Funds for the unit were drawn from the proceeds of the Thrift Shop which is operated on the Naval Air Station by the Officers Wives Club. Mrs. John B. Shattuck, President, and Mrs. John Barlow, Member of the Board, were on hand to make the presentation.

10-16 Crucial Age For Delinquents

(Part 3 of a Series)
In the breakdown of juvenile cases by age group and race for the months of April, May and June, reports show that there were 18 delinquent Negro boys and four delinquent Negro girls from the ages of under 10 to 16 years old.
In the same age group, there were 28 delinquent white boys and two delinquent white girls.
There were two dependent Negro boys, two dependent Negro girls, 15 dependent white boys and 9 dependent white girls.
In traffic, all of the offenders were white boys in the 15 to 16 age bracket, except two white girls of the same age.
Of the 34 delinquent white boys, 19 live in Sanford, 11 in Ovidio, Geneva or Chulotoa and 4 in South Seminole. Both of the girls live in Sanford.
All of the delinquent Negro boys live in Sanford, except 3 who live in South Seminole and

all four of the Negro girls live in Sanford.
Of the 28 dependent children in both categories, Negro and white, 15 live in Sanford, three in Ovidio, Geneva or Chulotoa and 10 in the south end of the county.
There were no traffic cases from the Ovidio area of the county, and of the 13 cases, seven were in Sanford and six in South Seminole.
Broken down into violations, the report of the Juvenile Court shows that there were 16 cases of truancy, 13 traffic violations, 12 cases of breaking and entering, ten cases of petty larceny, eight cases of vandalism and 5 cases of grand larceny.
There was one case in each of the following categories; shoplifting, bike or scooter theft, beverage laws, assault and battery, ungovernable, violation of probation, one other case, 3 who were transferred out of state, and one

transferred to Circuit Court.
Five children were committed to training school.
The greatest number of children thrown on the mercy of the court and the care of the public because of their parents behavior was the 12 cases where children were removed from their homes because of conditions injurious to their morals.
In the second most frequent cause, there were nine cases of lack of physical care.
Four children were abandoned, two had no financial support, one of removed because of abuse and there were two other cases.
During the three months period covered by this report the Judge found it necessary to detain 16 juveniles for periods ranging from two days to 22 days.
There is no place in Seminole County to place a child who must be held, so they are transported over to the Brevard County Jail in Titusville, for detention in the Juvenile Wing there.
During the three month period, 12 white boys and four Negro boys were detained in the jail for charges such as:
Incorrigibility, drinking, petty larceny, run-away, reckless driving, truancy, disturbing the peace, destruction of personal property, vandalism, larceny and profanity.
"It is my desire," said Judge Mize, "that through this and future reports, the citizens of our county will be better informed as to the activities and problems which are dealt with from day to day in their Juvenile Court."
"I feel that more and more people are realizing the magnitude of juvenile delinquency in the nation."
"Through a report such as this we can readily see that we have our share of this problem and this should be of great concern to all of us," the Judge concluded.

Federal Judges Set Hearing On Mixing Public Facilities

By United Press International
Three federal judges at Jackson, Miss., were scheduled today to hear a suit brought by the National Association for the Advancement of Colored People challenging the constitutionality of segregation in Mississippi's public transportation facilities.
At Nashville, Tenn., a small cluster of Negroes earned through the night in shifts in the lobby of the police station awaiting trial of 13 persons arrested Saturday during a squabble at a Negro picket line. Trial of the group on disorderly conduct charges was scheduled for today.
The federal suit, filed on behalf of the Negro race by the NAACP, challenges Mississippi segregation laws and the City of Jackson's use of a breach of peace statute to enforce segregation at its bus,

rail and air terminals. Nearly 300 "freedom riders" have been arrested in Jackson since May 24.
The Justice Department, which has filed a brief in the suit, says it is improper to make arrests for breach of the peace simply to enforce segregation.
The Nashville protests resulted from the arrest of six white men and seven Negroes following an egg-throwing, fist-swinging melee outside a grocery where Negroes have been picketing for several weeks in protest against the store's hiring policy.
Sunday, several hundred hymn-singing Negroes marched on the police station to protest what they called "police laxity."

35 Arrested For Mix Attempt

BATON ROUGE, La. (UPI) — A church bus full of Negroes stopped at a filling station Sunday and, apparently of necessity, integrated rest room facilities.
Deputies arrested the 35 occupants of the bus and confiscated a 20-gallon garbage can of lead beer together with numerous bottles of whisky, gin and homemade wine.
They said the group, all members of "the Unique Social Litea" organization of New Orleans, piled off the bus when it stopped for gas.
Apparently some of the occupants, 19 men and 16 women, couldn't wait for a turn at Negro rest room facilities, they said.
The Negroes' use of the white facilities wasn't believed to be part of any "freedom rider" movement. They were charged with simple trespass, officers said, on advice of the district attorney's office.
The group borrowed the bus from a New Orleans Negro minister, the Rev. John Givens. They said they were on their way to a social function in Plaquemine, La., about 10 miles away.

Free World Hails Red's Space Jaunt

By United Press International
The free world today hailed the scientific achievement of Russia's around-the-clock orbiting of cosmonaut Gherman S. Titov, but worried aloud about the military and propaganda significance of the feat with the Berlin crisis approaching a showdown.
Newspapers around the world, both Western and Communist, banner-lined the space flight. Americans turned out of their homes to try and spot the five-ton space ship over Charleston, S. C., and American television cameras were pointed sky-ward

in Hollywood in an attempt to see it.
Editorial tributes in the Western press were tempered with words of warning to Allied leaders.
Typical was the London Daily Express:
"This further demonstration of Soviet superiority in rockets is a tremendous propaganda boost for Mr. K (Soviet Premier Nikita Khrushchev) on the eve of his big speech on Berlin."
Khrushchev tonight replies to President Kennedy's speech on Berlin, a speech which UN Am-

bassador Adlai Stevenson says surely "aggravated" the Soviet leader.
A noted space age authority, Sir Bernard Lovell, head of Britain's Jodrell Bank Observatory, called the Soviet achievement almost "incredible" and chided Westerners who doubted that Yuri Gagarin had orbited the earth.
"I hope this new and even more striking success will demonstrate to such doubters the utter folly of their attitude. It is not only sheer folly, but extremely dangerous in the world today not to believe these startling facts."

Prof. Alexandre Ananov, president of the French Astronautic Society, expressed belief the United States was doomed to second place behind Russia in space.
"I fear the lag can never be made up," he declared.
The reaction of Dr. William Pickering, director of the California Institute of Technology's Jet Propulsion Laboratory, was far different. He called the prolonged orbit a "very interesting experiment from a physiological standpoint." But, he said, "from a rocket standpoint this flight is

simply allowing it to remain in orbit for a longer period of time."
The Western foreign ministers meeting in Paris did not comment on the feat, but the West Germany Frankfurter Allgemeine noted that "the Soviet chief has taken pains to put the Western foreign ministers... under pressure."
The London Daily Telegraph worried editorially that the United States lag behind Russia in developing heavy space loads was "ground for anxiety from a strategic point of view."

County Board Sets Tentative 1961-62 Budget

Hearing On Final Budget Set Sept. 6

The County Commission today released its tentative 1961-62 budget holding the tax rate to six mills with appropriations estimated at a little under \$1,500,000.

The board scheduled the budget hearing for Sept. 6. There was no budget available for the County Health Department although Clerk Arthur Beckwith Jr. said that the health department millage would be .12 during the next fiscal year.

There also was no comparison figures available to the press on budgetary figures.

Interest and Sinking Fund— .63; General, 1.00; Fire and Fire-fighters, .83; road and bridge, 2.00; Health, .12 and Hospital, .35.

Dr. Vincent Roberts, who represented the public health committee of the County Medical Society, said his committee made a study of the health department budget and said needed raises were "justified."

Dr. Brotherton had asked for a slight increase in millage to supply funds to employ an additional health nurse.

The publicly budget totals \$15,000. Although there is nothing in the budget stating just how much the Chamber of Commerce will get, Ted Williams told the Herald that it would be the same as last year with the Junior Chamber also getting the same—\$1,800.

A delegation of chamber officials appeared before the county board this morning with Clifford McKibbin reporting that the chamber has decided to ask for only \$10,000 and not \$15,000 from the county and city as was in the tentative budget.

McKibbin cited the work of the organization as did T. E. Tucker who said that without the chamber there would be no new industry in the county.

Mayor A. R. Lormann of Longwood also spoke briefly on the need for chamber funds.

Jaycee president Garnett White appeared before the commission and asked that the Jaycees' initial request for a \$100 increase be withdrawn.

Total appropriations in the interest and sinking fund budget totaled \$106,325 with \$1,021 for reserve and contingencies.

Appropriations in the general fund totaled \$436,200 with \$31,037 for reserve for contingencies and \$75,000 reserved for cash balance to be carried forward.

Appropriations in the Fine and Furliture fund totaled \$249,530 with \$29,000 for reserve.

Appropriations in the road and bridge fund totaled \$485,217.11 with \$41,135.86 reserved for contingency and \$79,000 reserved for cash balance to be carried forward.

The Building Fund appropriations totaled \$50,000.

A breakdown of major expenses tentatively set for the next fiscal year shows salaries of County Commissioners and expenses, \$18,300; insurance, \$18,000; expenses for election and registration, \$14,500; general stationery and supplies, \$17,500; maintenance of the county home and repairs, \$25,500; general welfare, \$15,000; hospital service for the indigent, \$27,500; civil defense, \$3,000; expenses of county zoning commission, \$30,000; salary of county agent and expenses, \$7,400; salary of county home demonstration agent and expenses, \$7,900.

In the road and bridge fund breakdown — salary for road superintendent, office manager and other expenses, \$16,500; salary for county engineer, staff and expenses, \$37,000; drainage and water control, \$86,500; payment to Sanford on 1960 tax roll, \$46,500; Oviedo, \$2,424; Altamonte Springs, \$4,701; Casselberry, \$4,934; North Orlando, \$1,223; Longwood, \$3,800.

Four More Schools To Integrate

NEW ORLEANS (UPI) — The New Orleans public school system will integrate four more previously all-white schools next month, bringing the desegregated total to six.

School Board President Louis G. Nichols Sr. said "fewer than 10" of 66 Negro students applying for transfer this year to once white-only schools had been approved under the state pupil placement law.

Five Men Crushed To Death In Mishap

DENVER (UPI)—A 38-ton concrete door slammed shut on a Titan missile launch silo Monday, crushing to death five men and injuring eight others.

The door, one of two which form a cover more than three feet thick to protect the missile chamber from nuclear attack, is operated hydraulically. It measures about 12 by 20 feet.

The door was in the open, vertical position Monday afternoon as civilian workers completed construction on a platform at the top of the 150-foot silo. Suddenly, about 4:15 p.m., MST, 7:15 p.m., EST, it collapsed.

The cause of the accident was not determined. A helicopter from Lowry Air

CD Director Asks Authority To Set Up Warning Plan

Civil Defense Director A. B. Peterson warned the County Commission today that the responsibility of taking care of the county's residents in case of any emergency rests squarely "on your shoulders."

Peterson made the plea for more civil defense funds after the tentative CD budget released today revealed only \$3,000 set aside for that department during the next fiscal year.

The board tabled action on Peterson's request that the county give him the authority to set up a skeleton warning system here at a cost of \$15,000 which would be matched with federal funds.

District 4 Commissioner Vernon Dunn declared that if it was a necessity to raise the millage "I'm in favor of raising the millage. I'm no politician," Dunn said, adding that the people are entitled to this protection.

Peterson also asked for adequate funds to modernize his office and emphasized the need for warning systems throughout the county.

He said that his office would have no way to notify the people in case of any emergency.

Bobrow Named To Zoning Board

George Bobrow of Casselberry today was unanimously elected to membership on the Seminole County Zoning Board, replacing Byron Kimball whose resignation was accepted by the Board of county commissioners.

Kimball tendered his resignation to the board, stating that this was necessitated because of illness in the family which would keep him from devoting the time demanded by the job.

Bobrow was nominated by Commissioner Jim Avery and his motion was carried unanimously.

Meet On Expenses Set By Commission

A public meeting to discuss the problem of how to meet rising expenses of county government has been set up by the county commissioners for 7 p. m. Monday in the county commission room.

The meeting will include all branches of the county judiciary system and the interested public.

Commissioner James Avery, who introduced the motion, said he did so in the hope that some suggestions could be brought out, which would indicate how the county income could be raised without raising taxes or how expenses could be cut, without cutting necessary services.

Charges Dropped Against Marines

PARRIS ISLAND, S. C. (UPI) — Three Marine Corps drill instructors were cleared Monday of charges they had mistreated recruits at this training center.

Maj. Gen. Thomas G. Ennis, commanding general here, said charges were dropped because of "new evidence" and "conflicting statements" by the accusers.

Astronauts Dine

WASHINGTON (UPI) — Six of the seven U. S. astronauts met in the nation's capital Monday night for dinner. C. Leo D'Orsey, the astronauts' business manager, declined to say what the occasion was. But he said the meeting had nothing to do with the space program or government business.

Condition Serious

AABENRAA, Denmark (UPI) — German Paator Martin Niemoeller was reported in serious condition today with injuries received in an automobile accident in which his wife and another woman were killed. Niemoeller, 69, was a World War I submarine commander and is a prominent nuclear disarmament exponent.

Refugees Move

BERLIN (UPI) — Soviet Premier Nikita S. Khrushchev's tough speech on Germany sent greater numbers of East German refugees surging across the border to West Berlin today.

City Sifts Budget Proposals

City Commissioners dug into the first of a series of budget hearings on the 1961-62 budget Monday night and after a three hour session called it a night and went home.

No action was taken on the budget with the commission adjourning until Thursday night. Commissioners "peppered" City Manager W. E. Knowles with

queries regarding each department and about appropriations in the \$1,072,540 10 mill operating budget.

Before the budget hearing got underway, Garnett White, president of the Jaycees asked the board to consider a \$400 hike for his organization to overcome a deficit in operating the tourist center on French Ave. The Commission took no action on White's

request although there are no added appropriations listed in the proposed budget drawn up by Knowles for the Junior or Senior Chambers.

The departments with the biggest proposed raises are fire—\$10,343 increase; parks—\$5,821 and streets, \$21,341 hike.

Commissioners discussed at length the controversial "Kelly Day" schedule with most of the commissioners favoring the plan but which is stuck because of lack of funds to carry on the program.

The Kelly Day schedule would mean the hiring of four additional firemen giving men at the station a three day stretch off every 11 days.

Commissioner Tom McDonald said that the plan has a lot of merit. Commissioner Al Wilson suggests "we study the budget

carefully to see if we can come up with some money to carry on the program."

A rundown of proposed budgets for each department shows: City Commissioners budget to remain in the same as last year—\$6,850;

The City manager's budget will show an increase because of a car replacement from \$11,337-\$13,777. Other departments: City Attorney, \$4,700 to \$5,000; Finance, slight decrease from \$17,778 to \$15,417;

Civil Service—\$2,020 to \$2,250; Municipal Court — \$2,836 to \$2,510;

Police — \$134,188 to \$134,312; Fire Dept. — \$119,163 to \$129,708;

Public Health — \$5,810 to \$5,923; Insurance — \$9,358 to \$11,790; Parks — \$30,231 to \$38,072;

Recreation — \$23,045 to \$19,800 (Although there is an increase for the recreation director from \$4,633 to \$5,804, there are no funds for an assistant as last year); Zoo — \$15,056 to \$16,537 (new storage freezer reason for increase);

Swimming Pools — \$19,760 to \$10,260;

Cemetery — \$7,607 to \$7,837;

Maintenance — \$66,131 to \$70,574;

Streets — \$104,041 to \$123,383;

Public Works — \$4,118 to \$7,741;

Refuse — \$66,073 to \$66,520;

Engineering — \$15,623 to \$15,460;

Library — \$11,070 to \$11,136;

Insurance — \$37,200 to \$43,299;

Special Funds — \$37,074 to \$39,473 which includes the same appropriations for both chambers and Christmas bonuses totaling \$3,200.

W. E. KNOWLES... Hit With Queries

U. S. Sees No Fresh Hopes For Berlin Settlement

WASHINGTON (UPI) — U. S. officials saw no softening of Soviet demands and no fresh hopes of negotiating a Berlin settlement in Russian Premier Nikita Khrushchev's latest speech.

These officials said after a preliminary reading of Khrushchev's radio-TV address Monday that it was not clear how close to the brink of war he was willing to go to oust the West from Berlin.

President Kennedy and the State Department refrained from immediate comment. The White House said Kennedy would have nothing to say until he could read a U. S. translation of the speech.

State Department spokesman Lincoln White said "we're not going to shoot from the hip" in commenting on Khrushchev's statements. White said the speech would be studied carefully.

Some members of Congress saw a note of hope in Khrushchev's address, particularly in his promise not to blockade Berlin. But other officials noted that Khrushchev said on June 15 that his plan to sign a separate peace treaty with East Germany would not deny the West access to Berlin.

The officials said Khrushchev had made it clear he still intends to force the West to deal with the Communist East Germans by dividing Germany permanently.

The only new elements in the Khrushchev speech, according to these sources, were his appeal to neutral nations for support and his use of the new Soviet space triumph to underline his tough military talk.

Assistant Senate Democratic Leader Hubert H. Humphrey, Minn., called on Khrushchev to give assurances of "freedom for Berliners" rather than just protection of Allied rights in the former German capital.

"Khrushchev has told us of his war plans and I suggest, he now tell us of his peace plans," Humphrey told a reporter. He said the speech made it clear that Khrushchev was "continuing his relentless war of nerves and we can expect more extravagant statements in the weeks ahead."

Utility Budget Submitted

City Manager W. E. Knowles submitted a massive \$484,293 utility budget to the City Commission Monday night and asked the board to set aside \$83,000 this year for construction of a sewage treatment plant.

The commission took no action on the proposed budget.

Last year's utility budget was set at \$419,832.

Preliminary plans for the treatment plant are expected to be turned over to the commission at a next regular meeting scheduled Monday night.

In explaining the budget, Knowles emphasized that the utility budget was a "complete and separate budget from that of the city's general operating budget."

The city manager termed the budget as "ambitious with a definite attempt to financially advance the utility systems of the city."

Major points in the budget are: To conduct operations with a surplus equivalent to one month's revenue;

Contribute substantially to the reserve fund for a treatment plant whereby the end of the coming fiscal year should see approximately \$63,000 added to the existing reserve funds and thereby reducing any amount required to be borrowed if the commission should undertake the project;

An attempt to prepare the city for emergency power needs on its

present water supply with a generator at the well field;

To complete the project of providing more than two miles of sewers for the last two remaining large sections of the city that are not yet served.

Massive Welcome Awaits Titov

MOSCOW (UPI) — Soviet officials announced today that Yuri Gagarin would be brought to Moscow Wednesday for a massive public welcome—an indication he suffered no ill after effects of his one-day spin through space.

Soviet doctors examining the space hero to determine the effects of his prolonged period of loneliness, weightlessness and possible exposure to cosmic radiation apparently decided he was fit.

Titov proclaimed himself in "excellent condition" shortly after his landing Monday.

He was taken to an undisclosed place for his medical checkup. It had been expected to be longer than that of pioneer space man Yuri Gagarin because Titov was aloft longer — 23 hours and 18 minutes. But it was announced today that Titov would be brought to Moscow Wednesday.

Titov's wife, Tamara, said today Gagarin's flight into orbit fired her husband's ambition to make his space journey.

Mrs. Titov sketched the story of her husband's life for Pravda, the Communist party newspaper. She said, "had I known that so many people would show interest in German, I would have become his best biographer."

Pravda said the Titovs have been married for three years. It said the 23-year-old Mrs. Titov "is studying to become a doctor and is a strong personality."

Mrs. Titov told Pravda: "On the memorable April day when Yuri Gagarin blared a trail to outer space, Gherman, happy and satisfied, exclaimed: 'There is enough outer space for all! The day is not far away when others, following in Yuri's wake, will fly too!'"

Board Okays FHHF Appeal

The County Commissioners voted today to authorize the chairman and the county clerk to sign the resolutions to be sent to the Federal Home, Housing and Finance offices in Atlanta, requesting a total of \$97,100 in deal with the county drainage and water control problems.

The resolutions, as drawn up by the engineering firm of Reynolds, Smith and Hall, will present each water control section separately.

The requests were listed at Little Econ, \$11,100; Wekiwa, \$28,100; Howell Creek Branch, \$19,600; and Sanford-Lake Jessup area, \$37,300.

New maps had been drawn up and descriptions altered in order of the requests from the Atlanta office.

SNAS Schedules 'Pass In Review'

Rear Admiral Joseph M. Carson, ComFleetJax and ComNav-6, will arrive Friday at the Sanford Naval Air Station to conduct a personnel inspection at 8 a. m.

The inspection will incorporate the colorful procedure of a "pass in review," which is used when personnel being inspected march past the reviewing stand in military cadence.

Troop commanders, Staff, will be Lt. Col. A. R. Smith and Lt. Col. H. C. Finkle. The inspection will be held in front of Building One which is the Administration Building.

Allied 'Step-Up' Is Requested

PARIS (UPI) — The United States called on all its European allies today to step up their military strength without delay to meet the mounting Berlin crisis.

Secretary of State Dean Rusk appeared before the permanent council of the 15-nation NATO council to report on the results of last weekend's Berlin talks by the Big Four Western foreign ministers.

Cuba Halts Sales On 15 Items

HAVANA (UPI)—Premier Fidel Castro's government today prohibited the street sale of a number of commonly used items as a means of stopping "speculation."

A decree signed by Commerce Minister Maximo Berman blacklisted 15 items, including soap, razor blades, thread, sheets, tooth paste, toilet paper, flashlights and batteries, bandages and mosquito nets.

Violators of the decree may be fined or imprisoned.

The deadline for the exchange of old Cuban pesos for the new Castro currency passed Monday night, and the government decreed that in the future no one can exchange currency unless he can prove that it was impossible for him to get to the bank on either of the two days appointed for the reform.

New Rainbow Shining For Latin American Areas

PUNTA DEL ESTE, Uruguay (UPI) — Latin America today stood on the threshold of a \$20 billion rainbow aimed at wiping out poverty, misery and hunger in the Western Hemisphere.

U. S. Treasury Secretary Douglas Dillon, in a forceful speech Monday before the Inter-American Economic and Social Conference here, described how President Kennedy's "Alliance for Progress" could provide a bright new future for the "have-not" nations of Latin America.

Dillon said most of the funds would come from the United

States government — a spending program over the next decade that would be the biggest in the history of mankind.

But he said Latin American nations would have to sacrifice and help themselves.

He called the alliance "a revolutionary task," demanding "heroic efforts (of developing nations) to summon its people to the task of development . . . national programs of economic and social development which recognize the right of all the people to share fully in the fruits of progress."

To achieve this, Dillon said

Latin America must gear for "difficult and far-reaching changes," including tax reforms, land reforms, lower interest rates on loans to small farmers and small business, greatly increasing housing, education and health programs.

Dillon called on the conference delegates to chart a 10-year blueprint for hemispheric progress, envisioning a Latin America within 10 years in which "every youngster who reaches the age of 12 is able to read, write and do simple arithmetic," and an annual per capita growth rate in each nation of at least two and a half per cent.

He pledged the bulk of U. S. loans of more than \$1 billion a year "at very low or zero rates of interest" to help achieve this goal.

Latin American diplomats immediately hailed the speech and the long-awaited spelling out of President Kennedy's Alliance for Progress.

Call The FBI

Anyone seen a little baby skunk with two stripes down his back?

The kit, three to four weeks old, and weighing only half a pound belongs to the five children of Capt. Robert Stutaman of Loch Arbor. It wandered away from home over the weekend and the family is very anxious over it.

The little pet, along with its two brothers was found by John Kader on the road last week. As they apparently had no mother, Kader took them home and called Dr. Stutaman, who with the aid of a local veterinarian removed the musk sacs from the "little stinkers."

Being babies and with no means of defense since the operation, the kit is at the mercy of any other animal.

If you have seen it, call the Stutamans at their Loch Arbor home. Five kids are listening for the phone.

Variety Day Concludes Oviado Summer Program

A Variety Day Program last Thursday wound up Summer Enrichment activities in Oviado.

Mrs. J. Y. Harris and Mrs. George Means, judges, awarded prizes in all categories during the morning program.

Winners named were Sherman Harris, most freckles; Martha Broeding, champion bubble gum blower; Beth Gore, tallest girl; Kathy Beaker, earliest hair; Martha Courter, best tan and Christine Mikler, shortest girl.

Karen Donaldson and Mary Jane Mikler were the best acrobats and Pam Daniels had the prettiest finger nails while Christine Mikler had the prettiest polished finger nails.

David Hill was judged to have the biggest muscles with Kevin Donaldson getting the prize for the smallest. David had the biggest feet and Kevin the smallest.

Among the girls, Beth Gore had the biggest feet and Christine Mikler the smallest.

Other prizes were awarded to David and Max Hill for the best wheel barrow race; David Hill, best head stander and to Joe Webb's Ruky, the best behaved dog at the show.

Two Return From Mountain Retreat

Returning recently from Montreat, N. C. were Mrs. Roy Mann, her daughter, Helen and Mrs. George Touhy who were in the Christian mountain retreat for 10 days.

An outstanding faculty at the church music conference there attracted Mrs. Touhy, who is minister of music at the First Presbyterian Church.

Mrs. Mann, prominent Bible teacher and church worker, went for "a spiritual and physical refresher," while Helen extended her interest in church music and her acquaintances among young folks with outlooks similar to hers.

The workshops and seminars, Mrs. Touhy said, were under the direction of such prominent musicians as Dr. Elaine Brown, director of Philadelphia's Singing City chorus; the widely respected Madeline Ingram, Children's Chorus; renowned Dr. James Synclair on Hymnology; Dr. Richard Peck, Charlotte, N. C. with his professional presentation of "New Choral and Organ Repertoire."

Classes To Start For Sewing Machine Operators

Joe Foy, local manager of the Florida State Employment Service, announces starting classes for Negro female sewing machine operators in the Hopper Academy building.

The classes are to provide workers for the local garment factories, who are in need of workers for their planned expansion. The

classes are expected to start by the end of August, under the direction of the county adult education department.

Instruction will run for 96 hours or approximately six weeks, during which there is no pay while learning, but learners will be placed in jobs as soon as they graduate.

High school graduates are espe-

cially urged to apply at the State Employment Service office for the new classes.

Foy also reported that the local office has placed 2,333 persons in gainful employment since January, of which 742 were non-agricultural.

Since the end of the farm season, 2,371 have been sent to employment outside the state.

Troops Begin Giant Maneuvers

PT. BRAGG, N. C. (UPI) — About 40,000 Army and Air Force troops, many of them on emergency alert by presidential edict, today began the most massive peacetime maneuvers staged by American forces since World War II.

The operation, called Exercise Swift Strike, will spread throughout the Carolinas as the United States tests its cold war readiness to fight a limited war.

A massive drop of 5,000 combat-ready paratroopers of the 82nd Airborne Division was scheduled this morning near Camden, S. C. The military had to await the weathermen's okay, however, as scattered showers were expected over the area which could delay the jump until Wednesday.

The participants in the maneuvers had been gathered at this sprawling military reservation since Sunday in preparation for today's first full-scale mock battles.

St. Ann Committee To Meet Today

By MRS. ADAM MULLER

Committee members of DeBary's St. Ann Catholic Church will meet at 7:30 p.m. today at the home of Oscar D. Papienau, general chairman.

The card party, held Friday afternoon at the DeBary Fire House, was attended by 75 persons who contributed a total of \$154 towards the church building fund and merchants of the community responded generously by providing a number of items to be awarded as prizes.

Members of the card party committee today reported that they wished to express appreciation to all those who braved the heat to come out and also to the many businesses and residents who helped make it an enjoyable afternoon. Special appreciation was given to the out-of-town guests for their support.

Area Swim Classes To Continue At Present Site

Casselberry Volunteer Fire Chief Paul Bates reported today that an announced change of location for the swimming classes now being conducted at the Lu. Rae Motel on Lake Ellen has been canceled.

Classes were scheduled, beginning with the 9 a. m. Wednesday Beginners group, to be held at Trout Lake in back of Lyman High School but a check of the water conditions there today reveals the change in location, Bates said.

Instruction will continue for the remainder of the Beginners and Advanced Beginners Courses at the motel site.

Air Conditioner Now In Use

By BETTIE SMITH

Rev. Oscar C. Poole, pastor of Casselberry's Community Methodist Church, reported today that services were held last Sunday in the comfort of a brand new air conditioning unit.

The pastor, in expressing his gratitude to the parish and friends of the church, said that tremendous response to his request for donations to purchase the unit three weeks ago brought a total of \$1,323 in contributions to make possible the installation of the church's first air conditioner in such a short period of time.

Dying Soblen Gets Life

NEW YORK (UPI)—Dr. Robert Soblen, who has been given less than one year to live, was sentenced to life imprisonment Monday for wartime spying for the Soviet Union.

"A spy is a spy, no matter what his health may be," said Judge William B. Horlands before imposing sentence.

Mr. R. E. True Dies Early Today

Mr. Robert Ellsworth True, 64, died early today in a DeLand nursing home following a lengthy illness.

A native of Amesbury, Mass., he came to Lake Mary in 1923 and in 1927 became principal of Wilson School at Paola later serving as principal at Lake Monroe for two years before moving to Sanford Junior High where he was principal until his retirement in 1936.

Area Swim Classes To Continue At Present Site

Survivors are his wife, Mrs. Aroly True of Lake Mary; two daughters, Mrs. Natalie Dix of Holly Hill and Mrs. Charlotte Basham of Jacksonville; six grandsons; one brother, A. R. True of Amesbury and one sister, Mrs. Dorothy T. Battles of East Kingston, N. H.

Funeral services will be held at 4 p. m. Thursday from Brison Funeral Home Chapel with Rev. John W. Pilley officiating. Burial will be in Oak Lawn Cemetery.

Directors of the August Metropolitan Opera Association announced Monday that the eagerly awaited 77th season would not be held because they could not meet union musicians' "final" contract demands without increasing the annual deficit by \$750,000.

Anthony A. Bliss, president of the association, held out hope that the season, originally due to open Oct. 23, might go on if agreement could be reached with Musicians Union Local 902 "within a day or so." However, he labeled union insistence on a \$78 weekly raise "exorbitant."

Washington (UPI) — The Interstate Commerce Commission Monday ordered a seven-month suspension and investigation of a proposed Southern Railway rate reduction on feed grains moving from the Midwest to chicken raising areas of the Southeast.

The proposal, which was to have gone in effect Thursday, would cut rates on multiple-car shipments on grain from several Midwest river ports to 37 Southeastern points.

The ICC said it would assign an examiner and set a hearing later. The suspension came after the ICC received more than 70 protests.

Soviet Workers Ask To Work Additional Hours Without Pay

MOSCOW (UPI) — The Moscow press reported today that Russian defense workers had asked the government for permission to work an extra hour daily because of the Berlin crisis.

The Communist party newspaper Pravda said that as soon as Premier Nikita S. Khrushchev ended his grim speech Monday night, workers gathered in rallies to voice their support.

Pravda said workers in Moscow, Leningrad, Kiev and Gorky asked that their workdays be increased from seven to eight hours "to strengthen the country's defenses."

The wide play given this story by the Soviet press indicated the beginning of a campaign to prepare the people for stern measures that may be taken as the Berlin situation nears the boiling point.

The average Russian has felt up to now that the Berlin crisis could be weathered as so many other storms have since World War II.

This attitude was precisely what Khrushchev sought to counteract Monday night in his fireside radio-television address to the nation. The text was published in today's edition of the Communist party newspaper Pravda.

"We must not be complacent, we cannot believe that things will

somehow or other work out by themselves," the Soviet premier said.

He outlined the nuclear facts of life and called for vigilance.

"Neither country which has nuclear weapons will accept defeat until those weapons are tried out," he said.

The gravity of the address was designed to shock the masses of the Soviet people. They had not heard such strong language before in the current Berlin crisis and they probably were largely unaware of its seriousness.

Khrushchev told them they faced the possibility of stepped-up military preparations, mobilization of reserves and dispatch of armed forces to critical Western front areas.

The Soviet premier blamed the entire affair on the West and said President Kennedy in his recent Berlin speech had allowed himself to resort to "threats."

Khrushchev did not go so far as

to ask for any belt tightening yet. This would have taken the bloom from the rosy picture of a future Communist society under the new 20-year program.

And he couched the grim parts of the speech with a new appeal for negotiations: "Let's sit down honestly at a roundtable conference and not fan war psychosis."

Khrushchev gave no indication what could be accomplished at the bargaining table. The whole tenor of his speech served notice he has no intention of backing down on Berlin.

"If we renounced the conclusion of a peace treaty, they (the West) would regard this as a strategic breakthrough and would widen the range of their demands at once," he said.

"They would demand the liquidation of the socialist system in the German democratic republic. This is why the settlement of the question of a peace treaty cannot be postponed."

Plane Hijackers Are Indicted

EL PASO, Tex. (UPI) — Leon Bearden muttered a wry "many thanks," then turned his back on the U. S. marshal who had shoved a copy of the federal indictment through the bars of his cell.

Bearden, 38, gaunt, sullen, ex-convict, was the "brains" behind an unsuccessful father-and-son plot to hijack a Continental 707 jet airliner at gunpoint Aug. 3, fly it to Havana and sell it to Fidel Castro.

His son, Cody, 16, the other half of the two-man hijack team, was in a separate cell at the county jail.

U. S. District Judge E. M. Thomson expected to have Bearden and his son brought before him either Thursday or Friday for arraignment on the charges.

Judge Thomson called a special U. S. grand jury into session Monday. It was the first step in the promise he made to bring the hijackers "speedily" to trial.

The 20 members of the grand jury met for three hours before handing down the six-count indictments against Bearden and his son, being held under bonds totaling \$200,000.

The counts included kidnaping, conspiracy and robbery.

In Washington, Acting Atty. Gen. Byron R. White pointed out that under the Lindbergh Act both Bearden and his son could be sentenced to life imprisonment and under the Dyer Act, which makes it a crime to take a stolen vehicle across state lines, a maximum of five years in prison.

Bearden could also be fined up to \$27,000 and his son \$25,000.

There were 78 persons on board the plane, including the Beardens, when they seized it in their unsuccessful hijacking attempt.

ICC Orders Probe On Rail Rate

WASHINGTON (UPI) — The Interstate Commerce Commission Monday ordered a seven-month suspension and investigation of a proposed Southern Railway rate reduction on feed grains moving from the Midwest to chicken raising areas of the Southeast.

The proposal, which was to have gone in effect Thursday, would cut rates on multiple-car shipments on grain from several Midwest river ports to 37 Southeastern points.

The ICC said it would assign an examiner and set a hearing later. The suspension came after the ICC received more than 70 protests.

Met Future Appears Slim

NEW YORK (UPI) — Opera stars were raising their voices today in hopes of reversing the decision that would cancel the Metropolitan's 1961-62 season because of labor discord.

Directors of the August Metropolitan Opera Association announced Monday that the eagerly awaited 77th season would not be held because they could not meet union musicians' "final" contract demands without increasing the annual deficit by \$750,000.

Anthony A. Bliss, president of the association, held out hope that the season, originally due to open Oct. 23, might go on if agreement could be reached with Musicians Union Local 902 "within a day or so." However, he labeled union insistence on a \$78 weekly raise "exorbitant."

Police, Victim Nab Attacker

SAUGUS, Mass. (UPI)—The sister-in-law of Gov. John A. Volpe teamed with a determined policeman Monday night to capture a pally-faced man on charges of raping her last week.

The suspect, identified as Carroll G. Cobb, 42, of Melrose, was seized as he slept in the rear of his car in a lonely, wooded area of the Breakheart reservation, a 720-acre state-owned preserve.

Cobb was charged with raping Mrs. Irene A. Volpe, 47, Thursday night at dusk in the reservation. Police said Cobb, an ex-convict and father of three, denied the charges.

Mrs. Ownby Hostess To VAH-11

The picturesque Silver Lake home of Mrs. Thomas Ownby was the setting for the recent monthly coffee of officers wives of VAH-11.

Since the ladies are eagerly anticipating the return of their husbands later this month from a long Mediterranean deployment aboard the Roosevelt, arrangements for the homecoming were discussed.

For those families of men flying in, bleachers will be set up and refreshments will be on hand. Mrs. Wayne Robinson was ap-

pointed to purchase materials with which to decorate the bleachers and merry-making articles for the children.

Motorcade was organized for those families who will be meeting the ship in Mayport.

Mrs. Alec Blunden gave a report on coming events planned by the Officers Wives Club Board. First on the agenda is a benefit bridge and canasta game to be held at the N.A.S. Ballroom Aug. 17.

Mrs. Ownby's tablecloth, which

she had made herself, was black and white checked representing the VAH-11 "Checkertails." The centerpiece was an attractive arrangement of purple and white chrysanthemums. Cakes, coffee and assorted pastries were served.

Wives attending were Mrs. H. K. Manship, wife of the commanding officer who conducted the business meeting, and Meses. Sidney Banks, Dale Varner, Roger Smith, Jerry Knutsen, Jerry Patterson and Ernest Wartenberg.

Seattle Girl Is Fiancee Of Local Man

The engagement of Robert Earl Farmer to Miss Marilyn Mae Thatcher, daughter of Mr. and Mrs. R. H. Thatcher of Seattle, Wash., has been announced by his parents, Mr. and Mrs. Robert Lee Farmer of Longwood.

The wedding date is set for Aug. 18 at the Highline Methodist Church in Seattle.

Mr. Farmer, a graduate of Lyman High School in Longwood, has been stationed with the U. S. Army in Alaska for the past two years.

The couple plans to make their home in Seattle while Miss Thatcher finishes college.

Craw-Varn Wedding Held In Orlando

Mrs. Flora Kipp Craw, daughter of Mr. and Mrs. Robert Earl Kipp of Orlando, became the bride of Edwin Earl Varn, son of the late Mr. and Mrs. William Earl Varn of Sanford, Friday at the First Methodist Church in Orlando.

Dr. John Stradley officiated at the ceremony assisted by Revs. Robert Earl Kipp Jr.

A street length dress of silk embroidered rose chiffon over taffeta was worn by the bride, and her short pink veil was held in place by a pink velvet headpiece. Pink rose buds and lily of the valley topped the white Bible she carried.

Mrs. Verline Burns served as matron of honor.

Howard Ernest was the best man, and ushers were Clarence Earl Sims of Mount Dora and Paul Sanchez of Orlando.

Traditional wedding music was provided by Mrs. Paul Babcock. Immediately following the ceremony, a wedding dinner was held at the Cherry Plaza.

After a short wedding trip on the east coast, Mr. and Mrs. Varn will make their home in Orlando.

MISS SHARON KARRAKER, bride-elect was showered with gifts by her friends at a recent party held in her honor. She is shown here with her mother and the hostess. From left, Mrs. E. C. Karraker, mother, Miss Sharon Karraker, the honoree and Mrs. R. H. Karraker, hostess.

Shower Honors Bride-Elect

Miss Sharon Karraker, whose wedding will be an event of Sept. 2 was honored with a miscellaneous shower recently, given by her sister-in-law, Mrs. R. H. Karraker.

A pink and white box, decorated to represent a hope chest held the shower gifts. It was enhanced with silver glitter with a bouquet of pink and white sweetpeas at-

tached and a big bow on top in which nestled a bride doll.

Games were played by the guests and all prizes were donated to the bride-to-be.

Guests enjoyed refreshments of wedding cookies, punch and mint.

Those attending were the Meses Dawn Kiddy, Glenda Wilsey, Diane Tony, Jean Henson, Ola B. Yates, Linda Barker, Bonnie Haskins, Judy Brown, Bonnie Stein-

ruck, Sandy Elmore, Judy Mims, Carol Ellison, Pat Hearn, Betty McNeill.

Mrs. Larry Hamrick, Mrs. Johnny Smith and the honoree's mother, Mrs. Karraker.

Program Presented At Pinecrest Baptist Church

Mrs. C. L. Fitzpatrick was the hostess for the monthly meeting of the Shirley Smith Circle which was held recently at the Pinecrest Baptist Church. The devotional was given by Mrs. Adwon Clark.

During the business meeting it was announced that the community missions project for this month will be making dressings for the cancer closet.

"Christians Sharing Our Possessions" was the title of the program which followed.

Taking part in the program were Meses. Clark, B. M. Fitzgerald, Donald Gravenmier, Vester Smith, David Jones and Lucile Abrams.

Ladies who attended were Meses. C. E. Wade, Harold Sherrod, William Gramkow Jr., Hatley Sykes, and Don Clark.

New Arrivals

Mr. and Mrs. A. J. Bracken Jr. announce the birth of a son, Raymond Thomas, July 31, at the Seminole Memorial Hospital. The father is the principal of Seminole High School, and the mother is the director of Stepping Stones Kindergarten.

Paternal grandparents are Mr. and Mrs. A. J. Bracken Sr., of Gainesville, and maternal grandparents are Mr. and Mrs. T. D. Thomas of High Springs. All are here for the occasion.

The newcomer was welcomed home by the other Bracken children, William, Andrew and Laura.

HOMEcoming PLANS to greet returning husbands are made by the wives of the VAH-11 outfit at a coffee recently. Mapping out arrangements are seated on floor, from left, Mrs. D. N. Varner, Mrs. J. G. Knutsen and Mrs. H. G. Manship, group president. On the couch are, Mrs. W. Robinson, Mrs. A. R. Blunden, Mrs. T. W. Awnby, hostess, Mrs. J. C. Patterson, Mrs. S. M. Banks, Mrs. E. H. Wartenberg. Not shown is Mrs. R. A. Smith.

Couple Take Business-Vacation

Mr. and Mrs. Bob Drabik left last week for New York City to participate in the showing of builder-developer retirement housing in Florida, under the auspices of the Florida-Ozier Enterprises.

This will be both a business trip and a vacation for Mrs. Drabik who plans to visit many friends in New York. Her husband will also visit as much as he can, but expects to have to return to Florida shortly on business.

In N. Y. they expect to visit with William Stephen Armstrong who is designing and casting director of the musical show, "Carnival." They also hope to see Coy Ecklund, who is vice-president of the Equitable Life Ins. Co. and a "Lincolnite."

(Note: A Lincolnite is a scholar of the life of Lincoln, which is evidently such a fascinating study that students turn it into a lifelong hobby.)

In Boston, the Drabiks will visit

friends and in Washington D. C. they will stop to see his sister, Mrs. John Russell, who has just returned from Finland, where her husband was assigned with the State Dept.

In Williamsburg, they plan to renew an old friendship with Adm. John Long and his family. Adm. Long is now a professor of physics at William and Mary College.

Plans now are to return around the last of August and in September Mrs. Drabik will resume her teaching position as assistant professor of speech in the Theater Arts Department at Rollins College.

KEEP 'EM CLEAN
Shampooing your comb and brush is as important as shampooing your hair. To keep your hair and scalp clean and healthy, your comb and brush should be washed even more frequently than your hair.

Lake Mary Baptists Hold Social Events

By FRANCES WESTER
Members of the Young Married Peoples' Class and those of the 25-to-35-year-old Training Union Classes of the Lake Mary First Baptist Church recently enjoyed a combined social party.

Refreshments of ice cream, cake and punch were served to Mr. and Mrs. Bob Jones, Mr. and Mrs. Bowhay, Mr. and Mrs. R. Peters, Mr. and Mrs. Louise Homine, Mr. and Mrs. Francis Gaines and family, Mr. and Mrs. Lamar Stokes and family, Mr. and Mrs. Carl Bryant and family, Mrs. Sandra Frazier and family, Mrs. Ruby Hood and family and Rev. B. Eugene Jackson.

The Junior Girls Sunday School Class of the Lake Mary First Baptist Church, and class teacher, Mrs. B. Eugene Jackson, spent last Friday evening at Skate City. Refreshing cold drinks and numerous surprises during the evening of skating were provided by the management.

Attending were Cheryl Avery, Carol Barnett, Wanda Nixon, Janet Gainey, Sheila Davis, Linda Stafford, Delores and Patricia Flannigan and invited guests include Inell and Biddy Stokes, Billie Davis and Allan Jackson.

Pot-Luck Supper Held By Wives

The Park Ridge home of Mrs. Robert Saus was the scene of a pot-luck supper last week for the ladies of VAH-9. The informal affair was the first of its kind held by this group in several months, and all present greatly enjoyed sampling the wide variety of prized recipes. Helping with all arrangements in her capacity as co-hostess was Mrs. Charles Dukes.

Since the men of VAH-9 are presently aboard the USS Saratoga for its shakedown cruise, many of the ladies have made visits during the summer to relatives in distant places. Their

presence was missed at the supper. But one who was not too far away, Mrs. G. W. Kimmons vacationing at New Smyrna Beach, telephoned during the evening to send her greetings.

Others now absent from the Sanford area include Mrs. Ted Wagner who is in Ohio, Mrs. Robert Harrop in Staten Island, Mrs. Ted Been in Massachusetts, Mrs. John Stufflebeam in California, Mrs. Glenn Durham in Pensacola, and Mrs. John Carl and Mrs. John Ralston in Texas.

Mrs. James Davis and Mrs. George Regan who will be leaving the squadron shortly, were given

the silver Host Dal pins. The Davises are returning to civilian life, and the Regans have received orders to Paris.

Others present were Mrs. Jack Allen, Mrs. William Bassett, Mrs. Leigh Ebbert, Mrs. Robert Foster, Mrs. Gordon Kuehn, Mrs. Tom Markley, Mrs. John Moynihan, Mrs. Robert Tolle, and Mrs. Don Walker.

Women's Missionary Union Rally Held At First Baptist Church

A rally by the WMU of the Seminole Baptist Assn., an auxiliary to the Southern Baptist Convention, was held at the First Baptist Church recently. The president, Mrs. Jack Bryant of Oviedo, presided and welcomed the members and visitors.

The devotional was by the youth group from Oviedo Baptist Church led by Mrs. Ivan Farrens of DeLand.

Guest speaker, Mrs. Rosalee Mill Appleby, who was a missionary to Brazil for 26 years, brought a challenging and inspiring missionary message. She also sang a song in Portuguese.

Conferences were conducted following the business meeting. The Sunbeam band was present to provide music, part of which was led by Mrs. A. J. Peterson. Its 75th anniversary was observed, as was

the 75th birthday of Dr. H. H. Martin.

A playlet, "On This Foundation," about the organization of the WMU was featured, and women who have been members of the WMU for 25 years or more were given special recognition.

Miss Martha Fox, whose grandmother, Mrs. Walter Gwynn, helped organize the WMU in Florida was introduced.

It was announced that the Woman's Missionary Union Conference will be held from Aug. 10-15 in Ridgecrest, N. C., and that the next Leadership Course was to be held at Stetson University in DeLand.

Rev. W. C. Hall of DeLeon Springs pronounced the benediction.

Members and guests enjoyed a covered dish luncheon.

Personal

Mr. and Mrs. C. E. Powell and their sons, Stan and Eddie, have returned home from a recent vacation during which they visited Mr. and Mrs. Floyd Seals in Memphis, Tenn., and Mrs. L. M. Rowell in Atlanta, Ga.

Mrs. Harvard Blanton and her daughters, Lubby Jean and Laura Nell, of Valdosta, Ga., are visiting this week with her brother, J. D. Grinstead and his family. Their vacation will include sight-seeing and trips to the beach.

TOFF THAT SCENT
Always carry a purse size container of your favorite perfume when you go out for the evening. Even the most expensive fragrances last only about four hours, and you'll want to renew the scent before the evening is over.

OWN A RAIN CAP?
Those rainy day mob caps in clear or colored plastic continue to win fans. There are pretty prints or plastic-encased flowers as well.

Church Calendar

WEDNESDAY
Circle 9 of the First Presbyterian Church will meet at Fellowship Hall with Mrs. Bob Crumley as chairman, Wednesday at 9:45 a.m.

Circle 9 will also meet at the same time and place with Mrs. William Hemphill as chairman. A nursery will be provided.

CHURCH MEETINGS
Prayer meeting for the First Baptist Church will be held Wednesday at 7:30 p.m. at the church. Sunday School workers conference will be held the same day at 8:15 p.m.

FAMILY PLAN
Youngsters love to be turned loose in the kitchen to prepare their own treats. Here's a chocolate sauce so simple that the children can make their own.

Junior can put 3 heaping teaspoons of quick chocolate-flavored mix into a paper cup and gradually stir in a small amount of hot tap water... just enough to give the consistency he likes.

This individual serving of Quick Chocolate Sauce can be spooned over cake, pudding or ice cream. If Mom wants to make a more generous amount, she can stir 2½ tablespoons hot tap water into 1 cup quick chocolate-flavored mix.

DESHWASHING QUOTIENT?
Would you pass the "correct dishwashing" test? Many women break basic rules — as well as dishes — every time they fill the dishpan.

Here are some common "errors" as noted by a professional dishwasher: failing to scrape dishes before putting them into hot suds, putting partially-filled coffee cups into clean dishwasher, and carrying clean glasses by hooking fingers inside them.

It behooves all of us to learn the art of washing dishes efficiently.

Law By Machine

We have been cautioned by some economists that, with machines doing more and more brain work, some management men should tremble for their jobs. Now it seems more of the professional fellows may have to worry, too.

A project is under way to see if what the lawyers call "law searching"—the hunt for judicial precedents in particular cases—can be mechanized by a machine index system.

Naturally this is supposed to aid, not replace, lawyers. But if the Jonker Business Machines people pull this one off, a trend might set in. We might find ourselves moving toward the day when a murder trial jury will get its "summing up" from two electronic gadgets doing out cards neatly totting up the arguments.

Dr. Crane's

Worry Clinic

Harry was 30 when he picked his second wife, but was as childish as a kindergarten in his exterior. Max, when you pledge your future 50 years' coming to anybody, he sure you are sober, and the other part to your contract is check-out and double checked as to morality and reliability. Play the betting averages, too.

CASE J-42: Harry H., aged 22, is the twice divorced man mentioned yesterday.

"Why have I failed twice in marriage?" he asked. Well, he picked poor quality matrimonial "merchandise" at the outset.

His second wife had already married and divorced three husbands before Harry met her at a tavern.

Under the influence of liquor and her experienced technique, he proposed to her, so they eloped.

When you marry, you pledge your future 50 years of earnings to the other member of your little family corporation.

If you wanted to pick a bank president to run the institution in which you deposited all your savings for the next 50 years would you select somebody you met at a tavern? And half drunk at the time?

Then you young bucks better use a little more "horse sense." Imagine the baseball manager, too, and play the betting averages.

Will a girl who frequents taverns be more likely to remain true to her husband than one who is active in a local church?

Will a woman who has already been divorced several times be as likely to establish a permanently happy home as the woman who has not made a failure of marriage?

Obviously some women who patronize taverns may remain faithful wives and some active church women may not.

But what do the betting averages prove? Be scientific. There are about 50 times as many divorces among non-church members as among couples who are both active together in the same church.

A high percentage of divorces occur among those who use liquor. Why?

Because a woman who will take one drink can usually be teased

or ceased into taking a second. And after two drinks, any skillful man can get her so liquored up she will acquiesce.

This fact is so axiomatic that when young fellows pick up a girl for a date and wish to seduce the latter, they routinely carry along a pint of whiskey.

That proves they are poor sports. They would be sneered at by hunters who disdain anybody with a shotgun who draws a bead on a sitting quail or rabbit.

"Give it a chance," is the hunters' motto. "Prod it into flight or start the rabbit running before you shoot at it with a shotgun."

But thousands of males refuse to show similar sportsmanship when they date a lush thrush. For they immediately try to dope her up with liquor so she will surrender with little protest.

Instead of relying on super salesmanship and romantic patter, they try to dope her.

"Dr. Crane," some of these poor sports have defended themselves "every woman nowadays knows what liquor will do."

"So if we offer her a drink and she accepts, we figure she is simply inviting us to go the limit."

And that is a fairly common viewpoint among males, for when a woman voluntarily takes a drink, the unwritten code among modern men, holds that she is subconsciously asking for seduction.

"But I was just being polite," such a female will defend her marital. However, most men laugh at such a protest, so you women better get hep to cold reality.

MORE SCHOOLS NEEDED
NEW YORK (UPI)—More than 64 million Americans between the ages of 3 and 14 years were enrolled in school in 1960, compared with 30.3 million 10 years ago, reports the National Industrial Conference Board. In comparison, new public construction for education in 1950 totaled \$1.3 billion and in 1960 only \$1.8 billion.

"It's a Soft Berth But You Have to Use Your Head"

From Rome

Henry McLemore

ROME, Italy—I have been on the Cunard Line's mailing list ever since I crossed on the old Stratusian when that beauty held the Blue Riband of the Atlantic for speed.

The line keeps me informed on plans for new ships, which ones are in drydock, the dates of summer and winter cruises, changes in management, and promotions and retirement of officers.

The latest bulletin from Cunard arrived a few days ago and puzzled me at first. It said that fruit machines had been installed in all the public rooms of the Queen Mary in an effort to combat competition from airlines.

What an odd way to lure customers from the airlines, I said to myself, and tried to picture the Queen Mary filled with automatic vending machines that served oranges, apples, bananas, pineapples, and perhaps grapefruit and kumquats.

I was about to write my first letter to the Cunard folk when I remembered that in England a fruit machine isn't what it sounds like, but a slot machine. With their gift for naming things, the English took one look at the lemons, plums, and cherries on a slot machine, and gave it the apt name of fruit machine.

Cunard made it quite clear that the fruit machines are aimed at Americans. There will be scattering of machines designed to take an English sixpence, but most of them will handle American nickels, dimes, quarters, and fifty-cent pieces.

An American fruit machine expert has been signed on as a

crew member to watch over the machines and provide free instruction to those passengers who do not know how to play them. I presume that newcomers to the sport will be taught the slow pull, the fast pull, and the quick, angry rick. Also that it is bad sportsmanship to move in on a machine which a man has played for hours without luck when he goes off for more change.

I doubt if the airlines will take this brilliant competitive move by Cunard lying down. My guess is that the airlines will counter with the introduction of bingo, craps and blackjack.

"We are flying at an altitude of 40,000 feet," I can hear the loudspeaker say on a jet, "and our first game will be a picture frame bingo. Ready? B-11, 1-19."

Or, "Your Captain is Captain Donald Gates and he wishes you all a pleasant trip and would like to announce that a crap game will start in the lounge as soon as cruising altitude is reached. Will the passengers please peer for the dice. The Captain will face all uncovered bets. Thank you."

Cunard is about to build a new super-liner and as yet has not chosen a name, although it has been rumored that Prince Charles would be honored.

If the fruit machines are a success, and they may well be, I think it would be fitting and proper for Cunard to call the new ship the S.S. Three Plums, or the S. S. Jackpot, or the S. S. Two Lemons and a Peach.

The installation of the fruit machines will settle the problem

of what to give for a bon voyage present. What could be a happier choice than a few rolls of nickels, dimes, and quarters, handsomely packed in a wicker basket?

Peter Edson's Political Notebook

WASHINGTON (NEA)—There are two minor classics of political broadcasting in Part III of the reports from Sen. Ralph Yarborough's Commerce Subcommittee on Freedom of Communications, just off Government Printing Office presses.

This volume's 600 pages contain transcripts of all the radio and television network appearances of the two presidential candidates—including the great debates—during the last 10 weeks of the 1960 campaign.

The purpose of taking all those 300,000 words off tapes and setting them in print is to let the Congress look at them in the cold gray light of the year and see what ought to be done to supplement some of the same before 1964.

This 1960 stuff seemed pretty important at the time, but its cold corn soup now, except for two memorable shows.

The first in Vice President Richard M. Nixon's appearance on the Jack Paar show Aug. 25. The second is Tallulah Bankhead's introduction of Sen. John F. Kennedy on the International Ladies Garment Workers show Nov. 2.

There isn't space here to print full texts of both. But a few excerpts will give you a sample of what you may have missed. First the Paar Show:

PAAR: "Good evening. I'm speaking to you from Washington."

I have a telegram in my office in New York that will be framed. This is what it says: "To Richard Nixon, the Vice President of the United States, in care of Jack Paar." The stock market may fall tomorrow...

...but it is a thrill to me. "Can I say what people say—in the nutty circles that I move in? ... They say, 'Well, what's the difference between Richard Nixon and Jack Kennedy?'"

NIXON: "How much time have I got?"

PAAR: "Mr. Vice President, I watched both conventions. Incidentally, I was watching on television and a friend of mine, Joey Bishop, called and he said, 'I watched Sen. Kennedy. He came out of his hotel and jumped in a big black car and they drove off. Nixon just came out—jumped in his car and drove off.' Joey added: 'We're voting for two men who can't drive.'"

PAAR: "What is the reaction of your children when they hear someone 'sing' it into you?"

NIXON: "Well, it's a little difficult. Our two girls are both sensitive. We, of course, do not discuss political situation at home."

PAAR: "I have a feeling the Kennedy's discuss it at home."

NIXON (At the end of the show): "Could I ask you one favor, Jack?"

PAAR: "You can ask any favor you'd like."

NIXON: "Could we have your autograph for our girls?"

The Garment Workers Show

three days before election was a paid network broadcast to present a speech by Kennedy.

Bankhead: "This is Tallulah Bankhead, ladies and gentlemen. I am an actress—momentarily unemployed along with five million other Americans. I am a Southerner, a Protestant and I am a Democrat with a capital D. I came here to introduce John F. Kennedy who, as of Jan. 20, will be a resident of 1800 Pennsylvania Avenue. That's the White House, darlings."

"But before I present John Kennedy, I would like to say a few words about his confused and doomed opponent, Mr. Nixon, who thinks that everything is just ducky."

"What is the political situation at home?"

PAAR: "I have a feeling the Kennedy's discuss it at home."

NIXON (At the end of the show): "Could I ask you one favor, Jack?"

PAAR: "You can ask any favor you'd like."

NIXON: "Could we have your autograph for our girls?"

The Garment Workers Show

"Well, plays with dialogue like that close after four days in New Haven. I have a suspicion which I think you share, that our survival does not rest on color TV."

I have the Key to your Opportunity To Own Your Own Home!

2524 Park Drive

Tired of moving on short notice? Dissatisfied with high rents? Want to feel the security of your own home? I have the key that lets me help you unlock the door to a home of your own.

There have been many of our Navy friends who have received orders transferring them to new assignments, including members of VAH-13 who left this month. A number of the families have sold their homes, and there are still some on the market for sale.

Many of those who are being transferred have requested me to assist them in selling their homes. In many instances beautiful 3 and 4 bedroom, 1 and 2 bath homes in subdivisions in all sections of Sanford can be bought for very small equities. A number of homes with monthly payments as low as \$75.00 a month and with as little as a \$250.00 down payment are available.

I want to do everything I can to assist these friends in selling their homes. I want the opportunity to show you these excellent home ownership opportunities. Rental rates on similar type homes in Sanford today are from \$100.00 to \$135.00 a month. I honestly believe that this is an excellent opportunity to help many of our fine Navy friends sell their homes and it is also an excellent opportunity for you to own a home. My interest is to help them and to help you.

I will be glad to discuss personally with you any of these home buying opportunities and take you and show you these homes—or, I will arrange an appointment for the homeowners to show you the homes because I am confident that you will agree that these are quality homes at prices you can afford. These homes range in price from \$8,200.00 at \$52.00 a month to \$19,500.00 at \$125.00 a month.

Q—Please refer me to a reliable consultant for estates and taxes.—A.G.

A—Dear A.G.: Sorry, but can't undertake such recommendations. Ask among friends, query your lawyer or local bank and above all read books on the subject. We can recommend N. C. Caine's "Your Wife Without You" and Earl S. MacNeill's "What Every Wife Should Know About Wills."

Q—Could you advise me how to obtain assistance via the Wage Earner's Plan under the Bankruptcy Act of 1937?—C.S.B.

A—Dear C.S.B.: Try the Legal Aid Society or your local court to recommend an attorney. He must file for you.

Q—I live in a small town and do not have access to a brokerage office. Can you suggest some bank or broker in New York who could help me sell some stocks?—M.F.H.

A—Dear M.F.H.: In this case, the person to rely upon is your local banker right in your home town. If he can't recommend a brokerage firm nearby, his bank will handle the transaction for you. No doubt he will add a small fee, but this is worth-while. He will try to get the best possible price for your stock.

Q—My three children and I began getting Social Security benefits following my husband's death last year. I heard recently that widow's benefits had been increased. Will my children and I get a

larger monthly check as a result of this change?—N.B.C.

A—Dear N.B.C.: Sorry, but this increase goes only to widows who are already 62 and entitled to aged widow's benefits. The purpose of the new law—which increases aged widow's benefits by 10 per cent—is to aid the aged widow who, under the old law, received only half the amount she and her husband would have received had he lived.

Many of these old widows maintain their homes without outside help and thus have almost as many expenses as a couple would have. However, under the new law, you will receive a higher benefit when you reach 62.

Q—Is it wise to buy stock for a minor? Does a parent have authority to sell the stock of a minor in case of need?—J. B.

A—Dear J.B.: Depending upon circumstances, it could be wise to buy stocks for a minor. However, proper precautions must be taken to be certain the stock is properly registered so there will be no difficulty in selling it. It is presumed, however, that the stock you buy for a minor is bought as a gift, so watch the federal gift tax rules, also, whether, after you have made such a gift, it can be revoked or not so that you could sell the stock if you needed the money.

Buying stock for a minor is no step that should be taken thoughtlessly but only after consultation with a lawyer or trust officer.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am in love with a man my parents hate. I'll call him Joe. My father checked up on him, and now he won't let me go with him. Joe is a musician. He plays the drums. My father says a drummer is no musician; that a person who plays the piano or violin can call himself a musician—but a drum is no instrument. Is this true?

Also, my father found out that Joe is 28. He lied to me and said he was 24. I lied to my parents and said he was 20. (I am 17). I want to know: No. 1—If you could call a drummer a musician? And, No. 2—if you think, as long as he is a gentleman, my parents should let me go with him?

DEAR GIRL: No. 1: A drummer IS a musician. But what's all this jazz about his lying about his age? That is another kettle of fish. Tell your drummer boy to play it straight, or beat it!

DEAR ABBY: What do you do with a boy who says the only reason he wants to kiss you on the lips is to taste your lipstick?

DEAR MADELINE: Turn your cheek to him, and tell him not to do you any flavors.

DEAR ABBY: A neighbor, who is impossible to talk to, throws bread in his yard every day to feed the pigeons. The pigeons fly back and forth from his roof to mine all day long. They have nests in my chimney. I don't have to tell you what a couple of hundred pigeons can do. It is impossible for me to hang out my washing. And to enjoy sitting outside is out of the question. Every day more join the flock. Do you or any of your readers know any way to get rid of pigeons? Or do they do some good that I don't know about?

PIGEON HATER
DEAR PIGEON HATER: The most constructive function ever credited to pigeons was carrying messages, and Alexander Graham Bell put them out of that business years ago. But pigeons can still carry diseases. If your neighbor is "impossible" to talk to—talk to the Board of Health and the Society for the Prevention of Cruelty to Animals.

Everybody has a problem. What's yours? For a personal reply, write to Abby in care of this paper. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50c to Abby, Box 3365, Beverly Hills, Calif.

We The Women:

By Ruth Millet

It's getting harder and harder for women to keep ahead of the men in the twin worlds of fashion and beauty.

Once we could count on men to make a nice nondescript background for our frivolous fashions. But no more . . .

Sports shirts are every bit as loud and attention getting as patio dresses.

Masculine aids to beauty (such as hair tonics, after shave lotions, shaving cream, shower soap and so on) get more flagrantly accented every year—and more alluringly packaged.

Men's suits now come in all sorts of subtle colors—instead of

being restricted to blue, black gray or brown—the way they once were.

There's absolutely no limit to how wild a sports coat can be. And if a man isn't sporting ruffles on his evening shirt he is probably wearing a dinner jacket so loud his wife has to wear a simple little black number to keep the two outfits from clashing horribly.

Then there are those fancy neckties at fancy prices, put out by top designers, that the men can't seem to resist and which have a way of causing as much comment as a woman's new bonnet.

As if the men hadn't gone far enough in stealing our thunder

some barbershops are now going in for hair-dyeing. Pretty young mama won't even be able to count on papa's gray hair to set off her own blond rinse.

But the very latest attention-getting gimmick the men are sure to fall for is a line of neckties that are scented to match their designs. For instance, suitcases adorn the leather scented ties, and coins decorate the tie with a copper scent. (Maybe the design that goes with "cut grass" is a lawnmower. Anyway, let's hope so.)

Now how is mama going to compete with papa for attention at a party when he gets the girls crowding around to have a sniff of his new aromatic necktie?

Jacoby On Bridge

By Oswald Jacoby

The first of George Gooden's later combinations that he uses in teaching bridge is "ARC." It tells declarer to ARC the hand before playing from dummy to the first trick. The A-R-C thought pattern is:

A analyze the lead.

R review the bidding.

C count your likely losers.

Analysis of the lead is unimportant with today's hand. Review of the bidding only reminds South that since neither opponent bid there is no reason to suspect any unusual distribution of the adverse cards.

A count of losers shows two potential losers in hearts that can be taken care of with two of dummy's trumps. There is

a possible spade loser that can be eliminated by a successful finesse and two possible club

losers. Again a finesse can take care of one of them.

Now South is ready for play. He wins the heart, trumps a second heart in dummy, leads the jack of spades and finesse. The finesse works. Now South plays a second trump which clears up the suit, ruffs his last heart and eventually loses two club tricks because the club finesse does not work.

Longwood Church Opens Series Of Daily Meetings

The Gospel Meeting series, which began Friday at the Longwood Church of Christ, will continue daily at 7:30 p. m. through this week until the concluding service next Sunday evening.

Evangelist for the series is Wayne Fassel of Shreveport, La. and invitation to attend the special services has been extended to all interested residents of the community by church officials.

They also have invited attendance at regular weekly services which are held each Sunday at 10:30 a. m. and 7:30 p. m. and each Wednesday at 7:30 p. m.

Spends Day At Beach

Casselberry's Community Methodist pastor, Rev. Oscar C. Poole, Saturday loaded the church school bus with members of the Methodist Youth Fellowship and drove the entire group to New Smyrna Beach for a day of swimming, picnicking and fun in the sun.

Small species of the petrel are called "Mother Carey's chickens" by sailors.

Understudy Scores Success

NEW YORK (UPI)—The future of the Broadway musical "Carnival" looked bleak Monday night when its star, Anna Maria Alberghetti, was forced to leave the cast and enter a hospital.

But the show must go on, as tradition dictates, and an unknown actress named Anita Gillette, Miss Alberghetti's understudy, made the most of her big chance to give the show a strong boost. The capably audience awarded her with thunderous applause.

The show's producer, David Merrick, said it was "the best replacement performance I've ever known on Broadway" and predicted that Miss Gillette "will be a star."

"I wish I had been clairvoyant enough to know at the beginning that she was that much better than Miss Alberghetti," Merrick said.

A spokesman for Miss Alberghetti, who is suffering from internal hemorrhaging, said physicians had not yet decided whether surgery would be necessary. Her ailment was complicated by anemia.

The 25-year-old singing star opened "Carnival" last April 13. Since then she collapsed twice during performances, but was able to complete the show on both occasions.

There have been reports of a dispute developing between Merrick and Miss Alberghetti because she wanted to leave the show for a limited time to work in a movie. Miss Gillette has announced she signed a contract to start work Aug. 28 in a new play, "The Gay Life."

Highlights

TV Key Previews

Tuesday's top television shows as previewed and selected by TV Key's Staff of experts who attend rehearsals, watch screenings, and analyze scripts in New York and Hollywood:

Focus on America. — "Clipper Ships and Paddle Wheels." The romantic ferryboat saga of old San Francisco Bay is beautifully told tonight, so wait out the slow start of this documentary on the sailing ships of yore and feast your eyes on its long-past glories. There's a fascinating reminder here that change and life are inseparable which should give all of us pause. 7 p. m. ABC.

Rileman. — "The Grasshopper." (A Repeat) Good episode. They sound like real ones, and this one "McCain On a Train," since the whole show takes place on a 40-mile-an-hour express. Our hero is on the train, and so is a con-

victed murderer on his way to the gallows with pals who try to spring him. Arthur Honecutt does his customary fine job as an old boy with a lot of memories that capture little gullible Mark's imagination. 8 p. m. ABC.

Dobie Gillis (Repeat)—Parents take over for striking schoolteachers in this rather racy show. Some fans may like Dobie's mother as she teaches the gym class, while Gillis teaches English and Mrs. Chatsworth runs the economic class. Nasty and fairly frank episode. 8:30 p. m. CBS.

Playhouse 90.—"The Grey Nurse Said Nothing." (Repeat). There's plenty of Aussie slang to brighten up the dialogue of this Australian murder arial, interlarded with colorful Aussie and include the killing itself. A handsome cast led by lovely Ann Todd, Hugh Griffith and Angela Lansbury help the proceedings considerably, and the flashbacks break up the standard courtroom sessions nicely. 9:30 p. m. CBS.

Jack Paar Show—Shelley Berman, Walter Kiernan, Genevieve, and the Berlitz People, all old-timers on the show, are Jack's sideliners tonight, with Jack's well-doubling as singer and announcer. (Color) 11:15 p. m. NBC.

Adventists Hear Musical Program

Young people of the Orlando Central Seventh-day Adventist Church, under the direction of Arthur Garrison, presented a musical program for the Saturday afternoon Vesper Service of the Sanford Adventists.

Included in the musical group were Mrs. Betty Tucker, organist; Mrs. Ronald Ballard, pianist; Craig Ballard, trumpeter and Pastor Walter Slazat, violinist.

Others taking part on the program were Mrs. Beverly Garner, Mrs. Barbara Fowler and Miss Linda Thompson.

Herb Davis, sponsor of the Orlando Young Peoples' Group, spoke on the value of good music pointing out that "music, when not abused, is a great blessing but when put to wrong use, it is a terrible curse."

Highway accidents kill an estimated 40,000 Americans every year.

Highest prestige.

Wherever people of distinction and discernment gather, Cadillac is the one fine car so brilliantly prominent. Certainly no other car speaks so eloquently of its owner's good taste, good judgment and character . . . or gives him so honored an introduction wherever he goes. To the business or professional man about to purchase a luxury car, there is no more respected motor car investment than a Cadillac.

Houk Doing Sound Job For Yanks

United Press International
 "Ralph Houk, who started out with the hope he could do 'half as well' as Casey Stengel, has the New York Yankees playing better ball than they did under the 'Old Perfectionist' during the past six years — and you can bet it up."

The Yankees' best percentage under Casey since 1954 was .536 in 1957 when the club won 96 games to breeze to the pennant. Under Houk, the Yankees currently are playing at a sizzling .500 clip.

They own a three-game lead over the second-place Detroit Tigers and a one-game lead over the third-place Chicago White Sox. "I ain't finished with my job yet, but I think I'll finish with 127 victories in this year's extended schedule. That total would be four more victories than they

ever registered for Stengel in any one season.

Houk finished his five-day suspension Monday night and the Yankees welcomed him back with a 4-1 triumph over the Los Angeles Angels. The victory, the Yankees' fifth in a row and seventh in their last eight games, was achieved by southpaw Bud Daley, who limited Los Angeles to six hits.

Yogi Berra broke a 1-0 tie when he led off the sixth inning with his 14th homer of the season off loser Ken McBride. It was also the 32nd homer of Berra's career, moving him into the 14th spot past Hank Greenberg on the all-time home run list.

Daley, now 2-15, allowed the Angels' only run in the second inning on a walk and singles by Joe Koppe and Rocky Bridges. It was McBride's fifth futile attempt

at winning his 10th game. His record is 9-8.

In the only other American League game scheduled, the Baltimore Orioles edged the Kansas City Athletics, 5-4, and the Boston Red Sox swept a doubleheader from the Minnesota Twins by identical 5-4 scores.

The Cincinnati Reds fell six percentage points behind the idle first-place Los Angeles Dodgers by dropping a 5-1 decision to the St. Louis Cardinals, and the Pittsburgh Pirates handed the Philadelphia Phillies their 10th straight defeat, 3-1, in the only National League game.

Home runs by Jim Gentile and Don Buddin carried the Dodgers to their victory over the A's, whom they have beaten 10 out of 11 times this season.

Gentile's homer was his 31st and broke the Baltimore club record of 30 set by Gus Triandos in 1958. Brandt had a single in addition to his homer and drove in three runs. Chuck Estrada gained his ninth victory with help from Jack Fisher and Billy Hoelt. Art Ditmar suffered his seventh loss.

Mike Fornieles pitched and batted the Red Sox to their first-game win over the Twins. In addition to hurling five scoreless innings, Fornieles helped himself toward his sixth victory by doubling off loser Don Lee in the ninth and scoring the winning run on Carl Yastrzemski's single.

Rookie Don Schwall won his 13th game against two defeats in a nightcap when pinch-hitter Vic Wertz singled home the winning run off loser Pedro Ramos (8-13) in the eighth. Lennie Green

and Don Buddin homered in the opener while Jackie Jensen connected in the nightcap.

Stan Musial's three-run homer plus another solo wallop by Carl Sawatski sunk the Reds and extended the Cardinals' winning streak to five games. Both blows came off Ken Johnson. Larry Jackson held the Reds in check on seven hits and struck out the same number to even his season record at 8-4.

Bob Friend scored his 11th victory for the Pirates with a four-bitter over the Phillies. Loser Johnny Bushardt (3-12) yielded single runs in the first, second and seventh innings. Pittsburgh fashioned what proved to be the winning run in the second on a single by Bill Mazeroski. Friend sacrificed and a single by Bill Virdon.

Spahn Shoots For Big 300th Win Friday

MILWAUKEE (UPI) — Mickey Mantle and Roger Maris of the New York Yankees have been getting most of the headlines with their assault on Babe Ruth's home run record, but a hawk-nosed left-hander named Warren Spahn goes after quite a chunk of baseball immortality himself here Friday night.

Spahn, with the 40-year-old arm, will bid for his 300th victory when he faces the Chicago Cubs. Only 12 other pitchers in the history of major league baseball have won 300 or more games, and last to enter this new-never-land was Lefty Grove of the old Philadelphia Athletics and Boston Red Sox in 1941.

Spahn won his 299th game last Friday night in San Francisco and normally would have been ready for another start today or Wednesday. Milwaukee Braves officials felt it appropriate that he be held out of action until Friday so the home folks can watch him try for No. 300.

A local baseball writer has suggested the Braves invite Grove, the only living member of this exclusive club, to be present Friday night.

Unlike Grove, who quit after reaching 300, Spahn expects to be around at least two or three more years, and has his sights set on Eddie Plank's 325 victories. As of now, Plank has won more major league games than any other left-hander.

Plenty Of Grid Activity On TV
 NEW YORK (UPI) — College football's armchair quarterbacks will view a total of 23 games on 13 dates this year beginning on Sept. 16 with a national telecast of the Pittsburgh-Miami, Fla., game at Miami and ending with the annual Army-Navy classic on Dec. 2.

Tallahassee Cops First Tilt In State Play Here

Tallahassee scored six runs in the third inning to roll over Miami 7-1 in the first game of the state Little Major League tourney held in Sanford Monday.

In the second game, Panama City rolled over Ocala, 11-6.

The winning pitcher for Tallahassee was Terry Goldbold who allowed only three hits in gaining the victory. The lads from the capital scored their six big runs on successive hits by Peppy Cash the catcher, Rob Golden and three walks.

Lombardi Gets New Five-Year Pact, Raise With Green Bay

GREEN BAY, Wis. (UPI) — Vince is here to stay!

And 62,888 residents of this city — Green Bay Packers fans every last one of them — couldn't be happier.

Vince Lombardi, head coach and general manager of the National Football League Packers, was rewarded with a new five-year contract and a raise in pay Monday, dispelling any doubts the Packers fans may have had that the "coach of the year" in 1959 would leave for another job.

The new pact, which is retroactive to Feb. 1, replaces one which still had three years to run, and was given Lombardi by the club's executive committee "to recognize the excellent job Lombardi has done in putting new life in the Packers in just two years."

CBS To Televis 90 NFL Games

NEW YORK (UPI) — The Columbia Broadcasting Company has arranged to televise at least 90 National Football League games during the coming season.

A change in the NFL television program was necessitated when a Philadelphia judge ruled that the 1961-62 "package" deal which the league had negotiated with CBS violated the antitrust provisions.

As a result, the NFL clubs were required to negotiate their TV rights on an individual basis, just as they had done in the past.

In effect, the 1961 program will be about the same as last year's. Nine of the NFL clubs which sold their TV rights to CBS last year again will televise all their road games back to the home area over that same network.

Those clubs are: Philadelphia Eagles, Green Bay Packers, New York Giants, Detroit Lions, San Francisco Forty-Niners, Chicago Bears, Los Angeles Rams, St. Louis Cardinals and Dallas Cowboys.

It was expected the Washington Redskins and Minnesota Vikings also would shortly complete arrangements with CBS for the televising of their games.

Last season the Pittsburgh Steelers and Baltimore Colts sold their TV rights to the National Broadcasting Company while the Cleveland Browns' games were televised regionally, three games will be shown coast-to-coast. These games are the annual Thanksgiving Day clash between Green Bay and Detroit, and two Saturday afternoon games on the West Coast late in the season.

Board Misses Point In Sharpener Bill

County Commissioners, after spending the better part of the last two weeks in a closed, stuffy vault attempting to cut a massive budget to the bone, chopping off budget requests of more than \$100,000 threw up their hands in despair Tuesday. They had received a bill for cleaning, oiling and adjusting an electric pencil sharpener for \$8.50.

"This is the most ridiculous thing I ever heard of," shouted District 3 County Commissioner James P. Avery.

"Here we try to economize, cut the budget to the bone, try to save money and we let something like this go on," he added.

The outburst came at the close of the regular meeting Tuesday while board members were going over the vouchers.

The bill was sent to the commission for routine approval by the Tax Assessor in whose office the sharpener is located.

The bill also includes cleaning two typewriters for \$33 and two cartridges for \$15. The total bill

came to \$56 and was from an Orlando firm.

Avery said that he would refuse to pay this bill while other commissioners said that the board is obligated to pay it. John Fitzpatrick chimed in "We would only stop this where it starts."

The board decided to authorize the clerk to look into the matter and bring back a full report next week.

Commissioners also refused to pay three other bills. Two were from the County Agent's office—

one for a clock costing \$8.00 that Avery said "I don't remember us authorizing the purchase of that piece of equipment." The other was for a grocery bill of \$6.75.

The grocery bill apparently was for refreshments for a 4-H party.

Still another bill that the commission wanted more information on was mileage for a clerk in the registrar's office for \$8.48.

"Let them take us to court," Avery said, as the commissioners called it a day.

By LARRY VERHEL

Nobody asked me, but I wonder if the City Commission will take a hard look this year over the matter of Christmas bonuses. The proposed budget lists \$3,200 set aside out of tax funds for this purpose.

Will the guy who stole the hub-caps off the car of Commissioner J. H. Crapps please return them.

Florence Mapez, County Clerk Cecil Tucker's secretary for the past three years, has submitted her letter of resignation to Tucker and the County Commission. Mrs. Mapez will be moving over to private industry — where we hear that chances of getting a raise once in a while are somewhat better.

Will that guy who stole the hub-caps off Mr. Crapps' car please return them.

Two county commissioners are still unhappy over the tentative budget and have mentioned to me that they are a long way from approving it.

Sanford will get back \$32,000 from the county based on the 1960 tax roll and not \$40,000 as we reported Tuesday. Guess we looked on the wrong line.

The Board of Equalization will meet Aug. 16 and Clerk Arthur Beckwith tells us that complaint forms can be picked up in the clerk's or tax assessor's office.

The Florida State Road Department now maintains an office at 407 W. First St.

And for the last time we will ask: Will the guy who stole Mr. Crapps' hub-caps please return them.

We want to keep Mr. Crapps as happy as possible with all these budget hearings coming up.

Ships Collide In Dense Fog

TRAVERSE CITY, Mich. (UPI) — Two ships collided in dense fog in northern Lake Michigan early today, but the Coast Guard reported neither was in danger of sinking.

The vessels were identified as the Mackinaw Island, a lumber carrier with three crewmen, and the Kermit, a foreign freighter.

The Mackinaw Island was reported most seriously damaged and was proceeding eastward toward the straits of Mackinac.

Brothers Fears Sub-Standard Facility By '63

Seminole County Health Director Dr. Clyde D. Brothers warned today that his department will become "sub-standard" by 1963 unless needed budgetary increases are approved by the County Commission.

Brothers made the statement after the Commission Tuesday released its tentative budget keeping the Health department millage the same as last year — 12.

JUDGE VERNON MIZE

Mize Expresses 'Disappointment' Over Fund Request

Juvenile Judge Vernon Mize today expressed "extreme" disappointment over the County Commission's decision not to appropriate any funds for a foster home program for dependent children out of next year's budget.

In a statement to the Herald, Judge Mize said "the lack of funds makes the proper disposition of cases involving dependent children an almost impossible task."

"I can't help but wonder if the people of our county really want the juvenile court, law enforcement offices and welfare workers to continue having to deal with these neglected and abused children with no funds to provide for their care," Mize said.

Mize called the situation "tragic" and said that "I sincerely feel that someday the people of our county will let our commissioners know that they do not want Seminole County to continue turning its back on these helpless children."

Two months ago, Judge Mize, as well as welfare officials, asked the commission to consider including the program in next year's budget.

However, a check of records of the tentative budget reveals no appropriations for the foster home program.

When questioned by a Herald reporter Tuesday on the appropriations, one commissioner said "we dumped it into the ash can."

Village Homes Get CD Pamphlets

North Orlando's Civil Defense Chairman Arthur H. Rhodes, with the help of Girl Scouts and Cub Scouts, delivered a 32-page instructive pamphlet entitled "Home Protection Exercise" to every home in the community today.

The action was taken as another step in the Village CD program where classes of the first Personal Survival Course to be offered in the Village were held at 7 p. m. Tuesday in the Fire Hall.

Seminole County Civil Defense Director A. B. Peterson Sr. will be present for an 8 p. m. meeting today in front of the Village Hall where Rhodes says "residents can get answers to all their questions concerning the preparedness program."

Brothers, when asked by the Herald whether he will appear before the commission at its budget hearing next month, declared, "You bet your boots I will!"

Brothers had submitted his 1961-62 budget asking for an increase of some \$15,000 to operate his department and requesting its millage be raised from .12 to .20.

"What we asked for was not any excessive amount," the health director said, adding that "we just have enough money to take care of us next year."

However, Brothers emphasized that on the current millage "we will be forced to layoff half our employees the following year unless something is done for us."

"We are not sub-standard now . . . but we will be by 1963 unless something is done," he added.

The commission had turned over Brothers' request to the County Medical Society for study.

Dr. Vincent Roberts told the Commission Tuesday that the society's public health committee had backed Brothers' budget 100 percent and agreed with the health director on needed raises.

AF 'Unveils' Deadly New Atlas

CAPE CANAVERAL, Fla. (UPI) — The Air Force unveiled its deadly new Atlas "F" missile Tuesday night and achieved a spectacular success with the weapon, which will be capable of sending a nuclear warhead 4,300 miles in 30 minutes.

The "quick-firing" Atlas "F" is the final model in the development of this country's first operational ballistic missile. The 82.5-foot-tall rocket is destined for underground silos at strategic locations in the United States.

Tuesday night's Atlas reached speeds of 15,000 miles an hour on its 3,000-mile trip down the Atlantic test range.

The first test firing was a checkout of instrumentation and guidance but operational models will give Atlas storable fuel capability for the first time. The refinement gives the war rocket a much shorter countdown than operational Atlases now in use at bases in the United States and Europe.

Rusk Warns West: Crisis Inevitable Over Berlin

PARIS (UPI) — U. S. Secretary of State Dean Rusk has warned America's European allies that a major crisis over Berlin is inevitable if Russia presses hard against vital Western interests there, it was learned today.

Rusk was said to have left the impression among Western diplomats with whom he conferred here during the last week that he considers the present Berlin crisis graver than any in the past because Soviet Premier Nikita Khrushchev may believe the strategic situation has swung in his

favor.

Rusk flew to Rome this afternoon after rallying America's European partners to the firm defense of Berlin.

His last job before taking off was to preside over a meeting at the U. S. embassy of 30 ambassadors to European countries on both sides of the Iron Curtain.

American sources disclosed that Rusk, British Foreign Secretary Lord Home, French Foreign Minister Maurice Couve de Murville and West German Foreign Minister Heinrich von Brentano

agreed the West should take the diplomatic initiative on Berlin some time in the next few months. That is not expected to take place before the Sept. 17 West German parliamentary elections.

The sources said it was agreed the actual form and timing of any Western approach to the Soviets would need further discussion. In the case, the sources said, it might be changed radically by some move by the Russians beforehand.

Rusk, it was learned, told the NATO council the United States

is hastening to prepare six additional divisions at home which could be available for prompt assignment to Europe in case the Berlin crisis becomes acute.

In his talks with European officials, it was learned, Rusk said the present Berlin crisis is more serious than in the past because Khrushchev has laid down specific demands for the first time, has fixed his own position and committed his own prestige and that of the Soviet Union and has made it extremely difficult for himself to back down.

Teams Appointed To Study Needs In Courthouse

Committee Chairman J. H. Van Hoy, meeting with the Courthouse Committee Tuesday, appointed five teams of two men each to look into the needs of the various offices in the courthouse.

Named to interview the Circuit Judge and Parol Officer and study their needs as to space, storage room and parking, were Col. J. O. Gregory and Dick Hanks.

The problems of the County Judge's office and Clerk of the Circuit Court were assigned to H. B. Pope and John Williams.

Needs of the Tax Collector and the Zoning Board offices will be the area in which Andrew Caraway and Bill Bush will make their investigations.

Citrusman Roy Britt and Ford Cavanaugh, drug salesman from Bear Lake will look into the needs and wants of the Tax Assessor's Office and the Small Claims Office.

Van Hoy and Fred Williams will study how to help the County Engineer, the County Agent and the Supervisor of Registration.

After all office and department heads have been canvassed, needs ascertained and wants noted, the teams will meet as a study group to correlate the findings and compile them.

From this, the committee plans to be able to report to the county commissioners their findings and recommendations as to how the present space in the courthouse is being used, how it can best be utilized or arranged to provide more space.

In other business, the Courthouse Committee elected Bill Bush as vice chairman, appointed a secretary, determined the length of meetings, outlined the scope of the duties of the committee and appointed Col. Master Plan For Hemisphere Set

PUNTA DEL ESTE, Uruguay (UPI) — The United States reached agreement with Argentina and Brazil today on a master plan for transforming President Kennedy's "Alliance for Progress" into economic and reshaping the economic face of the Western Hemisphere.

Informed sources said the agreement came in a surprise secret meeting held after a boastful trade by Cuba's Ernesto (Che) Guevara touched off shouting and fist fights Tuesday in the Inter-American Economic and Social Conference.

Guevara literally challenged the \$20 billion dollar Alliance for Progress plan to match what he said Cuba could do in the next 20 years under its Communist-supported and oriented revolution.

In a meeting lasting past midnight, that challenge was accepted, according to the sources.

They said the United States had compromised on powers to be given to a committee of "wise men" that will be set up to guide spending program under the alliance.

But Ignacio Urrutia, president of the Chilean Chamber of Deputies, said "He spoke with great emphasis about self-determination of peoples and liberty but did not explain why there are no elections in Cuba, nor why so many obstacles are put in the way of

those who want to leave Cuba."

As Guevara ended his speech, a Cuban exile leader leaped onto the president's platform in the conference hall and shouted, "Murderer, down with communism!"

The incident touched off a melee in the conference hall and at least three fist fights erupted between pro-Castro and anti-Castro Cubans.

"We are used to hearing this sort of thing from them," said Dr. Lorenzo Fernandez, Venezuelan delegation chief.

Several found a tone of conciliation in the speech, since Guevara offered to negotiate Cuba's differences with the United States.

But Ignacio Urrutia, president of the Chilean Chamber of Deputies, said "He spoke with great emphasis about self-determination of peoples and liberty but did not explain why there are no elections in Cuba, nor why so many obstacles are put in the way of

those who want to leave Cuba."

As Guevara ended his speech, a Cuban exile leader leaped onto the president's platform in the conference hall and shouted, "Murderer, down with communism!"

The incident touched off a melee in the conference hall and at least three fist fights erupted between pro-Castro and anti-Castro Cubans.

"We are used to hearing this sort of thing from them," said Dr. Lorenzo Fernandez, Venezuelan delegation chief.

Several found a tone of conciliation in the speech, since Guevara offered to negotiate Cuba's differences with the United States.
