Sensation Caused By Deposition Of British War Chief

Dismissal Of Leslie Hore-Belisha Calls For Explanation By Press Of Country

Warning Sent To Russia By Carol

Nazis Warn Norway, Sweden To Observe Strict Neutrality

By Associated Press
A shakeup in the British war cabinet costing the energetic Hore-Belisha his job as war secretary gave Europe a political sensation. Soviet Russia was warned away from any invasion of Bessarabia which she lost to Rumania at the end of the World War, even as she engaged in the luckless winter campaign to invade another portion of her former empire—Finland.

King Carol of Rumania, said in an address, that Bessarabia "will always remain Rumanian" by force of arms. Reasons for the elimination of the break revivifier of the British war cabinet were not clear, but he didn't get along with the general, there said he was at odds with the cabinet and with Air Minister Wood because he advocated a unified command of the army and air force.

Authorized Nazi sources said his retirement would put "one more nail" actively behind the scenes, which indicated the death of any hope of a "new peace" in Europe.

The war portfolio went to Oliver Stanley, Lord McMillan dropped as minister of information, and succeeded by Sir John Hall. The latter called for an explanation of the shakeup when Parliament ends its holiday recess Jan. 16, and praised Hore-Belisha.

French major developments were lacking in Finland's war. British arms were reported reaching Sweden as well as Finland, and the Nazi press warned both Sweden and Norway to observe strict neutrality.

Balkan interest centered in Hungarian-Italian discussions in Venice.

Bulgaria signed a three-year commercial and navigation agreement with Russia. Russia ratified a trade treaty with China.

LONDON, Jan. 6.—(AP)—Prime Minister Chamberlain, suddenly reorganizing his cabinet in the biggest political sensation here since the war began four months ago, last night dropped his dynamic war secretary, Leslie Hore-Belisha.

The minister of information, Lord MacMillan, who headed the much-criticized censorship, went out with Hore-Belisha.

The four-handed Chamberlain gave Oliver Stanley, president of the board of trade and a conservative party wheeler, the war minister's job and turned the ministry of information over to Sir John Hall, former broadcasting executive.

A politically-shrewd steel and iron lawyer, Sir Andrew. Rae Duncanson, became the new president of the board of trade.

Hore-Belisha, who revitalized the army's campaign, planned Britain's army under the conscription act and sent the expeditionary force to France, was reported in political circles to have differed with Lord Gort, head of the British expeditionary force, over matters of policy.

The department also was said to have argued with the air minister over whether the R. E. F. air arm should retain its independent status or be placed under the army command.

Lord MacMillan, minister of information, was reported to have been in a bitter struggle with the House of Commons and the press. Chamberlain's cabinet reshuffle was reported to have been a result of the cabinet's failure to secure the passage of the new conscription bill.

Coleman Declares 'Trade-At-Home' Drive Beneficial

Co-Operation Of Merchant And Customer Is Needed, He Says

"The 'trade-at-home' campaign is one of the best things ever undertaken in Sanford, H. H. Coleman, local manager of the Florida Power and Light Company said today.

"From my own observations," he said, "the campaign has done a lot of good so far but to derive the greatest benefits, the drive should be continued. It should be continued until such a degree of local loyalty is developed that residents automatically spend 'Sanford Dollars in Sanford,' the slogan of the campaign.

Merchants, however, have an equal responsibility in making this campaign the success it can and should be, Mr. Coleman continued. They should cater to the wants of the local buying public in order that it will not be easy for consumers to buy out of town.

The 'merchants' responsibility lies in with Commissioner Edward Higgins, "most courteous clerk" in content, he pointed out, insisting that "courtesy costs nothing and means everything in business."

"The success of the campaign," he added in conclusion, "depends upon the fullest action of co-operation by the customer and the merchant alike."

Meanwhile the contest to name the most courteous clerk in Sanford is well underway. One week from today, Saturday, Jan. 13, a contest will be run in the Herald which will select the customers of local stores who indicate their choice for the honor.

The committee of 20 shoppers has been selected and they will prepare a written report of their findings after visits to local stores which will be turned over to the merchants involved.

The \$30 in cash prizes will be awarded to the winners in the contest after their names have been announced on Wednesday, Jan. 17.

All Legionnaires Are Urged To Hear Brooker's Address

A full attendance of legionnaires was urged for the meeting of the Campbell Loring American Legion Post in the Legion Hall Monday night beginning at 7:00 o'clock.

State Commander William C. Brooker will be the guest speaker and District Commander Giles D. Orlando will also be present.

Legionnaires who desire to attend must make reservations for the dinner not later than noon on Monday.

Cross State Canal Bill To Be Revived

WASHINGTON, Jan. 6.—(AP)—The proposed \$190,000,000 Florida ship canal bill which Congress defeated last year will be revived during this session as a vital development in the Florida ship canal bill, Rep. Lex Gross, (D-Fla.) said yesterday.

Gross said it was possible for an agency to handle the Gulf of Mexico by placing naval bases along the Florida coast and other islands extending from the tip of Florida to South America. Such action would force the United States Post to call around the southern end of South America to get from one man to another, he said.

Gross said military experts favored the canal. A bill proposing the waterway, introduced by Gross, is expected to be introduced in the House in the coming week.

Senator Roosevelt Quits Radio Post
NEW YORK, Jan. 6.—(AP)—The resignation of Elliott Roosevelt, an assistant of the Secretary of the Radio Corporation, was reported today.

Senator Roosevelt's resignation was reported to have been a result of his disagreement with the board of directors of the Radio Corporation.

Senator Roosevelt's resignation was reported to have been a result of his disagreement with the board of directors of the Radio Corporation.

ANNOUNCES

R. W. Ware today announced his candidacy for re-election to the office of county judge which he has held for the past four years.

Cases Dismissed Against Alleged 'Cuba' Salesmen

Absence Of Material Witnesses Forces Move, Boyle Says

The Grand Jury indictments against Stinson Kinlaw and Lewis Mitchell, charged with violations of the anti-lottery law, were nolle prossed by the Court yesterday on a motion filed by the State.

In making the motion Assistant State Attorney Lloyd F. Boyle stated that he had no alternative since two years have elapsed since the indictments were made and that there is not now sufficient information available to warrant a trial due to the absence of key state witnesses.

The dismissal of the charges against these two does not mean that the forces of law and order will cease their vigil in connection with the lottery racket in this county, he said. The extent of the racket has been reduced considerably, he said, adding that law enforcement officers have pledged him their support in continuing the drive against violators of the law.

The motions granted by the Court yesterday afternoon brought an official end to the Fall term of the Circuit Court. The two remaining alleged Cuba operators, E. B. Smith and Harvey Veino are expected to face trial on charges of violating the anti-lottery laws at the Spring term of the Circuit Court which convenes on Feb. 13.

A plea in abatement and a motion to dismiss the charges contained in a Grand Jury indictment was sustained in the case of E. B. Smith on the grounds that the Grand Jury which returned the indictment against him was improperly constituted. Information setting forth the same charges as contained in the indictment were filed against Smith by the prosecuting attorney, however.

Health Note Series To Begin In Herald

A series of articles on health will be published in The Herald beginning Monday written by Dr. Daniel H. Kress and his wife, Dr. Lauretta E. Kress, under the caption, "Your Doctor Says."

Both Dr. Kress and his wife studied and graduated together in the same medical school and have been practicing physicians for over 45 years. For several years they were administrators of a hospital in London, England, and were later in charge of a hospital program in Australia. Prior to their removal to Florida, they were connected with a military hospital in Washington, D. C.

Dr. Lauretta Kress is an authority on dietetics and cookery and has written considerably on these and allied subjects. Dr. Daniel Kress has written several books on various medical subjects including one on the relation of occupational research into the effects of the use of drugs, alcohol, and narcotics.

EARLY APPOINTMENT SEEN

WASHINGTON, Jan. 6.—(AP)—An authoritative source said last night that former Gov. George H. Earle of Pennsylvania, would be appointed to the U. S. Senate, probably within the next week.

REPUBLICANS PLAN TRAVEL

INDIANAPOLIS, Jan. 6.—(AP)—As a counter attraction to the Democratic party, the Republicans will hold a convention in Indianapolis, Ind., on Jan. 13-14.

The convention will be held at the Indiana State Fair grounds and will be the largest ever held in Indianapolis.

The convention will be held at the Indiana State Fair grounds and will be the largest ever held in Indianapolis.

The convention will be held at the Indiana State Fair grounds and will be the largest ever held in Indianapolis.

Factions Clash On Issues In Town's Vote

Resume Of Bill Authorizing Longwood Election Given By Attorney At Meet

Interest in the freeholders election Tuesday on whether the Town of Longwood will be abolished reached new heights at an open meeting held in the Longwood library last night as the two factions clashed openly on the issues involved.

The highlight of the evening was Mayor George H. Bridge's objection to any statements in the matter by E. J. Nelson, Sanford attorney, whom Mayor Bridge termed an "outsider" with no right to voice his opinions on the local matter. Mr. Bridge withdrew his objections, however, after Mr. Nelson said he was representing W. J. Wells, Mr. Bistline, and a group of the group favoring the abolition of the town.

In citing his reasons for favoring abolition, Mr. Bistline was interrupted by Mayor Bridge who asked him why, if he favored the abolition of the town, he had not taken some steps in this direction during the approximately 20 years he had served as a member of the Longwood Town Council, a seat which he held until a few years ago.

In a general discussion of the lack of development in Longwood as compared with the growth in other cities of similar size, given as an argument in favor of abolition, Mr. Bistline pointed to the members of the group seeking abolition of the municipality, declared "it's due to people like them who are trying to wreck Longwood."

The major portion of the meeting was taken up with a resume of the bill which provides for the election and the liquidation of the town's affairs and an interpretation of the effects of this bill on the residents of Longwood by the Town Attorney, Webber Haynes.

The first clash came after Mr. Haynes had concluded his remarks when Mr. Bistline asked "any heckling is now in order."

When there were no questions asked for several minutes, Mayor Bridge stated that "if there are no questions the meeting is adjourned."

"Just a minute, Mr. Bridge, I would like to ask Mr. Haynes a few questions, if you have no objections," Mr. Nelson interjected, and Mr. Bridge immediately arose and emphatically asserted, "but I do object. I strenuously object to any outsider taking part in this meeting. This statement brought forth a number of questions, including a charge, "one-man dictatorship," from Principal Wells of the Lyman High School.

Mr. Bridge, however, withdrew his objection, after he had been advised that Mr. Nelson represented a number of Longwood residents who were entitled to their "say" at an open meeting.

Mr. Wells also said that if the meeting was adjourned, a second meeting would be called immediately following.

"When you decide to vote away the representative form of government there since 1926, you must have a good reason for doing so," the Town Attorney cautioned the 10 or 20 residents present. He said that the Longwood property owners would save little, if any, on their tax bill.

He granted that a grove owner in the town might receive a reduction in his taxes through the abolition of the municipality but declared that the other property owners would have to pay more taxes since a certain amount of money must be raised to retire the town's obligations whether there is a commission appointed by the governor or a City Council in charge of the town's affairs.

Mr. Haynes listed the various items in the town's budget for 1940 which totalled \$5,910 and declared that not more than \$450 could be saved annually by abolition and that residents would lose many of the benefits now being received from incorporation by the governor or a City Council in charge of the town's affairs.

Mr. Nelson, in speaking in behalf of the other faction, contended that there may not be an appreciable decrease in the taxes the first year, but said they would be reduced yearly until there are no taxes.

LOCAL WEATHER

Forecast of conditions at Sanford, Fla., for the 24 hours ending Saturday, Jan. 6, 1940, as issued by the U. S. Weather Bureau, Sanford, Fla., at 10:30 a. m. on Friday, Jan. 5, 1940.

Temperature—High 65, low 45. Wind—Light and variable.

Clouds—Partly cloudy.

Remarks—Light rain on Friday night and Saturday morning.

Forecast of conditions at Sanford, Fla., for the 24 hours ending Saturday, Jan. 6, 1940, as issued by the U. S. Weather Bureau, Sanford, Fla., at 10:30 a. m. on Friday, Jan. 5, 1940.

Nazi Seamen Keep War Waters Safe For German Ships

Keeping the North Sea clear of mines laid to trap German war-ships or submarines is the risky job assigned these Nazi seamen. All members of the crew wear life preservers, since at any moment they may be forced to leave the vessel if it strikes an enemy mine.

Mercury Skids Toward Zero In Eastern U. S.

Temperatures To Be Above Danger Point For Florida Crops

Temperatures skidded toward zero in the east as a cold wave advanced another lap on its journey from the Rockies.

Prize snow came somewhat in the midwest, but was still far below freezing.

Snow ranging from flurries to a 10-inch fall was reported in scattered parts of the east, midwest, southwest, and Rockies region. A snow-storm raged in the southwest.

Fifty persons were treated in Denver hospitals after minor accidents in the snow. Several students were blown on ice-laden streets and sidewalks.

Freezing temperatures on the Atlantic seaboard extended as far south as the Carolinas. The mercury skidded to the danger point of stopping its descent.

Federal crop watching service at Lakeland said temperatures would be above the danger point tonight and tomorrow in Florida.

A wave of zero cold cut the mid-west yesterday and swept on toward the North Atlantic seaboard.

Temperatures fell under the zero mark in a dozen states between Ohio with lows of -25 registered in Hinman and Williston, N. D., and Glendale, Mont.

The lowest readings in almost four years were reported at several Illinois points. Minus of -9 in town and -16 at the airport gave Springfield, Ill., its coldest day since Jan. 23, 1936. Mt. Carmel, -9 was the coldest since early in the same year.

The mercury line in Chicago's official thermometer dropped under the zero notch for the first time since Feb. 10, 1936, and reached -4 before rising slowly to 17 above.

Ohio experienced its severest snap since 1926. Zero temperatures were reported in Cincinnati and Toledo and -5 in Napoleon.

Abnormal cold was expected to linger in most of the midwest through today with zero or worse forecast for Wisconsin, Michigan and Ohio.

A cold wave was in prospect in much of the east. Residents of New Jersey, Maryland, and Albany, Syracuse and Rochester, N. Y., banded their fires against temperatures ranging down to zero in the morning. New York City prepared for five above weather. A blast of near-zero chill was predicted for Virginia.

Colder conditions were forecast for the south, too, with freezing temperatures expected to extend to the Gulf coast.

The snow belt in the midlands stretched from Canada to southeastern Missouri. Its scope and severity were gauged by readings in Norfolk, Neb., -18 in Syracuse, N. Y., -18 in Des Moines, Ia., -10 in Leavenworth, Kan., -11 in Crawfordville, Ind., and -6 in Jackson, Mich.

Four to 18 inches of snow poured out of deficiency in precipitation in the northern Utah and southern Idaho drought regions. A five-inch fall was reported in Elko, center of the Oklahoma wheat sector. Snow was forecast in Pennsylvania and northern West Virginia. Syracuse, N. Y., had snow for the seventh consecutive day, raising the week's total to 12 inches.

Kiwanis Club Members Outline Program Of Activities For 1940

A program of activities for the Kiwanis Club during 1940 was outlined at a meeting last night at the home of President Earl Nordstrom who was host at dinner to the members of the Board of Directors, officers and committee chairmen.

"Job scouting is to be introduced as a major activity of the Kiwanis Club," announced Dr. Kenneth Bell, chairman of the boys and girls committee. "Job scouting is intended for boys of nine to twelve years of age and involves the training of parents as well as the boys themselves, according to Dr. Bell, who praised this as the finest form of father and son cooperation. The first job pack is now being formed, he said.

A junior safety patrol for the schools and churches was discussed, with the equipment to be furnished by the Kiwanis Club and the boys to be commissioned as junior police officers. This program will also take steps to inaugurate a community chest in Sanford, he said. Also plans are being made for a county-wide anti-litter day in which one of the young people who have reached the age of twenty-one, as well as newly naturalized citizens, will be honored. Other projects of the committee include the installation of new traffic lights, plans for a zoning ordinance, and the formation of a new boy scout troop at Sanford.

Other reports were made by the committee on business standards, on the churches, on education, publicity and achievement, and on interclub relations.

Judge R. W. Ware To Be Candidate For Re-Election

Declaring that it has been his purpose to see that service to the public in the office of County Judge and expressing his appreciation for the support given him in the past, Judge R. W. Ware today announced his candidacy for re-election as County Judge, subject to the Democratic Primary to be held in May.

Judge Ware was first elected County Judge in 1936 and has been a resident of this county since 1925. He came here from Warrenton, Ga. where he had practiced law for many years. He is a member of the Methodist Church, the Kiwanis Club and the Chamber of Commerce.

"In making my announcement of candidacy for re-election to the office of County Judge of Seminole County, Florida," Judge Ware said, "I could not be true to myself, unless I first expressed my hearty appreciation to each and every citizen of Seminole County for the privilege and opportunity that has been given me during the past three years to serve as County Judge. It has been my purpose and plan to devote my every energy and ability to the duties, as well as the opportunities for service to others, of this office.

"We have tried to be of service, wherever and whenever we have been called upon by any person whatsoever; and this will continue to be my purpose throughout the present year in handling the duties, as well as the opportunities for service to others, of this office.

"I am firmly convinced that the affairs of the office of County Judge, (Continued on Page Two)

City News Briefs

The regular drill sessions of the three local National Guard companies will be held in the Armory Monday night at 8:00 o'clock.

Violators of City ordinances will be tried before Judge Frank L. Miller in a session of the Municipal Court at the Police Station Monday afternoon at 4:00 o'clock.

There will be a meeting of the Sanford Ministerial Association on Tuesday afternoon at 3:00 o'clock in the First Presbyterian Church, the Rev. W. P. Brooks, Jr., chairman, announced today.

William C. Brooker, state commander of the American Legion, will be the guest speaker at the regular meeting of the Rotary Club in the Valdez Hotel Monday beginning at 12:11 o'clock. Clyde Parker is chairman of the program committee.

The Tourist Club will hold a meeting Monday night at 7:30 o'clock at the Chamber of Commerce, Mrs. C. C. Earl, president, announced today. It will be known as "Old" Night, Mrs. Earl said, extending a welcome to all visitors from Ohio to attend.

After disposing with meetings for the regular meeting of the Independent Order of Odd Fellows will be held in the Odd Fellows hall on Tuesday.

Demos Talk Of Reviving Parley Rule

Florida Party Heads Would Return To Two-Thirds Rule Discarded In 1936

South Benefitted Under Old Custom

Some States To Get More Delegates To Demo Convention

WASHINGTON, Jan. 6.—(AP)—Florida Democrats today were talking of reviving the old dispute over the two-thirds rule at the next Democratic national convention.

The rule, which was observed by Democratic conventions for a century, required the vote of two-thirds of the delegates to nominate candidates for president and vice president. It was discarded at the Philadelphia convention of 1936.

The old argument against the rule was that it enabled a minority of delegates to prevent the majority from choosing a candidate. The sneaker Champ Clark got a majority at the 1912 convention, but was unable to get two thirds. Wilson outpaced him and took the nomination.

Southernites liked the rule because it gave them fairly effective veto power over candidates. The Florida contention now is that about 16 of the more populous states will be able to pick any candidates they choose because of the size of their delegations.

A bonus method giving more delegates to states regularly having good Democratic majorities is being worked out by the southerners. It will be offered at the next convention, and if approved, will govern the selection to the 1944 meeting.

The old argument against the rule was that it enabled a minority of delegates to prevent the majority from choosing a candidate. The sneaker Champ Clark got a majority at the 1912 convention, but was unable to get two thirds. Wilson outpaced him and took the nomination.

Britain Is Warned Not To Interfere With U. S. Ships

WASHINGTON, Jan. 6.—(AP)—A sharp warning to Britain, holding her responsible for damages suffered by American ships forced to proceed into the London combat area for examination, was announced by the State Department yesterday after the American vessel Mormacsun had been taken by the British into Kirkwall, Scotland.

Secretary of State Hull addressed the note to the British and requested that the British authorities should see that the British would abide by its warning. The department had resolved, however, to publish it at the moment the first case occurred.

The note arrived with the receipt of dispatches saying that the 1906-ton freighter Mormacsun, of the Moore and McCormack line, en route to Bergen, Norway, had been forced by the British to go to Kirkwall. This is a British controlled port, about 250 miles inside the combat zone which the neutrality act forbids American ships to enter.

The State Department immediately contacted a cable to the American embassy in London, instructing the embassy to communicate with the master of the Mormacsun and send all the facts to the department for possible action.

Hull's note to Britain said, "If the British authorities should feel it necessary to compel any American vessel to enter the combat area or any of those belligerent ports which by the provisions of the neutrality law they are prohibited from entering, the government of the United States will feel it necessary to examine carefully into all the facts of the case and to take such further action as the results of such examination appear to make necessary or expedient.

Meanwhile, I feel that I should inform your excellency that this government, for itself and the nationals, reserves all its and their rights in the matter and that it will be expected that compensation for losses and injuries resulting from the infringement of such rights will be made as a matter of course."

Officials said this meant for instance, that if an American ship was sunk by a German submarine in the combat area while being escorted to a British port by a British warship, this government would look to Britain for full compensation.

GIRLS VERSE FOR TODAY

BE COURTEOUS, CONSIDERATE AND PATIENT; A soft answer drives away wrath; but a harsh word stirs up anger.

THE NEW YEAR

"The New Year! The New Year!" How beautiful they sound—Those words of buoyant hope and cheer!

And yet—with clouded eyes men peer Beyond the Old Year's bound.

So along the powers of darkness stand, So rough the way appears, For those who strive with deed and hand.

"It is all my hope accepted"—this The most beautiful record—They shall not hurt, shall not divide.

And courage in a song, And only toward hearts will say: "Why think to see a happier day? Why hope to vanish wrong?"

"The knowledge of the Lord!"—That is the key to all our life.

"We learn by doing. For instance, there was the fellow who insisted in full the other day for writing what drunk."

Admission orders in this country for the Allies are now said to total over \$100,000,000.

Proposed \$2,000,000 Tea Battleship... would be a good president if investing in the U. S. R. was all the President had to do.

The worst drought in the history of the country is predicted for next summer.

There seems to be some question as to whether the government is really worth \$4 billion.

Another German liner has crossed through the British blockade.

It is said that the German navy is now being retrained in the United States.

It is said that the German navy is now being retrained in the United States.

War And Marriage Rates

When war gets under way, wedding bells are partly muffled in belligerent and in some neutral lands, as well.

Basing its conclusions upon the trend of the marriage rate during and after the World War, the Metropolitan Life Insurance Company...

With the outbreak of hostilities in 1914, the rate of practically all belligerents fell precipitously.

Immediately upon the conclusion of the war a prompt rebound to exceptionally high figures appeared, as the result of the consummation of a great number of postponed weddings.

Grade Crossing Accidents

Although accidents involving trains and automobiles are definitely on the decline, there are still far too many of them and in view of their usually serious nature, more effective steps, it seems to us, should be taken to eliminate them altogether through the more generous construction of bridges and underpasses.

"Fatalities resulting from highway-railroad grade crossing accidents in the first nine months of 1939 totaled 960, a decrease of 49 fatalities compared with the corresponding period of 1938."

In the first nine months of last year, it is further revealed, 2,633 persons were injured in such accidents compared with 2,700 in the corresponding period of 1938.

There were 108 fatalities resulting from highway-railroad grade crossing accidents in the month of September alone, a reduction of 10 from the corresponding month of 1938.

OUR PER CAPITA debt for all branches of government totaled \$59.28 in 1938; in 1939 it totaled \$482.65. In other words, the worker with the smallest income, who probably delays going to the dentist or hairdresser to buy a new pair of shoes because he can't afford it, owes the government nearly \$500!

CLASS I RAILROADS of the United States in the first ten months of 1939 had a net income of \$23,245,000, the Association of American Railroads announces.

Annie Russell Series To Open At Rollins Soon

WINTER PARK, Jan. 6.—The Annie Russell Series, dramatic highlight of the winter season at Rollins College, will open its seven-act program on Friday evening, Jan. 12, with a production of "End of Summer."

Other features announced for the series include the following: a lecture by H. E. Knickerbocker, former war correspondent, on Feb. 3; a production of "Night Must Fall" by the Annie Russell Company on Feb. 9 and 10; Cornell's Ode to Shakespeare on Feb. 16; the National Symphony with Hans Klinger conducting on Feb. 23; Mrs. Elizabeth Schumann, famous Viennese soprano, on Feb. 27; and a production of "Man and God" by the Annie Russell Company on Mar. 16 and 17.

OPENING NIGHT

EVERYBODY WELCOME MUSIC AND ENTERTAINMENT

See your own tickets. See your own leading lady.

THE 1940 CENSUS IS ABOUT TO BE TAKEN

Social Security Payments Will Begin This Year

First Checks To Be Given Eligible Workers On Feb. 1

Social Security payments to retired workers, their aged wives, widows and orphans will begin with the new year, according to Mr. Paul K. Weaver, manager of the Social Security Office of the Federal Reserve Bank.

The old-age and survivors insurance program under the Social Security Act provides for payment of monthly benefits beginning in 1940, not only to the wage earner who retires after the age of 65, but under certain conditions, to the members of his family.

1. Wage earners 65 or more years old who decide to retire or who receive less than \$10 per month in covered employment and who have sufficient wage credits from jobs covered by the act; the wives of such workers if or when they are 65 or if any children under 16, or 18 if attending school.

2. Widows at age 65 of wage earners who die after January 1, 1940; widows, regardless of age, if there are young children, and dependent children themselves until age 16, or 18 if they are regularly attending school, may be entitled to benefits.

3. Surviving parents of a wage earner, at age 68, if they were dependent on him at the time of his death and if he leaves no widow or child, may be entitled to benefits.

Sensation Caused By Deposition Of British War Chief

General Gort Resigns As Commander In Chief

General Gort's resignation as Commander in Chief of the British Expeditionary Force in France has caused a sensation in London.

The reinforced Russian division alone on the Karadag Isthmus, having abandoned their heavy armor, were said to be building concrete defenses for a fierce line of their own.

4. Widows at age 65 of wage earners who die after January 1, 1940; widows, regardless of age, if there are young children, and dependent children themselves until age 16, or 18 if they are regularly attending school, may be entitled to benefits.

5. Surviving parents of a wage earner, at age 68, if they were dependent on him at the time of his death and if he leaves no widow or child, may be entitled to benefits.

Judge R. W. Ware To Be Candidate For Re-Election

County Judge Ware Announces Intentions

County Judge R. W. Ware has announced his intention to run for re-election to the office of County Judge in 1940.

6. Widows at age 65 of wage earners who die after January 1, 1940; widows, regardless of age, if there are young children, and dependent children themselves until age 16, or 18 if they are regularly attending school, may be entitled to benefits.

7. Surviving parents of a wage earner, at age 68, if they were dependent on him at the time of his death and if he leaves no widow or child, may be entitled to benefits.

8. Widows at age 65 of wage earners who die after January 1, 1940; widows, regardless of age, if there are young children, and dependent children themselves until age 16, or 18 if they are regularly attending school, may be entitled to benefits.

Limitations Seen In Air Power As Independent Weapon Of Attack

By KIRKE L. SIMPSON Associated Press Staff Writer The latest air skirmish over Heligoland, between British bombers and German pursuit ships, has definite significance to military men, even though the results are disputed by London and Berlin.

A significant fact about this war is that for the first time powers of relatively equal aerial strength are matched against each other.

Stockholm has 30 parks, where 100,000 tulip and hydrangea bulbs are planted annually, in addition to 66,000 dahlias, phlox and other summer plants, 1,500 azaleas and 800 rhododendrons.

CITY BRIEFS

Yellow Hall Monday night at 8:00 o'clock. A full attendance of members was requested in order that plans may be made for holding a district meeting of the boys in Sanford on Jan. 12.

Many Hours Required To Make Grid Squad

LINCOLN, Neb., Jan. 6.—(AP)—It takes a lot of work to put on a college athletic show and University of Nebraska coaches cite these figures to prove it.

Usher Nearly Loses Wardrobe Of Clothes

OKLAHOMA CITY, Jan. 6.—(AP)—Grover Guthrie, theater usher, got a glimpse of how other people see him when he hurried his own wardrobe walking away on a stranger.

War And Marriage Rates

When war gets under way, wedding bells are partly muffled in belligerent and in some neutral lands, as well, but when the fighting ends, weddings immediately increase and the marriage rate rises to a level well above the pre-war average, according to the Metropolitan Life Insurance Company.

Based on its conclusions upon the trend of the marriage rate during and after the World War, the Metropolitan reveals that the sharpest drops occurred in the invaded countries, although declines to some degree occurred in most of the warring countries.

With the outbreak of hostilities in 1914, the rate of practically all belligerents fell precipitously. In France it dropped from a level of around 8 per 1,000, for the period from 1851 to 1913, to a minimum of 2.3 in 1915; in Germany, where the pre-war average rate for the 1851-1913 period was also about 8 per 1,000, the rate dropped in 1915 and 1916 to 4.1 per 1,000, while in Italy the low point of 2.7 per 1,000 came in 1917. In England and Wales, and the United States, which were not invaded, the marriage rates were not seriously influenced by the war.

Immediately upon the conclusion of the war a prompt rebound to exceptionally high figures appeared, as the result of the consummation of a great number of postponed weddings. In France the marriage rate rose from 5.5 per 1,000 in 1918 to 14 per 1,000 in 1919, while similar but less extreme changes occurred in Germany and most of the other countries actively drawn into the war.

Grade Crossing Accidents

Although accidents involving trains and automobiles are definitely on the decline, there are still far too many of them and in view of their usually serious nature, more effective steps, it seems to us, should be taken to eliminate them altogether through the more generous construction of bridges and underpasses.

Fatalities resulting from highway-railroad grade crossing accidents in the first nine months of 1939 totaled 960, a decrease of 49 fatalities compared with the corresponding period of 1938, the Bureau of Statistics of the Interstate Commerce Commission announces.

In the first nine months of last year, it is further revealed, 2,633 persons were injured in such accidents compared with 2,706 in the corresponding period of 1938. Accidents at highway-railroad grade crossings in the nine-month period last year totaled 2,274, a decrease of 66 compared with the same months of 1938.

There were 108 fatalities resulting from highway-railroad grade crossing accidents in the month of September alone, a reduction of four compared with September, 1938. Persons injured totaled 286 compared with 298 for the corresponding month of 1938. Highway-railroad grade crossing accidents in September last year totaled 260 compared with 259 for the same period of 1938.

OUR PER CAPITA debt for all branches of government totaled \$59.28 in 1918; in 1938 it totaled \$432.05. In other words, the worker with the smallest income, who probably delays going to the dentist or hairdresser to buy a new pair of shoes because he can't afford it, owes the government nearly \$500! Some day a start must be made to pay the public debt. Paying it will be painful—but less painful than not paying it, which is something all of us will eventually find out if we continue to follow the line of least resistance. Those who have subscribed to the belief that we have been getting something for nothing are due for a rude awakening, and the sooner it comes the better off we shall be.—Charlotte, N. C., Observer.

CLASS I RAILROADS of the United States in the first ten months of 1939 had a net income of \$23,245,000, the Association of American Railroads announces. In the first ten months of 1938, Class I roads had a net deficit of \$151,399,000. For the month of October, 1939, Class I railroads had a net income of \$56,521,000 compared with a net income of \$24,171,000 in October, 1938.—Exchange.

Annie Russell Series To Open At Rollins Soon

WINTER PARK, Jan. 6.—The Annie Russell Series, dramatic highlights of the winter season at Rollins College will open its seven-act series program on Friday evening, Jan. 12, with a production of "End of Summer," staged by the Annie Russell Company under the direction of Dorothy Lockhart.

Other features announced for the series include the following: a lecture by H. B. Knickerbocker, famed war correspondent, on Feb. 2; a production of "Night Must Fall" by the Annie Russell Company on Feb. 9 and 10; "Carnegie Guild" on Feb. 16; the National Symphony with Hans Kandler conducting on Feb. 23; Mrs. Elizabeth Schumann, famous Viennese soprano, on Feb. 27; and a production of "Sun and God" by the Annie Russell Company on Mar. 15 and 16.

The cast for "End of Summer," as announced by Miss Lockhart, is composed of Helen Bailey, George Holt, Newton Merrill, Rose Drayton, Howard Bailey, Charles McNeill, Mabel Graves, Jack Harris, Richard Kelly, and Theodore Pittman.

Engineers believe that in the near future there will be further significant increases in the efficiencies of internal combustion engines, says the publication "Industrial and Engineering Chemistry."

THE 1940 CENSUS IS ABOUT TO BE TAKEN

Social Security Payments Will Begin This Year

First Checks To Be Given Eligible Workers On Feb. 1

Social Security payments to retired workers, their aged wives, widows and orphans will begin with the new year, according to Mr. Paul K. Weaver, manager of the Orlando Field Office of the Social Security Board. The federal insurance program got under way on Jan. 1, and the first monthly checks will be given to eligible workers and their dependents on Feb. 1 of the month of January.

Mr. Weaver explained that a wage earner who is 65 may file a claim for monthly benefits, provided he has earned \$50 or more in each of six calendar quarters since Jan. 1, 1937, when the system went into operation, and payments will start when he retires from work.

The old-age and survivors insurance program under the Social Security Act provides for payment of monthly benefits beginning in 1940, not only to the wage earner who retires after the age of 65, but under certain conditions, to the members of his family. The three groups of persons who may be entitled to benefits are:

1. Wage earners 65 or more years old who decide to retire or who receive less than \$10 per month in covered employment and who have sufficient wage credits from jobs covered by the act; the wives of such workers if or when they are 65; or any children under 18, or 18 if attending school.

2. Widows at age 65 of wage earners who died after January 1, 1940; widows, regardless of age, if there are young children, and dependent children themselves until age 18, or 18 if they are regularly attending school, may be entitled to benefits.

3. Surviving parents of the wage earner, at age 65, if they were dependent on him at the time of his death and if he leaves no widow or child, may be entitled to benefits. Claims may be filed without charge at Mr. Weaver's office at 211 E. Orange, Orlando, Florida.

Old Railroad Lightmen will see mile from high water in 1940, New the last time with few the in the sea.

Sensation Caused By Deposition Of British War Chief

(Continued From Page One) him, a place in the war cabinet as president of the Board of Trade.

Dapper Horo-Bellida had a quick rise to fame in three years as transport minister, during which he instituted traffic standards which became known as Bellida's beacons.

Then on May 28, 1937, he was named war secretary to put new spirit in Britain's army.

HELENEK Jan. 6.—(AP)—The Finnish high command announced last night that 400 Russians had been killed in two full-scale attacks to recover lost ground along the eastern frontier with Soviet bombing planes extended their attacks on southern cities and towns.

The reinforced Russian division on the Karelian Isthmus, having abandoned their heavy guns against the Finns' Mannerheim line, were said to be building concrete defenses for a fortified line of their own.

The reports indicated that the Red army was prepared for a long campaign on the 60-mile-wide Isthmus.

(The Finnish legation in London announced that Finnish troops have penetrated 10 to 15 miles deep into Soviet territory in the direction of Repola, an important Red army base across the frontier between Leningrad and Kholm, and that fighting is going on in Russian territory. Repola is about 20 miles over the border.)

Last night's communique appeared to indicate that the fighting fronts generally had been quiet yesterday, although attacks by Russian bombing planes were reported from various centers.

Nine Russian planes yesterday dropped 28 bombs on the town of Volvika, near Kouvola, which is half way between Helsinki and Viipuri, setting fire to 10 houses and killing two persons. Fifteen women and old men were injured.

The 400 Russians were reported to have been slain in counter-attacks in the Summa sector, where Russia's 15th division was routed and sent to Ribbons a week ago, and at another unreported point northeast of Lake Ladoga.

In the Summa sector, 200 Russians were said to have been killed and 40 taken prisoner, probably in a continuation of the fighting up operations after the battle of Lake Kanta.

The remnants of the Russian

Judge R. W. Ware To Be Candidate For Re-Election

(Continued From Page One) by Judge Ware has been conducted in such a manner as to fully warrant a vote of confidence and approval by the citizens of our County, and I hope that I may have the opportunity of serving another term as your County Judge, and for this opportunity I will continue to feel and show to you, my sincere appreciation.

"I will greatly appreciate the vote of every citizen of our County at the Democratic Primary to be held in May of this year, and will also appreciate your good words to others in my behalf."

1939-division still was fighting toward Sustantant's headquarters of Lake Kanta, the "communique said, and "fighting continues" in that sector.

Other Russian attacks were reported yesterday, the communique said.

CITY BRIEFS

(Continued From Page One) Follows Ball Monday night at 8:00 o'clock. A full attendance of members was requested in order that plans may be made for holding a district meeting of the lodge in Sanford on Jan. 12.

Many Hours Required To Make Grid Squad

LINCOLN, Neb., Jan. 6.—(AP)—It takes a lot of work to put on a college athletic show and University of Nebraska coaches cite these figures to prove it: Behind the nine hours of public performance by the football team are about 100 hours of spring practice during the regular season.

Over on the basketball court the boys have a little easier. They practice about 200 hours a season and perform for the public about 12 hours.

Usher Nearly Loses Wardrobe Of Clothes

OKLAHOMA CITY, Jan. 6.—(AP)—Grover Cottle, theater usher, got a glimpse of how other people see him when he appeared in his own wardrobe while away on a stranger.

Guthrie called police and had the stranger arrested. The man admitted he had been in the usher's locker in the basement of the Grand building, while the usher was practicing at work in his wardrobe.

Limitations Seen In Air Power As Independent Weapon Of Attack

By KIRKE L. SIMPSON Associated Press Staff Writer The latest air skirmish over Heligoland Light, between British bombers and German pursuit ships, has definite significance to military men, even though the results are disputed by London and Berlin. It demonstrated again that there are definite limitations on airpower as an independent weapon of attack. Bombers, unprotected by their own pursuit ships, again got the worst of it. They have invariably come off second best in all such skirmishes during the four months of war, whether they were British bombers scouting out German air defenses, or Nazi heavy ships exploring British naval dispositions and coast line protection.

A significant fact about this war is that for the first time powers of relatively equal aerial strength are meeting again each other. And the obvious answer to the curious spectacle of four months of war without a major air battle is that the belligerents themselves have not yet discovered how important a factor air power can be in achieving victory.

The Heligoland fight was not really a battle since only a trio of British bombers were engaged with a dozen or so Nazi Messerschmidt pursuit ships. It was merely another skirmish. What each side apparently still is doing is feeling out the strength and effectiveness of the other's defense units, whether in planes or anti-aircraft batteries.

Up to date, the defense has come off best, by all available data. Bombers operating beyond the range of pursuit ship protection have more often than not proven easy meat for the foe's defending light craft. They have been downed by gunfire, engine failure or fuel exhaustion—usually before they could reach an important target, do very extensive scouting work. Only surprise raids have netted results for either side, and possibilities of surprise attack are growing less every day.

Nazi spokesmen have been busy for weeks selling the notion that a wholesale German air attack on British shipping and vital sea-lanes is in preparation for the Spring. They have been blasted from France and other sources, however, that it is not winter weather and low visibility which is holding up that Nazi threat, but lack of pursuit ships of sufficient range to accompany and protect Nazi bombers in such mass formation flights as are forecast.

An entirely new air development since the outbreak of war is almost certain to appear in the next few months. It is the so-called "jet" engine, which will enable bombers to fly at high altitudes, attack ships of double the present known cruising radius of such planes.

A round trip of about 500 to 700 miles is about the cruising limit now of any light bomber.

THURSDAY Townsend Club will hold its weekly meeting at 7:30 P. M. in the Court House.

Tribute Is Paid To Mrs. Laura Galloway

Fitting tribute was paid to the memory of Laura Fish Galloway at the Memorial Musicals at the Women's Club Wednesday and a piano was presented to the club by Mrs. Glenn E. McKay on behalf of the Order of the Rose in loving memory of Laura Galloway.

Mrs. McKay delivered the following tribute: "As old as grief, as enduring as love, is the human desire to perpetuate in material form the memory of those who have passed through the door—into another room."

"History is starred thick with these memorial—costly marbles, exquisite architecture, scholarships, bequest foundations for human betterment, trees, forests, roads and bridges stretch in an endless procession from the impulse of broken hearts and high and honored recognition of noble influence of lives whose earthly work is finished."

"It is with this emotion that we have gathered here this evening—here, dear, loved and devoted family, her friends and sister club-women, to dedicate to the precious memory of Laura Fish Galloway our own modest token of what she meant to us and to this community; she was loyal always to the club in which she claimed charter membership; her state and national career have given us an abiding appreciation of her attainments, and though her voice is silenced, her influence still lives on."

"She scattered flowers as she went along— With a cherry heart and a happy song; The flowers will bloom, the song will stay, Although from us she has passed away."

Truly, she gave to us her best, And in heaven she's found a perfect rest; Kind and loving, faithful and true— She blessed our world by her passing through."

"So now, in loving memory of Laura Galloway, we present to the Sanford Women's Club, this piano—the gift of many loving hearts."

In accepting the piano for the club, Mrs. L. Holly, President of the Sanford Women's Club declared:

"On behalf of the members and friends of the Woman's Club of Sanford, we accept this beautiful piano in loving memory of a wonderful woman, Laura Fish Galloway. This piano has been placed in the Club. We shall want to live up to this gift by doing grand things. So let us continue to render loyal and devoted service to our Club. May I quote in closing the final words of Mrs. Henry W. Dickinson, 'dedicator' in the Club Year Book: 'May the warmth of her gentle spirit rest upon each club member, in every undertaking designed to further interest and usefulness of an organization which was held very dear to her and to which she gave untiring loyalty and devotion.'"

"It is with pleasure that I may turn to Arthur J. Graham a lover of music who can, through this piano, interpret to us the music of the great masters."

"The filament of a small, 6-watt 115-volt lamp, such as might be used for a night light, is thinner than human hair. Its diameter is less than five one-thousandths of an inch."

One of the world's greatest copper deposits is located in Africa, in Cape Province, Northern Transvaal and on the Northern Rhodesia-Belgian Congo border.

High-balling coal tar products, ones wanted, now are a source of enormous profits, millions of pounds of which are used yearly in printing inks, floor tile binders and coloring flour.

Only three American colleges—William and Mary, Harvard, Yale—are older than the University of Havana.

Ila Belle Barker Weds Carl Fesler

Mrs. J. L. Barker of Quitman, Ga., has announced the marriage of her daughter, Ila Belle, to Carl Fesler, also of Quitman, but who for several years made his home in Sanford. The marriage was solemnized Saturday, Dec. 23, at the Methodist Parsonage in Quitman with the Rev. H. H. Heiler officiating.

Miss Blanche Hansell of Quitman acted as maid-of-honor and Walter Fesler of this city, brother of the groom, was best man.

Mr. and Mrs. Fesler will make their home with her former parents at their country home near Quitman.

Theater News for the Coming Week

ONE OF the most enjoyable pictures to be shown here in many months is "Joe and Ethel Turp Call On The President" based on the Damon Runyon Saturday Evening Post story, scheduled for showing at the Ritz next Tuesday, only. Ann Sothern, Jack Mullan and William Gargan (above) are featured with Lewis Stone and Walter Brennan.

"SPOILERS OF THE RANGE" thrilling action western, starring Charles Starrett with Iris Meredith and the sons of the pioneers will be part of a double feature program to be shown at the Ritz Theatre next Friday and Saturday. Miss Meredith also has the featured feminine role in the new serial, "Overland with Kit Carson" starring Bill Elliott which starts on the same program.

PROGRAM FOR WEEK OF JAN. 7
AT THE RITZ
 Sunday, Monday, Jan. 7-8—"DAY-TIME WIFE" with Tyrone Power, Linda Darnell, Warren William. Also "OUR GANG" COMEDY-CARTOON-NEWS.
 Tuesday, January 9th—"JOE & ETHEL TURP CALL ON THE PRESIDENT" with Ann Sothern. Also "SUED FOR LIBEL" with Kent Taylor. Community Sing Rest and odd occupations.
 Wednesday, Thursday, Jan. 10-11—"CHARLIE MCCARTHY, DETECTIVE" with Charley McCarthy, Edgar Bergen, and Mortimer Snerd. Also COMEDY, CARTOON & NEWS.
 Friday, Saturday, Jan. 12-13—"SPOILERS OF THE RANGE" with Chas. Starrett. "MUTINY ON THE BLACK HAWK" with Richard Arlen, Noah Berry.

Pro-Amateur Golf Tourney Takes Place Tomorrow

Many Of Best Golfers In Central Florida To Play On Local Course

Tournament To Be Over 18-Hole Route; Entry Fees Are \$2.50 For Each Pro And Amateur Player

A large group of the best amateur and professional golfers in Central Florida will participate in Sanford's first pro-amateur tournament here tomorrow afternoon at the Municipal Golf Course.

The tournament will be run off under the direction of Allan Stewart, recently named manager and professional at the local course. The tournament will be over the 18-hole route with the best of the twosome deciding the victor. Individual scores will also be kept.

There will be two divisions of the tourney, pro-amateur and amateur-amateur. Entry fees of \$2.50 will be paid by each professional and amateur entrant. Cash prizes will be given to the winning professional and non-cash prizes to the victorious amateur. Included among the prominent amateurs will be Carl Dass, Jr., Watis Gunn, Hugh Abernethy, Roy Merrill, Phil Grashoff, and many others.

CHALKING 'EM UP

Talk is going around among baseball men, but mostly among sports writers of this state and the up country circuit of the possibilities of having an all-star game between the prize rookies of the American and National League late in March. Just prior to the date when most of the teams start the trek north. This certainly seems a worthy objective and we hope it can be worked out without too many complications. One reason we hope to see it go through is that there is great chance in the world that one of Sanford's boys, Sid Hudson or Dix Dean might get into the fray. There is every reason to believe that one or both of these players should make the grade with Washington. Both have worlds of speed and control, and something beyond that—something indefinable something that makes a pitcher where another hurls, possessing speed control and knowledge of what a pitcher should do under given circumstances, is lacking.

If clothing is hung up carefully, you will have a lot of pressing. Select your garments with care. For most garments, wash in warm water, with soft or valenol to prevent tearing. To keep sheer clothes from slipping off, stick thumb tacks two inches from each end of a wooden or covered hanger. Often "best" dresses should be hung by straps attached to the waist band of the shoulders. Fasten the straps to covered hangers, with small pins. Close each garment plenty of close space and look in often to see that none falls down.

Finland Reports Wiping Out Of Soviet Division

Russians Said To Have Lost Vast Quantities Of Guns; 1,000 Men Captured

Italy Agrees To Aid Hungarians

Finland today reported a new victory over Russia, wiping out a second division of the invading troops, and the capture of more than 1,000 prisoners and huge quantities of equipment.

A high authority at Budapest said the foreign ministers of Hungary and Italy had agreed on a defensive pact assuring Hungary of Italian military aid even though invaded by Germany and Russia. Czeky and Ciano ended talks in Venice. In Rome, however, Virginia Gayda, authoritative editor, denied any new normal agreements had been negotiated.

A special Finnish communique announced that the 44th Russian division, probably containing 15,000-17,000 men, was smashed in the Suomussalmi sector, on the central front. A week ago, Finland said the 163rd Russian division was virtually annihilated in the same region.

Finns reported the capture of 48 tanks and 102 guns in the latest rout. Russia reported nothing important yesterday except the capture of a Finnish detachment on the north of the front.

During the past few days, hot winds in the Finland-Soviet border region have been reported. Some newspapers declared any attempt to reach Scandinavia from the channel of Finnish aid to the base Allied operations against Germany would mean a fight.

War resistance began in Finland while the Finns continued to demand that Parliament meet earlier than the scheduled Jan. 16 for an emergency session.

The Japanese cabinet gave approval to the plan for establishment of a Japanese-sponsored central government in China under Wang Ching-Wai, foe of Kai Shih.

Funeral Services For J. G. Leasher To Be In Hometown

Funeral services for J. G. Leasher, 25, father of L. E. Leasher of this city, will be held in Huntington, Pa. today or tomorrow, according to information received here.

Mr. Leasher, editor of the Huntington Monitor for the past 25 years, died from complications by slipping on a North Orange Avenue sidewalk in Orlando. Deceased was in the city on a business trip.

Mr. Leasher had been spending his winters in Florida for the past 21 years. He was born in the city of Huntington, Pa., and had been married to Mrs. Leasher for 15 years.

Funeral services will be held in Huntington, Pa., on Tuesday, Jan. 9, at 10 o'clock. The funeral home in charge is the Leasher family.

Funeral services for J. G. Leasher, 25, father of L. E. Leasher of this city, will be held in Huntington, Pa. today or tomorrow, according to information received here.

1.1 Inches Of Rainfall Soaks County's Fields

Precipitation For '39 Is Above Normal 1st Time Since '35

The heaviest single rain since last September soaked Seminole County's thirty fields yesterday evening and last night as 1.1 inches were recorded by local instruments.

Yesterday's rainfall was almost twice as much as the total for the months of November and December during which a total of .68 inches of rain fell, over three inches below normal.

For the first time since 1935, the rainfall in Seminole County during the past year has been normal. The heavy precipitation during the months of April, June, July and August offset the minus readings of the remaining months by plus .25 inches, according to the records of Meteorologist G. P. Paxton.

Rainfall during the month of August was the heaviest with a total of 12.78 inches being recorded, 5.68 above normal for the month.

The total rainfall for 1939, according to the Coast House tonight is 51.76 inches while the normal annual rainfall for the County is 51.51 inches.

According to records on precipitation kept by Chase and Company, there was a rain deficiency of 1.97 inches in 1938, a total of 1.49 in 1937 and 2.02 in 1936 for a total deficiency in the three years of 5.48 inches.

During the past few days, hot winds in the Finland-Soviet border region have been reported. Some newspapers declared any attempt to reach Scandinavia from the channel of Finnish aid to the base Allied operations against Germany would mean a fight.

War resistance began in Finland while the Finns continued to demand that Parliament meet earlier than the scheduled Jan. 16 for an emergency session.

The Japanese cabinet gave approval to the plan for establishment of a Japanese-sponsored central government in China under Wang Ching-Wai, foe of Kai Shih.

Funeral services for J. G. Leasher, 25, father of L. E. Leasher of this city, will be held in Huntington, Pa. today or tomorrow, according to information received here.

SPEAKS HERE

W. C. Brooker Talks At Rotary Luncheon Today

State Commander Of Tampa Outlines Program Of Legion

William C. Brooker, above, state commander of the American Legion was the guest speaker at the meeting of the Rotary Club today and will speak at the dinner-meeting of the Campbell-Loring Post in the Legion Hut tonight.

The program of the American Legion was outlined by State Commander William C. Brooker of Tampa, speaking before the members of the Rotary Club today, as one of youth activities combating subversive agencies and movements, and preparedness for peace as well as war.

The American Legion speaks with a voice of a million men with a single purpose, said Mr. Brooker, adding that there are more than 1,000 posts throughout the United States. There are 122 posts in Florida with 12,500 members.

The Legion, he said, is a civic club, a fraternal organization and a patriotic organization, all rolled into one.

Prior to the principal address on the program, Fred Dorner spoke to the club in behalf of the Seminole County Fair and Colery Exhibit to be held here Feb. 12-17. "This is a clean cut proposition," Mr. Dorner said, "There are no drifters or flouters connected with it and in asking for the support of each and everyone of you, I urge you not to judge it by previous exhibitions of this nature."

Mr. Brooker was introduced by Commander George Weinstein of the local post of the American Legion, who also introduced Giles L. Lewis of Orlando, vice commander of the American Legion in Florida. The Rev. Martin Bram presided over the meeting. Clyde Parker had charge of the program and E. M. Armitage led the singing.

One of the prime purposes of the American Legion, said Mr. Brooker, is to see to it that "life, liberty and pursuit of happiness" which we have all enjoyed is handed down to our children. The original program of the Legion was outlined as follows:

(1) The rehabilitation of wounded veterans. In this connection it was revealed that the death rate among veterans for the same age groups is 12 percent higher than among the rest of the population.

(2) Service to the community, state and nation as exemplified by safety activities and disaster relief.

(3) The preservation and perpetuation of the constitutional form of government by the inculcation of American ideals in American youth.

"Out of the World War," he said, "Alien philosophies and doctrines opposed to the democratic system of government as we have known it in our own country developed. Most of these new systems originated in Europe, but have found fertile fields to work in here in our own country as a result of the depression."

The American Legion because of its active work against subversive agencies was at first called "Red Legion," Mr. Brooker said, but the result of the investigations by the Dies Committee have vindicated the stand of the Legion.

Seeking to promote Americanism through its varied youth activities, the Legion sponsors more than 2,000 Boy Scout troops in the United States, many "Sons of the Legion" organizations, Junior Red Cross chapters, and other youth organizations. The Legion also sponsors a large number of "Sons of the Legion" organizations, Junior Red Cross chapters, and other youth organizations.

Approval Of Budget Group Is Delayed

Measure Is Prevented From Getting Immediate Okey Because Of Senator McNary

WASHINGTON, Jan. 8.—(AP)—Senator McNary today failed in an effort to obtain immediate Senate approval of his plan to create a special congressional committee to examine the President's budget and make recommendations of its own. He withheld a request of immediate approval after Minority Leader McNary refused notice he would object unless McNary's committee was instructed specifically to study defense appropriations and make a survey of "national military policy." A single objection prevents immediate consideration.

The House considered the anti-lynching bill forced onto the floor by a petition of 218 members and held over from last year's session. Proponents were criticized for reviving the bill at a time when democracy is "fighting for its life." Opponents pointed out that there were only three lynchings in the nation last year.

The House Naval Committee heard Admiral Harold Stark urge Congress to approve a \$1,300,000,000 fleet program because of threat of a "world conflagration" exists.

The first open threat on Capitol Hill in order to avoid the last minute rush, Seminole County Tax Collector Jno. D. Jinkins whose office is in charge of the tag sale, urged today.

Since the license went on sale on Dec. 1, there have been approximately 1,000 sold, Mr. Jinkins reported, pointing out that this is less than one-fourth of the total number sold last year.

He advised auto owners that they are required to present their title certificates and registration cards when purchasing a license. In the event that these are lost, however, a tag may be issued on the presentation of the number of the 1939 tag if it was issued in this county, he said.

One week from today the time expires for using the old licenses on the highways of the state and although the Governor has the authority to extend the time until Feb. 1, as yet there has been no indication that he will do so.

A large amount of the revenues from the auto tag sale is used in payment of salaries for school teachers and the State is considerably behind in the payment of its allocations to Seminole County for forcing the borrowing of funds with which to pay the local teachers.

RED PAPER BOMBING—STOKHOLM, Jan. 8.—(AP)—A home-made bomb exploded today outside the office of the Communist newspaper Nya Dag, causing considerable property damage, but no one was injured. The bombing was thought to have been the work of Finnish sympathizers.

Goss And Allan Tie With Dawson And Johnson In Golf Tournament

Sanford's first pre-amateur golf tournament ended in a tie yesterday with two teams scoring a best ball of 66 to lead the field. One team composed of Jack Goss, amateur, and Pug Allen, pro, of DeLand tied for first and second places with the team composed of Warren Dawson, amateur, and Herb Johnson, pro, of New Smyrna.

Tying for third place were three teams, Lee Coston and Warren Dawson of Easton, Mort Bright and Abe Thorne of Daytona, G. W. Spencer and Ralph Stewart of Sanford. Each team scored a best ball of 67.

Twenty-eight teams were entered in the tourney that attracted many of Central Florida's best amateur and professional players. A large gallery was on hand to see the tourney.

Denny Champagne and Lee Koster scored the best individual marks of the day with 71. Cash prizes were given the winning professionals and non-cash prizes were given to the amateurs.

MURPHY NAMED TO HIGH COURT

Frank Murphy poses for photographers after his nomination by President Roosevelt as an associate justice of the Supreme Court. Solicitor General Robert H. Jackson is to succeed him as head of the Justice Department.

Jinkins Urges Early Purchase Of Auto Tags

Jan. 15 Is Deadline Unless Governor Grants Extension

"Buy your 1940 auto license tags now in order to avoid the last minute rush," Seminole County Tax Collector Jno. D. Jinkins whose office is in charge of the tag sale, urged today.

Since the license went on sale on Dec. 1, there have been approximately 1,000 sold, Mr. Jinkins reported, pointing out that this is less than one-fourth of the total number sold last year.

He advised auto owners that they are required to present their title certificates and registration cards when purchasing a license. In the event that these are lost, however, a tag may be issued on the presentation of the number of the 1939 tag if it was issued in this county, he said.

One week from today the time expires for using the old licenses on the highways of the state and although the Governor has the authority to extend the time until Feb. 1, as yet there has been no indication that he will do so.

A large amount of the revenues from the auto tag sale is used in payment of salaries for school teachers and the State is considerably behind in the payment of its allocations to Seminole County for forcing the borrowing of funds with which to pay the local teachers.

RED PAPER BOMBING—STOKHOLM, Jan. 8.—(AP)—A home-made bomb exploded today outside the office of the Communist newspaper Nya Dag, causing considerable property damage, but no one was injured. The bombing was thought to have been the work of Finnish sympathizers.

Longwood To Vote On Abolishment At Polls Tuesday

Shall the Town of Longwood and its municipal government be abolished and a "Tax District of Longwood" created to liquidate the affairs of the town in accordance with the provisions of an act passed in the 1939 session of the Legislature?

This issue will be decided by the property owners in Seminole County's third-largest municipality in an election tomorrow.

The vote which will decide the future of the town which was granted its charter more than 20 years ago has aroused a large amount of interest in Longwood with both the pros and cons standing behind their divergent views.

ANNOUNCES

Jno. D. Jinkins To Be Candidate For Re-Election

Expressing his appreciation for the co-operation of the citizens of the County during his term of office, Jno. D. Jinkins, tax collector, today announced his candidacy for re-election, subject to the Democratic Primaries in May.

The Parks Department also set out more than 1,000 ornamental plants in the various parts of the City during the past week.

The donation for the month are as follows: 100 ornamental cherry seedlings and 70 red-tipped myrtle, Mrs. J. D. Jinkins; 35 live oaks, Mr. and Mrs. W. E. Kirchoff;

2 araliae, 3 roses plumosa, 3 crepe myrtle, 1 jasminum, 1 cecropia, and 1 dogwood, Mrs. J. T. Newby;

15 large Washingtonias, Mr. and Mrs. W. C. Hendley;

8 plumage, 5 hollyhocks, 1 jessamine, and 1 azalea, Mrs. W. T. Langley;

2 Birdian papers, 1 cedar and 1 large rubber tree, W. A. Patrick and 1 date palm, Walter Routh.

Palm and trees furnished by the City of Sanford are: 34 native, 3 oaks, 12 Australian oaks, 3 eucalyptus robusta, and 6 Australian pines.

A regular meeting of the Junior Chamber of Commerce will be held in the Mayfair Hotel Tuesday night at 7:00 o'clock.

The regular drill sessions of the three local National Guard Companies will be held in the Armory tonight at 8:00 o'clock.

Violators of City ordinances will be tried before Judge Frank L. Miller in a session of the Municipal Court at the Police Station this afternoon at 4:00 o'clock.

There will be a meeting of the Sanford Ministerial Association at the First Presbyterian Church Tuesday afternoon, the Rev. W. P. Brooks, Jr., chairman, said today.

Woodmen of the World meet in regular session in the Woodmen Hall on Tuesday night at 7:30 o'clock as per usual.

WOODMEN FLOWN TO DOCKS—LONDON, Jan. 8.—(AP)—A voluntary flying squad of skilled dockers to move from port to port to deal with wartime diversion of shipping has been organized by the ministry of labor. The scheme is to move the dockers to ports where the local supply of a registered labor is inadequate.

Improvements In U. S. Planes Are Predicted

Today's Aircraft Is Termed Lumbering Trucks Compared To Newest Types

Non-Stop Trips To Europe Seen

Speeds Up To 500 mph
Are Possible With
Secret Developments

WASHINGTON, Jan. 8.—(AP)—Aeronautical engineers today forecast American airplanes capable of flying to Europe with a full load of bombs, or passengers and cargo and returning non-stop if necessary.

The probability and expected to become a reality in the next year or 18 months, grew out of two technical reports to Congress by the national advisory committee for aeronautics.

Two apparently simple changes in wing design, and "fining" or arched engine cylinders promise to increase vastly the range, speed, payload and efficiency of planes already being designed.

Present military and civil aircraft, which has brought Europe, South America and Hawaii within a day's flying time, are partly the result of aeronautical research done by the committee's engineers at Langley Field. The same engineers regard the present planes as lumbering trucks compared to planes coming out in the new wing will have only one-third the resistance of present designs, permitting speeds of 500 MPH. It is a close-grooved, swept-back wing cylinder will increase the speed and efficiency of a motor at least 100 percent.

Mrs. Ingley Says Patients Grateful For Seal Funds

Mrs. F. L. Ingley, Seal Sale Chairman of the Seminole County Tuberculosis and Health Association, today said the tuberculous patients of Seminole County and the Association are grateful for the good work done by the purchase of Seal Sale funds.

However, as the hurry and bustle of Christmas shopping and holiday celebrations, Mrs. Ingley stated, many have overlooked making their check for Christmas Seal Sale, it is not too late to mail now. Purchase of the Seal Sale funds is a New Year's spark of hope to a sick child fighting for health. It can be a sure part in the constant battle being waged against this dread disease.

Proceeds of the Seal Sale are used to discover cases of tuberculosis early enough to help them, provide proper care for the needy and prevent the spread of the disease by building up undernourished bodies of children who have been exposed to contagion.

Relief Fund For Finns Reaches \$59.05 Total

Continued success of the Finns against the invading hordes of Red Russia apparently has stimulated the administration of the American people to such an extent that they are giving all the money they can afford to aid the Finnish cause.

Evidence of this is seen in Sanford as funds continue to come into the Herald office to be forwarded to Finnish relief headquarters in New York. Three more contributions of \$1.85, \$5.45, and \$5.65, have swelled the total to \$59.05. The Herald will accept all donations and forward them to New York.

FIVE SONS IN NAVY—YEMASSEE, S. C., Jan. 8.—(AP)—The Thomas Daniels are doing their bit for Uncle Sam's defense. With the enlistment of their youngest son, Tom, Jr., the other day, Mr. and Mrs. Daniels have five sons in the U. S. Navy.

CITY NEWS BRIEFS

A regular meeting of the Junior Chamber of Commerce will be held in the Mayfair Hotel Tuesday night at 7:00 o'clock.

The regular drill sessions of the three local National Guard Companies will be held in the Armory tonight at 8:00 o'clock.

Violators of City ordinances will be tried before Judge Frank L. Miller in a session of the Municipal Court at the Police Station this afternoon at 4:00 o'clock.

There will be a meeting of the Sanford Ministerial Association at the First Presbyterian Church Tuesday afternoon, the Rev. W. P. Brooks, Jr., chairman, said today.

Woodmen of the World meet in regular session in the Woodmen Hall on Tuesday night at 7:30 o'clock as per usual.

LOCAL WEATHER

Fair and colder tonight. Light to heavy frost in the extreme north portion with a temperature of 25 to 30 degrees. Light frost in the central portion with a temperature of 30 to 35 degrees. Tuesday fair and continued mild at cold.
