high enough, the talk now is of ridiculing German leaders. If they would say these things now, what would they say after the things now, what would they say after the guns start booming? And if the people themselves are not going to remain neutral, what chance has the government of being mention.

Tenant Farmers

or keeping us out of war?

Florida has 20,399 tenant farmers compared to percent of all farm operators in the state, according to a relicate from the Department of Aggiculture. Tenancy in the nation is increasing at the rate of about 40,000 farmers per year, due largely to the recent agricultural depression, mortgages based on inflated land values, crop failure, drouth, and floods.

"Lack of opportunities for farm ownership and evis resulting from instability of land tenure can only result in a rapidly increasing depletion of soil resources and grow-In 1934 there were 1,291,101 ing farm poverty, the Agricultural that any impersons killed or injured in au- Farmers in temporary occupancy, knowing that any impersons killed or injured in ausobile accidents. Eckersons And St. Johns Will Meet In Important Contest On School Floor

Battle Is Carded To Final Group Of Get Under Way At 8 O'clock; No Prelim To Be Scheduled

The all-important contest to deeide the supremacy of the Banford City Basketball League will take place tomorrow night on the local high school floor with the Eckerson Canners and the St. Johns meeting in the erucial fray which is scheduled to begin promptly at nine o'clock.

The Canners, winners of the second half championship and tled with the St. Johns for the first half title, can, by winning, annex the loop title and are prime favorites to do so. With but one defeat in their first-half play, that handed them by the Rivermen in the final game of that initial half, the Canners swept all opposition aside in the second half to come through without de-
