NUMBER 7.

WAGE SCALE DECIDED BY FARMERS, SHIPPERS, ASSOCIATIONS AND BANKS

Important Steps Taken By Growers of Sanford MUST HAVE RELIEF

From Present High Wage Demands And Start Is Made At This End

One of the most important steps ever taken in relation to the growing of winter vegetables here was the meeting at the court house Tuesday night of a majority of the farmers to decide upon an equitable wage scale and one that would allow the farmers to have a living profit this season after the extortionate freight bill are paid and the various situations settled regarding credits and fertilizers, etc.

The situation was so serious that something had to be done and the meeting was a unanimous endorsement of the movement by the farmers and the financial institutions and the largest operators here. Following is the verbatim report of the meeting from secretary Berry:

It is known to all whom it may concern that the following Farmers and Bankers of Seminole County met at the Court House at Sanford on the evening of Sept. 29, for the purpose of adopting a uniform wage scale for truck farm operations in said county, beginning October 1, 1920.

- Forrest Lake, for Seminole County Bank.
- F. P. Forster, for First National Bank.
- H. B. Smith for Peoples Bank.
- F. E. Dutton, for American Fruit Growers Inc.
- W. A. Leffler, for Chase & Co.
- John Meisch, O. J. Pope.
- L. A. Brumley, O. J. Pope.
- Chas. Dunn.
- G. W. Spencer, F. F. Dornier.
- Ben. Fish, Henry Nickel.
- Rex Packard, I. E. Estridge.
- C. E. Ward, R. L. Grier.
- Wade Bros., Menz & Berry.
- Lloyd Brown, J. A. Humbley.
- C. Boyce Bell, E. L. Brown.
- M. Fleischer, Mr. Brewatt.
- J. S. Wilson, A. G. Parviss.
- Stone & Maxwell, C. M. Stone.
- Bryon & Higgins, W. A. Raynor.
- Singletary, H. H. Herren.
- B. E. Squires, Mr. Houston.
- A. H. Stone, T. W. Bryden.

This body of men represents more than three fourths of the celery acreage of Seminole County.

Upon the recommendation of a committee appointed to draft a wage scale the following wage scale was approved:

- Farm Laborers—Men \$2.50 per day
- Farm Laborers Women \$1.75 per day
- Plant Setters \$4.00 per day.
- Plant Waterers \$2.50 per day.
- Plant Pullers \$1.75 per day.

It was further recommended that the contract system for setting plants be abandoned as this system is largely responsible for the present chaotic condition in the employment of farm labor in the Sanford District.

Working an injustice to both farmers and farm laborers.

A complaint and adjustment Bureau composed of Forrest Lake, B. E. Soures and John Meisch, was appointed to hear and adjust any complaints that may be presented.

The foregoing has been made necessary by the position which the Banks of Sanford have taken, by the general condition of agriculture markets throughout the country and by the necessity of safeguarding future welfare of both farmers and farm laborers in Seminole County.

The co-operation of all farmers is asked in putting this wage scale in effect not later than October 1, 1920.

G. W. Spencer, Chairman.
C. M. Berry, Secy.

MYERS URGES MONTANA DEMOCRATS TO VOTE FOR REPUBLICAN NOMINEES

Washington, September 30.—Declaring that the Non-partisan League had taken over the Democratic party in Montana, Senator Myers, Democrat of that state, in a formal statement issued here today, urged the Montana Democrats to support the Republican congressional and state tickets with the exception of the nominee for attorney general. Senator Myers explained that the Non-partisan League had obtained Democratic nominations in his state by entering its candidates as Democrats in the recent state primary.

NEW PRINTING OFFICES

In last weeks issue were the articles of incorporation for the Haynes-Ratliff Co., who expect to start in business here doing a general printing business and sell office supplies. W.M. Haynes is the resident and Z. B. Ratliff is secretary and treasurer and they need no introduction to the public as they were connected with the Herald Printing Company for a number of years. Mr. Haynes recently disposing of his stock to Messrs. Neal, Lillard and Treadwell of the Herald Printing Co., with the idea of removing from Sanford but having changed his mind and decided to open an office in the Garner building on Park avenue recently occupied by Miss Carrie Gray for a restaurant.

It is also rumored that still another job printing office will open in Sanford in a few weeks by a gentleman from another part of the state. There is plenty of room for all of them and the steady growth of Sanford will see many new firms of all kinds starting in business here.

DAILY HERALD STARTS MONDAY

The Daily Herald will start next Monday afternoon and all those who wish to subscribe by the week and have the paper delivered to the door by carrier should leave their names with the Herald office or with Fred P. Rines at his place of business next to the fire station on Palmetto avenue as Mr. Rines will have charge of the circulation and city delivery again this year. The merchants who are advertising in the first issue should get their copy in early and the solicitor will call on you one day in this week to make contracts for the years business.

Every business man in Sanford should have space in the Daily or Weekly Herald and let the home paper be a compendium of the business life of the city. The Daily is being issued for the rebuilding of Sanford and is issued at the earnest request and solicitation of the business interests of Sanford. It will be a good as money can make it but will require a liberal support to be maintained.

WILL SERVE QUICK LUNCHE

Fleetwood & Co., among the newest firms of the city have taken the lead in serving the public with every thing in the cold drink line and the week are adding quick lunches to their large stock of things for the palate. Fleetwood & Co. announce in this issue that they will serve coffee, sandwiches, cakes, soups, bouillabaisse, salads, etc., and the public will be served quickly and with the best that the market affords in one of the most up to date places in the state.

Mr. Fleetwood is a hustler having been in the advertising game for many years and knows the value of advertising and he will keep the columns of the Herald filled with announcements that will appeal to the public and then after he gets you to visit his new place (Betts old stand) he will carry out all of his promises to the letter and serve you the best and the delectable lunches that you have ever tasted. Fleetwood is a valuable acquisition to the business life of the city.

IN THEIR NEW HOME

One of the handsomest office buildings in this part of the state and one of the most complete packing houses and warehouses as well, is that of Chase & Co., recently built at the corner of Oak avenue and Second street.

The building is constructed of concrete blocks with a stucco finish and the front of the building is given over to the business offices of this firm, both first and second floors. Here all the latest office fixtures and equipment have been installed to take care of the enormous business that is being done by Chase & Co all over South Florida.

Between the offices and the warehouse there is a solid brick fire wall for protection in case of fire and every part of the new building has been arranged to fit the details of the business.

The warehouse gives Chase & Co., three large warehouses and packing houses at this spot and this large business enterprise is a most valuable asset to the city.

GABBLES WILL OPEN

After a very pleasant vacation of two months Mrs. Leffler wishes to announce the opening of the Gabbles fall having sold about forty people

TRY A HERALD WANT AD

WINTER VEGETABLES IN FLORIDA SUBJECT IN COUNTRY GENTLEMAN

Benjamin Wallace Writes About Things That Are Unfamiliar

TALKS ABOUT LAND

AT SANFORD AND OTHERWISE GARBLES A REPORT THAT MIGHT HAVE BEEN GOOD

The following article was written in the Country Gentleman, the magazine that seems to take a special delight in telling queer tales about Florida and we reproduce it because we want the readers of the Herald to see it.

If you chanced to visit Florida in the winter you will find an abundance of fresh vegetables everywhere except on the tables of the local hotels. In certain sections garden truck is grown by the hundreds of acres, but the tourist would never know it for he is fed on spinach grown in Jersey and asparagus from the Pacific coast. Lettuce may be had if one makes an insistent demand for it, but in many places it did not appear on the menu of the hotel. At the edge of town, some hundreds of acres were left unharvested because of the unsatisfactory market.

These conditions were particularly pronounced at the little town of Sanford, which is located in the heart of one of the largest truck growing sections of the state; it struck me that Sanford vegetables were a good deal like the prophet—without honor in their own country.

This is not as it should be, for to the vegetable industry can be traced the state's prosperity, which is abundantly made manifest in the flocks of high priced motor cars which one sees as a very conspicuous part of the local landscape.

I spent quite a little time about in Sanford on a still hunt for information about their truck industry and anyone who goes into any part of Florida as a pedestrian is first impressed with the character of the soil over which he walks.

The Sanford soil is of such a nature that one is led to surmise that a second "d" was left of the name of the town by mistake. Like the rest of the state, or rather, like most of the rest of the state, the soil is very sandy. One must be careful of writing of Florida, as I learned that the inhabitants are sensitive to criticism.

In a wild state this truck land is covered with a very heavy growth of subtropical jungle, consisting of hardwood trees, a few long leaf pines and various palms, palmettoes and other rank growing plants characteristic of the south. Such a growth presents a sharp contrast to the open pine woods country in which the land is almost perfectly flat, open and parklike and pebbly drained. There is no great variety of native plants—what we might call a high botanical index—always an indication that the land contains plant food in available condition and in some quantity.

Judging only from the wild growth on the land one would consider that it held a high degree of fertility—and that judgment would be correct in as far as the virgin soil is concerned. Like all virgin soil, however, this natural virgin fertility does not long remain after the land is brought under cultivation unless it is given the most careful attention. Sandy soils cultivated under the hot Southern sun seem to lose their humus very rapidly and the soils about Sanford struck me as being particularly subject to this unusual loss of fertility. This might be explained by the fact that the soil at this point is quite deep and with excellent bottom drainage the chemical elements have an opportunity to escape by leaching. The same thing happens to commercial fertilizers that is applied to cultivated crops in this region.

I talked with one old timer at Sanford and was surprised at his statements as to the amount of fertilizer used to produce a crop. I asked him what would happen if no fertilizer were used at all.

"Well, stranger," he said, "I guess nothing much would happen. Certainly you wouldn't have any crop to bother with. You see," he continued, "this is different from farming up north. I know I came from up north myself. This soil here needs fertilizer and a lot of it. Yes, sir, the fertilizer and the climate grow the crop."

Nevertheless, the fact that the crop grows is attested by the sundry thousand acres of Florida land that are already cultivated in garden stuff. At Sanford alone the celery crop

occupied nearly a thousand acres the past season while lesser areas were devoted to lettuce, cabbage, peppers and endives. All the cool weather vegetables thrive during the winter season and one or two growers with an eye to the future are trying out new things in the truck crop line. Among these I found the Chinese cabbage, a new introduction that has been tested in small areas in many parts of the country. Even in the north it is already slightly known and has made a very favorable impression. In the state of Florida it grows to perfection but I was told that the first crop met with a rather cool reception.

The man who grew the first plants of this excellent vegetable did not know how to cook his product after he had grown it and finally had the happy thought of taking a few specimens to the local Chinese laundryman. Of course, the Chinik was delighted to see an old friend from home and enlightened the grower as to the best method of preparing the cabbage for the table. As a matter of fact, it can be cooked in any way that the ordinary cabbage is cooked and in addition the hearts make an excellent substitute for head lettuce. I think they are better than head lettuce. Prepared as cabbage it lacks the familiar cabbage odor when it is boiled.

I was sorry to learn that it had not been a profitable crop because I have always liked the stuff from the first time I tasted it several years ago. If it is unprofitable it simply will not be grown, and I had hoped that it might become a familiar vegetable on our northern markets. Perhaps it will yet, after the public becomes educated to its value. This is rather indicated by the results obtained in marketing it the past year on various markets. In New York where it apparently was not well known, it sold for only about one dollar and a half a crate of about fifteen heads, while in Chicago, where it has been sold in small amounts for several seasons, the price averaged around three dollars a crate.

To return to the question of just how these truck crops are handled we come to the primary question of soil. Good truck soils in Florida, cleared and ready for planting, sell at high figures and justly so, for the cost of clearing is great and the time required to tame a tract of land varies from three to four years. The surface is covered with an almost solid mass of roots which must be chopped out at a great expense for labor. Out of Sanford I found an old chap who had retired from active work and only cultivated a small garden for his own use. His main acreage he leased to other men who put it in commercial crops. He was one of the pioneer truckers of the section and gave me some idea of the work needed in clearing this sort of land.

He still owned some timber land which he said was typical of the entire section as he found it years ago. "Frankly now," I said, "how long does it take to clear such land and get it in shape to grow vegetables?"

"At least at three years," he replied, "after the palmetto and brush have been cut off, the land is still full of roots and these must all have time to rot out before the land can be properly cultivated. Sometimes it takes more than three years—never less. If I was starting out to buy a tract here now, I would never buy the raw land. Cleared land costs several times as much, of course, but it is ready for use and in the long run it will be cheaper."

On one of my scouting expeditions I met H. H. Chappell, one of the pioneer vegetable growers of this section, who has had a success of his business and has 1 of the best farms from him I secured much information as to the way in which the celery crop is grown and handled as well as a lot of other incidental dope on vegetable growing in general in Florida and on Florida vegetables in particular.

"Good seed," said Mr. Chappell, "is the basis of a good celery crop and good seed is not always obtainable. Before the war much of our celery seed was imported and it was almost always of good quality, but now we have to take just about what we can get. American seed growers sell celery seed if they happen to have it, otherwise they sell what they have."

"Given good seed the grower either makes or loses his crop in the seed bed. If he is careful and raises good strong seedlings—that is seedlings that are strong and vigorous and that have never suffered a setback—by will produce a profitable crop of celery. On the other hand, if he is careless with his seed bed and allows his young plants to shift for themselves his crop won't amount to very much. You know if a celery plant once gets a setback it is apt to throw up seed stalks and then it becomes worthless for planting in the field."

SANFORD SCHOOLS OPEN WITH LARGE ATTENDANCE AND SPLENDID TEACHERS

High School Had More Pupils Than Last Year

OPENING EXERCISES

Many Patrons of Schools Were Present on Opening Day

Sanford Schools started last Monday with a record attendance and with one of the brightest prospects for a fine school year. All the teachers were in their places when school opened and many of the patrons of the schools were on hand to encourage the teachers and pupils.

At the High School Dr. Brownlee delivered the opening prayer and Prof. Ogilvie gave a short talk to the pupils and introduced the following gentlemen who made short talks: Dr. Walker, pastor of the Methodist church, T. W. Lawton, superintendent of public instruction of Seminole County, H. C. Dulac, member of the local board and R. J. Holly, editor of the Herald. All of them gave the children good advice about attending the High School and taking the four years term and the many advantages of a High School education. The talks were interspersed with songs.

At the Grammar Schools Dr. Geo. Hyman, pastor of the Baptist Church and S. O. Shindler, member of the local school board addressed the students and a most interesting program was carried out under the direction of Miss Clara Millen the Principal.

The Primary Schools also held interesting exercises and had their quota of visitors and the opening programs were under the direction of Mrs. Arrington the principal and Miss Ethel Mowbray assistant Principal.

The attendance at the opening of the schools showed the High School to have 101 which is 16 more than the first day of last year. The Grammar schools had an attendance of 286 from the Fifth grade to the Eighth grade. The Primary Schools up through the 4th grade had an attendance of 398.

This is a remarkable showing as the schools hardly ever opened with all the pupils that intend to go to school as many of them are away. The Sanford schools are especially fortunate this year in having such an efficient corps of teachers as the majority of the former teachers are here and among the new ones are some of the best in the profession. The Schools open with fine prospects for a most successful term in every way and should receive the support and encouragement that has always been forthcoming from the Sanford and Seminole county patrons.

The county schools that opened last Monday all show large increase in students the exact figures of which will be given in a later issue.

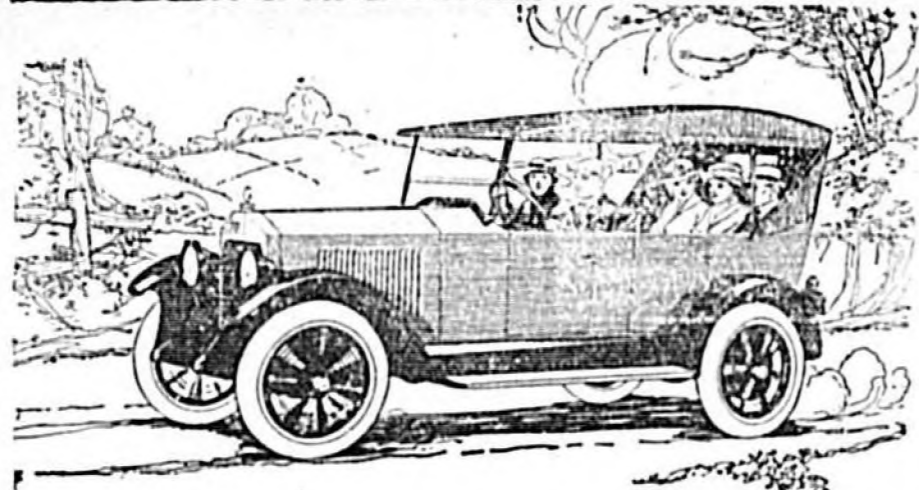

Last year when it seemed that the teachers would have to go elsewhere to get a salary commensurate with their services the Sanford people took up the matter of soliciting funds to supplement the salaries paid by the county and a sufficient sum was raised in a few days that allowed the school to open this year with a most excellent corps of instructors and the pupils will benefit thereby. With a magnificent High School and Grammar School buildings, with a fine Primary School building on the East Side and the West Side the Sanford schools offer the best of facilities for our boys and girls.

"If they had only planted half as much," he said, "every grower in the state would have made money. As it is, I doubt if any of them made expenses."

It appears that the expense and risk connected with the growing and marketing the crop would be such as to preclude the possibility of very great returns, but I do not believe this is true. Motor cars are in a way an index of the prosperity of any community. The cars at Sanford are a fine lot of high grade machines.

I was visiting one grower one day, talking with him most of between stations, as it were, as he worked with his celery. He had on a dismountable pair of old overalls. After I had talked with him some time a well-dressed woman drove up in a high-powered car and he introduced me to his wife. Later I was told that this same man was well fixed financially.

Last Night's Dreams —What They Mean

DID YOU DREAM OF ACCIDENTS?

THE high-brows, the scientific investigators of dream phenomena, have invented a fearful and wonderful word for the art of taking omens from dreams. The call it onefromancy—five syllables, accent on the second. Freud, in answer to the question, "Does the dream have any value for a knowledge of the future?" would substitute "for a knowledge of the past," for "the dream originates in the past in every sense. He adds in his characteristically involved and transcendental manner "to be sure the ancient belief that the dream reveals the future is not entirely devoid of truth. By representing to us a wish as fulfilled the dream certainly leads us into the future, but this future taken by the dreams as present, has been formed into the likeness of the past by the indestructible wish." Read that over several times and perhaps you will see what the learned professor is driving at.

The ancients, especially the Persians, Egyptians and Greeks who created the foretelling of events by dreams into an art, divided dreams into different kinds, only one kind of which would literally come true and would not interpret the dreams of people who had been drinking. And some modern soothsayers refuse to regard as prophetic dreams caused by indigestion or alcohol. Bishop Synesius, who lived in the fourth century and will be remembered by all readers of Charles Kingsley's Hypatia, wrote a treatise on dreams in which he states that as no two people are alike the same dream does not have the same significance for everybody and we must find out the meaning of our dreams for ourselves. All of which is well to remember when we consider the dicta of the modern mystics in regard to such dreams as say those of accidents for instance. Some mystics say that to dream of seeing or being in an accident merely means that you are to have an unexpected meeting with some acquaintance; others that it is a warning not to travel for a while. According to still others to see an accident in a dream means short-lived worries and to dream of being in one, a slow but sure success in life.

Gifts of Destiny

By GEORGE MATTHEW ADAMS

DESTINY plays a varied little game in this brief Life Span of yours. To you she hands Opportunities and Responsibilities that if used and assumed, breed other Responsibilities and Opportunities, certain to sweep you on and up—though you see not the value nor the purpose.

Destiny gives her Gifts to those who give to Destiny.

Every earnest effort you make changes the history of all events as far as you are concerned. And the very moment each new event knocks at your door you are handed the Gifts of Destiny allotted to you. But not all the Gifts of Destiny are pleasant Gifts. Some come in the shape of great Disappointments, while others come in the shape of Opportunities. Each is yours to take. So that—

You must ACCEPT the Gifts of Destiny and USE them as they were intended.

You are a man or woman of Destiny. Every one is. But the measure of your Success or Greatness depends wholly on your ability to take things—the Gifts of Destiny—as they come, without whining and without complaining, and make the very most of every happening, knowing full well that every happening happens so that you the better may make things hap-

pen. The total and final results from Gifts of Destiny lie within you and you alone.

Mother's Cook Book

They say there are no such things as fairies, or that there are fairies no longer, but they know not what they say. The original of the fairies sung by poets was found, and is still, among those amiable mortals who knead bread with energy, mend rents with cheerfulness, nurse the sick with smiles, put witchery into a ribbon and genius into a stew.—Charles Wagner.

Good Things for Occasions.

For a quick luncheon dish try this: Stir two tablespoons of butter and one tablespoonful of flour over the heat until well blended. When it bubbles, add half a can of tomatoes, or six fresh ones, chopped, liquor and all. Grate an onion into the mixture; season with pepper and salt and cook ten minutes. Have ready five or six eggs, well beaten; put them in at the last, stirring them in gradually. A minute's cooking finishes the dish. Serve at once.

Baked Squash, Coconut Stuffing.

Mix and pack the following into half of a cleaned, unpared squash:

Three cups of grated fresh bread-crumbs, one-half of a grated coconut, six green peppers shredded, three small onions chopped, one pint of celery chopped, one-fourth of a teaspoonful each of dry mint and sage—if fresh, one-half teaspoonful—one teaspoonful of salt, three eggs and a pint of milk. When the mixture is packed into the squash pour over a tablespoonful of melted butter and bake until the squash is tender, basting occasionally with butter and water.

The American Legion posts of Lake county will celebrate Armistice Day at Tavares with an all-day program of speaking, sports, fireworks and dancing. Arrangements are being made

to entertain from 6,000 to 8,000 people.

Some farmers in Polk county are preparing to use carbon bisulphide against corn weevils. Fall gardens are being prepared; some already planted. Citrus conditions are good; some growers are preparing to spray for whitefly and scale.

The William C. Cuff Company of San Francisco, has placed an order for a solid car of marmalades jellies etc. made out of Florida citrus fruits. J. J. Early president of the Eastern Products Corporation, of Orlando, is very proud of the fact that Florida has invaded California in this industry which speaks for well for Florida fruits.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

Glimpses of the Geneva Section

MRS. AUBREY MORAN, Correspondent.

Little Louise Culpepper is on the sick list this week.

Miss Helen Moran is the guest of Mrs. W. H. Hand, of Sanford, this week.

The friends of Mr. and Mrs. A. W. Lavis sympathize with them in the loss of their infant son.

Mr. and Mrs. L. P. Chambliss left for Americus, Ga., last week where they will make their future home.

Messrs. Currie and Hakes, of Orlando, made a business trip to Geneva last Wednesday in the interior of the Florida Citrus Exchange.

The revival meetings at the Methodist church closed last Sunday evening after a week of much interest.

Six members were added to the membership of the church.

Mr. and Mrs. John Lew, of Jacksonville, who are visiting relatives in Orlando, spent the day with Mr. and Mrs. Aubrey Moran last Thursday.

All Geneva was saddened when the news of the death of little Ruth Libby, of California reached here. It will be remembered that Mr. and Mrs. Libby and family spent last winter in Geneva, and made many friends here who deeply sympathize with them in their great sorrow. Little Ruth was an exceptionally bright and lovable little girl and was the niece of Mrs. Porter Wakefield of this place.

Oviedo Locals and Personals

MISS A. D. MITCHELL, Correspondent.

Mr. W. B. Young and family have returned from Miami.

Mr. C. S. Lee, of Fort Drum, was visiting his family last week.

Services at the Baptist Church Sunday were conducted by Mr. Douglas of Golden Rod.

The Crochet Club met with Mrs. Theo Aulin on Wednesday quite a large attendance reported.

We are glad to see Mrs. J. W. Lawton and Mrs. W. P. Carter out again after two or three weeks of fever.

Rev. J. L. Wright, who has been holding revival services in Geneva the past week, reports a good meeting.

The O. P. Swain family have returned from Daytona, and are welcomed back, after five months stay.

The many friends of Mrs. J. C. Lee, Sr. will be glad to know she is improving after such a siege of malaria fever.

Miss Ruth Young left Monday to begin her duties as teacher in Sanford. We wish her much success in her new field of labor.

The Oviedo school opened Monday Sept. 27th, with encouraging prospects all departments have increased in attendance over last year.

Miss A. D. Mitchell returned from her vacation Thursday, after a month spent in Alabama and Miss, and will be in her place at the S. A. L. depot.

The many friends of Mrs. King and her daughters Mrs. King and Miss Nell King rejoice in the improvement and hope to see her out again soon.

Mr. Loweloy of Sorrento was visitor last week to Oviedo, bringing his daughter Miss Letta for the week end visit to her aunt Mrs. O. G. Wolcott, at Lake Charm.

The Women's Club of Oviedo resumed their regular weekly meetings beginning October 1st. Rev. Mr. Thompson addressed all the women of the town on the issues before them urging them to vote begging them to register at once so that they will be qualified when the polls are opened for voting.

Longwood Laconics

MRS. J. S. DINKEL, Correspondent.

Mrs. Myra Donovan was a visitor in Maitland Tuesday.

Mrs. Bill Allen and Mrs. Tullie were visitors in Sanford Wednesday.

Miss Mildred Houston of Sanford is the guest of Miss Olive Dunkel.

Miss Olive Dunkel spent the week in Orlando guest of Mrs. Cecil Butt.

Miss Lillian Waits left Saturday for Gulf Port where she will batch this season.

Mrs. J. S. Dinkel left Tuesday for Jacksonville where she will be the guest of Mr. and Mrs. H. R. Chapman.

Mr. and Mrs. Stuart and little daughter of Verona Pa. are the guests of Mrs. Geo. Stuart.

Those visiting and transacting business in Orlando Saturday were B. J. Overstreet, L. R. Payne and Bell Lewis.

Mr. and Mrs. Tom Roebuck and Miss Georgia Hall of New York City returned to their winter home on Greenwood Lake.

The Longwood School opened Monday with a large attendance. Prof. Schaffer as principal and Mrs. Geo. Stuart Asst. Principal.

Live News of East Sanford

MRS. J. C. ELLSWORTH, Correspondent.

R. C. Long and Joe Guerry have both been ill are now recovering.

Lewis Kinard Jr. cranking their Olds truck broke both bones in his right arm. Dr. Denton is caring for him.

The parents of the School children are making a great protest at the \$1.00 a month charge for riding in the school truck.

East End friends will be interested to know that Mrs. Susie Squire is in South Jacksonville guest of her son Byron and family.

Mrs. Boston Steel and little sons George and Robert will be at home Friday from a two months visit in Virginia and Maryland.

James Parvise has been very ill with malaria and was taken to Dr. Robson's hospital for treatment is reported convalescent now.

Mrs. Charles Dunn and three young sons of Cameron avenue are at home from Daytona Beach. Mr. Dunn has been going over for week ends.

Leon Parvise was here from Tampa for a farewell visit before entering the Merchant Marine Service, he expects to go to France on his first voyage.

John Ingram arrived here last week from Palm Beach and Pahokee where he has been for several months with his son John and daughter Mrs. C. C. Morris.

Mr. Kemp has returned to his home in Ocala after some time spent here

with his sister Mrs. W. L. Henby and husband. Mr. Kemp was quite ill during his stay here.

Mr. and Mrs. W. G. Stenson of Charlotte N. C. will arrive here next week to make their home having bought the A. B. Chan's farm of ten acres and house on Celery avenue. Mrs. Stenson is a sister of Mrs. Brown Miller of Celery avenue.

Leonard Walter arrived here from Pahokee for an over Sunday visit at the Griv home in Cameron City. Leonard together with his parents Mr. and Mrs. William Walter and brothers John and James are returning to their former home Lyndale Ga. to reside. They lived in Cameron City several years before going to Pahokee, they came from Ga. to Cameron City.

Mrs. Clifford Bell and little son Clifford Jr. are at home from Charlotte N. C. Miss Penelle has entered Queens College for girls which is located in Charlotte. Penelle will leave home for the Christmas holidays. Mr. and Mrs. Bell will move into town for the winter as their place on Celery avenue has been sold to Mr. Brown N. C. who will be here in a short time to take possession.

LAKE MARY ITEMS

Mr. T. W. Lawton visited the school here Tuesday.

School opened here Monday with eighteen children enrolled.

Miss Hazel Ouzie left Saturday to make her sisters a visit in Orlando.

Miss Amanda Syobom left Sunday to make her cousin in Orlando a visit.

There will be services here Sunday morning by Rev. G. V. Albright of Deland.

Mr. and Mrs. A. E. Stibb are transacting business in Sanford.

Mr. and Mrs. J. W. Sullivan and children have arrived here from Vero and have purchased property here and expect to make this their future home.

Mr. Chambers of Fort Meade spent the week end here looking after his place that he recently purchased from J. G. Martin.

Among the new people here are Mr. and Mrs. Quigg and children of Sanford and Mrs. Brock Smith and children of Maitland.

Mr. W. B. Olson has just returned from making New York a business trip. He and Mrs. Olson will be located at the Seminole Hotel for the winter.

Mr. and Mrs. H. W. Herndon of Sanford were visitors at the home of Mr. and Mrs. W. B. Olson Wednesday afternoon.

Mr. and Mrs. H. D. Durant received word a few days ago that their son Gordon had enlisted in the Navy at Miami and at the present writing was stationed at New Port Rhode Island.

METHODIST NOTES

Services for Sunday as follows: Sunday School 9:30 a. m. Morning Sermon by Pastor H. A. M.

Subject, "Life without love". Epworth League 6:30 p. m. Preaching by Pastor 7:30 p. m.

Subject "What the school should bring to the pupil."

After spending a few days with home folks Miss Street Roberts left this week for Wilmington to resume her work there.

Mr. and Mrs. L. Allen and family returned last week from Coronado where they have been spending some time.

Miss Ruth Mansfield is visiting her sister Mrs. G. W. Bailey on her way to Miami to teach school.

Mr. and Mrs. T. F. Adams spent Tuesday at Sutherland placing their daughter Miss Gladys in the Methodist College there.

Miss Ellen Chapel of Jacksonville, formerly of Sanford is another promising young lady attending the Sutherland College.

Dr. S. W. Walker, was the Auto guest of Mr. and Mrs. T. F. Adams to Sutherland. Dr. Walker is Trustee of the College. Having been President there for several years. He is vitally interested in its welfare.

It is a great and good institution, one of the best to be found anywhere, teaching the highest ideals and moulding Christian character, enabling its pupils to be properly equipped to grapple with the greatest problems of life.

This was the best opening session the college has ever witnessed and many students were turned away on account of lack of room.

Mr. Andrew Adams is visiting his brother T. F. Adams and also looking after business here.

The Truthseekers class will hold their Annual Bazaar Friday before Thanksgiving Nov. 19th. The ladies are planning to have three booths, those in charge are Mrs. W. S. Thornton, Apron Booth, Mrs. L. P. Hagun, Pillow Cases, Mrs. R. R. Eldridge, Miscellaneous, Mrs. G. W. Spencer.

All contributors are requested to have their fancy work ready a few days before the 19th so that the Ladies may have it to mark her mother in Lakeland while her husband is touring the state in the interest of The Allen Seed Company.

Born Sept. 27, to Mr. and Mrs. Geo. E. Wells a fine baby girl named Mildred Katie.

Rev. S. W. Walker, by request of Dr. D. E. Brownee preached the day night. Dr. Walker took his text opening sermon of the Revival service at the Presbyterian Church Mon from Mark 9:23 and took as his subject "Believe."

PAINTERS AND DECORATORS

Among the new business firms is that of Todd and Sellers who have an advertisement in this issue calling attention to the fact that they are local agents for the Alfred Peat Wall Paper Co., Messrs Todd and Sellers have been with the firm of Dunan and Long and are painters and decorators of experience and ability. Mr. Todd comes from Boston where he was in the painting and decorating business for many years and Mr. Sellers is from Chicago where for many years he was with the firm of J. P. Sullivan and both of them know the needs of this climate in this. They will do all kinds of painting and decorating and will papering and carry a complete line of wall paper.

"A HUMAN CULTIVATOR". DO IT NOW.

10.—For the person who has been through a strenuous day of work or worry—a long drive in an Auto or any unusual strain, mental or physical, the "ENERGIZER" affords almost immediate relief. Many cases of SEVERE HEADACHE which resist all other methods have repeatedly been stopped by a single "ENERGIZER" Treatment.—It is a peculiar FACT that a "sore spot" which you would not touch because of pain will go right through a full Treatment without your even feeling or knowing that the place has been covered.— This is true simply because

the motion of the process is perfectly SMOOTH, rapid and even. "ENERGIZER" CANNOT harm even a frail person.— The action is entirely SOOTHING and AGREEABLE, even pleasant in EVERY case.

11.—There is no provision in the human body for storing surplus fuel or supplies, as we have in commercial matters.—If we do not consume all that our Stomach (Factory) produces each day it must follow that there is a crowded condition set up here and there in the body.— This condition starting very small gradually spreads through the years from the Human Machine has just got to have attention.—In commercial affairs we call it "Strikes"—"Embargoes", "Floods", "Fires", "Wrecks", "Poor Material Overload Etc., Etc."

In the body we call it "Sickness", in the Thousands of different terms and titles.—But the beginning is usually except in straight accidents the result of an Unbalanced condition as of the Diet, Water and Exercise.— It is a safe statement to make,—that the Lord Mayor of Cork may be going without Food, but that he has been exercising to the extent of Physical ability each day, else he never have passed on ere this.—"Balanced" Exercise is basic.

"ENERGIZER" Process REGAINS and MAINTAINS—BALANCE. DO IT NOW.

12.—The real measure or Gauge of Human Intellect is, how long it takes a person to see the merit of a New thing or process. Monks and Parrots are very good at doing the same thing over and over again. "ENERGIZER" is New to most People.—But there is already a long list of Sanford Citizens firmly convinced of the wonderful value of "ENERGIZER" Treatments. People who are "ALL RIGHT", and are just wise enough to understand what it takes to "Stay all right" and might please to find such a Quick, Pleasant, Economical method available right here in Sanford—the only "ENERGIZER" Service in this part of the Country.—There are less than fifty of the Machines in the World at the present time.

FIND OUT FOR YOURSELF.—DO IT NOW. WHY.—EVENTUALLY? Phone 184 Box 399. Sincerely and Respectfully L. C. CAMERON

Evidences of good work on the part of County Commissioner J. A. Reilly are found on the Dixie Highway from Ormond to Rose Bay, the entire length of this district, where the holes in the asphalt paving has made traveling dangerous and decidedly bumpy.

There will arrive in Florida shortly a New York promoter who will purchase some place in the central orange belt of Florida a large tract of citrus land and make a contract for setting out 3,000 acres of grove that will be sold to and developed for wealthy people of the east.

A GOOD FRIEND

A good friend stands by you when in need. Sanford people tell how Doan's Kidney Pills have stood the test. Mrs. E. Woodcock, of 300 Elm Ave. endorsed Doan's six years ago and again confirms the story. Could you ask for more convincing testimony?

"Time has only increased my regard for Doan's Kidney Pills and I cheerfully give my endorsement." "Since giving my last statement, I have used Doan's and they proved most satisfactory in relieving me of a severe case of kidney trouble." (Statement given May 21, 1914).

On March 19, 1918, Mrs. Woodcock said: "Doan's Kidney Pills made a complete cure in my case of kidney trouble some years ago and the cure has lasted. I gladly give this endorsement and wish to confirm my former statement."

Price 60 cents, at all dealers. Don't simply ask for a kidney-remedy get Doan's Kidney Pills—the same that Mrs. Woodcock had. Foster-Milburn Co., Mfgs. Buffalo, N. Y.

"The Store that is Different"

A. C. L. SHOPS LOSE CLOSE GAME

The first game of a series to be played between a picked nine of Sanford and the Shop team was staged yesterday with a very small crowd in attendance.

Beginning yesterday morning before sun-up and lasting until long after dinner the rain and mud staged a lively battle and it looked as if these two would battle until after dark but—after it had rained just long enough to advise the fans that it was of no use to come out as there would be no game, it let up. The grounds dried fast and the Shop boys as well as the town team were both rearing to get at one another as they had been looking forward to this day too long to pass it up. And so the game was played, starting about twenty minutes late.

The A. C. L. Shops have a bunch of men that have figured very large—amongst the loyal ones that stayed with the Florida State League team this season and when they learned that a team was wanted to play against the team picked from the "Stars" about town, they immediately took it upon themselves, headed by Collic Biggers and W. T. Wheelers to furnish a team that would furnish battle enough to make "those City Stars" look kinder sick.

Nicolson, a south paw, and one of those "long fellows" is working at the shops this winter, and being a pitcher that has just recently come out of fast company and wanting to keep in trim so that he can join his Club this season in form, consented to help the Shops show up the bunch from town. On receiving end of the battery was Lawrence Smith one of Sanford's fastest amateurs.

"Lefty" Chapman, one of Sanford's main stays in the big show this season just past, as well as last season consented to lower his dignity just low enough to work for the Sanford Stars and "Sid" Hise, one of the last years' professional players was on the receiving end.

The rest of the teams, both Shops and Sanford, were made up of "home material", without the least show of professionalism about them, with the exception of "Buddy Burdick", but the box score will show that they helped the pitchers a little bit anyway.

The game itself was a pitchers battle from the beginning to the end. The odds if any, were in Nicolson's favor, he only allowing one hit. Chapman allowed the Shops seven hits, but all of them with the exception of two were of the scratch variety and would not have went for hits if he had as fast support as he has been used to be the League games. Nicolson struck out eleven men, and "Lefty" Chapman struck out ten men, and had Nicolson beat as far as control went Chapman was walking a man. Chapman was very effective in the pitcher's box.

No spectacular plays were in evidence, excepting just running smooth, unless the one handed stab that "Pee Wee" Tillis made for Burdick's long fly in the first inning should be counted one. It certainly would have counted for a real classy play had "Pee Wee" Tillis held onto it.

The two runs scored for the "Stars" came one in the first and the other one in the sixth. In the first inning, Buddy Burdick, lead off man for the "Stars", knocked the long fly to right field that "Pee Wee" almost got. Buddy stole second and was sacrificed to third. With two men out, Chapman drove a hot one to second and Woodruff playing in a soft spot left from the rain, did a tango and then sat down recovering the ball as well as himself just in time to be too late to head Chapman off, while Burdick romped home with the first run of the game. No scoring after that until the sixth inning at which River walked, stole second and was sacrificed to third scoring when Whiddon got the only hit secured off Nicolson.

The Shops threatened once or twice getting men as far as third base, but it was then that Chap tightened up and brewed nastiness.

As mentioned before the attendance was very poor at this first game but it was due to the fact that the weather scared them off. Quite an interest had been worked up over this series and a large crowd was expected and would have been there had the people known the game was going to be delayed after the storm. The time of the next game will be announced later and it is to be hoped that the weather will be with us then as well as all the fans, as the small admission price charged goes to the Sanford Baseball Club, and—maybe they don't need it.

Peter the official scorer of the day was on the job and has done up what he saw to look just like this:

SHOP TEAM		AB	R	H	PO	A	E
McLucas, ss		3	0	1	0	1	0
Biggers, lf		3	0	1	0	0	0
C. Henderson, 3b		3	0	1	0	1	0
L. Smith, c		3	0	0	1	1	0
Nicolson, p		3	0	1	0	3	0
F. Henderson, 1b		3	0	1	4	0	0
Tillis, rf		3	0	0	0	0	1
V. Smith, cf		3	0	1	0	0	0
Woodruff, 2b		3	0	1	3	0	1

Mayor MacSweeney is growing weaker and so are we.

If the daily papers keep up the lick we will send for the "energizer".

Next week we take up the burdens of the Daily Herald again after a very pleasant summer spent at home.

The Country Gentleman is no gentleman. He believes in soaking Florida at every opportunity, with no chance for a comeback.

We believe that the added expense of the school buses and the idea of the patrons paying for transportation will bring about the idea of having more country schools.

The Sanford school district should really be confined to the corporate limits of Sanford and every part of the county should have access to a good school nearer home. Some day we will have this brought about.

It gives one a feeling of pride to see the great number of children in the schools of Sanford this year and to know that we have a fine and most efficient corps of teachers. Sanford believes in good schools and the action of the people here last year regarding teachers' salaries demonstrated this belief.

There seems to be a lot of fuss and feathers being made about the appointment of a new member of the State Road Department. If the governor will not reappoint M. M. Smith there should be no kick about who he will appoint and if Forest Lake of this city, is due for the appointment to the vacancy and if Mr. Lake will accept the position there is no valid reason why he should not take it and no reason why he should not make a good man on the board. Anyhow it is up to the governor.

Chris. Coltrington issued an eight page Daily News at LeLand last Saturday starting off the season with one of the best dailies in central Florida. Chris believes in multum in parvo and will print from four to twelve pages each day according to his advertising patronage. The people of DeLand have come to look forward for the Daily News and will not be without it. The man who starts a daily paper now is to be commended.

There are more students in the High School this year than ever before which is a good omen and demonstrates that the Sanford boys and girls are anxious to take the full high school course and get all that our excellent school affords. Boys and girls make the mistake of going to college before finishing their high school course and the colleges are co-operating with the high schools now in the endeavor to keep the pupils in the high schools until they have finished their four years term.

Bob Holly will begin the Sanford Daily Herald on Monday next. Here's hoping Bob will not have power trouble this year; the average newspaper man is having trouble enough now in the matter of securing white paper and printers without having to worry about power to run his Linotypes. DeLand News.

REVIVAL SERVICES AT PRESBYTERIAN CHURCH Church Has Been Crowded All Week To Hear Noted Ministers Preach

The revival services at the Presbyterian church this week have been well attended by many of the other churches giving an hour's regular meetings in order to allow their members to attend the revival services. Dr. Walker, pastor of the Methodist church, opened the revival services Monday night with a stirring message about "Belief" and on Tuesday night Dr. J. G. Patton was in the pulpit and has occupied it every night giving the people a message straight from his heart and he has won a large place with the people here who have heard his earnest plea to come forward and be redeemed.

The large chorus under the direction of Rev. J. H. Patterson pastor of the Bradenton church furnishes the inspiring music for the services and the revival is having a great influence on the future of Sanford.

The services will be held all next week and close on Sunday October 10 and everyone is invited to attend these services.

Dr. Patton is a former resident of Florida but at present is making his home in Georgia and he has come to Sanford with a message for the peo-

ple and all those who attend these meetings will become Christians before they are over and if already Christians will become more steadfast in their faith. Come out each night and bring someone with you. Everybody is welcome, everybody should come.

UPSALA AND GRAPEVILLE

A rainy week so far. A good many of the folks here have been about laid up with summer colds or grippe.

Heigh! ho! for school again! 'tis the golden opportunity of youth to get your thinking machine in order and properly adjusted that it may bring forth thoughts helpful to yourself and those you come in touch with.

Mrs. Elmer Lundquist went in with her little son Adrian to get him started on his first year in the primary. We think this is a splendid plan to get first hand knowledge from the teacher on the child's work. There are two others little Austin Vilhen and the little Meeler child entering also from this section.

At present there are seventeen pupils who go in.

Mr. and Mrs. Parkinson and grand-daughter, Helen of Osten were Saturday visitors at the home of Mrs. Westerdick; Miss Helen also calling on Mrs. George Clark.

Mrs. Ebba Lee and two children and Miss Margaret Erisson spent Friday of last week in Grapeville, Iowa at the home of Mrs. Tynes, Mrs. Ballinger, and Mrs. Krell.

Mr. and Mrs. Andrew Bertleson had as their guests for an auto trip to DeLand last Sunday. Mr. and Mrs. John Borell and Woodard Barleson where they visited their sister, Mrs. Adam Karr.

We understand that Mrs. Critchey of Fort Pierce was also visiting at the home of her brother, Leonard Vilhen calling, meanwhile on her old friends in Upsala.

Mrs. Westerdick and Mrs. Beck also motored down for the day on Tuesday.

Mr. and Mrs. Albert Cruise and their two little ones and their mother Mrs. Belle Canady are moving this week onto the place in Grapeville, Iowa known as the "The" season home, that now owned by Mrs. Beck.

We have just received word from Rev. Albertson of LeLand that though he has been ill he is taking up his work again and that he and his wife will be with us next Sunday.

Sunday School will begin again at 3:00 and preaching after at 4:00, when we shall hope also to hear Mrs. Albertson.

Shall be glad if Lake Mary and others can join with us in service. There is a lot of protest going up in regard to the school tax; it seems to us unjust as we are all tax payers here and the way they keep climbing up that all necessary expenses should be met.

In our humble opinion here is where the women should come in and register and when it comes up register change this law so that fines instead of mills on dollars out of our tax money can be used for school purposes.

As to the compulsory law requiring the attendance from 6 to 16 is as it should be but it needs the public approval or it becomes a "mere paper of smoke".

A teacher's or teacher's was not sufficient reason for remaining out of school unless a serious interference with the school work in our course does.

BEAUTIFUL POSTCARDS AT THE HERALD OFFICE

The Herald Printing Co., has purchased a large stock of post card of all kinds and will make a specialty of printing special cards for Sanford this winter for the tourist trade. A present we have some entrancing scenes taken around Sanford printed in colors and we have them at a price that cannot be duplicated and if you want to send cards to your friends we have them at the very low rate of one cent apiece while they last. Postcards are a good advertisement for the city and county and take the place of a letter to your friends. Remember that when you want post cards the Herald office has them in any quantity.

THREE PERSONS KILLED BY AUTOS IN ATLANTA IN THIRTY SIX HOURS

Atlanta, September 30.—The death of W. W. Moon in an automobile accident here today, making three fatalities in the past thirty six hours spurred city and county authorities to end reckless driving in this city.

Solicitor Boykin declared he would ask the grand jury to indict on the charge of murder every driver of a "death car."

PRICES DROPPING

The City Market has reduced the H. C. L. to some extent. Are now quoting good catines at lower prices. Irish potatoes, peck 55 cents. Sweet potatoes, peck 60 cents. Real granulated sugar 18 cents per full weight pound.

Born to Mr. and Mrs. George E. Wells a seven and one half pound girl, Mrs. Wells is the daughter of Mr. J. E. Spurling our bustling real estate agent.

Mr. Spurling declares he is still young but is very proud of his little grand daughter.

Oseola: Settlers are coming here and locating engaging in citrus and truck culture. Fall planting will be in full swing soon. Growers are now moving graves and excellent hay is being saved.

Incorporation papers are being prepared for the Lessbug Tent City Association and every effort will be made to have at least fifty tent houses in a colony here before the winter tourist is well along.

MONUMENTS

Being a Short Story of Men of Sanford Who Have Accomplished Something

By R. J. HOLLY

This may be a strange heading and the word has no significance for those that I might mention from time to time but the word suits the article and it can go at that. I always did believe in passing around the bouquets while people are living.

Seeing John Parker (good old John) on the streets the other day with his head tied up like he had been "over the top" made me think that he has just gone through a hard siege with carbuncles or some other trouble that made him feel like he was a second edition of Job. He is out now and I am rejoicing with many friends on his recovery, and seeing him reminds me that he put over one of the grandest things for this city that has ever been successfully carried out. I speak of the pavilion that was built in the cemetery for the benefit of the mourners who attend the funerals and who go out to the cemetery at other times and who are taking advantage of this great improvement every time they are called to go there. Being in the cemetery last week I could not help but think of John Parker when a rain drove me to shelter in the fine pavilion, and had it been left to build until now it would have cost three times as much. Mr. Parker and his faithful wife went after this great improvement and nulled it off in the face of many difficulties and it stands a living monument to them and the many people who contributed to the pavilion fund. It shows what can be done by united effort and it shows also that the city of Sanford should take over the cemetery and make it the beautiful place that it should be—the city of the dead—where we shall all repose some day, and he place that we should never forget and never neglect. And this pavilion that would be a credit to any large city is the monument to John D. Parker and it is one of which any man can well be proud.

ROLLINS COLLEGE REGISTRATION IS THE BEST IN HISTORY

Dormitories Taxed to Capacity and Houses in Town Engaged to care For Overflow.

Winter Park, September 28.—Rollins college opened its thirty sixth year last Monday with an enrollment so large that all dormitories were taxed to their utmost capacity and several husses in town had to be engaged for use of students. A spe-

cial through car, which left Cincinnati Sunday morning, arrived Monday evening with a large number of students from Ohio. Nearly every state in the union and a number of foreign countries are represented in the new registration.

The formal opening exercises were held in Knowles Hall Wednesday morning, September 22, after which which the regular schedule began. Football practice began with good prospect two days prior to the opening.

An interesting feature of the new enrollment is the presence of a number of the "second generation" whose fathers or mothers were graduated from Rollins many years ago.

Under the leadership of President Georg Morgan Ward, the campaign for an additional \$1,000,000 endowment is meeting with success. At present point to the most successful Rollins has ever had.

TRY A HERALD WANT AD

HEARD BANK HAS PAID DEPOSITORS

Jacksonville, Sept. 30.—Depositors of the Heard National bank, which failed about four years ago, were this week paid the last of the 10 per cent installments on their claims, completing their retirement of all depositors' claims at 100 cents on the dollar.

Payments are being made by C.L. Williams, receiver. Depositors are directed to bring their certificates when presenting claims for final payment.

When the Heard National Bank failed, officers of the institution declared that in time all depositors would receive full payment. Since that time regular dividends have been announced in installments of 10 per cent and the receiver has been active in retiring this class of indebtedness of the institution.

With the last payment no depositor his principal. Other liabilities of the

bank are being discharged as rapidly as possible by the receiver and it is believed that in time all debts will have been wiped out.

The bank closed Tuesday, Jan. 15, 1917, and R. W. Pike was appointed receiver. He served several months and was supplanted by Mr. Williams until August, 1918, when three more were for ten per cent. In 1919, there were no payments, but in February 1920, two payments were made, the first for five per cent, and the second for ten per cent. Another 10 per cent payment was made in May and the last one his week.

The assessed valuation of Palm Beach county property nears the total of \$10,000,000. This is an increase of nearly three quarters of a million over the assessment of 1919. The tax sales are reported to have decreased \$30,600.

Fordson TRADE MARK
The Fordson Tractor was made to meet the demands and necessities of the every day American farmer. was made with the thought that it was the necessity of the man of forty acres as well as the man with one thousand acres. It was made not only for plowing, harrowing, disking, drilling, seeding, mowing, reaping, but for all other work on the farm where power is necessary. It was made to bring convenience to the farmer's home as well as for the cultivation of his fields. It was made to furnish power for the cream separator, silo filling, cutting feed, sawing wood, furnishing power for milling, washing, supplying the house with running water, electric lights and the hundred and one things on the farm. It was made to do all this economically and in a reliable way. It was made to be the big profitable servant on the farm. And it has not failed in any of the expectations had for it. It has been tested as no other tractor has been tested. It has been proven reliable and can furnish proofs impossible to any other tractor. It has done these things not only in America, but in Europe, Asia, Africa and in the islands of the seas. It has met successfully the demands of farmers in every part of the civilized world. Therefore the Fordson Tractor can meet all the requirements of your farm. When you buy a Fordson you are not buying an experiment—you are buying a servant and a money maker for you that you can depend upon absolutely from the first day you put it to work. It is easy to understand. It possesses all the power that you want. It is simple in control. It is more flexible than you imagine. It will help you to cultivate every foot of your ground and every day in the year you will find use for it on the farm. Its appeal to the farmer is in its dependable service and the wide variety of work it can do. We'd like every farmer that reads this, if he hasn't a Fordson Tractor already, to come to us and let us sell him one. Let us demonstrate its powers, its values on your own farm. Let us go into details—power, reliability, economy. While the sale of a tractor gives you a small profit, the purchase of a tractor to the farmer means a money making servant every day for years. So the sale of a Fordson means more to the purchaser than it does to us. We are arguing for your good, Mr. Farmer. Come in and talk it over. Your time against ours. It is worth it. And remember, when you buy a Fordson Tractor, we are right here to keep that tractor in reliable running condition every day. You won't have to wait if anything should get out of order. We are right here to keep it right, because one of the conditions of the Fordson dealer is that he must keep on hand always a complete supply of parts. This is a guarantee that we don't believe you can get with any other Farm Tractor. Come in. Let's talk it over. EDWARD HIGGINS FORD DEALER

In and About The City

Summary of the
Floating Small
Talks Succinctly
Arranged for
Herald Readers

Born to Mr. and Mrs. Clarence Scheinck a fine boy Sept. 27th.

J. H. Huddleston of Geneva was in the city Wednesday calling on his many friends.

The Sanford people are glad to welcome the old teachers and the new ones to Sanford for another pleasant and profitable season.

Mr. and Mrs. W. J. Thigpen and baby and Miss Katherine Wilkie have returned from Daytona Beach where they have been for the past month.

Mrs. James L. Wilcox of the East Coast News was in the city several days of this week soliciting advertising for her valuable medium.

The many friends of J. D. Parker are glad to see him out again after being confined to his home for many weeks with carbuncles.

Dr. J. C. Patton of Georgia and Rev. J. H. Patterson of Bradentown are in the city to conduct the revival services at the Presbyterian church.

Capt. M. W. Lovell of Leesburg is in the city a few days visiting home folks. Capt. Lovell is staying on his orange grove in Lake county and reports a fine fruit crop.

W. A. Ginn is home again after spending some time at Sarasota and is now ready to take up his regular profession of civil engineering and general contracting.

Mr. and Mrs. Roy Bowers and little son and Mr. and Mrs. R. E. Deas and children have returned from Daytona Beach where they had a home for the summer.

Mrs. Tom Williams is holding a reception this afternoon at her residence on Oak avenue for two new brides, Mrs. Robert Walthour and Mrs. Morris Spencer.

The Sanford Paint and Wall Paper Store sent in the first advertisement to the Daily Herald. They have contracted for a regular space for the year.

Dr. D. C. Ward is in Sanford again for the season and will make regular trips here during the winter. He has no office as yet and in the event that he cannot find one will go to the homes of the patients.

C. E. Hunt of the circulation department of the Times Union was in the city several days of this week taking subscriptions for Florida's big daily. The Times Union is giving Sanford some good matter these days.

Walter Schuchert a former resident of Sanford was here Sunday visiting friends and relatives. He is now at Winter Park where he has charge of the Horticulture work on the Ir-

ving Bachelor place, one of the beauty spots of that beautiful part of Florida.

The Junior Red Cross have turned over to Fernald Loughton Hospital the sum of \$78.13 from the fund they had on hand after their various duties had been performed. This sum will go toward furnishing the obstetrical room where it is needed at this time.

Mr. and Mrs. R. J. Holly and Mrs. Reginald Holly spent Saturday afternoon in DeLand where they attended the reception and card party given by Mr. and Mrs. Clayton Codrington.

Mr. and Mrs. B. G. Smith of Oviedo Holly Saturday and Sunday. B. G. Smith is the guest of Mr. and Mrs. R. J. Holly at Jacksonville Sunday where he attended an important meeting of the Republicans of the state and says there is perfect harmony now in the ranks and they are ready for the big day in November.

Mrs. George D. Bishop and little son have returned from Daytona Beach where they have been for the past month. Mr. Bishop and little daughter who have been visiting home folks in California also returned home yesterday and the Bishop family is now at home to their many friends.

Rev. Patterson is conducting revival service at the A. C. L. Shops while he is here at the Presbyterian revival service.

The interest in the revival services at the Presbyterian church is growing each night. Come out and hear Dr. Patton.

Mr. J. C. Brown of Jacksonville has been spending a few days with his son Charles while looking after his splendid orange grove, recently purchased of Mr. S. O. Chase through J. E. Spurling and known as the old Chase Grove on the Sanford and Orlando road about 3 miles South of Sanford.

The many friends of Mr. and Mrs. L. C. Kolb of Brewton Alabama are glad to see them in Sanford on a short visit. Mr. Kolb was formerly Mrs. Bryan Higgins of this city and Mr. Kolb was connected with the Peoples Bank here for some time. Mr. Kolb is now in the automobile business with Mack Butts in Brewton and their many friends here are wishing them all the success that this life can attain.

William E. Warman of the late E. B. Warman's estate will sell at public auction all the stock of goods and household furniture belonging to the late E. B. Warman in front of the dwelling at the corner of Pal-

metto and Second streets next Wednesday. Stock includes china ware, dry goods, notions, toys, shoes and hats. See the advertisement in this issue.

Osceola county took the lead in naming women for candidates for the county offices when the Republican executive committee named as a partial list of county candidates today to contest Democratic nominees in November, a woman for county superintendent and for a member of the county school board.

The highest point in Florida whose altitude has been determined is Iron Mountain in Polk county, which stands 325 feet above sea level, according to the United States Geological Survey of the Department of the Interior. The average elevation of the state as computed by the Geological Survey is about 100 feet.

T. M. Bryant, of Gainesville, authorized an investigation for the Florida Industrial school for Girls, at Ocala, Monday submitted to the board of commissioners, tentative plans for the latter institution for a dormitory for girls to cost about \$50,000.

Mr. and Mrs. L. L. Timm announce the birth of a daughter, Marguerite Elizabeth on Sunday, September 26, 1920, at Dr. Robson's Hospital. Bath mother and daughter are getting along splendidly.

J. E. Spurling has enjoyed a splendid business during the summer and fall—having sold about forty people with a total valuation hovering around the one hundred thousand dollar mark. See his add on page two.

LOST.—Pocket book containing \$10 in Beaded bag pocket book. Finder return to Herald office and receive reward. 7-2tp.

Mr. W. W. Brady has purchased the T. S. Huff bungalow on Sanford Ave. and the Oviedo railroad where he will move at an early date. The transaction was made through J. E. Spurling.

Mr. James B. Field has purchased the cottage on West third street.—Sale was made by J. E. Spurling.

Mr. M. M. Stewart is comfortably located on his fine orange grove on Melonville avenue which he recently purchased through J. E. Spurling.

Mrs. Judge Benton of Rochester, N. Y. is remodeling her beautiful home located on Lake Faith Maitland, Fla., preparatory to the coming of her family for the winter months.—This transaction was consummated by J. E. Spurling.

ATTENTION

Do you desire a fine home of 8 rooms double lot, nice orange trees garage and everything the heart could wish and at a price less than what the improvements would cost? If you do see, J. E. SPURLING—He's the chap—7.1tf.

HOLY CROSS CHURCH

Church services for Sunday October 3, 1920 (18 Sunday after Trinity), will be as follows:—

7:30 a. m. Low Celebration.
9:45 a. m. Church School.
11 a. m. Choral Celebration.

Notice is called to the churches in the Service schedule. The morning midday Service is resumed and the hour of Vespers is changed to 7:30. The regular vested Choir will again be in their place.

Christian Science Services

will be held at the Womans Club, Oak Avenue, between Third and Fourth Streets on Sunday morning at 10:45 o'clock. Subject "Unreality".

D. A. K. MEETING

The regular monthly meeting of the Sallie Harrison Chapter D. A. R. will meet October 8th at the Welaka with Mrs. George Chamberlain hostess. Meeting at 3 p. m.

F. W. MAHONEY RECOVERING

F. W. Mahoney had his right leg cut off Thursday at the Fernald Loughton Hospital the operation being necessary to stop a bad case of blood poisoning. The operation was performed by Dr. McLewin of Orlando assisted by Dr. Tolay of this city. The many friends of Mr. Mahoney are gratified to learn that he is recovering from the operation and will soon be all right again.

HONORING MRS. GREENE

Mrs. Clayton C. Codrington delightfully entertained with bridge and 500 Saturday afternoon at her home on Clara avenue in compliment to her cousin, Mrs. H. L. Greene, of Orlando, who was her attractive house guest. Mrs. Codrington is one of the most gracious of the young matrons in DeLand's society set and was at her best Saturday afternoon in greeting and entertaining her guests.

Games were played at tables effectively placed. Mrs. J. A. Allen receiving first prize as top score holder in 500 and Miss Elizabeth Walters receiving the prize at the bridge tables. Those enjoying the hospitality of Mrs. Codrington were: The honor guest, Mrs. H. L. Greene, Mrs. R. H. Jordan, Mrs. Victor Four-

tan, Mrs. T. B. Stewart, Mrs. Willis McCormick, Mrs. Robert J. Holly and Mrs. Reginald Holly, of Sanford, Mrs. R. H. Nahn, Mrs. F. M. Miller, Mrs. Will Page, Mrs. R. S. Bushnell, Mrs. R. L. Miller, Mrs. Howard Hodgen, of Jacksonville, Mrs. A. B. Prather, Mrs. C. R. M. Sheppard, Mrs. R. P. Walters, Mrs. B. M. Miller, Mrs. Maurice Heck, Mrs. H. D. Bracey, Mrs. J. A. Allen, Mrs. J. J. Tillis, Mrs. Theo. Codrington, Mrs. Prentice

Mangus, Mrs. E. W. Rowland, Miss Lillian Wells, Miss Elizabeth Walters, Miss Elizabeth DeWalt, Miss Ruby Jackson, Miss Catherine Haynes, Miss Delta Haynes and little Ruth Codrington, the dainty daughter of Mrs. Theo Codrington, who made pretty picture moving among the players with trays of punch during the games and afterward assisting the hostess in serving a delicious ice course.—DeLand News.

YOWELL COMPANY

Forest Lake May Take Some Cake

RUMOR THAT HE WILL BE APPOINTED ON STATE ROAD DEPARTMENT

October 7, next, will in all probability witness a change in the chairmanship of the State Highway Department, now held by M. M. Smith, for another term as a member of the board and is said to have decided upon the appointment of Forrest Lake, of Sanford, as a member and the information reaching Jacksonville from Tallahassee is to the effect that Mrs. Lake will probably be the new chairman.

At this particular time State officials point out that the State highway department is one of the most important bodies of the state for under its direction now, and in future years, will come the expenditure of the millions of dollars Florida is expected to spend on good roads. It is at present completing the expenditure of approximately six millions of dollars as the initial two years' program of State and federal road aid funds road construction, resulting from the government aid legislation.

That there will be a strong fight for the chairmanship when the change in the official personnel of the board occurs goes without saying. It is said that there are several of the four old members left on the board who will accept the chairmanship if offered.

Mr. Lake, whom the governor is reported to have determined to appoint to succeed Chairman Smith as a member of the board, is former president of the Florida Bankers' Association and is president of the Seminole County Bank, at Sanford. He served two terms as a member of the legislature and was a candidate for the democratic nomination for con-

gress, Fourth Florida District in the June 8 primary election.

The present members of the State highway department are:

M. M. Smith, of Winter Park, chairman; Ed Scott, of Arcadia; J. D. Smith, of Marianna; John E. Gilbert, of Jacksonville, and L. C. Register, of Jasper.—Jacksonville Metropolitan.

CROOKS HAVE A BRAND NEW GAME

Crooks seem to be operating early in Florida this season. The game played is somewhat different from the old reliable race-track proposition, but it seems effective inasmuch as a Tampa man was relieved of \$5,000 by the process. He was approached by two strangers who claimed that they had located a \$10,000 stock of goods in Key West which they were able to buy for \$15,000. They proposed to furnish \$10,000 if their victim would furnish \$5,000, and they would buy the stock of goods and share the profits.

They got the \$5,000 and went on their way leaving the Tampa man sadder and wiser. It is a pity that his sadness and wisdom cannot be communicated generally to the class of people who are tempted by the prospect of big gains, regardless of how questionable may be the methods suggested to secure the. His experience, however, will not deter many others from biting at the first tempting bait that is dangled before them and the only thing that can be done is for the authorities of every county and city to be active and alert to protect the public from these sharks who come down here to prey off the suckers during the tourist season. The advent of the advance guard of these gentry this early may be an indication of a very active season and plans to head off their depredations should be perfected by local authorities in all Florida communities.—Lakeland Telegram.

Walks of the 44 room addition to the new Fort Pierce hotel are going up right along and it is hoped to have the new portion ready for use with the opening of the season. The addition now under construction is to be 44 by 109 feet, three stories. It completion will make a total of 11 rooms, there being 70 already available.

Mr. Lake, whom the governor is reported to have determined to appoint to succeed Chairman Smith as a member of the board, is former president of the Florida Bankers' Association and is president of the Seminole County Bank, at Sanford. He served two terms as a member of the legislature and was a candidate for the democratic nomination for con-

CELERY SEED

EDITED BY
CHAS. L. BRITT

Big League games didn't have a thing on the game at Holden Park yesterday.

Nicholson the Shops twirler has the making of a big leaguer and the way he dusted em off yesterday proved it.

Chapman didn't work his head off by any means, pitching just hard enough to hold them to it. Once or twice he loosened up just a little too much and allowed men to get as far as third base, but he tightened up and held their noses to the grind stone.

It looked like maybe Burdick was pulling some of the White Sox stunts. He threw one away one time that didn't look like his regular form. We will send him before the grand jury should we be able to prove anything on him.

And speaking of the stunts pulled by the White Sox, in our estimation, it will prove to be one of the worst things that ever happened in the history of organized base ball. And we say, give the guilty parties the limit. Players who deliberately sell out should never be allowed to put on a uniform. And this goes for the Class D Leagues as well as the big leagues.

Yesterday brought out one more point in favor of the Shop men and that is the way they stay with a ball club. All during the summer

the shops had their delegations at the ball games, win or lose and they did their bit to support the Club, and yesterday, in addition to furnishing a team to help reduce the Base Ball Club indebtedness, they had that same bunch of fans show up in spite of the weather. More people in this old town like them would make a real sure enough base ball town.

Two youngsters that played in the game yesterday that are going to be regular ball players some day if they stick to it. Nothing but "kids" now but as they grow up watch 'em.

We were sorry that we did not see Wheelers and "Pop" Wallace in the line up yesterday. "Pop" says the game is getting a little too fast for him these days and Wheelers says a "Charley Horse" developed over night to keep him out.

Sid Rive worked like his old time self yesterday. His arm is now better and next season will see him in uniform again.

Felix Frank and Ed Lane both deserve a lot of credit for the way they handled the umpiring yesterday. Just a few minor kicks, that's all.

THE JINX IS DEAD

Some one said that some sort of hoodoo was chasing the Sanford club all this season and from the way things wound up we believe it. Several people stated that a pet coon, but a big one, was loose and that it was prowling around the town some where and that this coon was our hoodoo and until it was captured or killed Sanford Club would stay down at the bottom.

"Pop" Wilson said that he didn't know about the Sanford Base Ball Club's hoodoo, but that there was some sort of hoodoo hanging over his chicken coop and that something had to be captured or killed before that hoodoo would leave.

Making up his mind that something had to be done, Pop took his trusty gun and stayed on the job until one morning he spied Mr. Jinx in the form of a good sized coon headed towards his pet fowls and after trying several times, Pop downed him and now has Mr. Coon on exhibition at his farm on the East side.

Pop has been in to announce that the Base Ball hoodoo is dead, but we are sorry to say Pop just waited a little too long, because Sanford lost heaps of ball games and he lost seven nice big hens.

ICE MACHINE INSTALLED FOR WALTHALL & ESTRIDGE

Means Much For This Enterprising Firm and Their Customers

One of the signs of the growth of Sanford is the installation of the up to date methods for doing business and one of the very latest is the To-

ledo self contained ice machine and mechanical refrigerator that is being installed in the City Market this week by the progressive proprietors, Walthall & Estridge. This machine has a refrigeration of 4,000 pounds capacity and will keep an average temperature of 35 to 38 degrees with a much drier temperature than the regular icing system would have and in every way is a great improvement over the old methods aside from the great saving in ice. This new machine is a miniature ice machine in itself and will manufacture block ice that is clear as a crystal and absolutely pure.

Besides being the big refrigerator of the City Market it will also ice and keep cold the grocers display case, the storage cooler and a window display case together or separately at any desired temperature. In fact this new wrinkle in refrigeration distributes coolness to any part of the establishment and the City Market will now be able to have all the ice and all the cold storage necessary at one fourth the cost of the old plan and meats and groceries will be kept pure and wholesome in the hottest weather.

W. D. Miller of Jacksonville is the state agent for these machines and the factory representative, J. E. Twitty is here in charge of the installation of this wonderful new method of getting the best kind of ice and refrigeration at the least possible

cost. The City Market deserves great credit for installing one of these machines and giving the public the benefit of such service.

INSURE AGAINST DEPENDANCY

Statistics of a large insurance company show that out of one hundred healthy men at the age of 25, the existing conditions, found at 65 were as follows:

- Only 1 Rich,
- 4 Wealthy
- 5 Earning Their Own Living,
- 36 Dead and 54 Dependent.

Conditions have changed since these statistics were taken. The masses are becoming investors and are taking advantage of the splendid opportunities offered by responsible and reliable companies. It is believed that the next statistics will show a great reduction of dependents and a large increase of the wealthy.

Insure against old age dependency by subscribing to the 8 per cent Cumulative Prior Preferred Stock of the Southern Utilities Company.

THIS STOCK CAN BE PURCHASED IN CASH OR INSTALLMENTS. WRITE OR CALL FOR INVESTMENT BROCHURE.

PEP WILSON KILLED A BIG FAT COON
But He Will Not Be Required to Go to Jail for the Crime.

For several weeks past J. S. Wilson, familiarly known all over the United States as "Pop" Wilson, has been missing some of his finest hens and last night decided to utilize the bright moonlight in finding out what was getting his hickMxx(G).ptrim was getting his chickens. Pop roosted on top of a hay stack until he thought that unless something happened he would have to quit, and along about midnight he heard a sneaking in the fowl house and saw a big fat coon emerging with a new hen in his mouth. Pop cut loose with his trusty shot gun and shot until the barrel was too hot to hold and when he came to he had killed the coon about as dead as ever a coon has been killed. The robber proved to be a pet coon for there was a collar around his neck, but while Pop is sorry that he killed somebody's pet he says that chickens are chickens and no coon is going to live off his hen house. So in the future the wild coons and the wild possums and even the wild women had better let Pop Wilson's chickens alone or they will be hurt.

SLAYER OF ORANGE CITY WOMAN IS HANGED IN CALIF.
San Quentin, Cal., Sept. 24—Mose Gibson, negro slayer of Roy G. Trapp rancher of Fullerton, this state, and of Jacob Erhardt and wife, of Phoe-

nix, Ariz., was hanged at the state penitentiary here today. Following his arrest Gibson confessed he had killed four other people but the authorities could not prove his statement.

One of the crimes to which the negro Gibson confessed was the killing of a white woman in her home near DeLand about eighteen months ago. In addition to murdering the woman, whose name was Clark and who lived alone, the house was robbed. The crime remained a mystery until the negro was arrested in California and confessed to a number of

crimes in detail, including the one in Volusia County.

What constitutes the biggest deal in Triple Cities real estate in the history of this community has been closed the past week, John W. Cames of Philadelphia having purchased more than \$150,000 worth of property in Daytona Beach.

For South Atlantic and East Gulf state: Moderately warm and unsettled; showers first part of week, generally fair and normal temperature thereafter. There are no indications at this time of a disturbance in the West Indies.
