PAGE FOUR

For The Good of Sanford
City the eighth of December a member of the Sanford
City' Commission is to te elected. Aready two of the
 Sanford must have not a hot and bitter fight in its city
 ing and impede the progress of the community. We have
so much constructive work to do in making Sanford a great-
 he gainet by arraying one group of eitizens against anot her
group. We are united in our desire and nim to muke this
city one of the mout imput city the on the most important cities of the state. Why that will gain us nothing?
Orlando has pone th?
in which much political unimosity unpleasant city election upon a man for mayor. Without waust arroused ind indeciding
for some timo to come as a result of the mults-sling ings, char-

 office of city commissioner who is capmble nud honest and
who commands the respect numd confidence of his fellow cit izens. Suchl a man thould be elected withont hany ilihnt and
without any efforts being mule to cast reflect ion upon other caldiditatess
We believe the people of Sanforil, the besiness men of the
community, should put forth some special effort to avert
 welfare of the city could, get topether and select the man
bext fittenf for the important office.

# LOCH-ARBOR 

## The very name reveals its charm

1. Sunday afternoon while you are out driving make it a point to inspect the first section of Loch-Arbor. Entrance to the property now under development is directly opposite the DeForrest home on the Paola Road. Turn to the left and drive around on the roads that are being constrctued. Park your car as near to the club house as you can get and then walk down to where the waterfront lots are being bulkheaded. Notice also the island that is taking shape. Picture the view as it will appear a few months hence when beautiful homes will spring up on every hand. Conceive, if you can, the possibilities of development to be found in Loch-Arbor.

A mistake is not being made in making the building site in Loch-Arbor too small. The lots are all large. Suffice it to say that the smallest will have 75 feet frontage. Where in Sanford are home-sites of such size to be found? We think it better to have fewer lots to sell, than to have more less attractive to the individual wishing plenty of room for his country home.

It is surprising to note the number of Sanford people who have signified their intention of buying property in Loch-Arbor. It seems to us as if nearly everybody has selected this development as the logical place for their homes. It is a significent fact that our friends in Sanford realize the type of development that is in the making and that they hope to become property owners in the first section that will be placed on the market.

> The first actual and organized attempt to bring outside investors to this community by busses

We wish to make it clear, that our plan is to bring outside investors to Sanford from various tourist points in the state. We have purchased beautiful busses and they will be run to the east coast and to the west coast. Offices, representing Loch-Arbor, are be ing opened throughout the state, and as soon as the property is placed on sale, we believe many of the weal thiest tourists and those desiring something different in the way of beauty, of location, and waterways, will flock to Sanford to inspect Loch-Arbor.

Of course we want Sanford people to become proper ty owners in Loch-Arbor. We want our friends to build there and to live there. But we want it thoroughly understood that it is our intention to bring people from all over Florida to Sanford and to interest them in what we have to of fer. We believe little salesmanship will be required to convince those visiting Loch-Arbor of its superiority.

# Study Location and Reason it out- 

 OU WANT conditions about your home to be perfect. You want these same conditions to su rround your' investments. Location is paramount in bringing a bout these conditions, and that is why San Lanta is so eminently desirable.First, it is close to the center of the city.

Third, it is within three minutes of all schools, churches and the business
Fourth, it is the closest-in highly restricted property in or near the City of Sanford that has carried out all its promises of development
Fifth, prices in Section One will be advanced from 10 to 20 per cent on Dec. ist, and there are only a few lots left in this section
Regardless of all future development in residential property, San Lanta

# San Lanta <br> The Property for Disce:ning People

## Graceful Palms

 and Flowering HibiscusSANFORD Grove, like all other subdivisions, has a beatuiful program. For after all, what does location, and elevation and wide boulevards amount to if a subdivision is neglected from a beautifying standpoint? Sanford Grove is naturally blest with beauty, and with such stately pines as are to be found in few places. Nevertheless efforts will be made to make it even more so.

> THE beautification program of Sanford Grove calls for the setting out of a variety of 1 tropical plantings. These trees and shrubs are to be planted in the parkways found in front of every lot. Other flowers will be placed so as to lend color and to draw out the beauty that is there waiting for someone to enjoy it

WITH its magnificent trees which we consider one of the great assets of Sanford Wrove, its palms, its many colored hibiscus, its cther tropical foliage, its wide parkway, this development, we believe, will rank with all others in beautiful and attractive surroundings.

YOU have heen told this week of many of the special advantages of Sanford Grove Its majestic trees, its high elevation, its accessable location, its new boulevard, have each been stressed. We believe the average per'son will agree with us that these things, together with the beautifying of the property by the planting of tropical foliage will make Sanford Grove all that we say it will be, and more.

FINER lots can not be found, at prices that compare with those of Sanford Grove
$\$ 400$ will buy well located home-sites on graded streets, sidewalks in front of ever lot. Terms can be easily arranged, if purchaser so desires. While you are out driving Sunday visit Sanford Grove, and judge the property on its own merits. Then call and talk the matter over with us. $\$ 400$ isn't much money to invest in a lot in Florida, please remember that.
