JURIST BACKS COURT'S RIGHT TO CURB PRESS

States Justice Must Be Free From Any Outside Influence From Newspapers

WASHINGTON, Apr. 18.—(AP)—The power of the courts to punish newspapermen for contempt when articles interfere with, impede, or obstruct the administration of justice was defended before the American society of newspaper editors today by Justice Ernest I. Ladd of the New York supreme court.

The jurist said, however, that the courts are not to be used as a "legitimate sphere" for the press. He said he was not a fan of the press, but he was a fan of the law. He said he was not a fan of the press, but he was a fan of the law.

Rome's Commemoration Of Good Friday Is One Of Unusual Impressiveness

LEONARD CASSIDY EXPECTED DEATH FROM MEXICANS

American Citizen Suspected Abductors Of Murder Intent

ROME, Apr. 18.—(AP)—Leonard Cassidy, American citizen who was kidnapped by Mexican bandits near the village of El Huelmo, Tuesday morning, Tuesday, during the 24 hours he was in captivity that a fate more terrible than that of any other victim was being held for him.

Cassidy, who arrived here tonight by railroad from Turin, Italy, near the border, said that he had been held for 24 hours in a room with other captives. He said he had been held for 24 hours in a room with other captives.

Cassidy was held in a room with other captives. He said he had been held for 24 hours in a room with other captives.

Drizzling Rains And Cold Weather Hinder Playing In Big Leagues Yesterday

By Hugh S. Fullerton, Jr., Associated Press Sports Writer

Old man weather, who has a habit of disrupting early season schedules, and causing baseball magnates to mutter dark threats of delaying the start of the next season, has delivered his first serious blow of the baseball year.

Mr. Weather, in the form of rain and cold, wiped off five games from yesterday's major league program, leaving but two contests in the National League and one in the American. And the Chicago White Sox and Cleveland Indians still are trying to stage their opening at Chicago, hopeful of getting it done today before the Indians have to move on.

It might have been better for the National League champions, the Chicago Cubs, if the rainy area had extended as far as St. Louis. Playing their second game there, the Cubs took a 15 to 3 beating from the St. Louis Cardinals. Starting in the first inning, the Cards collected 20 hits, six of them doubles, and one a home run by Jim Bottomley. George Fisher, young slugger recently obtained from the New York Giants, led the parade with four hits, giving him a record of eight blows in nine times at bat for the first two games.

The other National League game got Cincinnati an even break in two games, against the Pittsburgh Pirates with a 2 to 1 triumph. Pete Donohue of Cincinnati engaged in a duel of right hander, against Ervin Brame and came out ahead because of the fine support he received. Donohue kept 10 hits scattered and Cincy's Felt and Kelly put a quick stop to Pittsburgh threats by completing three double plays. The Reds lunched a pair of their seven hits off Brame for two runs, and Walker provided a third with a home run in the seventh.

In the American League, Washington's Senator became the first team to win two games, by routing the Boston Red Sox, 7 to 0, on the strength of two home runs in the early innings. Sam West, the first man up, got one then Orin Blueze cracked out another with two on base. After his third inning, M. Lou Gaston, who the Senator only two hits, for Buddy Huddle kept the box check by allowing them only six altogether.

Even the younger generation has answered the "call to arms" of the Spring baseball season which is now in full swing. In Sanford the Junior High School baseball team, the "Knights" of the local hierarchy, had a good game, but showed little interest in the national sport by defeating the Bunnell team 10 to 0. The game was held on the Ninth Street diamond, yesterday afternoon and according to spectators, the contest proved to be a "hard fought" event.

The batteries were Sanford Knight and Miller; Bunnell, Blackmore and Field.

Junior High Team Begins Ball Season By Winning One

W. P. Buhrman is transferred to Mississippi Post

(Continued from page one)

As wishes to live in Florida, Mr. Buhrman said that the new pastor, who will succeed him, is recommended highly as one of the leading ministers in the Mississippi Conference, and that he is confident that the local Methodists will be pleased with his services.

The present Methodist pastor came to Sanford four years ago, succeeding the late Dr. T. J. Nixon. Mr. Buhrman came here from Bartow, where he served in the capacity of presiding elder of that district for a number of years.

"We have been in Florida about 18 years, during which time we have made many friends," Buhrman asserted today in speaking for himself and his family, "and we certainly regret to leave this wonderful climate and our many friends, both in Sanford and other places where we have resided."

The departing minister will be accompanied by his wife, Mrs. W. P. Buhrman, a daughter, Miss Betty Buhrman, and a son, William Buhrman. Another daughter, Miss Catherine Buhrman, will remain in Florida, until she finishes school at Southern College this month. Rev. Verberis is expected to arrive here shortly before Rev. Buhrman leaves.

2 Chicago Gangs Combine Forces Under Al Capone

(Continued from page 1)

Under the old scheme of things, the city has been divided by the gangs for the gambling, liquor and vice "rackets." The Loop, for example, is generally understood to be under the control of the Capone gang so far as liquor and gambling are concerned. Loop speakeasies are compelled to buy "Capone cut" and whiskey, or if they insist upon getting their supplies elsewhere, they must pay a certain percentage to the Capone group anyway. The same condition applies on the South Side, which is held by the Moran men.

The pact agreement provides that all income from gambling, liquor distribution and vice rackets must be paid into a common "community chest." Out of this "chest" will be paid the profits, as well as whatever protection funds are needed.

APPROVES BRIDGES

WASHINGTON, Apr. 17 (AP)—The war department today announced approval of plans for a bridge across the Withalcoochee River near Inverness, Florida, to replace an existing bridge. The department also approved plans for a bridge across the Helston River near Burgess Ferry, Tennessee.

PLANS ARE BEING SHAPED FOR BIG AQUATIC EVENTS

Citizens Are Co-Operating With Rollins To Put Over Meet

WINTER PARK, Fla. Apr. 17.—Headed by State Senator Franklin C. King, a general committee of Orlando and Winter Park citizens is co-operating with the authorities of Rollins College in shaping plans for the Eleventh Annual Florida State Intercollegiate Aquatic Meet, which will be held under the auspices of the College on Saturday, Apr. 26.

In addition to his services as committee chairman, if announced, Senator King is donating a silver cup, to be regarded as the "Winning Gild" Relay Team, and will also act as official starter for the afternoon events during the meet.

Other officials selected, it is announced, are: starter, (morning events), Judge D. A. Cheney; clerk of course, Kenneth D. Gurnsey; assistant clerk, Frederic H. Ward; referee, Willard Flower; head judge, H. W. Caldwell; judges, M. J. Daewyler, Jack McFowle, Jr., and Al Douglas; timers, Alvin Peter, A. M. Robinson, and L. A. Wood; scorer, William Collett; an announcer, Guy Colabo.

A number of Orlando and Winter Park business houses and citizens are contributing trophies and medals. In addition to the Senator King Trophy for the Girls' Relay Team, a tentative list of prizes includes the Leon D. Lewis Trophy for the Championship City Team; the Winter Park Chamber of Commerce Trophy for the Championship Boys' Team; the Orlando Reporter-Star Trophy for the Individual High Point Girl; the Winter Park Business Men's Club Trophy for the Individual High Point Boy; and the Orlando Rotary Club Trophy for the Winning Boy's Relay Team.

As chairman of the general committee, Senator King will award the trophies and medals immediately at the close of the meet. The nature of the trophies and medals, in connection with the awards of the prizes, has been announced for this year's meet, the committee has announced.

Members of the general committee include Al Douglas and Will in Flower, Orlando; Star Representative of E. Fred Ward and W. W. Caldwell, Winter Park; and Edward Peoples, director of a multi sports at Rollins College.

SHOOTING AT THE MOON!

By Burriss Jenkins Jr.

Planes Will Aid In Taking Pictures Of April Solar Eclipse

SACRAMENTO, Cal., Apr. 17 (AP)—Aided by four new types of planes, man is to attempt to take pictures of the earth's dust and haze from the California Nevada line. Photographs of a perfect eclipse will be taken. The moon's shadow will travel along the ground at the rate of 3,000 miles a minute.

The path of the eclipse starts at a point several hundred miles out in the Pacific Ocean and enters the atmosphere over a California watering near Napa, Marysville and Grays Valley.

It is expected that the moon's shadow cast upon the earth at the point of totality will be approximately 3,000 feet in diameter.

Captain A. W. Stevens is to be in charge of the planes. Flying between 10,000 and 20,000 feet, the planes, man is to attempt to take pictures of the earth's dust and haze from the California Nevada line. Photographs of a perfect eclipse will be taken. The moon's shadow will travel along the ground at the rate of 3,000 miles a minute.

SENATOR DALE DEFEATED

WASHINGTON, Apr. 17 (AP)—The Senate today voted 49 to 25 against immediate consideration of the Bingham bill to provide for the biennial appointment of a board of censors to investigate and report upon the government and conditions in the Philippine Islands.

SENATOR DALE APPOINTED

WASHINGTON, Apr. 17 (AP)—Senator Dale, Republican, Vermont, was named by the Senate campaign committee today as Vice President Curtis to take the place of Senator Bingham, Republican, Connecticut, who declined appointment.

LAKE ERIQUETS AFTER WREAKING HAVOC ON COAST

Storm Causes Heavy Damage And Forces Families To Leave

TOLEDO, Ohio, Apr. 17.—(AP)—Lake Erie was settling back to normal today after driving scores of families from their homes and causing thousands of dollars of damage at the west end.

The wind was strong and fresh, and the water up over the shore line like a brown and yellow slurry. In some places, the water was so high that it was necessary to reach the roofs of houses.

The wind was decreasing each day, however, and further damage was expected to be confined to carrying away of small property by the receding waters.

Point Pelee was the scene of fierce gales and floods in the night. The water was so high that business was done with water and 30 families had to leave their homes. It was the district worst flooding in history.

Willow Beach and Garland Beach, nearby points, were under water, and at Garland Beach, 15 more families were forced from their homes as water swept into the living rooms. One family was rescued by boat while most supplies were taken to a number of other points. At Willow, in the position of Lakeland, Ohio, another report, was broken by large waves, hurled by the wind, and flood conditions were general as far as Mentor, Mich., 20 miles from here, where hundreds of acres of shore property were under water.

The Sandusky Bay region suffered to a lesser extent. The city dock at Port Clinton was under water several hundred feet were washed away, summer cottages, dunes and farm lands were inundated. The fishing industry was at a standstill since Sunday afternoon fished the local spring crops and peach growers estimated blossoming of their trees had been set back a week.

The flood situation was unusually serious this year because of the abnormally high level of Lake Erie, although the damage is directly due to the water being pushed up by the wind. Fluctuating values of summer property made estimates of the loss uncertain, but some residents believed it would run as high as \$75,000 in the Toledo district.

NEW STAR

Back home but not broke, Jack O'okie returned to New York from Hollywood recently to sign new contracts for the Nap East production. When O'okie left the movie in 1928, he was an unknown variable "actor" and chosen name. He got his first screen part by waiting on up to W. L. Ruggles, a West Coast director, slapping him on the back and telling him as a long lost friend. First picture was him in a role in "Paul and the City." From there he has risen to stardom very rapid. His first starring role, "The Social Lion," will be released. O'okie was born in Seaboard, Mo. When a year old, parents moved to New York, where he became a freckle-faced grinning, toothy, cheeky, and Wall Street. The same grin got him into vaudeville and the musical comedy stage. He still has it.

KLANSMAN GIVEN 3-MONTH'S TERM IN CANADIAN JAIL

Appeal From Trifling Fine Ends At Last In Prison Sentence

TORONTO, Apr. 17.—(AP)—A Ku Klux Klansman who appealed from a fine of \$50 for wearing a mask in public today was sentenced to three months and a fine of \$100 by the appellate court.

H. A. Phillips, 36, arrested for being one of 20 masked men who paraded the lanes of Toronto on St. Patrick's Day, was sentenced to three months and a fine of \$100 by the appellate court.

The case was the first involving the wearing of a mask in public. Phillips appealed a fine of \$50 and a month in jail, imposed by the lower court, on the ground that the sentence was too long.

Chief Justice Macleod refused to reduce the appeal of Phillips and imposed the three-month sentence without option of a fine on the summer appeal of the case.

Members of the Ku Klux Klan were a meeting at Hamilton, Ontario, last night, announced an appeal would be carried by the national committee of the private council, the highest court in Great Britain.

Commenting on this announcement, a high official of the Toronto anti-lynch general's department said that while Phillips has the theoretical right to appeal, he has no right to appeal in the present case. He added that the sentence is a sound one.

In his opinion Chief Justice Macleod said:

"The motive of the appeal and his companions is immaterial. Their action was unlawful and it is the duty of this court to pronounce the appropriate punishment."

"We are of the opinion that the monetary fine imposed by the magistrate was a wholly inadequate penalty for the offense."

WHAT THE STARS DID

By the Associated Press

St. Louis, Mo., Cardinals, beat the Cubs, 4 to 0, in four times at bat. Rogers Fisher, Cardinals, struck out hit double and triple in the first to plate for total of eight hits, out of nine runs at bat in two games.

St. Paul, Minn., Pirates, hit for two double plays as Reds defeated Pirates, 4 to 1.

St. Paul, Minn., Pirates, hit for two double plays as Reds defeated Pirates, 4 to 1.

THE EDITOR'S SONG

If you have a tale to tell, Tell it down! Write it out and write it well, Being careful how you spell; Sell the kernel, keep the shell; Tell it down! Tell it down!

When, when all the job is done, Tell it down! If you want to share our fun, Know just how a paper's run, Day by day from sun to sun, Tell it down! Tell it down!

When there's not a word to spare, Tell it down! Tell it down! Hear a sigh and lift a prayer, Stamp your foot and tear your hair, Tell it down! Tell it down!

When all done, you send it in, We'll tell it down, Where you end there we begin; This is our besetting sin; With a scowl or with a grin, We'll tell it down; Tell it down! —By RICHARD CHURCH

In this accelerated age, it is on the right that people should rely.

The hammer is the only thing we know that can knock and still be constructive.

It does no good to save money for a rainy day if you are going to spend it all the first time it rains.

Don't Blap Your Own Face — always an exchange. No, that's right; never do anything yourself you can get someone else to do for you.

Miami has a new civic organization called the Improved Pull Porters of America, consisting of a group of negroes, trying to improve social and moral conditions among their race. We can imagine their meetings are a little stiff.

Obviously there is no hope. The Herald and Sun News reminds its readers that men have been trying to find solutions to tax questions, ever since you were a fish and your neighbor, were tadpoles; it's harder to find than the mystery of life.

Beat traveling through the water at one hundred miles an hour seems an impossibility, and yet the Miss America VIII did 90.2 in a speed test at Miami the other day. This same feat is expected to be the one hundred mark before long.

Citizens will have an opportunity to play golf at the ridiculously low cost of ten dollars a year if the plan of the Chamber of Commerce for securing two hundred and fifty members is successful. We do not believe there is another club in the United States, where the membership fees are so low.

The Florida Land-Owners Association, as part of its plan to reduce taxes on real estate, has issued a statement showing the valuations received by various states of Florida. It brings out for instance that the governor of Florida is paid ten thousand a year and that the governors of only three other states receive higher salaries and that are the governors of Illinois, Pennsylvania, and New York where the population and tax receipts exceed Florida's by many many times. The salaries of other state officials here are proportionately high. We have always felt that high salaries are advisable where a high quality of service is obtainable, but where a critical condition prevails because of the inability of officials to deal with the situation, high salaries constitute merely so much wasted money.

The Consolidation Plan

As a soothing balm for tax ills in Hillsborough county and Tampa, the Times of that city has suggested a plan of consolidating city and county governments. The Times takes note of the possible difficulties which might arise in such an undertaking because of conflicting bonded indebtedness, but nevertheless seems to feel that such obstacles as exist could be surmounted. Consolidation, it seems to us, would not be impossible even if the tax rate in the city and the county had to vary after consolidation was effected.

The idea of consolidation is not to force upon the people of the county any of the burden of the city's bonded debt, but only to effect the utmost economies in government operation. Instead of having a board of county commissioners, and a board of city commissioners there would be just one board which would be charged with the duty of supervising the management of both county and city. Instead of their being a police department and a sheriff's force, there would be just one law enforcement body which would have to make arrests in both county and city. And so on, throughout other departments.

That this is no fanciful theory is evidenced by the fact that it has been tried and not found wanting in Denver, Colorado. There the city of Denver and the county of Denver have been operated under one governing body for some time. Many advantages in convenience and efficiency have been found which will not be mentioned here. Most of us in Florida at this time are concerned largely, if not altogether, with taxes and tax reduction. In Denver, after some years of trial of the consolidation plan, the lowest per capita tax, for city and county purposes, of any of the seventeen cities in the United States with populations of between 200,000 and 400,000, has resulted.

A recent issue of "Municipal Facts" gave some interesting figures on the Denver plan. There the per capita tax, for both city and county purposes, is \$22.37. The per capita tax, for the same purposes, in Seattle, Wash. is \$10.17; in Providence, R. I., \$38.49; in St. Paul, Minn., \$31.79; in Toledo, Ohio, \$31.57; in San Antonio, Tex., \$28.29; in Portland, Ore., \$27.39; in Indianapolis, Ind., \$26.58; in Rochester, N. Y., \$39.85; in Omaha, Neb., \$26.37; in Oakland, Cal., \$35.72; in Louisville, Ken., \$25.69; and in Atlanta, Ga., \$30.27; and so on.

Any computation of the per capita tax of the City of Sanford and the County of Seminole is not only a difficult matter but necessarily involves considerable approximation, partly because of the uncertainty of population, and partly because of the complex bond situation. However, it is sometimes interesting to speculate with mathematics. In the last City budget no provision was made for the payment of principal or interest on the bonded debt, so our figures regarding this item must also necessarily be approximate. We will assume that the outstanding debt of the City is \$8,000,000 an estimate which may be a little high, and that the rate of interest is five per cent, which is probably a little low.

To provide, then, for annual interest payments alone without considering any reduction of principal, would require \$400,000. In addition to this, actual operating costs amount to \$163,877.48, making a total of \$563,877.48. Estimating Sanford's population at eight thousand, we find that the per capita tax in Sanford alone would be \$70.48. The per capita tax in the County, where the total assessment amount to \$394,909.55, including the school districts, and the population reaches approximately 15,000, is \$26.32. The total then for the County and City, or would be, if the City bonds were provided for, \$96.80, as compared with \$22.37 in the city and county of Denver.

But if we disregard these bonds, and any possible interest payments, we find that the per capita cost of operation alone still exceeds that of Denver. The cost of operation of this City, including the water department, the public utility fund, and the contingency fund, is \$163,877.48 and the per capita cost is \$20.48. In the County the cost of operation is, as near as we have been able to ascertain, \$293,463.58, making the per capita cost \$12.89, or the total of the City and County, \$33.37, exceeding that of Denver by \$11.00.

It should be born in mind that this \$22.37 per capita tax in Denver includes not only actual operating expenses, but also municipal improvements. "Municipal Facts" points out that Denver is one of the cleanest cities in the United States, is well hospitalized, spends a half million a year on parks and playgrounds, and issues no bonds, operating entirely on a "pay as you go" plan. It is this year opening a great five mile "scenic drive", and in addition to all this the city is able to shoulder a larger burden on the part of her dependents than many cities with which its taxes are compared.

It may not be possible to effect a consolidation of our County and City at this time in view of the bond situation, but such facts as we have presented, do, we believe, emphasize the seriousness of our tax situation, and the importance of our leading taxpayers taking an active hand in the crisis which has been reached. Every problem, we believe, has a solution, and it is only reasonable to believe that Sanford's problem can be solved if given the serious thought of our most resourceful citizens.

Your Summer Vacation

Florida's winter climate and its many advantages have been well known to northern vacationists for some time. Now a concerted effort is being made to "sell" our summer climate. And while we are attempting to bring New Yorkers and Detroiters here for their summer vacations, why not a movement among the home folks to spend their summer vacations at home this year? The summer climate is as good for us as it is for the northerner. As the Vero Beach Journal said recently:

"The agreement of railroads operating through the Southeastern Passenger Association, to run seven excursions to Florida this summer during the months of June, July and August, will, no doubt, prove profitable to both the railroads and to Florida.

"A great many people are so employed in the North that they have to take their vacation during the summer months. These vacations are usually two weeks, sometimes a month. Many of these people would like to give Florida the once-over and can only do it during their vacation period. These excursions will enable many to pay a visit to Florida.

"Florida summer is little understood by the people of the North. Thousands of them have tried the winter climate to their delight and benefit. Those who have happened in during the summer have been surprised to find the summer so comfortable. The world is well sold on Florida's winter climate. These summer excursions will sell the summer climate. Thousands of people who used to come to Florida for a few months in the winter have come to understand the seasons better and now eight to nine months has become the rule.

"To know Florida the year around is the big possibility of these summer excursions."

Telling The World

BY NEAL O'HARA

Here's more trouble for you girls. The beauty experts are out with a warning that women will grow to look like men if they keep on smoking. And they don't mean look like John Gilbert, either.

The beauticians go on to state that the features of women smokers grow sharper as the habit grows. The skin becomes flat and yellow. The lips lose their rosy color. And they recommend (think playing as a substitute for the cigarette).

Girls, put that in your cigarette holder and smoke it! Things are certainly breaking bad for the fairer sex. If they acquire smoking habits, they look like men. If they put on riding habits they look like men. If they wear galling togs they look like men. Yep, tennis is all that's left.

This prophecy and its specifications sound logical. But we can't believe that if girls fall for the temptations of the cigarette they will grow Adam's apples.

It is true that daggling on the dandy leg has an evil effect on the sweater sex. But after all, as Kipling said, a woman is only a woman, but a good bona fide one is a smoke.

However, the beauty experts may be right. But whenever women start looking like men it is going to be tough on Flo Ziegfeld, Earl Carroll and George White.

But even this eventually may have its compensations. With less sexes looking alike it will not be necessary for a man to read a paper in the subway when a woman is standing up in front of him.

If, as and when women look like men, a girl can be a hubby to a better outfit. And the world's best vendible joke will go like this:

"Who was that gentleman I seen you with last night?"

"That wasn't no gentleman, that was my wife."

After all, it wouldn't be so bad if female smokers look like men as long as they don't act like men and start borrowing cigars.

We think, however, that the beauticians have overstated the case. It is impossible for a woman to look like a man. A man's build, movements are usually buggy at the knees. And you cannot bag a pair of male stockings.

No, there are too many laws in the beauty experts' argument. They say a woman's skin becomes flat. That means she's tight and her skin is full. But it's loose, not tight, that does that.

They say women's complexions will become yellow. Wrong again. There can be a cigar store on every street corner, but girls' faces will never be yellow so long as there's a drug store on the other corner.

They say girls' lips will lose their rosy color. But not if they keep them off some guy's cheek.

But they are right in saying that bonds playing is the best cure. When tennis girls do those leaps for the red-gravure sections, they certainly do not look like men.

We hope the time will come when our whole sex will wear men's looks like men. That would make Julian Eltinge American's sweetheart.

UNCOMMON SENSE

By John Blake

Thomas Gray is the immortal "Elegy Written in a Country Churchyard" speaks of the "rest requested vale of life" upon which the people entered in the stroke Page buying ground "kept the noiseless terror of their way."

It may be that if the Vale had not been so "unspoiled" some of the subjects of the poem might have been buried in Westminster Abbey instead of in what was then an obscure country.

It is well enough for a man of overpowering genius to finish as a recluse and "far from the madding crowd" ignoble strife.

But most people will learn more, grow faster mentally and do more in the world and for it if they mingle with people and study them unconsciously during the period of mingling.

It is fortunate today that the old idea of overprotecting youth is passing.

Boys and girls get out into the world at an earlier age than they used to.

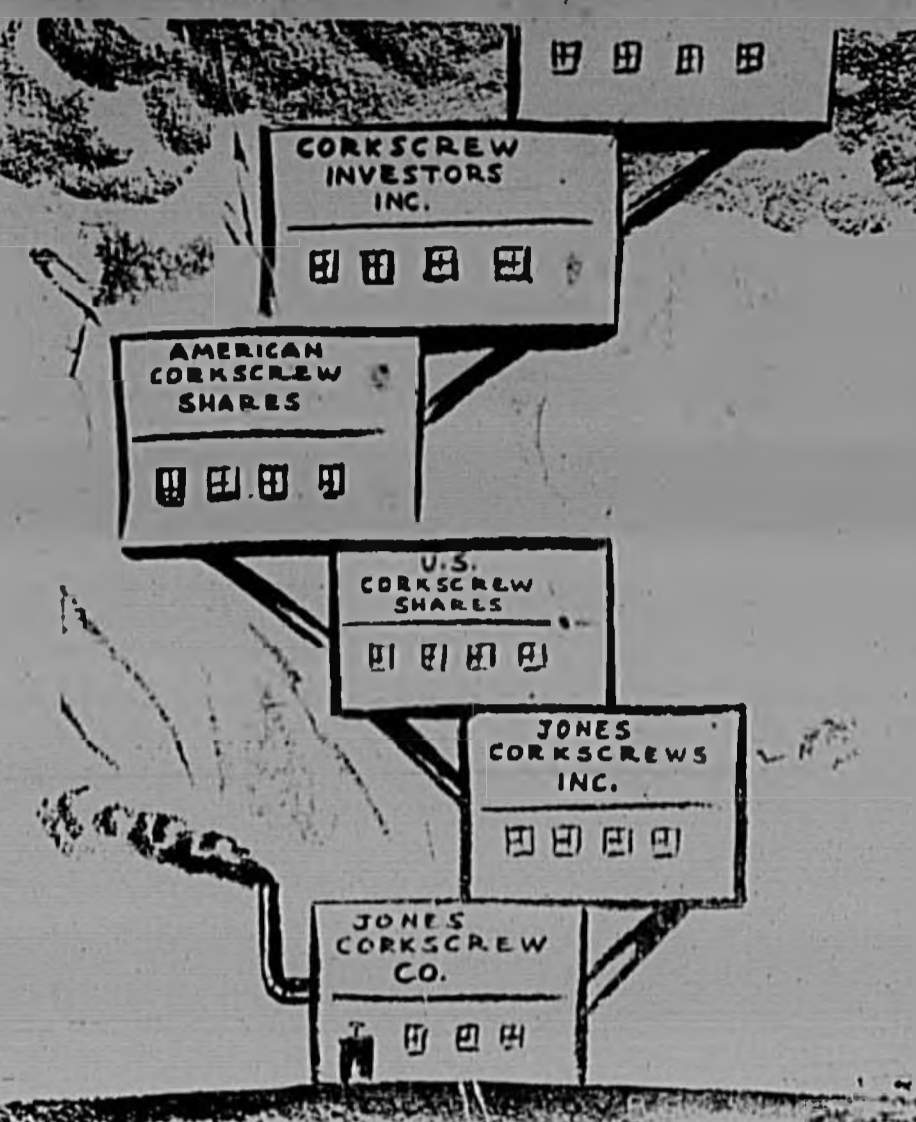

I consider about quite a bit and am considerable of humanity, and I have observed no case where this does any harm, and many where it has done a great deal of good.

Overprotecting a flower so plant makes it more easily the prey of an early frost after it has been set out.

Overprotecting a human being against the temptations of life renders him or her less familiar with life's dangers and consequently less able to look out for them.

We live in the world as it is, not as we might possibly want

Heavy Hitting, Contrary To Usual Early Season Form, Has Been Noticeably Weak

By HUGH S. FULLERTON, JR., Associated Press Sports Writer. In theory, the early part of the baseball season is when the hitters have the edge over the pitchers, but the first few days of the 1936 major league campaign have provided an outstanding exception to this rule.

Few of the scattered games which have escaped the rain and cold so far have brought any heavy hitting while, five, one-third of the total number played, have been distinct triumphs for the hurlers. Four moundmen have allowed their opponents only three hits and one two-hit game turned up yesterday.

On the opening day, Lloyd Brown of Washington limited the Boston Red Sox to three hits and Lester Sweetland of the Philadelphia Nationals repeated the feat against Brooklyn.

Larry French, Pittsburgh left hander, outdid them all yesterday in holding the Cincinnati Reds to one single and a home run while the Pirates drove around Epke Rixey from the mound and guided a 7 to 1 triumph. Eilan Allen, Cincinnati outfielder, got the home run in the ninth inning and provided the only occasion on which a Red Leg reached second base.

French himself took part of the ride off his feet by giving five bases on balls.

Earl Whitehill of Detroit and Pat Malone of the Chicago Cubs were yesterday's three hit pitchers with the St. Louis representative the Browns and the Cardinals, as their victims in abbreviated contests.

In Detroit, the Tigers were stopped by rain after 5 1/2 innings but beat the Browns, 6 to 1. Earl Whitehill hurled and homers by Masty McManus and Dale Alexander.

Chicago's Cubs, including Roger and Charley Grimm, were kept out to give slight injuries a rest, scored their first run in the ninth while Malone held the St. Louis Cardinal helplessly with his speed ball for a shutout victory. Rixey stopped the game after the Cubs had scored again in the seventh but the run did not count. Riggs Stephenson was the outstanding Chicago player, getting a home run and two doubles in three trips to the plate.

The youth game of the wet day which saw all eastern games postponed, finally allowed the Chicago White Sox to open their season with a 10-inning victory over the Cleveland Indians, 8 to 7. As 25,000 fans looked on, the Sox tagged their star hit in the sixth to get a half dozen runs off Lindlin and Hader. Cleveland tied it up in the ninth, but in the extra inning Jadenowski worked Cissel and hit Reynolds with a pitched ball and Miller doubled to bring in the winning run.

WHAT THE STARS DID

By the Associated Press. Leroy French, Pirates, pitched two-hit game and beat Red Sox, 7 to 0, home run by Allen and single by Messer only. Bing Stephenson, Cubs, hit home run and two doubles in two hits at bat. Earl Whitehill, Pirates, hit home run, 6 to 1, allowing only two singles. Alex Metzger, White Sox, doubled in fifth to give Chicago lead. Pat Malone, Cubs, held Cardinals to three hits and won by shutout 3 to 0.

Columbus Foxes Lose 1st Place In League

ATLANTA, Ga., Apr. 18 (AP)—The Columbus Foxes have lost their post-season challenge to the St. Albans League. They bowed to the Mount Mercy team yesterday 12 to 6. Fred Monte, manager, allowed two error hits as his mates pounded two cyclonic homers for 12 runs. Five double plays started Foxes' 7 to 2 win over the Jacksonville Tars, while brilliant fielding by John C. Clark's effective pitching enabled the Mount Mercy Foxes to defeat St. Albans 4 to 1 and to gain the edge in the series. The clincher in the Southwestern League failed to find the target of the Foxes' big Nick of the midgetman, Ethelbert Newell, and grounders of Atlanta in the South then blasted out through blows.

STUDENT ARRESTED

NEW YORK, Apr. 18 (AP)—A 21-year-old student at Columbia University who told police he was James Aronson, son of an Episcopal bishop, was arrested in Chattanooga, Tenn., was taken into custody today for questioning in connection with the death of David Payne, 73 years old. The police were told that Aronson had written a letter of introduction with Maxwell at a West End Avenue address, which both were counters.

Quintero Will Meet Opponent In Tampa

TAMPA, Fla., Apr. 18 (AP)—Manny Quintero, Spanish southpaw, boxed here tonight and next Tuesday. He will meet Jess Willard, Grand Rapids, Mich., holder of Benjamin List, in an effort to maintain his record of always winning a defeat in his second meeting with an opponent who has previously taken his measure.

Manny, who held Champion Samray's title to a draw at Miami Beach last winter, lost the title to Willard at Canal Zone a few weeks ago, claiming that the Michigan kid, who came pointed from Saratoga, called it much that night. He could not keep it up in his last fight. Manny will meet Willard in a such guarantee that he will win. Willard, who will fight in a right hander. Nothing came of the fight, and Manny said he would have his ear drums well beaten, being down with cold. Five bouts totaling 34 rounds have been arranged with the Quintero-Willard rounds, the feature.

GODWIN GETS DECEISON

BIRMINGHAM, Ala., Apr. 18 (AP)—Bob Godwin, Daytona Beach, Florida, fight heavyweight was awarded a newspaper division loss last night over Jess Willard of Tampa, Miss. Jack Dempsey ordered the match after a year and breaking Birmingham record.

BIRMINGHAM, Ala., Apr. 18 (AP)—Bob Godwin, Daytona Beach, Florida, fight heavyweight was awarded a newspaper division loss last night over Jess Willard of Tampa, Miss. Jack Dempsey ordered the match after a year and breaking Birmingham record.

FIVE ARMED MEN MAKE GET-A-WAY WITH U. S. MAIL

CHICAGO, Apr. 18 (AP)—The night mail from the north was stolen last night, and the driver of the truck in which it was being carried from the municipal airport kidnapped.

Five pouches, two containing registered mail of undetermined value, were taken. The truck driver, Adolph Stehno, was finally set free, and he ran nearly half mile to telephone first news of the robbery.

Pit A. R. Mousing of O'Hare was, dropped his plane on the field, lit a fire at 8 o'clock and helped Stehno load the mail in to the truck.

Stehno, driving down the airport road, found his path blocked by a sedan car with an open trunk. Five men, all armed, surrounded him and compelled him to drive the truck behind the sedan to a deserted side street. There the mail pouches were transferred to the sedan. Further along the road Stehno was set free.

Pit had inspectors today, a list of post mail addresses in their search for suspects.

They and Thomas Holding and Ray Keating were believed to be fugitives from Chicago after escaping from the federal prison at Joliet, Ill. Both were sentenced to their terms in the local prison at Evergreen Park a suburb in 1924.

Inspector David Lyman and Dan McGeehan, chief of the bureau, "Mickey" Perry, an assassin convicted and sentenced to hang for murder, had and on a former arrest. "The game to pull one more good job before they through."

Lyman declared the holdups of last night robbery was unusual in that all three while the 250-pounder jumped into his truck would fit either Metropolitan or Keating, the men he said.

Had things continued, balked the "bullet" chest to get a large load, post in perfect and.

At Milwaukee, two mail planes of the Northwest Airway, one from Green Bay, Wis., heading up north from Appleton and Oshkosh, Wis., departed. The Minneapolis plane hit the road into Chicago.

The Minneapolis plane was forced down by bad weather yesterday. A. R. Mousing, A. R. Mousing of O'Hare, pilot of the second plane, was unable to fly to Green Bay because of fog and brought only the Appleton and Oshkosh planes to Milwaukee. He flew to Chicago without waiting for the Minneapolis cargo to arrive at road.

Semi-Final Matches May Be Hit By Rains

PENHURST, N. C., Apr. 18 (AP)—Semi-final matches in the annual night and final in the annual night of the world's largest tennis tournament will be held today but rain and wind may prevent the matches from being played.

The tournament, which is being held at the Ritz Hotel, is the largest tennis tournament in the world. It is held annually in Penhurst, N. C., and is one of the most important tennis tournaments in the world.

NEAR EAST BARES GUNS AS EASTER SUNDAY IS NEAR

JERUSALEM, Apr. 18 (AP)— Jewish Telegraph Agency—Much gun fire has been placed on the streets of Jerusalem to prevent possible trouble growing out of the Christmas and Ramadan holidays.

Soldiers have been placed in groups in front of the former Russian compound, in a "peace" line. A party of Jewish soldiers was reported to drive to the Holy Sepulchre, but they were held by the British and they could not penetrate their safety.

By the Associated Press. Jerusalem, Apr. 18 (AP)—The city of Jerusalem was today, the Holy Fire ceremony was postponed because of the celebration of the Easter holiday, their most popular religious festival.

It is believed to be a long time before the Holy Fire ceremony will be held in Jerusalem. The Holy Fire is a tradition of the Eastern Church, which is held in Jerusalem every year.

BLOOD STAINED AUTO IS FOUND NEAR HIGHWAY

(Continued from page 1) Sheriff Frank St. Clair, of Leon county, was advised of the appearance of the blood-stained automobile and began an investigation. He notified the authorities at Duval county and was joined by C. F. Chandler, Leon county policeman.

St. Clair said he had been called to the highway by a man who said he had seen a car with blood on it. He had not seen the car since.

It was not known exactly how long the car had been on the highway, but St. Clair said it had not been seen there before.

St. Clair said he had been called to the highway by a man who said he had seen a car with blood on it. He had not seen the car since.

St. Clair said he had been called to the highway by a man who said he had seen a car with blood on it. He had not seen the car since.
