Judge Rules Tapes

Belong To Government

WASHINGTON (AP) — A federal judge ruled today that millions of documents and the White House tapes accumulated during the presidency of Richard M. Nixon belong to the government.

The decision nullifies a Sept. 7, 1974, agreement under which Nixon was to have partial access and control of his

"There is no precedent which compels the finding that the 'presidential materials and tapes' are the personal property of former President Nixon," U.S. District Judge Charles R. Richey said in a detailed opinion. At issue are an estimated 42 million documents and 21/2

years of tape recordings generated by the Nixon White The judge did, however, set out an elaborate procedure

for Nixon to attempt to recover items or tapes which he might claim to be private or personal. Rickey's decision, while keeping the Nixon documents in the possession of the government, also declared them

out of bounds for unlimited public access. Richey said that, while materials and tape recordings generated by most federal departments are subject to the Freedom of Information Act, the Nixon papers and tapes

Task Force Cut Back

WASHINGTON (AP) - The Navy reportedly will cut back its aircraft carrier force next year to its smallest size since World War II. The new Defense budget, which will go to Congress next week, is said to reflect a reduction of two carriers. Likely

to go are the 31-year-old Hancock and the nearly 30-year-This would leave the Navy with 13 carriers, including one used for training.

Adm. James L. Holloway III, chief of naval operations, signaled this development Thursday when he told a San Diego audience that surface warships will carry a larger share of the sea-control mission "with the reduction of carrier force levels."

American Age Goes Up

WASHINGTON (AP) - The number of Americans age 65 and over increased by 486,000 between July 1973 and July 1974, while the number of preschool youngsters dipped by 404,000, the Census Bureau says. In a report Thursday, the bureau noted the continuation of a trend toward an older population caused by a

Drug Permits Changed

WASHINGTON (AP) - Effective in late March, each prescription for the widely used tranquilizers Valium and Librium will be valid only for six months and for only five refills, under a government order aimed at curbing alleged abuse of the drugs.

The order, published this week in the Federal Register, remains open for industry and public comment. Hoffman-La Roche Inc., sole manufacturer of the drugs, fought for seven years against federal controls but reportedly has agreed to the new regulations. Valium and Librium, respectively the nation's first and

third most often prescribed drugs, are used to treat anxmuscle spasms and in alcohol withdrawal.

Famous Windows On Sale

HINGHAM, Mass. (AP) - A local discount store is offering "huge, rather unusual, reputedly famous, reflectorized windows, originally designed for an office building." The windows used to adorn the John Hancock Tower in Boston — until hundreds of them started popping out of the new skyscraper. Now the survivors are bringing \$100 apiece - one-fourth their estimated original price.

ALTAMONTE SPRINGS - A hatchetwielding vandal tore through St. Mary Magdalen Church here yesterday, leaving a trail of wreckage and shattering an imported stained glass window. In all, damages were estimated at a total of \$3,000, Church Secretary Mrs. Joe Hinton said Friday.

All the doors - both interior and exterior - of the new church were destroyed, apparently by a hatchet. The culprits also created considerable damage in the school and social hall. The stained glass window was imported from Spain.

Mom Pays Smathers Fine

TALLAHASSEE, Fla. (AP) - A mother's concern has prevented Secretary of State Bruce Smathers from possible revocation of his drivers license for failure to pay a \$27 speeding fine.

Smathers' office said his mother, Rosemary Smathers of Vero Beach, heard a radio news report that he owed the fine in Indian River County. So she went to the court clerk Wednesday and paid it. Indian River officials said Smathers had until today to

pay the fine or they would begin revocation proceedings.

Three Indicted On Drugs

TAMPA, Fla. (AP) - Charges have been filed against three men accused of conspiring to smuggle 4,000 pounds of marijuana into Florida in 1973. State Atty. Eugene Whitworth of Gainesville filed the charges Thursday and said they were based on evidence that had been presented Wednesday in Tampa to the statewide grand jury probing drug-smuggling operations. Charged were Kelly Ogden, 26, of Gainesville, Michael Hubbard, 28, of St. Petersburg and a third person whose name was not released.

Sclerosis Victim Loses Chair MIAMI (AP) - Wilbert Stenzel thought he had troubles

enough when he moved to Miami last fall to try to rebuild a life shattered by multiple sclerosis and the loss of his job, home, wife and children. Then someone stole his \$500 wheelchair

"What kind of person would steal someone's wheelchair?" asked Stenzel, 37. "Some people, I guess, will do anything."

After hearing of the theft, E.T. Griswold, a Miami businessman, purchased Stenzel a new wheelchair and an employe organization at another company brought Stenzel a \$500 check which he said would be donated to the Florida Parapalegic Association.

Before the offers of help arrived, Stenzel had said he would be hardpressed to buy a replacement wheelchair for the old one, which was stolen last week. He said he gets \$367 a month disability benefits from Social Security and pays \$400 a month to Independence House, which provides him with a private room, three meals daily and the services of maids, nurses' aides and round-the-clock attendants. Resolve: save more in '75.

How do you save more in these turbulent times? It isn't easy but it can be done. Save first, then spend. It's that simple. No budgets to keep. You just live on what's left. It may tax your imagination, but with courage and determination you can do it. You'll sleep better at night and have a more secure tomorrow.

Social Security Off The Track

Without fully thinking the matter through, the 93rd Congress, which adjourned last December, approved large increases in the Social Security

The same Congress also passed the 1974 Employe Retirement Security Act which establishes federal standards for some 350,000 pension plans offered independently of Social Security by private business in the United States of

The intention of both measures is to assure that persons who contributed to the progress of the United States during their productive years will have security and dignity in the twilight of their

Unfortunately, it is becoming increasingly apparent that if the present trend in Social Security continues the gains envisioned in private pension security may be far less than anticipated. Citizens may wind up with half measures or less in either

The problem faced by the Social Security program is plain. The retirement benefits approved by Congress in recent years have outstripped the payroll taxes that have been levied to support the program.

Two recommendations have been made to correct the deficiency. A private citizen's advisory council suggests that the wage base on which the 11.7 per cent Social Security tax is assessed be raised from the present \$14,100 to about \$24,000. The blue ribbon panel also recommends that retirement benefits be proportioned to wages that

On the other hand, Rep. James A. Burke, chairman of the House Social Security subcommittee, declares that Social Security taxes should be lowered to 3.9 per cent on both the employer and employe. He would fund the resulting deficit by dipping into general tax revenues.

The vitue of the citizens' council recommendation is that it proposes to turn Social Security back toward its original purpose of being a modest supplementary retirement program linked to earnings. Its flaw is that it would continue the upward tax and benefit spiral of Social Security which could threaten its soundness again in later

Rep. Burke's plan would forever lock Social Security into the federal pork barrel and tax wage earners and their employers twice - once at the payroll window and the second time when they pay other federal taxes.

Both plans overlook a critical fact. Social Security taxes paid by employers are a part of their expenses of doing business. The more the employer pays for the government program, the less he can afford to be generous with his private pension plan which is encouraged in the 1974 Employe Retirement Security Act.

Social Security is emerging as the dominant retirement plan instead of a supplementary one as originally planned. For millions of Americans this means increasingly heavy payroll taxes. For millions of others it means nothing more than a meager federal dole when they retire.

Change Is Slow

Reformers in the House of Representatives, cheered by the addition of 75 freshmen Democrats, have been flexing their muscles in the House Democratic Caucus. Aggressive action last month assured more power for junior

Democrats at the expense of the committee structure and the much-maligned seniority system. Abolishment of the Internal Security Committee, an

anachronistic center of controversy for many years, was pledged in a more recent caucus vote and carried out by the full

WORLD IN BRIEF

Arafat, PLO Fighting Arm Involved In Rift

By The Associated Press A rift surfaced today between Yasir Arafat's Palestine Liberation Organization and its official fighting arm based in Syria, the 7,000-man Palestine Liberation Army. "The rift has become really deep," Brig. Gen. Musbah Buderi, the PLA commander-in-chief, said in an interview with the Daily Star, Beirut's English-language newspaper. He accused Arafat of refusing to buy modern Soviet equipment for the PLA and said this created a serious arms shortage for "the biggest but poorest Palestinian force."

Moscow insists that Arafat negotiate for PLA arms, "but when we asked him to seek Soviet arms and equipment, Arafat refused to help us," Buderi said.

41 Feared Dead In Crash

ISTANBUL, Turkey (AP) - Rescue workers report finding no survivors from a Turkish Airlines plane that crashed into the Marmara Sea off Istanbul Thursday night with 41 persons aboard. Most of the 37 passengers were Turks, but officials of the airline said some may have been foreigners. There was no indication of what their nationality might have

Coast guard boats and salvage tugs recovered a door and other wreckage from the twinturboprop Fokker F28, but heavy waves and darkness hampered the search in its first hours.

Amnesty Boycott Urged

TORONTO (AP) - The Toronto American Exiles Association has called for unconditional amnesty for all Vietnam war era draft resisters and deserters. It urged a continued boycott of President Ford's amnesty program. The group's statement on Thursday followed Ford's announcement of a one-month extension of the program, which allows draft dodgers to return to the United States if they are willing to perform alternate service. The Toronto organization said the program "amounts to continued punishment because we exercised our democratic right, indeed our duty, to resist an unjust,

Reader Bruises Easily

By Lawrence E. Lamb, M.D. DEAR DR. LAMB - I bruise easily, mostly in my legs. My veins seem to be close to my skin, yet my skin is very tough and it doesn't break through My blood clots normally. One time my physician gave me vitamin C in heavy doses, but it did nothing for that problem, so stopped it.

Most of the leg bruises clear up within a week's time. Deeper ones take longer. I sometimes wonder if something else is wrong. Are the vein walls thick enough? Can this clotted blood be dangerous? Can it cause a stroke or other results? DEAR READER - The garden variety of small bruises are caused by injury to the smallest blood vessels. The

Licata Triumphs, Remains Unbeaten

TAMPA - The North American Middleweight Champion. Tony Licata, kept his anbeaten record intact Thursday night at Fort Hesterly Armory an the Chinese-Italian defeated Marcel Clay in 10 rugged rounds. The final verdict was a unanimous decision for Licata by the

counts of 98-95, 99-93 and judge Floyd Golden called it 100-93. The official verdict was booed loudly by the large turnout, as most in the crowd felt that Clay had held his own. From the start the Miamian was on target as he put his longer reach to good advantage. Using an accurate, snapping left jab along with a crisp right hand the decided underdog took

the play away from Licata. With his manager, Lou Viscusi, in his corner urging him on, Licata tried to put his famous machine-gun left jab to work. But the recent months of inactivity were evident. Instead of controlling the action, the North American champion was fighting Clay's fight and apparently falling

In the fourth round Licata tried to pick up the tempo but Clay answered almost every move of the Tampa fighter. Through the middle rounds Licata came on slightly as the crowd cheered, but Clay continued to give as well as he took. The eighth and ninth rounds were the best of the action

Licata began to find the range with booming left hooks as he staggered Clay repeatedly. But the South Florida fighter was able to weather the storm and came back in the final round with several excellent shots before the bell. After the bout, most in attendance felt the fight was close

with many expecting a draw. No one, not even Licata and his manager, felt he was entitled to scores like 99-93 and 100-93.

"Irish" Gene Wells of Orlando said "I came here to challenge Licata, but after seeing himthere isn't any way I would fight him in Tampa. The only way I could win would be to knock him out and even then I guess they wouldn't count over

It's Cabbage Harvest Time For Seminole

A familiar sight to many Seminole County residents is the harvesting of cabbage and other produce at area farms and Herald Staff Photographer Bill Vincent captured Arnelia Robinson doing just that at the Apex Farm on East Celery Ave. in Sanford this week. Robinson, 79, has been working on county farms, cutting and hauling cabbages along with other vegetables since 1921. In photo at right, Robinson shows one of the excellent heads of cabbage which the farm has produced this year. However, Seminole produce wholesalers report that the current crop has been so good that prices are below "the break even" mark. Current price for cabbage by the crafe is \$2.50 and \$2.10 per bag and experts say \$3.25 is needed to break even. Wholesalers reported that many area farms have switched from cabbages and vegetables to soybeans in a bid to make more
