

## GERMAN DELEGATES MADE NO REPLY AT NOON TODAY TO LLOYD GEORGE DEMAND

### That They Either Withdraw Russo-German Treaty or Stay Out

## OF CONFERENCE

### GERMANS ARE DIVIDED ON THE ISSUE AND NO REPLY EXPECTED BEFORE NIGHT

(By The Associated Press.)  
GENOA, April 20.—Lloyd George today said the German delegation had agreed to accept the conditions of the Allies not to participate in further discussion in regard to Russian affairs, the result of them having signed the Russo-German treaty Sunday. Political commission will meet tomorrow to consider the Russian reply to the allied proposals that were transmitted to the Russians last week.

GENOA, April 20.—The German delegation at noon made no reply to Lloyd George's ultimatum that they either withdraw the Russo-German treaty or accept the conditions of the conference discussions of the Russian question. The Germans are divided on the issue and no reply is expected before night. Russians say the treaty must stand.

PARIS, April 20.—Instructions sent by Premier Poincare to the French ambassadors in capitals of the Allies and fully approved by the cabinet, are to insist that energetic measures be taken and penalties applied to Germany if the Russo-German treaty is not abrogated, regardless of what the Genoa conference may decide.

PARIS, April 20.—Prime Minister Lloyd George is reported in Genoa to have received here last evening to have informed Dr. Wirth, the German chancellor, that there were only two possible solutions of the present deadlock.

The first was that the Germans must agree to be admitted to the discussion of Russian affairs at the conference.

The second was that they must tear up and sign the treaty made with the Russians.

Wirth, the messages stated, while regretting the severity of the latter alternative, did not refuse to take it under consideration and is reported virtually to have accepted it in principle.

The German delegation is active among the other delegates, said these sources, in an effort to obtain a repeal of the allied decision pronounced against them yesterday. The Germans were particularly insistent in pointing out to the Italian delegation that the departure of the German delegates from Genoa would greatly compromise the conference.

The German delegation was reported to be divided on Mr. Lloyd George's proposal that the Russo-German pact be scrapped, with Dr. Wirth accepting it in principle and Foreign Minister Rathenau, opposing it.

GENOA, April 20.—The German delegates and experts have not yet been able to find a formula whereby to compromise with the entente powers, without sacrificing the Russo-German treaty, although they were in session to a very late hour last night. Efforts are being made to have the conference formulate a Russian policy in which the Russo-German treaty can be absorbed, thus giving it the stamp of conference approval and removing the cause of hard feelings.

The plain language of Premier Lloyd George to the German statesman yesterday over the treaty incident, which at one time threatened to disrupt the economic conference was believed to have cleared the political atmosphere, but as neither the German reply to the allies nor the Russian reply regarding acceptance of the conditions for the restoration of Russia was forthcoming, the situation is still considered critical.

WASHINGTON, April 20.—The House Ways and Means Committee today favorably reported the Fordney resolution authorizing the loan of five million dollars to the Republic of Liberia.

## WORLD-WIDE BARACA MEET JACKSONVILLE

### BARACA-PHILATHEA CONVENTION WITH PROMINENT WORKERS PRESENT

(By The Associated Press.)  
JACKSONVILLE, April 20.—The world-wide Baraca-Philathea 24th annual convention which opened here today and will run through Sunday with prominent workers from all parts of the country in attendance started off today. Marshal A. Hudson, of Syracuse, New York, president and founder of Baraca and Philathea movement will respond to an address of welcome tonight by Mayor Martin. Florida Baraca-Philathea Union's annual meeting in progress, will merge this afternoon with the world-wide meeting.

## SEMENOFF AGAIN FINDS FREEDOM—BAIL FURNISHED

(By The Associated Press.)  
NEW YORK, April 20.—A demonstration typical of his turbulent Russia, greeted General Gregorie Semenov, Cosack chieftan, as he left Ludlow street jail yesterday afternoon.

Released in \$25,000 bail furnished by his friends, the Cosack ataman, appeared at the jail door and crisscrossed by a detachment of police led into his coat collar as the jeers of thousands fell upon his ears.

Ludlow street was black with the crowd, which had stood in a driving rain for several hours awaiting Semenov's release. When his friends, accompanied by the sheriff hurried into the building carrying \$20,000 in currency and \$5,000 in Liberty bonds, the crowd sent up a howl and moved closer to the entrance.

Extra details of police were ordered to preserve order. Hundreds of persons stood on roofs of tenements and hung on fire escape ladders. They were driven off by the police, who feared bomb throwing.

Semenoff betrayed nervousness as he descended the jail steps. He kept close to his guards and quickened his step as the crowd, breaking through the police line at one point, gathered around a taxicab at the curb.

He entered the cab, accompanied by several policemen and his friend, George Kroupsky, his former military aide in Siberia, and was whisked away through a line in the crowd made by mounted patrolmen.

General Semenov was arrested here two weeks ago in connection with a civil suit involving the theft of a trans-Bakala in 1919 of goods valued at \$475,000, the property of the now bankrupt Yourovetta Home and Foreign Trading Company. He was released that night on bail furnished by a bonding company. This company later recalled the bond and the general was taken to jail. In the meantime members of the Siberian expedition of the American army preferred charges against him in Washington, claiming that he caused the murder of soldiers in the American expedition.

## DUBLIN NOISY, ONE IS KILLED IN CONFUSION

### CONTINUOUS RIFLE AND MACHINE GUN FIRE AND TRUCKS RUSHING AROUND

(By The Associated Press.)  
DUBLIN, April 20.—Last night was the worst Dublin has experienced since Easter as far as noise was concerned. Continuous rifle and machine gun fire and noise of military trucks rushing to relieve places attacked but thus far only one casualty is reported. Several buildings occupied by the provisional free state government were attacked.

Dance at Hotel Montezuma, Friday evening. Shaw's Orchestra. \$1 per couple. 20-2tc

## SANFORD GOLF COURSE IS ASSUMING FINE SHAPE, FIFTY MEN AT WORK

### Fairway Being Cleared and Links Will Be Among the Best in the State

The golf course at the Sanford Country Club is rapidly being constructed under the able supervision of Cameron Trent, formerly of the Winnetta, Ill., and Bartow, Fla., golf clubs.

With the funds available it will be possible to complete a nine hole golf course, and there are now fifty men and teams clearing the fairway. To date, the work has progressed to the extent that the first five holes are practically completed and any of our local people who are members of the Club and anticipate becoming golfers will be able to practice over this short course by the first of May. The fairway will be sown with Bermuda grass which has proven the most practical for golf courses in Florida. Everyone knows that golf was born and nurtured on the sandy seashores of Scotland where nature has provided sloughs, sanddunes, and sandpits around which the original golfers played. These features will also be found on the Sanford course and with the arrangement as laid out by Mr. Trent every hole calls for real golf; each player will find use for every shot in his bag. While the natural hazards are somewhat difficult, the duffer will find that he too can play without being punished to such an extent as to destroy the interest of his game. No two holes, and no two greens are alike on the Sanford course. There will be one or two waterholes which will possess unusual conditions adding to the zest of the game.

## Anti-Saloon League is Not Satisfied With Gen. Nutt and Forces

(By The Associated Press.)  
JACKSONVILLE, April 20.—Rev. C. W. Crooke, superintendent of the Anti-Saloon League of Florida, declares he discovered some flaws in the methods Col. Nutt and assistants in their conduct of war against liquor violators at Miami and that he was going to have some of what he termed inefficient and unfaithful federal agents removed. Crooke did not detail defects. He said he just returned to Jacksonville after six weeks tour of Central, South and West Florida "organizing for the June primary campaign looking toward dry and dependable candidates getting into the face for county offices and the legislature."

## FOUND FOUNTAIN OF YOUTH IN FLORIDA

(By The Associated Press.)  
NEWARK, N. J., April 20.—Marshall Burns Lloyd, wealthy manufacturer of Nonesuch, Mich., advertises his baby carriage business with this verse:

"This is no chance, no destiny, no fate, Can circumvent or hinder or control, The firm resolve of a determined soul."

With this sentiment Mr. Lloyd approached his three score years and ten, firm in the conviction that romance would enter his life.

Today he asserted that his conviction had proved correct. Yesterday he announced he had married, in the brick Presbyterian church in New York, Mrs. Tourlette Pollen, of Orange, N. J., whose courtesy had won him his attention when she waited upon him in a novelty shop in Florida this winter. After a honeymoon in California, the couple will live in Menominee.

Mr. Lloyd said he recently had sold his business for about \$3,000,000.

## DEBT REFUNDING COMMISSION TO CHANGE WAR LOANS INTO SECURITIES

(By The Associated Press.)  
WASHINGTON, April 20.—Allied governments were advised by the State Department of American Debt Refunding Commission they were prepared to begin negotiations for the conversion of various war loans into long time securities.

WANTED—Second-Hand High chair. Phone 150-W. 21-2tp

"I'm Going Right Straight Back to My Dear Old Florida Home," at Hittermister's Piano Store, Welaka Block. 20-1tp

Although present plans are but for a nine hole course, the property of the club is of sufficient area to provide for an 18-hole course and which will gradually be built as finances permit. Mr. Trent states that the Sanford course will be amongst the best in the state when completed, in fact it would be difficult to find any Florida course that is superior in those things which appeal to the professional golfer. A number of Sanford people motored out to the Country Club last Sunday and returned very enthusiastic. The building on the grounds which is now being renovated for the Club House was formerly a fine old residence. It is now being wired and when the improvements are completed will be a Club House that the members can well be proud of. It is prophesied that some of our prominent fishermen within the not far distant future will forsake their old love for the fascinating game of golf. Mr. S. O. Chase is still energetically working to complete this project which he fathered as chairman of the Golf Course Committee of the Sanford Chamber of Commerce. F. P. Forster is still efficiently discharging the duties of fiscal agent until such time as the organization receives their charter and sufficient members to put it on a paying basis.

## Orange County Assessor Asks Hot Questions

### Wants to Know About Railroads and Telegraph Companies

Marion I. Dawson, state equalizer of taxes, expects to visit Orlando within the next few days to go over the tax assessments of Orange county with a view to deciding whether the recent increase of fifteen per cent is justified. Announcement to this effect was made yesterday by County Assessor Arthur Butt, who has vigorously opposed the increase here on the ground that the present valuation is equitable and fair and should not be increased at this time. Indications are at the present time that Mr. Dawson will rescind his order, as he has done in the case of several other counties who have protested increases ordered by the state board.

Mr. Butt made public yesterday a letter which he wrote to Mr. Dawson shortly after the valuation increase was ordered, in which he asked four questions, as follows:

- 1.—"What per cent will the railroad and telegraph be raised for 1922? (Mine have been lowered)."
- 2.—"Will you tell me just how you arrived at fifteen per cent increase for Orange county?"
- 3.—"Will you give me valuations of the different counties for 1921 and the per cent you have requested each to raise or lower for 1922?"
- 4.—"Will the state millage be raised or lowered for 1922? (By lowering I don't mean one-fourth of a mill or one-fortieth of a cent, as it was for 1921)."

"I would like," Mr. Butt continued, "to have this information that I may be able to explain to the tax payers of my county that we may all know what the other part of the state is doing, especially what will be done about the railroads and telegraph, as there is a great deal of dissatisfaction about the way the state officers have assessed the railroad and telegraph for the past few years. . . ."

A copy of Mr. Butt's letter was sent to Governor Hardee and other members of the state board of equalization.

Mr. Dawson's reply says: "It is of course, possible that the information that I received from Orange county was not as comprehensive as it ought to have been and I feel hopeful that we can reach some conclusion that will be fair to Orange county and the other counties."—Orlando Sentinel.

BUENOS AIRES, April 20.—The Munson line steamer Aeolus collided with the British freight Zero today off the coast of Uruguay, says a radio message received at the Munson office here. The Zero sank, but the crew was saved.

## ORGANIZE FOR BAND WEEK DATES ARE MAY 1 TO MAY 6 WHEN A BIG FUND RAISED

## NEWBERRY IS TO BE ISSUE IN MICHIGAN

(By The Associated Press.)  
GRAND RAPIDS, Mich., April 20.—The Democratic attack on the seating of Senator Newberry was carried into Michigan last night by Chairman Hull of the Democratic National Committee, through a message read at the state wide meeting of party leaders.

Chairman Hull, in his message, discussed at length the Newberry case, which former Governor Cox touched upon in an address here Tuesday night, and which Chairman Hull last night declared "sharply raised the clean cut issues of whether seats in the United States Senate are for sale."

Republican leaders had answered the issue affirmatively, the chairman said, adding: "This means that any office is for sale and that the corrupt use of money to influence any governmental agency for any purpose, no matter how selfish or fendish, is a part of the political practice of those who are today in high places in Washington."

The Democratic chairman then went on to say that the Newberry case, "had as it is in every odious sense," is not "within and by itself that which constitutes the greatest danger, but as a symptom or outcropping sign it reveals startling evidence of the frightful underlying system of political bargain and sale under which old guard Republican leaders are today conducting the Republican party and the affairs of our Government as well."

Three classes of Republicans exist today, Mr. Hull said, naming them as "the old guard, the progressives, and the Newberry Republicans." "The Newberry brand is now in control of the Republican party," he added.

Chairman Hull presented to the Michigan Democrats a declaration of the principles and policies for which the Democratic party stands, asserting in this connection:

"The Democratic party is traditionally in favor of economy in Government expenditures. . . . the Democratic party holds fast to the doctrine of 'equal rights to all, special privileges to none.' . . . It elings fast to all the fundamentals of the founders of Democracy and of popular government. . . . Democrats are loyal and consistent friends of the ex-service men. . . . Democrats believe that every one is entitled to a living and that every industrious, able bodied person should have at least a living wage or a full day's pay for a full day's work." The Democratic chairman referred to the coal strike, saying:

"It does seem to me that the least the operators could do would be to confer with the miners, according to their written agreement. Their course may compel a complete reorganization and readjustment of the coal industry. I imagine that if the miners were at fault the national administration would be active in an effort to settle the strike."

## GOVERNMENT SHIP'S NEW SEAPLANE TODAY TO PORTUGUESE FLYERS

(By The Associated Press.)  
LISBON, April 20.—The new seaplane to be shipped by the Government to St. Paul Rocks, will enable the Portuguese aviators to resume their trans-atlantic flight, which was interrupted by the destruction of at least two weeks before SHRDLIU their machine while landing at Rocks. It will be at least two weeks before the airmen can resume the flight.

## MUST LEVY TAXES TO MEET DEFICIT OF OUR GOVERNMENT

(By The Associated Press.)  
WASHINGTON, April 20.—The levying of additional taxes will probably be necessary to meet the deficit of more than three hundred and fifty million dollars, forecast for the fiscal year of 1923, by Secretary Mellon, it was said today at the Treasury.

## For Benefit of the Finest Musical Organization in the State

## KEEP MONEY HERE

### SANFORD'S BEST CITIZENS ARE PROUD OF HOME BAND AND WILL RAISE MONEY FOR YEAR'S FUND

May 1st to 6th—Band week. This was definitely decided at a meeting of representatives from all local civic organizations called by the Sanford Chamber of Commerce. The entire week will be devoted to raising funds so that Sanford can have a band for the remainder of the year. The appropriations made by the Chamber of Commerce and the City have been expended and it will now be up to the citizens to say whether they want the band to continue. Tentative plans agreed on last night were to divide the city into districts, assigning to each civic organization a district. These districts will be known as Woman's Club District, Rotary District, Kiwanis District, etc. Each person in Sanford will be asked to contribute one dollar and if the total amount is raised, so that the band can play the full year, the cost per person will be a fraction less than 2c per concert. Those contributing will be given a badge certifying that they have contributed, and the Committee intends to see to it that everyone in Sanford wears one of these badges.

This is a project which should receive the hearty support of all in Sanford. The band under the leadership of Mr. Ball, has reached the point where it is, without exception, one of the best aggregations of local musicians in the state. Every concert they play adds to their proficiency and it would indeed be regrettable if this musical organization were permitted to disband at this time. The band is also a valuable publicity adjunct to Sanford and in addition to providing recreation for our citizens during the summer months will attract a great many people from other towns.

By keeping the band together it would be possible to put on community singing which has been planned by the Chamber of Commerce for the near future. Sanford has experienced what it means to be without a band and the support of every citizen in Sanford will insure its becoming a permanent institution. Failure to support the band at this time will mean that the great amount of work put in by Mr. Ball and the members of the band will be for naught and a re-organization will require them to go through the same hard work in order to again bring the band back to its present proficiency.

BE A BAND BOOSTER, May 1st to 6th, inclusive, and help the civic organizations of Sanford to finance the band.

## OLD MISSISSIPPI PASSED HIGHEST STAGE EVER RECORDED TODAY

(By The Associated Press.)  
NEW ORLEANS, April 20.—The Mississippi passed its highest stage ever recorded here today, when the local gauge registered 22.1 feet. It was stated that twenty-three feet was expected. The previous record was twenty-two feet.

## ANTI CHRISTIAN MOVEMENT STARTED IN CHINA AT PEKIN UNIVERSITY

(By The Associated Press.)  
AMOY, China, April 20.—The anti-christian movement said to have started with the formation of twenty-such organizations in Peking University is spreading rapidly over China. Christian leaders and Consular authorities express alarm at the extent of the movement which is reported to be backed by communist agitators.

JACKSONVILLE, April 20.—Mrs. Austin T. Race, of Winter Haven was elected President, and Gainesville was selected as the nineteen twenty-three meeting place. Closing session here today of the Florida Baraca-Philathea convention.

The Amount Doesn't Count. It's the Start That's the Thing

PERSONALS

Weather report says rain—it doesn't say when.

A fine rain falling all night would be the greatest thing in the world.

Mr. and Mrs. J. S. Dinkle of Longwood were in the city yesterday afternoon.

Sol P. Raquermore of Miami visited his grand mother, Mrs. C. S. Preston the past week.

Remember that the finest line of stationery in the city is being given away (almost) at the Herald office.

Get a license tag on your dog or the policeman will get him. Life is just one thing after another, even on the dogs.

Dr. W. F. Blackman has returned from Gainesville and other points in Alachua county where he purchased several fine Angus bulls for his Wekiwa ranch.

The band rendered a fine concert in Central Park last night that was greatly enjoyed by the big crowd present. Our band is the great institution for all classes.

D. L. Thrasher and Gene Roumillat and several other local fishermen went to Lake Picket today where they expect to land some of the big ones. It is a fine life, we say.

Despite the dry and hot weather the crops are growing. The corn farmers say they want this kind of weather. Maybe they do. We just can't please everybody with our weather.

States Attorney DeCotton is a busy man these days with the court going on at Deland and all of his business here in legal matters and the building of houses and other matters.

T. F. King has just returned from Atlanta where Mrs. King underwent a serious operation performed by Drs. Nimer and Davidson. Mr. King is pleased to say he left Mrs. King doing well.

The new Florida song can be bought at Hintermiller's Piano Store, Welaka Block. 20-tfp

Dance at Hotel Montezuma, Friday evening. Shaw's Orchestra. \$1 per couple. 20-2tc

DOGS MUST HAVE LICENSE TAGS OR THEY WILL BE KILLED NOW

Dog owners should read this notice and immediately go to the Clerk's office and pay their license and get a tag for the dog, for every dog without a tag will be shot in the street, on the front porch or some other fatal spot. The Chief of Police has spoken and the policemen will start at once enforcing the dog tax ordinance. Chief of Police Killbrew did not make this ordinance but he intends to enforce it and the only way to keep your dog from getting killed is to keep him or her in the country or get a license tag and see that the canine wears the same.

NOTICE TO DOG OWNERS

All dogs found running at large on the streets after today without a license tag on them will be killed by the policeman wherever found. This is a city ordinance and will be enforced to the letter. J. A. KILLBREW, Chief Police 20-6tc

Refusal to sit in the conference continues. Officials indicate that they still regard the conference as an effort to straighten out an economic tangle preeminently European and that they are content to keep their distance in the confidence that the European powers will meet the situation as best they can.

NEGRO FREED; WOMAN HELD FOR DELAND MURDER

OBJECTION OF COURT TO APPEARANCE OF MRS. SHIELDS LEFT NO EVIDENCE

(By The Associated Press) DELAND, April 19.—Pete Smith, charged with murder in connection with the Shields killing, was released today, the grand jury reporting no true bill. Objection of the court to the appearance of Mrs. Shields before the jury to testify against Smith left no evidence. Mrs. Shields was arraigned and pleaded not guilty. No date for her trial was set.

PROBE MAGAZINE STORY CURRENCY IS COUNTERFEIT

(By The Associated Press) WASHINGTON, April 19.—Secretary Mellon yesterday called upon the Plate Printer, official organ of the Plate Printer's Union employees at the bureau of printing and engraving to furnish him immediately with any evidence upon which that publication had based its statements that the country was flooded with millions of counterfeit bank notes, bonds, war savings and other stamps, war bonds and coupons. Any such evidence, he added, would be investigated at once.

The Plate Printer recently published an article connecting what it declared was a flood of counterfeits with the recent reorganization of the bureau by President Harding, involving the removal of Director James L. Willmeth and other officials.

In a letter to Frank J. Coleman, editor and business manager of the Plate Printer, Mr. Mellon said that "statements of this sort, reflecting as they do upon the Government bonds in the hands of investors, are calculated to cause widespread uneasiness upon the part of such holders, and at the same time if uncontradicted might tend to injure the credit and standing with the public of the securities of the Government."

BELFAST, April 19.—Shooting was renewed in the Ballymacaree district near Belfast today, one man was killed and another fatally wounded. Hospitals have large casualty list result of recent shootings.

THE WEATHER

For Florida: Local rain tonight or Thursday; cooler Thursday and in north portion tonight.

SANFORD'S TEMPERATURE

Down to 87 which is not so bad considering how hot the wives of the Rotarians made it for them last night at the Parish House (so we hear) and also the fact that it is still dry or dry still or anyway you want to fix it. We have been asked when it will rain and we say that it is impossible to pronosticate about the humidity of the atmosphere but when our thoughts can soar into the empyrean blue of sublimary pageantry the aqueous vacuuity striking the analogous molecules desaminated by the aridity would find Arthur Yowell going fishing with S. O. Chase, all of which brings on the following report: 5:40 A. M. APRIL 19, 1922 Maximum 87 Minimum 64 Range 66 Barometer 30.28 Calm and clear.

FILIPINOS WANT ABSOLUTE INDEPENDENCE

NOTHING ELSE, BUT

(By The Associated Press) MANILLA, April 19.—Manuel Quezon today resigned as head of the proposed joint mission to lay before Harding claims of the Filipinos for independence. He declared he would not join the mission in any capacity unless it instructed them to work for absolute independence.

Storms in the west, storms in the north, cyclones in the east, not a thing stirring in Florida, not even a cow.

The Republican senators have agreed to pass the soldiers' bonus. However we would not advise the soldiers to start spending the money yet awhile.

The Jacksonville Metropolis wants a "league of friendly towns." All right, Quimby, old fellow. Put Sanford in the bunch. We are nothing if not friendly here.

The state equalizer rescinds his orders to increase the taxes. Seminole county will accept the increase. Now just what does that mean, we would like to know. Why should we be the goat?

The Herald does not favor a special session of the Florida legislature. In fact we do not favor a session of the Florida legislature at any time. We would all be much better off if the legislature would not meet in ten years.

Bob Holly in his Sanford Herald intimates that he has read Shakespeare in his younger days. Commenting on the fact that manicurists are not a recent development of high society, he mentions the fact that many, many years ago the great poet wrote these lines: "There is a divinity that shapes our ends."—Lakeland Telegram.

Attempts were made last night to burn the two wooden bridges connecting Daytona with Daytona Beach according to the DeLand News. The people of this part of the state have stood for the high priced toll bridges about as long as they can be expected to stand and they will probably assert themselves from this time forward. Volusia county is surely cursed with the toll bridge malady.

The edict of the Chief of Police to kill every dog found on the streets without a license tag may seem hard hearted but it is the law and the chief of police is neglecting his duty if he allows any dog on the street without a license tag. The law says they shall pay a tax every year and there is no reason why some owners should pay and others should not pay. And then dogs should not be allowed to roam the streets at will regardless of whether they have tags or not. Strangers in Sanford have often remarked about the droves of mangy flea bitten curs that are allowed to roam the streets at will. They are not allowed this privilege in any other city and there is no reason why they should be allowed it here. They

ever take up their residence at the picture shows and in the churches and other places of gathering of the people where they leave a trail of fleas and otherwise make themselves obnoxious. Dogs are all right in their place and we all love them but their place is not on the streets.

"More than half a million dollars have already been taken in," says a headline in the Hastings Herald. The story is about the Irish potato crop, now being harvested and shipped from that section, and the suggestion is made that while the prices are low the growers are realizing well and are busy and happy in contemplation of the success of the season. Several hundred carloads of fine potatoes have been shipped from Hastings this season, and the average returns are said to have been \$1,500 per car. The market opened a short time ago at \$10 a barrel and dropped steadily to about \$6, at which price the growers will realize something above the cost of production, and they are not complaining. It seems probable that prices will advance somewhat again. The estimated returns for the season are in the millions. The Herald had some pictures showing busy scenes around the railroad yards, where potatoes were being loaded, and also scenes in the potato fields.—Times Union.

SPEAKING ABOUT WATER RATES

The Lakeland Star had a lot to say the other day about Palatka and Sanford and Tampa and other cities asking the aid of inland cities to keep up the preferential rates and that the port cities should take care of themselves and take their medicine. It was silly stuff and failed so utterly to score a point in favor of the people getting better rates that the Herald did not reply to it. However, the Tampa Tribune and the Palatka News did reply and the replies are given in this issue. It seems strange that any one in Florida should ask the port cities to fight against their own people and against the water rates when since the world came into being, port cities have always enjoyed a lower rate and always will enjoy it despite the railroads. And were it not for the fact that ports do enjoy this rate inland cities would be at the mercy of railroads sure enough. The present move of the railroads to abolish the preferential rates will not help the inland cities but will simply raise the port cities rate on the railroads and the port cities will immediately put on boat lines and cut the railroads out entirely. Water is our God given right and we intend to take it.

GOT IT ALL WRONG

Some of the papers in the small "inland towns," as they speak of the place of their issue and abode, are waxing mighty wroth because the "port cities" want the water competition rates for freight retained. They charge that the "port cities" are "fighting a square deal and the rights of inland cities" and demonstrate plain narrowness.

We believe it was Josh Billings, or Bill Nye, who said "It is better not to know so much than to know so much that is not so." Likewise, a man who preceded these old proverb-making philosophers said something about a little learning being a dangerous thing. All of them were right if competitive port rates are abolished not a thing is gained by the "inland cities." They will get up lowering in the way of freight rates. If competitive port rates are maintained, the "inland cities" will not have lost a thing. On the contrary, if through joint bills of lading, also being fought for by the "port cities" are gained, "inland cities" near "port cities" will get a much lower freight rate than they are now getting, or will get, from any all-rail, long haul in the state based on a through rate to Jacksonville plus local rates to destination in Florida.

To illustrate: Rates all-rail from New York to Lakeland are lower than rates via water to Tampa plus rail from Tampa to Lakeland; while the rate via water to Tampa from New York is so much lower than the all-rail rate from New York to Tampa that there is hardly any comparison that can be justified, and the distance from Tampa to Lakeland is only 32 miles.

Now, suppose, instead of printing that all-rail propaganda, the papers of the "inland cities" force the retention of the water competitive rate and also get the through joint bill of lading that most other ports than Tampa have, wouldn't the business men and the shippers of all the "inland cities" within the sphere of the Tampa influence be more benefited than if they are left bottled at the mercy of the all-rail rates?

Get a straight line on what the fight by the "port cities" is for, before you challenge their motives, and accuse them of "injustice, and demonstrating plain narrowness."—Tampa Tribune.

UNCLE HANK

There's a lot of young fellows who seem to think that a marriage certificate is a secret of how to pull a live rabbit out of an empty hat.

AVOID FANATICS URGES LECTURER

Social hygiene, like every other advance movement, has its "lunatic fringe," its self-appointed advocates, earnest, well-meaning men and women who lack nothing but discretion, a sense of proportion, and a conception of what to say and what not to say. For this reason, the American Social Hygiene association does not give credentials to every person who wishes to enroll as a social hygiene lecturer, and unauthorized lecturers are not to be taken as representing the ideas and carrying out the plans of the association. The sincere lady who forgets that high school girls are not third-year medical students and that intimate details of vice are no help to a young mother, the excited gentleman who gathers statistics from the surrounding air and uses them as thunder-bolts, the alarmist, the extremist, the half-informed, the radical, all these worthy but educationally unhelpful folk are kindly and politely discouraged by the association, which chooses its lecturers with the greatest care. At present most of the educational lecture courses given by the association are carried through by Dr. Eugene LeForrest Swan, a physician of twenty years' practice, a sociologist and a member of the high council of the Boy Scouts; Dr. Edith Hale Swift, who has charge of the personal welfare of college girls but is the mother of two charmingly old-fashioned little daughters, and Miss Elizabeth Bain who has taught class after class of high school girls and boys.

"The successful social hygiene lecturer must possess four things," a member of the association says in speaking of the lecturer trio: "The first is a thorough knowledge of the subject and the other three are perfect taste in handling it. You may define taste as you please but the official association definitions of it is, 'The power to present a subject in such a way that no essential phase will be left out and no hearer left displeased.'"—Tampa Times.

PROSPEROUS FARMERS MAKE PROSPEROUS CITIES

If the returns of prosperous conditions in this country is dependent upon the prosperity of the farming community, as is so often asserted, with much truth, then we can no longer claim that the goddess of good fortune is "just around the corner." She has turned the corner and is here with us today, a living, breathing, revivifying presence. All we have to do is to recognize the fact, forget the gloomy past, clear our shelves of the remnants of high priced stocks which we have been holding in the vain hope that some one would be foolish enough to buy at 1920 prices, stock up with new and seasonable goods at present values, and face the world with renewed hope and courage.

Here is the ground for our optimism: Stockmen and grain farmers are worth \$1,046,000,000 more than they were ninety days ago. They have got this great addition to their wealth through the upturn in market values. So says President E. C. Brown, of the national live stock exchange. He has just returned from a trip through Iowa and Nebraska, where he found a new feeling of confidence prevalent. Let's see on what this new confidence is based. An advance of \$4.50 per cwt on hogs since the last week in December, accounts for some of it; an upturn of \$1 per hundred on cattle, and an advance of \$2.25 on sheep in the last 90 days have helped the good work along. The increased value of live stock in farmers' hands amounts to the snug sum of \$561,000,000. That helps some, but that is not all. It is only the beginning. The grain farmers have shared with the stock men in the general advance of farm values. Wheat has advanced 40 cents, corn 25 cents or more, and oats 20 cents per bushel. The advance in these three staples has put \$485,000,000 on the right side of the farmers' ledgers.

But even this is not all of the story. ered as it should be, is that the purer a sit should be, is that the purchasing power of the farmer's dollar is 50 per cent. greater than it was in 1920. That makes the purchasing power of the farmers' billion dollar advance in commodities which they have to sell, equivalent to a billion and a half in those which they have to buy. No wonder the farmers are happy and optimistic.

What of the farmers of Florida? They are more independent than those of any other section because they enjoy a natural monopoly in their incomparable climate, and can place fresh fruits and vegetables on the markets when they are not obtainable elsewhere, and so command the highest price. Nature has been kind this year, the crops have been large, and prices have been good. We have not yet finished sending 13,000,000 boxes of oranges to our friends of the north and they will send our growers something like \$50,000,000 in exchange. One shipping point in the state has received more than half a million dollars for strawberries, and the total from the state will probably exceed a million. Of the vast amounts that have been received for celery and lettuce, beans and cucumbers, peppers and potatoes and other vegetables we have no record, but they have been sufficient to put our truckers on Easy street, and clog the local banks.

Why should we pull long faces and cry "hard times?" It is time we forget that pessimistic howl. There is increasing employment on every hand, in manufacturing, in railroad-ing, in farming. Before we realize it we shall be crying for labor. The future is bright and promising. It is time to forget the dismal past and look forward to a glorious future. Let's go.—Tampa Times.

THE MILK CAMPAIGN

Under the auspices of the Woman's Club last week a Milk Campaign was put on in Seminole County. This work was most ably directed by Mrs. John Leonard and her corp of workers. Miss Mae Morse, State Dairy Specialist from the State College for Women at Tallahassee assisted with the educational work as well as Miss Webster, District Home Demonstration Agent.

The purpose of this campaign was to bring to the attention of the boys and girls, the fact that milk is a perfect food that contains all of the feed elements needed to build the body and keep it in good health. The message of "Milk the Perfect Food" was carried to about 1500 children in nine schools in the County. The appeal was made in most schools thru a fairy story about "The Good Health Fairy and the Milk Bottle."

Through the courtesy of a number of the business houses interesting window exhibits were displayed. These not only attracted the children but the parents as well. Yowell featured the total solids contained in a gallon of milk; The Milk Elves visited Bowers and Roumillats; The Star showed two milk slides afternoon and night; the Milk Fairy and her elves pointed the way to health in Thrashers and Garners; Ball Hardware Company pastured a herd of thoroughbred cows in their window during the week; Newberry's window presented a graphic picture of the effect of food on the body as proven in the feeding of three white rats.

PORTS AND PREFERENTIAL FREIGHT RATES SCORED

In a recent issue The Lakeland Star printed an editorial reference to the proposed efforts of Florida port cities to join with inland cities in fixing the basis of rates for the proposed enforcement of the interstate commerce commission's fourth section order, which indicates that The Star didn't understand what it was talking about. We produce the editorial in another column. The plan is to make the basing rate as low as possible automatically keeping all other classifications at an equally low level.

The Star's mistake was interpreting what The News said as to Palatka's opportunity to maintain its present rate by turning to water traffic. It was not selfishness, narrowness or unfairness that prompted the admonition in The News. We emphasized the possibility that Palatka would suffer from loss of its preferential rate unless it made provision to take care of its freight shipments on a basis of water rates, which it has always enjoyed, which every port has enjoyed, and which always will be enjoyed as long as it is possible for independent boat lines to operate in competition with the railroad-owned lines.

It is fair to assume that if Lakeland was located on tidewater The Star would feel it its duty to encourage establishment and maintenance of water freight service, giving Lakeland an advantage over Bartow. This would not be selfishness, but the natural law of taking full advantage of environment. The Star may not

know it, but if there were no ports in Florida Lakeland would probably not be on the map, rail freight rates into the state would be prohibitive except to those points where the railroads themselves might wish to develop Lakeland wholesalers find an advantage in shipping by water from New York to Tampa thence the short haul by rail from Tampa.

The Star need not be alarmed that Palatka, like other Florida ports, will not continue to enjoy certain advantages by reason of its facilities for obtaining water hauls on wholesalers' supplies. If Lakeland wants to enjoy preferential rates for the encouragement of the wholesale industry Lakeland should move to a seaport.—Palatka News.

AN INSTANCE OF WEST FLORIDA AUDACITY.

A citizen of Holmes county writing to the Advertiser warns the people of west Florida that the sentiment for capital removal is assuming alarming proportions, and that unless west Florida is awakened and organized to fight they may soon have the inconvenience and expense of a long trip when it is necessary to visit the capital.

There you have the attitude of the average citizen of West Florida. That county is credited with 12,850 population by the last census, a gain of 1,493 since the previous census. There is but one county intervening between Holmes and Leon, the county in which the capital is located. And yet this small group of people have the presumption to set up as an argument against the removal of the capital that it would be an inconvenience and an expense to them to have to travel a longer distance of the capital is moved to the center of population.

There are a number of towns in south Florida which have a larger population than the entire county of Holmes. In this county there are ten times as many people as there are in Holmes county, and the volume of business is easily thirty or forty times as great. Compare the time and expense of a trip from Tampa, or any point in south Florida, to the capital with the time and expense of a trip from Holmes county, or any point in west Florida, and bear in mind at the same time the immensely larger population in south Florida and the greater volume of business. Any fair-minded man making

this comparison must at once concede that the people of South Florida are fully justified in their demand—either that the capital be removed to the center of population, or that the state be divided.—Tampa Times

EQUALIZING THE TAXES

Equalizing the taxes would be a right if they could be equalized. The word signifies, "Equally" but the present method of making the various counties pay a blanket rate of ten or fifteen or twenty as the case may be is not equalizing the taxes at all. It is simply making the ones who are now paying more than their neighbor keep on paying more and get no one anywhere. The same property that has been over assessed, the future and the people who never have paid enough will still be paying less than they should. Therefore, the counties of south Florida and many other counties in the state protested against the raise and the action of the state Equalizer was rescinded. Seminole county commissioners at the request or rather the demand of the State Equalizer raised the taxes ten per cent or rather agreed to the raise of ten per cent and then forgot about the matter when the question came up before the governor and the state equalizer the other day. Seminole was the only county in the state that did not kick on the raise. Of course, Seminole does not want to pay any ten per cent raise unless it is to become state wide for Seminole county people are paying enough taxes now. We do need equalizing of the individuals but not a flat raise of ten per cent and there lies the danger. It is to be hoped that since the matter has been called to their attention the board will act or the people will act for there is no sense in Seminole paying what other counties have refused to pay. We have not seen where the railroads and other public carriers have been raised in the general round up.

## GENEVA

Mrs. Fred McFarlane and Mrs. T. W. Prevatt were visiting friends in Osceola Tuesday.

Mr. and Mrs. P. N. Wakefield, Mrs. Curlett and Mrs. Eirchner were shopping in Sanford Friday.

Mrs. Hart and Mrs. Stone and Miss Mabel Stone left Saturday for Tavares.

Mr. Hodges and Mr. McFarlane spent last week in Jacksonville.

Mr. Nicholson and Mack Sloan were visiting friends here Sunday.

Mr. Bunce and Mr. and Mrs. Cousins of Osceola were visiting friends here Sunday.

Mr. and Mrs. Joe Dann of Miami were visiting Mrs. Harrison last week.

Mr. and Mrs. Clifford Proctor who have been in Ocala for the last three months have moved back to Geneva.

Mr. and Mrs. Hodges left Wednesday for Jacksonville.

Mr. Logan left Sunday for Virginia where he will be for about two weeks. Meade Baker is taking his place in the store while Mr. Logan is absent.

Mr. and Mrs. T. W. Prevatt spent the week-end in New Smyrna with Mr. and Mrs. J. M. Littler.

Mr. and Mrs. Edgar Curlett left Tuesday for St. Augustine to visit her sister, and will go to Jacksonville from there.

Mr. and Mrs. Grover LeFiles spent Sunday afternoon with Mrs. J. M. Prevatt.

The ladies of the Club gave an Easter egg hunt for the children Saturday afternoon. They had a fine time hunting eggs.

## OVIDO

On Tuesday night at nine o'clock Andrew Aulin of Oviedo and Miss Mary Alice Powell of Sanford were quietly married at the Court House in Sanford, Judge Shelley Maines performing the ceremony, with Miss Nell Williams and Mr. Emmett McCall of Oviedo as witnesses. Miss Powell is the attractive daughter of Mrs. Maud A. Powell of Sanford and for the past fourteen months has been employed a telephone operator in the Oviedo Exchange. Mr. Aulin has always lived in Oviedo with the exception of only a few years. He was one of the first of the Oviedo boys to heed his country's call in time of need, having enlisted during the first months of the war and remaining in the army through the term of the war, the larger part of the time being spent in overseas service. Since his return from the war he has been working with Mr. R. L. Wheeler in the orange business. The friends of this young couple wish them a long, happy and prosperous life together.

The road work is progressing nicely and the contractors think they will reach the Orange county line within two months.

O. P. Swope is in Chicago on business this week.

Rev. and Mrs. L. E. Wright, Miss Virginia Wright and Mrs. Frank Norris spent Wednesday in Orlando.

The ladies bible class of the Methodist church gave their teacher, Mrs. Frank Norris, a great surprise Monday afternoon by calling on her in a body. The afternoon was most pleasantly spent and delightful refreshments were brought and served by the ladies.

Work was begun this week on the new school building, F. N. Cline being the contractor in charge.

Francis Swope returned Wednesday from St. Augustine where she has been visiting her sister, Miss Mable Swope.

C. A. Brammon of Tampa is spending a few days in Oviedo this week.

Mr. and Mrs. S. W. Swope very delightfully entertained about fifteen members of the Mens Bible class of the Methodist Sunday School Monday night. Mr. Swope read a paper on "What's the Use." This opened up a discussion on the subject of incorporating Oviedo. Delicious sandwiches and coffee, ice cream and cake were served by Mrs. Swope, assisted by Mrs. W. B. Young.

Mrs. O. P. Swope and Mrs. W. E. Young spent Monday in Sanford.

The Oviedo Boy Scouts played the Orlando Scouts at a rather one sided game of baseball Saturday afternoon, the score being twelve to two in favor of Oviedo. This is the fifth game our scouts team has played this season being the winners in each game. On Saturday the twenty second, they play the DeLand Scouts at Oviedo.

Mr. and Mrs. John Haigh and two sons, Milton and Chester spent Tuesday in Orlando.

Mr. and Mrs. E. G. Hancock have moved to the Cotton place at Lake Charm.

## STATE NEWS

(By The Associated Press)  
DAYTONA, April 20.—What a heavy touring car running wild can do was demonstrated here one day this week when a machine without a driver climbed a sidewalk and demolished the front of a restaurant. The car was a new one and the owner who had parked it at right angles to the curb, had lifted the hood and was dickering with the motor. Something he touched caused the motor to kick and the machine started off. The owner climbed in and shut off the gas but not until the car had damaged plate glass windows and other parts of the front of the restaurant to the extent of \$300.

ST. PETERSBURG, April 20.—The annual convention of the Florida State Pharmaceutical Association will be held here June 12, 13, 14, and 15, and local pharmacists have begun preparations for the entertainment of the visitors, who are expected to number several hundred. The first two days of the convention will be devoted to examination of applicants for license to practice the profession if the usual plan is followed, election of officers will take place the last day of the meeting.

FORT PIERCE, April 20.—A proposal to change the name of Fort Pierce to something more descriptive is being discussed by residents of the city and in many quarters is favored. Fort Pierce was named for President Pierce and the "Fort" part of it came from a small fort maintained during his term in the White House, to provide protection to the few white settlers who had located on this section of the coast at that time.

FORT PIERCE, April 20.—Residents of Fort Pierce are in the throes of a campaign which it is hoped will result in the planting of at least 1,000 trees here on Arbor Day, April 22. No special kind of tree is to be selected but it is hoped to have a uniform variety set out on each individual street.

EUSTIS, April 20.—Baseball enthusiasts here, headed by Senator W. M. Igou, have organized a baseball organization for the purpose of getting together a semi-pro club to represent Eustis this summer.

### THREE COUNTIES GET LOWER VALUATIONS

(By The Associated Press)  
TALLAHASSEE, April 19.—Protecting delegations which came to Tallahassee yesterday ready for battle over the recent tax valuation increases ordered by State Equalizer Marion L. Dawson, walked right into Mr. Dawson's office, accomplished their mission and walked right out again.

In the case of Duval, Hillsborough and Escambia Counties, Mr. Dawson's orders for an increased property valuation were rescinded upon the assurances of the delegations that voluntary revisions in tax valuation had already been made in their respective counties which would pour an increased revenue into the state treasury this year, in the case of Duval, of \$2,500,000.

Mr. Dawson proposed to the Jacksonville county delegation that voluntary revisions be made in its county along the lines of those in the other three counties, and the case was held in abeyance until the delegation could return and confer with the county tax assessor. Advice received by Mr. Dawson from Seminole County were to the effect that the county assessment would be put into effect the increased valuation ordered by the equalizer.

Everything passed off very smoothly, indeed. In the first place it was thought generally here, that the dissentient elements were headed for the offices of the state board of tax-equalization presided over by Governor Hardee. Instead they appeared before Mr. Dawson.

In his order revoking his previous orders to increase the valuation, Mr. Dawson, said it had been pointed out to him that revisions already made in the respective counties would provide increased yields, that he was in ignorance of such plans, and therefore he rescinded his previous order.

### CHICKEN SUPPER

A fine chicken supper will be served by Circles One and Three of the M. E. Church Saturday beginning at 5:30 p. m. at the Miller building, corner of Park and First street.

### CLOSING OUT STATIONERY STOCK TO MAKE ROOM FOR LARGER OFFICES

The Herald Printing Co., is closing out their entire line of box stationery in order to make room for larger offices and during the sale that will last for two weeks the finest of stationery will be sold below cost and this means that it will almost be given away. You are going away for the summer and need some fine stationery or you are staying at home and need some fine stationery, or you do not need it now but will need it later. At any rate you will get one of the greatest bargains of your young life if you will visit the Herald office and get some of this stationery at a price that will move it quickly. The finest and most up-to-date line of stationery in the city and sold below cost. See it and be convinced. Stationery is not coming down any this summer and you are getting a real bargain in paper and envelopes and correspondence cards. The entire line must move in two weeks or be sold in bulk. 18-3tp

**GET FUNDS**  
(By The Associated Press)  
WASHINGTON, April 19.—Requests of Secretary Hughes and At-

torney General Daugherty for more funds for expenses next year of the state and justice departments, respectively, were granted to a considerable degree by the senate appropriations committee yesterday in reporting the annual supply bill for those departments. It carried \$2,200,000 more than the \$26,000,000 provided by the house.

Demonstration of Wilson's Custom House Coffee at Stokes' Store Friday and Saturday, April 21st and 22nd. Ask about the 100-piece dinner set to be given away. 19-3tc

**NOTICE TO DOG OWNERS**  
All dogs found running at large on the streets after today without a license tag on them will be killed by the policeman wherever found. This is a city ordinance and will be enforced to the letter.

If you have any friends visiting you if you are going anywhere or coming here, or if you are entertaining, write postal card to this department, giving name, or telephone the item. It will be greatly appreciated.

## SOCIAL CALENDAR

Monday—Informal dance at the Montezuma from 8:30 to 12 P. M.  
 Monday—Sallie Harrison Chapter N. S. D. A. R. will meet at the Woman's Club at 8:15 P. M., with Mrs. Craig Harris as hostess.  
 Monday—Mrs. Harry B. Lewis and Mrs. D. P. Drummond will entertain at bridge at the Valdez Hotel at 3 P. M.  
 Tuesday—Children's Story Hour at Central Park at 4 p. m.

Miss Adeline Bonyng of Orlando arrived yesterday and is the guest of Mrs. A. R. Key.

Mr. and Mrs. Nathan O. Garner returned home yesterday from Delray where they spent the past week conducting business and pleasure.

Mr. and Mrs. Raymond Key announce the birth of a little daughter this morning at the Fernald-Laughlin Hospital.

Mr. and Mrs. John Wimbish of Winston-Salem, N. C., are the guests of the formers' parents, Capt. and Mrs. J. Wimbish at their home on Park avenue.

Mrs. J. S. Wilson has returned from Hastings where she spent ten days with "Pop" who is busy with the enormous potato crop that is being gathered there.

Master Harry Joe Minarik the bright young son of Mr. and Mrs. M. Minarik, was the host at a very pretty party yesterday afternoon, when he entertained a number of his young friends at a birthday party in honor of his second birthday anniversary.

The fact that Easter had just past was evidenced in the decorations, and the pretty color motif of yellow and green was beautifully carried out. The refreshment table was centered with the wonderful birthday cake iced in yellow and topped with two tiny yellow and green candles. Around the cake was an attractive arrangement of maiden hair ferns and yellow daisies. Refreshments consisting of ice cream, individual cakes iced in yellow and topped with cunning little yellow chicks, were served after an afternoon pleasantly spent with various kinds of games. The favors for this party were yellow baskets filled with yellow mints.

Master Minarik was assisted in entertaining his young guests by his mother. About twenty-five children and a number of their mothers were present. The occasion was one of much enjoyment and happiness for the young guests, and the little host was the recipient of many handsome gifts.

## SPEND THE DAY PARTY

Mrs. Edward Day of New York, who is spending the winter in Sanford on her Yacht "Frances," was the charming hostess yesterday at a spend the day party on board the yacht. The guests included a number of Sanford's social set.

## ROOTLEGGERS INSURANCE LATEST GEORGIA IDEA—COMING TO FLORIDA

(By The Associated Press) ST. PETERSBURG, April 20.—St. Petersburg probably has lost one prospective citizen but the Chamber of Commerce is not wasting any tears over it. Mayor Pulver recently received from Griffin, Ga., a letter signed "Jos. K. Thomas," in which the writer sought information concerning the bootleg liquor business. He wanted to know who, in St. Petersburg, issued "bootlegger insurance." The Mayor told him.

"I have your inquiry of April 8, 1922, with reference to bootlegger insurance," wrote the Mayor, "and in reply would state for your information that under the charter privileges governing Florida commissioned cities, bootleggers' insurance does not properly come under the jurisdiction of the mayor's department, but is handled entirely by the county sheriffs. Hoping this sufficiently answers your inquiry, and that you will make a trip to Florida and take this matter up with the proper officials.

I remain most sincerely yours, "FRANK F. PULVER."

## OLD PUTNAM HOUSE WILL BE TORN DOWN PALATKA LANDMARK

(By The Associated Press) PALATKA, April 20.—The old Putnam House, a large frame hostelry which took its stand in a section of the city several years ago, only to be classed of late as a menace by the business buildings that grew up around it, has finally yielded to the imperious demands of progress, and consented to get out of the way.

For several years, it had stood in the heart of the business section, to be called a menace and an obstacle to civilization. It not only was a fire hazard but it retarded the growth of younger buildings with the zeal of youth and desire to expand, it was

said. But plans for its destruction have been made, and the announcement of its going was greeted with general rejoicing. Let the business houses spring up now on the land it had occupied, was the hostelry's parting shot.

## JAY KIWANIANS EULOGIZE DEAD

(By The Associated Press) JACKSONVILLE, April 20.—Eulogies for two of the city's most prominent citizens who died within the past week were given at the regular luncheon here yesterday of the Kiwanis Club. Various speakers spoke in glowing terms of the standing in the community of the Rev. Milton R. Worsham, and George L. Drew, son of Florida's first democratic governor, died early yesterday morning while Dr. Worsham, known throughout the state, died early in the week.

## ANNUAL CONCLAVE KNIGHTS TEMPLAR IN PALATKA TODAY

## MEN'S CLUB VAUDEVILLE HAS BEEN POSTPONED

Will Be Held Evening of April 25th at the Parish House

Owing to the fact that the High School is staging a play on the evening of April 21st the Men's Club has taken this matter into consideration and postponed their vaudeville show until Tuesday, April 25th.

A ten-act vaudeville program has been arranged which includes numbers by the—  
 American Legion Saxophone Band  
 E. A. Ball  
 Jimmie Robson  
 Lucille Aspinwall Takach  
 Robert Herndon  
 John Schirard  
 Maurice Helston  
 and many others that have entertained in Sanford. The program will have

many surprises and will afford an evening of fun with Sanford's local talent. 19-tfc

Demonstration of Wilson's Custom House Coffee at Stokes' Store Friday and Saturday, April 21st and 22nd. Ask about the 100-piece dinner set to be given away. 19-3tc

## THERE'S A REASON

Why is it, D. L. Thrasher's business continues to grow, and sales, the first three months of this year are bigger than during the same length of time in 1921? There's a Reason. He sells for cash only. Everybody knows they can buy cheaper for cash and the buying public is spending its money with the store that sells for cash only. Good reasoning, you will agree. If you have not been trading with him, he invites you to his store, with the assurance of his greatest effort to please you, by serving you in the most courteous manner and giving in exchange for your money, its value.

D. L. THRASHER. 18-d6tc; w-1tc

## Hupmobile Owners are Loyal

The conspicuous absence of the Hupmobile from the used-car advertising columns simply means that when the Hupmobile owner has occasion to re-purchase, he usually buys another Hupmobile.

Hupmobile owners give sound and ample reason for this pronounced loyalty.

They will tell you the Hupmobile's depreciation is slower and smaller; that its price as a used car is proportionately higher.

The qualities which win their highest regard, however, are the everlasting regularity of performance and service, the consistent economy and efficiency, which have always stamped the Hupmobile an extraordinary motor car value.

Touring Car, \$1250; Roadster, \$1250; Roadster-Coupe, \$1485; Coupe, \$1835; Sedan, \$1935.—Cord Tires on all models—Price F. O. B. Detroit. Revenue Tax Extra.
