

School Power Play

The "Purple Power" advocates of the National Education Association were in the state the other week to talk with community leaders about the Florida school crisis.

Maybe that isn't the precise color of the power, but the NEA theme is POWER; and the determination to use it, regardless of the harm to Florida school children, is unmistakable.

A teacher walk-out which would prevent state public schools from opening in the fall is one of the many sanctions contemplated. The NEA would be "forced" to see that happen, but apparently believes the end justifies the means.

NEA spokesmen profess to be concerned with the educational advancement of this "backward" state, but objectives of the Washington-based organization seem to be primarily political, secondarily economic.

Priority goal is to "get Kirk" and the Republican governor's "veto bloc" in the Florida legislature.

Plan is to do this by tightening the

Analysis Of The News

WASHINGTON (AP) — Until 15 years ago most Negroes in America were like a herd of immigrants held 300 years in a U.S. office off-shore waiting to be admitted.

All that time they were within this country's territorial limits but never allowed to land. They had been held in slavery and when that ended, segregation that continued until the Supreme Court in 1954 declared the very principle of segregation unconstitutional.

Until that day Negroes had been kept out of the mainstream of American life, never permitted to be full participants, with their actions and ambitions restricted by discriminations pasted on a thousand closed doors.

When the segregation barrier went down, they still had to endure prejudice, which was one of the main handicaps of the European immigrant who came here in the 18th and early 20th centuries.

American born since 1950 may never have seen or felt some of the prejudice those waves of immigrants had to suffer in one form or another, Jews, Poles, Italians or Catholics.

But the prejudice against the Negro on account of his color has been more intense and widespread than that against any other group of immigrants.

It was the Negro generation which has had the least opportunity to establish themselves a bit in their own minds by looking

around for someone to look down on. The uneducated Negro was a handy target.

It is hard for anyone who did not grow up in the early part of this century, surrounded by immigrants and their descendants, to recognize the similarity between these newcomers' problems and those of the Negro since 1954.

But take an example, say the block of the Hudson River, about 20 blocks called "Hell's Kitchen," the toughest section of the city at the time and one of the poorest.

There they were, block after block of tenement houses, five to a floor, 15 families in all, each restricted to a four-foot square of floor, only the kitchen stove for heat.

Take a time, say between 1900 and 1915. There would be three generations in a typical block of Germans and Irish or Italians.

The immigrant mother and father, usually ignorant, their sons and daughters who never had much schooling because they had to go to work early to help out; and the grandchild, a few of whom might get to high school but far fewer to college.

It was the Negro generation which has had the least opportunity to establish themselves a bit in their own minds by looking

Political Notebook

Washington (NEA) — At midpoint in another turbulent summer, the United States reveals itself starkly as a virtually barren of truly lifting national leadership.

This capital, of course, has been talking about both the dimly partisan Republican response to the Detroit riot and the obvious political overtones of President Johnson's mid-tour message ordering the schools tried to do.

Far and away most of the immigrants and their descendants worked hard. Some had neat homes. Some didn't. Youngsters born to poorly educated parents learned no matter what the schools tried to do.

The climb up the economic ladder to comfortable middle-class status mostly took generations. This is also the story of Negroes now for the first time trying to find their identity in American life.

Horse Thief
DALLAS, Tex. (AP) — Weldon Ashmore told police a thief had taken his horse and three and a half dozen calves from him after leading them into Ashmore's new two stall horse trailer.

Rat Bouncer
CHESTER, Pa. (AP) — City officials announced a bounty of 10 cents per rat tail. "We can save a lot of money by getting rid of the rats," said Mayor James I. Gortey.

Dr. Crane's

Worry Clinic

Judge Hitchcock deserves a special salute. For he applies the members of the legal profession, who are sleeping thousands of divorces by their sound marital counseling and psychological advice. Widen your horizons by following this column daily. And keep it file the helpful medico-psychological booklet!

CASE D-528: Judge J. Garret Hitchcock presides over the Court of Common Pleas at Paulding, Ohio.

And he typifies the widespread interest of the legal profession in trying to reduce human divorce.

"For two years," he says "I have been distributing lists of the helpful psychological booklets offered by way of our newspaper column."

"And I'd like another 150 at this time."

"Several couples have expressed great appreciation for such authentic information."

Judge Hitchcock is like the other leaders in his profession, who try to STOP divorces, as well as delinquency among youth.

A colleague of Judge Hitchcock in the Southland this has used over 500 of the "Tests for Husband and Wife" to help feuding couples get a more objective view of themselves.

And if the couple have children, he also gives them "Tests for Parents," plus "Serious Problems in Marriage."

Then he jells them with a frank lecture, after which he tells them to go home and study these booklets.

Meanwhile, he postpones their divorce proceedings to a later date.

A prominent attorney in Milwaukee recently told me that he had done likewise with his private clients.

"Dr. Crane," he added, "had 28 threatened divorce suits last year."

Hal Boyle Says:

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail.

If the average man, instead of retiring at 65, worked on until death he would spend an additional 25,000 hours on the job. The big problem of the retired man is how to spend those free 25,000 hours happily.

The human animal is the only one that consciously goes on a diet. Among those with the biggest appetites are the elephants which can eat up to 95 pounds of food daily, the hippopotamus 49 pounds, the milk cow 45 pounds, and the camel 38.

The hot dog has become an international delicacy. We prefer all-beef frankfurters, but in Africa they are made of lamb and antelope, in Finland of reindeer, and in Japan of whale meat.

Wives married to college graduates might do well to avoid running a vacuum cleaner while their husbands are in the home. Tests at the University of Michigan found that highly educated people are bothered more by the noise from household appliances than are the uneducated.

WORK is progressing on the Eastbrook Pool Association project in Eastbrook. The concrete bathhouse (top) is scheduled for completion by the end of the week and will cost \$14,789. It contains lobby, snackbar, shower and locker rooms. The Junior Olympic Pool (bottom) being built at a cost of \$37,147 is expected to open sometime in September. Site work, costing \$6,425, also has been started, beginning with grading for road, picnic area, parking space and tennis courts.

CAPT. J. M. TULLY Jr., erstwhile commanding officer of Reconnaissance Attack Wing One at Sanford Naval Air Station and now commanding officer of the aircraft carrier USS Saratoga, was host to French Vice Adm. J. Laine (right) during the ship's recent visit to Toulon, France. Laine, commandant of the French third naval district, flew aboard the Saratoga to greet Tully, senior American officer present, as the ship entered port.

Tired of getting the run around when it comes to values?

YOUR SUPPORT APPRECIATED!
The greatest need nowadays is for an objective viewpoint concerning our own emotional snarls.
Thus, a Rating Scale that outlines the views of maybe 1,000 other husbands or wives in modern America, can widen your own limited perspective within just one hour of reading.
And if you read this column regularly for even one year, you expand your horizons phenomenally.
For you figuratively sit at my desk and hear the similar cases of over 300 patients who have confessed their problems.
Since human beings have almost identical troubles, your difficulties will come up a dozen times or more, thus permitting you to gain the added insights for avoiding many serious human mistakes.
So start out by sending for the 200-page "Tests for Husband and Wife" by enclosing a long stamped, return envelope, plus 20¢. Keep them on file.

The 20 G's Don't Mean A Thing!

AKRON, Ohio (AP) — Arnold Palmer, the 27-year-old millionaire golfer, was as happy as a kid Sunday after winning the \$100,000 American Golf Classic.

It wasn't the \$20,000 check or just another triumph in an over-pricing which was becoming more evasive with every attempt.

The \$20,000 vaulted Palmer to \$128,186 for the year to keep him well ahead of the pack. His official career earnings to date are \$282,840 and put him over the \$1 million mark in unofficial earnings.

"The \$1M win has been an obstacle I've been thinking of for a long time," said Palmer, who had not scored a triumph since the Tucson Open last February.

"When you go any length of time without a win, it seems to become all the harder to win again. Right now my game is good but I was becoming cautious of not having won a tournament in many months."

"Cautious?" Has Arnold Palmer, the great gambler of the links, become cautious like that? "No, I don't mean it like that," said Palmer, who like victory was forged in typical fashion.

"I've just gone to the bank, and I've got a check for \$20,000. I wonder if I could still make that shot."

Palmer not only attempted but made the shot only to miss a hole-in-one by a hair.

He started the final round Sunday tied with Jack Nicklaus, one stroke behind the leader.

Palmer's final round of 34-33-40 gave him a four-under-par 71 total, one shot over the Stone Country Club record set by Ken Venturi in the 1964 Classic.

McGowan with 26-36-72, Zarley with 36-36-72 and Nicklaus with 26-36-72 finished as the third place tie at 36 and collected \$5,000 each.

'The Haig' Honored

TRAVERSE CITY, Mich. (AP) — This remote resort was the golf capital of the world to as many of the game's elite gathered to honor the man who some feel made their fame and wealth possible.

Professional greats from Arnold Palmer to former Professional Golfers Association in 1926, planned of course, to be there himself.

And there was even the chance that the 74-year-old master, known as one of the best short-game players in the world, would recount some of the antics that made him as famous off the links as on.

C. A. Wagner, a local physician and one of the organizers of the testimonial dinner, said Haig had recovered remarkably from three throat cancer operations, the most recent last February.

Arnold Palmer

Prior Commitments

Shollander Won't Make It

CHICAGO (AP) — Most of America's brilliant young athletes who made a record breaking shambles of the National A.A.U. outdoor swim meet last weekend today are going as far as towards an autumn display of their talents in Japan or Europe.

A notable exception is Don Shollander, 1964 Olympic star from Saratoga, Calif., who finished fourth in the 100-meter freestyle world mark existing or pending, tied in all-around and shared a world record-making 800-meter free style relay victory.

Because of prior commitments, Shollander was not included on the 18-man squad named for the World Student Games in Tokyo, Sept. 25-Sept. 5, or the eight-man unit visiting England and West Germany Sept. 27-Oct. 1.

Seasonal Mark Spitz, 17, Santa Clara, Calif., who again broke world records in the 100 and 200-meter butterfly in the three-day A.A.U. meet, is too young for the Tokyo Games.

But the USA's strongest swimmer for the 1968 Olympics in Mexico City is on the team touring England and West Germany.

Schollander, Spitz, breast stroke star Ken Meritt of Pasadena, Calif., backstroke Charles Hickox, Phoenix, Ariz., and diver Keith Hussey of Los Angeles, all were double winners in the A.A.U. meet in which seven American marks and 18 meet A.A.U. marks also were shattered.

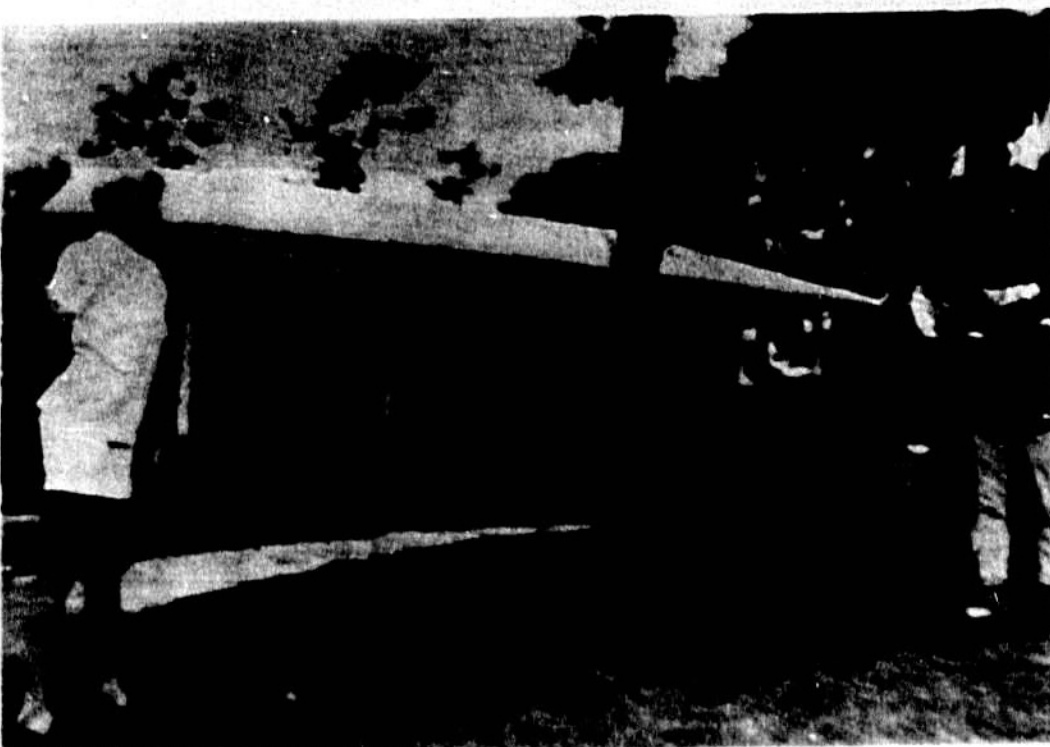

Hickox, Meritt, and Russell, along with new A.A.U. champions Charles Hickox, Phoenix, Ariz., and diver Keith Hussey of Los Angeles, all were double winners in the A.A.U. meet in which seven American marks and 18 meet A.A.U. marks also were shattered.

Overall Title
ST. CATHARINES, Ont. (AP) — The U.S. crew won the overall title in the grand finale of the North American Rowing Championships at Lake Ontario Sunday.

JoAnne Set To Defend Crown
PASADENA, Calif. (AP) — Seven times in the past 10 years Steve Gordie and Tom Best were linked to each other with both winning two games while rolling 221,727 and 220,714 respectively. Gordon Best hit a series of 197,746 series in gaining a three-point win over Johnny Dennis in the final game.

Wins Play
GRAND HAVEN, Mich. (AP) — Jim Siefenich of Joliet, Ill., won the \$30,000 PBA U.S. Coast Guard Open with a pin count of 4,250 for 49 games.

Ryun Strolls To Easy Win Over Kip Keino

LONDON (AP) — American track star Jim Ryun flew out of England today leaving British sporting circles a picture of impending national disaster at next year's Olympic Games.

The 20-year-old speedster from Wichita, Kan., stroled a mile round the celebrated White City track Saturday, leaving Kenyan distance ace Kip Keino gasping in his down draught.

In a race billed as the Mile of the Century, world record holder Ryun turned in an effortless 3:58.6 well outside his best of 3:51.1.

The Kenyan poleman was 1.4 seconds behind Ryun when the latter crossed the line in 4:04.4 for three on a dull, windy day.

Britain's leading Alan Simpson was clocked in 4:06.4 and one sports writer said today that it reminded him of an old movie featuring "clowns going back ward."

Ryan said Saturday the mile was his last of the season. He left with the U.S. team for Düsseldorf, Germany, today for a two-day meet against West Germany Wednesday and Thursday.

"I may run the 1,500 meters in Düsseldorf and the 5,000 meters in Italy," he said. The team travels Italy and Spain for the next two weeks.

British sports writers blamed Ryun's easy win on the hot track and the lack of a strong field. They called for a shakeup of both to some humiliation in Mexico.

Roger Bamister, the first runner in the world to break the four-minute mile barrier, declared as he watched the mile finish. "This is really too bad. The fellow looks scared out of breath. When I scraped through, I cannot remember finishing."

Twins Tip-Toe Into First Place

Eddie Stanky must have thought it was all a bad dream.

Here was Minnesota tip-toeing away with the American League lead and using a pitch and putt attack more characteristic of Stanky's Chicago White Sox to do it.

So, with first place slowly drifting away, Stanky decided to put up a fight. And all that strategy got him was an early show-up.

But Stanky was nursing a 3-2 lead built on a Chicago type rally of two singles, a double steal, an intentional walk, and a force play.

Stanky thought he was back in business.

Now Pitching—Pvt. Holtzman

Tough Way To Hurl

By ASSOCIATED PRESS
Over in Vietnam, somebody would be glad to get Pvt. Ken Holtzman's arm.

In other National League news Sunday, New York swept a doubleheader from Pittsburgh 3-0 and 11-9. Cincinnati sent out Los Angeles 10-3 and Atlanta crushed Houston 8-1.

Holtzman on his first pass from the Army in nearly three months, pitched well enough for 9 1/3 innings for the Phillies 6-7.

"They took the night off, too. I'm not going to get a pass," he said. "I want to pitch."

Holtzman, who went into the Army for six months with a 10 record on May 29, hopes to make his weekend pitching a regular thing now that he's out of basic training and learning to be a combat medic at Fort Sam Houston, Texas.

"I won't know until Friday if I'm going to get a pass," he said. "This weekend I got one by giving two points of blood. I've got enough left if they give me some more, but I'm not doing it just to get a pass. It goes to Vietnam. I know how much it's needed."

Maybe it was the long haul or maybe the missing blood, but Holtzman says he began to tire in the fifth and Manager Leo Durocher took the 21-year-old four-hits, striking-out four and walking two.

But Holtzman finished up and how. He pitched 2 1/3 hours, struck out three in the fourth inning, and in the seventh inning, he struck out the Phils in four hits in the seventh game.

Mr. and Mrs. John J. Brokaw of Joanne Court, Altamonte Springs, are announcing the engagement and approaching marriage of their daughter, Mary Janice Carter, to Wesley Martin Hall, son of Mrs. Marjorie Hall, Orlando.

MARY J. CARTER

Miss Carter, born in Valdosta, Ga., is a graduate of Forest Lake Academy, where she served as treasurer of the Junior class. She was also a member of the newspaper staff and of the Business Club. Presently she is employed at the Florida Sanatorium and Hospital, Orlando.

Her fiancé, who is from Tennessee, is a graduate of the Forest Lake Academy and Southern Missionary College, Collegeville, Tennessee. At the Academy she was vice president of the S. A. Club and among the top ten in his class. He was

vice president of the band, and Courtney King of his class for two years. He is employed at Shreve's Auto Electric Service, Orlando.

The wedding is planned for Sept. 2, at 7:00 p.m. at the Forest Lake Seventh-day Adventist church, Forest City.

For even slices of corned beef hash, chill the hash in the can. Cut top of can completely away with can opener; cut away bottom of can but leave round of metal in place. Press against the metal round and empty hash; cut hash into four slices.

Linda Pincock Guest Of Honor At Bridal Fete
By JULIA BARTOS
Mrs. George C. Hearn and Mrs. William Cutts were recent hostesses to a bridal luncheon honoring Mrs. Linda Pincock, bride-elect of Joseph Pawelchak of Fern Park, held at the home of Linda's grandmother, Mrs. Hearn on Geneva Drive.

A beautiful arrangement of yellow and white daisies adorned the table and created chicken on patty shells was enjoyed by those present.

Guests were Mrs. Thomas W. Pincock Jr., mother of the bride-elect; Mrs. Thomas W. Pincock Sr., grandmother; Cindy Pincock, sister; Mrs. Joseph Pawelchak, the groom's mother; Miss Linda Pawelchak, sister of the groom; Mrs. Betty Foster; Mrs. Edward O'Neill; Miss Wendy Cutts and Mrs. William Cutts, an aunt.

The wedding date is set for Aug. 18 at St. Mary Magdalen Church, Altamonte Springs.

Mary L. Thomas, C. J. Newell Engaged
Mr. and Mrs. A. L. Thomas, 519 E. Second St., Sanford, are announcing the engagement and approaching marriage of their daughter, Miss Mary Lynn Thomas, to Clarence Jackie Newell, son of Mr. and Mrs. C. C. Newell of Gaitman, Ga.

Born in Sanford, the bride-elect was graduated from Seminole High School in 1964, attended Orange Junior College and is presently employed at Sanford Atlantic Bank.

Her fiancé was born in Quitman and was graduated from Brooks County High School there. He is currently serving a tour of duty with the United States Navy, stationed at Sanford Naval Air Station.

The marriage will be solemnized, Sept. 16, at 7:30 p.m. at First Baptist Church, Sanford.

All friends and relatives of the couple are cordially invited to the wedding and reception immediately following in the church social hall.

Enterprise Personals

Mrs. H. C. Peterman and Mrs. Ralph Coultie and children, Linda and Christie, and Carroll Peterman spent the weekend in Oglethorpe, Ga. They attended the wedding of Joe Carter and Miss Dorothy Belieue. Mr. Carter is a nephew of Mrs. Peterman.

Mrs. B. B. Long has returned home after having spent two weeks with her daughter and son-in-law, Mr. and Mrs. Guy Wilson in Albany, Ga. Mrs. W. M. Huffman joined them for one week and they both returned home together. Mrs. Huffman and Mrs. Wilson are sisters and both daughters of Mrs. Long.

Rev. and Mrs. Michael J. Kippenbrock have returned from a month's vacation with relatives and friends in Texas, Virginia and Maryland.

Mr. and Mrs. William Owens have returned from a vacation at Naples.

Mrs. Tynie T. Oviatt, her daughter, Mrs. Hazel Hull, of Lake Mary, and her sister, Mrs. Lottie Wade of Orlando, visited relatives in Groveland last week.

V. I. P. To Visit Pilot Club

Miss Jeanette Roselyn Mackie, District Four Governor of Pilot International, will pay her official visit to the Pilot Club of Sanford, Aug. 16.

MISS JEANETTE R. MACKIE

Miss Mackie was born in Hareton, Pa. and was graduated from Lassell Junior College. She joined Gulf Life in December, 1952 in the advertising and public relations department. In May, 1963, Miss Mackie was made an officer of the company and in January, 1966 was appointed as director of public relations.

She has served as president of the Pilot Club of Jacksonville and has held all offices of the Pilot Club of Jacksonville except that of treasurer.

The local Pilot Club has planned a dinner for members and Miss Mackie at 6:30 p.m. at Deltona Inn. Business meeting of the Club will follow in the Caucus Room of the First Federal Savings and Loan Association at 8 p.m. On Aug. 17 the Sanford Pilot club members will honor Miss Mackie with a breakfast.

Attending the bride as matron of honor was Mrs. Jane E.

COLLAR CLEANER
If you want to remove the troublesome make-up line that so often appears on the collar of your light-colored raincoat, simply dampen the stained area with lukewarm water and apply a few drops of baby shampoo.

Then, take an old toothbrush and rub over the spot until the outline of the stain starts to disappear. When this happens, begin rinsing the spot thoroughly. If the makeup does not disappear after one or two tries, let the spot dry and repeat the treatment.

Three sweetened frozen raspberries (defrosted) in the blender, then strain to remove seeds. Use the raspberry "sauce" with vanilla ice cream and sliced fresh peaches to concoct Peach Melba. Good enough for emperors!

MORE MODERN MOUTH PURIFICATION
Gold, zircons and other jewels were sucked by 16th-century ladies and gentlemen to purify valuable jewels and metals had the breath. They believed the virtuous qualities. One of the new mouthwashes today relies on a test-tube combination of benzethonium chloride to cut down the germ count in the mouth. Not as romantic but probably more effective.

At cocktail time, insert small frankfurters in a head of cabbage and serve the franks with a tangy sauce. To prepare the cabbage, choose a dark green head, rinse thoroughly and dry. Trim base so head will stand steady. Cut loose outer leaves down and away from the head.

Miss Diane Ivo Bride Of John A. Jakubcin

MR. AND MRS. JOHN JAKUBCIN

By RUTH DAVIDSON
Miss Diane Ivo, daughter of Mr. and Mrs. Robert Ivo of Chuluota, and Mr. John Andrew Jakubcin, son of Mr. and Mrs. Robert Jakubcin of Slavia, took place in an impressive ceremony Sunday, Aug. 6, at 4 p.m. in St. Luke's Evangelical Lutheran Church in Slavia.

Rev. Stephen M. Tuley, pastor of St. Luke's, was the officiating clergyman.

The bride, given in marriage by her father, wore a formal gown of white bridal satin. The scooped neckline was enhanced with hand-embroidered lace and seed pearls. The long sleeves terminated in calla points. The detachable train also was outlined in embroidered lace and seed pearls. The fingertip veil of silk was held by a cluster of satin, pearl-centered roses and white roses centered with a white or gold.

The groom wore a white tuxedo with yellow satin roses attached to shoulder length vests. Their flowers were bronze and yellow chrysanthemums and yellow asters.

Sherry Beaver, cousin of the bride, served as flower girl. Her dress was identical to those worn by the honor attendant and the bridesmaids.

The ring bearer was Joseph Jakubcin, cousin of the bridegroom.

David Jakubcin served his brother as best man and usher. Jimmy Viles (brother-in-law of the groom) and Andrew Jakubcin (cousin of the groom).

The mother of the bride, Mrs. Robert Ivo, chose for her daughter's wedding, a beige shawl with a three-quarter length lace coat. Her accessories were orange. She wore a white on-child corsage.

Mrs. John Jakubcin, the bridegroom's mother, chose a two-piece lime green gown with hat and shoes to match. She also wore a white on-child corsage.

Following the wedding ceremony, a reception was held in St. Luke's school annex.

Following a wedding trip to points of interest in Florida, the couple will make their home in Winter Park.

Couple Marks Anniversary

MR. AND MRS. OSCAR GATTIS... on their golden wedding anniversary, Aug. 5, 1967.

By JULIA BARTOS
Mr. and Mrs. Oscar Gattis of 509 Holmes Drive, Del Rio, Waverly, who celebrated their golden wedding anniversary Aug. 5, were married in Winchester, Tenn., Aug. 5, 1917, and lived in Tennessee until six years ago when they came to Florida to retire.

They have two daughters, Miss Margaret Gattis and Mrs. Leo Dixon, and two grand children, Jason and Jeannette Dixon.

Helping to celebrate the occasion were Margaret Gattis, Mr. and Mrs. Earl H. Mincey of Longwood, Mr. and Mrs. Ronald Grundy and Mr. and Mrs. Otto Bartos.

A delicious white cake, punch and coffee were served.

Children's accidents rise when the babysitter neglects her responsibilities. Parents should be selective when hiring a babysitter. Also, be sure she is prepared to handle any emergency that might arise.

MR. AND MRS. PAUL FRENCH of Altamonte Springs, were hosts to the dinner party following the Woodward-French wedding rehearsal. Photo shows, seated from left, Mrs. Don E. Woodward, mother of the bride-elect; Miss Coralie Woodward, her fiance, Paul French Jr., and his mother Mrs. Paul French. Standing are Don E. Woodward and Paul French Sr.

JIMMY TORREY, son of Mr. and Mrs. Harold Torrey of Forest City, celebrated his eighth birthday, July 25, with his guests enjoying a swimming party, followed by a cook-out at his home. Guests were, front row, left to right, Darlene Berkley, Patty Torrey, Jimmy Torrey, birthday honoree, Dale Rena, Wade Gallentine and Mark Westmoreland. Second row, Lind Brookover, Richard Brookover, Derrick Dunleah, Steven Berkley, Chuck Huffman, Donald Wington and David Barrowman. Third row, Teresa Warner, Lynn Oblinger, Susie Brookover and Peter Niven.

FLORIDA IS TO SEE.

How fortunate it is to visit Florida... to be a Floridian... to enjoy the living beauty which abounds throughout the Sunshine State. We share an unmatched sub-tropical woodland with the creatures of the air, the woods, and the waters. Florida Power & Light Company urges all - visitor and resident alike - to pause and explore this unique and rewarding world of nature... to really DISCOVER FLORIDA.

Here at FPL we are keenly aware of our responsibility to maintain the harmony of nature's kingdom even as we expand to serve the needs of a rapidly-growing population. Our Turkey Point Plant development, destined to be Florida's first nuclear power facility, is an example. On the 3,000-acre site, we have established a wildlife sanctuary, Scout camps, beaches, picnic and recreation areas... to provide increased opportunity for those who would EXPLORE FLORIDA.

Southern Bald Eagle
(*Haliaeetus leucocoronatus*)

Popularly known as the American Eagle, this bird's symbol of our nation is more abundant in Florida than in any other state (except Alaska). The adult size ranges from 30-36 inches in length, 72-90 inches in wingspread. The Bald Eagle nests for life, nests generally in pine trees 50 to 100 feet above the ground, returning to the same nest year after year. A long-occupied nest may measure up to 3 feet across and as much or more in height. The principal food is fish, which the Bald Eagle either catches by diving, or steals from ospreys in mid-air.

'Go' On \$3.2 Million Courthouse

Architect's plans for a courthouse complex for the future in Seminole County at ultimate cost of \$3.2 million were ordered begun immediately by the Board of County Commissioners today.

The board in unanimous action ordered associate architects of the new facility, John Burton IV and James Gamble Rogers, to proceed with schematics for the facility based on the needs of 1976.

The facility will include 72,900 square feet for the

courthouse and 31,000 square feet for the Sheriff and jail addition for a total of 103,900 square feet in the complex which is expected to be five or more stories high.

Included in new space allocation totals is additional 170 square feet for an operation command post and fall-out shelter for Civil Defense. Original estimates of cost of the complex were revised by Burton to include an additional \$10,000 for contingencies.

\$150,000 for furnishings; \$113,340 for architects fees and \$264,000 for the jail.

Other costs are \$1,738,340 for the courthouse in addition to \$1,100,000 for the 1976 stage of the facility.

The complex will be constructed on a site bounded by Seminole Boulevard on the north and on the west and east by Park Avenue and Hood Avenue respectively, adjacent to the present jail.

In other business, the Board:

Approved a new rate schedule for disposal of garbage and rubbish by commercial users at the county's sanitary landfill areas. Rates were raised from 10 cents to 15 cents a cubic yard.

Set speed limit of 25 miles per hour on Holiday Drive, recently rebuilt 20 feet wide road.

Heard report from Juvenile Judge Karlisle Housholder that \$2,500 included in his budget for the new fiscal year for hiring of juvenile defenders will be sufficient.

Bidding Concerns Commission

The County Commission today expressed concern that only one firm is bidding on tractor-trucks for the road department.

At a bid opening this morning, only Strickland-Mortenson submitted a bid for a truck at a price of \$10,114.

"I can't understand why only one firm bids," Chairman John Alexander said.

Engineer William Bush said in the last five years he doesn't remember more than one firm bid.

Alexander questioned whether the specifications were all right and Bush and Road Supt. J. C. Lavender said there were at least a dozen firms in the area that could bid.

The board turned the one bid over to the departments heads for study.

Green Light For Reappraisal City To Finance Goldsboro Center

Downtown Property Is Up 'Slightly'

The City's recently completed reappraisal of 8,000 parcels in Sanford was given the green light by the Commission last night. City Finance Director Howard Wheelchel was authorized to mail some 6,000 cards to property owners telling them their property will go up at least \$300.

Any property owner who will not have a \$300 boost in assessment, will not be notified.

Ceremonies are scheduled at 4:30 p.m. at the County Road Department headquarters.

Making the presentation for Reliable Insurance Company will be Clifford McKibbin of Caraway and McKibbin Insurance, local agents, and Tom Walters of Jacksonville, company representative. Other dignitaries on hand will include County Commission Chairman John Alexander.

ELLSWORTH HASSETT Bassett Sealed On Port Board

\$20,000 Payments For Five Years Seen

The City Commission last night agreed to adjust its budget starting Oct. 1 to finance a \$100,000 Goldsboro Recreation center — paying \$20,000 per year for the next five years.

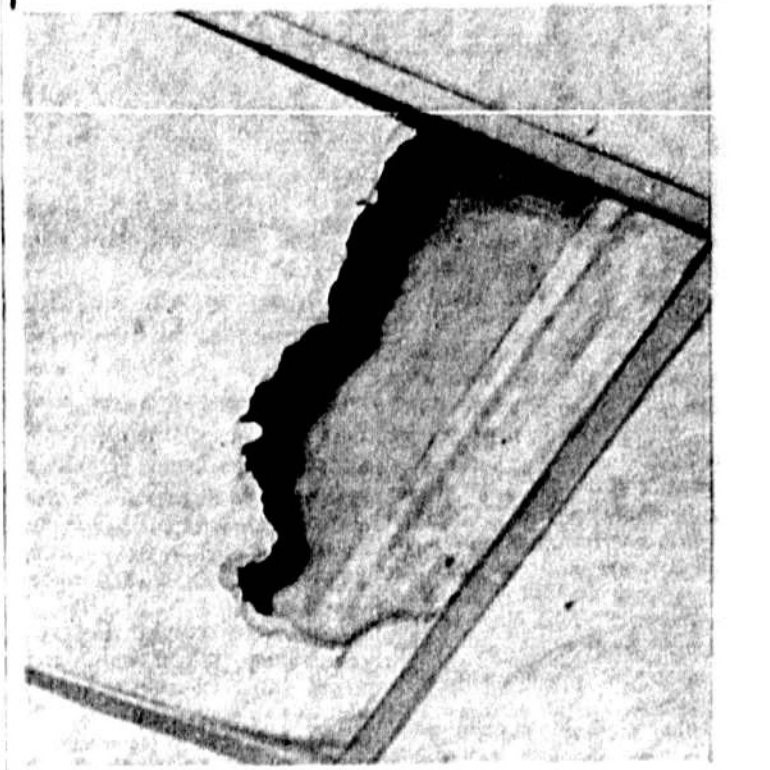

"They ruled out any federal participation in the project because federal funds mean the facility must be connected with Anti-Communist groups and it would be a long drawn out affair waiting for appropriations," Alexander said.

Commissioners are expected to tour some half-don sites later in the week. The No. 1 site had been the Soti plant on Sixth and Tenth but the property would be a long drawn out affair and part of the facility must be used by the local Community Action group.

Proposed sites are: Eighth and Mulberry, 11th St. between Mulberry and Jessamine W. the Ams. Grocery Co. of its city adjacent to the Goldsboro Farmers Market property if its operation.

A Hole In One

This hole in the ceiling of one of the classrooms at English Estates Elementary School is over a year old and the chisel below cannot be used because of the rain which leaks through.

Construction failed to allow for heat expansion in the rain gutter and settling has made cracks in the building.

Problems have been reported periodically but has not been properly fixed.

Last winter a brick fell through the ceiling of the school office.

Two Sanford Flyers Downed In N. Vietnam

Two Sanford-based Navy flyers were shot down over North Vietnam Monday and are reported "missing in action," Associated Press reported today.

The AP report from Saigon merely stated an RA5C Vigilante was shot down from ground fire while on a reconnaissance mission over North Vietnam and the two crewmen were missing. Vigilantes are land-based only at Sanford Naval Air Station.

It is the policy of the Navy to withhold any information about missing or captured flyers, to protect them in interrogations by their captors. (Related story on page 2.)

County Road Boss Is Honored

A plaque of commendation for savings effected over the past two years on auto accident insurance will be presented today to County Road Superintendent J. C. Lavender.

Ceremonies are scheduled at 4:30 p.m. at the County Road Department headquarters.

Making the presentation for Reliable Insurance Company will be Clifford McKibbin of Caraway and McKibbin Insurance, local agents, and Tom Walters of Jacksonville, company representative. Other dignitaries on hand will include County Commission Chairman John Alexander.

City Rules Out Marina Paving

The City Commission by a 3-2 vote refused to pave a 100-car parking lot on the marina complex despite warnings by Dr. W. V. Roberts that "if we are going first class lets go — or not."

Voting against the paving was Mayor Joe Baker, Commissioners Al Wilson and M. L. Raiborn who agreed to let city crews stabilize the proposed lot located north of the dry storage facility. Estimated cost of the paving was \$125,000 for materials.

Mayor Baker said "the city will do a good job stabilizing it."

At the same time, the board agreed to pave a parking area next to the dry storage facility and table action, pending more study, for a beer and wine license for consumption "off the premises" at Monroe Harbor, Attorney William J. Hutchison said the license would be in violation of the proposed lease agreement with the motel people. The Holiday Inn has already been assured of a liquor license and for selling alcohol on Sundays.

Development Co. Announces New Dividend

President Clifford McKibbin of the Sanford Development Company, announced today that the directors had declared a six per cent dividend for the current year. This is the sixth consecutive year that the development company has returned six per cent to the investors.

The president stated that the future outlook for the company is very optimistic and anticipates completing several projects which are now in the development stage, and others which will result from the opening of the Sanford Port and the acquisition of the Naval Air Station.

Seven County Schools To Use Portable Units

Investment in portable classrooms in the public schools of Seminole County will top \$200,000 with the completion scheduled before school begins of 27 new portable units.

The new buildings being constructed on the campuses of seven of the county's schools will bring portable units total of 47, at cost of approximately \$211,500.

New units are being placed at Bear Lake, four; Altamonte, four; Lyman, five; Oviedo, two; South Seminole Junior High, six; South Seminole Elementary, five and Sanford Junior High, one. Cost of the new buildings is \$118,665 or \$4,305 each. However, cost of wiring, heating and other incidentals is expected to raise the cost per unit to \$4,500.

Portable units constructed in prior years are placed at Oviedo, two, and South Seminole Junior High, three. In addition, 15 such units are placed on the campus and used for classrooms at Seminole Junior College.

The newest portable units are approximately 24 feet by 32 feet and are not air-conditioned, but do have windows. Previous buildings were air-conditioned.

Pressure On Kirk

The local experiment station is fully staffed now because the scientists have been willing to accept starting salaries lower than those offered in other states in order to reside in Central Florida, it was said.

Starting salary for agricultural scientists in Georgia is \$13,000 as compared to \$11,000 locally. Some of the local scientists have been with the experiment station for more than 10 years, it was said, and do not receive salaries comparable to Georgia's starting stipend.

Agricultural leaders here said this morning they are "pumping" Seminole-Orange legisla-

Cries Of Protest At Meeting

The cry of "Bingo!" will not be heard in Casselberry at least for the time being. At a meeting Monday night the city council failed to adopt an ordinance amending the charter to permit bingo in line with the new state law.

A large group of citizens was present to protest the ordinance. Rev. Delmas Copeland, minister of the Casselberry Community Methodist Church, asked the council to reconsider plans to allow "more encephalitis" of gambling as the area is already known as Little Las Vegas.

Many other residents spoke up against bingo and when the chairman, Charles Woodruff, presiding in the absence of all-

REV. COPELAND

Veto Stuns Farm Interests

Agricultural leaders of Seminole County are handing together with others throughout the state to "pressure" Gov. Claude Kirk into reversing himself in the veto of a \$17 million supplemental bill for the agricultural industry.

The measure, with bipartisan support in the Legislature, would have supplemented the state's agricultural experiment and county agents programs of the University of Florida's agricultural division.

The veto may cause curtailment of activities at the Central Florida Experiment Station on Calley Avenue, it was learned today when the agricultural leaders told of seeking to have Governor Kirk approve the
