2 ICE COVERED PLANES CRASH IN MOUNTAINS

Pilots Who Braved Fleeted Area Along East-West Air Lane Bail Out To Safety

PORTAGE, Pa., Dec. 11.—(A.P.)—Their wings covered with ice, two transcontinental and western mail planes crashed to earth today in fog-shrouded Allegheny mountains. The pilots bailed out safely.

There were no passengers on the ships which braved the "graveyard of the skies" to attempt to get the mail through. All passenger flights were cancelled earlier when snow began to fall.

The first plane, piloted by Gene Barford of Columbus, Ohio, left Pittsburgh for Harrisburg, Philadelphia, and New York at 1:53 o'clock A. M. As ice began to form on the wings, the plane began to lose altitude, and Barford took to his parachute about 2:40 o'clock.

The second plane, with pilot Andrews at the controls and westward bound from New York via Harrisburg at 1:25 o'clock A. M. Shortly after 1:50 o'clock he flashed the word that he was bailing out in one of the most dangerous sections of the Alleghenies. He landed safely and notified his office at 1:30 o'clock.

Railroads Told To Withdraw Help Of Company Unions

WASHINGTON, Dec. 11.—(A.P.)—Railroads which have been supporting company unions were warned by Joseph B. Eastman, federal coordinator of transportation, recently that they must cease such activities.

Writing to the regional coordinating committees in the East West and South, Eastman said a questionnaire has disclosed violations of section 7 of the emergency transportation act.

This section forbids railroads from seeking to influence or compel employees to join company unions or to assist such unions financially or to interfere in any way with employees' organizations.

"The principle now embodied in the law, in short," Eastman said "is that railroad management must keep their hands off so far as labor organizations are concerned. That this principle is sound is not open to question if we believe as we must that employees are free American citizens and not a special class subservient to the employing class. Whatever may have been the attitude of employers in the past it is plain that today they are prepared to insist upon the right to bargain with their employees upon equal terms."

CAPONE DENIED WRIT

ATLANTA, Dec. 11.—(A.P.)—Alvin Karpis, former Chicago gang chief, Saturday lost his second attempt to gain his freedom on a habeas corpus writ from the Atlanta federal penitentiary when Federal Judge E. Marvin Underwood denied Capone's writ after his attorneys claimed the statute of limitations was in force where he was indicted.

TO RATIFY AMENDMENT

Sanford City Commissioners, meeting in regular session at the City Hall tonight, will ratify the new amendment to the city ordinance on a principal feature of their regular meeting, starting at 7:30 o'clock.

PRESBYTERIAN LEADER DIES

COLUMBUS, Ohio, Dec. 11.—(A.P.)—William Oxy, Thompson, president emeritus of Ohio State University and former president of the assembly of the Presbyterian Church in the United States of America, died recently.

Coughlin Lays Depression At Door Of Capitalists Who Demand Gold Standard

DETROIT, Dec. 11.—(A.P.)—Assailing what he said was a gold standard capitalist's grip on industry, the Rev. Charles E. Coughlin, in an address yesterday charged that the effort to maintain the gold standard was responsible for the depression that began in 1929.

The industrialists, Father Coughlin asserted, are at the mercy of gold standard capitalists and added that money had become "not the medium of exchange but the medium of control."

The crusading priest once during his address yesterday, mentioned the name of J. P. Morgan, illustrating previous charges of financial control reaching into many billions of dollars. He praised a recent resolution by the national association of manufacturers as significant, he said of the support industrialists as opposed to gold standard capitalists according to President Roosevelt in his monetary program.

He predicted the large number of manufacturers who signed the resolution would be joined by Henry Ford and others who have not yet announced unqualified support of the Roosevelt recovery program.

"In giving honor where honor is due," Father Coughlin said, "in referring to his commendation of the manufacturers' association resolution, 'I am in no sense condoning the evils of mass production.'

Refer to financial independence came, said Father Coughlin, there must be a complete divorce of capitalism and industrialism with capital entitled only to interest on its investment.

Financialism and industrialism for more than 150 years, the (Continued on Page Four)

KANSAS IS SCENE OF NEW DISPLAY OF MOB VIOLENCE

Cowboy Rushed Out Of State To Forestall Lynching, Is Jailed

HUTCHINSON, Kan., Dec. 11.—(A.P.)—Rushed out of Oklahoma to forestall possible mob violence, Jack Wisdom, Kansas cowboy wanted in connection with three killings, was brought to the Kansas State Reformatory here today for safekeeping.

Governor Alf Landon of Kansas announced at Topeka that he would call out the national guard to protect Wisdom if it became necessary.

Wisdom is charged with the killing of a man who was suspected of slaying a woman. He is also charged with the killing of a man who was suspected of slaying a woman.

Wisdom is charged with the killing of a man who was suspected of slaying a woman. He is also charged with the killing of a man who was suspected of slaying a woman.

City Will Manufacture Pipe For New Sewers

The City of Sanford is planning to enter the field of manufacturing concrete pipes. It was indicated today when Superintendent of Parks James Moughton began directing the reconstruction of the former McCracken Concrete Pipe Co. plant on West 12th Street.

W. J. McCracken, who started the plant in operation here during the "boom" period, is expected to arrive this week to superintend the making of pipe which will be used in rebuilding the city's sewer system.

The state Civil Works Administration approved a \$45,000 appropriation for the reconstruction of local sewers some months ago, and members of the City Commission have been considering and discussing details of this project since that time. It is understood that approximately 20,000 feet of pipe will be needed in this work.

New Shipment Of Auto Tags Received Today

County Tax Collector Jno. D. Jinks announced today that he is now prepared to deliver 1934 automobile and truck tags for automobiles requiring the \$10 and \$15 tags, and for trucks under \$1000 pounds in weight.

A large shipment of tags arrived today, he said as he urged all persons to secure their tags early and avoid a last minute rush which usually occurs. He reminded truck owners to have their trucks weighed at the Court House, and that tags for trucks would be secured direct from Tallahassee.

OSCEOLA BACK IN SERVICE

The recently remodeled and repainted river freighter "Osceola" arrived in Sanford shortly before noon yesterday on her first trip from Jacksonville after having been tied up at the Municipal Pier since early last summer. The "Osceola" brought a small cargo of freight, and it was loaded with a cargo of oranges while a large crowd looked on. The craft therefore has begun its regular winter service as a freight boat operating between Sanford and Jacksonville.

STATES REPRESENTED

Scouts Jack Bolt and Brantley Adams who were in charge of the Chamber of Commerce registration booth at the Sanford Municipal Zoo yesterday afternoon reported today that over 25 persons representing eight states, had registered their names and their intentions of Florida and the zoo.

NOTED BANKER RAPS CRITICS OF ROOSEVELT

Peabody Declares For Commodity Stand- ard Of Values A S Cure For World Ills

ATLANTA, Dec. 11.—(A.P.)—A conviction that in a commodity standard of values lies the way to solution of many of the world's economic ills was expressed here last night by George Foster Peabody, the banker.

Speaking at a dinner of President Roosevelt, he declared in an interview, "There is no legitimate basis for those not in control of official action to criticize in detail administration policies while the President, to touch with academic economists, tries out various programs by practical measurement."

During his active career, in banking and politics, Peabody added, he had a part in defeating the metalism and "had the conviction that it is absurd to depend on a metal not possible of expansion or contraction as a standard of value. When trade and commodity values expand there is failure to expand on the part of metal and when trade and commodities contract there is no metallic contraction."

"I have always felt," he continued, "that there has been a clear sense of justice back of the demand of the dollar class that they should not have to pay back two husbands of what where the value of only one was borrowed."

He alluded to the problem of adjusting indebtedness, wages and (Continued on Page Four)

Lindberghs, Safe At Manaus, Leave For U.S. Tomorrow

MANAOS, Brazil, Dec. 11.—(A.P.)—Colonel and Mrs. Charles Lindbergh plan to spend tonight here, Pan American Airways announced today. They will leave about 4:00 o'clock P. M. tomorrow on another of their flights to reach home by Christmas.

Their arrival in this river port in the heart of Brazil's vast expanse of equatorial jungle was the signal for an enthusiastic populace which crowded to the dock to watch them swoop from the sky. Bulletins in the newspaper Journal announced their approach and as they came into view steers from river steamers screamed a welcome. They made a perfect landing in the broad harbor and canoes immediately surrounded the plane.

Lindbergh assisted in tying the plane to a floating buoy maintained by the Pan-American Airways here, for which as technical advisor he is conducting his long aerial survey tour.

The route from Para to Manaus carried the Lindberghs over the majestic Amazon with its hundreds of tributaries and small islands, thick with virgin forests, the most beautiful tropical scenery in Brazil and perhaps in the world.

With Anne at the wireless, the plane was in constant touch with stations en route. Her signals came in with clarity and regularity.

Sanford Dogs Will Be In Orlando Field Run

When the fifth annual field trials of the Florida Field Trial Association are started on their way tomorrow morning on a 1000-acre game preserve near Teft, prize dogs owned by Sanford sportsmen will be among probably 70 dogs that are entered in the trials.

V. E. Douglass has entered Philophanes Joyhouse Jaka, winner of first place last year; W. C. Hill has entered Seminoles Babe in all three stakes, while E. J. Ammons has also entered a dog.

Drawings are to be held in Orlando tonight at 7:30 o'clock. Dogs that place in the trials will be eligible to run in competition with other dogs from all parts of the nation in the national amateur championship to be run in Albany, Ga., on Feb. 12.

Spanish Troops Take Fort From Rebels

MADRID, Dec. 11.—(A.P.)—Government troops moving under a merciless barrage of gunfire today charged and captured Villaneva Military Base, rucks in which rebel forces had held out against a heavy bombardment for hours. At least seven rebels were slain bringing to 85 the known dead in the anarchist revolutionary movement which broke out Friday and which flared with new violence in central and northeastern Spain yesterday. Swarming over the walls of the improved fortress which formerly was a convent, soldiers quickly took the barracks which had been the most bitterly contested point in more than three days of scattered fighting.

HARDIE CLAIMS HE HAS DATA TO IMPEACH SHOLTZ

Ex-Dade Sheriff Says Governor Is Linked With Noted Gambler

MIAMI, Dec. 11.—Dan Hardie, suspended Dade county sheriff, in a signed statement today linked Governor Dave Sholtz with Big Bill Dwyer, notorious New York underworld figure, and Dave Levine, of Miami, in a deal to permit unimpeded operation of gambling dens here this winter.

"I have the strongest possible corroborative evidence to prove the Governor is working here in a deal with one of the biggest gambling chieftains in the country to 'open up' Miami," Mr. Hardie declared, "which I will present at the next session of the Senate. Impeachment of the chief executive is certain to follow."

Mr. Hardie's signed statement follows in full:

"At the general election held in November, 1932, more than 60,000 voters cast their ballots for me as sheriff of Dade County."

"I charge that on Dec. 10, 1932, while attending an Elks' initiation, Governor Dave Sholtz informed me that he wanted to see me, and designated Sunday, Dec. 11, 1932, at the McAllister Hotel, 1:30 P. M., as the time. Prior to the meeting, Mr. Hayes Wood informed me that the Governor wanted the meeting delayed and later I called at the McAllister Hotel and there met the Governor, who was in conversation with Mr. Jack Cleary and Mr. William Monty. The Governor asked me to step into an adjoining room, he closed the door and there informed me that he did his own talking, and had no 'go-between,' and that he wanted gambling joints to operate."

"On Jan. 3, 1933, I took office as sheriff."

"In January, 1933, one Big (Continued on Page Two)

Porto Rican Party Gave City Quick Inspection

With local Chamber of Commerce officials acting as escort, a party of about 25 Porto Rican business men and state officials paid a hurried visit to this county this morning en route to DeLand, Ocala, and Gainesville on their tour of Florida. Governor Robert Gore, Florida newspaperman, was not with the party.

The group was met at Geneva Avenue and Park Avenue at about 10:00 o'clock today. Within half an hour it had been taken on a tour of the East Side city belt, through the city behind motor-cycle escort, and after a visit to the Mountain Ice Co. plant, to the Volusia County line where it was met by a DeLand delegation.

MORE AUTOS BOUGHT

CHICAGO, Dec. 11.—(A.P.)—Sales of new automobiles in Cook county totaled 2675 in November, compared to 929 in November last year, while sales in Illinois were 4997 and 1804 for November, 1933 and November, 1932, respectively.

STEEPLE CHURCH SIX

STILO, Italy, Dec. 11.—(A.P.)—A church steeple, shaken by a storm, crashed yesterday upon an adjoining house, killing six persons and gravely injuring four.

BUSINESS MEN MAKING READY FOR HOLIDAYS

Best Christmas Trade In 2 Years Indicated In Trend Last Week; Construction Gains

NEW YORK, Dec. 11.—(A.P.)—Vigorous preparations for the best Christmas in at least two years "nitted good cheer in the business reports of the past week.

Retail distribution of merchandise questioned as the Christmas shopping began in earnest after Thanksgiving. Last minute rush orders have tended to sustain wholesale business at level of recent weeks.

Dun & Bradstreet's preliminary estimates indicate that December retail business will exceed \$1,000,000,000.

Industrial output continues to hold up well for this season, when year-end suspensions for inventories and repairs are expected.

Still rather slow in getting into production of 1934 models, the motor industry is gradually quickening, and with dealers stocks of cars reduced to abnormally low levels, a vigorous expansion of manufacture is planned for the next few weeks.

Steel most production cut rates to hold just under 30 per cent of capacity, the rate which has been maintained for the past four weeks, but has gained slightly during the past week.

The publication "Steel" says in its survey that a little recession may occur this week, and that some suspension of activity over the holidays is to be expected, but present indications are for a December volume approximately that of November, an unusual occurrence for the last month of the year. The well sustained output is regarded as reflecting confidence in a substantial seasonal increase in the first quarter of 1934.

Building and construction continues to feel the stimulus of public works contracts, statistics for November show a fair gain.

Commissioner Mills Is Reported Improving

Although a nurse at an Orlando hospital reported at noon today that County Commissioner L. P. Mills of Ocala is "much better," it was learned from several residents of Ocala that he has contracted double pneumonia and that it has been found necessary to resort to the oxygen treatment.

Commissioner Mills suffered an attack of appendicitis late Thursday night. An emergency operation was performed early Friday morning when it was discovered that his appendix had broken Saturday. His condition was reported as very low.

The nurse was not in a position to say whether this report was true, however, and Commissioner Mills' physician could not be located at his office or at his residence early this afternoon.

BOARD TO MEET

The December meeting of the Board of Directors of the Seminole County Chamber of Commerce will be held at the City Hall tomorrow night at 7:30 o'clock. It was announced today in the 60 or more directors residing in the city and county.

GROCERS TO MEET

Forrest Gatchel, president of the Sanford Independent Retail Grocers Association has called a special meeting of the Association to be held in the City Hall tomorrow night at 7:30 o'clock. He will be joined by the 60 or more directors residing in the city and county.

FOUR DIE IN WRECK

MT. GILEAD, Ohio, Dec. 11.—(A.P.)—Four persons were killed by a train at Cardington yesterday. The victims were Charles D. Winstan, 28, a Delaware, Ohio, stock buyer; his wife, their daughter, Gwendolyn, 19, and Herman Henry, 22, also of Delaware.

FIVE DROWN IN FLOOD

BOGOTA, Colombia, Dec. 11.—(A.P.)—Five persons were drowned yesterday in floods which swept through Honda on the Magdalena River.

Large Part Of Nation Is Covered By Snow

(By The Associated Press)
Winter's first widespread snow of the season covered many sections of the nation today. In the Pacific northwest rampaging flood waters brought death and suffering over the week-end. A coverlet of snow extended from the Great Lakes Region over the Rocky Mountain states and the Eastern states from the New England states south and westward along the Ohio River valley. New York City was visited by a snowstorm which covered streets two inches, and cloudy weather and more snow with a drop in the temperature is forecast there.

DANCE CONTEST ENDS WITH FIRE THAT CLAIMS 3

Gay, Stormy History Of Maine Marathoners Closes Tragically

HAMPDEN, Maine, Dec. 11.—(A.P.)—The gay and stormy history of Hampden's marathon dancing contest has ended in tragedy.

Fire breaking out late last night while a blizzard howled outside the pavilion and outdoor contestants rested on their cots, cost the lives of at least three and may to many more.

From the blazing Paradise Dance Hall where they had plotted many weary weeks amid the applause and cheers of their supporters, thirty clad dancers fled into the biting gale. They forgot the prizes for which they had struggled as they ploughed knee deep in snow drifts piled high by a 30 hour storm.

Pajama clad young men and women bare foot and many of them painfully burned pulled about in the drifting snow and near zero temperature seeking their partners and friends.

The charred bodies of three were found in the ruins today. The victims are all men.

The origin of the blaze was undetermined by several survivors but it is believed the chimney of the pavilion was toppled by the storm and the building was ignited from the hot air heating plant.

Patrick Again Asks For Donations Of Old Toys

An urgent appeal for more toys, old or new, which might be piled high around the Christmas trees which members of the Sanford Elks Club are planning for the indigent children of the county, was voiced today by W. A. Patrick, chairman of the committee on arrangements.

The response has not been as large as was expected, Mr. Patrick said today, probably because the public had not been fully advised. Believing that a search through any home will bring to light either one or more broken or otherwise discarded toys which might be mended and given to a child this year, Mr. Patrick stated that members of his committee will call at any home in response to a telephone call. Mr. Patrick can be reached at the Seminole Toy Shop.

Name Of Orchestra Is Changed By Leader

Eugene M. Phillips, who will conduct a 30-piece orchestra of junior musicians in their opening concert at the Womens Club building next Thursday night, announced today that he has changed the name of the orchestra from the Sanford Junior Orchestra to the Sanford First National Orchestra.

Mr. Phillips, widely known in Philadelphia and other points for his abilities as a music teacher, promises the music-loving residents of this city a program that will surprise. He has stated that the 30 young men and women comprising the new organization are a credit to a city of much larger proportions, and he invites the public to hear the concert without charge.

BLACKMAILER BARRED FROM U. S. BUILDING

Ickes Orders Staff To Watch For Man Who Spoke Insultingly To Governor Sholtz

WASHINGTON, Dec. 11.—(A.P.)—Secretary Ickes, public works administrator says that James Bernard, a manufacturer's agent is "Person non grata" at the interior building, and he has issued an order advising all members of the public works staff to report instantly if Bernard approaches any member of the staff either in the building or on the outside.

Bernard is barred because he is reported to have "threatened" Governor Dave Sholtz of Florida with a federal ban on Florida public works projects unless the governor used his influence to have a specific road project recommended to Ickes.

At Tallahassee, Governor Sholtz today made public his letter which he sent to Secretary Ickes, which resulted in the order making Bernard "Person non grata" at the public works building.

The governor complained to Ickes that Bernard was "offensive and rather insulting" in a threat that he would have Florida projects "blacklisted" before the Public Works Administration unless he got approval for a project in which he is interested.

The governor wrote Ickes that he had "no desire to make trouble for anyone but the attempt on the part of Mr. Bernard was entirely too raw to put up with without advising you." The governor had no comment to make on his correspondence.

Blind Girl Thrilled By Embrace, Kiss Of Orchestra Head

CHICAGO, Dec. 11.—For years sightless, Margaret Long, 25, had listened to a voice over the radio. In a golden voice she wore a picture of the angel, although she could not see it.

She wrote a timid letter to the owner of the voice and got an answer. More letters followed.

Recently the blind girl gave a red-car dollar to lead her to a La Salle Street station train shed. She waited eagerly.

From the train stepped a man Margaret was involved in a long hug and received a kiss. After a few words they parted, the girl returning to the train and Margaret to her work as Illinois superintendent at the public library. Margaret was happy.

She had been kissed by Rudy Vallee.

Salvation Army Heads Installed Sunday Night

The official installations of Captain Irene Mitchell and Lt. Ruth Bishop as leaders of the local Salvation Army post took place at the Army headquarters on Second Street last night.

A large audience was present to witness the ceremonies which were carried out under the direction of Adjutant and Mrs. Charles Johnson of Jacksonville. Mrs. Johnson is the former Captain Annie Harris of this city. During the services two professions of faith were made.

D.A.R. Chapter Holds Its Regular Meeting

Mrs. A. Bartholdi Peterson and Mrs. R. D. Caswell were hostesses at the regular meeting of the D.A.R. Chapter of the D.A.R. held Friday afternoon at the home of Mrs. Peterson on Magnolia Avenue. Mrs. Samuel Tolsted presided.

During the meeting Mrs. Neil Lovell read a Christmas message from Mrs. Maena, president-general of the D.A.R., and Mrs. L. P. Haggen gave a report of the recent barnyard bridge party. Toward the close of the meeting, a check for the annual Ellis Island show was collected.

At the tea hour refreshments were served from a long table which was overlaid with a Madeira cloth and centered with a bowl of pink roses, carnations and two candleabra holding lighted pink candles. Tea and coffee were prepared by Mrs. Peterson and Mrs. J. N. Whitton.

Those present were: Mrs. L. P. Haggen, Mrs. John G. Leonard, Mrs. G. I. Loucks, Mrs. Karl Lovell, Mrs. Samuel Tolsted, Mrs. J. N. Whitton, Mrs. Frank J. Woodruff, Mrs. H. T. Lehman, Mrs. A. Bartholdi Peterson, Mrs. R. D. Caswell, Mrs. Percy Lee Bell, Mrs. Alice Caldwell, and Mrs. Emma Beba Munson.

The P.T.A. Auxiliary will have a subscription bridge party at 8:00 P. M. at the E.K.S. Hall to raise money for Christmas baskets with Mrs. Rex Packard, Mrs. Howard Overlin and others as hostesses.

P.T.A. TO MEET

"New Facts about Children and Movies" will be the subject for discussion at the regular meeting of the Junior High School P.T.A. to be held Tuesday at 3:30 o'clock at the school auditorium. Mrs. R. Munson, Mrs. E. Jones, Mrs. M. Munson and Mrs. Alice Whitton will assist with the discussion.

Mrs. Munson Delivers Talk To Music Club

A talk on Johann Sebastian Bach was given by Mrs. Fannie S. Munson Saturday afternoon at the regular meeting of the Cerebral Music Club held at Mrs. Munson's studio on Oak Avenue. Mrs. Mary E. Andrews presided and gave an figure in B flat.

Except from Mrs. Munson's talk were "Bach was the greatest composer of polyphonic music the world has ever known."

He was an orphan at 10 years of age and was largely self-taught. He was twice married. His second wife was a singer and he said "All my children (eleven) were taught to sing and I can easily give a family concert at any time."

"In Bach's time there were no trains, no telephones, no telegraphs. Had Bach visited America in his boyhood he would have found New York with a population of 100,000. Massachusetts especially Salem would probably be his home."

Mrs. E. T. Glenn was assistant speaker at the meeting and spoke on the program. Mrs. Glenn is with her second husband, Mr. Glenn, in Massachusetts. The entire program was given as follows:

Mrs. Fletcher Bailey Wins Prize At Bridge

Mrs. E. T. Bailey won the bridge prize at a party given by Mrs. R. T. Thomas at her home on Oak Avenue on Saturday afternoon. Mrs. Bailey was the only woman to win a prize in the tournament. The tournament was held at the home of Mrs. R. T. Thomas and was won by Mrs. Bailey. The prize was a set of bridge cards.

Mrs. Munson Talks On Music Before Throng

Mrs. F. S. Munson delivered a talk on the life of Johann Sebastian Bach to a large audience at the Cerebral Music Club meeting Saturday afternoon. Mrs. Munson's talk was well received and she was complimented on her knowledge of the subject.

HERE ON THURSDAY

Children of Sanford and surrounding territory will have an opportunity next Thursday of seeing one of the largest elephants now in America when the Royal Zoo, by arranging with the city, brings here "Mighty Mike" seen above the gates at close to five tons and will lead the herd of five elephants on the big street parade to be staged at noon on that day.

The transfer of the thought of one evening to another is a very desirable thing. It is a very desirable thing to have a good night's sleep and a good morning. It is a very desirable thing to have a good night's sleep and a good morning. It is a very desirable thing to have a good night's sleep and a good morning.

MICHIGAN GETS ROCKNE TROPHY AS BEST ELEVEN

Big Ten Team Finished Ahead of Field; Nebraska Is Second

CHAMPAIGN, Ill., Dec. 11.—The University of Michigan football team champions of the Big Ten for the fourth successive year, last night was announced winner of the Knute Rockne national intercollegiate football trophy by Prof. Frank G. Dickinson, originator of the Dickinson football rating system. It was the second consecutive year the Wolverines have received Dickson's first rating.

According to the system Nebraska won second place in national rating and Minnesota third. Michigan, although tied, finished its season undefeated be-

cause of its extremely difficult schedule. Southern California ranked sixth, was added to its position by the strong inter-sectional record of its conference.

Between Pittsburgh in fourth place and Stanford in eleventh there was only the smallest of margins. Princeton, although undefeated did not play an exceptionally strong schedule and was ranked seventh.

In the rating process each conference is ranked on basis of conference games. The inter-sectional games are then used to determine relative standings of various conferences. The final step is to formulate the national rankings from inter-sectional games in connection with the conference ratings, Dickinson said. Victories over Big Ten first division teams counted thirty points plus 2.38 or 32.28. The figures for other conferences depend upon the figures given for the inter-sectional standings.

The Rockne trophy is offered by the "Four Horsemen," Harry Stuhldreher, James Crowley, Don Miller, and Elmer Layden. It must be won three times in a decade in order for a school to obtain permanent possession.

Commenting on the rating, Prof. Dickinson said, "I do not claim that Michigan is national champion. My rating merely means that the Wolverines have overcome strongest position than any other team in the nation—the strength of the opposition being measured by my method of rating—which gives more credit for beating strong teams."

Following are the eleven leading teams for 1933 according to Dickinson:

Team	Won	Lost	Tied	Points
Michigan	7	0	0	32.12
Nebraska	7	1	0	31.61
Minnesota	6	0	4	23.00
Pittsburgh	5	1	0	22.91
Ohio State	7	1	0	22.79
California	10	1	1	22.61
Princeton	9	0	0	22.50
Oregon	5	1	0	22.16
Army	5	1	0	22.16
Purdue	4	1	1	21.55
Stanford	4	1	1	18.24

The following figures show the relative standings of the different sections:

Big Ten plus 2.38 points.
Pacific Coast plus 1.38.
East 0.03
Big Six minus 2.56.
Southern minus 4.09.
Southwestern minus 5.19.

Duke, Columbia, and Alabama were the three leading teams just below the first eleven. This marks the completion of the first decade of Dickinson's national rating system. No school has been on the list of the eleven leading teams every year but Southern California has been on the list nine years out of ten. Notre Dame ranks second with seven out of ten times.

NOTED BANKER RAPS CRITICS OF ROOSEVELT

(Continued From Page One)

commodity values a complex one, pointing out with reference to building particularly materials have advanced around 40 percent while wages have gone up "nothing like that much."

"It is much simpler for merchants to advance their prices than for laborers to have the wages advanced. I have often felt that we bankers (Mr. Peabody is retired now) fixed our own salaries and paid them out of the earnings of other folks," he said, adding, "I have faith in what the President is trying to do."

Straightening out the economic situation, Mr. Peabody told newspapermen, must be carried out by an informed man. "No man," he declared, "has come to face such a complicated situation as the present with as much preparedness from as many angles as Mr. Roosevelt. I don't mean one group of experiments is always the same thing that would have been tried by somebody else in the same position, but a man of preparedness in authority is apt to know more about what he is doing than someone of less preparedness in other circumstances. Mr. Roosevelt has had a few mistakes as any man I've heard of."

"I cannot refrain," Peabody added, "from contrasting the record of the three Democratic presidents of the past 70 years with the record of Messrs. Harding, Coolidge and Hoover, and therefore, I think, there should be a foundation for faith in a country that went through those 12 years of economic madness."

"I call myself a radical," he added, "because I want to go to the root of political evils."

The retired banker predicted "real" recovery would come sooner in the South than elsewhere because "there is less rebuilding to do, because of its climate and facility to raise foodstuffs most of the year and partly because I have faith that the educational progress of the last 30 years in

the Anglo-Saxon South will bear fruit under the leadership we now have."

Coming Circus Draws Interest Of Children

Children of Sanford have become greatly interested in the fact that a circus is coming to town. Especially has their enthusiasm been aroused following an announcement in Saturday's Herald that children of readers of this paper will be able to witness

the performance for only 15 cents, by clipping a coupon which will appear in the paper tomorrow and Wednesday.

Arrangements have been made by the Herald with the manager of Barnett Bros. Circus whereby this reduced rate will be possible. The only way children can take advantage of this offer is by clipping the coupon which will appear tomorrow and Wednesday. Barnett Bros. will bring one of the best circuses on the road today when they come here Thursday. Among the outstanding features of the performance is "Texas Ted" Lewis and his congress of cowboys and cowgirls from all parts of the West. The cowboys will depict all the sports and pastimes of the old western plains. Texas Ted

Bronchial Troubles Need Creomulsion

Persistent cough and cold lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membrane and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest in the world for persistent cough and cold and other forms of throat trouble. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membrane and stop the irritation and inflammation which the creosote gives to the stomach, is absorbed into the blood, and attacks the seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of persistent cough and cold, bronchial asthma, bronchitis, is excellent for building up the system after colds or flu. Your own doctor will authorize it to relieve your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

The Civil Works Administration at Tallahassee today reported that it had today approved a Sanford Municipal Airport project costing \$775,000, providing that the project conforms to federal requirements as to the property being owned by a city, county, or state, and also provided that the county has not exceeded its quota of man hours.

Head Of Daytona Beach Depositors' Group Starts Copy On Way During Hardie Talk

DAYTONA BEACH, Dec. 12.—(A.P.)—Petitions addressed "To Whom It May Concern" and demanding the impeachment of Governor Dave Sholtz were being circulated here today by Edgar Dunn, president of an association of depositors of the defunct Merchants Bank of Daytona Beach.

The petitions were started in circulation at a meeting in the city recreation building last night, called by Dunn, and at which Dunn Hardie, sheriff of Duval County was the principal speaker.

Demonstrations by disturbers outside the hall all but broke up last night's meeting, and they finally were quelled by the police.

While a crowd that filled Casino Borgeyne often interrupted him with bursts of applause, Dan Hardie, ousted sheriff of Duval County, reiterated here last night his charges that Governor Sholtz had removed him from office because he would not permit organized racketeering in Miami.

Another crowd outside the building listened to Hardie's speech and from this throng, toward the close of the talk, came cheers for the Governor.

Hardie delivered his address over the protest of Mayor Edward H. Armstrong, who yesterday in a letter to the entire city commission asked that Hardie be refused a city building for the meeting.

It is planned to make the field's southern boundary, to build a ditch along the eastern boundary, to drain and fill the points in the southern portion of the field, to place storm water on the kangaroo highway, and to provide for the drainage of the haugh.
