Almost 600,000 Tons Of Steel Lost Due To Coal Strike Says Trade Paper

NEW YORK, Apr. 7 (AP)—Around 600,000 tons of steel "will have gone down the drain due to the coal strike" by the end of this week, the Iron Age, metalworking trade weekly, said today.

The publication said this was "almost enough to support a third of the direct steel requirements for the first year of the Marshall Plan."

"The ERP will get its steel—the current steel loss will come out of the hide of the steel consumer in this country."

The industry's operating rate this week was placed tentatively at 80 per cent of capacity, with prediction it would sink below 70 if the mine shutdown continues into next week.

Steel firms made a "rugged gamble" with precious coal stocks to keep their operations going in the past few weeks, the Iron Age said. It commented:

"In the final stages it may be costly to coke ovens, blast furnace linings, scrap supplies and general maintenance. When the miners return to work steel mills can put equipment back into operation with a minimum of delay."

By the Russian-controlled press in Berlin, Allied authorities have denied the accusations, Brig. General Charles K. Gault, U. S. Army, in a letter to Lt. Gen. Mikhail I. Dratvin, Soviet deputy commander, regarding Russian imposition of rail restrictions.

"We have not been advised of any traffic violations on our part. We are not aware of any use made by shady individuals of our military trains. We do not permit the use of military trains for such purposes."

"As is known," the statement said, "the U. S. A., Britain and France use planes and trains between Berlin and the western zones along definite routes."

"Soviet military authorities were responsible for keeping order on communications between Berlin and the western zones."

However, of late, in connection with hunger in Bizona there has been a great increase of illegal exodus from the western zone over the demarcation line into the Soviet zone by starving people.

"Furthermore black-marketeers, gangsters, spies and other criminals have exploited the lack of control on the demarcation line to enter the Soviet zone."

Geologist Reports On Farm Landslide

TALLAHASSEE, Apr. 7 (AP)—A state geologist said yesterday it was more of a "great big landslide" than a limestone sink of D. W. Pitts' farm near Greensboro last week.

Dr. Robert N. Vernon said his inspection of the land indicated floodwaters had supersaturated the ground, and an underlying Fuller's earth bed became very fluid. The weight of rocks on top squeezed it out and acted like a slide.

About five acres of sloping land "cascaded down the valley like a stream of water" and covered an additional three acres of Pitts' farm. It left a cliff more than 45 feet high on one side.

Drunken Suspects Get Drunkometer Test

CHICAGO, Apr. 7 (AP)—Motorists suspected of driving while drunk may argue with the arresting cop that they are sober—but not with the findings of the drunkometers.

"Drunkometers and similar devices for testing the intoxication of motorists now are in use in several cities. The American Municipal Association said they operate with great accuracy."

The test is simple. The suspected drunken driver exhales a measured quantity of breath into a rubber bag. The air passes through a series of tubes containing chemicals. The chemical reaction determines the alcoholic content of the blood.

Six shots of whiskey or six bottles of beer boost the alcoholic content of the average person's blood to 16 per cent. At that point, the association said, there is no question about intoxication.

## U. S., Britain Threaten Use Of Fighters

### Britain Says Russia's New Reply To Pro- tests Over Crash Is Unsatisfactory

By ASSOCIATED PRESS  
Britain and the United States threatened again today to use fighter escorts for planes over the Soviet zone of Germany unless the Russians give more assurance of air freedom along the international corridor to Berlin.

A British spokesman said the Russian's new reply to British protests on the air collision of a Soviet fighter and a British transport Monday was unsatisfactory and the British once again might alert fighters.

A U. S. spokesman said that, if the British call in fighters, the Americans will do likewise for their air transport.

The British spokesman said Marshal Vasily D. Sokolovsky's reply indicated the Russians would not assure the safety of planes entering Berlin and thus weakened the oral assurance he gave when he expressed regret Monday for the crash incident.

Arab officials in Jerusalem said an Arab Jewish army commander, Abdul Khader Huseini, cousin of the exiled Mufti of Jerusalem, was killed in an assault which retook Mount Kastel from Hagana, the Jewish militia. The Jews had held the position for six days against constant attack, in an attempt to keep open a supply high-

Greater Interest  
Is Reported In  
Local Realty

Greatly increased interest in Sanford and Seminole County real estate, especially in lake frontage, may be attributed in some measure to the recent publicity given to the city by Arthur Godfrey, CBS commentator, and by J. Ball, president of the Sanford Board of Realtors, declared today.

Among the recent deals reported by Mr. Ball, and handled by his organization were the sale of two cottages near Lake Irene by John and George Holden, bulldozers, to Mr. and Mrs. Howard Van Neste of Cleveland, Ohio. Lake Irene is between Sanford and Orlando and near the Orlando highway.

Purchase of 70 acres near Bingham Lake, 600 yards from the highway in the northern part of the County by Mr. and Mrs. R. M. Kahr of Maryland, and the site is being cleared for a new home and for a bird sanctuary, Mr. Ball reported.

Other deals reported by Mr. Ball are: sale of the S. L. White eight room home at Lake Mary to Harry M. Huff of Salem, N. J.; sale by Mr. Ball of four lots to John Dempsey of Detroit, Mich. who plans to erect a home on Crystal Lake Avenue.

Associates assisting Mr. Ball are S. D. Hightman, salesman Mrs. Beatrice Huffman, assistant secretary of the Sanford Board of Realtors and Miss Catherine Rivers, secretary of the firm.

Fred Bender, realtor, yesterday reported that B. D. McIntosh of Altamonte Springs had sold the one story, stucco on hollow tile building at the south-west corner of Fifth Street and Sanford Avenue to Howard Boteler of Lake Mary.

## U.S. Asks Americas To Reduce Tariffs

BOGOTA, Colombia, Apr. 8. (AP)—The United States asked other American nations today to reduce tariffs and eliminate restrictions to their national trade. The U. S. delegation proposed sweeping amendments to an economic plan now before the Pan-American Conference as a means of promoting world economic prosperity.

The suggested modifications are part of a plan to encourage the flow of private U. S. capital to Latin-America and increase inter-American trade.

Argentina offered to finance the creation of an inter-American bank to aid in Latin-America's economic development. The Argentine delegate said his country is willing to offer capital to establish the bank.

## 20 Passengers Make Czech Plane Land In Germany

### Pilot Is Forced At Gun Point To Sur- render Controls

MUNICH, Germany, Apr. 8. (AP)—Twenty Communist Czechs reportedly Tuesday boarded a Czechoslovak National Airlines plane, took it over and flew it to the U. S. zone of Germany.

"We wanted to get away from the Communist regime," one of the group said.

MUNICH, Apr. 8. (AP)—Twenty passengers aboard a Czech transport plane revolted and forced its pilot into the U. S. zone of Germany Tuesday, Czech authorities said today.

The Czech National Air Lines, plane with 26 aboard, landed without warning at an American base near Munich.

The plane was en route from Prague to Bratislava, Slovakia. Acting Czech Consul Karer Dvorak said the pilot was forced at pistol to leave the controls and was locked in the plane's toilet.

A former Czech pilot who once flew the plane, said today.

## Man Blows Self To Bits By Dynamite

LOS ANGELES, Apr. 8. (AP)—A lonely, frustrated old man blew himself to bits yesterday with a crudely-fashioned bomb that wrecked the offices of the state industrial accident commission.

Four persons were injured by the explosion.

## Slayer, Mother Barred From Seeing Infant

### Woman Is Convicted Of Manslaughter In Death Of Daugh- ter, 2 Years Of Age

LOS ANGELES, Apr. 8. (AP)—Mrs. Shirleen Kunin, convicted slayer of her two-year-old daughter, was ordered barred today from ever again seeing her month-old son, born while she awaited trial.

The same bar, Superior Judge A. A. Scott ruled, applies to Mrs. Kunin's husband, Lawrence, a 27-year-old Beverly Hills salesman.

The juvenile court judge ordered the baby, Steven Dale, a ward of his court and sternly declared:

"This is an unfit home by reason of neglect, cruelty and depravity of the parents. This baby has the right to grow up and not be treated worse than a cur dog."

Mrs. Kunin was sentenced yesterday—her 25th birthday anniversary—to serve one to 10 years in prison for the death of her daughter, Denise. She was convicted of manslaughter in the death of the child following a spanking.

Mrs. Kunin and her husband were in tears when the ruling was made.

The order came after Deputy District Attorney Adolph Alexander, who prosecuted Mrs. Kunin, was asked if the husband had been linked with any mistreatment of their daughter, Denise, who died Dec. 15.

The prosecutor said there was testimony that Kunin had been present on some of the occasions. He added that Beverly Hills police officer testified that Kunin had said:

"I beat the baby about a week (Continued on Page Eight)

## Crippling Effect Of Coal Strike On Parts Of Nation Is Reviewed

PITTSBURGH, Apr. 8. (AP)—A state-by-state check today revealed at least 562,000 workers were idle in the 25-day old soft coal walk-out.

The bulk of these were members of John L. Lewis' United Mine Workers—400,000 in the soft coal fields demanding \$100 a month pensions and nearly 25,000 eastern Pennsylvania anthracite miners who walked out this week in sympathy.

The other 137,000 were in related industries crippled by the continually increasing coal shortage. At least 70,000 railroaders were furloughed together with 45,000 steel workers.

Iron Age estimated that by the end of this week the coal walk-out will have caused the loss of 600,000 tons of steel.

Pennsylvania had the largest number idle in related industries—about 25,000 not including the anthracite workers. Bethlehem Steel Corp. took the brunt of the cutbacks with 22,500 workers laid off at its Bethlehem and Johnstown plants.

Illinois listed 18,000 to 20,000 workers made idle.

West Virginia had 17,000, Alabama 13,500, Ohio 13,000, Virginia 11,500, New Mexico, 11,000 and Maryland 8,000.

Other states in which coal caused idleness ran 1,000 or more were New York 4,150, Indiana 3,700, Kentucky 3,500, Massach-

setts 2,100, Utah 1,800, Michigan 1,800, and Tennessee 1,000.

There was a sprinkling of layoffs also in Colorado, Missouri and Wyoming, and several states were shut out of coal.

Every day brought new cutbacks in the steel industry.

Bethlehem Steel banked a fourth blast furnace at its Johnstown, Pa., plant, making four of seven idle.

The firm said 13 of its 23 open hearths now are shut-down. One Bessemer converter had been taken out and 11 rolling mills were shut down, cutting production to 90 per cent of normal.

The plant has 2,500 idle.

Bethlehem's plant at Lackawanna, N. Y., banked another blast furnace and shut down six open hearths and five rolling mills. This leaves three of the plant's six furnaces operating and nine of its 28 open hearths with operations at 50 per cent.

A spokesman said "if the strike continues on Page Eight)

## Coal Operator Raps Lewis On Labor Charge

### UMW Chief Is Facing Contempt Action For Ignoring Order To End Coal Strike

WASHINGTON, Apr. 8. (AP)—Joseph E. Moody, head of the Southern Coal Producers Association, said today he will file a charge of unfair labor practices against John L. Lewis' United Mine Workers.

Lewis already is facing contempt action for ignoring a court order to end the 24-day old soft coal strike. That order also directed Lewis and the mine owners to negotiate the miners' pension dispute, which touched off the strike Mar. 15.

UMW officials and operators, including Moody, started the talks yesterday and continued them this morning. But a wage developed over Moody's sultriness as the President of the association to sit in the bargaining conference.

Afterwards Moody told reporters he has asked Attorney John C. Gall to proceed at once with a charge of unfair labor practices against the union and its negotiators.

Moody was not present during the skirmish with Moody, but his lieutenants said he "ought to be here at any time."

Moody thought the union committee was using the argument over his (Continued on Page Eight)

## President Truman Seeks More Funds For Air Defenses

### Former Legislator Near Death From Vicious Beating

PUBLICER SAYS HE  
FOUGHT CORRUPT POLI-  
TICIAN IN NEWSPAPER

WASHINGTON, Apr. 8. (AP)—Secretary of the Navy Sullivan said today President Truman will ask Congress to more than double appropriations for merchant ships to help meet a shortage of vessels essential to national security.

Sullivan told the House Merchant Marine Committee that the most severe shortages are passenger liners and tankers which could be converted to military service.

WASHINGTON, Apr. 8. (AP)—President Truman asked Congress today for an immediate appropriation of \$75,000,000 for expansion of the Air Force.

The House Appropriations Committee, to which the President's request was directed, called a special meeting for this afternoon to consider the request. It plans to report to the House next week a bill carrying the new funds.

The additional money is for use during the fiscal year starting July 1.

The President last week notified Congress that such a request would be forthcoming. It is part of an additional \$3,000,000,000 to be sought for overall defense purposes for the next fiscal year.

Of the \$75,000,000 requested, \$150,000,000 would be in cash and \$500,000,000 in contract authority. (Continued on Page Two)

## Candidates Air Views At Local Political Rally

### Large Crowd Gathers To Hear Campaign Issues Discussed

An overflow crowd jammed the court room of the Court House, gathered in front of the building, and parked in automobiles in the vicinity last evening to hear candidates for the Legislature and county offices voice their qualifications and state their platforms.

A loud speaker truck, parked close to the Sheriff's office, carried the voices of candidates for blocks.

The program was given under direction of the Seminole County Democratic Executive Committee of which Andrew Caraway is secretary and James Lee is chairman. Mr. Caraway presided and introduced the speakers.

The crowd gathered at 7:30 o'clock in front of the Court House and was worked up to a fine pitch of enthusiasm by the half hour concert of marches and popular tunes played by the Seminole High School Band under the baton of B. E. Black.

J. R. Lyles, a former member of the State House of Representatives, and an active worker in the office, was the initial speaker on the program. He cited his record in office, including chairmanship of a committee on labor, and told of his work in (Continued on Page Eight)

## Candidates For Sheriff Address Jaycee Meeting

### Brady, Hickson, Mc- Tate, Walker Williams Speak

Candidates for Sheriff of Seminole County today spoke at the noon luncheon of the Seminole County Junior Chamber of Commerce on their qualifications for office.

J. Ross Adams was not present but E. E. Brady, R. J. Hickson, Percy A. Meo, Lewis A. Tate, E. E. Walker, and C. E. Williams delivered speeches in their behalf.

President Bradley Odham told the candidates that the Jaycees could not take part in supporting any candidates, but charged the organization that it is their duty to vote in the election.

George Williams, treasurer for the organization, presented B. E. Black, director of the Seminole High School band, a check for \$30 as the Jaycee's part of the funds derived from the recent donkey basketball contest held in the high school gym.

Odham declared that the 1948 membership drive for the organization will be opened on the night of Apr. 14 with a stag buffet supper. Alvin Odham and Richard Elsbury have been designated as a program committee for the supper. Three prizes are to be awarded to the ones selling the most memberships. The first prize is registration fees and \$100 toward expenses for the National Jaycee Convention to be held in Philadelphia in June. The other two include fees and \$50 for the State Jaycee Convention to be held in Miami.

A committee is planning a safety lane inspection to be entered voluntarily by motorists of the county to have minor checks out of their cars. The lane will be (Continued on Page Eight)

## Streetcar Music Approved 9 to 1 In Capital City

WASHINGTON, Apr. 8. (AP)—Washington streetcar music, once so one, aggressive rhythm with their riding. It's all theirs for the price of a short ride.

The Capital Transit Company installed 60 radio receivers on one bus line and one street car route as an experiment. Then it polled the customers.

Ninety-two percent said they favored the idea. It provided it wouldn't raise the ticket fare.

Before deciding whether to convert all of its vehicles into self-propelled juke-boxes, however, the utility firm has a big problem.

Boogie-woogie or Bach? Muted violins or cowboy guitars?

The clients who responded to the straw vote are not in harmony on the musical menu.

## Substitutes Urged To Replace Meats

NEW YORK, Apr. 8. (AP)—Many of New York's biggest and most popular eating places, experimenting on a substitute for meatless Tuesdays, have been reducing the number of meat dishes on the menu by 40 per cent while serving meat every day.

The Society of Restaurants reported last night that the three-month-old experiment has been a success.

Paul Henkel, president, told a meeting of the society the new plan encourages wider use of meat, substitutes and reduces waste.

## Mississippi Passes Workman's Aid Bill

JACKSON, Miss., Apr. 8. (AP)—The first workman's compensation bill ever to pass a Mississippi legislature was on its way to Governor Fielding L. Wright today.

The house finished work on the measure yesterday by concurring in senate amendments and sending the bill to the governor.

In another action the house passed to amend state of real estate from the state sales tax.

The bill provides that where agents have failed to collect the sales tax and turn it in to the state, they cannot now go back and collect it from persons to whom they sold the property.

Another measure exempts real tangible property and reduces the sales tax on funds to one per cent.

## Forest Fires Reported Raging In Louisiana

SHREVEPORT, La., Apr. 8. (AP)—Forest fires were reported burning between 2,000 and 3,000 acres throughout Louisiana and state Forester Ames Mixon described the situation as critical.

Mixon said that at least 200 fires were burning in the state and that his department was powerless to fight them because of insufficient manpower and inadequate equipment.

The state forester said that the unusual dry spell during a period when forest fires usually taper off had caught the department unprepared. He said fires were burning in Bienville, Winn, Union, Allen and Rapides parishes.

Investigators are checking reports of incendiary fires in Bienville and Winn parishes, Mixon said.

## Request Is Part Of Additional Figure Sought For Overall Defense Purposes

WASHINGTON, Apr. 8. (AP)—Secretary of the Navy Sullivan said today President Truman will ask Congress to more than double appropriations for merchant ships to help meet a shortage of vessels essential to national security.

Sullivan told the House Merchant Marine Committee that the most severe shortages are passenger liners and tankers which could be converted to military service.

WASHINGTON, Apr. 8. (AP)—President Truman asked Congress today for an immediate appropriation of \$75,000,000 for expansion of the Air Force.

The House Appropriations Committee, to which the President's request was directed, called a special meeting for this afternoon to consider the request. It plans to report to the House next week a bill carrying the new funds.

The additional money is for use during the fiscal year starting July 1.

The President last week notified Congress that such a request would be forthcoming. It is part of an additional \$3,000,000,000 to be sought for overall defense purposes for the next fiscal year.

Of the \$75,000,000 requested, \$150,000,000 would be in cash and \$500,000,000 in contract authority. (Continued on Page Two)

## 3 Killed, Many Hurt As Tornadoes Hit Illinois, Indiana

CHICAGO, Apr. 8. (AP)—Three persons were killed and scores injured in tornadoes which skipped over sections of Illinois and Indiana yesterday.

Property damage was expected to run into the thousands of dollars. The heaviest appeared to be in the Calumet city area on the edge of Chicago and in the Gray Hammond, Indiana, district.

The tornado winds whipped over an erratic course through rural areas of northern and central Illinois and southern Indiana. Scores of homes and business buildings were damaged. Communications were disrupted.

The Federal Weather Bureau said the twisters hit an isolated area in the hills of thunderstorms which extended from Arkansas to northern Michigan. The thunderstorms moved eastward through the Great Lakes region, the Ohio Valley and into Kentucky and Tennessee.

Early this morning in the middle Atlantic states and there were scattered thunderstorms in the south Atlantic states. Snow fell in the Dakotas and Minnesota and spread eastward into northern Wisconsin and northern Michigan.

Miss. N. D. reported a force of 12 inches; Williston, N. D., 8 inches, and International Falls, Minn., 7 inches.

Oilmen To Dig Trial  
Well In Volusia Area

TALLAHASSEE, Apr. 8. (AP)—Paul S. Oles, Tallahassee oilman, said today he plans to start drilling an exploratory well in Volusia county "within the next 30 days."

The drilling site is about 12 miles west of Daytona Beach. Humbie, Margolin, Stansfield and Sun Oil Companies and C. J. Davidson, Fort Worth Tex., oilman will contribute to the expense of the operation.

They all hold acreage in the area and are helping to meet cost of the Oles well in return for the geological information it will reveal about the territory. Frank Bezon, attorney, who is handling the negotiations, said.

MISTAKEN MOTIVE  
JACKSONVILLE, Apr. 8. (AP)—Mrs. Larry E. Saville screamed when she found a strange man in her house, but she had to turn around and thank him for saving the place from a fire.

Robert L. Ayres, Marine Corps sergeant, was passing the house when he noticed smoke and flames in the kitchen. He broke open a screen door, wrapped a flaming frying pan in a table cloth and threw it outside.

Mrs. Saville didn't realize what was happening until fire engines arrived.

## Dewey, Smarting From Defeat, Bids For Farm Vote At Nebraska Polls

By HENRY LEADER  
EN ROUTE WITH DEWEY THROUGH NEBRASKA, Apr. 8. (AP)—Governor Thomas E. Dewey, smarting from defeat in Nebraska's primary, might knock vital props from under his presidential chances, made a full scale bid today for the farm vote in this agricultural state.

The New Yorker called for "home-rule" development of the Missouri Valley basin, federal price support of farm products, extensive soil conservation and maximum production of food.

The time has come," he said in a speech at a rally at Holdrege, "when we must establish a strong national policy. First against waste of our water resources, second against waste of our soil resources and third against waste of our food resources."

In Nebraska's Republican presidential primary next Tuesday he will be one of the candidates. He also is in the Wisconsin primary. He also is vying against Senator Robert A. Taft of Ohio, Governor Earl Warren of California, Senator Arthur

## League Fights To Protect Western Lands From Ruinous, Greedy Interests

CHICAGO, Apr. 8. (AP)—A fight to protect Western lands from "predatory interests" shaped up as the prime business of the Leas Walton League Convention today.

Kenneth A. Reid, league executive director, said the program to be developed at the 26th annual convention will cover the Dust Bowl, grazing lands and forest lands. The convention will close Saturday.

He identified as "predatory interests" fly-by-night "suitcase farmers" greedy for quick profits from the booming grain markets; the American National Livestock Association, a cattlemen's group, and the National Wool Growers Association, a sheepmen's organization.

"We're all for free enterprise," Reid said in an interview. "But free enterprise produced the dust-bowl of the mid-thirties. We're now building a western dust bowl (Continued on Page Eight)

### Army Day Services Stir Memories Of Many Combat Vets

By HAL BOYLE  
 NEW YORK (AP)—Memories are being stirred in millions of combat veterans this week by Army Day parades and ceremonies across America.

Mal General F. L. Parks, Army public information chief, suggested to former war correspondents that it would be a good time to reprint one of their favorite war stories.

Here is mine—a bouquet to the courage of an old professional soldier that time couldn't tame, KIA (killed in action) in the Normandy break through.

With American Troops in France—(AP)—Shorty came along way to die—and he came against the will of the Army. He had served for 27 years.

"Leave me tell you," he used to say, "I'll get these Germans."

That was back in the United States. Shorty had what most soldiers regard as a soft touch—a master sergeant's rating on a headquarters operations staff.

He had the reputation of eating young "shavetails" for breakfast, and every man in the unit was fond of this sawed-off, privy-raised little man with the salty vice and tough manner.

He was a good poker player, and after 27 years of selective

competition with the cards he had won the pay of enough buck privates so that he and his wife could afford more than "C" rations any time he wanted to hang up his uniform.

By although his health was poor, Shorty had no wish to get out of the Army. He was only five-feet-four, but he was all soldier.

When he learned his outfit was going overseas, Shorty had to fight a personal campaign to go along. He was the oddest man in the unit, and his friends didn't think his health would stand up under the strain of field duty.

"He had 111 things wrong with him—from varicose veins to arthritis," said Lieut. Edward Saxon of Los Angeles. "But he wasn't looking for a way out."

Shorty hated the Germans. He hated them in the last war, too, and won the purple heart and three wound stripes fighting them in France. He waved those wound stripes to clinch his point—that he had earned a "chance for a return front with the enemy."

"Leave me tell you," he said with a deeply serious look on his grumpy-like face, "I'll get those Germans."

Today a small group of officers who knew and loved the hearted little man stood around a deep near the frontlines and talked sadly of how the Germans finally got Shorty.

"We'd just taken a town," said his company commander, Capt. James Kuhns, Greensburg, Pa., "and Shorty and two other men heard there still was a German

machinegun-nest giving us trouble in one of the buildings.

"It wasn't the job of the operations sergeant to knock it out, but you couldn't keep Shorty from going after those Germans. He was armed with a pistol, but the two men with him had carbines. Shorty told them: 'Okay, I'll go out and draw their fire, and then you boys give it to them.'"

"He edged out but the Germans caught him with the first burst and mowed him down. He died before he knew the other men located and wiped out that machinegun nest. That was like Shorty—sticking his own neck out."

"Poor old Shorty," one officer said. There was silence for a moment, and then another officer laughed reminiscently.

"Remember the time that young lieutenant walked up to Shorty and told him to take his hands out of his pockets, and Shorty just looked at him and said, 'Listen, recruit—?'"

For a quarter of an hour they stood within a few hundred yards of the front lines telling legends of Shorty. They said he never knew his own age because he had no birth record.

"He was the best damned soldier in this division," said Major Nathan M. Quinn of Spencer, Mass.

Shorty would rather have had that sentence on a white cross over his grave than his own name—Sg. Joe L. Plotnick Billmore, Md.—because when he was alive he knew he was "The best

### Air Defense

(Continued from Page One)  
 zations for which cash must be furnished later.

The Army Air Forces would receive \$135,000,000 of the new cash and the Naval Bureau of Aeronautics \$60,000,000.

The bigger-and-better Air Force has shunted aside plans for Universal Military Training.

The serial expansion program moved forward in both House and Senate as lawmakers sought to balance manpower and money demands and yet provide the speediest and most effective national defense.

These were the developments:

1. The House Appropriations Committee hauled a \$775,000,000 Air Force bill onto the legislative highway with assurance from Chairman Taber (R-NY) of a fast takeoff. Taber assigned top priority to this item in the \$3,999,000,000 asked by President Truman to augment the \$11,000,000,000 already budgeted for defense. The extra Air Force funds are for aircraft purchases, research and development.
2. Rep. Clason (R-Mass.) announced his Armed Services Subcommittee would begin hearings on legislation to expand the Air Force from 55 to 70 combat groups.
3. The Senate Armed Services Committee weighed a "formal request" by Secretary for Air Symington for a 70-group Air Force.

Members of the Senate Committee confided after the closed door session yesterday that they are considering linking the Air Force expansion with a temporary draft. They indicated UNT action would be delayed for the time being.

### Mother-Slayer

(Continued from Page One)  
 before she died."

Mrs. Kunin was convicted last Saturday of manslaughter by jury of seven women and five men.

She was charged with beating the girl, who succumbed to a skull fracture. Mrs. Kunin and her husband contended the boy fell from a bathpans. An autopsy surgeon said the baby also had a broken vertebrae, bruises and other injuries.

Judge Scott, during the juvenile hearing, asked the parents to make any statements they wished.

Kunin repeated his earlier testimony in her defense that his wife loved the baby.

Mrs. Kunin told the judge: "I loved that baby. It wasn't unattended, as they said. I may have been impatient. But I have to live the rest of my life and remember this."

"I hope you'll never forget it," replied Judge Scott.

### Seminole Hi

By BOBBY PARK

Tuesday morning the Home-Economics Club sponsored a talent show to raise money for one of their special funds. First on the program was the band, playing two numbers. Second the Sextette performed and they were followed by Peggy Pippin who sang. Joyce Batts and Martha Chapman presented a novel skit of two girls attending a movie which was followed by Keith Schumaker who charmed the audience with his vocal presentation of a beautiful number. Last on the program was a dance by a professional ballet troupe composed of Phyllis Bach, Frances LaFol, Betty Jane Copeland and Peggy Pippin, whose delicate performance fulfilled the old saying about "Saving the Best for the Last."

Paying tribute to United States Army Day the Student Council had a brief speaker-program with Noble Pulin narrating the paper of recognition.

If the coming minstrel show isn't a huge success the citizens of Sanford certainly should be ashamed. In every civic event of major importance that comes up the first group the "committee" which is in charge of the program, calls on S.H.S.'s Band. That is only right. Under Mr. Black's direction the band is worthy of any program and it has certainly proved this through many concerts and civic events in which it has performed. In the Santa Claus Parade, in the Homecoming Day-Parade, in the Easter sunrise services, in the Army Day parade, in the political rally held Wednesday night, at nearly every game the football team played at home and in other towns, in a free concert held last winter, in concerts for various civic and service clubs, and in still other programs the band has more than fulfilled its obligation to the citizens of Sanford. Now it is the turn of appreciative citizens to return these favors by attending the Minstrel Show sponsored for the band's uniforms.

In nearly, if not every, instance in which they were called on the band has come through with a splendid performance. They have certainly proved that they are worthy of every ounce of attention you give them. But they need new uniforms desperately. There are too few and too inadequate uniforms at present and to a better representation of your community when our band visits other cities and for a better all-round band you should see this performance. You will certainly be getting your money's worth beside benefiting a worthy cause. A little money on the part of every civic-minded citizen invested in this worthwhile cause will be a sure investment in a bigger, better—and more impressive High School Band to represent your community and county.

John Root spoke at the Tuesday Key Club meeting on choosing a college. Every member benefitted by the talk, particularly the seniors, to whom the topic was more than "timely." The Club enjoyed the talk so much that they plan to have other talks by members of the club as part of each program. The Key Club is making special efforts to prepare for one of the best Mother's Day suppers the club has ever had.

The annual Glee Club Operetta, under Miss Whittle's direction, will be presented in the "very near future." The entire student body is anxiously awaiting this presentation of the Glee Club. The Glee Club sponsors those programs each Spring to raise funds to send the Glee Club to Tampa to attend the State Music Festival.

From the numerous practices each afternoon and evening we gather that the student body will be very pleasantly surprised with this performance. Why, even Wade Garner, torn between Glee Club loyalty and his responsible position in the hunt for Eder Hectaw, has gone to work to make this performance truly the "Best Yet" in S.H.S.'s Glee Club Operetta's.

### Legislator Beaten

(Continued from Page One)  
 automobile containing three men. Two of the men, both armed, leaped into McCabe's automobile, forcing him between them on the front seat. They beat him with an iron bar or spiked club, then drove about a mile where the beating continued.

McCabe said the men demanded \$5,000 and wanted to know if he kept that amount at his farm. He said he didn't have that much but offered them \$35 and a watch. The men then administered a further beating. He lost consciousness.

The attackers apparently were frightened away by an approach-

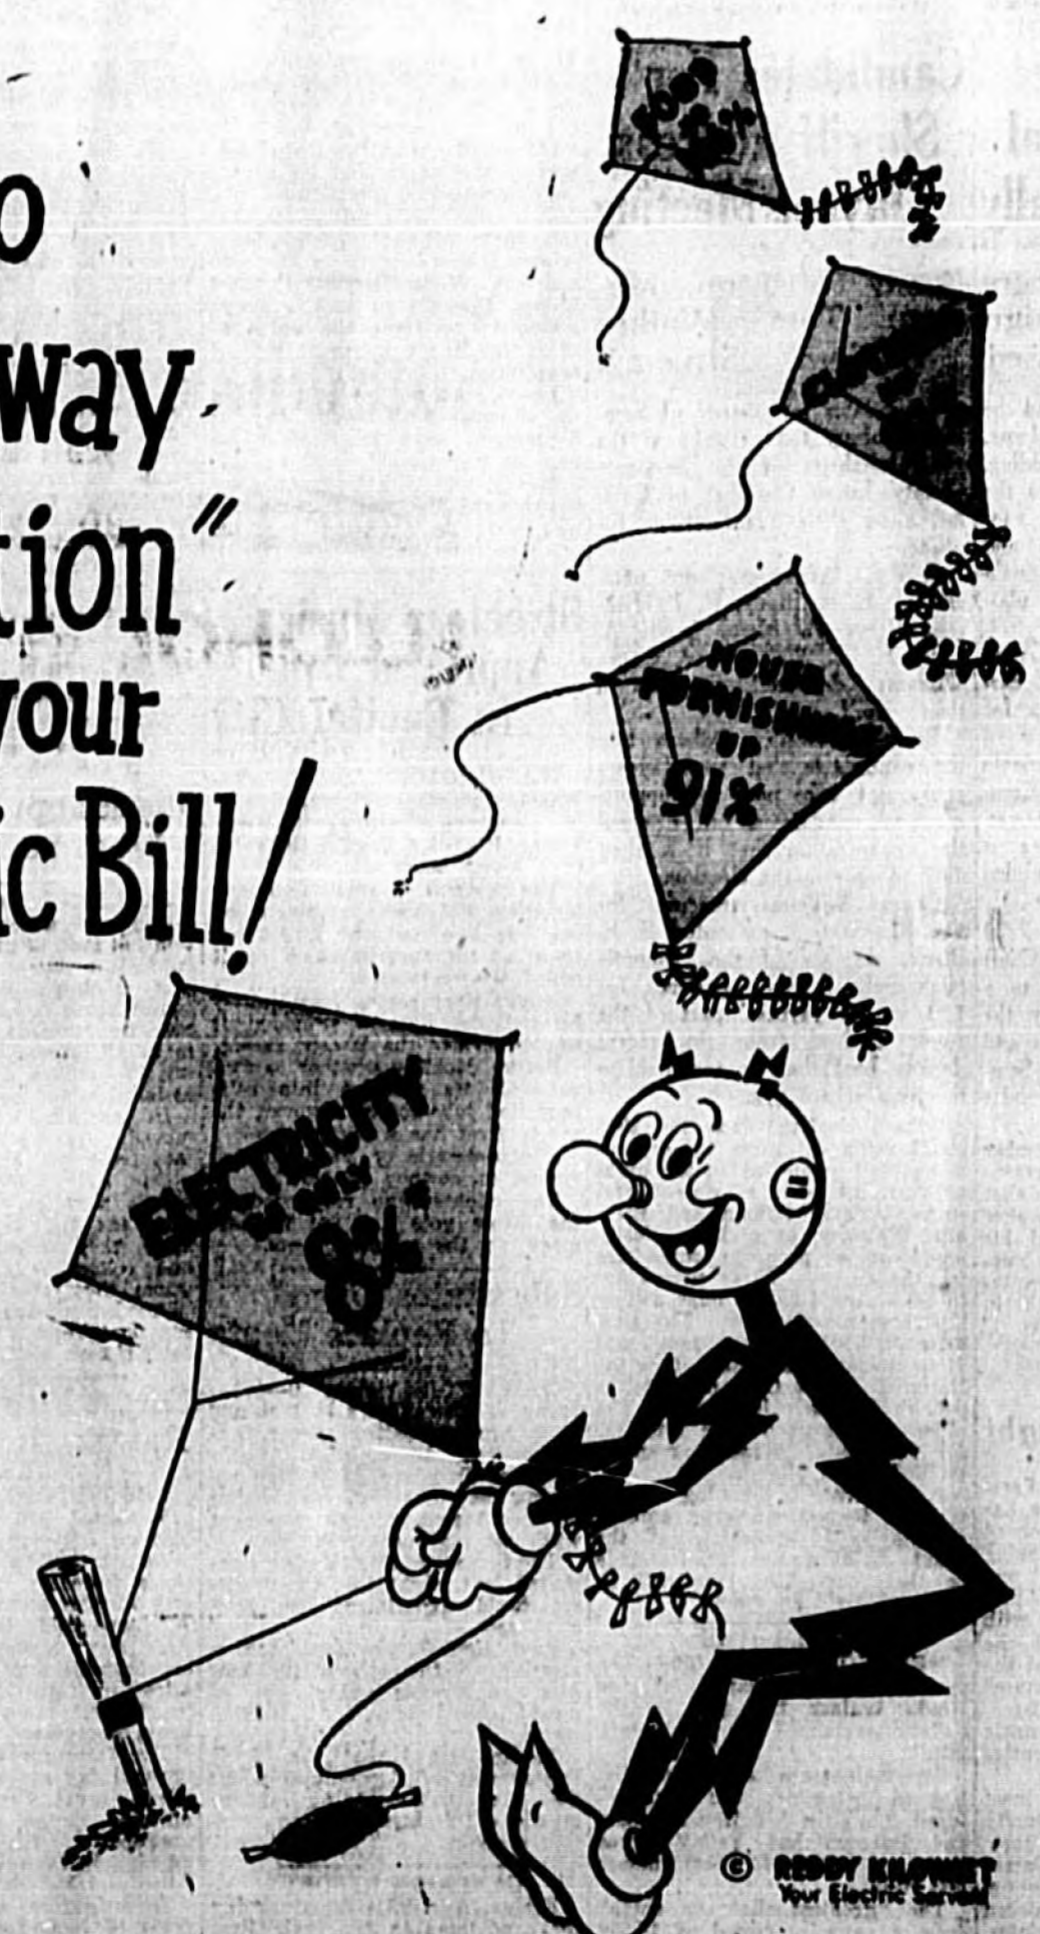

ing car. Elmer Rowley, dean of the Joliet Junior College, said he saw the attackers' car drive off. He heard moans and found McCabe unconscious in a ditch.

McCabe, publisher of the weekly "Spectator," is a candidate for a committeeman of Joliet's 46th precinct. He is seeking to unseat the incumbent, Alford E. Schupp, long a political foe.

The 15,000,000 patients admitted to U. S. hospitals in 1946 represented more than double the number admitted in 1936.

The per-pupil value of public grade and high schools in the United States increased almost three fold between 1920 and 1940.

On the average, a dollar's worth of electricity before the war cost only \$1.00 in March 1948.

### Czech Plane

(Continued from Page One)  
 flew with the British Royal Air Force took over the controls. The plane doubled back on its route and headed for Germany.

When the plane landed at the U. S. Air Force's fighter base at Neuberg the former RAF pilot asked which of the passengers and crew wanted to stay in the American plane.

Six persons, including the plane's original pilot and a woman, said they wanted to go back to Prague. Dvorak said he had issued visas for their return.

The six are believed in Munich by American authorities and are expected to return to Prague soon, Dvorak said. The other 20 elected to stay in Germany.

Dvorak said the transport still is at Neuberg. It was assumed the plane would remain there until pilots are sent from Czechoslovakia to fly it back.

Dvorak's statement dispelled a report of the Soviet-licensed German agency last night that the plane had been forced down by American aircraft.

The Nazis destroyed 70 per cent of their retreat from that country before the Allied advance.

NEW YORK (AP)—The number of deaths in the United States increased from about 1,000,000 in 1941 to about 4,000,000 in 1947.

In 1947 U. S. men industrial workers averaged 15 days loss of work because of illness, women 12 days.

### Whisky Producers Triple Grain Use Since De-Control

WASHINGTON, Apr. 8.—Whisky makers tripled their use of grain the first month after the end of Federal controls, a government report showed today.

The Internal Revenue Bureau reported the nation's distilleries used 201,083,489 pounds—about 5,200,000 bushels—of all grains in February. That compared with 66,319,552 pounds—about 1,680,000 bushels—in January, when controls were on.

Congress ignored a request by President Truman and Secretary of Agriculture Anderson to extend the controls beyond January. Anderson said he intended to set a limit of 2,500,000 bushels in February, which would have been just half the reported consumption.

Distillery grain usage in February, however, was far below that of February, 1942. It then totaled 386,663,000 pounds, or about 2,900,000 bushels, according to Revenue Bureau figures.

Corn and corn products accounted for more than half of all grain used by distilleries last February—156,811,94 pounds, or about 2,800,000 bushels.

Rye and rye products accounted for 18,399,492 pounds, or about 864,000 bushels. Use of wheat and wheat products amounted to 6,407,895 pounds, or about 104,000 bushels.

### Progressive League Urges Negro Vote

Colored residents in the county are being encouraged by the Seminole County branch of the Progressive Voters League of Florida to become registered voters, it was announced today by J. N. Gray, president of the county branch.

"We as voters hope to use the best of our judgment in selecting the best candidate for office," he declared. "We have no votes for sale; our votes are free and will be given to the best candidate."

Thomas Wilson is vice-president of the county branch of the colored organization, Timothy Wilson is secretary, W. D. Dingle is treasurer and the Rev. M. Caldwell is chaplain. Headquarters of the group is at 718 Celery Avenue.

### Rural Common Sense

By Sand Johnson

ENGINEERING JOURNAL TELLS IRONICAL FACTS OF SOIL CONSERVATION

Much has been spoken and written about soil conservation since this subject came into prominence a few years ago. However, an editorial in Agricultural Engineering recently summed up some of the ironies of the situation in a clear-cut manner and it is worth repeating here.

Conservationists are an unique and useful but unenviable minority in America, it said. To the extent that their efforts interfere with immediate individual profit by wasteful exploitation, they are positively damned as meddling in other people's business.

Soil conservation has won limited and grudging support only as a last desperate measure after the damage already done has become painfully obvious. As yet, few seem to see soil conservation as a phase of the conservation of human life.

Soil erosion may be measured physically in tons of the best topsoil.

It may be interpreted economically in terms of real dollar values slipping through the fingers of farmers.

It may be classified socially as one of those abuses of newfound freedom which helps to weaken the foundations of freedom.

Neglect of their soil by landowners just does not check with their reaction to other forms of capital losses. When one of their buildings is on fire, they don't ordinarily wait to see how far they can let it burn before trying to put out the fire.

And some farmers who are too civilized to deliberately leave their children or grandchildren in a burning building, seem to have little or no feeling about leaving them to the more prolonged agonies of a washed-out farm.

The only apparent answer is that these farmers, however much they may have heard about soil conservation, simply cannot or will not believe that the most valuable part of their farms is slipping away from them under their own eyes, without their seeing it happen.

RHILE VERSE TODAY

ANYONE CAN TALK TO GOD ON THE MOST INTIMATE TERMS. WE ALL ARE HIS CHILDREN AND WELCOME TO CONFIDE IN HIM AND TO SEEK DIRECTION TOO.—Gen. 21:17: God heard the voice of the lad.

Have you sent in your contribution to the Chamber of Commerce yet? If not, don't put it off any longer.

We see where a part of the Roosevelt estate at Hyde Park is about to be sold. Now here's a chance to pick up something really good.

Henry Wallace is not a Communist. He says so himself. But he is talking the same language as the Communists, and with the same reasoning. That says, or may not, be our opinion. But that is what Senator McGeehan, chairman of the Democratic National Committee, says. He ought to know.

Now that the Finns have signed a mutual defense pact with Russia, we wonder which will be the next nation to be invited to come to the aid of the Soviets. Will it be Finland's neighbor, Sweden, in the north, or Turkey in the south? Or will the Italian election on April 18 open up some new avenue for Russian treaties? Of only one thing we can be certain, that Russia has a nuisance value hardly second to Hitler's Germany.

Someone has said that Communism and Socialism are pretty much the same, that there is little, if any, difference between England and Russia. There may not be much difference as far as the production and distribution of goods is concerned, but there is a great deal of difference when it comes to political elections. In England you still have the right to run for office, to campaign and to speak freely. In Russia they have firing squads for that kind of foolishness.

The importance of state aid to municipalities is illustrated by the failure of a Jacksonville bond election the other day. It was proposed to issue ten million dollars worth of bonds for the improvement of streets and the construction of sewers which no one denied were needed. The bonds carried about five to one, but because fewer than 50 percent of the freeholders, voted the election was invalid. Under today's laws it is practically impossible for a city or county to issue bonds for any improvements.

The Army is asking for a Japanese recovery program like, but not quite as big as, the European Recovery Program. Of course it may not go through, but it looks as if it would. So we will be feeding the people who started the war at Pearl Harbor while their emissaries talked peace in Washington. The attack is to be turned into a watermelon and Uncle Sam will cut the slices. Japan will get her share. It's the first time in the history of the world that the victor paid all the costs of the war. We have reached a new high in something or other.

The importance of regional education with facilities for professional schools to the people of the South in general and to the negroes particularly is made apparent by a United States Public Health survey which shows that while the colored population increased 8 percent in the past ten years the number of colored doctors declined 5 percent. The report also shows that while there is one doctor for every 750 white people, there is only one doctor for every 3,377 colored people. As a consequence the colored death rate is 33 percent higher than among whites. And the highest toll is taken by tuberculosis and pneumonia, both of which can now be controlled.

We'll Take McCarty

During the past week or two we have listened to the speeches of all the leading candidates for governor. We have read a good deal of their campaign literature and studied their platforms. We have talked to most of them personally and have discussed them with other men in whom we have a great deal of confidence. After considerable deliberation we have reached a decision as to who in our opinion is the best qualified man for governor.

We are not quite sure exactly what characteristic or qualification of Dan McCarty has caused us to select him over one or two of the other more enlightened candidates. It may be because he is a young man, yet old enough to possess considerable experience and sound judgment. It may be because he is a business man, yet not such a big business man as to forget the little business man.

It may be because he is an adequate public speaker, yet embraces none of the flourishes or forensics of a Demagogue. It may be because he is a liberal without being radical, a conservative without being reactionary. It may be because he is an outstanding political leader, without being a professional politician.

In any event, we like the looks of Dan McCarty. We like the fact that he is a native son of Florida. We like the record he made at the State University where he was a skillful athlete, cadet colonel of the R.O.T.C. brigade, and an honor student. We like the independence he displayed during his three sessions in the legislature where he gained the confidence and respect of management and labor alike and where he was elected speaker of the house, the youngest man in history to serve in that position.

We like the promptness with which he gave up his business and agricultural interests and went into the service, even before Pearl Harbor. Starting out as a second lieutenant in the field artillery, he served in Africa, Italy, Germany, and Austria with the 7th Army, rising through the various grades to the rank of colonel, and winning the Legion of Merit, Bronze Star, Purple Heart and the French Croix de Guerre.

We like his platform. He is in favor of making the schools of Florida "the finest in the nation." He is in favor of flood control and water conservation. He advocates additional legislation to promote safety on the highways. He wants to enlarge the state advertising program in order to expand our tourist business and other industries. He supports a more adequate health program. He is in favor of only those taxes which are levied on an "ability to pay" basis and he promises a dollar's worth of good government for every dollar paid in taxes.

That's good enough for us. We'll take McCarty.

Two Million Letters

An interesting phase of the 1948 election campaign in Italy has been provided from the United States by the Order of Sons of Italy, an organization of Americans of Italian extraction. Some 120,000 members of the order have written more than two million letters to friends and relatives in Italy, urging them to vote against the Communists in the April 18 elections. Cablegrams are being promoted for the final days of the campaign.

From time to time various organizations of foreign-extraction groups in the United States have caused concern over efforts to influence American politics, concern usually based on a fear that such groups were operating on orders from abroad. It is unusual to find one of these organizations in an intensive effort to influence affairs in the old country.

Whether or not it has any important influence on the Italian elections, this letter-writing campaign of the Order of Sons of Italy is a manifestation of the satisfaction a racial minority group finds in the conditions of life in a democracy. The desire of Italians in America to sustain a democratic government in Italy is a high compliment to the American system.

Whether the method is wise or not is another question. May it not encourage individuals and organizations in other countries to make similar efforts to influence our own elections? Efforts of such nature are apt to be two-edged swords.

What Is Time?

One thing which does not interest a Chinese is time. For him the words of the Psalmist apply, "A thousand years are but as yesterday when it is past, and as a watch in the night." The present chaos is to him nothing more than what China has repeatedly undergone.

A royal house began, headed by a great ruler. He might be succeeded by one or more in his mold. Soon the emperors deteriorated, until misrule culminated in anarchy which might last half a century before another capable ruler took hold, and the cycle began again.

The Chinese republic dates from 1911, previous to which had been many years of governmental breakdown in the last days of the Manchu emperors. Fair progress was being made until came the eight years of war with Japan. By Chinese standards the delay in building up a sound governmental structure has not been undue.

Really to understand China, it is necessary to appreciate this fundamental variance between East and West as to the meaning of time.

Candidate For State Schools Head Speaks

Robert C. Marshall, candidate for state superintendent of public instruction was in Sanford Tuesday outlining his proposed education program.

The "Marshall Plan for Better Public Instruction," his platform, is built on seeing that every boy and girl be taught how to read, write and spell and that the same opportunity be given adults needing this training," Marshall said.

Marshall's father came to Florida in 1870 and set out a citrus grove near Crescent City. Marshall was educated at the University of Maine, the University of Florida, Howard College and at Syracuse University. He holds a Bachelor of Science degree from

Howard College, Birmingham, Ala. and a Masters in Education from Syracuse.

About 21 percent of American homes which were wired for electricity had vacuum cleaners in 1925 and about 51 percent had them in 1942.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

The Russo-Finnish mutual-aid treaty has been described by leading Finnish politicians as cementing the little Baltic Republic tighter into the eastern bloc but preserving the country's sovereignty.

On the face of it that would seem to be so. Certainly there is no question about Finland being more firmly bound to Russia. However, because of that very fact it strikes me the wish is father to the thought about preservation of freedom—just as it may have been in the cases of the fiercely independent states of Bulgaria, Romania, Yugoslavia, Hungary, Poland and Czechoslovakia. Look at them now, sweating under the Soviet yoke!

Anyway, let's examine this latest Russian move more carefully and not rush to conclusions. These are days when wishful thinking can be mighty dangerous.

In the first place, why should Moscow drop cave man tactics in dealing with Finland? Well, for one thing the Finns likely would prefer to go down fighting rather than accept servitude by treaty—and the Bolsheviks can't afford to stir up a conflict of that sort at this critical juncture.

The Communist rape of Czechoslovakia is still a horrifying subject of anxious discussion about the firebrands of Western Europe, and the Reds want to let the matter die down. The Scandinavian countries of Sweden and Norway, lying close to Finland, are on edge. So is Denmark.

Then, too, the Muscovites are anxious to put their best side forward for the benefit of the Italian Communists in the forthcoming national election. Control of Italy is a strategic prize without price for Russia in her drive to Communize Western Europe and thus dominate the entire continent. In lesser degree this also is true of France.

So Moscow is using Finland as a mirror to reflect the sun of Soviet beneficence and thereby blind free nations to what is going on. Actually the nature of the Russo-Finnish treaty doesn't alter one iota the fact that Moscow can take over the little country any time it wants to.

Of one thing we may be dead certain: There is no possibility whatever of Russia ever allowing development of a situation which would deprive her of control of Finland. That isn't merely a matter of a political aim. It's military.

Moscow regards Finland as an essential base for defense of Russia's northern wing. The Red line across Central Europe was consolidated when Russia took over Czechoslovakia. It remained to deal with the southern wings—Finland in the North, and the Iranian-Turkish-Greek zone on the South. Finland will have been taken care of if her parliament ratifies the new treaty. The fate of the southern wing is uncertain.

Then of course we mustn't overlook that Finland not only is a sentinel of the northern Baltic Sea but would provide a grand jumping-off place for anybody who wanted, say, to put heavy pressure on Scandinavia. You can bet your last dollar that Sweden and Norway aren't overlooking this fact. Neither are the other countries in that part of Europe and they are worried.

More than 10,000 lakes have been charted in the Minnesota lake region.

SANFORD FORUM

Editor Sanford Herald:
One of the candidates for governor seems to have the notion that he is the only fellow with a campaign issue.

To take issue means to disagree, but in this article it means something sent out, or something to issue in.

Mr. Colin English has worked with three governors and three cabinets. He is familiar with every phase of the Florida State Government.

I shall state a few of his campaign issues: education of our children, cities and towns, state sovereignty and taxation, efficiency and economy, public health, water control, conservation of game and fish, commercial fishing, state parks, forests, agriculture, livestock, citrus, road program safety (the chairman of the State Board controlling this agency, is the governor), business development and state advertising.

Other of his issues are: trade and commerce with our southern neighbors, aviation, labor and management, Florida, Tidlands, veterans, women in government, old age assistance, juvenile delinquency, social welfare, state institutions, institutions of higher learning, medical, dental and veterinarian schools, the state constitution and local control.

As a member of the State Cabinet he has always given his support to every constructive measure.

With the knowledge he has of Florida state government, I believe he will make us the best governor.

Social Calender

THURSDAY
The T.E.L. Class of the First Baptist Church will meet at 8:00 P. M. with Mrs. C. E. Houston, 511 Celery Avenue.
FRIDAY
Sallie Harrison Chapter, D.A.R. will meet at 3:00 P. M. at the home of Mrs. W. C. Hill, 1900 Magnolia Avenue.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Hamilton Scriven Owen of Tallahassee announced today the birth of a son on Apr. 2 in Tallahassee. Mrs. Owen will be remembered by her friends as the former Miss Katherine Thigpen.

Personals

Dr. and Mrs. J. N. Tolar returned yesterday from Atlanta where they spent several days.
Miss Mildred McIntyre left today for Miami after spending some time in Sanford with Dr. and Mrs. J. N. Tolar.
Mr. and Mrs. Gene Harrison and son "Dusty" are spending a few days in Sanford with relatives. Mr. Harrison is a student at the University of Florida in Gainesville.

Woman's Club Hears Miss Margaret Piper

Miss Margaret Piper of Orlando was the guest speaker for the monthly luncheon and business meeting of the Sanford Woman's Club held yesterday afternoon at 12:30 o'clock. Miss Piper is well-known in Central Florida for her lectures on foreign countries and had as her subject for yesterday "India," a subject for which she was especially fitted having formerly been a resident of that country. She told of the habits and beliefs of the Indians and of the objects they believe are sacred.

She spoke of the "gorgeous East" and stated that this phrase can be applied with complete fitness. She said that India is thickly populated with the population estimated at about 400,000,000 and asserted that the country has undergone so many changes in its long history that the land everywhere is full of historic associations and memories of departed dynasties. In closing, Miss Piper spoke of the new inventions in India largely through English influence.

During the business meeting reports were heard from various departments including one from the American Home Department on the subscription bridge party and fashion show. Resignations were read from Mrs. A. E. Shilstone and Mrs. Fred H. Williams as chairman and vice chairman respectively of the Home Department.

Hostesses for the luncheon which preceded the business session and Miss Piper's talk were Mrs. K. W. Fite, Mrs. Charles E. Ginn, Mrs. L. T. Doss, Mrs. F. S. Lawson, Mrs. Harry Lee, Mrs. H. E. Morris and Mrs. Eulankas Mrs. O. P. Herndon sponsored the lecture on India. Arrangements of multi-colored summer flowers were used in decorating the rooms of the club house.

Out-of-town guests for the following luncheon were E. Robert of Portland, Ore., guest of Mrs. Robert Cobb; Mrs. Oscar Harrison had as her guests Mrs. E. G. Petty of Folds Church, Va., and Mrs. R. J. Garner of Washington, D. C.; Mrs. S. G. Harrison, guest of Gloucester, Mass.; Mrs. Margaret Jenkins was the guest of Mrs. George Stine and Mrs. E. B. Clements had as her guest Mrs. Beatrice of Ocoee, Fla. Verice Adkins.

THE GARDEN GATE

Miss Mahoney Given Party At Long Home

Miss Frances Mahoney, whose marriage to H. B. Henley will be an event of Apr. 17, was honored last evening with a miscellaneous shower given by Mrs. Howard Long and Miss Ellen Mahoney. The party was given last evening at 8:00 P. M. at the Long home on Park Avenue. The party rooms were beautifully decorated with lovely arrangements of red roses and pastel petals.

Several progressions of bridge were enjoyed during the evening with the high prize being awarded to Mrs. Charles Ward and consolation to Miss Carol Stone. At the conclusion of the bridge games Miss Mahoney was presented with lovely and useful gifts from her friends. The gifts were brought into the room in a red wagon drawn by Linda Fitts and Wilky Ellerbe.

Late in the evening a delicious salad and sweet course was served by the hostesses to the honor guest, Mrs. Malcolm Higgins. Mrs. Helen Moser, Mrs. H. B. Williams, Mrs. J. A. Pender, Mrs. Wally Durrill, Mrs. Elizabeth Methven, Mrs. W. A. Fitts, Jr., Mrs. John Lee, Mrs. Ward, Mrs. Roy Frank Symes, Jr., Mrs. Max Rumbley, Mrs. Lee Peck, Mrs. W. B. Ellerbe, Mrs. Dorothy Powell and Miss Stone.

Polly Pigtail Club Has Monthly Meet

The home of Lynn Bauleman was the scene of the monthly meeting of the Polly Pigtail Club on Wednesday afternoon. Following a short business meeting refreshments were served. As their project for the week the members made shell peas and at the conclusion of the meeting an initiation ceremony was held for new officers of the club.

Those present for the meeting were Joni Sandola, Sandra Dunn, Paulette Cain, Nancy Routledge, Patsy Collins, Jeannette Cleveland, Rosemary Garner, Patricia Tooke, Betty Ann Sells, Barbara Cavatone, Peggy Wright, Ellen Lyon, and Lynn Bauleman.

# Sanford Plays Trenton Here Tonight

### No Admission Will Be Charged For Contest Which Is To Start At 8:00

By ARTHUR BECKWITH, JR. Herald Sports Editor

The Sanford baseball club will meet the Trenton, N. J., baseball club at 8:00 in the first exhibition contest played this year under the lights by the local club.

No admission will be charged for the contest, which will be a full nine inning battle between the local and Trenton teams.

Manager Hal Gruber's lineup is still in the "undecided" category, but it is likely that Ed Rosenkranz will open the batting, Lloyd Clifton at second, Johnny McManus at third and Vincent Mullins will work at the hot corner.

The Sanford catcher will be Len Matre, who was signed from the Giants Sanford baseball school held in February. The starting hurler will probably be right-hander Joe Schultz and he will be relieved by pitcher Jerry Creamy with Duddy Lake on deck to get the call if needed.

The Sanford outfielders are not set, and Manager Gruber will decide after the drill held this morning as to who will get the starting nod. There are seven youngsters bidding for outfield berths on the Sanford squad.

Manager Tommy Heath's Trenton Giants are one of the hottest clubs in the New York Giants training base here. They recently nipped the St. Petersburg Saints of the Florida International League by a 3-1 margin. This was the first defeat handed the Saints in nine exhibition contests.

Sunday the locals travel to Palatka to tangle with the Palatka Azaleas of the Florida State League. This will be the first meeting of the Sanford club with another member of the Florida State League.

Yesterday the Jacksonville Tars underwent another drill at the Municipal Airport and will complete their seasons here today, before leaving for Jacksonville for a game with the Seaside team tomorrow night. The Tars are scheduled to move to Jacksonville for a two game series on Saturday and Sunday with the Jersey City Giants and will open the Bally League schedule against the Jacksonville Tars on Monday night.

Eric Pa. lost a 4 to 3 battle with the Hickory N. C. Rebels of the North Carolina State League and Lawson, Okla. tied Chanute, Kan. in a 6 to 6 engagement.

### Gator Trackmen Open Home Meet Season Saturday

GAINESVILLE, Apr. 8. (Special)—Coach Percy Beard's University of Florida trackmen open their home dual meet season in Gainesville Saturday against Coach Forrest (Spec) Townes' University of Georgia Bulldogs.

There is an interesting story connected with the two mentors. In 1931 Percy Beard, running for the New York Athletic Club, in the NCAA meet, established a new world record for the 120-yard high hurdles when he stopped the distance in 14.2 seconds. Five years later at the New York Spec Townes lowered that mark to 13.7, a record which stands today and is shared by Fred Woodcut of Rice Institute.

The Gators dropped their opening meet to Georgia Tech in Atlanta last week by a 37-16 to 6-0 score, and will be looking for an entry to the Southeastern Conference win column here Saturday.

A pulled leg muscle may again keep Bill (Tiger) Adams, the St. Petersburg dashman, from entering the 100 yard dash, an event in which he set a new Florida relay record of 9.7 here three weeks ago. Adams will, however, enter the shot put and javelin events.

Headlining the Bulldog squad are high jumper J. H. Farr and pole vaulter Kenneth McCall, who tied for second and third respectively in their specialties at the Florida relays.

### Sports Roundup by HUGH FULLERTON, JR.

NEW YORK, Apr. 8. (AP)—Things were very quiet along the 40th Street "bench," with most of the men in Washington to see "The Rock" fight, but in his cubicle in the garden building Nat Fleischer was giving off ideas, as usual. "Everywhere they're trying to change boxing rules to prevent injuries and deaths," Nat said, "but there's no concerted action in the right direction. . . . They just make the rule book and the handling of a fight more cumbersome. . . . What is needed isn't new rules but strict adherence to and interpretation of the rules they have. . . . Taking physical examinations now the doctor gives a boy about ten minutes of superficial tests. . . . On the day of a fight he goes over the entire card of ten fighters in about an hour. . . . And most of them hesitate to reject a guy because they don't want to break up the card."

Sure Cure? Dr. Vincent Nardiello, who loses the examining here, has offered a proposal which Fleischer enthusiastically seconds as the best way of checking boxers' health. It is for the Athletic Commission to establish a clinic, with all the modern equipment and a corps of specialists who could be summoned by the director. . . . Each fighter would be required to undergo a thorough examination three weeks before the fight and the doctor would pay the cost out of boxing tax money. . . . That's okay for a city like New York, but how about the kids from the small towns. . . . They're the ones who'll get the least and need it the most.

Doggone Difficult If you can believe Alabama's track coach, John Jacobs, the Smokers will be running on hands and feet this week. . . . Disappointed at his team's showing in the Texas relays, Jacobs growled: "A dog can beat a man, so I'm going to put 'em down on all fours."

Sports Before Your Eyes All the signs floating in from Dodgeville indicate that Branch Rickey may be trying to cook up a deal for Pete Reiser. No telling where he'll go. . . . On the first day of Spring football practice at Minnesota, Bernie Higman called out a line that averaged 240 pounds from tackle to tackle. . . . Word from Louisiana is that when Earl K. Long takes office as governor, May 11, he'll fire the boxing and racing commissions and appoint new ones.

### Five Veterans Pace Pack For Masters Lead

By CHICK HUGHES AUGUSTA, Ga., Apr. 8 (AP)—Five veterans, two of whom have twice finished first—headed the betting odds as the twelfth annual Masters Golf Tournament began today.

Quoted at odds ranging from five to six to one are Bobby Locke, the South African star, Ben Hogan, Lloyd Mangrum, Byron Nelson and Jimmy Demaret. Demaret who first won this 72-hole event in 1946, is the defending champion.

The condition of the 6,800-yard national country club course favors the longer hitters because of the soggy fairways produced by recent abnormal rains.

There was little chance for the course to dry. Cloudy weather prevailed during practice preceding the first of four daily rounds of 18 holes. The final round is set for Sunday. Top money in the \$10,000 event is \$2,000.

Nelson who won in 1937 and repeated in 1942, has been playing well. So have Hogan and Locke. All were consistently under par during tournament play.

Mangrum rates a position in the select group as the leading money winner on the winter tour, which ends with this event. He has the tour's best stroke average—69.25 for 43 rounds, and won three of the eleven 72-hole events.

Chick Harbert one of the game's longest hitters, is the only other player on the tour to win more than one meet. He triumphed at Jacksonville and Charlotte. His practice performance and the fact that his driving will give him an advantage over the rest of the field of 57, stamps him as a darkhorse.

Another strong contender is Lawson Little, who had yesterday's best teeup round, a four-wood par 68.

Demaret hasn't played too well in practice but said yesterday he wasn't out to do any fancy scoring.

Since winning here a year ago, he has won only one other event—the Miami open in December. He and Hogan, however, won the Inverness four-ball tournament last July.

### Training Camp Notes

NEW ORLEANS, La., Apr. 8 (AP)—Johnny "Windy" McCall still is on the roster of the Boston Red Sox Louisville farm club, but he is carrying himself a thorough trial with the Sox. The right-hander allowed only one hit in six innings yesterday against New Orleans and drove in four runs with a double and a single.

BRADETTON, Apr. 8 (AP)—The Boston Braves headed North today along the homeward exhibition trail. They meet the Cincinnati Reds tomorrow in Florence, S. C., with Johnny Beasley and Johnny Sain due to pitch.

AUGUSTA, Ga., Apr. 8 (AP)—The New York Yankees stopped off here today to meet their Augusta farm team in the first of a week of exhibitions that will bring them to New York April 15. The squad left Florida in good condition with only three men still on the injured list.

ALBUQUERQUE, N. M., Apr. 8 (AP)—The New York Giants and Cleveland Indians were here today for the first of their 11-game cross country tour. The two teams wound up their Arizona stay in Phoenix yesterday as the Indians overpowered the Giants, 7 to 5.

ATLANTA, Ga., Apr. 8 (AP)—The Detroit Tigers are finding plenty of opposition from the Southern association clubs. The Tigers pounded New Orleans, but lost to Birmingham and then had to go 10 innings last night to beat Atlanta. The Tigers meet the Clevelands again today.

BIRMINGHAM, Ala., Apr. 8 (AP)—Jim Houser will start for the St. Louis Cardinals against Birmingham today, provided the Red Bids get here by game time. The team has been having trouble with rail connections because of floods. It played in Columbus, Ga., yesterday, whipping the Sally league Farmhands, 8 to 2.

CLEARWATER, Apr. 8 (AP)—The Philadelphia Phillies apparently have solved their first base problem and the St. Louis Cardinals obtained a deal involving Dick Slater and Ralph LaPointe. The swap, announced late yesterday, brings Slater to the Phillies in exchange for LaPointe and an unannounced sum of money believed to be around \$20,000.

### Second Derby Elimination To Be Run Tonight

The second Derby elimination will be run tonight at the Sanford-Orlando Kennel Club and the first four finishers will compete in the Derby final on Tuesday night in the first trial of the qualifying greyhounds were Nellie Gray, Bravo Life, Rule Harbar and Happy Leah.

The contenders marching post-ward and their box positions follow:

No. 1, Brother Hoque; No. 2, Texas First; No. 3, Old Gabe; No. 4, Sir William; No. 5, Dusty Squeaky; No. 6, Lady X; No. 7, Lucky Max; No. 8, Kahl.

The Derby final will be run next Thursday night with a \$500 added purse being awarded.

Tonight's card of 10 events will be given over largely to starting runners with seven races starting from the five-fiftieths of a mile box. Post-time for the initial contest is 8 P. M.

**Twelve Races**  
First Race-Post-time 8:00 P. M.  
Happy Harbar, Old Gabe, Blue Wip, Jr. Pay Day, More Pat, Blood Match, Penny Laffy, Chan's Last Hope.

Second Race-Post-time 8:15 P. M.  
Handsome Will, Billy's Best, Pidgeon Two, True Time, Jimbo Simbo, Flying Luck, Atlas Max, Scarce Stars.

Third Race-8:30 P. M.

Happy Leah, Blackline, Chief Gabby, Miss Squeaky, Hatcher's Hiball, Big Guide, Brainstorm, Whirlax Baby.

### Tigers Nip Cubs In Rotary League

The Tigers won a 5 to 4 contest from the Cubs yesterday in the Rotary Junior League.

Those participating in the contest for the Tigers included Ernest Polly, David Hester, Bob Robinson, Jackie Swain, Garnet White, Dick Butler, Eddie Senzack, Bobby Brown and Bobby Axt.

Cuba players were David Oglesby, Don Ludwig, Denny Stafford, Billy Tison, Charles Lansing, E. S. Smith, Walter South, Walter Graham and A. Moran.

Every day the human heart pumps nine to ten tons of blood.

### FI Loop Teams Move Around To Open New Series

By Gene Plowden Associated Press Staff Writer

Florida International League teams, their first opening games out of the way, moved around today to begin new series in the other four cities.

Miami Beach Invades Havana, Lakeland went to Miami, West Palm Beach visited St. Petersburg and Tampa moved to Fort Lauderdale to open the four game series starting tonight.

The league's heavy hitters, handicuffed by tight pitching the first two days of the season, found the range last night and scores mounted.

Miami Beach walloped St. Petersburg, 11-7. Havana beat West Palm Beach, 9-3. Lakeland edged Fort Lauderdale, 7-6, and Tampa nipped Miami, 6-5.

The night's firing left Lakeland and Havana dead for the loop lead with three wins and no defeats, while Tampa and St. Petersburg each had two victories and one setback.

Havana jumped into a three run lead in the first inning at West Palm Beach, knocking John Harrelson out of the box. The Cubans made 11 hits while Tony

### MELON FESTIVAL

LEESBURG, Apr. 8. (Special)—A staff of 15 publicity men and women in the town of Leesburg have completed plans for a publicity campaign of the Annual Florida Watermelon Festival to be held in Leesburg on June 16.

George Post, general chairman of arrangements, also head of the publicity committee outlined plans for committee meetings and designated the Leesburg Chamber of Commerce office as headquarters for festival information and news releases.

**COVERING THE GROUND**  
FORT PIERCE, Apr. 8 (Special)—Sinbad the Sailor rambed a lot, but never as far as Amman McClellan, aggressive candidate for the state office of Commissioner of Agriculture who, in the past four weeks, has travelled more than 12,000 miles in pushing his campaign.

The legendary Sinbad restricted his mode of travel to boats and birds and kindly breezes, but candidate McClellan of 1948 has expanded upon this idea and has added trucks, jeeps and airplanes to his quest for votes.

### GREYHOUND RACING

10 RACES NIGHTLY (Except Sunday)  
RAIN or SHINE  
POST TIME 8:00 P. M.  
Season Extends Thru April 19th

SPEAKS TONIGHT OVER RADIO STATION WTRR 7:15 P. M. ON "CENTRALIZED PURCHASING AGENCY"

Fur Farmers Seek Proper Labeling Of Fur Products

WASHINGTON, Apr. 8 (AP)—Now you take the gorgeous blonde in the mink coat—Or is it? That's the question American fur farmers want to settle, they told Congress. They don't care whether the blonde is real or blonde. That's her business. But they insist that fur should be unmistakably labeled. Joseph H. Francis, secretary of the National Board of Fur Farm Organizations, explained it this way to the House Commerce Committee yesterday. "Fur is one of our oldest products, but most Americans don't know one fur from another—and they're getting to know less each year because of the confusion over mislabeled products. The result, he said, is chaos in the multi-million-dollar fur industry. And the husband who thinks he's buying his wife (it says here) a mink coat may be getting something that used to hop around the lawn on Easter Sunday. For example, he asked, what would Chairman Wolverton (R-N.J.) think he was getting if he bought a jungle mink raccoon? Chairman Wolverton cleared his throat and rattled a paper. "Mink, you'd think you'd be asked 'No, sir. You'd be getting raccoon. Plain little old raccoon.' "But where does the jungle come in?" inquired Rep. Hale (R-Me). "We've got raccoons up in Maine, but no jungle. Francis shook his head. "I don't know what a jungle raccoon is or what jungle he's supposed to live in. I couldn't tell you." Citing other fancy names, Francis went on. "You'd think New Zealand seal would be seal, wouldn't you?" he asked. "No, sir. You'd be getting seal. Plain little old seal."

Western Lands

(Continued from Page One) most 100 per cent on the high forest watershed—and if you graze and log that off, it won't control water anymore than does a tin roof. The Cattle and Sheep Men's Association, he said, "are trying to keep the conservation services through forcing appropriation cuts and then howling about 'bureaucratic inefficiency.'" "They want to get control of the bureau rather than the land so they can have clear way to over graze and deforest the western one-third of our nation. "The first conservation action of Congress in 1891 did not even mention grazing privileges on public lands. The act of 1896 left it to the discretion of the secretary of agriculture and the graziers already have that privilege now. "Now these people want to buy these public lands under a formula that works out to nine cents an acre. "What we want is adequate appropriations for the conservation services with experts to control the use of these western lands. Reid said the primary problem in the West is protection of natural watershed, with timber production secondary. After that come grazing and recreation, he added. He contended that the two stockmen's associations "represent only a small minority that has a grab-bail attitude. The majority of westerners are with us but these two groups, are the most vocal." Approximately 800 persons are expected at the convention.

Berlin Crisis

(Continued from Page One) way from Tel Aviv to Jerusalem's Jews. Berlin's crisis appeared to be rising again. The Russian commander ruled out four-power investigation of Monday's crash and called the British version of the collision a slander. Marshal Vasily D. Sokolovsky, the Russian commander in Germany, blamed the British for the crash. He declared that unless he is assured the British will observe four-power flight rules, the Russians "will take measures for the protection of the safety of air traffic over the Berlin occupation zone." Sokolovsky did not say whether he intended to use fighter planes. The British and Americans alerted fighters for secret duty after the Monday incident, but rescinded the order when the Russians gave what the British called "a satisfactory explanation." The crash killed 14 aboard the British plane, including two Americans and the British flight pilot. A few hours later, Sokolovsky expressed regret. He assured the British the Russians did not intend to interfere with flights along the air corridor to Berlin. However, both Russian aviators who crashed the plane were held in custody and the British were told to get the plane out of Berlin.

Political Rally

(Continued from Page One) securing the services of an entomologist here. Making the Florida school system second to none in raising teachers' salaries, aiding veterans, and conserving natural resources, were the main planks in his platform. He added that he opposed a sales tax. Mr. J. Bradley Odham, incumbent, Mr. Lyles opponent in Group No. 2, voiced the hope that during the two years of office he had "done some good." He declared that some people seemed to think that the "bribe incident" had hurt his chances for re-election and quoted Polonius' advice to Laertes in Shakespeare's "Hamlet." "To thine own self be true and thou cannot then be false to any man." He stated that a public office is a public trust and that cheating cuts away the foundations of government. Mr. Odham told of his work on a five-man tax study committee which had saved the taxpayers \$10,000,000. In regard to a general sales tax, he said that he would oppose it, if you request additional improvements and votes to pay for them." He urged better school conditions, a larger share of State funds for Seminole County and a central purchasing agency for State supplies. Mrs. Lourine A. Heal told of the improvements made during her three years of service as supervisor of registration, including individual cards with data concerning every one of the 9,000 registered voters. She stated that she had studied registration laws, and endeavored to give assistance beyond the requirements of the office. M. B. (T-Bone) Smith, incumbent, and opponent in Group 2 for the House of Representatives, was introduced and extended his greetings to the audience. W. Hugh Duncan, also a candidate for registrar, said it was his 43rd birthday, that he had come to Sanford 23 years ago, that he had a wife and three children, and was interested in the affairs of Seminole County. He said that if elected he will keep the registration books in the Court House. The next group in barrage the loud speakers were the seven candidates for Sheriff, J. Ross Adams, E. E. Brady, R. J. (Jack) Hickson, Percy A. Mero (incumbent), Lewis A. Tate, E. E. (Ed) Walker and C. E. (Carl) Williams. Candidates for County Judge stated their qualifications, including the two young veterans and attorneys, Karlisle Housholder and O. Douglas Stenstrom, who were heartily applauded. The other candidates, including A. W. Ware, Inc. to four, John Leonard, veteran attorney, and former legislator, and Judge James G. Sharon, present municipal judge and former county judge, also drew generous applause for their talks. John L. Galloway told of his Army and civilian experience of many years with the A. C. I. Railroad, prior to appointment to fill the unexpired term of the late Tax Collector, Jno. D. Jinkins. Neil Smith, his opponent, cited his business qualifications as a merchant here for 28 years and in meetings and dealing with the public. Alvin R. Johnson, candidate for the office of superintendent of public instruction, told of his 19 years of school service as a teacher of vocational agriculture, compared Seminole County's teacher salaries with those of nearby counties, and pledged to solve this problem if elected. Supt. T. W. Lawton declined to enter into the argument with what he termed a "caustic denunciation of the proper finances could cure all the ills charged against the schools. He reviewed in retrospect graduates of Seminole County Schools who had achieved distinction as doctors, nurses, attorneys and in other professions. "I believe our schools have done something for them," he asserted. Jay Beck told of his long residence in the county, post office, and business service, in reviewing his candidacy for County Commissioner in Group No. 1. Commissioner H. B. Pope, incumbent, and chairman of the Commission, reviewed his record as a business man and civil engineer, and pledged continuation of the program for extending county roads, clearing county ditches and other improvements. Monroe H. Smith, another county commission candidate in the group was unable to be present due to illness. It was announced by Mr. Carraway, Boston Street, another of the four candidates for the position, told of his former service as a commissioner in Seminole County. He declared that it is his intention to represent not merely the district but the county as a whole if elected as a commissioner. County Democratic Executive Chairman J. H. Lee arrived late to greet the audience. Unopposed candidates introduced were O. P. Hardon, county clerk; Sanford Doudney, county tax assessor. Also mentioned were George A. Spear, Jr., county prosecuting attorney, and W. A. Patrick, a member of the county Board of Public Instruction in District No. 5. Other candidates mentioned were Herman L. Brumley, Eugene Browner and E. L. O'Neill, running for constable in District No. 4, and Jack Howard for Justice of the Peace in the same district.

Zucchini: 1/2 doz 1.50-2.00; 1 doz 3.00-4.00.

Stock Market

NEW YORK, Apr. 8 (AP)—Selective headway was achieved in today's stock market although many leaders were stalled by profit taking on the lengthy advance. Dealings slowed after a fairly active start and the direction was mostly cloudy near the fourth hour. Among resistant stocks were Republic Steel, Southern Railway, American Paper, American Tobacco, U. S. Steel, Great Lakes, and National Distillers. Occasional slumbers included Republic Steel, Pittsburgh Plate Glass, Santa Fe, Great Northern Railway, Nickel Plate Railroad, International Paper, American Express, and U. S. Steel. Among active stocks were Republic Steel, Southern Railway, American Paper, American Tobacco, U. S. Steel, Great Lakes, and National Distillers. Occasional slumbers included Republic Steel, Pittsburgh Plate Glass, Santa Fe, Great Northern Railway, Nickel Plate Railroad, International Paper, American Express, and U. S. Steel. Among active stocks were Republic Steel, Southern Railway, American Paper, American Tobacco, U. S. Steel, Great Lakes, and National Distillers.

Stock Market

NEW YORK, Apr. 8 (AP)—The Associated Press reported that the stock market closed with a gain. The Dow Jones Industrial Average rose 1.21 points to 111.74. The S&P 500 index rose 1.21 points to 111.74. The NYSE volume was 111,740,000 shares. The market was characterized by a steady advance in the early part of the session, followed by a period of consolidation in the afternoon. The leading indicators of the economy, such as the GNP and the industrial production index, continue to show a strong upward trend. The market is expected to remain bullish in the near future.

Dewey Bid

(Continued from Page One) developing the Missouri River and its tributaries. "I am especially interested," he added, "in seeing to it that this great basin development is carried out as a project in cooperative control with the participation of the state and the property holders in this great area." Dewey rejected "completely" the proposal for a federally appointed three-member Missouri Valley Authority, which he said "has the backing of the new deal." The Governor said "it is also to think of putting the interests of 10 states under the control of any three men, no matter what kind of geniuses could be found for the job."

Coal Strike

(Continued from Page One) Although the water in Lake Titicaca, between Bolivia, and Peru, is very cold it never freezes. The little island of Yap in the Pacific four islands set close together. Weirton Steel Co. in West Virginia and Ohio cut its pig iron output by 1,100 tons daily, or one-third of capacity by closing the equivalent of one blast furnace. The Crucible Steel Co. announced it will bank one blast furnace at its East Liverpool, O., plant and lay off 300 workers Saturday "unless the coal situation changes for the better."

Butter Market

NEW YORK, Apr. 8 (AP)—Butter unchanged, receipts 12,713; 92 score AA \$21.32, 92 A \$21.30, 92 B \$21.28, 92 C \$21.26, 92 D \$21.24, 92 E \$21.22, 92 F \$21.20, 92 G \$21.18, 92 H \$21.16, 92 I \$21.14, 92 J \$21.12, 92 K \$21.10, 92 L \$21.08, 92 M \$21.06, 92 N \$21.04, 92 O \$21.02, 92 P \$21.00, 92 Q \$20.98, 92 R \$20.96, 92 S \$20.94, 92 T \$20.92, 92 U \$20.90, 92 V \$20.88, 92 W \$20.86, 92 X \$20.84, 92 Y \$20.82, 92 Z \$20.80. Good and choice grade slaughter woodcock were \$12.00-13.00.

Nearly Half Of War Vets Quit Training

WASHINGTON, Apr. 8—(AP)—Nearly half the 5,245,000 World War II veterans who entered special education and training programs have quit the Veterans Administration said today. However, over 400,000 completed their courses—382,000 of them under the GI Bill of Rights, and the rest under the rehabilitation program for disabled veterans. Of the 382,000 about 224,000 completed courses below the college level, 2,000 graduated from colleges and universities, 76,000 finished job training programs and 1,000 completed on-farm training.

Strike Effects

(Continued from Page One) happens "to make sure nothing in the past contract conferences" in the way of actual negotiations. The court order for the negotiations said that persons taking part in the past contract conferences, or their successors, should participate. The UMW is objecting to Moody because the Southern Coal Producers Association did not sign the 1947 work agreement with the UMW. It is made up of 14 regional associations and individual companies which did sign the pact. Other mine operators were backing Moody. Their spokesman,

Charles O'Neill, said they would "not stand for" the UMW trying to select the coal operators who are to sit in on the negotiations.

In the meantime, there was no indication that Lewis intended to comply with the court's lock-out order despite the contempt citation that was slapped against him yesterday. Meanwhile an inquiry board reported to President Truman on the most strike, but there was no indication when the report will be made public. Chairman Nathan P. Feinsinger delivered the report. Under the Taft-Hartley Act, the board merely states the issues without recommendations. The report paves the way for

Jaycee Luncheon

(Continued from Page One) opened on Apr. 22 and will continue for three days, Odham declared. Ray Bliton, Jack Ratigan, John Kader, Elton Moughton, Jr. and Arthur Rockwell, Jr. have been appointed as a nominating committee of new officers for the organization, Odham announced. Next week the candidates for county judge, tax collector and supervisor of registration will appear on the program.

## Senate GOP Puts Military Measure First

Taft Says Consideration Of Defense Bills Awaits Armed Group Agreement

WASHINGTON, Apr. 9 (AP)—Senate Republican leaders agreed today to place military legislation ahead of all business.

Senator Taft (R-Ohio) said the Senate will begin consideration of temporary draft, a larger Air Force, Universal Military Training or any other defense measure as soon as its Armed Services Committee reaches an agreement.

Taft, chairman of the Republican policy committee, said it might take all next week and possibly two weeks to agree upon a bill.

Personally, Taft said he is willing of support increased funds for the Air Force and a temporary draft if the latter is necessary to fill up the ranks of the Armed Services. He still opposed UMT, he added.

Senator Gurney (R-S.D.) said today the cost of the proposed draft and Universal Military Training programs would run about \$700,000,000 during the first fiscal year of operation.

Gurney is chairman of the Senate Armed Forces Committee.

Gurney told reporters this cost would be on top of the \$14,000,000,000 now proposed for national defense during the year starting July 1.

Gurney said he is hopeful that the Armed Services Committee will be able to finish work on draft and UMT legislation by the end of next week.

Of the \$14,000,000,000 now proposed for national defense, \$11,000,000,000 already is in the budget. President Truman has asked for \$10,000,000,000 more.

## Livingston Gives Report On Results Of Flag Donations

Small flags donated by the Sanford Lions Club for each school room in Seminole County have been well received, King Lion W. O. Livingston informed members of the club today at the Tourist Center.

## Morocco Minstrel To Be Held At Ht School

"Silver toned" songsters, "side splitting" comedians and "fast stepping and funny looking" dancers are among the headlines of the Morocco Shrine Minstrel to be given under sponsorship of the Sanford Shrine Club, Saturday evening at 8:15 o'clock at Seminole High School Auditorium for the benefit of the high school band. It was announced today by Edward F. Lane, Shrine club president. The minstrel will parade downtown at 4:00 P. M.

LAKE SUCCESS, Apr. 9 (AP)—United Nations Security Council delegates were called into emergency session today to consider the virtual breakdown of Jewish-Arab Palestine truce talks. The informal meeting was scheduled for the New York City offices of American Delegate Warren R. Austin at 3 P. M.

## Coal Burning Train Service Is Cut In Half

Defense Office Says Railroads Supply Of Coal Is Down To Less Than 72 Days

By ASSOCIATED PRESS  
The government today ordered coal-burning passenger and freight train service cut to half of normal to conserve dwindling coal supplies. The order is effective Thursday midnight.

## President Expected To Seek Injunction To Halt Meat Strike

Personalities And Political Issues Are Aired In Governor's Campaign

WASHINGTON, Apr. 9 (AP)—President Truman asked the striking CIO packing house workers and the major meat companies to renew negotiations in an effort to settle their wage dispute.

WASHINGTON, Apr. 9 (AP)—The White House today made public the report of the presidential board of inquiry in the meat strike and said President Truman will have a statement on it soon.

The President is expected to announce an order to the Justice Department to seek a court injunction to halt the walkout under the national emergency provisions of the Lathrop-Lewis Law.

Between 60,000 and 80,000 CIO packing house workers walked out Mar. 16 at 138 meat packing plants after rejecting an offer of a nine cent an hour wage increase. The union originally asked a 20-cent an hour boost but later offered to settle for 12 cents.

The inquiry board's report, turned over to Mr. Truman yesterday, made no recommendations. That is in accordance with the Lathrop-Lewis law under which it was created.

Based on the Bureau of Labor Statistics' price index, the board said the nine-cent wage offer represented an 8.5 percent increase.

## Seminole County Anti-Lynch Bill Candidates Speak Gets Top Priority At Lake Mary On Civil Rights

Arnold, Overstreet, Bryant, Fournier, Seek Board Seats

A small group of Democrats and one Republican lined out at the Lake Mary Community House last evening to hear candidates for judicial, law enforcement, legislative and executive offices of Seminole County voice their qualifications over the loud speaker.
