

Several Million Due For Raises

WASHINGTON (AP) — About five million workers, perhaps several million more, will get automatic pay hikes during 1956.

These raises will boost the annual wage bill of American industry by a billion dollars or more.

The pay increases, either have been negotiated by labor unions or will come through a jump in the federal minimum wage March 1 from the present 75 cents an hour to a dollar.

A Labor Department survey indicated last night the negotiated boosts will run generally in a range of 6 to 11 cents an hour, or from \$2.60 to \$4.60 for a 40-hour week.

Some of these union-negotiated pay boosts will be as low as 3 cents, some as high as 30 cents an hour. Some workers stand to get as much as 30 cents an hour more through the higher minimum wage.

The Labor Department's statistics bureau estimated that raises will fall due this year for at least 24 million workers under major long-term labor-management contracts. These contracts run for two, three or even five years and provide in advance for specified annual boosts.

The bureau had calculated earlier that 2,100,000 workers would be entitled to increases under the higher federal minimum wage, approved by Congress last year. More than half these workers are in Southern states.

Officials expressed belief there is very little duplication between the two groups. They said most workers now paid less than a dollar an hour are not union members.

Moreover, the bureau's study of union-negotiated increases due this year was concerned only with contracts covering 1,000 or more workers. It seems safe to assume that a considerable number of workers in smaller bargaining groups also have deferred pay boosts coming in 1956.

The bulk of the automatic raises will fall in the second quarter of 1956. This means that purchasing power should increase around mid-year. It could have some inflationary effect. But it also could counter any dip that might develop in the over-all economy.

Out of the roughly 2 million workers expected to benefit from deferred wage boosts, nearly 1 1/2 million are in metal industries, primarily autos, farm equipment and electrical goods fields.

Others include 500,000 construction industry workers, 350,000 transportation workers and 200,000 soft coal miners. Still others are scattered in the printing, leather, chemical, public utility, clay-glass and retail trade occupations.

State Farmer's Market Breaks Records Here

The Sanford State Farmer's Market has shattered all previous records in the sale of produce and fruit at the local one stop loading and sales platform.

The report, made by Sandy Anderson, Market Manager, stated that the Sanford State Farmer's Market sold 342,637 packages at a gross valuation of \$853,662.54 for the month of December.

The nearly one million dollar month sets an increase of \$9,024 packages with an increase in valuation of \$228,960.12 as compared with December 1954.

Anderson said, "We are proud in reporting volume and valuation for December 1955 broke all previous records of produce and fruit sold through the Sanford State Farmers Market for any one month since the erection of Mr. Mayo's guinea pig market."

The increase in sales through the local market adds optimism to the future of local produce sales and the movement of produce and fruit from the Sanford area into channels throughout the country.

Sandy Anderson, usually moderate in making reports of sales and movement of produce and fruit was unusually enthusiastic over the report completed today for the December sales and volume.

Poor Chico Is Dead But Dog's Services Are Remembered

By SANDRA BERG

Chico is dead! For those few of you who did not know Chico I shall explain that he was the indiscriminate terrier who was "absolutely dedicated to a self appointed job of riding the Sanford mail truck from horn to night."

Wednesday afternoon about 5:30 Chico was hurt in an accident with the same loved mail truck and later died about 7:30 that night. Driver of the truck and six months companion of Chico, Eugene Mero, said that the little three-year-old dog heard the truck coming down the alley after he thought it was through with the day's run and was returning to ride in it coming so fast that he hit the truck and was thrown ten feet to the side.

Upon hearing of the dog's death a funeral was planned and held yesterday afternoon at 2 p. m. on the lot next to the post office. As one post office worker exclaimed, "This is where he lived and this is where he should be buried."

A beautiful stained wood coffin with brass trimmings was donated by Gordon Brinson and a memorial wreath was given by Dr. Richard Bass. After the burial, the wreath, of silvered leaves and pine cones bearing the letters, "In Memory of Chico," was laid gently on top.

A large crowd gathered around the tiny grave to watch the burial. Many had seen Chico or heard of him and had come to pay their last respects.

His owner Mr. and Mrs. W. O. Brinson and daughter, Lucrilla of 210 W. 13th St. were also present. Mrs. Brinson said that Chico had loved the post office so that he had learned to open the back door to be able to meet the mail truck at the corner each morning at 5 a. m.

"We hardly ever saw him except on holidays," she said. "I guess he was lonely after I started teaching school," she explained in regard to the question of how he became so attached to the mail truck and post office.

"He followed the mail man one day as far as the lake front and I received a telephone call at school telling me he was down there. It was raining and I didn't have the car so I told the mail man to call a cab and send him home. When the cab arrived there was Chico sitting in the back seat calmly watching the traffic riding by and looking for all the world like a king."

"From then on he made it a point to reach that mail box at 5 a. m. He rode the truck all day and was the smartest dog I have ever seen. One day Mr. Brinson made the remark that Chico ought to come to the depot and help him with his work. Believe it or not at 6 a. m. the next morning when he arrived at the station there was Chico sitting in the baggage room waiting on him."

At the mail office he was "at home". Mail Supt. Dick McLaughlin reports that Chico would first enter the mail room as soon as the post office was open and take a small look at the drawer which (Continued on Page Eight)

Engineers Appear Before City Board

VISITORS AT PINECREST SCHOOL yesterday included the only woman member of New York City's Board of Education. Left to right as a tour of the school was completed are: Dr. Irving J. Sands, Sandra Berg, Sanford Herald Society Editor, Mrs. Margaret Reynolds, principal, and Mrs. Cecile Ruth Sands of the N. Y. Board of Education. (Staff Photo)

General Outlines Presented To Present Facts

Five firms of consulting engineers are appearing before the Board of Sanford City Commission at informal meetings that were started Wednesday night at the City Hall.

The firm of Russell and Assoc. of Daytona Beach appeared Wednesday evening for informal discussions which are held at the open meetings.

Smith and Gillespie of Jacksonville appeared before the commissioners last night for a 90-minute discussion.

Tonight, the firm of Robert & Company Associates of Atlanta, Georgia will be in Sanford for another meeting.

Further meetings will be held next Monday night when Reynolds, Smith & Hill of Jacksonville will be heard and next Thursday night, Conner Townsend & Associates of Chicago will be represented by Carl H. Bowen at another meeting.

The meetings are being held to allow the Board of Sanford City Commissioners to become familiar with the various consulting engineering firms and for the firms to become familiar with the City's problems.

The firms are allowed, at the meetings open to the public, to present to the Board of Sanford City Commissioners a general plan as to how they would approach the problems of the City if the commission considered it advisable to hire consulting engineers.

Such possible work would mean a feasibility report and present the facts as to whether or not it would be advisable for the City of Sanford to acquire an electric distribution system.

H. H. Coleman of the Florida Power and Light Company has been invited to the meetings and is sitting in on the discussions.

Dry Cleaning Cost Will Be Boosted Beginning Monday

It's going to cost a little more to keep a crease in trousers and pleats in skirts, according to local dry cleaners.

Prices have continued at a set level in Sanford since February of 1950, with the cost of materials and supplies continually advancing through the nearly six year period, they say, without any advance in service costs to the dry cleaning customer.

However, in order to maintain a high standard of quality service, throughout the dry cleaning industry here, cleaners have been forced to adjust their prices effective next Monday, Jan. 9.

The adjustment will allow of dry cleaning services with the continued employment of experienced help and the purchase of the finest supplies and materials, according to spokesmen in the Sanford Dry Cleaning industry.

City Parking Lot Paving Is Started

Pavement on the municipal parking lot just off Commercial Avenue and extending to Seminole Boulevard was begun yesterday, according to City Manager Warren E. Knowles.

The laying of the top pavement for the entire area will probably take the entire week beginning Monday to complete, Knowles said.

Signs have been erected in a number of prominent places directing visitors and local citizens to the free parking area that will accommodate more than 250 automobiles.

The complete use of the new municipal parking lot will enable the City to relieve the congestion in the downtown shopping area.

Knowles Misquoted In Recent Story Of Commissioners

The Sanford Herald corrects a quotation by City Manager Warren E. Knowles which was published in this paper on Wednesday, Jan. 4.

The statement should read: "A schedule of position classifications was prepared and submitted to the Civil Service Board over a year ago and was pigeonholed."

The statement was erroneously quoted during a discussion at the first meeting of the Board of Sanford City Commissioners when both the salaries and position classifications were being discussed.

The correction is important in that the Civil Service Board does not have any control whatsoever over salaries of employees. The only consideration that can be given by the Civil Service Board is to POSITION classification.

Circuit Court Term Will Start Monday

The winter term of Circuit Court will get underway Monday morning with Judge Vassar Carlton sitting on the bench.

Eleven cases have been included in the two week term of criminal cases to be tried.

Fifty prospective jurors have been summoned to appear Monday morning for the winter term of court.

The docket, according to State Attorney Murray Overstreet, will include State of Florida cases against Floasie Mae Silt for resisting an officer; William Oscar McKendree charged with murder; William Cross for assault with intent to commit murder in the 2nd degree; Norman Kimble for cutting and carrying away timber from the lands of another; Dan Wells charged with shooting into a house; Ben Joe for shooting into a dwelling house; Clayton Thomas charged with conducting a lottery; James Riley for attempt to commit rape; Ellis Kettles for grand larceny; Mabel Smith, charged with breaking and entering with intent to commit a misdemeanor; and Bobby "Happy" Johnson for entering without breaking with intent to commit a misdemeanor.

Grey Brewer, formerly of Miami, will serve as Court Reporter and comes to Sanford for his first term in court here.

New York Visitor Amazed At Schools

By SANDRA BERG

"I am so glad you took us around" were the concluding words of Mrs. Cecile Ruth Sands and her husband Dr. Irving J. Sands of New York after a tour of Seminole High School and Sanford's first primary school, Pinecrest yesterday morning by myself and Marion Harman The Herald's Editor.

Mrs. Sands is a member of the Board of Education of the City of New York and is, I might add, the only woman member of the nine-member board. She and her husband have been staying at the Mayfair Inn during the Christmas and New Year holidays.

As we started out Mrs. Sands was full of questions and I got the impression that HER impression of southern schools was changed by our tour. She was full of praise and both she and her husband were "amazed at the happy look on the children's faces, especially in High School."

Principal Herman E. Morris of SHS met us and explained the questions asked as he took her through the school. He explained that 40 per cent of the SHS students attend college in answer to her questions of college entrance exams. She also asked if the men were paid more than the women here and the definite answer came, "no."

"In New York a BA Degree will receive \$2800 a year and a teacher may work his way up to a \$7800 salary," she said.

On the question of "vocal delinquency she brought out the point of over crowding in the New York schools, along with parental problems were two of the (Continued on Page Eight)

New Officers Slate Installed At Noon Kiwanis Luncheon

A new slate of officers was installed at the noon luncheon meeting of the Sanford Kiwanis Club Wednesday.

F. B. "Skunny" Surgino, Lieutenant Governor of District 3, Florida Kiwanis made the installation. He said, "Past administrations of this club have laid good foundations, time after time, assuring the success of the coming year under the leadership of these officers."

Prior to conducting the installation ceremony, Rupert Strickland was presented with a past president's pin and O. K. Goff a past secretary's pin.

Officers installed were A. L. Wilson, president; Roy Mann, first vice president; Ed Shinholser, second vice president; Ralph Smith, secretary; B. B. Crumley, treasurer; and Oscar M. Harrison, financial secretary.

The Board of Directors, also installed for the new year are Mack N. Cleveland Jr., David Gatecliff, Ed Lane, J. C. Davis, Willis Bearck, Douglas Stenstrom and Dr. L. T. Doss.

At the conclusion of the officer installation, Strickland, the immediate past president, presented Wilson, the incoming president, "with a pair of glasses so that you may see clearly the things that come up," and an oil can, "with which to keep things well oiled and running smoothly."

DEAN PARRISH is retiring from the Navy today but will still be seen around the Navy Exchange as general manager.

None Injured In Auto Totally Demolished

A Ford coach hurtled from the highway early this morning demolishing the car and miraculously causing only minor injuries to its five passengers.

Shortly after midnight this morning, a 1950 Ford coach, driven by Karl Everett McQueen, 21 year old Sanford youth, was returning to Sanford from Volusia County along Seminole Boulevard when the accident occurred.

The crash took place just west of the motor court a short distance out of the city limits. According to the driver of the car, a front tire blew out causing him to lose control of the swiftly moving automobile.

Other than the driver, the occupants were Curtis Varney, 1501 French Ave., Eugene J. Brown, Chester McQueen, and a youth identified only as "Tony."

Florida Highway Patrolman Bob Harrison, formerly of Seminole County and last night covering Volusia County, investigated the accident along with Deputy Sheriff James Singletary and Bill Bennett.

The completely demolished automobile came to a stop, after turning over a number of times in swamps and underbrush at least 100 feet from the highway.

Karl McQueen was charged by FHP Patrolman Harrison with "operating a car at a speed too great for existing conditions."

All of the occupants received minor injuries to the face, hands and head.

Chief Parrish is married to the former Miss Jean Boyd of Marion, N. C. They have four children, Jake, 10; Deana, 7; Teresa, 4; and Rabe, 3 months.

The Parrishes now reside in their new Sanford home at 410 Oceola Drive. They have been active with the First Baptist Church since coming to Sanford.

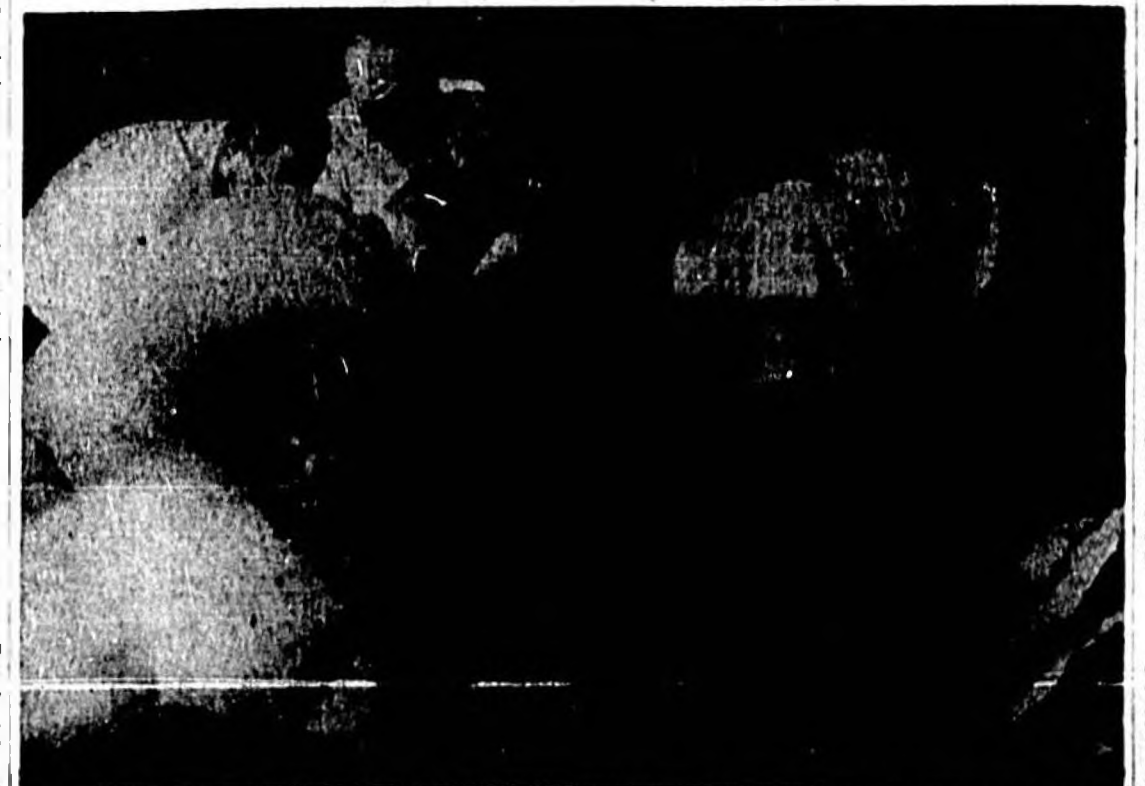

A land grant college, the University is the largest in the southeast and 18th largest in the nation. In its 103 year history, it has had only seven presidents, including Dr. J. Wayne Helts, appointed to the presidency in April, 1955.

No special ceremonies have been planned for the occasion.

Helen's Mailman Is Busy Carrier

CHICAGO (AP)—The mailman on the route embracing little Helen Wilson's home has had a busy week.

He has delivered about 3,500 cards and letters and 100 packages to the 3-year-old girl's home at 3520 Plainfield Ave. The writers, from all parts of the country, were answering the request of police-ness of the Jefferson Park station for persons to write to Helen, whose father, Kenneth, is a policeman at the station.

"CHICO'S" FINAL RESTING place on the lawn of the Sanford Post Office with Postmaster Joel Field; Rural Carrier, E. A. Covington; Superintendent of mails, Dick McLaughlin; Carrier, Eugene Mero, and Clerk C. F. "Buddy" Proctor lowering the dog's casket. (Staff Photo)

PIG GOES TO SCHOOL

MAYSVILLE, Ky. (AP)—When the custodian at Minerva High School went to work he found a 100-pound pig trotting around in the school cafeteria. An investigation showed the pig either had fallen or been pushed through a window which had been opened. It was turned loose in hope its owner would find it.

FIVE YOUTHS WERE injured in the completely demolished Ford Coach when it left the highway just north of the Sanford City limits and crashed into underbrush and muck. A bystander is shown at the car looking over the wreckage. (Staff Photo)

PATTERNS IN THE SNOW

They make pretty patterns on the snow, these fences. But they were not built "for looks." They were erected for protection. They stand as bulwarks against the physical elements.

There are other kinds of bulwarks most of us need in our daily lives—spiritual bulwarks. For even the strongest of us cannot stand alone. Sometimes we think we can . . . but the moment comes when we realize how much we need help.

It is then that we turn toward the Church. And, no matter how remiss we may have been, the Church stands there with doors open wide, ready to receive us.

But should we wait until we really need a spiritual bulwark? How much better to establish ourselves in the Church now and be assured of its strength and comfort through all our days.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Americans Want To Visit Russia

NEW YORK (AP)—Despite the recent return to cold war bitterness, travel agencies here report many American tourists are interested in visiting the Soviet Union this year. A trickle of ordinary American travelers got to Moscow in 1955, more than in any year since World War II. Not since the 1930s have Americans journeyed to the U.S.S.R. in appreciable numbers. But now—unless there's a new war scare or a reversal in Kremlin policy—it looks as if the Soviet government is going to have a fair-sized try at raking in tourist dollars which have meant so much to Western Europe. One travel agency says it is getting 50 inquiries a day from Americans who want to take a trip to Russia. Another is now scheduling an air excursion each month to the Soviet Union. The motive of the customers, they consider, is mainly just plain curiosity. American Express has received so many questions on Russian travel it has issued special instructions to its offices all over the country on how to answer them. Cosmos Tours, Union Tours and Thomas Cook report a flood of similar inquiries. None will give a specific estimate of how many Americans will go to the Soviet Union under its auspices. But Cosmos Tours and Union Tours both express confidence they will have "some hundreds" before the year is out. Union Tours is inaugurating this month its first monthly 15-person junket to Russia and back. Each trip will last 17 days, including about two weeks in Russia. Charges will be \$1,450 or \$1,251, depending on whether the traveler uses first or tourist class plane passage across the Atlantic. Cosmos Tours is actively engaged in selling more than a dozen different journeys inside the Soviet Union. One of them provides five days in Moscow and five in Leningrad at a price of \$300 in the deluxe class. Transportation to and from Russia is extra.

George C. Marshall, one of the great American statesmen, is honored for the victory over Hitler, recently celebrated his seventy-fifth birthday. His distinguished career as a soldier, statesman and diplomat has made him one of the great figures of the world.

For his military service alone General Marshall would be assured of a place in history. But perhaps the monument to him which honors him most is the good that was accomplished by the Marshall Plan for reconstructing Europe. It succeeded in rebuilding countries which might have fallen into the Communist orbit.

President Eisenhower himself may have had no illusions, but some of his followers gave way to baseless expectations. At the Yalta and Potsdam conferences Marshall was accused of deceiving the world by his friendship with the Russians.

Some of the charges against Marshall are that he was a "maddler" in affairs that are none of his business. By this he means anything in which Russia is interested. This charge, like others from the Kremlin, is important not so much for what it says as for the proof it affords that the so-called American politicians professed to see at the first Geneva conference had no real basis. President Eisenhower himself may have had no illusions, but some of his followers gave way to baseless expectations.

At the Yalta and Potsdam conferences Marshall was accused of deceiving the world by his friendship with the Russians. This charge, like others from the Kremlin, is important not so much for what it says as for the proof it affords that the so-called American politicians professed to see at the first Geneva conference had no real basis.

Today's Bible Verse: They (the shepherds) came with haste, and found Mary and Joseph and the babe lying in a manger. (Luke 2:16) — Read Luke 2:15-26.

Cutting Down Wars Big Problem

NEW YORK (AP)—Cutting down the number of wars in the world has been a policy problem in the United Nations for 10 troubled years. Now it faces a new crisis — how to cut down on the number of its own cocktail parties.

How really bold action is called for. Why doesn't the U. N. forget about abolishing war for one session and put down as the main task on its agenda the problem of guiding all cocktail parties everywhere?

This would turn out to be a real positive step toward peace, universal brotherhood and the long-term improvement of human welfare.

The growing nuisance of too many cocktail parties at the U. N. was pointed out by Jose Maza of Chile. As president of the 19th General Assembly, he had to sit at many as three or four in a day. Every fresh international tension seems to produce a torrent of cocktail parties, which in diplomatic parlance are known as "receptions."

"You have to drink the same punch or the same Manhattan and get the same shrimp and talk to the self-same people," said Maza. His description of this type of social function may well go down as the greatest understatement in the history of diplomacy.

The average cocktail party isn't a party at all. It's an exercise in self-punishment. It is a social battlefield, where men and women drink from a poisoned well and as many as three or four in a day. Every fresh international tension seems to produce a torrent of cocktail parties, which in diplomatic parlance are known as "receptions."

Even the devil has friends, so it goes without saying that cocktail parties have their defenders. They claim these affairs relieve social tensions. The truth is they stir up new tensions. If you throw one cocktail party to calm a tension, you have to hurl a second one to cure the new tensions that grew out of the first. So the evil chain grows.

Actually nothing really good can be said for cocktail parties. No body ever got sober at one. It is unlikely anybody ever made a lifelong friend at one. They're the world's poorest places to borrow money.

If the U. N. really does something to ban the cocktail party, it will earn a monument higher than Mt. Everest.

But what would become of all these fish eggs? Well, why not give them back to their parents?

Special for recruits Louisville, Ky. — Navy recruits from Kentucky and southern Indiana will get the worm in the treatment when they are sworn in Jan. 17.

Sear Adm. Reginald N. Kead, Commandant of the Fifth Naval District, Norfolk, Va., will swear them in, something unusual for a flag officer.

Colors will be presented by the "company sweetheart," to be chosen from photographs submitted by the recruits.

And that's not all. The recruits will be permitted to remain a unit through boot training. And they will be allowed to return home on leave as a group afterward.

one part would divert Stalin from his policy of grab. This may not have been the case, just as the thought that we were similarly overreached at Geneva may not be well-founded. In both cases the Russians had in mind certain ends from which they could be turned only by force. This the United States was not prepared to use at either time.

Gifts From Abroad

Someone noticed that Mother's steak knives, beautifully fashioned from stainless steel, bore the words, "Sheffield, England." Jim found that his compact little clock was a product of Western Germany.

That set the whole family to examining the Christmas gifts more closely, and it developed that several other things under the tree had been made abroad — a toy electric tank from Japan, waxy from Holland, a sweater made in Norway, Swedish steel tableware of Scandinavian simple design.

The same, with slight variations, might have been created in many American households. For the number and variety of gifts from other lands was a striking aspect of Christmas 1955.

Though some American manufacturers may object to this trend, a transfusion of goods manufactured abroad is a healthful thing for the United States. This is true particularly at a time when our economy is rich enough to absorb both foreign and domestic products in bewildering abundance.

Trade among nations has always been an influence for peace and mutual understanding. Trade also is a two-way street. Other nations will require less direct aid in proportion to the vigor of their export trade.

So when a gift has an interesting foreign look about it, the cause of international goodwill has been nudged ahead a bit.

Countryside Grows

For many years our cities have been growing, and the population of the countryside falling off. Now Farm Economics, a publication of the New York State College of Agriculture, notes that a reverse movement is taking place. Between 1940 and 1950 the rural population of New York increased 27 per cent.

The new inhabitants must be city workers who want to live amid fresh air and open spaces, as in the same period the number of farms dropped 18 per cent, and the number of acres devoted to farming was 7 per cent less.

No city dweller, no matter how ardent, will regret this new trend. There is truth in a passage from the fiery "cross of gold" speech with which William Jennings Bryan won his first presidential nomination. He said:

"Burn down your cities and leave our farms, and your cities will spring up again as if by magic; but destroy our farms, and the grass will grow in the streets of every city in the country."

Section 114. PUBLIC IMPROVEMENTS, BONDS, SALE OF; NOT TO BE SOLD FOR LESS THAN 90% OF PAR VALUE. All bonds issued under the next two preceding sections shall be advertised for sale on sealed bids, which advertisement shall be published once a week for three weeks in a newspaper published in the City of Sanford, Florida. In addition to the publication of said notice in a newspaper published in the City of Sanford, Florida, notice of said sale may at the option of the City Commission, be published once a week for two weeks in a financial paper, published in the City of New York or a newspaper of general circulation published in the State of Florida, having a population of not less than twenty thousand inhabitants according to the last Federal Census. If the bonds be not sold pursuant to Police shall serve the notice. He shall return a copy of the notice, with time and manner of service endorsed thereon, signed by the person serving it, to the City Clerk who shall such advertisement, they may be sold at private sale at any time after the date advertised for the reception of sealed bids. No bonds issued under the authority of Section 114 and 115 shall be sold for less than 90 per cent of the par value thereof, with accrued interest, and provided further, that no private sale thereof shall be made at a price lower than the best sealed bid received therefor.

Section 115. PUBLIC IMPROVEMENTS, SPECIAL ASSESSMENT, IRREGULAR OR DEFECTIVE. NEW ASSESSMENT MAY BE MADE. If any special assessment made under the provisions of this Act to defray the whole or any part of the expense of any improvement shall be either in whole or part annulled, vacated or set aside by the judgment of any Court, or if the City Commission shall be satisfied that any such assessment is so irregular or defective that the same cannot be enforced or collected, or if the City Commission shall have omitted to make such assessment, when it might have done so, the City Commission of the municipality is hereby authorized and required to take all necessary steps to cause a new assessment to be made for the whole or any part of the improvement or against any property benefited by any improvement following as nearly as may be the provisions of this Act; and, in case such second assessment shall be annulled, the City Commission may obtain and make other assessments until a valid assessment shall be made.

Lippy Confronted By Armed Robber

HOLLYWOOD (AP)—Leo (Lippy) Durocher, former manager of the New York Giants, isn't bidding these days when he says "I was robbed."

He was knocking the garage door at his Beverly Hills home Tuesday night when a voice said:

"Don't move."

Leo turned his head just enough to see a man holding a pistol. Then Lippy did a rare thing.

"I said nothing. I was too scared to talk," he said. "The gunman said, 'Give me your money.' I gave him \$50. All I had on me. If I had had \$1,000 I'd have given him that."

Durocher, now a \$20,000-a-year NBC executive, said his wife, actress Laraine Day, was asleep in the house.

'56—the Year to Fix

Repaint - Repair - Repay - With FHA

How to bring your home up-to-date - Here are some of the ways to improve your home: Make needed repairs - Add a bedroom or nursery - Add a bathroom - Add a porch - Enclose your porch - Modernize your kitchen - Modernize your bathroom - Insulate walls and ceiling - Replace your roof - Add insulated siding - Paint your home - inside and out - replace your screens - Build a garage - or other needed repairs or remodeling.

You don't need cash - just satisfactory income and credit rating - The cost can be handled in easy monthly payments.

Communism Has Made Big Advances

WASHINGTON (AP)—In the decade just ending — 1945-1955—communism on the march, has made tremendous advances. The West trying to stop it, has lost ground.

Question for the 15 years: Will the West, particularly the United States, find a way to roll the Reds back or even keep them from advancing another inch? No one can claim his guess is good on this.

Since the beginning of 1945 between 700 and 800 million people have been brought firmly under communism by force: the European satellites, Yugoslavia, China, North Korea, North Viet Nam in Indo-China, Outer Mongolia.

The Reds won nowhere in free elections. They latched on to some places — the satellites — during the war. Others they took afterwards by civil war: China and North Viet Nam. Red governments have been established in all of these since the war.

Whereas the West shaken the Reds' grip once they took hold. In a few places it stopped them when they reached out to grab. Nevertheless, Red tactics forced a monumental change in American thinking.

The United States abandoned its historic isolation and got up to its neck in world affairs and foreign

alliances. It made alliances in Europe, Asia, Latin America, the Pacific. Since 1945 it has handed out over \$1 billion dollars in aid to friendly countries.

There is no doubt the military alliances and the economic help stopped the Reds from even greater success.

No one can rightly doubt the Reds will use force again when they think they can get away with it. But in this decade West and East have developed such fantastic

other in all-out war. For that reason the Reds may try a softer, but more tedious approach. For instance, by still and persuasion and promises of economic help, which they're using now in the vulnerable areas of Southern Asia and the Middle East.

One thing is certain: the Communists will keep on pushing in one way or another. What isn't certain is whether the West can stop them.

New Medical Discoveries

By HENRY H. HENNING, M.D.

NEW drugs, treatments and procedures are causing the latest developments of medical science. Our monthly review of medicine today concerns:

Use of patients' blood to relieve post-operative problems. Tests conducted with four adolescent boys and girls gave varying results. A 15-year-old girl required no analgesic during 26 weeks of treatment.

A 16-year-old boy reported muscular cramps on 12 per cent of the nights during the 26-week test.

Patients were instructed to avoid fluids within three hours before retiring. Just before going to bed, they inhaled a large amount of moist well-lime each night. The patients' staff reportedly acts for from five to 10 hours.

A new elastic bandage maintaining the same pressure when applied to a sprained limb even during swelling. The manufacturer reports that it never binds or constricts, but actually gives with the swelling.

Anesthetics. Nitrous oxide and oxygen mixture, a common

nerve system stimulant, is reportedly useful in the treatment of post-operative nausea and vomiting, muscular cramps, and other symptoms, especially in the aged.

Administered by mouth, it is obtained through a doctor's prescription.

Dulcinea Tablets, a steroid hormone preparation, is for use in rheumatoid arthritis, arthritis, bronchial asthma and various inflammatory skin diseases. It is taken by mouth.

Available in bottles of 20 and 100. It can be purchased only through a doctor's prescription.

Common sense answers

Mrs. L. G.: My daughter has just recovered from a severe case of infectious mononucleosis, and is contemplating marriage in the near future.

What danger is involved in the event that she becomes pregnant shortly thereafter?

Answer: It is not likely that infectious mononucleosis would cause any difficulty in the event that your daughter should become pregnant.

C. L. Menser Tells Woman's Club Group Of Electronics

The Sanford Woman's Club held its regular monthly business and luncheon meeting at 12:30 Wednesday Jan. 4, at the Club House with C. L. Menser as guest speaker.

The session was called to order by the president, Mrs. F. Meriweather and the usual routine opening followed. Announcements were made and reports read. Mrs. W. H. Rucker, parliamentarian told the club how to vote for the new officers. She explained as follows: first, president, then second vice president, and third vice president. The nominating committee was elected and two from the board were appointed by the president.

Mrs. George Willis and Mrs. Charles Dawson were selected and the three elected from the club were Mrs. James Lee, Mrs. L. E. Spencer and Mrs. John Eick.

The tables in the room were decorated for the 12 months in the year. January was represented with noise makers and a 1956 doll; February; a valentine heart and hatched and cherries; March; clover leaf and crosspieces and a kite; April; an Easter basket and eggs; May; the Ky. Derby with three race horses and a maypole; June; a bride, doll and diploma; July; flag, fire crackers and sparklers; August; beach bucket and sunglasses with sea shells; September; boats, slate, pencil and paper; October; Halloween horn, and noise makers; November; turkey on pins, an Indian on horse; and December gift package, Bible and Santa with a Christmas card. All the arrangements were beautifully done and centered on the tables to cause much comment.

Guest speaker C. L. Menser talked on Electronics, Radio and TV. He is on the teaching staff at Stetson University. "We are in an electronic age," he told the group. "Radio presents many good and bad shows. TV shows many things educational and some programs not so educational."

"We are Heterogenous (people of different taste) and there is a tremendous radio audience as well as TV audience. In this electronic age we take radio for granted. Our pattern of life has been changed much since the oil lamp stage."

He went on to say "Now radio and TV are causing electronic era to move fast. Incredible things have been accomplished through radio industry taking for example the tape recorder and sound tape."

"Tape magnillon, sound and pick up along with the picture and recording are in one machine. Then come the three dimension pictures and color TV. Yes, the electronic age is truly among us."

Hostesses for the event, Mrs. Willis J. Peacock Jr., Mrs. David P. Lanier, Mrs. C. L. Redding, Mrs. Roy Parlin and Mrs. Douglas Sten-

Personals

Mr. and Mrs. Ed Kirchhoff and children, Valeria and David have returned from Bradenton where they spent the holidays.

Robin O. Brown, son of Mr. and Mrs. R. S. Brown, returned Sunday to Middlebury College, Middlebury, Vt. where he is a member of the freshman class after spending the holidays with his parents at their home on Scott Ave.

Wurt W. Warner has returned to his home on W. 19th Street after being confined to the Orange Memorial Hospital for 10 weeks.

Dr. and Mrs. Arthur E. Corey of New Orleans, La. are spending two weeks at the home of the latter's mother, Mrs. Julius Dingfelder.

The many friends of Mrs. F. D. Scott Sr., the mother of F. D. Scott, will regret to learn of a fall that has caused her to be hospitalized.

The friends of Mrs. Richard Packard will regret to learn that she is now in the hospital.

Jimmy Wright who has been spending the Christmas holidays with his parents Mr. and Mrs. J. A. Wright, 405 Elliott Avenue, has returned to the Baylor School for Boys, Chattanooga, Tennessee.

The members of the Safety Patrol and the girls that work in the office had their pictures taken Wednesday for our year book, The Sally.

A wonderful opportunity is before the kids who want to save. Stamps are being sold and if we have the change buy enough to cash in and get a bond. Let's take our chance.

The Junior Chamber of Commerce representatives have the students information concerning the teen-age driving roder. Mr. Flamm and Mr. Peterson told the students that the date was set for the next Thursday morning, Jan. 12. The driving will be held then and the afternoon is for the written test.

Those interested are asked to fill out the applications and hand them in by noon, Wednesday, Jan. 11. Several awards will be given to all participants. Cash awards will be received by the winner or winners. Also for the winner will be an all expense paid trip to Tampa, to participate in further activities of the Driving Rodeo.

A Poem:
To get in the swing
Listen Here You'll
Don't let the bell ring
While you're in the hall.
Don't ever be late
Or you will find
You just won't rate
With the teacher so kind.
John Clarke is one
Who's always on time
But he has lots of fun
Now what else will rhyme?
I hear the bell ring
So I guess I'm late
While writing this THING

I've signed my fate . . .

strum served a delicious luncheon to the group attending.

Seminole Hi

By MARGARET MOORE

It seems like everyone had a good time during the holidays most of the recent Seminole High graduates came home from college or from jobs held out of town. The little town of Sanford was buzzing with activity and most of it was caused by the teenagers.

A lot of them had jobs to buy their best fellows or gals a "special" gift. Now that school is in progress again it seems that quite a lot of jewelry and new clothes are walking around. Santa was good to everyone by the looks of things. Randal Lavender has a nice looking yellow sweater he claims Santa sent him. It sure is pretty.

It has been rumored around that several of the senior girls have made resolutions concerning eating sweets and drinking Cokes at the morning break. Could be they are trying to lose weight. It's also been said that these two girls are going to take up horse back riding weekly. (To help their figure). Is this correct Sara Jacobson and Joyce Ray Rock?

Mary Ann Wright hasn't quite decided to join them yet. She is going to wait a while and see how things turn out.

Some of the students have taken up the hobby of playing cards. The two most popular games are "Hearts" and "Spit". They're both nerve racking games and take brains to play. Iva Vieno has been said to be pretty good . . .

Christmas Eve brought a surprise to Rubie Nettles. A small package but big in love and spirit. A diamond ring from her one and only, Gene Nichols. Congratulations kids, you sure are lucky. Still talking about Christmas gifts, Pat Dunn got a great big fuzzy white coat from Paul Brady and Janice Kinlaw got one from Bud Davis.

Janice's is baby blue. Both are lucky girls.

The members of the Safety Patrol and the girls that work in the office had their pictures taken Wednesday for our year book, The Sally.

A wonderful opportunity is before the kids who want to save. Stamps are being sold and if we have the change buy enough to cash in and get a bond. Let's take our chance.

Virginia Carroll, E. Fawcett
Wed Dec. 28 In Rollins Chapel

Miss Virginia Elizabeth Carroll, daughter of Mr. and Mrs. Henry Curtis Carroll of Orlando, and Edward Spencer Fawcett, son of Mr. and Mrs. Edgar O. Fawcett of Lake Mary, were married in the Frances Chapel of Rollins College, Dec. 28.

The Rev. Theodore S. Darrah performed the double ring ceremony at the afternoon, candle-light service.

The bride, given in marriage by her father wore a waist-length gown of chantilly lace over bridal satin. The portrait neckline, fitted formal sleeves and pointed bodice were embroidered with seed pearls and the flare of the skirt carried a wide tulle tier. A half hat of chantilly lace held her ringlets in place and she carried a white prayerbook, topped with a white orchid.

The maid of honor, Miss Phyllis Lockwood, was gowned in waist-length, iridescent green taffeta. Soft folds of the material outlined the neck and the princess skirt was fashioned with a wide tier. Her flowers were white chrysanthemums.

Haynes Bumby was best man and ushers were Richard Carroll, brother of the bride and James Hickman.

White chrysanthemums were used on the altar and white satin ribbons marked the family pews.

The traditional wedding marches were played on the organ of the adjoining Knowles Chapel.

Immediately following the ceremony a reception was held at the Winter Park Women's Club. White flowers decorated the refreshment tables where punch, tiny sandwiches, nuts and wedding cake were served.

For the wedding the mother of the bride wore a rose satin brocade suit, with white hat and her carriage was white carnations. Mrs. Fawcett, mother of the groom, chose a silvergray brocade with a black half hat and her carriage was also fashioned of white carnations.

For going away, the bride wore a gold ensemble with tan accessories and the orchid from her prayerbook. The newlyweds, who are seniors at Rollins, will live in Orlando for the remainder of the year.

Attending the wedding and reception from Lake Mary were Mr. and Mrs. Clyde Fluke, and Mr. and Mrs. P. D. Anderson.

Spotlight On Hollywood

HOLLYWOOD UP — Remember the old song "Harris Doesn't Live Here Anymore"? Well, that applies to Ann Sheridan, one of Hollywood's most durable glamor girls.

Ann now spends all of her leisure time in Mexico City, where she has a home. She also owns a home here, but occupies it only while she's working in films.

Why this double residence? "I fell in love with Mexico long ago," she reported. "I like the people and I like the living. It's much easier life, although it is changing somewhat. The northern culture has been moving in, and they have their ulcer and heart cases, too. It's not quite the gentle place it used to be, but it's still a lot more restful than the way of life up here."

Ann might spend all her time in Mexico except for the matter of earning a living. So she commutes to film jobs here, usually driving the long journey in her car. "It's a beautiful trip," she remarked. "The roads are getting better all the time."

She is here now for another burst of film activity. She was doing a TV drama for Screen Gems' Celebrity Playhouse. Next she goes to MGM to join June Allyson, Dolores Gray, Ann Miller and others in the musical remake of "The Women."

Ann is on the prowl for a TV series. She did a pilot film for one based on the exploits of a Las Vegas hotel press agent. But it struck resistance from sponsors who declined to foster a series that concerned gambling.

Dick Powell, producer-director of the musicalized "It Happened One Night," had a great idea for a scene in the film. While June Allyson and Jack Lemmon were recreating the famous hitch-hiking scene, he wanted to have Clark Gable and Claudette Colbert drive by.

"What are you doing?" says Gable.

"Trying to thumb a ride," says Lemmon.

"That'll never work; I tried it years ago," says Gable, driving off.

Powell proposed the idea to Gable and Colbert, who were delighted with it. But Gable's agents, the spoilsports, turned it down.

Be sure to remove all coarse stems when you are cooking kale, and wash the vegetable well in several waters. Chop the kale and cook it rapidly in a small amount of salted water, plus a little butter or margarine, until it is tender.

Nice for a snack: Start by peeling an apple. Cut the apple into 1/4-inch slices and remove a red-skin-inch round and dip in pineapple or orange juice. Make sandwiches of two apple rounds and one round of cheddar cheese. Serve with salted nuts and good hot coffee.

Camera Topics Foul Weather Shots Are Prize-Winners Too

"FOG IN THE PARK TREES"—by Jack Kilpatrick, Santa Monica, Calif., won first prize in the non-professional class in the 1958 Graflex Photo Contest. Taken with Speed Graphic.

DON'T put your camera away just because the sun isn't shining. This picture taken by a non-professional camera bug shows what can be done in foggy weather.

"Fog in the Park Trees" won first prize in the non-professional class in the 1958 Graflex Photo Contest. It has also won 12 salon awards throughout the country.

According to T. T. Holden, photo director of Graflex, Inc., entering contests can be a stepping stone to a successful career in photography. Another fine aid to photographic careers is the aid to photographic careers for the amateur is to join a good camera club. The aspiring photographer can get the necessary help and criticism from more seasoned members to bring him over the rough spots.

Taken with a Speed Graphic

Cancer Films Will Be Shown Friday

LAKE MONROE — Mrs. Marrs, president of the Lake Monroe Home Demonstration Club would like to extend an invitation to all the ladies of Lake Monroe and surrounding towns to the Lake Monroe School, Friday, Jan. 13 at 8 p.m. There will be two very informing films on Cancer. Also present will be a registered nurse and doctor to answer any questions that may be asked. No admission will be charged. Light refreshments will be served.

The Rocky Mountain bighorn is a wild sheep that never has been domesticated.

MEETING PLANNED
LAKE MONROE — The Lake Monroe P-T-A will have its first meeting of the new year, Tuesday, Jan. 10 at 8 p.m. There will be a round table discussion and the topic is "Learning Values in the School". Hostesses will be the fourth and fifth grade mothers. Everyone is invited to attend.

When taking a picture seek to develop "interest." Interest may be based on sentiment, drama, allure or mystery. The first group contains shots of pets, places, friends and things. Drama pictures are of a candid nature — action or sports. The third group includes pin-ups and glamour, while in the mysterious there are elements of fear, uncertainty, the unknown, even the supernatural. This picture would be classified under the "mysterious" heading.

All-American Girl Tops World Glamor In Eyes Of 1955 Males

By VIVIAN BROWN
The most representative sketch of these 1955 belles proved best with Grace Kelly's nose, Liz Taylor's hair, Ava Gardner's lips and Audrey Hepburn's eyes. Mr. Gunder molded the face to suit the features.

What is the American girl look? It is more than two-faced—it has four or five faces.

It is the pixie beauty of Audrey Hepburn. . . The sexy glamor of Ava Gardner . . .

Regal beauty like Grace Kelly's. And just plain beauty like Liz Taylor.

One quality all these popular '55 types had in common was ladylike charm. None depended on artificiality to boost her stock.

Poise was another quality that distinguished these girls from other females. As one connoisseur of beauty put it:

"I'm not supposed to be partial, but I'd say Ava Gardner is the sexiest type in Hollywood today. But it doesn't hit you with the thud brassy types exuded a few seasons ago. She's soft and kittenish but has a good deal of oomph at the same time."

The quiet reserve that Grace Kelly displays doesn't make her a cold type, according to another gentleman. He described her beauty by saying, "Man, she's cool"—which is about the warmest compliment a man can pay a gal these days, we understand.

Pixie-faced Audrey Hepburn has "understanding eyes" that appeal to one admirer. He says: "Hepburn's eyes make her different from other women. I'm a fellow that is for the eyes-are-the-mirror-of-the-soul analysis. It tells more about a woman than any other feature."

It looks as if eyes did have it in '55—all the popular girls had "beautiful eyes, wide apart and alert" according to one man.

When asked to single out the one best feature of Liz Taylor another beauty admirer was startled exclaiming: "How could it? She's perfect. Everything about her is wonderful!"

He doesn't think any woman could be more beautiful in any generation.

So much discussion ensued on how a girl would look with the composite features of these girls that AP artist Ed Gunder decided to shuffle them up on the drawing board.

Radio-TV Highlights

By CHARLES MERCER
NEW YORK (AP)—We Americans used to observe Christmas. Now we celebrate it.

The nation secretly sighs with relief when Christmas is over. Nearly everybody ate too much and many drank too much. Nearly all received too much and most wonder if they gave enough. There was much conspicuous consumption and vying for prominence; children debated over who received the better gifts, and suburban householders tried to string up more lights than their neighbors.

The lip service paid to peace on earth and good will toward men would have caused Isaiah to cover his face with his cloak and Jeremiah to raise both hands to heaven.

Television and radio shared in the general immoderation. Each station, network and program seemed bent on outdoing all others in pouring forth the same music and the same seasonal cliches.

By my count Charles Dickens' "A Christmas Carol" was seen or heard at least four times on national networks. It was too many. Dickens himself grew exasperatingly bored with giving readings of his story.

Nearly every program was assailed by a painful sense of necessity to do or say something about Christmas. Filled with food and a sense of peace and good will, one twirled the dial here and there seeking something that avoided the seasonal cliches. There was pleasant respite on NBC-TV in seeing "Assignment: India" repeated on the screen.

Yet this was an exception. Even Dr. Benjamin Spock, who normally talks intelligently about children over NBC-TV Sunday afternoons, was laboring Christmas. And on CBS-TV they were zealously burn-

THE MADDEST ARTIST ever to pick up a brush, Dean Martin and Jerry Lewis turn the comic book flood into a hilarious shamble in Hal Wallis' super-musical, "Artists and Models," opening Sunday at the Ritz Theatre. Shirley Maclaine and Dorothy Malone co-star with Eddie Mayhoff in the many team's biggest and most riotously funny film.

ing the yule log at both ends nearly all day long. Once I almost turned to Hopalong Cassidy, who was routinely rounding up bad guys.

Tuna fish goes fancy when you put it in a cream sauce thickened with egg yolks and add mushrooms, green pepper and pineapple to it. This way you can eat Tuna a la King!

The Sanford Herald

AN INDEPENDENT DAILY NEWSPAPER

SANFORD, FLORIDA

MONDAY, JANUARY 9, 1934

Associated Press Licensed Wire

Weather

Fair and continued cold today and tonight. Tuesday fair and slightly warmer. High today 53 to 56.

Duo-Pianists To Appear Here

The January issue of the Ladies Home Journal reveals the story of a young music team who will thrill their Sanford audience the night of Jan. 30 at the Pinecrest auditorium.

Nelson and Neal, the Australian-American two-piano team, travel from concert to concert in their own transportation, a black truck usually used for the delivery of milk or bread, trailed by a narrow van-like construction which carries the two pianos.

The truck has been redesigned into a one-room home in which the couple live and travel, and dream. They actually change into their "concert clothes" in their movable home which they park near the auditorium where they are to appear.

Twenty-four month old Johnny Murray Neal also accompanies his parents on their tour from September until May which includes from 80 to 100 concerts across the country.

Harry and Allison Neal will be in Sanford late this month, bringing with them the youngest, their unique van mobile and living quarters, as well as the two pianos which they use in their concert. Their home is in Paris, Tenn., where they live in a 100-year-old house with acres of grass, trees and flowers.

It will be interesting to hear Nelson and Neal because of their great accomplishment in music on two pianos it will be equally interesting to meet the young couple, both of them still in their twenties, who travel and live in such a unique manner.

Nelson and Neal, Australian-American two piano team will appear in Sanford for the second in a three-concert series of the Seminole Mutual Concert Association.

Arthur J. Pleva Takes Managership Of Auto Firm

Arthur J. Pleva, 37-year-old former Air Force Captain who had at one time made up his mind to become a military career man, has taken over as general manager of the Seminole County Motors Dodge-Plymouth dealership here in Sanford.

"Selling automobiles is nothing new to me," Pleva said. "I have been connected with the selling of Dodge and Plymouth automobiles and the Dodge Truck for ten years," he said.

Starting in the automobile business selling parts, and then advanced to a parts manager before getting into the selling of automobiles, Pleva said, "I think I know a little bit about what puts an automobile together."

Coming to Florida first in Orlando and then two years ago transferring to Sanford as a salesman, Pleva, who says he is usually known as "Art," revealed that "I find the location here, as well as the temperament of the people, much to my liking. People just don't forget you. So, I intend to make Sanford my home for the rest of my days."

The young automobile dealer executive says that "I will build my home here in the very near future."

Pleva is married and besides his wife, Margaret, has two children, a girl, Susan who is nine and a young son Mike who is seven.

"I plan no immediate changes in the Seminole County Motors organization," he said. "There is no need for a change in our nine-man organization," he added.

"However," said Pleva, "we have a service here to offer in Sanford and Seminole County... a service that we know will satisfy the maintenance needs of the best automobile and truck owner." He added, "and we offer what we consider the best automobile on the road today—the Dodge."

Pleva said that his hobby is model airplane building, and second to that, fishing. He said "I played hockey for the Pittsburgh Yellow Jackets, a semi-professional team."

"My former home," Pleva said, was Pittsburgh where, after completing high school I attended the Carnegie Institute of Technology."

Commission Faces Short Schedule At Tonight's Meet

A short agenda faces the Board of Sanford City Commissioners tonight at a regular meeting of the Board.

Three items appear on the agenda including a discussion with representatives of the engineering firm of Reynolds, Smith and Hill of Jacksonville regarding the possibilities of a feasibility report into whether or not the City of Sanford should distribute electricity.

Other discussions with the commissioners will be in regards to a water rate adjustment for Hunter Ice and Fuel and a request by the Salvation Army for a waiver of the license fee for the operation of a "thrift store."

Additional discussion will stem from miscellaneous business from the floor and from the City Commissioners.

Mrs. Robert Cox Reported Better Following Accident

Mrs. Robert Cox is improving, according to her husband, Robert Cox of Enterprise.

Mrs. Cox was badly injured in an automobile collision last Wednesday afternoon near DeBary as she was returning from a Women's Auxiliary meeting about 5 o'clock in the afternoon.

According to Cox, Miss Catherine Lynch, daughter of a former pastor of the Episcopal Church at Enterprise, was driving her car home accompanied by Mrs. Cox, when a car reportedly came out of an intersection and the two crashed head-on. Mrs. R. C. Dickerson, driver of the car that came out of the intersection, accompanied by several ladies who were uninjured, received a bad bruise and a broken thumb.

Mrs. Cox is confined to the Fernald-Laughton Memorial Hospital with her leg broken in three places.

Miss Lynch is also at the local hospital with a broken collar bone.

Railway Museum Director Searches For Old Pictures

The director of a Railway Museum was in Sanford Friday looking for old photographs of early woodburners operated on railroads at the turn of the century and earlier.

David Goodyear, an enthusiastic speaker of the earlier model of train transportation said, "I am seeking photographs of early locomotives for visual education displays in service during the years 1840-1890."

Goodyear said, "I would appreciate hearing from readers having any of these early photos." The Museum director gave his address as "Railway Museum", Box 52-D, High Falls, New York.

Tyner Being Held On Grand Larceny

Herman Lee Tyner, 21, and James Marvin Sparks, 17, both of Paola are being held in the Seminole County Jail on charges of Grand Larceny.

Constable J. Q. "Slim" Galloway said this morning that a series of sales and trades led him to the two men involved in the theft from R. H. White at Lake Monroe on Dec. 13.

The theft of two saddles, two saddle blankets and five bridles also involved an unnamed juvenile. The two men were apprehended yesterday, according to Constable Galloway and are being held in Seminole County Jail in lieu of \$200 bonds.

Complete Schedule Announced

A complete agenda for the District eight meeting of the American Cancer Society has been revealed.

Walter James, National Field Representative of the American Cancer Society, with offices in New York City, will be in Sanford for the meeting which will be held at the Mayfair Inn beginning at 10 a. m., Jan. 15.

Mrs. Ralph Hanzel, district director, will preside at the meeting with other outstanding officials attending the session taking part.

L. H. Peterson, of Tampa, executive vice president, Florida Division of the American Cancer Society will address the entire group on "The American Cancer Society—Its History, Organization, Purpose."

The Rev. Phillip Schlessman will offer the invocation at the luncheon with the introduction of visitors and officials welcome by Mrs. Julius Dingfelder, president of the Seminole County Unit of the American Cancer Society.

Others to be heard at the District Meeting are Volle A. Williams Jr., Assistant State Attorney, who will speak on "The Part Volunteers Have Played in Our History"; Mrs. Nat Bertram, Service Chairman of Orange County; Mrs. I. C. Johansen, Chairman of the Orange County Unit at Kissimmee; Mrs. Kay Patton, staff member of Orlando; Andrew Brachen, Public Education chairman, Seminole County; John Morgan, Campaign Chairman, Orange County; Mrs. William T. Graham, Osceola County Public Education Chairman of St. Cloud.

George S. Bradshaw, president of the Orange County Unit, of Orlando; Mrs. Anne Cox of New Smyrna Beach, chairman of the Volusia County unit; Miss Ruth Zimmer, District Field Representative of Orlando; Fred Kury of Melbourne, member of the Drevard County unit; Peter Schaal of Orlando, chairman of the Orange County Public Relations committee; and Mrs. Betty Lewandowski of Daytona Beach, chairman of the public relations committee for Volusia County.

George S. Bradshaw, president of the Orange County Unit, of Orlando; Mrs. Anne Cox of New Smyrna Beach, chairman of the Volusia County unit; Miss Ruth Zimmer, District Field Representative of Orlando; Fred Kury of Melbourne, member of the Drevard County unit; Peter Schaal of Orlando, chairman of the Orange County Public Relations committee; and Mrs. Betty Lewandowski of Daytona Beach, chairman of the public relations committee for Volusia County.

A district caucus of the Junior Chamber of Commerce will be held here in Sanford at the Mayfair Inn on Jan. 29.

Officials of the local Seminole County Junior Chamber of Commerce revealed that the program so far consists of a social hour from 1 to 2, a business meeting from 2 to 4, entertainment from 4 to 8, and dinner at 8 o'clock.

The Seminole County Junior Chamber of Commerce will be host for the district-wide meet.

Jaycee officials and representatives of Jaycee organizations from Groveland, Haines City, Leesburg, Bartow, Clermont, Mulberry, Orlando, Winter Park, Apopka, Lakeland, and Kissimmee are expected to attend the caucus.

Jaycee officials say that the district caucus "is held usually before the State Convention where groundwork is laid for district plans to be accomplished at the statewide meet."

Minor Accident Occurs Saturday On French Ave.

A minor accident on French Ave. Sunday morning shortly after 8 o'clock resulted in property damage estimated at \$125 and charges of "improper starting from a parked position" against one of the drivers.

According to the Sanford Police Department accident report, a 1930 Nash Sedan, driven by John James Murphy, 38, retired, of Lake Mary was being parked at the intersection of 9th St. and French Ave. when the driver noticed another parking space further up.

In pulling out to repark his car, he was hit on the left front fender and bumper by Leroy Tucker, 28, negro laborer of Sanford.

Murphy was charged with "improper starting from a parked position."

Patrolmen Arnold Williams and Ben Butler investigated.

\$750 Value Put On Oriental Robe

A Mandarin robe of the Ming Dynasty, probably about 180 years old, provided what is believed the most expensive dry cleaning job to be done in Sanford.

The oriental robe, brought to this country by Law Luster, a member of The Sanford Herald advertising staff, is believed to be valued from \$750 to \$1,000.

Complete Schedule Announced

A complete agenda for the District eight meeting of the American Cancer Society has been revealed.

Walter James, National Field Representative of the American Cancer Society, with offices in New York City, will be in Sanford for the meeting which will be held at the Mayfair Inn beginning at 10 a. m., Jan. 15.

Mrs. Ralph Hanzel, district director, will preside at the meeting with other outstanding officials attending the session taking part.

L. H. Peterson, of Tampa, executive vice president, Florida Division of the American Cancer Society will address the entire group on "The American Cancer Society—Its History, Organization, Purpose."

The Rev. Phillip Schlessman will offer the invocation at the luncheon with the introduction of visitors and officials welcome by Mrs. Julius Dingfelder, president of the Seminole County Unit of the American Cancer Society.

Others to be heard at the District Meeting are Volle A. Williams Jr., Assistant State Attorney, who will speak on "The Part Volunteers Have Played in Our History"; Mrs. Nat Bertram, Service Chairman of Orange County; Mrs. I. C. Johansen, Chairman of the Orange County Unit at Kissimmee; Mrs. Kay Patton, staff member of Orlando; Andrew Brachen, Public Education chairman, Seminole County; John Morgan, Campaign Chairman, Orange County; Mrs. William T. Graham, Osceola County Public Education Chairman of St. Cloud.

George S. Bradshaw, president of the Orange County Unit, of Orlando; Mrs. Anne Cox of New Smyrna Beach, chairman of the Volusia County unit; Miss Ruth Zimmer, District Field Representative of Orlando; Fred Kury of Melbourne, member of the Drevard County unit; Peter Schaal of Orlando, chairman of the Orange County Public Relations committee; and Mrs. Betty Lewandowski of Daytona Beach, chairman of the public relations committee for Volusia County.

Bradshaw, president of the Orange County Unit, of Orlando; Mrs. Anne Cox of New Smyrna Beach, chairman of the Volusia County unit; Miss Ruth Zimmer, District Field Representative of Orlando; Fred Kury of Melbourne, member of the Drevard County unit; Peter Schaal of Orlando, chairman of the Orange County Public Relations committee; and Mrs. Betty Lewandowski of Daytona Beach, chairman of the public relations committee for Volusia County.

A district caucus of the Junior Chamber of Commerce will be held here in Sanford at the Mayfair Inn on Jan. 29.

Officials of the local Seminole County Junior Chamber of Commerce revealed that the program so far consists of a social hour from 1 to 2, a business meeting from 2 to 4, entertainment from 4 to 8, and dinner at 8 o'clock.

The Seminole County Junior Chamber of Commerce will be host for the district-wide meet.

Jaycee officials and representatives of Jaycee organizations from Groveland, Haines City, Leesburg, Bartow, Clermont, Mulberry, Orlando, Winter Park, Apopka, Lakeland, and Kissimmee are expected to attend the caucus.

Jaycee officials say that the district caucus "is held usually before the State Convention where groundwork is laid for district plans to be accomplished at the statewide meet."

Minor Accident Occurs Saturday On French Ave.

A minor accident on French Ave. Sunday morning shortly after 8 o'clock resulted in property damage estimated at \$125 and charges of "improper starting from a parked position" against one of the drivers.

According to the Sanford Police Department accident report, a 1930 Nash Sedan, driven by John James Murphy, 38, retired, of Lake Mary was being parked at the intersection of 9th St. and French Ave. when the driver noticed another parking space further up.

In pulling out to repark his car, he was hit on the left front fender and bumper by Leroy Tucker, 28, negro laborer of Sanford.

Murphy was charged with "improper starting from a parked position."

Patrolmen Arnold Williams and Ben Butler investigated.

\$750 Value Put On Oriental Robe

A Mandarin robe of the Ming Dynasty, probably about 180 years old, provided what is believed the most expensive dry cleaning job to be done in Sanford.

Cold Weather Suits Are Order Of Day

Lt. L. M. MILLSAPS of VAH-7 receives a letter of commendation from Capt. J. T. Blackburn for outstanding performance in aircraft emergency. (Official Photo, U. S. Navy)

Outstanding Duty Citation Awarded

Lt. Lewis M. Millsaps, USN, was commended by Capt. J. T. Blackburn, USN, Commander Heavy Attack Wing One for outstanding performance of duty as set forth in the following citation:

"On 21 December, 1933, as plane commander of AJ-2 Bureau Number 314038 when, without any warning the airplane's port engine lost off and fell into the sea. Lt. Millsaps' superb presence of mind, expert knowledge and fine airmanship averted the loss of the airplane and kept his crew from the hazards of bail-out over the icy North Atlantic. Lt. Millsaps' prompt action when the trouble started and his bringing the crippled airplane into a safe landing are in keeping with the finest traditions of Naval Aviation and of the Service."

Lt. Millsaps and the crew members of Heavy Attack Wing One Squadron VAH-7 and were en route from a 3 months tour of duty in the Mediterranean in their new home base at NAS Sanford. When the mishap occurred about 30 miles offshore from Boston, they were flying at 10,000 feet headed for Palustrine River, Md. A sudden vibration was felt in the port engine and about 7 seconds later, the port engine tore off and fell into the sea.

Lt. Millsaps landed his crippled airplane at Boston Airport utilizing a long runway and the jet engine which had been started to stabilize the aircraft. No injuries to personnel nor additional damage to the aircraft was experienced except two tires were torn to shreds as the plane dragged to a stop on the cleared runway.

Crew members of Lt. Millsaps plane were Lt. (jg) John B. Weigand, 3d bombardier, from Detroit, Mich., 1st Class Machinist Nick W. Maros, M., of Rockville, Pa., and Machinist Guy R. Gerofalo, 22, of Brooklyn, N. Y. Lt. Millsaps lives at 1518 E. Second St., Sanford, with his wife and three children.

First Federal Closes Best Year

The First Federal Savings and Loan Assn. just closed its best year in serving the people in this county, according to Howard Faville, president, who pointed out that the total assets of the organization on Dec. 31 were \$5,918,400 and compared with \$4,337,800 on the same date last year.

During the year \$2,430,500 was credited to savings accounts, representing an increase of over 38 per cent above the 1933 figure. It was said, Faville pointed out that the total sum in saving at the close of the year was \$5,485,400 and the association at it's three per cent a year dividend rate paid savers over \$142,000 in dividends in 1933.

This encouraging inflow of savings, the loan association executive said, enabled First Federal to lend \$1,944,300 to assist in the building, repair and purchase of homes in this county and in the area immediately north of Lake Monroe. The comparable figure for 1933 was \$1,200,400.

In commenting on the growth of the thrift organization its president showed his satisfaction that the Board of Directors had increased reserves from \$318,500 to \$424,500, a total of 32.4 per cent. He said that loans are being made on what is considered to be a conservative basis because the officials

Below Freezing Reported Ice Coats Ground In Many Places

Overcasts, muffers, sweaters and cold weather paraphernalia were in evidence this morning as winds blew a cold wave over the Sanford area.

E. J. "Bud" Moughten, local weatherman, said this morning that the temperature was 31 early this morning and at 8:45 a. m. the temperature had gone up two degrees and was set at 33.

Other reports continued to come in during the morning. Sandy Anderson, manager of the Sanford State Farmers Market said that the temperature at the market was 31.

A report from southeast of Sanford, from the Henry Shymacher farm, said that temperatures there were 29.

W. Brown Miller, east of Sanford, reported a temperature of 33 at his place.

Sandy Anderson said "We got through the last one with very little damage but right now I don't know what's going to happen."

In Sanford proper, local weatherman, said this morning that the temperature was 31 early this morning and at 8:45 a. m. the temperature had gone up two degrees and was set at 33.

Three VAH-5 Pilots Expected To Earn First In Exercises

Three pilots of Heavy Attack Squadron Five are expected to earn another "first" this week by landing their AJ "Savage" aircraft aboard the USS Forrestal during current Atlantic Fleet exercises.

Lt. Comdr. Cyrus Pitts, Robert Tucker and Robert B. Williams Jr. left the USNAAS this weekend to participate in flight exercises aboard the Navy's giant super-carrier.

This will be the first time the AJ's have been operated aboard the Forrestal class of carriers.

From the Forrestal, the Savage Sons of Sanford will transfer to the USS Intrepid for a week of intensive carrier qualification operations utilizing the training received during recent Field Carrier Landing Practice sessions at the USNAAS.

Rev. D. Carnifix Bases Sunday Talk On 'God's Bankers'

The Rev. David S. Carnifix, pastor of the Christian and Missionary Alliance Church spoke on "God's Bankers" yesterday morning.

Excerpts from the Rev. Carnifix's sermon revealed that "every working day many thousands of people enter a bank somewhere and do the usual banking business."

The bank then becomes the custodian for the money and is responsible for its safekeeping, reasonable investment, and proper disbursement.

"This provides an analogy of Christian Stewardship. We are God's Bankers. Into our hands God has deposited the resources of His created possessions. This makes us the custodian of the things that belong to God. We then are responsible for the safe-keeping, the reasonable investment and the proper disbursement of the deposit—whether it be wealth, time, or talent."

"All the references to giving, tithing, and sacrifices in the Scripture really show the principle of stewardship at work rather than originating the addresses of it. The principle was practiced long before Moses wrote down the Law of God for Israel. These same principles are operative today just as much as they were then in the Old Testament tithing was in addition a sacrifice and offerings in the New Testament our Lord gave endorsement to the same obligations when he said to the Pharisees that they ought to contribute to tithing and to do the weightier thing of love, judgment, mercy, and faith also (Matt. 23:23)."

"What a precious privilege it is to be one of 'God's Bankers.' What untold joy there is in being a good and faithful steward! What rewards for those who practice stewardship."

Harry Westler's Latest Publication Is Now Available

A new song, written and composed by a Sanford musician, is destined to become another hit tune.

"I hope that the words and music will be hummed by everybody in the near future," said Harry Westler, as he revealed the new sheet music that will be placed into circulation here.

"Smile A Little Everyday" is the title of the new music piece that Westler says he dedicated to his two young nieces Joy and Lenja.

It is a song, says Westler, that can be used and sung by any group anywhere.

Asked where he got the idea for the new selection, Westler said, "It was while tuning a piano for the Presbyterian Church that the idea struck me. The words and the tune just wouldn't leave my mind until I had completed the composition of the music and the writing of the words."

Westler said "This is about the 50th piece of music I have written."

Next to his latest creation for playing and singing Westler said that his tune called "The Monkey Song" is written especially for the youngsters. "I got the idea for that one while visiting the Sanford Zoo," he said.

The modest musician said that "I have been playing a piano since I was nine years old." However, he revealed that the only time that he has ever played for a celebrity was in an Army production called "The Klaski Wacki Show" when he accompanied Dinah Shore in 1941 at Fort Bragg, N. C.

Folk in Sanford, back in 1940, heard another composition by Westler when the Seminole High School Glee Club was singing "My Rocking Chair."

ColC Directors Gather Tomorrow

The regular monthly meeting of the Board of Directors of the Seminole County Chamber of Commerce will be held at the County Department of Education Building on Commercial Ave. at 8 o'clock tomorrow night.

President George Touhy had urged every director to make a special effort to attend the meeting. In addition, has invited all of the committee chairmen to sit in and hear the discussion and reports from a full and complete agenda.

The tentative agenda includes a report of the commercial affairs committee; a report from the Central Florida Fair Exhibit committee; a highway report; Legislative and National Affairs committee reports; Annual Meeting committee reports; publicity and advertising committee reports; a report from the Industrial committee; and a report from the Florida Products' Festival committee.
