becoming progressive enough to realize that festivals along the lakefront are "wonderful additions" to the residents and businesses in the city, as long as each event takes care of the assets and polices its own.

"The Chamber is greatly thankful to the city for its support and sponsorship, and the downtown merchants for putting their faith and trust [in us] that we have their best interests at heart, and we look forward to a great inaugural event that hopefully will lead to future events of the same kind," Elliott said.

For a complete schedule of this free event, visit the event's Web site at www.sanfordbikefest.com. Information on VIP party and tickets is also available online.

Make yourself at home.

 A Trip You Will NEVER Forget

National BREAST CANCER AWARENESS Month

Mortality rates continue to drop

A new report from the American Cancer Society finds progress in early detection and treatment of breast cancer continues to result in a slow, steady drop in mortality rates, a trend that started in 1990.

The latest figures show the death rate from breast cancer dropped by 2.3 percent a year since 1990, with the drop most evident in younger women.

The findings are published in Breast Cancer Facts and Figures 2005-2006 (available online at <http://www.cancer.org/statistics>).

First published in 1996, this biannual report provides estimates of cases and deaths for the current year and presents information on known risk factors of the disease, factors that influence survival, as well as the latest on prevention and early detection, treatment, and ongoing research on the disease.

Highlights of Breast Cancer Facts & Figures 2005-2006 include:

- Breast cancer is the most frequently diagnosed cancer in U.S. women (excluding cancers of the skin), with 211,240 cases of invasive breast cancer expected in 2005. This accounts for nearly one out of three cancers diagnosed in U.S. women.

- As far as cancer deaths are concerned, breast cancer ranks second in U.S. women (after lung cancer), with 40,410 deaths expected in 2005.

- In 2002 (the latest year figures are available), nearly 2.3 million women living in the U.S. had been diagnosed with breast cancer.

- Between 1987 and 2002, incidence rates increased by 0.3 percent per year overall, with the increase limited to women age 50 and older. Rates actually declined among women 40 to 49, and there has been little change among women under 40 during that same time period.

October 21 is National Mammography Day

The third Friday in October each year is National Mammography Day, first proclaimed by President Clinton in 1993. On this day, or throughout the month, we encourage women to make a mammography appointment. In 2005, National Mammography Day will be celebrated on October 21.

- Much of the long-term underlying increase in incidence among women is due to historical changes in reproductive patterns, such as delayed child-bearing and having fewer children.

- Between 1975 and 2002, the incidence of male breast cancer increased by 1.1 percent per year. The reasons for the increase are largely unknown.

- The death rate from breast

cancer in women decreased by 2.3 percent per year between 1990 and 2002. Death rates decreased by 3.3 percent per year among women younger than 50, and by 2.0 percent per year among women 50 and older.

- The decline in breast cancer death rates since 1990 has been attributed to improvements in treatment and to early detection.
- The overall five-year rela-

tive survival rate for women diagnosed with breast cancer is 88 percent. The ten-year relative survival rate is 80 percent.

- The five-year relative survival rate for white women is 90 percent compared to 76 percent for African American women; the difference attributed in part to later stage at detection and poorer stage-specific survival.

- While utilization of mammography has been increasing, women below the poverty level are still less likely to have had a mammogram within the past two years than women at or above the poverty level.

"The steady decrease in death rates since 1990 shows that we are making progress against breast cancer," said Stephen F. Sener, MD, national volunteer president of the American Cancer Society. "However, breast cancer is still the number two cancer killer among women; clearly we have more to do. This year the Society is supporting 188 research projects totaling nearly \$104 million, studying everything from biological pathways that turn benign breast lesions into cancer, to the relationship between tumor growth and body mass index."

The American Cancer Society is dedicated to eliminating cancer as a major health problem by saving lives, diminishing suffering and preventing cancer through research, education, advocacy and service.

Founded in 1913 and with national headquarters in Atlanta, the Society has 13 regional Divisions and local offices in 3,400 communities, involving millions of volunteers across the United States.

For more information anytime, call toll free 1-800-ACS-2345 or visit www.cancer.org.

— SOURCE: American Cancer Society

Definitions

Breast cancer: cancer that starts in the breast. The main types of breast cancer are ductal carcinoma in situ, invasive ductal carcinoma, invasive lobular carcinoma, medullary carcinoma, and Paget disease of the nipple (see definitions under these headings). Most breast specialists believe that lobular carcinoma in situ is not a true cancer.

Breast implant: a sac used to increase breast size or restore the contour of a breast after mastectomy. The sac is filled with silicone gel (a synthetic material) or sterile saltwater (saline). Because of concern about possible, but as yet unproven, side effects of silicone, these implants are now available only to women who agree to participate in a study in which side effects are carefully followed.

Breast reconstruction: surgery that rebuilds the breast after mastectomy. A breast implant or the woman's own tissue is used. If desired, the nipple and areola may also be recreated. Reconstruction can be done at the time of mastectomy (immediate reconstruction) or any time later (delayed reconstruction).

Breast self-exam (BSE): a method of checking one's own breasts for lumps or suspicious changes. BSE is an option for women in their 20s and older. The goal with BSE is to know what your breast tissue feels like and report any breast changes to a doctor or nurse right away.

Breast specialist: a health care professional who has a dedicated interest in breast health. While he or she may acquire specialized knowledge in this area, medical licensing boards do not certify a specialty in breast care.

Breast-conserving therapy or breast conservation therapy: surgery to remove a breast cancer and a small amount of benign tissue around the cancer, without removing any other part of the breast. The lymph nodes under the arm may be removed, and radiation therapy is also often given after surgery. This method is also called lumpectomy, segmental excision, limited breast surgery, or tylectomy.

Highs and lows

Emotional night on and off field for gridders

By Dean Smith
Herald Staff

What is normally a very emotional day for schools became even more so last Friday when tragedy was tossed into the mix. Lake Howell senior Gil McLain was killed early Friday morning when he was involved in an accident on Red Bug Lake Road as he traveled to school. A truck turned onto Red Bug right in front of McLain's motorcycle and the tight end/linebacker had nowhere to go. The driver of the truck said he didn't see McLain because his vision of the road was slightly blocked by another vehicle.

And while most of the effect from the incident was on the Silver Hawks, obviously, no one was exempt from the heartbreak.

Lake Howell decided to go ahead and play the game against state-ranked Mainland, anyway, and did so in honor of its fallen teammate. The visiting Buccaneers also joined in the remembrance. The Silver Hawks put forth a great effort, but the awesomely talented Bucs were just too much for the hosts to overcome as they fell 48-6, in the Class 5A-District 3 battle at Richard L. Evans Field.

Lake Howell's lone score came in the fourth period on a 16-yard pass from junior quarterback Taylor Beasley to junior wide receiver DJ Hopson.

The Silver Hawks fell to 2-5 overall and 0-2 in 5A-3, while Mainland, ranked No. 5 in the Class 5A State Poll, improved to 7-1 overall and 2-0 in the district, clinching a berth in the playoffs.

McLain's death also had a huge effect on Lyman as he had played for the

See Football, Page 3B

Herald photos by Romeo Guzman (top) and Jim Wentz (left)

Emotions were mixed at best for several football teams on Friday as Lake Howell and Lyman were dealing with the death Friday morning of Gil McLain (No. 18 dark uniform, above, earlier this season against Lyman) in a motorcycle accident on his way to school Friday morning. McLain was in his first season with Lake Howell after transferring from Lyman and both teams played in his memory. Lake Mary Prep, meanwhile, was on the losing end of a 51-6 decision to The Master's Academy, but the Griffins got to celebrate their first touchdown of the season when sophomore Gus Marquez (No. 10, left) ran the ball in from 19 yards out.

Water sports to hold districts

By Dean Smith
Herald Staff

The swimming and diving teams take their place in the spotlight this weekend when district meets are held throughout the area.

First up on the schedule is the Class 3A-District 2 Diving Meet at the Lake Brantley Aquatic Center in Altamonte Springs today (Wednesday) starting at 4 p.m.

The swimmers will take the water on the Lake Brantley campus on Friday starting at 9 a.m.

The host Patriots will welcome Seminole Athletic Conference foes Lake Mary, Lyman, Oviedo, Seminole and Winter Springs to the pool along with Apopka, Colonial, Edgewater, Ocoee and Winter Park.

Lake Howell will be by its lonesome as far as county foes are concerned as the Silver Hawks will be the lone entry from Seminole County in Class 2A-District 6.

The Diving will be held on Friday at 10 a.m. at Satellite High School in Satellite Beach and the Swimming will take place on Saturday starting at 9 a.m. at the Fort Orange YMCA Pool.

Joining Lake Howell in the district will be Astronaut (Titusville), Atlantic (Port Orange), Mainland (Daytona Beach), Merritt Island, New Smyrna Beach, Rockledge, St. Cloud, Satellite (Satellite Beach), Seabreeze (Daytona Beach) and Titusville.

Four county squads will be taking part in the Class 1A-District 4 Meet on Saturday at Lake Highland Prep in Orlando.

The Swimming gets underway at 9 a.m., with the Diving at 1 p.m. and the swimming finals in the afternoon and evening.

The newest entry in the SAC, Hagerly, will be in the field along with always powerful Trinity Prep, Orangewood Christian and the Lake Mary Prep girls.

Rounding out the 16-Team field will be Bishop Moore (Orlando), Circle Christian (Orlando), Cocoa, Cocoa Beach, Edgewood (Merritt Island), Father Lopez (Daytona Beach), The First Academy

Lyman first to clinch berth in the playoffs

By Dean Smith
Herald Staff

The Lyman Greyhounds became the first football team in Seminole County to lock up a postseason berth as they routed Pine Ridge, 41-0, in a Class 5A-District 3 game on Homecoming Night at the Carlton D. Henley Sports Complex Friday night.

Lyman improved to 4-2 overall and a perfect 2-0 in the district, while the Panthers fell to 0-7 and 0-2.

The Greyhounds secured their third straight trip to the FHSAA playoffs with wins over Lake Howell and Pine Ridge. State power Mainland, which had crushed the Panthers earlier this season, also wrapped up another trip to the regionals on Friday when they eased past Lake Howell. Lyman and the Buccaneers will meet for the regular season district title, and a home game on the first night of the playoffs, on October 28th at the Daytona Beach Municipal Stadium.

Coach Bill Caughell's Greyhounds were especially outstanding on defense, holding Pine Ridge to only 38 yards rushing on 13 carries and 129 yards of total offense, while forcing four fumbles, recovering two, and intercepting three passes, including a 31-yard interception return for a touchdown by junior defensive lineman Justin Hall.

The defensive effort set up short drives of 10, 30 and 27 yards for the hosts first three touchdowns, two on runs by stand-out running back David Muniz and the other by quarterback Chris Bridgman.

Bridgman, a senior, had a big night leading the Greyhounds' attack, running for 44 yards on just four carries and completing 4-of-7 passes for 95 yards, including a 49-yard strike to Ryan Fleming in the third

quarter.

Kicker Nick Basquill-White also had a big night, booting field goals of 41 and 39 yards, converting on all five of his extra point attempts and booming a pair of punts for a 48-yard average.

Lyman will tune-up for the showdown with Mainland by hosting Gainesville High School in a non-district, non-conference game this Friday. It will also be Senior Night at the Carlton D. Henley Sports Complex and kickoff is set for 7:30 p.m.

GREYHOUNDS 41, PANTHERS 0

Punts-yards - Pine Ridge 3-107; Lyman 2-96.

INDIVIDUAL STATISTICS
RUSHING - Pine Ridge: Lundquist 7-40; Harris 5-0; Cowart 1 (minus-2); Lyman: Muniz 13-54; Bridgman 4-44; Francis 8-34; White 5-25.
PASSING - Pine Ridge: Lundquist 8-29-3, 91; Lyman: Bridgman 4-7-0, 95.
RECEIVING - Pine Ridge: Christian 4-56; Cowart 4-33; Lyman: Fleming 2-70; Muniz 2-25.
PUNTING - Pine Ridge: Dauenhauer 3-107 (35.7); Lyman: Basquill-White 2-96 (48.0).

Herald photo by Jim Wentz

Lyman senior quarterback Chris Bridgman had a big game on Friday, completing 4-of-7 passes for 95 yards, including a 49-yard touchdown pass to Ryan Fleming, and running for 44 yards on four carries and another touchdown as the Greyhounds clinched a spot in the playoffs with a 41-0 Homecoming victory over Pine Ridge in Class 5A-District 3 action at the Carlton Henley Sports Complex.

Football

Continued from Page 2B
Greyhounds the past two seasons and even in Spring practice before transferring to Lake Howell over the summer.

Lyman's superior talent and energy gained from a big Homecoming crowd was enough for the Greyhounds to also clinch a playoff spot in 5A-3 in a 41-0 victory over Pine Ridge (see story, below). There were also mixed emotions of a different type at Lake Mary Prep.

The Master's Academy won their first game of the season, and first in Class 1B-District 4, with a 51-6 victory over the homestanding Griffins.

The ecstatic Eagles (1-6 overall, 1-2 in district) got a big effort from sophomore quarterback Brett Boncore, who threw for 149 yards and two touchdowns and also scored a running touchdown from five yards.

But LMP (0-7, 0-3) had something to cheer about too, as sophomore running back Gus Marquez scored a touchdown on a 19-yard run midway through the fourth quarter, the first points scored by the Griffins this season, including the Kickoff Classic.

In other games: Winter Springs very nearly got caught looking ahead to upcoming big district matchups as the Bears fell behind non-district and non-conference foe Timber Creek (2-5), 13-0, at halftime.

The game was as sloppy as the field conditions as the two teams combined for 13 fumbles, 11 in the first half, and two interceptions.

But the Bears came to life when freshman running back Al-Terek McBurse, three carries for 78 yards, broke through for a 71-yard touchdown run on the first series of the second half.

Midway through the quarter, sophomore quarterback Taylor Salem found his favorite target, tight end Lars Anderson, for a 12-yard touchdown and the go-ahead score.

Junior running back Tim Boykins then gave the visitors some breathing room with a three-yard score late in the game as Winter Springs won, 21-13, to improve to 4-3 on the season.

Boykins finished with 94

yards on 13 carries, Elwil Acevedo ran for 50 yards on 10 carries and also caught a pass for 12 yards, Tony Caldwell had one carry for 28 yards and the touchdown and the other quarterback Matt McKinnon was 1-for-2 for 23 yards to lead the Bears.

Trinity Prep fell behind visiting Taylor High School from Pierson immediately as the Wildcats' Carl Padgett returned the opening kickoff 90 yards for a touchdown and the Saints could never completely recover as they fell, 42-14, in a Class 2B-District 5 game at Hubbard Field.

The Saints, who lost for the fifth straight time to fall to 2-5 overall and 0-3 in district play, did get back as close as 28-14 on a 45-yard touchdown run by Nana Appah-Sampong in the first quarter and an 80-yard kickoff return by Austin Barton in the third quarter, but Taylor was able to pull away as Volusia County's leading rusher, L.J. Johnson, ran for 306 yards on 26 carries and scored three touchdowns. The Wildcats are now 3-3 on the season and 1-2 in 2B-5.

On Thursday night, Orangewood Christian just missed an upset and all but clinching a playoff berth when Trinity Christian from Deltona drove 80 yards for the winning score in the final minute to give the visitors a 14-7 victory in the Class 1B-District 4 game at Hungerford Prep Stadium.

The game was scoreless until the Eagles (4-3 overall, 2-1 in 1B-4) scored on a three-yard run in the third quarter.

The Rams (2-5, 1-2) looked like they might pull off the upset when Chris Goodwin ran the ball in from six yards out with 5:28 left and Aaron Gendreau added the extra point to put the hosts up, 7-6.

But Trinity Christian ate up the clock with the 80-yard drive and scored with 40 seconds remaining to claim the win. The biggest play of the game came in that final drive when Eagles quarterback Philip Elmer scrambled to 13 yards on a fourth-and-four from the Orangewood 48 to keep the drive alive.

There will be one huge game on this week's schedule as district unbeaten Lake Brantley and Oviedo will meet

in a Class 6A-District 2 contest as John Courier Field starting at 7 p.m. The winner will clinch a playoff spot.

But there will also be a big 6A-2 game in Winter Springs when the Bears host Seminole in Homecoming at the A.W. Epps Sports Complex starting at 7 p.m.

Winter Springs is 1-1 in the district and must win to keep its playoff hopes alive.

A Bears win and a Lions loss to the Patriots would send Winter Springs to Oviedo next week (Oct. 28) with a postseason berth on the line. Even if the Lions win this week, next week's game, should the Bears also win this week, would still be important as a Winter Springs win would likely set-up a three-team playoff for district spots.

Lake Mary, despite two losses in 6A-2 play, still has an outside shot at making the playoffs as if Lake Brantley loses to Oviedo this week and then the Rams next week and Winter Springs splits its last two district games, there would be a three-way tie for second.

Lake Mary has a break this week, hosting Lake Howell for Senior Night at Don T. Reynolds Stadium starting at 7 p.m.

In other games, Gainesville is at Lyman for the Greyhounds' Homecoming starting at 7:30 p.m.; Father Lopez is at The Master's Academy at 7 p.m.; Orangewood Christian is at South Daytona-Warner Christian at 7 p.m.; Trinity Prep is at Crescent City at 7:30 p.m.; and Lake Mary Prep will host Boca Raton Christian for a rare Saturday afternoon game starting at 3 p.m.

(Orlando), Harmony, Lake Highland Prep (Orlando), Merritt Island Christian (girls only), Orlando Lutheran and Space Coast (Port St. John).

Most of the Girls' District Volleyball Tournaments are already underway and most will be playing their Championship Matches tomorrow (Thursday).

The Class 6A-District 3 Tournament will play its semifinals tonight (Wednesday) at Winter Springs High School with final set for Thursday at 7 p.m.

The Class 5A-District 5 Tournament final will be Thursday at 7 p.m. at Lake Howell High School between the winner of Tuesday's semifinals between the No. 3 Mainland and No. 2 Seabreeze and top-seeded Silver Hawks

and No. 4 New Smyrna Beach. Class 3A-District 8 with Hagerly, Crooms and Trinity Prep, will play its final at Lake Highland Prep on Thursday at 6 p.m.

The Master's Academy was the No. 2 seed in the Class 2A-District 9 Tournament at The First Academy in Orlando and will play in the first semifinal against Tuesday's Holy Trinity/Lopez contest at 5:30 p.m. on Thursday.

Top-seeded TMA will take on the Edgewood/Mount Dora Bible winner in the other semi at 7 p.m. with the winners returning to play in the Championship Match on Saturday at 6 p.m.

Class 1A-District 5, in which Lake Mary Prep was the No. 2 seed, will hold its final on Thursday at 7 p.m. at Warner Christian School in South Daytona.

Week of October 17, 2005 Advertising Networks of Florida

Breast Cancer Awareness Month

Early detection, early signs

According to the National Breast Cancer Foundation, some early signs of breast cancer can include:

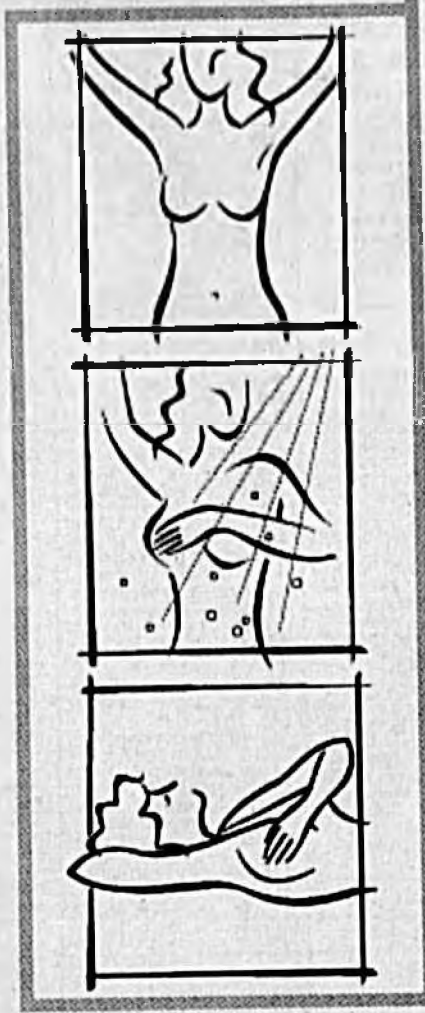

- A lump is detected, which is usually single, firm, and most often painless.
- A portion of the skin on the breast or underarm swells and has an unusual appearance.
- Veins on the skin surface become more prominent on one breast.
- The breast nipple becomes inverted, develops a rash, changes in skin texture, or has a discharge other than breast milk.
- A depression is found in an area of the breast surface.

Women's breasts can develop some degree of lumpiness, but only a small percentage of lumps are malignant.

While a history of breast cancer in the family may lead to increased risk, most breast cancers are diagnosed in women with no family history. If you have a family history of breast cancer, this should be discussed with your doctor.

Some facts about breast cancer include:

- Every two minutes a woman is diagnosed with breast cancer.
- This year more than 211,000 new cases of breast cancer are expected in the United States.
- One woman in seven who lives to age 85 will develop breast cancer during her lifetime.
- Breast cancer is the leading cause of death in women between the ages of 40 and 55.
- 1,600 men are expected to be diagnosed with breast cancer this year and 400 are predicted to die.
- Seventy percent of all breast cancers are found through breast self-exams. Not all lumps are detectable by touch. We recommend regular mammograms and monthly breast self-exams.
- Eight out of ten breast lumps are not cancerous. If you find a lump, don't panic-call your doctor for an appointment.
- Mammography is a low-dose X-ray examination that can detect breast cancer

up to two years before it is large enough to be felt.

- When breast cancer is found early, the five-year survival rate is 96 percent. This is good news! More than 2 million breast cancer survivors are alive in America today.

An Early Breast Cancer Detection Plan should include:

- Clinical breast examinations every three years from ages 20-39, then every year thereafter.
- Monthly breast self-examinations beginning at age 20. Look for any changes in your breasts.
- Baseline mammogram by the age of 40.
- Mammogram every one to two years for women 40-49, depending on previous findings.
- Mammogram every year for women 50 and older.
- A personal calendar to record your self-exams, mammograms, and doctor appointments.
- A low-fat diet, regular exercise, and no smoking or drinking.

How to do a Breast Self-Examination

- **IN THE SHOWER** Fingers flat, move gently over every part of each breast. Use your right hand to examine left breast, left hand for right breast.
- Check for any lump, hard knot or thickening. Carefully observe any changes in your breasts.
- **BEFORE A MIRROR** Inspect your breasts with arms at your sides. Next, raise your arms high overhead.
- Look for any changes in contour of each breast, a swelling, a dimpling of skin or changes in the nipple. Then rest palm on hips and press firmly to flex your chest muscles. Left and right breasts will not exactly match - few women's breasts do.
- **LYING DOWN** Place pillow under right shoulder, right arm behind your head. With fingers of left hand flat, press right breast gently in small circular motions, moving vertically or in a circular pattern covering the entire breast. Use light, medium and firm pressure. Squeeze nipple; check for discharge and lumps. Repeat these steps for your left breast.

Myths and Facts

MYTH: Finding a lump in your breast means you have breast cancer.

TRUTH: Eight out of ten lumps are benign, or not cancerous. If you discover a persistent lump in your breast or any changes in breast tissue, it is very important that you see a physician immediately. Many times fear keeps women from aggressive health care. Sometimes women stay away from medical care because they fear what they might find. Take charge of your own health by monthly self-exams, regular visits to the doctor, and regularly scheduled mammograms.

The diagram to the right illustrates some common non-cancerous breast anomalies. Although these may feel like lumps to the touch, they should not be cause for concern. However, only your doctor can diagnose these conditions and suggest treatment. The bottom line is, if you detect something out of the ordinary during your monthly breast self-exam, see your doctor immediately. Early detection always is the best form of prevention.

MYTH: Men do not get breast cancer.

TRUTH: This year 211,000 women will be diagnosed with breast cancer and 43,300 will die; however, 1,600 men will be diagnosed with breast cancer and 400 will die. While the percentage of men who are diagnosed with breast cancer is small, men should also give themselves monthly exams and note changes to their physicians.

MYTH: A mammogram can cause breast cancer to spread.

TRUTH: An x-ray of the breast is called a mammogram. The x-ray and the pressure on the breast from the x-ray machine cannot cause cancer to spread. Do not let tales of other people's experiences keep you from having a mammogram. Base your decision on your physician's recommendation and ask the physician any questions you may have about the mammogram.

MYTH: Having a family history of breast cancer means you will get breast cancer.

TRUTH: While women who have a family history of breast cancer are in a higher risk group, most women who have breast cancer have no family history. If you have a mother, daughter, sister, or grandmother who had breast cancer, you should have a mammogram five years before the age of their diagnosis.

MYTH: Breast cancer is a communicable disease.

TRUTH: You cannot catch breast cancer or transfer it to someone else's body. Breast cancer is the result of uncontrolled cell growth in your own body.

MYTH: Knowing you have changes in the BRCA1 or BRCA2 gene means you can prevent breast cancer.

TRUTH: Five percent to ten percent of women who have breast cancer are thought to carry the mutant BRCA1 or BRCA2 gene. Alterations in these genes for men and women can predispose them to breast cancer. If you are a carrier of the genes, you should be monitored closely by your physician. Carriers of the genes have a lifetime risk of developing breast cancer.

Women fail to return for routine screenings

ATLANTA — A new study finds the number of women getting routine screening mammography may be less than previously reported. The study, published in the Oct. 15, 2005, issue of *CANCER*, a peer-reviewed journal of the American Cancer Society, finds as many as one in three women have never had a mammogram or have not had one in more than two years, and that many women have one or two mammograms then fail to return for regular screenings.

While screening mammography has been credited with significant improvements in breast cancer outcomes, the success of campaigns to increase screening use have not shown consistent

improvements. In New Hampshire studies assessing use demonstrate that overall use by women 50 years old and older range from 65-82 percent and depend on age. However, these studies rely on self-reporting surveys prone to poor patient recall or single community healthcare facility use.

Registries, like the New Hampshire Mammography Network (NHMN), track actual use by communities, suggesting more accurate data on use. Led by Patricia A. Carney, Ph.D. of the Dartmouth Medical School, researchers compared data from the NHMN registry to the 2000 census for New Hampshire to understand patterns of mammography use in

New Hampshire. The researchers found 36 percent of women 40 and over in New Hampshire had either never had a mammogram or had not had one in over 27 months. Older women over 80 years old were more likely than younger women to not receive screening.

Among those women who had received screening in their lifetime, only 65 percent received routine screening within the recommended one to two year interval. The remaining 35 percent had one or two screening mammograms and did not return with 27 months.

Dr. Carney and her colleagues conclude that "routine mammography screening may be occurring less often

than believed when survey data alone are used." They call for further study to explore the reasons women had one or two mammograms only and then did not return for additional screening.
