

36 Service Men's Families Helped, Red Cross Reports

Families of 36 active servicemen, 55 veterans and 35 civilian dependents have been given aid by the American Red Cross, Seminole Chapter since June 1, Mrs. Joseph Gonzalez, secretary, announced today.

Financial assistance has been given to seven families of active servicemen. These families included 40 dependents. In all, more than 151 persons have been given service or information since June 1, she declared.

Queries are continually being received from servicemen such as "I am needed at home and I haven't the money to get there. What will I do?"

"If I'm in the hospital and the doctor wants my wife to visit me, who can help here make the arrangements?" is another type of inquiry commonly received, she said. Wives write, stating that allotments have not come through and inquiring what to do about the rent and the milk bill for the kids. Servicemen bring personal problems.

Cases have come up where families were unable to get word from servicemen in Korea, she pointed out, and the Red Cross has succeeded in establishing communication.

A typical local case was that of a soldier who was sent overseas and whose wife came here to stay. He worried about her not getting her allotment for which he had filed application in July. Pending the receipt of the allotment this month she was granted a loan by the Red Cross, said Mrs. Gonzalez.

Another family whose allotment was held up was given financial assistance. A disabled veteran was given a loan pending the first receipt of his pension for disability.

Local disasters brought assistance. One case was that of a family all of whose clothing had been destroyed by fire. These were aided by the Red Cross with donated clothing. A veteran was ill in the hospital, and his family was given

Permit Granted

(Continued From Page One)

Williams were instructed to study this problem, particularly on Second Street.

Following a study that revealed that termite was "hard at work" on the City Hall and Library, a contract of \$880 was issued to the Walker Chemical Extermination Co., Orlando, to eliminate the pests.

In order to put the Ninth Street Ball Park at French Avenue into better condition for junior league teams, additional clay was ordered for both the infield and outfield and the Commission ordered the rebuilding of the park.

An ordinance covering the demolition or repair of unsafe buildings was given its first reading. This was contained in the provisions of the old Southern Building Code, and will be included in the new code recently adopted.

S. A. Allen was given a renewal on his bus franchise. He told the Commission that he will place three buses in operation in November with routes including the Municipal Airport, Melonville Avenue, Goldsboro, Midway and Canaan City. At present a station wagon is operated to and from the airport.

The resignation of Frank Shames as a member of the Board of Bond Trustees was accepted with regret. Mr. Shames worked with Florida Fashions has made it necessary for him to move to New York.

W. F. Duggan, operator of a traveling animal show which includes an elephant, requested the Commission to allow him to place some of his animals at the Zoo for the winter on condition that the City feed the animals, and asked that he be allowed to store the cart in the Municipal warehouse on the waterfront. Due to the expense of feeding such animals as elephants, and the fact that the City is using the warehouse, the offer was rejected, said Mr. McKibbin.

Mayor Carraway urged the Commissioners to attend the meeting of the Florida League of Municipalities at Lakeland, Nov. 12-14.

Danger Areas

(Continued From Page One)

to do so, and hit the rural areas. Also, rural areas must furnish mutual support to the metropolitan areas. No community can withstand a major disaster without help.

"This office is without authority to release specific information pertaining to what is considered a critical area or a priority target. To do so would merely confirm to a potential enemy what he already suspects. People living in such areas would not appreciate this. While lucrative targets for an atomic attack may be considered by some as being cities of 50,000 population or more, and particularly those containing vital industries and/or communications network essential to a war effort, we consider the entire State of Florida as a

critical area for effective planning. Its geography, coastline and beaches, terrain, climate, and resources make it an inviting target by various means of attack to any military planner.

"To be effective our civil defense planning in Florida must consider all of the manpower and resources in the state. The participation and cooperation of all communities and communities urban or rural, regardless of size are vital to the plan and the ultimate overall effect upon a war effort. This office is operating on this premise."

Gordon Bradley, chairman of the Chapter, pointed out that he consisted of almost 50 Red Cross and 21 representatives in Korea, and that the number has been increasing since then.

The Red Cross has offered its services to troops of other U. S. nations now in Korea, including those of Great Britain, Australia, Canada, the Netherlands, Philippines, and New Zealand, Belgium, and Turkey.

All chapters participating in a national blood bank program have been asked to increase blood collections by a minimum of 25 percent, he stated.

hope of peace in the world is in the coin of men's lives in Korea. I have met but few men who have said they are not glad that America took the stand she did."

He urged Kiwanians to make their communities so clean that the Russian propaganda machine putting out lies about America "falls of its own weight and that people all over the world will find that America is not made up of Hollywood love nests, zany and corruption but is a country of fine churches, schools and of fine families and children."

Winner of club achievement plaques for the past year were: Orlando, said division for largest club in the district, with West Palm Beach, runner-up; Clearwater, silver division, with Bradenton runner-up; Lake Wales, orange division winner, with Mulberry, runner-up; Fernandina, blue division winner, with Wauchula runner-up; and Umattilla, white division, with Palma Ceia of Tampa, runner-up.

Northside Miami club won the convention attendance cup. Group winners in club bulletin competition were Boca Ciega, group one; East, group two; and Orlando, group three; and Clearwater, group three, for underprivileged children's work were Haines City, group one; Bartow, group two; and Clearwater, group three.

Railroad Labor

(Continued From Page One)

That would make it possible to start in at once to consider the new demand, along with the pending request for a 40 hour week with 48 hours pay for 50,000 members in yard service. That proposal has been pending since last spring, Robertson said.

"If the yard service employees' pay demand is not met in any settlement reached for them, Robertson said, it will be incorporated in the general movement for the approximately 80,000 workers on the rolling trains.

The Firmen and Engineers will cooperate with the Trainmen and Conductors in a common wage movement, Robertson said. The Trainmen's demand probably will be developed at a convention now under way in Miami Beach.

The Brotherhood of Locomotive Engineers, headed by J. P. Fields, is already negotiating with railroad representatives for a demand for a flat 20 percent pay increase for all members, plus minimum assignments of five days' work and guaranteed mileage for those in passenger and freight service.

Tomorrow 15 unions represent critical area for effective planning. Its geography, coastline and beaches, terrain, climate, and resources make it an inviting target by various means of attack to any military planner.

"To be effective our civil defense planning in Florida must consider all of the manpower and resources in the state. The participation and cooperation of all communities and communities urban or rural, regardless of size are vital to the plan and the ultimate overall effect upon a war effort. This office is operating on this premise."

"Buddy System" Is Used To Integrate Koreans And G. I.'s

TOKYO, Oct. 10.—(AP)—Bobo Moe, Casey and Alabam are doing all right for themselves under the U. S. Army's buddy system in the Korean fighting.

They are four of thousands of South Korean volunteers who have been integrated into American Army units.

Names were perhaps the biggest stumbling block when the program began last July. Veteran American sergeant found their South Korean unit overflowing with Kim and Lees—the Smiths and Joneses of Korea.

A point brush and a little imagination cleared up the situation in a hurry. On each South Korean helmet was a painted official nickname assigned by his American buddy.

The system was introduced in the U. S. Seventh Infantry Division where South Koreans were first integrated into the American Army.

Combat Forces

(Continued From Page One)

form with a spirit of sacrifice. "All over the world democracy is being forced to prove that it is the best way of life," he said.

"The example we set here at home by our own sense of civic responsibility is the best way to demonstrate the virtues of democracy to the peoples of other lands."

"Let us prove that we here in this country know how to make good use of freedom by doing freely what others are compelled to do."

"So long as we in this nation keep our high regard for the sanctity and dignity of the individual, we can be sure that our democracy is a living institution that will stand up in the face of emergency or trial."

Marshall called upon all communities to devote the same attention to the welfare of servicemen as he said they did during World War II.

"A sense of loneliness and confusion is often the first reaction of a young serviceman away from home," he declared. "In providing him with wholesome recreation and entertainment in pleasant off-post surroundings, communities can make a tremendous contribution to his well being and to the development of the spirit that makes for a good soldier."

"This program is worthy of the immediate attention of every community where numbers of service personnel can be expected to spend their leaves."

ing nearly 1,000,000 members in non-operating branches of the railroad industry will meet here today under the leadership of George E. Lighty of St. Louis, to draft their wage proposals. Non-operating unions are those whose members do not actually ride the trains they help to keep running.

Wonsan Captured

(Continued From Page One)

mean forces blunted the ROK drive in the center of the peninsula about five miles north of the border.

While fighting raged all about the Red Korean battlefield, an Allied transport plane flew a loud-speaker over isolated Red pockets, calling for surrender. It promised fair and humane treatment.

General MacArthur's "last time" surrender ultimatum boomed out over the airborne huller in a new phase of psychological warfare.

The Red high command has ignored the ultimatum. But Communist troops were surrendering in increasing numbers that have swelled the Allied prisoner base to more than 65,000.

Die-hard Reds around Wonsan dug in on heights encircling the city and customs. The South Koreans and Americans have developed a unique vocabulary of pidgin English, plus a smattering of Japanese words.

Instead of their usual rice diet, the South Koreans are eating American rations. And they are issued beer, cigarettes and candy bars on the same basis as their buddies.

They had even learned to swivel their hips to get the necessary extra inches out of their short legs to keep stride with the doughboys.

The South Koreans have impressed Americans with their skill in handling rifles. Lt. Charles Bailey, Birmingham, Ala., said all in his outfit could take apart and assemble the rifles perfectly after one day of training. They like to shoot so much, their instructors have a hard time keeping them from sneaking back to the firing range.

The Americans no longer call them Gooks. The South Koreans are referred to as "ROKs," adopted from the abbreviation for the Republic of Korea.

One U. S. sergeant explained "How in heck can you call a foreigner when he's shared your fork, split your 'aft on you" and helped you fight off a night attack?"

Two other columns speared out

to the left and right of this force. One crossed the Yesong River 10 miles west of Kaesong, smashed three Red counterattacks and drove into Red Korea on a northwest tangent.

The other wheeled to the vicinity of Panbu, 15 miles northeast of Kaesong. Panbu lies just north of Parallel 38.

The road-hardened ROKs of the Third and Capital Divisions fanned out on mop-up jobs after routing the bulk of the Red Korean defenders in bitter day-and-night street fighting.

Many Reds fled north and northwest of Wonsan. Unaccounted hundreds surrendered. Prisoners said other hold-out groups wanted to give up but hadn't found the opportunity.

The Reds made their first major stand Monday on ridges south of Wonsan. Allied warplanes strafed and rocketed ridge-line posts and the ROKs stormed over the airfield just south of Wonsan at 1 A.M. Tuesday (2 P.M. Monday, EST).

They entered the city at 10 A.M. The Reds resisted bitterly, but AP correspondent William Jordan, with the South Koreans, said the defense was not as strong as had been expected.

From Wonsan, the ROKs are in position to swing 95 miles straight west across the narrow waist of the peninsula to Pyongyang.

U. S. First Cavalry troops who clawed across the border on a 25-mile front near Kaesong were 80-mile air line miles from the Red capital.

Organized Red Korean troops blocking the armored cavalry drive on the main road from Seoul toward Pyongyang and the South Korean thrusts in the center of the peninsula were showing no signs of giving up.

AP correspondent Lief Erickson reported from western Korea that Reds holed-up in their pre-war "defense" chain for Red American foot troopers to fight for every yard.

The Reds held mountain positions flanking the main highway. Defenses extended 25 miles in depth, an air observer reported.

Foot troopers, with Allied warplanes raining steel and fire-bombs on the Reds, slugged ahead 2 1/2 miles into Red Korea along the main highway, to the vicinity of Simchun.

38 Reporters To Accompany Truman Party

MacArthur Refuses To Permit Tokyo Correspondents To Make Journey

WASHINGTON, Oct. 11—(AP)—Thirty-eight news, radio and photo representatives will accompany President Truman on his trip to meet Gen. Douglas MacArthur. They have chartered a Pan-American stratosphere for the week's trip starting late today. The plane will be used for the entire trip, ending Oct. 18.

A total of 56 passengers are booked for the plane. Besides the 38 news, radio and photo men, they included communications representatives and secret service men of the President's party.

White House officials said it was a large party but not a record for a press group accompanying the President.

The Associated Press representatives on the trip will be Ernest B. Vaccaro, who has been a White House correspondent since President Truman took office, and William C. Allen, a veteran photographer whose experience includes covering the war in Italy, France and Germany.

Electric Company Invites Industry To Come To State

The amazing story of new opportunities for business and industry in Florida is being advertised by Florida Power & Light Company in advertisements published in leading business magazines and newspapers in the U. S.

"Our campaign to advertise Florida has gotten off to a fast start," H. H. Coleman, division manager, said today. "During July and August our company began advertising in such well-known publications as the Wall Street Journal, Business Week, New York Journal of Commerce and Chicago Journal of Commerce."

"Continuing in September, October, November and December, we will use these publications augmented by Nation's Business and U. S. News and World Report."

"Our advertisements in these publications are reaching millions of America's leading business men throughout the United States, telling them of Florida's opportunities and inviting them to locate their plants in Florida."

"Florida Power & Light Company is thoroughly 'sold' on the fact that we have a sound state with a sound and expanding economy. We are so convinced that we are buying advertising space to 'tell the world'."

Mr. Coleman said.

"Incidentally, our company president, McGregor Smith, is chairman of Governor Warren's Council for the Industrial Development of Florida. Our company is cooperating with the governor in his program to bring industries to Florida."

Some of the interesting facts in the advertisements are gains made by the state since 1940. They include:

Population	up 31%
Individual Income	up 224%
Bank Resources	up 204%
Postal Receipts	up 116%
Per Capita Savings	up 214%
Auto Registrations	up 49%
Life Insurance	up 155%
Income from Livestock	up 335%
Wages and Salaries	up 220%

COTTON EXPORT

WASHINGTON, Oct. 11—(AP)—Acting to halt advancing cotton prices and to assure the nation of its needs, the government last night placed rigid limitations on exports of the fiber crop.

The Agriculture Department set up export quotas which would restrict shipments to less than 4,000,000 bales for the marketing year ending next Aug. 1. Exports during the past season totalled 8,770,000 bales.

STOVALL RECALLED

Lt. W. B. Stovall, Jr., U.S.N.R., son of Mr. and Mrs. W. B. Stovall of 1101 Elm Avenue, has been recalled to active duty with the Navy. He arrived last night to report for active duty at San Diego, Calif.

In civilian life, Lt. Stovall was chief of a vital statistics section, and at the time of his recall was acting director of the Bureau of Vital Statistics, Florida State Board of Health in Jacksonville.

New Yorkers View Crusade For Freedom Parade

STATE OFFICIALS AND DIGNITARIES (top) witness the giant Crusade for Freedom parade in New York in which an estimated 20,000 members of civic, labor and veteran organizations took part. In reviewing stand (top, l. to r.) are: Gov. Thomas E. Dewey, Gen. Lucius Clay, National Crusade for Freedom chairman, State Industrial Commissioner Edward Cora, famed anti-Communist Peter Hogue, and Mrs. Okoyia Kosenkina, who jumped to freedom from the Russian embassy. Below, the marchers pass in review.

Home Mortgage Credit Controls Are Designed To Reduce Inflation

WASHINGTON, Oct. 11—(AP)—The Federal Housing and Home Finance Agency issued the following explanation on how the government's new home mortgage credit controls will work:

Why housing credit is being restricted:
To reduce the current serious inflationary pressures in housing and to cut back homebuilding in 1951 to a level which can be met with the materials and labor available after defense requirements are filled. Current estimates place this 1951 volume at least one-third fewer houses than are being built in 1950, or not more than 200,000 to 250,000 new homes.

What the regulations control:
The amount of money that may be borrowed on the security of, or to finance new construction, on residential real estate. What is covered:
Loans for more than \$2500, with more than 18 months maturity, on all one and two-family and housing (including major improvements or additions, as well as new construction), except for (A) loans on which written commitment were made before the effective date of the regulation, (B) conventional loans on housing construction started before noon of Aug. 3, 1950, and (C) certain hardship and special exemptions.

When the regulation is effective:
Oct. 12, 1950.
Who must comply:
Lenders, as defined in the regulation, are required to comply with the down-payment, maturity and other provisions of the regulation, with penalties provided for violation. Lenders are defined as those who, during the current or preceding year, made 2 or more real estate loans aggregating more than \$25,000.

Who administers the regulations:
The Board of Governors of the Federal Reserve System is responsible for administering its regulation applying conventional real estate loans (as distinguished from real estate loans made, insured, or guaranteed by the Federal Government or any agency thereof). The Federal Housing Administration, the Veterans Administration and the Small Business Administration are also involved.

Little Theater Is Advocated At Meet Of Sanford Pilots

Mrs. Richard Farrell spoke before members of the Pilot Club at their dinner meeting held in the Yacht Club last night, favoring the formation of a "Little Theater" in Sanford.

French Defense Minister Arrives To Study Rearmament Of France

WASHINGTON, Oct. 11—(AP)—French Defense Minister Jules Moch arrives today to press his country's request for a big installment of American dollars to hasten France's rearmament.

Moch has a date with Secretary of Defense Marshall this afternoon to explain what outside aid France will need before it can begin turning out more guns, tanks and munitions.

Much will be joined tomorrow by French Finance Minister Maurice Petesche who is now en route to the United States by ship. Petesche will outline the financial side of France's rearmament picture.

The two French cabinet members are to meet with Marshall, Secretary of State Acheson, Secretary of the Treasury Snyder and a score of American experts to learn:

1. How much France can expect of the \$3,225,000,000 Congress has appropriated to rearm nearly a score of friendly countries during this fiscal year, ending next June 30.

2. What conditions the United States will attach to the financial help it is ready to extend to France and eight other Atlantic Pact Allies.

France has drawn up plans for creating 15 new army divisions during the next three years but says frankly it cannot shoulder this financial burden without substantial help from the United States.

U. S. Steel To Open Wage Talks With USW Union

Murray Says Workers Want Healthy 4th Round Wage Hike

PITTSBURGH, Oct. 11—(AP)—United States Steel Corporation, producer of one-third of America's steel, agreed today to open wage negotiations with the CIO United Steelworkers Monday, Oct. 16, in Pittsburgh.

Wage talks already are underway between the million-member union and about 35 big and small companies. But those sessions are not expected to settle any issues until after "Big Steel" and the union reach some agreement.

The steel workers union wants "a very healthy and substantial wage increase" this fall. President Philip Murray of the CIO and the USW says his workers need a fourth round post-war pay hike.

Sgt. Wiley B. Brooks Is Killed In Korea

Word was received here yesterday by Mrs. E. C. Kennedy of the death of Sgt. Wiley B. Brooks, First Class Wiley B. Brooks, who was stationed with Company I, 27th Infantry in Korea.

Sgt. Brooks, who had been in the service for nine years, was with the 2nd Airborne Division during World War II. He is estimated to have been in Korea for three years ago and was sent to Japan, accompanied by his wife and two children. He was born Mar. 19, 1919 in Newberry, Fla.

Survivors include the wife and two children in Japan; another sister, Mrs. Veron Brown of Bayford; three brothers, William E. Brooks with the Fifth Air Force in Korea; Hatcher H. Brooks and Cecil Brooks of Sanford.

Reinforcements Go To Army In Germany

BERLIN, Oct. 11—(AP)—Lieut. General Manton S. Eddy announced today that "American reinforcements are arriving now in Germany."

"There is no evacuation plan at all," he said. "The American soldier in captivity of any odds."

CIVIL DEFENSE

COVENTRY, England, Oct. 11—(AP)—Home Secretary J. Chuter Ede said in an address tonight that Britain aims to enlist a civil defense force of about 800,000 within a few months.

At a meeting starting a recruitment drive, he said goals of civil defense leaders can be attained if one in 20 of those eligible join the service. He estimated that 16,000,000 persons in Britain, most of them over 30 years old, are eligible.

15 Rail Unions To Ask 25 Cent Wage Increase

Non-Operating Unions To Serve Notice On Railroads For \$400 Million Pay Boost

WASHINGTON, Oct. 11—(AP)—Heads of 15 railroad unions with a million members decided today to ask for a 25-cent-an-hour wage increase.

The unions concerned are made up of non-operating workers, that is, rail employees not directly concerned with actually operating trains.

Announcement of the wage decision was made by George I. Leighty, president of the Order of Railroad Telegraphers and chairman of a joint committee of the 15 unions.

Leighty said money would be served upon the nation's major railroads on Oct. 25 asking for immediate negotiation. He estimated the demand would cost the railroads \$400,000,000 a year.

The average worker in the 15 unions now receives \$24.15 a week. The 25-cent wage would allow him a \$10 weekly wage boost.

The unions include the shop-crafts, telegraphers, clerks, signalmen, water service and dining car employees.

These workers, Leighty said, were asking for 25 cents an hour because they figured they were "far behind the parade" in other industries. Their last wage increase came in October 1948, when they received a seven-cent-an-hour wage boost, linked with that increase, however, was the recession to place the non-operating employees on a 40-hour week.

Small Attendance Causes Delay In Farm Bureau Vote

Due to small attendance at the annual meeting of the Seminole County Farm Bureau last night at the Putnam Farmer, Ballroom, the scheduled annual election of officers was postponed until Tuesday, Oct. 24, when Matthews, president, called the meeting.

Members recommended an appropriation of \$300 for some removal and bulldozing of the area of the new Florida Highway on mile south of the city limits.

Mr. Matthews asked members to attend the meeting of the Florida Farm Bureau Federation at Daytona Beach, Nov. 10-12 and to get in securing time money members in the local bureau in order to have membership to two and in case the delegates at the meeting from two to three.

John Ford, executive vice president of the State Farm Bureau, urged opposition to a pending bill before the United States House which would allow imports of plants and animals into this country solely on the basis of inspections by authorities of the countries from which the goods are imported.

Home Osborne, of the Kilbuck Seed Co., told the growers of statistics governing the sale of seed and of properties of certification. He stated that the Florida Quick Freeze Plant, Mr. Brown accompanied him.

Fun Has Priority At Legion Meet

INVADING LOS ANGELES for their national convention, members of the American Legion last night held their meeting at the 2000 Hotel. (Continued on Page Two)

WASHINGTON, Oct. 11—(AP)—A Defense Department spokesman said today the war in Korea is far from over and "there are plenty of fighting ahead." That estimate was given at the Pentagon's regular briefing for newsmen on the situation in Korea. The spokesman said the nation should not be lulled into any false sense of optimism by the advances of the United Nations forces.

Armed Services Chief Tells Kiwanis Of Men In December Fire Prevention

National Fire Prevention Week had its start due to the great Chicago fire of Oct. 9, 1871. Fire Chief M. N. Cleveland told members of the Kiwanis Club today. He was introduced by Tom Crawford, chairman of the Fire Prevention Committee, which in turn was introduced by R. K. Lyman of Kiwanis.

Frozen Steak Chain Looks For Plant Site

At a meeting of the committee of the Industrial Committee of the Seminole County Chamber of Commerce last night, Lee E. Lee, assistant manager, reported that a Kansas City distributor of frozen steaks who is looking for a site for a distribution plant for the south-eastern states had been here recently and was interested in Sanford.

The U. S. Army is now in the process of purchasing a large tract of land in the Sanford area for a new installation. The tract is located on the highway between Sanford and Lake Wales.

Reports of a general attack were given at the meeting by the committee's chairman, Lee E. Lee, who is located in Florida, and Mr. Lee, who is located in Kansas. Mr. Lee reported on the progress of the Florida Exhibition, the U. S. Coleman provided.

American Officer, Fed By Korean, Spends 69 Days Behind Red Lines

KOREA—(AP)—A young American officer has returned safely after spending 69 incredible days alone behind Red Lines.

With no weapon but his courage, Second Lt. Joseph Elbert Hicks, a 25-year-old platoon leader from Caden, Ill., steadily endured every hardship rather than surrender.

"I would rather have starved," he said grimly.

And perhaps he would have starved except for a loyal young South Korean who brought him food and saved his life by moving him from one mountain hideaway to another whenever danger of capture grew near.

For security reasons this native patriot cannot be identified now. But he risked the lives of himself and his wife and six small children to help the American.

"He is the only reason I am alive today," said Hicks gratefully. "I had to depend on his thinking and initiative rather than my own. And we could talk to each other only by gestures and by drawing pictures on the ground with sticks."

Hicks, who served with the Marines in the last war, looked like a storybook hero when he came down out of the hills after nearly ten weeks. His black hair fell to his shoulders. He had a thick matted beard. And only thin tatters of his fatigue uniform remained.

General Gay Returning From Front Declares 'These Cooks Are Beaten'

WASHINGTON, Oct. 11—(AP)—A Defense Department spokesman said today the war in Korea is far from over and "there are plenty of fighting ahead." That estimate was given at the Pentagon's regular briefing for newsmen on the situation in Korea. The spokesman said the nation should not be lulled into any false sense of optimism by the advances of the United Nations forces.

General Gay Returning From Front Declares 'These Cooks Are Beaten'

WASHINGTON, Oct. 11—(AP)—U. S. British and Australian troops moved north of the 38th Parallel in force today and spearheads were more than 10 miles deep into Red territory late this afternoon.

The Allied forces was closing slowly on the city of Kumchon, which sits on the main road leading to the North Korean capital city of Pyongyang.

The Communist refusal to accept General Douglas MacArthur's surrender demands is making the creeping devastation of war into

Army Cuts Deeply Into Spending On Waterway Plans

WASHINGTON, Oct. 11—(AP)—Army engineers today pared the country's expenditure for flood control and river and harbor projects in the present fiscal year to a total of \$618,549,000.

The total which compares with \$650,000,000 in the fiscal year which ends 1 hour from now, reflects some last minute reductions which Congress ordered in spending as a defense measure.

What happened was this: Last summer the House approved \$699,125,000 for the waterway projects. Then Senate took this to \$713,000,000. Later they agreed to trim the Senate total about 10 percent to around \$638,000,000 but this did not apply the cut to specific projects. Still later Congress directed the President to slash another \$50,000,000 out of the package appropriation to fill the budget gap.

The Budget Bureau yesterday said \$618,549,000 was the amount of the 1951 appropriations pending, chief of which the money for the waterway program. The engineers then came up with a new list showing how the remaining money would be spent.

The new list includes \$618,549,000 compared with \$713,000,000 on the list when the bill passed the Senate. The last available project breakdown:

The new list shows that money for some 57 projects, most of them small but some of them sizeable, have been eliminated entirely while most others have taken only a small cut.

Included in the total is \$175,000,000 for general flood control work; \$22,000,000 for a flood control project; \$12,145,000 for river and harbor projects; \$61,400,000 for flood control work on the lower Mississippi and tributaries; \$2,000,000 for the Sacramento River and \$18,000,000 as a reserve for projects which President Truman may deem advisable to start.

Congress, in ordering the cuts, said that no money should be used on any new project unless it contributes substantially to national defense.

 Home Demonstration Club will have its first meeting of the year at the Tourist Center at 2:30 P. M.
 There will be a board meeting of the T. B. Association and a meeting of the Seal Sale Committee at 7:30 P. M. in the City Commission Room.
 The Grammar School P.T.A. will

Cowan Children Are Given Birthday Party

Edna and Edward Cowan, in celebration of their 12th birthday, were honored by their mother, Mrs. Marjorie Cowan, with a theater party Saturday afternoon.
 After the movie, the guests gathered at the home of Mrs. Cowan's father and mother, Mr. and Mrs. J. T. Pope. The living room of the Pope's residence was decorated for the occasion with arrangements of garden flowers which carried out the color scheme of pink and blue.
 The lace covered dining table was centered with a bowl of pink hibiscus and asparagus fern. On each side were candelabra with lighted tapers and on each end a lighted birthday cake completed the festive picture.
 Mrs. Cowan was assisted in serving the refreshments of cake and ice cream by Mrs. J. T. Pope, Mrs. D. D. Duffy, Mrs. Ann Lynn Rabon. Other enjoying the party were Joan Mynea, Lois Ann Barneau, Doty Bollinger, Barbara Mae Lowe, Margie Johnson, Gail Smith, Donna Evans, Raymond Weimann, Floyd Dooey, Tommy Williams, Jackie Miller, Hobby Johnson, Jackie Thomas and Curtis Hughes.
 Also Mr. and Mrs. O. J. Pope, Mrs. Clara Webb, L. P. Duffey, and J. T. Pope

Personals

Dr. H. K. Ring will attend a State Chiropractor's Convention being held at the Hotel Sherry Frontinac in Miami Oct. 12-13-14.
 Mrs. Harry Lee and Mrs. McKay Truluck spent the day in Lake Wales yesterday visiting relatives.
 Dr. and Mrs. H. Wayne Rucker had as their guests Mr. and Mrs. C. T. Cooper of Winston-Salem, N. C.
 Dr. and Mrs. L. T. Ross left today for the annual convention of the Florida Chiropractors Association at the Sherry Frontinac Hotel in Miami Beach. They will return Sunday.
 Mrs. O. P. Herndon, director of District 7 of the Woman's Club and Mrs. Francis Meriwether, first vice-president of the Woman's Club, leave today for Tallahassee, where they will attend the Florida Federation of Woman's Club.
 A colorful "Fashions Festival" featuring warm autumn shades in suits and afternoon dresses, colorful evening gowns, smart hats, shoes and accessories, was presented by members of the Beta Sigma Phi society to a large audience at the Ritz Theater last night. The clothes were from Yowells and the shoes from Ivey's Shoe Shop.
 Mrs. W. G. Fleming served as narrator to introduce the models who included Miss Daphne Connelly, Miss Elizabeth Dyson, Miss Tol Livingston, Mrs. Lester Guthrie, Mrs. William Conrad, Mrs. Walter Turner, Mrs. George Dangleman and Mrs. Robert Hickson. Incidental music with a soft accent was provided by Harry Webster on an old fashioned organ while Mrs. Fleming described the costumes. Ricks Woodcraft furnished the organ.
 During the intervals of costume change a sprightly program of entertainment was staged in costume by members of the Duxbury School of Dancing. Miss Ann Whitaker, in a sparkling blue and white costume scored a hit with her fast rhythm tap. Miss Jomi Saunders, clad in bright green performed a lively French can-can toe dance. Miss Norma Faye Harvey, winner of several recent amateur contests in Orlando, did a difficult ballet acrobatic, wearing a purple costume. Mrs. James Blankenship accompanied the dancers.

Meeting Is Held By Missionary Society

Circle No. 4 of the Woman's Missionary Society of the First Baptist Church met Monday in the Phebean Class room with Mrs. R. T. Thomas presiding. Circle Chairmen were appointed as follows: Mrs. R. T. Thomas, chairman; Mrs. M. J. Phillips, co-chairman and enlisting; Mrs. John D. Abraham, secretary; treasurer and publicity; Mrs. Fred Myers, program; Mrs. R. T. Thomas, young people; Mrs. A. J. Walker, community missions; Mrs. Turner Lodge, social; Mrs. C. W. Eagle, literature; Mrs. A. I. Battison, Florida Baptist Children's Home; Mrs. Forrest Gatchel, devotional; Mrs. J. M. Stinesipher, stewardship; Mrs. H. M. Pearce, Margaret Fabel and Training school; and Mrs. W. C. Baie, Mission Study.
 Mrs. Gatchel presented a devotional using as her theme "Wandering Minds and Straying Feet." She said she thought charity was one of the greatest virtues if not the greatest of them all, and closed her devotional with prayer.
 Mrs. Stinesipher discussed stewardship, using as her topic "Trenure in Eastern Asia," an interesting thing to do, all, and spiritual and material blessing to the church and to the individual.
 Mrs. Baie told of the mission work in Alaska and how it has grown in the few years it had been established there.
 Members present were: Mrs. Thomas, Mrs. Abigail Mrs. Barneau, Mrs. Roy Mrs. T. L. Douglas, Mrs. Egle, Mrs. Gatchel, Mrs. Lester, Mrs. M. J. Phillips, Mrs. Pearce, Mrs. Phillips, Mrs. Stinesipher, Mrs. Walker and Mrs. Roy Reel.

Hollywood by Non Thomias

HOLLYWOOD, Oct. 11.—(AP)—After next Christmas, James A. Fitzpatrick will say farewell to his home in Beverly Hills, gateway to Hollywood.
 This is a paraphrase of Fitzpatrick's famed closing line in his movie travelogues. Usually it is something like this: "And it is with this thought that we say farewell to Lima, gateway to Peru."
 But soon Fitzpatrick will be saying farewell to people, not places. For when he takes his next journey (to Australia, New Zealand, etc.) he will be starting a new film series, "People on Parade."
 I asked if he had run out of places to say farewell to.
 "Goodness, no," he said. "The world changes so much that I can return to places I had visited long ago and find many new things to film. Why already I'm anxious

Doctors Asked To Register On October 16th

Truman Executive Order Sets Up Draft Classifications In Medical Profession

WASHINGTON, Oct. 12—(AP)—An executive order from President Truman set up draft classifications today for physicians, dentists and veterinarians.

Draft registrations for the medical profession begin Oct. 16 and are to be completed by Jan. 16.

For the initial registrations Oct. 16, an estimated 5,000 physicians, dentists and allied specialists must report.

The new executive order placed in class 1-A all under the age of 51 who are considered by the local board as available for military service, except those for whom the board establish eligibility for a deferred or exempt classification.

The deferred or exempt classifications set up by the order are:

1-A-O—Conscientious objectors who have no objection to non-military duty.

1-B—Conscientious objectors whose consciences will not permit them to perform any duties whatever in the armed services.

1-D—Members of reserve components of the armed forces.

2-A—Persons whose services in the community are necessary to maintenance of the national health, safety or interest, and who cannot be replaced in the community.

3-A—Persons whose induction into the armed forces would result in extreme hardship and privation to a wife, child or parent.

The term child refers to a legitimate or illegitimate child, one legally adopted, a step child or (Continued On Page Four)

Sales Tax Looms As Threat To New Auction Market

If a sales tax has to be paid on miscellaneous auctions held every Friday night at the Farmers Auction Market at Gainesville, the whole project of a farmers' auction market may have to be discontinued, County Agent C. R. Dawson said this morning.

He declared that he had been informed this morning by H. G. McIntosh, local sales tax representative for the state, that a sales tax would have to be paid on the miscellaneous auctions, as these are registered as occasional sales, and the sellers are not merchants. It is like a dinner selling a second hand bicycle to another citizen, he declared in describing the miscellaneous sales.

Last Friday night at Gainesville, another large crowd of about 1,500 people attended the auction, said Mr. Dawson. Meanwhile the group of local farmers has organized a stock company, said shares and purchased land on the Orlando highway one mile south of the City for the erection of an auction market for vegetable, stock and miscellaneous sales.

Mr. Dawson stated that he had conferred on the matter of the sales tax this morning with State Senator I. F. Boyle and Representative W. B. Smith, but no decision had been reached.

SILVER STAR

TOKYO, Oct. 12—(AP)—An American officer today was awarded the Silver Star posthumously by U. S. Eighth Army headquarters in Korea for gallantry in action.

Second Lieut. Troy E. Moody of Vero Beach, Fla., received the award.

Moody of the 27th regiment, was killed near Chindong Aug. 2 as he manned a machinegun on a tank covering his men. His action permitted his patrol to complete its mission.

COLUMBUS DAY

GENOA, Italy, Oct. 12—(AP)—Torch-bearing Genovese bore a silver urn, said to contain Christopher Columbus' ashes, through this town of his birth before dawn today. The procession opened a fifth-centennial celebration in honor of the famed voyager, which is to last an entire year.

Thousand of townsfolk stayed up to take part in a festival after the color-bearing procession had wound its way through the ancient streets draped with historical flags. Marchers in 15th century dress carried standards of the sailing maritime republics of Genoa, Pisa, Venice and Amalfi.

The opening of the celebration coincided with Columbus Day in the United States—a holiday in commemoration of the seafarer's discovery of America in 1492.

Quell Red Disorders In Vienna

ONE RIDER LIES in the street and others are on the run as Vienna police break up one of several Communist demonstrations that have disturbed the Austrian capital. Traffic was crippled and 100 persons hurt before stern police action ended the Red-directed disorders. (International)

Kefauver Holds Plant Diseases Contempt Action Over Punk's Head

NEW YORK, Oct. 12—(AP)—Senator Charles W. Tobey (R-N.H.) said today he'd like to see former Mayor William Flinn and his big-time bookmaker Harry Gross called before the Senate Crime Investigating Committee. Tobey, a minority member of the committee investigating later white slambing in New York and New Jersey during the 1940s, pointed out that of course he'd need the consent of the committee chairman—Senator Estes Kefauver (D-Tenn.). Kefauver replied, rather non-committally, "We're looking into it."

Lansky Refuses To Answer Questions In Crime Inquiry

NEW YORK, Oct. 12—(AP)—Senator Estes Kefauver (D-Tenn.) threatened today to recommend contempt proceedings against an associate of underworld figure Frank Costello if he continues to refuse to answer questions before the Senate committee investigating crime.

Kefauver, whose committee is here investigating interstate gambling operations in New York and New Jersey, told reporters that (Continued on Page Four)

Ruggles M. Croup Dies In Minnesota

Word has been received by Mrs. Daisy Lewis of the death of her brother, Ruggles M. Croup, which occurred in a hospital in Duluth, Minn., his home.

Mr. Croup has spent the past 16 winters in Sanford and had many friends here. Besides his wife he is survived by his widowed and two nephews, Bruton B. McPherson of Tampa and Harry B. Lewis of Miami.

Burial services will be conducted at LaPorte, Ind.

County Democratic Committee Meets

A meeting of the Democratic Executive Committee was held last night at the Court House with J. H. Lee presiding, in order to discuss the filling of vacancies of committees and women.

Volle Williams, Jr., state committeeman, declared that as far as he is concerned, any persons chosen will be acceptable.

At the request of Andrew Carraway, secretary, a report on the by-laws as compiled by Volle Williams, Jr., was read by R. L. Howell.

In order that committee members may become better acquainted, a picnic supper will be held by the group at the Oviedo Swimming Pool, Oct. 28 at 6:00 P.M., it was announced by W. A. Wales, chairman of the social committee.

BAD BOY

SAULT STE. MARIE, Mich., Oct. 12—(AP)—"I just wanted to do something bad."

That, police said, was the only explanation 18-year-old Donald Cole could give for shooting and wounding two girls in a woodland ambush.

LEYTE CARRIER

SAN FRANCISCO, Oct. 12—(AP)—The carrier Leyte has joined the United Nations tank force operating off the east coast of Korea after a fast trip through waters around the world.

The 37,000-ton, Essex class carrier, completed its 18,125-mile voyage in less than 28 sailing days. It started from Beirut, Lebanon, in the Mediterranean and traveled via Norfolk, Va., San Diego, Hawaii and Japan.

Reds Defeated In Attempt To Remove China

UN Votes Against Russian Plan As British Minister Attacks Vishinsky

LAKE SUCCESS, Oct. 12—(AP)—The U. N. Commission on Korea unanimously approved today an Australian proposal which would limit the authority of the U. N.-backed Republic of Korea to South Korea. The Australian resolution, introduced by Foreign Minister Percy C. Spender, says no government should be recognized by the U. N. as having authority in Korea over areas which were not effectively controlled at the beginning of the war by the Republic of Korea, sponsored by the U. N. and headed by President Rhee. It recommended that General MacArthur take over the north areas and institute civil government in those areas.

LAKE SUCCESS, Oct. 12—(AP)—The U. N. Economic and Social Council today rejected a surprise Russian move to oust Nationalist China and seat representatives of the Chinese Communists.

The Soviet move came shortly after the 18-nation body met to begin consideration of measures for the economic and social rehabilitation of war-torn Korea.

The vote was taken in two parts, first on the ousting of the Nationalist delegation, and then on the seating of the Reds. The vote was 7 to 11 against expelling the Chiang Kai-Shek representative and 6 to 11 against inviting Red China. On the latter vote Denmark abstained.

The British Minister of State Kenneth D. Younger charged today that Russia's latest peace plan merely referred to old machinery for collective security which the Soviet Union itself has been paying for the past five years.

Speaking before the U. N. Assembly's political committee, Younger asked Soviet Foreign Minister Andrei V. Vishinsky for some assurance that Russia genuinely intends now to try to resolve her differences with the other major powers.

Younger gave the West's (Continued on Page Four)

West Berlin Pays Silent Tribute To East Berliners

Over Half Of Them Mail Ration Cards Showing Opposition

BERLIN, Oct. 12—(AP)—More than 2,000,000 West Berliners paid silent tribute today to German resistance "Communist terror" in the city's Soviet sector.

At noon street signs in the city's Soviet sector were changed to read "Silent Tribute to the East Berliners."

The tribute followed Mayor Ernst Reuter's announcement that 375,712 adult residents of Russian-occupied East Berlin had voted against Communism and for democratic unification of the city by mailing old ration cards at an indication of their sentiments to the Western city hall.

The jangle of street traffic died away. Workers paused in the factories. Western radio stations went silent.

Mayor Reuter said the silence "expressed our protest against (Continued on Page Four)

Fire Chief Talks To Jaycees About Fire Prevention

Fire Chief Mack Cleveland addressed today's Jaycees meeting which featured a fire prevention movie. Tim Crawford, fire prevention committee chairman, introduced Chief Cleveland and emphasized the importance of the fire prevention campaign.

Following the film John Williams, chairman of the social committee, announced that the Jaycees will sponsor a barbecue and dance at the Country Club on Oct. 28. W. E. Hathaway will be in charge of the party.

Malcolm MacNeill, chairman of the "Get Out the Vote" committee, said that results of the registration drive have been disappointing. Only 64 new registrants have been recorded to date. He pointed out that the registration looks will close on Oct. 27 for the Nov. 7 election.

President W. H. Stempert announced that the national president will be available for the luncheon on Dec. 14 and the Jaycees voted unanimously to invite him.

Estelle Jaycee Rudy Snider invited the Sanford club to a diamond ball game on Oct. 18. Rules stipulate that wives will be umpires.

Mr. MacNeill opened the program by leading the Jaycees in singing "Home on the Range" and "The Ball of St. Mary's." Miss Bernice Stone accompanied the group on the piano.

Kenneth Ellis showed the fire prevention film on the Seminoles High School projector.

Public Is Asked To Select "Business Woman Of 1950"

The Sanford Business and Professional Women's Club is sponsoring a public contest to select Sanford's "Business Woman of 1950." Any woman actively employed is eligible. Mrs. P. M. Gingles, president, announced this morning.

The contest will be one of the features of Business and Professional Women's Week which the club is observing next week.

Votes can be sent in on the blank provided in The Herald tomorrow and must be mailed to the Sanford Business Woman of 1950, P. O. Box 1320 before Friday, Oct. 20.

A program has been prepared by the Club for activities throughout next week, said Mrs. C. E. Hunter, chairman of public affairs.

The program will open Sunday morning at 9:30 o'clock with a breakfast at the Montezuma Hotel, after which members will attend the Methodist Church to hear the Rev. J. E. McKinley speak on how (Continued on Page Four)

PROCLAMATION

WHEREAS Fire destroys 750 homes each day in the United States, burns 91 factories each day, with 570,000 fires breaking out in a year, and

WHEREAS Fire destroys not only buildings and factories but places to work and jobs for heads of many families, and

WHEREAS Fifty percent of all fires started are because of carelessness and could be prevented, and

WHEREAS The Sanford Fire Department and the Junior Chamber of Commerce are combining their efforts to remind Sanford people of the various causes of fire and preventive measures that can be taken, and are holding Open House at the Sanford Fire Station on Friday of this week to acquaint our people with the fire fighting equipment available.

Therefore, I Andrew Carraway, Mayor of the City of Sanford Florida, do hereby proclaim the week of Oct. 8-14 as Fire Prevention Week, and urge all of our citizens to observe this week with appropriate inspections of their homes and places of employment, so that fire will not bring unnecessary losses to our community.

Andrew Carraway
MAYOR

Mighty "Mo" And Large Task Force Hit Port Of Chongjin 220 Miles North Of Wonsan

U. N. Commission Named For Korean Unification

UNIFICATION AND REHABILITATION of war-shattered Korea under auspices of the United Nations, is the difficult assignment of the newly appointed U. N. Commission on Korea. Confering at the Lake Success, N. Y., headquarters, the Commission members (left to right) are Khan Bahadur Nisid that Hussain, of Pakistan; Nat Warakun Roncha, of Thailand; Percy C. Spender, of Australia; Carlos Romulo, of the Philippines; Selim Saipov, of Turkey; Hernan Santa Cruz of Chile, and G. J. Van Heuven, of the Netherlands. (International)

John Ivey To Seek Seat On Board Of City Commission

John Ivey, prominent Sanford merchant, qualified today as a candidate for City Commission in Group No. 2 in which Randall Chase is seeking reelection. The election will be held on Nov. 7.

In making his announcement Mr. Ivey said that he favors the industrial and commercial promotion of the community and the reorganization of this firm, which has no special privileges to any group or individual.

Mr. Ivey came to Sanford in 1924 and accepted a job with Woolhoff & Watson Hardware. He stayed with this firm until 1930, when he became bookkeeper for the Texas Oil Company, maintaining there until 1937 when he opened an exclusive store, which he still owns and operates on First Street.

One of the first needs he saw when he opened this store was an active Merchants Association and was one of those of this group who organized the Merchants Club two years and is at present President of the Men Golfing Association.

Mr. Ivey was an active member of the Junior Chamber of Commerce and served as its secretary. Later he was elected a director of the Seminoles County Chamber of Commerce and served as president of the Chamber for the term of 1947-48.

Mr. Ivey said he has an active interest in the industrial and commercial promotion of the community. Sanford needs these elements, he said, to stabilize an economy which has a fine beginning in agriculture and the newly generated tourist business.

Mr. Ivey and family are members of the Presbyterian Church.

Matthews Says Cost Of War To Exceed Budget

OMAHA, Neb., Oct. 12—(AP)—Secretary of the Navy Matthews said today the cost of operating the national military establishment a lone next year may exceed this year's entire national budget. That would be more than \$42,000,000,000.

He said that the final sum, when determined, "will be painful to contemplate" and "will test the national character to face up to the reality."

Matthews went on to caution there must be "no hesitation or undue concern" about going through with the plans for new military legislation now being drawn up for presentation to Congress when it reconvenes on Nov. 27.

"It must not be forgotten," he said, "that Korea is only a symptom of the political plague which afflicts the world. Total war may not be inevitable, but we dare not assume that it is avoidable."

The Navy chief voiced these views in a address prepared for a home state audience, the Nebraska Bankers Association.

Navy Chief Reveals Huge Increase In Military Expenses

Tourist Club Plans Season's 1st Meet

The Tourist Club will have its initial event of the season, a social, Saturday night at 8 o'clock at the Tourist Center.

W. E. McMaster, vice-president of the club, today issued a cordial invitation to members, friends and all persons interested in tourist activities to attend.

Games, and other forms of entertainment will be enjoyed, and cookies and soft drinks will be served.

The Tourist Center is now open every day and evening for all who wish to participate in social activities, Mrs. H. W. Touch, club secretary, announced today.

Workmen are now engaged in giving the Tourist Center Building a coat of white paint with black trim.

A DOG'S LIFE

COLUMBUS, O., Oct. 12—(AP)—The Ohio supreme court yesterday declined to review the case in which the State Department of taxation sued to collect \$70 inheritance taxes from Trizec.

Trizec is a \$500 dog, who inherited \$1,000 from the estate of George P. Seagriff. The state tax experts sued.

Hut, probate court held the state does not levy a tax on property passing to an animal. The court's appeals affirmed probate court.

Trizec doesn't give a care so long as the dog himself keeps coming regularly, but the ruling set a precedent in inheritance tax questions—giving someone else the benefit of a dog's life.

SMUGGLED OIL

RANGOON, Burma, Oct. 12—(AP)—The Burmese government today confirmed that large quantities of oil are being smuggled from Burma into Communist China via the wartime Burma Road.

A Burmese official told reporters his government is taking a "very serious view" of the smuggling and has called on all foreign importers to account for recent sales, which reportedly have increased by 500 per cent.

Air Strikes Joined By Shelling From Sea Only 34 Miles From Commie China

TOKYO, Oct. 12—(AP)—The battleship Missouri and Allied warships set Chongjin port area today with a thunderous bombardment and naval air strikes 100 miles north of Red Korea's east coast. The ocean attacks were not many miles from the Communist China and Soviet Siberia borders.

There were indications the heavy shelling was continuing.

The burning Red iron and steel center of 190,000 people is 41 miles southwest of Red China's Manchuria frontier and 40 miles southwest of Soviet Siberia. It is 140 miles from Siberian Vladivostok, a major supply base for Red Korea's heavy weapons.

Down the east coast 220 miles to Wonsan, northernmost advance point of Allied spearheads pressing toward the Red capital, Pyongyang, near the west coast.

Carrier planes rocketed and strafed Chongjin in a heavy two-day prelude to the warship bombardment.

In addition to the Mighty Mo, the U. S. heavy cruiser Helena, and unidentified British, Canadian and Australian vessels took part.

After an hour of shelling parts of the city were seen blazing.

The 45,000-ton Missouri blasted shore targets with oxygen missiles from her 16-inch guns.

The Mo is the flagship of the task group commanded by Vice Admiral Arthur D. Struble.

There had been speculation that the Missouri might be the setting of President Truman's conference in the Far Pacific with General MacArthur this weekend. After news of the shelling the big warship was ordered out as a matter of course.

Admiral Struble said "I have a 400-round allowance for today." This mention of the number of big shells presumably for the whole task group was a further indication the bombardment is continuing.

AP photographers correspondent Gene Herick reported the shelling from aboard the Mighty Mo.

He did not say whether a new Allied landing might be in prospect.

The bombardment was the one that started the war and (Continued on Page Four)

Prof. Hampson Is Speaker At Meet Of Future Farmers

Prof. C. M. Hampson, extension economist of farm management of the University of Illinois, Columbus, Ill., conducted a one-hour seminar forum last night at a well-attended supper and meeting of the Future Farmers of America at the Future Farmers Building.

John Piro, conductor, also introduced Fire Chief M. S. Cleveland, who made a talk on the prevention, and Mrs. S. J. Jackson, who gave hints on home beautification, with emphasis on growing of hibiscus, many specimens of which had been presented for decoration by Mr. and Mrs. Eric Mathews, who were present as guests. Miss Rose Levy was a guest.

Many of the wives of members of the class were present and took a lively part in the discussions. (Continued on Page Four)

FIRE DESTROYS HOUSE

A partially completed four room frame house was destroyed last night on the property of Elmer Jones, south of Forest City. The fire broke out at about 11:30 P. M. and was investigated by Deputy Sheriff Bobo Mero and Charles Heck who reported that the cause of it was not determined.
