

Florida Loop To Participate In Ball Anniversary

All-Star Game To Be Feature Of Centennial Celebration

By LEAGUE SERVICE BUREAU
The Florida State League's participation in the summer-long observance this year of the 100th anniversary of the founding of the game will be staged in early August with a game between the League All-Stars and the league leading team at that time.

Present plans call for the selection of the loop all-stars by a vote of sports writers, managers, and fans, the balloting to be confined to all parks on a certain day late in July.

The game, for which many other features are being planned, will be played on the grounds of the league-leading team.

Among the old timers who will be asked to be present are such former stars as Danay Vasco, Joe Zinken, Bernie Nies, Tommy Leach, Emil Yde, Bert Humphreys, Leslie Mann, Weldon Harbey, Jim Black, Bert Chapman, and Izzy Bandriner, to mention only a few of the men who, now residents of Florida, once held up their end of the national pastime with distinction.

If possible, the program will include also a three-inning tilt between these old-timers.

Plans also call for the appearance of Judge W. G. Bramham, president of the National Association of Professional Baseball Leagues, and members of his staff, all of whom will be invited.

While present plans call for the proceeds of the game to be placed in the league treasury, the suggestion has been made that part of the net proceeds be sent to

THIS CURIOUS WORLD

By William Ferguson

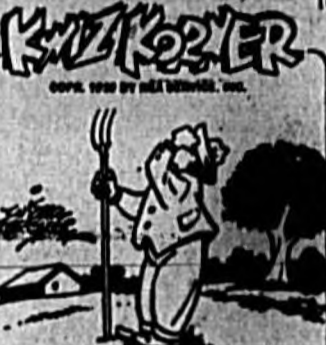

IN COLORADO, SCHOOL CHILDREN OVERRULED THE LEGISLATORS AND HAD THE STATE FLOWER CHANGED FROM THE WHITE AND LAVENDER COLUMBINE TO THE WHITE AND BLUE COLUMBINE.

IN THE UNITED STATES, THERE ARE 280 NATIONAL WILD LIFE REFUGES, COMPRISING 12 MILLION ACRES.

ANSWER: The sun never is seen straight overhead in the United States. One must travel to the Tropic of Cancer, almost as far south as Cuba, to see the sun directly overhead, and then only in June.

DURING WHAT MONTH DO WE SEE THE SUN STRAIGHT OVERHEAD IN THE UNITED STATES?

Dick Adair, the 1937 batting champion while with DeLand, Adair lost his left leg in a hunting accident last Fall and now is incapacitated. DeLand plans a benefit game in his behalf shortly after the opening of the season.

The Florida State League also will be represented at Cooperstown, N. Y., by its most representative player, to be selected under the direction of National Association officials who are planning a nation-wide All-Star game to be played at Cooperstown, birthplace of the game, early in June.

Breeding With Test Tubes May Become Broader

WASHINGTON, Apr. 12.—(AP)—Cattle breeding of tomorrow may be carried on by airplane. A California dairyman is trying now to convince the Department of Agriculture it should mate his cows with a government bull in South Carolina. And he wants to mate the government's Carolina cows with his bull in California.

The method—artificial insemination. It's been going on for some time, but without the long-distance implications that would make the airplane useful.

Artificial insemination was first worked on dogs—in the late 1700s by an Italian scientist, Lazzaro Spallanzani, but the idea didn't take hold then. Now it is being used in Denmark, Great Britain, Russia and other European countries and is spreading in the United States.

In New Jersey three dairy associations are breeding cattle by means of artificial insemination and a fourth association is being formed. Similar organizations have been started in New York state. Another is getting under way in Massachusetts and Connecticut.

The New Jersey activity has sprung up within a year. It took on a very practical aspect a few weeks ago when Shawmut Sally Queen wobbled around a Hunterdon County barnyard, the first test-tube calf born in the nation's first co-operative cattle-breeding unit.

Bishop Fan Stylian Noll, above, former President-Premier of Albania, long in exile in Boston, Mass., may head new Albanian state which Italy is expected to declare a protectorate.

Beauty Treatment Found Worth While

PARSONS, Kan.—(AP)—There's scientific evidence now that beauty treatments, like a new hat, improve a lady's health.

It wasn't long after a beauty shop had been set up in the Kansas state hospital that physicians noted an improvement in the women patients.

"Beauty treatments have a psychological effect" on patients, said Superintendent J. T. Wasmore. "They tend to retard mental deterioration and anything that can have such an effect is valuable."

A shave and a haircut does the same thing for a man and the hospital is planning a barber shop, too.

Short Superintendents Get Observation Aids

LOS ANGELES, Apr. 12.—(AP)—Tall people have been watching a new state garage going up at the civic center, but the 100-round-in fence was just too high for short people.

So F. O. Jacobson, official in charge—six feet two himself—had holes bored in the fence. They are marked:

"For the conveniences of short sidewalk superintendents."

esy, multiplies many times the usefulness of great sires, puts milking cows in barn space formerly occupied by inferior bulls and eliminates the possibility of spreading disease.

The program started in New Jersey with the co-operation of Alice—a six-year-old bull officially registered as N.J.E.S. Six Mutual Army Jewel Alice, father of 17 daughters with a more milk-more butterfat complex.

Alice should father 250 daughters a year for the next three years under the artificial breeding plan. The limit under natural breeding would be 25 to 50.

Enos J. Perry, Rutgers dairy specialist, who has been a prime mover in the New Jersey project, warns farmers not to expect "magic results."

"The rate of conception in the average," he said, "is running as good as the natural figure, and frequently cows in abnormal condition have conceived, but on the other hand some herds do not respond quite as well, for reasons not altogether known."

One of the obstacles to long-distance use of artificial insemination, according to the U. S. Department of Agriculture, is that no sure way has been found to keep spermatozoa alive much longer than 24 hours. The government is experimenting in an effort to keep them alive long enough to reach the intended shipment by airplane.

Desire To Paint Provides Escape From Blindness

OKLAHOMA CITY, Apr. 12.—(AP)—Blindness was closing in upon Mrs. C. P. Creamer of Oklahoma City and a specialist had decided she must submit to a life-endangering operation.

Her hospital room was filled with fragrant flowers but Mrs. Creamer could distinguish only a blur of color without form. Suddenly she had a desire to paint a picture of the flowers.

"From that moment on I began to recover," she says. Now, 15 months later, she is producing pictures that sell for as much as \$150 each. Before her illness she had never had an artist's brush in her hand.

"It couldn't be anything but a miracle," she says. "Something seemed to guide

my brush over the canvas. My desire to paint was so great I never doubted that I would be able to do it."

Mrs. Creamer, suffering from a severe inflammation, which specialists said surely would cause blindness, was not operated on.

She doesn't attempt to explain or analyze her experience. "I do not know that my trouble has been cured," she says. "My eyes still trouble me and some day I may be blind, but I keep so busy with my painting I don't have time to worry about it."

INDIA CHECKS FOREIGNERS
NEW DELHI, India.—(AP)—An official bill to enforce registration and constant check of foreigners in India has been introduced in the legislative assembly and referred to a select committee. Contravention will expose a delinquent to one year's maximum imprisonment and a fine of about \$250. In the 1931 census about 450,000 people registered themselves as foreigners.

Group Okeys Bill To Complete Canal

House Committee Approves Measure On Waterway Introduced By Mansfield

Money Would Be Raised As Needed

10 To 6 Favorable Vote Results From Markham's Report

WASHINGTON, Apr. 14.—(AP)—The House Rivers and Harbors Committee approved today a bill by Chairman Mansfield (D-Ill.) to authorize the completion of the \$200,000,000 Florida ship canal.

Rep. Green (D-Mia.) said the vote was 10 to 6. The action was taken in a closed meeting.

Mansfield's bill would authorize the appropriations from time to time to complete the controversial waterway project.

The measure was based upon a favorable report in 1937 by the former chief of army engineers, Major General Edward H. Markham.

The president, under the bill, would be asked to determine before the canal is completed whether tolls should be levied.

Green said Mansfield promised (Continued on Page Eight)

Ministers Secure Withdrawal Of Film At Theatre

Protesting that the film "Mysteries of Motherhood" was not a proper subject to be portrayed on the screen, members of the Sanford Ministerial Association, headed by Captain Ralph E. Rose, president, last night were successful in persuading management of the Ritz Theatre here to ban further showing of the film.

Members of the Ministerial Association present were: Rev. J. J. Kellaghan, Rev. J. B. Brown, who were joined in their request that the picture be withdrawn by Prof. G. E. McKay, H. E. Morris, and City Commissioners G. K. Rollins, Walter S. Coleman, M. J. Lodge and H. James G. G. G.

The picture, which had been exhibited in a majority of the Central Florida towns during the past several weeks, had already appeared one full day. It was during the last showing of the feature that the ministers acted.

The management here, as in all other cities where the picture appeared, had arranged for special screenings for men and women only. No protests had been registered. It was learned in other towns where this procedure had been followed.

No indication that the ministers planned any more towards banning the film was given until they called on the theatre manager. He immediately acquiesced to their demands, and ordered the film discontinued.

Boeher A. Kent Dies At Winter Park Home

Boeher A. Kent, brother of Harry F. Kent of this city, died at his home in Winter Park at 4:00 o'clock yesterday afternoon following a short illness.

Born in Durham, N. C., on October 18, 1871, Mr. Kent came to Florida where he lived for many years. He was married to Miss W. Kent, who he had married in 1905.

Mr. Kent was a member of the Episcopal Church in Sanford and was a member of the Episcopal Church in Winter Park.

Funeral services will be held at 10:30 a. m. on Sunday, April 16, at the Episcopal Church in Winter Park.

Attendance Urged At C. O. C. Council Meet

A large attendance of local residents was requested by officials of the Seminole County Chamber of Commerce at the monthly breakfast of the Central Florida Council of Chambers of Commerce to be held in the Mayday Hotel Tuesday, Apr. 18.

The meeting will be held at 10:30 a. m. and will be held in the Mayday Hotel, Tuesday, Apr. 18.

The meeting will be held at 10:30 a. m. and will be held in the Mayday Hotel, Tuesday, Apr. 18.

ITALY'S 'GIBRALTAR'

Italian menace to Britain's Mediterranean eastern trade route is the historic island of Rhodes, pictured above, largest of 12 in the Dodecanese group, where Italy is reported to have landed 45,000 troops. With Italian bases in Libya, directly across the Mediterranean, Rhodes, lying off the Turkish coast, commands both sides of England's "life-line" through the Suez Canal.

Sawdust At Gen. Sanford's Old Millsite Is Uncovered

By GLENN GOVOCCK

The sawdust from the trees which were made into lumber for the famous old Sanford House and many of the other structures which were built when Sanford included just a few scattered houses on the shores of marshy Lake Monroe was uncovered this week by WPA workers while cleaning out the old millpond at the Sanford Country Club.

Under a layer of muck which has increased with the passing years, the sawdust was almost as good as it was the day the rich pine logs rolled through the mill which was built and owned by Sanford's founder, General Sanford.

Circuit Judge Is Luncheon Speaker For Brotherhood

Smith Reviews Speech Made By Bryan On Nine False Gods

"Thou Shalt Have No Other Gods Before Me" was the title of an address given on Feb. 22, 1917 in the Stetson University chapel by William Jennings Bryan which Circuit Court Judge Millard B. Smith reviewed at noon today for the members of the Baptist Brotherhood gathered for their regular monthly luncheon in the Valdes Hotel.

The speaker enumerated the nine gods which the "Great Commoner" listed in three groups, in the original address which Judge Smith heard while a student at Stetson.

In the first group the speaker stated Mr. Bryan included Gold, Fame and Fashion. At noon today the first, as the text in the Bible points out, "the love of money" is the downfall of many. Judge Smith declared. The god of Fame, he continued, is worshipped by many people who fall to differentiate between fame and notoriety, "whether it Hitler or Nero, or even Al Capone." The god of Fashion, the speaker only casually mentioned, since, he stated, the membership was all masculines.

The next group included Ears, Intellectuality and Travel. Concerning the first, he explained "that many people worship, not the deserved case brought after long, arduous efforts, but rather (Continued on Page Eight)

Diamondball Park To Be Closed For Work On Grounds

In order that considerable necessary work on the field may be completed, the Diamondball Park will be closed for an indefinite period immediately following a special benefit game to be played Tuesday evening, Apr. 18, according to an announcement made today following a meeting yesterday afternoon of the Recreational Committee of the Seminole County Chamber of Commerce which has supervised the City Diamondball league during the 2-month season.

The meeting was held in the office of H. James G. G., a member of the committee. W. R. McCracken, chairman of the committee, presided over the meeting which was attended by J. T. Doss, Clyde Parker, Maxwell Stewart, M. L. Raborn, Ralph Bagwell and Mr. G. G.

Townsend Clubs Plan Mass Meeting Sunday

Three delegates from each county of the Fifth Congressional district will be selected at a convention of the Townsend Clubs of the district to be held at the City Hall at 10:00 o'clock next Sunday morning.

An afternoon session is scheduled for 1:00 o'clock when W. E. Huggins, president of the local club, stated, will be held to promote harmony and good fellowship among the clubs.

Mr. Huggins stated an invitation will be sent to club members to attend these sessions and also to the general county meeting, which will be held on Sunday, April 16, at 10:00 o'clock.

Probe Of Graft In Racing Gets Okey Of Senate

Group Authorizes Investigation Of 'Corruption' In Dog And Horse Plants

TALLAHASSEE, Apr. 14.—(AP)—The Florida Senate today ordered an investigation into reports of "graft and corruption" in connection with horse and dog racing.

Meanwhile the House passed 73 to 14, a bill designed to force out of court a suit attacking the equal distribution of race track tax revenues among the 67 counties by requiring the men who filed suit to post \$35,000 bond within 15 days or lose his status in court.

By a vote the Senate authorized the racing investigation requested by Senator Graham of Miami, in whose district two horse tracks and three dog tracks operate during the winter months.

During the hour and a half of sharp debate, Graham charged many irregularities were connected with the racing situation. (Continued on Page Eight)

Welfare Board Pays \$6,901 To Seminole Aged

JACKSONVILLE, Apr. 14.—Seminole County received \$6,901 in public assistance for the aged, the blind, and dependent children during the month of March, according to figures made public here today from the state office of the State Welfare Board. Cash benefits to the county from the three programs were at the rate of \$2,812.00 per year.

Disbursements were the largest for any single month since the State Welfare Board was inducted into office on July 1, 1937. Since that time the case load has consistently increased as investigations have been completed and names added to the payrolls.

During March 419 residents of Seminole County received one of the three forms of public assistance. Aid to the Blind is paid to needy sightless and near-sightless. Old Age Assistance is paid to those in need who have attained the age of 65 years, and Aid to Dependent Children to youngsters under the age of 16 who are economically handicapped.

Aged and blind persons and dependent children on the state public assistance rolls for March totaled 40,110, and checks received by them during the month aggregated \$74,878.00. This is at the rate of \$3,808,538.00 per annum.

Aid to Dependent Children is now being needed up, having been retarded at first by a lack of available funds.

Kiwanis Directors To Hold Meeting

A meeting of the board of directors and all committee chairmen of the Kiwanis Club will be held at 8:30 o'clock this evening at the Boy Scout camp, on Silver Lake, Dr. Ben Caswell, club president stated today.

Following the meeting, refreshments will be served to the Kiwanians present by the boy (Continued on Page Eight)

Kiwanians Want Another Crack At The Rotary Ten That Beat Them 15 To 5

"We'd like another crack at those boys," Dr. Douglas Scott, manager of Kiwanis Club squad, declared this morning following last night's 15-5 defeat of his team when they tangled with the McCracken-managed Rotary squad in a game at the diamondball park last night.

In the first Kiwanis-Rotary game to be held in many years, Paul Stone was on the hill for the Rotarians, with Dr. Scott leading them up for Kiwanis.

Behind the plate Clyde Parker handled the catching assignment for the winners, while Herman Morris did the receiving for the losers.

Tentative arrangements are now being made for another game between these two teams, and possibly a third game, since the (Continued on Page Eight)

Economic Support Pledged To Americas By Roosevelt; European Anxiety Grows

London Asks Parley For Nations She Pledged To Defend Against Aggression

By Associated Press

Intensive military preparations today reflected Europe's anxiety that new Italian or German expansion might challenge the strength of the growing British-French "Stop Hitler" line.

Reliable reports in London said Britain was urging staff talks among the Polish, Rumanian, Greek, French and British experts to fortify anti-aggression agreements.

Both Britain and France yesterday extended to Rumania the same guarantee they have given Poland. Immediate repercussions answered the pledge in Rome and Berlin.

Official commentaries in Berlin charged Britain with driving Europe toward new "People's" and the press declared how pledges were unsought by "the small nations" and "a world."

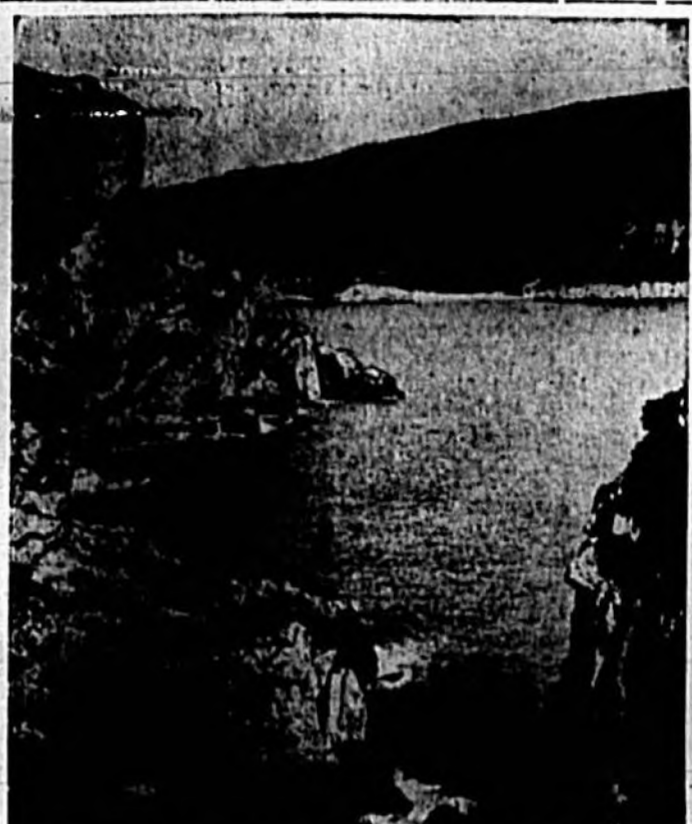

The communique disclosed more than 25 German fleet units would sail from German bases next Tuesday for maneuvers in Spanish waters.

The Italian cabinet formally approved King Vittorio Emanuele's acceptance of the crown of conquered Albania after a declaration by Premier Mussolini last night that Italy would "march straight ahead."

France started taking refuge Spanish republican soldiers into her foreign legion.

In Rome Premier Benito Mussolini shouted from the balcony of Venice Palace last night that (Continued on Page Eight)

GREEK POWDER KEG

Potential powder keg is the Greek island of Corfu, above, since Great Britain announced any aggression against Greece would be regarded as an "unfriendly act." Lying a few miles off the Greek and Albanian coasts, and only 70 miles from Italy, its possession would enable Italy to blockade the Adriatic.

Consideration Of Sanford As Site For Base Asked

Hendricks Introduces Bill For Anti-Aircraft Training Area

Consideration of Sanford as a possible site for an anti-aircraft training area and target range is proposed in a House bill introduced by Representative Joe Hendricks, was recently requested in a telegram today by officials of the Seminole County Chamber of Commerce.

No funds or specific location is mentioned in Hendricks' bill for the training base in Florida but because of Sanford's central location in the state, and many other desirable features, officials of the Chamber of Commerce declared that Sanford is an ideal location for such a base which would require a million or two dollars for construction.

Coming under the jurisdiction of the Coast Artillery, the training area would probably consist of a large no-man's land on which artillery could safely undertake target practice. Although a press dispatch from Washington gave no indication on the attitude of the War Department, it is understood that two such bases are (Continued on Page Two)

Tourist Killed In Auto Mishap On DeLand Road

Mrs. Blackwell Dies When Driver Loses Control Of Auto

Mrs. W. M. Blackwell was killed and Mrs. Rose Thomas was injured this morning when the car in which they were riding left the highway and overturned in a ditch on the DeLand Highway north of the St. Johns River bridge.

W. M. Blackwell, driver of the auto, who was released from the hospital after first aid treatment, told Deputy Sheriff T. J. Steerman of Volusia county, that he lost control of the car when the front wheels began to shimmy as he was passing another car on the highway and that the car plowed across a ditch striking a pine tree and fell over upside down in the roadside ditch.

Deputy Steerman said that the (Continued on Page Eight)

Police Announce Today Is Last Day For Licenses

"We have strict orders to start arresting tomorrow, all persons who have not as yet procured their occupational licenses," Police Chief Roy Williams declared today.

All persons who have not yet purchased their licenses have been notified, both by mail and in person, that their six months grace period expired on the first of this month. They must now get their licenses or are liable to arrest, and if convicted, a fine double the amount of the license, but not to exceed \$200 or 90 days in jail, Chief Williams stated.

A check up at the City Tax Collector's office, which handles the sale of the licenses, revealed that to date 500 licenses have been issued this year against a total of 781 in 1938.

R. C. Wilcox Is Slightly Better

Patrolman R. C. Wilcox, for several years a member of the police department, showed some improvement today after a stroke last Tuesday afternoon, members of the family said today. Mr. Wilcox, on night patrol duty, left the job early Sunday morning and became seriously ill Sunday night. Members of the family said, however, that they believed the crisis has now passed.

Aggression Condemned As "Ridiculous, Criminal" In Address

U. S. Protection Promise Extended

U. S. Support Against Foreign Economic Pressure Assured

WASHINGTON, Apr. 14.—(AP)—President Roosevelt pledged today the nation's economic support to any Pan American country whose freedom is threatened by "economic pressure" from abroad.

Condemning aggression as "ridiculous and criminal," Mr. Roosevelt extended this government's promise of protection for the western hemisphere, already given for military attacks, to include through business and commerce.

Without naming the aggressor nations or their directors, but referring to statements recently made by Mussolini and Hitler, the President stressed in his Pan American Day address the ties binding Europe and the Americas.

In Congress yesterday Senatorial unrest over President Roosevelt's foreign policy flared into the open in the form of dramatic denunciations against involvement in the European crisis and criticism of Roosevelt utterances as "inflammatory."

In a speech which brought Senate isolationists clustering around to congratulate him, the usually quiet Senator George (D Ga.) grew red of face as he shouted:

"The issue of peace or war lies right here in this chamber and the chamber at the other end of the Capitol. It ought to be made abundantly clear that we will not carry the country into war."

Referring to the President's statement last week at Warm Springs that he would be back in the fall "if we don't have a war," (Continued on Page Eight)

Senate Approves Bill To Divorce Politics From WPA

WASHINGTON, Apr. 14.—(AP)—Legislation designed to divorce politics from relief and imposing fines and jail terms for "pernicious political activities" won speedy and unanimous approval in the Senate yesterday.

Almost without debate and with less than five minutes consideration, the chamber passed and sent to the House a bill outlawing some of the political practices that caused vigorous complaints during the last Federal elections.

Senator Hatch (D, N. M.), one of the authors, and he "was surprised and delighted" at the quick approval. He expressed belief the House would approve it, but said that if it didn't he would try to attach the bill to the "next relief appropriation measure."

The Senate bill's prohibitions would apply in elections of all Federal officials, including the president, vice president, their electors, senators and representatives.

Hatch said he wanted to include primary elections and political conventions as well, but that some senators had objected on the grounds that the Constitution gave the States control of these.

"If the House passes this, then we can take up the matter of primary elections and party conventions later," Hatch said.

LOCAL WEATHER

Partly cloudy tonight and Saturday, possibly light showers near the extreme south coast; slightly warmer in the west-central and extreme north portions tonight, and the extreme north-east portion Saturday.

The Slots Again

Among the numerous bills which have already been introduced in the current session of the Legislature is one to legalize the operation of slot machines.

The present bill proposes to put the State itself into the gambling racket as a sort of silent partner of the gambling fraternity.

Senator Maypoles who introduced this bill said that the State's share of the loot would amount to about \$25,000,000 annually.

For a State which is complaining of hard times, which has a citrus industry which is said to be on its last legs and is appealing for help from both the State and Federal governments in every way it can, which has more than its share of unemployed, and is suffering from want of markets in its vegetable as well as fruit industries, which is a substantial amount to ask from the very people who can least afford to pay.

However, if the Legislature should decide that the return of slot machines to every soda fountain, every restaurant, every cigar stand, every jook joint, not to mention a good many other places, would be a good thing for the public, and would help to improve their moral outlook on life, as well as to revive their prosperity, then we suggest that they attach a referendum to the bill and give the people themselves a chance to vote on it.

Then the slots would be voted down again just as they were before, for many of those who would play them would vote against them because they know gambling can get to be a vicious habit, just as would those who never dropped a nickle into one in their lives.

Lights At The World's Fair

Although the World's Fair in New York, in which Florida is to have so notable a part, is not to open officially for another month, a dress rehearsal of lighting effects was held the other night which has evoked the praise and admiration of even the most sophisticated critics.

It was indeed a dream city that was revealed above the low-hanging mists which hovered over the old Flushing meadows, says the New York Herald Tribune.

The Perisphere appeared to be floating in a bath of warm blue moonlight; the great Trylon seemed to travel high up into a reddish haze. Nor was that all. Visiting journalists compared the Aviation Building to an immense yellow harvest moon; Constitution Hall was a fairland; the trees themselves, by trick lighting came magically to life.

Little wonder that the spectators came away murmuring to themselves. This showing aroused more enthusiasm than anything that has happened in preparation for the Fair.

It is literally true that there never has been anything quite like this. The engineers actually have dipped into tomorrow's world. It is a remarkable work of art, done on a scale never before attempted, the sort of mural that illuminating engineers can design when they have the tools with which to give their imaginations free play.

In creating this work on such a tremendous scale, Mr. Bassett Jones, lighting consultant to the Fair's board of design, and the construction department have gone into research laboratories of the General Electric Company and brought out light sources never before used.

They found part of their solution in what is known as the fluorescent lamp. The experts say that this tubular light can hardly be called the lamp of tomorrow, because it will not replace today's lamps on any wide scale, it is opening up new fields in lighting practice.

Select Screamers Get Good Returns Shrilling On Air

By JACK SINNETT

NEW YORK, Apr. 14.—(AP)—Almost all women scream but only a few make a living out of it.

These aren't women who just cut loose under the inspiration of temperament or harvest of physical harm, either. They scream to order. They're radio's professional screamers and at a moment's notice they can come through with anything from a newborn baby's whimper to the jungle-shattering screech of a madman about to be embraced by a boa constrictor.

The broadcasting companies have a number of these professional screamers listed in their files. Hardly ever does a script come in on a melodrama, mystery or detective serial, or dramatized crime news, that doesn't call for the services of one or more of them. In a half-hour program, they may appear only once, and that for less than 10 seconds, but the heartiness of the act is no way cut its importance.

Madelaine Fiano, one of 100's most valuable screamers, has once said \$15 for a very special "screaming scream" that didn't last 10 seconds.

Johnnie Johnson, only 16 years old, is the official screamer for the show. Her screaming has been heard in the studios in the service of a number of dramatic scenes.

Whenever the script calls for Miss Rinehart to cut loose, the engineers come running. Her technique is unusual. She approaches for the take-off, straightens up as the tone rises. As her mouth approaches the mike, Miss Rinehart turns sideways, sends her scream ripping into the vocal chord stratosphere. The studio sound needs but a few decibels—phonies tags. In the control booth, the engineer is working furiously, for 30 decibels is peak level for the transmitter and connecting telephone lines. Anything above that results in distortion. My sound control, the scream must be held at peak level.

Among the screamers who can strike terror into the heart and start the goose bumps rippling from ankle to ear, one of the best is Charlotte Mason. How did she keep it up?

"I just went off in the woods by myself and practiced. When every thing things for a while, I would go out and practice. I had a wife play, she was."

The act of screaming is a matter of tight control and discipline. Miss Rinehart says she has a "scream" of three and a half minutes, and upon 10 times above high C in a breath.

As for control and discipline, Miss Rinehart says she has a "scream" of three and a half minutes, and upon 10 times above high C in a breath.

As for control and discipline, Miss Rinehart says she has a "scream" of three and a half minutes, and upon 10 times above high C in a breath.

As for control and discipline, Miss Rinehart says she has a "scream" of three and a half minutes, and upon 10 times above high C in a breath.

A BETTER 'OLE

MARKET TOWN NEWS

By BRUCE TUCKER

Sanford State Farmers Market

Things are coming to a climax moving and getting located in out at Market Town, the boys are gradually making their trips few and far between now, and that means they won't be back until next Fall, sorry about that ...

Where was Harold Ertner Thursday afternoon between two and four? Ask him ... Colonel Joe Hutchison called at Market Town Thursday afternoon, and said we had another Sanford winter, meaning the farmers did not make but so good, but then if we have our health that is better than all the money in the world, so look at it that way ...

Harold Cooley from GUNLOG, Ga. was in but his buddy, Jimmie Richardson was unable to come down on account of sickness, maybe he will be in on the next trip down ...

Consideration Of Sanford As Site For Base Asked

(Continued From Page One) desired by this body for location in Florida and Congressman Hendricks desires the location of one in his district.

In a press dispatch, Hendricks said that it is the opinion of military experts that a potential attack upon the United States would come from the Caribbean Sea and "in light of this admission and in view of the fact that the Army and the Navy are establishing air bases in the State of Florida, I think it is wise to concentrate on anti-aircraft activities. For that reason I have introduced this bill and I think we shall get favorable action," he said.

The Chamber of Commerce telegram to the Congressman is as follows: "We understand you have introduced a bill for an anti-aircraft training base in Florida and we respectfully urge consideration of a site in Seminole County."

The death rate in the Metropolitan area of New York is falling for pneumonia, tuberculosis, accidents and childbirth, and rising for heart disease, cancer and diabetes.

Orlando Man Slashes Wife And Slays Self

ORLANDO, Fla., Apr. 14.—Slashed about the face and head with a long-bladed knife, written by her husband, Mrs. Miriam Davis, 25, was reported in serious condition at the Orange General Hospital early this morning while her husband, Eric Davis, died shortly after, slashing his own throat.

According to H. P. Madden, an eyewitness to the cutting array which took place in the home of W. A. Pepples, in Orlo Vista, Davis accosted him on the street in Orlando early last night and asked Madden to accompany him to the Pepples home, where he intended to persuade his wife to return to Orlando with him.

Of every 100,000 residents of New York City, 102.5 males and 91.1 females enter hospitals for mental disease for the first time, each year.

The death rate in the Metropolitan area of New York is falling for pneumonia, tuberculosis, accidents and childbirth, and rising for heart disease, cancer and diabetes.

They enjoy the MOST ADVANCED STYLING in this year's low-price field! They ride on the LOWEST RIDEHEIGHT of any low-priced car (123 inches between springs)!

Social And Personal Activities

MARY MAXWELL, Society Editor

Social Calendar

MONDAY

The Dependable Class of the Methodist Church will meet with Mrs. O. S. Toler, 918 Park Avenue, at 7:30 P. M. Mrs. O. K. Goff is assistant hostess.

The regular business and social meeting of the Fifty-Fifty Bible Class of the Methodist Church will be held at the home of Mr. and Mrs. R. U. Hutchison, Cameron City, Monday and Mrs. W. F. Bryan will assist.

The monthly program meeting of the Woman's Missionary Society of the Baptist Church will be held at the church at 3:30 o'clock with Circle No. Four in charge. The program's theme is: "Southern Baptists' Response to the Great Commission in Latin America." All church women are urged to attend.

The Sunbeam and Jr. G. A. Y. of the Baptist Church will meet at the church at 3:30 o'clock.

The Prayer Band of the Presbyterian Women's Auxiliary will meet in the prayer meeting room at 3:00 o'clock. The inspirational meeting will be held at 3:30 o'clock. An interesting program, "The Church—An Education," will be given with Mrs. W. H. Arnold's circle in charge.

The Past Matron's Club, Order of Eastern Star, will meet at the home of Mrs. R. W. Turner, with Mrs. Bertha Jenkins, co-hostess. Dinner will be served at 7:00 o'clock.

TUESDAY

The faculty and mothers of the High School will play a benefit diamondball game on the Lake Front diamond at 7:30 o'clock.

WEDNESDAY

The monthly meeting of the Ladies Auxiliary of the Temple Beth Israel will be held at 8:30 P. M. at the Community House.

DREAM SCARES HIM.

WILMINGTON, Del., Apr. 14.—(AP)—A man, his face white from fear, eyes wild, rushed into the police station early yesterday. "I'm afraid," he whispered hoarsely. "I had a dream... a nightmare... I can't sleep in that house!" The man, a bachelor, was allowed to sleep in the police station.

Mrs. J. T. Sparkman Is Elected President

Mrs. J. T. Sparkman was elected president of the Junior High Parent-Teacher Association Tuesday afternoon at the meeting which was held at the school at 3:30 o'clock.

Other officers elected for the coming year were: Mrs. E. B. Carter, vice-president; Mrs. John Clark, secretary; Mrs. M. L. Harborn, treasurer; Mrs. A. C. Moore, historian.

Mrs. Vohs Williams invited all parents to attend the benefit diamondball game Tuesday night between the faculty and mothers from the High School Parent-Teacher Association. Prof. H. M. Morris extended an invitation to all new seventh grade mothers to attend the next meeting of the Parent-Teacher Association on May 9. An invitation was also read from the High School organization asking the parents who will have children in high school next year to attend the meeting on May 2.

"A Modern Florida," a musical play, was presented by members of the school Glee Clubs, under the direction of Mrs. W. R. McCracken.

Mrs. William Brunley and Mrs. Williams were appointed to buy linen for the school sick room. Mrs. A. F. Colman announced the showing of a moving picture in the near future. The meeting was presided over by Mrs. J. L. Ingley, outgoing president, and the attendance award was won by Mrs. Jessie Durden's room.

Personals

Karyle Housholder returned Wednesday from a short visit with friends in Tallahassee.

N. C. Mincy left this morning for Ocala, N. C. due to the serious illness of his father.

Nancy Lynn Jackson of Crestview City is visiting for a few days as guest of Mrs. Dick Hodgkin and Steve Hodgkin.

Miss Joyce Grant left yesterday to attend the house parties at the University of Florida in Gainesville this week-end.

Miss Lucy Housholder left this morning for Gainesville where she will attend annual house parties at the University of Florida this week-end.

Shirley Ann and Maureen Winter will return Monday from Savannah, Ga. where they are spending the Easter week with their father, Ed Winter.

Dr. and Mrs. Harry Woodruff will have as their guests tomorrow Mrs. Theodore Parker of New York City and Mrs. H. L. Davis of Leesburg.

Richard R. Cameron returned home Wednesday from Charleston, S. C. where he visited relatives and attended the Anates Festival.

Mrs. Joe Stiles has returned to her home in Macon, Ga. and Mrs. Bartow Parkerson and sons have returned to Keston, Va. after visiting with Mr. and Mrs. John Levy for several days.

Among the members from Southside Chapter No. Two, Order of Eastern Star, who attended Grand Chapter in Tampa Wednesday were: Mrs. E. C. Harper, worthy grand matron; John E. Courter, worthy patron; Mrs. Glenn E. McKay, Mrs. F. Crenshaw, Mrs. R. W. Turner, Mrs. Murray Jarvis, Mrs. L. A. Tyre, Mrs. S. K. Dutton, Mrs. B. C. Moore, Mrs. Elsie Stewart, Mrs. C. E. McKee, Mrs. J. B. Crawford, Mrs. J. E. Abernathy, Mrs. E. H. Altman, Mrs. Hannah Jacobson, Mrs. J. Lott, Mrs. P. M. King, and Mrs. M. E. Moye.

Senior Class Play Is Notable Success

A fine play, a well chosen and well directed cast, and a record audience marked the initial performance of the annual High School senior play, "Double Door", presented at the school auditorium last evening.

The entertainment will be repeated tonight at 8:15 o'clock, and promises to be an even better production.

To Miss Marjorie Tillis, the coach, is due much credit for the brilliant production of a drama which has generally been considered difficult for amateur actors. However, the young people gave such smooth and sympathetic interpretations of their roles that they held the tense interest of the audience throughout the performance.

Ann Wright was excellent in the role of Victoria Van Bret, the dominating old aristocrat with the deadly iron will. Especially appealing were Emma Temple, as Anne, the lovely young bride, and Nancy Brock as Miss Althea.

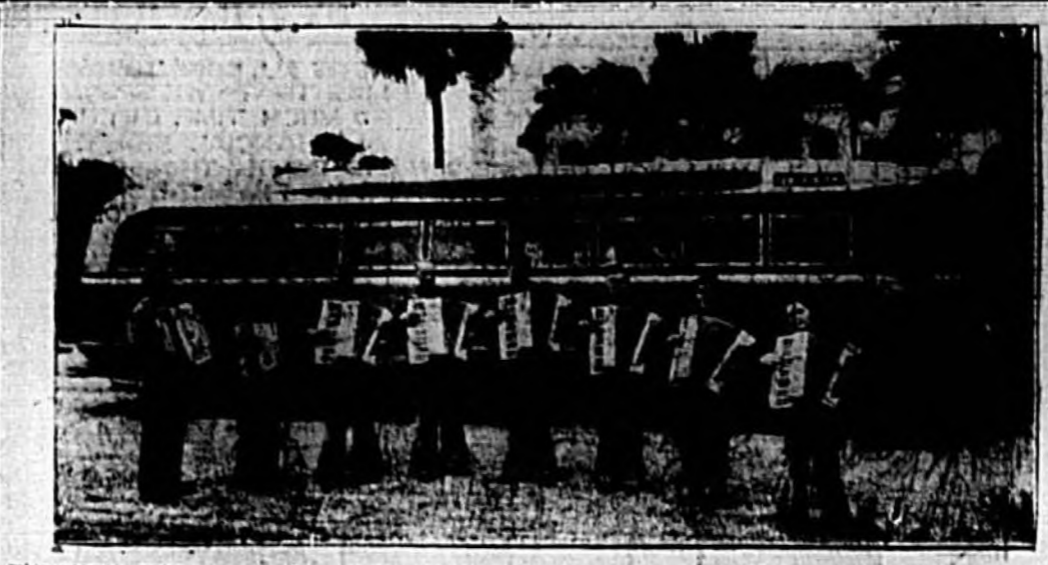

Mr. Turner gave a polished performance in the character of Van Bret, the young husband. Mortimer Neff, the family lawyer and friend, was convincingly played by Robert Herndon, as was Dr. John Sully, a friend of the young couple, played by Ernest Southward.

Alvin Odham's interpretation of Lambert, the detective, was persuasive in the well-suited role. The short part of Mr. Chase, characterized given by the servants, Martha Telford, Barbara Stahl, Eddie Beldin, and William Goetsch, also served to create a successful presentation.

Business managers for the production were: Jack Holt, Elton Moughton, Jr., and Franklin Brannan. Stage managers were Doris McGill and Wilbur Duncan, and assistants, Mary Ellen Lecher and Sybil Williams.

John Pope and Douglas Gardner served as property managers for the production. The advisory committee was Miss Margaret Long and Miss Helen Welham, while Miss Lillian Dunlap was financial advisor.

With Doris Sue Williams, chairman, others include: Carolyn Boyd, Elizabeth Dyson, Lucy Rowland, Irene Lundquist, Virginia Penold, Mary Wether, Derieux Hayes, Ruth Strasser, and Betty Thurmond. Music between the acts was furnished by John Hamrick at the piano.

THROUGH THE co-operation of Burton H. Schoepf, president of Tamiami Trail Tours, Inc., visiting newspaper folks at the recent Tampa convention were royally entertained: DeLuxe pullman buses carried them to points of interest, while the Tamiami Trail Tours Band, under the direction of Russ Barnes, provided music for all occasions.

Delicately Flavored Floats Are Valuable In Menus For Spring

BY MRS. ALEXANDER GEORGE

Floats, favorite desserts as far back as George Washington's day, still are among the highly-rated dishes.

These creamy custards come into their own around Easter time, when eggs are less costly and there is a call for puddings that are delicately flavored and textural.

Floating Island, a popular Mount Vernon sweet, is now high in many homes today. This recipe uses up egg yolks, leftover, possibly from angel food cake. Beat eight egg yolks, add third of a cup of granulated sugar, two tablespoons of flour, an eighth of a teaspoon of salt and three cups of milk. Cook the mixture in a double boiler until it thickens slightly. Be careful not to overcook, it or it may curdle. As soon as the pudding thickens, take it out of the hot water and beat for a minute, then pour in a teaspoon of vanilla and a quarter of a teaspoon each of almond and lemon extracts.

Pour the cooked custard into a glass dish (glass ones seem to do better than china). Top with the floating islands—beaten egg whites until stiff, pour in two tablespoons of confectioner's sugar and beat until creamy. Dip a spoon into cold water and then, in to the egg-white mixture and push off on top of slightly boiling water. Cover and cook five minutes. Carefully remove with a scented spoon and let the islands float on the custard. The cooking removes any raw egg taste.

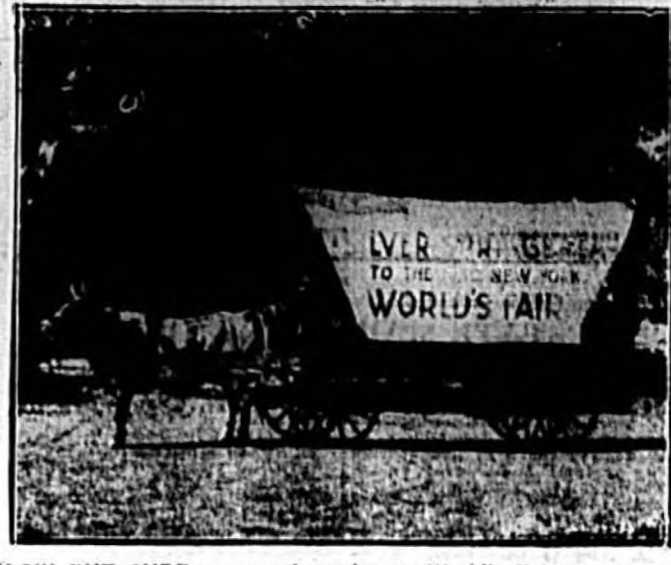

For an old-fashioned touch, cut some bright colored and so the colored jelly (plum, cranapple or strawberry) into half-inch cubes and float over the top. Some people like the islands mixed through the custard, so press several down with a spoon so they show peaks will show through.

There are different kinds of floats—fruit, coconut, chocolate and nut. For a berry or fruit mixture, place a layer of fresh or canned fruit in a dish and cover with the custard. Chill and when ready to serve, top with islands of whipped cream or with balls of ice cream. Peaches, apricots, pears, pineapple, bananas and oranges make delightful blends.

You can mix melted chocolate, coconut, candied fruits or nuts with the custard after it has been cooked or add it to what ever topping you prefer.

Angel food and sponge cake slices come in very handy to use with floats. For a superlative float, line a dish with cake slices, cover with this layer of fruit and pour the custard. Chill and top with whipped cream, slightly sweetened and flavored.

For something different, cover the float with marshmallows and set under a beller for four minutes to brown the top. Then chill and when ready to serve garnish with candied orange strings.

SLOW BUT SURE means of getting to World's Fair is on wagon used by Bob Cobb of Silver Springs, Florida, who says it will take 90 days, 12 pairs of ox shoes, and 22 bales of hay for the 1,235-mile trip, but is able to pass up all filling stations. Bearing letters from numerous Florida officials, Cobb will conclude his "good will tour" by presenting Mayor LaGuardia of New York an invitation to Florida and Silver Springs.

Table Layout For Visiting Royalty Is Causing Trouble

By JOAN DURHAM

Etiquette authorities, trying to determine how tables should be set for dining royally when King George VI and Queen Elizabeth visit the United States in June observe the cover set for her Majesty in London.

The glasses, the turned-down silver and an ash tray caused most comment.

Eyebrows weren't raised at the number of glasses—but at their placing. It's an old American custom to put glasses above and to the right of the knife—but above the service place.

At the dinner given by President M. Lebrun of France, and Mme. Lebrun, however, the water goblet was placed to the left front, near the entrance fork. Behind it came the champagne glass; right front was the first wine glass, on which His Majesty's place card was laid out. He would not have to bend over to read it. Other glasses were two more for white wine, one for red wine, and another, in the center, for the Romance Conti, famed Burgundy vintage of which 200 bottles were sent from Paris especially for this dinner.

The turned-down silver was a surprise in this country. Never, said one authority, is silver turned down. Glasses, perhaps—they might collect a little dust. A waiter will turn them up before serving starts. But the chancelly patterned silver? It can't happen here.

The ash tray is pointed out somewhat gleefully. It's a long-needed concession to smokers, one authority explains. He points out that until a few years ago ash trays would have appeared only at the end of the meal.

About 11 million people live in the 5 boroughs of New York City, and the adjacent counties of New York, Connecticut, and New Jersey.

Faculty Will Play Diamondball Game

A faculty-mother diamondball game will be played Tuesday night at 7:30 o'clock between a team of mothers and members of the faculty from the High School. The game is being sponsored by the High School Parent-Teacher Association, and will be played on the Lake Front diamond.

The following players have been announced by Miss Catharine Takach, chairman of the game. They are: Mrs. W. R. McCracken, Mrs. J. Ross Adams, Mrs. W. R. Fort, Mrs. Nancy Brock, Mrs. C. R. Mason, Mrs. F. A. Dyson, Miss Phyllis Smith, Miss Edna Chittenden, Miss Ethel Riser, Miss Marjorie Tillis, Miss Takach, Miss Rebecca Stevens, Miss Ruth Hand, Miss Helen Williams, Mrs. Frank Wolfer, Mrs. Gladys Duncan, Mrs. E. D. Vaughn, Mrs. J. Southward, Mrs. O. M. Harrison, Mrs. W. W. Goetsch, Mrs. R. T. Stringer, Mrs. Kyle Shoemaker, and Mrs. E. B. Carter.

Mrs. Housholder Is Hostess For Bridge

In entertaining for the Contract Duplicate Club, Mrs. E. F. Housholder was hostess at a party yesterday afternoon at her home in Ross Court.

Arrangements of tulips, gladioli and camellias gave a lovely pink and white setting for the party. High score prizes were awarded Mrs. A. P. Connelly and Mrs. Harry M. Papworth.

A salad course was served by the hostess to the following guests: Mrs. R. A. Newman, Mrs. Connelly, Mrs. Frank Gonzales, Mrs. F. E. Roumillat, Mrs. Walter S. Coleman, Mrs. James G. Sharon and Mrs. Papworth.

Duplicate Club Has Bridge Luncheon

Mrs. Hugh Wheelchel was hostess at a bridge-luncheon for members of the Wednesday Duplicate Club yesterday at her home on Magnolia Avenue.

Prizes for the games were won by Mrs. George Witter and Mrs. H. J. Bishop. A profusion of spring flowers decorated the hostess' home.

Assisting Mrs. Wheelchel in serving her guests were Mrs. Bistee and Mrs. J. P. Ridge. Others present were: Mrs. W. C. Hill, Mrs. B. D. Caswell, Mrs. Witter, Mrs. Sadie Brouse, Mrs. Roby Laing, and Mrs. J. D. Woodruff.

Contract Club Meets At Mrs. Wiggins

Mrs. M. S. Wiggins entertained the Thursday Contract Club with a bridge-luncheon yesterday at her home.

Arrangements of roses, delphinium and asters were used to decorate for the party. High prize was won by Mrs. D. L. Thrasher, and the serene content by Mrs. Ralph Wight.

Guests were: Mrs. George D. Bishop, Mrs. R. R. Deas, Mrs. Norman S. DeForest, Mrs. Thrasher, Mrs. R. A. Newman, Mrs. B. L. Perkins, Mrs. Wight, and Mrs. C. R. Kirtley.

Red Cross Chapter Honored For Work

Announcement was made yesterday by Mrs. James G. Sharon Jr., chairman of the Sanford chapter of the Red Cross, that the local chapter had been awarded an honor certificate by the American National Red Cross for achievements in the annual Roll Call held last November.

The local membership is 635, and the campaign brought in \$779.07. It was stated: Congratulations were extended to James G. Sharon, Jr., who served as chairman of the annual roll call, and to his corps of workers.

About 75 per cent of the babies born in the New York metropolitan area are born in hospitals.

Benefit Supper Is Planned By Guild

Plans for a benefit supper were made at the meeting of the Home-Makers' Guild of the Congregational Church Tuesday evening at the home of Mrs. Frank Bauer. The supper will be held at the church on Apr. 22, with Mrs. M. Shaefer and Mrs. Bauer in charge.

A lot of Easter candles was awarded Mrs. J. B. Root, winner of the Easter egg hunt. It was announced that the next meeting of the Guild will be at the home of Mrs. C. C. Blinson, with Mrs. M. W. Harriet co-hostess.

To clean leather furniture, use a prepared cleaner—there are several good ones on the market. They remove stains and give the leather a certain amount of oil which it needs. Be sure to remove any surplus cleaner with soft cloth. Never wash leather upholstery.

Since eggs vary in volume it is best to measure them instead of using a given number. A 1 1/2 egg whites will put a cup.

Jury Directs Chase To Pay Celery Levy

Company Loses Court Test On Constitutionality Of Celery Marketing Program

Higher Court Will Get Case

AAA Brought Action To Collect Assessment Of \$3,500

ORLANDO, Apr. 15.—(AP)—Federal Judge Alexander Abrams today directed a verdict against the Celery Company of Sanford ordering the firm to pay an assessment levied by the state celery control committee.

Judge Abrams said the Agricultural Adjustment Administration Act of 1937, under which the celery marketing agreement was drawn, had been held unconstitutional and that the order of the Florida celery control committee was the reasonable compliance with it.

Chase and Company was directed to pay \$3,500. It is back taxes to the committee.

A Federal Jury In Orlando Returned A Verdict Against Chase and Company Of This City

The verdict in a suit filed by the United States Department of Agriculture to collect an assessment of \$3,500 levied by the Florida Celery Industry Control Committee to pay the cost of administering the celery marketing agreement, which was in effect during the 1938 season.

The Verdict of the Jury Followed a Decision by Federal Judge Alexander Abrams of a Motion Filed Yesterday by Attorneys for the Local Organization, Asking a Disposed Verdict, Judge Abrams Action After Day Long Arguments of the Constitutionality of the Agricultural Adjustment Administration Marketing Order Which Administered the Levy.

After the jury had returned its verdict, the Herald's editorially advised that the company would appeal the case to a higher court and continue the attack on the constitutionality of the law.

It was pointed out that the case which concerned the celery industry was a decision in favor of Chase and Company would have rendered legislative the federal agreement levied for control of the celery industry since the AAA would have been unable to enforce collection of the assessment levied to pay for the administration of the program.

It would also have prevented a new source of revenue to the United States Treasury which has been previously mentioned by legislation.

It was brought out during the hearing that Chase and Company had opposed the marketing agreement since it declared the agreement was unconstitutional and that the levy was an unconstitutional tax.

The company had also been advised that the levy was an unconstitutional tax.

U. S. TO DEFEND AMERICAS

Planning the United States will stand ready to defend the Americas against any aggression, President Roosevelt is shown Apr. 14, addressing the Pan American Union Governing Board in Washington.

Proposal To Make Florida U. Co-ed Schools Appeal

TALLAHASSEE, Apr. 15.—(AP)—A bill to make the University of Florida and Florida State College for Women co-educational institutions drew only two favorable votes in the House Education Committee yesterday.

Eleven committeemen voted against the bill, which Representative Whitcomb of Highlands County introduced. The unfavorable report means death for the bill unless a majority of the House members votes it a place on the calendar.

The same committee approved, 12 to 5, a bill to put into effect a Constitutional amendment published last year making public school appropriations from the general revenue fund equal in dignity of payment with other State accounts.

The Appropriations Committee rejected a request for \$10,000 to establish a legislative council in the Department of Education to obtain information for the Legislature.

Another funding bill will be discussed at a public hearing by the House Livestock Committee next Tuesday. Representative Wilson of Duval, sponsor of funding bills, urged attendance by "every person who wants to see through the proposed and realistic legislation of animal by-collars of our State."

Wilson charged on the bill that the Livestock Committee was "a legislative council."

Representative Overstreet of Duval, an independent member, introduced a bill setting increased

Roosevelt Requests Dictators To Guarantee Peace For 10 Years; Conference Is Called By Hitler

Foreign Secretary, Press Chief Will Meet With Fuehrer At Berghesgaden

By Associated Press
An appeal by President Roosevelt to Chancellor Hitler of Germany and Premier Mussolini of Italy for at least 10 years of peace, overshadowed European developments today in a world tense with war fears.

Hitler was reported to have rushed from his Berghesgaden retreat to Munich on receipt of the President's appeal, asking specific assurances that Germany's and Italy's armed forces would not "attack or invade" the territory or possessions of some 31 nations.

It was said to have summoned his Foreign Secretary, Joachim Von Ribbentrop, and his Press Chief, Otto Dietrich, to meet him there. It was not expected any official comment would be forthcoming until he had time to confer with Mussolini, his axis partner. Official comment was lacking in Rome.

Police Arrest Four Negroes For Stealing

Police this morning arrested four negro youths, Leo Bradley, 19, Theodore Martin, 15, James Blumson, 17, and Johann Banks, 18, all of whom except Banks, Chief Roy Williams said, had confessed to participation in a series of 20 or 25 cases of breaking and entering involving motels, cafes and restaurants where, it was stated, they usually robbed and cash boxes or juke organs, and stole merchandise, including cigarettes, gum, cigars and candy.

House Postpones Action On Fund For Old Age Aid

TALLAHASSEE, Apr. 15.—An attempt to set aside \$1,000,000 immediately for payment of old age pensions was put off yesterday in the House.

A resolution offered by Representative Inman of Bradford County and Sheldon of Hillsborough County to stick \$1,000,000 to other amounts already set up to pensions, was assigned to the Resolutions Committee for consideration.

The Bradford County colon tried to waive the rules and have the bill immediately considered, but he failed to get the required number of votes.

The resolution follows:

"Whereas, the Legislature has provided that there shall be paid the monthly assistance of not more than thirty dollars (\$30) per month to the people of this State over 65 years of age, meeting certain qualifications; and

"Whereas, the appropriations to meet these requirements of the law were insufficient, the average pension being paid amounting to (Continued on Page Two)

House Postpones Action On Fund For Old Age Aid

Bill Would Set Aside \$1,000,000 Immediately For Pensions

The regular luncheon of the Rotary Club on Monday has been dispensed with because of the inter-city meeting in Deland last night.

The monthly meeting of the Central Florida Council of Chambers of Commerce will be held in the Mayfair Hotel at 8:00 o'clock Tuesday morning.

The Women's Civic Committee of the Seminole County Chamber of Commerce will hold its regular monthly meeting at 10:00 o'clock Monday morning, Mrs. Enoch Cartlett, chairman of the committee, announced this morning.

Orlando Youths Critically Hurt In Auto Mishap

Car Sideswipes Gasoline Truck Three Miles From City

Robert D. Miller, 21, and Edward Neidt, 20, both of Orlando, were critically injured this morning when the car in which they were riding sideswiped a truck loaded with over 3,000 gallons of gasoline and turned over several times on the Orlando highway about three miles south of this city. The accident occurred about 3:30 A. M.

E. L. Davis, driver of the Gulf company semi-trailer escaped serious injury.

Miller, a student at Rollins College in Winter Park, and his companion were both thrown from the overturned auto and had not regained consciousness at noon today. Neidt was not given a chance to live by attending physicians.

The auto in which the boys were riding was completely demolished and considerable damage was done to the gasoline truck, according to Sheriff C. M. Hand and Deputy Sheriff Carl Williams who investigated the mishap.

Sheriff Hand stated that the impact of the collision broke the heavy steel frame on which the large gasoline tank rested, letting the tank drop to the ground. He added that after striking the truck, which was enroute to Melbourne with the load from the local terminal, the northbound auto in which the boys were riding skidded and rolled for over 100 feet down the highway. Supreme Court Backs Mayo In Gas Grade Law

TALLAHASSEE, Apr. 15.—

The Supreme Court unanimously upheld yesterday the authority of Commissioner of Agriculture Nathan Mayo to enforce grade laws and standards regulations for gasoline.

A law providing for standards to be fixed, the court said is complete within itself, and Commissioner Mayo may lay down regulations within the limits of the law.

That power given the Commissioner is not a delegation of legislative authority to an administrative official, the court said.

The opinion said gasoline is highly inflammable "and its unregulated sale can or may affect the health and welfare of the citizens of Florida. It cannot be said that owners of gasoline have an inherent or natural right to sell or dispose of gasoline like other property and thereby be immune from regulation."

The Texas Company attacked the gasoline inspection law after agents of Commissioner Mayo seized 5,500 gallons of gasoline at Homestead, charging it was adulterated.

The company contended the Constitution prohibited delegation by the Legislature of the power to prescribe regulations and fix standards. The Dade County Circuit Court upheld the company's claim. Commissioner Mayo appealed to the Supreme Court.

President Offers To Act As Intermediary In Moves By Hitler, Mussolini

Fleet Ordered Back To Pacific

Action Would Tend To Restore World-Naval Power Balance

WASHINGTON, Apr. 15.—(AP)—President Roosevelt disclosed today he has asked Chancellor Hitler and Premier Mussolini to assure peace for a period of at least 10 years.

The Chief Executive said at an unusual Saturday press conference he had transmitted messages to Hitler and Mussolini offering to act as "intermediary" in communicating any offers for peace by Germany and Italy to other nations.

The President asked specifically whether Hitler and Mussolini were willing to give assurance that their armed forces would not attack a score of new independent nations.

"Such an assurance must apply not only to the present day," the President's message said, "but also to the future sufficiently long to give every opportunity to work by peaceful methods for a more permanent peace."

Immediately after the President's announcement of his appeal to Hitler and Mussolini, the Navy ordered the fleet back to the Pacific. Naval circles commented that the move tended to restore the world balance of naval power upset when the armada moved into the Atlantic in January for five months, leaving only a small force on the west coast.

The order presumably meant the cancellation of the formal fleet review off the Virginia Capes on Apr. 27 and also the scheduled visit to the New York World's Fair.

Presidential Secretary Stephen Early commented, however, that a large force was remaining in the Atlantic and ships of every type would be able to participate in the visit to the fair.

In Berlin an officially inspired German declared last night that "war agitator Roosevelt" wants to "open a 'holy crusade' against the German people."

The bitter reaction to President Roosevelt's Pan-American speech was published in Deutsche Dienst amid strong indications that the United States was rapidly being given a place alongside Britain on the Nazi list of enemies.

"There is no necessity of arousing the American people with all kinds of devilish tricks of agitation into war fever against us," said the commentary, which is distributed by DNB, German official news agency.

"And Roosevelt would like to open a 'holy crusade' against the German people even before it is declared.

"For that reason his 'cookie-pusher' diplomats already must wander around in full war regalia with gas masks in order to impart the creeps to the American people by force."

Cleaners Injunction Dissolved By Judge

GAINESVILLE, Apr. 15.—(AP)—

Circuit Judge H. L. Sobring yesterday dissolved a temporary injunction enjoining the Spottless Cleaners of Gainesville from charging prices below those fixed by the State Laundry and Dry Cleaning Board.

The order was set aside when attorneys for the board announced they were not ready to continue with the case. Witnesses for the cleaning firm had been heard.

LOCAL WEATHER

Fair to partly cloudy tonight and Sunday; slightly warmer in west central and the extreme northern portions tonight.

7 Persons Are Killed In Oklahoma Twister

CARROLL, Okla., Apr. 15.—

Seven persons were killed today when a twister struck Carroll, Okla., a town of 150 in a rain-saturated area. The twister, which was 100 feet in diameter, struck the town at 11:30 a. m. and destroyed the town.

The twister struck the town at 11:30 a. m. and destroyed the town.

Permanent Jobs Assistance Planned

WASHINGTON, Apr. 15.—(AP)—

Legislation to end the present emergency relief program and set up a permanent unified system of aid to the jobless won tentative approval yesterday of the Senate Unemployment Committee.

Members of the committee said there is general accord on their part of the measure, which would establish a new "public works agency" and liberate existing Social Security funds. A formal vote will be taken today.

Ministers Protest Legalizing Slots

MELBOURNE, Apr. 15.—(AP)—

The St. Johns River Conference of the Methodist Episcopal Church voiced opposition yesterday to legalized slot machines in Florida.

It adopted a resolution protesting against a bill introduced in the Florida Senate this week to permit slot machines under a State monopoly. The Legislature legalized the coin devices in 1935 and outlawed them two years later.

Churches comprising the conference reported a net membership increase of 688 last year. The Sunday school enrollment gained 137.

Officers Fail To Find Missing Youth

MONTGOMERY, Ala., Apr. 15.—

Mystery surrounding the disappearance of Martin Kruskopf deepened last night as the fourth day passed without any word from the young Rhodes scholar and Huntington College secretary, last seen at his office here Monday.

Authorities at New Orleans, where the search was extended when a railroad clerk said he sold a ticket Tuesday night to a young man of Kruskopf's description, reported late yesterday they had found no trace of him.

Dr. Hubert Seary, Huntington president, revealed his secretary had expressed a desire to visit the New Orleans city after a trip there last fall in connection with the Rhodes scholarship award. Dr. Seary expressed fear he might be suffering from amnesia.
