

## 25 Die When Train Wrecks In New York

### Chicago-Bound Flier Jumps Track While Going Full Speed; 100 Are Injured

## Hospitals Of Two Cities Are Jammed

## Identification Of Dead Difficult As Bodies Are Mangled

LITTLE FALLS, N. Y., Apr. 20. (AP)—At least 25 were dead, and 100 injured in the derailment of a locomotive, and nine cars of the New York-Chicago Lakeshore limited express near here today.

Roaring westward 15 minutes behind schedule with many of the 150 or 200 passengers asleep, the New York Central train bolted the rails on a wide curve shortly before midnight, and piled up for a half-mile. The locomotive hurtled across a highway, and exploded as it crashed against a high embankment, plowing the engineer and fireman in the crushed cab. Both died before rescuers reached them with acetylene torches.

Hospitals in Little Falls, and nearby Herkimer were jammed with injured, and ambulances and physicians rushed to the scene from miles around.

## C. E. Limpus Speaks At Whitehair Meet

C. E. Limpus, campaign manager for the Orange County Whitehair for Governor Club, spoke in behalf of the candidacy of Francis Whitehair for governor at a meeting at the Whitehair headquarters last night.

Plans were made during the meeting for the free barbecue to be held at the Municipal Athletic Field on Friday, Apr. 26, at which time Mr. Whitehair will himself speak in behalf of his candidacy. The public was extended an invitation to attend.

## Marchant Speaks To Holland Supporters

The issues involved in the current campaign for governor of Florida and the stand of Spensard L. Holland of Bartow, on them were cited by J. P. Marchant, Polk county legislator and attorney for the city of Lakeland, in an address in the Holland for Governor headquarters on east First Street last night.

The Holland supporters were also told of many things they might do in behalf of Mr. Holland's candidacy.

## County Truck Drivers Given Safety Awards

Seven drivers of County trucks were today given certificates as "no accident" awards for their safety records during the past year, according to County Commissioner O. P. Harrison, in a ceremony at the County Courthouse.

## NAZIS FIGHT FOR TRONDHEIM

This map details the German offensive launched at Trondheim, Norway, in an effort to prevent closing in by the British forces. Reports now are that the Norwegians plan a counter-offensive against Trondheim.

## Netherlands Acts To Prevent Any Sabotage Within

THE HAGUE, Apr. 20. (AP)—All Holland was placed under martial law last night in a royal decree more far-reaching than any since the constitution transferred civil rights to Netherlands 93 years ago.

It was invoked just after Premier Jan de Geer, in a broadcast to home and empire on two sides of the world, had declared Holland would resist by force of arms any attempt by a foreigner to extend by force the "help" to the Netherlands.

Even before Queen Wilhelmina signed yesterday's all-embracing decree, Holland had been dotted with hundreds of "islands" of martial law, at points which were important to the country's elaborate and secret system of land, sea and water-line defenses.

Authoritative Netherlands said loyal, law-abiding citizens would not be inconvenienced by the extension of the state of emergency to the entire country, and that there would be little interference with normal civil administration.

But spies, active belligerent sympathizers and foreigners conspiring against the government will be dealt with severely.

Under the decree, the military may take any action from imposing a censorship to calling up civilians at will for either military service or labor.

Already, several announced (Continued on Page Three)

## Scout Camporee Is Postponed Two Weeks

Because of inclement weather, the Camporee scheduled for Seminole County Boy Scouts was officially postponed by Scout officials yesterday afternoon but approximately 50 of the scouts who had already made camp at the headquarters at the lot south of the demand ball field camped out overnight. District Commissioner Charles S. Morrison said today.

The official camporee will be held on Friday and Saturday, May 3 and 4, weather permitting, Mr. Morrison said.

The boys broke camp this morning after spending the night in their tents under the supervision of W. R. Kador, supervisor for Troop No. 14.

PRINCESS IS 11

LONDON, Apr. 20. (AP)—Princess Elizabeth, eldest daughter of King George VI and Queen Elizabeth, will be 14 years old tomorrow but her actual birthday is not until today.

She will be the first of the royal children to be born in the 20th century.

## Floods Are Feared As Rain Falls

### More Rain Causes Ohio River To Near Danger Point; Temperature Drops

## Prizes Donated For Golf Tournament

Prizes donated for the blind bogey golf tournament being held at the Sanford Municipal Golf Course today and tomorrow were announced as follows.

Home Little donated a case of beer for the ball resting closest to the pin on hole No. 7. The Neill Company donated a case of Royal Crown Cola for the ball resting closest to the pin on hole No. 5. The Coca-Cola Company donated a case of Coca-Cola for the ball resting closest to the pin on hole No. 12. E. Scott donated a free lubrication job at his service station for the person whose ball rests closest to the pin on hole No. 16.

## Sanford Woodmen Attend Conclave

Approximately 25 Sanford members of Woodmen of the World attended a meeting of District No. 2 in Orlando Thursday night to participate in activities of the regular district meeting and hear Col. George W. Fitts of Ocala, present the principal address.

C. C. Collins was presented with his official appointment as commander of Company E of Sanford.

Uniform Rank activities were a feature of the evening. Companies represented were Company E, Sanford; Company H, of Trenton; Company K, Lakeland. Members were present from posts in Leesburg, Inverness, Trenton, Ocala, Sanford, Lakeland, and Orlando.

## Carlson Is Moved To Hawaii Air Station

Lieut. Com. Harry P. Carlson, formerly of the city, will be transferred in June to the Pearl Harbor naval base in Honolulu, Hawaii where he will be in command of operations at the naval air station there, according to information received here today.

Lieut. Com. Carlson has been at Seattle, Wash., for over a year where he was in command of patrol squadron No. 43 of the Naval Air Corps.

Mr. Carlson is the son of the late T. C. Carlson and Mrs. Carlson of this city and has visited here numerous times since he has been connected with the Naval Air Corps in which he has served since the World War.

## Contract Signed For Court House Addition

J. T. Pope, local contractor, this morning signed the contract for construction of an addition to the vault at the Seminole County Court House.

He advised County officials that he would begin work on the project Monday.

It was erroneously stated in yesterday's Herald that W. W. Van Ness had been awarded the contract. However, Mr. Pope's bid of \$5,500 was low and he was awarded the contract on a motion by F. A. Dyson, seconded by J. E. Parize.

## GENE SCHOLARSHIP

BIRMINGHAM, Ala., Apr. 20. (AP)—The Gene Scholarship, named in honor of Gen. John B. Hood, was awarded to the student of 17 1939 who had the highest average in the state.

SCENIC ROUTE STUDIED

Secretary Edward Higgins of the Seminole County Chamber of Commerce is investigating the possibility of marking a scenic route for a new highway through the area of interest in the county.

PAHOKEE TO HAVE BAND

PAHOKEE, Apr. 20. (AP)—Robert C. Lemp, New Port Richey, has been appointed bandmaster for a new high school band to be organized in Pahokee. The band will also be a member of the family next year.

## 'UPSIDE DOWN GIRL' IS MARRIED

Pretty Alysie Jane Melleny of Omaha, Neb., who five years ago became noted as the "girl with the upside down stomach," today is a bride at 15. She's shown at Chicago with her husband, William Kern Byle, 23. The couple was married in an elopement to St. Charles, Mo., last month, it was revealed at Chicago.

## Poles Were Unable To Mobilize To Resist Blitzkrieg, Letter States

Poland was unable to mobilize on any of its 15 divisions when Hitler launched his blitzkrieg against that country last fall, according to a letter received from a nephew of Capt. Constantine L. DeWolfski of this city.

Capt. DeWolfski read the letter in connection with his weekly articles of discussion on developments abroad at the Episcopal Parish House last night.

The nephew is a graduate of the Polish military academy and is now serving as an artillery instructor in France, Capt. DeWolfski said.

The letter revealed that a large number of the Polish officers were on leave when the Germans launched their attack and many of them were unable to reach their regiments.

The letter stated that all transportation and communication facilities were sabotaged by the Germans who were already in the country disguised as workmen on tour.

The troops, the letter pointed out, were unable to mobilize under the constant forays of the German air fleet which was said to have dealt untold destruction and suffering in the bombing of non-

## Florida Is 9th In U. S. In Old Age Assistance

JACKSONVILLE, Apr. 20.—Florida's public assistance program ranks well to the top in the United States, according to "Public Assistance," official publication of the U. S. Bureau of Research and Statistics. The figures are for January, 1940, and are the latest available.

Florida is ninth in the United States in the number of recipients of Old Age Assistance per 1,000 population 65 years of age and over and is second in the number of recipients of Aid to the Blind. Although occupying 27th place in the number of children receiving Aid to Dependent Children among the 42 states participating in this program, its average of 22 per 1,000 is only slightly below the national average of 25. In this category state funds are limited by legislative appropriation to \$400,000 per year, which is matched on a dollar for dollar basis by the federal government.

With 369 recipients of Old Age Assistance per 1,000 persons who have attained the age of 65, Florida is far ahead of the national average of 242 and also has a long lead over the other five states comprising the Sixth Regional group. Of these the neighboring state of Georgia is credited with 204 per 1,000 and near-by Alabama with 168, the two combined exceeding Florida by only 16 persons per 1,000 of eligible age.

In the Aid to the Blind category, with 128 recipients per 1,000 population, Florida stands out by comparison with the national average of 67 and has a lead over Maine, which tops the list.

The funds authorized under the RFC loan agreement, according to Mr. Chinlund, may be drawn up on as required over a period of two and a half years, provision being made for monthly amortization from the fourth through the seventh year. If all the loan is utilized there will remain \$428,000 outstanding at the end of the seventh year," Mr. Chinlund stated.

## Jones Tire Shop Is Entered Second Time

Jones Tire Shop on West First Street was entered the second time in three months last night and a quantity of cigars, cigarettes, candy and miscellaneous other items were taken, Chief of Police Roy G. Williams said this morning.

The cash register was opened but it contained only 30 cents in pennies which were also taken. Entrance to the building was gained by forcing a window in the rear of the building and cutting a hole in the door leading into the front office.

## Allied And German Troops Draw Lines For Heavy Battle

### Soldiers Pour Into Norway As Fight For Trondheim Area Appears Imminent

## Hull Reported Willing To Run If FDR Fails To Statement Made By Secretary's Denial

WASHINGTON, Apr. 20. (AP)—A high official, a close friend of Secretary Hull, expressed belief the State Department chief will be willing to accept the Democratic presidential nomination if Roosevelt does not want it.

The statement was made after Hull reiterated yesterday he had no political ambitions and was not a candidate for anything.

The high official, declining the use of his name, predicted Hull will be in a strong position at the Democratic convention if Roosevelt is not a candidate.

Politicians await the Roosevelt speech to the Young Democrats at 10:45 P. M. tonight for a possible clue to his third term intentions.

Secretary of State Hull yesterday again sought to remove himself from the 1940 Democratic presidential race by stating emphatically that he is not a candidate in any sense for any political office.

It was his strongest statement to date on his possible candidacy and he bolstered it at a press conference by revealing that he has asked friends and other interested parties to accept his decision.

In previous declarations Hull had said only that he was not seeking re-election and that he had asked friends and other interested parties to accept his decision.

Hull's name has been mentioned often in political speculation ahead of the Democratic ticket on which "round place" would go to Postmaster General Farley, Paul McNutt, Senator Wheeler of Montana or others stung by the presidential bee. Such speculation always has been based on the assumption that President Roosevelt will not seek a third term at all, though it now is generally accepted that the chief executive can have the nomination if he wants it.

Several factors enter into Hull's decision. One of the most important is the insistence of his wife that he retire from public life soon to conserve his strength in his closing years.

The official news agency DNB in announcing the attack, said the German raider was unable to return to sea because of strong anti-aircraft fire from the warships.

The hits by the heavy caliber bombs created panic among the British troops, who were preparing to disembark, DNB said. Most of the soldiers leaped into the water and tried to swim to the shore some miles away, it added.

The cruiser was said to have been badly damaged it remained motionless, emitting smoke while anti-aircraft appeared on adjacent waters.

The press agency statement apparently supplemented a previous one in which it said that German warships "successfully" raided British troop transports off the Norwegian coast. The earlier statement said:

"German bombers this evening in very bad weather conditions attacked British transports off the Norwegian coast. The earlier statement said:

"German bombers this evening in very bad weather conditions attacked British transports off the Norwegian coast. The earlier statement said:

The regular meeting of the City Commission will be held in the City Hall Monday night at 7:30 o'clock. Routine business matters are scheduled for consideration.

Violators of City ordinances will be tried before Judge Frank E. Miller in a session of the Municipal Court at the Police Station Monday afternoon at 4:00 o'clock.

The sixth of the political rallies sponsored by the Seminole County Democratic Executive Committee will be held in the Geneva School House Tuesday night at 7:30 P. M., Chairman Fred W. Bender of the committee said today.

Today is the last day for Seminole County voters to register to vote in the May 7 Democratic Primary election. The books are in the office of Supervisor of Registration W. J. Thigpen and those who have not already registered may do so this afternoon.

A gold coin current in the reign of Henry VIII of England was called a "George."

Partly cloudy and cooler tonight. Sunday generally slightly warmer in north portion.

## Picketing Is Upheld In High Court Ruling

### Tribunal Decides Legislation Regulating Strikers' Actions Is Unconstitutional

## Murphy Returns Two Opinions

### Freedom Of Discussion Is Said Limited By Ordinances

WASHINGTON, Apr. 22.—(AP)—Legislation regulating picketing in Alabama and Shasta county, California, was held unconstitutional by the Supreme Court. The Alabama statute was attacked by the AFL while the California ordinance was attacked by the CIO. Frank Murphy delivered both opinions. He said they limited freedom of discussion, Mr. Reynolds dissented. The Shasta ordinance prohibited picketing in the vicinity of any place of business for the purpose of influencing persons to refrain from working there. The Alabama law prohibited picketing for the purpose of harassing, delaying, interfering with or injuring the lawful business or enterprise of another.

## Workers Warned Not To Aid In Political Work

WASHINGTON, Apr. 22.—(AP)—Federal Commissioner F. C. Harrington last night warned all relief workers and officials that they will not tolerate their participation in the coming political campaign. All WPA employees, it was said, will be handed a letter from Harrington with their new pay checks emphasizing that the WPA "is not in politics, either directly or indirectly." Regulations and assurances contained in the letter to more than 2,000,000 persons on relief rolls follow: 1. You are entitled to vote or not vote as you choose. 2. No one can force their discharge or change their wage rate because of their political affiliation or their voting intentions. 3. They may not legally be solicited for contributions to a political campaign. 4. Administrative or supervisory officials are prohibited from participating in political activity or using their influence in campaigns. 5. Every effort will be made to arrange working schedules so that those who wish to vote may do so without losing time on the job. 6. Voting to "keep our business" is not a political act. 7. "I will not tolerate any violation of the above regulations," Harrington wrote. His action was designed to prevent political activities by WPA workers such as those which took place in the 1933 primaries in several states. Disclosures by a special Senate committee which investigated these activities led to the enactment of the Hatch "clean politics" law under which Harrington acted last night.

## Porter Lansing, Sr. Is Fatally Wounded

Porter H. Lansing, Sr., 65, father of Peter Lansing, Jr., of this city, was fatally wounded by an unidentified person in the robbery of his bank store last night. The store was in Jacksonville. Mr. Lansing was shot in the chest by the negro and died in the hospital. Mrs. Lansing told law enforcement officers that her husband had driven to investigate a noise he heard in the front of the store, which he had been visiting. Mr. Lansing is a former resident of Sanford and a native of Ohio. His wife is Mrs. E. E. Lansing, who lives in Jacksonville.

## President Urges Liberal Candidate

President Roosevelt is shown in Georgia Hall at Warm Springs, Ga., as in an address to the Young Democrats of America he urged his party to nominate a liberal candidate for the presidency. His speech in nowise hinted the answer to the third term question. Left-right: Elliott Roosevelt of Fort Worth, Texas, son of the President; Mrs. Elliott Roosevelt; the President; Mrs. Charles F. Roosevelt of Fort Worth, Texas, and Charles F. Roosevelt.

## Roosevelt Talk Saturday Elicits Many Telegrams

### Reaction Favorable To Request For Nomination Of Liberal

WARM SPRINGS, Apr. 22.—(AP)—President Roosevelt accepted a flood of telegrams yesterday as indicative of favorable national reaction to his demand that Democrats this year nominate a liberal for the presidency and vice presidency. Twelve hours after he warned a nationwide series of meetings of Young Democratic clubs that his party must nominate liberals or be deposed, telegrams began to arrive at the temporary White House here. William D. Hassett, acting White House secretary, declined to disclose contents of the messages, and said that only a heavy volume was received. It was indicated that Roosevelt's plea for liberalism and his aggressive response to young members of his party had evoked a favorable response. Broadcast over major national networks and directed to Young Democrats' dinners in 33 states, his speech last night appeared to be the opening gun in his party's national campaign. It was his first rejoinder to criticism of his administration leveled by Republican candidates for the presidency, and included a direct rebuff to District Attorney Dewey, New York. Seeking relaxation during a 10-day vacation at the Warm Springs foundation, Roosevelt subordinated work to rest. Because there were no morning services on the foundation, he slept late and did not receive the sheaf of congratulatory telegrams until late in the day. During the afternoon, he left the temporary White House for a long drive about the countryside, Canon Calhoun, textile operator of La Grange, Ga., followed to another car.

## Mrs. Dean Talks To Rotarians At Weekly Luncheon

### Club Told Of World's Fair Exhibits For 1940

Despite the war in Europe there will be as many foreign exhibits at the New York World's Fair this summer as there were last year, said Mrs. Roland Dean in an address before the Rotary Club today in which she stated that arrangements have been made for Poland, Czechoslovakia, Finland and Norway, as well as 45 other foreign exhibits, to be represented this year. The Florida Exhibit is making many new improvements to add interest to this year's fair, including a Spanish restaurant, complete Florida beach scene, tropical garden and orange grove, Mrs. Dean said, pointing out that the fair will reopen on May 10 and is expected to run until the end of October. Following an announcement by Earle Turner, the Rotarians voted to hold their annual boat ride on May 2. The meeting for May 4 will be dispensed with. In invitation from the Deland Rotary Club, the annual golf tournament between the two cities will begin on May 9. Introduced by Andrew Carraway, chairman, Mrs. Dean attributed the successful tourist season last winter to the Fair last summer in which over 4,000,000 people visited the Florida Exhibit. Declaring that the Fair should not be judged by its financial results alone, Mrs. Dean said that it had given joy and inspiration to over 25 million people. Visitors at today's luncheon included Theodore Brand of Deland, James Haskin, John Wigfall and C. T. McClung of Orlando.

## Edwin G. Fraser, For Comptroller, Addresses Voters

Edwin G. Fraser, candidate for State Comptroller, spoke in behalf of his campaign at the corner of Magnolia Avenue and First Street Saturday night. Declaring that "Franklin D. Roosevelt" was the "best thing that ever happened to this country," Mr. Fraser said he is a native of Alabama county, and one of a family of nine. A surgeon and farmer, he was representative in the 1927-1928 legislature from Baker county. The candidate said he stood for economy and honesty in operation of government. He said he would support the operation of the government for the benefit of the people. He said he would support the operation of the government for the benefit of the people. He said he would support the operation of the government for the benefit of the people.

## Snow Lashes New England And New York

### Flood Threat Seen In Swollen Rivers; Temperature Below Normal In Georgia

By Associated Press  
Snow driven by strong winds lashed New England, and most of New York state today. Several coastal communities were isolated, and overland and water travel was hampered, and swollen streams brought threat of serious floods. In Pennsylvania, Ohio, and the West Virginia flood area, rivetmen agreed the worst was over. Routed lowland dwellers returned to water-logged homes. Damage to roads alone in southern Ohio was placed at \$1,000,000. Two were drowned in West Virginia, and two in Ohio. In Alabama, and Georgia temperatures ranged to 10 degrees below normal. High tides thundered against the New England coast, slashing spray over 114-foot Minot's light in Boston Harbor. About 7,000 persons were isolated in the Maine coastal area. Throughout New England highways, snow and ice-sheeted, many automobiles were abandoned. Snowfalls ranged in inches in Maine and New Hampshire.

## Hearing On Barge Canal Is Set For Ocala On Tuesday

### Chamber Plans "Visit Seminole County" Drive In Summer

Facts concerning the feasibility and the value of a barge canal across Florida along the route of the proposed cross state canal, will be submitted at a hearing to be conducted in Ocala tomorrow at 10:00 o'clock by Col. Lewis H. Watkins, chief of the U. S. Army Engineers in Jacksonville. The hearing, to be held in the Dixie Theatre Building, is the initial move toward the accomplishment of the plan recently submitted by the Senate by Senator Claude Pepper for the construction of the large canal which might be deepened later to a depth sufficient for a ship canal. In presenting his plan to the Senate, Senator Pepper cited the military importance of such a project as well as its value in promoting the trip around the peninsula for commerce between Atlantic and Gulf ports. Local interests have objected to the construction of the proposed ship canal on the ground that it would not interfere with a channel already in use. Among those who plan to attend the hearing from this county are J. C. Chase, George S. Wigner and Randall Chase.

## Registration For Seminole County Reaches New High

The number of registered voters in Seminole County reached a new high with the close of the registration books on Saturday night. Supervisor of Registration W. J. Thielen revealed today at a check-up. This year there are 6,570 persons who are eligible to vote in Seminole County, a high of 6,673 for the 1934 election. This represents a net gain of 897 after the usual names were stricken from the list because of death or non-residence. Mr. Thielen said that there are 6,502 Democrats registered, 60 Republicans and eight Independents. The registration by precinct is as follows:  
No. 1 1851  
No. 2 330  
No. 3 2213  
No. 4 145  
No. 5 323  
No. 6 239  
No. 7 134  
No. 8 110  
No. 9 352  
No. 10 216  
No. 11 195  
No. 12 96  
No. 13 33  
No. 14 148  
No. 15 47  
No. 16 63

## Earle Is Restored To Position On WPA

W. M. Earle, WPA project foreman, has been restored to local WPA rolls, according to information received today from the Orlando office of Senator Charles O. Andrews. Mr. Earle was cut off local rolls several weeks ago. Intensive working of the Inaugural gold fields in 1939 brought a total of \$2,219,214. The average five percent of the last five years is 10 percent.

## PULLMANS CRUMPLE IN LIMITED DERAILMENT

Here's what happened to steel Pullman cars when death took the throttle of the New York Central's Lake Shore Limited on a curve at Little Falls, N. Y. Note scattered wires tangled in wreckage. At least 25 perished and some 100 of hers were injured in the wreck.

## Send In Names Of Winter Visitors, Higgins Requests

### Chamber Plans "Visit Seminole County" Drive In Summer

Approximately 700 names of persons who visited Sanford and Seminole County during the winter months have been turned over to the Seminole County Chamber of Commerce for a "Visit Seminole County" campaign. Secretary Edward Higgins declared that he is confident that there are many more persons who spent some time here with friends whose names he does not have. Urging the co-operation of every resident of the county in compiling as complete a list as possible, Mr. Higgins said that every resident will benefit directly or indirectly from the number of tourists who visit here. He pointed out that every person who has a "potential value" in influencing other persons to visit Seminole County. In a statement to The Herald, Mr. Higgins said: "The Chamber of Commerce has compiled about 700 names of winter visitors that were in this county for varying lengths of time during the past season. This list is compiled from the Tourist Club records, the hotels, tourist camp and tourist homes. The object of getting the list as complete as possible is for the purpose of keeping in constant contact with these visitors during the summer, advising them of the additional recreational facilities and other plans we have for their entertainment next winter, asking them to interest their friends and their immediate families to come to this county next winter. From a few personal contacts I am of the opinion there has been a great number of visitors in Sanford this winter that stayed in private homes or visited friends. The names of these people can only be had through the cooperation of all residents that have visitors. Citizens that have had these visitors are asked to get in touch with the Chamber of Commerce or The Sanford Herald so that these names may be included in our general advertising program for the summer. "Everyone of these people are valuable for they have a more potential value in influencing their friends to come to Sanford. For this reason, every possible name is needed."

## Walker Cites Platform In Talk To Seminole County Voters Saturday

### SPEAKS HERE

Doing what he is not allowed to do by law or constitution, Hans Walker of Deland, spoke in behalf of the candidates for governor at the corner of Magnolia Avenue and First Street Saturday afternoon before one of the largest audiences in the city. Walker, candidate for governor, spoke here Saturday afternoon in behalf of his candidacy. His slogan is "From an orphan's home to the governor's mansion." He said that he is not allowed to do by law or constitution, but he is doing it anyway. He said that he is not allowed to do by law or constitution, but he is doing it anyway. He said that he is not allowed to do by law or constitution, but he is doing it anyway.

## Extortion Charge Hangs Over Head Of Labor Union

NEW YORK, Apr. 22.—(AP)—Giovanni Magovern, international president of the 70,000 member of the Building Trades Union of America, International Union of Bricklayers and Allied Craftworkers (AFL) was arrested in his room at the Commodore hotel at 3 p. m. yesterday on charges of extorting about \$100,000 in the last three years from 20 local hotels and cleaning contractors. He was accused by a grand jury of extorting the money by threatening to withdraw the union's support of the hotels and cleaning contractors. After spending the day in the Tombs prison, Scallia was released on \$10,000 bond posted by the union through a bond company. After his arraignment he remarked that he had been "persecuted," referring to recent activities in which syndicate colonel Westbrink "persecuted" his union administration. Scallia's police record showed that he served four and one-half years in the Atlanta federal penitentiary on a 1913 conviction for white slavery under the Mann act. Assistant District Attorney Gurfin said two other union officials had been named as co-conspirators with Scallia. They are Ivey Schwartz, Scallia's eastern representative, and his brother Louis Schwartz, president of local 323 of the union. They have been indicted for extortion conspiracy. Gurfin said and released in \$5,000 bail. Scallia's secretary, Ann Kimmer, picked up last night as a material witness, was released from the women's house of detention in hall of \$20,000 also provided by the union, at the same time Scallia was released. Doney's aides said that the arrest was made on his order in a telephone call yesterday from San Francisco, where he is campaigning and that Scallia had been under investigation for four months.

## Negroes Nabbed On Charges Of Armed Robbery

Two negroes and one white man, being held on the county jail on charges of armed robbery, were taken to the police station yesterday after a raid on a rooming house at 115th Street and 116th Street, Manhattan. The raid was the result of a search of the home of the two negroes and the white man. The white man, a 25-year-old, was held on charges of armed robbery. The two negroes, a 20-year-old and a 22-year-old, were held on charges of armed robbery. The raid was the result of a search of the home of the two negroes and the white man. The white man, a 25-year-old, was held on charges of armed robbery. The two negroes, a 20-year-old and a 22-year-old, were held on charges of armed robbery.

## Capt. Robert Losey Killed In Norway

WASHINGTON, Apr. 22.—(AP)—The State Department today received word that Capt. Robert Losey, assistant military attaché at Stockholm, was killed in a German bombing raid at Bombo, Norway, yesterday. He was the first American killed on land since the European war started. The State Department said Losey had gone from Stockholm into Norway to assist in removing Americans from the war zone. He was with a party of Americans composed largely of families of the American legation of the consulate at Oslo. All others were unhurt and crossed the frontier late Sunday. Unanswerable here was the question of the strength of the Allied expeditionary forces or whether the severe air bombing, which the Germans said they had administered yesterday, had crippled their effectiveness. In the 12 days of action in Scandinavian waters, Germany in unofficial reports has said she has inflicted the following losses on the British fleet: Five cruisers, 10 destroyers. (Continued on Page Three)

## Air Warfare Rages Over North Front

### Reports Say German Bombers Have Hit British Heavily; English Retaliate

## Nazi Plane Shot Down By Swedes

### Americans Advised By U. S. Legation To Leave Hungary

The towns of Namsos and Andalsnes—where the Allied forces have landed in Norway, are aflame, Germany reported as both sides, sparked by intense rivalry for air supremacy over Norway, stepped up the pace of their aerial warfare. DNB said German bombs have struck the British heavy bomber force of Britain's air force. The British reported night raids on the airfield at Stavanger, and also bombed German-held bases at Kristians and Aalburg in Denmark. Charging "especially numerous and grave" incursions over Swedish territory by Nazi warplanes, the Stockholm government protested strongly to Berlin, and asked measures against repetition. One German plane was shot down on Swedish soil, and another shot fired at others. One Swedish newspaper accused the Germans of reconnoitering Sweden's defenses. The United States legation at Budapest advised American citizens in Hungary to decide as to the advisability of leaving the United States while there still are means of egress available. It said, however, there had been no information leading to believe that the war will be transferred to southern Europe. Both sides claimed at least 11 planes were shot down over the sea and in various war zones. Swedish sources reported that Allied forces, thrusting south from Namsos, struck at German bases at Andalsnes, 35 miles north of Trondheim, in an effort to gain control of the railway to the Swedish frontier. In the Hamar-Elverum district, 60 miles north of Oslo, the Allied column, joined the Norwegians in driving back the Germans. They claimed Hamar was recaptured. An unconfirmed report said Elverum also was retaken. Germany denied the Hamar report. The British broadcast warning that German-held Narvik could be bombarded, and advised residents to leave before the firing starts. BERLIN, Apr. 22.—(AP)—Germany and Great Britain apparently were in a race last night to see which could occupy most of Norway before coming to decisive grips. Military observers here, speculating on the purpose of an Allied force reported landed at the West Norwegian port of Andalsnes, said the strategy probably was to try to establish contact with Norwegians making a stand near Hamar and other points in central Norway. The strategic importance of the central region lies in its valleys, which afford reasonably good communications in the mountainous kingdom, and the railroad connecting Hamar and Andalsnes. Unanswerable here was the question of the strength of the Allied expeditionary forces or whether the severe air bombing, which the Germans said they had administered yesterday, had crippled their effectiveness. In the 12 days of action in Scandinavian waters, Germany in unofficial reports has said she has inflicted the following losses on the British fleet: Five cruisers, 10 destroyers.
